SOLICITATION OF PROXIES

The accompanying proxy is solicited by the Board of Directors of Morton s Restaurant Group, Inc., a Delaware corporation, also referred to as the Board, for use at the Annual Meeting of Stockholders to be held at the Millennium Broadway Hotel, 145 West 44th Street, New York, NY 10036, at 9:00 a.m., on Tuesday, May 11, 2010, or at any adjournment or adjournments thereof. In this proxy statement, unless otherwise expressly stated or the context requires otherwise, we , us , our and the Company refer to Morton s Restaurant Group, Inc.

A proxy that is properly submitted may be properly revoked at any time before it is voted. Proxies may be revoked by (i) delivering to the Secretary of the Company at or before the Annual Meeting a written notice of revocation bearing a later date than the proxy, (ii) duly executing a subsequent proxy relating to the same shares of Common Stock and delivering it to the Secretary of the Company at or before the Annual Meeting, or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy). A proxy which is properly signed, submitted and not revoked will be voted for the election of Dr. John J. Connolly, Mr. Robert A. Goldschmidt, Mr. Alan A. Teran and Mr. Justin B. Wender, the Board of Directors nominees for director named in Proposal 1, and in favor of Proposal 2, the ratification of the re-appointment of the independent auditors, unless contrary instructions are given, and such proxy may be voted by the persons named in the proxy in their discretion upon such other business as may be properly brought before the meeting.

The cost of this proxy solicitation will be borne by the Company. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies by telephone or otherwise. The Company will reimburse brokers or other persons holding stock in their names or in the names of their nominees for their charges and expenses in forwarding proxies and proxy material to the beneficial owners of such stock. It is anticipated that the mailing of this Proxy Statement will commence on or about April 9, 2010.

In accordance with rules issued by the SEC, we are providing access to our proxy materials both by sending you this full set of proxy materials, including a Proxy Card, and by notifying you of the availability of our proxy materials on the Internet. The Proxy Statement and our Annual Report are available on our website at <http://annualmeeting.mortons.com>.

Table of Contents

VOTING PROCEDURES

The votes of stockholders present in person or represented by proxy at the Annual Meeting will be tabulated by an inspector of elections appointed by the Company. With regard to the election of directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. The nominees for directors of the Company who receive the greatest number of votes cast by stockholders present in person or represented by proxy at the Annual Meeting and entitled to vote thereon will be elected directors of the Company.

Matters other than the election of directors will be approved if they receive the affirmative vote of the holders of a majority of the shares of Common Stock of the Company present, or represented and entitled to vote, at the Annual Meeting. If a stockholder abstains from voting on any of these other matters, his or her shares will be treated as present for purposes of determining the existence of a quorum but will have the same effect as votes against the ratification of auditors. A quorum requires the presence at the Annual Meeting, in person or by proxy, of the holders of shares representing a majority of the outstanding shares entitled to vote.

The New York Stock Exchange (NYSE) recently changed its broker discretionary rules to prohibit banks, brokers and other intermediaries from voting uninstructed shares in the election of directors. Under the new rules, if you hold your stock in street name and you do not instruct your bank, broker or other intermediary how to vote in the election of directors, no votes will be cast on your behalf. Therefore, it is important that you cast your vote if you want it to count in the election of directors. Brokers that do not receive instructions are entitled to vote on the ratification of auditors. Under applicable Delaware law, a broker non-vote will be counted as present for purposes of determining the existence of a quorum, but will have no effect on the outcome of the proposals.

Shares of Common Stock held by stockholders who do not return a signed and dated proxy and who do not attend the meeting in person will not be considered present at the Annual Meeting, will not be counted towards a quorum and will not be entitled to vote on any matter.

ELECTION OF DIRECTORS

(Proposal 1)

Information Regarding Board of Directors and Committees

Our certificate of incorporation provides for the classification of the Board of Directors into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors constituting the entire Board of Directors. The current term of office of the Class I directors will expire at the 2012 annual meeting; the current term of office of the Class II directors will expire at the Annual Meeting; and the current term of office of the Class III directors will expire at the 2011 annual meeting (in each case, when their respective successors are duly elected and qualified). The class of directors to be elected at each annual meeting will be elected for a three-year term and the directors in the other classes will continue in office.

Our certificate of incorporation and by-laws provide that the Board of Directors shall consist of not less than three nor more than thirteen directors. The Board of Directors has currently fixed the number of directors at eleven. The terms of Dr. John J. Connolly, Mr. Robert A. Goldschmidt, Mr. Alan A. Teran and Mr. Justin B. Wender expire at the Annual Meeting. Dr. John J. Connolly, Mr. Robert A. Goldschmidt, Mr. Alan A. Teran and Mr. Justin B. Wender have been re-nominated by the Nominating/Corporate Governance Committee of the Board of Directors for election at the Annual Meeting as Class II directors to serve (subject to the Company's by-laws) until the election and qualification of their successors at the 2013 annual meeting of stockholders. If any such person should be unwilling or unable to serve as a director, the persons named in the proxy will vote the proxy for substitute nominees selected by them unless the number of directors to be elected has been reduced to the number of nominees willing and able to serve.

Table of Contents

Our by-laws provide that nominations for the election of directors may be made by any stockholder in writing, delivered or mailed to the Secretary, at Morton's Restaurant Group, Inc., 325 N. LaSalle Street, Suite 500, Chicago, Illinois 60654, not less than 90 days nor more than 120 days prior to the first anniversary of the date on which we first mail our proxy materials for the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is changed by more than 30 days from the anniversary date of the previous year's annual meeting, such advance notice must be received by the Secretary not more than 120 days and not later than (x) the ninetieth day prior to such annual meeting or (y) the tenth day following the date on which public announcement of the date of such meeting is first made, whichever occurs later. Each notice shall set forth all information regarding each nominee proposed in such notice that would be required to be included in a proxy statement soliciting proxies for the proposed nominee (including such person's written consent to serve as a director if so elected) and certain information about the stockholder proposing to nominate that person. If the Chairman of the meeting determines that a nomination was not made in accordance with the nomination procedure, such nomination will be disregarded.

The following table sets forth the names of the nominees for election to the office of director and each current director whose term extends beyond the Annual Meeting, including the year in which their terms would expire, along with their ages and the year first elected as a director. Their present positions, principal occupations and public company directorships held in the past five or more years are discussed in the individual biographies following this table.

Corporate Governance

Director Independence

For a director to be considered independent, the director must meet the bright-line independence standards under the listing standards of the NYSE and the Board must affirmatively determine that the director has no material relationship with us, directly, or as a partner, stockholder or officer of an organization that has a relationship with us. The Board determines director independence based on an analysis of the independence requirements in the NYSE listing standards. In addition, the Board will consider all relevant facts and circumstances in making an independence determination. The Board also considers all commercial, industrial, banking, consulting, legal, accounting, charitable, familial or other business relationships any director may have with us. The Board has determined that the following six directors satisfy the independence requirements of the NYSE: William C. Anton, Dr. John J. Connolly, Robert A. Goldschmidt, Dianne H. Russell, Alan A. Teran and Zane Tankel.

Meetings of the Board of Directors and Committees

Our Board of Directors held four meetings during the fiscal year ended January 3, 2010 (fiscal 2009). Each current director attended at least 75% of the aggregate number of all meetings of the Board of Directors and at least 50% of the aggregate number of meetings of committees of which he or she was a member during such year.

Table of Contents

Our Board encourages all directors to attend the annual meeting of stockholders. In addition, a meeting of the Board of Directors is regularly scheduled on the same day as the annual meeting of stockholders, in the same city, to facilitate directors' attendance. Last year's annual meeting of stockholders was attended by all except two of our directors at that time.

Our Board of Directors met in executive session with non-employee directors after each of our first three board meetings this year and the Board also had an executive session comprised of only our independent directors after our fourth board meeting this year.

Board Committees

Our Board of Directors has the authority to appoint committees to perform certain management and administrative functions. Our Board of Directors has created four standing committees: a three-member Audit Committee, a three-member Compensation Committee, a three-member Nominating/Corporate Governance Committee, and a five-member Executive Committee. The composition of our Board committees complies when required, with the applicable rules of the NYSE and the provisions of the Sarbanes-Oxley Act of 2002. In that regard, six of our eleven directors are considered independent in accordance with the general independence standards of the NYSE.

Audit Committee

Our Audit Committee is responsible for, among other things, selecting, on behalf of our Board of Directors, an independent public accounting firm to be engaged to audit our financial statements, pre-approving all audit and non-audit services to be performed by our independent auditors, reviewing our relationship with our independent auditors, discussing with our independent auditors their independence, reviewing and discussing the audited financial statements with the independent auditors and management and recommending to our Board whether the audited financial statements should be included in our annual reports on Form 10-K to be filed with the SEC. Our Audit Committee met eight times, including twice by written consent, in fiscal 2009. Robert A. Nominating/Corporate Governance Committee

Our Nominating/Corporate Governance Committee is responsible for, among other things, assisting our Board of Directors in fulfilling its responsibilities by identifying and approving individuals qualified to serve as members of our Board, selecting director nominees for our annual meetings of stockholders, evaluating the performance of our Board and developing and recommending to our Board corporate governance guidelines and oversight with respect to corporate governance and ethical conduct. Our Nominating/Corporate Governance Committee met twice, including once by written consent, in fiscal 2009. The Nominating/Corporate Governance Committee considers director candidates recommended by stockholders. Our by-laws provide that nominations for the election of directors may be made by any stockholder in writing, delivered or mailed to the Secretary, in accordance with the provisions of our by-laws. See Election of Directors Information Regarding Board of Directors and Committees. The Nominating/Corporate Governance Committee does not have a diversity policy; however, the Nominating/Corporate Governance Committee's goal is to nominate candidates from a broad range of experiences and backgrounds who can contribute to the Board of Directors' overall effectiveness in meeting its mission. Potential candidates, including nominees recommended by stockholders, are evaluated according to certain criteria such as: experience in business, government, education or technology; expertise that is useful to the Company; willingness to devote the required time to carry out the duties and responsibilities of a director; willingness to represent the best interests of all stockholders; and other relevant factors that the Board may determine. The Nominating/Corporate Governance Committee also considers the needs of the Board of Directors in accounting and finance, business judgment, management, industry knowledge, leadership and such other areas as the Board of Directors deems appropriate. Dr. John J. Connolly is the chairperson of our Nominating/Corporate Governance Committee and the other members of our Nominating/Corporate Governance Committee are Dianne H. Russell and Zane Tankel, each of whom satisfies the independence requirements of the NYSE. A copy of our Nominating/Corporate Governance Committee's charter, our corporate governance guidelines and our code of business conduct and ethics for directors, officers and employees, entitled Code of Ethics, are available on our website at <http://corporategovernance.mortons.com> or in print to any stockholder who requests it by sending written communications to the Secretary, Morton's Restaurant Group, Inc., 325 N. LaSalle Street, Suite 500, Chicago, Illinois 60654.

Executive Committee

The Executive Committee, on behalf of our Board of Directors, exercises the full powers and prerogatives of our Board of Directors, to the extent permitted by applicable law, our certificate of incorporation and by-laws, between board meetings. Our Executive Committee met eight times, including once by written consent, in fiscal 2009. John K. Castle is the Chairperson of our Executive Committee and the other members of our Executive Committee in fiscal 2009 were David B. Pittaway, Justin B. Wender, Stephen E. Paul, and Thomas J. Baldwin. Subsequently, Christopher J. Artinian has replaced Thomas J. Baldwin on the Executive Committee.

Board Leadership Structure

The Board of Directors does not have a policy on whether or not the roles of Chief Executive Officer and Chairman of the Board should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from the non-employee directors or be an employee. The Board of Directors believes that it should be free to make a choice from time to time in any manner that is in the best interests of the Company and its shareholders.

In fiscal 2009, Thomas J. Baldwin served as the Chairman of the Board and as Chief Executive Officer. Currently, the Board of Directors does not have a Chairperson and according to the Bylaws of the Company the Chief Executive Officer (if a director) acts as Chairperson of the meeting. The Board of Directors believes this is the most appropriate structure for the Company at this time because it provides flexibility to the Board to appoint a Chairperson and makes the best use of Christopher J. Artinian's skills and experience, with the Company.

Risk Management

We face certain risks, including credit risk, liquidity risk and operational risk. In fulfilling its risk oversight role, the Board focuses on the adequacy of our overall risk management system. The Board believes an effective risk management system will adequately identify the material risks we face in a timely manner and implement appropriate risk management strategies that are responsive to our risk profile.

The Audit Committee has been designated to take the lead in overseeing risk management at the Board level. Accordingly, the Audit Committee periodically reviews risk management, in addition to its other duties. In this role, the Audit Committee receives reports from management and other advisors, and strives to generate serious and thoughtful attention to our risk management system, the nature of the material risks the Company faces, and the adequacy of our policies and procedures designed to respond to and mitigate these risks.

Although the Board's primary risk oversight has been assigned to the Audit Committee, the full Board also receives information about the most significant risks that the Company faces. This is principally accomplished through Audit Committee reports to the Board and briefings provided by management and advisors to the Committee. The Board and Audit Committee periodically ask the Company's executives to discuss the most likely sources of material future risks and how the Company is addressing any significant potential vulnerability.

Compensation Discussion and Analysis

Overview

Our Compensation Committee has responsibility for establishing, monitoring and implementing our compensation program. The Compensation Committee designs its policies to attract, retain and motivate highly qualified executives. We compensate our executive officers named in the Summary Compensation Table (Executives) through a combination of base salary, incentive bonus payments and equity incentive plan awards, all designed to be competitive with comparable employers and to align each Executive's compensation with the long-term interests of our stockholders. Base salary and incentive bonus payments are determined annually and are designed to reward current performance. Restricted stock awards are designed to reward longer term performance. The Compensation Committee seeks to motivate Executives through our compensation program to achieve long-term sustainable growth. Due to the current economic conditions, the Company has focused on reducing costs to mitigate the impact of the weak economy on the Company. These efforts include, among other things, the Compensation Committee approving a salary freeze for fiscal 2010, as well as not paying incentive bonuses for fiscal 2009.

Objectives of Compensation Program

The primary objective of our compensation program is to attract and retain highly qualified Executives and motivate them to work to their fullest potential, in order to achieve sustainable long-term growth. Our compensation program is designed to compensate Executives in a way that reinforces decisions and actions which will drive long-term sustainable growth, which in turn leads to increased stockholder value. We provide an annual incentive to motivate and reward for the achievement of our financial performance goal of increasing earnings before interest, taxes, depreciation and amortization (EBITDA). The Board of Directors believes that annual EBITDA growth is a key driver of stockholder return over the long term. In March 2010, the Compensation Committee also approved establishing earnings per share (EPS) targets for the Company's new Chief Executive Officer (CEO).

What Our Compensation Program is Designed to Reward

The Compensation Committee focuses on long-term goals of the business and designs reward programs that recognize business achievements it believes are likely to promote sustainable growth. The Compensation Committee believes compensation programs should reward Executives who take actions that are best for the long-term performance of the Company while delivering positive annual operating results; and therefore believes in closely linking rewards to the interests of stockholders.

Regarding most compensation matters, including executive and director compensation, our management provides recommendations to the Compensation Committee; however, the Compensation Committee does not delegate any of its functions to others in setting compensation. We do not currently engage any consultant related to executive and/or director compensation matters.

How We Chose Amounts and/or Formulas for Each Element

Base Salary. Salary planning begins with a percentage guideline for increases, which is adjusted up or down for individual performance. The guidelines are set after considering competitive market data as described below under Short Term Compensation Base Salary, affordability and current salary levels, as appropriate. At the end of the year, the CEO evaluates each Executive's performance in light of individual objectives. The Compensation Committee relies to a large extent on the CEO's evaluations of each Executive's performance. The CEO exercises discretion in choosing the factors that he utilizes to evaluate each Executive's performance.

Incentive Bonus Payments. Generally, the Compensation Committee makes awards within a range for expected Company financial performance levels determined by the Compensation Committee at the beginning of the year. The Compensation Committee carefully considers any exceptions. When deciding what measures to use at the start of a plan year and the target level of achievement of those measures, the Compensation

Table of Contents

Committee carefully considers the state of our business, as well as current economic conditions and what measures are most likely, in present circumstances, to lead to sustainable growth. Each year the Compensation Committee approves goals that are considered to be challenging for the Company to achieve and generally reflect performance above the prior year.

Equity Incentive Plan Awards. The Compensation Committee determines grant levels of restricted stock awards based on level of responsibility, length of time in current position, history of past grants and any change in responsibility. The eventual value of any grant received by an Executive depends on our overall performance and the value of our common stock.

Elements of Our Compensation Plan and How It Relates to Our Objectives

Currently the Compensation Committee uses short-term compensation (salary and incentive bonus payment) and long-term compensation (equity incentive plan awards such as restricted stock awards) to achieve its goal of driving sustainable growth. The Compensation Committee uses its judgment and experience in determining the mix of compensation and evaluates each executive on an individual basis, factoring in a number of elements described in more detail below.

When deciding the allocation among base salary and incentive bonus payments, the Compensation Committee believes that Executives have some degree of influence on our performance, and accordingly, Executives' compensation should contain a greater portion of compensation allocated to incentive bonuses, which is performance-based, when compared to lower levels of management. The targeted allocation between base salary and incentive bonus payment ranges from approximately 61% base and 39% bonus to 71% base and 29% bonus; however, as discussed no bonuses were paid for fiscal 2009 and it has not been determined if any will be paid for fiscal 2010.

Base salary and incentive bonus payments are determined annually and are designed to reward current performance. Base salaries are paid on a bi-weekly basis and incentive bonus payments are generally paid on an annual basis, in the first quarter of the following fiscal year. Equity incentive plan awards such as restricted stock awards are generally granted annually, in the first quarter of the year. Equity incentive plan awards are designed to reward longer term performance. The Compensation Committee reviews total short-term and long-term compensation annually.

Short-Term Compensation

Base Salary. Base salary is important in attracting Executives and provides a secure base of cash compensation. Increases are not preset and take into account the individual's performance, responsibilities of the position, difficulty in replacing the Executive and the costs related to doing so, experience and the methods used to achieve results.

Salary planning begins with a percentage guideline for increases, based on the rate of increase in the Consumer Price Index for Urban Wage Earners and Clerical Workers, as compiled by the U.S. Bureau of Labor Statistics for the preceding year, which is adjusted up or down for individual performance based on recommendations from our CEO. The guidelines are set after considering affordability and current salary levels, as appropriate. At the end of the year, the CEO evaluates each Executive's performance in light of individual objectives. The CEO exercises discretion in choosing any other factors that he utilizes to evaluate each Executive's performance. Base salary compensates each Executive for the primary responsibilities of his/her position and is set at levels that we believe enable us to attract and retain talent. The Compensation Committee relies to a large extent on the CEO's evaluations of each Executive's performance. In fiscal 2009, there were no base salary increases for the Executives. In connection with the Company's continuing efforts to control costs in this challenging economic environment, the Compensation Committee agreed with the CEO's recommendation not to have any base salary increases in fiscal 2010.

Table of Contents

Annual Incentive Bonus Payments. The annual incentive bonus payments are paid in cash in the first quarter of the following fiscal year. Actual awards are based on our financial performance.

Financial Performance. Financial performance is determined at the end of the year based on annual financial performance goals.

As Executives achieve higher levels of seniority and responsibility and have more direct influence on our operations and strategy, the Board of Directors believes that a greater portion of that Executive's total compensation should be variable based on our performance, rather than fixed, so as to further incentivize the Executive to strive for continuously better performance. As stated, we provide an annual incentive to motivate and reward for the achievement of our financial performance goal of increasing EBITDA.

Setting Annual Incentive Performance Goals. The Compensation Committee approves annual incentive performance goals at the conclusion of our annual financial planning process, upon the Board's approval of our financial plan and budget for the fiscal year. At such time, we assess the future internal and external operating environment and develop projections of anticipated results. Each year the Compensation Committee approves goals that are considered to be challenging for us to achieve and generally reflect performance above the prior year. If we achieve the budgeted EBITDA for the fiscal year, then the annual incentive payment will be at targeted bonus levels. If we outperform our budgeted EBITDA, then the annual incentive payment will be above targeted bonus levels and if our EBITDA is below budgeted EBITDA, payments will be below targeted levels. In addition, the Compensation Committee may also exercise discretion in choosing any other factors to utilize to determine the amount of the annual incentive payments. In March 2010, the Compensation Committee also approved establishing EPS targets for the Company's new CEO.

Depending on the Executive's responsibilities, performance is set and measured at the corporate level or a combination of corporate and operating level, as appropriate.

The Compensation Committee reviewed our fiscal 2009 results, evaluated the performance of each of our Executives and considered the current economic climate. For fiscal 2009, our EBITDA was below the budgeted amount. Based on the review of the fiscal 2009 results and in connection with our continuing efforts to control costs in this challenging economic environment, the Compensation Committee determined that there would not be an annual incentive bonus payment for our CEO and approved our CEO's recommendation to not payout any annual bonus awards to our other Executives. The individual performance of each Executive was not a factor in the Compensation Committee's decision not to payout any annual incentive bonuses.

Long-Term Compensation

The long-term incentive compensation that the Compensation Committee generally employs is the granting of restricted stock awards pursuant to the 2006 Morton's Restaurant Group, Inc. Stock Incentive Plan, discussed below. The purpose of granting such awards is to provide equity compensation that provides value to Executives when value is also created for the stockholders. The long-term incentive compensation is intended to motivate Executives to make stronger business decisions, improve financial performance, focus on both short-term and long-term objectives and encourage behavior that protects and enhances the long-term interests of our stockholders. The restricted stock awards have a five year time-based vesting schedule, as established by the Committee, with 20% of the shares vesting each year over the period of five years. The restricted stock awards are generally granted annually, in the first quarter of the year. Awards are based on level of responsibility, length of time in current position, history of past grants and any change in responsibility. This is a significant portion of the total compensation package for Executives and is an important retention tool.

Equity Incentive Plan

In February 2006, we adopted the 2006 Morton's Restaurant Group, Inc. Stock Incentive Plan, which we refer to as the equity incentive plan. The equity incentive plan provides for the grant of stock options and stock appreciation rights and for awards of shares, restricted shares, restricted stock units and other equity-based awards. Any employee, officer, director or consultant of us or any of our affiliates are eligible to receive awards pursuant to the equity incentive plan.

The equity incentive plan is administered by the Compensation Committee. Our Board of Directors also has the authority to take any action delegated to the Compensation Committee under the equity incentive plan as it may deem necessary. Awards may, in the discretion of the Compensation Committee, be made under the equity incentive plan in assumption of, or in substitution for, outstanding awards previously granted by us or our affiliates. The number of shares underlying such substitute awards is counted against the aggregate number of shares available for awards under the equity incentive plan. The Compensation Committee has the authority to (1) select equity incentive plan participants, (2) interpret the equity incentive plan, (3) establish, amend and rescind any rules and regulations relating to the equity incentive plan and to make any other determinations deemed necessary or desirable for the administration of the equity incentive plan, (4) correct any defect or supply any omission or reconcile any inconsistency in the equity incentive plan in the manner and to the extent deemed necessary or desirable and (5) establish the terms and conditions of any award consistent with the provisions of the equity incentive plan and to waive any such terms and conditions at any time (including, without limitation, accelerating or waiving any vesting conditions). Any decision in respect of the interpretation and administration of the equity incentive plan lies within the sole and absolute discretion of the Compensation Committee.

Compensation for the Named Executive Officers

During fiscal 2009, our former CEO, Thomas J. Baldwin, was party to an employment agreement with us governing the terms of his compensation. Pursuant to the agreement, Mr. Baldwin's base salary was subject to annual increases at a rate no less than the rate of increase in the Consumer Price Index or at a faster rate at the discretion of our Board of Directors. Furthermore, the Compensation Committee was responsible for establishing profitability targets on which annual incentive bonus payments would be based. Such targets are based on net income, operating income or any other basis the Compensation Committee considered most appropriate. The Compensation Committee utilizes EBITDA as a target because it believes that annual EBITDA growth is a key driver of stockholder return over the long term.

In early 2008, the Compensation Committee determined that Mr. Baldwin's annual incentive bonus target would be 75% of his base salary for fiscal 2008. In January 2010, the Compensation Committee reviewed Mr. Baldwin's performance against those goals using actual fiscal 2009 results. For fiscal 2009, our EBITDA was below the budgeted amount. After considering this information, the input of the full Board and the Company's continued effort to control costs in this challenging economic environment, the Compensation Committee, exercising some level of discretion, decided that there would not be an incentive bonus payment for Mr. Baldwin in fiscal 2009.

Christopher J. Artinian was appointed as Chief Executive Officer, President and director in February 2010 following the resignation of our former Chief Executive Officer and Chairman of the Board, Thomas J. Baldwin. On March 11, 2010, the Compensation Committee approved revised compensatory arrangements for Christopher J. Artinian. Effective as of February 1, 2010, Mr. Artinian's base salary has been set at \$320,000 per year, and he will be eligible for an annual bonus of up to 65% of his base salary based on EPS and other performance-based criteria determined by the Company's Board of Directors and the Compensation Committee. In addition, during March 2010, Mr. Artinian was awarded 100,000 shares of restricted common stock, which will vest in equal amounts over five years on each successive anniversary of their grant.

Table of Contents

None of the Executives, including Mr. Artinian, have an employment agreement with us. The Compensation Committee relies to a large extent on the CEO's evaluations of each Executive's performance. In January 2010, the Compensation Committee reviewed the CEO's evaluations of the other named Executives' performance and the Company's annual financial performance for fiscal 2009. For fiscal 2009, our EBITDA was below the budgeted amount. After considering this information, the input of the full Board and the Company's continued effort to control costs in this challenging economic environment, the Compensation Committee decided to approve the CEO's recommendation to not payout any bonus awards to all other Executives.

Compensation Committee Report

The Compensation Committee has:

- (1) reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management; and
- (2) based on the reviews and discussions referred to in (1) above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement relating to the 2010 Annual Meeting of Stockholders.

Employment Agreements; Potential Payments Upon Termination or Change-in-Control

On January 20, 2006, we entered into the third amended and restated employment agreement with Mr. Baldwin, effective as of January 1, 2006, to serve as Chairman of the Board of Directors, Chief Executive Officer and President. The initial term of the agreement extended until January 1, 2009, provided that the employment term continues so that on any date the remaining term will be three years unless earlier terminated. Under the agreement, Mr. Baldwin was entitled to receive (1) a base salary of \$350,000, subject to annual increases no less than the rate of increase in the Consumer Price Index or at a faster rate at the discretion of our Board of Directors, (2) annual bonuses targeted at 65% of base salary, with minimum and maximum bonus amounts established by the Compensation Committee and the actual amount of the bonus determined based on the achievement of profitability targets established annually by the Compensation Committee, and (3) specified benefits, including health and disability insurance and life insurance and a monthly automobile allowance.

Under the agreement, Mr. Baldwin was entitled to the following benefits: a lump sum payment of three times his annual base salary, a portion of his bonus and continuation of other benefits including car allowance and medical benefits. While Mr. Baldwin's resignation was accepted by the Board of Directors on February 1, 2010, we recognized these costs in fiscal 2009 as the payment was considered probable at year end.

Table of Contents

The following table describes and quantifies certain compensation that was recorded in fiscal 2009 under our existing employment agreement with Mr. Baldwin given his compensation and service levels:

Cash severance payments (1)	Benefits or Perquisites (2)	Pension Benefit	Total
\$1,130,100	\$ 59,473	\$	\$ 1,189,573

- (1) Represents a lump sum payment following termination equal to the sum of the product of three multiplied by his current base salary. No bonus was included in this calculation since no bonus was paid out for services rendered in fiscal 2009.
- (2) Represents the estimated net present value of continued medical and dental benefits and monthly reimbursement of automobile expenses for three years following termination.

Following the resignation of our former Chief Executive Officer and Chairman of the Board, Thomas J. Baldwin Christopher J. Artinian was appointed as Chief Executive Officer, President and director in February 2010. In March 2010, the Compensation Committee approved revised compensatory arrangements for Christopher J. Artinian. Effective February 1, 2010 Mr. Artinian's base salary was set at \$320,000 per year, and he will be eligible for an annual bonus of up to 65% of his base salary based on EPS and other performance-based criteria determined by the Board of Directors and the Compensation Committee. In addition, during March 2010, Mr. Artinian was awarded 100,000 shares of restricted common stock, which will vest in equal amounts over five years on each successive anniversary of their grant. Furthermore, Mr. Artinian shall receive vacation, medical and dental coverage in accordance with Company policy, as well as a leased car, reimbursement for all business expenses, including travel, and relocation assistance and expenses.

No Executives have an employment agreement with us. There are therefore no other severance agreements or potential payments required upon termination or change-in-control.
