**Reconciliation of Total Revenues to Premiums Written for the Three Month Periods Ended March 31, 2008 and 2007**

The Allianz Group uses total revenues in its analysis and discussion of the consolidated results of operations. Total revenues is a non-GAAP financial measure as defined by the rules of the SEC, which management uses to assess and measure the top line results of the core businesses within the Allianz Group. Total revenues comprise Property-Casualty segment's gross premiums written, Life/Health segment's statutory premiums, Banking segment's operating revenues and Asset Management segment's operating revenues. By providing a top line measure of sales revenues from the insurance products and financial services provided by all of the various core businesses of the Allianz Group, total revenues provide useful information to the investor.

The following table reconciles total revenues to premiums written, the most comparable IFRS measure.
