The foregoing data should be read in conjunction with the consolidated financial statements (including the notes thereto) and the other information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus. Because of the seasonal nature of the retail business, the results of operations for the 13 and 26 weeks ended August 3, 2013 and July 28, 2012 (which do not include the Christmas season) are not necessarily indicative of the results for the fiscal year.

DESCRIPTION OF NOTES

The senior notes will be issued under an indenture, dated as of January 13, 2012 (the "Base Indenture"), among Macy's Holdings, as issuer, Macy's, Inc., as guarantor, and The Bank of New York Mellon Trust Company, N.A., as trustee (the "Trustee"), as supplemented by a Fifth Supplemental Trust Indenture, to be dated as of August, 2013 (the "Fifth Supplemental Indenture") and together with the Base Indenture, the "Indenture") relating to the senior notes. The following discussion includes a summary description of certain material terms of the Indenture. Because this is a summary, it does not include all of the information that is included in the Indenture, including the definitions of certain terms used below. You should read the Indenture carefully and in its entirety. You may request a copy of the Indenture at Macy's, Inc.'s address set forth under the caption "Where You Can Find More Information" in the accompanying prospectus.

General

The senior notes are senior unsecured obligations of Macy's Holdings. The senior notes constitute a series of notes that will initially be limited to \$ _____ aggregate principal amount and will mature on _____, 20____. Macy's Holdings will issue the senior notes in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The senior notes will bear interest at the applicable rate per year shown on the cover page of this prospectus supplement from _____, 2013. Macy's Holdings will pay interest semi-annually in arrears on _____ and _____ of each year commencing _____, 2014 to the Person in whose name the senior notes (or any predecessor note) is registered at the close of business on _____ or _____, respectively, preceding such interest payment date. Interest on the senior notes will be calculated on the basis of a 360-day year consisting of 12 months of 30 days each.

The senior notes will be exchangeable and transfers thereof will be registrable, at an office or agency of Macy's Holdings, one of which will be maintained for such purpose in New York, New York (which initially will be the corporate trust office of the Trustee) or such other office or agency permitted under the Indenture.

The senior notes will rank equal in right of payment to any other existing or future senior unsecured obligations of Macy's Holdings. The senior notes will not be subject to any sinking fund.

Macy's Holdings does not intend to list the senior notes on a national securities exchange.

The Indenture does not contain any provisions that would limit the ability of Macy's Holdings to incur indebtedness or require the maintenance of financial ratios or specified levels of net worth or liquidity. However, the Indenture does:

provide that, subject to certain exceptions, neither Macy's Holdings nor any Restricted Subsidiary will subject its property or assets to any mortgage or other encumbrance unless the senior notes are secured equally and ratably with such other indebtedness thereby secured; and

contain certain limitations on the ability of Macy's Holdings and its Restricted Subsidiaries to enter into certain sale and leaseback arrangements.

Guarantee

The obligations of Macy's Holdings under the senior notes will be fully and unconditionally guaranteed (the "Guarantee") on a senior unsecured basis by Macy's, Inc. The Guarantee will rank equal in right of payment to all other existing and future senior unsecured obligations of Macy's, Inc.

Further Issuances

Macy's Holdings may, from time to time, without notice to or the consent of the holders of the senior notes, increase the principal amount of the senior notes under the Indenture and issue such increased principal amount (or any portion thereof), in which case any additional notes so issued will have the same form and terms (other than the date of issuance and, under certain circumstances, the date from which interest thereon will begin to accrue), and will carry the same right to receive accrued and unpaid interest, as the senior notes previously issued, and such additional notes will form a single series with the senior notes.

Redemption

Macy's Holdings may, at its option, redeem the senior notes, at any time in whole or from time to time in part, prior to _____, 20____ (_____ months prior to the maturity date) on not less than 30 nor more than 60 days' prior notice transmitted to the holders of the senior notes to be redeemed. The senior notes will be so redeemable at a redemption price, plus accrued interest to the date of redemption, equal to the greater of (1) 100% of the principal amount of the senior notes to be redeemed and (2) the sum of the remaining scheduled payments of principal and interest on the senior notes to be redeemed that would be due after the related redemption date but for such redemption (except that, if such redemption date is not an interest payment date with respect to the senior notes, the amount of the next succeeding scheduled interest payment will be reduced by the amount of interest accrued thereon to the redemption date), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus _____ basis points.

At any time on and after _____, 20____ (_____ months prior to the maturity date), Macy's Holdings may, at its option, redeem the senior notes in whole or from time to time in part on not less than 30 nor more than 60 days' prior notice transmitted to the holders of senior notes to be redeemed. The senior notes will be so redeemable at a redemption price equal to 100% of the principal amount of the senior notes to be redeemed plus accrued and unpaid interest on the senior notes to be redeemed to the date of redemption.

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the senior notes. *Independent Investment Banker* means one of the Reference Treasury Dealers appointed by Macy's Holdings.

Comparable Treasury Price means, with respect to any redemption date, (1) the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) on the third business day preceding such redemption date, as set forth in the daily statistical release (or any successor release) published by the Federal Reserve Bank of New York and designated *Composite 3:30 p.m. Quotations for U.S. Government Securities* or (2) if such release (or any successor release) is not published or does not contain such prices on such business day, (a) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (b) if Macy's Holdings obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Quotations.

Reference Treasury Dealer means each of Credit Suisse Securities (USA) LLC, J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and their respective successors and one other nationally recognized investment banking firm that is a primary U.S. Government securities dealer in New York City (a *Primary Treasury Dealer*) specified from time to time by Macy's Holdings, except that if any of the foregoing ceases to be a Primary Treasury Dealer, Macy's Holdings is required to designate as a substitute another nationally recognized investment banking firm that is a Primary Treasury Dealer.

Table of Contents

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by Macy's Holdings, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to Macy's Holdings by such Reference Treasury Dealer as of 3:30 p.m., New York City time, on the third business day preceding such redemption date.

Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the second business day immediately preceding such redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

On and after any redemption date, interest will cease to accrue on the senior notes called for redemption. On or prior to any redemption date, Macy's Holdings is required to deposit with a paying agent money sufficient to pay the redemption price of and accrued interest on the senior notes to be redeemed on such date. If Macy's Holdings is going to redeem less than all the senior notes, (a) if such senior notes are represented by global notes, interests in such global notes will be selected for redemption in accordance with the customary procedures of DTC, or (b) if such senior notes are represented by senior notes in certificated form, the Trustee will select the senior notes to be redeemed by such method as the Trustee deems fair and appropriate in accordance with methods generally used at the time of selection by fiduciaries in similar circumstances.

Change of Control

If a Change of Control Triggering Event occurs, unless Macy's Holdings has exercised its right to redeem the senior notes in whole as described above, holders of senior notes will have the right to require Macy's Holdings to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of their senior notes pursuant to the offer described below (the *Change of Control Offer*) on the terms set forth in the Indenture. In the Change of Control Offer, Macy's Holdings will be required to offer payment in cash equal to 101% of the aggregate principal amount of senior notes repurchased plus accrued and unpaid interest, if any, on the senior notes repurchased, to the date of purchase (the *Change of Control Payment*). Within 30 days following any Change of Control Triggering Event or, at the option of Macy's Holdings, prior to any Change of Control, but after public announcement of the transaction or transactions that constitute or may constitute the Change of Control, Macy's Holdings will be required to mail a notice to holders of senior notes describing the transaction or transactions that constitute or may constitute the Change of Control Triggering Event and offering to repurchase the senior notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*), pursuant to the procedures required by the Indenture and described in such notice, which offer will constitute the Change of Control Offer. The notice will, if mailed prior to the date on which the Change of Control occurs, state that the Change of Control Offer is conditioned on the Change of Control Triggering Event occurring on or prior to the applicable Change of Control Payment Date.

On the Change of Control Payment Date, Macy's Holdings will be required, to the extent lawful, to:

accept for payment all senior notes or portions of senior notes properly tendered pursuant to the Change of Control Offer;

deposit with the paying agent an amount equal to the Change of Control Payment in respect of all senior notes or portions of senior notes properly tendered; and

deliver or cause to be delivered to the Trustee the senior notes properly accepted together with an officers' certificate stating the aggregate principal amount of senior notes or portions of senior notes being purchased.

Table of Contents

Macy's Holdings will not be required to make a Change of Control Offer upon the occurrence of a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by Macy's Holdings and the third party repurchases all senior notes properly tendered and not withdrawn under its offer. In addition, Macy's Holdings will not be required to repurchase any senior notes if it has given written notice of a redemption in whole of the senior notes as provided under Redemption .

Macy's Holdings will be required to comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the *Exchange Act*) and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the senior notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, Macy's Holdings will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

Change of Control means the occurrence of any of the following: (1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of Macy's, Inc. and its subsidiaries taken as a whole to any Person other than Macy's, Inc. or one of its subsidiaries; (2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any Person becomes the beneficial owner, directly or indirectly, of more than 50% of the then outstanding number of shares of Macy's, Inc.'s Voting Stock or other Voting Stock into which the Voting Stock of Macy's, Inc. is reclassified, consolidated, exchanged or changed, measured by voting power rather than number of shares; (3) Macy's, Inc. consolidates with, or merges with or into, any Person, or any Person consolidates with, or merges with or into Macy's, Inc., in any such event pursuant to a transaction in which any of the outstanding shares of Macy's, Inc.'s Voting Stock or the Voting Stock of such other Person is converted into or exchanged for cash, securities or other property, other than any such transaction where the shares of Macy's, Inc.'s Voting Stock outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the Voting Stock of the resulting or surviving Person or any direct or indirect parent company of the resulting or surviving Person immediately after giving effect to such transaction; (4) the first day on which a majority of the members of Macy's, Inc.'s Board of Directors are not Continuing Directors; or (5) the adoption of a plan providing for the liquidation or dissolution of Macy's, Inc. Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control under clause (2) above if (i) Macy's, Inc. becomes a direct or indirect wholly owned subsidiary of a holding company and (ii)(A) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of Macy's, Inc.'s Voting Stock immediately prior to that transaction or (B) immediately following that transaction no Person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the Voting Stock of such holding company. The term Person, as used in this definition, has the meaning given thereto in Section 13(d)(3) of the Exchange Act.

Change of Control Triggering Event means the occurrence of both a Change of Control and a Rating Event.

Continuing Directors means, as of any date of determination, any member of the Board of Directors of Macy's, Inc. who (1) was a member of such Board of Directors on the date of the Fifth Supplemental Indenture; or (2) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election (either by a specific vote or by approval of Macy's, Inc.'s proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination).

Table of Contents

Fitch means Fitch Ratings, Inc. or its successor.

Investment Grade Rating means a rating equal to or higher than BBB- (or the equivalent) by Fitch, Baa3 (or the equivalent) by Moody's and BBB- (or the equivalent) by S&P.

Moody's means Moody's Investors Service, Inc. or its successor.

Rating Agencies means (1) each of Fitch, Moody's and S&P; and (2) if any of Fitch, Moody's or S&P ceases to rate the senior notes or fails to make a rating of the senior notes publicly available for reasons outside of Macy's Holdings' control, a nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by Macy's Holdings (as certified by a resolution of its Board of Directors) as a replacement agency for Fitch, Moody's or S&P, or all of them, as the case may be.

Rating Event means the rating on the senior notes is lowered by at least two of the three Rating Agencies and the senior notes are rated below an Investment Grade Rating by at least two of the three Rating Agencies, on any day during the period (which period will be extended so long as the rating of the applicable senior notes is under publicly announced consideration for a possible downgrade by any of the Rating Agencies) commencing 60 days prior to the first public notice of the occurrence of a Change of Control or the intention of Macy's, Inc. to effect a Change of Control and ending 60 days following consummation of such Change of Control.

S&P means Standard & Poor's Ratings Services, a division of McGraw Hill Financial, Inc., or its successor.

Voting Stock means, with respect to any specified Person (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date, the capital stock of such Person that is at the time entitled to vote generally in the election of the board of directors of such Person.

Holder may not be entitled to require Macy's Holdings to purchase their senior notes in certain circumstances involving a significant change in the composition of Macy's, Inc.'s Board of Directors, including in connection with a proxy contest, where Macy's, Inc.'s Board of Directors initially publicly opposes the election of a dissident slate of directors, but subsequently approves such directors as Continuing Directors for purposes of the Indenture. This may result in a change in the composition of the Board of Directors that, but for such subsequent approval, would have otherwise constituted a Change of Control requiring a Change of Control Offer under the terms of the Indenture.

Under a recent Delaware Chancery Court interpretation of the foregoing definition of Continuing Directors, a board of directors may approve for purposes of such definition, a slate of shareholder-nominated directors without endorsing them, while simultaneously recommending and endorsing its own slate. This interpretation permits Macy's, Inc.'s Board of Directors to approve a slate of directors that includes a majority of dissident directors nominated pursuant to a proxy contest and the ultimate election of such dissident slate would not constitute a Change of Control that would trigger the holder's right to require Macy's Holdings to repurchase its senior notes as described above.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties and assets of Macy's, Inc. and its subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of senior notes to require Macy's Holdings to repurchase its senior notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the properties and assets of Macy's, Inc. and its subsidiaries taken as a whole to another person or group may be uncertain.

Book-Entry System

The senior notes will initially be issued in the form of a global security held in book-entry form. Accordingly, The Depository Trust Company (DTC) or its nominee will be the sole registered holder of the senior notes for all purposes under the Indenture. DTC has advised Macy's Holdings that DTC is a limited-purpose trust company organized under the Banking Law of the State of New York, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered under the Exchange Act.

DTC was created to hold the securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to DTC's book-entry system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. See Description of Debt Securities Global Securities in the accompanying prospectus.

Clearstream Banking, societe anonyme (Clearstream), is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations (Clearstream Participants) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides Clearstream Participants with, among other things, services for safekeeping, administration, clearance and establishment of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. Clearstream is subject to regulation by the Commission de Surveillance du Secteur Financier and the Luxembourg Central Bank. Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to senior notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures to the extent received by DTC for Clearstream.

Euroclear was created in 1968 to hold securities for participants of Euroclear (Euroclear Participants) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets and in several markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the Euroclear Operator), under contract with Euroclear plc, a U.K. corporation. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is regulated and examined by the Belgian Banking and Finance Commission and the National Bank of Belgium.

Table of Contents

Links have been established among DTC, Clearstream and Euroclear to facilitate the initial issuance of the senior notes sold outside of the United States and cross-market transfers of the senior notes associated with secondary market trading.

Although DTC, Clearstream and Euroclear have agreed to the procedures provided below in order to facilitate transfers, they are under no obligation to perform these procedures, and these procedures may be modified or discontinued at any time.

Clearstream and Euroclear will record the ownership interests of their participants in much the same way as DTC, and DTC will record the total ownership of each of the U.S. agents of Clearstream and Euroclear, as participants in DTC. When senior notes are to be transferred from the account of a DTC participant to the account of a Clearstream participant or a Euroclear participant, the purchaser must send instructions to Clearstream or Euroclear through a participant at least one day prior to settlement. Clearstream or Euroclear, as the case may be, will instruct its U.S. agent to receive senior notes against payment. After settlement, Clearstream or Euroclear will credit its participant's account. Credit for the senior notes will appear the next day (European time).

Because settlement is taking place during New York business hours, DTC participants will be able to employ their usual procedures for sending senior notes to the relevant U.S. agent acting for the benefit of Clearstream or Euroclear participants. The sale proceeds will be available to the DTC seller on the settlement date. As a result, to the DTC participant, a cross-market transaction will settle no differently than a trade between two DTC participants. When a Clearstream or Euroclear participant wishes to transfer senior notes to a DTC participant, the seller will be required to send instructions to Clearstream or Euroclear through a participant at least one business day prior to settlement. In these cases, Clearstream or Euroclear will instruct its U.S. agent to transfer these senior notes against payment for them. The payment will then be reflected in the account of the Clearstream or Euroclear participant the following day, with the proceeds back valued to the value date, which would be the preceding day, when settlement occurs in New York if settlement is not completed on the intended value date, that is, the trade fails, proceeds credited to the Clearstream or Euroclear participant's account will instead be valued as of the actual settlement date.

You should be aware that you will only be able to make and receive deliveries, payments and other communications involving the senior notes through Clearstream and Euroclear on the days when those clearing systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States. In addition, because of time zone differences there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States.

Payment

The payment of principal of and interest on senior notes represented by a global security will be made in immediately available funds in accordance with the applicable requirements of the depository for the global security.

Certain Restrictive Covenants

The Indenture will contain the following restrictive covenants.

Limitation on Liens. Macy's Holdings and the Restricted Subsidiaries will not be permitted to create, incur, assume or suffer to exist any liens upon any of their respective assets, other than Permitted Liens, unless the senior notes are secured by an equal and ratable lien on the same assets. The terms of other existing and future indebtedness of Macy's Holdings may require that such other indebtedness be similarly secured by an equal and ratable lien on such assets.

Table of Contents

Limitation on Sale and Leaseback. Macy's Holdings and the Restricted Subsidiaries will not be permitted to enter into any sale and leaseback transaction unless the net cash proceeds therefrom are applied as follows: to the extent that the aggregate amount of net cash proceeds from such sale and leaseback transaction that have not been reinvested in the business of Macy's Holdings or its Subsidiaries or used to reduce Senior Indebtedness of Macy's Holdings or its Subsidiaries within 12 months of the receipt of such proceeds exceeds \$100.0 million (Excess Sale Proceeds) from time to time, such Excess Sale Proceeds will be used to offer to repurchase the senior notes (on a pro rata basis with any other Senior Indebtedness of Macy's Holdings or its Subsidiaries required by the terms of such Indebtedness to be repurchased with such Excess Sale Proceeds, based on the principal amount of such Senior Indebtedness required to be repurchased) at 100% of their principal amount, plus accrued and unpaid interest, and to pay related costs and expenses.

To the extent that the aggregate purchase price for the senior notes or other Senior Indebtedness tendered pursuant to such an offer to purchase is less than the aggregate purchase price offered in such offer, an amount of Excess Sale Proceeds equal to such shortfall will cease to be Excess Sale Proceeds and may thereafter be used for general corporate purposes. If the aggregate purchase price for the senior notes or other Senior Indebtedness tendered pursuant to such an offer to purchase exceeds the amount of such Excess Sale Proceeds, the Trustee will select the senior notes or other Senior Indebtedness to be purchased by such method as the Trustee deems fair and appropriate.

The net cash proceeds from any sale or leaseback transaction will be determined net of the following:

all fees and expenses incurred and all taxes and reserves required to be accrued as a liability as a consequence of such a sale and leaseback transaction;

all payments made on any Indebtedness that is secured by assets subject to a sale and leaseback transaction; and

all distributions and other payments made to minority interest holders in Subsidiaries of Macy's Holdings or joint ventures as a result of a sale and leaseback transaction.

Cash Equivalents will be deemed to be proceeds upon receipt of such Cash Equivalents and cash payments under promissory notes secured by letters of credit or similar assurances of payment issued by commercial banks of recognized standing will be deemed to be proceeds upon receipt of such payments.

If an offer to purchase the senior notes is made, Macy's Holdings will comply with all tender offer rules, including but not limited to Section 14(e) of the Exchange Act and Rule 14e-1 thereunder, to the extent applicable to such offer to purchase. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture related to limitations on sale and leaseback transactions, Macy's Holdings will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the provisions of the Indenture related to limitations on sale and leaseback transactions by virtue of such conflicts.

Limitations on Merger and Other Transactions

Prior to the satisfaction and discharge of the Indenture, Macy's Holdings will not be permitted to consolidate with or merge with or into any other Person, or transfer (by lease, assignment, sale, or otherwise) all or substantially all of its properties and assets to another Person unless:

(1) either

(a) Macy's Holdings is the continuing or surviving Person in the consolidation or merger; or

Table of Contents

(b) the Person (if other than Macy's Holdings) formed by the consolidation or into which Macy's Holdings is merged or to which all or substantially all of the properties and assets of Macy's Holdings are transferred is a corporation, partnership, limited liability company, business trust, trust or other legal entity organized and validly existing under the laws of the United States, any State thereof, or the District of Columbia, and expressly assumes, by a supplemental indenture, all of Macy's Holdings' obligations under the senior notes and the Indenture;

(2) immediately after the transaction and the incurrence or anticipated incurrence of any indebtedness to be incurred in connection therewith, no Default exists; and

(3) an officer's certificate is delivered to the Trustee to the effect that both of the conditions set forth above have been satisfied and an opinion of outside counsel has been delivered to the Trustee to the effect that condition (1) set forth above has been satisfied.

The continuing, surviving or successor Person will succeed to and be substituted for Macy's Holdings with the same effect as if it had been named in the Indenture as a party thereto, and thereafter the predecessor Person will be relieved of all obligations and covenants under the Indenture and the senior notes.

Events of Default

The following are Events of Default with respect to the senior notes:

(1) failure to pay principal of or premium, if any, on any senior note when due and payable;

(2) failure to pay any interest on any senior note when due and payable, which failure continues for 30 calendar days;

(3) failure to perform, or breach of, any other of Macy's Holdings' covenants or warranties in the Indenture (other than a covenant or warranty included therein solely for the benefit of a series of debt securities other than the senior notes), which failure or breach continues for 60 calendar days after written notice as provided in the Indenture;

(4) any nonpayment at maturity or other default (beyond any applicable grace period) under any agreement or instrument relating to any other Indebtedness of Macy's Holdings or any Restricted Subsidiary (the unpaid principal amount of which is not less than \$100.0 million), which default results in the acceleration of the maturity of such Indebtedness prior to its stated maturity or occurs at the final maturity thereof;

(5) the entry of any final judgments or orders against Macy's Holdings, Macy's, Inc. or any of their respective Restricted Subsidiaries in excess of \$100.0 million individually or in the aggregate (not covered by insurance) that is not paid, discharged or otherwise stayed (by appeal or otherwise) within 60 calendar days after the entry of such judgments or orders;

(6) the Guarantee ceases to be in full force and effect (except as contemplated by the terms of the Indenture) or is declared in a judicial proceeding to be null and void, or Macy's, Inc. denies or disaffirms in writing its obligation under the Guarantee;

(7) specified events of bankruptcy, insolvency or reorganization of Macy's Holdings, Macy's, Inc. or any Significant Subsidiary or any group of Subsidiaries of Macy's Holdings or Macy's, Inc. that, if considered in the aggregate, would be a Significant Subsidiary; and

(8) the failure to redeem the senior notes when required pursuant to the terms and conditions thereof or to pay the repurchase price for senior notes to be repurchased in accordance with the Indenture.

Table of Contents

Macy's Holdings will be required to provide the Trustee with notice of any uncured Event of Default within 10 calendar days after any responsible officer of Macy's Holdings becomes aware of or receives actual notice of the occurrence thereof. The Trustee will be required, within 90 calendar days after the occurrence of a default in respect of the senior notes, to give to the holders of the senior notes notice of all such uncured defaults known to it, except that:

in the case of a default in the performance of any covenant of the character contemplated in clause (3) above, no such notice to holders of the senior notes will be given until at least 30 calendar days after the occurrence of such default; and

other than in the case of a default of the character contemplated in clause (1) or (2) above, the Trustee may withhold such notice if and so long as it in good faith determines that the withholding of such notice is in the interests of the holders of the senior notes.

If an Event of Default described in clause (7) above occurs, the principal of, and any premium and accrued interest on the senior notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any holder of the senior notes. If any other Event of Default with respect to the senior notes occurs and is continuing, either the Trustee or the holders of at least 25% in principal amount of the outstanding senior notes, by notice as provided in the Indenture, may declare the principal amount of the senior notes to be due and payable immediately. However, at any time after a declaration of acceleration with respect to the senior notes has been made, but before a judgment or decree based on such acceleration has been obtained, the holders of a majority in principal amount of the outstanding senior notes may, under specified circumstances, rescind and annul such acceleration.

Subject to the duty of the Trustee to act with the required standard of care during an Event of Default, the Trustee will have no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders of the senior notes unless such holders shall have offered to the Trustee reasonable security or indemnity. Subject to the provisions of the Indenture, including those requiring security or indemnification of the Trustee, the holders of a majority in principal amount of the senior notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the senior notes.

No holder of a senior note will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder unless:

the holder has previously given to the Trustee written notice of a continuing Event of Default;

the holders of at least 25% in aggregate principal amount of the outstanding senior notes have also made such a written request;

the holder or holders have offered reasonable indemnity to the Trustee to institute the proceeding as trustee;

the Trustee has failed to institute such proceeding within 60 calendar days after receipt of the written request; and

during such 60-day period, the Trustee has not received from the holders of a majority in aggregate principal amount of the outstanding senior notes a direction inconsistent with the written request.

However, the limitations described above will not apply to a suit instituted by a holder of senior notes for enforcement of payment of the principal of, and any principal or interest on, the senior notes on or after the applicable due dates expressed in the senior notes.

Table of Contents

Macy's Holdings will be required to furnish to the Trustee annually a statement as to the performance of its obligations under the Indenture and as to any default in such performance.

Defeasance

Except as described below, upon compliance with the applicable requirements described below:

(1) Macy's Holdings and Macy's, Inc. will be deemed to have been discharged from their respective obligations with respect to the senior notes; or

(2) Macy's Holdings will be released from its obligations to comply with certain of the covenants in the Indenture with respect to the senior notes, and the occurrence of an event described in any of clauses (3), (4) and (8) under "Events of Default" above will no longer be an Event of Default with respect to the senior notes, except to the limited extent described below.

Following any defeasance described in clause (1) or (2) above, Macy's Holdings will continue to have specified obligations under the Indenture, including obligations to register the transfer or exchange of the senior notes; replace destroyed, stolen, lost, or mutilated senior notes; maintain an office or agency in respect of the senior notes; and hold funds for payment to holders of senior notes in trust. In the case of any defeasance described in clause (2) above, any failure by Macy's Holdings to comply with its continuing obligations may constitute an Event of Default with respect to the senior notes as described in clause (3) under "Events of Defaults" above.

In order to effect any defeasance described in clause (1) or (2) above, Macy's Holdings or Macy's, Inc. must irrevocably deposit with the Trustee, in trust, money or specified government obligations (or depositary receipts therefor) that through the scheduled payment of principal and interest in accordance with their terms will provide, without reinvestment, money in an amount sufficient to pay all of the principal of, and any premium and interest on, the senior notes on the dates such payments are due in accordance with the terms of the senior notes. In addition, the following conditions must be satisfied:

no Event of Default or event with which the giving of notice or lapse of time, or both, would become an Event of Default under the Indenture shall have occurred with respect to the senior notes and be continuing on the date of such deposit;

no Event of Default or any event described in clause (7) under "Events of Default" above shall have occurred and be continuing at any time on or prior to the 124th calendar day following the date of deposit;

in the event of defeasance described in clause (1) above, Macy's Holdings shall have delivered to the Trustee an opinion of outside counsel stating that (a) it has received from, or there has been published by, the United States Internal Revenue Service a ruling or (b) there has been a change in applicable federal income tax law, in either case to the effect that, among other things, the holders of the outstanding senior notes will not recognize gain or loss for United States federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to United States federal income tax on the same amount, in the same manner, and at the same times as if such deposit, defeasance and discharge had not occurred;

in the event of any defeasance in clause (2) above, Macy's Holdings shall have delivered to the Trustee an opinion of outside counsel to the effect that, among other things, the holders of the outstanding senior notes will not recognize gain or loss for United States federal income tax purposes as a result of such deposit or defeasance and will be subject to United States federal income tax on the same amount, in the same manner, and at the same times as if such deposit or defeasance had not occurred;

Table of Contents

Macy's Holdings shall have delivered to the Trustee a certificate from a nationally recognized firm of independent accountants expressing their opinion that the payments of principal and interest when due on the deposited government obligations without reinvestment plus any deposited money without investment will provide the cash at such times and in such amounts as will be sufficient to pay the principal of and any premium and interest when due on the senior notes or on any earlier date or dates on which the senior notes will be subject to redemption at the option of the holder;

such defeasance will not cause the Trustee to have a conflicting interest within the meaning of the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act") (assuming all senior notes are in default within the meaning of the Trust Indenture Act);

Macy's Holdings shall have delivered to the Trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent with respect to such defeasance have been complied with;

such defeasance will not result in the trust arising from such deposit constituting an investment company within the meaning of the Investment Company Act of 1940, as amended (the "Investment Company Act"), unless such trust will be qualified under the Investment Company Act or will be exempt from regulation thereunder; and

there shall have been delivered to the Trustee the certificate of a responsible officer of Macy's Holdings certifying, on behalf of Macy's Holdings, to the effect that such defeasance shall not result in a breach or violation of, or constitute a default under, any agreement to which Macy's Holdings is a party or violate any law to which Macy's Holdings is subject.

If Macy's Holdings fails to comply with its remaining obligations under the Indenture after a defeasance with respect to the senior notes as described under clause (2) above and the senior notes are declared due and payable because of the occurrence of any undefeased Event of Default, the amount of money and government obligations on deposit with the Trustee may be insufficient to pay amounts due on the senior notes at the time of the acceleration resulting from such Event of Default. If such a failure occurs, Macy's Holdings will remain liable in respect of such payments.

(11) liens with respect to obligations in outstanding amounts not to exceed \$100.0 million at any particular time and that (a) are not incurred in connection with the borrowing of money or obtaining advances or credit (other than trade credit in the ordinary course of business) and (b) do not in the aggregate interfere in any material respect with the ordinary conduct of the business of Macy's Holdings and its Subsidiaries; and

(12) without limiting the ability of Macy's Holdings or any Restricted Subsidiary to create, incur, assume or suffer to exist any lien otherwise permitted under any of the foregoing clauses, any extension, renewal or replacement, in whole or in part, of any lien described in the foregoing clauses; provided that any such extension, renewal or replacement lien is limited to the property or assets covered by the lien extended, renewed or replaced or substitute property or assets, the value of which is determined by the Board of Directors of Macy's Holdings to be not materially greater than the value of the property or assets for which the substitute property or assets are substituted.

Person means any individual, partnership, corporation, limited liability company, joint stock company, business trust, trust, unincorporated association, joint venture or other entity, or a government or political subdivision or agency thereof.

Restricted Subsidiary means any Subsidiary of Macy's Holdings other than an Unrestricted Subsidiary.

Senior Indebtedness means any Indebtedness of Macy's Holdings or its Subsidiaries other than Subordinated Indebtedness.

Significant Subsidiary means any Subsidiary that accounts for (1) 10.0% or more of the total consolidated assets of any Person and its Subsidiaries as of any date of determination or (2) 10.0% or more of the total consolidated revenues of any Person and its Subsidiaries for the most recently concluded fiscal quarter.

Subordinated Indebtedness means any Indebtedness of Macy's Holdings which is expressly subordinated in right of payment to the senior notes or any Indebtedness of Macy's, Inc. which is expressly subordinated in right of payment to the Guarantee.

Subsidiary means, as applied, with respect to any Person, any corporation, partnership or other business entity of which, in the case of a corporation, more than 50% of the issued and outstanding capital stock having ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether at the time capital stock of any other class or classes of such corporation has or might have voting power upon the occurrence of any contingency), or, in the case of any partnership or other legal entity, more than 50% of the ordinary equity capital interests, is at the time directly or indirectly owned or controlled by such Person, by such Person and one or more of its other Subsidiaries or by one or more of such Person's other Subsidiaries.

Unrestricted Subsidiary means any entity designated as such (1) in the Fifth Supplemental Indenture (including Macy's Holdings' existing receivables finance Subsidiaries and Macy's Credit and Customer Services, Inc.) or (2) by Macy's Holdings' Board of Directors, provided that such entity is a special purpose entity formed for financing purposes.

U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary, subject to the limitations set forth herein, of the material U.S. federal income tax considerations relating to the purchase, ownership and disposition of the senior notes by initial investors. It is not a complete analysis of all the potential tax considerations relating to the senior notes. This summary is based upon the provisions of the Internal Revenue Code of 1986, as amended (the Code), Treasury Regulations promulgated under the Code, administrative rulings and pronouncements and judicial decisions, all as in effect on the date hereof. These authorities may be changed, perhaps with retroactive effect, and are subject to differing interpretations so as to result in U.S. federal income tax consequences different from those set forth below. Macy's Holdings has not sought any ruling from the Internal Revenue Service (the IRS) and Macy's Holdings cannot assure you that the IRS will agree with such statements.

Except as otherwise provided, this summary is limited to initial investors who purchase senior notes for cash at the initial issue price (i.e., the initial offering price to the public, excluding bond houses and brokers, at which price a substantial amount of the senior notes is sold) pursuant to this offering and who will hold the senior notes as capital assets (i.e., generally for investment purposes). This summary does not address the tax considerations arising under the laws of any foreign, state or local jurisdiction. In addition, this discussion does not address all tax considerations that may be applicable to holders particular circumstances or to holders that may be subject to special tax rules, such as, for example:

holders subject to the alternative minimum tax;

banks, insurance companies, and other financial institutions;

regulated investment companies;

real estate investment trusts;

tax-exempt organizations;

brokers and dealers in securities or commodities;

expatriates;

traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;

U.S. Holders (as defined below) whose functional currency is not the U.S. dollar;

persons that will hold the senior notes as a position in a hedging transaction, straddle, conversion transaction or other risk reduction transaction;

persons deemed to sell the senior notes under the constructive sale provisions of the Code; or

Edgar Filing: Macy's, Inc. - Form 424B5

entities or arrangements treated as partnerships for U.S. federal income tax purposes or other pass-through entities, or investors in such entities.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds senior notes, the tax treatment of a partner in such partnership will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding senior notes, you should consult your tax advisor regarding the tax consequences of the purchase, ownership and disposition of the senior notes.

Table of Contents

This summary of U.S. federal income tax considerations is for general information only and is not tax advice for any particular investor. You are urged to consult your tax advisor with respect to the application of U.S. federal income tax laws to your particular situation, as well as any tax consequences arising under the U.S. federal estate or gift tax rules or under the laws of any state, local, foreign or other taxing jurisdiction or under any applicable tax treaty.

Consequences to U.S. Holders

The following discussion will generally apply to you if you are a U.S. Holder of the senior notes. You are a U.S. Holder if you are a beneficial owner of a senior note and you are, for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof, or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust that (1) is subject to the supervision of a court within the United States and the control of one or more United States persons (as defined in the Code) or (2) has a valid election in effect under applicable Treasury Regulations to be treated as a United States person.

Payments of Interest

Stated interest on a senior note will generally be taxable to a U.S. Holder as ordinary income at the time it is paid or accrued in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

In certain circumstances (see Description of Notes Change of Control), Macy's Holdings may be obligated to pay amounts in excess of stated interest or principal on the senior notes. The obligation to make these payments may implicate the provisions of the Treasury Regulations relating to contingent payment debt instruments. Treasury Regulations provide special rules for contingent payment debt instruments which, if applicable, could cause the timing, amount and character of a holder's income, gain or loss with respect to the senior notes to be different from the consequences discussed herein. Although the issue is not free from doubt, Macy's Holdings believes that the possibility of the payment of such additional amounts does not result in the senior notes being treated as contingent payment debt instruments under the applicable Treasury Regulations. This position is not binding on the IRS, which may take a contrary position and treat the senior notes as contingent payment debt instruments. If the senior notes were deemed to be contingent payment debt instruments, a U.S. Holder would generally be required to treat any gain recognized on the sale or other disposition of the senior notes as ordinary income rather than as capital gain. Furthermore, a U.S. Holder would be required to accrue interest income on a constant yield basis at an assumed yield determined at the time of issuance of the senior notes, with adjustments to such accruals when any payments are made that differ from the payments calculated based on the assumed yield. The remainder of this discussion assumes that the senior notes are not treated as contingent payment debt instruments. U.S. Holders should consult their own tax advisors about the treatment of additional payments that might be made in respect of the senior notes. U.S. Holders should consult their own tax advisors about the treatment of additional payments that might be made in respect of the senior notes.

Sale or Other Taxable Disposition of Senior Notes

Upon the sale, exchange, redemption or other taxable disposition of a senior note, a U.S. Holder generally will recognize taxable gain or loss equal to the difference between the amount realized on such

Table of Contents

disposition (except to the extent any amount realized is attributable to accrued but unpaid interest, which if not previously included in income, will be treated as interest as described in *Payments of Interest* above) and the holder's adjusted tax basis in the senior note. A U.S. Holder's adjusted tax basis in a senior note generally will equal the cost of the senior note to such holder, decreased by any payments of principal received. Gain or loss recognized on the disposition of a senior note generally will be capital gain or loss, and will be long-term capital gain or loss if, at the time of such disposition, the U.S. Holder's holding period for the senior note is more than one year. Long-term capital gains of individuals and other non-corporate taxpayers are generally eligible for reduced rates of taxation. The deductibility of capital losses is subject to certain limitations.

Medicare Tax

For taxable years beginning after December 31, 2012, certain U.S. Holders who are individuals, estates or trusts and whose income exceeds certain thresholds will be subject to a 3.8% Medicare tax on the lesser of (i) the U.S. Holder's net investment income for the relevant taxable year (undistributed net investment income in the case of an estate or trust) and (ii) the excess of the U.S. Holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). For these purposes, net investment income will generally include interest on and capital gains from the sale or other disposition of the senior notes, unless such interest or gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. Holder who is an individual, estate or trust, you are urged to consult your tax advisor regarding the applicability of the Medicare tax to your income and gains in respect of the senior notes.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to payments of interest on the senior notes and the proceeds of the sale and other taxable disposition (including a retirement or redemption) of senior notes unless the U.S. Holder is an exempt recipient. A backup withholding tax (currently at a rate of 28%) may apply to such payments if the U.S. Holder fails to provide its taxpayer identification number or certification of exempt status or has been notified by the IRS that payments to the U.S. Holder are subject to backup withholding. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will generally be allowed as a credit against a U.S. Holder's U.S. federal income tax liability and may entitle a U.S. Holder to a refund, provided that the required information is timely furnished to the IRS. You are urged to consult your own tax advisor regarding the application of backup withholding rules in your particular situation, the availability of an exemption from backup withholding and the procedure for obtaining such an exemption, if applicable.

Consequences to Non-U.S. Holders

The following discussion will generally apply to you if you are a Non-U.S. Holder of senior notes. The term *Non-U.S. Holder* means a beneficial owner of a senior note that is, for U.S. federal income tax purposes, a nonresident alien individual or a corporation, estate or trust and that is not a U.S. Holder.

Payments of Interest

A Non-U.S. Holder will not be subject to U.S. federal withholding tax with respect to any payment of interest on its senior notes that is not effectively connected with the conduct of a U.S. trade or business provided that:

the Non-U.S. Holder does not actually or constructively (under applicable attribution rules) own 10% or more of the total combined voting power of Macy's Holdings voting stock, within the meaning of Section 871(h)(3) of the Code;

Table of Contents

the Non-U.S. Holder is not a bank that receives such interest in a transaction described in Section 881(c)(3)(A) of the Code;

the Non-U.S. Holder is not a controlled foreign corporation that is related to Macy's Holdings directly or indirectly through stock ownership; and

(a) the Non-U.S. Holder provides its name and address, and certifies, under penalties of perjury, that it is not a United States person (which certification generally may be made on an IRS Form W-8BEN) or (b) a securities clearing organization, bank, or other financial institution that holds customers' securities in the ordinary course of its business holds the senior note on a Non-U.S. Holder's behalf and certifies, under penalties of perjury, either that it has received IRS Form W-8BEN (or similar withholding certificate) from the holder or from another qualifying financial institution intermediary or that it is permitted to establish and has established the holder's foreign status through other documentary evidence, and otherwise complies with applicable requirements. If the senior notes are held by or through certain foreign intermediaries or certain foreign partnerships, such foreign intermediaries or partnerships must also satisfy the certification requirements of applicable Treasury Regulations.

A Non-U.S. Holder that cannot satisfy the requirements described above will be subject to a 30% U.S. federal withholding tax with respect to payments of interest on the senior notes, unless the Non-U.S. Holder provides Macy's Holdings (or its agent) with a properly executed (1) IRS Form W-8BEN claiming an exemption from or reduction in withholding under an applicable tax treaty or (2) IRS Form W-8ECI stating that interest paid on the senior note is not subject to withholding tax because it is effectively connected with the holder's conduct of a trade or business in the United States.

If a Non-U.S. Holder is engaged in a trade or business in the United States and interest on a senior note is effectively connected with the conduct of that trade or business, the Non-U.S. Holder will instead be required to pay U.S. federal income tax on that interest on a net income basis in the same manner as if the Non-U.S. Holder were a U.S. Holder. If a Non-U.S. Holder is eligible for the benefits of an income tax treaty between the United States and the Non-U.S. Holder's country of residence, any effectively connected income generally will be subject to U.S. federal income tax only if it is also attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States. In addition, if a Non-U.S. Holder is a foreign corporation, it may be subject to branch profits tax equal to 30% (or lower applicable treaty rate) of its earnings and profits for the taxable year, subject to adjustments, that are effectively connected with its conduct of a trade or business in the United States. For this purpose, interest on the senior notes which is effectively connected with the conduct of a trade or business in the United States by a Non-U.S. Holder would be included in earnings and profits.

Sale or Other Taxable Disposition of Senior Notes

Any gain recognized upon the sale, exchange, redemption or other taxable disposition of a senior note (except with respect to accrued and unpaid interest, which would be treated as interest as described in *Payments of Interest* above) will not be subject to U.S. federal withholding tax. Such gain also generally will not be subject to U.S. federal income tax unless:

that gain is effectively connected with a Non-U.S. Holder's conduct of a trade or business in the United States (and, if an income tax treaty applies, is attributable to a U.S. permanent establishment); or

the Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of the disposition, and certain other conditions are met.

Table of Contents

A Non-U.S. Holder described in the first bullet point above will generally be required to pay U.S. federal income tax on the net gain derived from the sale in the same manner as if the Non-U.S. Holder were a U.S. Holder. If a Non-U.S. Holder is eligible for the benefits of an income tax treaty between the United States and the Non-U.S. Holder's country of residence, any effectively connected gain generally will be subject to U.S. federal income tax only if it is also attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States. In addition, if such Non-U.S. Holder is a foreign corporation, it may also be required to pay branch profits tax at a 30% rate or a lower rate if so specified by an applicable tax treaty.

A Non-U.S. Holder described in the second bullet point will generally be subject to U.S. federal income tax at a rate of 30% on the amount by which its capital gains allocable to U.S. sources, including gain from such disposition, exceed any capital losses allocable to U.S. sources, except as otherwise required by an applicable income tax treaty.

Medicare Tax

As discussed in more detail under *Consequences to U.S. Holders Medicare Tax*, a 3.8% Medicare tax will apply in addition to regular income tax, to certain net investment income for taxable years beginning after December 31, 2012. The Medicare tax generally applies only to certain U.S. persons with income in excess of certain thresholds. However, the IRS has indicated in proposed Treasury Regulations that the 3.8% Medicare tax may be applicable to Non-U.S. Holders that are estates or trusts and have one or more U.S. beneficiaries. Non-U.S. Holders are urged to consult their own tax advisors about the possible application of the Medicare tax to any interest on, or gain realized upon a sale or other disposition of the notes.

Information Reporting and Backup Withholding

In general, information returns will be filed with the IRS in connection with payments of interest on the senior notes and proceeds from the sale or other taxable disposition (including a retirement or redemption) of the senior notes. Copies of the information returns reporting such payments and any withholding may also be made available to the tax authorities in the country in which the Non-U.S. Holder resides under the provisions of an applicable tax treaty. Backup withholding (currently at a 28% rate) may apply to certain payments of principal and interest on the senior notes to Non-U.S. Holders, as well as to the proceeds of certain sales of senior notes made through brokers, unless the Non-U.S. Holder has made appropriate certifications as to its foreign status, or has otherwise established an exemption. The certification of foreign status described above under *Payments of Interest* is generally effective to establish an exemption from backup withholding. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will generally be allowed as a credit against a Non-U.S. Holder's U.S. federal income tax liability and may entitle a Non-U.S. Holder to a refund, provided that the required information is timely furnished to the IRS. You are urged to consult your own tax advisor regarding the application of backup withholding rules in your particular situation, the availability of an exemption from backup withholding and the procedure for obtaining such an exemption, if applicable.

FATCA

The Foreign Account Tax Compliance Act provisions of the Hiring Incentives to Restore Employment Act and Treasury Regulations thereunder, commonly referred to as *FATCA*, when applicable, will impose a U.S. federal withholding tax of 30% on certain types of payments, including payments of U.S.-source interest and gross proceeds from the sale of certain securities producing such U.S. source interest made to (i) foreign financial institutions unless they agree to collect and disclose to the IRS information regarding their direct and indirect U.S. account holders, and (ii) certain non-financial foreign entities unless they certify certain information regarding their direct and indirect U.S. owners.

Under recently issued final Treasury Regulations, as modified by IRS Notice 2013-43, the withholding obligations described above generally will apply to payments of U.S. source interest on debt instruments made on or after July 1, 2014, and to payments of gross proceeds from a sale or other disposition of debt instruments on or

Table of Contents

after January 1, 2017. However, the recently issued final Treasury Regulations, as modified by IRS Notice 2013-43, also provide that the FATCA withholding obligations described above do not apply to debt instruments issued before, and which are not the subject of a significant modification (in such a way that they are considered to be re-issued for U.S. federal income tax purposes) on or after, July 1, 2014. Accordingly, FATCA withholding is not expected to be required on the senior notes. You are urged to consult your own tax advisors regarding FATCA and the application of these requirements to your investment in the senior notes.

Table of Contents**UNDERWRITING**

Under the terms and subject to the conditions contained in an underwriting agreement dated _____, 2013, Macy's Holdings has agreed to sell to the underwriters named below, for whom Credit Suisse Securities (USA) LLC, J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated are acting as representatives, and the underwriters have agreed to buy, the principal amount of the senior notes set forth opposite the underwriter's name:

Underwriter	Principal Amount of Senior Notes
Credit Suisse Securities (USA) LLC	\$
J.P. Morgan Securities LLC	
Merrill Lynch, Pierce, Fenner & Smith Incorporated	
Total	\$

The underwriting agreement provides that the underwriters are obligated to purchase all of the senior notes if any are purchased. The underwriting agreement also provides that, if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of senior notes may be terminated. The offering of the senior notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The underwriters propose to offer the senior notes initially at the public offering price on the cover page of this prospectus supplement and to selling group members at that price less a selling concession of _____% of the principal amount per senior note. The underwriters may allow, and selling group members may reallocate, a discount of _____% of the principal amount per senior note on sales to other broker/dealers. After the initial public offering, the representatives may change the public offering price and other selling terms.

The following table summarizes the compensation we will pay.

	Per Senior Note	Total
Underwriting Discounts and Commissions paid by us	%	\$

We estimate that our out-of-pocket expenses for this offering will be approximately \$ _____.

Macy's Holdings has agreed to indemnify the several underwriters against liabilities under the Securities Act or to contribute to payments which the underwriters may be required to make in that respect.

The senior notes are a new issue of securities with no established trading market. The senior notes will not be listed on any securities exchange or on any automated dealer quotation system. The representatives may make a secondary market for the senior notes. However, they are not obligated to do so and may discontinue making a secondary market for the senior notes at any time without notice. No assurance can be given as to how liquid the trading market for the senior notes will be or that an active public market for the senior notes will develop. If an active public trading market for the senior notes does not develop, the market price and liquidity of the senior notes may be adversely affected.

In connection with the offering, the representatives may engage in stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act.

Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.

Table of Contents

Syndicate covering transactions involve purchases of the senior notes in the open market after the distribution has been completed in order to cover syndicate short positions. A short position is more likely to be created if the representatives are concerned that there may be downward pressure on the price of the senior notes in the open market after pricing that could adversely affect investors who purchase in the offering.

Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the senior notes originally sold by the syndicate member are purchased in a stabilizing transaction or a syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of the senior notes or preventing or retarding a decline in the market price of the senior notes. As a result the price of the senior notes may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

The senior notes are being offered for sale in the United States and in jurisdictions outside the United States, subject to applicable law.

In relation to each Member State of the European Economic Area that has implemented the Prospectus Directive (as defined below) (each, a Relevant Member State), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) it has not made and will not make an offer of the senior notes which are the subject of the offering contemplated by this prospectus supplement to the public in that Relevant Member State other than:

- (2) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, as defined below, 150 legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the underwriters; or
- (3) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of senior notes referred to in (1) to (3) above shall require the publication by Macy's Holdings or any underwriter of a prospectus pursuant to Article 3 of the Prospectus Directive, or supplement to a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an offer to the public in relation to any senior notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the senior notes to be offered so as to enable an investor to decide to purchase or subscribe to the senior notes, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State, and the expression Prospectus Directive means Directive 2003/71/EC (and the amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

For the purpose of this paragraph only, the PRC does not include Taiwan and the special administrative regions of Hong Kong and Macau.

The securities have not been and will not be registered under the Securities and Exchange Law of Japan (the Securities and Exchange Law) and each underwriter has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

This prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the senior notes may not be circulated or distributed, nor may the senior notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (1) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the SFA), (2) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA, or (3) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the senior notes are subscribed or purchased under Section 275 by a relevant person which is: (1) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (2) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries rights and interest in that trust shall not be transferable for six months after that corporation or that trust has acquired the senior notes under Section 275 except: (a) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA; (b) where no consideration is given for the transfer; or (c) by operation of law.

We expect that delivery of the senior notes will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which will be the business day following the date of pricing of the senior notes (this settlement cycle being referred to as T+). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade senior notes on the date of pricing or the next succeeding business days will be required, by virtue of the fact that the senior notes initially will settle in T+ , to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisor.

Our existing revolving credit facility and our existing letter of credit facility were negotiated on an arms length basis and contain customary terms pursuant to which the lenders receive customary fees.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge, and certain others of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the senior notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the senior notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
