SUBJECT TO COMPLETION, DATED JULY 28, 2014

PRELIMINARY JOINT PROXY STATEMENT/PROSPECTUS

MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT

To the Shareholders of Seacoast Banking Corporation of Florida and The BANKshares, Inc.:

On April 24, 2014, Seacoast Banking Corporation of Florida, or Seacoast, Seacoast National Bank, or SNB, The BANKshares, Inc., or BANKshares, and BankFIRST, entered into an Agreement and Plan of Merger (which we refer to as the merger agreement) that provides for the combination of two holding companies. Under the merger agreement, BANKshares will merge with and into Seacoast, with Seacoast as the surviving corporation (which we refer to as the merger). Immediately following the merger, BankFIRST will merge with and into SNB, with SNB as the surviving bank (which we refer to as the bank merger and collectively, with the merger, the mergers). The mergers will create the sixth largest Florida-based bank by total assets with approximately \$3.0 billion. The combined franchise will also have approximately \$2.3 billion of deposits and 46 branches.

In the merger, each share of BANKshares common stock and preferred stock (except for specified shares of BANKshares common stock held by BANKshares or Seacoast and any dissenting shares) will be converted into the right to receive 0.4975 shares of Seacoast common stock (which we refer to as the exchange ratio or the merger consideration). Although the number of shares of Seacoast common stock that BANKshares shareholders will receive is fixed, the market value of the merger consideration will fluctuate with the market price of Seacoast common stock and will not be known at the time BANKshares shareholders vote on the merger. Based on the closing price of Seacoast's common stock on the NASDAQ Global Select Market on July 25, 2014, the last practicable date before the date of this document, the value of the per share merger consideration payable to holders of BANKshares common stock and preferred stock was approximately \$5.13. **We urge you to obtain current market quotations for Seacoast (trading symbol SBCF) because the value of the per share merger consideration will fluctuate.**

Based on the current number of shares of BANKshares common stock and preferred stock outstanding and reserved for issuance under employee benefit plans, Seacoast expects to issue approximately 7,086,041 shares of common stock to BANKshares shareholders in the aggregate upon completion of the merger. Based on these numbers, upon completion of the merger, current BANKshares shareholders would own approximately 21.4% of the common stock of Seacoast immediately following the merger. However, any increase or decrease in the number of shares of BANKshares common stock and preferred stock outstanding that occurs for any reason prior to the completion of the merger would cause the actual number of shares issued upon completion of the merger to change.

Seacoast and BANKshares will each hold a special meeting of their respective shareholders in connection with the merger. Holders of BANKshares common stock and preferred stock, voting as a separate class, will be asked to vote

to approve the merger agreement and related matters as described in this joint proxy statement/prospectus, and Seacoast shareholders will be asked to vote to approve the issuance of shares of Seacoast common stock to BANKshares shareholders in connection with the merger (which we refer to as the stock issuance). Both BANKshares and Seacoast shareholders will also be asked to approve the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies in favor of the merger agreement and related matters and the approval of the stock issuance, respectively, as described in this joint proxy statement/prospectus.

The special meeting of BANKshares shareholders will be held on September 18, 2014 at 1031 West Morse Boulevard, Suite 323, Winter Park, Florida, at 1 p.m. local time. The special meeting of Seacoast shareholders will be held on September 18, 2014 at Wolf Technology Center, 2400 S.E. Salerno Road, Stuart, Florida, at 3 p.m. local time.

QUESTIONS AND ANSWERS ABOUT THE MERGER AND THE SPECIAL MEETINGS

The following are answers to certain questions that you may have regarding the special meetings. The parties urge you to read carefully the remainder of this document because the information in this section may not provide all the information that might be important to you in determining how to vote. Additional important information is also contained in the appendices to, and the documents incorporated by reference in, this document. In this joint proxy statement/prospectus we refer to Seacoast Banking Corporation of Florida as Seacoast, Seacoast National Bank as SNB, and The BANKshares, Inc. as BANKshares.

Q: Why am I receiving this joint proxy statement/prospectus?

A: Seacoast, SNB, BANKshares, and BankFIRST have entered into an Agreement and Plan of Merger, dated as of April 24, 2014 (which we refer to as the merger agreement) pursuant to which BANKshares will be merged with and into Seacoast, with Seacoast continuing as the surviving company. Immediately following the merger, BankFIRST, a wholly owned bank subsidiary of BANKshares, will merge with and into Seacoast's wholly owned bank subsidiary, SNB, with Seacoast's bank subsidiary continuing as the surviving bank and using the name Seacoast National Bank (the bank merger). A copy of the merger agreement is included in this joint proxy statement/prospectus as Appendix A.

The merger cannot be completed unless, among other things:

a majority of Seacoast's common stock represented in person or by proxy at the Seacoast special meeting vote in favor of the proposal to approve the issuance of shares of Seacoast common stock to BANKshares shareholders in connection with the merger (which we refer to as the stock issuance); and

a majority of the outstanding shares of BANKshares' common stock and preferred stock, voting as a separate class, vote in favor of the proposal to approve the merger agreement.

In addition, both Seacoast and BANKshares are soliciting proxies from its shareholders with respect to proposals to adjourn the Seacoast and BANKshares special meetings, as applicable, and if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the stock issuance or merger agreement, as applicable, if there are insufficient votes at the time of such adjournment to approve such proposals.

Each of Seacoast and BANKshares will hold separate special meetings to obtain these approvals. This joint proxy statement/prospectus contains important information about the merger and the other proposals being voted on at the special meetings, and you should read it carefully. It is a joint proxy statement because both the Seacoast and BANKshares boards of directors are soliciting proxies from their respective shareholders. It is a prospectus because Seacoast will issue shares of Seacoast common stock to holders of BANKshares common and preferred stock in connection with the merger. The enclosed materials allow you to have your shares voted by proxy without attending your respective meeting. Your vote is important. We encourage you to submit your proxy as soon as possible.

Q: Why do Seacoast and BANKshares want to merge?

A: We believe the combination of Seacoast and BANKshares will create one of the leading community banking franchises in the state of Florida. Each of the Seacoast and BANKshares boards of directors has determined that the merger is fair to, and in the best interest of, its respective shareholders, and recommends that its shareholders vote for their respective proposals. You should review the reasons for the merger described in greater detail under The Merger BANKshares Reasons for the Merger and Recommendations of the Board of Directors of BANKshares and The Merger Seacoast s Reasons for the Merger and Recommendations of the Board of Directors of Seacoast.

Table of Contents

Q: What will I receive in the merger?

A: *Seacoast shareholders:* If the merger is completed, Seacoast shareholders will not receive any merger consideration and will continue to hold the shares of Seacoast common stock that they currently hold. Following the merger, shares of Seacoast common stock will continue to be traded on the NASDAQ Global Select Market under the symbol SBCF.

BANKshares shareholders: If the merger is completed, you will receive 0.4975 of a share of Seacoast common stock, which we refer to as the exchange ratio, for each share of BANKshares common and preferred stock that you hold immediately prior to the merger. Seacoast will not issue any fractional shares of Seacoast common stock in the merger. Rather, BANKshares shareholders who would otherwise be entitled to a fractional share of Seacoast common stock upon the completion of the merger will instead receive an amount in cash equal to such fractional part of a share of Seacoast common stock multiplied by the average closing price per share of Seacoast common stock on the Nasdaq Global Select Market for the 5 trading day period ending on the trading day preceding the date of the closing of the merger.

Q: Will the value of the merger consideration change between the date of this joint proxy statement/prospectus and the time the merger is completed?

A: Yes, the value of the merger consideration will fluctuate between the date of this joint proxy statement/prospectus and the completion of the merger based upon the market value of Seacoast common stock. In the merger, BANKshares shareholders will receive a fraction of a share of Seacoast common stock for each share of BANKshares common and preferred stock they hold. Any fluctuation in the market price of Seacoast common stock after the date of this joint proxy statement/prospectus will change the value of the shares of Seacoast common stock that BANKshares shareholders will receive.

Q: How does BANKshares board of directors recommend that I vote at the special meeting?

A: BANKshares board of directors recommends that you vote FOR the proposal to approve the merger agreement and FOR the adjournment proposal.

A:

The Seacoast special meeting will be held at the Wolf Technology Center, 2400 S.E. Salerno Road, Stuart, Florida, on September 18, 2014, at 3 p.m. local time.

meeting. If you hold your shares in your name as a shareholder of record, you must complete, sign, date and mail your proxy card in the enclosed postage-paid return envelope, or follow the telephone or Internet voting procedures described on the proxy card in the case of holders of Seacoast common stock, as soon as possible. If you hold your shares in street name through a bank or broker, you must direct your bank or broker how to vote in accordance with the instructions you have received from your bank or broker. Street name shareholders who wish to vote in person at the special meeting will need to obtain a proxy form from the institution that holds their shares.

Q: What constitutes a quorum for the Seacoast special meeting?

A: The presence at the Seacoast special meeting, in person or by proxy, of holders of a majority of the outstanding shares of Seacoast common stock entitled to vote at the special meeting will constitute a quorum for the transaction of business. Abstentions and broker non-votes, if any, will be included in determining the number of shares present at the meeting for the purpose of determining the presence of a quorum.

Q: What constitutes a quorum for the BANKshares special meeting?

A: The presence at the BANKshares special meeting, in person or by proxy, of holders of a majority of the outstanding shares of BANKshares common stock and preferred stock will constitute a quorum for the transaction of business. Abstentions and broker non-votes, if any, will be included in determining the number of shares present at the meeting for the purpose of determining the presence of a quorum.

Q: What is the vote required to approve each proposal?

A: *Seacoast special meeting:* Approval of the stock issuance and adjournment proposals requires the affirmative vote of a majority of votes cast at the special meeting, in person or by proxy, of the shares of Seacoast common stock entitled to vote as of the close of business on July 25, 2014, the record date for the Seacoast special meeting, assuming a quorum is present. If you (1) fail to submit a proxy or vote in person at the Seacoast special meeting, (2) mark ABSTAIN on your proxy proposal or (3) fail to instruct your bank or broker how to vote with respect to the stock issuance proposal or the adjournment proposal, it will have no effect on both proposals.

BANKshares special meeting: Approval of the merger agreement requires the affirmative vote of at least a majority of all the outstanding shares of common stock and preferred stock, voting separately as a class, and entitled to vote on the merger agreement as of the close of business on July 25, 2014, the record date for the special meeting. If you (1) fail to submit a proxy or vote in person at the BANKshares special meeting, (2) mark ABSTAIN on your proxy or (3) fail to instruct your bank or broker how to vote with respect to the proposal to approve the merger agreement, it will have the same effect as a vote AGAINST the proposal and no effect on the adjournment proposal. Approval of the adjournment proposal requires the affirmative vote of a majority of the shares of BANKshares common and preferred stock represented in person or by proxy at the special meeting and entitled to vote thereon.

Q: Why is my vote important?

- A: If you do not submit a proxy or vote in person, it may be more difficult for Seacoast or BANKshares to obtain the necessary quorum to hold their special meetings. In addition, if you are a BANKshares shareholder, your failure to submit a proxy or vote in person, or failure to instruct your bank or broker how to vote, or abstention will have the same effect as a vote against approval of the merger agreement. The merger agreement must be approved by the affirmative vote of at least a majority of the outstanding shares of BANKshares common stock and preferred stock, voting as a separate class and entitled to vote on the merger agreement. BANKshares board of directors recommends that you vote FOR the proposal to approve the merger agreement.

Q: What if I abstain from voting or fail to instruct my bank or broker?

A: *Seacoast shareholders:* If you (1) mark ABSTAIN on your proxy with respect to the stock issuance proposal, (2) fail to submit a proxy or vote in person at the Seacoast special meeting or (3) fail to instruct your bank or broker how to vote with respect to the stock issuance proposal or the adjournment proposal, it will have no effect on the proposals.

A: If you are a participant in Seacoast's Retirement Savings Plan or Employee Stock Purchase Plan, your voting instructions must be received by September 12, 2014 (the cut-off date) to be counted. When your voting instructions are received by the cut-off date, your shares in these plans will be voted as directed by you. For the shares in your account in Seacoast's Retirement Savings Plan, if you do not submit your voting instructions by following the instructions on the proxy card, then the trustee of the Retirement Savings Plan will vote, or not vote, in its sole discretion, the shares of common stock in your account. For shares held in your account in the Employee Stock Purchase Plan, your shares will not be voted if you do not give voting instructions as to such shares by proxy.

Q: How will my shares of common stock held in Seacoast's Dividend Reinvestment and Stock Purchase Plan be voted?

A: If you are a participant in Seacoast's Dividend Reinvestment and Stock Purchase Plan, follow the instructions on the proxy card to provide voting instructions to the trustee. Shares held in your plan account will be combined and voted at the special meeting in the same manner in which you voted those shares registered in your own name either by proxy or in person.

Q: Can I attend the special meeting and vote my shares in person?

A: Yes. If you plan to attend your special meeting, you must hold your shares in your own name or have a letter from the record holder of your shares confirming your ownership. In addition, you must bring a form of personal photo identification with you in order to be admitted. Seacoast and BANKshares reserve the right to refuse admittance to anyone without proper proof of share ownership or without proper photo identification. Q: What are the U.S. federal income tax consequences of the merger to BANKshares shareholders?

A: The merger is intended to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, which we refer to as the Code, and accordingly holders of BANKshares common stock and preferred stock are not expected to recognize any gain or loss for U.S. federal income tax purposes on the exchange of shares of BANKshares common and preferred stock for shares of Seacoast common stock in the merger, except to the extent of any cash received in lieu of any fractional shares of Seacoast common stock.

For further information, see *The Merger* Material U.S. Federal Income Tax Consequences of the Merger.

The U.S. federal income tax consequences described above may not apply to all holders of BANKshares common stock and preferred stock. Your tax consequences will depend on your individual situation. Accordingly, we strongly urge you to consult your own tax advisor to determine the particular tax consequences of the merger to you.

Q: Are BANKshares shareholders entitled to appraisal rights?

A: Yes. If a BANKshares shareholder wants to exercise appraisal rights and receive the fair value of shares of BANKshares common stock and preferred stock in cash instead of the merger consideration, then you must file a written objection with BANKshares prior to the special meeting stating, among other things, that you will exercise your right to dissent if the merger is completed. Also, you may not vote in favor of the merger agreement

and must follow other procedures, both before and after the special meeting, as described in Appendix D to this joint proxy statement/prospectus. Note that if you return a signed proxy card without voting instructions or with instructions to vote **FOR** the merger agreement, then your shares will automatically be voted in favor of the merger agreement and you will lose all appraisal rights available under Florida law. A summary of these provisions can be found under **The Merger Appraisal Rights for BANKshares Shareholders** beginning on page 68 and detailed information about the special meeting can be found under **Information About the BANKshares Special Meeting** on page 38. Due to the complexity of the procedures for exercising the right to seek appraisal, BANKshares shareholders who are considering exercising such rights are encouraged to seek the advice of legal counsel. Failure to strictly comply with the applicable Florida law provisions will result in the loss of the right of appraisal.

Q: What should I do if I hold my shares of BANKshares stock in book-entry form?

A: You are not required to take any specific actions if your shares of BANKshares stock are held in book-entry form. Q: Whom may I contact if I cannot locate my BANKshares stock certificate(s)?

The effective income tax rate in the second quarter of 2014 at 42.7% was an increase over the same quarter a year ago and first quarter 2014 as a result of expenses which are not deductible for federal income tax purposes related to costs associated with the pending merger. Diluted earnings per common share (assuming full vesting of share grants but not including conversion of preferred shares) for the second quarter of 2014 was \$0.05, compared to \$0.05 for the first quarter of 2014, and \$0.04 for the second quarter of 2013.

Net interest income drove improved performance Net interest income increased from \$5,463 thousand in the first quarter of 2014 to \$5,637 thousand in the second quarter of 2014, which was also an increase of \$402 thousand or 7.7% when compared to the second quarter of 2013. The increase in net interest income was principally a result of an increase in the amount of net loans outstanding, which stood at \$375,235 thousand at June 30, 2014 as compared to \$366,200 thousand at March 31, 2014 and \$352,016 thousand at June 30, 2013. The taxable equivalent net interest margin in the second quarter of 2014 was 4.27%, unchanged from the first quarter of 2014 but improved from the 3.87% recorded in the second quarter of 2013.

Credit Costs Total credit costs were \$358 thousand for the second quarter of 2014, compared to \$234 thousand for the first quarter of 2014 and \$919 thousand for the second quarter of 2013. Total credit costs consist of provision for loan losses plus other credit costs, which consist of net costs (including losses on sale) of other real estate owned. Noninterest Income Noninterest income increased moderately to \$749 thousand in the second quarter of 2014 from \$701 thousand in the first quarter, and decreased from the \$1,269 thousand recorded in the second quarter of 2013. The decrease was primarily attributable to the absence, in 2014, of any income attributable to the Contingent note payable, whereas in the second quarter of 2013 \$467 thousand in income was attributable to that source.

Noninterest Expenses Noninterest expenses rose from \$5,052 thousand in the first quarter of 2014 to \$5,069 thousand in the second quarter, however non-recurring merger expenses of \$76 thousand and \$215 thousand were included in the first and second quarters respectively. Without those merger expenses, noninterest expense would have declined by \$122 thousand. You should read the merger agreement carefully and in its entirety, as it is the legal document governing the merger.

In the merger, BANKshares will merge with and into Seacoast, with Seacoast as the surviving company in the merger. Immediately following the merger of BANKshares into Seacoast, BankFIRST will merge with and into SNB, with SNB as the surviving bank of such merger.

Closing and Effective Time of the Merger (see page 74)

The closing date is currently expected to occur in the fourth quarter of 2014. Simultaneously with the closing of the merger, Seacoast will file articles of merger with the Secretary of State of the State of Florida. The merger will become effective at such time as the articles of merger are filed or such other time as may be specified in the articles of merger. Neither Seacoast nor BANKshares can predict, however, the actual date on which the merger will be completed because it is subject to factors beyond each company's control, including whether or when the required regulatory approvals and the parties' respective shareholders' approvals will be received.

Merger Consideration (see page 74)

Under the terms of the merger agreement, each share of BANKshares common and preferred stock outstanding immediately prior to the effective time of the merger (excluding certain shares held by Seacoast, BANKshares and their wholly-owned subsidiaries and dissenting shares described below) will be converted into the right to receive 0.4975 shares of Seacoast common stock. For each fractional share that would otherwise be issued, Seacoast will pay cash in an amount equal to such fractional part of a share of Seacoast common stock multiplied by the average closing price per share of Seacoast common stock on the Nasdaq Global Select Market for the 5 trading day period ending on the trading day preceding the date of the closing of the merger. No interest will be paid or accrue on cash payable to holders in lieu of fractional shares.

The value of the shares of Seacoast common stock to be issued in the merger will fluctuate between now and the closing date of the merger. Based on the closing price of Seacoast common stock on April 24, 2014, the date of the

signing of the merger agreement, the value of the per share merger consideration payable to BANKshares shareholders was approximately \$5.34. Based on the closing price of Seacoast common stock on July 25, 2014, the last practicable date before the date of this document, the value of the per share merger consideration payable to BANKshares shareholders was approximately \$5.13. BANKshares shareholders

should obtain current sale prices for Seacoast common stock, which is traded on the Nasdaq Global Select Market under the symbol SBCF.

Equivalent BANKshares Per Share Value (see page 31)

Seacoast common stock trades on the Nasdaq Global Select Market under the symbol SBCF. Neither BANKshares common stock nor preferred stock is listed or traded on any established securities exchange or quotation system. Accordingly, there is no established public trading market for the BANKshares common or preferred stock. The following table presents the closing price of Seacoast common stock on April 24, 2014, the date of the public announcement of the merger agreement, and July 25, 2014, the last practicable trading day prior to the printing of this joint proxy statement/prospectus. The table also presents the equivalent value of the merger consideration per share of BANKshares common stock and preferred stock on those dates, calculated by multiplying the closing sales price of Seacoast common stock on those dates by the exchange ratio of 0.4975.

Date	Seacoast closing sale price	Equivalent BANKshares per share value
April 24, 2014	\$ 10.74	\$ 5.34
July 25, 2014	\$ 10.31	\$ 5.13

The value of the shares of Seacoast common stock to be issued in the merger will fluctuate between now and the closing date of the merger. BANKshares shareholders should obtain current sale prices for the Seacoast common stock.

Exchange of Stock Certificates (see page 75)

Promptly after the effective time of the merger, Seacoast's exchange agent, Continental Stock Transfer and Trust Company, will mail to each holder of record of BANKshares common and preferred stock that is converted into the right to receive the merger consideration a letter of transmittal and instructions for the surrender of the holder's BANKshares stock certificate(s) for the merger consideration (including cash in lieu of any fractional Seacoast shares) and any dividends or distributions to which such holder is entitled to pursuant to the merger agreement.

Please do not send in your certificate until you receive these instructions.

Material U.S. Federal Income Tax Consequences of the Merger (see page 65)

The merger is expected to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code, and accordingly holders of BANKshares common and preferred stock are not expected to recognize any gain or loss for U.S. federal income tax purposes on the exchange of shares of BANKshares common stock and preferred stock for shares of Seacoast common stock in the merger, except to the extent of cash received in lieu of any fractional shares of Seacoast common stock.

The U.S. federal income tax consequences described above may not apply to all BANKshares shareholders. Your tax consequences will depend on your individual situation. Accordingly, we strongly urge you to consult your own tax advisor to determine the particular tax consequences of the merger to you.

Appraisal Rights (see page 68 and Appendix D)

Under Florida law, BANKshares shareholders have the right to dissent from the merger and receive a cash payment equal to the fair value of their shares of BANKshares stock instead of receiving the merger consideration. To exercise appraisal rights, BANKshares shareholders must strictly follow the procedures established by Sections 607.1301 through 607.1333 of the Florida Business Corporation Act, or the FBCA,

Table of Contents

which include filing a written objection with BANKshares prior to the special meeting stating, among other things, that the shareholder will exercise his or her right to dissent if the merger is completed, and not voting for approval of the merger agreement. A shareholder's failure to vote against the merger agreement will not constitute a waiver of such shareholder's dissenters' rights.

Opinion of BANKshares's Financial Advisor (see page 47 and Appendix B)

Hovde Group, LLC (Hovde) has delivered a written opinion to the board of directors of BANKshares that, as of the date of the merger agreement, based upon and subject to certain matters stated in the opinion, the exchange ratio in connection with the merger is fair to the holders of BANKshares common stock and preferred stock from a financial point of view. We have attached this opinion to this joint proxy statement/prospectus as Appendix B. The opinion of Hovde is not a recommendation to any BANKshares shareholder as to how to vote on the proposal to approve the merger agreement. You should read this opinion completely to understand the procedures followed, matters considered and limitations and qualifications on the reviews undertaken by Hovde in providing its opinion

For further information, please see the section entitled "The Merger - Opinion of BANKshares' Financial Advisor" beginning on page 47.

Opinion of Seacoast's Financial Advisor (see page 54 and Appendix C)

Guggenheim Securities, LLC (Guggenheim Securities) delivered its opinion to the board of directors of Seacoast to the effect that, as of April 21, 2014 and based on the matters considered, the procedures followed, the assumptions made and various limitations of and qualifications to the review undertaken, the exchange ratio in the merger was fair, from a financial point of view, to Seacoast. The full text of Guggenheim Securities' written opinion, which is attached as Appendix C to this joint proxy statement/prospectus and which you should read carefully and in its entirety, is subject to the assumptions, limitations, qualifications and other conditions contained in such opinion and is necessarily based on economic, capital markets and other conditions, and the information made available to Guggenheim Securities, as of the date of such opinion.

Guggenheim Securities' opinion was provided to Seacoast's board of directors (in its capacity as such) for its information and assistance in connection with its evaluation of the exchange ratio, did not constitute a recommendation to Seacoast's board of directors with respect to the merger, nor does it or any materials provided in connection therewith constitute advice or a recommendation to any holder of Seacoast common stock as to how to vote in the merger or otherwise. Guggenheim Securities' opinion addresses only the fairness, from a financial point of view, of the exchange ratio to Seacoast in connection with the merger and does not address any other term or aspect of the merger agreement, the merger or any other agreement, transaction document or instrument contemplated by the merger agreement or to be entered into or amended in connection with the merger or any financing or other transactions related thereto.

For further information, please see the section entitled "The Merger - Opinion of Seacoast's Financial Advisor" beginning on page 54.

Recommendation of the Seacoast Board of Directors (see page 34)

After careful consideration, the Seacoast board of directors recommends that Seacoast shareholders vote **FOR** the approval of the Seacoast share issuance proposal and the approval of the adjournment proposal described in this document. Each of the directors of Seacoast has entered into a support agreement with BANKshares, pursuant to which each has agreed to vote **FOR** the Seacoast share issuance proposal and any other matter required to be

approved by the shareholders of Seacoast to facilitate the transactions contemplated by the merger agreement, subject to the terms of the support agreements.

For more information regarding the support agreements, please see the section entitled **Information About the Seacoast Special Meeting – Shares Subject to Support Agreements; Shares Held by Directors and Executive Officers.**

Recommendation of the BANKshares Board of Directors (see page 38)

After careful consideration, the BANKshares board of directors recommends that BANKshares shareholders vote **FOR** the approval of the merger agreement and the approval of the adjournment proposal described in this document. Each of the directors of BANKshares has entered into a support agreement with Seacoast pursuant to which each has agreed to vote **FOR** the approval of the merger agreement and any other matter required to be approved by the shareholders of BANKshares to facilitate the transactions contemplated by the merger agreement, subject to the terms of the support agreements.

Interests of BANKshares Directors and Executive Officers in the Merger (see page 72)

In considering the recommendation of the BANKshares board of directors with respect to the merger agreement, you should be aware that some of BANKshares’ directors and executive officers have interests in the merger that are different from, or in addition to, the interests of BANKshares’s shareholders generally. Interests of officers and directors that may be different from or in addition to the interests of BANKshares’ shareholders include:

The merger agreement provides for the acceleration of the vesting of certain BANKshares restricted stock and restricted stock units.

Certain of BANKshares’s executive officers have entered into agreements with Seacoast that provide for the termination of existing employment agreements and provide for certain payments and benefits in connection with or following the merger.

BANKshares’s directors and executive officers are entitled to continued indemnification and insurance coverage under the merger agreement.

These interests are discussed in more detail in the section entitled **The Merger – Interests of BANKshares Directors and Executive Officers in the Merger** beginning on page 72. The BANKshares board of directors was aware of the different or additional interests set forth herein and considered such interests along with other matters in adopting and approving the merger agreement and the transactions contemplated thereby, including the merger.

Treatment of BANKshares Equity Awards (see page 72)

The merger agreement provides that, immediately prior to the effective time, each then-outstanding award, grant, unit, option to purchase or other right to purchase shares of BANKshares common stock under a BANKshares equity plan, including any restricted stock awards, to (i) become vested in accordance with its terms, (ii) exercised in accordance with its terms or (iii) terminated. All such equity awards, to the extent they become vested or exercisable, will be cancelled and converted into the right to receive, at the effective time, the number of shares of Seacoast common stock equal to the exchange ratio.

Regulatory Approvals (see page 68)

Completion of the merger and the bank merger are subject to various regulatory approvals, including approvals from the Board of Governors of the Federal Reserve System, referred to as the Federal Reserve, and the OCC. Notifications and/or applications requesting approvals for the merger or for the bank merger may also be submitted to other federal and state regulatory authorities and self-regulatory organizations. The parties have filed notices and applications to obtain the necessary regulatory approvals of the Federal Reserve and the OCC. Although the parties have received OCC approval for the bank merger and currently believe they should be able to obtain all remaining regulatory approvals in a timely manner, they cannot be certain when or if they will obtain them or, if obtained, whether they will contain terms, conditions or restrictions not currently contemplated that will be detrimental to or have a material adverse effect on the combined company after the completion of the merger. The regulatory approvals to which the completion of the merger and bank merger are subject are described in more detail under the section entitled "The Merger Regulatory Approvals," beginning on page 68.

Conditions to Completion of the Merger (see page 83)

The completion of the merger depends on a number of conditions being satisfied or, where permitted, waived, including:

the approval of the merger agreement by BANKshares shareholders;

the approval of the Seacoast share issuance by Seacoast shareholders;

all regulatory approvals from the Federal Reserve, the OCC, and any other regulatory approval required to consummate the merger and the bank merger shall have been obtained and remain in full force and effect and all statutory waiting periods shall have expired, and such approvals or consents shall not be subject to any conditions or consequences that would have a material adverse effect on Seacoast or any of its subsidiaries after the effective time of the merger;

the absence of any order, injunction or decree issued by any court or agency of competent jurisdiction or other law preventing or making illegal the consummation of the merger, the bank merger or the other transactions contemplated by the merger agreement;

the effectiveness of the Registration Statement on Form S-4, of which this joint proxy statement/prospectus is a part, under the Securities Act of 1933, as amended, or the Securities Act, and no order suspending such effectiveness having been issued or threatened;

the authorization for listing on the Nasdaq Global Select Market of the shares of Seacoast common stock to be issued in the merger;

the accuracy of the other party's representations and warranties in the merger agreement on the date of the merger agreement and as of the effective time of the merger (or such other date specified in the merger agreement) other than, in most cases, inaccuracies that would not reasonably be likely to have a material adverse effect on such party;

performance in all material respects by the other party of its respective obligations under the merger agreement;

the receipt of corporate authorizations and other certificates;

in the case of Seacoast, BANKshares' receipt of all consents required as a result of the transactions contemplated by the merger agreement pursuant to certain material contracts;

the absence of any material adverse effect on the other party;

receipt by each party of a legal opinion of its counsel or accounting advisor, as to the tax-free nature of the merger;

the maintenance by both parties of certain minimum consolidated tangible shareholders' equity amounts; and

in the case of Seacoast, the vesting, exercise or termination of BANKshares' equity awards.

Table of Contents

No assurance is given as to when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

Third Party Proposals (see page 80)

BANKshares has agreed to a number of limitations with respect to soliciting, negotiating and discussing acquisition proposals involving persons other than Seacoast, and to certain related matters. The merger agreement does not, however, prohibit BANKshares from considering an unsolicited bona fide acquisition proposal from a third party if certain specified conditions are met.

Termination (see page 84)

The merger agreement may be terminated at any time prior to the effective time of the merger, whether before or after the approval of the merger agreement by BANKshares shareholders:

by mutual consent of Seacoast and BANKshares;

by either Seacoast or BANKshares, if there is a breach by the other party of any representation, warranty, covenant or other agreement set forth in the merger agreement, that would, if occurring or continuing on the closing date, result in the failure to satisfy the closing conditions of the party seeking termination and such breach cannot be or is not cured within 30 days following written notice to the breaching party;

by either Seacoast or BANKshares, if a requisite regulatory consent has been denied and such denial has become final and non-appealable;

by either Seacoast or BANKshares, if the Seacoast or BANKshares shareholders fail to approve the merger agreement or the Seacoast share issuance in connection with the merger, as applicable, at a duly held meeting of such shareholders or any adjournment or postponement thereof;

by either Seacoast or BANKshares, if the merger has not been completed by December 31, 2014, unless the failure to complete the merger by such date is due to a breach of the merger agreement by the party seeking to terminate the merger agreement;

by Seacoast, if (i) the BANKshares board of directors withdraws, qualifies or modifies their recommendation that the BANKshares shareholders approve the merger agreement in a manner adverse to Seacoast, (ii) Seacoast fails to substantially comply with any of the provisions of the merger agreement relating to third party acquisition proposals, or (iii) the BANKshares board of directors recommends, endorses, accepts or agrees to a third party acquisition proposal;

by BANKshares, in order to enter into an agreement relating to a superior proposal in accordance with the provisions of the merger agreement relating to third party acquisition proposals (provided that BANKshares has not materially breached any such provisions and pays Seacoast the required termination fee); and

by Seacoast, if holders of more than 5% in the aggregate of BANKshares common stock have voted such shares against the merger agreement or the merger at the BANKshares special meeting and have given notice of their intent to exercise their dissenters' rights.

Termination Fee (see page 85)

BANKshares must pay Seacoast a termination fee of \$4.0 million if:

Seacoast terminates the merger agreement (i) as a result of a willful breach of a covenant, or agreement by BANKshares; (ii) because BANKshares has withdrawn, qualified or modified its recommendation to shareholders in a manner adverse to Seacoast; or (iii) because BANKshares has failed to substantially comply with the no-shop covenant or its obligations under the merger agreement by failing to hold a special meeting of BANKshares shareholders; and

BANKshares receives or there is a publicly announced third party acquisition proposal that has not been formally withdrawn or abandoned prior to the termination of the merger agreement; and

Table of Contents

within 12 months of the termination of the merger agreement, BANKshares either consummates a third party acquisition proposal or enters into a definitive agreement or letter of intent with respect to a third party acquisition proposal; or

Seacoast terminates the merger agreement as a result of the board of directors of BANKshares recommending, endorsing, accepting or agreeing to a third party acquisition proposal; or

BANKshares terminates the merger agreement because a superior proposal has been made and has not been withdrawn and BANKshares has accepted or agreed to an acquisition proposal (and none of BANKshares nor its representatives has failed to comply in all material respects with the terms of the merger agreement including third party acquisition proposals).

Except in the case of a willful breach of the merger agreement, the payment of the termination fee will fully discharge BANKshares from any losses that may be suffered by the other party arising out of the termination of the merger agreement.

NASDAQ Listing (see page 79)

Seacoast will cause the shares of Seacoast common stock to be issued to the holders of BANKshares common and preferred stock in the merger to be authorized for listing on the NASDAQ Global Select Market, subject to official notice of issuance, prior to the effective time of the merger.

Accounting Treatment (see page 68)

Seacoast will account for the merger under the acquisition method of accounting for business combinations under accounting principles generally accepted in the United States of America.

Dividends from SNB are Seacoast's primary source of funds to pay dividends on its common stock. Under the National Bank Act, national banks may in any calendar year, without the approval of the OCC, pay dividends to the extent of net profits for that year, plus retained net profits for the preceding two years (less any required transfers to surplus). The need to maintain adequate capital in SNB also limits dividends that may be paid to Seacoast. Beginning in the third quarter of 2008, Seacoast reduced its dividend per share of common stock to de minimis \$0.01. On May 19, 2009, Seacoast's board of directors voted to suspend quarterly dividends on its common stock entirely.

Any dividends paid on Seacoast's common stock would be declared and paid at the discretion of its board of directors and would be dependent upon Seacoast's liquidity, financial condition, results of operations, capital requirements and such other factors as the board of directors may deem relevant. Seacoast does not expect to pay dividends on its common stock in the foreseeable future and expects to retain all earnings, if any, to support its capital adequacy and growth.

BANKshares has not paid any dividends on the shares of BANKshares common stock or preferred stock.

Comparison of Shareholders' Rights (see page 87)

The rights of BANKshares shareholders who continue as Seacoast shareholders after the merger will be governed by the articles of incorporation and bylaws of Seacoast rather than the articles of incorporation and

bylaws of BANKshares. For more information, please see the section entitled "Comparison of Shareholders' Rights" beginning on page 87.

Risk Factors (see page 20)

Before voting at the Seacoast or BANKshares special meeting, you should carefully consider all of the information contained or incorporated by reference into this joint proxy statement/prospectus, including the risk factors set forth in the section entitled "Risk Factors" beginning on page 20 or described in Seacoast's reports filed with the SEC, which are incorporated by reference into this joint proxy statement/prospectus. Please see "Documents Incorporated by Reference" beginning on page 132.

Table of Contents

RISK FACTORS

An investment in Seacoast common stock in connection with the merger involves risks. Seacoast describes below the material risks and uncertainties that it believes affect its business and an investment in the Seacoast common stock. In addition to the other information contained in, or incorporated by reference into, this joint proxy statement/prospectus, including Seacoast's Annual Report on Form 10-K for the fiscal year ended December 31, 2013, and the matters addressed under Forward-Looking Statements, you should carefully read and consider all of the risks and all other information contained in this joint proxy statement/prospectus in deciding whether to vote to approve the merger agreement or share issuance, as the case may be. Additional Risk Factors included in Item 1A in Seacoast's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 are incorporated by reference. You should read and consider those Risk Factors in addition to the Risk Factors listed below. If any of the risks described in this joint proxy statement/prospectus occur, Seacoast's financial condition, results of operations and cash flows could be materially and adversely affected. If this were to happen, the value of the Seacoast common stock could decline significantly, and you could lose all or part of your investment.

Risks Associated with the Merger

The market price of Seacoast common stock after the merger may be affected by factors different from those currently affecting BANKshares or Seacoast.

The businesses of Seacoast and BANKshares differ in some respects and, accordingly, the results of operations of the combined company and the market price of Seacoast's shares of common stock after the merger may be affected by factors different from those currently affecting the independent results of operations of each of Seacoast and BANKshares. For a discussion of the business of Seacoast and of certain factors to consider in connection with that business, see the documents incorporated by reference into this joint proxy statement/prospectus and referred to under Documents Incorporated by Reference.

Because the sale price of Seacoast common stock will fluctuate, you cannot be sure of the value of the merger consideration that you will receive in the merger until the closing.

Under the terms of the merger agreement, each share of BANKshares common and preferred stock outstanding immediately prior to the effective time of the merger (excluding dissenting shares) will be converted into the right to receive 0.4975 shares of Seacoast common stock (plus cash in lieu of fractional shares). The value of the shares of Seacoast common stock to be issued to BANKshares shareholders in the merger will fluctuate between now and the closing date of the merger due to a variety of factors, including general market and economic conditions, changes in the parties' respective businesses, operations and prospects, and regulatory considerations, among other things. Many of these factors are beyond the control of Seacoast and BANKshares. We make no assurances as to whether or when the merger will be completed. BANKshares shareholders should obtain current sale prices for shares of Seacoast common stock before voting their shares of BANKshares common stock at the special meeting.

Shares of Seacoast common stock to be received by BANKshares shareholders as a result of the merger will have rights different from the shares of BANKshares common and preferred stock.

Upon completion of the merger, the rights of former BANKshares shareholders will be governed by the articles of incorporation, as amended, and bylaws of Seacoast. The rights associated with BANKshares common and preferred stock are different from the rights associated with Seacoast common stock, although both companies are organized under Florida law. Please see the section entitled Comparison of Shareholders' Rights beginning on page 87 for a discussion of the different rights associated with Seacoast common stock.

Table of Contents

Seacoast and BANKshares shareholders will have a reduced ownership and voting interest after the merger and will exercise less influence over management.

Seacoast shareholders currently have the right to vote in the election of the board of directors of Seacoast and on other matters affecting Seacoast. BANKshares shareholders currently have the right to vote in the election of the board of directors of BANKshares and on other matters affecting BANKshares. Upon the completion of the merger, each party's shareholders will be a shareholder of Seacoast with a percentage ownership of Seacoast that is smaller than such shareholder's current percentage ownership of Seacoast or BANKshares, as applicable. It is currently expected that the former shareholders of BANKshares as a group will receive shares in the merger constituting approximately 21.4% of the outstanding shares of the combined company's common stock immediately after the merger. Because of this, BANKshares and Seacoast shareholders will have less influence on the management and policies of the combined company than they now have on the management and policies of Seacoast or BANKshares, as applicable.

CapGen is the largest shareholder of both Seacoast and BANKshares and its ownership position in both Seacoast and BANKshares causes them to be bank holding companies under the law and, as a result, the merger may require additional regulatory approvals and commitments.

CapGen Capital Group III LP, and its general partner, CapGen Capital Group III LLC, are bank holding companies of Seacoast, and CapGen Capital Group LP and its general partner, CapGen Capital Group LLC, are bank holding companies of BANKshares. CapGen owns approximately 21% of the outstanding shares of Seacoast common stock and approximately 39.18% of the outstanding shares of BANKshares common stock. Each of CapGen Capital Group III LP and CapGen Capital Group III LLC may require certain approvals and commitments of the Federal Reserve before we can complete the merger. Furthermore, each of the CapGen entities executed a shareholder support agreement to vote in favor of the merger and the merger consideration, but the support agreements are subject to each CapGen entity obtaining the appropriate regulatory approvals and commitments. The receipt of such CapGen regulatory approvals and commitments may delay the closing of the merger and there can be no assurance that such approvals will be granted or obtained in a timely fashion.

Seacoast and BANKshares will be subject to business uncertainties and contractual restrictions while the merger is pending.

Uncertainty about the effect of the merger on employees, customers, suppliers and vendors may have an adverse effect on the business, financial condition and results of operations of BANKshares and Seacoast. These uncertainties may impair Seacoast's or BANKshares' ability to attract, retain and motivate key personnel, depositors and borrowers pending the consummation of the merger, as such personnel, depositors and borrowers may experience uncertainty about their future roles following the consummation of the merger. Additionally, these uncertainties could cause customers (including depositors and borrowers), suppliers, vendors and others who deal with Seacoast or BANKshares to seek to change existing business relationships with Seacoast or BANKshares or fail to extend an existing relationship. In addition, competitors may target each party's existing customers by highlighting potential uncertainties and integration difficulties that may result from the merger.

Seacoast and BANKshares have a small number of key personnel. The pursuit of the merger and the preparation for the integration may place a burden on each company's management and internal resources. Any significant diversion of management attention away from ongoing business concerns and any difficulties encountered in the transition and integration process could have a material adverse effect on each company's business, financial condition and results of operations.

In addition, the merger agreement restricts each party from taking certain actions without the other party's consent while the merger is pending. These restrictions may, among other matters, prevent such party from pursuing otherwise attractive business opportunities, selling assets, incurring indebtedness, engaging in significant capital expenditures in excess of certain limits set forth in the merger agreement, entering into other transactions or making other changes to such party's business prior to consummation of the merger or termination of the merger agreement. These restrictions could have a material adverse effect on each party's business, financial condition and results of

operations. Please see the section entitled "The Merger Agreement - Conduct of Business Pending the Merger" beginning on page 76 for a description of the covenants applicable to BANKshares and Seacoast.

Seacoast may fail to realize the cost savings estimated for the merger.

Although Seacoast estimates that it will realize cost savings from the merger when fully phased in, it is possible that the estimates of the potential cost savings could turn out to be incorrect. For example, the combined purchasing power may not be as strong as expected, and therefore the cost savings could be reduced. In addition, unanticipated growth in Seacoast's business may require Seacoast to continue to operate or maintain some facilities or support functions that are currently expected to be combined or reduced. The cost savings estimates also depend on Seacoast's ability to combine the businesses of Seacoast and BANKshares in a manner that permits those costs savings to be realized. If the estimates turn out to be incorrect or Seacoast is not able to combine the two companies successfully, the anticipated cost savings may not be fully realized or realized at all, or may take longer to realize than expected.

The combined company expects to incur substantial expenses related to the merger.

The combined company expects to incur substantial expenses in connection with completing the merger and combining the business, operations, networks, systems, technologies, policies and procedures of Seacoast and BANKshares. Although Seacoast and BANKshares have assumed that a certain level of transaction and combination expenses would be incurred, there are a number of factors beyond their control that could affect the total amount or the timing of their combination expenses. Many of the expenses that will be incurred, by their nature, are difficult to estimate accurately at the present time. Due to these factors, the transaction and combination expenses associated with the merger could, particularly in the near term, exceed the savings that the combined company expects to achieve from the elimination of duplicative expenses and the realization of economies of scale and cost savings related to the combination of the businesses following the completion of the merger. In addition, prior to completion of the merger, each of BANKshares and Seacoast will incur or have incurred substantial expenses in connection with the negotiation and completion of the transactions contemplated by the merger agreement. If the merger is not completed, Seacoast and BANKshares would have to recognize these expenses without realizing the anticipated benefits of the merger.

Seacoast and BANKshares may waive one or more of the conditions to the merger without re-soliciting shareholder approval for the merger.

Each of the conditions to the obligations of Seacoast and BANKshares to complete the merger may be waived, in whole or in part, to the extent permitted by applicable law, by agreement of Seacoast and BANKshares, if the condition is a condition to both parties' obligation to complete the merger, or by the party for which such condition is a condition of its obligation to complete the merger. The boards of directors of Seacoast and BANKshares may evaluate the materiality of any such waiver to determine whether amendment of this joint proxy statement/prospectus and re-solicitation of proxies are necessary. Seacoast and BANKshares, however, generally do not expect any such waiver to be significant enough to require re-solicitation of shareholders. In the event that any such waiver is not determined to be significant enough to require re-solicitation of shareholders, the companies will have the discretion to complete the merger without seeking further shareholder approval.

The merger is expected to qualify as a tax-free reorganization within the meaning of the Code.

It is expected that the merger will qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code. If the merger does not qualify as a tax-free reorganization, then the holders of shares of BANKshares common stock and preferred stock will recognize any gain with respect to the entire consideration received in the merger, including the per share stock consideration received. The consequences of the merger to any particular BANKshares

shareholder will depend on that shareholder's individual situation. **We strongly urge you to consult your own tax advisor to determine the particular tax consequences of the merger to you.**

Regulatory approvals may not be received, may take longer than expected or impose conditions that are not presently anticipated.

Before the transactions contemplated by the merger agreement, including the merger and the bank merger, may be completed, various approvals must be obtained from bank regulatory authorities. Certain parent company investors in Seacoast and BANKshares, respectively, each of which represent investment funds organized by CapGen Financial Group, will also combine as a result of the merger of SNB and BankFIRST, and such combination may require additional bank regulatory approvals be obtained before the transactions contemplated by the merger agreement, including the merger and the bank merger, may be completed. These governmental entities may impose conditions on the granting of such approvals. Such conditions or changes and the process of obtaining regulatory approvals could have the effect of delaying completing the merger or of imposing additional costs or limitations on Seacoast following the merger. Although we have received OCC approval for the bank merger, the remaining regulatory approvals may not be received at all, may not be received in a timely fashion, and may contain conditions on the completion of the merger that are not anticipated or have a material adverse effect. If the consummation of the merger is delayed, including by a delay in receipt of necessary governmental approvals, the business, financial condition and results of operations of each company may also be materially adversely affected.

The fairness opinions of Seacoast s and BANKshares financial advisors will not reflect changes in circumstances between the dates of the opinions and the completion of the merger.

Each of the Seacoast and BANKshares board of directors received opinions from its respective financial advisors to address the fairness of the exchange ratio from a financial point of view as of the date of such opinions. Subsequent changes in the operation and prospects of Seacoast or BANKshares, general market and economic conditions and other factors that may be beyond the control of Seacoast or BANKshares, and on which Seacoast s and BANKshares financial advisors opinions were based, may significantly alter the value of Seacoast or BANKshares or the prices of the shares of Seacoast common stock or BANKshares common and preferred stock by the time the merger is completed. Because Seacoast and BANKshares do not anticipate asking their respective advisors to update their opinions, the opinions will not address the fairness of the merger consideration from a financial point of view at the time the merger is completed, or as of any other date other than the date of such opinions. For a description of the opinions that Seacoast and BANKshares received from their respective financial advisors, please refer to the sections entitled The Merger Opinion of BANKshares Financial Advisor beginning on page 47 and The Merger Opinion of Seacoast s Financial Advisor beginning on page 54.

BANKshares executive officers and directors have financial interests in the merger that are different from, or in addition to, the interests of BANKshares shareholders.

Executive officers of BANKshares negotiated the terms of the merger agreement with Seacoast, and the BANKshares board of directors approved (excluding the CapGen director who abstained) and recommended that BANKshares shareholders vote to approve the merger agreement. In considering these facts and the other information contained in this joint proxy statement/prospectus, you should be aware that certain BANKshares and BankFIRST executive officers and directors have financial interests in the merger that are different from, or in addition to, the interests of BANKshares shareholders generally. See The Merger Interests of BANKshares Directors and Executive Officers in the Merger on page 72 for information about these financial interests.

The unaudited pro forma combined condensed consolidated financial information included in this document is illustrative only and the actual financial condition and results of operations after the merger may differ materially.

The unaudited pro forma combined condensed consolidated financial information in this document is presented for illustrative purposes only and is not necessarily indicative of what Seacoast's actual financial condition or results of operations would have been had the merger been completed on the dates indicated. The

Table of Contents

pro forma combined condensed consolidated financial information reflects adjustments, which are based upon preliminary estimates, to record the BANKshares identifiable tangible and intangible assets acquired and liabilities assumed at fair value. The purchase price allocation reflected in this document is preliminary and the final allocation of the purchase price will be based upon the actual purchase price and the fair value of the assets and liabilities of BANKshares as of the date of the completion of the merger. Accordingly, the final acquisition accounting adjustments may differ materially from the pro forma adjustments reflected in this document. For more information, please see the section entitled Unaudited Pro Forma Combined Consolidated Financial Information beginning on page 134.

The termination fees and the restrictions on third party acquisition proposals set forth in the merger agreement may discourage others from trying to acquire BANKshares.

Until the completion of the merger, with some limited exceptions, BANKshares is prohibited from soliciting, initiating, encouraging or participating in any discussion concerning a proposal to acquire BANKshares, such as a merger or other business combination transaction, with any person other than Seacoast. In addition, BANKshares has agreed to pay to Seacoast in certain circumstances a termination fee equal to \$4.0 million. These provisions could discourage other companies from trying to acquire BANKshares even though those other companies might be willing to offer greater value to BANKshares shareholders than Seacoast has offered in the merger. The payment of any termination fee could also have an adverse effect on BANKshares financial condition. See The Merger Agreement Third Party Proposals beginning on page 80 and The Merger Agreement Termination Fee beginning on page 85.

Failure of the merger to be completed, the termination of the merger agreement or a significant delay in the consummation of the merger could negatively impact Seacoast and BANKshares.

If the merger is not consummated, the ongoing business, financial condition and results of operations of each party may be materially adversely affected and the market price of each party's common stock and preferred stock may decline significantly, particularly to the extent that the current market price reflects a market assumption that the merger will be consummated. If the consummation of the merger is delayed, the business, financial condition and results of operations of each company may be materially adversely affected. If the merger agreement is terminated and a party's board of directors seeks another merger or business combination, such party's shareholders cannot be certain that such party will be able to find a party willing to engage in a transaction on more attractive terms than the merger.

Some of the performing loans in the BANKshares loan portfolio being acquired by Seacoast may be under collateralized, which could affect Seacoast's ability to collect all of the loan amount due.

In an acquisition transaction, the purchasing financial institution may be acquiring under collateralized loans from the seller. Under collateralized loans are risks that are inherent in any acquisition transaction and are mitigated through the loan due diligence process that the purchaser performs and the estimated fair market value adjustment that the purchaser places on the seller's loan portfolio. The year a loan was originated can impact the current value of the collateral. Many Florida banks have performing loans that are under collateralized because of the decline in real estate values during the 2006 through 2010 economic downturn. While real estate values generally commenced stabilizing in 2011, and in some markets began to increase in recent years, nonetheless like other financial services institutions, BANKshares and Seacoast's loan portfolios have under collateralized loans that are still performing.

When it acquires another loan portfolio, Seacoast will place what is referred to as a fair market value adjustment on the acquired loan portfolio to address certain risks, including those relating to under collateralized loans. With respect to the BANKshares loan portfolio, Seacoast has placed a preliminary \$16 million fair value adjustment which Seacoast believes is adequate to mitigate the risk of under collateralized performing loans. Seacoast has engaged a third party valuation firm who will value the acquired loan portfolio as of the acquisition

Table of Contents

date. There is no assurance that the adjustment that Seacoast has placed on the BANKshares loan portfolio to mitigate against under collateralized performing loans will be adequate or that Seacoast will not incur losses that could be greater than this adjustment.

Risks Associated with Seacoast's Business

New lines of business or new products and services may subject Seacoast to additional risks.

From time to time, Seacoast may implement or may acquire new lines of business or offer new products and services within existing lines of business. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, Seacoast may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved and price and profitability targets may not prove feasible. External factors, such as compliance with regulations, competitive alternatives and shifting market preferences, may also impact the successful implementation of a new line of business or a new product or service. Furthermore, any new line of business and/or new product or service could have a significant impact on the effectiveness of Seacoast's system of internal controls. Failure to successfully manage these risks in the development and implementation of new lines of business or new products or services could have a material adverse effect on Seacoast's business, financial condition and results of operations.

An interruption in or breach in security of Seacoast's information systems may result in a loss of customer business and have an adverse effect on Seacoast's results of operations, financial condition and cash flows.

Seacoast relies heavily on communications and information systems to conduct its business. Any failure, interruption or breach in security of these systems could result in failures or disruptions in Seacoast's customer relationship management, general ledger, deposits, servicing or loan origination systems. If any such failures, interruptions or security breaches of its communications or information systems occur, they may not be adequately addressed by Seacoast. Further, the occurrence of any such failures, interruptions or security breaches could damage Seacoast's reputation, result in a loss of customer business, subject Seacoast to additional regulatory scrutiny or expose Seacoast to civil litigation and possible financial liability, any of which could have a material adverse effect on Seacoast's results of operations, financial condition and cash flows.

Table of Contents**SUMMARY UNAUDITED PRO FORMA CONDENSED COMBINED****CONSOLIDATED FINANCIAL DATA**

The following table presents selected unaudited pro forma combined consolidated financial data about the financial condition and results of operations of Seacoast giving effect to the merger. See *The Merger Accounting Treatment*.

The following table presents the information as if the merger had become effective on March 31, 2014 and December 31, 2013, respectively, with respect to condensed consolidated balance sheet data, and on January 1, 2014, with respect to condensed consolidated statement of earnings data. The selected unaudited pro forma combined consolidated financial data have been derived from, and should be read in conjunction with, the historical financial information that Seacoast and BANKshares have incorporated by reference into, or included, in this joint proxy statement/prospectus as of and for the indicated periods. Table of Contents**UNAUDITED COMPARATIVE PER SHARE DATA**

Presented below for Seacoast and BANKshares is historical, unaudited pro forma combined and pro forma equivalent per share financial data as of and for the twelve months ended December 31, 2013 and as of and for the three months ended March 31, 2014. The information presented below should be read together with: (i) Seacoast's audited consolidated financial statements and accompanying notes included in Seacoast's Annual Report on Form 10-K for the twelve months ended December 31, 2013, and Seacoast's unaudited consolidated financial statements and accompanying notes included in Seacoast's Quarterly Report on Form 10-Q for the three months ended March 31, 2014, both of which are incorporated by reference into this joint proxy statement/prospectus; and (ii) BANKshares audited consolidated financial statements and accompany notes for the twelve months ended December 31, 2013, and unaudited consolidated financial statements and accompanying notes for the three months ended March 31, 2014, both of which are included elsewhere in this joint proxy statement/prospectus. See Index to BANKshares Consolidated Financial Statements and Documents Incorporated by Reference.

The unaudited pro forma combined and pro forma per equivalent share information gives effect to the merger as if the merger had been effective on December 31, 2013, or March 31, 2014, in the case of the book value data, and as if the merger had been effective as of January 1, 2014, in the case of the earnings per share and the cash dividends data. The unaudited pro forma data combines the historical results of BANKshares into Seacoast's consolidated statement of income. While certain adjustments were made for the estimated impact of fair value adjustments and other acquisition-related activity, they are not indicative of what could have occurred had the acquisition taken place on January 1, 2014.

The unaudited pro forma adjustments are based upon available information and certain assumptions that Seacoast management believes are reasonable. The unaudited pro forma data, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, do not reflect the impact of factors that may result as a consequence of the merger or consider any potential impacts of current market conditions of the merger on revenues, expense efficiencies, asset dispositions, among other factors. As a result, unaudited pro forma data are presented for illustrative purposes only and do not represent an attempt to predict or suggest future results. Upon completion of the merger, the operating results of BANKshares will be reflected in the consolidated financial statements of Seacoast on a prospective basis.

Dividends from SNB are Seacoast's primary source of funds to pay dividends on its common stock. Under the National Bank Act, national banks may in any calendar year, without the approval of the OCC, pay dividends to the extent of net profits for that year, plus retained net profits for the preceding two years (less any required transfers to surplus). The need to maintain adequate capital in SNB also limits dividends that may be paid to Seacoast. Beginning in the third quarter of 2008, Seacoast reduced its dividend per share of common stock to de minimis \$0.01. On May 19, 2009, Seacoast's board of directors voted to suspend quarterly dividends on its common stock entirely.

Any dividends paid on Seacoast's common stock would be declared and paid at the discretion of its board of directors and would be dependent upon Seacoast's liquidity, financial condition, results of operations, capital requirements and such other factors as the board of directors may deem relevant. Seacoast does not expect to pay dividends on its common stock in the foreseeable future and expects to retain all earnings, if any, to support its capital adequacy and growth.

INFORMATION ABOUT THE SEACOAST SPECIAL MEETING

This section contains information about the special meeting that Seacoast has called to allow Seacoast shareholders to vote on the Seacoast share issuance in connection with the merger. The Seacoast board of directors is mailing this joint proxy statement/prospectus to you, as a Seacoast shareholder, on or about July 30, 2014. Together with this joint proxy statement/prospectus, the Seacoast board of directors is also sending to you a notice of the special meeting of Seacoast shareholders and a form of proxy that the Seacoast board of directors is soliciting for use at the special meeting and at any adjournments or postponements of the special meeting.

Time, Date, and Place

The special meeting is scheduled to be held on September 18, 2014 at 3 p.m., local time, at the Wolf Technology Center, 2400 S.E. Salerno Road, Stuart, Florida.

Matters to Be Considered at the Meeting

At the special meeting, Seacoast shareholders will be asked to consider and vote on:

a proposal to approve the issuance of Seacoast common stock in the merger, which we refer to in this document as the Seacoast share issuance proposal;

a proposal of the Seacoast board of directors to adjourn or postpone the special meeting, if necessary or appropriate, to permit further solicitation of proxies if there are not sufficient votes at the time of the special meeting to approve the Seacoast share issuance proposal; and

any other matters as may properly be brought before the special meeting or any adjournment or postponement of the special meeting.

At this time, the Seacoast board of directors is unaware of any other matters that may be presented for action at the special meeting. If any other matters are properly presented, however, and you have completed, signed and submitted your proxy, the person(s) named as proxy will have the authority to vote your shares in accordance with his or her judgment with respect to such matters. A copy of the merger agreement is included in this joint proxy statement/prospectus as Appendix A, and we encourage you to read it carefully in its entirety.

Under the Nasdaq Listing Rules, a company listed on Nasdaq is required to obtain shareholder approval prior to the issuance of common stock or securities convertible into or exercisable for common stock in connection with the acquisition of the stock or assets of another company if the common stock has or will have upon issuance voting power equal to or in excess of 20% of the voting power outstanding before the issuance of stock or securities convertible into or exercisable for common stock, or the number of shares of common stock to be issued is or will be equal to or in excess of 20% of the number of shares of common stock outstanding before the issuance of the stock or securities. If we complete the merger, the number of shares of Seacoast common stock issued in the merger will exceed 20% of the shares of Seacoast common stock outstanding before such issuance. Accordingly, Seacoast must obtain the approval of Seacoast shareholders for the issuance of shares of Seacoast common stock in connection with the merger.

Recommendation of the Seacoast Board of Directors

The Seacoast board of directors unanimously recommends (excluding the CapGen representative who abstained) that Seacoast shareholders vote **FOR** the Seacoast share issuance proposal and **FOR** the Seacoast adjournment proposal. See The Merger Seacoast s Reasons for the Merger and Recommendations of the Board of Directors of Seacoast.

Record Date and Quorum

July 25, 2014 has been fixed as the record date for the determination of Seacoast shareholders entitled to notice of, and to vote at, the special meeting and any adjournment or postponement thereof. At the close of business on the record date, there were 26,044,056 shares of Seacoast common stock outstanding and entitled to vote at the special meeting, held by 1,202 holders of record.

A quorum is necessary to transact business at the special meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Seacoast common stock entitled to vote at the special meeting is necessary to constitute a quorum. Shares of Seacoast common stock represented at the special meeting but not voted, including shares that a shareholder abstains from voting and shares held in street name with a bank, broker or other nominee for which a shareholder does not provide voting instructions, will be counted for purposes of establishing a quorum. Once a share of Seacoast common stock is represented at the special meeting, it will be counted for the purpose of determining a quorum not only at the special meeting but also at any adjournment or postponement of the special meeting. In the event that a quorum is not present at the special meeting, it is expected that the special meeting will be adjourned or postponed.

Required Vote

The Seacoast share issuance proposal will be approved if a majority of the votes cast on the proposal are voted in favor of the proposal. The Seacoast adjournment proposal will be approved if the votes cast in favor of such proposal exceed the votes cast against such proposal. For each proposal, you may vote **FOR**, **AGAINST** or **ABSTAIN**.

If you vote to **ABSTAIN** with respect to the Seacoast share issuance proposal, this will have no effect on the outcome of the vote on the proposal. If you do not vote on the Seacoast share issuance proposal, this will have no effect on the outcome of the vote on the proposal.

If you vote to **ABSTAIN** with respect to the Seacoast adjournment proposal, or if you do not vote on this proposal, this will have no effect on the outcome of the vote on the proposal.

Each share of Seacoast common stock you own as of the record date for the special meeting entitles you to one vote at the special meeting on all matters properly presented at the meeting.

How to Vote Shareholders of Record

Voting in Person. If you are a shareholder of record, you can vote in person by submitting a ballot at the special meeting. Nevertheless, we recommend that you vote by proxy as promptly as possible, even if you plan to attend the special meeting. This will ensure that your vote is received. If you attend the special meeting, you may vote by ballot, thereby canceling any proxy previously submitted.

Voting by Proxy. Your proxy card includes instructions on how to vote by mailing in the proxy card. If you choose to vote by proxy, please mark each proxy card you receive, sign and date it, and promptly return it in the envelope enclosed with the proxy card. If you sign and return your proxy without instruction on how to vote your shares, your shares will be voted **FOR** the Seacoast share issuance proposal and **FOR** the Seacoast adjournment proposal.

Toll-Free number. You may use the toll-free number shown on your proxy card to vote your shares.

Voting by Internet. You may vote your shares by visiting the website shown on your proxy card to vote via the Internet.

How to Vote Shares Held in Street Name

If you are a Seacoast shareholder and your shares are held in street name through a bank, broker or other holder of record, you must provide the record holder of your shares with instructions on how to vote your shares. Please follow the voting instructions provided by the bank or broker. You may not vote shares held in street name by returning a proxy card directly to Seacoast or by voting in person at the Seacoast special meeting unless you provide a legal proxy, which you must obtain from your broker, bank or other nominee. Further, brokers, banks or other nominees who hold shares of Seacoast common stock on behalf of their customers may not give a proxy to Seacoast to vote those shares with respect to any of the proposals without specific instructions from their customers, as brokers, banks and other nominees do not have discretionary voting powers on these matters. Therefore, if you are a Seacoast shareholder and you do not instruct your broker, bank or other nominee on how to vote your shares, your broker, bank or other nominee may not vote your shares on the Seacoast share issuance proposal or adjournment proposal, which broker non-votes will have no effect on the outcome of the vote on these proposals.

YOUR VOTE IS VERY IMPORTANT. WHETHER OR NOT YOU PLAN TO ATTEND THE SPECIAL MEETING IN PERSON, PLEASE MARK, SIGN AND DATE THE ENCLOSED PROXY CARD AND PROMPTLY RETURN IT IN THE ENCLOSED POSTAGE-PAID ENVELOPE. SHAREHOLDERS WHO ATTEND THE SPECIAL MEETING MAY REVOKE THEIR PROXIES BY VOTING IN PERSON.

Revocation of Proxies

You can revoke your proxy at any time before your shares are voted. If you are a shareholder of record, then you can revoke your proxy by:

submitting another valid proxy card bearing a later date;

prior to the special meeting, by logging onto the Internet website specified on your proxy card in the same manner you would to submit your proxy electronically or by calling the telephone number specified on your proxy card, in each case if you are eligible to do so and following the instructions on the proxy card;

attending the special meeting and voting your shares in person; or

delivering prior to the special meeting a written notice of revocation to Seacoast's Corporate Secretary.

If you choose to send a completed proxy card bearing a later date or a notice of revocation, the new proxy card or notice of revocation must be received before the beginning of the Seacoast special meeting. Attendance at the special meeting will not, in and of itself, constitute revocation of a proxy. If you hold your shares in street name with a bank, broker or other nominee, you must follow the directions you receive from your bank, broker or other nominee to change your vote. Your last vote will be the vote that is counted.

Table of Contents

not vote or grant any proxies to any third party to vote, except where such proxies are directed to vote in favor of the merger agreement, against the merger and the transactions contemplated by the merger agreement; and

not vote or execute any written consent to rescind or amend in any manner any prior vote or written consent to approve or adopt the merger agreement unless the support agreement has been terminated.

Pursuant to the shareholder support agreement, without the prior written consent of BANKshares, each director has further agreed not to sell or otherwise transfer any shares of Seacoast common stock. The foregoing summary of the support agreements entered into by Seacoast's directors does not purport to be complete, and is qualified in its entirety by reference to the form of support agreement attached as Exhibit B-1 to the merger agreement, which is attached as Appendix A to this document.

As of the record date, Seacoast's directors and executive officers and their affiliates beneficially owned and were entitled to vote, in the aggregate, a total of 6,603,199 shares of Seacoast common stock (excluding shares issuable upon the exercise of outstanding options), representing approximately 25.4% of the outstanding shares of Seacoast common stock entitled to vote at the special meeting. An additional 100,114 shares, representing approximately 0.4% of the outstanding shares, were owned by Seacoast directors as of the record date pursuant to Seacoast's deferred compensation plan, which shares are not entitled to vote.

Solicitation of Proxies

The proxy for the special meeting is being solicited on behalf of the Seacoast board of directors. Seacoast will bear the entire cost of soliciting proxies from you. Seacoast will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of Seacoast common stock. Proxies will be solicited principally by mail, but may also be solicited by the directors, officers, and other employees of Seacoast in person or by telephone, facsimile or other means of electronic communication. Directors, officers and employees will receive no compensation for these activities in addition to their regular compensation, but may be reimbursed for out-of-pocket expenses in connection with such solicitation.

Attending the Meeting

All holders of Seacoast common stock, including shareholders of record and shareholders who hold their shares in street name through banks, brokers or other nominees, are cordially invited to attend the special meeting. Shareholders of record can vote in person at the special meeting. If you are not a shareholder of record and would like to vote in person at the special meeting, you must produce a proxy executed in your favor by the record holder of your shares. In addition, you must bring a form of personal photo identification with you in order to be admitted at the special meeting. We reserve the right to refuse admittance to anyone without proper proof of share ownership or without proper photo identification. The use of cameras, sound recording equipment, communications devices or any similar equipment during the special meeting is prohibited without Seacoast's express written consent.

not vote grant any proxies to any third party, except where such proxies are directed to vote in favor of the merger agreement, the merger and the transactions contemplated by the merger agreement; and

vote (or cause to be voted) his shares against any competing transaction.

Pursuant to the shareholder support agreement, without the prior written consent of Seacoast, each director has further agreed not to sell or otherwise transfer any shares of BANKshares' s common and/or preferred stock. The foregoing summary of the support agreements entered into by BANKshares' s directors does not purport to be complete, and is qualified in its entirety by reference to the form of support agreement attached as Exhibit B to the merger agreement, which is attached as Appendix A to this document.

THE MERGER

Background of the Merger

As part of its ongoing consideration and evaluation of its long-term prospects and strategies, Seacoast's board of directors and senior management have regularly reviewed and assessed its business strategies and objectives, including strategic opportunities and challenges, and have considered various strategic opportunities, including mergers and acquisitions, all with the goal of enhancing long term value for its shareholders and other stakeholders. During planning meetings in 2013, Seacoast's board of directors discussed the Florida banking market and acquisition opportunities generally and identified potential acquisition opportunities in the near term, based on conversations between Seacoast's CEO Dennis Hudson and other bank CEOs in the state.

From time to time, the board of directors of BANKshares has similarly engaged in reviews and discussions of BANKshares' long-term strategies and objectives, considering ways in which the company might enhance shareholder value and performance in light of competitive and other relevant factors. Generally, these reviews have centered on strategies to improve BANKshares' existing operations or to pursue opportunities in new markets or lines of business. Often these assessments included discussions and analyses of potential merger transactions as a means to enhance or improve shareholder value.

In late 2013, after considering alternative strategies, the board of directors of BANKshares determined that the best course of enhancing long-term shareholder value was to find a suitable merger partner, and on November 15, 2013 BANKshares engaged Hovde Group, LLC (Hovde), to assist the board in analyzing the potential for such a transaction and in selecting the most appropriate business partner.

During November and December 2013, Hovde prepared a confidential memorandum describing the business of BANKshares and its financial condition and results of operations and contacted four select prospective transaction partners that possessed liquid, attractively valued currencies. During that time, certain members of the senior management team of BANKshares and BankFIRST, including Donald McGowan, BANKshares' s President and Chief Executive Officer, and representatives of Hovde evaluated and engaged in discussions regarding several different financial institutions considered to be potentially attractive partners for BANKshares in a strategic business combination.

Also during this period, representatives of Hovde discussed with BANKshares' board of directors and certain members of the senior management team of BANKshares and BankFIRST its views concerning the current economic environment and banking consolidation generally and the types of proposals that BANKshares might expect to receive from potentially interested strategic partners, and representatives of BANKshares' outside counsel, Smith Mackinnon, P.A. discussed with members of the board the legal standards applicable to the board's decisions and actions with respect to a potential business combination transaction. Based on discussions with certain members of the senior management team of BANKshares and BankFIRST, and representatives of Hovde and Smith Mackinnon, P.A., the BANKshares board of directors concluded that Seacoast was likely the most attractive merger partner and authorized Mr. McGowan and management and Hovde to continue the process of seeking out a proposal for a potential strategic business combination transaction with Seacoast. On November 27, 2013, Mr. Hudson met with Mr. McGowan and discussed the general merits of a potential combination of the two organizations.

In early December 2013, Seacoast asked Guggenheim Securities to assist Seacoast as it considered the merits of a potential transaction with BANKshares. Soon thereafter, the parties executed a non-disclosure agreement and BANKshares provided more detailed information concerning BANKshares to Seacoast and Guggenheim Securities to facilitate a non-binding offer.

On December 30, 2013, Seacoast provided BANKshares a draft letter of intent with respect to a proposed merger transaction. After an evaluation of the proposal by the board of directors of BANKshares and following discussions with certain members of the senior management team of BANKshares and BankFIRST, and

representatives of Hovde and Smith Mackinnon, P.A., and based on the board's determination that Seacoast's preliminary proposal offered substantial value to BANKshares and its shareholders and was attractive for strategic reasons, the BANKshares board of directors authorized BANKshares to enter into a limited exclusivity agreement with Seacoast. The parties negotiated the preliminary terms for a potential agreement in a non-binding letter of intent during the last half of December and into early January 2014. On January 5, 2014, Seacoast and BANKshares executed a non-binding letter of intent for the acquisition of BANKshares, along with an exclusivity agreement which ended on February 24, 2014.

On January 7, 2014, Mr. Hudson convened a meeting of Seacoast's M&A Committee and representatives of Guggenheim Securities to review a preliminary analysis of BANKshares and the non-binding letter of intent. The committee discussed the impact of the merger based on the limited information provided by BANKshares and preliminary assumptions utilized in the analysis. The Committee agreed with the terms of the non-binding letter of intent and authorized Mr. Hudson to proceed forward with due diligence. On January 15, 2014, Seacoast formally engaged Guggenheim Securities as its financial advisor in connection with the potential BANKshares transaction.

Seacoast began its due diligence review of BANKshares in mid-to late-January 2014. Based on discussions between the parties, BANKshares opened an electronic data room for Seacoast to review its due diligence requests and BANKshares' responses during this period. Seacoast conducted due diligence through in-person meetings with a limited number of BANKshares executives and began its loan portfolio review of BANKshares at the end of January 2014. Upon the conclusion of its preliminary review of BANKshares' loan portfolio, representatives of Seacoast's financial advisor, Guggenheim Securities, communicated to representatives of Hovde Seacoast's continued interest in a strategic business combination and gave additional detail on the terms of Seacoast's proposal.

On February 6, 2014, Seacoast's M&A Committee, with representatives of Guggenheim Securities in attendance, reviewed an initial draft of the merger agreement and also received an update on the due diligence review. Later that day, counsel to Seacoast circulated an initial draft of the merger agreement, based on the terms outlined in the letter of intent, to BANKshares' counsel and financial advisor and the parties discussed the terms of this agreement during this period. On February 11, 2014, Seacoast's Chief Credit Officer presented a comprehensive credit diligence update to the M&A Committee members. The committee also reviewed and discussed concerns related to potential diligence issues and the various potential impacts these concerns could have on the previous pricing assumptions.

Over the course of the following two weeks, Seacoast and its representative continued negotiations with BANKshares and its representatives on the terms of the transaction and worked to reconcile differing views with respect to various aspects of the merger agreement. These issues included the exchange ratio, whether the exchange ratio would be fixed or floating, the respective covenants of the parties pending closing of the transaction, the rights and obligations of the parties in the event the merger agreement is terminated prior to the consummation of the merger and matters relating to a line of business of BANKshares. Seacoast continued to conduct its due diligence in the first several weeks of February. During this period, BANKshares' management also engaged an accounting and consulting firm (Due Diligence Assist Firm) to assist BANKshares' management with an on-site due diligence review of Seacoast's operations, policies and procedures, loan and investment portfolios and other matters.

During the course of discussions regarding the draft merger agreement, representatives of Seacoast and BANKshares also discussed their expectation that each party's directors would enter into customary support agreements agreeing to vote their shares of Seacoast and BANKshares stock, respectively, in favor of the merger agreement and the transactions provided for in the merger agreement, as applicable, along with entering into certain restrictive covenant agreements. Also during this period, BANKshares' and Seacoast's senior management and advisors regularly updated their respective boards of directors on the status of negotiations.

During the week of February 3, 2014, representatives of BANKshares met with representatives of Seacoast at Seacoast's offices to discuss the transaction and continue their due diligence review of the other party. During these meetings, Seacoast's representatives answered questions from BANKshares' representatives regarding Seacoast's business and certain financial, legal and regulatory matters.

During the following week, the parties continued to negotiate the terms of a transaction. In mid-February, the parties reached an impasse on certain terms of the transaction, including the applicable exchange ratio and whether the exchange ratio should be fixed or floating, and the parties agreed to halt negotiations. On February 20, 2014, Mr. Hudson informed the M&A Committee as to the impasse and the committee reviewed and discussed further the issues that remained between the parties. The exclusivity period for negotiations between the parties expired on February 24, 2014.

The parties resumed discussions of a transaction during the first week of March 2014. Over the next two weeks, Seacoast conducted additional due diligence and the parties further negotiated the principal terms of the transaction.

Representatives of Seacoast and Alston & Bird, LLP, counsel to Seacoast, had multiple telephonic conference calls with representatives of BANKshares and Smith Mackinnon, P.A. to negotiate the terms of the draft merger agreement. On March 24, 2014, the board of directors and management of BANKshares met with its legal and financial advisors to review the revised principal terms of the proposed definitive agreement and agreed to continue proceeding forward with discussions with Seacoast. Over the next several weeks the parties worked to finalize the definitive agreement and the ancillary agreements, complete the disclosure schedules and address the roles for BANKshares management in a potentially combined business. The parties resumed their due diligence processes and had subsequent communications and negotiations relating to the merger agreement, and the ancillary transaction documents.

On April 14, 2014, the board of directors and management of BANKshares met with its legal and financial advisors to review the changes that had been made to the proposed agreements. The Due Diligence Assist Firm presented a report summarizing the findings of its due diligence review of Seacoast. Mr. Hudson and other Seacoast executive officers were then invited to discuss Seacoast's strategic plan, the prospects for the merger with BANKshares and the remaining unresolved issues.

On April 21, 2014, Seacoast's board of directors met in special session to review and consider the merger agreement and the transactions and agreements contemplated by it. Robert Goldstein did not attend, participate or vote at the board meeting because he is a board member of BANKshares and the director representative of CapGen on the Seacoast board. At the meeting, Alston & Bird reviewed for the directors the terms and conditions of the merger agreement, the merger and the various agreements to be signed in connection with the merger agreement, along with the fiduciary duties of the board members, and engaged in discussions with the board members on such matters. As a part of the meeting, a representative of Guggenheim Securities reviewed the principal terms of the proposed transaction and rendered an oral opinion (which was subsequently confirmed in writing) to the Seacoast board of directors to the effect that, as of such date, and based on the matters considered, the procedures followed, the assumptions made and various limitations of and qualifications to the review undertaken, as set forth therein, the exchange ratio was fair from a financial point of view to Seacoast. After additional discussion, the Seacoast board of directors, other than Robert B. Goldstein who was not present, adopted and approved the merger agreement and the transactions and agreements contemplated by it (subject to no material terms or conditions being revised), determined that the merger agreement and the transactions contemplated by it were in the best interests of Seacoast and its shareholders, authorized Seacoast officers to submit approval of the share issuance by Seacoast in the merger to Seacoast shareholders, and recommended that the shareholders of Seacoast approve such share issuance.

On April 22, 2014, BANKshares' board of directors held a meeting to consider, based on presentations from BANKshares' outside legal and financial advisors and discussions with senior management, the status of the proposed transaction with Seacoast. Mr. McGowan further reviewed for the board of directors the background of discussions with Seacoast and the progress of negotiations. Representatives of Hovde reviewed the financial

aspects of the proposed merger and rendered an opinion to the effect that, as of such date and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by Hovde as set forth in such opinion, the exchange ratio in the proposed merger was fair, from a financial point of view, to the shareholders of BANKshares. In addition, representatives of Smith Mackinnon, P.A. reviewed with the directors the most recent draft of the proposed merger agreement and related transaction documents as well as the legal standards applicable to the board's decisions and actions with respect to the proposed transaction, as they had previously done. Following further discussion, the board of directors of BANKshares approved the merger agreement, with Robert B. Goldstein abstaining (but noting his support for the merger agreement) because he serves as a director of both BANKshares and Seacoast and he is also a principal of CapGen LLC (which owns 39.2% of the outstanding BANKshares common stock and 16.6% of the outstanding Seacoast common stock).

On April 24, 2014 Seacoast's M&A Committee held a telephonic meeting during which Mr. Hudson and Seacoast's advisors updated the board on the status of the definitive merger agreement and other transaction documents, and confirmed there had been no material changes to the terms and conditions discussed with the full board on April 21, 2014. During the meeting, at the request of the Seacoast M&A committee, a representative of Guggenheim Securities confirmed orally to the committee that Guggenheim Securities was not aware of any intervening events since the rendering of its opinion to the Seacoast Board on April 21, 2014 that would negatively affect its opinion and, as a result, the Seacoast Board could continue to rely upon such opinion.

Later in the day on April 24, 2014, Seacoast and BANKshares executed the merger agreement and the other transaction documents. A press release announcing the transaction was released that afternoon following the close of trading in Seacoast common stock.

BANKshares's Reasons for the Merger and Recommendations of the Board of Directors of BANKshares

After careful consideration, BANKshares's board of directors, at a meeting held on April 22, 2014, determined that the merger agreement is in the best interests of BANKshares and its shareholders. Accordingly, BANKshares's board of directors adopted and approved the merger agreement and the merger and the other transactions contemplated by the merger agreement and recommended that BANKshares' shareholders vote **FOR** the approval of the merger agreement. In reaching its decision to adopt and approve the merger agreement and the merger and the other transactions contemplated by the merger agreement, and to recommend that its shareholders approve the merger agreement, the BANKshares board of directors consulted with BANKshares management, as well as its financial and legal advisors, and considered a number of factors, including the following material factors:

each of BANKshares, Seacoast's and the combined company's business, operations, financial condition, asset quality, earnings and prospects. In reviewing these factors, the BANKshares board of directors considered its view that Seacoast's business and operations complement those of BANKshares and that the merger would result in a combined company with diversified revenue sources, a well-balanced loan portfolio and an attractive funding base, as evidenced by a significant portion of core deposit funding;

its understanding of the current and prospective environment in which BANKshares and Seacoast operate, including national and local economic conditions, the interest rate environment, increasing operating costs resulting from regulatory initiatives and compliance mandates, the competitive environment for financial institutions generally, and the likely effect of these factors on BANKshares both with and without the proposed transaction;

its review and discussions with BANKshares management and the Due Diligence Assist Firm concerning the due diligence investigation of Seacoast;

the complementary nature of the credit cultures of the two companies, which management believes should facilitate integration and implementation of the transaction;

management's expectation that the combined company will have a strong capital position upon completion of the transaction;

Table of Contents

the board's belief that the combined enterprise would benefit from Seacoast's ability to take advantage of economies of scale and grow in the current economic environment, making Seacoast an attractive partner for BANKshares;

its belief that the transaction is likely to provide substantial value to BANKshares's shareholders;

the opinion of Hovde, BANKshares' financial advisor, delivered to BANKshares' board of directors, to the effect that, as of the date of such opinion, and subject to the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by Hovde as set forth in each such opinion, the exchange ratio in the proposed merger was fair, from a financial point of view, to the holders of BANKshares stock, as more fully described below in the section entitled "The Merger - Opinion of BANKshares' Financial Advisor";

the financial and other terms of the merger agreement, the expected tax treatment and deal protection provisions, including the ability of BANKshares's board of directors, under certain circumstances, to withdraw or materially adversely modify its recommendation to BANKshares' shareholders, and to terminate the merger agreement in order to enter into a definitive agreement with respect to a superior proposal (subject to payment of a termination fee), each of which it reviewed with its outside financial and legal advisors;

the fact that the merger consideration will consist of shares of Seacoast common stock, which would allow BANKshares shareholders to participate in a significant portion of the future performance of the combined BANKshares and Seacoast business and synergies resulting from the merger, and the value to BANKshares shareholders represented by that consideration;

the greater liquidity in the trading market for Seacoast common stock relative to the market for BANKshares common stock due to the listing of Seacoast's shares on the Nasdaq Stock Market;

the potential risk of diverting management attention and resources from the operation of BANKshares's business and towards the completion of the merger;

the requirement that BANKshares conduct its business in the ordinary course and the other restrictions on the conduct of BANKshares's business prior to the completion of the merger, which may delay or prevent BANKshares from undertaking business opportunities that may arise pending completion of the merger;

the potential risks associated with achieving anticipated cost synergies and savings and successfully integrating Seacoast's business, operations and workforce with those of BANKshares; and

the regulatory and other approvals required in connection with the merger and the expectation that such regulatory approvals will be received in a timely manner and without the imposition of unacceptable conditions.

The foregoing discussion of the factors considered by the BANKshares board of directors is not intended to be exhaustive, but, rather, includes the material factors considered by the BANKshares board of directors. In reaching its decision to adopt and approve the merger agreement and the merger and the other transactions contemplated by the merger agreement, the BANKshares board of directors did not quantify or assign any relative weights to the factors considered, and individual directors may have given different weights to different factors. The BANKshares board of directors considered all these factors as a whole, including discussions with, and questioning of, BANKshares' management and BANKshares' financial and legal advisors, and overall considered the factors to be favorable to, and to support, its determination.

For the reasons set forth above, the BANKshares board of directors has adopted and approved the merger agreement and the transactions contemplated thereby and recommends that you vote FOR the BANKshares merger proposal and FOR the BANKshares adjournment proposal.

Each of the directors of BANKshares has entered into a support agreement with Seacoast, pursuant to which they have agreed to vote in favor of the BANKshares merger proposal and the other proposals to be voted on at the BANKshares special meeting. For more information regarding the support agreements, please see the section entitled "Information About the BANKshares Special Meeting - Shares Subject to Support Agreements; Shares Held by Directors and Executive Officers" beginning on page 40.

Seacoast's Reasons for the Merger and Recommendations of the Board of Directors of Seacoast

As a part of Seacoast's growth strategy, Seacoast routinely evaluates opportunities to acquire financial institutions. The acquisition of BANKshares is consistent with Seacoast's expansion strategy. Seacoast's board of directors, senior management and certain lenders reviewed the business, financial condition, results of operation and prospects for BANKshares, the market condition of the market area in which BANKshares conducts business, the compatibility of the management and the proposed financial terms of the merger. In addition, management of Seacoast believes that the merger will expand Seacoast's presence in the attractive Central Florida MSA market area, provide opportunities for future growth and provide the potential to realize cost savings. Seacoast's board of directors also considered the financial condition and valuation for both BANKshares and Seacoast as well as the financial and other effects the merger would have on Seacoast's shareholders and stakeholders. The board considered the fact that the acquisition would provide a meaningful extension of Seacoast's existing market footprint, that BANKshares small business and commercial client base is highly complementary to Seacoast's customer base, that cultural similarities supported the probability of an efficient, low risk integration, with minimal customer attritions. In addition, the board of directors also considered the analysis and presentations from its outside financial advisor, Guggenheim Securities, and Guggenheim Securities' fairness opinion relating to the exchange ratio.

While management of Seacoast believes that revenue opportunities will be achieved and costs savings will be obtained following the merger, Seacoast has not quantified the amount of enhancements or projected the areas of operation in which such enhancements will occur.

In view of the variety of factors considered in connection with its evaluation of the merger, the Seacoast board did not find it useful to and did not attempt to quantify, rank or otherwise assign relative weights to factors it considered. Further, individual directors may have given differing weights to different factors. In addition, the Seacoast board did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination. Rather, the board conducted an overall analysis of the factors it considered material, including thorough discussions with, and questioning of, Seacoast's management.

Opinion of BANKshares' Financial Advisor

The fairness opinion of BANKshares' financial advisor, Hovde Group, LLC, is described below. The description contains projections, estimates and other forward-looking statements about the future earnings or other measures of the future performance of BANKshares. The projections were based on numerous variables and assumptions, which are inherently uncertain, including factors related to general economic and competitive conditions. Accordingly, actual results could vary significantly from those set forth in the projections. You should not rely on any of these statements as having been made or adopted by BANKshares or Seacoast. You should review the copy of the fairness opinion, which is attached as Appendix B.

Hovde has acted as BANKshares' financial advisor in connection with the proposed merger. The Company selected Hovde as its financial advisor in connection with the proposed merger, because Hovde is a nationally recognized investment banking firm with substantial experience in transactions similar to the merger and is familiar with BANKshares and its operations. As part of its investment banking business, Hovde is continually engaged in the valuation of businesses and their securities in connection with, among other things, mergers and acquisitions.

Hovde reviewed the financial aspects of the proposed merger with BANKshares' board of directors and delivered a written opinion to BANKshares' board of directors that the exchange ratio in connection with the merger was fair to the shareholders of BANKshares from a financial point of view.

The full text of Hovde's written opinion is included in this joint proxy statement/prospectus as Appendix B and is incorporated herein by reference. You are urged to read the opinion in its entirety for a description of the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Hovde. The summary of the opinion of Hovde set forth in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of such opinion. Hovde's opinion is directed to BANKshares

board of directors and addresses only the fairness, from a financial point of view, of the exchange ratio in connection with the merger to BANKshares' shareholders. It does not address the underlying business decision to proceed with the merger and does not constitute a recommendation to any of the shareholders as to how such shareholder should vote at the special meeting on the merger agreement or any related matter.

During the course of its engagement, and as a basis for arriving at its opinion, Hovde reviewed and analyzed material bearing upon the financial and operating conditions of BANKshares, Seacoast and material prepared in connection with the merger, including, among other things, the following:

a draft of the merger agreement, as provided to Hovde by BANKshares;

certain unaudited financial statements of BANKshares and Seacoast for the three month period ended March 31, 2014;

certain historical annual reports of BANKshares and Seacoast, including audited financials for the year ending December 31, 2013;

certain historical publicly available business and financial information concerning BANKshares and Seacoast;

certain internal financial statements and other financial and operating data concerning BANKshares and Seacoast, including, without limitation, internal financial analyses and forecasts prepared by management of BANKshares and of Seacoast and held discussions with senior management of BANKshares regarding recent developments and regulatory matters;

financial projections prepared by certain members of senior management of BANKshares and of Seacoast;

the terms of recent merger, acquisition and control investment transactions, to the extent publicly available, involving financial institutions and financial institution holding companies that Hovde considered relevant;

the pro forma impact of the merger on the combined company's earnings per share, consolidated capitalization and financial ratios;

the pro forma ownership of Seacoast's common stock by the holders of the BANKshares stock relative to the pro forma contribution of BANKshares's assets, deposits, equity and earnings to the combined company;

historical market prices and trading volumes of Seacoast's common stock;

the general economic, market and financial conditions; and

certain publicly available financial and stock market data relating to selected public companies that Hovde deemed relevant to its analysis.

Hovde also conducted meetings and had discussions with members of senior management of BANKshares and Seacoast for purposes of reviewing the business, financial condition, results of operations and future prospects of BANKshares and Seacoast, as well as the history and past and current operations of BANKshares and Seacoast, BANKshares' and Seacoast's historical financial performance and BANKshares' and Seacoast's outlook and future prospects. Hovde also discussed with management of each of BANKshares and Seacoast, its assessment of the rationale for the merger. Hovde also performed such other analyses and considered such other factors as Hovde deemed appropriate and took into account its experience in other transactions, as well as its knowledge of the banking and financial services industry and its general experience in securities valuations.

In rendering its opinion, Hovde assumed, without independent verification, the accuracy and completeness of the financial and other information and representations contained in the materials provided to it by BANKshares and in the discussions it had with the management of BANKshares. Hovde relied upon the reasonableness and achievability of the financial forecasts and projections (and the assumptions and bases therein) provided to Hovde by BANKshares and assumed that the financial forecasts, including without limitation, the projections regarding

Table of Contents

under-performing and non-performing assets and net charge-offs were reasonably prepared by BANKshares on a basis reflecting the best currently available information and judgments and estimates by BANKshares, and that such forecasts will be realized in the amounts and at the times contemplated thereby. Hovde did not assume any responsibility to verify such information or assumptions independently.

Hovde is not an expert in the evaluation of loan and lease portfolios for purposes of assessing the adequacy of the allowances for loan losses with respect thereto. Hovde assumed that such allowances for BANKshares and Seacoast are, in the aggregate, adequate to cover such losses, and will be adequate on a pro forma basis for the combined entity. Hovde was not requested to make, and did not conduct, an independent evaluation, physical inspection or appraisal of the assets, properties, facilities or liabilities (contingent or otherwise) of BANKshares or Seacoast, the collateral securing any such assets or liabilities, or the collectability of any such assets, and Hovde was not furnished with any such evaluations or appraisals, nor did Hovde review any loan or credit files of BANKshares or Seacoast.

Hovde assumed that the merger will be consummated substantially in accordance with the terms set forth in the merger agreement, without any waiver of material terms or conditions by BANKshares or any other party to the merger agreement and that the final merger agreement will not differ materially from the draft Hovde reviewed. Hovde assumed that the merger is, and will be, in compliance with all laws and regulations that are applicable to BANKshares and Seacoast. BANKshares has advised Hovde that there are no factors that would impede any necessary regulatory or governmental approval of the merger. Hovde further assumed that, in the course of obtaining the necessary regulatory and government approvals, no restriction will be imposed on BANKshares or on Seacoast that would have a material adverse effect on the contemplated benefits of the merger. Hovde also assumed that no changes in applicable law or regulation will occur that will cause a material adverse change in the prospects or operations of the institutions after the merger.

BANKshares engaged Hovde on November 15, 2013, to provide BANKshares with financial advisory services. Pursuant to the terms of the engagement, Hovde will receive consideration from BANKshares for services provided, including a \$50,000 fee for the delivery of its fairness opinion, which will be credited against the completion fee. At the time the merger is completed, BANKshares will pay Hovde a completion fee, which is estimated to be \$665,000 and which is contingent upon the completion of the merger. Pursuant to the engagement agreement, in addition to its fees and regardless of whether the merger is consummated, BANKshares has agreed to reimburse Hovde for certain reasonable out-of-pocket expenses incurred in performing its services and to indemnify Hovde against certain claims, losses, and expenses arising out of the merger or Hovde's engagement.

In performing its analyses, Hovde made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Hovde, BANKshares and Seacoast. Hovde's opinion was necessarily based on financial, economic, market, and other conditions and circumstances as they existed on, and on the information made available to Hovde as of, the dates used in its opinion. Hovde has no obligation to update or reaffirm its opinion at any time. Any estimates contained in the analyses performed by Hovde are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities may be sold or the prices at which any securities may trade at any time in the future. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. Hovde's opinion does not address the relative merits of the merger as compared to any other business combination in which BANKshares might engage. In addition, Hovde's fairness opinion was among several factors taken into consideration by BANKshares' board of directors in making its determination to approve the merger agreement and the merger. Consequently, the analyses described below should not be viewed as solely determinative of the decision of BANKshares' board of directors or BANKshares' management with respect to the fairness of the exchange ratio, or any consideration to be received, in connection with the merger.

Table of Contents

The following is a summary of the material analyses prepared by Hovde and delivered to BANKshares board of directors on April 21, 2014, in connection with the fairness opinion. This summary is not a complete description of the analyses underlying the fairness opinion or the presentation prepared by Hovde, but it summarizes the material analyses performed and presented in connection with such opinion. The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Hovde did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. The financial analyses summarized below include the information presented in tabular format. The analyses and the summary of the analyses must be considered as a whole and selecting portions of the analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying the analyses and opinion of Hovde. The tables alone are not a complete description of the financial analyses.

As part of its analysis, Hovde reviewed publicly available information related to three comparable groups (Group A , Group B , and Group C) of select acquisition transactions of banks. Group A consisted of acquisition transactions of banks headquartered in the state of Florida announced since January 1, 2011, involving banks in which the target had assets between \$200 million and \$1.5 billion and non-performing assets represented less than 5.0% of total assets. Group B consisted of acquisition transactions of banks headquartered in the Southeast Region of the United States announced since January 1, 2012, involving banks in which the target had assets between \$250 million and \$1.0 billion and non-performing assets represented less than 4.0% of total assets. Group C consisted of acquisition transactions of banks in the United States announced since January 1, 2012, involving banks in which the target had assets between \$500 million and \$1.0 billion, a last twelve months return on average assets greater than 0.00%, and non-performing assets represented less than 3.0% of total assets. Information for the target institutions was based on the most recent quarter prior to announcement of the transaction. The resulting three groups consisted of the following:

For each precedent transaction, Hovde derived and compared the implied ratio of deal value to certain financial characteristics of the target company from the applicable precedent transaction as follows:

the multiple of the purchase consideration to the acquired company's tangible book value (the Price-to-Tangible Common Book Value Multiple);

the multiple of the purchase consideration to the acquired company's total assets (the Price-to-Assets Multiple);

the multiple of the purchase consideration to the acquired company's last twelve months net income (the Price-to-LTM EPS Multiple); and

the multiple of the difference between the purchase consideration and the acquired company's tangible book value, as adjusted, to the acquired company's core deposits (the Premium-to-Core Deposits Multiple).

Table of Contents

The results of the analysis are set forth in the table below. Transaction multiples for the merger were derived from an implied aggregate offer price of \$78.175 million or \$5.49 per share for BANKshares, based on the exchange ratio of 0.4975 and Seacoast's closing stock price of \$11.03 on April 17, 2014.

Using publicly available information, Hovde compared the financial performance of BANKshares with that of the median and average of the precedent transactions from Groups A, B, and C. The performance highlights are based on the year end information of BANKshares as of December 31, 2013.

No company or transaction used as comparison in the above transaction analyses is identical to BANKshares, and no transaction was consummated on terms identical to the terms of the merger agreement. Accordingly, an analysis of these results is not strictly mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies.

Discounted Cash Flow Analysis. Taking into account various factors including, but not limited to, BANKshares' recent performance, the current banking environment and the local economy in which BANKshares operates, Hovde utilized earnings estimates for a forward looking five-year period with the assistance of information and guidance provided by the management of BANKshares; BANKshares management developed the forward-looking projections, which formed the basis of the discounted cash flow analyses.

Table of Contents

In order to determine a value for BANKshares on a discounted cash flow basis, Hovde utilized three different methods of discounted cash flow analysis: (1) present value of future free cash flows into perpetuity, (2) present value of future free cash flows based off a price-to-LTM earnings takeout multiple of 17.1x, and (3) present value of future free cash flows based off a price-to-tangible common book value takeout multiple of 1.55x. In order to derive the terminal value in the takeout multiple methods, Hovde multiplied BANKshares projected 2018 earnings and tangible book value by their respective takeout multiples, as mentioned above. The LTM earnings takeout multiple was derived from the median LTM earnings multiple from Precedent Transactions Group C. The tangible common book value takeout multiple was also derived from the median tangible book value multiple from Precedent Transactions Group C.

These analyses yielded different implied values for BANKshares, which are outlined in the table below:

Implied Value to BANKshares Based On:	Implied Transaction Value (Per Share)	Price-to-LTM Net Income Multiple	Price-to-Assets Multiple	Price-to-Tang. Book Value Multiple	Premium to Core Deposits Multiple
Merger Agreement	\$ 5.49	18.4x ⁽¹⁾	11.9%	146.1%	5.6%
DCF Analysis Terminal Growth Model	\$ 3.28	11.0x ⁽¹⁾	7.1%	87.3%	(1.5%)
DCF Analysis Takeout Price-to-Earnings	\$ 4.26	14.3x ⁽¹⁾	9.2%	113.4%	1.6%
DCF Analysis Takeout Price-to-Tangible Book Value	\$ 4.55	15.3x ⁽¹⁾	9.9%	121.2%	2.6%

⁽¹⁾ Based on BANKshares adjusted net income, which is equivalent to the sum of net income and tax-effected core deposit intangible amortization expense

Hovde noted that while the discounted cash flow present value analysis is a widely used valuation methodology, it relies on numerous assumptions, including asset and earnings growth rates, terminal values and discount rates. Hovde's analysis does not purport to be indicative of the actual values or expected values of BANKshares common stock.

Relative Contribution and Performance Analysis. Hovde analyzed the relative contribution of BANKshares and Seacoast with regard to certain assets, liabilities, earnings, capital and other financial information to the pro forma company, which do not reflect purchase (acquisition) accounting adjustments, and compared the results to the implied pro forma ownership of the combined company resulting from the merger based on the exchange ratio. The information utilized in the analysis was based on BANKshares and Seacoast data as of December 31, 2013. The results of the Hovde analysis are set forth in the following table:

Contribution	Seacoast	BANKshares
2013 Net Income	62.2% ⁽¹⁾	37.8% ⁽²⁾
Total Assets	77.6%	22.4%
Gross Loans	78.2%	21.8%
Net Loans	78.3%	21.7%
Deposits	78.6%	21.4%
Core Deposits ⁽³⁾	79.3%	20.7%
Tangible Common Equity	78.7%	21.3%

Implied Pro Forma Ownership	78.6%	21.4%

Notes:

- (1) *Excludes recapture of \$45 million valuation allowance on its net deferred tax assets*
- (2) *Based on BANKshares adjusted net income, which is calculated as net income + tax-effected core deposit intangible amortization expense*
- (3) *Core Deposits as defined as total deposits less CDs with a balance of above \$100,000, as well as all brokered deposits*

Other Factors and Analyses. Hovde took into consideration various other factors and analyses, including but not limited to: current market environment; merger and acquisition environment; movements in the common stock valuations of selected publicly-traded banking companies; and movements in the S&P 500 Index.

Material Relationships. Hovde will receive compensation from BANKshares in connection with its services, which may include, without limitation, a fairness opinion fee that is contingent upon the issuance of its opinion letter and a completion fee that is contingent upon the consummation of the merger. Additionally, Hovde, or its affiliates have received compensation in the past, and may receive compensation from Seacoast in the future, in connection with certain other advisory services or engagements, which may include, without limitation, fees for general financial advisory or capital services, or fees which are contingent upon the consummation of corporate transactions. In particular, within the last two years Hovde received compensation for serving as placement agent for Seacoast in a placement of securities, and Hovde has been engaged by Seacoast to provide advisory services in connection with certain matters other than the acquisition of BANKshares in the merger. This engagement is unrelated to BANKshares, the merger and the subject matter of Hovde's fairness opinion letter to BANKshares. In the ordinary course of its business, Hovde and its affiliates and/or employees may trade and/or hold equity of BANKshares and/or Seacoast for their own accounts or for the accounts of customers and, accordingly, they may at any time hold long or short positions in such securities. Hovde does not believe that any such holdings are material in relation to the merger. Further, BANKshares has agreed to indemnify Hovde and its affiliates for certain liabilities that may arise out of Hovde's engagement. Except for the foregoing, during the past two years there have not been, and there are no mutual understandings contemplating in the future, any material relationships between Hovde and BANKshares or Seacoast.

Conclusion. Based upon the foregoing analyses and other investigations and assumptions set forth in its opinion, without giving specific weightings to any one factor or comparison, Hovde determined that the exchange ratio in connection with the merger is fair from a financial point of view to BANKshares' shareholders. **Each shareholder is encouraged to read Hovde's fairness opinion in its entirety. The full text of this fairness opinion is included as Appendix B to this joint proxy statement/prospectus.**

Opinion of Seacoast's Financial Advisor

Overview

Pursuant to an engagement letter, dated as of January 15, 2014, Seacoast's board of directors retained Guggenheim Securities to act as its financial advisor with respect to Seacoast's possible acquisition of or merger with BANKshares. In selecting Guggenheim Securities as its financial advisor, Seacoast's board of directors considered, among other things, Guggenheim Securities' reputation as an internationally recognized investment banking, financial advisory and securities firm with experience advising companies in, among other industries, the financial services industry. Guggenheim Securities, as part of its investment banking, financial advisory and capital market businesses, is regularly engaged in the valuation and financial assessment of businesses and securities in connection with mergers and acquisitions, recapitalizations, spin-offs/split-offs, restructurings, securities offerings in both the private and public capital markets and valuations for corporate and other purposes.

At the April 21, 2014 meeting of Seacoast's board of directors, Guggenheim Securities delivered its oral opinion, which subsequently was confirmed in writing, to the effect that, as of April 21, 2014 and based on the matters considered, the procedures followed, the assumptions made and various limitations of and qualifications to the review undertaken, the exchange ratio in the merger was fair, from a financial point of view, to Seacoast.

The description of Guggenheim Securities' opinion is qualified in its entirety by the full text of the written opinion, which is attached as Appendix C to this joint proxy statement/prospectus and which you should read carefully and in

its entirety. Guggenheim Securities' written opinion sets forth the matters considered, the procedures followed, the assumptions made and various limitations of and qualifications to the review undertaken by Guggenheim Securities. Guggenheim Securities' written opinion, which was authorized for issuance by the Fairness Opinion and Valuation Committee of Guggenheim Securities, is necessarily based on economic, capital markets and other conditions, and the information made available to Guggenheim Securities, as of the date of such opinion. Guggenheim Securities has no responsibility for updating or revising its opinion based on facts, circumstances or events occurring after the date of the rendering of the opinion.

In reading the discussion of Guggenheim Securities' opinion set forth below, you should be aware that:

such opinion was provided to Seacoast's board of directors (in its capacity as such) for its information and assistance in connection with its evaluation of the exchange ratio;

With respect to the information used in arriving at its opinion, Guggenheim Securities notes that:

Guggenheim Securities relied upon and assumed the accuracy, completeness and reasonableness of all industry, business, financial, legal, regulatory, tax, accounting, actuarial and other information (including, without limitation, the Management Projections, transaction adjustments, other estimates and other forward-looking information) furnished by or discussed with Seacoast and BANKshares or obtained from reputable public sources, data suppliers and other third parties.

Guggenheim Securities (i) did not assume any responsibility, obligation or liability for the accuracy, completeness, reasonableness, achievability or independent verification of, and Guggenheim Securities did not independently verify, any such information (including, without limitation, the Management Projections, transaction adjustments, other estimates and other forward-looking information), (ii) expressed no view, opinion, representation, guaranty or warranty (in each case, express or implied) regarding the reasonableness or achievability of the Management Projections, transaction adjustments, other estimates and other forward-looking information or the assumptions upon which they are based and (iii) relied upon the assurances of Seacoast's and BANKshares' senior management (as the case may be) that they were unaware of any facts or circumstances that would make such information (including, without limitation, the Management Projections, transaction adjustments, other estimates and other forward-looking information) incomplete, inaccurate or misleading.

Specifically, with respect to (i) the Management Projections, transaction adjustments, other estimates and other forward-looking information furnished by or discussed with Seacoast, (a) Guggenheim Securities was advised by Seacoast's senior management, and Guggenheim Securities assumed, that the Management Projections, transaction adjustments, other estimates and other forward-looking information utilized in its analyses had been reasonably prepared on bases reflecting the best then-currently available estimates and judgments of Seacoast's senior management as to the expected future performance of Seacoast and BANKshares and the realization of the cost savings reflected in the transaction adjustments and (b) Guggenheim Securities assumed that the Management Projections, transaction adjustments, other estimates and other forward-looking information had been reviewed by Seacoast's Board of Directors with the understanding that such information would be used and relied upon by Guggenheim Securities in

connection with rendering its opinion, (ii) the estimates and other forward-looking information furnished by or discussed with BANKshares, Guggenheim Securities assumed that such estimates and other forward-looking information utilized in its analyses had been reasonably prepared on bases reflecting the best then-currently available estimates and judgments of BANKshares senior management as to the expected future performance of BANKshares and (iii) any financial projections, other estimates and/or other forward-looking information obtained by Guggenheim Securities from public sources, data suppliers and other third parties, Guggenheim Securities assumed that such information was reasonable and reliable.

Table of Contents

Guggenheim Securities also noted certain other considerations with respect to its engagement and its opinion:

Guggenheim Securities did not perform or obtain any independent appraisal or valuation of (i) the assets or liabilities (including any contingent, derivative or off-balance sheet assets and liabilities) of Seacoast or BANKshares, (ii) the collateral securing any such assets or liabilities or (iii) the solvency or fair value of Seacoast or BANKshares, nor was Guggenheim Securities furnished with any such appraisal or valuation.

Guggenheim Securities did not make an independent evaluation of and it rendered no opinion regarding the collectability of any assets or the future performance of any loans of Seacoast or BANKshares.

Guggenheim Securities did not make an independent evaluation of the adequacy of the allowance for loan and lease losses (which are referred to herein as ALLL) for Seacoast or BANKshares, nor did it conduct any review of the credit files of Seacoast or BANKshares. Guggenheim Securities assumed that the respective ALLLs for Seacoast and BANKshares are adequate to cover such future loan and lease losses and will be adequate on a pro forma basis for the combined company resulting from the merger.

Guggenheim Securities assumed that there had been no material change in the assets, liabilities, financial condition, results of operations, business or prospects of either Seacoast or BANKshares since December 31, 2013.

Guggenheim Securities' professionals are not legal, regulatory, tax, consulting, accounting, appraisal or actuarial experts and Guggenheim Securities' opinion should not be construed as constituting advice with respect to such matters; accordingly, Guggenheim Securities relied on the assessments of Seacoast, BANKshares and their respective advisors with respect to such matters.

Guggenheim Securities further assumed that:

In all respects material to its analyses, (i) the final executed form of the merger agreement would not differ from the draft that Guggenheim Securities had earlier been provided, (ii) Seacoast and BANKshares will comply in all material respects with all terms of the merger agreement and (iii) the representations and warranties of Seacoast and BANKshares contained in the merger agreement were true and correct and all conditions to the obligations of each party to the merger agreement to consummate the merger would be satisfied without any waiver thereof;

All governmental, regulatory or other consents and approvals necessary for the consummation of the merger would be obtained without any adverse effect on Seacoast, BANKshares or on the expected benefits of the merger in any way material to Guggenheim Securities' analysis;

The merger will be consummated in a timely manner and in accordance with the terms of the merger agreement, without any limitations, restrictions, conditions, amendments or modifications, regulatory or otherwise that would have an adverse effect on Seacoast or BANKshares or the merger.

Guggenheim Securities expressed no view or opinion as to the price or range of prices at which the shares of common stock or other securities of Seacoast may trade at any time, including, without limitation, subsequent to the announcement or consummation of the merger.

Summary of Valuation and Financial Analyses

Overview of Valuation and Financial Analyses

This Summary of Valuation and Financial Analyses presents a summary of the principal valuation and financial analyses performed by Guggenheim Securities and presented to Seacoast's board of directors in connection with Guggenheim Securities rendering its opinion. The summary is not a complete description of the valuation and financial analyses underlying the opinion or the presentation made by Guggenheim Securities to Seacoast's board of directors, but summarizes the principal valuation and financial analyses performed and presented in connection with such opinion.

Some of the valuation and financial analyses summarized below include summary data and information presented in tabular format. In order to understand fully such valuation and financial analyses, the summary data and tables must be read together with the full text of the summary. Considering the summary data and tables alone could create a misleading or incomplete view of Guggenheim Securities' valuation and financial analyses.

The preparation of a fairness opinion is a complex process and involves various judgments and determinations as to the most appropriate and relevant valuation and financial analyses and the application of those methods to the particular circumstances involved. A fairness opinion therefore is not readily susceptible to partial analysis or summary description, and taking portions of the valuation and financial analyses set out above, without considering such analysis as a whole, would in the view of Guggenheim Securities create an incomplete and misleading picture of the processes underlying the valuation and financial analyses considered in rendering Guggenheim Securities' opinion.

In arriving at its opinion, Guggenheim Securities:

based its valuation and financial analyses on assumptions that it deemed reasonable, including assumptions concerning general business and economic conditions, capital markets considerations and industry-specific and company-specific factors, all of which are beyond the control of Seacoast, BANKshares and Guggenheim Securities;

did not form a view or opinion as to whether any individual analysis or factor, whether positive or negative, considered in isolation, supported or failed to support its opinion;

considered the results of all of its valuation and financial analyses and did not attribute any particular weight to any one analysis or factor; and

ultimately arrived at its opinion based on the results of all of its valuation and financial analyses assessed as a whole and believes that the totality of the factors considered and the various valuation and financial analyses performed by Guggenheim Securities in connection with its opinion operated collectively to support its determination as to the fairness, from a financial point of view, of the exchange ratio pursuant to the merger.

With respect to the valuation and financial analyses performed by Guggenheim Securities in connection with rendering its opinion:

Such valuation and financial analyses, particularly those based on estimates and projections, are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than suggested by these analyses.

None of the selected publicly traded companies used in the peer group financial benchmarking and trading valuation analysis described below is identical or directly comparable to Seacoast or BANKshares, and none of the selected precedent merger and acquisition transactions used in the precedent merger and acquisitions transactions analysis described below is identical or directly comparable to the merger; however, such companies and transactions were selected by Guggenheim Securities, among other reasons, because they represented or involved target companies which may be considered broadly similar, for purposes of Guggenheim Securities valuation analyses, to Seacoast and BANKshares based on Guggenheim Securities familiarity with the financial services sector in the United States.

Table of Contents

In any event, peer group financial benchmarking and trading valuation analysis and precedent merger and acquisition transactions analysis are not mathematical; rather, such analyses involve complex considerations and judgments concerning the differences in business, financial, operating and capital markets-related characteristics and other factors regarding the peer group companies and precedent merger and acquisition transactions to which Seacoast, BANKshares and the merger were compared.

Such valuation and financial analyses do not purport to be appraisals or to reflect the prices at which any securities may trade at the present time or at any time in the future.

Guggenheim Securities calculated the following mean and median trading multiples for the selected peer group companies based on Wall Street consensus estimates and the most recent publicly available financial filings:

Table of Contents**Summary of Peer Group Trading Multiples**

	Price to:									
	Assets (\$ mm)	Market Value (\$ mm)	LTM Core Pre- Provision NI	14 Est. EPS	15 Est. EPS	BVPS	TBVPS	LTM Core Pre- Provision NI/ TCE	TCE/ TA	NPA /Assets
Median	\$780	\$68	8.7x	14.0x	11.6x	1.08x	1.11x	12.6%	8.2%	2.7%
Mean	\$787	\$69	10.5x	16.0x	12.5x	1.09x	1.13x	13.3%	8.4%	2.8%

In performing its peer group trading valuation analysis:

Guggenheim Securities noted the peer group consisted of relatively small banks with limited research coverage and low market capitalizations and trading volumes. Owing to significant variability in earnings, and lack of reliable earnings forecasts for many banks in this peer group making earnings multiples less meaningful, in Guggenheim Securities' judgment the appropriate trading valuation reference range was 1.0x to 1.3x TBVPS.

Guggenheim Securities' analysis of the selected peer group companies resulted in an overall reference range of \$3.76 to \$4.88 per share for purposes of valuing BANKshares' common stock on a stand-alone public-market trading basis as compared to the implied transaction price of \$5.47 per share of BANKshares common stock.

In performing its precedent merger and acquisition transactions analysis:

Guggenheim Securities noted that there may be individual company or transaction-related factors that contribute to the foregoing transaction data that are not publicly disclosed and that it is therefore unable to evaluate (e.g., balance sheet marks, earnings growth rate assumptions, potential transaction synergies).

In Guggenheim Securities' judgment, based on its review of data associated with precedent announced transactions which it deemed to be relevant, the appropriate reference range was 1.3x to 1.9x TBVPS or 10.0x to 15.0x LTM core pre-provision net income, including announced cost savings.

Guggenheim Securities' analysis of the selected relevant precedent merger and acquisition transactions resulted in reference ranges of \$4.88 to \$7.14 per share based on TBVPS and \$4.82 to \$7.22 per share based on LTM core pre-provision net income, including announced cost savings, for purposes of valuing BANKshares' common and preferred stock on a change-of-control basis, as compared to the implied transaction price of \$5.47 per share of BANKshares common and preferred stock.

Other Considerations

Seacoast did not provide specific instructions to, or place any limitations on, Guggenheim Securities with respect to the procedures to be followed or factors to be considered in performing its valuation and financial analyses or providing its opinion. The type and amount of consideration payable in the merger were determined through negotiations between Seacoast and BANKshares and were approved by Seacoast's board of directors. The decision to enter into the merger agreement was solely that of Seacoast's board of directors. Guggenheim Securities' opinion was just one of the many factors taken into consideration by Seacoast's board of directors. Consequently, Guggenheim Securities' valuation and financial analyses should not be viewed as determinative of the decision of Seacoast's board of directors to approve the merger agreement and approve the issuance of the merger consideration in connection with the merger.

Table of Contents

Pursuant to the terms of Guggenheim Securities' engagement letter, Seacoast has agreed to pay Guggenheim Securities a transaction fee of \$800,000, of which \$50,000 became payable upon execution of such engagement letter, \$250,000 became payable upon the delivery of Guggenheim Securities' opinion and the balance of which is contingent on successful consummation of the merger. A portion of Guggenheim Securities' compensation was payable upon delivery of its fairness opinion and will be credited against the fee payable upon consummation of the merger. In addition, Seacoast has agreed to reimburse Guggenheim Securities for certain expenses and to indemnify it against certain liabilities arising out of its engagement.

Aside from its current engagement by Seacoast, Guggenheim Securities has not been previously engaged by Seacoast, nor has Guggenheim Securities been previously engaged by BANKshares, to provide investment banking and/or financial advisory services for which Guggenheim Securities received fees. Guggenheim Securities may seek to provide Seacoast and its affiliates with certain investment banking and financial advisory services unrelated to the merger in the future.

Guggenheim Securities and its affiliates engage in a wide range of financial services activities for its and their own accounts and the accounts of its and their customers, including: asset, investment and wealth management; investment banking; corporate finance; mergers and acquisitions; restructuring, merchant banking; fixed income and equity sales, trading and research; derivatives; foreign exchange; and futures. As a result, Guggenheim Securities' research analysts may hold views, make statements or investment recommendations and publish research reports with respect to Seacoast, BANKshares, other participants in the merger or their respective affiliates, subsidiaries, investment funds and portfolio companies and the merger that differ from the views of Guggenheim Securities' investment banking personnel.

Material U.S. Federal Income Tax Consequences of the Merger

The following discussion describes the material U.S. federal income tax consequences of the merger to U.S. holders (as defined below) of BANKshares stock that exchange their shares of BANKshares common and/or preferred stock for shares of Seacoast common stock in the merger. This discussion is based upon the Code, the regulations promulgated under the Code, and court and administrative rulings and decisions, all as in effect on the date of this joint proxy statement/prospectus. These laws may change, possibly retroactively, and any change could affect the accuracy of the statements and conclusions set forth in this discussion.

For purposes of this discussion, a U.S. holder means a beneficial owner of BANKshares common and/or preferred stock that is for U.S. federal income tax purposes (i) an individual citizen or resident of the United States, (ii) a corporation, or entity treated as a corporation, organized in or under the laws of the United States or any state thereof or the District of Columbia, (iii) a trust if (a) a court within the United States is able to exercise primary supervision

over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes, or (iv) an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source.

Table of Contents

If a partnership (including for this purpose any entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds BANKshares common and/or preferred stock, the tax treatment of a partner generally will depend on the status of the partner and the activities of the partnership. Partners in a partnership holding BANKshares common and/or preferred stock should consult their own tax advisors.

This discussion addresses only those BANKshares stockholders that hold their shares of BANKshares common and/or preferred stock as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment). Further, this discussion does not address all aspects of U.S. federal income taxation that may be relevant to you in light of your particular circumstances or if you are subject to special treatment under the U.S. federal income tax laws, including if you are:

a financial institution;

a tax-exempt organization;

an S corporation or other pass-through entity (or an investor in an S corporation or other pass-through entity);

an insurance company;

a mutual fund;

a dealer or broker in stocks and securities, commodities or currencies;

a trader in securities that elects the mark-to-market method of accounting;

a holder of BANKshares stock that received such stock through the exercise of an employee stock option, through a tax qualified retirement plan or otherwise as compensation;

a person that is not a U.S. holder (as defined above);

a person that has a functional currency other than the U.S. dollar;

a holder of BANKshares stock that holds such stock as part of a hedge, straddle, constructive sale, conversion or other integrated transaction; or

a U.S. expatriate.

In addition, the discussion does not address any alternative minimum tax or any state, local or foreign tax consequences of the merger, nor does it address any tax consequences arising under the unearned income Medicare contribution tax pursuant to the Health Care and Education Reconciliation Act of 2010. The actual tax consequences of the merger to you may be complex. These consequences will depend on your individual situation. You should consult with your own tax advisor to determine the tax consequences of the merger to you.

Tax Consequences of the Merger Generally. The parties intend for the merger to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code. It is a condition to Seacoast's obligation to complete the merger that Seacoast receive an opinion from Alston & Bird LLP, dated the closing date of the merger, to the effect that the merger will qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code. It is a condition to BANKshares's obligation to complete the merger that BANKshares receive an opinion, dated the closing date of the merger, to the effect that the merger will qualify as a tax-free reorganization within the meaning of Section 368(a) of the Code. The opinions of Alston & Bird LLP provided on behalf of Seacoast and the opinion of Hacker, Johnson & Smith, P.A. provided on behalf of BANKshares, will be based on representation letters provided by Seacoast and BANKshares and on customary factual assumptions. Neither of the opinions described above will be binding on the Internal Revenue Service or any court. BANKshares and Seacoast have not sought and will not seek any ruling from the Internal Revenue Service regarding any matters relating to the merger. There can be no assurance that the Internal Revenue Service will not assert, or that a court would not sustain, a position contrary to any of the conclusions set forth in this discussion.

Table of Contents

Provided the merger qualifies as a tax-free reorganization within the meaning of Section 368(a) of the Code, upon exchanging your BANKshares common and/or preferred stock for Seacoast common stock, you generally will not recognize gain or loss, except with respect to any cash received in lieu of fractional shares of Seacoast common stock, which will be treated as described below.

The aggregate tax basis in the shares of Seacoast common stock that you receive in the merger, including any fractional share interests deemed received and sold for cash as described below, will be the same as your aggregate tax basis in the BANKshares common and/or preferred stock you surrender in exchange for shares of Seacoast common stock (including a fractional share deemed received and sold for cash, as described below). The holding period for the shares of Seacoast common stock that you receive in the merger (including a fractional share deemed received and sold for cash, as described below) will include your holding period for the shares of BANKshares common and/or preferred stock that you surrender in the exchange.

If holders of BANKshares common and/or preferred stock acquired different blocks of BANKshares common and/or preferred stock at different times or at different prices, any gain or loss will be determined separately with respect to each block of BANKshares common and/or preferred stock and such holders' basis and holding period in their shares of Seacoast stock may be determined with reference to each block of BANKshares common and/or preferred stock. Any such holders should consult their tax advisors regarding the manner in which cash and Seacoast common stock received in the merger should be allocated among different blocks of BANKshares common and/or preferred stock and regarding the computation of any gain or loss and identification of the bases or holding periods of the particular shares of Seacoast common stock received in the merger.

Cash Instead of Fractional Shares. If you receive cash instead of a fractional share of Seacoast common stock, you will be treated as having received the fractional share of Seacoast common stock pursuant to the merger and then as having sold that fractional share of Seacoast common stock for cash. As a result, you generally will recognize gain or loss equal to the difference between the amount of cash received and the tax basis allocated to such fractional share of Seacoast common stock. This gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if, as of the effective date of the merger, the holding period for the BANKshares common and/or preferred stock deemed surrendered in exchange for a fractional share of Seacoast common stock is greater than one year. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding. In certain instances you may be subject to information reporting and backup withholding at a rate of 28% on any cash payments you receive. You generally will not be subject to backup withholding, however, if you:

furnish a correct taxpayer identification number, certify that you are not subject to backup withholding on the substitute Form W-9 or successor form included in the letter of transmittal you will receive and otherwise comply with all the applicable requirements of the backup withholding rules; or

provide proof that you are otherwise exempt from backup withholding.

Any amounts withheld under the backup withholding rules are not additional tax and will generally be allowed as a refund or credit against your U.S. federal income tax liability, provided you timely furnish the required information to the Internal Revenue Service.

Exercise of Dissenters' Rights. A U.S. Holder who receives cash pursuant to the exercise of dissenters' rights generally will recognize capital gain or loss measured by the difference between the cash received and its adjusted basis in its shares of BANKshares common and preferred stock.

The preceding discussion is intended only as a summary of material U.S. federal income tax consequences of the merger. It is for general information purposes and is not tax advice. Nor is this summary a complete analysis or discussion of all potential tax effects that may be relevant to you. You are urged to consult your own tax advisor with respect to the tax consequences to you from the merger (or exercise of dissenters' rights), including tax return reporting requirements and the applicability and effect of federal, state, local, and foreign tax laws.

Table of Contents

Accounting Treatment

The merger will be accounted for using the acquisition method of accounting with Seacoast treated as the acquiror. Under this method of accounting, BANKshares' assets and liabilities will be recorded by Seacoast at their respective fair values as of the date of completion of the merger. Financial statements of Seacoast issued after the merger will reflect these values and will not be restated retroactively to reflect the historical financial position or results of operations of Seacoast.

Regulatory Approvals

Under federal law, the merger must be approved (unless such requirement for approval has been waived) by the Board of Governors of the Federal Reserve System and the bank merger must be approved by the OCC. In addition, CapGen Capital Group III LP, and its general partner, CapGen Capital Group III LLC, are bank holding companies of Seacoast, and CapGen Capital Group LP and its general partner, CapGen Capital Group LLC, are bank holding companies of BANKshares, and each may require approvals (CapGen Approvals) of the Federal Reserve before we can complete the merger.

Once the Federal Reserve approves the merger (unless such requirement for approval has been waived) and the CapGen approvals have been obtained, the parties must wait for up to 30 days before completing the merger. With the concurrence of the U.S. Department of Justice and permission from the Federal Reserve, however, the merger may be completed on or after the fifteenth (15th) day after approval from the Federal Reserve (unless such requirement for approval has been waived). Similarly, after receipt of approval of the bank merger from the OCC, the parties must wait for up to 30 days before completing the bank merger. If, however, there are no adverse comments from the U.S. Department of Justice and Seacoast receives permission from the OCC to do so, the bank merger may be completed on or after the fifteenth (15th) day after approval from the OCC.

As of the date of this joint proxy statement/prospectus, all of the required regulatory applications have been filed and the OCC has approved the bank merger. There is no assurance as to whether the remaining regulatory approvals will be obtained or as to the dates of the approvals. There also can be no assurance that the remaining regulatory approvals received will not contain any condition that would increase any of the minimum regulatory capital requirements of Seacoast following the bank merger or have a material adverse effect. See *The Merger Agreement – Conditions to Completion of the Merger*.

Appraisal Rights for BANKshares Shareholders

Holders of BANKshares common and/or preferred stock as of the record date are entitled to appraisal rights under the FBCA. Pursuant to Section 607.1302 of the FBCA, a BANKshares shareholder who does not wish to accept the consideration to be received pursuant to the terms of the merger agreement may dissent from the merger and elect to receive the fair value of his or her shares of BANKshares common and/or preferred stock immediately prior to the date of the special meeting to vote on the proposal to approve the merger agreement, excluding any appreciation or depreciation in anticipation of the merger unless exclusion would be inequitable. Under the terms of the merger agreement, if 5% or more of the outstanding shares of BANKshares stock validly exercise their appraisal rights, then Seacoast will not be obligated to complete the merger.

In order to exercise appraisal rights, a dissenting BANKshares shareholder must strictly comply with the statutory procedures of Sections 607.1301 through 607.1333 of the FBCA, which are summarized below. A copy of the full text of those Sections is included as Appendix D to this joint proxy statement/prospectus. BANKshares shareholders are urged to read Appendix D in its entirety and to consult with their legal advisors. Each BANKshares shareholder who

desires to assert his or her appraisal rights is cautioned that failure on his or her part to adhere strictly to the requirements of Florida law in any regard will cause a forfeiture of any appraisal rights.

Procedures for Exercising Dissenters' Rights of Appraisal. The following summary of Florida law is qualified in its entirety by reference to the full text of the applicable provisions of the FBCA, a copy of which is included as Appendix D to this joint proxy statement/prospectus.

Table of Contents

A dissenting shareholder who desires to exercise his or her appraisal rights must file with BANKshares, prior to the taking of the vote on the merger agreement, a written notice of intent to demand payment for his or her shares if the merger is effectuated. A vote against the merger agreement will not alone be deemed to be the written notice of intent to demand payment and will not be deemed to satisfy the notice requirements under the FBCA. A dissenting shareholder need not vote against the merger agreement, but cannot vote, or allow any nominee who holds such shares for the dissenting shareholder to vote, any of his or her shares of BANKshares common and/or preferred stock in favor of the merger agreement. A vote in favor of the merger agreement will constitute a waiver of the shareholder's appraisal rights. A shareholder's failure to vote against the merger agreement will not constitute a waiver of such shareholder's dissenters' rights. Such written notification should be delivered either in person or by mail (certified mail, return receipt requested, being the recommended form of transmittal) to:

The BANKshares, Inc.
1031 W. Morse Blvd., Suite 323
Winter Park, Florida 32789
Attn: Thomas P. Abelman

All such notices must be signed in the same manner as the shares are registered on the books of BANKshares. If a BANKshares shareholder has not provided written notice of intent to demand fair value before the vote on the proposal to approve the merger agreement is taken at the special meeting, then the BANKshares shareholder will be deemed to have waived his or her appraisal rights.

Within 10 days after the completion of the merger, Seacoast must provide to each BANKshares shareholder who filed a notice of intent to demand payment for his or her shares a written appraisal notice and an election form that specifies, among other things:

the date of the completion of the merger;

Seacoast's estimate of the fair value of the shares of BANKshares common and preferred stock;

where to return the completed appraisal election form and the shareholder's stock certificates and the date by which each must be received by Seacoast or its agent, which date with respect to the receipt of the appraisal election form may not be fewer than 40, nor more than 60, days after the date Seacoast sent the appraisal election form to the shareholder (and shall state that the shareholder shall have waived the right to demand appraisal with respect to the shares unless such form is received by Seacoast by such specified date) and which with respect to the return of stock certificates must not be earlier than the date for receiving the appraisal election form;

that, if requested in writing, Seacoast will provide to the shareholder so requesting, within 10 days after the date set for receipt by Seacoast of the appraisal election form, the number of shareholders who return the forms by such date and the total number of shares owned by them; and

the date by which a notice from the BANKshares shareholder of his or her desire to withdraw his or her appraisal election must be received by Seacoast, which date must be within 20 days after the date set for receipt by Seacoast of the appraisal election form from the BANKshares shareholder.

The form must also contain Seacoast's offer to pay to the BANKshares shareholder the amount that it has estimated as the fair value of the shares of BANKshares common and/or preferred stock, and request certain information from the BANKshares shareholder, including:

the shareholder's name and address;

the number of shares as to which the shareholder is asserting appraisal rights;

that the shareholder did not vote for the merger;

whether the shareholder accepts the offer of Seacoast to pay its estimate of the fair value of the shares of BANKshares common and/or preferred stock to the shareholder; and

if the shareholder does not accept the offer of Seacoast, the shareholder's estimated fair value of the shares of BANKshares common and/or preferred stock and a demand for payment of the shareholder's estimated value plus interest.

Table of Contents

A dissenting shareholder must execute and submit the certificate(s) representing his or her shares and the appraisal election form, and in the case of certificated shares deposit the shareholder's certificates, by the specified date. Any dissenting shareholder failing to return a properly completed appraisal election form and his or her stock certificates within the period stated in the form will lose his or her appraisal rights and be bound by the terms of the merger agreement. Upon returning the appraisal election form, a dissenting shareholder will be entitled only to payment pursuant to the procedure set forth in the applicable sections of the FBCA and will not be entitled to vote or to exercise any other rights of a shareholder, unless the dissenting shareholder withdraws his or her demand for appraisal within the time period specified in the appraisal election form.

A dissenting shareholder who has delivered the appraisal election form and his or her BANKshares common and/or preferred stock certificates may decline to exercise appraisal rights and withdraw from the appraisal process by giving written notice to Seacoast within the time period specified in the appraisal election form. Thereafter, a dissenting shareholder may not withdraw from the appraisal process without the written consent of Seacoast. Upon such withdrawal, the right of the dissenting shareholder to be paid the fair value of his or her shares will cease, and he or she will be reinstated as a shareholder and will be entitled to receive the merger consideration.

If the dissenting shareholder accepts the offer of Seacoast in the appraisal election form to pay Seacoast's estimate of the fair value of the shares of BANKshares common and/or preferred stock, payment for the shares of the dissenting shareholder is to be made within 90 days after the receipt of the appraisal election form by Seacoast or its agent. Upon payment of the agreed value, the dissenting shareholder will cease to have any interest in such shares.

A shareholder must demand appraisal rights with respect to all of the shares registered in his or her name, except that a record shareholder may assert appraisal rights as to fewer than all of the shares registered in the record shareholder's name but which are owned by a beneficial shareholder, if the record shareholder objects with respect to all shares owned by the beneficial shareholder. A record shareholder must notify BANKshares in writing of the name and address of each beneficial shareholder on whose behalf appraisal rights are being asserted. A beneficial shareholder may assert appraisal rights as to any shares held on behalf of the beneficial shareholder only if the beneficial shareholder submits to BANKshares the record shareholder's written consent to the assertion of such rights before the date specified in the appraisal election form, and does so with respect to all shares that are beneficially owned by the beneficial shareholder.

A shareholder who is dissatisfied with Seacoast's estimate of the fair value of the shares of Seacoast common stock must notify Seacoast of the shareholder's estimate of the fair value of the shares and demand payment of that estimate plus interest in the appraisal election form within the time period specified in the form. A shareholder who fails to notify Seacoast in writing of the shareholder's demand to be paid its stated estimate of the fair value of the shares plus interest within the required time period waives the right to demand payment and will be entitled only to the payment offered by Seacoast in the appraisal election form.

Section 607.1330 of the FBCA addresses what should occur if a dissenting shareholder fails to accept the offer of Seacoast to pay the value of the shares as estimated by Seacoast, and Seacoast fails to comply with the demand of the dissenting shareholder to pay the value of the shares as estimated by the dissenting shareholder, plus interest.

If a dissenting shareholder refuses to accept the offer of Seacoast to pay the value of the shares as estimated by Seacoast, and Seacoast fails to comply with the demand of the dissenting shareholder to pay the value of the shares as estimated by the dissenting shareholder, plus interest, then within 60 days after receipt of a written demand from any dissenting shareholder, Seacoast shall, or at its election at any time within such period of 60 days may, file an action in any court of competent jurisdiction in the county in Florida where the registered office of Seacoast, maintained pursuant to Florida law, is located requesting that the fair value of such shares be determined by the court.

If Seacoast fails to institute a proceeding within the above-prescribed period, any dissenting shareholder may do so in the name of Seacoast. All dissenting shareholders whose demands remain unsettled shall be made parties to the proceeding as in an action against their shares and a copy of the initial pleading will be served on each dissenting shareholder as provided by law. The shareholders demanding appraisal rights are entitled to the same discovery rights as parties in other civil proceedings. There shall be no right to a jury trial.

Seacoast is required to pay each dissenting shareholder the amount found to be due within 10 days after final determination of the proceedings, which amount may, in the discretion of the court, include a fair rate of interest, which will also be determined by the court. Upon payment of the judgment, the dissenting shareholder ceases to have any interest in such shares.

Section 607.1331 of the FBCA provides that the costs of a court appraisal proceeding, including reasonable compensation for, and expenses of, appraisers appointed by the court, will be determined by the court and assessed against Seacoast, except that the court may assess costs against all or some of the dissenting shareholders, in amounts the court finds equitable, to the extent that the court finds such shareholders acted arbitrarily, vexatiously or not in good faith with respect to their appraisal rights. The court also may assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable, against: (i) Seacoast and in favor of any or all dissenting shareholders if the court finds Seacoast did not substantially comply with the notification provisions set forth in Sections 607.1320 and 607.1322 of the FBCA; or (ii) either Seacoast or a dissenting shareholder, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the appraisal rights. If the court in an appraisal proceeding finds that the services of counsel for any dissenting shareholder were of substantial benefit to other dissenting shareholders, and that the fees for those services should not be assessed against Seacoast, the court may award to such counsel reasonable fees to be paid out of the amounts awarded the dissenting shareholders who were benefited. To the extent that Seacoast fails to make a required payment when a dissenting shareholder accepts Seacoast's offer to pay the value of the shares as estimated by Seacoast, the dissenting shareholder may sue directly for the amount owed and, to the extent successful, shall be entitled to recover from Seacoast all costs and expenses of the suit, including counsel fees.

Treatment of BANKshares Equity Awards

Stock Units. All outstanding awards, grants, units, or similar rights, or BANKshares Equity Awards, to purchase shares of BANKshares common stock that is outstanding will either (i) vest in accordance with its terms, (ii) be exercised in accordance with its terms, or (iii) terminate. Following the effective time of the merger, no holder of any BANKshares Equity Award will have any right to acquire any capital stock of Seacoast or BANKshares, except with respect to the common stock of BANKshares which such person received or became entitled to receive in accordance with the vesting or exercise of such BANKshares Equity Award prior to the effective time, which will be converted into the right to receive the number of shares of Seacoast common stock equal to the exchange ratio.

All of the outstanding BANKshares equity awards are restricted stock awards that do not require any cash payment by the recipient to BANKshares in order to receive the subject shares. Such awards are subject to certain performance criteria and, normally, to the passage of time. One hundred percent of the unvested restricted stock awards will vest in accordance with the terms of the plan as a result of the change in control resulting from the merger.
