In accordance with Securities and Exchange Commission (SEC) rules, instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing proxy materials to our stockholders via the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials other than as described below. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review all of the important information contained in the proxy materials. The Notice of Internet Availability of Proxy Materials also instructs you as to how you may submit your proxy over the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, including our Annual Report, you should follow the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Materials.

It is anticipated that the Notice of Internet Availability of Proxy Materials is first being sent to stockholders, and this proxy statement and the form of proxy relating to our 2014 annual meeting are first being made available to stockholders, on or about April 24, 2014. In accordance with SEC rules, the website <http://www.allianceproxy.com/dcsg/2014> provides complete anonymity with respect to a stockholder accessing the website.

WHAT IS THE PURPOSE OF THE ANNUAL MEETING?

At our annual meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting of Stockholders on the cover page of this proxy statement, including (i) the election of three (3) Class C Directors, each for terms that expire in 2017, (ii) the ratification of the appointment of our independent registered public accounting firm for fiscal 2014, (iii) a non-binding advisory vote to approve compensation of our named executive officers, as disclosed in these materials and (iv) any other matter to properly come before the meeting.

WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

Only stockholders of record at the close of business on April 14, 2014, the record date for the annual meeting, are entitled to receive notice of and to vote at the annual meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting or any postponements or adjournments of the annual meeting.

WHAT ARE THE VOTING RIGHTS OF THE HOLDERS OF DICK'S SPORTING GOODS, INC. COMMON STOCK AND CLASS B COMMON STOCK?

Holders of our common stock and Class B common stock have identical rights, except that holders of our common stock are entitled to one (1) vote for each share held of record and holders of our Class B common stock are entitled to ten (10) votes for each share held of record on all matters submitted to a vote of the stockholders, including the election of directors. Stockholders do not have cumulative voting rights. Holders of our common stock and Class B common stock vote together as a single class on all matters presented to the stockholders for their vote or approval, except as may otherwise be required by Delaware law.

WHO CAN ATTEND THE ANNUAL MEETING?

Subject to space availability, all common stockholders and Class B common stockholders as of the record date, or their duly appointed proxies, may attend the annual meeting. Since seating is limited, admission to the annual meeting will be on a first-come, first-served basis. Registration will begin at 1:00 p.m. local time. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the annual meeting. Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement

About the Meeting (continued)

WHAT CONSTITUTES A QUORUM?

The presence at the annual meeting, in person or by proxy, of the holders of record of the issued and outstanding shares of capital stock representing a majority of the votes entitled to be cast at the meeting constitutes a quorum, permitting business to be conducted at the annual meeting. As of the record date, 98,631,601 shares of common stock (excluding treasury stock) representing the same number of votes and 24,900,870 shares of Class B common stock representing 249,008,700 votes were issued and outstanding. Thus, the presence in person or by proxy of the holders of common stock or Class B common stock or a combination thereof representing at least 173,820,151 votes will be required to establish a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the annual meeting to establish a quorum.

HOW DO I VOTE?

Please refer to the Notice of Internet Availability of Proxy Materials, which is being mailed to stockholders, or your proxy card for instructions on how to cast your vote online, including, if you are a registered stockholder, casting your vote online at <http://www.allianceproxy.com/dcsg/2014>. Please also refer to the Notice of Internet Availability of Proxy Materials for the ways in which you may request a paper copy of the proxy statement and accompanying proxy card, including, if you are a registered stockholder, via the Internet (<http://www.allianceproxy.com/dcsg/2014>), telephone ((877) 777-2857) or email (requests@viewproxy.com). If you vote online or request, receive, complete and return the paper proxy card to the Company, it will be voted as you direct. Further, if you are a registered stockholder and attend the annual meeting, you may deliver your completed proxy card in person. If you hold your shares in street name through a broker or other nominee, follow the instructions on the Notice of Internet Availability of Proxy Materials provided by your broker.

CAN I CHANGE OR REVOKE MY VOTE AFTER I VOTE ONLINE OR RETURN MY PROXY CARD?

Yes. Even after you have submitted your proxy online or via the mail, you may change or revoke your vote at any time before the proxy is exercised by filing with the Corporate Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the annual meeting in person and so request, although attendance at the annual meeting will not by itself revoke a previously granted proxy.

WHAT ARE THE RECOMMENDATIONS OF THE BOARD OF DIRECTORS?

Unless you give other instructions when you vote, the persons named as proxy holders will vote in accordance with the recommendations of the Company's Board of Directors (the Board), which are set forth following the description of each item to be acted upon in this proxy statement. In summary, the Board recommends a vote:

for election of the nominated slate of Class C Directors for terms that expire in 2017 (see Item 1);

for ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2014 (see Item 2); and

for approval, on a non-binding advisory basis, of the compensation of our named executive officers as disclosed in these materials (see Item 3).

Edgar Filing: DICKS SPORTING GOODS INC - Form DEF 14A

With respect to any other matter that properly comes before the annual meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

WHAT VOTE IS REQUIRED TO APPROVE EACH ITEM?

Election of Directors. The affirmative vote of a plurality of the votes cast at the annual meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

About the Meeting (continued)

Ratification of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the votes cast at the annual meeting is required for ratifying the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2014.

Non-binding Advisory Vote to Approve Compensation of Our Named Executive Officers. The affirmative vote of a majority of the votes cast at the annual meeting is required for the approval, on a non-binding advisory basis, of the compensation of our named executive officers. As an advisory vote, the proposal to approve the compensation of our named executive officers is non-binding on the Company; however, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by our stockholders and will consider the outcome of the vote when making future compensation decisions.

For each of the matters to be voted on at the annual meeting, abstentions will be counted for purposes of determining whether there is a quorum, but will not be counted in determining the number of votes necessary for approval. If you hold your shares in street name through a broker or other nominee, your broker or nominee will not be permitted to exercise voting discretion with respect to certain non-routine matters to be acted upon at the annual meeting, including the election of directors and the non-binding advisory vote to approve executive compensation. Thus, if you do not give your broker or nominee specific voting instructions, your shares will not be voted on these matters and will not be counted in determining the number of votes necessary for approval. However, shares that brokers and nominees are not otherwise authorized to vote will be counted in determining whether there is a quorum present at the annual meeting.

WE ARE A CONTROLLED COMPANY UNDER THE NEW YORK STOCK EXCHANGE RULES.

Because as of April 14, 2014, Edward W. Stack, our Chairman and Chief Executive Officer, controlled 60.88% of the combined voting power of our common stock and Class B common stock, we are a controlled company under the Corporate Governance Standards of the New York Stock Exchange (NYSE). As a controlled company, we are not required to have a majority of independent directors or a compensation committee or nominating/corporate governance committee composed entirely of independent directors. However, as part of our commitment to maintaining a high standard of corporate governance, we have determined to voluntarily comply with the NYSE independence requirements. As discussed further below, our Board is comprised of a majority of independent directors and our Audit, Compensation and Governance and Nominating Committees are comprised entirely of independent directors.

Messrs. Barnechea, Byrd, and Chirico and Ms. Fouse are qualified as audit committee financial experts within the meaning of SEC regulations, and the Board has determined that they each have accounting and financial management expertise within the meaning of the listing standards of the NYSE. For more information about the responsibilities and activities of the Audit Committee, see *Report of the Audit Committee* on page 19, *What is the Board's Role in the Oversight of Risk Management* on page 15 and the Audit Committee's charter.

The Compensation Committee Our Compensation Committee charter is available on the Investor Relations portion of our website (www.dickssportinggoods.com/investors). Because the Company is a controlled company under the NYSE's

Table of Contents**Corporate Governance (continued)**

Corporate Governance Standards, we are not currently required to have an independent compensation committee. However, the Board has determined that Messrs. Stone, Schorr and Weiss each qualify as independent under the current standards applicable to non-controlled companies under the NYSE's Corporate Governance Standards.

The Compensation Committee reviews compensation recommendations provided by our Chairman and Chief Executive Officer and Senior Vice President Human Resources and is ultimately responsible for reviewing and approving all components of executive compensation, other than the Chief Executive Officer's compensation (as discussed in *Compensation Discussion and Analysis* commencing on page 21 of this proxy statement).

The Compensation Committee is the administrator of the Company's stock and incentive compensation plans. The Compensation Committee approves all annual grants of equity and performance-based awards under the Company's stock and incentive compensation plans. The Compensation Committee has the authority under its charter to delegate certain of its duties, responsibilities and functions, and has delegated its authority to grant awards under the Company's stock and incentive compensation plans to non-executive officers in certain circumstances, such as new hires and promotions, to a subcommittee consisting of our Chairman and Chief Executive Officer, with recommendations from the Chief Financial Officer and Senior Vice President Human Resources, in compliance with the applicable authorizing resolutions and Delaware law.

The Compensation Committee has the discretion under its charter to retain (and terminate) any compensation consulting firm deemed by the Compensation Committee to be independent under the NYSE Corporate Governance Standards, at the Company's expense, for the purpose of assisting in the evaluation of director, executive officer or Chief Executive Officer compensation, including the authority to approve fee and retention terms. The Compensation Committee also has the authority to engage independent legal, accounting or other advisors, at the Company's expense, as it deems necessary or appropriate.

For more information on the responsibilities and activities of the Compensation Committee, including the committee's processes for determining executive compensation, see *Compensation Committee Report* on page 21, *The Compensation Decision-Making Process* on page 25 and the Compensation Committee's charter.

The Governance and Nominating Committee Our Governance and Nominating Committee charter is available on the Investor Relations portion of our website (www.dickssportinggoods.com/investors). On March 18, 2014, the Governance and Nominating Committee recommended to the Board of Directors (with Mr. Schorr abstaining as to himself) that Ms. Fouse and Messrs. Schorr and Stack stand for re-election as Class C Directors at the Company's 2014 annual meeting of stockholders. Because the Company is a controlled company under the NYSE's Corporate Governance Standards, we are not required to have an independent nominating committee. However, the Board has determined that Messrs. Schorr, Stone and Weiss each qualify as independent under the current standards applicable to non-controlled companies under the NYSE's Corporate Governance Standards. For more information on the responsibilities and activities of the Governance and Nominating Committee, see *How Does The Board Select Its Nominees for Director?* on page 15 and the Governance and Nominating Committee's Charter.

HOW IS OUR BOARD LEADERSHIP STRUCTURED?

The roles of Chairman of the Board and Chief Executive Officer of the Company are currently held by the same person, Edward W. Stack. In addition to serving in those roles, Mr. Stack holds a majority of the voting power of our capital stock, and has been operating the Company since 1984. The Board believes that Mr. Stack's service as both Chairman of the Board and Chief Executive Officer is in the best interest of the Company and its stockholders. Mr. Stack possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its business and thus is best positioned to develop agendas that ensure the Board's time and attention are focused on the most critical matters. His combined role enables decisive leadership, ensures clear accountability and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's stockholders, employees, customers and vendors, particularly during times of turbulent economic and industry conditions. Each of the directors other than Messrs. Stack and Colombo is independent, and the Board believes that the independent directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of Board meetings, the independent directors conduct regular executive sessions.

14 **Dick's Sporting Goods, Inc.** Proxy Statement and Notice of 2014 Annual Meeting of Stockholders

Table of Contents**Corporate Governance (continued)**

To further strengthen the governance structure, the Company also maintains a presiding non-employee director, or lead director, position. On March 19, 2014, the Board appointed Mr. Schorr to act as the Board's presiding non-management director for a one-year term. Mr. Schorr provides leadership and direction to the Company's independent directors and presides over executive sessions of the Board. In March 2014, the Governance Committee articulated additional responsibilities for the lead director, including consulting with Chairman on Board and Committee agendas, approving the retention of outside advisors and consultants who report directly to the Board on critical issues, participating with the Governance and Nominating Committee in reviewing director candidates and evaluating the Chairman and Chief Executive Officer's performance and the Board's performance.

The Board believes that our current structure is particularly favorable to the Company due to the unique qualities and attributes possessed by Mr. Stack. In the event that he should no longer be able to serve as Chairman and Chief Executive Officer of the Company, other leadership models, such as a separate independent chairman of the Board, may be appropriate. As such, one responsibility of the Board is to take all necessary steps to ensure that an effective succession process exists to provide continuity of leadership over the long term, both in the position of Chief Executive Officer and Chairman of the Board, as well as other management positions in the Company.

The Company has developed, through discussions of the Board, a succession process for the position of Chief Executive Officer, both as a long-term measure as well as in an emergency situation. The Board, along with management, also conducts annual reviews and discussions as it relates to the identification of successors in all key executive positions. This process ensures continuity of leadership over the long term, and it forms the basis for which we determine future managerial hiring decisions. Our succession planning is a key factor in managing the long-term planning and investment lead times of our business.

WHAT IS THE BOARD'S ROLE IN THE OVERSIGHT OF RISK MANAGEMENT?

The Board as a whole has responsibility for risk management oversight, although certain categories of risk may be allocated to a particular committee of the Board for review based on its areas of expertise. The committee will then report to the full Board as needed. For example, the Compensation Committee evaluates risk as it relates to the structure of the Company's compensation practices and philosophy, while the Audit Committee evaluates overall enterprise risk and compliance. Company management is charged with the tasks of: adequately identifying material risks that the Company faces in a timely manner; implementing management strategies that are responsive to the Company's risk profile and specific material risk exposures; evaluating risk and risk management with respect to business decision-making throughout the Company; and efficiently and promptly transmitting relevant risk-related information to the Board or appropriate committee, so as to enable them to conduct appropriate risk management oversight. The Company's Chief Compliance Officer reports to the General Counsel and also reports regularly (at least 3 times in fiscal 2013) to the Audit Committee. Furthermore, the Audit Committee receives regular reports on the Company's information security measures and the Information Security department (at least 3 times in fiscal 2013). Finally, the Internal Audit Department partners with our external auditors and our Compliance Department to assess controls and procedures and implementation compliance policies. The primary areas for which the Board and its committees provide risk management oversight include competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, compliance, regulatory and reputational risks. The Chief Financial Officer, with participation from the General Counsel and the Chief Compliance Officer, reports on enterprise risk management to the Board at least once a year.

HOW DOES THE BOARD SELECT ITS NOMINEES FOR DIRECTOR?

The Governance and Nominating Committee considers candidates for Board membership suggested by its members, other Board members and management, and will, if warranted, utilize a third-party search firm to assist in finding prospective candidates. In addition, the Governance and Nominating Committee will consider director candidates referred by our stockholders, including for election at the 2015 annual meeting, if such nominees are submitted in accordance with the procedures set forth in *Additional Information - Advance Notice Procedures* on page 47 of this proxy statement.

Table of Contents**Corporate Governance (continued)**

The Governance and Nominating Committee, at the direction of the Committee Chair, makes an initial determination as to whether to conduct a full evaluation of a prospective candidate. This initial determination is based on whatever information is provided to the Governance and Nominating Committee with the prospective candidate's recommendation, as well as the Governance and Nominating Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or to expand the size of the Board, and the likelihood that the prospective nominee will satisfy the evaluation factors described below. If the Governance and Nominating Committee determines, in consultation with the lead director and other Board members as appropriate, that additional consideration is warranted, it may request that additional information be gathered about the prospective nominee's background and experience and a report be prepared, and may utilize a third-party search firm to assist in such a process. The Governance and Nominating Committee then would evaluate the prospective nominee against the standards and qualifications set out in the Company's Corporate Governance Guidelines, including independence, accountability, integrity, relevant areas of experience, sound judgment in areas relevant to the Company's businesses, diversity of experience and willingness to commit sufficient time to the Board, all in the context of an assessment of the perceived needs of the Board at that point in time. The Company does not maintain a separate policy regarding the diversity of its Board members. However, the Governance and Nominating Committee Charter and our Corporate Governance Guidelines encourage the Governance and Nominating Committee and the Board to consider individuals with diverse and varied backgrounds and professional and other experiences. The Governance and Nominating Committee will also measure candidates against the criteria it believes appropriate for Board membership, including skills and attributes that reflect the values of the Company, which criteria are reviewed with the Board on an annual basis.

The Governance and Nominating Committee will also consider such other factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. Depending on the needs of the Company at the time, the prospective nominees and such other factors as the Governance and Nominating Committee deems in its business judgment to be relevant, the Governance and Nominating Committee will take such other steps as are necessary to evaluate the prospective nominee, including, input from our Chairman and Chief Executive Officer, and if warranted, one or more Governance and Nominating Committee or Board members interviewing the prospective nominee. After completing this evaluation and other steps of the process, the Governance and Nominating Committee would make a recommendation to the full Board as to the persons who should be nominated by the Board. The Board then determines the nominees after considering the recommendation and report of the Governance and Nominating Committee.

DOES THE COMPANY HAVE A CODE OF ETHICS?

HOW DO STOCKHOLDERS COMMUNICATE WITH THE BOARD?

Stockholders and other parties interested in communicating directly with the Board, the presiding non-management director or the non-management directors as a group may do so by writing to the Board of Directors or presiding non-management director (as the case may be), c/o General Counsel, Dick's Sporting Goods, Inc., 345 Court Street, Coraopolis, PA 15108 or sending an e-mail to the Legal Department's attention at investors@dcs.com. opinion of the General Counsel, is intended for the presiding non-management director or the non-management directors as a group or that otherwise requires their attention. Directors may at any time review a log of all correspondence received by the Company that is addressed to members of the Board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of the Company's internal audit department and handled in accordance with procedures established by the Audit Committee with respect to such matters.

HOW DOES THE BOARD DETERMINE WHICH DIRECTORS ARE CONSIDERED INDEPENDENT?

On December 4, 2003, the Board adopted its Corporate Governance Guidelines, which meet the listing standards adopted by the NYSE for controlled companies, and are available on the Investor Relations portion of our website (www.dickssportinggoods.com/investors). Pursuant to our Corporate Governance Guidelines, the Board undertook its annual review of existing director and director nominee independence on March 19, 2014. During this review, the Board considered transactions and relationships between each current director or nominee for director with the Company (either directly or as a partner, stockholder or officer of any organization that has a relationship with the Company), including the relationship between the Company and Warnaco Group Inc., one of our vendors, which was acquired during fiscal 2013 by PVH Corp., for which Mr. Chirico serves as Chairman and Chief Executive Officer, and the relationship between the Company and OpenText Corporation, one of our technology service providers, for which Mr. Barrenechea serves as President and Chief Executive Officer. As provided in the Corporate Governance Guidelines, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director or nominee for director is independent in accordance with independence requirements implemented by the NYSE.

As a result of the annual review process, the Board affirmatively determined that Messrs. Barrenechea, Byrd, Chirico, Stone and Weiss are, and that Ms. Fouse and Mr. Schorr if re-elected would continue to be, independent directors, in accordance with the standards set forth in our Corporate Governance Guidelines and in accordance with independence requirements implemented by the NYSE.

WHAT IS OUR POLICY ON ANNUAL MEETING ATTENDANCE?

The Board's official policy with respect to attendance at the Company's annual meeting of stockholders by members of the Board is that the Board strongly encourages its members to attend the annual meeting of stockholders. The Company currently expects that most of its directors will attend the 2014 annual meeting. All of the then-current members of the Board were in attendance at last year's annual meeting, with the exception of Mr. Rossi, who retired from the Board as of last year's annual meeting date.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee currently consists of Messrs. Schorr, Stone and Weiss. None of Mr. Schorr, Mr. Stone, or Mr. Weiss has ever been an officer or employee of ours or any of our subsidiaries. None of our executive officers serves or has served as a member of the board of directors, compensation committee or other board committee performing equivalent functions of any entity that has one or more executive officers serving as one of our directors or on the Compensation Committee.

CERTAIN RELATIONSHIPS AND TRANSACTIONS WITH RELATED PERSONS

In July 2013, we entered into an Aircraft Purchase Agreement with SP Aviation LLC, an entity owned 50% by Edward W. Stack, our Chairman, Chief Executive Officer and controlling stockholder, pursuant to which SP Aviation purchased a G200 Gulfstream aircraft from the Company for \$11,000,000. In reviewing this transaction, the Audit Committee considered independent appraisal reports on the value of the aircraft, previous steps taken by the Company to market the aircraft for sale and other third-party offers that the Company received for the aircraft.

In 2013, South Hills Landscaping & Excavating, Inc. (South Hills) provided all-seasons landscaping services with respect to the Company's headquarters location, for which we paid \$465,399. South Hills is owned by Mr. Stack's brother-in-law. We engaged South Hills in the ordinary course of business and on terms comparable to those offered by non-related third parties.

We lease two locations from Stack Associates, LLC, a New York limited liability company established by the estate of Richard Dick Stack, our founder and Mr. Stack's father. Our total monthly lease payments for the two locations is \$20,000. We paid \$240,000 under these leases in fiscal 2013. The amount paid per square foot under these leases is comparable to the amounts we agreed to pay to unaffiliated third parties for other leases that were entered into around the same time period.

On December 19, 2011, we entered into an Aircraft Charter Agreement with Corporate Air, pursuant to which we have the ability to charter for business use an aircraft owned by EWS II, LLC, an entity owned by Mr. Stack. Corporate Air has a lease agreement with EWS II, LLC under which Corporate Air operates and maintains this aircraft, hires pilots and other staff for flight operations and also may act to charter this aircraft for use by third parties. During the term of the Charter Agreement, which ends on December 31, 2016, we have the right to use the aircraft on a flight available basis for 300 hours per year for travel purposes. Under the Charter Agreement, we pay Corporate Air a rental fee of \$206,000 per month for the first year, which was adjusted to \$212,180 per month starting in January 2014. The monthly fee is adjusted on a yearly basis to provide an increase of not less than 3% nor more than 5% over the prior year, with the actual percentage increase based on year-over-year increases in the consumer price index. Under the Charter Agreement, we also pay an hourly charter rate of \$3,500 per block hour of actual usage, which is subject to a fuel surcharge adjustment. During fiscal 2013, we paid Corporate Air \$3,285,902 under the Charter Agreement. The Charter Agreement may be terminated under certain conditions as set forth in the Charter Agreement and terminates automatically if Corporate Air no longer has the right to operate the aircraft under its lease with EWS II, LLC.

In December 2009, we entered into an assignment agreement with EWS, LLC, an entity owned by Mr. Stack, and Gulfstream Aerospace Corporation (Gulfstream), pursuant to which we acquired purchase and outfitting rights to a Gulfstream aircraft, for which EWS, LLC had previously made deposits. Upon assignment of the purchase agreement to us, EWS, LLC received reimbursement of all of its deposits from Gulfstream. The Company made installment payments to Gulfstream as required under the purchase agreement. The transaction was completed and the Company accepted delivery of the aircraft in September 2013 for an aggregate purchase price of \$59.8 million.

The Company employs Tim Myers, Mr. Stack's brother-in-law, in a director-level position. Mr. Myers was paid an aggregate salary and bonus of \$183,576 for his services during fiscal 2013.

The Audit Committee reviewed and approved or ratified the transactions set forth above that occurred prior to March of 2007 in accordance with the terms of its committee charter. Since March 2007, the Audit Committee's review and ratification, approval or disapproval of transactions required to be reported under Item 404 of the SEC's Regulation S-K have been conducted in accordance with the terms of the Company's Related Party Policy & Procedures, which covers our directors, director nominees, executive officers, and immediate family members of our directors, director nominees and executive officers, and also may apply to outside third parties in which any of these persons owns more than 10% of the equity, serves as an officer or equivalent or, in the case of directors, director nominees or immediate family members, is employed. Such third party transactions are initially reviewed by our Legal Department to determine if they fall within the scope of our Related Party Policy & Procedures.

Transactions (or series of related transactions) that would generally fall within the scope of our Related Party Policy & Procedures include those in which the amount exceeds \$120,000 per year, other than compensation between a person covered by the policy and the Company (and its subsidiaries). Any new transaction and any amendment to a transaction that falls within the scope of the policy is required to be reviewed and approved, ratified or disapproved by the Audit Committee. Any potential related party transactions that are not reviewed by the Audit Committee must be reviewed by the full Board or another committee thereof, in accordance with the terms of the Related Party Policy & Procedures. Information regarding potential related party transactions is obtained through self-reporting, as well as through submission of annual director and executive officer questionnaires and the Company's disclosure controls and procedures.

The Company's independent registered public accounting firm, Deloitte & Touche LLP (sometimes referred to as D&T), is responsible for performing an independent audit of the financial statements in accordance with the standards of the Public Company Accounting Oversight Board and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles.

In fulfilling its oversight responsibilities for fiscal year 2013, the Audit Committee reviewed and discussed with both Company management and the Company's independent auditors all annual financial statements and quarterly operating results released in fiscal year 2013 prior to their issuance. The Audit Committee also received the written disclosures and letter from D&T, required by applicable requirements of the Public Company Accounting Oversight Board regarding D&T's communications with the Audit Committee concerning independence, and had discussions with D&T regarding its independence. The Audit Committee also received, reviewed and discussed with D&T the report required by section 10A(k) of the Exchange Act.

Based on the reviews, discussions and disclosures referred to above, the undersigned Audit Committee members recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements for the fiscal year ended February 1, 2014 in the Company's Annual Report on Form 10-K for such fiscal year.

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

Our compensation programs are structured to align executive rewards with shareholder value creation. They are designed to attract, retain, and motivate our executive management team to provide a framework that delivers strong financial results and shareholder returns over the long term. We attain this alignment with shareholders through a pay for performance philosophy in which variable compensation represents a considerable portion of an executive officer's potential compensation, a balance of short and long-term performance metrics, and sound governance.

The Company delivered the following operating results in fiscal 2013:

Net sales for the 52 weeks ended February 1, 2014 increased 6.5% from last year's 53 week period, or a 7.8% increase on a 52-week to 52-week basis⁽¹⁾

Earnings per diluted share of \$2.69, an increase of 6% from last year's non-GAAP earnings per diluted share⁽¹⁾⁽²⁾

Expansion of the Company's omni-channel network, growing 65% to over \$480 million in eCommerce sales

\$255.6 million in stock repurchases, in addition to a \$0.50 dividend per share during calendar 2013

(1) Fiscal 2013 was a 52-week fiscal year, compared to fiscal 2012, a 53-week fiscal year. See Appendix A for further information.

(2) See Appendix A for Regulation G reconciliations of GAAP to non-GAAP measures.

Table of Contents**Executive Compensation (continued)**

We have also delivered sustained revenue and earnings per share growth year-over-year. Our one-year, three-year and five-year total shareholder return, in comparison to our compensation peer group, which is described further below, is as follows:

Total Annualized Shareholder Return			
	1 year	3 year	5 year
Peer Group			
25 th Percentile	3.0%	10.1%	18.2%
50 th Percentile	13.8%	21.4%	29.6%
75 th Percentile	28.4%	28.0%	42.6%
Dick's Sporting Goods	10.7%	16.5%	38.7%
Dick's Sporting Goods Percentile Ranking	41.1%	35.2%	70.5%

Source: FactSet. Reflects the annualized compound total return, with dividends reinvested on the ex-date, based on stock prices and dividend values as of January 31, 2014.

Based on these performance results, we believe that the compensation of our named executive officers is appropriate and competitive with our compensation peer group.

In January 2013, the Compensation Committee approved Stock Ownership Guidelines for our directors and executive officers. We believe the guidelines further reinforce director and executive alignment with the interests of our stockholders. The requirements are detailed on page 33 of this proxy statement and require a minimum level of share ownership, which is expressed as a multiple of base salary for executive officers and as a fixed value for directors.

In March 2013, the Company introduced a five-year long-term incentive program (the 2013 LTIP) to further incentivize our executive team to drive Company performance toward the achievement of our five-year strategic plan. The 2013 LTIP is a five-year plan that provides for a one-time grant of performance-based restricted stock that vests based on the achievement of certain pre-established financial performance metrics at the end of the five-year performance period. The performance metrics for the 2013 LTIP consist of total revenue and operating margin goals. The 2013 LTIP was intended to serve as incremental compensation, and is not a program with annual grants. Instead, the 2013 LTIP is a one-time grant for awards that vest based on a five-year performance period.

In the following pages we discuss how our Chief Executive Officer, Chief Financial Officer and other three (3) highest paid executive officers for fiscal 2013 (our named executive officers or NEOs) were compensated in fiscal 2013, and describe how their compensation fits within our executive compensation philosophy.

OVERVIEW

The Company's compensation objectives and philosophy are grounded in our overall mission which is to be recognized by our customers as the #1 sports and fitness specialty omni-channel retailer that serves and inspires athletes and outdoor enthusiasts to achieve their personal best through the relentless improvement of everything we do. To achieve that goal, we believe we need to continue to grow our business in a disciplined way. We have designed our executive compensation program to support our disciplined growth, by basing executive compensation on a combination of both short-term and long-term awards that reward the achievement of specific performance metrics that we feel measure and reward sustainable improvement, but also continue to support our current risk management strategy.

Our incentive-based programs include both short-term and longer-term performance incentive awards that measure the Company's performance from a financial, operational and strategic perspective across several performance metrics. For example, as discussed further below, our 2013

Edgar Filing: DICKS SPORTING GOODS INC - Form DEF 14A

short-term incentive program and our 2013 LTIP included performance metrics based on Consolidated EBT, operating margin and Consolidated Sales.

Executive Compensation (continued)

Our time-vested equity program provides for the balanced issuance of both stock options that vest on a four-year graded basis and restricted stock that cliff vests after three years. The inclusion of restricted stock and stock options shifts the emphasis from short-term to longer-term results and decisions and helps to maintain a strong focus on long-term improvement.

The combination of our performance-based programs and our time-vested equity program creates an overall compensation program design that rewards the achievement of financial, operational and strategic goals over one-, three-, four- and five-year measurement periods. The Compensation Committee believes that this overall compensation program design creates balanced incentives for our named executive officers that encourages and incentivizes them to grow the Company in a disciplined, focused manner with a view towards long-term success. Accordingly, we believe using both short-term and long-term measurement periods mitigates the risk of seeking short-term gain at the expense of long-term success. Overall, our compensation program design is intended to attract and retain executive leaders who are results oriented, financially astute and focused on continuous performance improvement.

PAY MIX ALLOCATION

A considerable portion of compensation for our named executive officers is considered to be pay-at-risk based on the relative proportion of fixed compensation to equity and performance-based compensation. This helps us ensure that our executive compensation program is fundamentally aligned with the Company's performance. The charts below illustrate the 2013 allocation of base salary, short-term performance-based incentive awards and long-term incentive awards, comprised of stock options and both time-based and performance-based restricted stock.

Performance stock granted as part of our five-year long-term incentive plan, which is referred to as the 2013 LTIP and described further on page 31, is not included in the chart above. The 2013 LTIP was intended as an incremental compensation program in fiscal 2013 to tie performance to specific strategic initiatives, and performance stock is not granted annually. Furthermore, the performance goals set forth in the 2013 LTIP include stretch goals, and their direct compensatory value cannot be anticipated at this time. For these reasons, we have not included those performance stock awards in the chart above. Furthermore, Other NEO Pay Allocation excludes our current Executive Vice President- Finance, Administration and Chief Financial Officer, André Hawaux, who joined that role mid-fiscal 2013; as a result, neither Mr. Hawaux, nor his predecessor, Timothy Kullman, received all elements of the annual executive compensation package.

Table of Contents**Executive Compensation (continued)**

The chart below sets forth the purpose of each compensation component.

Pay Component	Purpose
Base Salary	Provide reasonable and market-competitive fixed pay reflective of an executive's role, responsibilities and individual performance.
Short-term Incentive Program	One-year program designed to encourage achievement of above-target financial metrics, focus efforts on continuous short-term improvement and align cross-functional objectives through the use of commonly utilized Company-wide financial metrics (e.g., earnings).
Long-term Equity Incentives	Drive behaviors that lead to long-term growth and financial success, ensure balance between short- and long-term performance focus, align executive and stockholder interests, retain key executive talent and provide executive ownership opportunities, with awards vesting over three-, four- and five- year periods.
Retirement Benefits	Provide tax-deferred retirement savings opportunities and financial protection.

COMPENSATION GOVERNANCE

We strive to align the Company's executive compensation program with the interests of the Company and its stockholders and we implement strong corporate governance in our executive compensation program to achieve this result. The chart below highlights certain pay practices that we utilize and those that we avoid, so as to maintain discipline in our executive compensation program.

Pay Practices We Utilize	
EBT Gate	Minimum Consolidated Earnings Before Income Taxes, adjusted for non-recurring items (Consolidated EBT) must be achieved before any performance-based incentives are paid to named executive officers. This ensures that a level of stockholder value is generated before performance-based incentive compensation is paid to our named executive officers. See pages 28 to 30 for further information.
Multiple Performance Targets	Our short-term and certain of our long-term performance-based programs are based on a combination of Consolidated Sales and Consolidated EBT or operating margin. See pages 28 to 31 for further information.
Stock Ownership Guidelines	We have adopted stock ownership guidelines to ensure that our executive officers and directors are financially invested in the Company alongside our stockholders, as further detailed on page 33 of this proxy statement.
Short Selling and Anti-Hedging Policy	Our executive officers and directors are strictly prohibited from engaging in short selling and put, call, or other derivative transactions in our common stock. Furthermore, our executive officers and directors are strongly discouraged from engaging in hedging and other monetization transactions, and are required to seek approval from our General Counsel before engaging in such transactions.
Limited Perquisites	We only provide limited perquisites. Executive officers and directors are required to reimburse the Company for personal use of the Company's aircraft. See our <i>Summary Compensation Table</i> on page 34 for further information.

Table of Contents**Executive Compensation (continued)**

Pay Practices We Avoid	
No Employment Contracts	The Company has no employment contracts in place with any of its executive officers.
No Change in Control Agreements	The Company has not entered into any change in control agreements with any of its executive officers. The Company pays very limited severance in connection with non-competition agreements entered into with a broad base of employees, including our executive officers. See pages 41 to 45 for further information.
No Accelerated Vesting	In general, our equity compensation plans do not provide for automatic acceleration of vesting of awards in the event of a change-in-control. Our one-time grant pursuant to the 2013 LTIP provides for accelerated, pro-rated vesting dependent on the attainment of performance targets in the event of a change-in-control. See pages 41 to 45 for further information.

In addition to maintaining discipline in our executive compensation program, we believe these pay practices create an overall compensation program that is designed to motivate and reward our employees and executive officers for their performance on a short-term and long-term basis and for taking appropriate business risks. These pay practices mitigate excessive or unnecessary risk taking, and the level of risk taking that they do encourage is not reasonably likely to have a material adverse effect on the Company.

SAY-ON-PAY VOTE RESULTS

We held an advisory vote at the 2013 annual meeting of stockholders asking our stockholders to approve, on a non-binding advisory basis, the compensation paid to our named executive officers. The Compensation Committee has determined that the Company should hold this vote every year. The Company received over 95% approval of the compensation paid to our named executive officers with respect to fiscal 2012. Because the Company is a controlled company in which our Chairman and Chief Executive Officer controls 60.88% of the combined voting power of our common stock and our Class B Common Stock, the Compensation Committee also reviewed the voting results from the Company's unaffiliated holders of the Company's common stock. The Company received over 90% approval from unaffiliated holders of the Company's common stock. The Compensation Committee viewed this vote as supportive of the Company's overall executive compensation design as one that pays for performance. Given the positive response, the Compensation Committee determined not to make any material design changes to its executive compensation program for fiscal 2013 from fiscal 2012.

THE COMPENSATION DECISION-MAKING PROCESS

Compensation of the Executive Officers, other than the Chief Executive Officer The participants in the compensation decision-making process for named executive officers, other than the Chief Executive Officer, consist of our Chairman and Chief Executive Officer, our SVP Human Resources and the Compensation Committee. Our Chairman and Chief Executive Officer controls 60.88% of the combined voting power of our common stock and Class B common stock. He has been operating the Company since 1984 and has led the Company through its sustained growth for over 25 years. He also plays a substantial role in the development of our executive compensation program and the determination of compensation for our executive officers. Our SVP Human Resources works with our Chairman and Chief Executive Officer to develop recommendations on all components of an executive officer's compensation, including recommending levels and performance targets for short-term and long-term incentive awards and discretionary matching contributions to the Company's retirement programs. Recommendations are based on the Company's historical performance, the Company's financial, operational and strategic goals, benchmarking information provided by management's compensation consultant, the Company's talent needs and individual performance. Our Chairman and Chief Executive Officer makes the final determination on whether new and/or revised compensation programs will be presented to the Compensation Committee.

The Compensation Committee reviews the Chairman and Chief Executive Officer's recommendations with him and our SVP Human Resources. The Compensation Committee is ultimately responsible for reviewing and approving all components of

Table of Contents**Executive Compensation (continued)**

executive compensation, other than the Chief Executive Officer's compensation (discussed further below), as well as for approving performance targets for our short-term and long-term incentive programs and determining whether performance targets have been met. The Compensation Committee also reviews all new and/or revised executive compensation programs. The Compensation Committee has delegated certain non-executive compensation matters to a subcommittee consisting of members of management. The subcommittee does not have authority to make determinations with respect to executive compensation.

Compensation of the Chief Executive Officer Participants in the compensation decision-making process for the Chief Executive Officer consists of our SVP Human Resources, the Compensation Committee and the Board. Our SVP Human Resources works with management's compensation consultant to develop and review benchmarking information. Based on this benchmarking information, along with input from our Chairman and Chief Executive Officer, she recommends compensation for the Chief Executive Officer to the Compensation Committee. The Compensation Committee reviews the Company's performance against performance targets for incentive compensation awards, the Company's overall financial performance and the Chief Executive Officer's overall performance. Based on such review, the Compensation Committee recommends to the Board the Chief Executive Officer's compensation, approves performance targets under our short-term and long-term incentive programs for the Chief Executive Officer and determines whether such performance targets have been met. All components of the Chief Executive Officer's compensation, including base salary, short-term incentive, long-term incentive and other equity awards, are reviewed by the Compensation Committee, and are ultimately approved by the Board of Directors, excluding the Chief Executive Officer.

Role of Management's Compensation Consultant Management retains Hay Group, Inc., a nationally known consulting company with a strong emphasis in the retail sector (Hay Group), as its compensation consultant to provide market data, benchmarking research, survey information and peer group advice relating to executive compensation. As discussed elsewhere in this proxy statement, management has separately engaged Towers Watson to provide consulting services relating to director compensation. Hay Group works directly with our human resources team, including our SVP Human Resources. Hay Group also provides periodic market analysis and other non-executive compensation consulting services to Company management. Hay Group's benchmarking research for executive compensation is provided by management to the Compensation Committee. Hay Group does not meet with, or otherwise provide advice or consulting services to, our Compensation Committee.

Benchmarking Executive Compensation In general, the Compensation Committee has benchmarked base salary and time-vested equity awards for named executive officers to retail market median, with a willingness to pay above market median for executives who have critical skills in key operational areas for the Company or for outstanding performance against key financial metrics. Company management has historically engaged Hay Group to review, analyze and make recommendations with respect to our named executive officer compensation, both as to individual components as well as the comprehensive package. Each fiscal 2013 pay component utilized by the Company was analyzed using the Hay Group 2012 Retail Industry Total Remuneration Report (referred to as the Hay Retail Survey), which includes 129 companies and provides data by job title (controlling for differences in responsibility and revenue).

In 2013, management engaged Hay Group to conduct a review of the direct compensation components paid to our named executive officers against a benchmark retail group, with a focus on base pay, annual performance incentive pay and stock-based compensation. This benchmark retail group (referred to as the Retail Peer Group) was selected, with the approval of the Compensation Committee, from publicly-held specialty retailers, retailers with annual revenues between one-half and two times the Company's annual revenue, medium to large box retailers (i.e. average store size of 15,000 square feet or greater), retailers with comparable financial metrics (i.e., that consider both short and longer-term performance such as market capitalization, sales, return on invested capital and total shareholder return), and companies with which we compete for executive talent. The Retail Peer Group is reviewed periodically by the Compensation Committee and may change from time to time based on each component retailer's continued relevance to the Company's current or future business model, as well as the competitive environment for executive talent.

COMPONENTS OF COMPENSATION

Total compensation includes base salary, short-term incentive awards, long-term equity incentive awards (stock options, time-vesting restricted stock awards, performance-based restricted stock awards), and additional employee benefits.

Base Salary Base salary is benchmarked by the Compensation Committee at the retail market median, with a willingness to pay up to the 75th percentile to help attract and retain executives who have critical skills in key operational areas for the Company and to retain executives who have delivered sustained superior performance for the Company. The Compensation Committee examines base salary in conjunction with data provided by the Hay Retail Survey and against the Retail Peer Group to help guide it in determining base salary increases. For fiscal 2013, the Compensation Committee considered the Company's overall performance against the retail industry generally, each named executive officer's individual performance and total pay position within the retail industry, as well as the proposed pay mix (including the actual performance incentive payout and long-term equity grant value) to determine 2013 base salaries. The base salaries paid to our named executive officers for fiscal 2011, 2012 and 2013 are set forth in the *Summary Compensation Table* located on page 34 of this proxy statement.

The table set forth below shows the fiscal 2012 and fiscal 2013 base salary amounts paid to our named executive officers, and how those salaries rank as compared to the Hay Retail Survey and the Retail Peer Group.

Figures show base salary as set by the Compensation Committee, which is determined in March of each year and becomes effective in April of that year. Base salary shown in the Summary Compensation Table reflects actual salary paid to each named executive officer during the noted fiscal year, which represents salary paid at the prior year's base salary rate from the beginning of the noted fiscal year to the effective date of the base salary increase and salary paid at the increased base salary rate from the effective date to the end of the noted fiscal year.

Short-Term Incentive Awards The Company looks at a combination of earnings and sales goals to determine whether short-term incentive awards will be paid. The awards are paid annually in cash. Historically, payment under the Company's short-term incentive program for named executive officers had been based primarily on achievement of a pre-determined level of Consolidated EBT, which is the Company's earnings before income taxes, adjusted for non-recurring items.

The 2013 annual performance incentive components and targets were established by the Compensation Committee with a goal of building on the momentum gained from the Company's positive performance against our multiple financial and strategic initiatives in the prior year, and continuing the focus on and drive sustained profitable growth.

The following table sets forth the specific threshold, target and maximum amount, as a percentage of base salary, potentially payable to our named executive officers under the Company's fiscal 2013 annual performance incentive program:

Position	Potential Payment Amounts		
	(as a Percentage of Base Salary)		
	Threshold	Target	Maximum
Chairman & Chief Executive Officer	90%	200%	400%
Executive Vice President Finance, Administration and Chief Financial Officer	60%	75%	150%
President and Chief Operating Officer	80%	100%	200%
Executive Vice President Global Merchandising	60%	75%	150%
Executive Vice President Inventory, Supply Chain & eCommerce ⁽¹⁾	60%	75%	150%

⁽¹⁾ Michele B. Willoughby was promoted to Executive Vice President Inventory, Supply Chain & eCommerce in August 2013. Accordingly, her incentive opportunity increased to a target of 75% from her position as Senior Vice President, eCommerce with a target of 50%.

The determination of the annual performance incentive award is based on achievement of two separate components: (1) Consolidated EBT and (2) Consolidated Sales, each set at threshold, target and maximum levels. The threshold level of Consolidated EBT also acts as a gating criterion, such that if threshold Consolidated EBT was not achieved, then no performance incentive amounts would be paid, regardless of any other targets achieved. The Compensation Committee is permitted to exercise negative discretion with respect to the incentive amount paid to any named executive officer, regardless of the level of the Company's achievement of Consolidated EBT and Consolidated Sales. The Compensation Committee did not exercise negative discretion with respect to fiscal 2013 incentive awards.

The two components of the fiscal 2013 annual performance incentive program were weighted as follows: 80% towards Consolidated EBT and 20% towards Consolidated Sales.

Consolidated EBT is the first and principal component of the 2013 annual performance incentive program. Eighty percent of each named executive officer's 2013 performance incentive award was calculated based on Consolidated EBT achieved during the fiscal year relative to the pre-determined levels of threshold, target and maximum Consolidated EBT. The maximum level of the Consolidated EBT target acts as a cap on the amount of bonus that the executive could earn. The threshold, target and maximum Consolidated EBT targets correlate with the three levels of bonus expressed as a specified percentage of the named executive officer's base salary.

The Company uses interpolation between the threshold, target and maximum Consolidated EBT targets and the corresponding base salary percentage to determine the specific amount of the payout for each named executive officer with respect to the achievement of the Consolidated EBT goal between the various levels.

Table of Contents**Executive Compensation (continued)**

Consolidated Sales comprised the second component of the 2013 annual performance incentive program. Twenty percent (20%) of each named executive officer's 2013 performance incentive award was calculated based on achievement of the goal.

As with the Consolidated EBT component, the Company uses interpolation to determine the specific amount of the payout for each named executive officer with respect to the achievement of Consolidated Sales between the various levels.

2013 Performance Target	Threshold	Target	Maximum
Consolidated EBT	\$ 536,300,000	\$ 595,900,000	\$ 637,600,000
Consolidated Sales	\$ 6,090,000,000	\$ 6,278,450,000	\$ 6,404,000,000
Potential Payout Amount Chairman & CEO	45%	100%	200%
Potential Payout Amount Other NEOs	80%	100%	200%

The Company's fiscal 2013 Consolidated EBT was \$549,645,479, taking into account adjustments for non-recurring and other similar items.

The Company's fiscal 2013 Consolidated Sales was \$6,213,173,004.

Eligible earnings represents non-variable compensation, or base salary, actually paid to the named executive officer during the fiscal year.

⁽¹⁾ Michele B. Willoughby was promoted to Executive Vice President Inventory, Supply Chain & eCommerce in August 2013. Accordingly, her incentive opportunity increased to a target of 75% from her position as Senior Vice President, eCommerce with a target of 50%.

Annual short-term incentive payments are paid for the most recently completed fiscal year (assuming performance levels have been met) as soon as administratively practical after the amounts are determined and the Compensation Committee has taken the actions required under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

Long-Term Incentive Awards Long-term equity compensation is a key element of our executive compensation program. It is used to drive behaviors that lead to long-term growth and financial success, ensure balance between short- and long-term performance focus, align executive and stockholder interests, retain key executive talent and create an association between individual pay and the long-term performance of the Company while building an ownership mentality among executives.

Edgar Filing: DICKS SPORTING GOODS INC - Form DEF 14A

Equity grants are generally made on an annual basis to specified categories of employees in amounts that take into account such factors as Company and individual performance, total stockholder return, share usage and stockholder dilution, as well as market competitiveness. In fiscal 2013, the value of the equity grants awarded to our named executive officers were generally between the 50th and 75th percentile of those companies included in the Hay Retail Survey and the Retail Peer Group.

30 **Dick's Sporting Goods, Inc.** Proxy Statement and Notice of 2014 Annual Meeting of Stockholders

Table of Contents**Executive Compensation (continued)**

The Company's annual grant of equity awards to our named executive officers, other than our Chairman and Chief Executive Officer, was split in 2013, with approximately 40% of the total grant value consisting of time-based restricted stock, and the remaining 60% awarded as a stock option. Our Chairman and Chief Executive Officer received approximately 70% of his total grant value in time-based restricted stock and 30% as a stock option. Our equity program provides for the balanced issuance of both stock options and restricted stock. Stock options have graded vesting, while restricted stock has cliff vesting. We believe that stock options with graded vesting align pay with performance on both an annual and long-term basis, while cliff vesting for restricted stock emphasizes retention coupled with long-term results. Special grants may also be authorized by the Compensation Committee for, among other things, new hires and promotions, exceptional performance or retention purposes. This also does not include grants pursuant to our 2013 LTIP, which consisted of performance-based restricted stock, as further described below.

The Company grants annual equity awards based on the desired value of the award, which is determined by considering the long-term performance equity market data included in the Hay Retail Survey and the practices of the Retail Peer Group. The Compensation Committee believes that a value-based approach ensures greater alignment and consistency with the external market and provides greater stability in managing equity expense.

Stock Options Stock options are generally granted on an annual basis to our executive officers, vest 25% per year over four years following the grant date, and have seven-year maximum terms.

Restricted Stock Restricted stock awards are generally granted on an annual basis to our executive officers, vest 100% on the third anniversary of the grant date, and remain subject to forfeiture if the recipient fails to remain actively employed through the vesting period. Holders of unvested restricted stock are entitled to voting and dividend rights; however, dividends are accumulated and held by the Company and are subject to forfeiture until the shares of restricted stock to which the dividends relate have vested.

Performance-Based Restricted Stock In addition to restricted stock grants that vest based on continued service, in March 2013 the Compensation Committee approved one-time grants of performance-based restricted stock under our 2013 LTIP. As discussed earlier, the 2013 LTIP is not an annual program but a one-time program for a stretch five-year period. The awards provided an additional long-term incentive opportunity to key executives to reinforce and reward the Company's successful achievement of its long-term strategic goals. The performance period for the performance-based restricted stock is a five-year period beginning on February 3, 2013 and ending on February 3, 2018. The total number of shares of performance stock that vest at the end of the performance period will be based on the attainment of threshold and target goals for the Company's revenue of \$10 billion and \$12 billion, respectively, and threshold and target goals for the Company's operating margin of 10.5% and 11.0%, respectively, as further shown below. There is an opportunity for earlier vesting if the pre-established target metrics are achieved at the end of any fiscal year within the performance period. Threshold performance on both metrics is required for any vesting to occur and all awards will be forfeited if threshold performance is not met on both metrics. Target performance on both metrics will result in full vesting. Holders of unvested performance-based restricted stock are entitled to voting and dividend rights; however, such dividends are accumulated and held by the Company and remain subject to forfeiture until the shares of restricted stock to which the dividends relate have vested.

Performance Goals	Threshold	Target
Operating Margin	10.5%	11%
Total Revenue	\$10 billion	\$12 billion

Goal Achievement Level	Total Revenue Threshold	Total Revenue Target
Operating Margin Target	75% vesting	100% vesting
Operating Margin Threshold	50% vesting	75% vesting

Each executive officer received an equal award of performance stock awards pursuant to the 2013 LTIP with a total value of \$1 million, based on the value of the Company's common stock on the grant date, other than Mr. Hawaux, who received a pro-rated award of approximately \$978,000 based on his start date.

Table of Contents**Executive Compensation (continued)**

Sign-On Bonus André J. Hawaux joined the Company as Executive Vice President Finance, Administration and Chief Financial Officer, effective June 17, 2013. Our Compensation Committee approved a one-time sign-on bonus of \$100,000 to Mr. Hawaux, which is subject to the terms of a one-year sign-on bonus repayment agreement. The Compensation Committee also approved an initial sign-on equity grant that consisted of (i) a stock option grant valued at \$1,000,000, which will vest at 25% per year each year starting on the first anniversary of the grant date; and (ii) a restricted stock grant valued at \$1,000,000, which will vest in its entirety on the third anniversary of the grant date.

Retirement and Other Benefits The Company's Smart Savings 401(k) Plan, established pursuant to Section 401(k) of the Code, covers all salaried employees (including named executive officers) and certain hourly employees. Under its terms, the Company may make an annual discretionary matching contribution, which typically has been paid out at 50% of the first 10% of the participant's deferral. Each of our named executive officer's contribution to his or her 401(k) account is capped at 3% of his or her base salary (net of any contributions to the Officer's Supplemental Savings Plan, the Company's non-qualified deferred contribution plan discussed below). The participant must be an active employee on December 31st of the plan year to receive any matching contribution for that year. Company contributions vest 20% per year of service and become fully vested when a participant attains five years of service. Thereafter, all Company contributions are fully vested. The Compensation Committee has delegated authority to a management subcommittee to approve the Company's annual matching contributions up to \$1.00 per dollar deferred up to the first 10% of the participant's deferral, including contributions to any named executive officers. Any Company contributions above that match level require approval from the Compensation Committee. The Compensation Committee is informed of any matches approved by the management subcommittee.

Officers' Supplemental Savings Plan The Dick's Sporting Goods Officers' Supplemental Savings Plan, referred to as the Officers' Plan, a voluntary nonqualified deferred compensation plan, became effective in April 2007. The Officers' Plan was implemented for the purpose of attracting high quality executives by providing a more robust retirement savings opportunity and by including a match provision, which we believe promotes in our key executives an increased interest in the successful operation of the Company. The Officers' Plan provides participants an opportunity to participate in a deferred contribution plan above the 401(k) plan, which caps the level of contributions that they can make. Certain key executives, including our named executive officers, are eligible to participate in the Officers' Plan. For information regarding the terms of the Officers' Plan, including matching amounts received by our named executive officers, see the *Nonqualified Deferred Compensation Table* and subsequent narrative description set forth on page 40 of this proxy statement.

Perquisites and Other Personal Benefits The Company does not view perquisites as a material component of its executive compensation program. With the exception of limited perquisites available to our Chairman and Chief Executive Officer and our President and Chief Operating Officer or special circumstances, our named executive officers do not receive personal benefits that are not otherwise widely available to employees. Our Chairman and Chief Executive Officer receives certain life insurance, professional fee and tax reimbursement perquisites, while both our Chairman and Chief Executive Officer and President and Chief Operating Officer receive vehicle allowances and country club perquisites. Additionally, the Company leases suites at certain sporting event venues for business purposes. Executive officers and employees may have the opportunity to use tickets at individual events if the suites are not being used for business purposes. There is no incremental cost to the Company for providing these individual tickets to employees. For a description of the perquisites and the attributed costs of these benefits, see our *Summary Compensation Table* on page 34 of this proxy statement.

Personal Use of Company Aircraft The Company does not permit named executive officers or directors to use the Company's aircraft for personal use unless our Chairman and Chief Executive Officer approves the personal use and the named executive officer or director reimburses the Company for the aggregate incremental cost of the flight. In limited instances where the named executive officer or director is not billed, any non-reimbursed travel will be considered income to the named executive officer or director and reported for income tax purposes and included as compensation in our *Summary Compensation Table* and *Director Compensation Table*. In fiscal 2013, there was no personal use of the Company's aircraft that was not reimbursed by our named executive officers or directors. The Compensation Committee annually reviews compliance with this policy.

Table of Contents**Executive Compensation (continued)**

Written Employment Arrangements We do not have employment agreements with our named executive officers. In some instances, in connection with the negotiation of new hires, we have entered into offer letters with our executive officers, which have provided them written assurances of additional elements of compensation as they join the Company. An offer letter of this nature was entered into with Mr. Hawaux in 2013.

Severance and Change in Control Agreements We do not have severance or change in control agreements with our named executive officers. We have a general severance policy that is applicable to a broad base of employees pursuant to which we pay severance equal to the greater of four (4) weeks of pay or one (1) week of pay for every year of employment with us. The Company may also, in its discretion, offer other arrangements to named executive officers or employees whose employment with the Company terminates.

STOCK OWNERSHIP GUIDELINES

The Compensation Committee adopted stock ownership guidelines to further align the interests of our executive officers and directors with the interests of our stockholders and to encourage long-term stock ownership. The guidelines apply for so long as the executive officer or director occupies such positions.

The stock ownership guidelines for named executive officers and directors are as follows:

Role	Value of Common Stock to be Owned
Chairman and Chief Executive Officer	6 times base salary
President and Chief Operating Officer	3 times base salary
Executive Vice Presidents	3 times base salary
Other Executive Officers	1 times base salary
Board of Directors	\$300,000 value

All shares of common stock, including time-based and performance-based restricted stock and stock underlying unvested and vested stock options, that are beneficially owned by the executive officer or director are counted towards the ownership requirement. Executive officers and directors have three years from the time they become subject to the guidelines to reach the ownership requirements, and compliance is reviewed every year based on the record date for the Company's annual meeting of stockholders. If an executive officer or director does not meet the ownership requirement within the time prescribed, he or she will be required to hold net shares obtained through stock option exercises or released in connection with the vesting of restricted stock until the ownership requirement is met. As of the record date for the 2014 annual meeting, all named executive officers and directors were in compliance with the stock ownership requirements.

TAX AND ACCOUNTING IMPLICATIONS

Section 162(m) of the Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the Company's Chief Executive Officer and the three (3) other most highly compensated executive officers (other than the Company's Chief Financial Officer) as of the end of any fiscal year. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. The Compensation Committee believes that it is generally in the Company's best interest to attempt to structure performance-based compensation, including stock option grants, short-term incentive awards and long-term incentive awards, to executive officers who may be subject to Section 162(m) in a manner that satisfies the statute's requirements. The Company has intended that all performance-based compensation paid in fiscal 2013 to our named executive officers, other than our Chief Financial Officer, will qualify for deduction under Section 162(m). The Compensation Committee retains flexibility to make compensation decisions that may not meet Section 162(m) standards when necessary to enable the Company to meet its overall objectives, even if the Company may not deduct all of the compensation.

A discussion of the relevant assumptions made in the valuation for 2013 may be found in Note 10 (Stock-Based Compensation and Employee Stock Plans) of the footnotes to the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended February 1, 2014.

The values included in the Stock Awards include shares of restricted stock that vest with the passage of time, as well as performance-based restricted stock granted under our 2013 LTIP. The values included for the performance-based restricted stock awards are based on the maximum number of shares that would vest if all of the underlying performance metrics were achieved. The performance period for these awards is a five-year period commencing with fiscal year 2013 and ending with fiscal year 2017. Based on performance, awards may not vest and be forfeited, or, if they vest, vest at a level between 50% - 100% based on level of performance achieved. For a discussion of the terms of these awards and the restricted stock and stock option awards granted to our named executive officers and the terms of the performance-based restricted stock awards granted to our named executive officers under our 2013 LTIP, see the Long-Term Incentive Awards section of the Compensation Discussion and Analysis section of this proxy statement. Based on grant date fair value for performance-based restricted stock granted under our 2013 LTIP in accordance with FASB ASC Topic 718, the following table provides the potential value of the awards at the threshold (50% vest), target (75% vest) and maximum (100% vest) levels.
