Our Company

We are a leading provider of vehicle auction services in North America. We facilitate an efficient marketplace providing auction services for sellers of used, or whole car, vehicles and salvage vehicles through our 229 physical auction locations at March 31, 2011, and multiple proprietary Internet venues. In 2010, we facilitated the sale of over 3.1 million used and salvage vehicles. Our revenues are generated through auction fees from both vehicle buyers and sellers as well as by providing value-added ancillary services, including inspections, storage, transportation, reconditioning, salvage recovery, titling, and floorplan financing. We facilitate the transfer of ownership directly from seller to buyer and we do not take title or ownership to substantially all vehicles sold at our auctions.

Our principal executive offices are located at 13085 Hamilton Crossing Boulevard, Carmel, Indiana 46032, and our telephone number is (800) 923-3725. Our website is located at www.karauctionservices.com. The information on, or accessible through, the website is not a part of, or incorporated by reference into, this prospectus. RISK FACTORS

An investment in our securities involves a high degree of risk. You should carefully consider the specific risks described in our Annual Report on Form 10-K for the year ended December 31, 2010 (the "2010 Annual Report"), which is incorporated by reference into this prospectus, our Quarterly Report on Form 10-Q for the quarter ended March 31, 2011, which is incorporated by reference into this prospectus, the risk factors described under the section entitled "Risk Factors" in any applicable prospectus supplement and any risk factors set forth in our other filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act before making an investment decision. DESCRIPTION OF CAPITAL STOCK

The following information describes our common stock and preferred stock, as well as certain provisions of our amended and restated certificate of incorporation and amended and restated by-laws and relevant sections of the Delaware General Corporation Law (the "DGCL"), and is only a summary. You should refer to our amended and restated certificate of incorporation and amended and restated by-laws, which are filed as exhibits to the registration statement of which this prospectus forms a part, and to the applicable provisions of the DGCL.

General

Our authorized capital stock consists of 400,000,000 shares of common stock, par value \$0.01 per share, and 100,000,000 shares of preferred stock, par value \$0.01 per share. As of May 31, 2011, we had 136,167,393 shares of common stock outstanding and no shares of preferred stock outstanding.

Common Stock

We have one class of common stock. All holders of our common stock are entitled to the same rights and privileges, as described below.

Voting Rights. Each holder of our common stock is entitled to one vote for each share on all matters submitted to a vote of the holders of our common stock, voting together as a single class, including the election of directors. Our stockholders do not have cumulative voting rights in the election of directors. Directors standing for election at an annual meeting of stockholders will be elected by a plurality of the votes cast in the election of directors at the annual meeting, either in person or represented by properly authorized proxy.

Dividends. Subject to the prior rights of holders of preferred stock, holders of our common stock are entitled to receive dividends, if any, as may be declared from time to time by our board of directors.

Liquidation and Dissolution. Subject to the prior rights of our creditors and the satisfaction of any liquidation preference granted to the holders of any then outstanding shares of preferred stock, in the event of our liquidation, dissolution or winding up, holders of our common stock will be entitled to share ratably in the net assets legally available for distribution to stockholders.

Other Rights. Holders of our common stock have no preemptive, subscription, redemption or conversion rights. All of our outstanding shares of common stock are, and the shares of common stock to be issued pursuant to this offering will be, fully paid and non-assessable.

Preferred Stock

Under our amended and restated certificate of incorporation we are authorized to issue up to 100,000,000 shares of preferred stock, par value \$0.01 per share, in one or more series, none of which was issued and outstanding as of May 31, 2011. Our board of directors has the authority, without action by our stockholders, to issue preferred stock and to fix voting powers for each class or series of preferred stock, and to provide that any class or series may be subject to redemption, entitled to receive dividends, entitled to rights upon dissolution, or convertible or exchangeable for shares of any other class or classes of capital stock. The rights with respect to a series or class of preferred stock may be greater than the rights attached to our common stock. It is not possible to state the actual effect of the issuance of any shares of our preferred stock on the rights of holders of our common stock until our board of directors determines the specific rights attached to that preferred stock. The effect of issuing preferred stock could include, among other things, one or more of the following:

restricting dividends in respect of our common stock;

diluting the voting power of our common stock or providing that holders of preferred stock have the right to vote on matters as a class;

Table of Contents

impairing the liquidation rights of our common stock; or

delaying or preventing a change of control of us.

Anti-Takeover Effects of Delaware Law, Our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws

We elected in our amended and restated certificate of incorporation not to be subject to Section 203 of the DGCL, an anti-takeover law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination, such as a merger, with a person or group owning 15% or more of the corporation's voting stock for a period of three years following the date the person became an interested stockholder, unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Accordingly, we will not be subject to any anti-takeover effects of Section 203.

Certain other provisions of our amended and restated certificate of incorporation and amended and restated by-laws may be considered to have an anti-takeover effect and may delay or prevent a tender offer or other corporate transaction that a stockholder might consider to be in its best interest, including those transactions that might result in payment of a premium over the market price for our shares. These provisions are designed to discourage certain types of transactions that may involve an actual or threatened change of control of us without prior approval of our board of directors. These provisions are meant to encourage persons interested in acquiring control of us to first consult with our board of directors to negotiate terms of a potential business combination or offer. We believe that these provisions protect against an unsolicited proposal for a takeover of us that might affect the long term value of our stock or that may be otherwise unfair to our stockholders. For example, these provisions include:

limiting the right of stockholders to call special meetings of stockholders to holders of at least 35% of our outstanding common stock;

rules regarding how our stockholders may present proposals or nominate directors for election at stockholder meetings;

permitting our board of directors to issue preferred stock without stockholder approval;

granting to the board of directors, and not to the stockholders, the sole power to set the number of directors; and

authorizing vacancies on our board of directors to be filled only by a vote of the majority of the directors then in office and specifically denying our stockholders the right to fill vacancies in the board.

From and after the time that KAR Holdings II, LLC ("KAR LLC") no longer has beneficial ownership of 35% or more of our outstanding common stock, these provisions will also include:

authorizing the removal of directors only for cause and only upon the affirmative vote of holders of a majority of the outstanding shares of our common stock entitled to vote for the election of directors; and

prohibiting stockholder action by written consent.

Limitations on Liability and Indemnification of Directors and Officers

Our amended and restated certificate of incorporation and amended and restated by-laws provide that our directors will not be personally liable to us or our stockholders for monetary damages for breach of a fiduciary duty as a director, except for:

any breach of the director's duty of loyalty to us or our stockholders;

intentional misconduct or a knowing violation of law;

Table of Contents

liability under Delaware corporate law for an unlawful payment of dividends or an unlawful stock purchase or redemption of stock;
or

any transaction from which the director derives an improper personal benefit.

Our amended and restated certificate of incorporation provides that we must indemnify our directors and officers to the fullest extent permitted by Delaware law. We are also expressly authorized to advance certain expenses (including attorneys' fees and disbursements and court costs) to our directors and officers and carry directors' and officers' insurance providing indemnification for our directors and officers for some liabilities. We believe that these indemnification provisions and insurance are useful to attract and retain qualified directors and executive officers.

Corporate Opportunities

Under our amended and restated certificate of incorporation, Kelso Investment Associates VII, L.P., GS Capital Partners VI, L.P., ValueAct Capital Master Fund, L.P. and Parthenon Investors II, L.P. (the "Equity Sponsors") and their respective subsidiaries and affiliates have the right to, and have no duty to abstain from, exercising such right to, engage or invest in the same or similar business as us, do business with any of our clients, customers or vendors or employ or otherwise engage any of our officers, directors or employees. If any Equity Sponsor or any of their officers, directors, managers, members, partners or employees acquire knowledge of a potential transaction that could be a corporate opportunity, they have no duty to offer such corporate opportunity to us, our stockholders or affiliates. We have renounced any interest or expectancy in, or in being offered an opportunity to participate in, such corporate opportunities in accordance with Section 122(17) of the DGCL.

In the event that any of our directors and officers who is also a director, officer, manager, member, partner or employee of any of our Equity Sponsors acquires knowledge of a corporate opportunity or is offered a corporate opportunity, provided that this knowledge was not acquired solely in such person's capacity as our director or officer, then such person is deemed to have fully satisfied such person's fiduciary duty and is not liable to us if any of the Equity Sponsors pursues or acquires such corporate opportunity or if such person did not present the corporate opportunity to us.

Transfer Agent

The registrar and transfer agent for our common stock is American Stock Transfer and Trust Company.

Our common stock is listed on the New York Stock Exchange under the symbol "KAR." As of June 3, 2011, the closing price per share of our common stock on the New York Stock Exchange was \$18.97, and we had approximately three holders of record of our common stock.

Table of Contents**SELLING STOCKHOLDER**

KAR LLC is the sole selling stockholder under this prospectus. This prospectus relates to the possible resale of up to 106,853,660 shares of our common stock by KAR LLC.

On April 20, 2007, KAR LLC acquired the shares that may be offered for resale pursuant to this prospectus in connection with a merger and related transactions pursuant to which ADESA, Inc. and Insurance Auto Auctions, Inc. became subsidiaries of KAR Auction Services, the issuer of the shares offered hereby. At the time of the merger and until its initial public offering of common stock in December 2009, KAR Auction Services was a wholly owned subsidiary of KAR LLC. In connection with the merger, KAR LLC contributed to KAR Auction Services approximately \$1.1 billion of consideration, consisting of a combination of cash, stock of ADESA, Inc. and stock of Axle Holdings, Inc., in exchange for the 106,853,660 shares that may be offered for resale pursuant to this prospectus (after giving effect to certain capitalization transactions and a 10-for-1 stock split in December 2009). The per share purchase price was approximately \$10 (after giving effect to a 10-for-1 stock split in December 2009).

See the Certain Related Party Relationships section of the proxy statement for our annual meeting of shareholders held on May 12, 2011, which is incorporated by reference into this prospectus, for a description of material relationships between us and the selling stockholder.

The following table presents certain information regarding the beneficial ownership of our common shares at May 31, 2011 that may be sold by the selling stockholder from time to time in one or more transactions:

Name of Beneficial Owner	Shares Beneficially Owned		Number of Shares Registered Hereby	Shares Beneficially Owned After Sale of All Shares Offered Hereby	
	Number	Percentage		Number	Percentage
KAR Holdings II, LLC (KAR LLC)	106,853,660	78.5%	106,853,660		

KAR LLC is controlled by the Equity Sponsors, which own common units in KAR LLC. The Equity Sponsors do not directly hold any shares of our common stock that may be offered for resale pursuant to this prospectus.

The Equity Sponsors acquired common units in KAR LLC in connection with the above-mentioned merger and related transactions that occurred on April 20, 2007. In connection with the merger, the Equity Sponsors and the Company's management contributed to the selling stockholder approximately \$1.1 billion of consideration, consisting of a combination of cash, stock of ADESA, Inc. and stock of Axle Holdings, Inc., in exchange for common units in KAR LLC.

Pursuant to the Second Amended and Restated Limited Liability Company Agreement of KAR LLC, as amended, the business and affairs of KAR LLC are managed by a board of directors. Affiliates of Kelso & Company, GS Capital Partners and ValueAct Capital each have the right to designate two directors for election to KAR LLC's board and affiliates of Parthenon Capital have the right to designate one director, in each case so long as they continue to hold a specified amount of their original common units.

Pursuant to a director designation agreement entered into in connection with the initial public offering of our common stock in December 2009, KAR LLC has the right to directly nominate individuals to our board of directors. The director designation agreement provides that, for so long as KAR LLC owns more than 10% of our outstanding common stock, no change will be made to the size of our board without the consent of KAR LLC. KAR LLC will have the right to nominate individuals to our board at each meeting of stockholders where

Table of Contents

directors are to be elected and, subject to limited exceptions, we will include in the slate of nominees recommended to our stockholders for election as directors the number of individuals designated by KAR LLC as follows (depending on the percentage ownership of KAR LLC at the time of such election):

so long as KAR LLC owns more than 50% of our outstanding common stock, seven individuals;

so long as KAR LLC owns 50% or less but at least 30% of our outstanding common stock, six individuals;

so long as KAR LLC owns less than 30% but at least 20% of our outstanding common stock, four individuals;

so long as KAR LLC owns less than 20% but at least 10% of our outstanding common stock, three individuals;

so long as KAR LLC owns less than 10% but at least 5% of our outstanding common stock, one individual; and

after such time as KAR LLC owns less than 5% of our outstanding common stock, no individuals.

The selling stockholder may be deemed to be an affiliate of Goldman, Sachs & Co. (Goldman Sachs), a registered broker-dealer. The selling stockholder acquired the shares that may be offered for resale pursuant to this prospectus with investment intent in the ordinary course of business (such business being the investment in and development of companies) in connection with the merger transaction described above. At the time of the purchase of these shares, neither the selling stockholder nor Goldman Sachs had any agreements or understandings, directly or indirectly, with any person to distribute the securities.

The Equity Sponsors and certain members of management do not own the shares of our common stock offered for resale pursuant to this prospectus. KAR LLC holds all of these shares and the Equity Sponsors and certain members of management hold common units in KAR LLC. The following table presents information on what the beneficial ownership of these shares would be if beneficial ownership of these shares were attributed to the Equity Sponsors and certain members of management based solely on their proportionate holdings of common units in KAR LLC at May 31, 2011.

PLAN OF DISTRIBUTION

The selling stockholder may sell the securities offered by this prospectus from time to time in one or more transactions, including without limitation:

directly to one or more purchasers, including affiliates;

through agents;

to or through underwriters, brokers or dealers; or

through a combination of any of these methods.

In addition, the manner in which the selling stockholder may sell the securities, include, without limitation, through:

a block trade in which a broker-dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction;

purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account;

ordinary brokerage transactions and transactions in which a broker solicits purchasers; or

privately negotiated transactions.

The selling stockholder may also enter into hedging transactions. For example, the selling stockholder may:

enter into transactions with a broker-dealer or affiliate thereof in connection with which such broker-dealer or affiliate will engage in short sales of the common stock pursuant to this prospectus, in which case such broker-dealer or affiliate may use common stock received from the selling stockholder to close out its short positions;

sell securities short and redeliver such shares to close out the selling stockholder's short positions;

enter into option or other types of transactions that require the selling stockholder to deliver common stock to a broker-dealer or an affiliate thereof, who will then resell or transfer the common stock under this prospectus; or

loan or pledge the common stock to a broker-dealer or an affiliate thereof, who may sell the loaned shares or, in an event of default in the case of a pledge, sell the pledged shares pursuant to this prospectus.

In addition, the selling stockholder may enter into derivative or hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. In connection with such a transaction, the third parties may sell securities covered

by and pursuant to this prospectus and an applicable prospectus supplement, if any. If so, the third party may use securities borrowed from the selling stockholder to settle such sales and may use securities received from the selling stockholder to close out any related short positions. The selling stockholder may also loan or pledge securities covered by this prospectus and an applicable prospectus supplement to third parties, who or which may sell the loaned securities or, in an event of default in the case of a pledge, sell the pledged securities pursuant to this prospectus and the applicable prospectus supplement, if any.

If required by applicable law, a prospectus supplement with respect to each offering of securities will state the terms of the offering of the securities, including:

the name or names of any underwriters or agents and the amounts of securities underwritten or purchased by each of them, if any;

the public offering price or purchase price of the securities and the net proceeds to be received from the sale;

any delayed delivery arrangements;

any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchange or markets on which the securities may be listed.

The offer and sale of the securities described in this prospectus by the selling stockholder, the underwriters or the third parties described above may be effected from time to time in one or more transactions, including privately negotiated transactions, either:

at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to the prevailing market prices; or

at negotiated prices.

General

Any public offering price and any discounts, commissions, concessions or other items constituting compensation allowed or reallocated or paid to underwriters, dealers, agents or remarketing firms may be changed from time to time. Underwriters, dealers, agents and remarketing firms that participate in the distribution of the offered securities may be underwriters as defined in the Securities Act of 1933, as amended (the Securities Act). Any discounts or commissions and any profits they receive on the resale of the offered securities may be treated as underwriting discounts and commissions under the Securities Act. The selling stockholder will identify any underwriters, agents or dealers and describe their commissions, fees or discounts in the applicable prospectus supplement, if any.

Underwriters and Agents

If underwriters are used in a sale, they will acquire the offered securities for their own account. The underwriters may resell the offered securities in one or more transactions, including negotiated transactions. These sales may be made at a fixed public offering price or prices, which may be changed, at market prices prevailing at the time of the sale, at prices related to such prevailing market price or at negotiated prices. The selling stockholder may offer the securities to the public through an underwriting syndicate or through a single underwriter. The underwriters in any particular offering will be mentioned in the applicable prospectus supplement, if any.

Unless otherwise specified in connection with any particular offering of securities, the obligations of the underwriters to purchase the offered securities will be subject to certain conditions contained in an underwriting agreement that we and the selling stockholder will enter into with the underwriters at the time of the sale to them. The underwriters will be obligated to purchase all of the securities of the series offered if any of the securities are purchased, unless otherwise specified in connection with any particular offering of securities. Any initial offering price and any discounts or concessions allowed, reallocated or paid to dealers may be changed from time to time.

The selling stockholder may designate agents to sell the offered securities. Unless otherwise specified in connection with any particular offering of securities, the agents will agree to use their best efforts to solicit purchases for the period of their appointment. The selling stockholder may also sell the offered securities to one or more remarketing firms, acting as principals for their own accounts or as agents for the selling stockholder. These firms will remarket the offered securities upon purchasing them in accordance with a redemption or repayment pursuant to the terms of the offered securities. A prospectus supplement will identify any remarketing firm and will describe the terms of its agreement, if any, with us and its compensation.

Table of Contents

In connection with offerings made through underwriters or agents, the selling stockholder may enter into agreements with such underwriters or agents pursuant to which the selling stockholder receives our outstanding securities in consideration for the securities being offered to the public for cash. In connection with these arrangements, the underwriters or agents may also sell securities covered by this prospectus to hedge their positions in these outstanding securities, including in short sale transactions. If so, the underwriters or agents may use the securities received from the selling stockholder under these arrangements to close out any related open borrowings of securities.

Dealers

The selling stockholder may sell the offered securities to dealers as principals. The selling stockholder may negotiate and pay dealers commissions, discounts or concessions for their services. The dealer may then resell such securities to the public either at varying prices to be determined by the dealer or at a fixed offering price agreed to with the selling stockholder at the time of resale. Dealers engaged by the selling stockholder may allow other dealers to participate in resales.

Direct Sales

The selling stockholder may choose to sell the offered securities directly. In this case, no underwriters or agents would be involved.

Institutional Purchasers

The selling stockholder may authorize agents, dealers or underwriters to solicit certain institutional investors to purchase offered securities on a delayed delivery basis pursuant to delayed delivery contracts providing for payment and delivery on a specified future date. The applicable prospectus supplement, if any, will provide the details of any such arrangement, including the offering price and commissions payable on the solicitations.

The selling stockholder will enter into such delayed contracts only with institutional purchasers that the selling stockholder approves. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions.

Electronic Auctions

The selling stockholder may also make sales through the Internet or through other electronic means. Since the selling stockholder may from time to time elect to offer securities directly to the public, with or without the involvement of agents, underwriters or dealers, utilizing the Internet or other forms of electronic bidding or ordering systems for the pricing and allocation of such securities, you should pay particular attention to the description of that system we will provide in a prospectus supplement.

Such electronic system may allow bidders to directly participate, through electronic access to an auction site, by submitting conditional offers to buy that are subject to acceptance by the selling stockholder, and which may directly affect the price or other terms and conditions at which such securities are sold. These bidding or ordering systems may present to each bidder, on a so-called "real-time" basis, relevant information to assist in making a bid, such as the clearing spread at which the offering would be sold, based on the bids submitted, and whether a bidder's individual bids would be accepted, prorated or rejected.

Upon completion of such an electronic auction process, securities will be allocated based on prices bid, terms of bid or other factors. The final offering price at which securities would be sold and the allocation of securities among bidders would be based in whole or in part on the results of the Internet or other electronic bidding process or auction.

Indemnification; Other Relationships

The selling stockholder may have agreements with agents, underwriters, dealers and remarketing firms to indemnify them against certain civil liabilities, including liabilities under the Securities Act. Agents, underwriters, dealers and remarketing firms, and their affiliates, may engage in transactions with, or perform services for, us in the ordinary course of business. This includes commercial banking and investment banking transactions.

Stabilization and Other Transactions

In connection with any offering of common stock, the underwriters may purchase and sell common stock in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of common stock in excess of the number of shares to be purchased by the underwriters in the offering, which creates a syndicate short position. Covered short sales are sales of shares made in an amount up to the number of shares represented by the underwriters' over-allotment option. In determining the source of shares to close out the covered syndicate short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. Transactions to close out the covered syndicate short involve either purchases of the common stock in the open market after the distribution has been completed or the exercise of the over-allotment option. The underwriters may also make naked short sales of shares in excess of the over-allotment option. The underwriters must close out any naked short position by purchasing common stock in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress for the purpose of pegging, fixing or maintaining the price of the securities.

In connection with any offering, the underwriters may also engage in penalty bids. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

Fees and Commissions

In compliance with the guidelines of the Financial Industry Regulatory Authority (the "FINRA"), the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of any offering pursuant to this prospectus and any applicable prospectus supplement.

Many of these risk factors are outside of our control, and as such, they involve risks which are not currently known that could cause actual results to differ materially from those discussed or implied herein. The forward-looking statements in this prospectus are made as of the date on which they are made and we do not undertake to update our forward-looking statements.

Our future growth depends on a variety of factors, including our ability to increase vehicle sold volumes and loan transaction volumes, acquire additional auctions, manage expansion, relocate and integrate acquisitions, control costs in our operations, introduce fee increases, expand our product and service offerings including information systems development and retain our executive officers and key employees. Certain initiatives that management considers important to our long-term success include substantial capital investment in e-business, information technology, facility relocations and expansions, as well as operating initiatives designed to enhance overall efficiencies, have significant risks associated with their execution, and could take several years to yield any direct monetary benefits. Accordingly, we cannot predict whether our growth strategy will be successful. In addition, we cannot predict what portion of overall sales will be conducted through online auctions or other redistribution methods in the future and what impact this may have on our auction business.
