PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

JUNE 5, 2012

INFORMATION CONCERNING SOLICITATION OF PROXIES AND VOTING

The following information is provided in connection with the solicitation of proxies by and on behalf of the Board of Directors of BJs Restaurants, Inc. in connection with our Annual Meeting of Shareholders and adjournments or postponements thereof to be held on June 5, 2012, at the BJs Restaurants, Inc. Home Office, 7755 Center Avenue, 5th Floor, Huntington Beach, California 92647, at 9:00 a.m., Pacific Daylight Time, for the purposes stated in the Notice of Annual Meeting of Shareholders preceding this Proxy Statement.

SOLICITATION AND REVOCATION OF PROXIES

A form of proxy is being furnished herewith to each shareholder and in each case is solicited on behalf of our Board of Directors for use at the Annual Meeting. We filed this Proxy Statement with the Securities and Exchange Commission on or about April 20, 2012 and we expect to mail copies of this Proxy Statement to shareholders beginning on May 1, 2012. We will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others forwarding the solicitation material to beneficial owners of stock. We may reimburse persons holding shares in their names or the names of their nominees for the benefit of others, such as brokerage firms, banks, depositaries, and other fiduciaries, for costs incurred in forwarding solicitation materials to their principals. The costs of such solicitation are not expected to exceed \$5,000. Our directors, officers and regular administrative employees may solicit proxies personally, by telephone or electronic communication but will not be separately compensated for such solicitation services.

Shareholders are requested to complete, date and sign the accompanying proxy and return it promptly to us. Internet and telephone voting will be available through 11:00 p.m., Pacific Daylight Time, on June 4, 2012. Any proxy given may be revoked by a shareholder at any time before it is voted at the Annual Meeting and all adjournments thereof by filing with our Secretary a notice in writing revoking it, or by duly executing and submitting a proxy bearing a later date via the internet, telephone or mail. Proxies may also be revoked by any shareholder present at the Annual Meeting who expresses a desire to vote their shares in person.

Unless contrary instructions are specified, if the proxy is completed and submitted (and not revoked) prior to the Annual Meeting, the shares represented by the proxy will be voted (i) **FOR** the election of all nine of the nominee-directors specified herein, (ii) **FOR** the approval of the advisory resolution on executive compensation; and (iii) **FOR** the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2012. Where a specification is indicated as provided in the proxy, the shares represented by the proxy will be voted and cast in accordance with the specification made therein. As to other matters, if any, to be voted upon, the persons designated as proxies will take such actions as recommended by our Board of Directors. The persons named as proxies were selected by our Board of Directors and each of them is one of our officers.

Your execution of the enclosed proxy or submitting your vote via the internet or telephone will not affect your right as a shareholder to attend the Annual Meeting and to vote in person.

If your shares are registered directly in your name, you are considered the shareholder of record with respect to those shares. If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the shareholder of record with respect to those

shares, while you are considered the beneficial owner of those shares. In that case, your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares.

If you are a street name holder and fail to instruct the shareholder of record how you want to vote your shares on a particular matter, those shares are considered to be uninstructed. New York Stock Exchange rules determine the circumstances under which member brokers of the New York Stock Exchange may exercise discretion to vote uninstructed shares held by them on behalf of their clients who are street name holders. With respect to the election of the nominees for director, and to approve an advisory resolution on executive compensation, the rules do not permit member brokers to exercise voting discretion as to the uninstructed shares. With respect to the proposal to ratify the selection of Ernst & Young LLP as our independent auditor for our 2012 fiscal year, the rules permit member brokers to exercise voting discretion as to the uninstructed shares. For matters with respect to which the broker, bank or other nominee does not have voting discretion or has, but does not exercise, voting discretion, the uninstructed shares will be referred to as a broker non-vote.

Under our Bylaws and California law, shares represented by proxies that reflect abstentions or broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. If you properly submit your proxy but abstain from voting for one or more director nominees or abstain from voting on the other proposals, your shares will be counted as present at the Annual Meeting for the purpose of determining a quorum and for the purpose of calculating the vote on the particular matter(s) with respect to which you abstained from voting. If you do not submit your proxy or voting instructions and also do not vote by ballot at the Annual Meeting, your shares will not be counted as present at the meeting for the purpose of determining a quorum unless you hold your shares in street name and the broker, bank, trust or other nominee has discretion to vote your shares and does so.

If you abstain from voting for one or more of the director nominees or you do not vote your shares on this matter (whether by broker non-vote or otherwise), this will have no effect on the outcome of the vote. With respect to the proposals to approve an advisory resolution on executive compensation and to ratify the selection of Ernst & Young LLP as our independent auditor, if you abstain from voting, doing so will have the same effect as a vote against the proposal, but if you do not vote your shares (or, for shares held in street name, if you do not submit voting instructions and your broker, bank, trust or other nominee does not or may not vote your shares), this will have no effect on the outcome of the vote.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers, and other nominee record holders may participate in the practice of householding proxy statements and annual reports. This means that only one copy of this Notice of Annual Meeting and Proxy Statement and the Fiscal 2011 Annual Report may have been sent to multiple shareholders in your household. If you would like to obtain another copy of either document, please contact our Investor Relations Department at 7755 Center Avenue, Suite 300, Huntington Beach, California 92647, telephone (714) 500-2400. If you want to receive separate copies of the proxy statement and annual report in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address or telephone number.

SHAREHOLDERS VOTING RIGHTS

Only holders of record of shares of our Common Stock, no par value, at the close of business on April 18, 2012 (the Record Date) will be entitled to notice of, and to vote at, the Annual Meeting. On the Record Date, there were 27,965,115 shares of Common Stock issued and outstanding, with one vote per share, held by 101 shareholders of record. We estimate that there were approximately 9,350 beneficial shareholders.

With respect to the election of directors, assuming a quorum is present, the nine candidates receiving the highest number of votes are elected. See Nomination and Election of Directors. In December 2011, our Board of Directors adopted a majority voting policy which provides for majority voting for directors in uncontested elections. Since the number of nominees properly nominated for the 2012 Annual Meeting is the same as the number of directors to be elected, the election of directors at the 2012 Annual Meeting is considered an uncontested election. Under our majority voting policy, a director nominee must receive more For votes than Withhold votes. Abstentions will have no effect on the director election since only For and Withhold votes with respect to a nominee will be counted. Any incumbent director nominee who receives a greater number of Withhold votes with respect to his or her election than votes For such election at the 2012 Annual Meeting shall tender his or her resignation within 15 days of the final vote. Our Board, within ninety (90) days of receiving the certified voting results pertaining to the election, will decide whether to accept the resignation of any unsuccessful incumbent, or whether other action should be taken, through a process managed by the Governance and Nominating Committee. In reaching its decision, the Board may consider any factors it deems relevant, including the director's qualifications, the director's past and expected future contributions to BJs, the overall composition of the Board, and whether accepting the tendered resignation would cause us to fail to meet any applicable rule or regulation, including NASDAQ listing standards. The Board promptly will disclose the decision whether to accept the director's resignation offer (and the reasons for rejecting the resignation, if applicable) in a document filed with the Securities and Exchange Commission.

To approve an advisory resolution on executive compensation and to ratify the appointment of Ernst & Young LLP, assuming a quorum is present, the affirmative vote of shareholders holding a majority of the voting power represented and voting at the Annual Meeting (which shares voting affirmatively also constitute at least a majority of the required quorum) is required. A quorum is the presence in person or by proxy of shares representing a majority of the voting power of our Common Stock.

NOMINATION AND ELECTION OF DIRECTORS

(PROPOSAL NO. 1 ON PROXY CARD)

The number of directors of our Company shall not be less than seven and no more than 13 in accordance with our Bylaws. The exact number is fixed from time to time by our Board of Directors. Effective September 8, 2011, our Board of Directors increased the size of our Board from eight directors to nine directors and appointed Henry Gomez to fill the vacancy created by the increase. All directors (including Mr. Gomez) are subject to election at each Annual Meeting of Shareholders. At this Annual Meeting, nine directors will be elected to serve until the next Annual Meeting of Shareholders and until their successors are elected and qualified. The nominees for election as directors at this Annual Meeting are set forth in the table below. All nominees currently serve on our Board of Directors and are all recommended by our Board of Directors for reelection at the Annual Meeting. In the event that any of the nominees for director should become unable to serve if elected, it is intended that shares represented by proxies which are executed and returned will be voted for such substitute nominee(s) as may be recommended by our existing Board of Directors.

The nine nominees receiving the highest number of votes cast For their election at the Annual Meeting will be elected as our directors. However, under the majority voting policy that we recently adopted, any director nominee who receives a greater number of Withhold votes than votes For his or her election shall tender his or her resignation within 15 days of the final vote. Subject to certain exceptions specified below, shareholders of record on the Record Date are entitled to cumulate their votes in the election of our directors (i.e., they are entitled to the number of votes determined by multiplying the number of shares held by them times the number of directors to be elected) and may cast all of their votes so determined for one person, or spread their votes among two or more persons as they see fit. No shareholder shall be entitled to cumulate votes for a given candidate for director unless such candidate's name has been placed in nomination prior to the vote and the shareholder has given notice at the Annual Meeting, prior to the voting, of the shareholder's intention to cumulate his or her votes. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination. Discretionary authority to cumulate votes is hereby solicited by the Board of Directors if any shareholder gives notice of his or her intention to exercise the right to cumulative voting. In that event, the Board of Directors will instruct the proxy holders to vote all shares represented by proxies in a manner that will result in the approval of the maximum number of directors from the nominees selected by the Board of Directors that may be elected with the votes held by the proxy holders.

The following table sets forth certain information concerning the nominees for election as directors:

INFORMATION CONCERNING THE BOARD OF DIRECTORS
AND CERTAIN COMMITTEES THEREOF**Determination of Director Independence**

In April 2012, the Board undertook its annual review of director independence. During this review, the Board considered transactions and relationships between us and our subsidiaries and affiliates and each of our directors or any members of their immediate family, including those reported under Certain Relationships and Related Transactions. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent under the applicable rules of the Securities and Exchange Commission (SEC) and the NASDAQ as well as our Corporate Governance Guidelines.

As a result of this review, the Board affirmatively determined that all of our directors who served as directors for fiscal 2011 or who are nominated for election at the Annual Meeting are independent of us and our management under the applicable rules of the SEC and the NASDAQ, with the exception of Messrs. Deitchle and Dal Pozzo. Mr. Deitchle is not considered to be independent due to his current service as our President and Chief Executive Officer. Mr. Dal Pozzo is not considered to be independent due to his employment as President of The Jacmar Companies, which currently provides certain food and supply distribution services to us.

Board Meetings and Board Committees

The Board met seven times during fiscal 2011. Each of our directors attended 75% or more of the aggregate of the total number of meetings of the Board of Directors and the total meetings of all committees of the Board on which he or she served that were held during the last fiscal year. At the end of each regularly scheduled quarterly Board meeting, the non-employee directors met in executive session without members of management present. While we do not have a policy regarding Board member attendance at our Annual Meeting, all directors attended our annual shareholders meeting in June 2011. All directors are expected to attend the Annual Meeting this year. Each director is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties, including attendance at meetings of our shareholders, the Board and those committees of which he or she is a member.

The business of our Board of Directors is conducted through full meetings of the Board of Directors, as well as through meetings of its three standing committees: the Audit Committee, the Compensation Committee, and the Governance and Nominating Committee. The current composition of each board committee is set forth below:

Director	Audit Committee	Compensation Committee	Governance and Nominating Committee	Board of Directors

Peter A. Bassi	X	X		X
Larry D. Bouts	X		X	X

Audit Committee

Our Board maintains an Audit Committee which reviews and reports to the Board on various auditing, internal control and accounting matters, including the quarterly reviews and annual audit report from our independent auditor. Throughout fiscal 2011, the Audit Committee consisted of Mr. Grundhofer, Mr. Bouts and Mr. Bassi, all of whom are independent directors. Mr. Grundhofer is the Chairman of the Audit Committee. The Audit Committee held six meetings during the last fiscal year. See Report of the Audit Committee for a further description of the functions performed by the Audit Committee. The charter for the Audit Committee is available under Corporate Governance in the Investors section of our website at <http://www.bjsrestaurants.com>.

Compensation Committee

The Compensation Committee determines executive compensation policies, administers compensation plans, reviews programs and policies and monitors the performance and compensation of certain officers and other employees. The Compensation Committee also determines annual cash incentive bonuses under our Performance Incentive Plan as well as awards under our equity incentive plans, including our 2005 Equity Incentive Plan. Throughout fiscal 2011, the Compensation Committee consisted of Mr. King, Mr. Bassi, Mr. Hyde and Ms. Ottinger. All of the members of the Compensation Committee are independent directors. Mr. King is the Chairman of the Compensation Committee. The Compensation Committee held two meetings during the last fiscal year. See the Compensation Discussion and Analysis for a further description of the functions performed by the Compensation Committee. The charter for the Compensation Committee is available under Corporate Governance in the Investors section of our website at <http://www.bjsrestaurants.com>.

Governance and Nominating Committee

Our Board also maintains a Governance and Nominating Committee that is responsible for developing, implementing and monitoring policies and practices relating to our corporate governance. The Governance and Nominating Committee, in conjunction with management, implements our Code of Integrity, Ethics and Conduct which covers all of our directors, officers and employees and is designed to promote the honest and ethical conduct of our business. In addition, the Committee develops and reviews background information on candidates for the Board and makes recommendations to the Board regarding such candidates. The Committee also prepares and supervises the Board's annual review of directors' independence and the Board's performance self-evaluation. The charter of the Governance and Nominating Committee is available under Corporate Governance in the Investors section of our website at <http://www.bjsrestaurants.com>.

The Governance and Nominating Committee was established in March 2004. Throughout fiscal 2011, the Governance and Nominating Committee consisted of Mr. Grundhofer, Mr. King and Mr. Bouts, all of whom are independent directors. Mr. Gomez, also an independent director, joined the Governance and Nominating Committee in December 2011. Mr. Grundhofer serves as Chairman of the Committee. The Governance and Nominating Committee conducted its business within the context of regularly scheduled quarterly Board meetings and also held three separate meetings during the last fiscal year.

The Governance and Nominating Committee considers candidates for Board membership suggested by its members and other Board members, as well as candidates suggested by members of our management and by our shareholders. A shareholder who wishes to recommend a prospective nominee for the Board should notify any member of the Governance and Nominating Committee in writing with whatever supporting material the shareholder considers appropriate. The Governance and Nominating Committee will also consider whether to nominate any person nominated by a shareholder pursuant to the provisions of our Bylaws relating to shareholder nominations.

Once the Governance and Nominating Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the

prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies, provide specific expertise or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board and other Board members, as appropriate, that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Committee. The Committee then evaluates the prospective nominee against the following standards and qualifications:

the ability of the prospective nominee to represent the interests of all of our shareholders;

the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;

the prospective nominee's ability to qualify as a director when we apply for and hold certain business and liquor licenses where such qualification is required;

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board; and,

the extent to which the prospective nominee helps the Board reflect the diversity of our shareholders, employees, guests and communities.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, specific business and financial expertise, experience as a director of a public company, the need for Audit Committee expertise, the evaluations of other prospective nominees, and diversity. The Board considers a number of factors in its evaluation of diversity, including geography, age, gender, and ethnicity. As indicated above, diversity is one factor in the total mix of information the Board considers when evaluating director candidates. The Board is committed to increasing its diversity going forward through the recruitment of qualified members with more diverse backgrounds to fill Board vacancies as they occur.

In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

CEO Succession Planning

During fiscal 2011, the Board formed a special committee consisting of Messrs. Bassi, Grundhofer, King and Deitchle to identify and consider matters related to longer-term CEO succession planning. While it is currently expected that Mr. Deitchle will remain as our CEO through the end of his current employment agreement (January 4, 2013), the special committee has retained an executive search firm to assist in the succession planning process, including the identification and evaluation of potential internal and external CEO candidates.

Shareholder Communications

Any shareholder who wishes to communicate directly with the Board of Directors or one or more specific directors may send a letter marked as confidential addressed to the Board of Directors, or to the specific directors intended to be addressed, to our Home Office located at 7755 Center Avenue, Suite 300, Huntington Beach, California 92647. In turn, we will forward all such communications to the Board of Directors or to the specific directors identified by the shareholder. Our current policy is to send every shareholder's communication addressed to the Board of Directors or to one or more specific directors to the identified directors.

Board Involvement in Risk Oversight

Our management is principally responsible for defining the various risks facing our Company, formulating risk management policies and procedures, and managing our risk exposures on a day-to-day basis. The Board's responsibility is to monitor our risk management processes by informing itself concerning our material risks and evaluating whether management has reasonable controls in place to address the material risks. The involvement of the Board in reviewing our business strategy is an integral aspect of the Board's assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for the Company.

While the full Board has overall responsibility for risk oversight, the Board has delegated oversight responsibility related to certain risks to the Audit Committee. As such, the Audit Committee is responsible for reviewing the Company's risk assessment and risk management policies. Accordingly, management regularly reported to the Audit Committee and to the full Board on risk management during fiscal 2011. The Audit Committee, in turn, reported on the matters discussed at the committee level to the full Board. The Audit Committee and the full Board focus on the material risks facing our Company, including operational, market, credit, liquidity and legal risks, to assess whether management has reasonable controls in place to address these risks. In addition, the Compensation Committee is charged with reviewing and discussing with management whether our compensation arrangements are consistent with effective controls and sound risk management. The Board believes this division of responsibilities provides an effective and efficient approach for addressing risk management.

Board Leadership Structure and Lead Independent Director

Our Board leadership structure includes active independent directors. The independent directors meet in executive session at each regularly scheduled quarterly Board meeting, and each standing Board committee is comprised solely of and led by independent directors. Additionally, in March 2008 our Board of Directors

created the position of Lead Independent Director to chair the Board's executive sessions of non-employee directors. The Lead Independent Director also reviews and approves the agenda for each full meeting of the Board and performs such other duties as the Board may, from time to time, assign to assist the Board and its various committees in fulfilling their respective responsibilities. Mr. Bassi currently serves as our Lead Independent Director.

Since June 2008, Mr. Deitchle has served in the combined roles of Chairman, President and Chief Executive Officer. The Board believes that Mr. Deitchle is best situated to serve as Chairman because he is the director most familiar with our business and industry and therefore most capable of effectively identifying strategic priorities and leading the discussion and execution of our overall strategy. The Board further believes that Mr. Deitchle's combined service as Chairman, President and Chief Executive Officer creates unified leadership for our Board and our Company and creates a single cohesive vision for our organization. This structure, which is common among U.S.-based publicly traded companies, demonstrates to our employees and shareholders that we are under strong leadership. As Chairman, President and Chief Executive Officer, Mr. Deitchle helps shape the strategy ultimately set by the entire Board and also leverages his operational experience to balance growth and risk management and to facilitate information flow between management and the Board, all of which are essential to effective corporate governance. We believe the oversight provided by the Board's independent directors, the work of the Board's committees previously described and the coordination between the Chief Executive Officer and the independent directors, as conducted by the Lead Independent Director, all provide effective oversight of our strategic plans and operations. Accordingly, we believe having one person serve as Chairman, President and Chief Executive Officer is in the best interests of our Company and our shareholders at this time.

Director Compensation

All directors who are elected to the Board and who are not employees of the Company or any of its subsidiaries receive compensation for their services. Directors who also are our employees do not receive any additional compensation for serving on the Board. Shares for equity awards to non-employee directors are issued from our 2005 Equity Incentive Plan, which has been approved by our shareholders, pursuant to which we are authorized to grant shares of our common stock and share-based awards to directors. All non-employee directors are required to hold shares of our Common Stock with a value equal to four times the amount of the annual cash retainer paid to non-employee directors, calculated using the most current year annual cash retainer adopted by the Board. See "Director Stock Ownership Guidelines" in this Proxy Statement. We reimburse directors for travel to board meetings and related expenses and for any costs incurred in connection with attending director continuing education programs.

As a result of the Company's growth during the past several years in terms of annual revenues and market capitalization, in February 2012 the Compensation Committee undertook a review of director compensation with the assistance of the Aon Hewitt organization, a global human resource consulting firm with significant expertise in compensation analysis and evaluation. Aon Hewitt provided market data on director compensation programs at comparable companies, including companies in the peer group described in the Compensation Discussion and Analysis section of this Proxy Statement. Based on that review, in March 2012 the Board, upon the recommendation of the Compensation Committee, approved the following changes in compensation for non-employee directors to be effective June 1, 2012:

the annual cash retainer will increase from \$30,000 to \$50,000, payable in quarterly installments;

the additional annual cash retainers paid to the Chairpersons of our Audit, Compensation, and Governance and Nominating Committees will increase from \$5,000 to \$10,000, payable in quarterly installments;

the additional annual cash retainer paid to our Lead Independent Director will increase to from \$7,500 to \$15,000, payable in quarterly installments;

the annual equity award will increase from \$40,000 to \$80,000 in fair market value on the date of grant and will consist one-half of stock options and one-half of restricted stock units (RSUs). Previously, the annual equity award grant consisted entirely of stock options. This annual award will continue to vest ratably over a three-year period from the date of grant.

the initial equity award to a non-employee director upon joining the Board will be changed from a 25,000-share stock option to an equity award with a total fair market value of \$100,000 on the date of grant, consisting of one-half in stock options and one-half in RSUs. This initial option award will be granted as of the date of the recipient's election to the Board if the election date is open for trading under our blackout policy for stock trading, or as of the first open trading day after the election date if the election date is not open for trading under our blackout policy. During fiscal 2011, the fair market value of an option to purchase a single share of Company stock was \$14.32 using the Black-Scholes option pricing model. Using that metric as an example, the fair market value of a 25,000-share stock option award would be \$358,000. As a result, this change should result in a lower compensation expense associated with the recruitment of all new non-employee directors going forward. The initial award will vest ratably over a three-year period from the date of grant. Previously, the annual equity award vested ratably over a two-year period from grant date.

For both the initial and annual equity awards to non-employee directors, the underlying number of option shares will continue to be determined using the Black-Scholes option pricing model; the number of RSUs shall continue to be determined based on the closing market price of our common stock on the date of grant; and all equity awards shall vest in equal annual installments over a three-year period. If a non-employee director dies or retires from the Board after at least six years of continuous service, any unvested options or other awards held by the non-employee director shall become fully vested as of the date of death or retirement.

The following table sets forth information concerning the compensation of our non-employee directors during fiscal 2011:

Name (1)	Fees Earned or		Total
	Paid in Cash	Option Awards (2)	
Pete A. Bassi (3)	\$37,500	\$39,482	\$76,982

Director Stock Ownership Guidelines

Effective January 3, 2007, the Board resolved that all non-employee directors are required to hold shares of our Common Stock with a value equal to four times the amount of the annual cash retainer paid to non-employee directors, calculated using the most current year annual cash retainer adopted by the Board. Effective June 1, 2012, this value will increase from \$140,000 to \$200,000. All non-employee directors are required to achieve these guidelines within four years of joining the Board, or at the time these guidelines were adopted. Shares that count towards satisfaction of these guidelines include:

Stock purchased on the open market;

Stock obtained through stock option exercises;

Restricted stock units;

Deferred stock units; and

Stock beneficially owned in a trust, by spouse and/or minor children.

Mr. Grundhofer, Mr. Dal Pozzo, Mr. Bouts, Mr. Bassi, Mr. King and Mr. Hyde all currently comply with our director stock ownership guidelines. Since Ms. Ottinger joined the Board in August 2010 and Mr. Gomez recently joined the Board in September 2011, both have additional time to comply with our ownership guidelines.

REPORT OF THE AUDIT COMMITTEE

The following Audit Committee report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any of our filings under the Securities Act of 1933, as amended or the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this Audit Committee report by reference therein.

In accordance with its written charter adopted by the Board of Directors, the Audit Committee assists the Board in overseeing and monitoring our financial reporting practices. The members of the Audit Committee are independent (as such term is defined in the applicable rules of the NASDAQ and the SEC). In addition, all members of the Audit Committee have been designated as audit committee financial experts (as such term is defined by Item 407(d)(5)(ii) of Regulation S-K).

As more fully described in its charter, the Audit Committee oversees our financial reporting and internal control processes on behalf of the Board of Directors, as well as the independent audit of our consolidated financial statements by our independent auditor. The Audit Committee appointed and the shareholders ratified Ernst & Young LLP (E&Y) as our independent auditor for fiscal year 2011. Management has the primary responsibility for our consolidated financial statements and the financial reporting process, including our system of internal controls. E&Y, as our independent auditor, is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with accounting principles generally accepted in the United States. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed our audited consolidated financial statements for fiscal year 2011 with management and E&Y. Management and E&Y have represented to the Audit Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles in the United States.

In addition, during the most recent fiscal year, the Audit Committee:

reviewed and discussed our audited financial statements with management and with E&Y;

reviewed with E&Y their judgments as to the quality, not just the acceptability, of our consolidated financial statements for fiscal year 2011;

discussed with E&Y the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as adopted by the Public Company Accounting Board in Rule 3200T;

received from E&Y written disclosures regarding the auditors independence required by PCAOB Ethics and Independence Rule 3526, Communications with Audit Committees Concerning Independence, and has discussed with E&Y, the independent auditors independence; and

discussed with E&Y the overall scope and plans for their respective audits.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors and the Board has approved that our audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended January 3, 2012 for filing with the Securities and Exchange Commission. The Committee and the Board have also appointed Ernst & Young LLP as our independent auditor for fiscal year 2012.

ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

(PROPOSAL NO. 2 ON PROXY CARD)

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers. At our 2011 Annual Meeting of Shareholders, a substantial majority of the shares present and entitled to vote were cast in support of the Company's executive compensation program. Additionally, our shareholders voted to conduct future advisory votes on executive compensation every year. Accordingly, the Board of Directors is again submitting a non-binding shareholder vote on our executive compensation as described in this Proxy Statement (commonly referred to as "say-on-pay"). The Company seeks your advisory vote and asks that you support the compensation of our named executive officers as disclosed in this Proxy Statement.

As discussed in the Compensation Discussion and Analysis section of this Proxy Statement, we have designed our executive compensation program to attract, retain and motivate the highest quality executive officers, directly link their pay to our Company's performance, and build long-term value for our shareholders. The key objectives of our executive compensation program, as described in the Compensation Discussion and Analysis, are:

Objective	How Our Executive Compensation Program Achieves This Objective
Pay For Performance	<p>Aligning executive compensation with short-term and long-term Company and individual performance</p> <p>Setting a significant portion of each named executive officer's targeted total direct compensation to be in the form of variable compensation tied to our Company's overall performance</p> <p>Targeting total direct compensation between the 50th and 60th percentile range among companies with which we compete for executive talent</p>
Attract And Retain Top Talent	<p>Competing effectively for the highest quality people who will determine our long-term success</p> <p>Providing equity compensation in alignment with long-term Company performance</p>
Align Executive Compensation With Shareholders	<p>Establishing a significant portion of each named executive officer's indirect compensation to be based on achieving long-term shareholder value</p>

We urge shareholders to read the Compensation Discussion and Analysis beginning on page 23 of this Proxy Statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives. Additionally, the Summary Compensation Table and other related compensation tables and narrative, appearing on pages 33 through 37, provide detailed information on the compensation of our named executive officers. The Compensation Committee and our Board of Directors believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our named executive officers reported in this Proxy Statement has contributed to our recent and long-term success. In summary, our compensation is designed to reward executives when the Company achieves strong financial and operational results and, likewise, to provide reduced pay when financial and operating results are not as strong. We believe the compensation of our named executive officers for fiscal 2011 is reflective of and consistent with that intent.

This say-on-pay proposal gives our shareholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement.

Accordingly, the Board invites you to review carefully the Compensation Discussion and Analysis and the tabular and other disclosures on compensation under Executive Compensation and cast a vote to approve the Company's executive compensation programs through the following resolution:

RESOLVED, that the shareholders of BJ's Restaurants, Inc. (the Company) approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2012 Annual Meeting of Shareholders.

This say-on-pay vote is advisory and, therefore, not binding on the Company, the Compensation Committee or the Board of Directors. The shareholders' advisory vote will not overrule any decision made by the Board or the Committee or create or imply any additional fiduciary duty by our directors. Our Board and Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE
ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION.**

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

(PROPOSAL NO. 3 ON PROXY CARD)

The Audit Committee has appointed Ernst & Young LLP as our independent auditor for the fiscal year ending January 1, 2013 (fiscal 2012), and the Board is recommending shareholders ratify that appointment at the Annual Meeting. Ernst & Young LLP does not have, and has not had at any time, any direct or indirect financial interest in us or any of our subsidiaries and does not have, and has not had at any time, any relationship with us or any of our subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer, or employee. Neither the Company nor any of our officers or directors has or has had any interest in Ernst & Young LLP.

As a matter of good corporate governance, the Board has determined to submit the appointment of Ernst & Young LLP to the shareholders for ratification. In the event that this appointment of Ernst & Young LLP is not ratified by a majority of the shares of Common Stock present or represented at the Annual Meeting and entitled to vote on the matter, the Audit Committee will reconsider its appointment of an independent registered public accounting firm for future periods.

Representatives of Ernst & Young LLP will be present at the Annual Meeting, will have an opportunity to make statements if they so desire, and will be available to respond to appropriate questions.

Notwithstanding the ratification by shareholders of the appointment of Ernst & Young LLP, the Board of Directors or the Audit Committee may, if the circumstances dictate, appoint other independent auditors.

Fees Billed by Ernst & Young LLP

The following table sets forth the aggregate fees billed to us for the fiscal years ended January 3, 2012 (fiscal 2011) and December 28, 2010 (fiscal 2010) by our independent auditor, Ernst & Young LLP:

(2) These amounts consist of fees payable in connection with the preparation and filing of IRS Form 3115, relating to changes in methods of accounting for tax reporting purposes.

Pre-Approval Policies and Procedures

The Audit Committee has established policies and procedures for the approval and pre-approval of audit services and permitted non-audit services. The Audit Committee has the responsibility to appoint and terminate our independent auditors, to pre-approve their performance of audit services and permitted non-audit services, to approve all audit and non-audit fees, and to set guidelines for permitted non-audit services and fees. All the fees for fiscal 2011 and 2010 were pre-approved by the Audit Committee or were within pre-approved guidelines for permitted non-audit services and fees established by the Audit Committee, and there were no instances of waiver of approval requirements or guidelines during the same periods.

COMPENSATION DISCUSSION AND ANALYSIS

Role of the Compensation Committee

The Compensation Committee of the Board has the responsibility for establishing, implementing and continually monitoring adherence to our compensation philosophy. The Compensation Committee ensures that the total compensation paid to our executive officers is fair, reasonable and competitive. The Compensation Committee is comprised entirely of independent directors who are also non-employee directors as defined in Rule 16b-3 under the Securities Exchange Act of 1934 (Rule 16b-3) and outside directors as defined under Section 162(m) of the Internal Revenue Code (Code). The Compensation Committee reviews the performance of our officers and key employees and reports to the Board of Directors. In such capacity, the Compensation Committee administers our executive compensation plans, reviews our general compensation and benefit programs and policies, and monitors the performance and compensation of executive officers and other key employees. However, the basic compensation arrangement for Mr. Deitchle is established under an employment agreement approved by the Compensation Committee and the Board of Directors and is described in the section entitled Compensation of the Chief Executive Officer in this Proxy Statement. The Compensation Committee also makes recommendations regarding annual cash bonuses under our Performance Incentive Plan and equity awards to executive officers and other employees pursuant to our equity compensation plans, including our 2005 Equity Incentive Plan.

The Compensation Committee s charter establishes the various responsibilities of the Compensation Committee including those described above. The Compensation Committee periodically reviews and revises the charter. In addition, the Compensation Committee has the authority to retain and terminate independent, third party compensation consultants and to obtain advice and assistance from internal and external legal, accounting and other advisors. In accordance with the authority granted to the Compensation Committee under its charter, the Committee engaged Aon Hewitt as an independent outside compensation consultant during fiscal 2011 to advise the Committee regarding matters related to outside director compensation, executive compensation benchmarking and peer group analysis for 2012.

Four independent directors, J. Roger King, Peter A. Bassi, William L. Hyde, Jr. and Lea Anne Ottinger, currently serve on the Compensation Committee. Mr. King is the Chairman of the Compensation Committee. Each member of the Compensation Committee meets the independence requirements specified by the applicable rules of the SEC and the NASDAQ and by Section 162(m) of the Code, as determined annually by the Board. The Chairman of the Compensation Committee reports the Compensation Committee s actions and recommendations to the Board of Directors following each Compensation Committee meeting.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes all final decisions regarding the compensation of all executive officers, including base salaries and cash-based and equity-based incentive compensation programs. The Compensation Committee and the Chief Executive Officer annually review the performance of all other

executive officers. This annual review is based on the individual performance objectives established annually for each executive officer as well as the Chief Executive Officer's evaluation of the overall leadership and effectiveness of each executive officer. All recommendations and conclusions made by the Chief Executive Officer based on his annual review, including proposed base salary adjustments, annual cash incentive awards under the Company's Performance Incentive Plan and annual equity awards, are presented to the Compensation Committee which, in turn, exercises its independent discretion to approve, disapprove or modify any recommended compensation adjustments or awards. The Compensation Committee annually reviews the performance of the Chief Executive Officer.

Overview of Compensation Philosophy and Program

The Compensation Committee believes that executive compensation should be closely aligned with our performance on both a short-term and a long-term basis. In addition, the Compensation Committee believes that compensation should be designed to assist us in attracting and retaining management personnel that are critical to our long-term success. To that end, the Compensation Committee believes that executive compensation should be comprised of three principal components:

annual base salary;

performance-based annual cash incentive payments, which are dependent on our annual consolidated financial performance and, for officer-level executives, their individual performance; and

long-term incentive compensation in the form of stock options, restricted stock units or other equity-based awards that are designed to align executive officers' interests with those of shareholders by rewarding outstanding performance and providing long-term incentives.

The Compensation Committee considers a variety of factors when it establishes the amount of total compensation to award to executive officers each year. Among these factors are:

the amount of total compensation paid to our executives compared to amounts paid to similar executives at targeted peer group companies both for the prior year and over a multi-year period;

the value of equity-based compensation awarded in prior years;

internal pay equity considerations; and

broad trends in executive compensation generally and within the restaurant industry.

Determining Executive Compensation

We have structured our annual and long-term incentive-based cash and non-cash executive compensation programs to motivate executives to achieve our business goals and reward them for achieving these goals. The Compensation Committee determines relevant market data and alternatives to consider when making compensation decisions regarding the executive officers. The Compensation Committee generally makes its annual executive compensation decisions at its meeting held in December of each year. Additionally, the Compensation Committee meets after our annual financial results have been audited by our independent auditor to finalize the most recently completed fiscal year's annual incentive calculations for executives and other applicable employees.

In determining executive compensation, the Compensation Committee reviews base pay, annual cash incentive payments and equity awards for the current year and on a cumulative basis. The Compensation Committee also receives information regarding the performance of each executive based upon predetermined

individual objectives and other attributes. Additionally, the Compensation Committee periodically uses independent human resource and compensation consultants and compares executive compensation levels and practices for executives holding comparable positions at targeted comparator group companies to aid the Compensation Committee in setting compensation at competitive levels.

Generally, the Compensation Committee's philosophy is to target annual cash compensation (base pay) for executives at approximately the 40th to 50th percentile of the comparator group and total compensation (base pay and annual cash incentive bonus) between the 50th and 60th percentile of the comparator group. The Compensation Committee believes that targeting total compensation between the 50th and 60th percentile enables us to remain competitive with our peers in attracting and retaining executive talent. However, the Compensation Committee does not use formulas or specifically set the compensation for our executives based solely on this industry data or based on a specific percentile of this industry data. Instead, the Compensation Committee uses this information and the executive's level of responsibility and experience, as well as the executive's success in achieving business objectives and their overall leadership qualities, in determining the executive's compensation. The Compensation Committee believes that this approach allows it to take into consideration the executive's overall contribution to the Company's growth and profitability in determining executive compensation rather than relying solely on specific peer group targets.

Over the past several years, the Compensation Committee has used different independent, third party compensation consultants to aid in benchmarking our executive compensation and peer group analysis. In December 2011, the Compensation Committee engaged the Aon Hewitt organization, a global human resource consulting firm with significant expertise in compensation analysis and evaluation, to help evaluate executive compensation benchmarking and peer group analysis for our fiscal 2012 executive compensation. The 17 comparable companies selected by Aon Hewitt in their benchmarking survey were as follows:

Benihana Inc.	Morton's Restaurant Group, Inc.
Bravo Brio Restaurant Group, Inc.	O'Charley's Inc.
Buffalo Wild Wings, Inc.	Peet's Coffee & Tea, Inc.
California Pizza Kitchen, Inc.	P.F. Chang's China Bistro, Inc.
CEC Entertainment, Inc.	Red Robin Gourmet Burgers, Inc.
The Cheesecake Factory Incorporated	Ruth's Hospitality Group, Inc. (Ruth's Chris Steakhouse)
Chipotle Mexican Grill, Inc.	Ruby Tuesday, Inc.
DineEquity, Inc. (Applebee's & IHOP)	Texas Roadhouse, Inc.
McCormick & Schmick's Seafood Restaurants, Inc.	

The Compensation Committee believes that the above peer group represents an appropriate cross-section of companies for which we compete for talent or which are similar to us in size, market capitalization, growth rate and industry. For example, California Pizza Kitchen, Cheesecake Factory and Dine Equity are Southern California-based restaurant companies and, therefore, compete directly with us for executive talent, while the other companies listed are similar in size from an annual revenue or market capitalization perspective, or are considered high-growth restaurant concepts in which we compete for talent. Since our management team, as well as the institutional investment community, generally assess our performance by reference to other companies in our industry, the Compensation Committee believes that setting compensation by reference to that same group would allow for the most meaningful comparisons of our actual performance against our peers and, therefore, would enable the Compensation Committee to appropriately structure compensation programs for our executive officers in a manner that recognizes and rewards excellent operating performance as well as the creation of shareholder value.

A significant percentage of total compensation is allocated to incentive compensation as a result of the philosophy mentioned above. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. The Compensation Committee gathers and reviews data from the independent compensation consulting firms as well as relevant information from industry

sources, SEC filings and other publicly available sources to determine the appropriate level and mix of incentive compensation. Income from such incentive compensation is realized as a result of our performance or the individual, depending on the type of award, compared to established goals.

Based on the fiscal 2011 compensation study prepared by Aon Hewitt in December 2011, total annual cash compensation (base salary and annual incentive compensation) and total direct compensation (total annual cash compensation and long-term incentive compensation) for the named executive officers as a group approximated the range for our peer group companies. The base salaries, as well as the annual and long-term incentive compensation, for our named executive officers taken as a group and individually, were between the 25th and 75th percentiles of the target compensation ranges for our peer group companies.

We provide our shareholders with the opportunity to cast an annual non-binding advisory vote on executive compensation (commonly referred to as *say-on-pay*). At our annual meeting of shareholders held in June 2011, a substantial majority of the votes cast on the *say-on-pay* proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes this advisory vote affirmed shareholder support of its approach to executive compensation and, therefore, did not change its approach in fiscal 2012. The Compensation Committee will continue to consider the outcome of our annual shareholder non-binding advisory *say-on-pay* votes when making future compensation decisions for named executive officers.

Elements of Executive Compensation

Base Salary. Base salaries for executive officers are generally reviewed on an annual basis and at the time of promotion or other change in responsibilities. Increases in base salary are determined using both objective and subjective factors, such as the level of responsibility, individual performance, level of pay, both of the executive in question and other similarly situated executives, and the comparative group companies' base salary levels. For fiscal 2012, the Compensation Committee elected to provide its executive officers with modest increases in their base salaries over the amounts paid in fiscal 2011 to maintain the competitiveness of their total compensation, based on the information provided by Aon Hewitt, and to reward the executive officers for essentially achieving their respective agreed-to performance targets for fiscal 2011.

Annual Incentive Bonus. Each executive officer participates in our annual Performance Incentive Plan (PIP). At our 2011 Annual Meeting, our shareholders voted to approve the material terms of the PIP. Under the PIP, the annual incentive opportunity is generally determined based on a percentage of each officer's base salary. The Compensation Committee approves and recommends to the Board of Directors the objective performance measure or measures, bonus target percentages and all other terms and conditions of awards for each performance period (generally each fiscal year) under the PIP. For fiscal 2011, the principal objective performance measure used by the Compensation Committee for the purposes of the PIP was our Consolidated Income from Operations for the fiscal year, as reflected on our Consolidated Statements of Income. The Compensation Committee believes that this metric provides a definitive target that is largely within management's ability to influence and control.

Under the fiscal 2011 PIP, 67% of the executives' incentive opportunity (other than for the Chief Executive Officer - see Compensation of the Chief Executive Officer) was based on the degree of achievement of our Consolidated Income from Operations target. The remaining 33% of the incentive opportunity was based on each executive's achievement of certain agreed-upon individual performance objectives. For example, if the executive's base salary was \$100,000 and his/her total incentive opportunity was 25% of base salary (or \$25,000), then 67% of the \$25,000 total opportunity (or \$16,750) would be driven by the degree of achievement of the Consolidated Income from Operations target, and 33% of the \$25,000 total opportunity (or \$8,250) would be driven by the degree of achievement of individual performance objectives. The specific individual performance objectives established for each executive officer take into account the degree that each officer completed his or her agreed-upon key initiatives for the year, as well as each officer's overall leadership and effectiveness.

The fiscal 2011 PIP also provided for a sliding scale, starting with a required minimum performance threshold of achieving at least 80% of targeted Consolidated Income from Operations. If 80% of the target is achieved, then 50% of the incentive award attributable to this component of the annual incentive opportunity is earned. If 100% of the target is achieved, then 100% of the incentive award attributable to this component of the annual incentive opportunity is earned. If 120% of the target is achieved, which is the maximum percentage contemplated, then 150% of the incentive award attributable to this component of the annual incentive opportunity is earned, which is also the maximum percentage contemplated. The fiscal 2011 PIP provided for a maximum percentage at the 120% target achievement level to discourage any actions or decisions that might benefit short-term performance to the detriment of our longer-term competitiveness. Our targeted Consolidated Income from Operations for fiscal 2011 for PIP purposes was \$37.0 million.

Despite the continuing challenging economic and consumer discretionary spending environment, we achieved record financial results for fiscal 2011. Our total revenues increased by approximately 21% to \$621 million, and our Consolidated Income from Operations, adjusted for non-recurring legal settlements that were deemed excludable for PIP purposes by the Compensation Committee, was approximately \$44.4 million or approximately 120% of the \$37.0 million target. Accordingly, the incentive award percentage amount attributable to this component of the fiscal 2011 PIP was 150%.

The remaining 33% of the 2011 PIP was based on individual performance goals, except for Mr. Deitchle, whose entire fiscal 2011 incentive bonus was based on our Consolidated Income from Operations amount because he is deemed responsible and accountable for the financial performance of the entire Company. We believe individual goals for certain executives are appropriate primarily to drive performance against key corporate initiatives. These individual goals are determined annually in conjunction with our business plan and are presented to the Compensation Committee and Board of Directors at our annual strategic planning meeting. For fiscal 2011, we had 10 categories of key initiatives in which individual performance goals were established. These 10 key initiatives were as follows:

- Building sales through improved four wall productivity;
- Building sales through improved merchandising and marketing;
- Preserving four-wall restaurant operating margins through improved productivity;
- Delivering Gold Standard hospitality and service;
- Delivering Gold Standard food and beer;
- Increasing facility capacity and productivity;
- Developing stronger talent at all levels;
- Maximizing the discretionary effort from more engaged hourly team members;
- Further transitioning and optimizing our brewing operations; and,
- Further minimizing risks and improving support and communications.

At the end of fiscal 2011, the Compensation Committee, with the input from the Chief Executive Officer, reviewed the individual performance goals of the respective executive officers, determined which performance goals were achieved, and determined the resulting fiscal 2011 PIP incentive earned for this component.

For fiscal 2011, the annual incentive opportunity earned by each executive officer (excluding Mr. Deitchle) ranged between 131% and 133% of each officer's target bonus. The table below shows the fiscal 2011 target annual incentive bonus for each named executive officer as compared to the actual fiscal 2011 bonus payout.

Fiscal 2011 Annual Incentive Bonus Plan Target Bonus vs. Actual Payout

Name	Target Bonus (as a % of Base Pay)	Actual Bonus (as a % of Target Bonus)
Gerald W. Deitchle	80%	150%
Gregory S. Levin	60%	133%
Gregory S. Lynds	60%	131%
Wayne L. Jones	60%	133%
Kendra D. Miller	35%	133%

In December 2011, the Compensation Committee approved the fiscal 2012 PIP. The basic terms, conditions, structure and percentage metrics of the fiscal 2012 PIP are substantially the same as that for fiscal 2011. Additionally, the PIP contains a clawback provision whereby the Committee may (i) cause the cancellation of any actual award, (ii) require reimbursement of any actual Award by a PIP participant and (iii) effect any other right of recoupment of equity or other compensation provided under the PIP or otherwise in accordance with Company policies and/or applicable law (each, a Clawback Policy), in each case with respect to the Clawback Policy that was in effect as of the date of grant for a particular target award. In addition, the Committee may require that a PIP participant repay to the Company certain previously paid compensation in accordance with the Clawback Policy.

Long-Term Equity Compensation. We design our long-term incentive compensation to drive long-term company performance, to align the interests of our executives with those of our shareholders and to retain executives through long-term vesting and wealth accumulation. In fiscal 2011, long-term incentive compensation took the form of stock option awards for executive officers based on prior year's performance and based on a specific economic value as determined by the Compensation Committee. In the past the Compensation Committee has granted both stock option awards and restricted stock units as long term equity compensation. As such, the current allocation may change in the future or may change for specific circumstances involving a given executive. The amount of annual equity awards granted to executive officers is based on a target economic value, which is generally set between the 40th and 75th percentile of comparator group companies for comparable positions (where such information is available). However, as discussed above, in specific cases we set the target economic value of the equity award higher or lower than the median where appropriate based on factors such as our prior year performance and individual executive performance.

Additionally, all of our restaurant general managers, executive kitchen managers, regional kitchen operations managers, directors of operations, area vice presidents and certain brewery operations positions are eligible to receive equity awards in accordance with our 2005 Equity Incentive Plan. This grant of equity awards to our restaurant and brewery field operations teams is designed to increase employee retention and to promote long-term wealth building based on ownership of our equity.

Stock Options. In determining the size of annual stock option grants to executive officers, the Compensation Committee bases its determinations and recommendations to the Board of Directors on such considerations as the value of total direct compensation for comparable positions in comparative group companies, company and individual performance against the strategic plan for the prior fiscal year, the number and value of stock options previously granted to the executive officer, the allocation of overall share awards attributed to executive officers and the relative proportion of long-term incentives within the total compensation mix.

All stock options granted by us during fiscal 2011 were granted as non-qualified stock options with an exercise price equal to the closing price of our Common Stock on the date of grant (except for annual stock option grants which utilize the average closing price of our Common Stock for the last five trading days of the fiscal year). Accordingly, stock options will have value only if the market price of our Common Stock increases after that date. Stock options granted to our executive officers generally vest in five equal annual installments. Because employees will only realize value from their options if our stock price increases over the exercise price, the vesting schedule is designed to provide our employees with an incentive to work toward increasing the long-term value of our Common Stock.

Restricted Stock and Restricted Stock Units (RSUs). Restricted stock awards differ from stock options in that the primary purpose of restricted stock awards is to provide a component of equity-based compensation that, unlike stock options, has a measurable value to recipients immediately upon their grant, which we believe helps with overall retention. Such awards, when vested, are generally paid in shares and thereby have little or no out-of-pocket cost to the recipients, other than related income tax obligations which can be significant, based on the number of vesting RSUs and the fair market value of our share price at the time of vesting.

The Compensation Committee believes that restricted stock and restricted stock unit awards may also be effective in attracting, motivating and retaining high quality management talent for all levels of our organization. All of our restaurant general managers, executive kitchen managers, regional kitchen operations managers, directors of operation and certain brewery operations positions are eligible for the Gold Standard Stock Ownership Program under our 2005 Equity Incentive Plan and equity awards under this program have been in the form of RSUs. This program is a long-term wealth building program that is dependent on the participant's extended service with us in their respective positions and their achievement of certain agreed upon performance objectives during that service period (generally 5 years). We also believe our grants of RSUs will assist certain key employees with their retirement planning through the potential wealth accumulation benefits of these grants.

Executive Benefit and Perquisites. Pursuant to his employment agreement, Mr. Deitchle is entitled to certain benefits including up to \$3,000 per year for unreimbursed out-of-pocket costs associated with an annual physical examination, use of a company automobile or automobile allowance and the right to participate in our customary executive benefit plans. Other executive officers are entitled to receive customary vacation benefits, automobile allowances, family health insurance and the right to participate in our customary executive benefit plans.

Equity Grant Timing Practices

The Compensation Committee and the Board have adopted guidelines for equity grant timing practices. The guidelines approved by the Board are as follows:

Regular Annual Equity Grant Dates. Annual equity grants are presented and approved at the meeting of the Compensation Committee held in early December of each year, before fiscal year-end earnings are released. The regular annual equity grant date for all employees, including executive officers, is the first business day of the new fiscal year and the exercise price for the annual stock option grants is determined using the average of the closing price of our Common Stock for the last five trading days of the fiscal year.

For annual grants of restricted stock units, the Compensation Committee approves a specific dollar amount to be granted to each recipient and the number of shares is thereafter determined by dividing the dollar amount approved by the Compensation Committee by the average of the closing market price of our Common Stock for the last five trading days of the fiscal year.

New Hire Grant Dates. All equity award grants to certain newly-hired employees are approved by the Compensation Committee prior to the new employee's first day of employment. These grants occur on the first day of employment as stated in the offer letters for new employees, unless the first day of employment for a new company officer is during one of our stock trading "black-out" periods, in which case the grants occur on the first trading day subsequent to the end of our "black-out" period. The exercise price is always the closing price of our Common Stock on the date of grant. Options granted to new employees generally vest ratably over five years. Beginning in 2008, we also began issuing restricted stock units to certain newly-hired employees. The number of restricted stock units granted to our new employees is determined by dividing the approved dollar amount by the closing market price of our Common Stock on the date of grant. These restricted stock units generally vest at 20% per year or in five equal annual installments.

Participants in Our Gold Standard Stock Ownership Program (GSSOP). All of our restaurant general managers, executive kitchen managers, regional kitchen operations managers, directors of operations and certain brewery-related positions became eligible for the Gold Standard Stock Ownership Program under our 2005 Equity Incentive Plan. Previously, new participants received their grants on the first day of each month subsequent to their acceptance into the program in accordance with the GSSOP documentation. Beginning in fiscal 2012, we changed the grant date for new GSSOP participants to the first day of each new quarter subsequent to their acceptance into the program for ease of administration. The number of RSUs granted to a participant in the GSSOP is determined by their position and calculated as the dollar amount of their grant, as determined in the GSSOP document, divided by the closing market price of our Common Stock on the date of grant. All RSUs under the GSSOP cliff vest after five years from the date of grant. Additionally, participants who have completed the first five years of service under the original Gold Standard Stock Ownership Program with the Company may be eligible to participate in the GSSOP program for a second time (GSSOP II) depending on their current position. Participants eligible for the GSSOP II have the option to choose the fair market value of their award entirely in RSUs or allocated one-half to RSUs and one-half to stock options. All awards under the GSSOP II vest 33% on the third anniversary from the date of grant and 67% after five years from the date of grant. New participants in the GSSOP II receive their grants on the first day of each new quarter subsequent to their acceptance into the program.

All Other Grants. Our general practice is to issue equity grants annually or upon new employment as described above. In those instances when equity awards occur during the year due to employee promotions or other factors, the equity awards are approved in advance by the Compensation Committee and a future grant date is selected by the Committee. The exercise price for such awards will always be based on the closing price of our Common Stock on the date of grant.

Compensation of the Chief Executive Officer

On January 19, 2005, we announced that Gerald W. (Jerry) Deitchle, who had joined our Board of Directors in November 2004, had been appointed as our President and Chief Executive Officer. In June 2008, Mr. Deitchle was elected to the additional post of Chairman of the Board. Effective January 2005, we entered into a five-year employment agreement with Mr. Deitchle that ended on December 31, 2009. That employment agreement was automatically extended for one additional year pursuant to its terms. On April 6, 2010, we executed a new employment agreement with Mr. Deitchle that was deemed to commence on December 30, 2009, and that will expire on January 4, 2013. The terms and conditions of Mr. Deitchle's employment agreement are presented below:

Term. Effective as of December 30, 2009 through January 4, 2013.

Base Salary. \$500,000, subject to a minimum annual increase based on increases in the Consumer Price Index and otherwise at the discretion of the Compensation Committee. In October 2010 and December 2011, the Compensation Committee engaged Aon Hewitt to evaluate the Company's executive compensation and benchmarking. Based on the analysis provided by Aon Hewitt and in recognition of the performance of the Company, Mr. Deitchle's annual base salary was increased to \$550,000 for fiscal 2011. For fiscal 2012, the Compensation Committee elected to increase Mr. Deitchle's annual base salary to \$600,000, in recognition of the continued outstanding performance of the Company and based on Aon Hewitt's executive compensation benchmarking and peer group analysis for 2011.

Bonus Opportunity. Annual bonus opportunity targeted at no less than 80% of his base salary. Actual bonuses to be determined by the Board of Directors based upon performance criteria established by the Compensation Committee after consultation with Mr. Deitchle. Beginning in fiscal 2011, the Committee increased his annual incentive opportunity from 65% to 80% of his base salary in recognition of our outstanding performance for fiscal 2010. For fiscal 2012, the Committee maintained his annual incentive opportunity at 80% of his base salary, again in recognition of our outstanding performance in fiscal 2011 and based on Aon Hewitt's executive compensation benchmarking and peer group analysis for 2011.

Additional Benefits. Certain fringe benefits including up to \$3,000 per year for unreimbursed out-of-pocket costs associated with an annual physical examination, the use of a company automobile or automobile allowance of up to \$1,800 per month, coverage under our group health insurance plan and the right to participate in our other executive benefit plans. In addition, we agreed to pay up to \$13,000 of Mr. Deitchle's legal fees incurred in connection with negotiation and documentation of his employment agreement.

Option Grant. On December 30, 2009, Mr. Deitchle was granted an option under the 2005 Plan to acquire 232,702 shares of our Common Stock at an exercise price of \$18.86 per share, which was the fair market value of the Company's Common Stock on that date. Mr. Deitchle has not received any equity award subsequent to this grant. The options subject to this grant vest in full on the third yearly anniversary of the date of grant and expire on the tenth yearly anniversary of the date of grant. However, if Mr. Deitchle's employment is terminated as a result of his death or disability, these options vest on a pro rata basis based on the portion of the three-year term completed. In addition, if Mr. Deitchle's employment is terminated without Cause (as defined in the employment agreement) or by Mr. Deitchle for Good Reason (as defined in the employment agreement), the options shall immediately vest in full.

Retirement Benefit. Mr. Deitchle will receive a retirement benefit of \$125,000 per year for a period of five years following his separation of service from us. The retirement benefit will vest in full on December 30, 2012. However, (i) if Mr. Deitchle's employment is terminated as a result of his death or disability, his retirement benefit shall immediately vest on a pro rata basis based on the portion of the three-year term completed, (ii) if his employment is terminated without Cause or for Good Reason, his retirement benefit shall vest in full, and (iii) if his employment is terminated prior to December 30, 2012 for Cause or without Good Reason, Mr. Deitchle shall not be entitled to any retirement benefit.

Termination. We may terminate Mr. Deitchle's employment at any time. If Mr. Deitchle dies or becomes disabled, he (or his estate) will be entitled to receive any accrued but unpaid annual cash incentive payment or other compensation as well as a lump sum cash payment equal to a pro rata portion (based on the percentage of days employed for the year in question) of the annual cash incentive payment for the year in which the termination occurs in the event that the Board of Directors reasonably and in good faith determines that Mr. Deitchle was on track to satisfy the relevant performance criteria for such payment (the Pro Rata Bonus).

In the event of termination without Cause or by Mr. Deitchle for Good Reason, Mr. Deitchle shall be entitled to receive the following: (i) accrued but unpaid bonus or other compensation and, to the extent that Mr. Deitchle is not covered by any other comprehensive insurance, we will pay an amount equivalent to his COBRA payments for the remainder of the term of the employment agreement or, if less, the maximum term allowable by then applicable law, and (ii) a lump sum severance equal to 100% of the base salary and car allowance that would be due to Mr. Deitchle from the date of termination through the applicable remaining term of the employment agreement plus the Pro Rata Bonus.

Board Seat and Chairmanship. So long as Mr. Deitchle serves as our Chief Executive Officer, he shall also be Chairman of the Board unless separation of the positions of Chairman and Chief Executive Officer is required by majority vote of shareholders or otherwise mandated by law or regulation applicable to all public companies or by the listing requirements of the exchange or trading system on which our Common Stock is listed for trading.

For fiscal 2011, we achieved 120% of our targeted Consolidated Income from Operations amount and accordingly, Mr. Deitchle received his annual incentive bonus based on the terms and calculation in accordance with his employment agreement and the 2011 PIP.

Compensation Committee Interlocks and Insider Participation

During all of fiscal 2011, Mr. King, Mr. Bassi, Mr. Hyde and Ms. Ottinger served on the Compensation Committee. No member of the Compensation Committee was, during fiscal 2011, an officer or employee of the Company, a former officer of the Company or any of its subsidiaries or had a relationship requiring disclosure by us under Item 404 of Regulation S-K. None of our executive officers has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers who served as a member of our Board of Directors or the Compensation Committee during fiscal 2011.

Certain of the members of our Board of Directors or their affiliates have entered into transactions or arrangements with us during the past fiscal year which transactions and arrangements are described in [Certain Relationships and Related Transactions](#) below.

Review of All Components of Executive Compensation

The Compensation Committee and the Board of Directors have reviewed information about all components of the compensation provided to our executive officers, including base salary, annual bonus, equity compensation (including realized gains and accumulated unrealized values on stock options), perquisites and other personal benefits and the effect of retirement and our change in control on stock option vesting. A summary of our compensation programs, practices and internal controls, and tables quantifying the estimated values of these components for each executive were presented to and reviewed by the Compensation Committee.

Tax and Accounting Implications

Section 162(m) of the Code disallows a federal income tax deduction to publicly held companies for certain compensation paid to our Chief Executive Officer and the four other most highly compensated executive officers to the extent that compensation exceeds \$1 million per executive officer covered by Section 162(m) in any fiscal year. The limitation applies only to compensation that is not considered performance-based as defined in the Section 162(m) rules.

In designing our compensation programs, the Compensation Committee considers the effect of Section 162(m) together with other factors relevant to our business needs. We have historically taken, and intend to continue taking, appropriate actions, to the extent we believe desirable, to preserve the deductibility of annual incentive and long-term performance awards. Although the Compensation Committee has not adopted a policy that all compensation paid must be tax-deductible and qualified under Section 162(m) of the Code, at our 2011 Annual Meeting of shareholders, we received shareholder approval of the material terms of the performance goals of our Performance Incentive Plan so cash incentive bonuses paid under that plan will be tax-deductible and qualify under Section 162(m) of the Code.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.
