United expects that delivery of the certificates will be made against payment therefor on or about the closing date specified on the cover page of the prospectus supplement, which will be the sixth business day following the date hereof (this settlement cycle being referred to as T+6). Under Rule 15c6 of the SEC under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in three business days, unless the parties to the trade expressly agree otherwise. Accordingly, purchasers who wish to trade certificates on the date of pricing or the next 2 succeeding business days will be required, by virtue of the fact that the certificates initially will settle in T+6, to specify an alternative settlement cycle at the time of any trade to prevent a failed settlement and should consult their own advisor.

Class B Transfer Restrictions: The Class B certificates will be subject to transfer restrictions. They may be sold only to qualified institutional buyers, as defined in Rule 144A under the Securities Act of 1933, as amended, for so long as they are outstanding.

Preliminary Prospectus Supplement: United has prepared a Preliminary Prospectus Supplement, dated November 16, 2009, which includes additional information regarding the Certificates.
