ITEM 2.02. Results of Operations and Financial Condition

On August 4, 2009, FTI Consulting, Inc. (FTI) issued its press release (the Press Release) reporting its financial results for the second quarter ended June 30, 2009 and updating guidance for the year ending December 31, 2009. The full text of the Press Release (including financial tables and updated guidance) is set forth in Exhibit 99.1 and is incorporated by reference herein.

ITEM 7.01. Regulation FD Disclosure

The Press Release (and financial tables) includes information regarding earnings before interest, taxes, depreciation and amortization of intangible assets plus non-operating litigation settlements (EBITDA) for FTI and each of its five business segments (Segment EBITDA) for the three months and six months ended June 30, 2009. We use EBITDA and Segment EBITDA in evaluating financial performance. Although EBITDA is not a measure of financial condition or performance determined in accordance with generally accepted accounting principles (GAAP) we believe that it can be a useful operating performance measure for evaluating our results of operation as compared from period to period and as compared to our competitors. EBITDA is a common alternative measure of operating performance used by investors, financial analysts and rating agencies to value and compare the financial performance of companies in our industry. We use Segment EBITDA to evaluate and compare the operating performance of our segments and it is one of the primary measures used to determine employee bonuses. We also use EBITDA to value the businesses we acquire or anticipate acquiring. Reconciliations of EBITDA to net income and Segment EBITDA to segment operating profit are included in the accompanying tables to the Press Release. EBITDA is not defined in the same manner by all companies and may not be comparable to other similarly titled measures of other companies unless the definition is the same. This non-GAAP measure should be considered in addition to, but not as a substitute for or superior to, the information contained in our statements of income.

The information included herein, including Exhibit 99.1 furnished herewith, shall not be deemed to be filed for purposes of Section 18 of the Securities Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into any filing pursuant to the Securities Act of 1933, as amended, or the Exchange Act, regardless of any incorporation by reference language in any such filing, except as expressly set forth by specific reference in such filing.
