named as proxies in the manner they believe to be in the Company's best interests as to other matters that may properly come before the 2013 annual meeting.

Revocation of Proxies

You may revoke your proxy at any time before it is exercised by (1) delivering to us a signed proxy card with a date later than the date of your previously delivered proxy, (2) voting in person at the 2013 annual meeting or (3) sending a written revocation to our Corporate Secretary at our principal executive offices. Shares represented by valid proxies that are received prior to the 2013 annual meeting and not revoked at or prior to the 2013 annual meeting will be voted at the 2013 annual meeting.

Stockholders Entitled to Vote

Our Board has fixed April 11, 2013 as the record date for the 2013 annual meeting. You are entitled to vote (in person or by proxy) at the 2013 annual meeting if you were a stockholder of record on the record date. On the record date, we had 78,259,237 shares of common stock outstanding (each of which entitles its holder to one vote). Holders of shares of our common stock do not have cumulative voting rights.

In addition to our common stock, on the record date, we had 2,703,846 shares of our Class A Non-Voting common stock outstanding. Shares of our Class A Non-Voting common stock cannot be voted at the 2013 annual meeting.

Quorum

For all proposals on the agenda for the 2013 annual meeting, the holders of a majority of the shares of common stock issued and outstanding and entitled to vote must be present at the 2013 annual meeting in person or represented by proxy to constitute a quorum. Shares represented by all proxies received, including proxies that withhold authority for the election of a director and/or abstain from voting on a proposal, as well as broker non-votes (as described below), will be counted toward establishing a quorum.

Votes Required

For Proposal 1, each of the directors will be elected by a plurality vote of the shares of common stock present at the 2013 annual meeting in person or represented by proxy and entitled to vote. Shares for which the vote is properly withheld and broker non-votes will not be counted toward the nominee's achievement of a plurality and will have no effect on the election of the directors.

The affirmative vote of the holders of a majority of the votes cast will be required for approval of the ratification of the selection of the independent registered public accounting firm (Proposal 2). Shares which abstain and broker non-votes will not be counted as votes in favor of this proposal and will also not be counted as votes cast. Accordingly, abstentions and broker non-votes will have no effect on the outcome of this proposal.

If you hold shares of common stock through a bank, broker or other nominee, that party may under certain circumstances vote your shares if you do not timely return your proxy. Banks, brokers or other nominees have discretionary authority to vote customers' unvoted shares on routine matters.

Table of Contents

Your bank, broker or other nominee cannot vote your shares on any matter that is not considered a routine matter. Proposal 2, ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2013, is considered a routine matter. Proposal 1 is not considered a routine matter. Shares for which a bank, broker or other nominee cannot vote on a particular matter because that party does not have discretionary voting authority to do so are considered broker non-votes on that matter.

Solicitation of Proxies

We will bear the expenses of preparing, printing and assembling the materials used in the solicitation of proxies. In addition to the solicitation of proxies by use of the mail or the Internet, we may also use the services of some of our officers and employees (who will receive no compensation for such services in addition to their regular salaries) to solicit proxies personally and by telephone and email. Banks, brokers or other nominees will be requested to forward solicitation materials to the beneficial owners of shares of record held by them, and we will reimburse them for their reasonable expenses.

Other Business to be Considered

Our management does not know of any business other than the matters set forth in the Notice of 2013 Annual Meeting of Stockholders and described above to be presented for consideration at the 2013 annual meeting and the advance notice period applicable to the 2013 annual meeting as prescribed by our By-laws has expired. If any other business should properly come before the 2013 annual meeting, the proxies will be voted in the discretion of the proxy holders. Each of the persons appointed by the enclosed form of proxy present and acting at the meeting, in person or by substitute, may exercise all of the powers and authority of the proxies in accordance with their judgment.

Corporate Governance Matters

We believe that good corporate governance and fostering an environment of high ethical standards are important for us to achieve business success and to create value for our stockholders. Our Board periodically reviews our corporate governance practices in light of regulatory developments and practices at other public companies and makes changes that it believes are in the best interests of the Company and its shareholders.

Table of Contents

Board Determination of Independence

Under the applicable rules of the NASDAQ Marketplace Rules, or NASDAQ, a director will only qualify as an independent director if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board has determined that none of Messrs. Dyer, Etherington, Holt, Michael or Varsano has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an independent director as defined under Rule 5605(a)(2) of NASDAQ. Our Board based its independence determinations primarily on a review of the responses of the directors to questions regarding employment, affiliations, family and other relationships, together with an examination of those companies with which the Company transacts business.

Stockholders Agreement

The Company is a party to a Stockholders Agreement, as amended, which we refer to as the Stockholders Agreement, with investment funds associated with The Carlyle Group, or Carlyle, and William C. Stone, our Chairman and Chief Executive Officer. The parties to the Stockholders Agreement are required to take such action as shall be required under applicable law to cause our Board to consist of eight directors. The Stockholders Agreement entitles Carlyle and/or Mr. Stone to nominate six of our eight directors. Mr. Stone is entitled to occupy one seat and has the right to nominate one of the remaining Board members, each of whom we refer to as an Executive Nominee, Carlyle has the right to nominate two of the Board members, each of whom we refer to as a Carlyle Nominee, and Mr. Stone and Carlyle collectively have the right to nominate two Board members. The Company and each stockholder that is a party to the Stockholders Agreement is required to take all necessary action to cause the nominees referenced above to be elected. For more information on the Stockholders Agreement, see Related Person Transactions Stockholders Agreement.

Director Nomination Process

The process followed by the Nominating Committee to identify and evaluate director candidates may include requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the Nominating Committee.

The Nominating Committee considers recommendations for director nominees suggested by its members, other directors, management and other interested parties. Stockholders may recommend individuals to the Nominating Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background material, to the Nominating Committee c/o Corporate Secretary, SS&C Technologies Holdings, Inc., 80 Lambert Road, Windsor, Connecticut 06095. Assuming that appropriate biographical information and background material has been provided on a timely basis, the Nominating Committee will evaluate stockholder-recommended candidates by following substantially the same process and applying substantially the same criteria, as it follows for candidates submitted by others.

In addition, stockholders also have the right under our By-laws to directly nominate director candidates, without any action or recommendation on the part of the Nominating Committee or the Board, by following the procedures set forth in our By-laws and described under Stockholder Proposals and Director Nominations below.

Table of Contents

Criteria and Diversity

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, the Nominating Committee applies the criteria specified in its charter. These criteria include the candidate's integrity, honesty, adherence to ethical standards, demonstrated business acumen, experience, ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company, ability to contribute positively to the decision-making processes of the Company, commitment to understanding the Company and its industry and to regularly attending and participating in meetings of the Board and its committees, ability to understand the sometimes conflicting interests of the various constituencies of the Company, and the absence of a conflict of interest. The Nominating Committee does not assign specific weights to particular criterion and no particular criterion is a prerequisite for any prospective nominee. In terms of criteria for composition of the Board, the Nominating Committee considers the backgrounds and qualifications of the directors as a group with a goal of providing a significant breadth of experience, knowledge and abilities to assist the Board in fulfilling its responsibilities.

Although the Nominating Committee considers the value of diversity on the Board, it has not adopted a written policy with regard to the consideration of diversity when evaluating candidates for director. However, in practice, the Nominating Committee considers diversity of viewpoint, professional experience, education and skill in assessing candidates for the Board to ensure breadth of experience, knowledge and abilities within the Board. Our Board's priority in the selection of Board members is identification of members who will further the interests of our stockholders through their management experience, knowledge of our business, understanding of the competitive landscape, and familiarity with our targeted markets.

The director biographies on pages 7 to 8 describe each nominee's experience, qualifications, attributes and skills that led the Board to conclude that he should continue to serve as a member of our Board. Our Board believes that each of the nominees has realized significant professional and personal achievements, and possesses the background, talents and experience that are necessary for the Company's success and the creation of stockholder value.

Board Meetings and Attendance

During the fiscal year ended December 31, 2012, which we refer to as fiscal 2012, our Board met six times (including two special meetings) and acted by unanimous written consent in lieu of a meeting three times. During fiscal 2012, the Audit Committee held six regular meetings and did not act by unanimous written consent in lieu of a meeting; the Compensation Committee held two regular meetings and acted by unanimous written consent in lieu of a meeting once; and the Nominating Committee acted by unanimous written consent in lieu of a meeting once. Each of our directors attended at least 75% of the aggregate of the total number of meetings of the Board and of the Board committees of which he was a member during fiscal 2012, except for Mr. Holt.

Director Attendance at Annual Meeting of Stockholders

We do not have a formal policy regarding directors' attendance at annual meetings, but all of our directors are encouraged to attend our annual meetings. Of our eight directors, seven attended our 2012 annual meeting of stockholders.

Board Leadership Structure

Mr. Stone has served as Chairman of the Board of Directors and Chief Executive Officer since our inception in 1986, and the provisions of the Stockholders Agreement require that so long as Mr. Stone is a member of our Board and the Chief Executive Officer of the Company, he shall serve as Chairman of the Board. This Board leadership structure is commonly utilized by public companies in the United States, and we believe that this leadership structure has been effective for us. Having one person serve as both Chief Executive Officer and Chairman of the Board shows our employees, customers and other constituencies that we are under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations. We also believe that this leadership structure eliminates the potential for duplication of efforts and inconsistent actions and facilitates open communication between management and our Board. We do not have a lead independent director. We recognize that different board leadership structures may be appropriate for companies with different histories or varying equity ownership structures and percentages. However, we believe our current leadership structure remains the optimal board leadership structure for us.

Board Committees

Our Board directs the management of our business and affairs, as provided by Delaware law, and conducts its business through meetings of the Board and three standing committees: the Audit Committee, the Compensation Committee and the Nominating Committee, each of which operates under a charter that has been approved by our Board. Each committee’s charter is posted on our website, at <http://investor.ssctech.com/governance.cfm>. In addition, from time to time, special committees may be established under the direction of the Board to address specific issues. The table below shows current membership and indicates the chairperson (*) for each of the standing Board committees.

Audit	Compensation	Nominating
William A. Etherington*	Claudius (Bud) E. Watts IV*	Claudius (Bud) E. Watts IV*
Jonathan E. Michael	William A. Etherington	Allan M. Holt
David A. Varsano	Allan M. Holt	

The provisions of the Stockholders Agreement provide Carlyle with the right to designate the chairperson of any committee of the Board.

Our Board has determined that all of the members of each of the Board’s three standing committees are independent as defined under the rules of NASDAQ, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or Exchange Act.

Our Audit Committee assists our Board in its oversight of the Company’s accounting and financial reporting processes and the audits of the Company’s financial statements. Our Audit Committee’s responsibilities, as set forth in its charter, include:

Our Board has determined that each of the members of its Audit Committee is an audit committee financial expert as that term is defined under the rules and regulations of the SEC.

Compensation Committee

Our Compensation Committee has overall responsibility for the Company's compensation of management, incentive plans and compensation programs. Our Compensation Committee's responsibilities, as set forth in its charter, include:

preparing an annual report required by Item 407(e)(5) of Regulation S-K.

Nominating Committee

Our Nominating Committee has overall responsibility for developing Board membership. Our Nominating Committee's responsibilities, as set forth in its charter, include:

identifying individuals qualified to become members of our Board and recommending to our Board the nominees for election as directors at any annual meeting of stockholders and the persons to be elected by the Board to fill any vacancies on the Board;

reviewing with the Board the requisite skills and criteria for new Board members as well as the composition of our Board as a whole; and

recommending to our Board the directors to be appointed to each committee of the Board.

The processes and procedures followed by the Nominating Committee in identifying and evaluating director candidates are described above under the heading "Director Nomination Process." As described above, the Stockholders Agreement contains provisions that entitle Mr. Stone and Carlyle to nominate six of our eight directors.

Risk Oversight

Our management is responsible for risk management on a day-to-day basis. Our Audit Committee is responsible for overseeing our risk management function. While the Audit Committee has primary responsibility for overseeing risk management, our entire Board of Directors is actively involved in overseeing our risk management. Our Board and the Audit Committee fulfill their oversight role by discussing with management the policies and practices utilized by management in assessing and managing the risks and providing input on those policies and practices. We believe that the leadership structure of our Board supports effective risk management oversight by helping effectively identify risks due to our Chairman and Chief Executive Officer's extensive knowledge and understanding of our business, and, as noted in "Board Leadership Structure" above, our Board believes that the combined roles of Chairman and Chief Executive Officer facilitate communications between management and our Board and thus enhance effective risk oversight.

Communications with the Board

Our Board welcomes the submission of any comments or concerns from stockholders and any interested parties. Communications should be in writing and addressed to our Corporate Secretary at our principal executive offices and marked to the attention of the Board or any of its committees,

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics, referred to as the SS&C Code of Business Conduct and Ethics, which is applicable to all directors, officers and employees and includes provisions relating to accounting and financial matters. The SS&C Code of Business Conduct and Ethics is available on our website at <http://investor.ssctech.com/governance.cfm>. If we make any substantive amendments to, or grant any waivers from, the code of ethics for any director or officer, we will disclose the nature of such amendment or waiver on our website at <http://investor.ssctech.com/governance.cfm>. or in a Current Report on Form 8-K filed with the SEC.

Policies and Procedures for Related Person Transactions

Our Board has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which we have been or are a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a related person, has had or has a direct or indirect material interest. Such a transaction, arrangement or relationship is referred to as a related person transaction.

Any related person transaction must be reported to our General Counsel and will be reviewed and approved by the Audit Committee in accordance with the terms of the policy, prior to effectiveness or consummation of the transaction, whenever practicable. If the General Counsel determines that advance approval of a related person transaction is not practicable under the circumstances, the Audit Committee will review and, in its discretion, may ratify the related person transaction at its the next meeting, or at the next meeting following the date that the related person transaction comes to the attention of the General Counsel; provided, however, that the General Counsel may present a related person transaction arising in the time period between meetings of the Audit Committee to the Chair of the Audit Committee, who will review and may approve the related person transaction, subject to ratification by the Audit Committee at its next meeting. In addition, any related person transaction previously approved by the Audit Committee or otherwise already existing that is ongoing in nature will be reviewed by the Audit Committee annually to ensure that it has been conducted in accordance with the previous approval granted by the Audit Committee, if any, and that all required disclosures regarding the related person transaction are made.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the Audit Committee will review and consider:

the related person's interest in the related person transaction;

the approximate dollar value of the amount involved in the related person transaction;

the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;

whether the transaction was undertaken in the ordinary course of our business;

whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;

the purpose of, and the potential benefits to us of, the transaction; and

any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

Table of Contents

The Audit Committee may approve or ratify the related person transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, our best interests. The Audit Committee may, in its sole discretion, impose any conditions it deems appropriate on the Company or the related person in connection with approval of the related person transaction.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, our Board has determined that the following do not create a material direct or indirect interest on behalf of a related person and, therefore, are not related person transactions for purposes of our related person transaction policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members (as defined in the policy) are not involved in the negotiation of the terms of the transaction with the Company and do not receive any special benefits as a result of the transaction or (c) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction;

a transaction that involves compensation to an executive officer if the compensation has been approved, or recommended to the Board for approval, by the Compensation Committee or a group of independent directors of the Company performing a similar function; or

a transaction that is specifically contemplated by provisions of the Certificate of Incorporation or By-laws of the Company. The policy provides that transactions involving compensation of executive officers will be reviewed and approved by the Compensation Committee in the manner specified in its charter.

Related Person Transactions

Stockholders Agreement

On November 23, 2005, SS&C Holdings entered into a Stockholders Agreement with Mr. Stone and Carlyle, which includes restrictions on transfer of the Company's common stock as well as other provisions described below. The parties amended certain provisions of the Stockholders Agreement in April 2008, March 2010 and March 2011.

Board of Directors. The parties to the Stockholders Agreement are required to take such action as shall be required under applicable law to cause our Board to consist of eight members. The initial board arrangements under the Stockholders Agreement were as follows: Mr. Stone occupied one seat and had the right to nominate one of the remaining Board members, and Carlyle had the right to nominate four Board members. Accordingly, Mr. Stone nominated Normand A. Boulanger; and Carlyle nominated Campbell R. Dyer, William A. Etherington, Allan M. Holt and Claudius E. Watts, IV. Subsequently, the Stockholders Agreement was amended to provide that Mr. Stone and Carlyle would jointly nominate two Board members (Jonathan E. Michael and David A. Varsano), and the number of Board members Carlyle was entitled to nominate was reduced from four to two as a result of a reduction in its percentage ownership of our common stock. In May 2012, Mr. Etherington was re-elected to our Board by our stockholders for a three-year term. The number of Board members

Table of Contents

Mr. Stone is entitled to nominate (including himself) will be reduced to one director if Mr. Stone holds less than 15% of our common stock. The number of Board members Carlyle is entitled to nominate will be reduced to one director if Carlyle holds less than 15% of our common stock. Mr. Stone's rights under the Board nomination provisions of the Stockholders Agreement will terminate at such time as he holds less than 10% of our common stock. Carlyle's rights under the Board nomination provisions of the Stockholders Agreement will terminate at such time as Carlyle holds less than 10% of our common stock.

The provisions of the Stockholders Agreement also require that so long as Mr. Stone is a member of our Board and the Chief Executive Officer of the Company, he will serve as Chairman of the Board, and that Carlyle will have the right to designate the chairperson of any committee of the Board.

Bring-along rights. If any party to the Stockholders Agreement proposes to transfer 50% or more of all common stock held by the parties to the Stockholders Agreement to a third-party purchaser, then such transferring stockholder can require the other stockholders who are parties to the agreement to transfer their common stock on the same terms and conditions as the transferring holder.

Service Provider Stockholders Agreement

On November 23, 2005, all of our members of management (other than Mr. Stone) and all employee option holders whose SS&C options were converted into options to acquire common stock of SS&C Holdings became parties to a Service Provider Stockholders Agreement with Carlyle and the Company. In addition, certain holders of options to purchase our common stock have subsequently become parties to the Service Provider Stockholders Agreement. The Company and Carlyle amended certain provisions of the Service Provider Stockholders Agreement in April 2008. Under the agreement, if Carlyle proposes to transfer 50% or more of our outstanding common stock to a third-party purchaser, then Carlyle can require the members of our management and employee option holders who are parties to the agreement to transfer their common stock and options on the same terms and conditions as Carlyle (bring-along rights).

Registration Rights Agreement

On November 23, 2005, the Company entered into a Registration Rights Agreement with Mr. Stone and Carlyle, which provides Mr. Stone and Carlyle with certain rights relating to the registration for resale of their shares of common stock. Under the Registration Rights Agreement, either Mr. Stone or Carlyle can demand that we file a registration statement for all or a portion of their common stock. Mr. Stone and Carlyle are also entitled to request that their shares be covered by a registration statement that we are otherwise filing with respect to our common stock. In either event, the Company is required to pay all expenses of Mr. Stone and/or Carlyle, as applicable, in connection with the registration (other than underwriting discounts and commissions and transfer taxes applicable to the sale of registrable securities). The Registration Rights Agreement also provides that the Company will indemnify the selling stockholders, and the selling stockholders will indemnify the Company, for certain matters in connection with the registration of the selling stockholders' shares. The registration rights in the Registration Rights Agreement are subject to certain conditions and limitations specified in the Registration Rights Agreement, including the right of the underwriters of an offering to limit the number of shares included in certain registrations.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Our executive compensation program is overseen and administered by our Compensation Committee, which currently consists of Messrs. Etherington, Holt and Watts. Our Compensation Committee operates under a written charter adopted by our Board and discharges the responsibilities of the Board relating to the compensation of our executive officers. As of December 31, 2012, our named executive officers were Messrs. Stone, Boulanger, Pedonti and Whitman. Our Chief Executive Officer is actively involved in setting executive compensation and typically presents salary, bonus and equity compensation recommendations to the Compensation Committee, which, in turn, considers the recommendations and has ultimate approval authority.

Objectives of our executive compensation program

The primary objectives of the Compensation Committee with respect to executive compensation are to:

attract, retain and motivate the best possible executive talent;

reward successful performance by the named executive officers and the Company; and

align the interests of the named executive officers with those of our stockholders by providing long-term equity compensation.

To achieve these objectives, the Compensation Committee evaluates our executive compensation program with the goal of setting compensation at levels it believes are competitive with those of other companies that compete with us for executive talent in our industry and in our region. We have not, however, retained a compensation consultant to review our policies and procedures relating to executive compensation, nor have we formally benchmarked our compensation against that of other companies. Our compensation program rewards our named executive officers based on a number of factors, including the Company's operating results, the Company's performance against budget, individual performance, prior-period compensation and prospects for individual growth. Changes in compensation are generally incremental in nature without wide variations from year to year, but with a general trend that matches increasing compensation with the profitable growth of our business. Many of the factors that affect compensation are subjective in nature and not tied to peer group analyses, surveys by compensation consultants or other statistical criteria.

Process for administering our compensation program

Each year our Chief Executive Officer makes recommendations to our Compensation Committee regarding compensation packages, including his own. In making these recommendations, our Chief Executive Officer attempts to structure a compensation package based on his years of experience in the financial services and software industries and his desire to motivate the executive officers and ensure their commitment to the Company. For each executive officer, including himself, our Chief Executive Officer prepares a written description for our Compensation Committee of the performance during the prior year and recommends salary and bonus amounts. Our Chief Executive Officer believes the executive officers should receive a significant portion of our total bonus pool based upon their responsibilities and contributions. As it relates to the compensation of executive officers other than our Chief Executive Officer, our Compensation Committee relies heavily on our Chief Executive Officer's

Table of Contents

recommendations and discusses his reviews and recommendations with him as part of its deliberations. As it relates to our Chief Executive Officer's compensation, the Compensation Committee considers our Chief Executive Officer's recommendations. In this as in other compensation matters, the Compensation Committee exercises its independent judgment. After due consideration, the Compensation Committee accepted the Chief Executive Officer's recommendations for 2012 executive officer cash bonuses and 2013 executive officer base salaries.

We provided stockholders with a say on pay advisory vote on our executive compensation in 2011. At our 2011 annual meeting of stockholders, stockholders expressed substantial support for the compensation of our named executive officers, with approximately 82% of the votes cast for approval of the say on pay advisory vote on executive compensation. In establishing 2012 executive compensation, the Compensation Committee considered the results of the 2011 advisory vote as well as the other factors described above. Given the significant support for our named executive officer compensation as expressed through the 2011 say on pay advisory vote, the Compensation Committee did not make any changes to our executive compensation program and policies as a result of such vote.

Components of Our Executive Compensation Program

The primary elements of our executive compensation program are:

base salary;

discretionary annual cash bonuses;

stock option awards;

perquisites; and

severance and change-of-control benefits.

We have no formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, the Compensation Committee, in consultation with our Chief Executive Officer, determines subjectively what it believes to be the appropriate level and mix of the various compensation components. While we describe below the connection between each element of executive compensation and particular compensation objectives, we believe that each element promotes multiple compensation objectives.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executive officers. In establishing base salaries for 2012, our Compensation Committee, together with our Chief Executive Officer, considered a variety of factors, including the seniority of the individual, the level of the individual's responsibility, the ability to replace the individual, the individual's tenure at the Company, relative pay among the executive officers and the dollar amount that would be necessary to keep the executive in the Windsor, Connecticut area. Generally, we believe that executive base salaries should grow incrementally over time and that more of the up side of compensation should rest with cash bonuses and long-term equity incentive compensation. In the case of Mr. Stone, his employment agreement mandates that his base salary cannot be less than \$750,000 per year.

Table of Contents

Base salaries are reviewed at least annually by our Compensation Committee, and are adjusted from time to time to realign salaries with market levels after taking into account the performance of the Company and each executive officer's responsibilities, performance and experience. No adjustments were made to the base salaries of our executive officers for fiscal 2012 from 2011 levels, as our Chief Executive Officer determined, and our Compensation Committee concurred, that the base salaries in effect for fiscal year 2011 were sufficient to achieve our compensation objectives for base salary. As a result, the base salaries for our named executive officers in 2012 were as follows: Mr. Stone, \$750,000; Mr. Boulanger, \$450,000; Mr. Pedonti, \$260,000; and Mr. Whitman, \$225,000. Mr. Kanwar was not an executive officer of the Company in 2012 and Mr. Igoe was not an employee of the Company in 2012. In March 2013, our Compensation Committee adjusted the 2013 base salaries of our named executive officers who are current executive officers as follows: Mr. Stone, \$875,000, Mr. Boulanger, \$550,000 and Mr. Pedonti, \$350,000. Mr. Whitman retired from the Company on January 5, 2013.

Discretionary Annual Cash Bonus

The payment of annual cash bonuses to executive officers and other employees is discretionary. Annual cash bonuses are generally provided to employees regardless of whether we meet, exceed or fail to meet our budgeted results, but the amount available for bonuses to all employees, including the executive officers, will depend upon our financial results. Annual cash bonuses are intended to compensate for strategic, operational and financial successes of the Company as a whole, as well as individual performance and growth potential. The annual cash bonuses are not tied to the achievement of specific results or pre-established financial metrics or performance goals. No formula exists for determining the amount of bonuses for employees or executive officers.

Our Chief Executive Officer proposed 2012 annual executive bonus allocations, including his own proposed bonus, for executive officers to the Compensation Committee in March 2013. The Compensation Committee, which has ultimate approval authority, considered our Chief Executive Officer's recommendations and made a final decision with respect to 2012 annual bonuses. In making bonus recommendations to the Compensation Committee for the executive officers, our Chief Executive Officer, after taking into account the positive or negative impact of events outside the control of management or an individual executive, made a subjective judgment of each executive's performance in the context of a number of factors, including the overall economy and our financial performance, revenues and financial position going into the new fiscal year. In making his recommendations for 2012 annual bonuses, our Chief Executive Officer considered, among other things, each executive's (including his own) work in managing the business, establishing internal controls, mentoring staff, completing and integrating acquisitions, reducing costs, responding to market conditions and maintaining our profitability. Mr. Stone is entitled to a minimum annual bonus of at least \$500,000 pursuant to his employment agreement.

Mr. Stone's \$3,100,000 bonus for 2012 was recommended by Mr. Stone and approved, after due consideration, by our Compensation Committee. The Committee's approval of Mr. Stone's bonus took into account our profitability, his deep involvement with our acquisitions in 2012, including GlobeOp and Portia (each of which has performed well), his successful recruitment of several new managers, his efforts to increase our revenue from \$371 million in 2011 to \$552 million in 2012 and our Consolidated EBITDA (as defined below) from \$152 million in 2011 to \$256 million in 2012, the growth of our market capitalization from \$1.4 billion at the end of 2011 to over \$2.0 billion in the first quarter of 2013, his continued search for new acquisitions, and his maintenance of high level relationships with our key clients.

Table of Contents

Mr. Boulanger's \$1,500,000 bonus for 2012 was recommended by Mr. Stone and approved, after due consideration, by our Compensation Committee. The Committee's approval of Mr. Boulanger's bonus took into account his responsibility for our day-to-day business operations across the organization, his assumption of responsibility for supervising the Company's international operations, his efforts in implementing acquisitions including GlobeOp and Portia, his contributions to our 2012 financial results, including increasing revenues from our fiscal year ended December 31, 2011 to fiscal 2012, his attention to his overall executive management team, and his intellect, knowledge and work ethic.

Mr. Pedonti's \$750,000 bonus for 2012 was recommended by Mr. Stone and approved, after due consideration, by our Compensation Committee. The Committee's approval of Mr. Pedonti's bonus took into account his solid management skills, his expanded role in personnel and investor relations matters, his success in implementing and integrating acquisitions including GlobeOp and Portia, his responsibility for maintaining our internal controls, his success in building a strong finance team, and his intellect, knowledge and work ethic.

Mr. Whitman's \$260,000 bonus for 2012 was recommended by Mr. Stone and approved, after due consideration, by our Compensation Committee. The Committee's approval of Mr. Whitman's bonus took into account his overall management of the legal department and responsibility for adherence to the internal budget, his instrumental role in directing the legal work for our acquisitions, including GlobeOp and Portia, his work negotiating transactions and integrating acquired businesses, and his intellect, knowledge and work ethic.

These decisions reflect the fact that our Compensation Committee does not fix a target bonus for the succeeding year, but rather, as noted above, draws on subjective factors, and executive officer performance evaluations, in arriving at its bonus decisions.

The pool of money available for employee bonuses is determined by Mr. Stone after our Consolidated EBITDA for the preceding fiscal year is determined. In determining the pool available for employee bonuses, Mr. Stone takes into account a number of factors, including: Consolidated EBITDA; growth in Consolidated EBITDA over the preceding year; minimum Consolidated EBITDA required to ensure debt covenant compliance; our short-term cash needs; the recent employee turnover rate and any improvement or deterioration in our strategic market position. After establishing the available bonus pool for non-executive officer employees, the bonus pool for executive officers is determined. Our 2012 bonus pool was increased from 2011 based on an increase in our Consolidated EBITDA, an improvement in our strategic market position, assurance of debt covenant compliance and our ability to meet our short-term cash needs.

Consolidated EBITDA is a non-GAAP financial measure used in key financial covenants contained in our senior credit facilities, which are material facilities supporting our capital structure and providing liquidity to our business. Consolidated EBITDA is defined as earnings before interest, taxes, depreciation and amortization (EBITDA), further adjusted to exclude unusual items and other adjustments permitted in calculating covenant compliance, under the senior credit facilities, including acquired EBITDA. Consolidated EBITDA does not represent net income or cash flow from operations as those terms are defined by GAAP and does not necessarily indicate whether cash flows will be

Stock Option Awards

Our Compensation Committee believes in granting equity-based incentive compensation as an important component of our executive compensation program. In 2012, all of the options granted to our executive officers by our Compensation Committee were time-based options, which vest incrementally over set periods of time

Mr. Stone was granted stock options under the Company's 1998 stock incentive plan on May 31, 2001, or the 2001 Option, and April 8, 2003, or the 2003 Option, each of which were scheduled to expire ten years after their respective date of grant. To exercise these stock options prior to their expiration, Mr. Stone would have been required to file a notification with the United States Department

of Justice under the Hart-Scott-Rodino Act, or HSR. Such a filing involves substantial expense and administrative time. To avoid the necessity of an HSR filing, the Company and Mr. Stone agreed to amend the governing stock option agreements in May 2011 and March 2013 to convert the underlying shares from voting shares of common stock to non-voting shares of Class A Non-Voting common stock, as detailed below.

On May 24, 2011, we entered into an amended and restated stock option agreement with Mr. Stone governing the 2001 Option. Pursuant to the amended and restated stock option agreement, the 2001 Option (which was previously an option to purchase 637,500 shares of our common stock at an exercise price of \$0.78 per share) was amended to make it an option to purchase 637,500 shares of our Class A Non-Voting common stock at an exercise price of \$0.78 per share. Mr. Stone exercised the option on May 31, 2011 and purchased 637,500 shares of our Class A Non-Voting common stock.

On March 10, 2013, we entered into an amended and restated stock option agreement with Mr. Stone governing the 2003 Option. Pursuant to the amended and restated stock option agreement, the 2003 Option (which was previously an option to purchase 1,275,000 shares of our common stock at an exercise price of \$1.89 per share) was amended to make it an option to purchase 1,275,000 shares of our Class A Non-Voting common stock at an exercise price of \$1.89 per share. Mr. Stone exercised the option on March 26, 2013 and purchased 1,275,000 shares of our Class A Non-Voting common stock.

In December 2012, we awarded our named executive officers long-term incentive compensation under our 2008 equity incentive plan in the form of time-based option grants to purchase an aggregate of 375,000 shares of our common stock. Of these option grants, Mr. Stone received an option to purchase 200,000 shares of our common stock, Mr. Boulanger received an option to purchase 100,000 shares of our common stock, and Mr. Pedonti received an option to purchase 75,000 shares of our common stock. The number of options was subjectively determined based on an assessment of the relative contributions and efforts of each recipient. Mr. Whitman did not receive an option grant due to his anticipated retirement on January 5, 2013. These options will vest as to 25% of the number of shares underlying the option on December 27, 2013 and will vest as to 1/36 of the number of shares underlying the option each month thereafter until fully vested on December 27, 2016, subject to acceleration of vesting in connection with a change of control event and the other terms and conditions set forth in the plan and the award agreements, including that the recipient is an employee in good standing on each respective vesting date. The options have an exercise price of \$22.44 per share, which was equal to the closing price of our common stock as reported on The NASDAQ Global Select Market on the date of the grant.

Benefits and Perquisites

We offer a variety of benefit programs to all eligible employees, including our executive officers. Our executive officers generally are eligible for the same benefits on the same basis as the rest of our employees, including medical, dental and vision benefits, life insurance coverage and short- and long-term disability coverage. All eligible employees are also able to contribute to our 401(k) plan and receive matching company contributions under the plan. In addition, our executive officers are entitled to reimbursement for reasonable business travel and other expenses incurred during the performance of their duties in accordance with our expense reimbursement policy.

We limit the use of perquisites as a method of compensation and provide our executive officers with only those perquisites that we believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain talented employees for key positions.

Severance and Change-of-Control Benefits

Pursuant to his employment agreement, Mr. Stone is entitled to specified benefits in the event of the termination of his employment under certain circumstances. We provide more detailed information about Mr. Stone's benefits along with estimates of their value under various circumstances, under the captions "Employment and Related Agreements" and "Potential Payments Upon Termination or Change of Control" below.

The time-based stock options awarded to our named executive officers under the 2006 equity incentive plan vest in full immediately prior to the effective date of a liquidity event. The option agreements for option awards under the 2006 equity incentive plan define a "liquidity event" as the consummation of any transaction or series of transactions pursuant to which one or more persons or group of persons (other than the Carlyle funds or their affiliates) acquires (a) capital stock of the Company possessing voting power sufficient to elect a majority of the members of our Board or the board of directors of any successor to the Company (whether such transaction is effected by merger, consolidation, recapitalization, sale or transfer of the Company's capital stock or otherwise) or (b) the consummation of the sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of the Company to any person other than to any of the Carlyle funds or their affiliates.

The stock options awarded to our named executive officers under the 2008 stock incentive plan vest in full immediately prior to the effective date of a change of control. The option agreements for option awards under the 2008 stock incentive plan define a "change of control" as the consummation of any transaction or series of transactions pursuant to which one or more persons or group of persons (other than the Carlyle funds or their affiliates) acquires (a) capital stock of the Company possessing voting power sufficient to elect a majority of the members of our Board or the board of directors of any successor to the Company (whether such transaction is effected by merger, consolidation, recapitalization, sale or transfer of the Company's capital stock or otherwise) or (b) all or substantially all of the assets of the Company and its subsidiaries.

See "Potential Payments Upon Termination or Change of Control" below for estimates of the value our named executive officers would receive in the event of a liquidity event under our 2006 equity incentive plan or a change of control under our 2008 stock incentive plan, as applicable.

Accounting and Tax Implications

The accounting and tax treatment of particular forms of compensation do not materially affect our compensation decisions. However, we evaluate the effect of such accounting and tax treatment on an ongoing basis and will make modifications to compensation policies where we deem it appropriate. For instance, Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1.0 million paid by a public company to its chief executive officer and to each other officer (other than the chief executive officer and chief financial officer) whose compensation is required to be reported to our stockholders pursuant to the Exchange Act by reason of being among the three most highly paid executive officers. However, certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. Our Compensation Committee may review the potential effect of Section 162(m) periodically and use its judgment to authorize compensation payments that may be subject to the limit when it believes such payments are appropriate and in our best interests after taking into consideration changing business conditions and the performance of our employees.

- (9) Based on the vesting of 12,821 unvested shares of our Class A Non-Voting common stock at \$23.09 per share (the closing price of our common stock as reported by The NASDAQ Global Select Market on December 31, 2012).
- (10) Represents three years of coverage under SS&C's medical, dental and vision benefit plans.
- (11) In the event that the severance and other benefits provided for in Mr. Stone's employment agreement or otherwise payable to him in connection with a change in control constitute parachute payments within the meaning of Section 280G of the Internal Revenue Code and will be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then Mr. Stone will receive (a) a payment from us sufficient to pay such excise tax, and (b) an additional payment from us sufficient to pay the excise tax and U.S. federal and state income taxes arising from the payments made by us to Mr. Stone pursuant to this sentence.

In accordance with Mr. Stone's employment agreement, none of the severance payments described above will be paid during the six-month period following his termination of employment unless we determine, in our good faith judgment, that paying such amounts at the time or times indicated above would not cause him to incur an additional tax under Section 409A of the Internal Revenue Code (in which case such amounts will be paid at the time or times indicated above). If the payment of any amounts are delayed as a result of the previous sentence, on the first day following the end of the six-month period, we will pay Mr. Stone a lump-sum amount equal to the cumulative amounts that would have otherwise been previously paid to him under his employment agreement. Thereafter, payments will resume in accordance with the above table.

Other named executive officers

Other than Mr. Stone, none of our executive officers has any arrangement that provides for severance payments. Time-based stock options granted under our 2006 equity incentive plan will become fully vested and exercisable immediately prior to the effective date of a liquidity event. Stock

As of December 31, 2012, Messrs. Boulanger, Pedonti and Whitman held the following unvested stock options that would have become fully vested upon a liquidity event or change of control, as applicable.

(2) Mr. Whitman was an executive officer of the Company at December 31, 2012. He retired from the Company on January 5, 2013.

2012 Director Compensation

None of our directors, except Messrs. Etherington, Michael and Varsano (our outside directors not employed by the Company and not affiliated with a major shareholder), receives compensation for serving as a director. Messrs. Etherington, Michael and Varsano each receive an annual retainer fee of \$25,000 and a Board meeting attendance fee of \$2,500 (if attended in person). During 2012, our Board also adopted a policy providing that the Company will grant to each of our independent directors, on the date of each year's annual meeting of stockholders, an option to purchase 3,000 shares of our common stock. All of our directors are reimbursed for reasonable out-of-pocket expenses associated with their service on the Board. The following table contains information with respect to Mr. Etherington's, Mr. Michael's and Mr. Varsano's compensation received during the year ended December 31, 2012 for serving as a director.

Jonathan E. Michael	30,000	17,412	47,412
David A. Varsano	32,500	17,412	49,912

(1) These directors were each granted an option to purchase 3,000 shares of our common stock on November 28, 2012 at an exercise price of \$23.09 per share. The options were 100% vested on the date of grant. The amount in this column reflects the aggregate grant date fair value of the option, computed in accordance with Accounting Standards Codification Topic 718. The assumptions used by us in the valuation of the option are set forth in Note 10 of the notes to our audited consolidated financial statements for the year ended December 31, 2012 included in our Annual Report on Form 10-K, filed with the SEC on March 1, 2013.

Table of Contents**OWNERSHIP OF OUR COMMON STOCK**

This table presents information concerning the beneficial ownership of the shares of our common stock as of April 11, 2013. Specifically, the table reflects beneficial ownership information about:

each person we know to be the beneficial owner of more than 5% of the outstanding shares of common stock;

each of our directors and named executive officers; and

all of our directors and executive officers as a group.

Beneficial ownership is determined under the rules of the SEC and generally includes voting or investment power over securities. Except in cases where community property laws apply or as indicated in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder. Shares of common stock subject to options that are exercisable or exercisable within 60 days of April 11, 2013 are considered outstanding and beneficially owned by the person holding the options for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

PROPOSAL 1

ELECTION OF DIRECTORS

Our certificate of incorporation provides for a classified Board. This means our Board is divided into three classes, with each class having as nearly as possible an equal number of directors. The term of service of each class of directors is staggered so that the term of one class expires at each annual meeting of the stockholders.

Our Board currently consists of eight members, divided into three classes as follows:

Class I is comprised of Normand A. Boulanger, Campbell R. Dyer and David A. Varsano, each with a term ending at the 2014 annual meeting;

Class II is comprised of William A. Etherington and Jonathan E. Michael, each with a term ending at the 2015 annual meeting; and

Class III is comprised of Allan M. Holt, William C. Stone and Claudius E. Watts IV, each with a term ending at the 2013 annual meeting.

At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose term is expiring. Messrs. Holt, Stone and Watts are current directors whose terms expire at the 2013 annual meeting. Messrs. Holt and Stone have been nominated by the Nominating Committee (and their nomination has been ratified by the Board) for re-election as a Class III directors, with a term ending at the 2016 annual meeting.

Unless otherwise instructed in the proxy, all proxies will be voted **FOR** the election of each of the nominees identified above to a three-year term ending at the 2016 annual meeting, each such nominee to hold office until his successor has been duly elected and qualified. Stockholders who do not wish their shares to be voted for one or more of these three nominees may so indicate by striking out the name of such nominee(s) on the proxy card. Each of the nominees has indicated his willingness to serve on our Board, if elected. If any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by our Board. We do not contemplate that either of the two nominees will be unable to serve if elected.

A plurality of the shares of common stock present in person or represented by proxy at the 2013 annual meeting and entitled to vote is required to elect each nominee as a director.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION ALLAN M. HOLT AND WILLIAM C. STONE.

Table of Contents**PROPOSAL 2****RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED****PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed the firm of PricewaterhouseCoopers LLP, independent registered public accounting firm, to audit our books, records and accounts for fiscal 2013. This appointment is being presented to the stockholders for ratification at the 2013 annual meeting.

PricewaterhouseCoopers LLP, or PwC, has no direct or indirect material financial interest in our Company or our subsidiaries. Representatives of PwC are expected to be present at the 2013 annual meeting and will be given the opportunity to make a statement on the firm's behalf if they so desire. The representatives also will be available to respond to appropriate questions.

PwC was our independent registered public accounting firm for fiscal 2012 and for our fiscal year ended December 31, 2011, which we refer to as fiscal 2011. The following table summarizes the fees of PwC billed to us for each of fiscal 2012 and fiscal 2011. For fiscal 2012 audit fees include an estimate of amounts not yet billed.

Nature of Service	2012 Fees	2011 Fees
Audit Fees ⁽¹⁾	\$ 1,286,697	\$ 1,088,613
Audit-Related Fees ⁽²⁾	2,429,482	924,099
Tax Fees ⁽³⁾	326,672	79,987
All Other Fees ⁽⁴⁾		
Total:	\$ 4,042,851	\$ 2,092,699

- (1) Audit fees consist of fees for the audit of our financial statements, the review of the interim financial statements included in our Quarterly Reports on Form 10-Q, and services related to our filings of Registration Statements on Form S-3 in 2012 and 2011, such as the issuance of consents.
- (2) Audit-related fees consist of fees for assurance and related services that are reasonably related to the performance of the audit and the review of our financial statements and which are not reported under Audit Fees. These services relate to accounting consultations in connection with acquisitions, procedures performed for SSAE 16 reports, attest services that are not required by statute or regulation and consultations concerning internal controls, financial accounting and reporting standards. None of the audit-related fees billed in 2011 or 2012 related to services provided under the de minimis exception to the Audit Committee pre-approval requirements.
- (3) Tax fees consist of fees for tax compliance, tax advice and tax planning services. Tax compliance services, which relate to preparation of original and amended tax returns, claims for refunds and tax payment-planning services, accounted for approximately \$132,983 of the total tax fees billed in 2012 and approximately \$61,000 of the total tax fees billed in 2011. Tax advice and tax planning services relate to assistance with tax audits and appeals, tax advice related to acquisitions and requests for rulings or technical advice from taxing authorities. None of the tax fees billed in 2011 or 2012 related to services provided under the de minimis exception to the Audit Committee pre-approval requirements.
- (4) All other fees for 2011 and 2012 consist of the licensing of accounting and finance research technology owned by PricewaterhouseCoopers LLP. None of the all other fees billed in 2011 and 2012 were provided under the de minimis exception to the Audit Committee pre-approval requirements.

Table of Contents

All the services described above were approved by our Audit Committee in advance of the services being rendered. The Audit Committee is responsible for the appointment, compensation and oversight of the work performed by the independent registered public accounting firm. The Audit Committee must pre-approve all audit (including audit-related) services and permitted non-audit services provided by the independent registered public accounting firm in accordance with the pre-approval policies and procedures established by the Audit Committee. The Audit Committee annually approves the scope and fee estimates for the quarterly reviews, year-end audit, statutory audits and tax work to be performed by our independent registered public accounting firm for the next fiscal year. With respect to other permitted services, management defines and presents specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee pre-approves specific engagements, projects and categories of services on a fiscal year basis, subject to individual project thresholds and annual thresholds. In assessing requests for services by the independent registered public accounting firm, the Audit Committee considers whether such services are consistent with the independent registered public accounting firm's independence, whether the independent registered public accounting firm is likely to provide the most effective and efficient service based upon their familiarity with us, and whether the service could enhance our ability to manage or control risk or improve audit quality.

Proxies solicited by management will be voted for the ratification unless stockholders specify otherwise. Ratification by the stockholders is not required. Although we are not required to submit the appointment to a vote of the stockholders, our Board believes it is appropriate as a matter of policy to request that the stockholders ratify the appointment of PwC as our independent registered public accounting firm. If the stockholders do not ratify the appointment, the Audit Committee will investigate the reasons for stockholder rejection and consider whether to retain PwC or appoint another independent registered public accounting firm. Even if the appointment is ratified, our Board and the Audit Committee in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of our Company and our stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR OUR FISCAL YEAR ENDING DECEMBER 31, 2013.

Stockholder Proposals and Director Nominations

Stockholder Proposals for 2014 Annual Meeting

Proposals of stockholders intended to be presented at the 2014 annual meeting of stockholders, pursuant to Rule 14a-8 under the Exchange Act must be received by us no later than December 26, 2013 in order to be included in the proxy statement and form of proxy relating to that meeting. Proposals should be sent to SS&C Technologies Holdings, Inc., 80 Lambertson Road, Windsor, Connecticut 06095, Attention: Corporate Secretary.

In addition, our bylaws require that we be given advance notice of stockholder nominations for election to our Board and of other business that stockholders wish to present for action at an annual meeting of stockholders (other than matters included in our proxy statement in accordance with Rule 14a-8 under the Exchange Act). The required notice must contain the information required by our By-laws and be delivered by the stockholder and received by the Secretary at our principal executive offices (i) no earlier than 120 days before and no later than 90 days before the first anniversary of the date of the preceding year's annual meeting, or (ii) if the date of the annual meeting is advanced by more than 20 days or delayed by more than 60 days from the first anniversary date, (a) no earlier than 120 days before the annual meeting and (b) no later than 90 days before the annual meeting or ten days after the day notice of the annual meeting was mailed or publicly disclosed, whichever occurs first. Householding of Proxies

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for annual reports and proxy statements with respect to two or more stockholders sharing the same address by delivering a single annual report and/or proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household annual reports and proxy materials, delivering a single annual report and/or proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.

Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent.

Table of Contents

If, at any time, (1) you no longer wish to participate in householding and would prefer to receive a separate annual report and/or proxy statement in the future or (2) you and another stockholder sharing the same address wish to participate in householding and prefer to receive a single copy of our annual report and/or proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Investor Relations, 80 Lambertson Road, Windsor, Connecticut 06095, or call 860-298-4500.

YOUR VOTE IS IMPORTANT!

You are cordially invited to attend the 2013 annual meeting. However, to ensure that your shares are represented at the 2013 annual meeting and that the Company has the quorum necessary to convene the 2013 annual meeting and conduct business, even if you plan to attend the 2013 annual meeting in person, please complete, sign, date and return the enclosed proxy card promptly. Submitting a proxy or voting instructions in advance will not prevent you from attending the 2013 annual meeting and voting in person, if you so desire. A postage-paid, return-addressed envelope is enclosed for your convenience. No postage need be affixed if mailed in the United States. Your cooperation in giving this your immediate attention is appreciated.
