2. Securities Act Exemption Applicable.

The Company intends to offer, under the terms and subject to the conditions set forth in the Plan and its related Disclosure Statement, copies of which are included as Exhibits T3E-1 and T3E-2, respectively, to this application, the Replacement Notes.

As set forth more fully in the Plan and Disclosure Statement, the Replacement Notes will be issued only if the class of Second Lien Note Claims does not vote to accept the Plan and only to those holders of Second Lien Note Claims that actually elect to receive Replacement Notes in lieu of a cash payment on account of their allowed Second Lien Note Claims (each, an Electing Holder). See Article III.C.1 Treatment of Classes of Claims and Interests - Class A Second Lien Note Claims of the Plan. If the class of Second Lien Note Claims does not vote to accept the Plan, the Replacement Notes will be issued in an aggregate amount equal to the allowed amount of Second Lien Note Claims held by Electing Holders on account of their allowed Second Lien Note Claims and transferred to such Electing Holders. Pursuant to that certain Plan Support Agreement, as among the Debtors and certain claimholders, dated as

Table of Contents

of December 12, 2011, holders of approximately 79% in aggregate principal value of Second Lien Note Claims, or approximately \$204 million of the \$260 million in aggregate principal value of Second Lien Note Claims, have agreed to elect to receive cash on account of their Second Lien Note Claims pursuant to the Plan. The Company therefore anticipates that if the Replacement Notes are issued, they will be issued with respect to allowed claims held by holders of no more than \$56 million in aggregate principal face value of Second Lien Notes if the class of Second Lien Note Claims does not vote to accept the Plan. The allowed claims of such holders will be determined by the Bankruptcy Court, however the Company expects that the amount of such allowed claims will not exceed \$72.0 million. The Company intends to make the terms of the Replacement Notes available by causing such terms to be filed with the Bankruptcy Court and distributed to offerees during the week of January 17, 2012.

The Replacement Notes will be issued pursuant to an indenture to be qualified under this Form T-3 (the Indenture), a draft copy of which is included as Exhibit T3C to this application. See Article IV Provisions for Implementation of the Plan in the Plan.

Generally, Section 1145(a)(1) of the United States Bankruptcy Code (the Bankruptcy Code) exempts an offer and sale of securities under a plan of reorganization from registration under the Securities Act of 1933 (the Securities Act) and state securities laws if three principal requirements are satisfied: (i) the securities must be offered and sold under a plan of reorganization and must be securities of the debtor, an affiliate participating in a joint plan with the debtor or a successor to the debtor under the plan; (ii) the recipients of the securities must hold a prepetition or administrative expense claim against the debtor or an interest in the debtor; and (iii) the securities must be issued entirely in exchange for the recipient's claim against or interest in the debtor, or principally in such exchange and partly for cash or property. The Applicant believes that the offer of the Replacement Notes under the solicitation of acceptances for the Plan and the exchange of Replacement Notes for allowed Second Lien Note Claims held by Electing Holders, together with certain other consideration, under the Plan will satisfy the requirements of Section 1145(a)(1) of the Bankruptcy Code and, therefore, such offer and exchange is exempt from the registration requirements referred to above. To the extent that the solicitation of acceptances of the Plan constitutes an offer of new securities not exempt from registration under Section 1145(a)(1), the Company will also rely on Section 4(2) of the Securities Act and, to the extent applicable, Regulation D promulgated thereunder. See Article IV Registration Exemptions of the Plan.

INDENTURE SECURITIES

8. Analysis of Indenture Provisions.

The Replacement Notes will be subject to the Indenture among the Company, the Guarantors and the trustee named therein (the "Trustee"). The following is a general description of certain provisions of the Indenture, and the description is qualified in its entirety by reference to the form of Indenture filed as Exhibit T3C herewith. Capitalized terms used below and not defined herein have the meanings ascribed to them in the Indenture.

(a) Events of Default; Withholding of Notice.

The occurrence of any of the following events will constitute an Event of Default under the Indenture: (1) failure to pay interest (after a 30-day grace period), (2) failure to pay principal, (3) failure to comply with any covenants for a period of 45 days after notice, (4) involuntary or voluntary insolvency, (5) default under the collateral documents for a period of 45 days after notice and (6) an acceleration of the New Second Lien Notes (as defined in the Plan) upon an Event of Default (as defined in the indenture governing the New Second Lien Notes).

For so long as the New Second Lien Notes remain outstanding and have not been repaid or defeased in full in accordance with their terms, holders of Replacement Notes shall not be permitted to declare a default, accelerate indebtedness, or exercise remedies on account of the Replacement Notes unless and until an Event of Default (as defined in the indenture governing the New Second Lien Notes) has occurred under the New Second Lien Notes and the New Second Lien Notes have been accelerated in accordance with their terms.

Pursuant to Section 6.02 of the Indenture, if an Event of Default (other than an Event of Default arising from clause (4) listed above) shall have occurred and be continuing, then, subject to the restriction described in the preceding paragraph, the Trustee or the holders of not less than 25% in aggregate principal amount of the Replacement Notes then outstanding may declare to be immediately due and payable the entire principal amount of all the Replacement Notes then outstanding plus accrued interest to the date of acceleration. Notwithstanding the foregoing, if an Event of Default specified in clause (4) above occurs with respect to the Company, all outstanding Replacement Notes shall become due and payable immediately without further action, notice or declaration on the part of the Trustee or any holder.

Table of Contents

If a Default occurs and is continuing and if it is known to the Trustee, the Trustee shall mail to each holder of Replacement Notes notice of the Default within 90 days after it occurs.

(b) Authentication and Delivery of New Senior Notes; Application of Proceeds.

The Replacement Notes may be executed on behalf of the Company by any two Officers. The signature of these Officers on the Replacement Notes may be by facsimile or manual signature in the name and on behalf of the Company. A Replacement Note shall not be valid until authenticated by the manual signature of the Trustee. The signature shall be conclusive evidence that the Replacement Note has been authenticated under the Indenture. The Trustee shall, upon a written order of the Company signed by two Officers, authenticate the Replacement Notes for original issue. The Trustee may appoint an authenticating agent to authenticate the Replacement Notes. An authenticating agent may authenticate the Replacement Notes whenever the Trustee may do so.

The Replacement Notes will be issued only if the class of Second Lien Note Claims does not vote to accept the Plan and only to those holders of Second Lien Note Claims that actually elect to receive Replacement Notes in lieu of a cash payment on account of their allowed Second Lien Note Claims. As a result, the Company will not realize any proceeds from such issuance.

(c) Release of Collateral.

Pursuant to Section 11.03 of the Indenture, subject to certain subsections of Section 11.03 of the Indenture, Collateral may be released from the Lien and security interest created by the Collateral Documents at any time or from time to time in accordance with the provisions of the Collateral Documents or as provided in the Indenture. In addition, upon the request of the Company pursuant to an Officers Certificate certifying that all conditions precedent under the Indenture have been met, then (at the Company's expense) the Collateral Agent shall release (or cause to be released) any Collateral permitted to be released pursuant to the Indenture or the Collateral Documents.

(d) Satisfaction and Discharge.

The Indenture will be discharged and will cease to be of further effect as to all outstanding Replacement Notes hereunder, and the Trustee, upon receipt from the Company of an Officers Certificate and an Opinion of Counsel stating that all conditions precedent to satisfaction and discharge have been satisfied, shall execute proper instruments acknowledging satisfaction and discharge of this Indenture, when either

(1) all Replacement Notes that have been authenticated (except lost, stolen or destroyed Replacement Notes that have been replaced or paid and Replacement Notes for whose payment money has theretofore been deposited in trust and thereafter repaid to the Company) have been delivered to the Trustee for cancellation; or

(2) (A) all Replacement Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and the Company or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the Replacement Notes not delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption; (B) no Default or Event of Default shall have occurred and be continuing on the date of such deposit or shall occur as a result of such

deposit and such deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound; (C) the Company or any Guarantor has paid or caused to be paid all sums payable by it under this Indenture and not provided for by the deposit required by clause (A) above; and (D) the Company has delivered irrevocable instructions to the Trustee under this Indenture to apply the deposited money toward the payment of the Replacement Notes at maturity or the redemption date, as the case may be.

(e) Evidence of Compliance with Conditions and Covenants.

The Company shall deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate signed by the Company's principal executive officer, principal financial officer or principal accounting officer stating that a review of the activities of the Company and its Subsidiaries during the preceding fiscal year has been made under the supervision of the signing officer with a view to determining whether the Company has kept, observed, performed and fulfilled its obligations under this Indenture and further stating, as to the officer signing such certificate, that to the best of his or her knowledge the Company has kept, observed, performed and fulfilled each and every covenant contained in this Indenture and is not in default in the performance or observance of any of the terms, provisions and conditions of this Indenture (or, if a Default or Event of Default shall have occurred, describing all such Defaults or Events of Default of which he or she may have knowledge and what action the Company is taking or proposes to take with respect thereto) and that to the best of his or her knowledge no event has occurred and remains in existence by reason of which payments on account of the principal of or interest, if any, on the Replacement Notes is prohibited or if such event has occurred, a description of the event and what action the Company is taking or proposes to take with respect thereto.

The Company shall, so long as any of the Replacement Notes are outstanding, deliver to the Trustee, forthwith upon the Company or any Officer becoming aware of any Default or Event of Default, an Officers' Certificate specifying such Default or Event of Default and what action the Company is taking or proposes to take with respect thereto.

9. Other Obligors.

All of the Replacement Notes will be guaranteed by the Guarantors.
