QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE SPECIAL MEETINGS

Q: WHAT IS THE PURPOSE OF THIS DOCUMENT?

A: This document serves as both a joint proxy statement of 1st United Bancorp, Inc. and Valley National Bancorp and a prospectus of Valley National Bancorp. As a joint proxy statement, it is being provided to 1st United shareholders because the 1st United Board of Directors is soliciting their proxy for use at the 1st United special meeting of shareholders at which the 1st United shareholders will consider and vote on (i) approval of the merger agreement between 1st United and Valley, (ii) approval, on a non-binding advisory basis, of the compensation of the named executive officers of 1st United based on or related to the merger (the Executive Compensation Proposal), and (iii) approval of the authorization of the 1st United Board of Directors to adjourn or postpone the 1st United special meeting to a later date, if necessary or appropriate, to solicit additional proxies in favor of approval of the merger agreement or to vote on other matters properly before such special meeting (the 1st United Adjournment Proposal). As a joint proxy statement, it is also being provided to Valley shareholders because the Valley Board of Directors is soliciting their proxy for use at the Valley special meeting of shareholders at which the Valley shareholders will consider and vote on (i) approval of the amendment to Valley's Restated Certificate of Incorporation to increase the number of authorized shares of Valley's common stock by 100,000,000 shares (the Charter Amendment Proposal) and (ii) approval of the authorization of the Valley Board of Directors to adjourn or postpone the Valley special meeting to a later date, if necessary or appropriate, to solicit additional proxies in favor of approval of the proposed amendment to Valley's Restated Certificate of Incorporation or to vote on other matters properly before such special meeting (the Valley Adjournment Proposal). As a prospectus, it is being provided to 1st United shareholders because Valley is offering to exchange shares of its common stock for their shares of 1st United common stock upon completion of the merger.

Q: WHAT WILL 1ST UNITED SHAREHOLDERS RECEIVE IN THE MERGER?

A: Upon completion of the merger, 1st United shareholders will receive 0.89 of a share of Valley common stock for each share of 1st United common stock they own, subject to adjustment and subject to the payment of cash in lieu of fractional shares. In the event Valley's average closing share price during the 20 trading day period ending 5 days prior to closing (Valley's Average Closing Price) is less than \$8.09, then Valley will increase the 0.89 exchange ratio (or, in lieu of such increase, make a cash payment to 1st United shareholders) so that 1st United shareholders receive \$7.20 in Valley common stock (and cash, if applicable) for each 1st United share they hold. In the event Valley's Average Closing Price is greater than \$12.13, then Valley will decrease the 0.89 exchange ratio so that 1st United shareholders receive \$10.80 in Valley common stock for each 1st United share they hold. On [], 2014, a date immediately preceding the printing of this joint proxy statement-prospectus, the closing price of Valley common stock was \$[].

Q: HOW DO I VOTE?

A: *Shares Held of Record.* If you are a shareholder of record of 1st United as of the 1st United record date or a shareholder of record of Valley as of the Valley record date, you may submit your proxy before your respective company's special meeting in one of the following ways:

Use the toll-free number shown on your proxy card,

Visit the website shown on your proxy card to vote via the Internet,

Complete, sign, date and return the enclosed 1st United or Valley proxy card, as applicable, in the enclosed postage-paid envelope, or

You may also cast your vote in person at your respective company's special meeting.

Shares Held in Brokerage Accounts. If you hold your shares in street name (that is, you hold your shares through a broker, bank or other holder of record), your bank, broker or other holder of record will forward proxy materials and voting instructions that you must follow in order to vote your shares. You may receive more than

Table of Contents

one proxy card if your shares are registered in different names or are held in more than one account. If you hold your shares in street name and plan to attend the 1st United meeting or Valley meeting, as applicable, you should bring either a copy of the voting instruction card provided by your broker or nominee or a recent brokerage statement showing your ownership of 1st United common stock as of the 1st United record date or Valley common stock as of the Valley record date, as applicable.

Shares Held in Valley's 401(k) Plan. If you are a participant in the Valley National Bank Savings and Investment Plan (a 401(k) plan with an employee stock ownership feature (the Valley 401(k) Plan)), you may vote any shares of Valley common stock held in your Valley 401(k) Plan account as of the Valley record date ONLY by following the separate voting instructions provided by the Valley 401(k) Plan's administrator. You may not vote the applicable shares by proxy or by ballot at the Valley special meeting.

Shares Held in Valley's Dividend Reinvestment Plan. If you are a participant in Valley's Dividend Reinvestment Plan, the shares that are held in your dividend reinvestment account will be voted in the same manner as your other shares, whether you vote by mail, by telephone or by internet. You may not vote the applicable shares by proxy or by ballot at the Valley special meeting.

Q: WHY IS THE VOTE OF HOLDERS OF 1ST UNITED COMMON STOCK IMPORTANT?

A: The approval of the merger agreement requires the affirmative vote of the holders of at least a majority of the 1st United common stock outstanding. If you do not vote by proxy, telephone or internet or in person at the 1st United special meeting, it will have the effect of a vote AGAINST approval of the merger agreement, but will have no effect on the vote to approve the Executive Compensation Proposal or the 1st United Adjournment Proposal. Failure to vote, however, may affect whether a quorum is present.

The Executive Compensation Proposal will be approved if affirmative votes cast by the holders of 1st United common stock present in person or represented by proxy at the 1st United special meeting and entitled to vote exceed the votes cast in opposition. This proposal is advisory in nature and a vote for or against approval will not be binding on 1st United or the 1st United Board of Directors.

The 1st United Adjournment Proposal will be approved if the affirmative votes cast by the holders of 1st United common stock present in person or represented by proxy at the 1st United special meeting and entitled to vote exceed the votes cast in opposition.

Q: WHAT DOES THE 1ST UNITED BOARD OF DIRECTORS RECOMMEND?

A: The 1st United Board of Directors has unanimously approved the merger agreement and believes that the proposed merger is in the best interests of 1st United and its shareholders. Accordingly, the 1st United Board of Directors unanimously recommends that you vote FOR approval of the merger agreement.

The 1st United Board of Directors also unanimously recommends a vote FOR approval of the Executive Compensation Proposal and FOR approval of the 1st United Adjournment Proposal.

Q: WHY IS THE VOTE OF HOLDERS OF VALLEY COMMON STOCK IMPORTANT?

A: The approval by Valley shareholders of the Charter Amendment Proposal is required to ensure Valley has sufficient shares for issuance to consummate the merger and issue shares of Valley common stock to 1st United shareholders. As of the date of this joint proxy statement-prospectus, Valley has approximately 24.9 million

authorized but unissued shares of common stock (net of shares reserved for issuance pursuant to stock options and warrants). Under the terms of the merger agreement and assuming all 1st United stock options are exercised prior to the closing of the merger, Valley will be required to issue approximately 34.5 million shares of common stock to 1st United shareholders. Accordingly, if Valley shareholders fail to approve the proposed amendment, Valley cannot complete the merger. Additional authorized shares not issued in the merger will be used for

Table of Contents

general corporate purposes, including possible future acquisitions and capital raising. The proposed amendment to Valley's Restated Certificate of Incorporation requires the affirmative vote of a majority of the votes cast by the holders of Valley common stock at the Valley special meeting.

The Valley Adjournment Proposal requires the affirmative vote of a majority of the votes cast by the holders of Valley common stock at the Valley special meeting.

If you do not vote by proxy, telephone or internet or in person at the Valley special meeting, it will have no effect on the vote to approve either of these proposals but may affect whether a quorum is present.

Q: WHAT DOES THE VALLEY BOARD OF DIRECTORS RECOMMEND?

A: The Valley Board of Directors has unanimously approved the Charter Amendment Proposal and believes that the increase in authorized shares of Valley's common stock is in the best interests of Valley and its shareholders. Accordingly, the Valley Board of Directors unanimously recommends that you vote FOR approval of the Charter Amendment Proposal.

The Valley Board of Directors also unanimously recommends a vote FOR approval of the Valley Adjournment Proposal.

Q: IF MY SHARES ARE HELD IN STREET NAME BY MY BROKER, WILL MY BROKER AUTOMATICALLY VOTE MY SHARES FOR ME?

A: No. Your broker cannot vote your shares of 1st United or Valley common stock, as applicable, without instructions from you. You should instruct your broker as to how to vote your shares, following the directions your broker provides to you. Please check the voting form used by your broker. Without instructions, your shares will not be voted at your respective company's special meeting, which will have the effects described above.

Q: WHAT IF I ABSTAIN FROM VOTING OR FAIL TO INSTRUCT MY BROKER?

A: Abstentions will count as shares of 1st United or Valley common stock, as applicable, represented and entitled to vote at the respective company's special meeting for purposes of determining a quorum but will not be counted as votes cast. Accordingly, abstentions will have no effect on any of the proposals at the 1st United or Valley special meetings other than the proposal to approve the merger agreement at the 1st United special meeting where abstentions are effectively a vote AGAINST the merger agreement. Broker non-votes are proxies received from brokers who, in the absence of specific voting instructions from beneficial owners of shares of 1st United or Valley common stock, as applicable, held in brokerage name, are unable to vote such shares in those instances where discretionary voting by brokers is not permitted. Broker non-votes will be counted toward a quorum at the 1st United special meeting and the Valley special meeting, as applicable, and will have the effect of a vote at the 1st United special meeting AGAINST approval of the merger agreement, but will have no effect on any other proposals at the 1st United or Valley special meetings.

Q: CAN I CHANGE MY VOTE AFTER I HAVE DELIVERED MY PROXY?

A: You may revoke your grant of a proxy at any time before it is voted by:

filing a written revocation of the proxy with the Secretary of 1st United or Valley, as the case may be;

executing a later Internet or telephone vote;

submitting a signed proxy card bearing a later date to the Secretary of 1st United or Valley, as the case may be; or

Q: IF I AM A HOLDER OF 1ST UNITED COMMON STOCK WITH SHARES REPRESENTED BY STOCK CERTIFICATES, SHOULD I SEND IN MY 1ST UNITED STOCK CERTIFICATES NOW?

A: No. Following the merger, 1st United shareholders will receive a letter of transmittal from American Stock Transfer & Trust Company, who has been appointed as the exchange agent for the merger, which will provide them with instructions as to how they will exchange their 1st United common stock for Valley common stock. Please do not send in 1st United stock certificates with the 1st United proxy card.

Q: WHAT SHOULD 1ST UNITED SHAREHOLDERS DO IF THEY HOLD THEIR SHARES OF 1ST UNITED COMMON STOCK IN BOOK-ENTRY FORM?

A: 1st United shareholders are not required to take any specific actions if their shares of 1st United common stock are held in book-entry form. After the completion of the merger, shares of 1st United common stock held in book-entry form will automatically be exchanged for shares of Valley common stock in book-entry form.

Q: WHAT ARE THE TAX CONSEQUENCES OF THE MERGER TO 1ST UNITED SHAREHOLDERS?

A: We expect that for federal income tax purposes, the merger generally will not be a taxable event to 1st United shareholders.

Table of Contents

1st United will have no obligation to complete the merger unless tax counsel for 1st United provides a legal opinion that the merger will qualify as a transaction that is generally tax-free for federal income tax purposes.

We urge 1st United shareholders to consult with their tax advisors to gain a full understanding of the tax consequences of the merger to them. Tax matters are very complicated, and, in many cases, the tax consequences of the merger will depend on 1st United shareholders' particular facts and circumstances. See Proposal 1 of the 1st United Special Meeting The Merger Material Federal Income Tax Consequences of the Merger, beginning at page [].

Q: DO 1ST UNITED SHAREHOLDERS HAVE THE RIGHT TO DISSENT FROM THE MERGER?

A: No. See Proposal 1 of the 1st United Special Meeting The Merger No Dissenters Rights, beginning at page [].

Q: ARE THERE ANY REQUIRED REGULATORY OR OTHER CONDITIONS TO THE MERGER?

A: Yes. The merger must be approved by the Office of the Comptroller of the Currency (the OCC) and a waiver or approval must be received from the Board of Governors of the Federal Reserve System (the FRB). In addition, the merger agreement must be approved by the 1st United shareholders; the Charter Amendment Proposal must be approved by Valley shareholders; and written consent from the Federal Deposit Insurance Corporation (the FDIC) for the assignment of the shared-loss agreements between 1st United Bank and the FDIC must be received by Valley. As of the date of this joint proxy statement-prospectus, Valley has received the written consent from the FDIC for the assignment of such shared-loss agreements and has submitted an application for approval of the merger by the OCC and intends to submit a waiver request to the FRB.

While Valley shareholders are not voting on approval of the merger agreement, they effectively have a vote to approve the merger agreement because they have a vote to approve the Charter Amendment Proposal, which is required to consummate the merger.

Completion of the merger is also subject to certain other conditions, including there being no material adverse change in the financial condition of 1st United. See Proposal 1 of the 1st United Special Meeting The Merger The Merger Agreement Conditions to Complete the Merger, beginning at page [].

This means that each of Valley and 1st United, respectively, may satisfy its disclosure obligations to you by referring you to one or more documents separately filed by it with the SEC. See Information Incorporated by Reference beginning at page [] for a list of documents that each of Valley and 1st United, respectively, has incorporated by reference into this joint proxy statement-prospectus and for instructions on how to obtain copies of those documents. The documents are available to you without charge.

Q: WHAT IF THERE IS A CONFLICT BETWEEN DOCUMENTS?

A: You should rely on the LATER FILED DOCUMENT. Information in this joint proxy statement-prospectus may update information contained in one or more of the Valley or 1st United documents incorporated by reference. Similarly, information in documents that Valley or 1st United may file after the date of this joint proxy statement-prospectus may update information contained in this joint proxy statement-prospectus or information

contained in previously filed documents. Later dated documents filed with the SEC and incorporated by reference update and, in the event of a conflict, supersede earlier documents filed with the SEC.

all material conditions to closing have been met or

Table of Contents

such other date as the parties agree. The terms of the proposed merger are set forth in a merger agreement signed by 1st United and Valley. A copy of the merger agreement is attached as *Appendix A* to this document and is incorporated herein by reference.

Consideration to 1st United Shareholders

In the merger, 1st United shareholders will receive 0.89 of a share of Valley common stock for each share of 1st United common stock they own, subject to adjustment and subject to the payment of cash in lieu of fractional shares. In the event Valley's Average Closing Price is less than \$8.09, then Valley will increase the 0.89 exchange ratio (or, in lieu of such increase, make a cash payment to 1st United shareholders) so that 1st United shareholders receive \$7.20 in Valley common stock (and cash, if applicable) for each 1st United share they hold. In the event Valley's Average Closing Price is greater than \$12.13, then Valley will decrease the 0.89 exchange ratio so that 1st United shareholders receive \$10.80 in Valley common stock for each 1st United share they hold. On May 7, 2014, the last trading day before the merger was publicly announced, the closing price of Valley common stock was \$9.76. On [], 2014, a date which is shortly before the date of this joint proxy statement-prospectus, the closing price of Valley common stock was \$[].

Assuming none of the outstanding 1st United stock options are exercised prior to the closing of the merger, the parties currently estimate that Valley will issue approximately 30.1 million shares of its common stock in connection with the merger.

1st United Stock Options

Each outstanding 1st United stock option, whether unvested or vested, will be cancelled and converted into the right to receive a cash payment from 1st United immediately prior to the effective time of the merger equal to the product of the number of shares underlying the 1st United stock option multiplied by the excess, if any, of Valley's Average Closing Price, multiplied by the exchange ratio, over the exercise price of the 1st United stock option.

Listing of Valley Common Stock and Delisting of 1st United Common Stock

Valley will apply for listing of the common shares to be issued in the merger on the New York Stock Exchange, where Valley common shares are currently listed. If the merger is completed, the shares of Valley common stock to be issued in the merger will be listed on the New York Stock Exchange under the symbol VLY, and 1st United shares will no longer be listed on the NASDAQ Global Select Market and will be deregistered under the Exchange Act.

Tax-Free Nature of the Merger

The merger is intended to be treated as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended (the Code), and it is a condition to our respective obligations to

complete the merger that each of Valley and 1st United receive a legal opinion to that effect. Accordingly, the merger generally will be tax-free to you for United States federal income tax purposes as to the shares of Valley common stock you receive in the merger.

Table of Contents

Tax matters are very complicated, and the tax consequences of the merger to each 1st United shareholder will depend on the facts of that shareholder's particular situation. We urge you to read the more complete description of the merger's tax consequences beginning on page [] and to consult with your own tax advisor regarding the specific tax consequences of the merger to you under applicable tax laws.

Exchanging 1st United Stock Certificates

Shortly following the closing, 1st United shareholders will receive a letter of transmittal and instructions for exchanging their 1st United stock certificates. In order to receive their Valley common stock, 1st United shareholders must send their stock certificates to American Stock Transfer & Trust Company, the exchange agent, after the closing. 1st United shareholders will need to carefully review and complete these materials and return them as instructed along with their stock certificates for 1st United common stock.

If 1st United shareholders do not have stock certificates but hold shares of 1st United common stock with their broker in street name, the shares will be exchanged for them by their broker.

Dividends

Valley and 1st United have agreed in the merger agreement that 1st United may continue to pay a quarterly cash dividend equal to \$0.02 per share consistent with past practice with respect to the quarterly periods following the signing of the merger agreement, subject to the discretion of the 1st United Board of Directors. In the event the merger does not close before December 31, 2014, 1st United may increase its quarterly cash dividend to a per share amount equal to Valley's then-current quarterly cash dividend.

Reselling the Stock You Receive in the Merger

Risk Factors

An investment in Valley common stock includes substantial risks. See the section entitled Risk Factors beginning on page [] for a discussion of risks associated with the merger and an investment in Valley common stock.

Opinions of 1st United's Financial Advisors

In connection with evaluating the proposed merger, the 1st United Board of Directors considered the separate opinions of 1st United's financial

advisors, Keefe, Bruyette & Woods, Inc. (KBW) and RP Financial, LC (RP Financial), each dated May 7, 2014, to the effect that the 0.89 exchange ratio in the merger was fair to holders of 1st United common stock from a financial point of view. The KBW

Table of Contents

opinion and the RP Financial opinion are attached to this joint proxy statement-prospectus as *Appendix B* and *Appendix C*, respectively. We encourage 1st United shareholders to read these opinions. These opinions do not constitute a recommendation as to how any 1st United shareholder should vote on the merger. For information on how KBW and RP Financial arrived at their respective opinions, see pages [] - [].

Holdings of 1st United Common Stock Do Not Have Dissenters' Rights

Dissenters' rights are statutory rights that, if applicable under law, enable shareholders to dissent from an extraordinary transaction, such as a merger, and to demand that the corporation pay the fair value for their shares in cash as determined by a court in a judicial proceeding instead of receiving the consideration offered to shareholders in connection with the extraordinary transaction. Dissenters' rights are not available in all circumstances, and exceptions to these rights are provided under the Florida Business Corporation Act (the "FBCA"). Under the provisions of the FBCA, the holders of 1st United common stock are not entitled to dissenters' rights in the merger. See the section entitled "Proposal 1 of the 1st United Special Meeting - The Merger - No Dissenters' Rights" on page [].

Conditions That Must Be Satisfied or Waived for the Merger to Occur

Currently, we expect to complete the merger during the fourth quarter of 2014. As more fully described in this document and in the merger agreement, the completion of the merger depends on a number of conditions being satisfied or, where legally permissible, waived. These conditions include, among others, receipt of the requisite approvals of 1st United shareholders, the receipt of all required regulatory approvals and consents or waivers, including from the OCC and the FRB, receipt of the requisite approval of Valley shareholders to the amendment to Valley's Restated Certificate of Incorporation, the receipt of written consents from the FDIC for the assignment of the shared-loss agreements between 1st United Bank and the FDIC to Valley National Bank (which has been received by Valley), and the receipt of legal opinions by each company regarding the United States federal income tax treatment of the merger.

We cannot be certain when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Termination of the Merger Agreement

1st United and Valley may mutually agree to terminate the merger agreement before completing the merger, even after shareholder approval.

The merger agreement can be terminated by either party in any of the following circumstances:

if the merger has not been completed on or before May 31, 2015, unless the failure to complete the merger by that date is due to the breach of the merger agreement by the party seeking to terminate the merger agreement;

Table of Contents

if there has been a final, non-appealable action denying any required regulatory approval for the merger or the transactions contemplated by the merger agreement unless the failure to obtain the regulatory approval is due to the breach of the merger agreement by the party seeking to terminate the merger agreement;

if the requisite 1st United shareholder vote in connection with approval of the merger agreement is not obtained at the 1st United special meeting (or any adjournment or postponement thereof);

if the requisite Valley shareholder vote in connection with approval of the amendment to Valley's Restated Certificate of Incorporation to increase the number of authorized shares of Valley common stock by 100,000,000 shares is not obtained at the Valley special meeting (or any adjournment or postponement thereof); or

if there is a breach of the representations and warranties or other covenants in the merger agreement by one of the parties that is not cured within 30 days following notice or cannot be cured prior to May 31, 2015, and would result in (i) the failure to satisfy any of the closing conditions by May 31, 2015, or (ii) a material adverse effect on the party committing such breach, provided that the terminating party is not in breach of the merger agreement.

The merger agreement can be terminated by Valley in any of the following circumstances:

if, prior to receipt of the 1st United shareholder approval, 1st United, its Board of Directors or any committee of its Board of Directors (1) withdraws, modifies or qualifies in a manner adverse to Valley, or refuses to make, the recommendation that its shareholders approve the merger agreement or adopts, approves, recommends, endorses or otherwise declares advisable certain other business combination proposals, (2) fails to recommend the merger and the approval of the merger agreement by its shareholders, (3) breaches its non-solicitation obligations under the merger agreement in any material respect adverse

to Valley, or (4) in response to a tender or exchange offer for 10% or more of the outstanding shares of 1st United's common stock being commenced (other than by Valley or a subsidiary thereof), recommends that its shareholders tender their shares or otherwise fails to recommend that their shareholders reject such offer within a 10-business day period; or

if 1st United cannot meet the closing conditions by May 31, 2015.

Table of Contents

The merger agreement can be terminated by 1st United in any of the following circumstances:

if, prior to receipt of the 1st United shareholder approval, 1st United receives a proposal that the 1st United Board of Directors concludes to be more favorable than the merger with Valley and enters into an acquisition agreement with a third-party with respect to such superior proposal; or

if, prior to receipt of the 1st United shareholder approval, the 1st United Board of Directors determines in good faith, after consultation with 1st United's counsel and financial advisors, that the 1st United Board of Directors would be breaching its fiduciary duties under applicable law by not withdrawing its recommendation to 1st United shareholders of approval of the merger with Valley or by not entering into an agreement which is intended to or is reasonably likely to lead to an acquisition proposal; or

if Valley cannot meet the closing conditions by May 31, 2015.

For a more complete description of these and other termination rights available to 1st United and Valley, see page [].

Termination Fee and Termination Expenses

Under certain circumstances, if the merger agreement is terminated and 1st United is acquired or executes a definitive agreement to be acquired by another entity within 12 months after the termination, Valley is entitled to receive a termination fee from 1st United of \$14.5 million, plus Valley's reasonable out of pocket expenses up to \$750,000. Under certain circumstances, if the merger agreement is terminated by Valley or 1st United due to the breach by the other party of any representations, warranties, covenants or other agreements contained in the merger agreement and such breach is not cured and would result in the failure to satisfy any of the closing conditions by May 31, 2015 or a material adverse effect on the party committing such breach, then the non-breaching party is entitled to receive reasonable out of pocket expenses up to \$750,000 from the breaching party. For a more complete description of the termination fee and termination expenses potentially payable under the merger agreement, see page [].

Valley Board of Directors Following
Completion of the Merger

Upon completion of the merger, there will be no additions or changes to Valley s or Valley National Bank s Boards of Directors.

1st United has Agreed Not to Solicit
Alternative Transactions

In the merger agreement, 1st United has agreed not to initiate, solicit or knowingly encourage or facilitate inquiries with, or engage in negotiations with, or provide any information to, any person other than Valley concerning an acquisition transaction involving 1st United or 1st United Bank. However, 1st United may take certain of

these actions if its Board of Directors determines that it should do so. This determination by the 1st United Board of Directors must be made after such Board of Directors consults with counsel and its financial advisors, and must be based in accordance with the 1st United Board of Director s fiduciary duties. This restriction may deter other potential acquirors of 1st United.

by 100,000,000 shares. Valley requires this amendment to Valley's Restated Certificate of Incorporation to allow Valley to have sufficient authorized common stock to issue Valley common stock as merger consideration to 1st United shareholders. As of the date of this joint proxy statement-prospectus, Valley has approximately 24.9 million authorized but unissued shares of common stock (net of shares reserved for issuance pursuant to stock options and warrants). Under the terms of the merger agreement and assuming all 1st United stock options are exercised prior to the closing of the merger, Valley will be required to issue approximately 34.5 million shares of common stock to 1st United shareholders. Accordingly, if Valley shareholders fail to approve the proposed amendment, Valley cannot complete the merger. Additional authorized shares not issued in the merger will be used for general corporate purposes, including possible future acquisitions and capital raising. The Valley Board of Directors unanimously recommends that Valley shareholders vote FOR approval of the Charter Amendment Proposal.

Opinion of Valley's Financial Advisor

In deciding to approve the merger agreement, the Valley Board of Directors required an opinion of its financial advisor, Sandler, O'Neill & Partners, L.P. (Sandler O'Neill), dated as of May 7, 2014, that the exchange ratio was fair to Valley from a financial point of view. The opinion is attached to this joint proxy statement-prospectus as *Appendix D*. We encourage Valley shareholders to read this opinion. This opinion does not constitute a recommendation as to how any Valley shareholder should vote on the amendment to Valley's Restated Certificate of Incorporation to increase the number of authorized shares of Valley's common stock by 100,000,000 shares. For information on how Sandler O'Neill arrived at its opinion, see pages [] - [].

Table of Contents**COMPARATIVE HISTORICAL AND UNAUDITED PRO FORMA PER SHARE DATA AND
COMPARATIVE PER SHARE MARKET PRICE AND DIVIDEND INFORMATION**

Set forth below are the earnings per share, period-end book value per share and cash dividends per share for the common stock of Valley and 1st United for the periods noted. The data is presented on a historical and pro forma basis. The historical per share data were derived from the financial statements of Valley and 1st United that have been filed with the SEC, certain of which are incorporated by reference herein. See Information Incorporated by Reference on page []. The pro forma combined share data have been derived after giving effect to the 1st United merger as if it occurred at the beginning of the period presented using the purchase method of accounting. The historical per share data for both Valley and 1st United have been restated to retroactively reflect the effect of stock dividends and stock splits. See Summary Financial Data of Valley on page [] and Summary Financial Data of 1st United on page [].

The preliminary pro forma financial information reflects estimated adjustments to record 1st United's assets and liabilities at their respective fair values based on Valley management's best estimate using the information available at this time. The preliminary pro forma adjustments will be revised as additional information becomes available and as additional analyses are performed. The final allocation of the purchase price will be determined after the merger is completed and after the completion of a final analysis to determine the fair values of 1st United's tangible and identifiable intangible assets and liabilities as of the closing date. The final purchase price adjustments may differ materially from the estimated pro forma adjustments reflected in the preliminary pro forma financial information. Increases or decreases in the fair value of certain balance sheet amounts and other items of 1st United as compared to the estimates reflected in the preliminary pro forma financial information may change the amount of the purchase price allocated to goodwill and other assets and liabilities and may impact the statement of income due to adjustments in yield and/or amortization of adjusted assets and liabilities.

It is anticipated that the merger will provide Valley with financial benefits, such as possible expense efficiencies and revenue enhancements, among other factors, although no assurances can be given that these benefits will actually be achieved. The impact of these benefits has not been reflected in the preliminary pro forma financial information. Additionally, merger related expenses and the amortization and accretion of the purchase accounting adjustments are not expected to be material to the post acquisition results of operation and are not included in the preliminary pro forma financial information.

The preliminary pro forma financial information is presented for illustrative purposes only and is not necessarily indicative of the financial results of the combined companies had the merger actually been completed as of or at the beginning of each period presented nor does it indicate future results for any other interim or full-year period.

Book value per share for the pro forma combined presentation is based upon outstanding shares of Valley common stock, adjusted to include the estimated number of shares of Valley common stock to be issued in the merger for outstanding shares of 1st United common stock at the time the merger is completed, assuming that the exchange ratio is 0.89 of a share of Valley common stock for each share of 1st United common stock. The per share equivalent pro forma combined data for shares of 1st United common stock is also based on the assumption that the exchange ratio is 0.89 of a share of Valley common stock for each share of 1st United common stock.

Table of Contents

The dividend per share data shown below do not necessarily indicate the dividends that you should expect for any future period. The amount of future dividends payable by Valley or 1st United, if any, is at the discretion of their respective Boards of Directors. When declaring dividends, the Boards of Directors normally consider cash needs, general business conditions, dividends from subsidiaries and applicable governmental regulations and policies. Pro forma amounts assume that Valley would have declared cash dividends per share on Valley common stock, including the Valley common stock issued in the merger for 1st United common stock, equal to its historical cash dividends per share declared on Valley common stock.

RISK FACTORS

*In addition to the other information included and incorporated by reference in this document, including the information addressed in *Forward-Looking Statements* beginning on page [], 1st United shareholders should consider the risks described below in determining whether to approve the merger agreement and Valley shareholders should consider the matters described below in determining whether to approve the amendment to Valley's Restated Certificate of Incorporation to increase the number of authorized shares of Valley's common stock by 100,000,000 shares.*

1st United shareholders cannot be sure of the market value of the merger consideration they will receive because the market price of Valley common stock may fluctuate.

Upon completion of the merger, each share of 1st United common stock will be converted into merger consideration consisting of 0.89 of a share of Valley common stock, subject to adjustment in the event Valley's Average Closing Price falls below \$8.09 or rises above \$12.13 prior to the closing of the merger and subject to the payment of cash in lieu of fractional shares. The market value of the merger consideration may vary from the closing price of Valley common stock on the date we announced the merger, on the date that this document was mailed to 1st United shareholders, on the date of the special meeting of 1st United shareholders and on the date we complete the merger and thereafter. Any change in the market price of Valley common stock prior to completion of the merger will affect the market value of the merger consideration that 1st United shareholders will receive upon completion of the merger. Accordingly, at the time of the 1st United special meeting, 1st United shareholders will not know or be able to calculate the market value of the merger consideration they would receive upon completion of the merger except that they will receive between \$7.20 and \$10.80 worth of merger consideration.

Other than the adjustment in the event Valley's Average Closing Price falls below \$8.09 or rises above \$12.13 prior to the closing of the merger, there will be no adjustment to the merger consideration for changes in the market price of either shares of Valley common stock or shares of 1st United common stock. Stock price changes may result from a variety of factors, including general market and economic conditions, changes in Valley's or 1st United's respective businesses, operations and prospects, and regulatory considerations. Many of these factors are beyond Valley's or 1st United's control. 1st United shareholders should obtain current market quotations for shares of Valley common stock and for shares of 1st United common stock before they vote on the merger.

The merger is subject to the receipt of consents and approvals from government entities that may not be received, or may impose burdensome conditions.

Before the merger may be completed, various approvals, waivers or consents must be obtained from the OCC and the FRB. These government entities may refuse to approve the merger or impose conditions on their approval of the merger or require changes to the terms of the merger. Such conditions or changes could have the effect of delaying or preventing completion of the merger or imposing additional costs on or limiting the revenues of the combined company following the merger, any of which might have an adverse effect on the combined company following the merger. Valley has received the written consent of the FDIC for the assignment of the shared-loss agreements between 1st United Bank and the FDIC to Valley National Bank.

We may fail to realize all of the anticipated benefits of the merger.

The success of the merger will depend, in part, on Valley's ability to realize anticipated cost savings and to combine the businesses of Valley and 1st United in a manner that permits growth opportunities to be realized and does not materially disrupt the existing customer relationships of 1st United nor result in decreased revenues due to any loss of

customers. However, to realize these anticipated benefits, the businesses of Valley and 1st United must be successfully combined. If the combined company is not able to achieve these objectives, the anticipated benefits of the merger may not be realized fully or at all or may take longer to realize than expected.

Table of Contents

Valley and 1st United have operated and, until the completion of the merger, will continue to operate independently. The anticipated cost savings from the merger are largely expected to derive from the absorption by Valley of many of 1st United's back-office administrative functions and the conversion of 1st United's operating platform to Valley's systems. It is possible that the integration process could result in the loss of key employees, as well as the disruption of each company's ongoing businesses or inconsistencies in standards, controls, procedures and policies, any or all of which could adversely affect Valley's ability to maintain relationships with clients, customers, depositors and employees after the merger or to achieve the anticipated benefits of the merger. Integration efforts between the two companies will also divert management attention and resources. A failure to successfully navigate the complicated integration process could have an adverse effect on the combined company.

Another expected benefit from the merger is an expected increase in the revenues of the combined company from anticipated sales of Valley's wide variety of financial products, and from increased lending out of Valley's substantially larger capital base, to 1st United's existing customers and to new customers in 1st United's market area who may be attracted by the combined company's enhanced offerings. An inability to successfully market Valley's products to 1st United's customer base could cause the earnings of the combined company to be less than anticipated.

Valley may be unable to retain 1st United's employees.

The merger involves the integration of two companies that have previously operated independently. The difficulties of combining the operations of the two companies include integrating personnel with diverse business backgrounds, combining different corporate cultures and retaining key employees. The integration of the two companies will require the experience and expertise of certain executive officers of 1st United who have agreed to work for Valley for periods of time following the completion of the merger and other key employees who Valley expects to retain. However, Valley may not be successful in retaining those employees who have not agreed to work for Valley for the time period necessary to successfully integrate 1st United's operations with those of Valley. In addition, Valley may not be successful in retaining employees such as loan officers and branch personnel who prefer to work at locally based financial institutions in Florida. The loss of 1st United employees could have an adverse effect on the business and results of operation of Valley in Florida following the merger.

Valley may be unable to retain 1st United's customers or grow the 1st United business.

1st United operates in geographic markets, and with customers primarily located, in and around southeast and central Florida, while Valley's markets and customers are located primarily in northern and central New Jersey, New York City and Long Island, New York. Any time there is a change in products, services, ownership, or management of a bank, there is a risk that customers may choose to obtain some or all of their banking products and services from other banks. Valley believes that 1st United's customers will not seek products or services elsewhere as a result of the merger because Valley's community banking model is similar to 1st United's community banking model. However, as the 1st United operations and customers are in a new geographic region for Valley, there can be no assurances that Valley will be able to retain all of 1st United's customers or grow the customer base in southeast and central Florida.

The market price of Valley common stock after the merger may be affected by factors different from those currently affecting the shares of 1st United or Valley common stock.

The businesses of Valley and 1st United differ in important respects and, accordingly, the results of operations of the combined company and the market price of the combined company's shares of common stock may be affected by factors different from those currently affecting the independent results of operations of Valley and 1st United. For a discussion of the businesses of Valley and 1st United and of certain factors to consider in connection with those businesses, see the documents incorporated by reference in this document and referred to under "Information

Incorporated by Reference beginning on page [].

Table of Contents***Valley may further reduce or eliminate the cash dividend on its common stock.***

Holders of Valley common stock are only entitled to receive such cash dividends as the Valley Board of Directors may declare out of funds legally available for such payments. In the fourth quarter of 2013, Valley announced that it was reducing its quarterly cash dividend to \$0.11 per share from \$0.1625 per share. Although Valley has historically declared cash dividends on its common stock, Valley is not required to do so and may further reduce or eliminate its common stock cash dividend in the future depending upon Valley's results of operations, financial condition or other metrics. This could adversely affect the market price of Valley common stock. Additionally, as a bank holding company, Valley's ability to declare and pay dividends is dependent on federal regulatory policies and regulations, including the supervisory policies and guidelines of the OCC and the FRB regarding capital adequacy and dividends. Among other things, consultation of the FRB supervisory staff is required in advance of Valley's declaration or payment of a dividend that exceeds its earnings for a period in which the dividend is being paid. New regulatory guidelines, known as Basel III, will increase Valley's minimum capital requirements in the future.

The merger agreement limits 1st United's ability to pursue an alternative acquisition proposal and requires 1st United to pay a termination fee of \$14.5 million, plus Valley's reasonable out of pocket expenses up to \$750,000, under certain circumstances relating to alternative acquisition proposals.

The merger agreement prohibits 1st United from initiating, soliciting, knowingly encouraging or engaging in negotiations with, or providing any information to, any third party with respect to alternative acquisition proposals, subject to limited exceptions. Further, Valley generally has the opportunity to modify the terms of the merger in response to any competing acquisition proposals that may be made before the 1st United Board of Directors withdrawal or modification of its recommendation to shareholders to approve the merger agreement. The merger agreement also provides for the payment by 1st United of a termination fee in the amount of \$14.5 million, plus Valley's reasonable out of pocket expenses up to \$750,000, in the event that Valley or 1st United terminate the merger agreement for certain reasons. These provisions might discourage a potential competing acquiror that might have an interest in acquiring all or a significant part of 1st United. See Proposal 1 of the 1st United Special Meeting *The Merger* *The Merger Agreement* *Agreement Not to Solicit Other Offers* on page [].

These provisions could discourage a potential competing acquiror that might have an interest in acquiring 1st United from considering or proposing that acquisition, even if it were prepared to pay higher per share consideration proposed to be received or realized in the merger, or might result in a potential competing acquiror to pay a lower price than it might otherwise be prepared to pay because of the added expense of the termination fee.

If the merger is not completed, 1st United and Valley will have incurred substantial expenses without realizing the expected benefits of the merger.

1st United and Valley have incurred substantial legal, accounting and investment banking expenses in connection with the negotiation and completion of the transactions contemplated by the merger agreement. If the merger is not completed, 1st United and Valley would have to recognize these expenses without realizing the expected benefits of the merger.

1st United and Valley will be subject to business uncertainties and contractual restrictions while the merger is pending.

Uncertainties about the effect of the merger on their businesses may have an adverse effect on 1st United and Valley. These uncertainties may also impair 1st United's ability to attract, retain and motivate strategic personnel until the merger is consummated, and could cause their customers and others that deal with 1st United to seek to change their

existing business relationship, which could negatively impact Valley upon consummation of the merger. In addition, the merger agreement restricts 1st United from taking certain specified actions without

Table of Contents

Valley's consent until the merger is consummated or the merger agreement is terminated. These restrictions may prevent 1st United from pursuing or taking advantage of attractive business opportunities that may arise prior to the completion of the merger.

The merger is subject to certain closing conditions that, if not satisfied or waived, will result in the merger not being completed, which may cause the market price of 1st United common stock to decline.

The merger is subject to customary conditions to closing, including the receipt of required regulatory approvals and approval of the 1st United shareholders. The closing of the merger is also subject to approval of the Valley shareholders of the amendment to Valley's Restated Certificate of Incorporation to increase the number of authorized shares of Valley's common stock by 100,000,000 shares. If any condition to the merger is not satisfied or, where permitted, waived, the merger will not be completed. In addition, Valley and/or 1st United may terminate the merger agreement under certain circumstances even if the merger is approved by 1st United shareholders.

If the merger is not completed, the market price of 1st United common stock may decline to the extent that the current market price of its shares reflects a market assumption that the merger will be completed. If the merger is not completed, additional consequences could materialize, including any adverse effects from a failure to pursue other beneficial opportunities due to the focus of management on the merger, without realizing any of the anticipated benefits of completing the merger. For more information on closing conditions to the merger agreement, see the section entitled "Proposal 1 of the 1st United Special Meeting The Merger Merger Agreement Conditions to Complete the Merger" on page [].

1st United shareholders do not have dissenters' appraisal rights in the merger.

Dissenters' rights are statutory rights that, if applicable under law, enable shareholders to dissent from an extraordinary transaction, such as a merger, and to demand that the corporation pay the fair value for their shares as determined by a court in a judicial proceeding instead of receiving the consideration offered to shareholders in connection with such extraordinary transaction. Under the FBCA, shareholders do not have dissenters' rights with respect to shares of any class of stock which, at the record date fixed to determine shareholders entitled to receive notice of and to vote at the meeting of shareholders at which a merger or consolidation was acted on, were listed on a national securities exchange and the consideration consists solely of cash or shares of stock listed on a national securities exchange. Because 1st United's common stock is listed on the NASDAQ Global Select Market, a national securities exchange, and the merger consideration consists of shares of Valley common stock, which is listed on the New York Stock Exchange, a national securities exchange, holders of 1st United common stock will not be entitled to dissenters' appraisal rights in the merger with respect to their shares of 1st United common stock.

1st United's directors and executive officers have interests in the merger that differ from the interests of 1st United's shareholders.

1st United's executive officers and directors have interests in the merger that are in addition to, and may be different from, the interests of 1st United shareholders generally. With respect to certain 1st United executive officers, these interests include acceleration of vesting and payouts of their 1st United equity compensation awards, the right to receive change-in-control payments, accelerated payouts, and enhancement of deferred compensation balances under supplemental executive retirement plan agreements. In addition, certain 1st United executive officers have entered into employment agreements with Valley that will become effective upon the closing of the merger. See "Proposal 1 of the 1st United Special Meeting The Merger Interests of Certain of Persons in the Merger Interests of 1st United Executive Officers and Directors in the Merger" beginning on page [] for a discussion of these interests.

Table of Contents

A lawsuit has been filed against 1st United, 1st United's directors and Valley challenging the merger, and an adverse judgment in such lawsuit may prevent the merger from being completed or from being completed within the expected timeframe.

1st United, 1st United's directors and Valley are named as defendants in a purported class action lawsuit brought by a 1st United shareholder challenging the proposed merger and seeking, among other things, to enjoin completion of the merger on the agreed-upon terms. See Proposal 1 of the 1st United Special Meeting The Merger Litigation Relating to the Merger beginning on page [] for more information about the purported class action lawsuit related to the merger that is pending.

One of the conditions to the closing of the merger is that no order, injunction (whether temporary, preliminary or permanent) or decree issued by a governmental authority or other agency of competent jurisdiction that prohibits the completion of the merger shall be in effect. Therefore, if the plaintiffs are successful in obtaining an injunction prohibiting the completion of the merger on the agreed-upon terms, then such injunction may prevent the merger from being completed, or from being completed within the expected timeframe.

The shares of Valley common stock to be received by 1st United shareholders as a result of the merger will have different rights from the shares of 1st United common stock.

Upon completion of the merger, 1st United shareholders will become Valley shareholders and their rights as shareholders will be governed by New Jersey law, the Valley Restated Certificate of Incorporation and the Valley By-laws. The rights associated with 1st United common stock are different from the rights associated with Valley common stock. Please see Comparison of the Rights of Shareholders of Valley and 1st United beginning on page [] for a discussion of the different rights associated with Valley common stock.

1st United shareholders will have a reduced ownership and voting interest after the merger and will exercise less influence over management.

1st United's shareholders currently have the right to vote in the election of 1st United's Board of Directors and on other matters affecting 1st United. When the merger occurs, each 1st United shareholder that receives shares of Valley common stock will become a shareholder of Valley with a percentage ownership of the combined organization that is much smaller than the shareholder's percentage ownership of 1st United. Because of this, 1st United shareholders will have less influence on the management and policies of Valley than they now have on the management and policies of 1st United.

The opinions from the respective financial advisors of 1st United and Valley do not reflect any changes in circumstances that may have occurred since the signing of the merger agreement.

KBW and RP Financial, 1st United's financial advisors in connection with the proposed merger, have each delivered to the Board of Directors of 1st United its opinion, dated May 7, 2014, regarding the fairness, from a financial point of view and as of the date of such opinions, to the holders of 1st United common stock of the 0.89 exchange ratio in the merger. Sandler O'Neill, Valley's financial advisor in connection with the proposed merger, has delivered to the Board of Directors of Valley its opinion, dated May 7, 2014, regarding the fairness, from a financial point of view to Valley and as of the date of such opinion, of the 0.89 exchange ratio to be paid by Valley to 1st United shareholders in connection with the merger. Neither 1st United nor Valley have obtained an updated opinion as of the date of this document from KBW, RP Financial or Sandler O'Neill, as the case may be.

Changes in the operations and prospects of Valley or 1st United, general market and economic conditions and other factors which may be beyond the control of Valley and 1st United may have altered the value of Valley or 1st United or the prices of shares of Valley common stock and shares of 1st United common stock as of the date of this document, or may alter such values and prices by the time the merger is completed. The financial advisors' opinions do not speak as of any date other than the date of each such opinion. For a description of the

If the proposed amendment to Valley's Restated Certificate of Incorporation is approved, Valley will be able to issue additional shares of its common stock in the future, which may adversely affect the market price of Valley common stock and dilute the holdings of existing shareholders.

The proposed amendment to Valley's Restated Certificate of Incorporation, if approved by Valley shareholders, will increase the number of authorized shares of Valley's common stock by 100,000,000 shares. In the future, Valley may issue additional shares of Valley common stock in connection with another acquisition, to increase its capital resources or, if Valley or Valley National Bank's capital ratios fall below or near the current or new (final Basel III) regulatory required minimums, Valley could be required to raise additional capital by making additional offerings of common stock. Additional common stock offerings may dilute the holdings of Valley's existing shareholders or reduce the market price of Valley common stock, or both. Holders of Valley common stock are not entitled to preemptive rights or other protections against dilution.

As is the case with banking institutions generally, 1st United's operations are materially and significantly influenced by general economic conditions and by related monetary and fiscal policies of financial institution regulatory agencies, including the Federal Reserve and the FDIC. Deposit flows and costs of funds are influenced by interest rates on competing investments and general market rates of interest. may be offered and other factors affecting local demand and availability of funds. 1st United faces strong competition in the attraction of deposits (its primary source of lendable funds) and in the origination of loans.

PROPOSAL 1 OF THE 1ST UNITED SPECIAL MEETING THE MERGER

Background of the Merger

As part of its ongoing consideration and evaluation of its long-term prospects and strategies, 1st United's Board of Directors and senior management have regularly reviewed and assessed 1st United's business strategies and objectives, including strategic opportunities and challenges, and have considered various strategic options potentially available to them, all with the goal of enhancing value for 1st United's shareholders. The strategic discussions have focused on, among other things, the evaluation of potential buyers, the need to be larger in order to be in a position to deliver a competitive return to 1st United's shareholders, and the business environment facing financial institutions generally and 1st United, including specifically, net interest margin and bank regulatory pressures.

On December 10, 2013, the Boards of Directors of 1st United and 1st United Bank met together for a strategy discussion; also present was a representative of 1st United's outside counsel, Gunster, Yoakley & Stewart, P.A. (Gunster). 1st United's executive management, Messrs. Orlando, Schupp, and Marino, presented three strategic alternatives to pursue over the next couple of years: staying the course of growing organically and through acquisitions, seeking a transformational merger, or selling the company. Messrs. Orlando, Schupp, and Marino presented to both Boards of Directors financial and competitive data regarding each of the three alternatives taking into account the current and forecasted economic and regulatory climate and related risks. The data presented by 1st United's executive management was compiled with the assistance of KBW, a leading investment banking firm in the financial institution industry which had previously acted in advisory roles on behalf of 1st United. While the Boards of Directors discussed all three alternatives, no decision was made as to which strategy to pursue. However, in light of potentially opportunistic timing factors (including the improving valuations and the improving Florida economy), the increasing costs of regulatory compliance, the limited likelihood that healthy growth could be maintained in the current banking environment and the limited opportunities for transformational mergers, both Boards of Directors indicated an interest to further explore the possible sale of 1st United.

On December 19, 2013, 1st United held a special meeting of its Board of Directors; also present was a representative of Gunster. The 1st United Board of Directors further discussed the three strategic alternatives presented at the December 10th meeting. The 1st United Board of Directors discussed projected earnings, as well as projected tangible book value, of 1st United for the next three years, under various scenarios. Various risks were discussed, including the risks of an increasing interest rate environment. Based upon a comprehensive discussion of opportunities and risks of each strategy, 1st United's Board of Directors elected to explore the sale of 1st United. A representative of Gunster discussed with members of the Board of Directors the legal standards applicable to the Board of Directors' decisions and actions with respect to a potential business combination transaction, including the Board of Directors' duty of care and fiduciary duties to 1st United shareholders. Mr. Schupp discussed a preliminary timeline for a potential process, as well as management's recommendation to hire KBW as 1st United's financial advisor to advise on a potential transaction, including to assist in the process of identifying potentially interested counterparties and evaluating any proposals or indications of interest received by 1st United, in an effort to identify a potential acceptable buyer.

At the December 19th meeting, 1st United's Board of Directors authorized the formation of a special strategic committee of the Board of Directors (Strategic Committee) to assist in evaluating any potential transactions. The purpose of the Strategic Committee was to consider promptly and recommend action to the full 1st United Board of Directors on any strategic transactions that might arise. The Board of Directors believed that the formation of the Strategic Committee comprised of a smaller number of directors would allow for negotiations to be more timely and efficient than those involving the entire Board of Directors. Because Messrs. Orlando, Schupp, and Marino had extensive experience with financial institution mergers and acquisitions, the Board of Directors determined that Messrs. Orlando, Schupp, and Marino should be included on the Strategic Committee. However, the Board of

Directors acknowledged the fact that Messrs. Orlando, Schupp and Marino may have interests in the merger separate from those of the other 1st United shareholders relating to the executives' change in control provisions in their employment agreements and supplemental executive retirement

Table of Contents

plan agreements. To help manage these additional interests, the Board of Directors appointed four independent directors to the Strategic Committee: Arthur Loring (the Independent Lead Director of 1st United), Paula Berliner (Chair of 1st United's Compensation Committee), Jeffery Carrier (Chair of 1st United's Audit Committee), and Joseph Veccia. The members of the Strategic Committee had been selected based on the directors' respective experience in the financial services industry, and experience with mergers and acquisition transactions.

On January 14, 2014, Messrs. Orlando, Schupp, and Marino met with representatives of KBW to discuss 1st United hiring KBW as a financial advisor and preliminary transaction considerations. Discussions continued on January 15, 2014 between representatives of KBW and 1st United's management.

The Strategic Committee met on January 28, 2014 to deal with procedural issues and to discuss the retention of KBW as 1st United's financial advisor. A representative of Gunster also attended this meeting. The Strategic Committee appointed Mr. Loring (the Independent Lead Director of 1st United) and Mr. Orlando as Co-Chairmen of the Strategic Committee. Mr. Schupp reported that a list of potential purchasers had been developed with the assistance of KBW based on a variety of factors, including strategic and geographic interests, capacity to pay, and ability to obtain regulatory approval. The Strategic Committee approved hiring KBW as 1st United's financial advisor.

Over the course of February, Messrs. Orlando, Schupp, and Marino and representatives of KBW engaged in preliminary exploratory discussions with numerous financial institutions, including Valley, considered to be potentially attractive partners for 1st United in a strategic business combination based on the factors approved by the Strategic Committee. In late January and early February, 1st United entered into confidentiality agreements with eight potential acquirers, including Valley, to receive information regarding 1st United to facilitate their consideration of a transaction. Following the execution of these confidentiality agreements, the interested parties were given a presentation prepared by management and a copy of 1st United's most recent annual report on Form 10-K and the ability to meet with Messrs. Orlando, Schupp, and Marino for further diligence discussions.

Messrs. Orlando, Schupp, and Marino were concerned that the costs associated with the existing change in control provisions in the employment agreements and supplemental executive retirement plan agreements of these executives could affect the consideration offered by a potential acquiror for 1st United. The Board of Directors and Strategic Committee evaluated these concerns. To mitigate this possibility, Messrs. Orlando, Schupp, and Marino decided to pursue reducing the benefits payable upon a change in control under their employment agreements and supplemental executive retirement plan agreements, and the positive effects of these anticipated changes were communicated to the potential acquirers by KBW at the direction of the Strategic Committee. 1st United retained special benefits counsel to explore and document the anticipated reduction of the change in control payments to these three executives.

In late February and early March, Valley and three other interested parties, including a financial institution that we refer to as Party A, submitted preliminary indications of interest to acquire 1st United. Party A made a preliminary indication of interest comprised of 100% cash consideration.

On March 4, 2014, the Strategic Committee met to consider the preliminary indications of interest and discuss the process to date. Representatives of KBW and Gunster also attended the meeting. During that meeting, representatives of KBW provided an overview of the process that had been conducted to identify potentially interested parties, detailed the parties with whom 1st United had executed confidentiality agreements, and described the financial and other aspects of the four preliminary indications of interest that 1st United had received (including the fact that most of the bidders expressed a desire to hire some of 1st United's executives). Representatives of KBW noted that Valley and two of the other bidders could potentially pay a higher implied valuation for 1st United with an all-stock proposal rather than including cash as partial consideration. KBW also discussed with the Strategic Committee financial aspects of 1st United continuing on a standalone basis. The Strategic Committee then discussed the advantages and

disadvantages of continuing to pursue 1st United's current strategy versus selling the company. The Strategic Committee determined that it was premature to make a

Table of Contents

recommendation to the full Board of Directors as to whether the company should be sold. Instead, the Strategic Committee instructed KBW to contact Valley, Party A, and the two other bidders to improve their preliminary indications of interest, and to also contact the two bidders that had attended a management presentation but had yet to submit a preliminary indication of interest.

At the request of Valley, on March 8, 2014, Messrs. Orlando, Schupp, and Marino met with Gerald H. Lipkin, Alan D. Eskow and Peter Crocitto (all members of Valley's senior management) and Eric Edelstein, Gerald Korde and Robert Soldoveri (three of Valley's directors). The purpose of the meeting was to help Valley understand the Florida markets and to conduct further due diligence on 1st United's management team and 1st United.

On March 10, 2014, KBW received revised preliminary indications of interest from Valley, Party A, and each of the two other bidders that had submitted initial preliminary indications of interest.

The Strategic Committee met on March 11, 2014 to discuss the revised preliminary indications of interest, three of which had improved their financial terms, including Valley and Party A. Representatives of KBW and Gunster discussed with the Strategic Committee the terms indicated in the parties' revised preliminary indications of interest. Given that each revised preliminary indication of interest had strengths and weaknesses, but all four offers appeared to be at relatively high levels when compared to recent comparable transactions, the Strategic Committee instructed KBW to invite all four bidders to conduct further due diligence on 1st United. Each of the four bidders, including Valley and Party A, were then given access to an electronic data room containing a limited amount of non-public due diligence materials concerning 1st United. From March 24th through April 12th, each of the four bidders conducted five days of on-site due diligence.

On March 24, 2014, Messrs. Orlando, Schupp, and Marino voluntarily decided to eliminate the Section 280G excise tax reimbursements from their employment agreements, supplemental executive retirement plan agreements and unvested equity awards, and to increase the discount for the computation of the value of lump sum payments under the supplemental executive retirement plan agreements to the greater of 4% or the discount rate prescribed by the Pension Benefit Guarantee Corporation (PBGC) in connection with the termination of a single employer defined benefit plan (which is currently 1.5%). The effect of these changes was to lower the lump sum payments from 1st United to each of the three affected officers by approximately \$4.5 million each upon a change of control of 1st United.

On March 25, 2014, the full Board of Directors of 1st United met to discuss the progress of the Strategic Committee. Representatives of Gunster and KBW also attended the meeting. Chairman Orlando provided a full update as to the status of the process. Representatives of KBW then reviewed and discussed with the 1st United Board of Directors, among other things, the timeline of the process, the full process of contacting bidders, the revised preliminary indications of interest received, and a market overview of each of the four potential acquirers, including Valley and Party A. Chairman Orlando also informed 1st United's Board of Directors that Messrs. Orlando, Schupp, and Marino had voluntarily agreed to reduce the benefits to which they were entitled under their employment agreements and supplemental executive retirement plan agreements by approximately \$4.5 million each, which the executives believed would have a positive impact on the purchase price to be paid to 1st United's shareholders in connection with a proposed acquisition of 1st United. Later on March 25, 2014, at the regularly scheduled meeting of the Board of Directors of 1st United Bank, Mr. Orlando updated that Board on the status of the process.

In mid-April, Valley, Party A, and two other bidders submitted final offers to acquire 1st United. Valley's final offer had increased from its preliminary indication of interest. Valley offered two proposals: consideration payable 100% in shares of common stock at a 0.855 exchange ratio, or consideration payable 80% in shares of common stock and 20% in the form of Valley non-cumulative preferred stock in amounts consistent with the same 0.855 exchange ratio. Subsequent to Valley delivering its final offer, Valley was requested to provide a third alternative that would allow

each 1st United shareholder to elect to receive the consideration payable in a

Table of Contents

combination of common stock and cash, at a 0.855 exchange ratio; provided, that the total aggregate consideration payable by Valley to all of the shareholders consisted of 80% common stock and 20% cash. Valley's offer also included a collar provision which, notwithstanding any fluctuations in Valley's stock price prior to closing, would adjust the exchange ratio in certain circumstances to ensure that the per share consideration paid to 1st United's shareholders would be no lower than \$7.20 per share and no higher than \$10.80 per share. Party A did not change its final offer from its preliminary indication of interest. Party A's offer, which reflected the second highest (after Valley's offer) implied value per share of 1st United common stock as of that time, was an offer for 100% cash, which would be a taxable transaction to 1st United's shareholders. Party A's offer also required a 30-day exclusivity period, which term was not required by Valley's offer. The other two bidders decreased their final offer from their preliminary indications of interest.

On April 22, 2014, the Strategic Committee held a meeting to consider the status of the proposed transaction and the final offers from the four bidders. Messrs. Orlando, Schupp, and Marino further reviewed for the other members of the Strategic Committee the background of discussions with Valley, Party A, and the remaining two bidders. Representatives of KBW reviewed the financial aspects of each of the offers, observing that the offer from Valley reflected the highest implied value per share of 1st United common stock at that time. Because Party A was a subsidiary of a foreign-owned financial institution that had limited experience with acquiring financial institutions and had no experience with servicing FDIC shared-loss agreements, such as the existing shared-loss agreements between 1st United Bank and the FDIC, 1st United's Strategic Committee was concerned about Party A's ability to gain regulatory approval of the transaction in a timely manner. Valley, on the other hand, had previously entered into two FDIC shared-loss agreements in 2010, had substantial experience managing such a relationship with the FDIC, and had a proven track record of making bank acquisitions. KBW discussed matters related to the potential receipt by 1st United shareholders of Valley's common stock as consideration, given, among other things, the differing stock price targets for Valley common stock among banking analysts. Representatives of KBW and Messrs. Orlando, Schupp, and Marino were excused from the deliberations, and the remaining four independent directors of the Strategic Committee discussed the various available alternatives and decided unanimously that it was in the best interests of 1st United's shareholders to move forward with negotiations with Valley with a preference for the 80% common stock and 20% cash consideration option.

Also on April 22, 2014, after the Strategic Committee had met, 1st United's Board of Directors held a meeting to consider the status of the proposed transaction and the final offers from the four bidders. Messrs. Orlando, Schupp, and Marino and KBW reviewed for the Board of Directors the background of discussions with Valley, Party A, and the remaining two bidders. Representatives of KBW and Messrs. Orlando, Schupp, and Marino were excused from the deliberations, and the remaining nine independent directors of the 1st United Board of Directors discussed the available alternatives and decided unanimously that it was in the best interests of 1st United's shareholders to move forward with the negotiations with Valley with a preference for the 80% common stock and 20% cash consideration option. Messrs. Orlando, Schupp and Marino then returned to the meeting and concurred with the determination made by the nine independent directors. Later on April 22, 2014, the Strategic Committee provided a verbal report of the results of the 1st United Board of Directors meeting held earlier that afternoon to the Board of Directors of 1st United Bank.

On the morning of April 23, 2014, management of Valley and 1st United, along with the financial and legal advisors of 1st United, participated in a conference call to discuss the form of consideration alternative selected by 1st United's Board of Directors, and to establish a projected timeline for drafting and negotiating the definitive documents.

On the afternoon of April 23, 2014, the Board of Directors of 1st United held a special meeting to re-evaluate the consideration alternatives payable by Valley. Representatives of Gunster and KBW were present at the meeting. Due to concerns that each 1st United shareholder would be unlikely to receive the mix of stock and cash consideration each

might request from the options being potentially offered by Valley, due to the 80%/20% aggregate stock/cash limitation, the Board of Directors decided unanimously that all shareholders would receive 80% common stock and 20% cash, with the cash portion fixed at \$1.80 per share so as to provide further downside price protection for 1st United's shareholders.

Table of Contents

On April 24, 2014, Party A sent an unsolicited revised final offer to 1st United. The revised final offer increased the cash offered and provided an alternative where the consideration could be paid 70% in cash and 30% in common stock of Party A. Party A stated that the value of its cash/stock offer was \$9.50 per 1st United share, consisting of \$6.65 in cash and the remainder in stock of Party A. All other provisions of the final offer remained the same, including the 30-day exclusivity period.

On April 25, 2014, the Board of Directors of 1st United met to discuss the revised offer from Party A. Representatives of Gunster and KBW were present at the meeting. The Board of Directors recognized the differential between Party A's offer (per share) and Valley's then-current offer. Although Party A was valuing its offer at \$9.50 per share, the 1st United Board of Directors considered several negative factors concerning Party A's offer. The Board of Directors considered that, because Party A was a privately-held bank wholly-owned by a foreign parent, the shares of Party A would not be as liquid as shares of common stock of Valley, since Party A did not trade on a domestic stock exchange, and the shares to be received by 1st United's shareholders would be minority shares in an entity controlled by the foreign parent. Further, it would be more difficult to evaluate the value of Party A's shares in a reliable way, even with an opportunity for diligence. The Board of Directors discussed with 1st United's advisors the likelihood that it could take several weeks to more fully consider the valuation issues relating to Party A's stock which could result in Valley withdrawing its offer. The Board of Directors again noted additional concerns with Party A, including that Party A had limited experience with acquiring financial institutions and had no experience with servicing FDIC shared-loss agreements, while Valley had relevant experience in both of these areas. Furthermore, representatives from Gunster noted that Party A's offer could be a taxable transaction to 1st United shareholders, not only with respect to the cash received but also with respect to the common stock received. Also discussed was (1) Party A's statement that the combination of the value Party A attributed to its stock plus the cash component Party A was offering, was worth a combined total of \$9.50 per 1st United share, as compared to (2) Valley's then-current offer, including the cash component plus the market valuation of Valley's stock; the collar that Valley was offering to cause the merger consideration to be no lower than \$7.20 per share and no higher than \$10.80 per share; and the potential with the Valley offer for both (i) growth and (ii) the ability for 1st United shareholders to benefit by such potential growth. For those and other reasons, the Board of Directors believed that Party A's offer was inferior to Valley's offer. Nevertheless, because Party A's offer had the potential to be superior to Valley's then-current offer under certain scenarios, 1st United's Board of Directors directed KBW to undertake further discussions with Party A, provided that no exclusivity was granted.

Also during its meeting on April 25, 2014, 1st United's Board of Directors unanimously agreed to engage RP Financial to provide an additional fairness opinion in connection with the proposed transaction. In retaining RP Financial, the Board of Directors observed that KBW had, as recently as September 2013, acted as an investment banker to Valley and Mr. Schupp had worked for a subsidiary of Stifel Financial Corp., parent company of KBW, in a non-executive capacity from 2001 to 2003. The 1st United Board of Directors believed that retaining RP Financial to provide an additional independent fairness opinion was desirable in order to ensure that the Board of Directors would have the benefit of an independent opinion beyond the opinion of KBW.

Later on April 25, 2014, Valley's outside counsel, Day Pitney LLP, delivered initial drafts of the merger agreement and related documents to 1st United's counsel. Among other things, the initial draft of the merger agreement required 1st United to pay a termination fee of \$15 million to Valley if the merger agreement was terminated under certain scenarios. The merger agreement also required 1st United, in the event of certain termination scenarios, to reimburse Valley for its out-of-pocket expenses incurred in connection with the merger agreement, up to \$750,000, but there was no reciprocal reimbursement right for 1st United.

Over the course of the following week, representatives of Valley and 1st United conducted additional due diligence on each other. In addition, as a result of Valley's share price decreasing since April 22nd and in light of the competing

offer from Party A, Valley agreed, after further negotiation, to increase the exchange ratio in its offer from 0.855 to 0.89 and to change the consideration to 100% stock. However, Valley also proposed increasing the termination fee to \$17.5 million. As a result of the 100% stock consideration, Valley would not have sufficient authorized shares and would be required to obtain shareholder approval to amend its certificate of incorporation to increase the number of authorized shares. Valley made it clear that the increased offer was final.

On April 30, 2014, 1st United's Board of Directors reconvened to discuss the relative merits of the final revised offers of Valley and Party A. Representatives of Gunster and KBW were present at the meeting. KBW informed the Board of Directors that it had contacted Party A to discuss the issues presented by Party A's stock and cash offer. These issues included lack of liquidity in the stock, relative valuation, tax treatment and reverse diligence process. Party A, however, was reluctant to provide further detail unless 1st United granted Party A a 30-day exclusivity period. Such an exclusivity agreement could have jeopardized the continuation of the Valley offer, and would also have had to be agreed to by 1st United before Party A would allow 1st United to conduct reverse diligence. Representatives of KBW reviewed with 1st United's Board of Directors these issues, the importance of reverse diligence as to Party A due to its liquidity issues and related issues, and the financial and other terms of the two offers, including the increase in Valley's exchange ratio. Representatives of KBW also discussed with 1st United's Board of Directors the potential that the change in Valley's offer to a 100% stock deal would provide more potential upside to 1st United shareholders and would reduce the period it would take for Valley to earn back the tangible book value dilution from the potential merger, which the markets would view favorably. Following questions and discussions from the directors, 1st United's Board of Directors unanimously authorized 1st United's management and 1st United's advisors to complete negotiations with Valley and terminate discussions with Party A.

Over the course of the next week, 1st United conducted further due diligence on Valley. The parties concurrently worked to finalize the drafting of the definitive merger agreement. On May 1, 2014, Day Pitney delivered revised drafts of the definitive agreements, which included, among other things, a reciprocal expense reimbursement for 1st United (which term had not been included in the initial draft but requested by Gunster) in the event of certain termination scenarios, but proposed to increase the termination fee for the benefit of Valley from \$15 million to \$17.5 million in light of the increased offer. The revised agreement contained several additional legal terms requested by Gunster which were favorable to 1st United. On May 2, 2014, the parties resolved the few remaining issues in the merger agreement, including the reduction of the proposed termination fee from \$17.5 million to \$14.5 million. That evening, the final draft of the merger agreement and its exhibits were made available to 1st United's directors for their review.

On May 7, 2014, the Boards of Directors of 1st United and 1st United Bank met together to review the proposed merger with Valley. Representatives of Gunster, KBW, and RP Financial were present at the meeting. KBW reviewed the financial aspects of the proposed merger with Valley and rendered an opinion to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in such opinion, the 0.89 exchange ratio in the proposed merger was fair, from a financial point of view, to the holders of 1st United common stock. Representatives of RP Financial also reviewed and discussed with the directors its financial analyses of the merger consideration and rendered an opinion to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by RP Financial as set forth in such opinion, the merger consideration in the proposed merger with Valley was fair, from a financial point of view, to the holders of 1st United common stock. In addition, representatives of Gunster reviewed with the directors the most recent draft of the proposed merger agreement, including the terms related to the price as well as the termination fee payable in the event that the merger agreement was terminated by 1st United as the result of a subsequent offer, related transaction documents, as well as the legal standards applicable to the Board of Directors' decisions and actions with respect to the proposed transaction, as they had previously done. Following the presentations by 1st United's management and advisors and discussion among the members of both 1st United's and 1st United Bank's Boards of Directors, including consideration of the factors described under Proposal 1 of the 1st United Special Meeting "The Merger Recommendation of the 1st United Board of Directors and Reasons for the Merger", the 1st United Board of Directors unanimously (1) determined that the merger agreement, the merger, the amendments to the employment agreements and supplemental executive retirement plan agreements with Messrs. Orlando, Schupp, and Marino, and the other transactions contemplated thereby were advisable and in the best interests of 1st United and its shareholders,

(2) adopted the merger agreement and approved the transactions contemplated thereby, (3) directed that the merger agreement be submitted for adoption by 1st United's shareholders, and (4) recommended that 1st United's shareholders adopt the merger agreement. The Board of Directors of 1st United Bank unanimously reached the same conclusions and adopted similar resolutions.

On the evening of May 7, 2014, 1st United and Valley executed the merger agreement, and on May 8, 2014, issued a joint press release announcing the transaction.

Recommendation of 1st United's Board of Directors and Reasons for the Merger

1st United's Board of Directors believes that the merger is in the best interests of 1st United and its shareholders. Accordingly, 1st United's Board of Directors has approved the merger agreement and recommends that shareholders vote FOR the approval of the merger agreement.

In reaching its decision to approve the merger agreement, 1st United's Board of Directors consulted with 1st United's outside legal counsel and 1st United's financial advisors regarding the merger and considered a variety of factors, including the following:

1st United Board of Directors' familiarity with and review of 1st United's business, financial condition, results of operations and prospects, including, but not limited to, its business plan and its potential for growth, development, productivity and profitability, taking into consideration that the substantial increase in 1st United's budgeted 2014 net income was related to infrequent expense items incurred in 2013 that 1st United did not project in the 2014 budget, but which may be incurred in 2014 nonetheless;

the current and prospective environment in which 1st United operates, including national and local economic conditions (including net interest margin pressures), the competitive environment for financial institutions generally, the increased regulatory burden on financial institutions generally, and the trend toward consolidation in the financial services industry;

1st United's belief that 1st United needs to grow to be in a position to deliver a competitive return to its shareholders;

1st United Board of Directors' review, with the assistance of 1st United's legal and financial advisors, of strategic alternatives to the merger, including potential acquisitions of selected target companies, potential merger of equals, a potential equity raise, the discussions with Valley, Party A and the two other bidders, and the possibility of remaining independent;

the likelihood that acquisition opportunities for 1st United as a buyer are limited since potential targets within 1st United's market area are either very small, have credit quality issues, are at prices that do not make sense for 1st United, or have clearly expressed a strong desire to remain independent for the foreseeable future;

1st United Board of Directors' review, based in part on presentations by 1st United's management and advisors and on the due diligence performed in connection with the transaction, of Valley's business, financial condition, results of operations and management; the recent performance of Valley's common stock on both a historical and prospective basis; the strategic fit between the parties; the potential synergies

expected from the merger; and the business risks associated with the merger;

the expectation that the merger will provide holders of 1st United common stock with the opportunity to receive a substantial premium over the historical trading prices for their shares and that the exchange of Valley shares for 1st United shares will be tax-free for federal income tax purposes;

the expected pro forma financial impact of the transaction, taking into account anticipated cost savings and other factors, on both 1st United shareholders and Valley shareholders, including that the transaction is expected to be accretive to the earnings per share of both Valley and 1st United;

the prospects for continuation of Valley's favorable quarterly dividend rate, which is currently \$0.11 per share of common stock, when compared to 1st United's quarterly dividend rate, which is currently \$0.02 per share of common stock;

the expectation that the historical liquidity of Valley stock will offer 1st United shareholders the opportunity to participate in the growth and opportunities of Valley by retaining their Valley stock following the merger, or to exit their investment, should they prefer to do so;

the lack of prospects for a superior offer for a strategic combination that affords 1st United shareholders the ability to continue their equity investment in a tax-efficient manner;

1st United Board of Directors' review with 1st United's legal advisors of the non-solicitation and termination provisions of the merger agreement, the flexibility of the 1st United Board of Directors to consider unsolicited proposals from other institutions after the execution of the merger agreement, and the \$14.5 million termination fee in favor of Valley in the event the merger agreement is terminated under certain specified circumstances;

the collar on the Valley consideration such that the minimum value of the consideration which 1st United shareholders would receive is \$7.20 per share and the maximum value of the consideration which 1st United shareholders would receive is \$10.80 per share;

the separate opinions, dated May 7, 2014, to 1st United's Board of Directors of KBW and RP Financial, LC, financial advisors to 1st United, as to the fairness, from a financial point of view and as of the date of such opinions, to the holders of 1st United common stock of the 0.89 exchange ratio in the merger, as more fully described under Proposal 1 of the 1st United Special Meeting "The Merger" Opinions of 1st United's Financial Advisors on page [];

the similarity between 1st United's and Valley's management philosophies, approaches and commitments to the communities, customers and shareholders they each serve and their respective employees;

the impact of the merger on depositors, customers and communities served by 1st United and the expectation that the combined entity will continue to provide quality service to the communities and customers currently served by 1st United;

the effects of the merger on 1st United's employees, including the prospects for continued employment and the severance and other benefits agreed to be provided by Valley; and

Valley's requirement that certain of 1st United's named executive officers and certain other key employees identified by Valley execute employment or retention agreements with Valley to provide economic incentives for such persons to remain with the resulting entity for six months to three years following the closing of the merger to allow for an orderly and successful transition.

The 1st United Board of Directors also considered potential risks relating to the merger, including the following:

the need to obtain regulatory approvals to complete the merger, including approval from the FDIC for Valley National Bank to assume the shared-loss agreements between 1st United Bank and the FDIC;

the need for Valley to obtain the approval of its shareholders of the Charter Amendment Proposal;

the potential for diversion of management and employee attention, and for employee attrition, during the period prior to the completion of the merger and the potential effect on 1st United's business and relations with customers, service providers and other stakeholders, whether or not the merger is completed;

the merger agreement provisions generally requiring 1st United to conduct its business in the ordinary course and the other restrictions on the conduct of 1st United's business prior to completion of the merger, which may delay or prevent 1st United from undertaking business opportunities that may arise pending completion of the merger;

Valley could experience a decrease in profitability or regulatory pressure that would force it to reduce its dividends from historical levels;

with stock consideration based on a fixed exchange ratio, the risk that the consideration to be paid to 1st United shareholders could be adversely affected by a decrease in the trading price of Valley common stock during the pendency of the merger;

expected benefits and synergies sought in the merger, including cost savings and Valley's ability to successfully market its financial products to 1st United's customers, may not be realized or may not be realized within the expected time period;

the challenges of integrating the businesses, operations and employees of 1st United and Valley;

certain provisions of the merger agreement prohibit 1st United from soliciting, and limit its ability to respond to, proposals for alternative transactions;

1st United's obligation to pay to Valley a termination fee of \$14.5 million if 1st United recommends or accepts an alternative acquisition proposal may deter others from proposing an alternative transaction that may be more advantageous to 1st United's shareholders;

the possible effects on 1st United should the parties fail to complete the merger, including the possible effects on 1st United's common stock and the associated business and opportunity costs;

that 1st United's directors and executive officers have interests in the merger that are different from or in addition to those of its shareholders generally, as described in the section entitled "Proposal 1 of the 1st United Special Meeting - The Merger - Interests of Certain Persons in the Merger - Interests of 1st United Executive Officers and Directors in the Merger" on page []; and

the other risks described in the section entitled "Risk Factors" beginning on page [] and the risks of investing in Valley common stock identified in the Risk Factors sections of Valley's periodic reports filed with the SEC and incorporated by reference herein.

The discussion of the information and factors considered by the 1st United Board of Directors is not exhaustive, but includes the material factors considered by the 1st United Board of Directors. In view of the wide variety of factors considered by the 1st United Board of Directors in connection with its evaluation of the merger and the complexity of these matters, the 1st United Board of Directors did not attempt to quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decision. Furthermore, in considering the factors described above, individual members of 1st United's Board of Directors may have given different weights to different factors. The 1st United Board of Directors evaluated the factors described above, including asking questions of 1st United's management and 1st United's legal and financial advisors, and reached the unanimous decision that the merger was in the best interests of 1st United and its shareholders. The Board of Directors realized there can be no assurance about future results, including results expected or considered in the factors listed above. However, the Board of Directors concluded the potential positive factors outweighed the potential risks of completing the merger. It should be noted that this explanation of the 1st United Board of Directors' reasoning and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under the heading "Forward-Looking Statements" beginning on page [].

On the basis of these considerations, 1st United's Board of Directors unanimously approved the merger agreement.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE SHAREHOLDERS OF 1ST UNITED VOTE FOR THE APPROVAL OF THE MERGER AGREEMENT.

Valley's Reasons for the Merger

In reaching its decision to approve the merger agreement, the Valley Board of Directors consulted with its outside legal counsel and its financial advisor, and considered a variety of factors, including the following:

Valley's ongoing strategy of highly focused growth through acquisitions of other strong financial institutions;

its knowledge of Valley's business, operations, financial condition, earnings and prospects and of 1st United's business, operations, financial condition, earnings and prospects, taking into account the results of Valley's due diligence review of 1st United;

Table of Contents

its belief that 1st United and Valley share a compatible community banking model;

the similarity between Valley's and 1st United's approach to banking, which both focus on strong asset quality, customer service and earnings;

that 1st United would enable Valley to expand its presence into desirable and economically growing Florida urban banking markets;

that 1st United shareholders would be expected to own no more than 13.3% of the outstanding shares of common stock of the combined company immediately following the merger (based upon 200,361,014 shares of Valley common stock outstanding as of March 31, 2014 and assuming that no 1st United stock options are exercised prior to consummation of the merger);

the financial and other terms and ability of the 1st United Board of Directors to entertain third party acquisition proposals to acquire 1st United and conditions of the merger agreement, including providing for payment by 1st United to Valley of a termination fee of \$14.5 million, plus reasonable out of pocket expenses up to \$750,000, if the merger agreement is terminated under certain circumstances;

the requirement to obtain an opinion of Sandler O'Neill that the consideration to be paid in the merger to 1st United's shareholders is fair to Valley from a financial point of view, as more fully described under Proposal 1 of the Valley Special Meeting Amendment to Valley's Restated Certificate of Incorporation to Increase the Number of Authorized Shares of Valley's Common Stock by 100,000,000 Shares Opinion of Sandler O'Neill on page []; and

the regulatory and other approvals required in connection with the transaction and the likelihood such approvals will be received in a timely manner and without unacceptable conditions.

Interests of Certain Persons in the Merger

Interests of 1st United Executive Officers and Directors in the Merger

In considering the recommendations of the 1st United Board of Directors, 1st United's shareholders should be aware that some of the executive officers and directors of 1st United have interests in the merger that differ from, or may be in addition to, the interests of 1st United's shareholders. These interests may present such executive officers and directors with actual or potential conflicts of interests, and these interests, to the extent material, are described below:

Ownership of 1st United

Some of the officers and directors of 1st United currently own 1st United common stock and some of the officers and directors of 1st United have been granted 1st United stock options. As of May 31, 2014, such officers and directors beneficially owned an aggregate of 4,959,794 shares of 1st United common stock.

Indemnification; Directors and Officers Insurance

Pursuant to the merger agreement, for a period of six years after the effective time of the merger, Valley has agreed to indemnify, defend, hold harmless and advance expenses to each present and former officer and director of 1st United and its subsidiaries to the fullest extent authorized or permitted by law. Valley also has agreed that all rights to indemnification and advancement of expenses from liabilities under 1st United's certificate of incorporation with respect to acts or omissions occurring prior to the effective time of the merger now existing in favor of current and former officers and directors of 1st United or any of its subsidiaries will survive the merger and continue in full force and effect in accordance with their terms and without regard to any subsequent amendment thereof.

The merger agreement further provides that Valley will cause the officers and directors of 1st United and its subsidiaries to be covered for a period of six years after the effective time of the merger under an extension of 1st

Table of Contents

United's existing directors' and officers' liability insurance policy, provided, however, that Valley is only required to obtain such coverage at an aggregate cost not to exceed 300% of the annual premium currently paid by 1st United for such coverage.

Summary of Payments and Benefits to Directors

Non-employee directors of 1st United are not expected to receive any compensation based on or related to the merger that has not already accrued or vested in them, other than the acceleration of vesting of stock options and restricted stock awards as discussed below.

Equity Compensation Awards

1st United's directors and executive officers participate in 1st United's equity-based compensation plans and hold outstanding stock options and restricted stock granted under such plans. Holders of unexercised 1st United stock options, which will be cancelled immediately prior to the effective time of the merger, will be entitled to consideration consisting of a cash payment from 1st United at the time of such stock option cancellation in an amount equal to the number of shares of 1st United common stock into which such stock options held are convertible multiplied by the excess of the value of the merger consideration per 1st United share (measured by Valley's Average Closing Price) over the exercise price per share provided for in such 1st United stock options. The payments to the 1st United option holders shall be treated as compensation and shall be net of any applicable federal and state withholding taxes. Each outstanding share of restricted stock of 1st United will be converted automatically into a fully vested right to receive the merger consideration.

The following table sets forth, based on outstanding awards under 1st United's equity plans and other compensatory arrangements as of May 31, 2014, the number and value of shares of 1st United restricted stock held by each such person:

Amended Employment Agreements; Amended Supplemental Executive Retirement Plan Agreements and New Employment Agreements for Rudy Schupp, Warren Orlando and John Marino

The existing Third Amended and Restated Employment Agreements, dated January 24, 2012, as amended on July 23, 2013 and November 12, 2013 (the "Employment Agreements"), for each of Warren Orlando, Rudy Schupp and John Marino provide that upon a Change of Control of 1st United (as defined in the Employment Agreements) each executive would receive (i) a lump sum payment within 30 days equal to three times the average of the two highest amounts of annual cash compensation received by any named executive officer of 1st United during the past five completed fiscal years, (ii) a lump sum payment within 30 days equal to the difference between (A) the present value of current and future benefits to the executive under the 1st United pension plans assuming the executive remained employed for an additional three years after the effective time of the merger, and (B) the present value of the accrued benefits to which the executive is actually entitled as of the effective time of the merger under the 1st United pension plans, (iii) a lump sum payment within 30 days equal to the present value of the additional contributions 1st United would have made to the executive's 401(k) plan if he had remained employed by 1st United for three years after the effective time of the merger, and (iv) health care benefits and the maintenance of life insurance benefits for a period of fifteen years following termination of employment. In addition, the Employment Agreements each provide that upon a

Change of Control of 1st United each executive would receive a tax gross-up payment equal to the amount of excise tax payments incurred (including any income or payroll tax incurred on such excise taxes) by each executive under Section 4999 of the Code with respect to excess parachute payments as defined under Section 280G of the Code in connection with the payments made to the executives following a Change of Control. Lastly, the Employment Agreements require 1st United to pay each executive's federal income tax liability incurred by the executive upon the vesting of the executive's restricted stock for any reason, including in connection with a Change in Control of 1st United.

On May 7, 2014, 1st United and 1st United Bank entered into amendments to the Employment Agreements (the Revised Employment Agreements) and amendments to the Supplemental Executive Retirement Plan Agreements (the Revised SERP Agreements) with each of Warren Orlando, Rudy Schupp and John Marino. In addition, at the request of Valley, as a condition to Valley executing the merger agreement, Valley and Valley National Bank entered into new employment agreements with each of Messrs. Orlando, Schupp and Marino (the Valley Employment Agreements). The purpose of the Revised Employment Agreements and Revised SERP Agreements was to (i) reduce the cost of the benefits payable under the Employment Agreements and the Supplemental Executive Retirement Plan Agreements (the SERP Agreements) by eliminating the tax gross-up payments to the officers attributable to Sections 280G and 4999 of the Code and reducing the amounts payable to the officers under the SERP Agreements upon the completion of the merger; and (ii) to quantify the benefits to be paid to the officers under the Employment Agreements and the SERP Agreements in the settlement of Valley's obligations following the merger, which will be terminated simultaneously with the consummation of the merger. The purpose of the Valley Employment Agreements is to facilitate retaining the officers' services following the merger and to serve as an inducement to Valley to enter into the merger agreement by (i) providing additional compensation for continuing to provide services following the closing of the merger through at least a transition period, and (ii) obtaining agreements from each of the officers not to compete with Valley or solicit customers of Valley or 1st United in specified geographic locations for a period of three years following the termination of employment of each officer. Valley viewed these restrictive covenants as a critical component of the overall transaction with 1st United. Valley desired to retain the executives for a period of time following the closing but needed assurances from the executives that Valley would be able to retain 1st United employees and customers without interference from the executives after their employment with Valley had terminated.

The Revised Employment Agreements and the Revised SERP Agreements amend the executives' Employment Agreements and SERP Agreements to:

Eliminate the payment by 1st United and 1st United Bank of cash amounts intended to cover excise taxes incurred under Section 4999 of the Code with respect to excess parachute payments as defined under Section 280G of the Code; and

Reduce the interest rate applicable to calculate the present value of current and future benefits payable to the executives under 1st United's and 1st United Bank's pension plans to the greater of (i) the applicable rate prescribed by the PBGC, and (ii) 4%.

The Revised Employment Agreements also provide that 1st United and 1st United Bank shall, at the direction of Valley, terminate each executive's Revised Employment Agreement and Revised SERP Agreement at or before the effective time of the merger in accordance with the terms of the Revised Employment Agreements, Revised SERP Agreements and Section 409A of the Code in exchange for the lump sum cash payment of \$6,078,193 in settlement of its obligations following the merger under both the Employment Agreements and the SERP Agreements. Such payment represents a substantial reduction in the cash and benefits that would have been paid to each executive under his respective Employment Agreement and SERP Agreement upon the consummation of the merger.

The Valley Employment Agreements take effect at the effective time of the merger and contain the following material terms:

Employment terms of 3 years, 1 year and 6 months for Messrs. Schupp, Orlando and Marino, respectively;

Base salaries at an annual rate of \$340,000, \$170,000 and \$340,000 for Messrs. Schupp, Orlando and Marino, respectively;

Eligibility for an annual bonus and annual equity awards for Mr. Schupp;

Fringe benefits and perquisites generally available to similarly situated Valley executives including a monthly automobile allowance of \$1,200 (or for Mr. Schupp, the full-time use of a company car at his

election, subject to a \$1,200 per month limitation) and reimbursement for two club memberships up to \$22,000 in the aggregate per year;

If the executives are terminated without Cause or for Good Reason (as each term is defined in the Valley Employment Agreements), they will be entitled to receive their normal base salary payments that would have been earned had they remained employed until the greater of: (A) six months (or 12 months for Mr. Schupp) from the termination date; or (B) the end of the employment term;

If the executives are terminated without Cause or for Good Reason following a change in control of Valley, the executives shall receive a lump sum payment equal to the greater of:

(A) 24 months of normal base salary payments and (B) normal base salary payments until the end of the term, in the case of Mr. Schupp;

(A) 12 months of normal base salary payments and (B) normal base salary payments until the end of the term, in the case of Mr. Orlando; and

(A) 6 months of normal base salary payments and (B) normal base salary payments until the end of the term, in the case of Mr. Marino;

Reimbursement for health insurance coverage for each executive and his spouse for a period of 15 years following termination of employment, up to \$1,864 per month, provided, however, that on January 1 of each year during the coverage period, such maximum amount will increase by 5%;

Payment of \$23,277 upon termination of employment in lieu of providing post-retirement life insurance coverage for 15 years; and

In exchange for a lump sum payment of \$1,333,333 at the effective time of the merger, each executive agrees not to, for a period of three years following termination of employment, (i) engage in any business activity in which the Valley National Bank engages in within 50 miles of any Valley branch location, and (ii) solicit Valley National Bank customers or employees.

The lump sum and other payments that each executive officer will receive at the effective time of the merger under their respective Revised Employment Agreements, Revised SERP Agreements and Valley Employment Agreements and pursuant to the merger agreement are described in more detail under Proposal 2 of 1st United Special Meeting Advisory Vote on Executive Compensation Payments on page []:

Employment Agreement of Wade Jacobson

Valley has agreed to honor the Employment Agreement of Wade Jacobson, the Executive Vice President of 1st United. Pursuant to the terms of the Employment Agreement, within 30 days following the effective date of the

merger, Valley will pay Mr. Jacobson a lump sum equal to his current annual base salary of \$217,000. At the end of the calendar year following the effective date, Valley will also pay Mr. Jacobson an amount equal to the average bonus for the two immediately preceding years. If the merger closes in 2014, the amount of this payment will be \$59,690. If Valley terminates Mr. Jacobson for any reason following the effective time of the merger, Valley will reimburse Mr. Jacobson for his monthly health insurance continuation premiums under the Consolidated Omnibus Budget Reconciliation Act (COBRA), up to \$1,000 per month, for a period of twelve months following such termination.

Other Employee Benefits

Before or following consummation of the merger, Valley will decide whether to continue each employee welfare benefit plan, within the meaning of ERISA, for the benefit of employees of 1st United and 1st United Bank or have such employees become covered under a Valley welfare plan. Subject to the foregoing, following consummation of the merger, Valley will make available to all officers and employees of 1st United who become employees of Valley National Bank coverage under the benefit plans generally available to Valley National

Bank's officers and employees. No prior existing condition limitation not currently imposed by 1st United or 1st United Bank medical or dental plans will be imposed on employees of 1st United or 1st United Bank under Valley's or Valley National Bank's medical or dental plans. Employees of 1st United or 1st United Bank will receive credit for any deductibles paid under 1st United or 1st United Bank medical or dental plans. 1st United employees will be given credit for eligibility and vesting purposes (but not for benefit accrual purposes) under Valley National Bank's medical, life, vacation, sick leave, disability and other welfare plans for prior service with 1st United. 1st United employees will be granted credit for prior service with 1st United solely for purposes of eligibility and vesting under Valley National Bank's 401(k) plan.

Officers and employees of 1st United and 1st United Bank who are not party to employment agreements and are terminated involuntarily other than for cause by Valley or Valley National Bank upon or within one year following the consummation of the merger, will be eligible for severance payments. The amount of severance payments will vary based on the employment level and the number of years worked at 1st United for each affected employee. 1st United employees are eligible for enhanced benefits to the extent that they sign a standard separation agreement and waiver. In addition, these terminated employees will be reimbursed for payments made for continuing group health care coverage under COBRA for a number of months specified in 1st United's severance benefits package. None of Messrs. Orlando, Schupp, Marino or Jacobson are eligible for these benefits as they each have separate employment arrangements with 1st United.

Opinions of 1st United's Financial Advisors

Opinion of Keefe, Bruyette & Woods, Inc.

1st United engaged KBW to render financial advisory and investment banking services to 1st United, including an opinion to the 1st United Board of Directors as to the fairness, from a financial point of view to the holders of 1st United common stock, of the exchange ratio of 0.89 of a share of Valley common stock to one share of 1st United common stock, in the proposed merger of 1st United with and into Valley. 1st United selected KBW because KBW is a nationally recognized investment banking firm with substantial experience in transactions similar to the merger. As part of its investment banking business, KBW is continually engaged in the valuation of financial services businesses and their securities in connection with mergers and acquisitions.

As part of its engagement, representatives of KBW attended the meeting of the 1st United Board of Directors held on May 7, 2014, at which the 1st United Board of Directors evaluated the proposed merger. At this meeting, KBW reviewed the financial aspects of the proposed merger and rendered an opinion to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW as set forth in such opinion, the 0.89 exchange ratio in the proposed merger was fair, from a financial point of view, to the holders of 1st United common stock. The 1st United Board of Directors approved the merger agreement at this meeting.

The description of the opinion set forth herein is qualified in its entirety by reference to the full text of the opinion, which is attached as *Appendix B* to this document and is incorporated herein by reference, and describes the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by KBW in preparing the opinion.

KBW's opinion speaks only as of the date of the opinion. The opinion was for the information of, and was directed to, the 1st United Board of Directors (in its capacity as such) in connection with its consideration of the financial terms of the merger. The opinion addressed only the fairness, from a financial point of view, of the 0.89 exchange ratio in the merger to the holders of 1st United common stock. It did not address the underlying business decision of 1st United to engage in the merger or enter into the merger agreement or constitute a recommendation to the 1st United Board of Directors in connection with the merger, and it does not constitute a recommendation to any 1st United shareholder or any shareholder of any other entity as to how to vote in connection with the merger or any other matter, nor does it constitute a recommendation on whether or not any holder of 1st United common stock should enter into a voting, shareholders' or affiliates' agreement with respect to the merger.

KBW's opinion was reviewed and approved by KBW's Fairness Opinion Committee in conformity with its policies and procedures established under the requirements of Rule 5150 of the Financial Industry Regulatory Authority.

In connection with the opinion, KBW reviewed, analyzed and relied upon material bearing upon the financial and operating condition of 1st United and Valley and the merger, including, among other things:

a draft, dated May 6, 2014, of the merger agreement (the most recent draft then made available to KBW);

certain regulatory filings of 1st United and Valley, including the quarterly call reports with respect to each quarter during the three year period ended December 31, 2013;

Table of Contents

the audited financial statements and Annual Reports on Form 10-K for the three years ended December 31, 2013 of 1st United and Valley;

the unaudited quarterly financial statements and quarterly reports on Form 10-Q for the fiscal quarter ended March 31, 2014 of 1st United and Valley;

certain other interim reports and other communications of 1st United and Valley to their respective shareholders; and

other financial information concerning the businesses and operations of 1st United and Valley furnished to KBW by 1st United and Valley for purposes of KBW's analysis.

KBW's consideration of financial information and other factors that it deemed appropriate under the circumstances or relevant to its analyses included, among others, the following:

the historical and current financial position and results of operations of 1st United and Valley;

the assets and liabilities of 1st United and Valley;

the nature and terms of certain other mergers and business combinations in the banking industry;

a comparison of certain financial and stock market information of 1st United and Valley with similar information for certain other publicly traded companies;

the budget of 1st United for 2014 which contained financial and operating forecasts and projections of 1st United for 2014 that were prepared, and provided to and discussed with KBW, by 1st United management and that were relied upon by KBW with the consent of the 1st United Board of Directors;

publicly available consensus street estimates of 1st United for 2015 and of Valley for 2014 and 2015, as well as assumed long term growth rates for subsequent periods for 1st United and Valley that were prepared, and provided to KBW, by 1st United management, all of which information was discussed with KBW by 1st United management and used and relied on by KBW at the direction of such management with the consent of the 1st United Board of Directors; and

estimates regarding certain pro forma financial effects of the merger on Valley (including, without limitation, purchase accounting assumptions, cost savings and related expenses expected to result from the merger) that were prepared and provided to KBW and discussed with KBW by Valley management, and that were used and relied upon by KBW with the consent of the 1st United Board of Directors.

KBW also performed such other studies and analyses as it considered appropriate and took into account its assessment of general economic, market and financial conditions and its experience in other transactions, as well as its experience in securities valuation and knowledge of the banking industry generally. KBW also held discussions with senior management of 1st United and Valley regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters that KBW deemed relevant to its inquiry. KBW also considered the results of the efforts undertaken by 1st United, with KBW's assistance, to solicit indications of interest from third parties regarding a potential transaction with 1st United.

In conducting its review and arriving at its opinion, KBW relied upon and assumed the accuracy and completeness of all of the financial and other information provided to it or publicly available and did not independently verify the accuracy or completeness of any such information or assume any responsibility or liability for such verification, accuracy or completeness. KBW relied upon the management of 1st United as to the reasonableness and achievability of the financial and operating forecasts and projections of 1st United and assumed long term growth rates (and the assumptions and bases therefor) that were prepared by 1st United management and provided to and discussed with KBW by such management and as to the reasonableness and achievability of the publicly available consensus street estimates of 1st United and Valley that KBW was

Table of Contents

directed by such management to use. KBW assumed, at the direction of 1st United, that such forecasts and projections reflected, or in the case of the publicly available consensus street estimates of 1st United and Valley were consistent with, the best currently available estimates and judgments of 1st United management and that such forecasts, projections and estimates would be realized in the amounts and time periods estimated. KBW further relied upon management of Valley as to the reasonableness and achievability of the estimates regarding certain pro forma effects of the merger on Valley (and the assumptions and bases therefor, including without limitation purchase accounting assumptions, cost savings and related expenses expected to result from the merger) that were prepared by Valley management and provided to and discussed with KBW by such management, and KBW assumed, with the consent of 1st United, that all such estimates were reasonably prepared on a basis reflecting the best currently available estimates and judgments of Valley management and that such estimates would be realized in the amounts and in the time periods estimated.

It is understood that the forecasts, projections and estimates that were provided to KBW by 1st United management (in the case of the budget of 1st United for 2014 and assumed long term growth rates for 1st United and Valley) and by Valley management (in the case of estimates regarding pro forma financial effects of the merger on Valley) were not prepared with the expectation of public disclosure, that such forecasts, projections and estimates, together with the publicly available consensus street estimates of 1st United and Valley that KBW was directed to use, are based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions and that, accordingly, actual results could vary significantly from those set forth in such forecasts, projections and estimates. KBW assumed, based on discussions with the respective management teams of 1st United and Valley, that such forecasts, projections and estimates provided a reasonable basis upon which KBW could form its opinion and KBW expressed no view as to any such information or the assumptions or bases therefor. KBW relied on all such information without independent verification or analysis and did not in any respect assume any responsibility or liability for the accuracy or completeness thereof.

KBW also assumed that there were no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of either 1st United or Valley since the date of the last financial statements made available to KBW. KBW is not an expert in the independent verification of the adequacy of allowances for loan and lease losses and KBW assumed, without independent verification and with 1st United's consent, that the aggregate allowances for loan and lease losses for 1st United and Valley were adequate to cover such losses. In rendering its opinion, KBW did not make or obtain any evaluations or appraisals or physical inspection of the property, assets or liabilities (contingent or otherwise) of 1st United or Valley, the collateral securing any of such assets or liabilities, or the collectability of any such assets, nor did KBW examine any individual loan or credit files, nor did it evaluate the solvency, financial capability or fair value of 1st United or Valley under any state or federal laws, including those relating to bankruptcy, insolvency or other matters. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, KBW assumed no responsibility or liability for their accuracy.

KBW assumed that, in all respects material to its analyses:

the merger and any related transactions (which, for this section of the document, includes the contemporaneous merger of 1st United Bank, a wholly-owned subsidiary of 1st United, with and into Valley National Bank, a wholly-owned subsidiary of Valley) would be completed substantially in accordance with the terms set forth in the merger agreement (the final terms of which KBW assumed would not differ in any respect material to KBW's analyses from the latest draft of the merger agreement that had been reviewed by KBW) with no adjustments to the 0.89 exchange ratio or additional forms of consideration;

the representations and warranties of each party in the merger agreement and in all related documents and instruments referred to in the merger agreement are true and correct;

Table of Contents

each party to the merger agreement and all related documents would perform all of the covenants and agreements required to be performed by such party under such documents;

there are no factors that would delay or subject to any adverse conditions, any necessary regulatory or governmental approval for the merger and that all conditions to the completion of the merger would be satisfied without any waivers or modifications to the merger agreement; and

in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the merger, no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, would be imposed that would have a material adverse effect on the future results of operations or financial condition of 1st United, Valley, the combined entity or the contemplated benefits of the merger, including the cost savings and related expenses expected to result from the merger.

KBW assumed that the merger would be consummated in a manner that complied with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable federal and state statutes, rules and regulations. KBW further assumed that 1st United relied upon the advice of its counsel, independent accountants and other advisors (other than KBW) as to all legal, financial reporting, tax, accounting and regulatory matters with respect to 1st United, Valley, the merger and related transactions and the merger agreement. KBW did not provide advice with respect to any such matters.

KBW's opinion addressed only the fairness from a financial point of view and as of the date of such opinion, of the 0.89 exchange ratio in the merger to the holders of 1st United common stock. Although the merger agreement contains a collar mechanism providing for a floating exchange ratio in the event the price of Valley common stock is greater than a specified threshold, and a floating exchange ratio and/or cash consideration component in the event the price of Valley common stock is less than a specified threshold, in each case in lieu of the 0.89 exchange ratio, KBW expressed no view or opinion with respect to such terms of the merger agreement. KBW expressed no view or opinion as to any terms or other aspects of the merger or any related transaction, including without limitation, the form or structure of the merger or any related transaction, any consequences of the merger to 1st United, its shareholders, creditors or otherwise, or any terms, aspects or implications of any employment, voting, support, shareholder or other agreements, arrangements or understandings contemplated or entered into in connection with the merger or otherwise. KBW's opinion was necessarily based upon conditions as they existed and could be evaluated on the date of such opinion and the information made available to KBW through such date. Developments subsequent to the date of KBW's opinion may have affected, and may affect, the conclusion reached in KBW's opinion and KBW did not and does not have an obligation to update, revise or reaffirm its opinion. KBW's opinion did not address, and KBW expressed no view or opinion with respect to:

the underlying business decision of 1st United to engage in the merger or enter into the merger agreement;

the relative merits of the merger as compared to any strategic alternatives that are, have been or may be available to or contemplated by 1st United or the 1st United Board of Directors;

the fairness of the amount or nature of any compensation to any of 1st United's officers, directors or employees, or any class of such persons, relative to any compensation to the holders of 1st United common

stock;

the effect of the merger or any related transaction on, or the fairness of the consideration to be received by, holders of any class of securities of 1st United other than 1st United common stock (solely with respect to the 0.89 exchange ratio), or of any class of securities of Valley or any other party to any transaction contemplated by the merger agreement;

whether Valley has sufficient cash, available lines of credit or other sources of funds to enable it to pay cash consideration, if any, in the merger to the holders of 1st United common stock at the closing of the merger, as provided in the merger agreement;

the actual value of Valley common stock to be issued in the merger;

the prices, trading range or volume at which the common stock of 1st United or Valley would trade following the public announcement of the merger or the prices, trading range or volume at which the common stock of Valley will trade following the consummation of the merger;

any advice or opinions provided by any other advisor to any of the parties to the merger or any other transaction contemplated by the merger agreement; or

any legal, regulatory, accounting, tax or similar matters relating to 1st United, Valley, their respective shareholders, or relating to or arising out of or as a consequence of the merger or any related transaction, including whether or not the merger would qualify as a tax-free reorganization for United States federal income tax purposes.

In performing its analyses, KBW made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, which are beyond the control of KBW, 1st United and Valley. Any estimates contained in the analyses performed by KBW are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. In addition, the KBW opinion was among several factors taken into consideration by the 1st United Board of Directors in making its determination to approve the merger agreement and the merger.

Consequently, the analyses described below should not be viewed as determinative of the decision of the 1st United Board of Directors with respect to the fairness of the merger consideration. The type and amount of consideration payable in the merger were determined through negotiation between 1st United and Valley and the decision to enter into the merger agreement was solely that of the 1st United Board of Directors.

The following is a summary of the material financial analyses performed by KBW in connection with its opinion. The summary is not a complete description of the financial analyses underlying the opinion or the presentation made by KBW to the 1st United Board of Directors, but summarizes the material analyses performed and presented in connection with such opinion. The preparation of a fairness opinion is a complex analytic process involving various determinations as to appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, KBW did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. The financial analyses summarized below include information presented in tabular format. Accordingly, KBW believes that its analyses and the summary of its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying its analyses and opinion. The tables alone do not constitute a complete description of the financial analyses. For purposes of its analyses, the implied value of 0.89 of a share of Valley stock to be exchanged for each share of 1st United common stock that was utilized by KBW was \$8.66, based on the closing price of Valley common stock on May 6, 2014.

For each selected transaction, KBW derived, to the extent publicly available, the ratio of the transaction consideration value per common share paid for the acquired company to the following, in each case based on the then latest publicly available financial statements of the acquired company and other publicly available information available prior to the announcement of the acquisition:

LTM EPS of the acquired company;

Table of Contents

current year estimated EPS (FWD EPS) of the acquired company;

tangible book value per share of the acquired company; and

tangible equity premium to core deposits (total deposits less time deposits greater than \$100,000).

KBW also reviewed the price per common share paid for the acquired company for each selected transaction as a premium to the closing price of the acquired company one day prior to the announcement of the acquisition (expressed as a percentage and referred to as the one-day market premium). The above transaction multiples and one-day market premiums for the selected transactions were compared with the corresponding transaction multiples and one-day market premium for the proposed merger based on the implied value of the merger consideration of \$8.66 per share of 1st United common stock and using historical financial information for 1st United as of March 31, 2014, 1st United's 2014 estimated EPS per 1st United management and the closing price of 1st United common stock on May 6, 2014. KBW also derived the implied transaction multiple of 18.0x for the proposed merger using the First Call consensus 2015 estimated EPS for 1st United.

The results of the analysis, excluding the impact of certain selected transaction LTM EPS and FWD EPS multiples considered to be not meaningful, are set forth in the following table:

Relative Contribution Analysis. KBW analyzed the relative stand alone contribution of Valley and 1st United to various pro forma balance sheet and income statement items and the pro forma market capitalization of the combined entity. This analysis excluded purchase accounting adjustments. To perform this analysis, KBW used (i) balance sheet data for Valley and 1st United as of March 31, 2014, (ii) First Call consensus 2014 and 2015 EPS estimates for Valley and 1st United management's 2014 EPS estimate and the First Call consensus 2015 EPS estimate for 1st United and (iii) market price data as of May 6, 2014. The results of KBW's analysis are set forth, and compared to the implied pro forma ownership percentages of Valley and 1st United shareholders in the combined company based on the 0.89 exchange ratio, in the following table:

Discounted Cash Flow Analysis. KBW performed a discounted cash flow analysis to estimate a range for the implied equity value of 1st United. In this analysis, KBW used financial forecasts and projections relating to the earnings and assets of 1st United prepared, and provided to KBW, by 1st United management or, in the case of 2015 estimated earnings, obtained from First Call consensus at the direction of 1st United management, and assumed discount rates ranging from 12.0% to 15.0%. The ranges of values were derived by adding (i) the present value of the estimated free cash flows that 1st United could generate over the period from 2015 to 2019 as a stand-alone company, and (ii) the present value of 1st United's implied terminal value at the end of such period. KBW assumed that 1st United would maintain a tangible common equity ratio of 8.00% and would retain sufficient earnings to maintain that level based on these assumptions. Any free cash flows in excess of what would need to be retained represented dividendable cash flows for 1st United. In calculating the terminal value of 1st United, KBW applied a range of 13.0x to 16.0x estimated 2020 earnings. This discounted cash flow analysis resulted in a range of implied values per share of 1st United common stock of approximately \$6.08 per share to \$7.92 per share.

The discounted cash flow analysis is a widely used valuation methodology, but the results of such methodology are highly dependent on the assumptions that must be made, including asset and earnings growth rates, terminal values,

dividend payout rates, and discount rates. The analysis did not purport to be indicative of the actual values or expected values of 1st United.

Pro Forma Financial Impact Analysis. KBW performed a pro forma financial impact analysis that combined projected income statement and balance sheet information of Valley and 1st United. Using closing balance sheet estimates as of December 31, 2014 for Valley and 1st United based on long-term balance sheet growth rate assumptions provided by the respective managements of Valley and 1st United, 2014 and 2015 earnings estimates for Valley per First Call consensus, 2014 earnings estimates for 1st United prepared by 1st

Table of Contents

United management, 2015 earnings estimates for 1st United per First Call consensus and pro forma assumptions (including purchase accounting assumptions, cost savings and related expenses) provided by Valley management, KBW analyzed the potential financial impact of the merger on certain projected financial results of Valley. This analysis indicated the merger could be accretive to Valley's 2015 estimated EPS and dilutive to Valley's estimated tangible book value per share as of December 31, 2014. Furthermore, the analysis indicated that, pro forma for the proposed merger, each of Valley's tangible common equity to tangible assets ratio, leverage ratio and Tier 1 Risk-Based Capital Ratio as of December 31, 2014 could be higher and that Valley's Total Risk Based Capital Ratio as of December 31, 2014 could be lower. For all of the above, the actual results achieved by Valley following the merger may vary from the projected results, and the variations may be material.

Miscellaneous. KBW acted as financial advisor to 1st United in connection with the proposed merger and did not act as an advisor to or agent of any other person. As part of its investment banking business, KBW is continually engaged in the valuation of bank and bank holding company securities in connection with acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for various other purposes. As specialists in the securities of banking companies, KBW has experience in, and knowledge of, the valuation of banking enterprises. Further to ongoing sales and trading relationships between KBW and each of 1st United and Valley, from time to time KBW has, in the ordinary course of its business as a broker-dealer, purchased securities from, or sold securities to, 1st United and Valley. As a market maker in securities, KBW may from time to time have a long or short position in, and buy or sell, debt or equity securities of 1st United and Valley for its own account and for the accounts of its customers. Any KBW proprietary or employee positions in 1st United and Valley, as of the date of KBW's opinion, were disclosed to 1st United.

Pursuant to the KBW engagement agreement, 1st United agreed to pay KBW a cash fee, currently expected to be approximately \$2.0 million, based on the aggregate merger consideration, of which \$500,000 was paid to KBW upon the rendering of its opinion and \$1.5 million is payable upon completion of the merger. 1st United also agreed to reimburse KBW for reasonable out-of-pocket expenses and disbursements incurred in connection with its retention and to indemnify KBW against certain liabilities relating to or arising out of KBW's engagement or KBW's role in connection therewith. Other than in connection with this present engagement, during the two years preceding the date of its opinion, KBW has not provided investment banking and financial advisory services to 1st United. In April 2012, KBW provided financial advisory services to 1st United in connection with its acquisition of Anderen Financial, Inc. In the past two years, KBW has provided investment banking and financial advisory services to Valley and received compensation for such services. Specifically, KBW served as a joint book-running manager in connection with the registered offering by Valley of subordinated debentures in September 2013 and received compensation of approximately \$241,000 for such services. KBW may in the future provide investment banking and financial advisory services to 1st United or Valley and receive compensation for such services.

Opinion of RP Financial, LC

1st United retained RP Financial on April 25, 2014 to render an opinion regarding the fairness from a financial point of view with respect to the merger consideration to be received by 1st United shareholders in the Transaction (the RPF Fairness Opinion). In engaging RP Financial for its fairness opinion, the 1st United Board of Directors did not give any special instructions to RP Financial, nor did it impose any limitations upon the scope of the investigation that RP Financial wished to conduct to enable it to give its opinion. RP Financial has delivered to 1st United its written opinion, dated May 7, 2014, to the effect that, based upon and subject to the matters set forth therein and other matters it considered relevant, as of that date, the merger consideration to be received in connection with the merger with Valley was fair to the 1st United shareholders from a financial point of view. The RPF Fairness Opinion was directed to the Board of Directors of 1st United in its consideration of the merger agreement, and did not constitute a recommendation to any shareholder of 1st United as to any action that such shareholder should take in connection

with the merger agreement or otherwise. The RPF Fairness Opinion is directed only to the fairness of the merger consideration to the current holders of 1st United

from a financial point of view as of the date of the opinion. A copy of the RPF Fairness Opinion is set forth as *Appendix C* to this joint proxy statement-prospectus, and 1st United shareholders should read it in its entirety. RP Financial has consented to the inclusion and description of its written opinion in this joint proxy statement-prospectus.

Pursuant to a letter agreement dated and executed April 25, 2014 by and between RP Financial and 1st United (the RP Engagement Letter), RP Financial estimates that it will receive from 1st United total professional fees of approximately \$150,000 plus reimbursement of certain out-of-pocket expenses, for its fairness opinion services in connection with the merger.

In addition, 1st United has agreed to indemnify and hold harmless RP Financial, any affiliates of RP Financial, and the respective directors, officers, agents and employees of RP Financial or their successors and assigns who act for or on behalf of RP Financial in connection with the services called for under the RP Engagement Letter, from and against any and all losses, claims, damages and liabilities (including, but not limited to, all losses and expenses in connection with claims under the federal securities laws), actually incurred by RP Financial and attributable to: (i) any untrue statement of a material fact contained in the financial statements or other information furnished or otherwise provided by an authorized officer of 1st United to RP Financial; (ii) the omission of a material fact from the financial statements or other information furnished or otherwise made available by an authorized officer of 1st United to RP Financial, or (iii) any action or omission to act by 1st United, or 1st United's respective officers, directors, employees or agents, which action or omission is willful. Notwithstanding the foregoing, 1st United will be under no obligation to indemnify RP Financial hereunder if a court determines that RP Financial was negligent or acted in bad faith or willfully with respect to any actions or omissions of RP Financial related to a matter for which indemnification is sought.

In addition, if RP Financial is entitled to indemnification from 1st United and in connection therewith incurs legal expenses in defending any legal action challenging the opinion of RP Financial where RP Financial is not negligent or otherwise at fault or is found by a court of law to be not negligent or otherwise at fault, 1st United will indemnify RP Financial for all reasonable expenses.

In rendering its opinion, RP Financial reviewed the following:

banks in the Southeastern United States with certain comparable financial characteristics as 1st United;

the estimated pro forma financial benefits of the merger to 1st United shareholders;

in person interviews with senior executive officers of 1st United; and

analysis regarding Valley and 1st United and the proposed transaction between Valley and 1st United provided to RP Financial by 1st United.

In addition, RP Financial reviewed or considered the following materials or information for Valley and, as further described below, certain peers of Valley:

the annual audited financial statements for the fiscal years ended 2010 to 2013, as presented in Valley's Form 10-K filings;

the quarterly financial report submitted to the OCC by Valley National Bank through March 31, 2014;

the quarterly earnings release for Valley for the quarter ended March 31, 2014;

historical publicly-available financial and pricing information regarding Valley as published by SNL Financial, Inc.;

the recent stock price history for Valley compared to certain peers; and

Valley financial information and pricing characteristics versus a peer group of publicly-traded institutions with comparable market capitalization.

In rendering its opinion, RP Financial relied, without independent verification, on the accuracy and completeness of the information concerning 1st United and Valley furnished by the respective institutions to RP Financial for review for purposes of its opinion, as well as publicly-available information regarding other financial institutions and competitive, economic and demographic data. RP Financial has further relied on the assurances of management of 1st United and Valley as included in the merger agreement. RP Financial has not been asked to and has not undertaken an independent verification of any of such information and RP Financial does not assume any such responsibility or liability for the accuracy or completeness thereof. 1st United did not restrict RP Financial as to the material it was permitted to review. RP Financial did not perform or obtain any independent appraisals or evaluations of the assets and liabilities, the collateral securing the assets or the liabilities (contingent or otherwise) of 1st United or Valley or the collectability of any such assets, nor has RP Financial been furnished with any such evaluations or appraisals. RP Financial did not make an independent evaluation of the adequacy of the allowance for loan losses of 1st United or Valley nor has RP Financial reviewed any individual credit files relating to 1st United or Valley.

RP Financial, with 1st United's consent, has relied upon the advice 1st United has received from its legal, accounting and tax advisors as to all legal, accounting and tax matters relating to the merger agreement and other transactions contemplated by the merger agreement. In rendering its opinion, RP Financial assumed that, in the course of obtaining the necessary regulatory and governmental approvals for the proposed merger, no restriction will be imposed on Valley that would have a material adverse effect on the ability of the merger to be consummated as set forth in the merger agreement. RP Financial also assumed that there has been no material change in 1st United or Valley's assets, financial condition, results of operations, business or prospects since the date of the most recent financial statement made available to RP Financial. RP Financial assumed, in all respects material to its analyses, that all of the representations and warranties contained in the merger agreement and all related agreements are true and correct, that each party to such agreements will perform all of the covenants required to be performed by such party under such agreements and that the conditions precedent in the merger agreement are not waived.

RP Financial's opinion was based solely upon the information available to it and the economic, market and other circumstances as they existed as of May 7, 2014. Events occurring after May 7, 2014 could materially affect the assumptions used in preparing the opinion. In connection with rendering its opinion dated May 7, 2014, RP Financial performed a variety of financial analyses that are summarized below. Although the evaluation of the fairness, from a financial point of view, of the merger consideration to 1st United shareholders was to some

Table of Contents

extent subjective based on the experience and judgment of RP Financial and not merely the result of mathematical analyses of financial data, RP Financial relied, in part, on the financial analyses summarized below in its determinations. The preparation of a fairness opinion is a complex process and RP Financial believes its analyses must be considered as a whole. Selecting portions of such analyses and factors considered by RP Financial without considering all such analyses and other factors could create an incomplete view of the process underlying RP Financial's opinion. In its analyses, RP Financial took into account its assessment of general business, market, monetary, financial and economic conditions, industry performance and other matters, many of which are beyond the control of 1st United and Valley, as well as RP Financial's experience in securities valuation, its knowledge of financial institutions, its knowledge of the current operating and mergers & acquisitions environments for financial institutions, and its experience in similar transactions. With respect to the comparable transactions analysis described below, no public company utilized as a comparison is identical to 1st United and such analyses necessarily involve complex considerations and judgments concerning the differences in financial and operating characteristics of the companies and other factors that could affect the acquisition values of the companies concerned. The analyses were prepared solely for purposes of RP Financial providing its opinion as to the fairness of the merger consideration to 1st United shareholders, and they do not purport to be appraisals or necessarily reflect the prices at which businesses or securities actually may be sold. Any estimates contained in RP Financial's analyses are not necessarily indicative of future results of values, which may be significantly more or less favorable than such estimates.

Comparable Transactions Analysis. RP Financial compared the merger on the basis of the multiples or ratios of reported earnings, tangible book value and tangible book premium to core deposits to a selected comparable group of completed and pending bank mergers and acquisitions. The comparable targets group consisted of all acquisitions of commercial banks or commercial bank holding companies in the U.S. that were announced between January 1, 2012 and May 2, 2014, where the institution being acquired was profitable and reported assets of between \$1.0 billion and \$3.0 billion. There were a total of 23 transactions included in the comparable targets group as follows:

RP Financial also considered the pricing multiples of two additional peer groups that were similar to 1st United in terms of geographic location (the Florida Targets group) or unique financial characteristics (the Loss Share Targets group). The Florida Targets group consisted of all acquisitions of commercial banks or commercial bank holding companies in Florida that were announced between January 1, 2012 and May 2, 2014, where the institution being acquired reported assets between \$500 million and \$5.0 billion and a ratio of non-performing assets to assets of less than 4.0%. RP Financial compared the financial condition and recent performance of 1st United to the median financial conditions and recent performance measures of the companies included in the comparable targets group, as displayed in the table below. While the median financial conditions, recent performance and pricing of the Florida Targets group and Loss Share Targets group are shown as well, the comparable targets group was deemed to be the most appropriate comparable transactions group for this methodology, thus the median pricing of the Florida Targets group and Loss Share Targets group were not further considered in the valuation discussion that follows.

The median pricing multiples (price/tangible book value multiple, price/earnings multiple and core deposit premium multiple) of the comparable targets group were applied to 1st United's actual financial measures (tangible book value, earnings and core deposits) to derive a valuation range before adjustments. A downward adjustment was then made to account for the earnings difference between the comparable targets group and 1st United. The resulting valuation range was \$6.25 to \$6.60 per share, which was below the estimated offer price per share of \$9.09 as of May 7, 2014 based on Valley's 10-trading day average price of \$10.21 through May 2, 2014.

Control Premium Analysis. The control premium analysis applies a multiple to the pre-announcement fair market value or trading value of an acquisition target's common stock at various points in time (1-week and 1-month prior to announcement) to derive a sale of control value for a share of the acquisition target's stock. It is a two-step process.

First the fair market value of a minority share of 1st United common stock is estimated based on a peer group of comparable publicly-traded companies. Then a multiple is applied to the fair market value and the trading value of 1st United's stock based on control premium multiples paid in comparable transactions. The resulting valuation range is then compared to the offer price.

The fair market value of 1st United's stock was based on the trading multiples of two groups of comparable publicly-traded institutions. The Southeast peer group consisted of publicly-traded (listed on NASDAQ or the NYSE) commercial banks or commercial bank holding companies headquartered in the states of Florida, Alabama, Georgia, Mississippi, North Carolina or South Carolina with assets between \$1.0 and \$3.0 billion and positive earnings. There were a total of 10 institutions included in the Southeast peer group as follows:

Seacoast Banking Corp. of FL	FL
Palmetto Bancshares Inc.	SC
Fidelity Southern Corp.	GA
NewBridge Bancorp	NC
Peoples Bancorp of NC Inc.	NC
Park Sterling Corporation	NC
Colony Bankcorp Inc.	GA
State Bank Finl Corp.	GA
Capital City Bank Group Inc.	FL

The high non-interest bearing (NIB) deposit peer group consisted of publicly-traded commercial banks or commercial bank holding companies across the U.S. with assets between \$1.0 and \$3.0 billion, a ratio of NIB deposits to deposits above 30%, and positive earnings. This group was selected because of the pricing premium applied by the market to depository institutions that have a relatively high level of NIB deposits. There were a total of 13 institutions included in the NIB deposit peer group as follows:

Cascade Bancorp	OR
TriCo Bancshares	CA
First of Long Island Corporation	NY

Source: SNL Financial, LC.

After adjusting for differences between the peer group median financial condition and performance measures versus those of 1st United, a fair market value was derived for 1st United.

Then, a control premium analysis, which involved applying a control premium to the fair market value of 1st United stock that RP Financial derived as well as to the actual trading value of 1st United stock as of May 2, 2014, was performed to arrive at a range of sale of control values under this approach. The control premium applied was the median of the 1-week and 1-month premiums paid over the trading value of the stock of the comparable targets listed in the comparable transactions analysis (i.e., acquisition price at announcement divided by price of target 1-week and 1-month prior to announcement date). Focusing on the medians, RP Financial applied a 30% control premium to the range of trading values.

Applying this premium to the fair market value of 1st United's stock that RP Financial derived and to the actual closing price of FUBC's stock as of May 2, 2014 resulted in a sale of control valuation range of \$7.30 to \$9.40 per share compared to the estimated offer price per share of \$9.09 as of May 7, 2014.

Discounted Cash Flow Analysis. RP Financial evaluated the value per share of the current offer to the implied value of 1st United's current business plan. Using 1st United's 2014 budget data as a base, RP Financial extrapolated projected asset growth and profitability to 5 years assuming: (1) asset growth of 5.3% from March 31, 2014 through December 31, 2014 and annual asset growth of 7.5% thereafter through 2018; and (2) return on average assets of 0.70%, increasing to 0.85% in 2015 and 10% annually after 2014, to equal 1.14% by 2018. RP Financial assumed a

year 5 terminal value based on assumed acquisition premiums 5 years from today. Interim cash flows (dividends) were assumed at an amount that maintained a tangible common equity to assets ratio of 9.0%, including a return of capital in year 1 of the projections. RP Financial discounted the future cash flows, including an assumed sale of 1st United at year 5, back to present value at discount rates of 13.0% and 15.0%. The present per share value generated by the discounted cash flow under these assumptions ranged from \$7.30 per share to \$7.85 per share. This present per share value compared to the proposed transaction value of \$9.09 per share supported the fairness conclusion.

Pro Forma Impact Analysis. Since the merger consideration consists solely of Valley's common stock, RP Financial also considered the estimated pro forma impact of the merger on 1st United's financial condition, operating results and stock pricing ratios. Specifically, RP Financial considered that the merger is anticipated to be accretive to Valley's pro forma earnings per share within the first year of completing the merger, assuming incorporation of certain

Table of Contents

anticipated merger synergies and core earnings estimates for 1st United and will increase Valley's market capitalization and shares outstanding. RP Financial also considered other benefits of the merger to 1st United shareholders, including the increased liquidity given Valley's larger size, greater market capitalization and greater number of shares outstanding. Furthermore, RP Financial considered the pro forma balance sheet impact of the merger assuming a number of purchase accounting adjustments that could reasonably be applied to certain of 1st United's assets to determine the pro forma GAAP and regulatory capital position of Valley.

RP Financial's opinion and presentation to the 1st United Board of Directors was one of many factors taken into consideration by the 1st United Board of Directors in making its determination to approve the merger agreement. Although the foregoing summary describes the material components of the analyses presented by RP Financial to the 1st United Board of Directors in connection with issuing the May 7, 2014 opinion, it does not purport to be a complete description of all the analyses performed by RP Financial and is qualified by reference to the written opinion of RP Financial set forth as *Appendix C*, which common shareholders of 1st United are urged to read in its entirety.

2014 Financial Forecasts and Projections Exchanged

Valley and 1st United do not as a matter of course publicly disclose internal management budgets, forecasts or projections as to future financial performance due to the unpredictability of the underlying assumptions and estimates. However, in connection with their respective confirmatory due diligence, Valley requested, and 1st United's management provided Valley and its financial advisor with, certain non-public financial forecasts and projections prepared by 1st United's management, and 1st United requested, and Valley's management provided 1st United and its financial advisors with, certain non-public financial forecasts and projections prepared by Valley's management.

At the time the financial forecasts and projections were prepared, they represented the best estimates and judgments of the management teams of 1st United and Valley, respectively, that prepared the forecasts and projections in good faith. These financial forecasts and projections cannot be considered to necessarily be predictive of actual future operating results, and no assurance can be given regarding future events. by the American Institute of Certified Public Accountants with respect to prospective financial information or published guidelines of the SEC regarding forward-looking statements and do not fully comply with generally accepted accounting principles in the United States (GAAP). **In light of the foregoing, and considering that the Valley and 1st United special meetings will be held several months after the financial forecasts and projections were prepared, as well as the uncertainties inherent in any financial forecasts and projections, shareholders of Valley and 1st United are cautioned not to rely on these financial forecasts and projections as a predictor of future operating results or otherwise.**

The estimates and assumptions underlying the financial forecasts and projections of 1st United and Valley involve assumptions and judgments with respect to, among other things, future economic, competitive, regulatory and financial market conditions and future business decisions. These estimates and assumptions may not be realized and are inherently subject to significant business, economic, competitive and regulatory uncertainties, including those risk factors detailed in the sections entitled Risk Factors beginning on page [] and Forward-Looking Statements beginning on page [], all of which are difficult to predict and many of which are beyond the control of 1st United and Valley and will be beyond the control of the combined company after the merger. Estimates or projections of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. In addition, the financial forecasts and projections prepared by 1st United and Valley represent each company's own evaluation of its future financial performance on a stand-alone basis, and without reference to transaction-related costs or benefits. Accordingly, actual results could vary materially from those presented in the financial forecasts and projections, and actual value or future results could be significantly more or less favorable than what is suggested by the forecasts and projections. The inclusion of these financial forecasts and projections should not be interpreted as an indication that 1st United or Valley considers this information as necessarily predictive of actual future results, and this information should not be relied on for that purpose. Valley and its management did not participate in preparing, and do not express any view on, the 1st United financial forecasts and projections set forth above, or the assumptions underlying such financial forecasts and projections. 1st United and its management did not participate in preparing, and do not express any view on, the Valley financial forecasts and projections set forth above, or the assumptions underlying such financial forecasts and projections.

The prospective financial information of 1st United and Valley included in this joint proxy statement-prospectus has been prepared by, and is the responsibility of, the management teams of 1st United and Valley, respectively. Neither 1st United's or Valley's auditors, nor any other independent registered public accounting firm, nor 1st United's or Valley's financial advisors have examined, compiled or performed any procedures with respect to these forecasts or projections, nor have they expressed any opinion or any other form of assurance on this information or its achievability.

Neither Valley nor 1st United intends to disclose publicly any update or other revision to these forecasts or projections to reflect circumstances existing since their preparation or to reflect the occurrence of unanticipated events or changes in general economic or industry conditions, even in the event that any or all of the underlying assumptions are shown to be in error.

Regulatory Approvals

Completion of the merger is subject to prior receipt of all approvals and consents required to be obtained from applicable governmental and regulatory authorities. Valley and 1st United have also agreed to cooperate and use all reasonable efforts to prepare as promptly as possible all documentation, to make all requisite regulatory filings and to obtain any necessary permits, consents approvals and authorizations of governmental entities necessary to consummate the transactions contemplated by the merger agreement as soon as possible.

There can be no assurance that regulatory approvals will be obtained, that such approvals will be received on a timely basis, or that such approvals will not impose conditions or requirements that, individually or in the aggregate, would reasonably be expected to have a material adverse effect on the financial condition, results of operations, assets or business of the combined company following completion of the merger.

In connection with its review, the OCC will provide an opportunity for public comment on the application for the bank merger, and is authorized to hold a public meeting or other proceeding if they determine that would be appropriate. At this time, the OCC's decision on the application is pending.

Under the Community Reinvestment Act of 1977 (the CRA), the OCC must take into account the record of performance of each of Valley National Bank and 1st United Bank in meeting the credit needs of the entire communities, including low- and moderate-income neighborhoods, served by the banks.

Federal Reserve. Valley will file a request with the Federal Reserve Bank of New York seeking confirmation of an exemption from approval by the Federal Reserve for Valley's acquisition of 1st United by merger of 1st United with and into Valley. Valley will state in the request that it is Valley's position that the merger meets all of the conditions for transactions that do not require approval by the Federal Reserve. These conditions include, among others, that 1st United will not be operated as a separate subsidiary by Valley, the merger of 1st United Bank, 1st United's banking subsidiary, into Valley National Bank, Valley's banking subsidiary, will require the prior approval of the OCC under the Bank Merger Act, the subsidiaries of 1st United and 1st United Bank will not be engaged in activities upon closing of the merger which would require prior approval of the Federal Reserve under the Bank Holding Company Act, and Valley, before and after the consummation of the merger, will meet the capital adequacy guidelines of the Federal Reserve.

Florida Office of Financial Regulation. Valley National Bank has submitted a notice filing to the Florida Office of Financial Regulation setting forth the name of 1st United Bank as the Florida state-chartered bank that will be merged with and into Valley National Bank and the projected effective date of the merger. The approval of the Florida Office of Financial Regulation is not required.

Federal Deposit Insurance Corporation. Valley and 1st United have submitted to the FDIC a request for the FDIC's written consent to the assignment of the shared-loss agreements between 1st United Bank and the FDIC to Valley National Bank. Receipt of the FDIC's written consent to the assignment of the shared-loss agreements between 1st United Bank and the FDIC is a condition to closing of the merger. As of the date of this joint proxy statement-prospectus, Valley has received the FDIC's written consent to the assignment of such shared-loss agreements.

Valley and 1st United are not aware of any governmental approvals or compliance with banking laws and regulations that are required for the merger to become effective other than those described above. Valley and 1st United intend to seek any other approval and to take any other action that may be required to complete the merger. There can be no assurance that any required approval or action can be obtained or taken prior to the 1st United's or Valley's special meeting.

Resale Considerations Regarding Valley Common Stock

The shares of Valley common stock that will be issued if the merger is consummated will have been registered under the Securities Act of 1933, as amended. These registered shares will be freely transferable, including those shares

received by directors and executive officers of 1st United.

Accounting Treatment of the Merger

Valley will account for the merger using the acquisition method under U.S. generally accepted accounting principles. Under the acquisition method of accounting, the tangible and identifiable intangible assets and liabilities of 1st United will be recorded, as of completion of the merger, at their respective fair values. The

Table of Contents

excess of the purchase price over the net assets acquired will be recorded as goodwill to the extent not allocated to core deposit or other intangibles. Goodwill resulting from the merger will not be amortized, but will be reviewed for impairment at least annually. Core deposit and other intangibles with finite useful lives recorded in connection with the merger will be amortized.

Financial statements and reported results of operations of Valley issued after completion of the merger will not be restated retroactively to reflect the historical financial position or results of operations of 1st United.

Material Federal Income Tax Consequences of the Merger

The following discussion sets forth the material U.S. federal income tax consequences of the merger to U.S. holders (as defined below) of 1st United common stock that exchange their shares of 1st United common stock for shares of Valley common stock in the merger.

The discussion set forth herein is based upon the Code, the regulations promulgated under the Code and court and administrative rulings and decisions, all as in effect on the date of this document. These laws may change, possibly with retroactive effect, and any change could affect the accuracy of the statements and conclusions set forth in this discussion.

This discussion does not address any tax consequences arising under the laws of any state, local or foreign jurisdiction, or under any U.S. federal laws other than those pertaining to income tax. You should consult with your own tax advisor as to the state, local or foreign tax consequences of the merger in your particular circumstances.

This discussion is addressed only to those 1st United shareholders who hold their shares of 1st United common stock as a capital asset within the meaning of Section 1221 of the Code. Further, this discussion does not address all aspects of U.S. federal income taxation that may be relevant to you in light of your particular circumstances or that may be applicable to you if you are subject to special treatment under the U.S. federal income tax laws, including if you are:

a financial institution;

a tax-exempt organization;

an S corporation or other pass-through entity (or an investor in an S corporation or other pass-through entity);

an insurance company;

a mutual fund;

a dealer or broker in stocks and securities, or currencies;

a trader in securities that elects mark-to-market treatment;

subject to the alternative minimum tax provisions of the Code;

a holder of 1st United common stock that received 1st United common stock through the exercise of an employee stock option, through a tax qualified retirement plan, or otherwise as compensation;

a person that is not a U.S. holder (as defined below);

a person that has a functional currency other than the U.S. dollar;

a holder of 1st United common stock that holds 1st United common stock as part of a hedge, straddle, constructive sale, conversion, or other integrated transaction; or

subject to tax under Code sections 877 or 877A as a U.S. expatriate.

Table of Contents

Determining the actual tax consequences of the merger to you may be complex. They will depend on your specific situation and on factors that are not within our knowledge or control. You should consult with your own tax advisor as to the tax consequences of the merger in your particular circumstances, including the applicability and effect of the alternative minimum tax and any state, local, foreign or other tax laws and of changes in those laws.

For purposes of this discussion, the term "U.S. holder" means a beneficial owner of 1st United common stock that is for U.S. federal income tax purposes (i) an individual citizen or tax resident of the United States, (ii) a corporation, or entity treated as a corporation, organized in or under the laws of the United States or any state thereof or the District of Columbia, (iii) a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes or (iv) an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source.

The U.S. federal income tax consequences to a partner in an entity or arrangement treated as a partnership for U.S. federal income tax purposes that holds 1st United common stock generally will depend on the status of the partner and the activities of the partnership. Partners in a partnership holding 1st United common stock should consult their own tax advisors.

Tax Consequences of the Merger

The merger will qualify as a reorganization within the meaning of Section 368(a) of the Code. Accordingly, subject to the limitations set forth above, upon exchanging your 1st United common stock for Valley common stock, you will not recognize gain (except to the extent of any cash which you may receive) or loss pursuant to Section 354(a) of the Code. The aggregate tax basis in the shares of Valley common stock that you receive in the merger will, pursuant to Section 358(a), equal your aggregate adjusted tax basis in the 1st United common stock you surrender. Your holding period for the shares of Valley common stock that you receive in the merger will, pursuant to Section 1223(1), include your holding period for the shares of 1st United common stock that you surrender (reduced by the amount of any cash you receive but increased by any gain you may have recognized) in the exchange. If you acquired different blocks of 1st United common shares at different times or at different prices, the Valley common stock you receive will, pursuant to Treasury Regulation Section 1.358-2, be allocated pro rata to each block of 1st United common stock, and the basis and holding period of each block of Valley common stock you receive will be determined on a block-for-block basis depending on the basis and holding period of the blocks of 1st United common stock exchanged for such block of Valley common stock.

Closing Tax Opinions of Each of Day Pitney LLP and Gunster, Yoakley & Stewart, P.A.

It is a condition to Valley's obligation to complete the merger that Valley receive an opinion from Day Pitney LLP, dated the closing date of the merger, substantially to the effect that the merger will be treated as a reorganization within the meaning of Section 368(a) of the Code. It is a condition to 1st United's obligation to complete the merger that 1st United receive an opinion from Gunster, Yoakley & Stewart, P.A., dated the closing date of the merger, substantially to the effect that the merger will be treated as a reorganization within the meaning of Section 368(a) of the Code. These opinions will be based on representation letters provided by Valley and 1st United and on customary factual assumptions. None of the opinions described above will be binding on the Internal Revenue Service. Valley and 1st United have not sought and will not seek any ruling from the Internal Revenue Service regarding any matters relating to the merger, and as a result, there can be no assurance that the Internal Revenue Service will not assert, or that a court would not sustain, a position contrary to any of the conclusions set forth above. In addition, if any of the representations upon which those opinions are based are inconsistent with the actual facts, the United States federal

income tax consequences of the merger could be adversely affected.

Table of Contents

Tax matters are complicated and the tax consequences of the merger to each holder of 1st United common stock will depend on the facts of each such shareholder's particular situation. The United States federal income tax discussion set forth above does not address all United States federal income tax consequences that may be relevant to a particular holder and may not be applicable to all holders' special situations. 1st United shareholders are urged to consult their own tax advisors about the federal income tax consequences under their own particular facts and circumstances, and also as to any state, local, foreign or other tax consequences arising out of the merger.

No Dissenters' Rights

Under applicable Florida law, 1st United shareholders do not have dissenters' rights of appraisal in connection with the merger.

Litigation Relating to the Merger

A case was filed on May 27, 2014 in the Circuit Court for the 15th Judicial Circuit in and for Palm Beach County, Florida, on behalf of a putative class of 1st United shareholders against 1st United, 1st United's directors and Valley challenging the merger of 1st United with and into Valley (John Solak v. 1st United, et al. (No. 2014-CA-6391)). The complaint alleges that the individual defendants, who are directors of 1st United, breached their fiduciary duties of loyalty, care, independence, good faith and fair dealing owed to the shareholders of 1st United, and that 1st United and Valley aided and abetted the alleged fiduciary breaches. The complaint generally alleges that the merger consideration is unfair to 1st United shareholders, that Valley gets the benefits of the merger, that management of 1st United have material conflicts of interest and that the merger agreement has preclusive deal protection devices. The complaint seeks, among other things, an order enjoining the defendants from proceeding with and consummating the transaction, and other equitable and monetary relief. 1st United, the individual defendants and Valley vigorously deny the claims. 1st United's Board of Directors believes that this is a typical meritless strike suit. 1st United and the individual defendants intend to defend the claims vigorously. A similar such prior action filed in the same court on May 22, 2014, Louis Chaykin v 1st United et al. (No. 2014 CA006268), was voluntarily dismissed by the named plaintiff on June 2, 2014.

THE MERGER AGREEMENT

The following is a summary of the material provisions of the merger agreement. The following description of the merger agreement is subject to, and qualified in its entirety by reference to, the merger agreement, which is attached to this proxy statement-prospectus as Appendix A and is incorporated by reference into this document. This summary may not contain all of the information about the merger agreement that may be important to you. We urge you to read the merger agreement carefully and in its entirety, as it is the legal document governing the merger.

General Description

The merger agreement provides for the merger of 1st United with and into Valley, with Valley as the surviving entity. A closing under the merger agreement is to occur on the day which is the last day of the fiscal quarter which is five business days after receipt of all necessary regulatory and governmental approvals and consents (including the expiration of all applicable statutory waiting periods) and the satisfaction or waiver of all conditions to closing. The merger agreement also provides that Valley and 1st United may agree on a different closing date. The merger will become effective at the time specified in a certificate of merger which Valley and 1st United will prepare and which Valley will file with the New Jersey Department of Treasury, Division of Commercial Recording and the Florida Secretary of State simultaneous with the closing. Immediately after the merger is effective, 1st United Bank will merge with and into Valley National Bank, with Valley National Bank as the surviving entity.

Consideration

At the effective time of the merger, each share of 1st United common stock will be converted into, and become the right to receive, 0.89 of a share of Valley common stock, subject to adjustment. The 0.89 exchange ratio will be adjusted (i) if the average closing market price of Valley common stock during the twenty trading-day period ending five trading days before the closing date (the Average Closing Price) is less than \$8.09, Valley will increase the exchange ratio or, in its sole discretion, pay an amount of cash, such that the consideration payable to 1st United shareholders in the merger is equal to \$7.20 or (ii) if the Average Market Price is greater than \$12.13, Valley will decrease the exchange ratio such that the consideration payable to 1st United shareholders in the merger is equal to \$10.80. The effect of this provision is that 1st United shareholders will receive consideration per share no less than \$7.20 and no greater than \$10.80. No fractional shares of Valley common stock will be issued. In lieu of fractional shares of Valley common stock, each holder of 1st United common stock who would be entitled to a fractional interest will instead receive an amount in cash determined by multiplying his or her fractional interest by the Average Closing Price.

Treatment of 1st United Stock Options

The merger agreement provides that unexercised 1st United stock options will be cancelled immediately prior to the effective time of the merger and holders of such cancelled 1st United stock options will be entitled to consideration consisting of a cash payment from 1st United at the time of such stock option cancellation in an amount equal to (i) the number of shares of 1st United common stock into which such stock options held are convertible multiplied by (ii) the excess, if any, of (A) Valley's Average Closing Price, multiplied by the exchange ratio, over (B) the exercise price per share provided for in such 1st United stock options. The payments to the 1st United option holders shall be treated as compensation and shall be net of any applicable federal and state withholding taxes. At the time of receipt of such cash payment, each holder of a 1st United stock option will be required to execute an acknowledgment that all options for such holder have been cancelled.

Bank Merger

Immediately after the merger is effective, 1st United Bank, a Florida state-chartered commercial bank and wholly-owned subsidiary of 1st United, will merge with and into Valley National Bank, a national banking association and wholly-owned subsidiary of Valley, with Valley National Bank surviving the merger and continuing its corporate existence.

Table of Contents

Certificate of Incorporation and By-laws

The Valley Restated Certificate of Incorporation and the Valley By-laws as in effect immediately prior to the completion of the merger will be the certificate of incorporation and bylaws of the surviving corporation.

Board of Directors

The directors of Valley as of the effective time of the merger will continue to serve as directors of the surviving corporation.

Exchange of Shares

The exchange of 1st United common stock for Valley common stock will occur after consummation of the merger. No later than five (5) business days after the effective time of the merger, American Stock Transfer and Trust Company will mail a letter of transmittal to each holder of 1st United common stock at the effective time of the merger. This mailing will contain instructions on how to surrender 1st United common stock represented in certificated or book-entry form in exchange for shares of Valley common stock to be received by holders of 1st United common stock in the merger pursuant to the terms of the merger agreement.

Notwithstanding the time of surrender of 1st United common stock, each holder of 1st United common stock at the effective time of the merger will be deemed a shareholder of Valley for all purposes from the effective time of the merger, except that Valley will withhold the payment of dividends to such holder until such holder effects the exchange of 1st United common stock represented in certificated or book-entry form for Valley Common Stock. Such holder of 1st United common stock will receive any withheld dividends, without interest, upon effecting the share exchange.

If a certificate for 1st United common stock has been lost, stolen or destroyed, American Stock Transfer and Trust Company will issue shares of Valley common stock under the merger agreement upon receipt of an affidavit of that fact by the claimant and indemnity agreement and the posting of a bond in such amount as Valley determines is reasonably required as indemnity. Each holder of 1st United common stock at the effective time of the merger will be deemed a shareholder of Valley for all purposes from the effective time of the merger, except that Valley will withhold the payment of dividends to such holder until the exchange of certificates for Valley common stock has occurred. Such holder of 1st United common stock will receive any withheld dividends, without interest, upon the occurrence of the exchange of certificates for Valley common stock.

Each of Valley and American Stock Transfer and Trust Company will be entitled to deduct and withhold from the cash in lieu of fractional shares payable to any holder of 1st United common stock the amounts it is required to deduct and withhold under any federal, state, local or foreign tax law. If Valley or American Stock Transfer and Trust Company withholds any amounts, these amounts will be treated for all purposes of the merger as having been paid to the shareholders from whom they were withheld.

The 1st United Board of Directors also has agreed not to (i) withdraw (or modify or qualify in any manner adverse to Valley) or refuse to make the 1st United Board of Directors recommendation that the shareholders of 1st United approve the merger agreement at the 1st United shareholders meeting; (ii) adopt, approve, recommend, endorse or otherwise declare advisable the adoption of any Acquisition Proposal; or (iii) cause or permit 1st United or any of its subsidiaries to enter into any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or other agreement constituting or related to, or which is intended to or is reasonably likely to lead to, any Acquisition Proposal (other than a confidentiality agreement permitted under the merger agreement). However, prior to the date of the 1st United shareholders meeting, the 1st United Board of Directors may take the actions specified in the immediately preceding sentence if, after the second (2nd) business day following Valley's receipt of a written notice of a Superior Proposal from 1st United (which shall (i) state that the 1st United Board of Directors has determined that such bona fide unsolicited written Acquisition Proposal constitutes a Superior Proposal, (ii) specify the material terms and conditions of, and identity of party making, such Superior Proposal, and (iii) contain a copy of any specific transaction agreements with such party), the 1st United Board of Directors has reasonably determined in good faith, after consultation with its financial and legal advisors, that the failure to take such actions would be reasonably likely to be inconsistent with its fiduciary duties and that such Acquisition Proposal is a Superior Proposal that has not been withdrawn and continues to be a Superior Proposal after taking into account all adjustments to the terms of the merger agreement that are committed to in writing by Valley.

In connection with any Acquisition Proposal, 1st United has agreed to:

keep Valley reasonably well informed in all material respects of the status (including after the occurrence of any material amendment or modification) of any such Acquisition Proposal or request; and

notify Valley promptly (within two (2) business days) if 1st United determines to begin providing non-public information or to engage in negotiations concerning an Acquisition Proposal.

As used in the merger agreement, **Acquisition Proposal** means other than the transactions contemplated by the merger agreement, a tender or exchange offer to acquire 25% or more of the voting power in 1st United or any of its subsidiaries, a proposal for a merger, consolidation, or other business combination involving 1st United or any of its subsidiaries or any other proposal or offer to acquire in any manner 25% or more of the voting power in, or 25% or more of the business, assets or deposits of, 1st United or any of its subsidiaries.

As used in the merger agreement, **Superior Proposal** means an unsolicited bona fide written Acquisition Proposal (with the percentages set forth in the definition of such term changed from 25% to 50%) that the 1st United Board of Directors concludes in good faith to be more favorable from a financial point of view to its shareholders than the transactions contemplated by the merger agreement (including taking into account any adjustment to the terms and conditions proposed by Valley in response to such proposal), (1) after receiving the

advice of its financial advisor (which shall be a nationally recognized investment banking firm), (2) after taking into account the likelihood of consummation of such transaction on the terms set forth in the Acquisition Proposal (as compared to the terms in the merger agreement), and (3) after taking into account all legal (with the advice of outside counsel), financial (including the financing terms of any such proposal), regulatory and other aspects of such proposal and any other relevant factors permitted under applicable law.

The merger agreement further provides that Valley will cause the officers and directors of 1st United and its subsidiaries to be covered for a period of six years after the effective time of the merger under an extension of 1st United's existing directors' and officers' liability insurance policy, provided, however, that Valley is only required to obtain such coverage at an aggregate cost not to exceed 300% of the annual premium currently paid by 1st United for such coverage.

the approval of any government entity needed to complete the merger and the other transactions contemplated by the merger agreement has been denied by final non-appealable action by such governmental entity, provided that the failure to receive such approval was not the result of such party's failure to comply with the merger agreement; or

the other party breaches any of its representations, warranties, covenants or other agreements contained in the merger agreement and such breach is not cured within 30 days following notice or cannot be cured prior to May 31, 2015, and would result in (i) the failure to satisfy any of the closing conditions by May 31, 2015, or (ii) a material adverse effect on the party committing such breach, provided that the terminating party is not in material breach of any representation, warranty, covenant or agreement.

1st United may terminate the merger agreement if:

the 1st United Board of Directors withdraws, modifies or qualifies in any manner adverse to Valley its recommendation to 1st United shareholders in favor of the merger with Valley based on advice from counsel that the failure to do so would cause the 1st United Board of Directors to breach its fiduciary duties and prior to such termination 1st United has paid to Valley the termination fee and termination expenses described below; or

then, 1st United will be required to pay Valley up to \$750,000 in Valley's reasonable out of pocket expenses, and, if 1st United completes a transaction contemplated by, or executes a definitive written agreement with respect to, any Acquisition Proposal to acquire 50% or more of the voting power in or 50% or more of the business, assets or deposits of 1st United or any of its subsidiaries within 12 months after such termination, 1st United shall pay Valley a termination fee of \$14.5 million.

DESCRIPTION OF VALLEY COMMON STOCK

The authorized capital stock of Valley is presently 262,023,233 shares, which consists of 232,023,233 shares of common stock and 30,000,000 shares of preferred stock. As of [], 2014, a date immediately preceding the printing of this joint proxy statement-prospectus, there were [] shares of Valley common stock and no shares of preferred stock outstanding. If the amendment to Valley's Restated Certificate of Incorporation to increase the number of authorized shares of Valley's common stock by 100,000,000 shares is approved by Valley shareholders, the authorized capital stock of Valley will be 362,023,233 shares and consist of 332,023,233 shares of common stock and 30,000,000 shares of preferred stock.

General

Valley is a New Jersey business corporation governed by the New Jersey Business Corporation Act and a registered bank holding company under the Bank Holding Company Act. The following description of Valley common stock describes certain general terms of Valley common stock.

Dividend Rights

Holders of Valley common stock are entitled to dividends when, as and if declared by the Board of Directors of Valley out of funds legally available for the payment of dividends. The only statutory limitation is that such dividends may not be paid when Valley is insolvent. Funds for the payment of dividends by Valley must come primarily from the earnings of Valley's bank subsidiary. Thus, as a practical matter, any restrictions on the ability of Valley National Bank to pay dividends will act as restrictions on the amount of funds available for payment of dividends by Valley.

As a national banking association, Valley National Bank is subject to limitations on the amount of dividends it may pay to Valley, Valley National Bank's only shareholder. Prior OCC approval is required to the extent the total dividends to be declared by Valley National Bank in any calendar year exceeds net profits for that year combined with the bank's retained net profits from the preceding two calendar years, less any transfers to capital surplus. However, declared dividends in excess of net profits in either of the preceding two years can be offset by retained net profits in the third and fourth years preceding the current year when determining Valley National Bank's dividend limitation. Under this limitation, Valley National Bank could declare dividends in 2014 without prior approval of the OCC of up to approximately \$135.8 million plus an amount equal to Valley National Bank's net profits for 2014 to the date of such dividend declaration.

Valley is also subject to certain FRB policies that may, in certain circumstances, limit its ability to pay dividends. These policies require, among other things, that a bank holding company maintain a minimum capital base. The FRB would most likely seek to prohibit any dividend payment that would reduce a holding company's capital below these minimum amounts.

Voting Rights

At meetings of shareholders, holders of Valley common stock are entitled to one vote per share. The quorum for shareholders' meetings is a majority of the outstanding common stock entitled to vote. Generally, actions and authorizations to be taken or given by shareholders require the approval of a majority of the votes cast by holders of Valley common stock at a meeting at which a quorum is present. The election of directors by the shareholders also requires a majority of the votes cast except in contested elections, in which directors would be elected by a plurality of the votes cast.

Liquidation Rights

In the event of liquidation, dissolution or winding up of Valley, holders of Valley common stock are entitled to share equally and ratably in assets available for distribution after payment of debts and liabilities.

Table of Contents

Assessment and Redemption

All outstanding shares of Valley common stock are fully paid and nonassessable. Valley common stock is not redeemable at the option of the issuer or the holders thereof.

Other Matters

American Stock Transfer and Trust Company is presently both the transfer agent and the registrar for Valley common stock. Valley common stock is traded on the New York Stock Exchange under the symbol VLY , and is registered with the SEC under Section 12(b) of the Exchange Act.

Blank Check Preferred Stock

The preferred stock that is authorized by Valley's Restated Certificate of Incorporation is typically referred to as blank check preferred stock. This term refers to stock for which the rights and restrictions are determined by the board of directors of a corporation. Except in limited circumstances, Valley's Restated Certificate of Incorporation authorizes the Valley Board of Directors to issue new shares of Valley preferred stock without further shareholder action.

Valley's Restated Certificate of Incorporation gives the Valley Board of Directors authority at any time to:

divide the authorized but unissued shares of preferred stock into series;

determine the designations, number of shares, and relative rights, preferences and limitations of any series of preferred stock;

increase the number of shares of any preferred series; and

decrease the number of shares in a preferred series, but not to a number less than the number of shares outstanding.

The issuance of additional preferred stock may be viewed as having adverse effects upon the holders of common stock. Holders of Valley common stock will not have preemptive rights with respect to any newly issued stock. The Valley Board of Directors could adversely affect the voting power of holders of Valley stock by issuing shares of preferred stock with certain voting, conversion and/or redemption rights. In the event of a proposed merger, tender offer or other attempt to gain control of Valley that the Board of Directors does not believe to be in the best interests of its shareholders, the Board of Directors could issue additional preferred stock which could make any such takeover attempt more difficult to complete. Blank check preferred stock may also be used in connection with the issuance of a shareholder rights plan, sometimes called a poison pill. The Board of Directors of Valley has not approved any plan to issue any preferred stock for this or any other purpose. Preferred stock may also be issued as additional capital and would constitute tier one capital if it was issued as perpetual, non-cumulative preferred stock. The Valley Board of Directors does not intend to issue any preferred stock except on terms that the Board of Directors deems to be in the best interests of Valley and its shareholders.

The statements in this section are qualified in their entirety by reference to and are subject to the detailed provisions of the NJBCA, FBCA, Valley's Restated Certificate of Incorporation, Valley's By-laws, 1st United's Amended and Restated Articles of Incorporation and 1st United's Amended and Restated Bylaws.

Authorized Capital Stock

Valley. Valley's Restated Certificate of Incorporation currently authorizes it to issue up to 232,023,233 shares of common stock, no par value per share, and 30,000,000 shares of preferred stock, no par value per share. As of the record date, there were [] shares of Valley common stock outstanding and no shares of Valley preferred stock outstanding. If the proposed amendment to Valley's Restated Certificate of Incorporation to increase the number of authorized shares of Valley's common stock by 100,000,000 shares is approved by Valley shareholders, Valley will be authorized to issue up to 332,023,233 shares of common stock, no par value per share, and 30,000,000 shares of preferred stock, no par value per share.

1st United. 1st United's Amended and Restated Articles of Incorporation (Articles) authorize up to 60,000,000 shares of common stock, par value \$0.01 per share, and 5,000,000 shares of undesignated blank-check preferred stock. The FBCA permits, if authorized by the articles of incorporation, the issuance of blank-check preferred stock with preferences, limitations and relative rights determined by the corporation's board of directors without shareholder approval. As of the record date, there were [] shares of 1st United common stock outstanding and no shares of 1st United preferred stock outstanding.

Size of Board of Directors

Valley. Valley's By-laws provide that its Board of Directors shall consist of not less than five and not more than 25 directors. The exact number of directors may be determined from time to time by the Valley Board of Directors. The Valley Board of Directors currently has 17 directors.

1st United. The FBCA permits the number of directors to be specified in either the corporation's articles of incorporation or bylaws. If the number of directors is specified in the corporation's articles of incorporation, a change in the number of directors may be made only by amendment of the articles of incorporation. 1st United's Articles fix the required number of directors at not less than one, with the actual number determined by the 1st United Board of Directors according to 1st United's Amended and Restated Bylaws (Bylaws). As of the record date, 1st United had 12 directors.

Classes and Election of Directors

Valley. Valley's Board of Directors is not classified. Valley's By-laws provide that each director is elected annually. Each director is elected in an uncontested director election by a majority of votes cast at a shareholder meeting and has tendered an irrevocable resignation that will become effective if he or she fails to receive a

Table of Contents

majority of the votes cast at the annual shareholder meeting and the Board of Directors accepts the tendered resignation. In a contested election, directors are elected by a plurality of the votes cast. Valley shareholders are not entitled to cumulative voting rights in the election of directors.

1st United. 1st United's Board of Directors is not classified. Each director of 1st United is elected and serves until the next election of directors by shareholders. 1st United's Articles do not provide for cumulative voting in the election of directors. Pursuant to 1st United's Bylaws, 1st United has adopted a majority vote standard for uncontested director elections. Director nominees who are elected but do not receive a majority of the votes cast in an uncontested election must promptly tender their resignation to 1st United's Board of Directors. 1st United's Corporate Governance Committee will make a recommendation to the Board of Directors as to whether to accept or reject a tendered resignation, or whether other action should be taken. The Board of Directors will act on the tendered resignation, taking into account the Corporate Governance Committee's recommendation, within 120 days from the date of the certification of the election results. The Corporate Governance Committee in making its recommendation, and the Board of Directors in making its decision, may each consider any factors or other information that it considers appropriate and relevant. The director who tenders his or her resignation will not participate in the discussions of the Corporate Governance Committee or the decision of the Board of Directors with respect to his or her resignation. If a director's resignation is not accepted by the Board of Directors, such director will continue to serve until the next annual meeting and until his or her successor is duly elected, or his or her earlier resignation or removal. If a director's resignation is accepted by the Board of Directors, then the Board of Directors, in its sole discretion, may fill any resulting vacancy or may decrease the size of the Board of Directors.

Removal of Directors

Valley. The NJBCA allows shareholders to remove directors for cause or, unless the certificate of incorporation provides otherwise, without cause, in each case by the affirmative vote of the majority of votes cast by the holders of shares entitled to vote. Because the Valley Restated Certificate of Incorporation includes no additional provisions in this regard, Valley shareholders may remove directors with or without cause.

1st United. Under the FBCA, one or more directors serving on a nonclassified board may be removed, with or without cause, by the holders of a majority of the corporation's outstanding shares entitled to vote at an election of directors unless the articles of incorporation provide that directors may be removed only for cause. The 1st United Articles provide that directors may only be removed for cause, which is defined as a conviction of a felony, declaration of unsound mind by a court order, adjudication of bankruptcy, or having been adjudged by a court of competent jurisdiction to be liable for negligence or misconduct in the performance of their duties in a matter of substantial importance to 1st United and such adjudication is no longer subject to direct appeal. Removal for cause must be approved by at least 66 2/3% of the shares of 1st United then entitled to vote at an election for that director. Any action for removal must be brought within one year of such conviction, declaration, or adjudication.

Filling Vacancies on the Board of Directors

Valley. Under Valley's By-laws, vacancies created by any reason may be filled by a majority of the directors then in office, whether or not a quorum exists. Each director filling a vacancy shall remain in office until the next election of directors by shareholders.

1st United. Under the FBCA, unless otherwise provided in the articles of incorporation, vacancies may be filled by the affirmative vote of a majority of the remaining directors, though less than a quorum of the board of directors, or by the shareholders. 1st United's Articles provide that vacancies are filled by a majority vote of the directors then in office. The person who fills any such vacancy holds office until the next election of directors by the shareholders.

Calling Special Meetings of Shareholders

Valley. Under the NJBCA, holders of at least 10% of the shares of a corporation entitled to vote may apply to the New Jersey Superior Court to request that a special meeting of shareholders be called for good cause shown. At such a

meeting, the shareholders present in person or by proxy and having voting powers will constitute a quorum for the transaction of business as may be designated in the order of the court. In addition, Valley's By-laws provide that special meetings of shareholders may be called by (i) the Chairman of the Board of Directors, (ii) the Chief Executive Officer, (iii) the President or (iv) a majority of the Board of Directors.

Notice of Shareholder Proposals

Valley. The NJBCA requires that the written notice of any meeting specify the time, place and purpose or purposes of the meeting and be given not less than 10 nor more than 60 days before the date of the meeting to shareholders of record entitled to vote at the meeting. Therefore, business conducted at a Valley annual meeting is limited to the business specified in the meeting notice. The Restated Certificate of Incorporation and By-laws of Valley do not contain any provisions that govern the submission of proposals by shareholders.

1st United. At an annual meeting of the shareholders, only such business shall be conducted as shall have been properly brought before the meeting. To be properly brought before an annual meeting, business must be (i) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors, (ii) otherwise properly brought before the meeting by or at the direction of the Board of Directors, or (iii) otherwise properly brought before the meeting by a shareholder in accordance with the 1st United Bylaws.

Anti-Takeover Provisions; Dissenters' Appraisal Rights

Valley. Under the NJBCA, unless a greater vote is specified in the certificate of incorporation, the affirmative vote of a majority of the votes cast by shareholders entitled to vote on the matter is required to approve:

an amendment to the certificate of incorporation;

the voluntary dissolution of the corporation;

the sale or other disposition of all or substantially all of the corporation's assets outside the ordinary course of business; or

the merger or consolidation of the corporation with another corporation.

Valley's Restated Certificate of Incorporation contains no provisions specifying the required votes for approving the above matters. Valley's By-laws require a majority of the votes cast by shareholders entitled to vote to approve any matter submitted to the shareholders.

The New Jersey Shareholders Protection Act limits certain transactions involving an interested shareholder and a resident domestic corporation. A resident domestic corporation is an issuer of voting stock organized under New Jersey laws with its principal executive offices or significant business operations located in New Jersey. An interested shareholder is one that (1) beneficially owns, directly or indirectly, 10% or more of the outstanding voting stock of the resident domestic corporation or (2) is an affiliate or associate of the resident domestic corporation and at any time

within the past five years beneficially owned, directly or indirectly, 10% or more of the voting power of the then outstanding stock of the resident domestic corporation. The New Jersey Shareholders Protection Act prohibits certain business combinations between an interested shareholder and a resident domestic corporation for five years following the interested shareholder acquiring its stock, unless the corporation's board of directors approved the business combination prior to the interested shareholder's stock acquisition date and a subsequent business combination is approved by (i) independent directors and (ii) a majority of the shareholders (excluding the shares owned by the interested shareholder). After the five-year period expires, the prohibition on certain business combinations continues unless the combination is approved by

Table of Contents

the affirmative vote of two-thirds (2/3) of the voting stock not beneficially owned by the interested shareholder, the combination is approved by the board prior to the interested shareholder's stock acquisition date or certain fair price provisions are satisfied. The New Jersey Shareholders Protection Act applies to Valley.

Under the NJBCA, appraisal rights are available in connection with (i) a merger or consolidation to which the corporation is a party, (ii) any sale, lease or exchange or other disposition of all or substantially all of a corporation's assets other than in the usual and regular course of business or (iii) an acquisition of some or all of the outstanding shares or assets of a legal entity, either directly or through a subsidiary, in exchange for the corporation's shares (a share exchange) if, as a result of the share exchange, the number of voting or participating shares issued in connection with the share exchange, when combined with shares already outstanding, would exceed by more than 40% the number of those shares outstanding immediately before the share exchange, unless an exception applies. A New Jersey corporation may provide in its certificate of incorporation that shareholders will have appraisal rights even in cases where the exceptions to the availability of appraisal rights discussed below exist. Valley's restated certificate of incorporation does not so provide.

The NJBCA does not confer appraisal rights to shareholders in connection with:

a merger or consolidation in which the corporation is a party if the merger does not require shareholder approval. Under the NJBCA, shareholder approval for a merger or consolidation is required if the merger amends the certificate of incorporation, affects the outstanding shares of the surviving corporation or, if the number of voting or participating shares issued in connection with the merger or consolidation, when combined with shares already outstanding, would exceed by more than 40% the number of those shares outstanding immediately before the merger;

the merger of the corporation into a wholly-owned subsidiary if certain conditions are met;

(i) a merger or consolidation in which the corporation is a party or (ii) a share exchange if (i) the shares held by the corporation's shareholders are listed on a national securities exchange or are held of record by at least 1,000 holders or (ii) in the case of a merger or consolidation, the corporation's shareholders will receive (a) cash, (b) shares, obligations or other securities that will either be listed on a national securities exchange or held of record by not less than 1,000 holders or (c) a combination thereof;

a sale, lease, exchange or other disposition of all or substantially all of a corporation's assets if the shares held by the corporation's shareholders are listed on a national securities exchange or are held of record by at least 1,000 holders; or

a dissolution transaction in which substantially all of a corporation's net assets are to be distributed to its shareholders within one year after the date of the transaction, so long as the transaction is wholly for cash, shares, obligations or other securities which will be listed on a national securities exchange or held of record by not less than 1,000 holders or a combination thereof.

1st United. Section 607.0901 of the FBCA is an affiliated transactions statute which provides that certain transactions involving a corporation and a shareholder owning 10% or more of the corporation's outstanding voting shares (an

affiliated shareholder) must generally be approved by the affirmative vote of the holders of two-thirds of the voting shares other than those owned by the affiliated shareholder. The transactions covered by the statute include, with certain exceptions, (i) mergers and consolidations to which the corporation and the affiliated shareholder are parties; (ii) sales or other dispositions of substantial amounts of the corporation's assets to the affiliated shareholder; (iii) issuances by the corporation of substantial amounts of its securities to the affiliated shareholder; (iv) the adoption of any plan for the liquidation or dissolution of the corporation proposed by or pursuant to an arrangement with the affiliated shareholder; (v) any reclassification of the corporation's securities which has the effect of substantially increasing the percentage of the outstanding voting shares of the corporation beneficially owned by the affiliated shareholder; and (vi) the receipt by the affiliated shareholder of certain loans or other financial assistance from the corporation.

Table of Contents

These special shareholder approval requirements do not apply in any of the following circumstances: (a) if the transaction was approved by a majority of the corporation's disinterested directors; (b) if the corporation did not have more than 300 shareholders of record at any time during the preceding three years; (c) if the affiliated shareholder has been the beneficial owner of at least 80% of the corporation's outstanding voting shares for the past five years; (d) if the affiliated shareholder is the beneficial owner of at least 90% of the corporation's outstanding voting shares, exclusive of those acquired in a transaction not approved by a majority of disinterested directors; or (e) if the consideration received by each shareholder in connection with the transaction satisfies the "fair price" provisions of the statute.

Section 607.0901 applies to any Florida corporation unless the articles of incorporation or bylaws contain a provision expressly electing not to be governed by this statute. Any amendment to the articles of incorporation or bylaws related to the foregoing must be approved by the affirmative vote of a majority of disinterested shareholders and will not be effective until 18 months after approval.

Section 607.0902 of the FBCA contains a control-share acquisition statute which limits the voting rights of "control shares" acquired in a control-share acquisition, which is intended to deter hostile takeovers of publicly held Florida corporations. Under this section, unless an exception applies (for example, this statute does not apply to mergers effected in compliance with certain provisions of the FBCA, and acquisitions approved by the board of directors of the target corporation prior to the acquisition), control shares acquired in a control share acquisition have voting rights only if, and to the extent, granted in a resolution of the shareholders of the corporation approved by (i) the majority of all the votes entitled to be cast by each class or series entitled to vote on the proposed control-share acquisition and (ii) a majority of all shares of each class or series entitled to vote separately on the proposal, excluding any shares that are owned by the acquiring person or persons, each officer of the corporation and each employee of the corporation who is also a director of the corporation.

For the purposes of the FBCA, "control shares" means shares of a corporation which provide for at least 20% of the voting power in the election of the corporation's directors. For the purposes of the FBCA, "control share acquisition" means, with certain exceptions, the direct or indirect acquisition of control shares. Shares which are acquired within a 90-day period are treated as acquired on the same date for the purposes of Section 607.0902.

1st United's Articles and Bylaws do not contain any provision to "opt-out" of the FBCA's affiliate transaction or control-share acquisition statutes.

Under the FBCA, shareholders of a Florida corporation listed for trading on a national stock exchange, such as 1st United, are not entitled to appraisal rights except that appraisal rights are available to holders of any class or series of shares who are required by the terms of the corporate action requiring appraisal rights to accept for such shares anything other than cash or shares of any class or any series of shares of any corporation, or any other proprietary interest of any other entity, that, at the time the corporate action becomes effective, (1) are listed on the New York Stock Exchange or the American Stock Exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (2) not so listed or designated, but has at least 2,000 shareholders and the outstanding shares of such class or series have a market value of at least \$10 million, exclusive of the value of such shares held by its subsidiaries, senior executives, directors, and beneficial shareholders owning more than 10 percent of such shares.

Indemnification of Directors and Officers; Limitation of Liability

Valley. Valley's Restated Certificate of Incorporation provides that the corporation shall indemnify its present and former officers, directors, employees, and agents and persons serving at its request against expenses, including

attorney's fees, judgments, fines and amounts paid in settlement, incurred in connection with any pending or threatened civil, criminal administrative or investigative proceeding to the full extent permitted by the NJBCA. The NJBCA permits a New Jersey corporation by a provision in its certificate of incorporation to eliminate the liability of directors or officers to the corporation or its shareholders for the breach of any duty

Table of Contents

owed to the corporation or its shareholders, except for any breach of duty based upon an act or omission (i) in breach of such person's duty of loyalty to the corporation or its shareholders, (ii) not in good faith or involving a knowing violation of law or (iii) resulting in receipt by the person of an improper personal benefit. In this context, an act or omission in breach of a director or officer's duty of loyalty is defined as an act or omission which the director or officer knows or believes to be contrary to the best interests of the corporation or its shareholders in connection with a matter in which the director or officer has a material conflict of interest. Valley's Restated Certificate of Incorporation adopts such exculpation provisions.

1st United. Under 1st United's Articles, current and former officers and directors are entitled to indemnification to the fullest extent permitted by Florida law.

Under the FBCA, a corporation may indemnify an indemnitee who was or is a party or is threatened to be made a party to any non-derivative proceeding against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the indemnitee in connection with such proceeding if the indemnitee met the specified standard of conduct.

In the case of derivative actions, a corporation may indemnify an indemnitee against expenses (including attorneys' fees), but not amounts paid in settlement, judgments or fines. However, such indemnification is permitted only if the indemnitee met the specified standard of conduct, except that no indemnification may be made for any claim as to which the indemnitee is adjudged liable to the corporation unless a court determines that, in view of all the circumstances of the case, the indemnitee is fairly and reasonably entitled to indemnity.

A present or former director or officer of a corporation who is successful, on the merits or otherwise, in defense of any proceeding subject to the FBCA's indemnification provisions must be indemnified by the corporation for reasonable expenses (including attorneys' fees).

The FBCA states that any permissive indemnification, unless ordered by a court, may be made only after a determination that the indemnitee met the specified standard of conduct. Under the FBCA, the specified standard of conduct requires that an indemnitee acted in good faith and in a manner the indemnitee reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe the indemnitee's conduct was unlawful. The determination may be made (i) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (ii) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, or (iii) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (iv) by the shareholders.

Under the FBCA, directors are not personally liable to the corporation, a shareholder or a third party, regardless of whether the shareholders of the corporation desire that such a liability limitation apply to the corporation, except where a director breached or failed to perform his or her duties as a director and such breach of, or failure to perform, those duties constitutes: (i) a knowing violation of criminal law; (ii) a transaction from which the director derived an improper benefit; (iii) certain unlawful distributions; (iv) a conscious disregard for the best interest of the corporation or willful misconduct; or (v) recklessness or an act or omission which was committed in bad faith or with malicious purposes or in a manner exhibiting wanton and willful disregard of human rights, safety or property.

Amendments to Certificates of Incorporation and By-laws

Valley. The NJBCA provides that a corporation may amend its certificate of incorporation, from time to time, in any and as many respects as may be desired so long as the amendment contains only such provisions as might lawfully be

contained in an original certificate of incorporation filed at the time of making such amendment. A corporation's certificate of incorporation may be amended or changed by a vote of the board of directors and a vote of a majority of the votes cast by shares entitled to vote.

Table of Contents

The NJBCA provides that the board of directors has the power to make, alter and repeal by-laws unless such power is reserved to the shareholders in the certificate of incorporation, but by-laws made by the board of directors may be altered or repealed, and new by-laws made, by the shareholders. The shareholders may prescribe in the by-laws that any by-law made by them may not be altered or repealed by the board of directors. Whenever any amendment to the by-laws, other than as regards the election of directors, is to be taken by vote of the shareholders, it must be authorized by a majority of the votes cast at a meeting of shareholders by the holders of shares entitled to vote thereon, unless a greater plurality is required by the certificate of incorporation or the NJBCA. Valley's Restated Certificate of Incorporation contains no provision related to amendments to by-laws. Valley's By-laws give the Board of Directors and the shareholders the power to alter, amend or repeal the by-laws. Any by-law adopted, amended or repealed by the shareholders may be amended or repealed by the Board of Directors unless the resolution of the shareholders adopting such by-law expressly reserves to the shareholders the right to amend or repeal such by-law.

1st United. The 1st United Articles may generally be amended by an affirmative vote of a majority of the issued and outstanding shares. However, certain provisions contained in 1st United's Articles, including but not limited to provisions relating to authorized shares of preferred stock, action by shareholders without a meeting, special meetings of shareholders, director vacancies, removal of directors, and amendment of the Articles, require the affirmative vote of at least 66 2/3% of the shares of 1st United then entitled to vote to amend, alter, repeal, or adopt any provision in consistent with the foregoing provisions. The Board of Directors must recommend the amendment to the shareholders, unless the Board of Directors determines that because of conflict of interest or other special circumstances it should make no recommendation and communicates the basis for its determination to the shareholders with the amendment.

Under the 1st United Bylaws, the Bylaws may, if a quorum is present when a vote is taken, be amended by the affirmative vote of a majority of directors present. Under the FBCA, the directors could also amend the 1st United Bylaws without a meeting by the unanimous written consent of all the Board members. Under the FBCA, a corporation's shareholders may also amend or repeal a corporation's bylaws at an annual meeting provided the notice provisions described above are met, or at a special meeting.

Table of Contents**PROPOSAL 2 OF THE 1ST UNITED SPECIAL MEETING ADVISORY VOTE ON EXECUTIVE COMPENSATION PAYMENTS**

As required by Section 14A of the Exchange Act, 1st United is requesting the approval of 1st United's shareholders, on a non-binding advisory basis, of the compensation of the named executive officers of 1st United based on or related to the merger, and therefore is asking shareholders to adopt the following resolution:

RESOLVED, that the compensation of the named executive officers of 1st United based on or related to the merger, as disclosed in the table entitled "Golden Parachute Compensation Subject to Advisory Vote" pursuant to Item 402(t) of Regulation S-K and the associated narrative discussion, are hereby APPROVED.

The vote on this Proposal 2 of the 1st United special meeting is a vote separate and apart from the vote on Proposal 1 of the 1st United special meeting to approve the merger agreement. Accordingly, 1st United shareholders may vote to approve this Proposal 2 on executive compensation payments and vote not to approve Proposal 1 on the merger agreement and vice versa. Because the proposal is advisory in nature only, a vote for or against approval will not be binding on either 1st United or Valley regardless of whether the merger agreement is approved. Accordingly, as the compensation to be paid to the named executive officers of 1st United based on or related to the merger is contractual with the executives, regardless of the outcome of this vote, such compensation will be payable, subject only to the conditions applicable thereto, if the merger agreement is approved. This proposal includes compensation that would be paid or provided by 1st United or 1st United Bank if paid or provided prior to or upon the closing of the merger. If the merger is not completed, 1st United's Board of Directors will consider the results of the vote in making future executive compensation decisions.

During the negotiation of the merger agreement, Messrs. Orlando, Schupp and Marino voluntarily decided to amend their Employment Agreements and SERP Agreements to reduce the amounts that they were entitled to receive in the event of a change in control of 1st United. Specifically, Messrs. Orlando, Schupp and Marino decided to (i) eliminate 1st United's obligation to reimburse them for excise taxes under Section 280G of the Code and (ii) accept a smaller change in control payment under their SERP Agreements by increasing the discount rate applied to the present value calculation. These revisions reduced the benefits to which Messrs. Orlando, Schupp and Marino were entitled by approximately \$4.5 million each. See Proposal 1 of the 1st United Special Meeting "The Merger" "Interests of Certain Persons in the Merger" beginning on page [] for further discussion.

Executive Compensation Payable to 1st United Named Executive Officers

The named executive officers of 1st United are entitled to receive, under employment agreements and other agreements and understandings, certain compensation that is based on or that otherwise relates to the merger. This compensation, collectively referred to as "golden parachute" compensation, is described below. Some compensation disclosed in this table and its footnotes would be paid only pursuant to understandings with Valley that are not subject to the advisory vote that is the subject of this Proposal 2. For separate disclosure of only compensation subject to the advisory vote, please see the table titled "Golden Parachute Compensation Subject to Advisory Vote" on page [] below.

- (1) As specified in the Revised Employment Agreements, upon a Change of Control (as defined in the Revised Employment Agreements) of 1st United (single trigger), each executive is entitled to receive a lump sum payment within 30 days equal to three times the average of the two highest amounts of annual cash compensation received by any named executive officer of 1st United during the past five completed fiscal years. Mr. Schupp had the highest cash compensation of any named executive officer in 2012 and 2013 of \$534,180 and \$634,460, respectively, which would result in a cash payment to each executive of \$1,752,960 within 30 days of the merger. In addition, under the Revised Employment Agreements, upon a Change of Control of 1st United (single trigger), each executive is entitled to receive a lump sum payment within 30 days equal to the present value of the additional contributions 1st United would have made to the executive's 401(k) plan if he had remained employed by 1st United for three years after the effective time of the change of control of 1st United. For each executive, this amount is equal to \$14,992. The Revised Employment Agreements provide that 1st United shall, at the direction of Valley, terminate each executive's Revised Employment Agreement at the effective time of the merger in accordance with the terms of the Revised Employment Agreements and Section 409A of the Code in exchange for the lump sum cash payment of \$1,767,952 in settlement of its obligations following the merger under the Revised Employment Agreements, which shall be payable at the effective time of the merger. As specified in the Valley Employment Agreements, each executive will receive a lump sum payment equal to \$1,333,333 on or before the effective time of the merger in consideration of each executive agreeing to certain non-competition and non-solicitation restrictions following termination of employment with Valley.
- (2) As specified in Mr. Jacobson's Employment Agreement with 1st United, within 30 days following the effective date of a change of control of 1st United (single trigger), Mr. Jacobson is entitled to receive a lump sum equal to his current annual base salary of \$217,000. At the end of the calendar year following the effective date of the change of control (single trigger), Mr. Jacobson is entitled to receive an amount equal to his average bonus for the two immediately preceding years. If the merger closes in 2014, the amount of this payment will be \$59,690.
- (3) All outstanding stock options and shares of restricted stock held by the named executive officers as of May 7, 2014 shall vest in connection with the closing of the merger (single trigger). Immediately prior to the closing of the merger, such options will be cancelled and 1st United shall pay to each executive cash in an amount equal to the number of shares of 1st United common stock into which such stock options held are convertible multiplied by the excess of the value of the merger consideration over the exercise price per share provided for in such 1st United stock options. The amounts in this column are calculated based on a 1st United share price of \$8.15, the average closing price of 1st United's common stock over the first five business days following public announcement of the merger. For Messrs. Orlando, Schupp and Marino, their equity amounts represent \$729,653 attributable to the value of 64,132 1st United restricted stock awards for which vesting is accelerated and \$896,045 attributable to the payment in cancellation of 385,257 1st United stock options that are in-the-money. For Messrs. Jacobson and Ostermayer, their equity amounts represent \$197,035 and \$103,415, respectively, attributable to the payment in cancellation of 93,000 and 58,500 1st United stock options that are in-the-money, respectively.
- (4) As specified in the Revised Employment Agreements, 1st United shall, at the direction of Valley, terminate each executive's Revised SERP Agreement at the effective time of the merger in accordance with the terms of the Revised SERP Agreement and Section 409A of the Code in exchange for the lump sum cash payment of \$4,310,241 in settlement of its obligations following the merger under the SERP Agreements, which shall be payable at the effective time of the merger.
- (5) As specified in the executives' Valley Employment Agreements, each executive is entitled to receive, upon the termination of employment with Valley for any reason, a lump sum payment of \$23,277 in lieu of post-retirement life insurance for 15 years. In addition, each executive is entitled to reimbursement for health insurance premiums for a period of 15 years following termination of employment with Valley for any reason. The present value of the estimated payments to Messrs. Orlando, Schupp and Marino for such reimbursement are \$315,690, \$288,465 and \$387,391, respectively, which was calculated based on the current cost of the health benefits provided to the executive, assuming a 5% per year cost increase.

- (6) As specified in Mr. Jacobson's Employment Agreement with 1st United, If Valley terminates Mr. Jacobson for any reason following the effective time of the merger (double trigger), Valley will reimburse

Table of Contents

Mr. Jacobson for his monthly health insurance continuation premiums under the Consolidated Omnibus Budget Reconciliation Act, up to \$1,000 per month, for a period of twelve months following such termination.

- (7) The amounts disclosed are related to the reimbursement by 1st United of the executives' federal income taxes, at the rate of 39.6%, related to the vesting of the restricted stock awards, as provided in the executives' Revised Employment Agreements.

ADJOURNMENT OR OTHER MATTERS**

As of the date of this document, the 1st United Bancorp Board of Directors does not know of any matters that will be presented for consideration at the 1st United special meeting other than as described in this document. However, if any other matter shall properly come before the 1st United special meeting or any adjournment or postponement thereof and shall be voted upon, the 1st United Board of Directors intends that properly completed proxies will be deemed to confer authority to the individuals named as authorized therein to vote the shares of 1st United common stock represented by the proxy on any matters that fall within the purposes set forth in 1st United's notice of meeting. In particular, if 1st United does not receive a sufficient number of votes to constitute a quorum or approve the merger agreement, it may propose to adjourn or postpone the 1st United special meeting to a later date for the purpose of soliciting additional proxies to establish a quorum or approve the merger agreement. 1st United does not currently intend to propose adjournment or postponement at the 1st United special meeting if there are sufficient votes to approve the merger agreement.

PROPOSAL 1 OF THE VALLEY SPECIAL MEETING AMENDMENT TO VALLEY S RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF VALLEY S COMMON STOCK BY 100,000,000 SHARES

Valley is requesting that its shareholders approve a proposal to amend Valley s Restated Certificate of Incorporation to increase the number of authorized shares of Valley s common stock by 100,000,000 shares. Approval of such proposed amendment to Valley s Restated Certificate of Incorporation would result in 332,023,233 shares of authorized common stock and 362,023,233 shares of authorized capital stock. Since approval of such proposed amendment is a condition to the closing of the merger between Valley and 1st United, Valley shareholders effectively have a vote to approve the merger. The Valley Board of Directors has unanimously approved the merger, the merger agreement and the proposed amendment to Valley s Restated Certificate of Incorporation, and believes the merger and the increase in the number of shares of common stock are in the best interests of Valley and its shareholders for the reasons set forth below. Valley s current Restated Certificate of Incorporation authorizes the issuance of 262,023,233 shares of capital stock, divided into 232,023,23 shares of common stock, no par value per share, and 30,000,000 shares of preferred stock, no par value per share. As of [], 2014, a date immediately preceding the printing of this joint proxy statement-prospectus, there were [] shares of common stock and no shares of preferred stock issued and outstanding.

The additional shares of Valley common stock to be authorized by adoption of the proposed amendment to Valley s Restated Certificate of Incorporation would have rights identical to the shares of Valley common stock currently outstanding. Adoption of the proposed amendment and issuance of the common stock would not affect the rights of the holders of currently outstanding Valley common stock, except for effects incidental to increasing the number of shares of Valley common stock outstanding, such as dilution of the earnings per share and voting power of current holders of Valley common stock, and allowing the merger to proceed. If the amendment is adopted, it will become effective upon the filing of a Certificate of Amendment to Valley s Restated Certificate of Incorporation with the Department of the Treasury of the State of New Jersey. It is anticipated that the appropriate filing to effect the increase in authorized share capital will be made as soon as practicable following approval of this Proposal 1 of the Valley special meeting. The full text of the proposed form of the amendment to the Restated Certificate of Incorporation of Valley National Bancorp is set forth in *Appendix E* to this joint proxy statement-prospectus. If approved by the Valley shareholders, the amendment to Valley s Restated Certificate of Incorporation will be effective regardless of whether the merger closes.

If this proposed amendment to Valley s Restated Certificate of Incorporation is adopted, the additional authorized shares of Valley common stock will be available (i) for issuance as merger consideration to 1st United shareholders and (ii) at the discretion of the Valley Board of Directors for any corporate purpose, including, among other things, acquisitions and capital raises, each without further action by the Valley shareholders, except as may be required by applicable laws or regulations or the rules of the New York Stock Exchange and NASDAQ, and issuances under new stock plans (which would require shareholder approval under New York Stock Exchange and NASDAQ rules). If this proposed amendment is approved by Valley shareholders, all shares authorized by the amendment will be available for issuance, including the approximately 30.1 million shares of Valley common stock estimated by Valley and 1st United to be issued in connection with the merger (assuming none of the outstanding 1st United stock options are exercised prior to the closing of the merger).

Reasons for the Proposed Amendment to Valley s Restated Certificate of Incorporation

The Valley Board of Directors has unanimously approved the proposed amendment which will be required in order for Valley to close the merger. The merger and the merger agreement have also been unanimously approved by the Valley Board of Directors. A description of Valley s reasons for the merger can be found under Proposal 1 of the 1st United Special Meeting The Merger Valley s Reasons for the Merger beginning on page []. The Valley Board of

Directors also believes that it would be desirable for the shareholders to authorize the increase in Valley common stock so Valley will be prepared to meet possible future needs for such shares without delay. These shares may be issued in the future in connection with another acquisition or the raising of additional capital through offerings of common stock or under new stock plans (approved by shareholders).

Opinion of Sandler O Neill

By letter dated April 30, 2014, the Valley Board of Directors retained Sandler O Neill to provide a fairness opinion to the Board of Directors in connection with Valley's proposed business combination with 1st United. Sandler O Neill is a nationally recognized investment banking firm whose principal business specialty is financial institutions. In the ordinary course of its investment banking business, Sandler O Neill is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. The Valley Board of Directors selected Sandler O Neill to act as financial advisor to the Valley Board of Directors in connection with providing the opinion based on its qualifications, expertise, reputation and experience in mergers and acquisitions involving financial institutions.

Sandler O Neill provided a fairness opinion to the Valley Board of Directors in connection with the proposed transaction. Valley's Board of Directors delegated to a Special Committee the authority to review and accept the fairness opinion. At the May 5, 2014 meeting of the Special Committee of Valley's Board of Directors (the Special Committee), Sandler O Neill delivered its oral opinion, which was subsequently confirmed in writing, that the merger consideration was fair to Valley from a financial point of view. **The full text of Sandler O Neill's opinion is attached as Appendix E to this joint proxy statement-prospectus. The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler O Neill in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the full text of the opinion. Holders of Valley common stock are urged to read the entire opinion carefully in connection with their consideration of the proposed merger.**

Sandler O Neill's opinion speaks only as of the date of the opinion. The opinion was directed to the Valley Board of Directors and is directed only to the fairness of the merger consideration to Valley from a financial point of view. It does not address the underlying business decision of Valley to engage in the merger or any other aspect of the merger and is not a recommendation to any holder of Valley common stock as to how such holder of Valley common stock should vote at the special meeting with respect to the merger or any other matter.

In connection with rendering its opinion on May 5, 2014, Sandler O Neill reviewed and considered, among other things:

the merger agreement;

certain publicly available financial statements and other historical financial information of Valley that Sandler O Neill deemed relevant;

certain publicly available financial statements and other historical financial information of 1st United that Sandler O Neill deemed relevant;

median publicly available analyst earnings estimates for Valley for the years ending December 31, 2014 and December 31, 2015 and an estimated long-term growth rate for the years ending December 31, 2016 through December 31, 2018 as discussed with senior management of Valley;

median publicly available analyst earnings estimates for 1st United for the years ending December 31, 2014 and December 31, 2015 and an estimated long-term growth rate for the years ending December 31, 2016 through December 31, 2018 as discussed with senior management of Valley;

the pro forma financial impact of the merger on Valley based on assumptions relating to transaction expenses, purchase accounting adjustments, cost savings and other synergies as determined by the senior management of Valley;

comparison of certain financial and other information, including stock trading information for Valley and 1st United with similar publicly available information for certain other commercial banks, the securities of which are publicly traded;

the terms and structures of other recent mergers and acquisition transactions in the commercial banking sector;

the current market environment generally and in the commercial banking sector in particular; and

such other information, financial studies, analyses and investigations and financial, economic and market criteria as Sandler O'Neill considered relevant.

Sandler O'Neill also discussed with certain members of the senior management of Valley the business, financial condition, results of operations and prospects of Valley and held similar discussions with the senior management of 1st United regarding the business, financial condition, results of operations and prospects of 1st United.

In performing its reviews and analyses and in rendering its opinion, Sandler O'Neill relied upon the accuracy and completeness of all of the financial and other information that was available to Sandler O'Neill from public sources, that was provided to Sandler O'Neill by Valley or 1st United or their respective representatives or that was otherwise reviewed by Sandler O'Neill, and Sandler O'Neill assumed such accuracy and completeness for purposes of rendering its opinion. Sandler O'Neill relied, at the direction of Valley, without independent verification or investigation, on the assessments of the management of Valley as to Valley's existing and future relationships with key employees and partners, clients, products and services and Sandler O'Neill assumed, with Valley's consent, that there would be no developments with respect to any such matters that would affect its analyses or opinion. Sandler O'Neill further relied on the assurances of the respective senior managements of Valley and 1st United that they were not aware of any facts or circumstances that would make any of such information inaccurate or misleading. Sandler O'Neill was not asked to undertake, and did not undertake, an independent verification of any of such information and Sandler O'Neill assumes no responsibility or liability for the accuracy or completeness thereof.

Sandler O'Neill expressed no opinion as to the trading values at which the common stock of Valley or 1st United may trade at any time or what the value of Valley common stock will be once it is actually received by the holders of 1st United common stock. Sandler O'Neill expresses no opinion as to any of the legal, accounting and tax matters relating to the merger and any other transaction contemplated by Valley. Sandler O'Neill's opinion was necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to Sandler O'Neill as of, the date of its opinion. Events occurring after the date thereof could materially affect Sandler O'Neill's opinion. Sandler O'Neill has not undertaken to update, revise, reaffirm or withdraw its opinion or otherwise comment upon events occurring after the date of its opinion.

In rendering its May 5, 2014 opinion, Sandler O'Neill performed a variety of financial analyses. The following is a summary of the material analyses performed by Sandler O'Neill, but it is not a complete description of all the analyses underlying Sandler O'Neill's opinion. The summary includes information presented in tabular format. **In order to fully understand the financial analyses, these tables must be read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses.** The preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. Sandler O'Neill believes that its analyses must be considered

as a whole and that selecting portions of the factors and analyses to be considered without considering all factors and analyses, or attempting to ascribe relative weights to some or all such factors and analyses, could create an incomplete view of the evaluation process underlying its opinion. Also, no company included in Sandler O'Neill's comparative analyses described below is identical to Valley or 1st United and no transaction is identical to the merger. Accordingly, an analysis

Table of Contents

of comparable companies or transactions involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of Valley and 1st United and the companies to which they are being compared.

Transaction Multiples

Sandler O'Neill reviewed the financial terms of the proposed transaction. As described in the merger agreement, Valley will be paying an exchange ratio equal to 0.89 per share of Valley common stock, or approximately \$8.80 per 1st United share, based on Valley's closing price of \$9.89 as of May 2, 2014. Based upon Valley's closing price of \$9.89 as of May 2, 2014, Sandler O'Neill calculated an aggregate merger consideration value of \$314 million. Additionally, as described in the merger agreement, the merger consideration will be subject to adjustment if Valley's Average Closing Price fluctuates outside of a certain range. If Valley's Average Closing Price is between \$8.09 and \$12.13, the exchange ratio will remain fixed at 0.89. If Valley's Average Closing Price is less than \$8.09, then the exchange ratio will increase so that the price per share paid to 1st United common shareholders is \$7.20. In lieu of increasing the exchange ratio, Valley may pay an amount of cash for each share of 1st United common stock in an amount equal to the difference between \$7.20 and the product of Valley's Average Closing Price times 0.89. If Valley's Average Closing Price is greater than \$12.13, then the exchange ratio will decrease so that the price per share paid to 1st United common shareholders is \$10.80.

Based upon financial information as of the period ended March 31, 2014, Sandler O'Neill calculated the following transaction ratios:

Price / 2014 Estimated Earnings Per Share	23.8x
Price / 2015 Estimated Earnings Per Share	18.0x
Price / March 31, 2014 Book Value	129%

Table of Contents***Valley Net Present Value Analysis***

Sandler O Neill performed an analysis that estimated the net present value per share of Valley common stock through December 31, 2018.

Sandler O Neill based the analysis on publicly available earnings estimates for the years ending December 31, 2014 and December 31, 2015 and an estimated long-term growth for the years ending December 31, 2016 through December 31, 2018 as discussed with senior management of Valley.

To approximate the terminal value of Valley's common stock at December 31, 2018, Sandler O Neill applied price to earnings multiples ranging from 13.0x to 18.0x and price to tangible book value multiples ranging from 125% to 250%. Sandler O Neill selected the ranges of price to earnings multiples and price to tangible book value multiples based on the range of trading multiples of the comparable group of Valley. The income streams and terminal values were then discounted to present values using discount rates ranging from 9.79% to 12.79%, which were assumed deviations as selected by Sandler O Neill based on the Valley discount rate of 12.79% as determined by Sandler O Neill. These analyses resulted in the following reference ranges of implied earnings per share and implied tangible book value per share of Valley common stock:

Implied Net Present Value Based on Range Earnings Per Share	Implied Net Present Value Based on Range of Tangible Book Value Per Share
\$7.18 \$10.54	\$6.29 \$12.50

Sandler O Neill also considered and discussed with the Special Committee how this analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O Neill performed a similar analysis assuming Valley's net income varied from 30% above analyst earnings estimates to 30% below analyst earnings estimates. Using a discount rate of 12.79% for this analysis, Sandler O Neill noted a range of \$5.79 \$12.44 per share of Valley common stock.

At the May 5, 2014 meeting of the Special Committee, Sandler O Neill noted that the net present value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.

1st United Net Present Value Analysis

Sandler O Neill also performed an analysis that estimated the net present value of 1st United through December 31, 2018.

Sandler O Neill based the analysis on publicly available earnings estimates for the years ending December 31, 2014 and December 31, 2015 and an estimated long-term growth for the years ending December 31, 2016 through December 31, 2018 as discussed with senior management of Valley.

To approximate the terminal value of 1st United's common stock at December 31, 2018, Sandler O Neill applied price to earnings multiples ranging from 12.0x to 22.0x and price to tangible book value multiples ranging from 125% to 200%. Sandler O Neill selected the ranges of price to earnings multiples and price to tangible book value multiples based on the range of trading multiples of the comparable group of 1st United. The income streams and terminal values were then discounted to present values using discount rates ranging from 9.48% to 15.48%, which were

assumed deviations as selected by Sandler O'Neill based on the 1st United discount rate of 15.48% as determined by Sandler O'Neill. These analyses resulted in the following reference ranges of implied earnings per share and implied tangible book value per share of 1st United common stock:

Implied Net Present Value Based on Range Earnings Per Share		Implied Net Present Value Based on Range of Tangible Book Value Per Share	
\$5.06	\$11.63	\$4.90	\$9.87

Sandler O'Neill also considered and discussed with the Special Committee how this analysis would be affected by changes in the underlying assumptions, including variations with respect to net income. To illustrate this impact, Sandler O'Neill performed a similar analysis assuming 1st United's net income varied from 30% above projections to 30% below projections. Using a discount rate of 15.48% for this analysis, Sandler O'Neill noted a range of \$4.08-\$13.24 per share of 1st United common stock.

At the May 5, 2014 meeting of the Valley Board of Directors, Sandler O'Neill noted that the net present value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.
