INFORMATION ABOUT VOTING, SOLICITATION AND THE ANNUAL MEETING

Who can vote?

To be able to vote, you must have been a shareholder of record of our common stock at the close of business on February 26, 2013. This date is the record date for the annual meeting. Shareholders of record on the record date are entitled to vote on each proposal at the meeting or any postponement or adjournment of the meeting. As of the close of business on the record date, there were 28,364,753 shares of our common stock outstanding, consisting of 9,042,809 issued and outstanding shares of class A common stock (Class A shares) and 19,321,944 issued and outstanding shares of class B common stock (Class B shares). Class A shares and Class B shares are sometimes referred to collectively in this proxy statement as common stock.

How many votes do I have?

Each share of our common stock that you owned on the record date entitles you to one vote on each matter that is presented for consideration. All shares of each class of our common stock will vote together as a single class on all matters brought before the annual meeting.

How do I vote if I am the shareholder of record of my shares?

If your shares of common stock are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, and not through a broker, bank or other nominee, you are considered the shareholder of record with respect to those shares. We have sent the Notice or the printed proxy materials directly to you. If you are the shareholder of record or record holder of your shares, you may vote in one of the following five ways:

Through the Internet. Vote by following the instructions on the Notice or going to the Internet address stated on your proxy card.

By telephone. Call the telephone number on your proxy card.

By fax. Complete and sign your proxy card and fax both sides of the completed proxy card to (787) 749-4148.

By mail. Complete and sign your proxy card and mail it in the enclosed postage-prepaid envelope. You do not need to affix a stamp on the enclosed envelope if you mail it within the United States. If you do not have the postage-prepaid envelope, please mail your completed proxy card to the following address: Triple-S Management Corporation c/o Broadridge Financial Solutions, Inc. at 51 Mercedes Way, Edgewood, NY 11717.

In person. Attend the annual meeting and vote in person or by submitting a proxy at the meeting.

If you receive only the Notice, you may follow the procedures outlined in the Notice to request a proxy card to submit your vote by fax or mail.

If you vote via the Internet, by phone, or by fax, do not return the proxy card. You may request a printed copy of the proxy materials by any of the following methods: (a) telephone at 1-800-579-1639; (b) Internet at www.proxyvote.com; or (c) e-mail at sendmaterial@proxyvote.com. Please make the request as instructed above on or before April 14, 2013 to facilitate timely delivery.

The Internet and telephone voting facilities will close at 11:59 p.m. local time (Eastern Daylight Time) on April 25, 2013. If you plan to vote by fax or by mail, your proxy card must be received no later than 12:00 p.m. local time (Eastern Daylight Time) on April 25, 2013.

In order to ensure that your proxy is voted according to your instructions and avoid delays in ballot taking and counting, we request that you provide your full title when signing a proxy as attorney-in-fact, executor, administrator, trustee, guardian, authorized officer of a corporation, or on behalf of a minor. If shares are registered in the name of more than one record holder, all record holders must sign the proxy card.

Table of Contents

How do I vote if my shares are held in street name ?

If you hold your shares of common stock in street name you will receive the Notice from your broker, bank or other nominee that includes instructions on how to vote your shares. Your broker, bank or other nominee will allow you to deliver your voting instructions via the Internet and may also permit you to submit your voting instructions by telephone. In addition, you may request paper copies of our proxy statement and proxy card by following the instructions on the Notice provided by your broker, bank or other nominee. **If your shares are held in street name, you must present a legal proxy, issued in your name by your broker, bank or other nominee, to be admitted to the meeting and vote your shares in person.**

Can I change or revoke my vote?

Yes. You can change your vote or revoke your proxy at any time before it is voted by:

delivering a written notice of revocation to our Secretary at or before the meeting;

submitting another proxy by telephone or via the Internet;

submitting another proxy by fax or mail;

presenting to our Secretary, before or at the meeting before polls close, a later dated proxy executed by the person who executed the prior proxy; or

voting in person at the meeting.

If you provide more than one proxy, the proxy having the latest date will revoke any earlier proxy. Attendance at the meeting will not, by itself, revoke a proxy. Any written notice or revocation or delivery of a subsequent proxy by a stockholder of record may be sent to Triple-S Management Corporation, 1441 F.D. Roosevelt Avenue, 6th Floor, San Juan, Puerto Rico 00920, Attention: Secretary, or hand delivered to our Secretary at or before the voting at the annual meeting.

If your shares are held in street name by a broker, bank or other nominee, you must contact that institution to change your vote or, if you intend to be present and vote at the annual meeting, bring the legal proxy issued in your name by such broker, bank or other nominee to the meeting.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and proxy card. For example, (i) if you hold your Class B shares in more than one brokerage account, you may receive a separate Notice for each brokerage account in which you hold shares, and (ii) if you hold both Class A shares and Class B shares, you may receive paper copies of the proxy materials with respect to your Class A shares and a Notice with respect to your Class B shares. Please vote each proxy card that you receive.

Who may be present at the annual meeting?

Only shareholders of record and beneficial owners with a legal proxy issued in their name by their respective broker, bank or other nominee may be present at the annual meeting. No other person, including those persons accompanying a shareholder, will be allowed at the annual meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the annual meeting.

Table of Contents

What constitutes a quorum for the annual meeting?

In order for business to be conducted at the meeting, a quorum must be present in person or represented by valid proxies at the beginning of the meeting. On the record date, 28,364,753 shares of common stock were issued and outstanding. The presence, in person or by proxy, of one third (1/3) of those shares will constitute a quorum for the meeting. Shares of common stock represented in person or by proxy (including broker non-votes, as discussed below, and shares that abstain or do not vote with respect to a particular proposal) will be treated as shares that are present for purposes of determining whether a quorum exists at the meeting.

Any broker holding shares of record for you is not entitled to vote on certain matters unless the broker receives voting instructions from you, as you are the beneficial owner of the shares. Uninstructed shares, or broker non-votes, result when shares are held by a broker who has not received instructions from the beneficial owner on such matters and the broker has so notified us on a proxy form in accordance with industry practice or has otherwise advised us that the broker lacks voting authority.

We urge you to vote by proxy even if you plan to attend the annual meeting so that we will know as soon as possible that enough shares will be present for us to hold the annual meeting.

What vote is required to approve each proposal?

Proposal 1 Election of Directors. A nominee must be elected to our Board by a majority of votes cast with respect to such nominee by the shares of common stock entitled to vote and present at the meeting. Broker non-votes will have no effect on this proposal because brokers are not entitled to vote on the election of directors. If shareholders do not elect a director nominee who is already serving as a director, Puerto Rico corporation law provides that the director will continue to serve on our Board as a holdover director until his or her successor is elected.

Proposal 2 Ratification of Independent Registered Public Accounting Firm. The approval of Proposal 2 requires a majority of votes cast with respect to this proposal by the shares of common stock entitled to vote and present at the meeting. The approval of Proposal 2 is a routine proposal on which a broker or other nominee is generally empowered to vote. Accordingly, it is likely that we will not receive broker non-votes as a result of this proposal.

Proposal 3 Advisory Vote to Approve the Compensation of Our Named Executive Officers (NEOs). The approval of Proposal 3 requires a majority of votes cast with respect to this proposal by the shares of common stock entitled to vote and present at the meeting. Broker non-votes will have no effect on this proposal because brokers are not entitled to vote on proposals related to executive compensation in the absence of voting instructions from the beneficial owner.

A majority of votes cast means that the votes cast for a proposal exceeds the votes cast against such proposal. Abstentions and broker non-votes will not count as a vote for or against the proposal and thus will have no effect in determining whether the proposal has received a majority of the votes cast.

A majority of votes cast by the shares of common stock entitled to vote and present at the meeting with respect to any other item properly presented at the meeting will be required for approval of such item, unless a greater percentage is required by law, our articles of incorporation or our bylaws.

Who will count the votes?

Representatives of Broadridge Financial Solutions, Inc, an independent third party, will act as inspectors of the election and tabulate the votes cast by proxy or in person at the annual meeting.

Table of Contents

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board. The Board's recommendation for each proposal is set forth below.

The Board recommends a vote FOR each of these nominees.

Ratification of the Selection of the Independent

The Board recommends a vote FOR this proposal.

Registered Public Accounting Firm (page 14)

Advisory Vote to Approve the Compensation of Our NEOs (page 15)

The Board recommends a vote FOR this proposal.

With respect to any other matter that properly comes before the meeting (and at any postponement or adjournment thereof), the proxy holders will vote as recommended by our Board or, if no recommendation is given, in their own discretion.

Will any other matters be voted on at this meeting?

We do not know of any other matters that may come before the annual meeting other than as described in the notice of meeting. The chair of the meeting will declare out of order and disregard any matter not properly presented. However, if any new matter requiring the vote of our shareholders is properly presented before the annual meeting, proxies may be voted with respect thereto at the discretion of the proxy holders.

Where can I find the voting results?

We will report the voting results in a Current Report on Form 8-K within four business days after the end of our annual meeting.

What is the cost and method of soliciting these proxies?

We will bear the costs of soliciting proxies. We have engaged two independent contractors, Ms. Iris Pérez and Ms. Ivette Colón, to assist us with the solicitation of proxies for an estimated fee of \$1,500 each. In addition, our directors, officers and employees may solicit proxies in person, by telephone, facsimile or email without additional compensation. We also will reimburse banks, brokers or other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred in distributing of proxy materials to shareholders and obtaining their votes.

How and when may I submit a shareholder proposal, including a shareholder nomination for director, for the 2014 annual meeting of shareholders?

If you are interested in submitting a proposal for inclusion in the proxy statement for the 2014 annual meeting of shareholders, you need to follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act). To be eligible for inclusion, we must receive your shareholder proposal for our proxy statement for the 2014 annual meeting of shareholders at our principal corporate offices in San Juan, Puerto Rico, at the address below no later than November 16, 2013.

In addition, our bylaws require that we be given advance written notice of director nominations for election to our Board and other matters that shareholders wish to present for action at an annual meeting other than those to be included in our proxy statement under Rule 14a-8. The Secretary must receive such notice at the address noted below not less than 120 days or more than 150 days before the first anniversary of the preceding year's annual meeting. However, if the date of our annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the anniversary date, then we must receive such notice at the address noted below not later than the close of business on the tenth day after the day on which public disclosure of the meeting was

made. Assuming that the 2014 annual meeting is not advanced by more than 30 days nor delayed by more than 60 days from the anniversary date of the 2013 annual meeting, you would need to give us appropriate notice at the address noted below no earlier than November 28, 2013, and no later than December 28, 2013. If a shareholder does not provide timely notice of a nomination or other matters to be presented at the 2014 annual meeting, it will not appear in the notice of meeting.

Our bylaws also specify requirements relating to the content of the notice that shareholders must provide to our Secretary for any matter, including a shareholder proposal or nomination for director, to be properly presented at a shareholder meeting. A copy of the full text of our bylaws is on file with the SEC and available on our Internet website, www.triplesmanagement.com.

Your proxy will still be good and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy at any time before it is voted.

PROPOSAL 1 ELECTION OF DIRECTORS

Our Board is divided into three groups, with one group being elected each year and members of each group holding office for a three-year term. This classified board structure is required by the terms of our license agreement with the Blue Cross Blue Shield Association (BCBSA). Our Board currently consists of eleven members, three of whom are Group 1 directors (with terms expiring at the 2014 annual meeting), three of whom are Group 2 directors (with terms expiring at the 2015 annual meeting), and four of whom are Group 3 directors (with terms expiring at the 2013 annual meeting). The president and chief executive officer is an *ex-officio* member of our Board and is excluded from the three director groups. Consequently, at the annual meeting, shareholders will have the opportunity to vote for four (4) nominees to serve as Group 3 directors, who will serve until the 2016 annual meeting or until his/her successor is elected or qualified. A majority of the votes cast by the shares of common stock entitled to vote and present at the meeting is required to elect each nominee.

The persons named as proxies in the proxy card will vote for each of these nominees unless you instruct otherwise on the proxy card. Each nominee has indicated his willingness to serve, if elected. However, if any or all of the nominees should be unable or unwilling to serve, the proxies may vote for a substitute nominee designated by our Board or our Board may reduce the number of directors. We have no knowledge that any nominee will become unavailable for election.

PROPOSAL 2 RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2013, and our Board is asking shareholders to ratify that selection. Although current law, rules, and regulation, as well as the charter of the Audit Committee, require the Audit Committee to engage, retain, and supervise our independent registered public accounting firm, our Board considers the selection of the independent registered public accounting firm to be an important matter of shareholder concern and is submitting the selection of PricewaterhouseCoopers LLP for ratification by shareholders as a matter of good corporate practice. If shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers LLP. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and those of our shareholders. Representatives of PricewaterhouseCoopers LLP are expected to attend the annual meeting and will be given an opportunity to make a statement if so desired and to respond to appropriate questions.

A majority of votes cast with respect to this proposal by the shares of common stock entitled to vote and present at the meeting is required to approve the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2013.

Our Board of Directors recommends a vote FOR the proposal.

PROPOSAL 3 ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our NEOs as disclosed in this proxy statement in accordance with SEC rules.

Summary

In 2011, our shareholders voted that the compensation of our NEOs be presented to our shareholders on an annual basis. Our Board accepted our shareholders' advisory vote, and in this proxy statement, we are asking our shareholders to provide advisory approval of the compensation of our NEOs, as such compensation is described in its Compensation Disclosure section. Our executive compensation programs are designed to enable us to attract, motivate and retain executive talent, which is critical to our success. The following is a summary of some of the key points of our executive compensation program. We urge our shareholders to review the information in Compensation Disclosure Compensation Discussion and Analysis of this proxy statement and executive-related compensation tables for more information.

We provide competitive pay opportunities that reflect best practices and compare our total executive compensation with total compensation levels for equivalent positions at companies similar in size and complexity to ours. See page 31 of this proxy statement under the heading *Determining Executive Compensation*. The Compensation Committee periodically reviews our executive compensation program to ensure that total compensation which includes base salary, short and long-term variable pay opportunities, benefits and perquisites is generally between the 25th and 50th percentile of the comparable group of companies, and that a significant percentage of total compensation is delivered in the form of incentive compensation. Our performance-based bonus program, which focuses on profitably increasing our revenues, rewards short-term performance. Our 2013 equity award program specifically promotes a high performance culture by providing 75% of the equity award value in the form of performance shares and the remaining 25% in the form of time-based restricted stock. This emphasis on long-term risk-based pay aligns the interests of our executives with those of our stockholders and promotes long-term retention.

We are committed to having strong governance standards with respect to our compensation program, procedures and practices. As part of its commitment to strong corporate governance and best practices, our Compensation Committee has retained an independent compensation consultant and includes compensation analytical tools as part of its annual executive compensation review. In addition, our Compensation Committee oversees the management of claw-back provisions, stock ownership guidelines, an equity award grant policy, stock option exercise procedures, and an annual process to assess the risks related to our company-wide compensation programs.

In 2012, our shareholders approved, on an advisory basis, the compensation of our NEOs. Pursuant to that vote, our board approved an executive compensation program for 2013 that is quite similar to the one presented to our shareholders in 2012.

Recommendation

Our board believes that the information provided above and within the Compensation Disclosure section of this proxy statement demonstrates that our executive compensation program was designed appropriately and is working to ensure that management's interests are aligned with our shareholders' interests and support long-term value creation.

We are presenting the following proposal, which gives you as a shareholder the opportunity to endorse or not endorse our executive compensation program:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed in Compensation Disclosure Compensation Discussion and Analysis, the compensation tables and the narrative discussion contained in our 2013 proxy statement.

Table of Contents

While our Board intends to carefully consider the shareholder vote resulting from the proposal, the final vote will not be binding on us and is advisory in nature. Our shareholders' vote will not overrule any decision made by our Board nor require the Board to take any action. However, we will take into account the outcome of the vote when considering future executive compensation decisions for NEOs.

Our Board recommends a vote FOR the proposal.

CORPORATE GOVERNANCE

General

We believe good corporate governance ensures that we are managed for the long-term benefit of our shareholders. We periodically review our corporate governance policies and practices and compare them to those suggested by various authorities in corporate governance and the practices of other public companies. As a result, the Board has adopted policies and procedures that we believe are in our best interests and those of our shareholders, including corporate governance guidelines, charters for the standing committees of the Board, director independence standards and a code of business conduct and ethics.

Corporate Governance Practices

Our Board is committed to fulfill its responsibilities guided by the highest standards of corporate governance, which we believe are essential to serve our shareholders and the Company. This commitment has led us to incorporate several practices, including the following:

Only independent directors serve on the Audit Committee, the Compensation Committee and the Corporate Governance and Nominations Committee.

Directors shall notify the Board before accepting invitations to serve on another public company board.

A director must submit an offer to resign if his/her principal occupation changes substantially.

Our Board and its committees have the authority to retain independent advisors.

Our Board and its committees conduct performance reviews annually.

All directors are encouraged to complete a minimum level of director training annually.

Code of Business Conduct and Ethics

The Code of Business Conduct and Ethics (the Code) applies to our employees, agents, independent contractors, consultants, officers and directors. Any waiver of the Code of business conduct and ethics may be made only by our Board and will be promptly disclosed as required by law or stock exchange regulations. Our Board has not granted any waivers to the Code of business conduct and ethics. You can access the Code, our corporate documents and additional corporate governance information on our website www.triplesmanagement.com in the Governance Documents section under Corporate Governance. Copies of these documents are also available to shareholders in print form at no charge by sending a request to Ms. Eileen Pérez, Manager, Triple-S Management Corporation, PO Box 363628, San Juan, PR 00936-3628, or by calling (787) 749-4025.

Independence of Directors

Our director independence standards conform to those required by the New York Stock Exchange (NYSE). Under these standards, a director qualifies as independent if our Board affirmatively determines that the director has no material relationship with us other than as a director. In assessing whether a director has a material relationship with us (directly or as a partner, shareholder or officer of an organization that has a relationship with us), the Board uses the criteria outlined in Section 303A.02 of the NYSE Listed Company Manual. For relationships not covered by the NYSE guidelines, the determination of whether a material relationship exists is made by the members of our Board who are independent under said guidelines. Our Board has reviewed the relationships between us, including our subsidiaries or affiliates, and each board member, including each such director s immediate family members.

Table of Contents

The Board has affirmatively determined that all the directors are independent other than Messrs. Clavell-Rodríguez, and Sánchez-Colón, all of who receive compensation from Triple-S Salud, Inc. (TSS) for services as healthcare providers, and Mr. Ruiz-Comas, our president and chief executive officer. Each of the independent directors has no relationship with us, other than any relationship that is categorically not material under the guidelines indicated above and other than as disclosed in this proxy statement under Compensation Disclosure Director Compensation and Other Relationships, Transactions and Events. The Board has determined that the relationships described in this proxy statement do not preclude a determination of independence because the amounts involved reflect customary fees for the services rendered, are not material and will not impair the applicable director's ability to render independent judgment.

Board Meetings and Committees

The Board has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The Board's primary responsibility is to oversee our management and, in so doing, serve our and our shareholders' best interests. The Board selects, evaluates and provides for the succession of executive officers, nominates individuals to serve as directors of the Company for election at annual shareholder meetings and elects individuals to fill any vacancies on the Board. It reviews and approves corporate objectives and strategies, evaluates significant policies and proposed major commitments of corporate resources, and participates in decisions that have a potential major economic impact on us. Management keeps the directors informed of our activity through regular written reports and presentations at Board and committee meetings.

The Board met thirteen times in 2012. During 2012, each of the incumbent directors serving in 2012, except for Ms. Cari M. Dominguez, attended at least 75% of meetings of the Board held when he or she was a member. Directors are also kept informed of our business through personal meetings and other communications, including considerable telephone contact with our Board's Chair and Vice Chair and others regarding matters of interest and concern to us and our stockholders. Mr. Ruiz-Comas is the only director who is also an employee. He does not participate in any board or committee meeting at which his compensation is evaluated. Pursuant to BCBSA and NYSE requirements, neither non-independent directors nor our officers and employees, including those of our subsidiaries, are members of the Compensation, Audit or Corporate Governance and Nominations Committees.

While we encourage directors to attend our annual meeting of shareholders, we have not adopted a formal policy requiring director attendance at the annual meeting of shareholders. All of our then current members of the Board attended our 2012 annual meeting of shareholders.

Non-management directors meet regularly in executive sessions without management. Non-management directors are all our Board members who are not our officers and include directors, if any, who are not independent by virtue of the existence of a material relationship with us. It is our Board's policy that the Chair of the Board preside over these executive sessions, which are typically held in conjunction with each regularly scheduled meeting of our Board. Our independent directors also meet at least once per year in executive sessions without management or directors who are not independent. It is our Board's policy that the Vice Chair of the Board, who is an independent director, preside over these executive sessions.

Table of Contents

Our Board has the following standing committees: Audit, Compensation, Corporate Governance and Nominations, Investment and Finance, and Executive. The specific functions and responsibilities of each committee are set forth in its charter, which has been approved by the Board. Each committee must review the appropriateness of its charter and perform a self-evaluation at least annually. Current copies of the charters of the Audit, Compensation and Corporate Governance and Nominations Committees are available to shareholders on our website at www.triplesmanagement.com in the Governance Documents section under Corporate Governance.

None of the committee members serves on the audit committee of another listed public company. The Audit Committee has the authority to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. Such independent advisors may be the regular advisors to the Company. The Audit Committee met nine times during 2012 and each member attended at least 75% of the total meetings of the committee held when he or she was a member. The Compensation Committee also evaluates the policies, program design and structure of, and reviews and approves annual performance objectives relevant to, the compensation of other executive officers of the Company. The Compensation Committee oversees the administration of and compliance with the Company's incentive compensation plans, and makes recommendations to the Board with respect to awards under such plans. The Compensation Committee has the authority to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. Such independent advisors may be the regular advisors to the Company. Table of Contents

In 2012, the Compensation Committee retained Pay Governance LLC (Pay Governance), an independent compensation consulting firm, to assist the Committee on matters related to executive officer and director compensation. The Board has determined that Pay Governance is an independent consultant pursuant to Section 10C of the Exchange Act. Pay Governance reports exclusively to the Compensation Committee and does not provide any additional services to us.

For 2012, the compensation consultants worked with the Compensation Committee to review our compensation peer group to ensure it remains appropriate for use in competitive market assessments of total compensation, provided an analysis of executive total compensation relative to market practices, reviewed our executive and director stock ownership guidelines to ensure they remain contemporary with prevailing market practice, assisted in the risk assessment of our compensation programs, and provided support for preparation of our disclosure in this proxy statement. Our Compensation Committee held 14 meetings during 2012 and each member attended at least 75% of the total meetings of the Committee held while he or she was a member.

The responsibilities of our Compensation Committee and its activities during 2012 are described in Compensation Disclosure Compensation Discussion and Analysis below.

Corporate Governance and Nominations Committee

The members of our Corporate Governance and Nominations Committee are Messrs. Rodríguez-Díaz (chair), Figueroa-Collazo and Fuentes-Benejam. The Board has determined that each member of the Committee is independent under the NYSE guidelines. The purpose of the Committee is to identify individuals qualified to become Board members consistent with criteria approved by the Board, recommend to the Board the persons to be nominated by the Board for election as directors at any meeting of shareholders, develop and recommend to the Board a set of corporate governance principles and oversee the evaluation of the Board. The responsibilities of the Committee also include oversight of the Board's annual review of succession planning with respect to senior executives and oversight of our code of business conduct and ethics. The Committee has the authority to engage such independent legal and other advisors as it deems necessary or appropriate to carry out its responsibilities. Such independent advisors may be the regular advisors to the Company. The Committee is empowered, without further action by the Board, to cause the Company to pay the compensation of such advisors as established by the Committee. The Committee did not retain any such advisors during 2012.

Our Corporate Governance and Nominations Committee held 10 meetings during 2012 and each member attended at least 75% of the total meetings of the Committee held when he was a member. For information relating to nominations of directors by our shareholders, see Director Nominations Process below.

Director Nominations Process. As part of the nominations process, the Corporate Governance and Nominations Committee is responsible for determining the appropriate skills and characteristics required of new Board members in light of the current Board composition and identifying qualified candidates for Board membership. The process followed by the Committee to identify and evaluate candidates includes requests to Board members, senior management and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of candidates identified by members of the Committee and the Board.

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, the Corporate Governance and Nominations Committee applies the criteria set forth in our Corporate Governance Guidelines and its committee charter. Generally, the Committee verifies that the selected individuals possess the following specific qualities or skills: experience or relevant knowledge, time availability and commitment, good reputation, analytical thinking, ability to work as a team, independent judgment, and ability to verbalize and present ideas in a rational and eloquent fashion. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. This process also takes into consideration our strategies, the annual peer and self-evaluations of each director, the fit between candidates' qualifications and our needs, and applicable legal, regulatory and statutory requirements. The aim is to assemble a board that is strong in its collective knowledge and consists of individuals who possess a variety of complementary attributes, which taken together, serve the Company and its shareholders well. The Board is responsible for the final approval of new director candidates, as well as the nomination of existing directors for reelection.

Shareholders may recommend individuals for the Corporate Governance and Nominations Committee to consider as potential director candidates in the Board's slate of nominees by submitting their names and background to Triple-S Management Corporation, Corporate Governance and Nominations Committee, at Triple-S Management Corporation, PO Box 363628, San Juan, PR 00936-3628. The Committee will review the qualifications of recommended candidates if appropriate biographical information and background material is provided on a timely basis. Its evaluation of such candidates will follow the same process, and apply the same criteria, as for director candidates submitted by Board members, senior management or others. If the Board decides to nominate a shareholder-recommended candidate and recommends his or her election as a director by the shareholders, the name will be included in our proxy card for the shareholders' meeting at which his or her election is recommended.

Shareholders also have the right to directly nominate director candidates, without any action or recommendation on the part of the Corporate Governance and Nominations Committee or the Board, by following the procedures set forth in the Company's bylaws and described in response to the question **How and when may I submit a shareholder proposal, including a shareholder nomination for director, for the 2014 annual meeting?** in the *Information About Voting, Solicitation and the Annual Meeting* section of this proxy statement.

Criteria and Diversity. In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by shareholders, the Corporate Governance and Nominations Committee, in accordance with the Board's diversity policy, will review certain criteria to ensure we benefit from a broad diversity of director experience, thoughts, viewpoints and backgrounds. These criteria include the candidate's possession of competencies related to financial, legal, management, human resources, health care, insurance, and technology expertise. The Committee will also consider a candidate's integrity, business acumen, age, experience, commitment, diligence, conflicts of interest and the ability to act in the interests of all shareholders. The Committee recognizes the value of diversity on the Board and carefully considers the Board's diversity in the director identification and nomination process. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. We do not discriminate against nominees on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

Investment and Finance Committee

The members of the Investment and Finance Committee are Messrs. Faría-Soto (chair), Clavell-Rodríguez, Fuentes-Benejam and Toñarely-Barreto and Ms. Culpeper-Ramírez. The Investment and Finance Committee oversees and provides advice and guidance to the Board regarding our investment and corporate finance transactions, management, policies and guidelines. The Committee also reviews investment performance, investment risk management exposure, and our capital structure. The committee is responsible for the overall strategic direction and review of our investment and financing activities. In 2012, this committee met eight times. Each member attended at least 75% of the scheduled meetings held by this committee.

Executive Committee

The members of the Executive Committee are Messrs. Clavell-Rodríguez (chair), Faría-Soto, Figueroa-Collazo, Rodríguez-Díaz and Sánchez-Colón and Ms. Soto-Martínez. The purpose of the Executive Committee is to assist the Board in discharging its duties between meetings of the Board, especially when timing is critical. The Committee reviews material policy, strategic and emerging issues of the Company, and has the authority to transact administrative matters on behalf of the Board. This committee met seven times during 2012 and each member attended at least 75% of the total meetings of the committee held when he or she was a member, except for Ms. Soto-Martínez due to medical reasons.

Board Leadership Structure

We separate the roles of president and chief executive officer and chair of the board in recognition of the differences between the two roles. The president and chief executive officer is responsible for executing our

Table of Contents

strategic plan and overseeing our day to day leadership and performance, while the chair of the Board provides guidance to the president and chief executive officer, sets the agenda for Board meetings and presides over meetings of the Board and executive sessions of non-management directors. The Board believes that it is not necessary or appropriate in serving our best interest to designate a lead director. Therefore, the chairperson, chief executive officer and Board as a whole are free to call upon any director to provide leadership in a given situation; however, because Dr. Clavell-Rodríguez, our chair, is not independent, our Board has appointed the vice chair of our Board, Ms. Soto-Martínez, as presiding director at all executive sessions of independent directors. The Board holds executive sessions at least once a year.

Risk Oversight

The Board has an active role, as a whole and through its committees, in overseeing management of our risks. In particular, the Audit Committee oversees management of financial risks and our policies with respect to risk assessment and management. The Corporate Governance and Nominations Committee annually reviews our corporate governance guidelines and their implementation, including risks associated with director independence and potential conflicts of interest. The Compensation Committee oversees the management of risks relating to our executive compensation structure. Our Investment and Finance Committee oversees risks related to our investment policy, financial strategies, and corporate acquisitions. While each of these committees is responsible for evaluating and overseeing the management of certain risks, the entire Board is regularly informed about such risks through committee reports. The Board also receives regular reports from members of senior management regarding areas of material risk to us, including operational, financial, legal, regulatory, strategic and reputational risks, and annually reviews our strategic plan which addresses, among other matters, the risks and opportunities we face. Its review of this information enables the Board to understand and assess our risk identification, management and mitigation strategies.

The Company has in place an enterprise risk management (ERM) framework that integrates risk management functions from across our business units. As described above, different Board committees have oversight responsibility over our major risks. We also have a management-level risk committee that oversees the development and implementation of risk response plans for these major risks and for other risks across the business.

Communications from Shareholders and Other Interested Parties

The Board will give appropriate attention to written communications on issues that are submitted by shareholders and other interested parties, and will respond as appropriate. Absent unusual circumstances or as contemplated by committee charters, the chair of the Board will, with the assistance of our corporate secretary and general counsel, be primarily responsible for monitoring communications from shareholders and other interested parties and provide copies or summaries of such communications to the other directors as he considers appropriate.

Communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that the chair of the Board considers to be important for the directors to review. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Shareholders and other interested parties who wish to send communications on any topic to the Board should address such communications to the corporate secretary, Triple-S Management Corporation, P.O. Box 363628, San Juan, PR 00936-3628, Attention: Secretary. All correspondence addressed to a director will be forwarded to that director.

Alternatively, a shareholder or other interested party may confidentially contact our Audit Committee by calling our EthicsPoint services at the toll-free number 1-866-384-4277 or electronically through www.ethicspoint.com. Communications received by EthicsPoint are completely confidential and allow for shareholders, employees and other interested parties to report any violations or irregularities that could affect us. Communications will be reviewed by the Audit Committee, which may discretionally forward communications that are not related to accounting or auditing matters to other committees of the Board or management for review.

Table of Contents**COMPENSATION DISCLOSURE****Compensation Discussion and Analysis*****Introduction***

The Board's Compensation Committee oversees the design and administration of our executive compensation program. The program is designed to support the attainment of our vision, financial and strategic goals and operating imperatives, support good corporate governance principles, and align our interests with those of our shareholders. We believe that an effective executive compensation program recognizes individual contributions as well as overall business results, rewards executives for achieving our annual and long-term goals, aligns executive and shareholder interests intended to ultimately improve shareholder value, and reflects responsible corporate governance practices.

In 2012, a year characterized by challenging economic conditions in Puerto Rico, the Company met its overall expectations regarding revenue, premiums, service fees and membership levels; however, higher than expected medical and pharmacy costs adversely affected our American Health subsidiary. As a result, our operating income did not meet our expectations. We believe the compensation of our executive officers reflects our results and further promotes the attainment of our goals.

Results of Advisory Vote on Say-on-Pay and Frequency of the Vote

Rule 14a-21 of the Exchange Act enables our shareholders to vote to approve, on an advisory basis, the compensation of our NEOs. In 2012, 97.01% of our shareholders voted in favor of the compensation of our NEOs.

Also, Rule 14a-21 enables our shareholders to advise the Company on the frequency of their vote on the compensation of our NEOs. Our shareholders voted that such compensation be presented for shareholder's advisory approval on an annual basis and the Board accepted the advice of our shareholders.

The next shareholder vote on the frequency of their vote on the compensation of our NEOs will be held no later than the 2017 annual meeting of our Company's shareholders, in accordance with Rule 14a-21.

Summary of Key Executive Compensation Decisions

The following table summarizes the compensation-related decisions made by the Compensation Committee and ratified by our Board in 2012 and early 2013, and the rationale for each. These decisions considered the Company's executive compensation philosophy, the Company's operating performance for fiscal 2012, individual executive performance, and prevailing compensation trends in the external market.

Compensation Component	Principal Contribution to Compensation Objectives	Description and 2012/2013 Highlights
<i>Base Salary</i>	Attracts, retains and rewards executives with an appropriate salary level that reflects the executives' scope and breadth of responsibility, individual performance against the objectives set for their positions and their relative value in the marketplace.	Base salaries are targeted at the median of the Comparable Group, which is described under the heading <i>Determining Executive Compensation</i> on page 31. Actual positioning varies above or below the median to reflect each executive's performance over time, experience and skill set relative to comparable positions at our peer companies, and criticality to the Company. The Compensation Committee approved merit increases for the NEOs and other executive officers on February 21, 2012. On average, base salaries were increased by approximately 5.7% for

Performance-Based Annual Cash Incentive Focuses executives on achieving annual financial, operating, and individual objectives. Elements in the plan are directly linked to driving shareholder value. Total cash compensation of base salary plus the targeted incentive opportunity is established based on what is considered competitive in the marketplace, experience of each individual, value to the Company, and other relevant considerations. Actual compensation, however, varies above or below the competitive benchmark depending on actual Company and individual performance.

Long-Term Equity Incentives Rewards the achievement of long-term business objectives that benefit our shareholders. Elements in the plan directly link compensation with share price improvement over a multi-year period. Supports the retention of a talented management team over time.

the NEOs.¹ Salary increases for individual executive officers were determined by the Compensation Committee based on a review of individual performance, level of compensation provided for comparable positions in our identified peer groups, relative pay differences within the Company, and the Company's overall budget for base salary increases.

Performance-based annual cash incentives are determined based on how well the company performs against pre-established goals for premiums earned and net income, each adjusted to exclude non-budgeted items, and on individual objectives specific to each NEO. The Compensation Committee establishes a threshold, target and maximum performance goal for each financial metric. Each level represents a different performance expectation considering factors such as the Company's annual operating budget for the year, the Company's prior year performance, and the historical performance levels of our peer group. Target performance is set at a level that is considered to be challenging yet attainable, and the corresponding payout for achievement of target performance equates to what is considered competitive relative to our peer group. Threshold performance is set at a minimally acceptable level of performance and results in a payout that may vary from no payout to one that is below competitive standards. Maximum performance represents, in our estimation, superior performance for the year and corresponds to an above median compensation opportunity.

For 2012, the Compensation Committee approved annual incentive payouts to NEOs at an average of approximately 32.6% of target based on the Company's 2012 operating performance and individual executive performance.

The Compensation Committee has adopted an annual equity award program for executives under the Company's 2007 Incentive Plan. Its design emphasizes long-term performance by delivering 75% of the annual award value in performance-based equity that may be earned only if specific measures of operating performance are attained over a three-year period, with cliff vesting at the end of the third year. The remaining 25% of the annual award value is delivered in restricted stock, which vests over three years in increments of one third per year, to emphasize the retention of key executives.

¹ This calculation takes into account only the merit increases of those executives that were NEOs for the entire 24-month period covered by calendar years 2011 and 2012.

Table of Contents

For the three-year plan beginning in 2012, the Compensation Committee established three levels of goal attainment based on three-year cumulative premiums earned, operating income and earnings per share (EPS), and determined the corresponding award size for each performance level for each NEO. These goals were set based on what the Compensation Committee believes to be minimally acceptable, challenging yet attainable, and exceptional performance in the context of the Company's stated objectives for premiums earned, operating income and EPS.

Long-term incentives were granted to NEOs in 2012 as described in the Summary Compensation Table.

In summary, the Compensation Committee concluded that the 2012 performance based compensation together with 2012 base salary levels are well aligned with the Company performance for the year and that the linkage between pay and performance is strong.

Compensation Policies

During the year, the Compensation Committee oversaw management of the following compensation practices or policies:

a compensation philosophy that reflects the current state of our business, objectives for the executive compensation program, and best practices in corporate governance and executive compensation;

a compensation recoupment policy that permits the Company to recover incentive compensation paid based on erroneous financial results that were later the subject of an accounting restatement;

an equity award grant policy that establishes fixed grant dates for equity awards to protect the Company against the timing of awards to coincide with the release of information that could result in the delivery of a monetary benefit to executives;

executive share retention and ownership guidelines that emphasize executive stock ownership, focus executive attention on long-term shareholder value creation, and strengthen the alignment between executive and shareholder interests; and

a compensation risk assessment. Based on the findings of the assessment, the Compensation Committee concluded that our compensation policies and practices for fiscal 2012 do not create risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Philosophy

The executive compensation program is designed to achieve the following objectives:

reinforce our corporate values by combining our efforts to deliver superior business results with good governance, socially responsible business practices, and high ethical standards;

promote a high performance culture with clear emphasis on accountability and variable pay that is tied to both short and long-term results;

Table of Contents

recover any incentive-based compensation that is based on erroneous financial results in the event of an accounting restatement due to material non-compliance with any financial reporting requirement of the securities laws;

attract, retain and motivate top talent cost-effectively by offering competitive total compensation opportunities;

require moderate levels of share ownership that increase with executives' scope of responsibilities;

emphasize uniformity of design features across corporate and business units to reinforce collaboration, limit program complexity, and increase the effectiveness of the entire executive team;

align executive and shareholder interests through long-term equity based plans;

maintain a clear and understandable framework for evaluating the effectiveness of the program's design features;

prohibit any activities by employees that hedge their economic risk of owning Company stock; and

provide a balanced total compensation program to ensure that management is not encouraged to take unnecessary and excessive risks that may harm the Company.

Compensation Consultants

The Compensation Committee has the sole authority to engage and terminate the services of outside consultants. In 2012, the Compensation Committee retained Pay Governance LLC ("Pay Governance"), an independent compensation consulting firm, to assist the committee on matters related to executive officer and director compensation. The Board has determined that Pay Governance is an independent compensation consultant pursuant to Section 10C of the Exchange Act. Pay Governance reports exclusively to the Compensation Committee and does not provide any additional services to us.

Named Executive Officers

The NEOs include our chief executive officer, our chief financial officer, the three other most highly compensated executive officers who served as executive officers during 2012, and two other individuals who served as executive officers during part of 2012:

Determining Executive Compensation

We compare the compensation of the NEOs to that of companies with which we compete or could compete for executive talent, capital and customers. These companies include private or publicly-held companies, stand-alone businesses and/or divisions of larger corporations. Our size and/or organizational complexity are considered when selecting comparable companies in Puerto Rico and the United States and data analysis methods. Within our general competitive framework, specific comparisons may vary by type of role.

The Compensation Committee collects relevant market data and alternatives to consider when making executive compensation decisions. In 2012, the Compensation Committee compared the data with each element of total compensation to a list of 16 comparable companies in Puerto Rico and direct industry competitors located within the United States (Comparable Group). Six of these companies have the same six-digit Global Industry Classification Standards (GICS) code as ours. We generally update the Comparable Group compensation benchmark every other year, or as may be appropriate to reflect changes in our operating environment or business model. We will update this benchmark again during 2013.

The companies comprising the Comparable Group are:

AMERIGROUP Corporation*	Erie Indemnity Company	Molina Healthcare, Inc.
Alleghany Corporation	First BankCorp	Oriental Financial Group
Aspen Insurance Holdings, Ltd	HCC Insurance Holdings, Inc.	Popular, Inc.
Centene Corporation	Infinity Property & Casualty Corporation	State Auto Financial Corporation
Delphi Financial Group, Inc.	Magellan Health Services	WellCare Health Plans, Inc.
Doral Financial Corporation		

*Acquired by WellPoint, Inc. on December 24, 2012.

For comparison purposes, our annual revenues are around the median of the Comparable Group. Total compensation which includes base salary, short and long-term variable pay opportunities, benefits and perquisites is generally between the 25th and 50th percentile of the Comparable Group, on average.

Based on our compensation philosophy, a significant percentage (41% in 2012) of total compensation is delivered through our incentive compensation plans in the form of at-risk performance-based. The Compensation Committee has not adopted a policy or formula to allocate total compensation among its various components. As a general matter, the Compensation Committee reviews competitive pay information provided by its compensation consultant as well as our current operating goals and environment to determine the appropriate level and mix of incentive compensation. Actual amounts earned from incentive compensation are realized only as a result of individual or Company performance, depending on the type of award, based on a comparison of actual results to pre-established goals.

Components of Executive Compensation

Executive compensation is delivered through base salary, annual non-equity incentive, a cash bonus, long-term equity incentive compensation, retirement programs and a non-qualified deferred compensation plan.

Base Salary

Base salaries are designed to recognize an individual's contribution to the organization and his or her experience, knowledge, and responsibilities. Base salaries also aim to provide competitive compensation, appropriate incentives and financial stability to the NEOs for assuming a significant level of responsibility.

According to our salary adjustment policy, salary increases are based on a number of factors, including importance of the position, level of responsibility, individual performance, growth in position, market level salary increases, our financial performance and the Company's ability to pay. Also, our policy establishes that base pay adjustments send clear performance messages and make moderate distinctions based on performance. Significant distinctions in performance by executives are recognized through our annual non-equity

Table of Contents

incentive plan. In addition, this policy requires that timing for increases, promotions and changes in responsibilities be consistent with market practice and that base salaries for executives be reviewed on an annual basis and adjusted as necessary to ensure pay levels remain competitive.

Annual Non-Equity Incentive Plan

The annual non-equity incentive portion of an executive's total compensation opportunity is intended to accomplish a number of objectives. This includes reinforcing the optimization of operating results throughout the year, facilitating the achievement of our stated objectives, paying for performance, reinforcing individual accountability, supporting our long-term objective to create shareholder value, and providing market competitive cash compensation when performance objectives for the year are met or exceeded. This incentive compensation can be highly variable from year to year depending on actual performance results.

The Company sets target non-equity incentive amounts as a percentage of base salary for all eligible executives at the beginning of each year based on job responsibilities, internal relativity, and a review of competitive market data. Actual incentive payouts may range from zero to 150% of the target opportunity depending on the Company's financial results relative to predetermined performance goals and the Compensation Committee's subjective review of each executive's individual performance. The Compensation Committee approves the awards and has discretion to determine any changes to the final amount to be paid.

For 2012, the target non-equity incentive compensation for each of the NEOs as a percentage of salary was as follows:

Executive	Target Bonus Percent
Ramón M. Ruiz-Comas	70%
Amílcar L. Jordán-Pérez	50%
Pablo Almodóvar-Scalley ¹	70%
Arturo Carrión-Crespo	55%
Eva G. Salgado-Micheo	70%
Liliana Rivera-Corcino	n/a ²

¹ On October 1, 2012, Mr. Almodóvar-Scalley became president of Triple-S Salud, Inc., assuming the responsibilities of Ms. Rivas-Rodríguez.

² Ms. Rivera-Corcino does not participate in the annual non-equity incentive plan. She became an NEO upon the departure of our former CFO in July 2011 when she assumed the CFO's responsibility, on an interim basis, for the fair presentation of the Company's financial statements and the certifications required with the Company's periodic reports until July 2012. See the Summary Compensation Table for additional detail.

The Compensation Committee determines annual non-equity incentive awards based on two types of performance measures: financial results and individual criteria. Financial results account for 80% of each NEO's evaluation and individual performance criteria account for the remaining 20%. The weighting of financial results, in turn, is evenly divided between Adjusted Premiums Earned and Adjusted Net Income (each term as defined in the following paragraph). This mix of performance measures focuses executives appropriately on improving both top-line and bottom-line growth, while also emphasizing individual accountability through each executive's individual performance goals.

The Company believes that premiums earned and net income are key drivers of shareholder value and adjusted to exclude non-budgeted items are the most relevant measures by which to assess the Company's short-term business performance and promote profitable revenue growth. Adjusted premiums earned represent the annual premiums earned in the calendar year as presented in the consolidated financial statements in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP), adjusted to include only operations existing at the beginning of the year. Adjusted Net Income is measured as the net income earned in the calendar year, as presented in the consolidated financial statements in accordance with U.S. GAAP, minus realized and unrealized gains/losses in investment and derivatives (net of the related income tax effect) and other non-budgeted items.

Table of Contents

The financial results component of the non-equity incentive performance goals of the Company's executives, including our chief executive officer and chief financial officer, is solely based on consolidated results. Awards to our business unit executives are split 30% based on our consolidated results and 50% based on the results of the relevant business unit. This distribution in weighting is designed to encourage each executive with responsibility for a business unit to focus on his or her individual business while working as a team to achieve the Company's overall success. Executives of a business unit that does not reach the threshold level for Adjusted Net Income do not receive an annual non-equity incentive award even if consolidated financial results of the Company exceed their threshold levels. Likewise, the Company's executives do not receive a non-equity incentive award if the Company does not reach its threshold level for Adjusted Net Income even if the consolidated financial results of business units are met.

For 2012, performance measures of the non-equity incentive plan were as follows:

Table of Contents

The following table summarizes the individual performance goals for 2012 for each of the NEOs. The Compensation Committee allocates specific weight to the various components of the criteria established for each executive. Evaluation of each executive's performance with respect to each criterion includes objective and subjective considerations.

Executive	Individual Performance Criteria
Ramón M. Ruiz-Comas	Geographic expansion outside of Puerto Rico Development of succession plan
Pablo Almodóvar-Scalley	Development of strategic plan for the Company's information technology Operating income margin
Arturo Carrión-Crespo	Completion of certain operational projects Operating income margin Growth in new sales
Eva G. Salgado-Micheo	Development of new products and services Operating income margin Reduction of claims and administrative expenses
Amílcar L. Jordán-Pérez <i>Annual Cash Bonus</i>	Completion of certain operational projects Completion of certain operational projects

We pay an annual non-performance based bonus each December to active employees who do not participate in the annual non-equity incentive plan. This bonus is based on a predetermined formula and paid if the employee has worked more than 700 hours as of September 30 of each year and is an employee at the date of payment. The amount paid under this bonus is approximately 9% of base salary.

Long-Term Incentive Awards

We believe that long-term incentives in the form of equity-based compensation are an important and essential element of the Company's total compensation program that ensure our ability to attract, motivate, and retain top talent responsible for the Company's long-term success. Our long-term incentives to key executive employees are designed to accomplish a number of important objectives, including to align management and shareholder interests, balance the short-term orientation of other compensation elements, provide a variable portion of total compensation tied to long-term market and financial performance of the Company, build executive stock ownership, hold executives accountable for their long-term decisions, reinforce collaboration across the Company, retain key talent over the long term, and share success with those who directly impact our performance results.

The Company made a long-term incentive grant to its executives during 2007 in connection with our initial public offering. No long-term incentive grants were made in 2008, 2009 or 2010 to our NEOs. In March 2011, the Compensation Committee adopted an annual equity award program for executives under the Company's 2007 Incentive Plan, based on recommendations from its compensation consultants and the principles contained in the Company's Executive Compensation Philosophy. The program aims to better focus and reward executives for multiple performance objectives that drive long-term value creation and in part to mitigate the possibility of excessive risk-taking. The program's design provides both performance-based equity (performance shares) that may be earned only if specific measures of operating performance are attained and time-based vesting restricted stock that is earned only if the executive remains employed with the Company over the vesting period. Long-term incentive grants provide for accelerated vesting only upon death, disability, termination without cause, or retirement, provided that the executive release the Company from liability with the execution of a general release and non-disparagement agreement. We assigned a weighting of 75% of the total equity award value to performance shares consistent with our stated philosophy of promoting a high performance culture with clear emphasis on accountability and variable pay that is tied to long-term results, and 25% of the total equity award value to restricted stock to emphasize the retention of key executives and alignment with shareholders.

Table of Contents

Under the 2011 design, performance share awards may be earned if specific goals are attained over a three-year performance period. At the beginning of the performance period, minimum, target and maximum performance levels, along with the associated dollar value of shares that may be earned, are established by the Compensation Committee. The actual value of shares that may be earned may be as high as 150% of the target amount if the maximum level of performance for all metrics is achieved or as low as zero if the minimum level of performance for all metrics is not achieved over the three-year performance period. Determination of performance pay and vesting occur at the end of the third year. A summary of the performance share metrics and rationale for each is presented as follows:

Performance Metric	Weighting	Rationale
3-Year Cumulative Premiums Earned, Net	20%	Premiums earned, net improvement is critical to the continued growth and health of our business. Premiums earned, net is a key contributor to EPS and shareholder value creation.
3-Year Cumulative Operating Income	35%	Operating income improvement emphasizes cost control and is important as we continue to grow our top line. Operating income is also a key contributor to EPS and shareholder value creation.
3-Year Cumulative EPS	45%	EPS sets the expectation of the Company's success for our shareholders. We use EPS as the key accounting measure and evaluation of how the Company is performing.
Restricted stock may be earned only if the executive remains employed with the Company over the vesting period. Restricted stock vests in equal proportions over the three-year vesting period (i.e., one-third per year beginning on the first anniversary of the date of grant). The Compensation Committee believes that the three-year performance period associated with performance shares and the three-year vesting period of restricted stock focuses our executives on sustained performance and supports retention objectives.		

The Company granted stock options to certain executive officers, including some NEOs, in connection with our IPO in 2007. Additionally, the Company granted stock options to two executive officers in 2009 and to one employee in 2010, as part of their respective compensation packages. The Compensation Committee has discontinued the grant of stock options because the Company believes that performance shares better reflect our compensation philosophy.

The Company's policy is to make annual long-term incentive grants to its executives during the first quarter of the year. Also, we may make grants to newly hired senior management employees in connection with their employment. The Compensation Committee carefully considers the impact of the cost of equity awards, as well as dilution, in order to achieve a balance between our costs, competitiveness and the continuity of employee incentives.

Retirement Programs

Our qualified and non-qualified employee retirement plans provide a retirement income base to a substantial majority of our employees, including our eligible executive officers. Messrs. Carrión-Crespo and Jordán-Pérez do not participate in these retirement programs. Union employees hired after December 19, 2006, as well as non-union employees hired after September 30, 2007, are ineligible to participate. Employees who participate in our qualified plan also participate in our non-qualified plan to the extent their income levels exceed compensation and benefit limits imposed by the United States Internal Revenue Code of 1986, as amended.

Non-Qualified Deferred Compensation Plan

Under our non-qualified deferred compensation plan, senior executives, including our NEOs, who elect to become participants, may defer until a future date a portion of their annual compensation and benefit from the tax advantages related to such deferral.

Role of Executive Officers in Compensation Decisions

The Compensation Committee is responsible for all compensation decisions with respect to NEOs of the Company. In determining the compensation of NEOs other than the chief executive officer, the Compensation Committee takes into account the recommendations of the chief executive officer. The chief executive officer annually reviews the performance of the other NEOs. The conclusions reached and recommendations based on these reviews, including with respect to base salary adjustments and non-equity and equity incentive award amounts, are presented to the Compensation Committee. The Compensation Committee reviews and approves the compensation of the NEOs, including the chief executive officer.

Compensation of Named Executive Officers for 2012

With the assistance of Pay Governance, the Compensation Committee evaluated the different components of executive compensation to ascertain that total compensation was targeted at adequate levels (that is, within the 25th to 50th percentile of external pay levels) when compared with companies in the Comparable Group. The main purpose was to assure that we maintained a competitive compensation program.

Base Salary

In setting base salaries for 2012, the Compensation Committee considered the following factors:

The corporate budget, meaning our overall budget for base salary increases. The corporate budget was established based on planned performance for 2012. The objective of the budget is to allow salary increases to retain and motivate successful performers while maintaining affordability within our business plan.

The relative pay differences for different job levels.

Individual performance; base salary increases were driven by individual performance assessments.

Evaluation of peer group data specific to each executive position, where applicable.

The Compensation Committee applied the principles described above in establishing the 2012 base salary for Mr. Ruiz-Comas, the Company's chief executive officer. In an executive session, the Compensation Committee assessed Mr. Ruiz-Comas' 2011 performance, based on established corporate goals and financial objectives. It considered the Company's and Mr. Ruiz-Comas' accomplishment of objectives that had been established at the beginning of the year, the strategic direction of the Company and its own subjective assessment of his performance. On February 21, 2012, the Compensation Committee approved a 2012 salary increase for Mr. Ruiz-Comas of \$40,000, or 5.7%, of his 2011 base salary, which was ratified by our Board.

Salary increases for all other NEOs were based on the aforementioned principles, and were in line with budget and salary increases for all other employees.

Annual Non-Equity Incentive Plan

Non-equity incentive awards for 2012 were based on the performance of the Company against the stated objectives. For 2012, our consolidated Adjusted Net Income, which excluded realized and unrealized gains and losses on investments and derivatives (tax effected), was \$46.6 million, approximately 32.3% lower than the targeted level. Total consolidated Adjusted Premiums Earned was \$2.3 billion, approximately 0.2% higher than the targeted level. On February 26, 2013 and March 5, 2013, respectively, the Compensation Committee and the Board, respectively, approved payments to the NEOs under the 2012 non-equity incentive plan in the amounts set forth in the Summary Compensation Table. The Committee exercised its discretion in determining the awards with respect to two NEOs, Ms. Rivera-Corcino, in recognition of her performance while assuming the reporting responsibilities of the chief financial officer on an interim basis during part of 2012, and Mr. Jordán-Pérez, in recognition of his completion of certain operational objectives as the new chief financial officer. The amounts corresponding to these discretionary payments are included in the Bonus column of the Summary Compensation Table.

Table of Contents

Annual Cash Bonus

NEOs do not participate in this program since 2011. Our corporate controller, Ms. Rivera-Corcino, participates in this non-performance based bonus program and received the bonus in 2012 notwithstanding her status as a NEO for a part of the year. Mr. Almodóvar-Scalley received this bonus in connection with his former position as executive vice president of Triple-S Salud, Inc.

Long-Term Incentive Awards

Long-term incentives were granted to NEOs in 2012 as described in the Summary Compensation Table. Equity award targets for our NEOs are established based on dollar values and then converted into a specific number of shares based on the closing price of our class B common stock on the grant date. All long-term incentives granted to NEOs were approved by the Compensation Committee and ratified by our Board of Directors. See the section entitled "Principal Components of Executive Officer Compensation - Long-Term Incentive Awards" on page 34 of this proxy statement for more detail regarding the operation of performance share awards.

Other Compensation Policies

Equity Award Grant Policy

The purpose of the equity award grant policy is to ensure the integrity of the award granting process and avoid the possibility or appearance of timing of equity grants for the personal benefit of executives.

Under the policy, equity awards are made at the Compensation Committee's first regularly scheduled meeting after the filing of the Company's Annual Report on Form 10-K. Equity grants to certain newly hired employees, including executive officers, are made on the 15th day of the month following the date of hire (or the next succeeding business day that the NYSE is open). Special equity grants to continuing employees are made on the 15th day of the month (or the next succeeding business day that the NYSE is open); provided, that the award is approved on or before such grant date. No off-cycle awards may be granted to the Company's executive officers during quarterly and event-specific blackout periods under the Company's insider trading policy. Outstanding stock option awards have an exercise price equal to the closing market price of the Company's common stock on their grant date. Our equity incentive plans prohibit the re-pricing or exchange of equity awards without shareholder approval.

Recoupment Policy

Our recoupment policy applies to any current or former employee who received incentive compensation during the 3-year period (or in the event of fraud or misconduct, for any period) preceding the date on which the Company is required to prepare an accounting restatement due to the material noncompliance with any financial reporting requirement under the securities laws. The recoupment policy aligns management's interests with the interests of shareholders and supports good governance practices. The policy provides that the Company may, in the exercise of its discretion (as determined by the Compensation Committee) take action to recoup the amount by which such award exceeded the payment that would have been made based on the restated financial results. Our right of recoupment expires three years following the year for which the inaccurate performance criteria were measured. Our right of recoupment is not subject to an expiration period in the event of fraud or misconduct.

Insider Trading and Anti-Hedging Policy

We prohibit directors, officers, employees and consultants of the Company from trading in the securities of the Company or its affiliates (e.g., customers, suppliers, etc.), directly or through family members or other persons or entities, if they are aware of material nonpublic information relating to the Company or its affiliates. Trading includes purchases and sales of stock, derivative securities such as put and call options and convertible debentures or preferred stock, and debt securities (debentures, bonds and notes). Trading also includes certain transactions under Company's plans (e.g., sale of underlying stock acquired upon the exercise of

Table of Contents

stock options, certain transactions associated with the Company's retirement savings plan, and voluntary additional contributions to the Company's dividend reinvestment plan). Our insider trading policy also prohibits our directors, officers and certain other employees from engaging in any hedging or monetization transactions involving Company securities.

Stock Ownership Guidelines

Our stock ownership guidelines for our executive officers and other key employees aim to align their interests with those of our shareholders. The guidelines require executives and other employees to own Company stock in an amount equal to a multiple of base salary, as follows:

Level	Value of Stock as a Multiple of Base Salary
CEO	5x
CFO and Subsidiary Presidents	3x
Corporate and Subsidiary Officers	2x
Other Selected Employees	1x

Until an executive reaches his or her applicable ownership level, he or she must retain 50% of the equity received from long-term compensation plans (after meeting tax withholding obligations), and once the ownership level is met, he or she may not sell shares if doing so would cause his or her ownership to fall below that level. The Compensation Committee reviews progress toward meeting the ownership guidelines on an annual basis.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with management. Based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee is or has been one of our executive officers or employees. None of our executive officers served on the board of directors' compensation committee of any other company for which any of our directors served as an executive officer at any time during 2012. Except as disclosed in "Other Relationships, Transactions and Events" in this proxy statement, none of the members of the Compensation Committee had any relationship with us requiring disclosure under Item 404 of SEC Regulation S-K.

Risk Considerations in our Executive Compensation Program

At the Compensation Committee's request, management conducted a risk assessment of all the compensation programs of the Company in the fourth quarter of 2011, which was completed in the first quarter of 2012. This assessment included an inventory of all compensation programs, including incentive compensation plans then in place at the Company, a review of the design and features of the Company's compensation programs with key members of management responsible for such programs, and an assessment of program design and features relative to compensation risk factors. The Compensation Committee reviewed the Company's risk profile and related risk management processes and the findings of the compensation risk assessment to determine if any material risks were deemed likely to arise from our compensation policies and programs and whether these risks are reasonably likely to have a material adverse effect on our business. The Compensation Committee determined that the Company's then-current pay plans and policies were not reasonably likely to have a material adverse effect on the Company. The Compensation Committee thereafter reported its findings to the Board. Risk considerations and inventory of the compensation programs have remained unchanged for 2012. We believe that our compensation programs for our executive do not encourage excessive or unnecessary risk, as they are designed to, among other things, reinforce responsible business practices, provide a balanced distribution of compensation elements, tie compensation to short and long-term results, provide for the recovery of compensation in the event of inaccurate financial disclosures, fraud or misconduct, require moderate levels of share ownership and prohibit hedging transactions involving Company securities.

Pension Benefits

We sponsor a non-contributory retirement program for certain employees of our Company. The NEO compensation covered by the pension plan is the annual salary set forth in the Summary Compensation Table. Our supplemental retirement program covers benefits in excess of the United States Internal Revenue Code (IRC) limits that apply to the non-contributory retirement program, which is a tax-qualified program under IRC rules. The following is a summary of the provisions of our defined benefit pension plans.

Non-Contributory Defined-Benefit Pension Plan

Employees age 21 or older with one year of service with a BCBSA organization who were hired by the Company or its subsidiaries on or before December 19, 2006 in the case of union employees (on or before September 30, 2007, in the case of non-union employees) are eligible to participate in our non-contributory defined-benefit pension plan. Union employees hired after December 19, 2006 are ineligible to participate. Non-union employees hired after September 30, 2007 are ineligible to participate.

The average earning calculated is based on the highest average annual rate of pay from any five consecutive calendar year periods out of the last ten years. Each year's earnings are limited by IRC Section 401(a)(17) and 415. For 2012, the pension earnings are limited to \$255,000.

Since July 2012, the accrued benefit for single life benefit was calculated using the following formula: 1% of final average earnings multiplied by plan service (defined as full and partial years of employment with the Company or any of its subsidiaries) up to 30 years, minus any benefit accrued under a prior BCBSA plan. Previously, this benefit was calculated on a 2% basis of the final average earnings.

Normal retirement

To be eligible for normal retirement benefits, termination of employment must occur after both (i) the attainment of age 65 and (ii) after five years of participation in the plan. The accrued benefit is payable at the normal retirement date.

Early retirement

To be eligible for early retirement benefits, termination of employment must occur after both (i) the attainment of age 55 and (ii) five years of participation in the plan. The benefit will be the accrued benefit at normal retirement date minus a reduction factor for each year prior to age 62. There is no reduction if retirement occurs after age 62.

The plan also has a special early retirement provision. To be eligible, the termination of employment must occur after attaining 30 years of benefit service and election of immediate benefit commencement.

Forms of payment

The standard form of payment for a single participant is a straight life annuity; for a married participant, a reduced qualified joint and survivor annuity begins at the benefit commencement date, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the participant. In lieu of the standard form of payment, a participant may elect, with the proper spousal consent, one of the optional forms of annuity payment or, alternatively, a single lump sum payment.

Supplemental Retirement Plan

Employees with non-contributory retirement program benefits limited by the IRC maximum compensation and benefit limits are eligible to participate in a supplemental retirement plan. The accrued benefit is calculated by the same formula used in the Defined Benefit Plan using the amount of salary in excess of the IRC limit.

Normal retirement, early retirement, and special early retirement provisions are the same as provided for the non-contributory defined-benefit plan, described above.

Table of ContentsForms of payment

The standard form of payment for a single participant is a straight life annuity; for a married participant, a reduced qualified joint and survivor annuity begins at the benefit commencement date, with 50% of the benefit continuing to the surviving spouse upon the earlier death of the participant. The lump sum payment is not available in the Supplemental Retirement Plan.

The following table presents pension plan information as of December 31, 2012 for the NEOs under our non-contributory retirement and supplemental retirement plans.

401(k) Defined Contribution Savings Plans

The Company maintains three tax-qualified 401(k) savings plans for employees not eligible for our non-contributory retirement plan or the supplemental retirement plan. For all its business units except two, the Company matches fifty percent of participant's contribution of to six percent of the participant's pre-tax compensation. Company match for the other two business units is as follows: (i) twenty-five cents of each dollar contributed by the participant up to 4% of the participant's pre-tax compensation and (ii) one-hundred cents of each dollar contributed by the participant up to the first 1% of the participant's compensation and fifty cents of each dollar contributed by the participant up to 3% of the participant's compensation. The only NEO that participates in the defined contribution savings plan is Mr. Carrión-Crespo, for which the Company has contributed the amount of \$8,712 in 2012.

Under our non-qualified deferred compensation plan, participants may elect to defer up to 20% of their gross annual cash compensation. The deferred compensation and accumulated interest will be paid on the occurrence of the following events: termination of employment, retirement, six months of continued disability, death, or an elected fixed date occurring after the 5th but not later than the 25th anniversary of deferral.

Deferred compensation accumulates interest at an annual rate equivalent to the actual annual yield of the fixed income portion of the Company's investment portfolio for the corresponding year. Except as described below, no amounts are payable to NEOs upon termination of employment other than amounts payable in accordance with law or policies of the Company applicable to all employees, or as a result of a change in control of the Company.

AUDIT COMMITTEE MATTERS

Report of the Audit Committee

The Audit Committee reports to and acts on behalf of the Board. The Audit Committee operates under a written charter adopted by the Board. The Audit Committee reviews the charter annually. The Board has determined that each member of the Committee is independent. In making this determination, the Board follows the audit committee independence standards set forth in the NYSE's director independence rules. Currently, the Audit Committee is comprised of four directors, all of whom are independent under such standards. The Audit Committee held nine meetings during the year ended December 31, 2012. Form 10-K and Form 10-Q filings were discussed in four of such meetings. The Audit Committee also met with management, the Chief Audit Executive, the Compliance and Ethics Director, General Counsel and the independent registered public accounting firm during 2012.

The Audit Committee assists the Board in its oversight of our financial reporting process, internal controls over financial reporting, as well as our internal and external audit processes, independent registered public accounting firm's qualifications and performance of the internal audit function. The Audit Committee also is responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm and the establishment of procedures for handling complaints. The Audit Committee appoints or terminates the engagement of the independent registered public accounting firm and reviews the proposed audit scope and approach, including coordination of the audit effort with the Internal Audit Office.

Pursuant to the Audit Committee charter, management is responsible for the (1) preparation, presentation, and integrity of our consolidated financial statements; (2) maintaining appropriated accounting and financial reporting principles, policies, and internal controls and procedures that comply with accounting standards and applicable laws and regulations; and (3) evaluating management's progress to assess and manage enterprise risk issues. The independent registered public accounting firm is responsible for auditing our consolidated financial statements and expressing an opinion as to their conformity with U.S. GAAP.

In the performance of its oversight function, the Audit Committee has considered and discussed our audited consolidated financial statements for the fiscal year ended December 31, 2012 including critical accounting policies, reasonableness of significant estimates and judgment and financial statements disclosures with management and PricewaterhouseCoopers LLP, our independent registered public accounting firm.

The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by AU Section 380 (Statement on Auditing Standards No. 114), *Communications with those Charged with Governance* (SAS 114), as and the Public Company Accounting Oversight Board Rule 16 regarding *Communication with Audit Committee*. In addition, the Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP its independence. The Audit Committee has also considered whether the provision of non-audit services by the independent registered public accounting firm to us is compatible with maintaining the auditors' independence.

The members of the Audit Committee are not our employees or employees of any of our subsidiaries. While some of them may be accountants or auditors by profession, the Committee relies on, and makes no independent verification of, the financial or other information presented to it or representations made by management or the independent registered public accounting firm. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles and policies, or internal controls and procedures, designed to achieve compliance with accounting standards and applicable laws and regulations.

Based on the Audit Committee's consideration of the audited consolidated financial statements and the discussions referred to above with management and the independent registered public accounting firm, and subject to the limitations on the role and responsibilities of the Audit Committee set forth in the charter and those
