Entergy's total economic impact in the New Orleans metro area was more than **\$866 million in 2010!**

6,000 direct and indirect employees

in
New Orleans area including:

400 Entergy New Orleans employees.

2,200 total Entergy employees.

3,400 indirect employees.

Entergy plays an important role in the local economy

Meeting Future Energy Needs

Investment in infrastructure.

Energy efficiency initiatives.

Regional transmission

organization -
MISO.

Proposed spin/merge of
transmission business.

Investing in Infrastructure

From 2011 to 2013, Entergy plans to invest an estimated \$500 million to expand and bolster the transmission system throughout Louisiana.

Building new 550 MW natural gas
power generation plant in
Westwego (Ninemile 6).

20% purchase power agreement for
Entergy New Orleans approved by City
Council Utility Committee.

Reducing Demand: Focus on Energy Efficiency

\$11 million energy efficiency program for New Orleans electric customers.

Rebates and incentives available to residential and business customers.

Since April 2011, helped more than 8,000 customers and 80 businesses:

o
Saved
15
million
kilowatt-hours
of
electricity

enough
to
power
1,300
homes for an entire year!

o
Installing more than 56,000 energy efficiency measures in New Orleans
homes and businesses.

Regional Transmission Organization

Manages the distribution of generation and transmission of electricity.

Manages supply, demand and cost of production while increasing reliability.

Allows access to a vast network of electricity buyers and sellers. There are currently seven RTOs in the United States, which serve about 60% of U.S. energy load.

Midwest Independent System Operator (MISO) operates in 13 U.S. states and Manitoba, Canada.

Large footprint.

Access to diverse power generation.

Customer benefits:

Increased efficiencies.

Improved system reliability.

Entergy New Orleans customers will

save

between

\$32

-

\$46

million.

(\$1.4 billion across Entergy)

thereto will be completed, nor can it give assurances as to the terms on which such transactions will be consummated.

Additional Information and Where to Find It

ITC and Transco will file registration statements with the Securities and Exchange Commission (SEC) registering shares of

Transco common units to be issued to Entergy shareholders in connection with the proposed transactions. ITC will also file a proxy statement with the SEC that will be sent to the shareholders of ITC. Entergy shareholders are urged to read the prospectus and/or information statement included in the registration statements and any other relevant documents, because they contain important information about ITC and the proposed transactions. ITC shareholders are urged to read the proxy statement and any other relevant documents because they contain important information about Transco and the proposed transactions. The proxy statement, prospectus and/or information statement, and other documents relating to the proposed transactions (when they are available) can be obtained free of charge from the SEC's website at www.sec.gov. Documents, when available, can also be obtained free of charge from Entergy upon written request to Entergy Corporation, Investor Relations, Box 61000, New Orleans, LA 70161 or by calling Entergy's Investor Relations information line at 1-888-ENTERGY (368-3777). Documents can also be obtained by written request to ITC Holdings Corp., Investor Relations, 27175 Energy Way, Novi, MI 48377 or by calling 248-946-3000.

Why Spin/Merge? Why Now?

The world has changed. Today demands more of the grid than the grid was built for; modern society is energy-hungry and electricity-intensive

Our city s and our region s growth, economy and prosperity are linked to

diverse, affordable and reliable electricity

But:
capital
investments
required
will
drive
costs
higher
for
customers
unless
new
approaches
are
taken
now

Estimated capital requirements

Entergy Utility investment needs could potentially exceed \$17B over the next decade

Adapting
requires
bold
strokes,
decisive
action why
Entergy
is
proposing
this
new
model
now

19
