Title: Chief Financial Officer

eLong, Inc. Reports First Quarter 2008 Unaudited Financial Results

BEIJING, China May 29, 2008 - eLong, Inc. (NASDAQ: LONG), a leading online travel service provider in China, today reported unaudited financial results for the first quarter ended March 31, 2008.

Highlights

Total gross revenues increased 25% year-on-year to RMB81.4 million and **net revenues** increased 24% year-on-year to RMB76.7 million.

Travel revenues before business tax and surcharges comprised of hotel, air and other travel product and service revenues, **increased 23%** year-on-year to RMB77.7 million.

Travel revenues before business tax and surcharges by product were as follows (*figures in RMB 000 s*):

	Q1 2008	% Total	Q1 2007	% Total	Y/Y Growth
Hotel commissions	57,234	74%	48,879	78%	17%
Air ticketing commissions	19,632	25%	12,050	19%	63%
Other travel revenue	791	1%	2,077	3%	-62%
Total travel revenue before business tax and surcharges	77,657	100%	63,006	100%	23%

Operating loss reduced year-on-year by RMB1.6 million to RMB3.6 million, driven primarily by increased revenue offset by greater service development, and general and administrative expenses.

Net loss from continuing operations worsened year-on-year by RMB31.7 million to RMB32.6 million, driven primarily by a RMB28.3 million increase in unrealized foreign exchange losses and a RMB4.1 million decrease in interest income compared to the prior year quarter, caused by the appreciation of the Renminbi and lower U.S. interest rates.

Cash, cash equivalents and short-term investments as of March 31, 2008 were **RMB1.12 billion** (USD\$159.7 million).

As of May 23, 2008, the Company repurchased 288,000 ADSs at a cost of USD\$2.6 million.

While we are pleased with the 24% year-on-year net revenue growth that we achieved in the first quarter, there is more work to be done, said Guangfu Cui, Chief Executive Officer of eLong. Going forward, we will continue to focus on building a strong team, improving customer experience through the website and call center, and building a strong eLong brand via effective marketing programs.

Our efforts to position the Company for sustained growth are going to take some time, said Chris Chan, Chief Financial Officer of eLong. We expect that additional investment and strong execution of plan will be needed before we realize a stronger operating performance.

Business Results*Hotel*

Hotel commissions for the first quarter of 2008 increased 17% year-on-year primarily due to higher room volume. Room nights booked through eLong increased 16% to 875,000, while commission per room night was RMB0.8 higher than the prior year quarter, at RMB65.4.

Air

Air ticketing commissions for the first quarter of 2008 increased 63% year-on-year, driven by a 31% increase in air segments to 428,000, and an increase of 75 basis points in the average percent commission to 5.5% or RMB46 per air ticket. The quarter also benefited from a higher average ticket price, which increased 7.3% year-on-year, to RMB828.

Profitability

Gross margin in the first quarter was 69% compared to 71% in the prior year period driven by the growth of lower margin air revenues.

Operating expenses for the first quarter of 2008 and 2007 were as follows (*figures in RMB 000 s*):

	Q1 2008	% Net Revenues	Q1 2007	% Net Revenues	Y/Y Growth
Service development	12,697	17%	10,594	17%	20%
Sales and marketing	28,907	38%	27,020	44%	7%
General and administrative	14,778	19%	11,188	18%	32%
Amortization of intangibles	217	0%	265	0%	-18%
Total operating expenses	56,599	74%	49,067	79%	15%

Total operating expenses increased 15% for the first quarter of 2008 compared to the first quarter of 2007. Operating expenses were 74% of net revenues decreasing by 5 percentage points compared to the first quarter of the prior year.

Service development expense is composed of expenses related to technology and product offering, including our website, platforms and other related system development. Service development expense increased 20% over the prior year period, mainly driven by increased investment in platform enhancements. Service development expense as a percentage of net revenues, decreased 64 basis points to 17%.

Sales and marketing expense for the first quarter 2008 increased 7% over the prior year period, mainly driven by higher sales commissions in line with revenue growth, offset by lower marketing expense year-on-year. The sales and marketing expense decreased by 6 percentage points to 38% of net revenues when compared to the same period last year.

General and administrative expense for the first quarter 2008 increased 32% over the prior year period mainly due to consulting expense related to ERP implementation and higher professional fees. General and administrative expense as a percentage of net revenues, increased by 1 percentage point year-on-year, to 19% in the first quarter.

Other loss, which represents interest income, foreign exchange losses and other income/expense, was RMB28.2 million in the first quarter of 2008, primarily due to an unrealized foreign exchange loss of RMB37.9 million resulting from the appreciation of Renminbi during the quarter. This exchange loss was partially offset by interest income of RMB9.7 million in the first quarter of 2008.

Net loss for the first quarter 2008 increased by RMB31.8 million over the prior year quarter to RMB32.6 million.

Our basic and diluted loss per ADS for the first quarter of 2008 was RMB1.28 compared to a basic and diluted loss per ADS of RMB0.04 in the prior year period.

Business Outlook

eLong expects net revenues, that is net of business tax and surcharges, for the second quarter of 2008 to be within the range of RMB79 million to RMB88 million, an increase of 6% to 18% from the second quarter of 2007.

Notes to the Unaudited Interim Consolidated Financial Statements

Financial information in this press release from eLong's unaudited financial statements was prepared in accordance with generally accepted accounting principles in the United States (U.S. GAAP). The accompanying consolidated financial statements as of and for the fiscal quarter ended December 31, 2007 have been revised or updated from previously released financial information as a result of immaterial corrections of accounting error and subsequent event. The effects of the revision are an increase of RMB273K, RMB217K and RMB269K to income tax expense, service development and general & administrative expense, a decrease of RMB497K and RMB224K to deferred tax asset and income tax payable, and an increase of RMB269K and RMB217K to accounts payable and accrued expenses and other current liabilities. All references in the accompanying consolidated financial information of this press release have been adjusted to reflect this revision.

Safe Harbor Statement

It is currently expected that the Business Outlook will not be updated until the release of eLong's next quarterly earnings announcement; however, eLong reserves the right to update its Business Outlook at any time for any reason.

Statements in this press release concerning eLong's future business, operating results and financial condition are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the Private Securities Litigation Reform Act of 1995.
