**China Yuchai International Announces**

**Unaudited Third Quarter 2010 Financial Results**

**Singapore, Singapore November 10, 2010** **China Yuchai International Limited (NYSE: CYD)** ( China Yuchai or the Company ), announced today its unaudited consolidated financial results for the third quarter and nine months ended September 30, 2010. The financial information presented herein for FY 2009 and FY 2010 is reported using International Financial Reporting Standards as issued by the International Accounting Standards Board ( IFRS ).

The financial highlights for the third quarter of 2010 are:

Net revenue was RMB 3.3 billion (US\$ 497.6 million) compared with RMB 3.5 billion (US\$ 524.0 million) in the third quarter of 2009;

The gross margin increased to 23.1% from 19.9% in the third quarter of 2009;

Operating margin increased to 10.7% from 7.6% in the third quarter of 2009;

Total net profit attributable to China Yuchai's shareholders was RMB 217.5 million (US\$ 32.5 million), or earnings per share of RMB 5.84 (US\$ 0.87), compared with RMB 160.2 million (US\$ 23.9 million), or earnings per share of RMB 4.30 (US\$ 0.64) in the third quarter of 2009.

**Third Quarter 2010 Financial Results**

Net revenue for the third quarter of 2010 was RMB 3.3 billion (US\$ 497.6 million) compared with RMB 3.5 billion (US\$ 524.0 million) in the third quarter of 2009, representing a 5.0% year-over-year decline. The total number of diesel engines sold by the Company's main operating subsidiary, Guangxi Yuchai Machinery Company Limited ( GYMCL ), during the third quarter of 2010 was 109,023 units compared with 114,855 units in the third quarter of 2009. The decline in unit sales volume and net revenue were mainly due to product mix shift and higher demand for heavy-duty engines.

Gross profit was RMB 769.8 million (US\$ 114.9 million) in the third quarter of 2010, representing a 10.2% increase over the gross profit of RMB 698.5 million (US\$ 104.2 million) in the third quarter of 2009. The gross margin was 23.1% in the third quarter of 2010, a 3.2% improvement over the gross margin of 19.9% for the third quarter of 2009. In the third quarter of 2010, the higher gross margin was mainly attributable to a combination of increased sales of heavy-duty engines and enhanced in-sourcing capability through the highly-automated new foundry facility.

Other income was RMB 36.5 million (US\$ 5.5 million) compared to RMB 8.8 million (US\$ 1.3 million) in the third quarter of 2009. The increase was due to exchange gains as well as a gain from the disposal of shares in Thakral Corporation Limited.

Research and development ( R & D ) expenses were RMB 95.7 million (US\$ 14.3 million) in the third quarter of 2010 versus RMB 74.8 million (US\$ 11.2 million) in the third quarter of 2009, a 28.0% increase. As a percentage of net revenue, R & D spending was 2.9% of net revenue in the third quarter of 2010 compared with 2.1% in the third quarter of 2009. The higher R & D expenses were mainly due to the increase in staff costs.

Selling, general & administrative expenses in the third quarter of 2010 were RMB 353.7 million (US\$ 52.8 million), a 3.0% improvement from the RMB 364.5 million (US\$ 54.4 million) in the third quarter of 2009. As a percentage of quarterly revenue, selling, general & administrative

## Edgar Filing: CHINA YUCHAI INTERNATIONAL LTD - Form 6-K

expenses were 10.6% in the third quarter of 2010, in line with the same quarter in 2009.

Operating profit was RMB 356.9 million (US\$ 53.3 million) in the third quarter of 2010, a 33.2% increase over the RMB 268.0 million (US\$ 40.0 million) in the third quarter of 2009. The increase is mainly due to higher gross profit. The operating margin increased to 10.7% in the third quarter of 2010 from 7.6% in the third quarter of 2009.

## **Table of Contents**

In the third quarter of 2010, total net profit attributable to China Yuchai's shareholders increased 35.8% to RMB 217.5 million (US\$ 32.5 million), or earnings per share of RMB 5.84 (US\$ 0.87), compared with RMB 160.2 million (US\$ 23.9 million), or earnings per share of RMB 4.30 (US\$ 0.64) in the third quarter of 2009.

## **Nine Months 2010 Financial Results**

For the nine months ended September 30, 2010, net revenues rose 25.1% to RMB 12.4 billion (US\$ 1.9 billion) from RMB 9.9 billion (US\$ 1.5 billion) for the nine months ended September 30, 2009. The gross profit increased by 52.4% year-over-year to RMB 2.7 billion (US\$ 401.4 million) from RMB 1.8 billion (US\$ 263.3 million) for the nine months ended September 30, 2009. Gross margin for the nine months ended September 30, 2010 rose to 21.7% from 17.8% in 2009 mainly due to increased selling of higher margin heavy-duty engines. Operating income increased 131.8% to RMB 1,156.8 million (US\$ 172.7 million) from RMB 499.1 million (US\$ 74.5 million) for the comparable period in 2009. Total net profit attributable to China Yuchai's shareholders for the nine months ended September 30, 2010 was RMB 668.4 million (US\$ 99.7 million), or earnings per share of RMB 17.93 (US\$ 2.68).

Total equity attributable to China Yuchai's shareholders increased to RMB 4.7 billion (US\$ 695.9 million) on September 30, 2010, from RMB 4.0 billion (US\$ 604.3 million) on December 31, 2009.

The total shares issued and outstanding as of September 30, 2010 were 37,267,673 shares.

In a recent industry appraisal conference organized by the Ministry of Science and Technology, Guangxi Yuchai Machinery Company Limited's (GYMCL) commercial vehicle hybrid diesel engine, YCHPT was acknowledged as having achieved the highest technical standards within China. This is one of GYMCL's projects listed in China's National High-tech Development Program also known as the 863 Program. Since its commercial introduction in April 2009, YCHPT hybrid diesel engines have reached the 10 million kilometers mileage mark demonstrating their reliability with an average energy savings of approximately 20% compared with standard diesel engines. With this achievement, GYMCL has attained the industry leading position for its hybrid engines. The new hybrid diesel engines solidifies GYMCL's brand premium in China's bus market.

Mr. Boo Guan Saw, President of China Yuchai, commented, "We are encouraged by our strong third quarter results and the significant margin expansion due to the successful transition in our product mix. After three years' thorough preparation, our heavy-duty engines have begun to gain traction in China's heavy-duty market. While our award-winning hybrid engines continue to enhance our brand equity and market leadership in the Chinese bus market, our heavy-duty YC6K product line should propel our entry into the higher-barrier heavy-duty truck market. We continue to invest in R & D and in-sourcing facilities to maintain our technology and production leadership in China. With the CIMC-Chery joint venture expected to come to production at the end of 2010, we remain optimistic over increasing our market share in the heavy-duty engine market in 2011."

## **Exchange Rate Information**

The Company's functional currency is the U.S. dollar and its reporting currency is Renminbi. The translation of amounts from Renminbi to U.S. dollars is solely for the convenience of the reader. Translation of amounts from Renminbi to U.S. dollars has been made at the rate of RMB 6.7011 = US\$1.00, the rate quoted by the People's Bank of China at the close of business on September 30, 2010. No representation is made that the Renminbi amounts could have been, or could be, converted into U.S. dollars at that rate or at any other certain rate on September 30, 2010 or at any other date.

## **Third Quarter 2010 Earnings Web Cast**

An audio web cast for the investment community has been scheduled for 8:00 A.M. Eastern Standard Time, today, November 10, 2010. The call will be hosted by Mr. Boo Guan Saw, President, and Mr. Weng Ming Hoh, Chief Financial Officer, who will present and discuss the financial results and business outlook of the Company, followed by a Q&A session.

## **Table of Contents**

The web cast can be accessed at the investor relations section of the Company's website located at <http://www.cyilimited.com>. Participants are requested to log into the web cast at least 5 minutes prior to the scheduled start time. The recorded web cast will be available on the website shortly after the earnings call.

### **About China Yuchai International**

China Yuchai International Limited, through its subsidiary, Guangxi Yuchai Machinery Company Limited (GYMCL), engages in the manufacture, assembly, and sale of a wide array of light-duty, medium-sized and heavy-duty diesel engines for construction equipment, trucks, buses, and cars in China. GYMCL also produces diesel power generators, which are primarily used in the construction and mining industries. Through its regional sales offices and authorized customer service centers, the Company distributes its diesel engines directly to auto OEMs and retailers and provides maintenance and retrofitting services throughout China. Founded in 1951, GYMCL has established a reputable brand name, strong research & development team and significant market share in China with high-quality products and reliable after-sales support. In 2009, GYMCL sold 467,899 diesel engines and was consistently ranked No. 1 in unit sales by the China Association of Automobile Manufacturers.
