\$850,000,000**2.000% Notes due 2017**

We will pay interest on the 2.000% Notes due 2017 (the "notes") on April 5 and October 5 of each year, beginning April 5, 2013. The notes will mature on October 5, 2017. We may redeem the notes in whole or in part at any time at the redemption prices described under "Description of the Notes - Redemption - Optional Redemption", and we may redeem the notes upon the occurrence of certain events relating to U.S. taxation, as described under "Description of the Notes - Redemption - Redemption upon Tax Event" in this prospectus supplement. If a Change of Control Triggering Event (as defined herein) has occurred, unless we have exercised our right to redeem the notes, we will be required to offer to purchase the notes from holders on the terms described in this prospectus supplement.

The notes will be unsecured obligations and rank equally with our unsecured senior indebtedness. The notes will be issued in registered form only in denominations of \$2,000 and \$1,000 multiples above that amount.

The notes offered by this prospectus supplement will not be listed on any securities exchange.

Investing in the notes involves risks that are described in the Risk Factors section beginning on page S-5 of this prospectus supplement and the Risk Factors sections of our Annual Report on Form 10-K for the year ended December 31, 2011 and of our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2012 and June 30, 2012, each incorporated by reference herein.

Table of Contents**Summary Consolidated Financial Information**

The following table sets forth our selected consolidated financial data for each of the years ended December 31, 2009 through 2011, and the six-month periods ended June 30, 2012 and June 30, 2011. The financial data for the six-month periods ended June 30, 2012 and June 30, 2011 is derived from our unaudited financial statements. The unaudited financial statements reflect all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of our financial position and results of operations during that period and as of that date. Operating results for the six months ended June 30, 2012 are not necessarily indicative of those to be expected for the full fiscal year.

The following information should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and our consolidated financial statements and related notes included in our Quarterly Report on Form 10-Q for the fiscal quarter ended June 30, 2012 and our 2011 Annual Report on Form 10-K for the fiscal year ended December 31, 2011, each filed with the SEC and incorporated by reference in this prospectus supplement. For additional information, see "Where You Can Find More Information" in this prospectus supplement.

RISK FACTORS

You should carefully consider the following risks, together with the information included in or incorporated by reference in this prospectus supplement and the accompanying prospectus, including the Risk Factors sections of our Annual Report on Form 10-K for the year ended December 31, 2011 and of our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2012 and June 30, 2012, before investing in the notes.

Risks Related to the Notes

We may be unable to pay interest on or repay the notes; the notes are structurally subordinated to any future indebtedness and to the other liabilities of our subsidiaries.

The notes will mature on October 5, 2017. In addition, we will be obligated to pay interest on the notes semiannually on April 5 and October 5 each year, beginning April 5, 2013. Our ability to make interest payments on this debt will depend in part on our cash flow, which will be dependent upon the cash flow of our subsidiaries and the payment of funds to us by those subsidiaries in the form of loans, dividends or otherwise. The notes are our obligations exclusively and not of any of our subsidiaries. Substantially all of our revenue is generated by, and substantially all of our assets are held by, our subsidiaries. Our subsidiaries are separate legal entities that have no obligation to pay any amounts due under the notes or to make any funds available therefor, whether by dividends, loans or other payments. Except to the extent we are a creditor with recognized claims against our subsidiaries, all claims of creditors, including trade creditors, and holders of preferred stock, if any, of our subsidiaries will have priority with respect to the assets of such subsidiaries over our claims (and therefore the claims of our creditors, including holders of the notes), and our subsidiaries may enter into future borrowing arrangements that limit their ability to transfer funds to us. Consequently, the notes will be structurally subordinated to all liabilities, including trade payables, of any of our subsidiaries and any subsidiaries that we may in the future acquire or establish. As of June 30, 2012, our subsidiaries had approximately \$0.6 billion of liabilities.

The definition of a Change of Control requiring us to repurchase the notes is limited, so that the market price of the notes may decline if we enter into a transaction that is not a Change of Control under the indenture governing the notes.

The term Change of Control (as used in the notes) is limited in terms of its scope and does not include every event that might cause the market price of the notes to decline. Furthermore, we are required to repurchase notes upon a Change of Control only if, as a result of such Change of Control, such notes receive a reduction in rating below investment grade and the rating agency assigning such rating expressly links the reduction in rating to the Change of Control. As a result, our obligation to repurchase the notes upon the occurrence of a Change of Control is limited and may not preserve the value of the notes in the event of a highly leveraged transaction, reorganization, merger or similar transaction.

We may not have sufficient funds to purchase the notes upon a Change of Control Triggering Event as required by the indenture governing the notes.

Holders of the notes may require us to repurchase their notes upon a Change of Control Triggering Event as defined under Description of the Notes Repurchase Upon Change of Control Triggering Event. We cannot assure you that we would have sufficient financial resources, or would be able to arrange financing, to pay the repurchase price of the notes and any other then existing notes and repay indebtedness that may be tendered by the holders thereof in such a circumstance. Furthermore, the terms of our then existing indebtedness or other agreements may contain financial covenants, events of default or other provisions that could be violated if a Change of Control were to occur or if we were required to repurchase the notes and other notes and repay indebtedness containing a similar repurchase or repayment requirement.

Table of Contents

If an active trading market does not develop for the notes, you may be unable to sell your notes or to sell your notes at prices that you deem sufficient.

The notes are new issues of securities for which there currently are no established trading markets. We do not intend to apply for listing or quotation of the notes on any securities exchange or automated quotation system, respectively. While the underwriters of the notes have advised us that they intend to make a market in the notes, the underwriters will not be obligated to do so and may stop their market-making at any time. No assurance can be given:

that a market for the notes will develop or continue;

as to the liquidity of any market that does develop; or

as to your ability to sell any notes you may own or the price at which you may be able to sell your notes.

If any of the notes are traded after their initial issuance, they may trade at a discount from their initial offering price. Future trading prices of the notes will depend on many factors, including prevailing interest rates, the market for similar securities, general economic conditions and our financial condition, performance and prospects. Accordingly, you may be required to bear the financial risk of an investment in the notes for an indefinite period of time.

Downgrades or other changes in our credit ratings could affect our financial results and reduce the market value of the notes.

Our debt securities are currently rated by each of Moody's Investors Service (Moody's) and Standard & Poor's Ratings Services (S&P). A rating is not a recommendation to purchase, hold or sell our debt securities, since a rating does not predict the market price of a particular security or its suitability for a particular investor. Either rating organization may lower our rating or decide not to rate our securities in its sole discretion. The rating of our debt securities is based primarily on the rating organization's assessment of the likelihood of timely payment of interest when due on our debt securities and the ultimate payment of principal of our debt securities on the final maturity date. Any ratings downgrade could increase our cost of borrowing or require certain actions to be performed to rectify such a situation. The reduction, suspension or withdrawal of the ratings of our debt securities will not, in and of itself, constitute an event of default under the indenture.

Credit ratings may not reflect all risks.

Moody's and S&P have assigned credit ratings to the notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the relevant rating agency at any time. Each rating should be evaluated independently of any other rating.

The indenture governing the notes will not limit our ability to incur future indebtedness, pay dividends, repurchase securities, engage in transactions with affiliates or engage in other activities, which could adversely affect our ability to pay our obligations under the notes.

The indenture governing the notes does not contain any financial covenants and contains only limited restrictive covenants. The indenture will not limit our or our subsidiaries' ability to incur additional indebtedness, issue or repurchase securities, pay dividends or engage in transactions with affiliates. We, therefore, may pay dividends and incur additional debt, including secured indebtedness in certain circumstances or indebtedness by, or other obligations of, our subsidiaries to which the notes would be structurally subordinated. Our ability to incur additional indebtedness and use our funds for numerous purposes may limit the funds available to pay our obligations under the notes.

USE OF PROCEEDS

We expect to receive net proceeds from the sale of the notes in this offering of approximately \$841.9 million after deducting underwriting discounts and our estimated offering expenses. We intend to use approximately \$761.0 million from the net proceeds of this offering to fund (i) the purchase of any and all of our \$750 million 2013 Notes in a tender offer that we are conducting simultaneously with this offering and (ii) the retirement at maturity of any 2013 Notes that are not purchased in the 2013 Notes tender offer. We intend to use any remaining net proceeds from this offering, together with other available funds, to fund the purchase of up to 250 million of our 2015 Notes in a tender offer that we are conducting simultaneously with this offering and for the payment of expenses in connection with these tender offers. Our 2013 Notes accrue interest at the rate of 4.80% per annum and mature on June 28, 2013. Our 2015 Notes accrue interest at the rate of 5.375% per annum and mature on June 30, 2015.

Table of Contents**CAPITALIZATION**

The following table sets forth our capitalization as of June 30, 2012 and as adjusted to give effect to the issuance of the notes in this offering and (i) the purchase of our 2013 Notes in the concurrent tender offer, assuming we accept for purchase approximately \$335 million aggregate principal amount of 2013 Notes; and (ii) the purchase of our 2015 Notes in the concurrent tender offer, assuming we accept for purchase the equivalent of approximately \$100 million aggregate principal amount of 2015 Notes. The amount of 2013 or 2015 Notes purchased in the concurrent tender offers may be more or less than the amounts assumed in the following table, in which case we would have less or more total debt outstanding after this offering than the amount assumed in the following table. Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratio of earnings to fixed charges for the periods shown. For purposes of this ratio, earnings are calculated by adding fixed charges to pre-tax income from continuing operations adjusted for noncontrolling interest and income from associates. Fixed charges consist of interest expense on indebtedness and the interest factor in capital and operating leases.

DESCRIPTION OF THE NOTES

General

For purposes of this section, references to NYSE Euronext, we, us and our are references to NYSE Euronext only and not to any of its subsidiaries. We will issue the notes under an indenture (the Senior Indenture) between us and Wilmington Trust Company, as trustee (the Trustee) and a Supplemental Indenture thereto (the Supplemental Indenture) which together set forth the terms of the notes offered hereby. We refer to the Senior Indenture and the Supplemental Indenture collectively in this section as the Indenture.

The following is a summary of the material provisions of the Indenture. This summary does not include all of the provisions of the Indenture. We urge you to read the Indenture because it defines your rights. The terms of the notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the TIA).

We will issue the notes in fully registered form in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. We and the Trustee have appointed Citibank, N.A., under a Paying Agency Agreement among us, the Trustee and Citibank, N.A., as Authenticating Agent, Calculation Agent, Paying Agent, Security Registrar and Transfer Agent, to initially act as Paying Agent and Security Registrar for the notes. The notes may be presented for registration of transfer and exchange at the offices of the Security Registrar. We may change any Paying Agent and Security Registrar without notice to holders of the notes (the Holders). We will pay principal (and premium, if any) on the notes at the Paying Agent's corporate office in New York, New York. At our option, interest may be paid at the Trustee's corporate trust office or by check mailed to the registered address of Holders.

Principal, Maturity and Interest

We will issue \$850,000,000 initial aggregate principal amount of the notes in this offering. The notes will mature on October 5, 2017. Interest on the notes will accrue at the rate of 2.000% per annum. Interest on the notes will be payable semiannually in arrears on each April 5 and October 5, commencing on April 5, 2013, to the persons who are registered Holders at the close of business on the March 20 and September 20, whether or not a business day, immediately preceding the applicable interest payment date.

Interest on the notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from and including the issue date. If any interest payment date, redemption date, repurchase date or maturity date falls on a day which is not a business day, payment of interest, principal and premium, if any, with respect to such notes will be made on the next business day with the same force and effect as if made on the due date and no interest on such payment will accrue from and after such due date. Interest will be computed on the basis of a 360-day year composed of twelve 30-day months.

We may from time to time without notice to, or the consent of, any Holder, create and issue additional series of notes under the Indenture. To the extent we do so, the separate series of notes will not vote together as a single series on any matters. We may also from time to time without notice to, or the consent of, any Holder, create and issue additional notes under the Indenture equal in rank and having the same terms as the notes offered hereby (or in all respects except for the payment of interest accruing prior to the issue date of such additional notes and, in some circumstances, except for the first payment of interest following the issue date of such additional notes) so that the additional notes may be consolidated and form a single series with the notes of the series offered hereby.

The notes will not be guaranteed by any of our subsidiaries. The notes will not be entitled to the benefit of any mandatory sinking fund.

Table of Contents

We will pay interest (including post-petition interest in any proceeding under any bankruptcy law) on overdue payments of the principal, purchase price and redemption price of the notes from time to time on demand at the rate then borne by the notes offered hereby; and will pay interest (including post-petition interest in any proceeding under any bankruptcy law) on overdue installments of interest, if any (without regard to any applicable grace periods), on the notes offered hereby from time to time on demand at the same rate to the extent lawful.

Ranking

The notes will be our unsecured senior obligations and will:

rank senior in right of payment to all of our future subordinated indebtedness;

rank equally in right of payment with all of our existing and future unsecured and unsubordinated indebtedness, including our 2013 Notes, 2015 Notes and all indebtedness under our syndicated credit facilities and our commercial paper program, which totaled approximately \$2.3 billion outstanding as of June 30, 2012 (as of June 30, 2012, approximately \$1.0 billion remained undrawn and available under our existing credit facilities, which amount may be drawn either by us or our subsidiaries);

be effectively subordinated in right of payment to all of our future secured indebtedness to the extent of the collateral securing such indebtedness; and

be effectively subordinated in right of payment to all existing and future indebtedness and other liabilities of our subsidiaries. As of June 30, 2012, the notes would have been effectively subordinated to approximately \$0.6 billion of obligations of our subsidiaries. Substantially all of our revenue is generated by, and substantially all of our assets are held by, our subsidiaries.

Payment of Additional Amounts

We will pay to any Holder (including, for purposes of this subsection, any beneficial owner) of any notes who is a Non-U.S. Person (as defined below) additional amounts as may be necessary so that every net payment of principal and interest on such Holder's notes, after deduction or withholding for or on account of any present or future tax, assessment or other governmental charge imposed upon that Holder by the United States or a political subdivision or any taxing authority thereof or therein, will not be less than the amount provided in such Holder's notes to be then due and payable. We will not be required, however, to make any payment of additional amounts for or on account of:

(a) any tax, assessment or other governmental charge that would not have been imposed but for (1) the existence of any present or former connection between that Holder, or between a fiduciary, settlor, beneficiary of, member or shareholder of, or possessor of a power over, that Holder, if that Holder is an estate, trust, partnership or corporation, and the United States including, without limitation, that Holder, or that fiduciary, settlor, beneficiary, member, shareholder or possessor, being or having been a citizen or resident or treated as a resident of the United States or being or having been engaged in trade or business or present in the United States or (2) the presentation of a debt security for payment on a date more than 30 days after the later of the date on which that payment becomes due and payable and the date on which payment is duly provided for;

(b) any estate, inheritance, gift, sales, transfer, excise, personal property or similar tax, assessment or other governmental charge;

Table of Contents

(c) any tax, assessment or other governmental charge imposed on foreign personal holding company income or by reason of that Holder's past or present status as a passive foreign investment company, a controlled foreign corporation or a personal holding company with respect to the United States or as a corporation that accumulates earnings to avoid United States federal income tax;

(d) any tax, assessment or other governmental charge which is payable otherwise than by withholding from payment of principal or interest on such Holder's notes;

(e) any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal or interest on any notes if that payment can be made without withholding by any other paying agent;

(f) any tax, assessment or other governmental charge which would not have been imposed but for the failure to comply with certification, information, documentation or other reporting requirements concerning the nationality, residence, identity or connections with the United States of any Holder of the notes, if such compliance is required by statute or by regulation of the U.S. Treasury Department as a precondition to relief or exemption from such tax, assessment or other governmental charge;

(g) any tax, assessment or other governmental charge imposed on interest received by (1) a 10% shareholder (as defined in Section 871(h)(3)(B) of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), and the regulations that may be promulgated thereunder) of us or (2) a controlled foreign corporation with respect to us within the meaning of the Code;

(h) any withholding or deduction that is imposed on a payment to an individual and is required to be made pursuant to European Union Directive 2003/48/EC relating to the taxation of savings adopted on June 3, 2003 by the European Union's Economic and Financial Affairs Council, or any law implementing or complying with, or introduced in order to conform to, such Directive; or

(i) any combination of items (a), (b), (c), (d), (e), (f), (g) and (h);

nor will we pay any additional amounts to any Holder of notes who is a fiduciary or partnership to the extent that a beneficiary or settlor with respect to that fiduciary, or a member of that partnership or a beneficial owner thereof would not have been entitled to the payment of those additional amounts had that beneficiary, settlor, member or beneficial owner been the Holder of those notes.

As used in the preceding paragraph, "Non-U.S. Person" means any corporation, partnership, individual or fiduciary that is, as to the United States, a foreign corporation, a non-resident alien individual who has not made a valid election to be treated as a United States resident, a non-resident fiduciary of a foreign estate or trust, or a foreign partnership, one or more of the members of which is, as to the United States, a foreign corporation, a non-resident alien individual or a non-resident fiduciary of a foreign estate or trust.

Redemption

Optional Redemption

At our option, we may redeem the notes, in whole or in part, at any time, on at least 30 days, but no more than 60 days, prior written notice mailed to the Holders of the notes to be redeemed (the "Optional Redemption Date"). Upon redemption of such notes, we will pay a redemption price as calculated by a Reference Treasury Dealer selected by us equal to the greater of:

(1) 100% of the principal amount of the notes to be redeemed; and

Table of Contents

(2) the sum of (a) the present values of the remaining scheduled payments of principal and interest on the notes to be redeemed (exclusive of interest accrued to the Optional Redemption Date) discounted to the Optional Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months), at the Adjusted Treasury Rate described below plus (b) 25 basis points,

plus accrued and unpaid interest to the Optional Redemption Date.

Adjusted Treasury Rate means, with respect to any date of redemption, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that date of redemption.

Comparable Treasury Issue means the United States Treasury security selected by a Reference Treasury Dealer selected by us as having a maturity comparable to the remaining term of the notes to be redeemed that would be used, at the time of selection and under customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes.

Comparable Treasury Price means, with respect to any date of redemption, the average of the Reference Treasury Dealer Quotations for that date of redemption, after excluding the highest and lowest Reference Treasury Dealer Quotations, or if the Calculation Agent is provided fewer than four Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations.

Reference Treasury Dealer means each of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc., J.P. Morgan Securities LLC, Morgan Stanley & Co. LLC and SG Americas Securities, LLC and their respective successors and any other primary U.S. government securities dealer in New York City we select. If any of the foregoing ceases to be a primary U.S. government securities dealer in New York City, we must substitute another primary U.S. government securities dealer in New York City.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any date of redemption, the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to us and the Trustee by the Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day before that date of redemption.

Redemption upon Tax Event

The notes may be redeemed at our option in whole, but not in part, on not more than 60 days and not less than 30 days prior written notice mailed to the registered address of each Holder of the notes (the Tax Redemption Date), at a redemption price equal to 100% of their principal amount (plus any accrued interest or additional amounts payable to the Tax Redemption Date with respect to such notes), if we determine that as a result of any change or amendment to the laws, treaties, regulations or rulings of the United States or any political subdivision or taxing authority thereof, or any proposed change in such laws, treaties, regulations or rulings, or any change in the official application, enforcement or interpretation of those laws, treaties, regulations or rulings, including a holding by a court of competent jurisdiction in the United States, or any other action, other than an action predicated on law generally known on or before the date of this prospectus supplement except for proposals before Congress before that date, taken by any taxing authority or a court of competent jurisdiction in the United States, or the official proposal of any action, whether or not such action or proposal was taken or made with respect to us, (A) we have or will become obligated to pay additional amounts as described under **Payment of Additional Amounts** above on any notes or (B) there is a substantial possibility that we will be required to pay those additional amounts. Prior to the mailing of any notice of such a redemption, we will deliver to the Trustee and the Paying Agent (1) an officers' certificate stating that we are entitled to effect such a redemption and setting forth a statement of facts showing that the conditions precedent to our right to so redeem have occurred and (2) an opinion of counsel to that effect based on that statement of facts.

Table of Contents

Deposit of Redemption Price

On and after the applicable redemption date, interest will cease to accrue on the notes or any portion of the notes called for redemption, unless we default in the payment of the redemption price, any additional amounts and accrued interest. On or before the applicable redemption date, we will deposit with a paying agent or the Trustee money sufficient to pay the applicable redemption price of, any additional amounts in respect of and accrued interest on, the notes to be redeemed on that date.

Selection and Notice of Redemption

In the event that we choose to redeem less than all of the notes, selection of the notes for redemption will be made by the Trustee in compliance with the requirements of the principal national securities exchange, if any, on which the notes are listed; or, if the notes are not so listed, on a *pro rata* basis, by lot or by such method as the Trustee shall deem fair and appropriate.

No notes of a principal amount of \$2,000 or less shall be redeemed in part. Notice of redemption will be mailed by first-class mail at least 30 but not more than 60 days before the applicable redemption date to each Holder of notes to be redeemed at its registered address. If any note is to be redeemed in part only, the notice of redemption that relates to such note shall state the portion of the principal amount thereof to be redeemed. A new note in principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original note. On and after the applicable redemption date, interest will cease to accrue on notes or portions thereof called for redemption as long as we have deposited with the Paying Agent funds in satisfaction of the applicable redemption price.

Repurchase Upon Change of Control Triggering Event

If a Change of Control Triggering Event (as defined below) occurs with respect to the notes, unless we have exercised our right to redeem the notes as described above, we will be required to make an offer to repurchase all or, at the Holder's option, any part (equal to \$2,000 or any integral multiple of \$1,000 in excess thereof) of each Holder's notes pursuant to the offer described below (the "Change of Control Offer").

In the Change of Control Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to, but not including, the date of purchase (the "Change of Control Payment").

Within 30 days following any Change of Control Triggering Event with respect to the notes, we will be required to mail a notice to Holders of notes, with a copy to the Trustee for the notes, describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice, which date will be no earlier than 30 and no later than 60 days from the date such notice is mailed (the "Change of Control Payment Date"), pursuant to the procedures required by the notes and described in such notice. We must comply with the requirements of applicable securities laws and regulations in connection with the repurchase of the notes as a result of a Change of Control Triggering Event.

On the Change of Control Payment Date, we will be required, to the extent lawful, to:

accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;

deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and

deliver or cause to be delivered to the Trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by us.

Table of Contents

The Paying Agent will be required to promptly mail, to each Holder who properly tendered notes, the purchase price for such notes, and the Trustee will be required to promptly authenticate and mail (or cause to be transferred by book entry) to each such Holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; provided that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

We will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all notes properly tendered and not withdrawn under its offer. In the event that such third party terminates or defaults its offer, we will be required to make a Change of Control Offer treating the date of such termination or default as though it were the date of the Change of Control Triggering Event.

For purposes of the repurchase provisions of the notes, the following terms will be applicable:

- (i) **Below Investment Grade Rating Event** means the notes are rated below an Investment Grade Rating by each of the Rating Agencies on any date during the period commencing 60 days prior to the date of the first public notice of an arrangement that could result in a Change of Control and ending at the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of the notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies); provided that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Holders of notes in writing at their request that the reduction was the result, in whole or in part, of any event or circumstance comprising or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event);
- (ii) **Change of Control** means the occurrence of any of the following: (1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of us and our Subsidiaries taken as a whole to any Person or group of related persons (a **Group**) for purposes of Section 13(d) of the Securities Exchange Act of 1934, as amended (the **Exchange Act**), other than us or one of our Subsidiaries; (2) the approval by the holders of our common stock of any plan or proposal for our liquidation or dissolution; (3) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any Person or Group becomes the beneficial owner, directly or indirectly, of more than 50% of the then outstanding number of shares of our voting stock; or (4) the first day on which a majority of the members of our Board of Directors are not Continuing Directors;
- (iii) **Change of Control Triggering Event** means the occurrence of both a Change of Control and a Below Investment Grade Rating Event occurring in respect of that Change of Control;
- (iv) **Continuing Directors** means, as of any date of determination, any member of our Board of Directors who (1) was a member of our Board of Directors on the date of the issuance of the notes; or (2) was nominated for election or elected to our Board of Directors with the approval of a majority of the Continuing Directors who were members of our Board of Directors at the time of such nomination or election (either by a specific vote or by approval of the NYSE Euronext proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination);

Table of Contents

- (v) **Investment Grade Rating** means a rating equal to or higher than Baa3 (or the equivalent) by Moody's and BBB- (or the equivalent) by S&P;
- (vi) **Moody's** means Moody's Investors Service, Inc.;
- (vii) **Person** means any individual, firm, corporation, partnership, association, joint venture, tribunal, trust, government or political subdivision or agency or instrumentality thereof, or any other entity or organization and includes a **person** as used in Section 13(d)(3) of the Exchange Act;
- (viii) **Rating Agencies** means (1) each of Moody's and S&P; and (2) if any of Moody's or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, that we select (as certified by an executive officer of ours) as a replacement agency for Moody's or S&P, or both of them, as the case may be; and
- (ix) **S&P** means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc.

Certain Covenants

The Indenture will contain, among others, the following covenants:

Limitations on Liens

We may not, and may not permit any of our Significant Subsidiaries (as defined below) to, create or permit to exist any lien on any Principal Property (as defined below) of ours or any of our Significant Subsidiaries (or any stock or Indebtedness of a Significant Subsidiary), whether owned on the date of issuance of the notes or thereafter acquired, to secure any Indebtedness, unless we contemporaneously secure the notes equally and ratably with (or prior to) that obligation.

Lien means any lien, mortgage, deed of trust, hypothecation, pledge, security interest, charge or encumbrance of any kind.

Indebtedness means any indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures, debenture stock, loan stock or other securities or any borrowed money or any liability under or in respect of any acceptance or acceptance credit.

We will not, however, be required to secure the notes if the lien consists of permitted liens.

Under the Indenture, **permitted liens** of any person are defined as

- (a) liens imposed by law or any governmental authority for taxes, assessments or charges that are not yet due or are being contested in good faith by appropriate proceedings or for commitments that have not been violated;
- (b) carriers', warehousemen's, mechanics', materialmen's, repairmen's and similar liens imposed by law, arising in the ordinary course of business and securing obligations that are not overdue by more than 30 days or where the validity or amount thereof is being contested in good faith by appropriate proceedings;
- (c) pledges and deposits made in compliance with workers' compensation, unemployment insurance and other social security laws or regulations;
- (d) deposits to secure the performance of bids, trade contracts, leases, statutory obligations, surety and appeal bonds, performance bonds and other obligations of a like nature, in each case in the ordinary course of business;

Table of Contents

(e) judgment liens in respect of judgments that do not constitute an event of default under the Indenture;

(f) liens resulting in the ordinary course of the operations of us or any Significant Subsidiary relating to clearing or settlement activities, provided that at any time the aggregate amount of any such given lien does not exceed the aggregate amount of deposits of cash or securities received from third parties by us or any Significant Subsidiary in the ordinary course of operations relating to clearing or settlement activities;

(g) liens on (1) any property or asset prior to the acquisition thereof, provided that such lien may only extend to such property or asset, or (2) property of a Significant Subsidiary where (A) such Significant Subsidiary becomes a Subsidiary after the date of this prospectus supplement, (B) the lien exists at the time such Significant Subsidiary becomes a Subsidiary, (C) the lien was not created in contemplation of such Significant Subsidiary becoming a Subsidiary, and (D) the principal amount secured by the lien at the time such Significant Subsidiary becomes a Subsidiary is not subsequently increased or extended to any other assets other than those owned by the entity becoming a Subsidiary;

(h) any lien existing on the date of this prospectus supplement;

(i) liens upon real and/or tangible personal property acquired after the date of this prospectus supplement (by purchase, construction or otherwise) by us or any Significant Subsidiary, each of which liens was created for the purpose of securing Indebtedness representing, or incurred to finance, refinance or refund, the cost (including the cost of construction or improvement) of such property; provided that no such lien shall extend to or cover any property other than the property so acquired and improvements thereon;

(j) liens in favor of us or any Subsidiary;

(k) liens arising from the sale of accounts receivable for which fair equivalent value is received;

(l) any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part, of any liens referred to in the foregoing clauses (g), (h) and (i); provided that the principal amount of Indebtedness secured thereby and not otherwise authorized as a permitted lien shall not exceed the principal amount of Indebtedness, plus any premium or fee payable in connection with any such extension, renewal or replacement, so secured at the time of such extension, renewal or replacement;

(m) liens securing our obligations or those of any Subsidiary of ours in respect of any swap agreements entered into in the ordinary course of business and for non-speculative purposes;

(n) easements, zoning restrictions, minor title imperfections, restrictions on use, rights of way and similar encumbrances on real property imposed by law or arising in the ordinary course of business that do not secure any monetary obligations and do not materially detract from the value of the affected property or interfere with the ordinary conduct of our business or that of any Subsidiary of ours;

(o) liens on cash or securities received from third parties by us and our Subsidiaries in the ordinary course of clearing, depository and settlement operations that are granted to secure obligations incurred by us or any Subsidiary in the ordinary course of clearing, depository and settlement operations; provided that at any time the aggregate amount of obligations secured by such liens incurred pursuant to this clause (o) do not exceed the aggregate amount of such cash or securities; and

(p) liens on securities sold by us or any Subsidiary in repurchase agreements, reverse repurchase agreements, sell buy back and buy sell back agreements, securities lending and borrowing agreements and any other similar agreement or transaction entered into in the ordinary course of clearing, depository and settlement operations or in the management of liabilities.

Significant Subsidiary, with respect to any person, means any Subsidiary of such person that satisfies the criteria for a significant subsidiary set forth in Rule I-02(w) of Regulation S-X under the Exchange Act.

Principal Property means the land, improvements, buildings, fixtures and equipment (including any leasehold interest therein) constituting a corporate office, facility or other asset which is owned or leased by us or any of our Significant Subsidiaries unless our Board of Directors has determined in good faith that such office or facility is not of material importance to the total business conducted by us and our Significant Subsidiaries taken

Table of Contents

as a whole. With respect to any Sale and Lease-Back Transaction (as defined below) or series of related Sale and Lease-Back Transactions, the determination of whether any property is a Principal Property shall be determined by reference to all properties affected by such transaction or series of transactions.

Subsidiary means any corporation, limited liability company or other similar type of business entity in which we and/or one or more of our Subsidiaries together own more than 50% of the total voting power of shares of capital stock entitled (without regard to the occurrence of any contingency) to vote in the election of the board of directors or similar governing body of such corporation, limited liability company or other similar type of business entity, directly or indirectly.

Limitation on Sale and Lease-Back Transactions

We will not, nor will we permit any of our Significant Subsidiaries to, enter into any Sale and Lease-Back Transaction with respect to any Principal Property, other than any such Sale and Lease-Back Transaction involving a lease for a term of not more than three years or any such Sale and Lease-Back Transaction between us and one of our Subsidiaries or between our Subsidiaries, unless: (a) we or such Significant Subsidiary would be entitled to incur Indebtedness secured by a lien on the Principal Property involved in such Sale and Lease-Back Transaction at least equal in amount to the Attributable Debt with respect to such Sale and Lease-Back Transaction, without equally and ratably securing the notes, pursuant to the covenant described above under the caption *Limitations on Liens*; or (b) the proceeds of such Sale and Lease-Back Transaction are at least equal to the fair market value of the affected Principal Property (as determined in good faith by our Board of Directors) and we apply an amount equal to the net proceeds of such Sale and Lease-Back Transaction within 365 days of such Sale and Lease-Back Transaction to any (or a combination) of (i) the prepayment or retirement of the notes, (ii) the prepayment or retirement (other than any mandatory retirement, mandatory prepayment or sinking fund payment or by payment at maturity) of other Indebtedness of us or of one of our Subsidiaries (other than Indebtedness that is subordinated to the notes or Indebtedness owed to us or one of our Subsidiaries) that matures more than 12 months after its creation or (iii) the purchase, construction, development, expansion or improvement of other comparable property.

Sale and Lease-Back Transaction means any arrangement with any person providing for the leasing by us or any of our Significant Subsidiaries of any Principal Property, whether now owned or hereafter acquired, which Principal Property has been or is to be sold or transferred by us or such Significant Subsidiary to such person.

Attributable Debt with regard to a Sale and Lease-Back Transaction with respect to any Principal Property means, at the time of determination, the present value of the total net amount of rent required to be paid under such lease during the remaining term thereof (including any period for which such lease has been extended), discounted at the rate of interest set forth or implicit in the terms of such lease (or, if not practicable to determine such rate, the weighted average interest rate per annum borne by the securities of all series then outstanding under the Indenture) compounded semi-annually. In the case of any lease which is terminable by the lessee upon the payment of a penalty, such net amount shall be the lesser of (x) the net amount determined assuming termination upon the first date such lease may be terminated (in which case the net amount shall also include the amount of the penalty, but shall not include any rent that would be required to be paid under such lease subsequent to the first date upon which it may be so terminated) or (y) the net amount determined assuming no such termination.

Limitation on Mergers and Other Transactions

We are generally permitted to consolidate or amalgamate with or merge into another company. We are also permitted to convey, transfer or lease all or substantially all of our assets to another company. However, we may not take any of these actions unless we certify to the Trustee that both of the following conditions are met:

the successor company (if any) is organized under the laws of any U.S. jurisdiction and it expressly assumes our obligations on the notes; and

immediately after giving effect to the transaction, no Event of Default (and no event which, after notice or lapse of time or both, would become an Event of Default) shall have happened and be continuing.

Table of Contents

Reports to Holders

The Indenture provides that any document or report that we are required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act will be filed with the Trustee within 15 days after such document or report is filed with the SEC.

Events of Default

The following events will be defined in the Indenture as Events of Default with respect to the notes:

(1) the failure to pay interest or additional amounts on any note when the same becomes due and payable and the default continues for a period of 30 days;

(2) the failure to pay the principal (or premium, if any) of any note, when such principal becomes due and payable, at maturity, upon acceleration, upon redemption or otherwise (including the failure to make a payment to purchase notes tendered pursuant to a Change of Control Offer);

(3) a default in the performance, or breach, of our obligations under the Certain Covenants Limitation on Mergers and Other Transactions covenant described above;

(4) a default in the performance or breach of any other covenant or warranty contained in the Indenture which default continues for a period of 60 days after we receive written notice specifying the default (and demanding that such default be remedied) from the Trustee or the Holders of at least 25% of the outstanding principal amount of the notes;

(5) a default on any indebtedness of ours or of a Significant Subsidiary having an aggregate amount of at least \$100,000,000, constituting a default either of payment of principal or which results in acceleration of the indebtedness, and after we have been notified of the default by the Trustee or Holders of 25% in principal amount of the series we do not cure the default within 10 days;

(6) one or more final judgments for the payment of money in an aggregate amount in excess of \$100,000,000 above available insurance coverage shall be rendered against us or any Significant Subsidiary and the same shall remain undischarged for a period of 30 consecutive days during which execution shall not be effectively stayed, but only if such judgment is an event of default at that time under any of our credit facilities in place on the date hereof (the Existing Facilities) or any credit facility that we enter into to replace an Existing Facility at its maturity or otherwise; and

(7) certain events of bankruptcy or insolvency (or involving equivalent concepts applicable outside the United States) affecting us or our Significant Subsidiaries;

If an Event of Default (other than an Event of Default specified in clause (7)) shall occur and be continuing, the Trustee or the Holders of at least 25% of the principal amount of the notes may declare the principal of and accrued interest on all notes to be due and payable by notice in writing to us and the Trustee.

If an Event of Default specified in clause (7) above occurs and is continuing, then all unpaid principal of and premium, if any, and accrued and unpaid interest on all notes shall automatically become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holder.

The Indenture will provide that at any time after a declaration of acceleration with respect to the notes as described in the second preceding paragraph has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee, the Holders of a majority in principal amount of the notes, by written notice to us and the Trustee, may rescind and annul such declaration and its consequences if:

(1) we have paid or deposited with the Trustee a sum sufficient to pay

(a) all overdue interest on the notes,

Table of Contents

(b) the principal of (and premium, if any, on) the notes which have become due otherwise than by such declaration of acceleration and any interest thereon, and

(c) all sums paid or advanced by the Trustee as a result and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel; and

(2) all Events of Default, other than the non-payment of the principal, which have become due solely by such declaration of acceleration have been cured or waived.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

Full Defeasance

If there is a change in federal tax law, as described below, we can legally release ourselves from any payment or other obligations on the notes, called full defeasance, if we put in place the following other arrangements for you to be repaid:

We must deposit in trust for the benefit of the Holders a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the notes on their various due dates.

There must be a change in current federal tax law or an Internal Revenue Service (IRS) ruling that lets us make the above deposit without causing Holders to be taxed on the notes any differently than if we did not make the deposit and just repaid the notes ourselves.

We must deliver to the Trustee a legal opinion of our counsel confirming the tax law change described above.

If we accomplish full defeasance, as described above, Holders would have to rely solely on the trust deposit for repayment on the notes. Holders could not look to us for repayment in the event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever become bankrupt or insolvent.

We will indemnify the Trustee against any tax, fee or other charge imposed on the U.S. government obligations we deposited with the Trustee or against the principal and interest received on these obligations.

Covenant Defeasance

Under current federal tax law, we can make the same type of deposit described above and be released from some of the restrictive covenants in the notes. This is called covenant defeasance. In that event, Holders would lose the protection of those restrictive covenants but would gain the protection of having money and notes set aside in trust to repay the notes. In order to achieve covenant defeasance, we must do the following:

We must deposit in trust for the benefit of Holders a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the notes on their various due dates.

We must deliver to the Trustee a legal opinion of our counsel confirming that under current federal income tax law we may make the above deposit without causing Holders to be taxed on the notes any differently than if we did not make the deposit and just repaid the notes ourselves.

If we accomplish covenant defeasance, the following provisions of the Indenture and the notes would no longer apply:

Any covenants applicable to the notes described in this prospectus supplement and the accompanying prospectus.

The Events of Default relating to breach of covenants and acceleration of the maturity of other debt.

If we accomplish covenant defeasance, Holders can still look to us for repayment of the notes if a shortfall in the trust deposit occurs. In fact, if one of the remaining Events of Default occurred (such as our bankruptcy) and the notes become immediately due and payable, there may be such a shortfall. Depending on the event causing the default, Holders may not be able to obtain payment of the shortfall.

Satisfaction and Discharge

The Indenture will at our request be discharged and will cease to be of further effect (except as to surviving rights or registration of transfer or exchange of the notes, as expressly provided for in the Indenture) as to all outstanding notes, when:

(1) either:

(A) all notes theretofore authenticated and delivered (except lost, stolen or destroyed notes which have been replaced or paid and notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by us and thereafter repaid to us or discharged from such trust) have been delivered to the Trustee for cancellation; or

(B) all notes not theretofore delivered to the Trustee for cancellation (1) have become due and payable or (2) will become due and payable at their stated maturity within one year, or are to be called for redemption within one year, under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in our name, and at our expense, and we have deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire indebtedness on the notes not theretofore delivered to the Trustee for cancellation, for principal and any premium and interest to the date (in the case of notes that have become due and payable) or to the maturity date or redemption date, as the case may be;

(2) we have paid all other sums payable under the Indenture by us; and

(3) we have delivered to the Trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

Modification of the Indenture and Waiver of Rights of Holders

Under certain circumstances, we can make changes to the Indenture and the notes. Some types of changes require the approval of each Holder of notes affected, some require approval by a vote of a majority of the Holders of the notes, and some changes do not require any approval at all.

Changes Requiring Approval of Each Affected Holder

First, there are changes that cannot be made to the notes without specific approval of each Holder of notes affected. These include changes that:

- (1) reduce the percentage of Holders of notes who must consent to a waiver or amendment of the Indenture;
- (2) reduce the rate of interest on any note or change the time for payment of interest;
- (3) reduce the principal or premium due on the notes or change the stated maturity date of the notes;
- (4) change the place or currency of payment on a note;
- (5) change the right of Holders of notes to waive an existing default by majority vote;

Table of Contents

- (6) modify the provisions of the Indenture with respect to the ranking of the notes in a manner adverse to Holders;
- (7) impair Holders' right to sue for payment; or
- (8) make any change to this list of changes that requires each affected Holder's specific approval.

Changes Requiring a Majority Vote

The second type of change to the Indenture and the notes requires a vote in favor by Holders owning a majority of the principal amount of the notes. Most changes fall into this category, except for clarifying changes and certain other specified changes that would not adversely affect Holders of the notes in any material respect. A majority vote is required to waive any past default, except a failure to pay principal or interest and default in the certain covenants and provisions of the Indenture that cannot be amended without the consent of the Holder of each note.

Governing Law

The Indenture will provide that it and the notes will be governed by, and construed in accordance with, the laws of the State of New York.

The Trustee

The Indenture will provide that, except during the continuance of an Event of Default of which a responsible officer of the Trustee shall have actual knowledge, the Trustee will perform only such duties as are specifically set forth in the Indenture. During the existence of an Event of Default of which a responsible officer of the Trustee shall have actual knowledge, the Trustee will exercise such rights and powers vested in it by the Indenture, and use the same degree of care and skill in its exercise as a prudent person would exercise or use under the circumstances in the conduct of its own affairs.

The Indenture and the provisions of the TIA contain certain limitations on the rights of the Trustee, should it become a creditor of us, to obtain payments of claims in certain cases or to realize on certain property received in respect of any such claim as security or otherwise. Subject to the TIA, the Trustee will be permitted to engage in other transactions; provided that if the Trustee acquires any conflicting interest as described in the TIA, it must eliminate such conflict or resign.

Book-Entry Settlement

We will issue the notes in the form of one or more permanent global notes in definitive, fully registered, book-entry form. The global notes will be deposited with or on behalf of DTC and registered in the name of Cede & Co., as nominee of DTC, or will remain in the custody of the Trustee in accordance with arrangements between DTC and the Trustee.

If you wish to hold notes through the DTC system, you must either be a direct participant in DTC or hold through a direct participant in DTC. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations that have accounts with DTC. For those holders of notes outside the United States, Euroclear and Clearstream (both described below) participate in DTC through their New York depositaries (each, a U.S. Depositary). Indirect participants are securities brokers and dealers, banks and trust companies that do not have an account with DTC, but that clear through or maintain a custodial relationship with a direct participant. Thus, indirect participants have access to the DTC system through direct participants or through other indirect participants that have access through direct participants.

Table of Contents

DTC may grant proxies or authorize its participants (or persons holding beneficial interests in the global notes through these participants) to exercise any rights of a holder or take any other actions that a holder is entitled to take under the Indenture or the notes. The ability of Euroclear or Clearstream to take actions as a holder of the notes under the Indenture will be limited by the ability of their respective U.S. Depositories to carry out such actions for them through DTC. Euroclear and Clearstream will take such actions only in accordance with their respective rules and procedures.

The information in this section, including the subsections below, concerning DTC, Euroclear and Clearstream and their book-entry systems has been obtained from sources we believe to be reliable, but we make no representation or warranty with respect to this information. DTC, Euroclear and Clearstream are under no obligation to perform or continue to perform the procedures described below, and they may modify or discontinue them at any time. We and the Trustee will not be responsible for DTC's, Euroclear's or Clearstream's performance of their obligations under their rules and procedures, or for the performance by direct or indirect participants of their obligations under the rules and procedures of the clearance systems.

Transfers within DTC, Euroclear and Clearstream will be in accordance with the usual rules and operating procedures of the relevant system. Cross-market transfers between investors who hold or who will hold any notes through DTC and investors who hold or will hold any notes through Euroclear or Clearstream will be effected in DTC through the respective U.S. Depositories of Euroclear and Clearstream.

So long as DTC or its nominee is the registered owner of a global note, DTC or that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the Indenture and under the notes. Except as provided below, owners of beneficial interests in a global note will not be entitled to have notes represented by that global note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes and will not be considered the owners or holders thereof under the Indenture or under the notes for any purpose, including with respect to the giving of any direction, instruction or approval to the Trustee. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of notes under the Indenture or the global note.

Neither we nor the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of the notes by DTC, or for maintaining, supervising or reviewing any records of DTC relating to the notes.

Payments on the notes represented by the global notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. We expect that DTC or its nominee, upon receipt of any payment on the notes represented by a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the global note as shown in the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global note held through such participants will be governed by standing instructions and customary practice as is now the case with notes held for the accounts of customers registered in the names of nominees for such customers. The participants will be responsible for those payments.

The laws of some states require certain purchasers of notes to take physical delivery of the notes in definitive form. These laws may impair your ability to transfer beneficial interests in the global note or notes to such purchasers. DTC can act only on behalf of its direct participants, who in turn act on behalf of indirect participants and certain banks. Thus, your ability to pledge a beneficial interest in the global note or notes to persons that do not participate in the DTC system, and to take other actions, may be limited because you will not possess a physical certificate that represents your interest.

The Depository Trust Company

DTC has advised us as follows:

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under Section 17A of the Exchange Act;

DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates;

direct participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and other organizations;

DTC is owned by a number of its direct participants and by NYSE Euronext and the Financial Industry Regulatory Authority, Inc.;

access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly; and

the rules applicable to DTC and its participants are on file with the SEC.

Transfers between participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures. Subject to compliance with the transfer restrictions applicable to the notes described herein, cross-market transfers between the participants in DTC, on the one hand, and Euroclear and Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective U.S. Depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the U.S. Depositories for Euroclear or Clearstream.

Clearstream

Clearstream advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations (Clearstream Participants) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream, Luxembourg provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies,

Table of Contents

clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions with respect to interests in the notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

Euroclear

Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear (Euroclear Participants) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the Euroclear Operator). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System (the Euroclear Terms and Conditions) and applicable Belgian law govern securities clearance accounts and cash accounts with the Euroclear Operator. Specifically, these terms and conditions govern:

transfers of securities and cash within Euroclear;

withdrawal of securities and cash from Euroclear; and

receipt of payments with respect to securities in Euroclear.

All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the terms and conditions only on behalf of Euroclear Participants and has no record of or relationship with persons holding securities through Euroclear Participants.

Distributions with respect to interests in the notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Euroclear Terms and Conditions, to the extent received by the U.S. Depository for the Euroclear Operator.

Certificated Notes

We will issue certificated notes to each person that DTC identifies as the beneficial owner of the notes represented by the global notes upon surrender by DTC of the global notes only if:

DTC notifies us that it is no longer willing or able to act as a depository for the global notes, and we have not appointed a successor depository within 90 days of that notice; or

an Event of Default has occurred and is continuing and a holder of notes requests the issuance of certificated notes.

Neither we nor the Trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the related notes. We and the Trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the notes to be issued.

Table of Contents

U.S. FEDERAL INCOME TAX CONSEQUENCES

The following are the material U.S. federal income tax consequences of owning and disposing of notes purchased in this offering at the issue price, which we assume will be the price indicated on the cover of this prospectus supplement, and held as capital assets for U.S. federal income tax purposes.

This discussion does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including alternative minimum tax consequences, application of Medicare contribution tax and other special tax consequences applicable to you if you are, for instance:

a financial institution;

a regulated investment company;

a dealer or trader in securities;

holding notes as part of a straddle or integrated transaction;

a U.S. Holder (as defined below) whose functional currency is not the U.S. dollar;

a partnership for U.S. federal income tax purposes; or

a tax-exempt entity.

If you are a partnership for U.S. federal income tax purposes, the U.S. federal income tax treatment of your partners will generally depend on the status of the partners and your activities.

This summary is based on the Code, as amended to the date hereof, administrative pronouncements, judicial decisions and final, temporary and proposed Treasury regulations, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein. This summary does not address any U.S. federal tax consequences other than income tax consequences, such as estate and gift tax consequences. If you are considering the purchase of notes, you should consult your tax advisor with regard to the application of the U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax Consequences to U.S. Holders

You are a U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a note that is:

a citizen or individual resident of the United States;

a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state therein or the District of Columbia; or

Edgar Filing: NYSE Euronext - Form 424B2

an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

Payments of Interest

Stated interest paid on a note will be taxable to you as ordinary interest income at the time it accrues or is received, in accordance with your method of accounting for U.S. federal income tax purposes. It is expected, and this discussion assumes, that the notes will be issued without original issue discount for U.S. federal income tax purposes.

S-26

Table of Contents

Certain Additional Payments

We will be required to make payments in excess of the stated interest and principal payable on the notes if we repurchase all or a portion of the notes upon the occurrence of a Change of Control Triggering Event, as described under *Description of the Notes* *Repurchase Upon Change of Control Triggering Event*. We intend to take the position that the possibility of such payments does not result in the notes being treated as contingent payment debt instruments under the applicable Treasury Regulations. Our position is not binding on the IRS. If the IRS takes a position contrary to that described above, you may be required to accrue interest income based upon a comparable yield (as defined in the Treasury Regulations) determined at the time of issuance of the notes (which is not expected to differ significantly from the actual yield on the notes), with adjustments to such accruals when any contingent payments are made that differ from the payments based on the comparable yield. In addition, any income on the sale, exchange, retirement or other taxable disposition of the notes would be treated as ordinary income rather than as capital gain. You should consult your tax advisor regarding the tax consequences if the notes were treated as contingent payment debt instruments. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Sale or Other Taxable Disposition of the Notes

Upon the sale or other taxable disposition of a note, you will recognize taxable gain or loss equal to the difference between the amount realized on the sale or other taxable disposition and your adjusted tax basis in the note. Your adjusted tax basis in a note will generally equal the cost of your note. For these purposes, the amount realized does not include any amount attributable to accrued interest, which is treated as described under *Payments of Interest* above.

Gain or loss realized on the sale or other taxable disposition of a note will generally be capital gain or loss and will be long-term capital gain or loss if at the time of the sale or other taxable disposition the note has been held for more than one year. Long-term capital gains recognized by non-corporate taxpayers are subject to reduced tax rates. The deductibility of capital losses is subject to limitations.

Backup Withholding and Information Reporting

Information returns are required to be filed with the IRS in connection with payments on the notes and proceeds received from a sale or other disposition of the notes unless you are an exempt recipient. You may also be subject to backup withholding on these payments unless you provide your taxpayer identification number and otherwise comply with applicable requirements of the backup withholding rules or you provide proof of an applicable exemption. Amounts withheld under the backup withholding rules are not additional taxes and may be refunded or credited against your U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Tax Consequences to Non-U.S. Holders

You are a Non-U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a note that is:

a nonresident alien individual;

a foreign corporation; or

a foreign estate or trust.

You are not a Non-U.S. Holder if you are a nonresident alien individual present in the United States for 183 days or more in the taxable year of disposition, or if you are a former citizen or former resident of the United States, in which case you should consult your tax advisor regarding the U.S. federal income tax consequences of owning or disposing of a note.

Table of Contents

Payments on the Notes

Payments of principal and interest on the notes by NYSE Euronext or any paying agent to you will not be subject to U.S. federal income or withholding tax, provided that, in the case of interest,

you do not own, actually or constructively, 10% or more of the total combined voting power of all classes of stock of NYSE Euronext entitled to vote;

you certify on a properly executed IRS Form W-8BEN, under penalties of perjury, that you are not a United States person; and

it is not effectively connected with your conduct of a trade or business in the United States as described below.

If you do not satisfy one of the first two requirements described above and interest on the notes is not effectively connected with your conduct of a trade or business in the United States as described below, payments of interest on the notes will be subject to withholding tax at a rate of 30%, subject to an applicable treaty providing otherwise.

Sale or Other Taxable Disposition of the Notes

You will not be subject to U.S. federal income or withholding tax on gain realized on a sale, redemption or other taxable disposition of notes, unless the gain is effectively connected with your conduct of a trade or business in the United States as described below, provided however that any amounts attributable to accrued interest will be treated as described above under *Payments on the Notes*.

Effectively Connected Income

If interest or gain on a note is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment or fixed base maintained by you), you will generally be taxed in the same manner as a U.S. Holder (see *Tax Consequences to U.S. Holders* above). In this case, you will be exempt from the withholding tax on interest discussed above, although you will be required to provide a properly executed IRS Form W-8ECI in order to claim an exemption from withholding. You should consult your tax advisor with respect to other U.S. tax consequences of the ownership and disposition of notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate) if you are a corporation.

Backup Withholding and Information Reporting

Information returns are required to be filed with the IRS in connection with payments of interest on the notes. Unless you comply with certification procedures to establish that you are not a United States person, information returns may also be filed with the IRS in connection with the proceeds from a sale or other disposition of a note. You may be subject to backup withholding on payments on the notes, or on the proceeds from a sale or other disposition of the notes, unless you comply with certification procedures to establish that you are not a United States person or otherwise establish an exemption. The certification procedures required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid backup withholding as well. The amount of any backup withholding from a payment to you will be allowed as a credit against your U.S. federal income tax liability, if any, and may entitle you to a refund, provided that the required information is timely furnished to the IRS.

Table of Contents**UNDERWRITING**

Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc., J.P. Morgan Securities LLC, Morgan Stanley & Co. LLC and SG Americas Securities, LLC are acting as representatives of each of the underwriters named below. Subject to the terms and conditions set forth in a firm commitment underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase from us, the principal amount of notes set forth opposite its name below.

Underwriter	Principal Amount of Notes
Merrill Lynch, Pierce, Fenner & Smith Incorporated	\$ 191,250,000
Citigroup Global Markets Inc.	191,250,000
J.P. Morgan Securities LLC	191,250,000
Morgan Stanley & Co. LLC	191,250,000
SG Americas Securities, LLC	85,000,000
Total	\$ 850,000,000

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the notes sold under the underwriting agreement if any of these notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters, their affiliates, their selling agents and their controlling persons against certain liabilities in connection with this offering, including liabilities under the Securities Act of 1933, as amended (the Securities Act), or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The representatives have advised us that the underwriters propose initially to offer the notes to the public at the public offering price set forth on the cover page of this prospectus supplement and to certain dealers at such price less a concession not in excess of 0.20% of the principal amount of the notes. The underwriters may allow, and such dealers may reallocate, a concession not in excess of 0.10% of the principal amount of the notes to certain other dealers. After the initial offering, the public offering price, concession or any other term of the offering may be changed.

The expenses of the offering, not including the underwriting discount, are estimated at \$1,500,000 and are payable by us.

New Issue of Notes

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for inclusion of the notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the

Table of Contents

notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected. If the notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

No Sales of Similar Securities

During a period of 30 days from the date of the final prospectus supplement related to this offering, we will not, without the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc., J.P. Morgan Securities LLC, Morgan Stanley & Co. LLC and SG Americas Securities, LLC directly or indirectly, issue, sell, offer or contract to sell, grant any option for the sale of, or otherwise transfer or dispose of, any debt securities of ours (with the exception of issuances under our existing commercial paper program).

Short Positions

In connection with the offering, the underwriters may purchase and sell the notes in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of notes than they are required to purchase in the offering. The underwriters must close out any short position by purchasing notes in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the notes in the open market after pricing that could adversely affect investors who purchase in the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

T+4 Settlement

We expect that delivery of the notes will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which will be the fourth business day following the date of pricing of the notes (this settlement cycle being referred to as T+4). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade on the date of the pricing will be required, by virtue of the fact that the notes initially will settle in T+4, to specify an alternative settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisor.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. Affiliates of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc., J.P. Morgan Securities LLC, Morgan Stanley & Co. LLC and SG Americas Securities, LLC are lenders under our credit facilities. In addition,

Table of Contents

affiliates of each of the underwriters are NYSE member organizations, and parents or affiliates of the underwriters are NYSE listed companies which pay listing and related fees to us. Certain of the underwriters and their affiliates are dealers with respect to our commercial paper program.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Notice to Prospective Investors in the European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) no offer of notes may be made to the public in that Relevant Member State other than:

- A. to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- B. to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives; or
- C. in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of notes shall require us or the representatives to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

This prospectus supplement and the accompanying prospectus have been prepared on the basis that any offer of notes in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. Accordingly any person making or intending to make an offer in that Relevant Member State of notes which are the subject of the offering contemplated in this prospectus supplement and the accompanying prospectus may only do so in circumstances in which no obligation arises for us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither we nor the underwriters have authorized, nor do they authorize, the making of any offer of notes in circumstances in which an obligation arises for us or the underwriters to publish a prospectus for such offer.

For the purpose of the above provisions, the expression an offer to the public in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe

the notes, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression "Prospectus Directive" means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Notice to Prospective Investors in the United Kingdom

In addition, in the United Kingdom, this document is being distributed only to, and is directed only at, and any offer subsequently made may only be directed at persons who are "qualified investors" (as defined in the Prospectus Directive) (i) who are investment professionals falling within Article 19 (5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the "Order") and/or (ii) who are high net worth entities (or persons to whom it may otherwise be lawfully communicated) falling within Article 49(2)(a) to (d) of the Order (all such persons together being referred to as "relevant persons"). This document must not be acted on or relied on in the United Kingdom by persons who are not relevant persons. In the United Kingdom, any investment or investment activity to which this document relates is only available to, and will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on this document or any of its contents.

Notice to Prospective Investors in Switzerland

This prospectus supplement and the accompanying prospectus do not constitute an issue prospectus pursuant to Article 652a or Article 1156 of the Swiss Code of Obligations and the notes will not be listed on the SIX Swiss Exchange. Therefore, this prospectus supplement and the accompanying prospectus may not comply with the disclosure standards of the listing rules (including any additional listing rules or prospectus schemes) of the SIX Swiss Exchange. Accordingly, the notes may not be offered to the public in or from Switzerland, but only to a selected and limited circle of investors who do not subscribe to the notes with a view to distribution. Any such investors will be individually approached by the underwriters from time to time.

Notice to Prospective Investors in the Dubai International Financial Centre

This prospectus supplement and the accompanying prospectus relate to an Exempt Offer in accordance with the Offered Securities Rules of the Dubai Financial Services Authority ("DFSA"). This prospectus supplement and the accompanying prospectus are intended for distribution only to persons of a type specified in the Offered Securities Rules of the DFSA. It must not be delivered to, or relied on by, any other person. The DFSA has no responsibility for reviewing or verifying any documents in connection with Exempt Offers. The DFSA has not approved this prospectus supplement and the accompanying prospectus nor taken steps to verify the information set forth herein or therein and has no responsibility for this prospectus supplement and the accompanying prospectus. The notes to which this prospectus supplement and the accompanying prospectus relate may be illiquid and/or subject to restrictions on their resale. Prospective purchasers of the notes offered should conduct their own due diligence on the notes. If you do not understand the contents of this prospectus supplement and the accompanying prospectus you should consult an authorized financial advisor.

Notice to Prospective Investors in Japan

The notes offered by this prospectus supplement have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the "FIEA"). The notes offered by this prospectus supplement may not be offered or sold, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Notice to Prospective Investors in Hong Kong

Kong), or (ii) to professional investors within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a prospectus within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

Notice to Prospective Investors in Singapore

This prospectus supplement has not been registered as a prospectus with the Monetary Authority of Singapore, and the notes will be offered pursuant to exemptions under the Securities and Futures Act, Chapter 289 of Singapore (the Securities and Futures Act). Accordingly, the notes may not be offered or sold or made the subject of an invitation for subscription or purchase nor may this prospectus supplement or any other document or material in connection with the offer or sale or invitation for subscription or purchase of the notes be circulated or distributed, whether directly or indirectly, to any person in Singapore other than (a) to an institutional investor pursuant to Section 274 of the Securities and Futures Act, (b) to a relevant person under Section 275(1) of the Securities and Futures Act or to any person pursuant to Section 275(1A) of the Securities and Futures Act and in accordance with the conditions specified in Section 275 of the Securities and Futures Act, or (c) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the Securities and Futures Act.

Where the notes are subscribed or purchased under Section 275 of the Securities and Futures Act by a relevant person which is: (a) a corporation (which is not an accredited investor (as defined in Section 4A of the Securities and Futures Act)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an individual who is an accredited investor, securities (as defined in Section 239(1) of the Securities and Futures Act) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the notes pursuant to an offer under Section 275 of the Securities and Futures Act except: (i) to an institutional investor or to a relevant person defined in Section 275(2) of the Securities and Futures Act or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the Securities and Futures Act; or (ii) where no consideration is or will be given for the transfer; or (iii) where the transfer is by operation of law; or (iv) pursuant to Section 276(7) of the Securities and Futures Act.

Notice to Prospective Investors in China

The notes are not being offered or sold and may not be offered or sold, directly or indirectly, within the People's Republic of China (for such purposes, not including the Hong Kong and Macau Special Administrative Regions or Taiwan), except as permitted by the securities and funds laws of the People's Republic of China.

Notice to Prospective Investors in Korea

The notes may not be offered, sold and delivered directly or indirectly, or offered or sold to any person for re-offering or resale, directly or indirectly, in South Korea or to any resident of South Korea except pursuant to the applicable laws and regulations of South Korea, including the Financial Investment Services and Capital Markets Act and the Foreign Exchange Transaction Law and the decrees and regulations thereunder. The notes have not been registered with the Financial Services Commission of South Korea for public offering in South Korea. Furthermore, the notes may not be re-sold to South Korean residents unless the purchaser of the notes complies with all applicable regulatory requirements (including but not limited to government approval requirements under the Foreign Exchange Transaction Law and its subordinate decrees and regulations) in connection with their purchase.

Common Stock

NYSE Euronext from time to time may offer to sell debt securities, preferred stock and common stock. The debt securities and preferred stock may be convertible into or exercisable or exchangeable for shares of our common or preferred stock. We may offer and sell these securities from time to time in amounts, at prices and on terms that will be determined at the time of the applicable offering.

Each time securities are offered pursuant to this prospectus, we will provide a prospectus supplement and attach it to this prospectus. The prospectus supplement will contain more specific information about the terms of the offering and the offered securities. A prospectus supplement may also update, modify or supersede information contained in this prospectus. This prospectus may not be used to offer or sell securities unless accompanied by a prospectus supplement describing the method and terms of the applicable offering.

We may offer and sell the securities directly, through agents, dealers or underwriters as designated from time to time, or through a combination of these methods. If any agents, dealers or underwriters are involved in the sale of any securities, the applicable prospectus supplement will set forth any applicable commissions or discounts.

Our common stock is listed on the New York Stock Exchange and trades under the symbol NYX.

You should carefully read this prospectus and the applicable prospectus supplement, together with the documents incorporated by reference, before you make your investment decision.

Investing in these securities involves certain risks. See the information included and incorporated by reference in this prospectus and the accompanying prospectus supplement for a discussion of the factors you should carefully consider before deciding to purchase these securities, including the information under Risk Factors in our most recent annual report on Form 10-K filed with the Securities and Exchange Commission.

Neither the Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense.

ABOUT THIS PROSPECTUS

When we refer to we, our or us in this prospectus we mean NYSE Euronext and its consolidated subsidiaries, except as otherwise noted.

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or SEC, using a shelf registration process. Under this shelf process, we may sell the securities described in this prospectus in one or more offerings. Each time we sell securities, we will provide a prospectus supplement along with this prospectus that will contain specific information about the terms of the offering. The accompanying prospectus supplement may also update, modify or supersede information contained in this prospectus. If information varies between this prospectus and the accompanying prospectus supplement, you should rely on the information in the accompanying prospectus supplement. You should read both this prospectus and the accompanying prospectus supplement together with the additional information described under Where You Can Find More Information.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC. You may read and copy any document that we file with the SEC's public reference room at 100 F Street, N.E., Room 1580, Washington, D.C., 20549 on official business days during the hours of 10:00 am to 3:00 pm. Please call the SEC at 1-800-SEC-0330 for further information on the operation of the public reference room. These SEC filings are also available to the public at the SEC's web site at <http://www.sec.gov>. Copies of documents that we file with the SEC are also available at the offices of NYSE Euronext, 20 Broad Street, New York, New York 10005.

As required by the Securities Act of 1933, as amended (the Securities Act), we have filed a registration statement on Form S-3 relating to the securities offered by this prospectus with the SEC. This prospectus is a part of that registration statement, which includes additional information. Whenever a reference is made in this prospectus to a contract or other document of ours, please be aware that the reference is only a summary and that you should refer to the exhibits that are a part of the registration statement for a copy of the contract or other document. You may review a copy of the registration statement at the SEC's public reference room in Washington, D.C., as well as through the SEC's Internet site.

DOCUMENTS INCORPORATED BY REFERENCE

The SEC's rules allow us to incorporate by reference into this prospectus the information we file with the SEC. This permits us to disclose important information to you by referring to these filed documents. Any information incorporated by reference is considered part of this prospectus, and any information we file with the SEC after the date of this prospectus will automatically update, modify and, where applicable, supersede any information contained in this prospectus or incorporated by reference in this prospectus. We incorporate by reference into this prospectus the following documents and information filed with the SEC (other than, in each case, documents or information deemed to have been furnished and not filed in accordance with SEC rules):

Our Annual Report on Form 10-K for the year ended December 31, 2010;

Our Quarterly Report on Form 10-Q for the period ended March 31, 2011;

FORWARD-LOOKING STATEMENTS

We have included or incorporated by reference in this prospectus statements that may constitute forward-looking statements within the meaning of the safe harbor provisions of The Private Securities Litigation Reform Act of 1995. These forward-looking statements are not historical facts but instead represent only our belief regarding future events, many of which, by their nature, are inherently uncertain and outside of our control. It is possible that our actual results may differ, possibly materially, from the anticipated results indicated in these forward-looking statements.

Information regarding important factors that could cause actual results to differ, perhaps materially, from those in our forward-looking statements is set forth in Item 1A under the caption Risk Factors and elsewhere in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, and in Item 1A under the caption Risk Factors in our Quarterly Report on Form 10-Q for the period ended March 31, 2011, which are incorporated by reference into this prospectus (and in any of our annual or quarterly reports for a subsequent fiscal year or fiscal quarter that are so incorporated). See Where You Can Find More Information above for information about how to obtain a copy of these documents.

NYSE EURONEXT

NYSE Euronext is a leading global operator of financial markets and provider of innovative trading strategies. We offer a broad and growing array of products and services in cash equities, futures, options, swaps, exchange-traded products, bonds, carbon trading, clearing operations, market data and commercial technology solutions, all designed to meet the evolving needs of issuers, investors, financial institutions and market participants.

NYSE Euronext, a Delaware corporation, was organized on May 22, 2006 in anticipation of the combination of the businesses of NYSE Group, Inc., a Delaware corporation, and Euronext N.V., a company organized under the laws of the Netherlands. The combination was consummated on April 4, 2007. NYSE Group, Inc. was formed in connection with the March 7, 2006 merger between New York Stock Exchange, Inc., a New York Type A not-for-profit corporation, and Archipelago Holdings, Inc., a Delaware corporation. Euronext N.V. was the first cross-border exchange group, created with the 2000 merger of the Paris, Amsterdam and Brussels stock exchanges.

We are not incorporating the information on our website into this prospectus or the registration statement of which it forms a part.

Combination with Deutsche Börse AG

NYSE Euronext and Deutsche Börse AG have entered into an agreement providing for a combination of their businesses under a new Dutch holding company. The effect of the combination will be that Deutsche Börse AG and NYSE Euronext will become subsidiaries of the holding company. Deutsche Börse AG will become a subsidiary of the holding company through an exchange offer of the holding company's shares for Deutsche Börse AG shares, and NYSE Euronext will become a subsidiary of the holding company through a merger with and into NYSE Euronext of a wholly owned Delaware subsidiary of the holding company. For more information about the proposed business combination please see our Current Reports on Form 8-K filed on February 15, 2011, February 16, 2011, April 11, 2011, April 21, 2011, May 6, 2011 and May 16, 2011, which are incorporated by reference into this prospectus.

USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement or other offering material, we will use the proceeds from the sale of the securities to provide funds for general corporate purposes.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated. Fixed charges consist of interest expense and the interest factor in capital and operating leases. The ratio of earnings to fixed charges is calculated as income from continuing operations before income tax benefit (provision) and noncontrolling interest (excluding income from associates), plus fixed charges, with the sum divided by fixed charges.

Three Months Ended	Year Ended December 31,				
March 31, 2011	2010	2009	2008	2007	2006
8.13	7.23	2.66	N/A ⁽¹⁾	7.84	110.67

⁽¹⁾ Due to the loss in 2008, earnings were insufficient to cover fixed charges by \$646 million.

Because we had no preferred stock outstanding during any of the periods presented, the ratio of earnings to fixed charges and ratio of earnings to combined fixed charges and preferred dividends are the same.

SUMMARY DESCRIPTION OF THE SECURITIES WE MAY ISSUE

We may use this prospectus to offer from time to time:

Senior and subordinated debt securities. These debt securities may be convertible or exchangeable into our common stock, preferred stock or other securities. They will be unsecured and, in the case of senior debt, will rank equally with any of our other unsubordinated and unsecured debt and, in the case of subordinated debt, will rank junior in right of payment and priority to any senior debt.

Preferred stock, par value \$0.01 per share. The preferred stock may be convertible into or exchangeable for other series of preferred stock or our common stock. We may offer different series of preferred stock with different dividend, liquidation, redemption and voting rights.

Common stock, par value \$0.01 per share.

We may issue securities denominated in U.S. dollars or any other currency, including the Euro.

A prospectus supplement will describe the specific types, amounts, prices and detailed terms of any of these securities.

Table of Contents

DESCRIPTION OF DEBT SECURITIES

Senior and Subordinated Debt Securities

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we may issue from time to time. The debt securities will either be senior debt securities or subordinated debt securities.

As required by U.S. federal law for all bonds and notes of companies that are publicly offered, our debt securities will be governed by a document called an indenture. Senior debt securities will be issued under the senior indenture and subordinated debt securities will be issued under the subordinated indenture, in each case with the specific terms and conditions set forth in a supplemental indenture. Each indenture is a contract between us and Wilmington Trust Company, as the initial trustee. The trustee has two main roles:

First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, described later under [Default and Related Matters](#) [Remedies if an Event of Default Occurs](#).

Second, the trustee performs administrative duties for us, such as sending you interest payments, transferring your securities to new buyers and sending you notices. We and the trustee have appointed Citibank, N.A., as agent, to perform many of these administrative services.

This prospectus sometimes refers to the senior indenture and the subordinated indenture collectively as the indentures. The indentures and their associated documents, including the debt securities themselves and any supplemental indenture relating to a particular series of debt securities, contain the full text of the matters summarized in this section and your prospectus supplement. The senior indenture and form of subordinated indenture are filed as exhibits to the registration statement of which this prospectus forms a part, and any supplemental indentures relating thereto, including the forms of debt securities, will be filed as exhibits to future SEC filings from time to time. See [Where You Can Find More Information](#) above for information on how to obtain copies. Section references in the description that follows relate to the indentures.

General

Unless otherwise specified in a prospectus supplement, the debt securities will be direct unsecured obligations of NYSE Euronext and will not be guaranteed by any of our subsidiaries. The senior debt securities will rank equally with any of our other unsubordinated and unsecured debt. The subordinated debt securities will be subordinate and rank junior in right of payment and priority to any senior debt, as defined, and described more fully, under [Subordination](#), to the extent and in the manner set forth in the subordinated indenture.

The indentures do not limit the aggregate principal amount of debt securities that we may issue and provide that we may issue debt securities from time to time in one or more series, in each case with the same or various maturities, at par or at a discount. Unless indicated in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the applicable indenture and will be equal in ranking.

This Section Is Only a Summary

The statements and descriptions in this prospectus or in any prospectus supplement regarding provisions of the indentures and debt securities are summaries, do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all the provisions of the indentures (and any amendments or supplements validly entered into by us from time to time) and the debt securities, including the definitions therein of certain terms. We will include in a supplement to this prospectus the specific terms of each series of debt

Table of Contents

securities being offered, including the terms, if any, on which a series of debt securities may be convertible into or exchangeable for our common stock, preferred stock or other securities. The indentures (together with any related amendments or supplements thereto) and the debt securities, and not any summary of the terms thereof, will govern the rights of holders of the debt securities.

Terms Contained in Prospectus Supplement

A prospectus supplement will contain the terms relating to the specific series of debt securities being offered. The prospectus supplement will include some or all of the following:

the title of the debt securities and whether they are senior debt securities or subordinated debt securities;

any limit on the aggregate principal amount of debt securities of such series;

the person to whom any interest on a debt security of the series shall be payable, if other than the person in whose name that debt security (or one or more predecessor debt securities) is registered at the close of business on the regular record date for such interest;

the date or dates on which the principal of any debt securities is payable;

the rate or rates at which any debt securities of the series shall bear interest, if any, and the date or dates from which any such interest shall accrue;

the dates on which any interest will be payable and the regular record date for determining who is entitled to the interest payable on any interest payment date;

the place or places where the principal of and any premium and interest on any debt securities of the series shall be payable and the manner in which any payment may be made;

the period or periods within which, the price or prices at which and the terms and conditions upon which any debt securities of the series may be redeemed, in whole or in part, at our option and, if other than by a board resolution, the manner in which our election to redeem the debt securities shall be evidenced;

our obligation, if any, to redeem or purchase any debt securities of the series pursuant to any sinking fund or analogous provision and the period or periods within which, the price or prices at which and the terms and conditions upon which any debt securities of the series shall be redeemed or purchased, in whole or in part, pursuant to such obligation;

the denominations of the debt securities if other than denominations of \$1,000 and any integral multiple thereof;

any provisions regarding the manner in which the amount of principal of or any premium or interest on any debt securities of the series may be determined with reference to a financial or economic measure or pursuant to a formula, if applicable;

Edgar Filing: NYSE Euronext - Form 424B2

if other than the currency of the U.S., the currency, currencies or currency units in which the principal of or any premium or interest on any debt securities of the series shall be payable and the manner of determining the equivalent thereof in the currency of the U.S. for any purpose;

if the principal of or any premium or interest on any debt securities of the series is to be payable in one or more currencies or currency units other than that or those in which such debt securities are stated to be payable, the currency, currencies, or currency units in which the principal of or any premium or interest on such debt securities shall be payable, the periods within which and the terms and conditions upon which such payments are to be made, and the amount so payable (or the manner in which such amount shall be determined);

if other than the entire principal amount, the portion of the principal amount of any debt securities of the series which shall be payable upon declaration of acceleration of the maturity;

if the principal amount payable at the stated maturity of any debt securities of the series will not be determinable as of any one or more dates prior to the stated maturity, the amount which shall be deemed to be the principal amount of such debt securities as of any such date for any purpose, including the principal amount which shall be due and payable upon any maturity other than the stated maturity or which shall be deemed to be outstanding as of any day prior to the stated maturity (or, in any such case, the manner in which such amount deemed to be the principal amount shall be determined);

that the debt securities of the series shall be subject to full defeasance or covenant defeasance, as described further below, if applicable;

that any debt securities shall be issuable in whole or in part in the form of one or more global securities and, in such case, the depositaries for such global securities and the form of any legend or legends which shall be borne by such global security, if applicable;

any addition to, elimination of or other change in the events of default which applies to any debt securities of the series and any change in the right of the trustee or the requisite holders of such debt securities to declare the principal amount due and payable;

any addition to, elimination of or other change in the covenants which apply to any debt securities of the series;

the terms and conditions, if any, pursuant to which the debt securities of the series are convertible for common stock or other securities; and

any other terms of the debt securities not inconsistent with the indenture.

Unless otherwise specified in a prospectus supplement, the debt securities will not be listed on any securities exchange. Holders of the debt securities may present their securities for exchange and may present registered debt securities for transfer in the manner described in the applicable prospectus supplement. Debt securities may bear interest at a fixed rate or a variable rate, as specified in the prospectus supplement. In addition, if specified in the prospectus supplement, we may sell debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate, or at a discount below their stated principal amount. We will describe in the prospectus supplement any material special federal income tax considerations applicable to any such discounted debt securities.

Overview of Remainder of This Section

The remainder of this section principally summarizes:

Additional mechanics relevant to the debt securities under normal circumstances, such as how you transfer ownership and where we make payments;

Your rights under several *special situations*, such as if we merge with another company, or if we want to change a term of the debt securities;

Your rights if we default or experience other financial difficulties; and

The *subordination* of the debt securities relative to senior indebtedness issued by us.

Additional Mechanics

Form

The debt securities will be initially issued as a registered global security as described below under *What Is a Global Security?* unless otherwise specified in the applicable prospectus supplement. If any debt securities cease to be issued in registered global form, they will be issued in fully registered form, without coupons, although we may issue the securities in bearer form if so specified in the applicable prospectus supplement. *(Section 302)* Debt securities will be issued in denominations that are even multiples of \$1,000, unless otherwise specified in the applicable prospectus supplement. *(Section 302)*

Table of Contents

Exchange and Transfer

You may have fully registered securities broken into more securities of smaller denominations (but not into denominations smaller than any minimum denomination applicable to the securities) or combined into fewer securities of larger denominations, as long as the total principal amount is not changed. This is called an exchange. (Section 305)

If you are holding bearer securities and if permitted by the terms of your series of debt securities, you may exchange bearer debt securities for an equal amount of registered debt securities of the same series and date of maturity. No bearer debt securities will be exchanged for registered securities if in doing so we would suffer adverse consequences under any U.S. law applicable to the exchange. Registered debt securities may not be exchanged for bearer debt securities.

You may exchange or transfer your fully registered securities at the office of the registrar. The registrar acts as our agent for registering securities in the names of holders and for transferring and exchanging securities, as well as maintaining the list of registered holders. The paying agent acts as the agent for paying interest, principal and any other amounts on securities. We and the trustee have appointed Citibank, N.A. to perform the roles of registrar and paying agent, and to perform other administrative functions. We may change these appointments to another entity or perform them ourselves.

We may designate additional or alternative registrars or paying agents, acceptable to the trustee, and they would be named in the prospectus supplement. We may cancel the designation of any particular registrar or paying agent. We may also approve a change in the office through which any registrar or paying agent acts. We must maintain a paying agent office at the place of payment for each series of debt securities. (Sections 305 and 1002)

There is no charge for exchanges and transfers. You will not be required to pay a service charge to transfer or exchange securities, but you may be required to pay for any tax or other governmental charge that may be imposed in connection with the exchange or transfer. (Section 305)

At certain times, you may not be able to transfer or exchange your securities. If we redeem any series of securities, or any part of any series, then we may prevent you from transferring or exchanging these securities for certain periods. We may do this during the period beginning 15 days before the day we mail the notice of redemption and ending at the close of business on the day of that mailing, in order to freeze the list of holders so we can prepare the mailing. We may also refuse to register transfers or exchanges of securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any security being partially redeemed. (Section 305)

Replacing Your Lost or Destroyed Certificates

If you bring a mutilated certificate to the registrar, we will issue a new certificate to you in exchange for the mutilated one, or we may elect to pay the security if such mutilated security has become or is about to become due and payable. (Section 306)

If you claim that a certificate has been lost, completely destroyed, or wrongfully taken from you, then the trustee will give you a replacement certificate if you meet our and the trustee's requirements, including satisfactory evidence of loss, destruction or theft. Also, we and the trustee may require you to provide reasonable security or indemnity to protect us and the trustee from any loss we may incur from replacing your certificates or coupons.

In either case, we may also charge you for our expenses in replacing your security and for any tax or other governmental charge that may be incurred. (Section 306)

Table of Contents

Payment and Paying Agents

We will pay interest to you if you are a direct holder listed in the registrar's records at the close of business on a particular day in advance of each due date for interest, even if you no longer own the security on the interest due date. That particular day is called the regular record date and is stated in the prospectus supplement. (Section 307) Holders buying and selling securities must work out between them how to compensate for the fact that we will pay all the interest for an interest period to the one who is the registered holder on the record date. The most common manner is to adjust the sales price of the securities to prorate interest fairly between buyer and seller. This prorated interest amount is called accrued interest.

We will pay interest, principal and any other money due on the debt securities of a series at the place of payment specified in the prospectus supplement for that series. You must make arrangements to have your payments picked up at or wired from that office. We may also choose to pay interest by mailing checks. If we have designated additional paying agents, they will be named in the prospectus supplement. We may cancel the designation of any particular paying agent or approve a change in the office through which any paying agent acts, but we must have a paying agent in each place of payment for the securities. (Section 1002)

All money we forward to the trustee or a paying agent that remains unclaimed will, at our request, be repaid to us at the end of two years after the amount was due to the direct holder. After that two-year period, you may look only to us as an unsecured general creditor for payment and not to the trustee, any other paying agent or anyone else. (Section 1003)

We will make payments on a global debt security in accordance with the applicable policies of the depository as in effect from time to time. Under those policies, we will pay directly to the depository, or its nominee, and not to any indirect owners who own beneficial interests in the global debt security. An indirect owner's right to receive those payments will be governed by the rules and practices of the depository and its participants, as described below in the section entitled "What Is a Global Security?" (Section 1002)

Street name and other indirect holders should consult their banks or brokers for information on how they will receive payments.

Payment of Bearer Securities

We will only pay interest on bearer debt securities when you present and surrender the coupons for the interest installments evidenced by the bearer securities as they mature. You have to present your coupons at a paying agency of NYSE Euronext located outside of the United States. We will maintain a non-U.S. paying agent for two years after the principal of a series of bearer debt securities has become due. We will continue to maintain the paying agent after that period, if it is necessary to comply with U.S. tax law or regulations. We will provide the paying agent with the necessary funds for payment upon reasonable notice. We generally will not make any payments in the United States. However, if payment outside of the United States is illegal or precluded by exchange controls or similar restrictions in a foreign country, we may instruct the trustee to make payments at a paying agent located in the United States.

You can prove your ownership of a bearer security by presenting the actual security, or a certificate or affidavit executed by the person holding the bearer security or executed by a depository with whom the bearer securities were deposited, if the trustee is satisfied with the certificate or affidavit.

Notices

We and the trustee will send notices regarding the securities only to direct holders, using their addresses as listed in the register kept at the office of the registrar. (Section 106)

Table of Contents

Special Situations

Mergers and Similar Transactions

We are generally permitted to consolidate or amalgamate with or merge into another company. We are also permitted to convey, transfer or lease all or substantially all of our assets to another company. However, we may not take any of these actions unless the company certifies to the trustee that both of the following conditions are met:

the successor company (if any) is organized under the laws of any U.S. jurisdiction and it expressly assumes our obligations on the securities; and

immediately after giving effect to the transaction, no event of default (and no event which, after notice or lapse of time or both, would become an event of default) shall have happened and be continuing. *(Section 801)*

Modification and Waiver of Your Contractual Rights

Under certain circumstances, we can make changes to the indentures and the securities. Some types of changes require the approval of each security holder affected, some require approval by a vote of a majority in principal amount of the securities then outstanding of the particular series affected, and some changes do not require any approval at all. *(Sections 901 and 902)*

Changes Requiring Your Approval. First, there are changes that cannot be made to your securities without your specific approval. These include changes that:

reduce the percentage of holders of securities who must consent to a waiver or amendment of the indenture;

reduce the rate of interest on any security or change the time for payment of interest;

reduce the principal or premium due on any security or change the stated maturity date of any security;

change the place or currency of payment on a security;

change the right of holders to waive an existing default by majority vote;

modify the provisions of the indenture with respect to the subordination of the debt securities in a manner adverse to you;

impair your right to sue for payment; or

make any change to this list of changes that requires your specific approval. *(Section 902)*

Changes Requiring a Majority Vote. The second type of change to the indentures and the securities requires a vote in favor by security holders owning a majority of the principal amount of the securities then outstanding of the particular series affected. Most changes fall into this category, except for clarifying changes and certain other specified changes that would not adversely affect holders of the securities in any material respect for which no approval by security holders is required. A majority vote is required to waive any past default, except a failure to pay principal or

Edgar Filing: NYSE Euronext - Form 424B2

interest and default in the certain covenants and provisions of the indenture that cannot be amended without the consent of the holder of each security. (*Section 513*)

Further Details Concerning Voting. When taking a vote, we will use the following rules to decide how much principal amount to attribute to a security:

For original issue discount securities, we will use the principal amount that would be due and payable on the date in question if the maturity of the securities were accelerated to that date because of a default.

For securities the principal amount of which is not determinable, an amount determined in the manner prescribed for such security.

Table of Contents

For securities denominated in one or more foreign currencies or currency units, we will use the U.S. dollar equivalent determined on the date of original issuance of these securities.

Securities will not be considered outstanding, and therefore not eligible to vote, if we have deposited or set aside in trust for you money for their payment or redemption. *(Section 101)*

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding securities that are entitled to vote or take other action under the indenture. If we set a record date for a vote or other action to be taken by holders of a particular series, that vote or action may be taken only by persons who are holders of outstanding securities of that series on the record date and must be taken within 180 days following the record date, unless we specify a different expiration date when we set the record date. *(Section 104)*

Street name and other indirect holders, including holders of any securities issued as a global security, should consult their banks or brokers for information on how approval may be granted or denied if we seek to change the indentures or the securities or request a waiver.

Subordination

The securities may be subordinated debt securities and, as a result, the payment of principal, any premium and interest on such debt securities will be subordinated in right of payment to the prior payment in full of all our senior debt. This means that in certain circumstances where we may not be making payments on all of our debt obligations as they come due, the holders of all our senior debt will be entitled to receive payment in full of all amounts that are due or will become due on the senior debt before the direct holders of subordinated debt securities will be entitled to receive any amounts on such securities. These circumstances include:

Any liquidation, dissolution or winding up of our company.

An assignment or marshalling of our assets and liabilities for the benefit of our creditors.

We file for bankruptcy or certain other events in bankruptcy, insolvency or similar proceedings occur.

The maturity of the securities is accelerated. For example, the entire principal amount of a series of securities may be declared to be due and immediately payable or may be automatically accelerated due to an event of default. *(Sections 1402 and 1403 of the subordinated indenture)*

The prospectus supplement relating to any offering of subordinated debt securities will describe the specific subordination provisions. However, unless otherwise noted in the prospectus supplement, subordinated debt securities will be subordinate and junior in right of payment to any existing senior debt of NYSE Euronext.

In addition, we are not permitted to make payments of principal, any premium or interest on the subordinated debt securities if we default in our obligation to make payments on senior debt and do not cure such default, or if an event of default that permits the holders of senior debt to accelerate the maturity of the senior debt occurs. *(Section 1404 of the subordinated indenture)*

These subordination provisions mean that if we are insolvent, a holder of our senior debt may ultimately receive out of our assets more than a holder of the same amount of our subordinated debt and a creditor of ours that is owed a specific amount but who owns neither our senior debt nor the securities may ultimately receive less than a holder of the same amount of senior debt or securities.

The subordinated indenture defines **senior debt** as all indebtedness and obligations of, or guaranteed or assumed by, NYSE Euronext for borrowed money, evidenced by bonds, debentures, notes or other similar instruments, or representing obligations to policyholders of insurance or investment contracts, whether existing now or in the future, and all amendments, renewals, extensions, modifications and refundings of any indebtedness or obligations of that kind. Senior debt excludes the subordinated debt securities and any other indebtedness or obligations specifically designated as being subordinate, or not superior, in right of payment to the subordinated debt securities. *(Section 101 of the subordinated indenture)*

Table of Contents

Restrictive and Maintenance Covenants

We will describe any material restrictive and maintenance covenants, including restrictions on any subsidiary, for any series of debt securities in the prospectus supplement and/or other offering material for each offering of such debt securities.

Discharge and Defeasance of Our Obligations

The following discussion of full defeasance and covenant defeasance will be applicable to your series of debt securities only if we choose to have them apply to that series. If we do so choose, we will state that in the prospectus supplement. (*Section 1301*)

Full Defeasance

If there is a change in federal tax law, as described below, we can legally release ourselves from any payment or other obligations on the securities, called full defeasance, if we put in place the following alternative arrangements for you to be repaid:

We must deposit in trust for your benefit and the benefit of all other direct holders of the securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the securities on their various due dates.

There must be a change in current federal tax law or an IRS ruling that lets us make the above deposit without causing you to be taxed on the securities any differently than if we did not make the deposit and just repaid the securities ourselves.

We must deliver to the trustee a legal opinion of our counsel confirming the tax law change described above. (*Sections 1302 and 1304*)

If we accomplish full defeasance, as described above, you would have to rely solely on the trust deposit for repayment on the securities. You could not look to us for repayment in the event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever become bankrupt or insolvent. In the case of subordinated securities, you would also be released from the subordination provisions on the securities.

However, we cannot discharge ourselves from the obligations under any convertible or exchangeable securities, unless we provide for it in the terms of these securities and the prospectus supplement.

We will indemnify the trustee against any tax, fee or other charge imposed on the U.S. government obligations we deposited with the trustee or against the principal and interest received on these obligations. (*Section 1305*)

Covenant Defeasance

Under current federal tax law, we can make the same type of deposit described above and be released from some of the restrictive covenants in the securities. This is called covenant defeasance. In that event, you would lose the protection of those restrictive covenants but would gain the protection of having money and securities set aside in trust to repay the securities and, in the case of subordinated securities, you would be released from the subordination provisions on the securities. In order to achieve covenant defeasance, we must do the following:

We must deposit in trust for your benefit and the benefit of all other direct holders of the securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the securities on their various due dates.

Table of Contents

We must deliver to the trustee a legal opinion of our counsel confirming that under current federal income tax law we may make the above deposit without causing you to be taxed on the securities any differently than if we did not make the deposit and just repaid the securities ourselves.

If we accomplish covenant defeasance, the following provisions of the indenture and the securities would no longer apply:

Any covenants applicable to the series of securities and described in the prospectus supplement.

The events of default relating to breach of covenants and acceleration of the maturity of other debt.

The subordination provisions on the securities, as applicable.

If we accomplish covenant defeasance, you can still look to us for repayment of the securities if a shortfall in the trust deposit occurs. In fact, if one of the remaining events of default occurred (such as our bankruptcy) and the securities become immediately due and payable, there may be such a shortfall. Depending on the event causing the default, you may not be able to obtain payment of the shortfall. (*Sections 1303 and 1304*)

Redemption

We May Choose to Redeem Your Securities

We may be able to redeem your securities before their normal maturity. If we have this right with respect to your specific securities, the right will be described in the prospectus supplement. It will also specify when we can exercise this right and how much we will have to pay in order to redeem your securities.

If we choose to redeem your securities, we will mail written notice to you not less than 30 days nor more than 60 days prior to redemption. Also, you may be prevented from exchanging or transferring your securities when they are subject to redemption, as described under **Additional Mechanics Exchange and Transfer** above. (*Section 1104*)

Liens on Assets

A particular series of debt securities may contain provisions that restrict us from pledging or otherwise encumbering any of our assets and those of our subsidiaries. If applicable, these restrictions will be described in the prospectus supplement.

Default and Related Matters

Ranking Compared to Other Creditors

The securities are not secured by any of our property or assets. Accordingly, your ownership of securities means you are one of our unsecured creditors. The senior debt securities will not be subordinated to any of our other debt obligations and therefore rank equally with all our other unsecured and unsubordinated indebtedness. The subordinated debt securities will be subordinate and junior in right of payment to any of our senior debt. The trustee has a right to receive payment for its administrative services prior to any payment to security holders after a default. (*Section 506*)

Events of Default

You will have special rights if an event of default occurs and is not cured, as described later in this subsection.

The term **event of default** with respect to any series of securities means any of the following:

Edgar Filing: NYSE Euronext - Form 424B2

We fail to make any interest payment on a security when it is due, and we do not cure this default within 30 days.

We fail to make any payment of principal or premium when it is due at the maturity of any security.

Table of Contents

We do not deposit a sinking fund payment with regard to any debt security of that series on the due date, but only if the payment is required under provisions described in the applicable prospectus supplement.

We fail to comply with any of our other covenants or warranties regarding a particular series of securities or with a supplemental indenture, and after we have been notified of the default by the trustee or holders of 25% in principal amount of the debt securities of the affected series, we do not cure the default within 60 days.

We default on any indebtedness having an aggregate amount of at least \$50,000,000, this default is either of payment of principal or results in acceleration of the indebtedness, and after we have been notified of the default by the trustee or holders of 25% in principal amount of the debt securities of the affected series we do not cure the default within 10 days.

We file for bankruptcy, or other events in bankruptcy, insolvency or reorganization occur.

Any other event of default described in the prospectus supplement occurs, subject to any applicable cure period. *(Section 501)*

Remedies if an Event of Default Occurs

You and the trustee will have the following remedies if an event of default occurs:

Acceleration. If an event of default has occurred and has not been cured or waived, then the trustee or the holders of 25% in principal amount of the securities of the affected series may declare the entire principal amount of and any accrued interest on all the securities of that series to be due and immediately payable. If the event of default occurs because of events in bankruptcy, insolvency or reorganization relating to us, the entire principal amount of the debt securities of that series will be automatically accelerated, without any action by the trustee or any holder. An acceleration of maturity may be cancelled by the holders of at least a majority in principal amount of the securities of the affected series, if all events of default have been cured or waived. *(Section 502)*

Other Remedies of Trustee. If an event of default occurs, the trustee is authorized to pursue any available remedy to collect defaulted principal and interest and to enforce other provisions of the securities and the indentures, including bringing a lawsuit. *(Section 503)*

Majority Holders May Direct the Trustee to Take Actions to Protect Their Interests. Except in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the indentures at the request of any holders of debt securities unless the holders offer the trustee reasonable protection from expenses and liability. This is called an indemnity. If the trustee is provided with an indemnity reasonably satisfactory to it, the holders of a majority in principal amount of the relevant series of debt securities may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. These majority holders may also direct the trustee in performing any other action under the indentures. *(Sections 512 and 603)*

Individual Actions You May Take if the Trustee Fails to Act. Before you bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the securities, the following must occur:

You must give the trustee written notice that an event of default has occurred and remains uncured.

The holders of 25% in principal amount of all outstanding securities of the relevant series must make a written request that the trustee take action because of the default, and must offer indemnity reasonably satisfactory to the trustee against the cost and other liabilities of taking that action.

The trustee must not have taken action for 60 days after receipt of the above notice and offer of indemnity. *(Section 507)*

Table of Contents

However, you are entitled at any time to bring an individual lawsuit for the payment of the money due on your security on or after its due date. (Section 508)

Waiver of Default

The holders of a majority in principal amount of debt securities then outstanding of any series may waive a past default for all such series of debt securities. If this happens, the default will be treated as if it had not occurred. No one can waive a payment default on your debt security or a default in respect of a covenant or provision which cannot be modified or amended without consent of each holder of the securities of the series affected, however, without your individual approval. (Section 513)

We Will Give the Trustee Information About Defaults Annually

Every year we will give to the trustee a written statement of one of our officers certifying that to the best of his or her knowledge we are in compliance with the indenture and the debt securities, or else specifying any default. (Section 1004)

Street name and other indirect holders should consult their banks or brokers for information on how to give notice or direction to or make a request of the trustee and how to make or cancel a declaration of acceleration.

Original Issue Discount Securities

The debt securities may be issued as original issue discount securities, which will be offered and sold at a discount from their principal amount. Only a discounted amount will be due and payable when the trustee declares the acceleration of the maturity of these debt securities after an event of default has occurred and continues, as described under **Default and Related Matters Remedies if an Event of Default Occurs** above.

Conversion of Convertible Debt Securities

Your debt securities may be convertible into our preferred stock, common stock or other securities if the prospectus supplement so provides. If your debt securities are convertible or exchangeable, the prospectus supplement will include provisions as to whether conversion or exchange is mandatory, at your option or at our option. The prospectus supplement would also include provisions regarding the adjustment of the number of shares of common stock or other securities you will receive upon conversion or exchange. In addition, the prospectus supplement will contain the conversion price or exchange price and mechanisms for adjusting this price.

Governing Law

The indentures and debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustee

We maintain banking relationships in the ordinary course of business with the trustee. Upon the occurrence of an event of default or an event which, after notice or lapse of time or both, would become an event of default under the subordinated indenture, or upon the occurrence of a default under the senior indenture, the trustee may be deemed to have a conflicting interest for purposes of the Trust Indenture Act and, accordingly, may be required to resign as trustee under the subordinated indenture. In that event, we would be required to appoint a successor trustee.

Table of Contents

Legal Ownership of Debt Securities

Unless the prospectus supplement specifies otherwise, we will issue debt securities initially in the form of a global security. However, we may elect to issue debt securities in fully registered or bearer form or both. We refer to those who have debt securities registered in their own names on the books that we or our agent maintain for this purpose, or who hold bearer certificates representing bearer debt securities, as the holders of those debt securities. These persons are the legal holders of the debt securities. We refer to those who, indirectly through others, own beneficial interests in debt securities that are not registered in their own names as indirect holders of those debt securities. As we discuss below, indirect holders are not legal holders, and investors in debt securities issued in book-entry form or in street name will be indirect holders.

Book-Entry Holders

If we issue debt securities in global i.e., book-entry form, the debt securities will be represented by one or more global securities registered in the name of a financial institution that holds them as depository on behalf of other financial institutions that participate in the depository's book-entry system. These participating institutions, in turn, hold beneficial interests in the debt securities on behalf of themselves or their customers.

For registered debt securities, only the person in whose name a debt security is registered is recognized under the indenture as the holder of that debt security. Debt securities issued in global form will be issued in the form of a global security registered in the name of the depository or its participants. Consequently, for debt securities issued in global form, we will recognize only the depository as the holder of the debt securities and we will make all payments on the debt securities to the depository. The depository passes along the payments it receives to its participants, which in turn pass the payments along to their customers who are the beneficial owners. The depository and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the debt securities.

As a result, investors in a book-entry security will not own debt securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository's book-entry system or holds an interest through a participant. As long as the debt securities are issued in global form, investors will be indirect holders, and not holders, of the debt securities.

Street Name Holders

In the future we may terminate a global security under the circumstances specified under [What Is a Global Security? Special Situations When a Global Security Will Be Terminated](#) or issue debt securities initially in non-global form. In these cases, investors may choose to hold their debt securities in their own names or in street name. Debt securities held by an investor in street name would be registered in the name of a bank, broker or other financial institution that the investor chooses, and the investor would hold only a beneficial interest in those debt securities through an account he or she maintains at that institution.

For debt securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the debt securities are registered as the holders of those debt securities and we will make all payments on those debt securities to them. These institutions pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold debt securities in street name will be indirect holders, not holders, of those debt securities.

Legal Holders

Our obligations, as well as the obligations of the trustee and those of any third parties employed by us or the trustee, run only to the legal holders of the debt securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a debt security or has no choice because we are issuing the debt securities only in global form.

Table of Contents

For example, once we make a payment or give a notice to the holder, we have no further responsibility for the payment or notice even if that holder is required, under agreements with depository participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, if we want to obtain the approval of the holders for any purpose e.g., to amend the applicable indenture or to relieve us of the consequences of a default or of our obligation to comply with a particular provision of the applicable indenture we would seek approval only from the holders, and not the indirect holders, of the debt securities. Whether and how the holders contact the indirect holders is up to the holders.

When we refer to you, we mean those who invest in the debt securities being offered by this prospectus, whether they are the holders or only indirect holders of those debt securities. When we refer to your debt securities, we mean the debt securities in which you hold a direct or indirect interest.

Special Considerations for Holders of Bearer Debt Securities

If we issue debt securities in bearer form, they may be issued only outside of the United States to non-U.S. persons. In addition, we may offer bearer securities to offices of some U.S. financial institutions that have offices located outside the United States. We will describe any special restrictions on the offer, sale and delivery of bearer debt securities and any special federal income tax considerations applicable to bearer debt securities in the prospectus supplement.

Special Considerations for Indirect Holders

If you hold debt securities through a bank, broker or other financial institution, either in book-entry form or in street name, you should check with your own institution to find out:

how it handles securities payments and notices;

whether it imposes fees or charges;

how it would handle a request for the holders' consent, if ever required;

whether and how you can instruct it to send you debt securities registered in your own name so you can be a holder, if that is permitted in the future;

how it would exercise rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests; and

if the debt securities are in book-entry form, how the depository's rules and procedures will affect these matters.

What Is a Global Security?

A global security is a security that represents one or more debt securities and is held by a depository. Generally, all debt securities represented by the same global securities will have the same terms.

Each debt security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution that we select or its nominees. The financial institution that we select for this purpose is called the depository. Unless we specify otherwise in the applicable prospectus supplement, The Depository Trust Company, New York, New York, known as DTC, will be the depository for all debt securities issued in book-entry form.

Edgar Filing: NYSE Euronext - Form 424B2

A global security may not be transferred to or registered in the name of anyone other than the depositary, its nominee or a successor depositary, unless special termination situations arise. We describe those situations below under Special Situations When a Global Security Will Be Terminated. As a result of these arrangements, the depositary, or its nominee, will be the sole registered owner and holder of all debt securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial

Table of Contents

interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global security will not be a holder of the debt security, but only an indirect holder of a beneficial interest in the global security.

If the prospectus supplement for a particular debt security indicates that the debt security will be issued in global form only, then the debt security will be represented by a global security at all times unless and until the global security is terminated. We describe the situations in which this can occur below under **Special Situations When a Global Security Will Be Terminated**. If termination occurs, we may issue the debt securities through another book-entry clearing system or decide that the debt securities may no longer be held through any book-entry clearing system.

Special Considerations for Global Securities

As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. We do not recognize this type of investor as a holder of debt securities and instead deal only with the depository that holds the global security.

If debt securities are issued only in the form of a global security, an investor should be aware of the following:

An investor cannot cause the debt securities to be registered in his or her name, and cannot obtain non-global certificates for his or her interest in the debt securities, except in the special situations we describe below;

An investor will be an indirect holder and must look to his or her own bank or broker for payments on the debt securities and protection of his or her legal rights relating to the debt securities, as we describe under **Legal Ownership of Debt Securities** above;

An investor may not be able to sell interests in the debt securities to some insurance companies and to other institutions that are required by law to own their securities in non-book-entry form;

An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the debt securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;

The depository's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security. We and the trustee have no responsibility for any aspect of the depository's actions or for its records of ownership interests in a global security. We and the trustee also do not supervise the depository in any way;

The depository may (and we understand that DTC will) require that those who purchase and sell interests in a global security within its book-entry system use immediately available funds and your broker or bank may require you to do so as well; and

Financial institutions that participate in the depository's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the debt securities. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

Special Situations When a Global Security Will Be Terminated

In a few special situations described below, the global security will terminate and interests in it will be exchanged for physical certificates representing those interests. After that exchange, the choice of whether to hold securities directly or in street name will be up to the investor. Investors must consult their own bank or

Table of Contents

brokers to find out how to have their interests in securities transferred to their own name, so that they will be direct holders. We have described the rights of holders and street name investors above under Legal Ownership of Debt Securities.

The global security will terminate when the following special situations occur:

if the depository notifies us that it is unwilling, unable or no longer permitted under applicable law to continue as depository for that global security and we do not appoint another institution to act as depository within 90 days;

if we notify the trustee that we wish to terminate that global security; or

if an event of default has occurred with regard to debt securities represented by that global security and has not been cured or waived. We discuss defaults above under Default and Related Matters.

The prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of securities covered by the prospectus supplement. When a global security terminates, the depository and not we or the trustee is responsible for deciding the names of the institutions that will be the initial direct holders. (*Section 305*)

DESCRIPTION OF PREFERRED STOCK

The following briefly summarizes the material terms of our preferred stock other than pricing and related terms disclosed in the accompanying prospectus supplement. You should read the particular terms of any series of preferred stock we offer, which will be described in more detail in the prospectus supplement relating to that series. The prospectus supplement will also state whether any of the terms summarized below do not apply to the series of preferred stock being offered. In addition, for each series of preferred stock, we will file a certificate of designations containing the specific terms of the series as an exhibit to the registration statement or we will incorporate it by reference before we issue any preferred stock.

General

We are authorized to issue up to 400,000,000 shares of preferred stock, par value \$0.01 per share. Under our certificate of incorporation, our board of directors is authorized to issue shares of preferred stock in one or more series. To establish a series of preferred stock our board must set the following terms:

the number of shares to be included in the series;

the designation, powers, preferences and relative, participating optional or other rights of the shares of the series;

the qualifications, limitations or restrictions of the series including, among other things, establishment and payment of dividends and dividend rights, establishment of collateral for such shares, redemption rights, conversion of such shares into shares of other classes or series of stock and voting rights; and

any other relative rights, powers, preferences, qualifications, restrictions and limitations of the series.

Before we issue any series of preferred stock, our board of directors will adopt resolutions creating and designating the series as a series of preferred stock. Stockholders will not need to approve these resolutions.

Terms Contained in Prospectus Supplement

A prospectus supplement will contain the dividend, liquidation, redemption and voting rights of a series of preferred stock. The prospectus supplement will describe the following terms of a series of preferred stock:

the designation and stated value per share of the preferred stock and the number of shares offered;

the amount of liquidation preference per share;

the initial public offering price at which we will issue the preferred stock;

the dividend rate or method of calculation, the payment dates for dividends and the dates from which dividends will start to cumulate;

any redemption or sinking fund provisions;

any conversion or exchange rights;

whether the shares will be listed on any securities exchange; and

any additional voting, dividend, liquidation, redemption, sinking fund and other rights or restrictions.

No Preemptive Rights

The holders of preferred stock will have no preemptive rights to buy any additional shares of preferred stock. The preferred stock will be, when issued, fully paid and non-assessable. Neither the par value nor the liquidation preference can show you the price at which the preferred stock will actually trade on or after the date of issuance. The applicable prospectus supplement will describe some of the U.S. federal income tax consequences of the purchase and ownership of the series of preferred stock.

DESCRIPTION OF CAPITAL STOCK

The following briefly summarizes certain provisions of our certificate of incorporation and our bylaws that are important for you. Both documents are incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you can obtain them as described above in [Where You Can Find More Information](#).

Common Stock

We are authorized to issue up to 800,000,000 shares, par value \$0.01 per share, of common stock. As of May 16, 2011, approximately 262 million shares of common stock were outstanding. Our common stock is listed on the New York Stock Exchange under the symbol [NYSE](#).

Holders of our common stock are entitled to receive dividends when, as and if declared by our board of directors out of funds legally available for payment, subject to the rights of holders, if any, of our preferred stock.

Each holder of our common stock is entitled to one vote per share. Subject to the rights, if any, of the holders of any series of preferred stock if and when issued and subject to applicable law, all voting rights are vested in the holders of shares of our common stock.

In the event of a voluntary or involuntary liquidation, dissolution or winding up of NYSE Euronext, the holders of our common stock will be entitled to share equally in any of the assets available for distribution after we have paid in full all of our debts and after the holders of all outstanding series of preferred stock, if any, have received their liquidation preferences in full.

All outstanding shares of common stock are, and any shares of common stock offered will, when issued, be, fully paid and non-assessable. Holders of shares of our common stock are not entitled to preemptive rights. Shares of our common stock are not convertible into shares of any other class of capital stock.

Ownership and Voting Limits on NYSE Euronext Capital Stock

Our certificate of incorporation places certain ownership and voting limits on the holders of its capital stock. Specifically, under our certificate of incorporation:

no person (either alone or together with its related persons (as defined below)) may beneficially own shares of our stock representing in the aggregate more than 20% of the total number of votes entitled to be cast on any matter; and

no person (either alone or together with its related persons) shall be entitled to vote or cause the voting of shares of our stock representing in the aggregate more than 10% of the total number of votes entitled to be cast on any matter, and no person (either alone or together with its related persons) may acquire the ability to vote more than 10% of the total number of votes entitled to be cast on any matter by virtue of agreements entered into by other persons not to vote shares of our outstanding capital stock.

The term [related persons](#) shall mean with respect to any person:

any [affiliate](#) (as such term is defined under Rule 12b-2 under the Exchange Act) of such person;

any other person(s) with which such first person has any agreement, arrangement or understanding (whether or not in writing) to act together for the purpose of acquiring, voting, holding or disposing of shares of our stock;

in the case of a person that is a company, corporation or similar entity, any executive officer (as defined under Rule 3b-7 under the Exchange Act) or director of such person and, in the case of a person that is a partnership or a limited liability company, any general partner, managing member or manager of such person, as applicable;

in the case of a person that is a member organization (as defined in the rules of NYSE, as such rules may be in effect from time to time), any member (as defined in the rules of NYSE, as such rules may be in effect from time to time) that is associated with such person (as determined using the definition of person associated with a member as defined under Section 3(a)(21) of the Exchange Act);

in the case of a person that is an OTP Firm (as defined in the rules of NYSE Arca, Inc., as such rules may be in effect from time to time), any OTP Holder (as defined in the rules of NYSE Arca, Inc., as such rules may be in effect from time to time) that is associated with such person (as determined using the definition of person associated with a member as defined under Section 3(a)(21) of the Exchange Act);

in the case of a person that is a natural person, any relative or spouse of such natural person, or any relative of such spouse who has the same home as such natural person or who is a director or officer of our company or any of its parents or subsidiaries;

in the case of a person that is an executive officer (as defined under Rule 3b-7 under the Exchange Act), or a director of a company, corporation or similar entity, such company, corporation or entity, as applicable;

in the case of a person that is a general partner, managing member or manager of a partnership or limited liability company, such partnership or limited liability company, as applicable;

in the case of a person that is a member (as defined in the rules of NYSE, as such rules may be in effect from time to time), the member organization (as defined in the rules of NYSE, as such rules may be in effect from time to time) with which such person is associated (as determined using the definition of person associated with a member as defined under Section 3(a)(21) of the Exchange Act); and

in the case of a person that is an OTP Holder, the OTP Firm with which such person is associated (as determined using the definition of person associated with a member as defined under Section 3(a)(21) of the Exchange Act).

In the event that a person, either alone or together with its related persons, beneficially owns shares of our stock representing more than 20% of the total number of votes entitled to be cast on any matter, such person and its related persons shall be obligated to sell promptly, and we shall be obligated to purchase promptly, at a price equal to the par value of such shares of stock and to the extent that funds are legally available for such purchase, that number of shares of our stock necessary so that such person, together with its related persons, shall beneficially own shares of our stock representing in the aggregate no more than 20% of the total number of votes entitled to be cast on any matter, after taking into account that such repurchased shares shall become treasury shares and shall no longer be deemed to be outstanding.

In the event that a person, either alone or together with its related persons, possesses more than 10% of the total number of votes entitled to be cast on any matter (including if it possesses this voting power by virtue of agreements entered into by other persons not to vote shares of our capital stock), then such person, either alone or together with its related persons, will not be entitled to vote or cause the voting of these shares of capital stock to the extent that such shares represent in the aggregate more than 10% of the total number of votes entitled to be cast on any matter, and we shall disregard any such votes purported to be cast in excess of this percentage.

The voting limitations do not apply to a solicitation of a revocable proxy by or on behalf of us or by any of our officers or directors acting on behalf of us or to a solicitation of a revocable proxy by a NYSE Euronext stockholder in accordance with Regulation 14A under the Exchange Act. This exception, however, does not apply to certain solicitations by a stockholder pursuant to Rule 14a-2(b)(2) under the Exchange Act, which permits a solicitation made otherwise than on behalf of us where the total number of persons solicited is not more than ten.

Our board of directors may waive the provisions regarding ownership and voting limits by a resolution expressly permitting this ownership or voting (which resolution must be filed with and approved by the SEC and all required European regulators prior to being effective), subject to a determination of the board that:

the acquisition of such shares and the exercise of such voting rights, as applicable, will not impair:

our ability or the ability of NYSE Group or the U.S. regulated subsidiaries of NYSE Group to discharge our or their respective responsibilities under the Exchange Act and the rules thereunder;

our ability or the ability of Euronext or the European market subsidiaries to discharge our or their respective responsibilities under European exchange regulations;

the ability of the SEC to enforce the Exchange Act; or

the ability of European regulators to enforce European exchange regulations;

the acquisition of such shares and the exercise of such voting rights, as applicable, is otherwise in the best interests of our company, our stockholders, our U.S. regulated subsidiaries and our European market subsidiaries;

neither the person obtaining the waiver nor any of its related persons is subject to any statutory disqualification (as defined in Section 3(a)(39) of the Exchange Act) if such person is seeking to obtain a waiver above the 20% level;

neither the person obtaining the waiver nor any of its related persons has been determined by a European regulator to be in violation of the laws or regulations adopted in accordance with the European Directive on Markets in Financial Instruments applicable to any European market subsidiary requiring such person to act fairly, honestly and professionally, if such person is seeking to obtain a waiver above the 20% level;

for so long as we directly or indirectly control NYSE Arca, Inc. or NYSE Arca Equities, Inc., or any facility of NYSE Arca, Inc., neither the person requesting the waiver nor any of its related persons is an ETP holder, an OTP Holder or an OTP Firm if such person is seeking to obtain a waiver above the 20% level; and

for so long as we directly or indirectly control NYSE or NYSE Market, neither the person requesting the waiver nor any of its related persons is a member or member organization of NYSE if such person is seeking to obtain a waiver above the 20% level.

In making these determinations, our board of directors may impose conditions and restrictions on the relevant stockholder or its related persons that it deems necessary, appropriate or desirable in furtherance of the objectives of the Exchange Act, the European exchange regulations and the governance of our company.

For purposes of these provisions, a European market subsidiary means a market operator, as defined by the European Directive on Markets in Financial Instruments, that is

Edgar Filing: NYSE Euronext - Form 424B2

owned by Euronext as of the effective time of the business combination transaction between NYSE Group and Euronext and continues to be owned by us; or

acquired by Euronext after the effective time of the business combination transaction between NYSE Group and Euronext (provided that in this case, the acquisition of the market operator shall have been approved by our board of directors and the jurisdiction in which such market operator operates is represented in the Euronext College of Regulators).

These provisions of our certificate of incorporation could delay or deter a change of control of our company, which could adversely affect the price of our common stock.

Our certificate of incorporation also provides that our board of directors has the right to require any person and its related persons that our board of directors reasonably believes to be subject to the voting or ownership restrictions summarized above, and any stockholder (including related persons) that at any time beneficially

Table of Contents

owns 5% or more of our outstanding capital stock, to provide to us, upon the board's request, complete information as to all shares of our capital stock that such stockholder beneficially owns, as well as any other information relating to the applicability to such stockholder of the voting and ownership requirements outlined above.

Other Certificate of Incorporation and Bylaw Provisions

Our certificate of incorporation and bylaws include a number of anti-takeover provisions that may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our Board rather than pursue non-negotiated takeover attempts. These provisions include:

Board of Directors

Our bylaws provide that each director shall hold office until his or her successor is elected and qualified or until his or her earlier resignation or removal. At any meeting of the Board, a majority of the total number of the directors constitutes a quorum. Any vacancy on the Board shall be filled only by a majority vote of the remaining directors then in office, though less than a quorum, or by the sole remaining director (and not by stockholders, unless there shall be no remaining directors), upon the recommendation of the Nominating and Governance Committee of the Board.

No Action by Written Consent

Subject to the rights of the holders of any series of preferred stock, any action required or permitted to be taken by the stockholders must be effected at a duly called annual or special meeting of stockholders and may not be effected by any consent in writing by such stockholders.

Advance Notice Requirements

Our bylaws establish advance notice procedures with regard to stockholder proposals relating to the nomination of candidates for elections as directors or new business to be brought before meetings of stockholders. These procedures provide that notice of stockholder proposals must be timely and given in writing to the Secretary of our company prior to the meeting at which the action is to be taken. Generally, to be timely, notice must be received at our principal executive offices not fewer than 90 days and not more than 120 days prior to the meeting. The notice must contain the information required by the bylaws, including information regarding the proposal and the advocate of such proposal.

Special Meetings of Stockholders

Our certificate of incorporation and bylaws deny stockholders the right to call a special meeting of stockholders. Rather, our certificate of incorporation and bylaws provide that only the Board acting pursuant to a resolution, the Chairman of the Board, the Deputy Chairman of the Board, the Chief Executive Officer or the Deputy Chief Executive Officer may call special meetings of the stockholders.

Amendment of Bylaws and Certificate of Incorporation

Our certificate of incorporation requires the approval of not less than 80% of the votes entitled to be cast by holders of the capital stock to amend the provisions regarding common stock transfer restrictions, voting and ownership limitations, the ability of the Board to call and postpone stockholder meetings, the methodology for filling vacancies on the Board, the considerations of the Board in taking action and stockholder action. Our bylaws can be amended or repealed, and new bylaws may be adopted, by the Board or stockholders. Our bylaws require the approval of not less than two-thirds of the directors then in office or not less than 80% of the votes entitled to be cast by holders to adopt, amend or repeal provisions regarding the qualifications of, procedure for

Table of Contents

filling vacancies on, notice for special meetings by and considerations of the Board, the Nominating and Governance Committee and procedures for amending such bylaws. Our bylaws require the approval of not less than two-thirds of the directors then in office to adopt, amend or repeal provisions regarding the general powers of the Board.

Limitation of Liability and Indemnification Matters

Our certificate of incorporation provides that none of our directors will be liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except in those cases in which liability is mandated by the Delaware General Corporation Law (DGCL). Our bylaws provide for indemnification, to the fullest extent permitted by law, of any person made or threatened to be made a party to any action, suit or proceeding by reason of the fact that such person is or was one of our directors or senior officers or, at our request, serves or served as a director, officer, employee or agent of any other enterprise, against all expenses, liabilities, losses and claims actually incurred or suffered by such person in connection with the action, suit or proceeding. Our bylaws also provide that we may provide to any one or more other persons rights of indemnification and rights to receive payment or reimbursement of expenses, including attorneys' fees, in connection with a proceeding initiated by such person only if such proceeding was authorized by the Board.

Section 203 of the Delaware General Corporation Law

We are subject to the provisions of Section 203 of the DGCL. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner. A business combination includes a merger, asset sale or a transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns (or, in certain cases, within three years prior, did own) 15% or more of the corporation's outstanding voting stock. Under Section 203, a business combination between us and an interested stockholder is prohibited during the relevant three-year period unless it satisfies one of the following conditions:

prior to the time the stockholder became an interested stockholder, our board of directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

on consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced (excluding, for purposes of determining the number of shares outstanding, shares owned by persons who are directors and officers); or

the business combination is approved by our board of directors and authorized at an annual or special meeting of the stockholders by the affirmative vote of at least 66 2/3% of our outstanding voting stock that is not owned by the interested stockholder.

PLAN OF DISTRIBUTION

We may sell securities from time to time to purchasers directly, through broker-dealers acting as agents, dealers, or underwriters, or through a combination of any of those methods of sale.

The distribution of the securities may be made from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to these prevailing market prices or at negotiated prices.

The securities may be sold by us or by one or more of our subsidiaries that previously acquired the securities from us, from other of our subsidiaries, from third parties or in the open market. Any such subsidiary may be deemed to be an underwriter under the Securities Act.

Through Agents

We and the agents designated by us may solicit offers to purchase securities. Agents that participate in the distribution of securities may be deemed underwriters under the Securities Act. We will name any agent that will participate in the distribution of the securities, and any commission we will pay to it will be described in the prospectus supplement. Any agent will be acting on a best efforts basis for the period of its appointment, unless we indicate differently in the prospectus supplement.

To Dealers

The securities may be sold to a dealer as principal. The dealer may then resell the securities to the public at varying prices determined by it at the time of resale. The dealer may be deemed to be an underwriter under the Securities Act.

To Underwriters

The securities may also be sold to one or more underwriters and we will then execute an underwriting agreement with them at the time of sale. The names of the underwriters will be set forth in the prospectus supplement, which will be used by the underwriters to resell the securities.

Indemnification Arrangements

We may enter into indemnification agreements with underwriters, dealers, agents and other persons participating in the distribution of securities, who will then be entitled to indemnification by us against some civil liabilities. The indemnification covers liabilities under the Securities Act.

Delayed Delivery Arrangements

We may authorize underwriters, dealers or other persons acting as our agents to solicit offers from a number of institutions to purchase securities from us. We will indicate our intention to do this in the prospectus supplement. The contracts for these purchases will provide for payment and delivery on a future date or dates. These institutions include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others and must be approved by us. The obligations of purchasers under these contracts will be unconditional, except that:

at the time of delivery, the purchase of the securities shall not be prohibited under the laws of the jurisdiction of the purchaser, and

if the securities are also being sold to underwriters, we have to sell the securities not sold for delayed delivery to the underwriters. The underwriters, dealers and other persons will not have any responsibility for the validity or performance of these contracts.

Table of Contents

VALIDITY OF SECURITIES

Unless otherwise indicated in the prospectus supplement, the validity of the securities offered by this prospectus will be passed upon for us by Davis Polk & Wardwell LLP, New York, New York and for any underwriters, dealers or agents by Milbank, Tweed, Hadley & McCloy LLP, New York, New York. Milbank, Tweed, Hadley & McCloy LLP from time to time represents NYSE Euronext and its affiliates with matters unrelated to the offering of the securities.

EXPERTS

The consolidated financial statements and management's assessment of the effectiveness of internal control over financial reporting (which is included in Management's Report on Internal Control Over Financial Reporting) incorporated in this prospectus by reference to NYSE Euronext's Current Report on Form 8-K filed on May 17, 2011 have been so incorporated in reliance on the report of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.
