PROXY STATEMENT

ABOUT THE ANNUAL MEETING OF SHAREHOLDERS

We are furnishing this proxy statement to holders of common stock of Home Bancorp, Inc., the holding company of Home Bank. We are soliciting proxies on behalf of our Board of Directors to be used at the Annual Meeting of Shareholders to be held at the Petroleum Club of Lafayette located at 111 Heymann Boulevard, Lafayette, Louisiana, on Thursday, May 6, 2010 at 9:00 a.m., Central Daylight Time, and at any adjournment thereof, for the purposes set forth in the attached Notice of Annual Meeting of Shareholders. This proxy statement is first being mailed to shareholders on or about April 2, 2010.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on May 6, 2010. This proxy statement and our 2009 Annual Report on Form 10-K as well as directions to the annual meeting are available through our Investor Relations website at <http://home24bank.investorroom.com>.

What is the purpose of the Annual Meeting?

At our Annual Meeting, shareholders will act upon the election of directors and ratification of our independent registered public accounting firm. In addition, management will report on the performance of Home Bancorp, Inc. and respond to questions from shareholders.

Who is entitled to vote?

Only our shareholders of record as of the close of business on the record date for the meeting, March 19, 2010, are entitled to vote at the meeting. On the record date, we had 8,682,700 shares of common stock issued and outstanding and no other class of equity securities outstanding. For each issued and outstanding share of common stock you own on the record date, you will be entitled to one vote on each matter to be voted on at the meeting, in person or by proxy.

How do I submit my proxy?

After you have carefully read this proxy statement, indicate on your proxy form how you want your shares to be voted. Then sign, date and mail your proxy form in the enclosed prepaid return envelope as soon as possible. This will enable your shares to be represented and voted at the Annual Meeting.

Can I attend the meeting and vote my shares in person?

Yes. All shareholders are invited to attend the Annual Meeting. Shareholders of record can vote in person at the Annual Meeting. If your shares are held in street name, then you are not the shareholder of record and you must ask your broker or other nominee how you can vote at the Annual Meeting.

Table of Contents

Can I change my vote after I return my proxy card?

Yes. If you are a shareholder of record, there are three ways you can change your vote or revoke your proxy after you have sent in your proxy form.

First, you may send a written notice to our Corporate Secretary, Mr. Henry W. Busch, Jr., Home Bancorp, Inc., 503 Kaliste Saloom Road, Lafayette, Louisiana 70508, stating that you would like to revoke your proxy.

Second, you may complete and submit a new proxy form. Any earlier proxies will be revoked automatically.

Third, you may attend the Annual Meeting and vote in person. Any earlier proxy will be revoked. However, attending the Annual Meeting without voting in person will not revoke your proxy.

If your shares are held in street name and you have instructed a broker or other nominee to vote your shares, you must follow directions from your broker or other nominee to change your vote.

If my shares are held in street name by my broker, could my broker automatically vote my shares for me?

Your broker may not vote on the election of directors if you do not furnish instructions for such proposal. You should use the voting instruction card provided by the institution that holds your shares to instruct your broker to vote your shares or else your shares will be considered broker non-votes.

Broker non-votes are shares held by brokers or nominees as to which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. Under these rules, the proposal to elect directors is not an item on which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions.

Your broker may vote in its discretion on the ratification of the appointment of our independent registered public accounting firm if you do not furnish instructions.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of votes that all shareholders are entitled to cast on a particular matter will constitute a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

What are the Board of Directors recommendations?

The recommendations of the Board of Directors are set forth under the description of each proposal in this proxy statement. In summary, the Board of Directors recommends that you vote FOR the nominees for director described herein and FOR ratification of Porter Keadle Moore LLP as our independent registered public accounting firm for the year ending December 31, 2010.

The proxy solicited hereby, if properly signed and returned to us and not revoked prior to its use, will be voted in accordance with your instructions contained in the proxy. If no contrary instructions are given, each proxy signed and received will be voted in the manner recommended by the Board of

Table of Contents

Directors and, upon the transaction of such other business as may properly come before the meeting, in accordance with the best judgment of the persons appointed as proxies. Proxies solicited hereby may be exercised only at the Annual Meeting and any adjournment of the Annual Meeting and will not be used for any other meeting.

What vote is required to approve each item?

The election of directors will be determined by a plurality of the votes cast at the Annual Meeting. The two nominees for director receiving the most for votes will be elected. The affirmative vote of a majority of the votes actually cast at the annual meeting is required for approval of the proposal to ratify the appointment of Porter Keadle Moore LLP for 2010. Abstentions are considered in determining the presence of a quorum, but will not affect the vote required for the election of directors or the ratification of Porter Keadle Moore LLP as our independent registered public accounting firm.

INFORMATION WITH RESPECT TO NOMINEES FOR DIRECTOR, CONTINUING

DIRECTORS AND EXECUTIVE OFFICERS

Election of Directors (Proposal One)

Our Articles of Incorporation provide that the Board of Directors shall be divided into three classes as nearly equal in number as possible. The directors are elected by our shareholders for staggered terms and until their successors are elected and qualified. No director is related to any other director or executive officer by first cousin or closer.

At this Annual Meeting, you will be asked to elect one class of directors, consisting of two directors, for a three-year term expiring in 2013 and until their successors are elected and qualified. Shareholders of Home Bancorp are not permitted to use cumulative voting for the election of directors. Our Board of Directors, by unanimous action of all of its independent directors, nominated Messrs. Michael P. Maraist and Richard J. Bourgeois to a three-year term expiring in 2013. All of the Company's current directors have served as directors of the Company since its organization in May 2008, and all of such directors also serve as directors of Home Bank, the Company's wholly owned subsidiary. Mr. Lester J. Dailey originally was elected to the Board of Directors of the Bank pursuant to the terms of a merger agreement whereby the Bank acquired Crowley Building and Loan Association in 2006. Pursuant to the terms of the merger agreement, the Bank also entered into an employment agreement with Mr. Dailey.

Unless otherwise directed, each proxy executed and returned by a shareholder will be voted for the election of the nominees for director listed below. If any person named as a nominee should be unable or unwilling to stand for election at the time of the Annual Meeting, the proxies will nominate and vote for any replacement nominee or nominees recommended by our Board of Directors. At this time, the Board of Directors knows of no reason why either of the nominees listed below may not be able to serve as a director if elected.

The following tables present information concerning the nominees for director and each director whose term continues, all of whom also serve as directors of Home Bank. Ages are reflected as of March 19, 2010. Where applicable, service as a director includes service as a director of Home Bank.

Board Leadership Structure and the Board's Role in Risk Oversight

Mr. John W. Bordelon serves as our President and Chief Executive Officer and Mr. Michael P. Maraist serves as Chairman of the Board. The Board of Directors has determined that separation of the offices of Chairman of the Board and President may enhance board independence and oversight. Further, the separation of the Chairman of the Board permits the President and Chief Executive Officer to better focus on his responsibilities on managing the daily operations of the Company, enhancing shareholder value and expanding and strengthening our franchise while allowing the Chairman to lead the Board of Directors in its fundamental role of providing independent oversight and advice to management. The Chairman also serves as a liaison between the Board of Directors and senior management. Mr. Maraist is an independent director under the rules of the Nasdaq Stock Market.

Risk is inherent with every business, particularly financial institutions. We face a number of risks, including credit risk, interest rate risk, liquidity risk, operational risk, strategic risk and reputational risk. Management is responsible for the day-to-day management of the risks the Company faces, while the board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to ensure that the risk management processes designed and implemented by management are adequate and functioning as designed. In this regard, the Chairman of the Board meets regularly with management to discuss strategy and various risks facing the Company.

Members of senior management regularly attend meetings of the Board of Directors and address any questions or concerns raised by the board on risk management or other matters. The board's risk oversight function is carried out through, among other factors, its review and approval of

Edgar Filing: HOME BANCORP, INC. - Form DEF 14A

various policies and procedures, such as the Bank's lending and investment policies, ratification or approval loans exceeding certain thresholds, and regular review of risk elements such as interest rate risk exposure, liquidity and problem assets.

Table of Contents**Compensation Policies and Practices as They Relate to Risk Management**

The Compensation Committee of the Board of Directors has reviewed the Company's policies and practices applicable to employees, including the Company's benefit plans, arrangements and agreements, and does not believe that they are reasonably likely to have a material adverse effect on the Company. The Committee does not believe that the Company's policies and practices encourage officers or employees to take unnecessary or excessive risks or behavior focused on short-term results rather than the creation of long-term value.

Director Nominations

The Company does not have a Nominating Committee of the Board of Directors. Instead, nominations are made by a majority of the Board's independent directors. The Board of Directors considers various criteria when selecting individuals for nomination including: ensuring that the Board of Directors, as a whole, is diverse and consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise (including expertise that could qualify a director as a financial expert, as that term is defined by the rules of the U.S. Securities and Exchange Commission (the "SEC")), local or community ties, minimum individual qualifications, including strength of character, mature judgment, familiarity with our business and industry, independence of thought and an ability to work collegially. The board also may consider the extent to which the candidate would fill a present need on the Board of Directors. The Board of Directors will also consider candidates for director suggested by our management or shareholders. Any shareholder wishing to make a nomination must follow our procedures for shareholder nominations, which are described under "Shareholder Proposals, Nominations and Communications with the Board of Directors" at page 27.

MANAGEMENT COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy and Objectives. Our compensation committee has the responsibility for establishing and reviewing our compensation philosophy and objectives. In this role, the compensation committee has sought to design a compensation structure that attracts and retains qualified and experienced officers and, at the same time, is reasonable and competitive. Our compensation has consisted primarily of cash compensation, salary and bonuses, stock based benefit plans and retirement benefits.

Role of Executive Officers and Management. The President and Chief Executive Officer provides recommendations to the compensation committee on matters of compensation philosophy, plan design and the general guidelines for employee compensation. These recommendations are then considered by the compensation committee. The President and Chief Executive Officer generally attends compensation committee meetings but is not present for any discussion of his own compensation.

Periodically, the bank retains a nationwide benefits consulting firm to review its compensation structure. During 2010, the Bank retained Amalfi Consulting. The firm, Amalfi Consulting, reviews our compensation practices and compares them with compensation practices, including salary, bonus and supplemental executive retirement plans, for approximately 19 regional banks and thrift institutions. Amalfi Consulting also assisted the compensation committee in evaluating the cash bonus program and salary continuation plans described below. The compensation committee considered Amalfi Consulting's review of compensation levels in establishing the compensation amounts for the Bank's named executive officers in 2010.

Elements of Executive Compensation. When setting the compensation of our executive officers, the compensation committee generally targets compensation at the median of our peer group with respect to each of our components of compensation. The compensation we provide to our executive officers and other employees primarily consists of the following:

annual base salary;

annual cash bonuses which are discretionary;

stock-based benefit plans, consisting of our ESOP, stock option plan and recognition and retention plan;

retirement benefits; and

perquisites and other personal benefits.

Table of Contents

Base Salary. We provide named executive officers and other employees with base salary to compensate them for services rendered during the year. Base salary ranges for named executive officers are determined for each employee based on his or her position and responsibility, performance and compensation levels paid by our peers to executives in similar positions. Merit increases normally take effect in March of each year.

During its review of base salaries for executives, the compensation committee primarily considers:

market data;

internal review of the executive's compensation, both individually and relative to other officers;

individual performance of the executive;

qualifications and experience of the officer; and

the financial condition and results of operations of the bank company.

Base salaries are reviewed annually and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

Cash Bonuses. In addition to base salary, we have established incentive plans for many senior executives of the bank company. The amount of these cash bonuses typically have a stated target based upon reaching desired goals and a predetermined range above and below the target for fluctuations in employee and bank performance. The compensation committee has determined that such bonuses were appropriate in light of bonuses paid to officers with the same position at comparable institutions, as reported in publicly available salary surveys. The committee has developed specific individual or bank performance targets as a measure to determine bonus amounts for each participant. All cash bonuses are evaluated by the compensation committee and approved by the Board of Directors. For 2009, the bonuses to Messrs. Bordelon, Zanco, Guidry, and Sutton were \$66,213, \$45,409, \$35,064, and \$35,571 respectively, and were determined based upon consideration of the matrix shown below.

Name	Components	Weight	Threshold	Target	Maximum
John W. Bordelon	Return on average assets	50%	0.81%	0.95%	1.09%

Equity Compensation. Following the completion of our mutual-to-stock conversion in October 2008, we adopted a stock option plan and a restricted stock plan in order to more closely align the interests of our directors and executive officers with our shareholders. When these plans were approved by our shareholders in May 2009, we made grants of stock options and service-based restricted stock awards to our directors and executive officers, both as a reward for past service as well as to provide an incentive for future performance. All grants of options under our 2009 Stock Option Plan were made with exercise prices equal to the market value of our common stock on the date of grant and become vested over five years at the rate of 20% on each anniversary of the date of grant. In connection with our mutual-to-stock conversion we implemented an employee stock ownership plan. Through our employee stock ownership plan, as well as our 401(k) Plan, we provide all of our employees, including our named executive officers, with tax-qualified retirement benefits. The Compensation Committee uses the award of stock options and recognition and retention plan shares to align the interests of the named executive officers with those of Home Bancorp's shareholders. At the annual meeting of shareholders in 2009, shareholders approved our 2009 Stock Option Plan and Recognition and Retention Plan. Our named executive officers, Messrs. Bordelon, Guidry, Sutton and Zanco, received awards from the Compensation Committee under those plans in May 2009 which are vesting at a rate of 20% per year over five years. The Compensation Committee believes that the five year vesting of stock options and recognition and retention plan awards will focus senior management on long term performance and stock appreciation. Vesting at a rate over no less than five years was mandated under the federal banking regulations applicable as a result of our mutual-to-stock conversion and facilitates our goal of retaining our experienced, effective management team.

In May 2009, we also made our initial grants of stock options to our named executive officers under the 2009 Stock Option Plan. Stock option awards have an exercise price equal to the fair market of the Company's common stock value on the date of the award. The Compensation Committee closely monitors the stock option awards to all employees and directors. Information regarding the outstanding stock option grants and unvested recognition and retention plan awards is included in the - Summary Compensation Table and in the sections titled - Grants of Plan-Based Awards and - Outstanding Equity Awards at Fiscal Year End. Due to the five-year vesting schedule, no stock options were vested or exercised by the named executive officers in fiscal 2009.

Other Elements of Executive Compensation. In addition to salary and bonus and awards under our 2009 Stock Option Plan and 2009 Recognition and Retention Plan, we provide our named executive officers with certain compensation and benefits as described below.

Employment Agreements. In June 2009, Home Bank entered into employment agreements with each of our named executive officers. In addition, Home Bancorp entered into an employment agreement with Mr. Bordelon. Given the increased demands placed upon management of a public company compared to a mutual institution as well as the market risks that accompany public ownership, the Compensation Committee believed it was appropriate to enter into the employment agreements. For additional information, see -Employment Agreements.

Retirement and Other Benefits. We also provide all of our employees, including our named executive officers, with tax-qualified retirement benefits through our profit sharing 401(k) plan. All employees who meet the age and service requirements participate in the profit sharing 401(k) plan on a non-discriminatory basis. We provide a 401(k) match to employee contributions, up to specified amounts, and we have historically made an annual profit sharing contribution, which is typically calculated as a percentage of the Bank's net income and then is contributed proportionately to employee's accounts based on salary level. Since the Bank has adopted an ESOP Plan, the annual profit sharing contribution was eliminated for 2009 and 2010.

The Company implemented an employee stock ownership plan, a tax-qualified plan which purchased 8.0% of the stock in the Company's initial public stock offering. This plan provides all of our employees who meet the age and service requirements with a stake in the future performance of our common stock. The employee stock ownership plan is an equity based plan available to all employees who meet the minimum age and service requirements.

We also offer various fringe benefits to all of our employees, including our named executive officers, including group policies for medical insurance. We provide individual coverage to employees, with the employee being responsible for approximately 35% of the premium. Our President and Chief Executive Officer is provided an automobile and is charged on his W-2 for the personal mileage. The Chief Lending Officer and Chief Operating Officer receive a monthly auto allowance, as do the Bank's Head of Commercial Lending, Marketing Director and Retail Sales Manager. We pay club dues for the Chief Executive Officer, Chief Lending Officer, and Head of Commercial Lending. The Chief Executive Officer has two club memberships for lunch meetings with customers. The Chief Lending Officer has a club membership for lunch meetings with customers. The Compensation Committee believes such benefits are appropriate and assist such officers in fulfilling their employment obligations.

Additional Components of Executive Compensation.

In August 2007, we entered into a salary continuation plan with our President and Chief Executive Officer which will provide supplemental retirement benefits equal to \$180,000 per year for 10 years upon retirement at normal retirement age or upon death, disability or termination in connection with or following a change in control. The salary and continuation plan was deemed appropriate by the compensation committee in light of Mr. Bordelon's years of service as an executive officer and as incentive to retain his services until retirement. We also entered into a salary continuation plan with our Chief Lending Officer, Darren E. Guidry, which will provide supplemental retirement benefits equal to \$75,000 per year for 10 years upon his retirement at age 65. The salary continuation plan entered into with Mr. Guidry was deemed appropriate as an incentive to maintain his continued services until retirement. The compensation committee may consider additional plans of this type for any new executive officers of the Bank.

Salary Continuation Agreements. Effective August 1, 2007, the Bank entered into a salary continuation agreement with its President, John W. Bordelon. The agreement provides that Mr. Bordelon will receive an annual retirement benefit for a period of 10 years, with the annual benefit equal to \$180,000 if he retires at age 62 and increasing each additional year he remains employed until the annual benefit reaches \$214,000 if he retires after age 65. The retirement benefits vest over a period of 10 years, with 50% of the benefit vesting in 2007. In the event of early retirement, the Bank will pay Mr. Bordelon his vested benefits in 120 equal monthly installments upon his attaining age 62. If Mr. Bordelon dies while still employed, the Bank will pay Mr. Bordelon's beneficiary an annual benefit of \$360,000 each year for five years, payable in monthly installments.

If Mr. Bordelon has a separation from service within 24 months following a change in control but prior to reaching age 62, the Bank shall pay him \$180,000 per year in 12 equal monthly installments for ten years, beginning the earlier of 24 months after separation from service or age 62. If the separation from service occurs more than 24 months following a change in control, the annual benefit shall be distributed beginning at age 62.

A nonqualified salary continuation agreement was also entered into with Darren E. Guidry, effective August 1, 2007. Mr. Guidry's agreement provides for a retirement benefit of \$75,000 per year if he remains employed until age 65, payable in equal monthly installments for a period of ten years. His retirement benefits vest over a period of 12 years, commencing August 1, 2008. In the event of early retirement, the Bank will pay Mr. Guidry his vested benefits in 120 equal monthly installments upon his attaining age 65. If Mr. Guidry dies while still employed, the Bank will pay his beneficiary an annual benefit of \$75,000 each year for ten years, payable in monthly installments. If Mr. Guidry has a separation from service within 24 months following a change in control but prior to reaching age 65, the Bank shall pay him the vested portion of his annual benefit in a lump sum on the first day of the month following the separation from service. In each case, benefits are subject to a six-month delay to the extent required by the Internal Revenue Code.

The table below shows the present value of accumulated benefits payable to Messrs. Bordelon and Guidry under the salary continuation agreements. The salary continuation agreements do not include any provision regarding years of credited service.

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit ⁽¹⁾	Payments During Last Fiscal Year

Employment Agreements

On June 22, 2009, the Company entered into an employment agreement with John W. Bordelon, the Company's President and Chief Executive Officer, and the Bank entered into employment agreements with Mr. Bordelon and with Darren E. Guidry, Executive Vice President and Chief Lending Officer, Scott T. Sutton, Executive Vice President and Chief Operations Officer, and Joseph B. Zanco, Executive Vice President and Chief Financial Officer. The employment agreements with Mr. Bordelon have a term of three years commencing on the date of execution. The employment agreements with the other officers

Table of Contents

have a term of two years. On each annual anniversary of the date of execution of the agreements, the term will be extended for an additional year unless either party has given notice of its determination not to extend the term. At least annually, the Board of Directors of Home Bank will consider whether to renew and extend the term of the agreements. The employment agreements provide current base salaries of \$215,000, \$138,000, \$140,000 and \$146,000 for Messrs. Bordelon, Guidry, Sutton and Zanco, respectively. Such salaries may be increased at the discretion of the Board of Directors of the Bank but may not be decreased without the prior written consent of the officer.

The employment agreements between the Bank and the named executive officers are terminable with or without cause by the Bank. The employment agreements provide that in the event of a termination of employment by the Bank other than due to cause, disability, death, retirement or in connection with a change in control of the Company or the Bank or in the event of a voluntary termination by the officer for good reason (which includes a change in the officer's position, salary or duties without his consent), each officer would be entitled to (1) an amount of cash severance which is equal to one times (three times in the case of Mr. Bordelon) the amount of his base salary as of the date of termination and (2) continued participation in certain employee benefit plans of Bank, including medical and dental plans, until the earlier of 12 months (36 months in the case of Mr. Bordelon) or the date the executive receives substantially similar benefits from full-time employment with another employer. In the event of termination of employment concurrently with or following a change in control of the Company or the Bank, including a voluntary termination by the officer for good reason, as defined, each officer would be entitled to (1) an amount of cash severance which is equal to two times (three times in the case of Mr. Bordelon) the sum of his base salary as of the date of termination plus his prior year's bonus and (2) continued participation in certain employee benefit plans, including medical and dental plans, until the earlier of 24 months (36 months in the case of Mr. Bordelon) or the date the officer receives substantially similar benefits from another employer upon his full-time employment. In the event an officer's employment is terminated due to cause, death, disability or retirement, he will have no rights under the employment agreements to any compensation or benefits following the date of termination. The employment agreements with Bank provide that in the event any of the payments to be made thereunder or otherwise upon termination of employment are deemed to constitute parachute payments within the meaning of Section 280G of the Internal Revenue Code (the Code), payments and benefits received thereunder shall be reduced by the minimum amount necessary to result in no portion of the payments and benefits being non-deductible by the Bank for federal income tax purposes.

In addition to the employment agreement between the Bank and Mr. Bordelon, the Company has also entered into an employment agreement with Mr. Bordelon which is on terms substantially similar to his agreement with the Bank, except as described below. The agreement between the Company and Mr. Bordelon provides that severance payments payable to Mr. Bordelon by the Company shall include the amount by which the severance benefits payable by the Bank are reduced as a result of Section 280G of the Code, if the parachute payments exceed 105% of three times the executive's base amount as defined in Section 280G of the Code. If the parachute payments are not more than 105% of the amount equal to three times the executive's base amount, the severance benefits payable by the Company will be reduced so they do not constitute parachute payments under Section 280G of the Code. In addition, the agreement between Mr. Bordelon and the Company provides that the Company shall reimburse Mr. Bordelon for any resulting excise taxes payable by him, plus such additional amount as may be necessary to compensate him for the payment of state and federal income, excise and other employment-related taxes on the additional payments. Under the employment agreements, Mr. Bordelon's compensation, benefits and expenses will be paid by the Company and the Bank in the same proportion as the time and services actually expended by Mr. Bordelon on behalf of each company.

- (a) These severance payments and benefits are payable if an executive's employment is terminated prior to a change in control either (i) by the Bank or the Company for any reason other than cause, disability, retirement or death or (ii) by an executive if the Bank or the Company takes certain adverse actions (a "good reason" termination). The severance payments and benefits are also payable if an executive's employment is terminated for the reasons set forth above during the term of his employment agreement following a change in control.
- (b) The amounts shown in the involuntary termination column represent a lump sum payment equal to three times Mr. Bordelon's (one times for Messrs. Guidry, Sutton and Zanco) base salary as of the date of termination. The amounts shown in the change in control column represent a lump sum payment equal to the sum of the executive's base salary as of the date of termination and the cash bonus earned by the executive for the calendar year preceding the year in which the date of termination occurs, with such sum multiplied by three for Mr. Bordelon and by two for each of Messrs. Guidry, Sutton and Zanco.
- (c) Upon a change in control, the ESOP will be terminated and the unallocated ESOP shares will first be used to repay the outstanding ESOP loan. Any remaining unallocated ESOP shares will then be allocated among ESOP participants on a pro rata basis based on account balances. Based on the December 31, 2009 closing price of \$12.19 per share, the value of the remaining unallocated ESOP shares exceeds the remaining principal balance of the loan by approximately \$1,300,000. The amounts shown represent each executive's estimated share of such excess amount.
- (d) The amounts shown in the involuntary termination column represent the estimated cost of providing continued medical coverage to the executive for an assumed additional 36 months for Mr. Bordelon (12 months for Messrs. Guidry, Sutton and Zanco), at no cost to the executives. The amounts shown in the change in control column represent the estimated cost of providing continued medical coverage to the executive for an additional 36 months for Mr. Bordelon (24 months for Messrs. Guidry, Sutton and Zanco), at no cost to the executives. The estimated costs assume the current insurance premiums or costs increase by 10% each year, and the amounts have not been discounted to present value.
- (e) The amounts shown in the involuntary termination column represent the estimated cost of providing continued life, accidental death and long-term disability coverage to the executive for an assumed additional 36 months for Mr. Bordelon (12 months for Messrs. Guidry, Sutton and Zanco), at no cost to the executives. The amounts shown in the change in control column represent the estimated cost of providing continued life, accidental death and long-term disability coverage to the executive for an additional 36 months for Mr. Bordelon (24 months for Messrs. Guidry, Sutton and Zanco), at no cost to the executives. The estimated costs assume the current insurance premiums or costs increase by 10% each year, and the amounts have not been discounted to present value.
- (f) Represents the incremental increase in the present value of the benefits payable under the Company's salary continuation agreements with Messrs. Bordelon and Guidry. Under the salary continuation agreements, if the employment of Messrs. Bordelon and Guidry had terminated as of December 31, 2009 outside of a change in control for reasons other than death, disability or cause, their vested benefits under the salary termination agreements would provide them with annual benefits payable monthly for 10 years of \$108,000 and \$5,154, respectively, with the benefits starting after Mr. Bordelon reaches age 62 in 2017 and after Mr. Guidry reaches age 65 in 2027. If Messrs. Bordelon and Guidry remain employed until their respective normal retirement ages of 62 and 65, their normal retirement benefits would be \$180,000 per year for Mr. Bordelon and \$75,000 per year for Mr. Guidry, in each case payable for 10 years in monthly installments. If the employment of Messrs. Bordelon and Guidry had terminated as of December 31, 2009 in connection with a change in control, Mr. Bordelon would have received a change in control benefit of \$180,000 per year for 10 years commencing January 1, 2012, and Mr. Guidry would have received a lump sum change in control benefit of approximately \$31,000 in 2010. In the event Mr. Bordelon's employment had terminated due to disability as of December 31, 2009, his annual retirement benefit would have been approximately \$112,500 for 10 years, commencing in 2017. If Mr. Bordelon had died on December 31, 2009, his beneficiary would have received the value of his accrued benefits under his salary continuation agreement in a lump sum in 2010. If Mr. Guidry had died on December 31, 2009, his beneficiary would have received \$75,000 per year for 10 years, with the benefits starting in 2010.

Table of Contents*(Footnotes continued from previous page)*

- (g) The payments and benefits to Mr. Bordelon in the change in control column are subject to a 20% excise tax to the extent the parachute amounts associated therewith under Section 280G of the Code equal or exceed three times his average taxable income for the five years ended December 31, 2008. His payments exceed this threshold. If a change in control was to occur, the Company believes that the excise tax could be reduced or even eliminated if the timing of the change in control permitted tax planning to be done. However, if the excise tax cannot be avoided and the payments to Mr. Bordelon exceed 105% of three times his average taxable income from the Company and the Bank for the five years preceding the year in which the date of termination occurs, then the Company has agreed in its employment agreement with Mr. Bordelon to pay the 20% excise tax and the additional federal, state and local income taxes and excise taxes on such reimbursement in order to place him in the same after-tax position he would have been in if the excise tax had not been imposed. If the payments to Mr. Bordelon are equal to or are less than 105% of three times his average taxable income from the Company and the Bank for the five years preceding the year in which the date of termination occurs, then such payments and benefits in the event of a change of control will be reduced by the minimum amount necessary so that they do not trigger the 20% excise tax. Payments to Messrs. Guidry, Sutton and Zanco in the event of a change of control will be reduced by the minimum amount necessary so that they do not trigger the 20% excise tax. The amount of the reduction to Mr. Guidry is shown in the table. The payments and benefits to Messrs. Sutton and Zanco do not exceed the executive's Section 280G threshold and have not been reduced. If the timing of the change in control permitted tax planning to be done, the Company believes that the amount of the cutbacks could be reduced or even eliminated.
- (h) Messrs. Bordelon, Guidry, Sutton and Zanco held no vested stock options as of December 31, 2009.
- (i) Represents the value of the unvested stock options held by Messrs. Bordelon, Guidry, Sutton and Zanco that had an exercise price below the December 31, 2009 closing price of \$12.19 per share, based on the difference between the December 31, 2009 closing price and the per share exercise price of the unvested stock options. All unvested stock options will become fully vested upon an executive's death or disability or upon a change in control.
- (j) Represents the value of the unvested restricted stock awards held by Messrs. Bordelon, Guidry, Sutton and Zanco based on the December 31, 2009 closing price of \$12.19 per share. All unvested restricted stock awards will become fully vested upon an executive's death or disability or upon a change in control.
- (k) Does not include the value of the vested benefits to be paid under our tax-qualified 401(k) plan and ESOP or under our salary continuation agreements. See the Pension Benefits table and the Nonqualified Deferred Compensation table under - Excess Benefit Plan and Supplemental Executive Retirement Plan above. Also does not include earned but unpaid salary, accrued but unused vacation leave and reimbursable expenses.
- (l) If the employment of Messrs. Bordelon, Guidry, Sutton and Zanco had terminated at December 31, 2009 due to death, the executive's beneficiaries or estate would have received life insurance proceeds of approximately \$1.0 million, \$690,000, \$700,000, and \$730,000, respectively. The group life insurance coverage is based on three times the executive's base salary, subject to a cap of \$500,000. The Company also maintains a split dollar life insurance policy for the executives that pays an additional amount over the group coverage based on five times base salary, up to a combined maximum of \$1.0 million. If the employment of Messrs. Bordelon, Guidry, Sutton and Zanco had terminated due to disability, the executives would have received disability benefits of \$10,800, \$6,900, \$7,000, and \$7,300, respectively, per month. Disability benefits are provided at the rate of sixty percent of base salary not to exceed \$10,800 per month for Mr. Bordelon and \$7,500 per month for Messrs. Guidry, Sutton and Zanco, until the executive reaches his or her normal retirement age. In addition, each executive's unvested stock options and unvested restricted stock awards will become fully vested upon death or disability.

Related Party Transactions

Loans and Extensions of Credit. The Bank offers loans to its directors, officers and employees as well as members of their immediate families and others who are considered related persons under Item 404 of Regulation S-K of the SEC. Any loans by the Bank to related persons were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Bank. These loans did not involve more than the normal risk of collectibility or present other unfavorable features.

Table of Contents

Section 22(h) of the Federal Reserve Act generally provides that any credit extended by a savings institution, such as the Bank, to its executive officers, directors and, to the extent otherwise permitted, principal stockholder(s), or any related interest of the foregoing, must be on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions by the savings institution with non-affiliated parties; unless the loans are made pursuant to a benefit or compensation program that (i) is widely available to employees of the institution and (ii) does not give preference to any director, executive officer or principal stockholder, or certain affiliated interests of either, over other employees of the savings institution, and must not involve more than the normal risk of repayment or present other unfavorable features.

The aggregate amount of loans by the Bank to its named executive officers and directors was approximately \$347,000 at December 31, 2009, or approximately 0.3% of total shareholders' equity at such date. These loans were performing according to their original terms at December 31, 2009. None of the Bank's loans to any of its directors, executive officers or any of their immediate family members were non-accrual, past due, restructured or deemed potential problem loans at December 31, 2009.

Review, Approval or Ratification of Transactions with Related Persons. Regulations of the Office of Thrift Supervision require that if any director or executive officer has any interest in a matter to be considered by the Bank's Board of Directors, he or she must fully disclose such interest, refrain from participating in the board's discussion of the matter and recuse him or herself from voting on the matter. The Bank and its directors and executive officers, adheres to the regulations of the Office of Thrift Supervision in acting upon any matter in which a director or executive officer has a direct or indirect personal interest. Such matters may be approved by the board provided that a majority of the non-interested directors conclude that the transaction is in the best interests of the Bank and consistent with all Federal regulations and the Bank's policies. The board's minutes will reflect the interest of the subject director or executive officer and note that he or she did not participate in the discussion of, or vote on, the matter.

Compensation Committee Interlocks and Insider Participation

Messrs. Blanchet, Hendry and Judice and Mr. Maraist, who is Chairman, serve as members of the Compensation Committee. None of the members of the Compensation Committee during 2009 was a current or former officer or employee of Home Bancorp or Home Bank. No member engaged in certain transactions with Home Bancorp or Home Bank required to be disclosed by regulations of the SEC. Additionally, there were no compensation committee interlocks during 2009, which generally means that no executive officer of Home Bancorp served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director or member of the Compensation Committee of Home Bancorp.

Re: Instructions for voting shares of Home Bancorp, Inc.

As described in the enclosed materials, proxies are being solicited in connection with the proposals to be considered at the upcoming Annual Meeting of Shareholders of Home Bancorp, Inc. We hope you will take advantage of the opportunity to direct the manner in which shares of common stock of Home Bancorp allocated to your account in the Home Bank 401(k) Plan will be voted.

Enclosed with this letter is the Proxy Statement, which describes the matters to be voted upon, the Annual Report to Shareholders and Voting Instruction Ballot. After you have reviewed the Proxy Statement, we urge you to vote your allocated shares held in the 401(k) Plan by marking, dating, signing and returning the enclosed Voting Instruction Ballot in the envelope provided. Registrar and Transfer Company will tabulate the votes for the purpose of having those shares voted by the Trustees.

We urge each of you to vote, as a means of participating in the governance of the affairs of Home Bancorp. If your voting instructions are not received, the shares allocated to your Profit Sharing 401(k) Plan account will generally not be voted. While we hope that you will vote in the manner recommended by the Board of Directors, the most important thing is that you vote in whatever manner you deem appropriate. Please take a moment to do so.

Please note that the enclosed material relates only to those shares which have been allocated to you in your account under the Profit Sharing 401(k) Plan. If you also own shares of Home Bancorp common stock outside of the Profit Sharing 401(k) Plan, you should receive other voting material for those shares owned by you individually. Please return all your voting material so that all your shares may be voted.
