PART I

Forward Looking Statements

This Annual Report on Form 10-K includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Company has based these forward-looking statements on the Company's current expectations and projections about future events. These forward-looking statements are subject to known and unknown risks, uncertainties and assumptions about us and the Company's subsidiaries that may cause the Company's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as may, will, should, could, would, expect, plan, anticipate, believe, estimate, continue or the negative of such terms or other similar expressions. Factors that might cause or contribute to such a material difference include, but are not limited to, those discussed elsewhere in this Annual Report, including the section entitled Risk Factors and the risks discussed in the Company's other Securities and Exchange Commission filings. The following discussion should be read in conjunction with the Company's audited Financial Statements and related Notes thereto included elsewhere in this report.

Item 1. Business.

General

General Employment Enterprises, Inc. (the Company, us, our or we) was incorporated in the State of Illinois in 1961 and is the successor to employment offices doing business since 1893. In 1987, the Company established Triad Personnel Services, Inc., a wholly-owned subsidiary, incorporated in the State of Illinois. In June 2010, the Company purchased certain assets of On-Site Services, a temporary staffing agricultural business, which was discontinued as of July 7, 2013. In December 2010, the Company purchased certain assets of DMCC Staffing, LLC (DMCC) and RFFG of Cleveland, LLC (RFFG of Cleveland) an industrial staffing business located in the State of Ohio. In August 2011, the Company purchased certain assets of Ashley Ellis, LLC (Ashley Ellis), a professional staffing and placement business. The principal executive office of the Company is located at 184 Shuman Blvd., Suite 420, Naperville, Illinois.

Services Provided

The Company provides the following distinctive services: (a) professional placement services specializing in the placement of information technology, engineering, and accounting professionals for direct hire and contract staffing, and (b) temporary staffing services in light industrial staffing.

The Company provides staffing services through a network of branch offices located in major metropolitan areas throughout the United States. The Company's professional staffing services provide information technology, engineering and accounting professionals to clients on either a regular placement basis or a temporary contract basis. The Company's industrial staffing business provides weekly temporary staffing for light industrial clients in Ohio and Pennsylvania.

The percentage of revenues derived from each of the Company's continuing operations is as follows:

	Year Ended September 30,	
	2014	2013
Industrial contract services	63%	64%
Professional contract services	19%	20%
Direct hire placement services	18%	16%

Table of Contents

Marketing

The Company markets its services using the trade names General Employment Enterprises, Omni One, Business Management Personnel, Ashley Ellis, Triad Personnel Services, Triad Staffing, Generation Technologies, BMCH, and BMCHPA. As of September 30, 2014, it operated eighteen branch offices in downtown or suburban areas of major U.S. cities in nine states. The offices are located in Arizona, California (2), Florida (2), Illinois (2), Indiana, Massachusetts, North Carolina, Ohio (7) and Texas.

The Company markets its staffing services to prospective clients primarily through telephone marketing by its recruiting and sales consultants, and through mailing of employment bulletins which list candidates available for placement and contract employees available for assignment.

There was no customer that represented more than 10% of the Company's consolidated revenue in fiscal 2014 or fiscal 2013.

Competition

The staffing industry is highly competitive. There are relatively few barriers to entry by firms offering placement services, while significant amounts of working capital typically are required for firms offering contract services. The Company's competitors include a large number of sole-proprietorship operations, as well as regional and national organizations. Many of them are large corporations with substantially greater resources than the Company.

The Company's professional and industrial staffing services compete by providing highly qualified candidates who are well matched for the position, by responding quickly to client requests, and by establishing offices in convenient locations. As part of its service, the Company provides professional reference checking, scrutiny of candidates' work experience and optional background checks. In general, pricing is considered to be secondary to quality of service as a competitive factor. During slow hiring periods, however, competition can put pressure on the Company's pricing.

The agricultural staffing service was considered a niche business that required a high capital reserve to cover the weekly payroll. There were few businesses in this market. The Company discontinued this business as of July 7, 2013.

Recruiting

The success of the Company's services is highly dependent on its ability to obtain qualified candidates. Prospective employment candidates are generally recruited through telephone contact by the Company's employment consultants or through postings on the Internet. For Internet postings, the Company maintains its own web page at www.generalemployment.com and uses other Internet job posting bulletin board services. The Company maintains database records of applicants' skills to assist in matching them with job openings and contract assignments. The Company generally screens and interviews all applicants who are presented to its clients.

Employees

As of September 30, 2014, the Company had approximately 140 regular employees and the number of contract service employees varied week to week from a minimum of approximately 500 to a maximum of 4,000.

Available Information

Edgar Filing: GENERAL EMPLOYMENT ENTERPRISES INC - Form 10-K

We file annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, proxy and information statements and amendments to reports filed or furnished pursuant to Sections 13(a), 14 and 15(d) of the Exchange Act. The public may obtain these filings at the Securities and Exchange Commission (the SEC) Public Reference Room at 100 F Street, NE, Washington DC 20549 or by calling the SEC at 1-800-SEC-0330. The SEC also maintains a web site at <http://www.sec.gov> that contains reports, proxy and information statements and other information regarding the Company and other companies that file material with the SEC electronically. Copies of the Company's reports can be obtained, free of charge, electronically through our internet website, <http://www.generalemployment.com>. Information on the Company's website is not incorporated in this report by the foregoing reference.

Table of Contents

Item 1A. Risk Factors.

WE HAVE EXPERIENCED LOSSES FROM OPERATIONS AND MAY NOT BE PROFITABLE IN THE FUTURE.

The Company experienced losses for the years ended September 30, 2014 and September 30, 2013. There can be no assurance that the Company will not incur losses in the future. Although the operating expenses have decreased, there are no assurances that the Company will be able to generate sufficient revenue to meet its operating expenditures or operate profitably in the future.

RECENT GLOBAL TRENDS IN THE FINANCIAL MARKETS COULD ADVERSELY AFFECT OUR BUSINESS, LIQUIDITY AND FINANCIAL RESULTS.

Recent global economic conditions, including disruption of financial markets, could adversely affect our business and results of operations, primarily through limiting our access to credit, our ability to refinance debt and disrupting our customers' businesses, which are heavily dependent on retail and e-commerce transactions. Although we currently believe that we will be able to obtain the necessary financing in the future, there is no assurance that these institutions will be able to loan us the necessary capital, which could have a material adverse impact on our business. In addition, continuation or worsening of general market conditions in the United States economy important to our businesses may adversely affect our customers' level of spending, ability to obtain financing for purchases and ability to make timely payments to us for our services, which could require us to increase our allowance for doubtful accounts, negatively impact our days sales outstanding and adversely affect our results of operations.

WE DEPEND ON ATTRACTING, INTEGRATING, MANAGING, AND RETAINING QUALIFIED PERSONNEL.

Our success depends upon our ability to attract, integrate, manage and retain personnel who possess the skills and experience necessary to fulfill our clients' needs. Our ability to hire and retain qualified personnel could be impaired by any diminution of our reputation, decrease in compensation levels relative to our competitors or modifications to our total compensation philosophy or competitor hiring programs. If we cannot attract, hire and retain qualified personnel, our business, financial condition and results of operations may suffer. Our future success also depends upon our ability to manage the performance of our personnel. Failure to successfully manage the performance of our personnel could affect our profitability by causing operating inefficiencies that could increase operating expenses and reduce operating income.

ONE OF OUR DIRECTORS, TOGETHER WITH HIS AFFILIATES, CONTROLS A MAJORITY OF THE COMBINED VOTING POWER OF OUR COMMON STOCK, WHICH MAY GIVE RISE TO CONFLICTS OF INTERESTS.

Michael Schroering, our former Chief Executive Officer and current director, together with his affiliates, control approximately 63% of the Company's voting shares outstanding. As a result, Mr. Schroering and his affiliates are able to control all matters requiring the Company's shareholders' approval, including the election of directors and approval of significant corporate transactions. This concentration of ownership may delay, prevent or deter a change in control, and could deprive the Company's shareholders of an opportunity to receive a premium for their common stock as part of a sale of the Company or its assets. The interests of Mr. Schroering and his affiliates may not always coincide with your interests or the interests of other shareholders, and they may act in a manner that advances their best interests and not necessarily those of other shareholders.

Table of Contents

WE MAY NOT BE ABLE TO COMPETE EFFECTIVELY.

Competition in the market for placement and staffing services is intense. The Company faces competition from many larger, more established companies. In addition, other companies could seek to introduce competing services and increased competition could result in a decrease in the price charged by the Company's competitors for their services or reduce demand for the Company's products and services, which would have a material adverse effect on the Company's business, operating results and financial condition. There can be no assurance that the Company will be able to compete successfully with its existing or potential competitors, which may have substantially greater financial, technical, and marketing resources, longer operating histories, greater name recognition or more established relationships in the industry than the Company. If any of these competitors provides competitive services to the marketplace in the future, the Company cannot be sure that it will have the resources or expertise to compete successfully.

CHANGES IN GOVERNMENT REGULATION COULD LIMIT OUR GROWTH OR RESULT IN ADDITIONAL COSTS OF DOING BUSINESS.

We are subject to the same federal, state and local laws as other companies conducting placement and staffing services, which is extensive. The adoption or modification of laws related to the placement and staffing industry, such as the Healthcare for America Plan, could harm our business, operating results and financial condition by increasing our costs and administrative burdens.

INTERRUPTION OF THE COMPANY'S BUSINESS COULD RESULT FROM INCREASED SECURITY MEASURES IN RESPONSE TO TERRORISM.

The continued threat of terrorism within the United States and the ongoing military action and heightened security measures in response to such threat has and may cause significant disruption to commerce. The U.S. economy in general is being adversely affected by terrorist activities and potential activities. Any economic downturn could adversely impact the Company's results of operations, impair the Company's ability to raise capital or otherwise adversely affect the Company's ability to grow the business. It is impossible to predict how this may affect the Company's business or the economy in the U.S. and in the world. In the event of further threats or acts of terrorism, the Company's business and operations may be severely and adversely affected or destroyed.

SUBSTANTIAL ALTERATION OF THE COMPANY'S CURRENT BUSINESS AND REVENUE MODEL COULD HURT SHORT-TERM RESULTS.

The Company's present business and revenue model represents the current view of the optimal business and revenue structure, which is to derive revenues and achieve profitability in the shortest period. There can be no assurance that current models will not be altered significantly or replaced with an alternative model that is driven by motivations other than near-term revenues and/or profitability (for example, building market share before the Company's competitors). Any such alteration or replacement of the business and revenue model may ultimately result in the deferring of certain revenues in favor of potentially establishing larger market share. The Company cannot assure that any adjustment or change in the business and revenue model will prove to be successful.

THE REQUIREMENTS OF BEING A PUBLIC COMPANY MAY STRAIN OUR RESOURCES AND DISTRACT MANAGEMENT.

As a public company, we are subject to the reporting requirements of the Exchange Act and the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"). These requirements are extensive. The Exchange Act requires that we file annual,

quarterly and current reports with respect to our business and financial condition. The Sarbanes-Oxley Act requires that we maintain effective disclosure controls and procedures and internal controls over financial reporting.

We may incur significant costs associated with our public company reporting requirements and costs associated with applicable corporate governance requirements. We expect all of these applicable rules and regulations to significantly increase our legal and financial compliance costs and to make some activities more time consuming and costly. This may divert management's attention from other business concerns, which could have a material adverse effect on our business, financial condition and results of operations. We also expect that these applicable rules and regulations may make it more difficult and more expensive for us to obtain director and officer liability insurance and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. As a result, it may be more difficult for us to attract and retain qualified individuals to serve on our Board of Directors or as executive officers. We are currently evaluating and monitoring developments with respect to these rules, and we cannot predict or estimate the amount of additional costs we may incur or the timing of such costs.

Table of Contents

FAILURE TO ACHIEVE AND MAINTAIN EFFECTIVE INTERNAL CONTROLS IN ACCORDANCE WITH SECTION 404 OF THE SARBANES-OXLEY ACT COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR BUSINESS AND OPERATING RESULTS. IN ADDITION, CURRENT AND POTENTIAL STOCKHOLDERS COULD LOSE CONFIDENCE IN OUR FINANCIAL REPORTING, WHICH COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR STOCK PRICE.

Effective internal controls are necessary for us to provide reliable financial reports and effectively prevent fraud. If we cannot provide reliable financial reports or prevent fraud, our operating results could be harmed. We are required to document and test our internal control procedures in order to satisfy the requirements of Section 404 of the Sarbanes-Oxley Act, which requires annual management assessments of the effectiveness of our internal controls over financial reporting. During the course of our testing, we may identify deficiencies which we may not be able to remediate in time for compliance with the requirements of Section 404. In addition, if we fail to maintain the adequacy of our internal controls, as such standards are modified, supplemented or amended from time to time; we may not be able to ensure that we can conclude on an ongoing basis that we have effective internal controls over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act. Failure to achieve and maintain an effective internal control environment could also cause investors to lose confidence in our reported financial information, which could have a material adverse effect on our stock price.

We cannot provide assurance as to the result of these efforts. We cannot be certain that any measures we take will ensure that we implement and maintain adequate internal controls in the future. Any failure to implement required new or improved controls, or difficulties encountered in their implementation, could harm our operating results or cause us to fail to meet our reporting obligations.

WE HAVE NOT REGISTERED WITH THE SEC OR LISTED WITH THE NYSE MKT THE SHARES UNDERLYING OPTIONS ISSUED UNDER OUR INCENTIVE PLANS.

We have issued options to purchase approximately 3.7 million shares of our common stock under the 2011 and 2013 Incentive Plans, some of which are fully vested and exercisable. We have not yet filed a registration statement on Form S-8 registering the shares underlying such options, nor have we listed such shares with the NYSE MKT. If we do not register these shares, the Company may be subject to civil or other penalties (including sanctions) by regulatory authorities and/or shareholders for certain violations of federal or state securities laws. We may also be subject to the suspension of trading in, or removal from listing from, the NYSE MKT for failure to comply with the NYSE MKT listing agreement.

WE ARE NOT CURRENTLY IN COMPLIANCE WITH THE NYSE MKT LLC'S REPORTING REQUIREMENTS AND FAILURE TO REGAIN AND MAINTAIN COMPLIANCE WITH THIS STANDARD COULD RESULT IN DELISTING AND ADVERSELY AFFECT THE MARKET PRICE AND LIQUIDITY OF OUR COMMON STOCK AND OUR ABILITY TO RAISE ADDITIONAL CAPITAL.

Our common stock is currently listed on the NYSE MKT. Companies trading on the NYSE MKT must be reporting issuers under Section 12 of the Exchange Act and must be current in their reports filed under Section 13 of the Exchange Act. If we fail to remain current on our reporting requirements we could be removed from the NYSE MKT.

On January 17, 2013 and February 21, 2013, the Company received notices from the NYSE MKT staff indicating that the Company was below certain of the NYSE MKT's continued listing standards due to the Company's delinquency in filing its Annual Report on Form 10-K for the fiscal year ended September 30, 2012, and the delinquency in filing its Quarterly Report on Form 10-Q for the quarter ended December 31, 2012, as set forth in sections 134 and 1101 of the NYSE MKT Company Guide. The Company was afforded the opportunity to submit a plan of compliance to the

NYSE MKT and on January 31, 2013, presented its plan for both reports to the NYSE MKT. On March 5, 2013, the NYSE MKT notified the Company that it accepted the Company's plan of compliance and granted the Company an extension until April 17, 2013, to regain compliance with the continued listing standards. The Company has since become compliant with all delinquencies in filings.

Table of Contents

On June 6, 2013, the Company received a letter from NYSE MKT which stated, among other things, that the Company had equity less than \$4 million and had sustained losses from continuing operations and/or net losses in three of its four most recent fiscal years and, in the opinion of NYSE MKT, it was questionable as to whether the Company would be able to continue operations and/or meet its obligations as they matured based on its current overall financial condition, pursuant to Sections 1003(a)(ii) and 1003(a)(iv) of the NYSE MKT's Company Guide, respectively. The Company was afforded the opportunity to submit a plan of compliance to the NYSE MKT and on July 8, 2013, presented its plan to correct its deficiencies related to Sections 1003(a)(ii) and 1003(a)(iv) of the NYSE MKT's Company Guide. On August 27, 2013, NYSE MKT notified the Company that it accepted the Company's plan of compliance and granted the Company an extension until October 7, 2013, to obtain the necessary financing to provide the necessary cash flow to continue operations and/or meet its obligations as they mature and until June 6, 2014, to have the required \$4 million in equity. On October 29, 2013, the Company received a letter from the NYSE MKT stating that, based on the review of the information provided by the Company, the Company had made significant progress towards regaining compliance with Section 1003(a)(iv) of the Company Guide. Based on the Company's progress to date and actions the Company plans to implement in the future, in accordance with Section 1009 of the Company Guide, the NYSE MKT had determined to extend the Financial Impairment Plan Period until February 21, 2014. The foregoing was subject to the Company making a public announcement by November 4, 2013, continuing to provide updates to the NYSE MKT staff and continuing to show progress in regaining compliance. The plan period for the Company to regain compliance with Section 1003(a)(ii) remained June 6, 2014. On November 4, 2013, a press release announcing the acceptance by the NYSE MKT LLC of the plan was issued.

On June 6, 2014, the Company received a letter from NYSE MKT which stated, among other things, that the Company had equity less than \$4 million and had sustained losses from continuing operations and/or net losses in three of its four most recent fiscal years and, in the opinion of NYSE MKT, it was questionable as to whether the Company would be able to continue operations and/or meet its obligations as they matured based on its current overall financial condition, pursuant to Sections 1003(a)(ii) and 1003(a)(iv) of the NYSE MKT's Company Guide, respectively. The Company's plan of compliance detailing actions which it had to take to regain compliance with stated listing requirements (the "Impairment Plan") was initially accepted by the Exchange on August 27, 2013, granting the Company until October 7, 2013 (the "Impairment Plan Period") to regain compliance. By the letters dated October 29, 2013, March 13, 2014 and April 14, 2014, the NYSE MKT granted the Company an extension of the Impairment Plan Period until February 21, 2014, March 31, 2014, and June 6, 2014, respectively. Based on a review of information provided by the Company, the Exchange then granted the Company an extension from June 6, 2014 to December 6, 2014. The targeted completion date to improve the overall financial condition and comply with 1003(a)(iv) and, additionally, to increase the equity to a minimum of \$4 million and comply with 1003(a)(ii) was December 6, 2014. As of the date of this report, the Company has not received any additional letters from the NYSE MKT and continues to be listed and trading as normal.

The Company will be subject to periodic review by NYSE MKT staff and issuance of any additional shares will require approval by NYSE MKT's senior management of the NYSE MKT LLC, until notified by the NYSE MKT that they no longer are subject to this review. Failure to make progress consistent with the plan or to regain compliance with the continued listing standards by the end of the extension period could result in the Company being delisted from the NYSE MKT LLC and trigger certain ratchet provisions in the Company's debt and capital.

VOLATILITY OF THE MARKET PRICE OF THE COMPANY'S STOCK IS LIKELY TO OCCUR DUE TO THE LOW TRADING VOLUME OF OUR STOCK.

The market price of the Company's common stock may be volatile, which could cause the value of your investment to decline. Any of the following factors could affect the market price of our common stock:

Changes in earnings estimates and outlook by financial analysts;

Our failure to meet investors' performance expectations;

General market and economic conditions; and

Our small trading volume.

THE MARKET FOR PENNY STOCKS HAS SUFFERED FROM PATTERNS OF FRAUD AND ABUSE.

According to the SEC, the market for penny stocks is subject to patterns of fraud and abuse including, but not limited to the following:

Control of the market for the security by one or a few broker-dealers that are often related to the promoter or issuer;

Table of Contents

Manipulation of prices through prearranged matching of purchases and sales and false and misleading press releases;

Boiler room practices involving high-pressure sales tactics and unrealistic price projections by inexperienced sales persons;

Excessive and undisclosed bid ask differentials and markups by selling broker dealers; and

The wholesale dumping of the same securities by promoters and broker dealers after prices have been manipulated to a desired level, along with the inevitable collapse of those prices with consequent investor losses.

In addition, many of the risks described elsewhere in this Risk Factors section could adversely affect the Company's stock price. The stock markets have experienced price and volume volatility that have affected many companies' stock prices. Stock prices for many companies have experienced wide fluctuations that have often been unrelated to the operating performance of those companies. These types of fluctuations may affect the market price of our common stock.

APPLICABILITY OF THE RISK DISCLOSURE REQUIREMENTS ON LOW PRICED STOCK COULD DISCOURAGE BROKERS FROM MAKING A MARKET IN OUR STOCK.

The Company's common stock may be considered a low priced security under rules promulgated under the Exchange Act. Under these rules, broker-dealers participating in transactions in low priced securities must first deliver a risk disclosure document which describes that risks associated with such stock, the broker-dealer's duties, the customer's rights and remedies, and certain market and other information, and make a suitability determination approving the customer for low priced stock transactions based on the customer's financial situation, investment experience and objectives. Broker-dealers must also disclose these restrictions in writing and provide monthly account statements to the customer, and obtain specific written consent of the customer. With these restrictions, the likely effect of designation as a low price stock would be to decrease the willingness of broker-dealers to make a market for the stock, to decrease the liquidity of the stock and to increase the transaction costs of sales and purchase of such stocks compared to other securities.

NO DIVIDENDS ANTICIPATED.

The Company intends to retain all future earnings for use in the development of the Company's business and does not anticipate paying any cash dividends on the Common Stock in the near future.

WE MAY NOT BE ABLE TO OBTAIN THE NECESSARY ADDITIONAL FINANCING TO ACHIEVE OUR STRATEGIC GOALS.

There is no guarantee that we will be able to obtain any additional financing that may be required to continue to expand our business. Our continued viability depends on our ability to raise capital. Changes in economic, regulatory or competitive conditions may lead to cost increases. Management may also determine that it is in our best interest to expand more rapidly than currently intended, to expand marketing activities, to develop new or enhance existing services or products, to respond to competitive pressures or to acquire complementary services, businesses or technologies. In any such case or other change of circumstance, additional financing will be necessary. If any additional financing is required, there can be no assurances that we will be able to obtain such additional financing on

terms acceptable to us and at times required by us, if at all. In such event, we may be required to materially alter our business plan or curtail all or a part of our expansion plans.

WE MAY NOT BE ABLE TO MANAGE EXPECTED GROWTH AND INTERNAL EXPANSION.

We have not yet undergone the significant managerial and internal expansion that we expect will occur, and our inability to manage growth could hurt our results of operations. Expansion of our operations will be required to address anticipated growth of our customer base and market opportunities. Expansion will place a significant strain on our management, operational and financial resources. Currently, we have a limited number of employees. We will need to improve existing procedures and controls as well as implement new transaction processing, operational and financial systems, procedures and controls to expand, train and manage our employee base. Our failure to manage growth effectively could have a damaging effect on our business, results of operations and financial condition.

Table of Contents

WE FACE SIGNIFICANT EMPLOYMENT-RELATED LEGAL RISK.

We employ people internally and in the workplaces of other businesses. Many of these individuals have access to client information systems and confidential information. An inherent risk of such activity includes possible claims of errors and omissions; intentional misconduct; release, misuse or misappropriation of client intellectual property, confidential information, funds, or other property; cyber security breaches affecting our clients and/or us; discrimination and harassment claims; employment of illegal aliens; criminal activity; torts; or other claims. Such claims may result in negative publicity, injunctive relief, criminal investigations and/or charges, civil litigation, payment by us of monetary damages or fines, or other material adverse effects on our business.

Item 1B. Unresolved Staff Comments.

Not applicable.

Item 2. Properties.

The Company's policy is to lease commercial office space for all of its offices. The Company's headquarters are located in a building near Chicago, Illinois. The Company leases approximately 5,000 square feet of space at that location under a lease that will expire in 2018.

The Company's staffing offices are located in downtown and suburban business centers in the following nine states: Arizona, California, Florida, Illinois, North Carolina, Indiana, Ohio, Texas, and Massachusetts. Established offices are operated from leased space ranging from 800 to 2,000 square feet, generally for initial lease periods of one to five years, with cancellation clauses after certain periods of occupancy in some cases. Management believes that existing facilities are adequate for the Company's current needs and that its leasing strategies provide the Company with sufficient flexibility to open or close offices to accommodate business needs.

Item 3. Legal Proceedings.

As of September 30, 2014, the Company was not a party to any material legal proceedings.

Item 4. Mine Safety Disclosures.

Not applicable.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

In 2013, the Company executed an Amended and Restated Purchase agreement with RFFG that required the issuance of 1.1 million shares of common stock. The stock was officially issued on July 2, 2013. The stock price on July 2, 2013 was \$0.2999 and there were shares traded that day at that price. The value related to the transaction on July 2, 2013 was \$329,890.

On March 31, 2014, the Company and Aracle SPF I, LLC, a New York based fund ("Aracle") entered into a Securities Purchase Agreement (the "SPA") pursuant to which Aracle has the right to acquire up to 12 units (the "Units"), for \$50,000 per Unit, with each Unit consisting of 250,000 shares of common stock of the Company and 125,000 common stock purchase warrants. The warrants are exercisable 6 months after issuance, have a term of 4 years, and have an exercise price of \$0.25 per warrant share. The SPA contains standard representations, warranties, and covenants. In addition, the SPA contains a price adjustment mechanism that requires the Company, with certain exceptions, to issue additional shares of common stock to Aracle in the event the Company, within twelve months of the initial closing under the SPA, issues certain equity securities at a price per share less than \$0.20, provided, however, as long as the Company is listed on the NYSE MKT the total number of shares issuable under the foregoing adjustment provision may not exceed 19.9% of the Company's outstanding shares of common stock on March 30, 2014. Further, in the event the Company is delisted from NYSE MKT while Aracle owns at least 51% of the shares issued to it under the SPA, the Company shall issue an additional 3,000,000 shares to Aracle, and the 12 month price adjustment period shall be extended to 36 months. The Company agreed to appoint two new members to the Company's Board of Directors within 60 days of the initial closing, which new members are subject to the prior approval of Aracle. The Company granted Aracle piggyback registration rights with respect to the shares and the shares of common stock underlying the warrants. The warrants do not include any price protection clause.

Concurrently with the execution of the SPA the Company and Aracle conducted an initial closing thereunder, in which Aracle purchased 9.5 Units for \$475,000. The Units and the securities underlying the Units were issued to Aracle, an accredited investor, pursuant to the exemption from registration provided by Rule 506 of Regulation D as promulgated under the Securities Act of 1933, as amended, and other applicable exemptions. The issued securities contain a standard restricted legend.

On April 16, 2014, the Company, Aracle, and a second institutional investor entered into certain Securities Purchase Agreements ("SPA") pursuant to which the investors purchased 2.5 Units for \$125,000.

The Company incurred certain expenses related to the SPA of approximately \$130,000, which were paid from the proceeds, for a net proceeds of approximately \$470,000.

The shares and securities underlying the warrants were issued to the investors, pursuant to the exemption from registration provided by Rule 506 of Regulation D as promulgated under the Securities Act of 1933, as amended, and other applicable exemptions. The issued securities contain a standard restricted legend.

Market Information

The Company's common stock is listed on the NYSE MKT and is traded under the symbol "JOB". The following table sets forth the quarterly high and low sales prices per share of the Company's common stock on the consolidated market

for each quarter within the last two fiscal years.

	Fourth Quarter	Third Quarter	Second Quarter	First Quarter
Fiscal 2014:				
High	\$.20	\$.23	\$.43	\$.30
Low	.16	.16	.18	.17
Fiscal 2013:				
High	\$.47	\$.37	\$.56	\$.68
Low	.16	.27	.31	.42

Table of Contents

Holders of Record

There were approximately 600 holders of record of the Company's common stock on December 15, 2014.

Dividends

No dividends were declared or paid during the years ended September 30, 2014 and September 30, 2013. We do not anticipate paying any cash dividends for the foreseeable future.

During the two years ended September 30, 2014 and 2013, no equity securities of the Company were repurchased by the Company.

Securities Authorized for Issuance under Equity Compensation Plans

As of September 30, 2014, there were stock options outstanding under the Company's 1995 Stock Option Plan, Second Amended and Restated 1997 Stock Option Plan, 1999 Stock Option Plan and the 2011 Company Incentive Plan. All four plans were approved by the shareholders. The 1995 Stock Option Plan and the 1999 Stock Option Plan have expired, and no further options may be granted under those plans. During fiscal 2009, the Second Amended and Restated 1997 Stock Option Plan was amended to make an additional 592,000 options available for granting and as of September 30, 2013, there were no shares available for issuance under the Amended and Restated 1997 Stock Option Plan. As of September 30, 2014, there were shares available for issuance under the 2011 Company Incentive Plan, however management does not anticipate issuing any shares under these plans. The plans granted specified numbers of options to non-employee directors, and they authorized the Compensation Committee of the Board of Directors to grant either incentive or non-statutory stock options to employees. Vesting periods are established by the Compensation Committee at the time of grant. All stock options outstanding as of September 30, 2014 and September 30, 2013 were non-statutory stock options, had exercise prices equal to the market price on the date of grant, and had expiration dates ten years from the date of grant.

On July 23, 2013, the Board of Directors approved the Company's 2013 Incentive Stock Plan (the "2013 Plan"), and resolved to cease issuing securities under all prior Company equity compensation plans. The 2013 Plan was approved by the Company's shareholders at the Annual Meeting of Stockholders on September 9, 2013. The purpose of the 2013 Plan is to provide additional incentives to select persons who can make, are making, and continue to make substantial contributions to the growth and success of the Company, to attract and retain the employment and services of such persons, and to encourage and reward such contributions, by providing these individuals with an opportunity to acquire or increase stock ownership in the Company through either the grant of options or restricted stock. The 2013 Plan is administered by the Compensation Committee or such other committee as is appointed by the Board of Directors pursuant to the 2013 Plan (the "Committee"). The Committee has full authority to administer and interpret the provisions of the 2013 Plan including, but not limited to, the authority to make all determinations with regard to the terms and conditions of an award made under the 2013 Plan. The maximum number of shares that may be granted under the 2013 Plan is 10,000,000. This number is subject to adjustment to reflect changes in the capital structure or organization of the Company.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

You should read the following discussion in conjunction with our consolidated financial statements and related notes included elsewhere in this report. Management's discussion and analysis contains forward-looking statements that are provided to assist in the understanding of anticipated future performance. However, future performance involves risks and uncertainties which may cause actual results to differ materially from those expressed in the forward-looking statements. See *Forward-Looking Statements*.

Overview

The Company was incorporated in the State of Illinois in 1962 and is the successor to employment offices doing business since 1893. The Company provides the following distinctive services: (a) professional placement services specializing in the placement of information technology, engineering, and accounting professionals for direct hire and contract staffing, and (b) temporary staffing services in light industrial staffing.

The Company provides staffing services through a network of branch offices located in major metropolitan areas throughout the United States. The Company's professional staffing services provide information technology, engineering and accounting professionals to clients on either a regular placement basis or a temporary contract basis. The Company's industrial staffing business provides weekly temporary staffing for light industrial clients in Ohio and Pennsylvania.

Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of common stock and convertible debt, to improve the overall profitability and cash flows of the Company. We believe our current segments complement one another and position us for future growth.

As of July 7, 2013, the Company's Board of Directors determined that the best course of action related to its Agricultural Division was to terminate its operations, to liquidate its assets, and to focus the business on the light industrial and professional divisions. On July 7, 2013, all staffing was discontinued and the entire operations of the Agricultural Division were discontinued as of August 1, 2013. All employees have been terminated, a one-time expense of approximately \$150,000 was recognized as of September 30, 2013 and an additional expense of \$230,000 was recognized related to uncollected accounts receivable as of September 30, 2014.

Table of Contents**Results of Operations***Net Revenues*

Consolidated net revenues are comprised of the following:

(In Thousands)	Year Ended September 30,	
	2014	2013
Industrial contract services	\$ 25,031	\$ 29,816
Professional contract services	7,692	9,371
Direct hire placement services	7,088	7,317
Consolidated net revenues	\$ 39,811	\$ 46,504

Consolidated net revenues decreased approximately \$6,693 or 14% compared with the same period last year. In fiscal year 2013 there was an increase in revenue for work performed related to Hurricane Sandy and during fiscal year 2014 certain offices were closed and other customers were terminated as they were not performing, resulting in an overall decrease of revenue during fiscal year 2014 of approximately 14%. Management has taken significant action during the course of the year to improve both revenue growth and profitability. The current management of the Company believes that the changes will eliminate several of the ongoing issues and strengthen the Company's revenue potential.

Cost of Contract Services

Consolidated cost of contract services are comprised of the following:

(In Thousands)	Year Ended September 30,	
	2014	2013
Industrial contract services	\$ 21,117	\$ 26,058
Professional contract services	5,300	6,260
Consolidated cost of contract services	\$ 26,417	\$ 32,318

Cost of services includes wages and related payroll taxes and employee benefits of the Company's employees while they work on contract assignments. Cost of contract services for the year ended September 30, 2014, decreased by approximately 18% to approximately \$26 million compared with the prior year of approximately \$32 million. Cost of contract services, as a percentage of contract revenue, for the year ended September 30, 2014, decreased by 3% to 66% compared to 69% in the prior year. The most significant decrease in costs of contract services was the result of the decrease in revenue. In addition, there was a significant decrease in our workers compensation rates for the State of Ohio, the rate was decreased by approximately 25% as of July 1, 2014 and in both years there was a rebate received from the Ohio Bureau of Workers Compensation. The overall decrease in workers compensation expense from fiscal year 2014 to fiscal year 2013 was approximately \$450,000.

Table of Contents

Gross Profit percentage by segment:

	Year Ended September 30, 2014	Year Ended September 30, 2013
Gross Profit Margin %		
Direct hire placement services	100%	100%
Industrial contract services	15.6%	12.6%
Professional contract services	31.1%	33.2%
 Combined Gross Profit Margin % (1)	 33.6%	 30.5%

(1) Includes gross profit from direct hire placements, which all associated costs are recorded as selling, general and administrative expenses.

Selling, General and Administrative Expenses

Selling, general and administrative expenses include the following categories:

Compensation in the operating divisions, which includes commissions earned by the Company's employment consultants and branch managers on permanent and temporary placements. It also includes salaries, wages, unrecovered advances against commissions, payroll taxes and employee benefits associated with the management and operation of the Company's staffing offices.

Administrative compensation, which includes salaries, wages, payroll taxes and employee benefits associated with general management and the operation of the finance, legal, human resources and information technology functions.

Occupancy costs, which includes office rent, depreciation and amortization, and other office operating expenses.

Recruitment advertising, which includes the cost of identifying job applicants.

Other selling, general and administrative expenses, which includes travel, bad debt expense, fees for outside professional services and other corporate-level expenses such as business insurance and taxes. The Company's largest selling, general and administrative expense is for compensation in the operating divisions. Most of the Company's employment consultants are paid on a commission basis and receive advances against future commissions. When commissions are earned, prior advances are applied against them and the consultant is paid the net amount. At that time, the Company recognizes the full amount as commission expense, and advance expense is reduced by the amount recovered. Thus, the Company's advance expense represents the net amount

of advances paid, less amounts applied against commissions.

Selling, general and administrative expenses for the year ended September 30, 2014, decreased by approximately \$1.5 million to approximately \$13.7 million as compared to the prior year of approximately \$15.2 million. During fiscal year 2014 and 2013 there were certain expenses related to professional fees, legal fees and settlement expenses that management believes will not be incurred in future years. In addition, management eliminated certain ineffective managers and other on-going expenses that were not necessary to the core operations of the Company while also strengthening the infrastructure to insure the Company is prepared for future growth. Management expects these higher than normal expenses and actions taken during fiscal year 2014 and 2013 to result in lower on-going general and administrative expenses.

Interest expense

Interest expense for the year ended September 30, 2014, increased \$256,000, or 102% compared with the prior year primarily as a result of a change in lender, the interest expense for acquisition payments and higher average borrowings during fiscal year 2014.

Table of Contents*Discontinued Operations*

As a result of terminating our Agricultural Division in July of 2013, we have classified the operations of that division to loss from discontinued operations, in the accompanying statement of operations. For the years ended September 30, 2014 and 2013 the Company recognized a loss of \$230,000 and \$324,000, respectively, for this division. The Company will continue efforts to actively collect approximately \$265,000 of receivables from a certain customer, however all assets have been fully reserved and the Company does not expect there to be any additional expenses related to this discontinued operation in the future.

Taxes

There were no credits for income taxes as a result of the pretax losses incurred during the periods because there was not sufficient assurance that future tax benefits would be realized.

Liquidity and Capital Resources

The following table sets forth certain consolidated statements of cash flows data from continuing operations (in thousands):

	For the year ended September 30, 2014	For the year ended September 30, 2013
Cash flows provided by (used in) continuing operating activities	\$ 308	\$ (1,112)
Cash flows used in investing activities	\$ (371)	\$ (341)
Cash flows (used in) provided by financing activities	\$ (108)	\$ 1,413

As of September 30, 2014, the Company had cash and cash equivalents of \$168,000, which was a decrease of approximately \$193,000 from approximately \$361,000 at September 30, 2013. Negative working capital at September 30, 2014 was approximately \$909,000, as compared to negative working capital of approximately \$781,000 for September 30, 2013. The Company's current ratio was approximately 88%, a decrease of approximately 3% from the prior year. Shareholders' equity as of September 30, 2014, was approximately \$2,065,000 which represented approximately 21% of total assets. The net loss for the year ended September 30, 2014, was approximately \$1,355,000.

Net cash provided by (used in) operating activities for the years ended September 30, 2014 and 2013 was approximately \$286,000 and (\$1,071,000), respectively. The fluctuation is due to the decrease in revenue and resulting decrease in account receivable, which were off-set by significant decreases in overall operating liabilities.

Net cash used in investing activities for the years ended September 30, 2014 and 2013 was (\$371,000) and (\$345,000) respectively. These uses related primarily to acquisition payments and purchasing of fixed assets.

Net cash flow used in financing activities for the year ended September 30, 2014 was approximately (\$108,000) compared to \$1,413,000 provided by the same in the year ended September 30, 2013. At the end of fiscal year 2013,

the Company changed lenders and was able to significantly increase its borrowing with this new lender. During fiscal year 2014, the Company sold common stock for cash of approximately \$470,000 and entered into a new subordinated convertible note for cash of approximately \$517,000. This was off-set by a decrease in net short term borrowings related to an overall lower accounts receivable balance.

All of the Company's office facilities are leased. As of September 30, 2014, future minimum lease payments under non-cancelable lease commitments having initial terms in excess of one year, including closed offices, totaled approximately \$1,019,000.

On April 22, 2013, the Company finalized an Amendment to the Asset Purchase Agreement by and among DMCC Staffing, LLC, an Ohio limited liability company, RFFG of Cleveland, LLC an Ohio limited liability company (each a Seller and together, Sellers), the Company, and Triad Personnel Services, Inc., an Illinois corporation and wholly owned subsidiary of the Company (Buyer).

Table of Contents

The Company agreed to pay the Sellers additional cash consideration of between \$550,000 and \$650,000 depending on the length of payment terms and 1,100,000 shares of common stock, in full satisfaction of all amounts owed to Seller, related to the Asset Purchase Agreement. The Company issued 1,100,000 shares of common stock on July 2, 2013, which was valued at approximately \$330,000. During the year ended September 30, 2013, the Company paid \$200,000 of the cash consideration noted above. The Company has accrued \$350,000 at September 30, 2013, for the balance of the liability, however has elected to pay the remaining amount over two years. The total payments over the two years will be approximately \$450,000 with the additional \$100,000 to be recorded as interest expense. During the year ended September 30, 2014, the Company paid approximately \$225,000 to the Sellers, \$150,000 of principle and approximately \$75,000 of interest. The Company has approximately \$200,000 accrued at September 30, 2014 related to the remaining liability.

In connection with the completion of the sale of shares of common stock to PSQ in fiscal 2009, Herbert F. Imhoff, Jr., the Company's then Chairman and Chief Executive Officer retired from those positions and his employment agreement with the Company was replaced by a new consulting agreement. Under the consulting agreement, the Company became obligated to pay an annual consulting fee of \$180,000 over a five-year period and to issue 500,000 shares of common stock to Mr. Imhoff, Jr. for no additional consideration, and the Company recorded a liability for the net present value of the future fee payments in the amount of \$790,000. As of September 30, 2014, \$60,000 remains payable under this agreement and is included in accrued compensation on the Company's balance sheet. On January 31, 2013, Mr. Imhoff Jr. retired from all positions with the Company.

On September 27, 2013, the Company entered into agreements with ACF FINCO I LP (successor-in-interest to Keltic Financial Partners II, LP), a limited partnership formed under the laws of the State of Delaware ("ACF") that provide the Company with long term financing through a six million dollar (\$6,000,000) secured revolving note (the "Note"). The Note has a term of three years and has no amortization prior to maturity. The interest rate for the Note is a fluctuating rate that, when annualized, is equal to the greatest of (A) the Prime Rate plus three and one quarter percent (3.25%), (B) the LIBOR Rate plus six and one quarter percent (6.25%), and (C) six and one half percent (6.50%), with the interest paid on a monthly basis. Loan advances pursuant to the Note are based on the accounts receivable balance and other assets. Upon execution of the Note, approximately three million fifty thousand dollars (\$3,050,000) was advanced for the full repayment of the AR Credit Facility and fees from Wells Fargo related to the early termination thereof. At the time of close, there was approximately nine hundred thousand (\$900,000) of availability under the new Note in excess of amounts paid to extinguish the debt and fees with Wells Fargo. The Company incurred certain cash expense and commitment fees related to obtaining the agreement of approximately \$170,000, which has been paid. The Note is secured by all of the Company's property and assets, whether real or personal, tangible or intangible, and whether now owned or hereafter acquired, or in which it now has or at any time in the future may acquire any right, title or interests. On April 21, 2014, the Company entered into the First Amendment and Waiver to the Loan and Security Agreement with ACF to adjust the covenants. On December 3, 2014 the Company entered into a Second Amendment and Waiver to the Loan and Security Agreement with ACF to adjust the future covenants as outlined below and waived certain defaults. The ACF facility includes certain covenants which require compliance until termination of the agreement. As of the date of this report, the Company was in compliance with all such covenants or had received waivers related thereto.

The Company has several administrative covenants and the following financial covenant:

The Company must maintain the following EBITDA:

(a) The three (3) consecutive calendar month period ending on December 31, 2014, to be a negative number exceeding negative Two Hundred Fifty Thousand and 00/100 Dollars (\$250,000);

(b) The six (6) consecutive calendar month period ending on March 31, 2015, to be a negative number exceeding negative Five Hundred Thousand and 00/100 Dollars (\$500,000);

(c) The nine (9) consecutive calendar month period ending on June 30, 2015, to be a negative number exceeding negative Seven Hundred Fifty Thousand and 00/100 Dollars (\$750,000);

Table of Contents

(d) The twelve (12) consecutive calendar month period ending on September 30, 2015, to be a negative number exceeding negative One Million and 00/100 Dollars (\$1,000,000); and

(e) For any period commencing on or after October 1, 2015, no less than such amounts as are established by Lender for such period in Lender's permitted discretion based on the annual financial projections including such period delivered by Borrower.

The agreement includes certain covenants which require compliance until termination of the agreement. As of September 30, 2014 the Company was not in compliance with the EBITDA covenant or other administrative covenants, however as of the date of this report, the Company was in compliance with the above EBITDA covenant and had received a waiver from the Lender for other administrative covenants. At September 30, 2014 there was approximately \$730,000 available on the line of credit.

The Company believes that the borrowing availability under the ACF facility will be adequate to fund the working capital needs. In recent years, the Company has incurred significant losses and negative cash flows from operations. Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of common stock and convertible debt, to improve the overall profitability and cash flows of the Company. In addition, as discussed above, the Company entered into the ACF facility to provide working capital financing.

On March 31, 2014, the Company entered into a Securities Purchase Agreement (the "SPA") with Aracle SPF I, LLC ("Aracle") pursuant to which Aracle has the right to acquire up to 12 units (the "Units"), for \$50,000 per Unit, with each Unit consisting of 250,000 shares of common stock of the Company and 125,000 common stock purchase warrants. The warrants are exercisable 6 months after issuance, have a term of 4 years, and have an exercise price of \$0.25 per warrant share. The SPA contains standard representations, warranties, and covenants. In addition, the SPA contains a price adjustment mechanism that requires the Company, with certain exceptions, to issue additional shares of common stock to the investor in the event the Company, within 12 months of the initial closing under the SPA, issues certain equity securities at a price per share less than \$0.20, provided, however, as long as the Company is listed on the NYSE MKT the total number of shares issuable under the foregoing adjustment provision may not exceed 19.9% of the Company's outstanding shares of common stock on March 30, 2014. Further, in the event the Company is delisted from NYSE MKT while Aracle owns at least 51% of the shares issued to it under the SPA, the Company shall issue an additional 3,000,000 shares to Aracle, and the 12 month price adjustment period shall be extended to 36 months. The Company agreed to appoint two new members to the Company's Board of Directors within 60 days of the initial closing, which new members are subject to the prior approval of Aracle. The Company granted Aracle piggyback registration rights with respect to the shares and the shares of common stock underlying the warrants. The warrants do not include any price protection clause.

Concurrently with entering into the SPA, the Company and Aracle conducted an initial closing thereunder, in which Aracle purchased 9.5 Units for \$475,000.

On April 16, 2014, the Company, Aracle and a second institutional investor entered into certain Securities Purchase Agreements ("SPA") pursuant to which the investors purchased 2.5 Units for \$125,000.

The Company incurred certain expenses related to the SPA's and the closings thereunder of approximately \$130,000, which were paid from the proceeds for net proceeds of approximately \$470,000.

On August 7, 2014, the Company issued a Convertible Note (the "Note") with an original principal balance of \$632,500 to Brio Capital Master Fund LTD ("Brio"), for a purchase price of \$550,000. The Note matures on February 6, 2016,

and is payable in thirteen monthly installments of \$48,654, commencing in the sixth month post-closing. Brio has the right, however not the obligation, six months after closing, to convert all or any part of the outstanding Note into the Company's common stock at an initial conversion price of \$0.20 per share. After six months from closing, the conversion price will have a one-time reset to the lower of \$0.20 or 90% of the average of the 3 lowest closing prices for the previous 10 trading days, subject to a floor of \$0.14 per share. The Company can force conversion if the Company's common stock trades at 250% greater than the conversion price for 20 consecutive trading days.

Table of Contents

In addition to the Note, the Company issued a warrant to purchase up to 2,371,875 shares of the Company common stock. The warrant is exercisable at \$0.25 per share, vests 6 months after the closing, and expires 5 years thereafter.

In recent years, the Company has incurred significant losses and negative cash flows from operations. Management has implemented a strategy which included cost reduction efforts as well as identifying strategic acquisitions, financed primarily through the issuance of common stock, to improve the overall profitability and cash flows of the Company. Management believes with current cash flow from operations, the preferred offering and the availability under the ACF facility, the Company will have sufficient liquidity for the next 12 months.

Off-Balance Sheet Arrangements

As of September 30, 2014 and 2013, and during the two years then ended, there were no transactions, agreements or other contractual arrangements to which an unconsolidated entity was a party, under which the Company (a) had any direct or contingent obligation under a guarantee contract, derivative instrument or variable interest in the unconsolidated entity, or (b) had a retained or contingent interest in assets transferred to the unconsolidated entity.

Critical Accounting Policies

The consolidated financial statements are prepared in conformity with accounting principles generally accepted in the United States of America and the rules of the United States Securities and Exchange Commission.

The following accounting policies are considered by management to be critical because of the judgments and uncertainties involved, and because different amounts would be reported under different conditions or using different assumptions.

Estimates and Assumptions

Management makes estimates and assumptions that can affect the amounts of assets and liabilities reported as of the date of the consolidated financial statements, as well as the amounts of reported revenues and expenses during the periods presented. Those estimates and assumptions typically involve expectations about events to occur subsequent to the balance sheet date, and it is possible that actual results could ultimately differ from the estimates. If differences were to occur in a subsequent period, the Company would recognize those differences when they became known. Significant matters requiring the use of estimates and assumptions include, but may not be limited to, deferred income tax valuation allowances, accounts receivable allowances, accounting for acquisitions, accounting for derivative liabilities and evaluation of impairment. Management believes that its estimates and assumptions are reasonable, based on information that is available at the time they are made.

Revenue Recognition

Direct hire placement service revenues are recognized when applicants accept offers of employment, less a provision for estimated losses due to applicants not remaining employed for the Company's guarantee period. Contract staffing service revenues are recognized when services are rendered.

Cost of Contract Staffing Services

The cost of contract services includes the wages and the related payroll taxes and employee benefits of the Company's employees while they work on contract assignments.

Income Taxes

We record a provision for income taxes for the anticipated tax consequences of the reported results of operations using the asset and liability method. Under this method, we recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting and tax basis of assets and liabilities, as well as for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the tax rates that are expected to apply to taxable income for the years in which those tax assets and liabilities are expected to be realized or settled. We record a valuation allowance to reduce our deferred tax assets to the net amount that we believe is more likely than not to be realized.

Table of Contents

Due to the private sale of shares of common stock to LEED HR during fiscal 2012 and the resulting change in control, the Company may be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years.

We recognize tax benefits from uncertain tax positions only if we believe that it is more likely than not that the tax position will be sustained on examination by the taxing authorities based on the technical merits of the position. Although we believe that we have adequately reserved for our uncertain tax positions, we can provide no assurance that the final tax outcome of these matters will not be materially different. We make adjustments to these reserves when facts and circumstances change, such as the closing of a tax audit or the refinement of an estimate. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences will affect the provision for income taxes in the period in which such determination is made and could have a material impact on our financial condition and operating results.

Accounts Receivable

The Company extends credit to its various customers based on evaluation of the customer's financial condition and ability to pay the Company in accordance with the payment terms. An allowance for placement fall-offs is recorded, as a reduction of revenues, for estimated losses due to applicants not remaining employed for the Company's guarantee period. An allowance for doubtful accounts is recorded, as a charge to bad debt expense, where collection is considered to be doubtful due to credit issues. These allowances together reflect management's estimate of the potential losses inherent in the accounts receivable balances, based on historical loss statistics and known factors impacting its customers. The nature of the contract service business, where companies are dependent on employees for the production cycle allows for a small accounts receivable allowance. Based on management's review of accounts receivable, an allowance for doubtful accounts of approximately \$395,000 and \$272,000 is considered necessary as of September 30, 2014, and September 30, 2013, respectively. The Company charges uncollectible accounts against the allowance once the invoices are deemed unlikely to be collectible. Based on management's review of accounts receivables related to discontinued operations, an allowance of approximately \$265,000 and \$35,000 are considered necessary as of September 30, 2014 and September 30, 2013, respectively.

Goodwill

Goodwill represents the excess of cost over the fair value of the net assets acquired in the acquisitions of DMCC Staffing, LLC, RFFG of Cleveland, LLC, and Ashley Ellis, LLC. The Company assesses goodwill for impairment at least annually. Testing Goodwill for impairment, which allows the Company to first assess qualitative factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the entity determines that this threshold is not met, then performing the two-step impairment test is unnecessary. An impairment loss would be recognized to the extent the carrying value of goodwill exceeds its implied fair value.

Fair Value Measurement

The Company follows the provisions of the accounting standard which defines fair value, establishes a framework for measuring fair value and enhances fair value measurement disclosure. Under these provisions, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date.

The standard establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use on unobservable inputs by requiring that the most observable inputs be used when

available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Table of Contents

The fair value of the Company's current assets and current liabilities, excluding the derivative liability, approximate their carrying values due to their short term nature. The carrying value of the Company's long-term liabilities and the derivative liability represents their fair value based on level 3 inputs, as discussed in Notes 6 and 8. The Company's goodwill and other intangible assets are measured at fair value on a non-recurring basis using level 3 inputs, as discussed in Note 4.

Derivative Financial Instruments

The Company does not use derivative instruments to hedge exposure to cash flow, market or foreign currency risk. Terms of convertible promissory note instruments are reviewed to determine whether or not they contain embedded derivative instruments that are required under ASC 815 *Derivative and Hedging* (ASC 815) to be accounted for separately from the host contract, and recorded on the balance sheet at fair value. The fair value of derivative liabilities, if any, is required to be revalued at each reporting date, with corresponding changes in fair value recorded in current period operating results.

Freestanding warrants issued by the Company in connection with the issuance or sale of debt and equity instruments are considered to be derivative instruments and are evaluated and accounted for in accordance with the provisions of ASC 815. Pursuant to ASC 815, an evaluation of specifically identified conditions is made to determine whether fair value of warrants issued is required to be classified as equity or as a derivative liability.

Intangible Assets

Customer lists, non-compete agreements, customer relationships, management agreements and trade names were recorded at their estimated fair value at the date of acquisition and are amortized over their estimated useful lives ranging from two to ten years using both accelerated and straight-line methods.

Impairment of Long-lived Assets

The Company records an impairment of long-lived assets used in operations, other than goodwill, when events or circumstances indicate that the asset might be impaired and the estimated undiscounted cash flows to be generated by those assets over their remaining lives are less than the carrying amount of those items. The net carrying value of assets not recoverable is reduced to fair value, which is typically calculated using the discounted cash flow method.

Stock-Based Compensation

The Company accounts for stock-based awards to employees in accordance with applicable accounting principles, which requires compensation expense related to share-based transactions, including employee stock options, to be measured and recognized in the financial statements based on a determination of the fair value of the stock options. The grant date fair value is determined using the Black-Scholes-Merton (Black-Scholes) pricing model. For all employee stock options, we recognize expense over the requisite service period on an accelerated basis over the employee's requisite service period (generally the vesting period of the equity grant). The Company's option pricing model requires the input of highly subjective assumptions, including the expected stock price volatility, expected term, and forfeiture rate. Any changes in these highly subjective assumptions significantly impact stock-based compensation expense.

Options awarded to purchase shares of common stock issued to non-employees in exchange for services are accounted for as variable awards in accordance with applicable accounting principles. Such options are valued using the Black-Scholes option pricing model.

See Note 9 for the assumptions used to calculate the fair value of stock-based employee and non-employee compensation. Upon the exercise of options, it is the Company's policy to issue new shares rather than utilizing treasury shares.

Table of Contents

Segment Data

The Company has two operating business segments a) Contract staffing services, and b) Direct hire placement services. These operating segments were determined based primarily on how the chief operating decision maker views and evaluates our operations. Operating results are regularly reviewed by the chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. Other factors, including type of business, type of employee, length of employment and revenue recognition are considered in determining these operating segments.

Recent Accounting Pronouncements

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, which supersedes or replaces nearly all GAAP revenue recognition guidance. The new guidance establishes a new control-based revenue recognition model, changes the basis for deciding when revenue is recognized over time or at a point in time and will expand disclosures about revenue. ASU 2014-09 is effective for annual reporting periods beginning after December 15, 2016 and interim periods within those years. Early adoption is not permitted. The Company is currently assessing the impact of ASU 2014-09.

In August 2014, the FASB issued Accounting Standards Update 2014 15 (ASU 2014-15), *Presentation of Financial Statements Going Concern (Subtopic 205 40): Disclosure of Uncertainties About an Entity's Ability to Continue as a Going Concern*. ASU 2014-15 requires management to evaluate whether there are conditions or events that raise substantial doubt about the entity's ability to continue as a going concern, and to provide certain disclosures when it is probable that the entity will be unable to meet its obligations as they become due within one year after the date that the financial statements are issued. ASU 2014-15 is effective for the annual period ended December 31, 2016 and for annual periods and interim periods thereafter with early adoption permitted. The Company does not expect this ASU to have a significant impact on its financial position or results of operations.

In November 2014, FASB issued ASU No. 2014-17, *Business Combinations (Topic 805): Pushdown Accounting (a consensus of the FASB Emerging Issues Task Force)*. The amendments in this Update provide an acquired entity with an option to apply pushdown accounting in its separate financial statements upon occurrence of an event in which an acquirer obtains control of the acquired entity. An acquired entity may elect the option to apply pushdown accounting in the reporting period in which the change-in-control event occurs. An acquired entity should determine whether to elect to apply pushdown accounting for each individual change-in-control event in which an acquirer obtains control of the acquired entity. If pushdown accounting is not applied in the reporting period in which the change-in-control event occurs, an acquired entity will have the option to elect to apply pushdown accounting in a subsequent reporting period to the acquired entity's most recent change-in-control event. An election to apply pushdown accounting in a reporting period after the reporting period in which the change-in-control event occurred should be considered a change in accounting principle in accordance with Topic 250, *Accounting Changes and Error Corrections*. If pushdown accounting is applied to an individual change-in-control event, that election is irrevocable. The amendments in this Accounting Standards Update are effective on November 18, 2014. After the effective date, an acquired entity can make an election to apply the guidance to future change-in-control events or to its most recent change-in-control event. However, if the financial statements for the period in which the most recent change-in-control event occurred already have been issued or made available to be issued, the application of this guidance would be a change in accounting principle. The adoption of ASU 2014-17 did not have a material impact on the Company's consolidated financial statements.

Other recent accounting pronouncements issued by FASB and the SEC did not or are not believed by management to have a material impact on the Company's present or future financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders

General Employment Enterprises, Inc.

Naperville, Illinois

We have audited the accompanying consolidated balance sheets of General Employment Enterprises, Inc. (the Company) as of September 30, 2014 and 2013, and the related consolidated statements of operations, shareholders equity, and cash flows for each of the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of General Employment Enterprises, Inc. as of September 31, 2014 and 2013, and the consolidated results of its operations and cash flows for each of the years then ended in conformity with US generally accepted accounting principles.

GENERAL EMPLOYMENT ENTERPRISES, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Description of Business

General Employment Enterprises, Inc. (the Company, us, our or we) was incorporated in the State of Illinois in 1961 and is the successor to employment offices doing business since 1893 and provides staffing services through a network of branch offices located in major metropolitan areas throughout the United States. The Company's professional staffing services provide information technology, engineering and accounting professionals to clients on either a regular placement basis or a temporary contract basis. The Company's agricultural staffing services provided agricultural workers for farms and groves, until July 7, 2013, when the Company ceased operations within its Agricultural Division, terminated all the division's employees and began the process of liquidating all assets of this Division. The Company's industrial staffing business provides weekly temporary staffing for light industrial clients in Ohio and Pennsylvania.

The Company has experienced significant losses in the past. Management has implemented a strategy which included cost reduction efforts, closure of the Agricultural Division as well as identifying strategic acquisitions, financed primarily through the issuance of stock and convertible debt, to improve the overall profitability and cash flows of the Company. The Company entered into a three year revolving credit agreement with ACF Finco I LP (formerly Keltic) to provide working capital financing. The agreement allows ACF Finco I LP to advance the Company funds based on a percentage of eligible invoices. Management believes with current cash flow from operations, the preferred offering and the availability under the ACF Finco I LP loan agreement, the Company will have sufficient liquidity for the next 12 months.

2. Significant Accounting Policies and Estimates

Basis of Presentation

The consolidated financial statements are prepared in conformity with accounting principles generally accepted in the United States of America and the rules of the United States Securities and Exchange Commission.

Principles of Consolidation

The consolidated financial statements include the accounts and transactions of the Company and its wholly-owned subsidiaries. All significant inter-company accounts and transactions are eliminated in consolidation.

Estimates and Assumptions

Management makes estimates and assumptions that can affect the amounts of assets and liabilities reported as of the date of the condensed consolidated financial statements, as well as the amounts of reported revenues and expenses during the periods presented. Those estimates and assumptions typically involve expectations about events to occur subsequent to the balance sheet date, and it is possible that actual results could ultimately differ from the estimates. If differences were to occur in a subsequent period, the Company would recognize those differences when they became known. Significant matters requiring the use of estimates and assumptions include, but may not be limited to, deferred income tax valuation allowances, accounts receivable allowances, accounting for acquisitions, accounting for derivatives and evaluation of impairment. Management believes that its estimates and assumptions are reasonable, based on information that is available at the time they are made.

Revenue Recognition

Direct hire placement service revenues are recognized when applicants accept offers of employment, less a provision for estimated losses due to applicants not remaining employed for the Company's guarantee period. Contract staffing service revenues are recognized when services are rendered.

The provision for falloffs and refunds, which is reflected in the consolidated statements of operations as a reduction of placement service revenues, was \$939,000 in fiscal 2014 and \$969,000 in fiscal 2013.

Table of Contents

Cost of Contract Staffing Services

The cost of contract services includes the wages and the related payroll taxes and employee benefits of the Company's employees while they work on contract assignments.

Cash and Cash Equivalents

Highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents. At September 30, 2014, and September 30, 2013, there were no cash equivalents. The Company maintains deposits in financial institutions in excess of amounts guaranteed by the Federal Deposit Insurance Corporation. Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. We have never experienced any losses related to these balances. Beginning 2013, insurance coverage reverted to \$250,000 per depositor at each financial institution, and our non-interest bearing cash balances may again exceed federally insured limits.

Accounts Receivable

The Company extends credit to its various customers based on evaluation of the customer's financial condition and ability to pay the Company in accordance with the payment terms. An allowance for placement fall-offs is recorded, as a reduction of revenues, for estimated losses due to applicants not remaining employed for the Company's guarantee period. An allowance for doubtful accounts is recorded, as a charge to bad debt expense, where collection is considered to be doubtful due to credit issues. These allowances together reflect management's estimate of the potential losses inherent in the accounts receivable balances, based on historical loss statistics and known factors impacting its customers. The nature of the contract service business, where companies are dependent on employees for the production cycle allows for a small accounts receivable allowance. Based on management's review of accounts receivable, an allowance for doubtful accounts of approximately \$395,000 and \$272,000 is considered necessary as of September 30, 2014, and September 30, 2013, respectively. The Company charges uncollectible accounts against the allowance once the invoices are deemed unlikely to be collectible. Based on management's review of accounts receivables related to discontinued operations, an allowance of approximately \$265,000 and \$35,000 are considered necessary as of September 30, 2014 and September 30, 2013, respectively.

Property and Equipment

Property and equipment are recorded at cost. Depreciation expense is calculated on a straight-line basis over estimated useful lives of five years for computer equipment and two to ten years for office equipment, furniture and fixtures. The Company capitalizes computer software purchased or developed for internal use and amortizes it over an estimated useful life of five years. The carrying value of property and equipment is reviewed for impairment whenever events or changes in circumstances indicate that it may not be recoverable. If the carrying amount of an asset group is greater than its estimated future undiscounted cash flows, the carrying value is written down to the estimated fair value. There was no impairment of property and equipment for the years ended September 30, 2014 and 2013. For property and equipment included in current asset of discontinued operations in the accompanying balance sheet the Company has ceased recording depreciation expense.

Goodwill

Goodwill represents the excess of cost over the fair value of the net assets acquired in the acquisitions of DMCC Staffing, LLC, RFFG of Cleveland, LLC, and Ashley Ellis, LLC (Ashley Ellis). The Company assesses goodwill for impairment at least annually. Testing Goodwill for Impairment, which allows the Company to first assess qualitative

factors to determine whether the existence of events or circumstances leads to a determination that it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the entity determines that this threshold is not met, then performing the two-step impairment test is unnecessary. An impairment loss would be recognized to the extent the carrying value of goodwill exceeds its implied fair value.

Fair Value Measurement

The Company follows the provisions of the accounting standard which defines fair value, establishes a framework for measuring fair value and enhances fair value measurement disclosure. Under these provisions, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date.

Table of Contents

The standard establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use on unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

The fair value of the Company's current assets and current liabilities, excluding the derivative liability, approximate their carrying values due to their short term nature. The carrying value of the Company's long-term liabilities and the derivative liability represents their fair value based on level 3 inputs, as discussed in Notes 6 and 8. The Company's goodwill and other intangible assets are measured at fair value on a non-recurring basis using level 3 inputs, as discussed in Note 4.

Derivative Financial Instruments

The Company does not use derivative instruments to hedge exposure to cash flow, market or foreign currency risk. Terms of convertible promissory note instruments are reviewed to determine whether or not they contain embedded derivative instruments that are required under ASC 815 *Derivative and Hedging* (ASC 815) to be accounted for separately from the host contract, and recorded on the balance sheet at fair value. The fair value of derivative liabilities, if any, is required to be revalued at each reporting date, with corresponding changes in fair value recorded in current period operating results.

Freestanding warrants issued by the Company in connection with the issuance or sale of debt and equity instruments are considered to be derivative instruments and are evaluated and accounted for in accordance with the provisions of ASC 815. Pursuant to ASC 815, an evaluation of specifically identified conditions is made to determine whether fair value of warrants issued is required to be classified as equity or as a derivative liability.

Earnings (loss) per Share

Basic income (loss) per share is computed by dividing net income (loss) attributable to common stockholders by the weighted average common shares outstanding for the period. Diluted income (loss) per share is computed giving effect to all potentially dilutive common shares. Potentially dilutive common shares may consist of incremental shares issuable upon the exercise of stock options and warrants and the conversion of notes payable to common stock. In periods in which a net loss has been incurred, all potentially dilutive common shares are considered anti-dilutive and thus are excluded from the calculation. Common share equivalents of approximately 468,000 and 47,000 were excluded from the computation of diluted earnings per share for the years ended September 30, 2014 and 2013, respectively, because their effect is anti-dilutive.

Reclassification

Certain reclassifications have been made to the financial statements as of and for the year ended September 30, 2013 to conform to the presentation as of and for the year ended September 30, 2014.

Table of Contents

Advertising Expenses

The majority of the Company's advertising expense budget is used to support the Company's business. Most of the advertisements are in print or internet media, with expenses recorded as they are incurred. For the years ended September 30, 2014 and 2013, included in selling, general and administrative expenses was advertising expense totaling approximately \$718,000 and \$733,000, respectively.

Intangible Assets

Customer lists, non-compete agreements, customer relationships, management agreements and trade names were recorded at their estimated fair value at the date of acquisition and are amortized over their estimated useful lives ranging from two to ten years using both accelerated and straight-line methods.

Impairment of Long-lived Assets

The Company records an impairment of long-lived assets used in operations, other than goodwill, when events or circumstances indicate that the asset might be impaired and the estimated undiscounted cash flows to be generated by those assets over their remaining lives are less than the carrying amount of those items. The net carrying value of assets not recoverable is reduced to fair value, which is typically calculated using the discounted cash flow method.

Stock-Based Compensation

The Company accounts for stock-based awards to employees in accordance with applicable accounting principles, which requires compensation expense related to share-based transactions, including employee stock options, to be measured and recognized in the financial statements based on a determination of the fair value of the stock options. The grant date fair value is determined using the Black-Scholes-Merton (Black-Scholes) pricing model. For all employee stock options, we recognize expense over the requisite service period on an accelerated basis over the employee's requisite service period (generally the vesting period of the equity grant). The Company's option pricing model requires the input of highly subjective assumptions, including the expected stock price volatility, expected term, and forfeiture rate. Any changes in these highly subjective assumptions significantly impact stock-based compensation expense.

Options awarded to purchase shares of common stock issued to non-employees in exchange for services are accounted for as variable awards in accordance with applicable accounting principles. Such options are valued using the Black-Scholes option pricing model.

See Note 9 for the assumptions used to calculate the fair value of stock-based employee and non-employee compensation. Upon the exercise of options, it is the Company's policy to issue new shares rather than utilizing treasury shares.

Income Taxes

We record a provision for income taxes for the anticipated tax consequences of the reported results of operations using the asset and liability method. Under this method, we recognize deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting and tax basis of assets and liabilities, as well as for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the tax rates that are expected to apply to taxable income for the years in which those tax assets and liabilities are expected to be realized or settled. We record a valuation allowance to reduce our deferred tax assets to the net amount that we

believe is more likely than not to be realized.

Due to the private sale of shares of common stock to LEED HR during fiscal 2012 and the resulting change in control, the Company may be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years.

We recognize tax benefits from uncertain tax positions only if we believe that it is more likely than not that the tax position will be sustained on examination by the taxing authorities based on the technical merits of the position. Although we believe that we have adequately reserved for our uncertain tax positions, we can provide no assurance that the final tax outcome of these matters will not be materially different. We make adjustments to these reserves when facts and circumstances change, such as the closing of a tax audit or the refinement of an estimate. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences will affect the provision for income taxes in the period in which such determination is made and could have a material impact on our financial condition and operating results.

Table of Contents

Discontinued Operations

A discontinued operation is a component of an entity that has either been disposed of or that is classified as held for sale, which represents a separate major line of business or geographical area of operations and is part of a single coordinated plan to dispose of a separate line of business or geographical area of operations. In accordance with the rules regarding the presentation of discontinued operations, the assets, liabilities and activity of our agricultural business have been reclassified as a discontinued operation for all periods presented.

Segment Data

The Company has two operating business segments a) Contract staffing services, and b) Direct hire placement. These operating segments were determined based primarily on how the chief operating decision maker views and evaluates our operations. Operating results are regularly reviewed by the chief operating decision maker to make decisions about resources to be allocated to the segment and to assess its performance. Other factors, including type of business, type of employee, length of employment and revenue recognition are considered in determining these operating segments.

Recent Accounting Pronouncements

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers, which supersedes or replaces nearly all GAAP revenue recognition guidance. The new guidance establishes a new control-based revenue recognition model, changes the basis for deciding when revenue is recognized over time or at a point in time and will expand disclosures about revenue. ASU 2014-09 is effective for annual reporting periods beginning after December 15, 2016 and interim periods within those years. Early adoption is not permitted. The Company is currently assessing the impact of ASU 2014-09.

In August 2014, the FASB issued Accounting Standards Update 2014 15 (ASU 2014-15), Presentation of Financial Statements Going Concern (Subtopic 205 40): Disclosure of Uncertainties About an Entity's Ability to Continue as a Going Concern. ASU 2014-15 requires management to evaluate whether there are conditions or events that raise substantial doubt about the entity's ability to continue as a going concern, and to provide certain disclosures when it is probable that the entity will be unable to meet its obligations as they become due within one year after the date that the financial statements are issued. ASU 2014-15 is effective for the annual period ended December 31, 2016 and for annual periods and interim periods thereafter with early adoption permitted. The Company does not expect this ASU to have a significant impact on its financial position or results of operations.

In November 2014, FASB issued ASU No. 2014-17, Business Combinations (Topic 805): Pushdown Accounting (a consensus of the FASB Emerging Issues Task Force). The amendments in this Update provide an acquired entity with an option to apply pushdown accounting in its separate financial statements upon occurrence of an event in which an acquirer obtains control of the acquired entity. An acquired entity may elect the option to apply pushdown accounting in the reporting period in which the change-in-control event occurs. An acquired entity should determine whether to elect to apply pushdown accounting for each individual change-in-control event in which an acquirer obtains control of the acquired entity. If pushdown accounting is not applied in the reporting period in which the change-in-control event occurs, an acquired entity will have the option to elect to apply pushdown accounting in a subsequent reporting period to the acquired entity's most recent change-in-control event. An election to apply pushdown accounting in a reporting period after the reporting period in which the change-in-control event occurred should be considered a change in accounting principle in accordance with Topic 250, Accounting Changes and Error Corrections. If pushdown accounting is applied to an individual change-in-control event, that election is irrevocable. The amendments in this Accounting Standards Update are effective on November 18, 2014. After the effective date, an

acquired entity can make an election to apply the guidance to future change-in-control events or to its most recent change-in-control event. However, if the financial statements for the period in which the most recent change-in-control event occurred already have been issued or made available to be issued, the application of this guidance would be a change in accounting principle. The adoption of ASU 2014-17 did not have a material impact on the Company's consolidated financial statements.

Table of Contents

Other recent accounting pronouncements issued by FASB and the SEC did not or are not believed by management to have a material impact on the Company's present or future financial statements.

3. Property and Equipment

Property and equipment consisted of the following as of September 30:

(In thousands)	Useful Lives	2014	2013
Computer software	5 years	\$ 1,447	\$ 1,447
Office equipment, furniture and fixtures and leasehold improvements	2 to 10 years	1,413	2,325
Total property and equipment, at cost		2,860	3,772
Accumulated depreciation and amortization		(2,407)	(3,242)
Property and equipment, net		\$ 453	\$ 530

Disposals of property and equipment, consisting primarily of fully-depreciated office furniture, a vehicle and equipment, had an original cost of approximately \$49,000 and \$28,000 in fiscal 2014 and 2013, respectively. Leasehold improvements are amortized over the term of the lease.

During the year ended September 30, 2013, the Company sold vehicles with a value of approximately \$225,000 and leased them back under a 30 month agreement at an interest rate of approximately 23%. At September 30, 2014, approximately \$72,000 is current and included in other current liabilities and approximately \$7,000 is included in other long term liabilities.

Depreciation expense for the year ended September 30, 2014 and 2013 was approximately \$174,000 and \$165,000, respectively.

4. Goodwill and Intangible Assets**Goodwill**

Goodwill represents the excess of cost over the fair value of the net assets acquired from various acquisitions. Goodwill is not amortized. The Company performs a goodwill impairment test annually, by reporting unit, in the fourth quarter of the fiscal year, or whenever potential impairment triggers occur. Should the two-step process be necessary, the first step of the impairment test identifies potential impairment by comparing the fair value of a reporting unit to its carrying value including goodwill. In applying a fair-value-based test, estimates are made of the expected future cash flows to be derived from the reporting unit. Similar to the review for impairment of other long-lived assets, the resulting fair value determination is significantly impacted by estimates of future margins, capital needs, economic trends and other factors. If the carrying value of the reporting unit exceeds its fair value, the second step of the impairment test is performed to measure the amount of impairment loss, if any. The second step of the impairment test compares the implied fair value of the reporting unit goodwill with the carrying amount of that goodwill. An impairment loss would be recognized to the extent the carrying value of goodwill exceeds its implied fair value. No impairment loss was recorded in fiscal year 2014 or 2013.

Intangible Assets

As of September 30, 2014

(In Thousands)	Cost	Accumulated Amortization	Loss on Impairment of Intangible Assets	Net Book Value
Customer Relationships	\$ 2,690	\$ 1,137	\$	\$ 1,553
Trade Name	17	10		7
	\$ 2,707	\$ 1,147	\$	\$ 1,560

Table of Contents*As of September 30, 2013*

(In Thousands)	Cost	Accumulated Amortization	Loss on Impairment of Intangible Assets	Net Book Value
Customer Relationships	\$ 2,690	\$ 816	\$	\$ 1,874
Trade Name	17	7		10
	\$ 2,707	\$ 823	\$	\$ 1,884

Amortization expense was approximately \$326,000 and \$320,000 for the years ended September 30, 2014 and 2013, respectively.

The trade names are amortized on a straight line basis over the estimated useful life of five years. Customer relationships are amortized based on the future undiscounted cash flows over estimated remaining useful lives of three to ten years. Over the next five years, annual amortization expense for these finite life intangible assets will be approximately \$320,000 in 2015, \$320,000 in 2016, \$320,000 in 2017, \$320,000 in 2018 and \$280,000 in 2019.

Long-lived assets, such as purchased intangibles subject to amortization, are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company regularly evaluates whether events and circumstances have occurred that indicate possible impairment and relies on a number of factors, including operating results, business plans, economic projections, and anticipated future cash flows. The Company uses an estimate of the future undiscounted net cash flows of the related asset or asset group over the remaining life in measuring whether the assets are recoverable.

During the year ended September 30, 2014, the Company did not record any impairment of intangible assets.

5. Short-term Debt

On September 27, 2013, the Company entered into agreements with ACF FINCO I LP (successor-in-interest to Keltic Financial Partners II, LP), a limited partnership formed under the laws of the State of Delaware (ACF) that provide the Company with long term financing through a six million dollar (\$6,000,000) secured revolving note (the Note). The Note has a term of three years and has no amortization prior to maturity. The interest rate for the Note is a fluctuating rate that, when annualized, is equal to the greatest of (A) the Prime Rate plus three and one quarter percent (3.25%), (B) the LIBOR Rate plus six and one quarter percent (6.25%), and (C) six and one half percent (6.50%), with the interest paid on a monthly basis. At September 30, 2014 and September 30, 2013 the interest rate was 6.5%. Loan advances pursuant to the Note are based on the accounts receivable balance and other assets. Upon execution of the Note, approximately three million fifty thousand dollars (\$3,050,000) was advanced for the full repayment of the AR Credit Facility and fees from Wells Fargo related to the early termination thereof. At the time of close, there was approximately nine hundred thousand (\$900,000) of availability under the new Note in excess of amounts paid to extinguish the debt and fees with Wells Fargo. The Company incurred certain cash expense and commitment fees related to obtaining the agreement of approximately \$170,000, which has been paid. The Note is secured by all of the Company's property and assets, whether real or personal, tangible or intangible, and whether now owned or hereafter

acquired, or in which it now has or at any time in the future may acquire any right, title or interests. On April 21, 2014, the Company entered into the First Amendment and Waiver to the Loan and Security Agreement with ACF to adjust the covenants. On December 3, 2014 the Company entered into a Second Amendment and Waiver to the Loan and Security Agreement with ACF to adjust the future covenants as outlined below and waived certain defaults. The ACF facility includes certain covenants which require compliance until termination of the agreement. As of the date of this report, the Company was in compliance with all such covenants or had received waivers related thereto.

Table of Contents

The Company has several administrative covenants and the following financial covenant:

The Company must maintain the following EBITDA:

- (a) The three (3) consecutive calendar month period ending on December 31, 2014, to be a negative number exceeding negative Two Hundred Fifty Thousand and 00/100 Dollars (\$250,000);
- (b) The six (6) consecutive calendar month period ending on March 31, 2015, to be a negative number exceeding negative Five Hundred Thousand and 00/100 Dollars (\$500,000);
- (c) The nine (9) consecutive calendar month period ending on June 30, 2015, to be a negative number exceeding negative Seven Hundred Fifty Thousand and 00/100 Dollars (\$750,000);
- (d) The twelve (12) consecutive calendar month period ending on September 30, 2015, to be a negative number exceeding negative One Million and 00/100 Dollars (\$1,000,000); and
- (e) For any period commencing on or after October 1, 2015, no less than such amounts as are established by Lender for such period in Lender's permitted discretion based on the annual financial projections including such period delivered by Borrower pursuant to Section 6.6, above.

The agreement includes certain covenants which require compliance until termination of the agreement. As of the September 30, 2014 the Company was not in compliance with the EBITDA covenant or other administrative covenants, however as of the date of this report, the Company was in compliance with the above EBITDA covenant and had received a waiver from the Lender for other administrative covenants. At September 30, 2014 there was approximately \$730,000 available on the line of credit.

6. Convertible Note

On August 7, 2014 the Company issued a Convertible Note (the "Note") with an original principal balance of \$632,500 to Brio Capital Master Fund LTD ("Brio"), for a purchase price of \$550,000. The Note matures on February 6, 2016, and is payable in thirteen monthly installments of \$48,654, commencing in the sixth month post-closing. Brio has the right, however not the obligation, six months after closing, to convert all or any part of the outstanding Note into the Company's common stock at an initial conversion price of \$0.20 per share. After six months from closing, the conversion price will have a one-time reset to the lower of \$0.20 or 90% of the average of the 3 lowest closing prices for the previous 10 trading days, subject to a floor of \$0.14 per share. The Company can force conversion if the Company's common stock trades at 250% greater than the conversion price for 20 consecutive trading days.

In addition to the Note, the Company issued a warrant to purchase up to 2,371,875 shares of the Company common stock. The warrant is exercisable at \$0.25 per share, vests 6 months after the closing, and expires 5 years thereafter.

The Convertible Note contains an embedded conversion feature requiring bifurcation and liability treatment. The Company accounted for this conversion feature and the detachable warrants by allocating the proceeds from issuance of the convertible notes to the conversion feature and the warrants. These were based on a relative fair value and the conversion feature was valued by a third party.

To recognize the fair value of the warrants, the Company discounted the note and increased additional paid in capital. The fair value of the conversion feature was approximately \$178,000, the Company discounted the note and created a derivative liability, which will be evaluated each quarter and adjusted for any change in value. For the year ended

September 30, 2014, the Company recognized interest expense and the amortization of the discount of approximately \$36,000.

Table of Contents

(In Thousands)	September 30, 2014
Original principal balance	\$ 633
Debt discount for issuance costs and original discount	(105)
Debt discount for issuance of warrants	(219)
Debt discount for conversion feature	(178)
Total	131
Interest expense and amortization of debt discount	36
Balance at September 30, 2014	167
Current portion of convertible debt	(35)
Total long-term portion of convertible debt, net of debt discount	\$ 132

During the period from August 7, 2014 to September 30, 2014 there was a gain on the change of derivative liability of approximately \$47,000, which was recorded as a decrease to the derivative liability and in decrease to net loss to the statement of operations.

	Derivative Liability
Balance at August 7, 2014	\$ 178,000
Changes in fair value	(47,000)
Balance at September 30, 2014	\$ 131,000

7. Other Current Liabilities

Other current liabilities consisted of the following:

(In Thousands)	September 30, 2014	2013
Accrued expenses	\$ 174	\$ 256
Accrued sales tax	762	226
Capital lease short-term	72	72
Earn-out liability	201	350
Deferred rent	5	77
Total other current liabilities	\$ 1,214	\$ 981

8. Long-Term Liabilities

In connection with the completion of the sale of shares of common stock to PSQ in fiscal year 2009, the Company's then Chairman, Chief Executive Officer and President (the former CEO) retired from those positions and his employment agreement with the Company was replaced by a new consulting agreement. Under the consulting agreement, the Company became obligated to pay an annual consulting fee of \$180,000 over a five-year period and to issue 500,000 shares of common stock to the former CEO for no additional consideration. During fiscal year 2009, the Company recorded a liability for the net present value of the future payments in the amount of \$790,000 and recorded a charge to operations in the amount of \$280,000 based on a quoted market price of \$0.56 per share on the date of the award. On January 31, 2013, the former CEO retired from all positions with the Company, however he will continue to receive his monthly payments required under his consulting agreement. As of September 30, 2014 and September 30, 2013, the liability for future payments was reflected on the consolidated balance sheet as short term accrued compensation of \$60,000 and \$135,000, respectively.

Included in long-term liabilities as of September 30, 2013 are capital leases as disclosed in Note 3 and deferred rent.

Table of Contents**9. Common Stock**

In 2013, the Company executed an Amended and Restated Purchase agreement with RFFG that required the issuance of 1.1 million shares of common stock. The stock was officially issued on July 2, 2013. The stock price on July 2, 2013 was \$0.2999 and there were shares traded that day at that price. The value related to the transaction on July 2, 2013 was \$329,890.

On September 9, 2013, the shareholders approved the increase of common shares authorized to be issued by the Company from 50,000,000 to 200,000,000 and preferred shares from 1,000,000 to 20,000,000.

On March 31, 2014, the Company and Aracle SPF I, LLC, a New York based fund ("Aracle") entered into a Securities Purchase Agreement (the "SPA") pursuant to which Aracle has the right to acquire up to 12 units (the "Units"), for \$50,000 per Unit, with each Unit consisting of 250,000 shares of common stock of the Company and 125,000 common stock purchase warrants. The warrants are exercisable 6 months after issuance, have a term of 4 years, and have an exercise price of \$0.25 per warrant share. The SPA contains standard representations, warranties, and covenants. In addition, the SPA contains a price adjustment mechanism that requires the Company, with certain exceptions, to issue additional shares of common stock to the investor in the event the Company, within 12 months of the initial closing under the SPA, issues certain equity securities at a price per share less than \$0.20, provided, however, as long as the Company is listed on the NYSE MKT the total number of shares issuable under the foregoing adjustment provision may not exceed 19.9% of the Company's outstanding shares of common stock on March 30, 2014. Further, in the event the Company is delisted from NYSE MKT while Aracle owns at least 51% of the shares issued to it under the SPA, the Company shall issue an additional 3,000,000 shares to Aracle, and the 12 month price adjustment period shall be extended to 36 months. The Company agreed to appoint two new members to the Company's Board of Directors within 60 days of the initial closing, which new members are subject to the prior approval of Aracle. The Company granted Aracle piggyback registration rights with respect to the shares and the shares of common stock underlying the warrants. The warrants do not include any price protection clause.

Concurrently with the execution of the SPA the Company and Aracle conducted an initial closing thereunder, in which Aracle purchased 9.5 Units for \$475,000. The Units and the securities underlying the Units were issued to Aracle, an accredited investor, pursuant to the exemption from registration provided by Rule 506 of Regulation D as promulgated under the Securities Act of 1933, as amended, and other applicable exemptions. The issued securities contain a standard restricted legend.

On April 16, 2014, the Company, Aracle and a second institutional investor entered into certain Securities Purchase Agreements ("SPA") pursuant to which the Investors purchased 2.5 Units for \$125,000.

The Company incurred certain expenses related to the SPA of approximately \$130,000, which were paid from the proceeds, for a net proceeds of approximately \$470,000.

The shares and securities underlying the warrants were issued to the investors, pursuant to the exemption from registration provided by Rule 506 of Regulation D as promulgated under the Securities Act of 1933, as amended, and other applicable exemptions. The issued securities contain a standard restricted legend.

Warrants

(Number of Warrants in Thousands)

Number of Shares**Expiration**

		Exercise Price	
Outstanding at September 30, 2013			
Warrants Granted			
Aracle Warrants	1,500	\$ 0.25	3/31/2018
Brio Warrants	2,372	\$ 0.25	2/07/2020
Outstanding at September 30, 2014			
	3,872		

Table of Contents

The weighted average exercise price of outstanding warrants was \$0.25 at September 30, 2014, with expiration dates ranging from March 31, 2018 to February 7, 2020.

10. Stock Option Plans

As of September 30, 2014, there were stock options outstanding under the Company's 1995 Stock Option Plan, Second Amended and Restated 1997 Stock Option Plan, 1999 Stock Option Plan and the 2011 Company Incentive Plan. All four plans were approved by the shareholders. The 1995 Stock Option Plan and the 1999 Stock Option Plan have expired, and no further options may be granted under those plans. During fiscal 2009, the Second Amended and Restated 1997 Stock Option Plan was amended to make an additional 592,000 options available for granting and as of September 30, 2013 there were no shares available for issuance under the Amended and Restated 1997 Stock Option Plan. As of September 30, 2014, there were no shares available for issuance under the 2011 Company Incentive Plan. The plans granted specified numbers of options to non-employee directors, and they authorized the Compensation Committee of the Board of Directors to grant either incentive or non-statutory stock options to employees. Vesting periods are established by the Compensation Committee at the time of grant. All stock options outstanding as of September 30, 2014 and September 30, 2013 were non-statutory stock options, had exercise prices equal to the market price on the date of grant, and had expiration dates ten years from the date of grant.

On July 23, 2013, the Board of Directors approved the Company's 2013 Incentive Stock Plan (the "2013 Plan"), and resolved to cease issuing securities under all prior Company equity compensation plans. The 2013 Plan was approved by the Company's shareholders at the Annual Meeting of Stockholders on September 9, 2013. The purpose of the 2013 Plan is to provide additional incentives to select persons who can make, are making, and continue to make substantial contributions to the growth and success of the Company, to attract and retain the employment and services of such persons, and to encourage and reward such contributions, by providing these individuals with an opportunity to acquire or increase stock ownership in the Company through either the grant of options or restricted stock. The 2013 Plan is administered by the Compensation Committee or such other committee as is appointed by the Board of Directors pursuant to the 2013 Plan (the "Committee"). The Committee has full authority to administer and interpret the provisions of the 2013 Plan including, but not limited to, the authority to make all determinations with regard to the terms and conditions of an award made under the 2013 Plan. The maximum number of shares that may be granted under the 2013 Plan is 10,000,000. This number is subject to adjustment to reflect changes in the capital structure or organization of the Company.

A summary of stock option activity is as follows:

(Number of Options in Thousands)	Year Ended September 30,	
	2014	2013
Number of options outstanding:		
Beginning of year	1,478	1,747
Granted	2,595	108
Exercised		
Terminated	(654)	(377)
End of year	3,419	1,478

Edgar Filing: GENERAL EMPLOYMENT ENTERPRISES INC - Form 10-K

Number of options exercisable at end of year	1,470	1,418
Number of options available for grant at end of year	7,408	10,000
Weighted average option prices per share:		
Granted during the year	\$.28	\$.49
Exercised during the year		
Terminated during the year	.42	.40
Outstanding at end of year	.32	.40
Exercisable at end of year	.38	.41

Table of Contents

Stock options outstanding as of September 30, 2014 were as follows (number of options in thousands):

Range of Exercise Prices	Number Outstanding	Weighted Average Price	Number Exercisable	Weighted Average Price	Average Remaining Life (Years)
Under \$1.00	3,404	\$ 0.32	1,455	\$ 0.38	8.5
\$1.01 to 2.39	15	\$ 2.39	15	\$ 2.39	3

As of September 30, 2014, the aggregate intrinsic value of outstanding stock options and exercisable stock options was approximately \$0.21 per share.

The average fair value of stock options granted was estimated to be \$0.21 per share in fiscal 2014 and \$0.43 per share in fiscal 2013. This estimate was made using the Black-Scholes option pricing model and the following weighted average assumptions:

	2014	2013
Expected option life (years)	9	10
Expected stock price volatility	95%	94%
Expected dividend yield	%	%
Risk-free interest rate	2.75%	2.64% to 1.86%

Stock-based compensation expense attributable to stock options was \$98,000 and \$68,000 in 2014 and 2013, respectively. As of September 30, 2014, there was approximately \$422,000 of unrecognized compensation expense related to unvested stock options outstanding, and the weighted average vesting period for those options was 1.5 years.

11. Income Taxes

The components of the provision for income taxes are as follows:

(In Thousands)	Year Ending September 30,	
	2014	2013
Current tax provision	\$ 24	\$ 8
Deferred tax provision		
Provision for income taxes	\$ 24	\$ 8

Table of Contents

The differences between income taxes calculated at the statutory U.S. federal income tax rate and the Company's provision for income taxes are as follows:

(In Thousands)	Year Ended September 30,	
	2014	2013
Income tax provision at statutory federal tax rate	\$ 32	\$ 22
Valuation allowance	(8)	(14)
Provision for income taxes	\$ 24	\$ 8

The net deferred income tax asset balance related to the following:

(In Thousands)	Year Ended September 30,	
	2014	2013
Temporary differences		
Stock option expense	\$ 461	\$ 326
Deferred compensation expense	24	(59)
Vacation expense	64	69
Intangible assets	107	107
Allowance for doubtful accounts	208	74
Other	5	(49)
Net operating loss carryforwards	4,956	4,292
Valuation allowances	(5,825)	(4,760)
Net deferred income tax asset	\$	\$

As of September 30, 2014, there were approximately \$12,150,000 of losses available to reduce federal taxable income in future years through 2033, and there were approximately \$10,800,000 of losses available to reduce state taxable income in future years, expiring from 2014 through 2033. Due to common stock transactions in the prior years, it is likely that the Company will be limited by Section 382 of the Internal Revenue Code as to the amount of net operating losses that may be used in future years. The Company is currently evaluating the effects of any such limitation.

Future realization of the tax benefits of existing temporary differences and net operating loss carryforwards ultimately depends on the existence of sufficient taxable income within the carryforward period. As of September 30, 2014 and 2013, the Company performed an evaluation to determine whether a valuation allowance was needed. The Company considered all available evidence, both positive and negative, which included the results of operations for the current and preceding years. The Company also considered whether there was any currently available information about future years. Because long-term contracts are not a significant part of the Company's business, future results cannot be reliably predicted by considering past trends or by extrapolating past results. Moreover, the Company's earnings are strongly influenced by national economic conditions and have been volatile in the past. Considering these factors, the Company determined that it was not possible to reasonably quantify future taxable income. The Company determined that it is more likely than not that all of the deferred tax assets will not be realized. Accordingly, the Company

maintained a full valuation allowance as of September 30, 2014 and 2013.

As a result of continuing losses, we have determined that it is more likely than not that we will not realize the benefits of the deferred tax assets and therefore we have recorded a valuation allowance to reduce the carrying value of the deferred tax assets to zero. The valuation allowance increased by \$1,065,000 and \$537,000 in 2014 and 2013, respectively.

We file federal and state income tax returns in jurisdictions with varying statutes of limitations. Due to our net operating loss carryforwards, our income tax returns generally remain subject to examination by federal and most state tax authorities. We are not currently under examination in any federal or state jurisdiction.

Table of Contents

12. Contingencies and Commitments

On April 22, 2013, the Company finalized an Amendment to the Asset Purchase Agreement by and among DMCC Staffing, LLC, an Ohio limited liability company, RFFG of Cleveland, LLC an Ohio limited liability company (each a Seller and together, Sellers), the Company, and Triad Personnel Services, Inc., an Illinois corporation and wholly owned subsidiary of the Company.

The Company agreed to pay Sellers additional cash consideration of between \$550,000 and \$650,000 depending on the length of payments and 1,100,000 shares of common stock, in full satisfaction of all amounts owed to Seller, related to the Asset Purchase Agreement. The Company issued 1,100,000 shares of common stock on July 2, 2013, which was valued at approximately \$330,000. During the year ended September 30, 2013, the Company paid \$200,000 of the cash consideration noted above. The Company has accrued \$350,000, which is included in other current liabilities on the consolidated balance sheet at September 30, 2013, for the liability, however has elected to pay the remaining amount over two years. The total payments will be approximately \$450,000 with additional \$100,000 to be recorded as interest expense. During the year ended September 30, 2014, the Company paid approximately \$225,000 to the Sellers, \$150,000 of principle and approximately \$75,000 of interest. The Company had approximately \$200,000 accrued at September 30, 2014 related to the remaining liability.

During 2013, the Company sold vehicles with a value of approximately \$225,000 and leased them back under a 30 month agreement at an interest rate of approximately 23%. At September 30, 2014, approximately \$72,000 is included in other current liabilities and approximately \$7,000 in other long term liabilities.

13. Leases

The Company leases space for all of its branch offices, which are located either in downtown or suburban business centers, and for its corporate headquarters. Branch offices are generally leased over periods from three to five years. The corporate office lease expires in 2018. The leases generally provide for payment of basic rent plus a share of building real estate taxes, maintenance costs and utilities.

Rent expense was \$897,000 in fiscal 2014 and \$1,087,000 in fiscal 2013. As of September 30, 2014, future minimum lease payments due under non-cancelable lease agreements having initial terms in excess of one year, including certain closed offices, totaled approximately \$1,019,000, as follows: fiscal 2015 - \$415,000, fiscal 2016 - \$323,000, fiscal 2017 - \$164,000, fiscal 2018 90,000, fiscal 2019 27,000 and thereafter - \$0.

14. Segment Data

The Company provides the following distinctive services: (a) direct hire placement services, (b) temporary professional services staffing in the fields of information technology, engineering, and accounting, and (c) temporary light industrial staffing. Intersegment net service revenues are not significant. Revenues generated from the temporary professional services staffing and light industrial staffing are classified as contract staffing services revenues in the statements of operations. Selling, general and administrative expenses are not separately allocated among agricultural, professional services or industrial staffing services within the contract staffing services sector for internal reporting purposes.

Unallocated Corporate expenses primarily include, corporate legal expenses, consulting expenses, audit fees, corporate rent and facility costs, board fees and interest expense.

15. Discontinued Operations

As of July 7, 2013, the Board of Directors of the Company determined that the best course of action related to its Agricultural Division was to terminate operations, to liquidate the Division's assets, and to focus the business on the light industrial and professional divisions. On July 7, 2013, all staffing was discontinued and the entire operations of the Agricultural Division were discontinued as of August 1, 2013. All employees have been terminated and a one-time expense of approximately \$100,000 was recognized as of September 30, 2013.

The Company has no assets or liabilities related to the discontinued operations as of September 30, 2014.

Table of Contents

16. Related Party Transactions

The Company contracted with Norco Accounting & Consulting Inc. (Norco) to provide accounting and consulting services prior to Andrew J. Norstrud joining the Company. Norco charged approximately \$63,000 for consulting services and approximately \$13,000 in related expense during the second quarter ended March 31, 2013. Norco is 50% owned by Andrew J. Norstrud, who joined the Company on March 29, 2013, as the Company's Chief Financial Officer and became the Company's Chief Executive Officer on March 7, 2014. The Company no longer uses Norco for accounting and consulting services.

To ensure the Company has adequate near-term liquidity, the officers of the Company have loaned the Company short-term loans. In most cases, the loans are for less than 30 days and no interest is expensed or paid to the officers. There were no amounts owed to officers of the Company, other than reimbursable expenses, at September 30, 2014.

On May 29, 2014, the Company entered into a settlement agreement related to an indemnification agreement with the former Chief Executive Officer of the Company under which the Company agreed to pay a total of \$51,850 as settlement in full of certain disputes among the parties. As of September 30, 2014 this has been paid by the Company.

The above related party transactions are not necessarily indicative of the amounts and terms that would have been incurred had comparable transactions been entered into with independent parties.

17. Subsequent Events

On November 14, 2014, the Company entered into a Securities Purchase Agreement, with 16 individuals who collectively have subscribed to purchase a total of 200,000 shares of Preferred Stock from the Company for a total purchase price of \$2,000,000. The purchase price is being held in escrow pending a closing of the transactions set forth in the Agreement. The net proceeds to the Company from the offering will be approximately \$2,000,000, with approximately \$1,000,000 to be used as working capital and the remaining \$1,000,000 for marketing, acquisitions, expansion and to further the operations of the Company. The Preferred Stock was designated by the Company on December 15, 2014 through the filing of a Certificate of Designation of Series A Convertible Preferred Stock with the Illinois Secretary of State. Each share of Preferred Stock is initially convertible, at the election of the holder, into 50 shares of the Company's Common Stock. The foregoing conversion ratio is subject to standard adjustment mechanisms, as set forth in the Designation. The Company expects to close this offering in early January, 2015.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.
None.

Item 9A. Controls and Procedures.

We carried out an evaluation required by Rule 13a-15 of the Exchange Act under the supervision and with the participation of our management, including our Chief Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures and internal control over financial reporting as of the end of the period covered by this Annual Report.

The evaluation of the Company's disclosure controls and procedures and internal control over financial reporting included a review of our objectives and processes, implementation by us and the effect on the information generated for use in this Annual Report. In the course of this evaluation and in accordance with Section 302 of the Sarbanes Oxley Act, we sought to identify material weaknesses in our controls, to determine whether we had identified any acts of fraud involving personnel who have a significant role in our internal control over financial reporting that would have a material effect on our consolidated financial statements, and to confirm that any necessary corrective action, including process improvements, were being undertaken. Our evaluation of our disclosure controls and procedures is done quarterly and management reports the effectiveness of our controls and procedures in our periodic reports filed with the Securities and Exchange Commission. Our internal control over financial reporting is also evaluated on an ongoing basis by our internal auditors and by other individuals in our organization. The overall

Table of Contents

goals of these evaluation activities are to monitor our disclosure controls and procedures and internal control over financial reporting and to make modifications as necessary. We periodically evaluate our processes and procedures and make improvements as required.

Because of inherent limitations, disclosure controls and procedures and internal control over financial reporting may not prevent or detect misstatements. In addition, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate. Management applies its judgment in assessing the benefits of controls relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. The design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

Disclosure Controls and Procedures

Disclosure controls and procedures are designed with the objective of ensuring that (i) information required to be disclosed in our reports filed under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission and (ii) information is accumulated and communicated to management, including our Chief Executive Officer and Principal Financial Officer, as appropriate to allow timely decisions regarding required disclosures. Based on their evaluation, our Chief Executive Officer and Principal Financial Officer have concluded that our disclosure controls and procedures were effective as of September 30, 2014.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). Under the supervision and with the participation of our management, including our Principal Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the 1992 framework in Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit the preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of our management and directors; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements. Based on the foregoing evaluation, our management concluded that our internal control over financial reporting was effective as of September 30, 2014.

There were no changes in our internal controls over financial reporting during the fourth quarter of the year ended September 30, 2014, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information.

None

Table of Contents**PART III****Item 10. Directors, Executive Officers and Corporate Governance.****DIRECTORS AND EXECUTIVE OFFICERS****Executive Officers**

The named executive officers and directors of the Company as of December 19, 2014 are as follows:

Name	Age	Position
Andrew J. Norstrud	41	Chief Executive Officer, Principal Financial Officer, Director
Dennis W. Baker	68	Chairman of the Board
Jack Zwick	78	Director
Michael K. Schroering	57	Director
Thomas C. Williams	55	Director
Andrew J. Norstrud		Chief Executive Officer, Director

Mr. Norstrud joined General Employment Enterprises in March 2013 as CFO and was appointed CEO on March 7, 2014. Prior to joining the Company, Mr. Norstrud was a consultant with Norco Accounting and Consulting from October 2011 until March 2013. From October 2005 to October 2011, Mr. Norstrud served as the Chief Financial Officer for Jagged Peak. Prior to his role at Jagged Peak, Mr. Norstrud was the Chief Financial Officer of Segmentz, Inc., and played an instrumental role in the company achieving its strategic goals by pursuing and attaining growth initiatives, building a financial team, completing and integrating strategic acquisitions and implementing the structure required of public companies. Previously, Mr. Norstrud worked for Grant Thornton LLP and PricewaterhouseCoopers LLP and has extensive experience with young, rapid growth public companies. Mr. Norstrud earned a BA in Business and Accounting from Western State College and a Master of Accounting with a systems emphasis from the University of Florida. He is a Florida licensed Certified Public Accountant.

Dennis W. Baker Chairman of the Board

Mr. Baker has served as a Director of the Company since 2000 and became Chairman of the Board in November of 2013. From April 1975 to April 2006, Mr. Baker held various positions with CF Industries Holdings, Inc., a fertilizer manufacturing and distribution company, and most recently served as Treasurer from March 1988 to April 2007, when he retired. During this time, he also held the following titles at CF Industries Holdings, Inc.: Assistant Treasurer, Director of Financial Planning and Budgeting, Manager of Financial Planning, Manager of Budgets and Capital Expenditure Control, Capital Expenditure Control Analyst and Financial Analyst. On May 1, 2011 Mr. Baker was elected to the Board of Directors of CIS World, Inc. Mr. Baker is a member of the Audit, Compensation and Nominating Committees. The Company believes that Mr. Baker is qualified to sit on the Board of Directors because of his extensive management experience.

Jack Zwick Director

Mr. Zwick joined the Company in May 2014 as a Director and Chairman of the Audit Committee. Mr. Zwick is a certified public accountant and a founding member of Zwick & Banyai, PLLC, certified public accountants.

Mr. Zwick began his career in public accounting in 1958 in Detroit where he worked with local firms in New York and Detroit until 1969 at which point he joined the international accounting firm of Laventhol & Horwath. Mr. Zwick is a former managing partner of Laventhol & Horwath's metropolitan Detroit office. Mr. Zwick holds a Bachelor of Arts degree in Accountancy and a Master of Science in Taxation (a specialty within the MBA program) from Wayne State University. He has also taken many applied mathematics and economic courses in graduate school. He is a member of the American Institute of Certified Public Accountants; the Michigan Association of Certified Public Accountants; and past Chair of the City of Southfield Zoning Board of Appeal. Mr. Zwick has served on several public company boards including Health-Chem Corporation, (a public company), and First China Pharmaceutical Group, Inc. (FCPG), Solar Energy Initiatives Corporation (SNRY) and Xcel Mobility (XCLL), where he was Chairman of the Audit Committee. Currently, he is the CFO and a member of the Board of Car Charging Group, Inc. (CCGI). He is the past Vice President of the Florida Panthers of the National Hockey League. His firm is a member of the PCAOB and Zwick & Banyai, PLLC are auditors for several public companies.

Table of Contents

Michael K. Schroering Director

Mr. Schroering joined the Company as a director in November 2012 and become the Chairman of the Board and Chief Executive Officer in December 2012. Mr. Schroering resigned as the Chairman of the Board of Directors and Chief Executive Officer on November 3, 2013, but remains a director. Prior to joining the Company, he served as President of The Schroering Company which he founded in 1993. The Schroering Company is a Louisville-based commercial real estate firm specializing in consulting services, site procurement, owner and tenant representation for the sale/leasing of office and industrial space. Other companies under his leadership have been active in real estate development through GlobalPort United, LLC which owns interest in several million square feet of big box warehouse space. Mr. Schroering received a B.A. in Business Administration in Finance and Management from Loyola University (1979) and went to the University of Louisville School of law (1979 – 1981).

Thomas C. Williams Director

Mr. Williams has served as a director of the Company since July 2009. Since 2005, Mr. Williams has served as acting Vice Chairman of Capital Management of Bermuda (previously Travelers of Bermuda), a company providing pension benefits for expatriates who have worked outside the U.S. and accrued benefits towards their retirement which are not covered by their domestic pension plans. Additionally, Mr. Williams has served as the Chief Executive Officer of Innova Insurance Ltd., a Bermuda based insurer, which provides extension risk to the Capital Markets on life insurance related assets from 2005 to 2009 when it was acquired. Mr. Williams is Chairman of the Nominating Committee and is a member of the Audit and Compensation Committees. The Company believes that Mr. Williams is qualified to sit on the Board of Directors because of his significant management experience.

All executive officers are elected annually by the Board of Directors at the first meeting of the Board of Directors held following each Annual Meeting of Shareholders, and they hold office until their successors are elected and qualified.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and officers, and persons who own more than 10% of a registered class of its equity securities, to file reports of ownership and changes in ownership (typically, Forms 3, 4 and/or 5) of such equity securities with the SEC. Such entities are also required by SEC regulations to furnish the Company with copies of all such Section 16(a) reports.

Based solely on a review of Forms 3 and 4 and amendments thereto furnished to the Company and written representations that no Form 5 or amendments thereto were required, the Company believes that during the fiscal year ended September 30, 2014 and 2013, its directors and officers, and greater than 10% beneficial owners, have complied with all Section 16(a) filing.

Board of Directors Leadership Structure and Role in Risk Oversight

Independent directors and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight and expertise from outside the company and industry, while the management brings company-specific experience and expertise. The Board of Directors believes that a board of directors combined with independent board members and management is in the best interest of shareholders because it promotes strategy development and execution, and facilitates information flow between management and the Board of Directors, which are essential to effective governance. The Company's Chief Executive Officer and Chairman, Mr. Schroering, resigned both positions on November 3, 2013, but remains a director. Mr. Baker assumed the position of Chairman upon Mr. Schroering's resignation. In May of 2014, Jack Zwick joined the board of directors and became

the Chairman of the Audit Committee.

The Board of Directors does not have a lead independent director. The Board of Directors provides overall risk oversight for the Company as part of its normal, ongoing responsibilities. It receives reports from Mr. Norstrud and other members of senior management on a periodic basis on areas of risk facing the Company. In addition, Board of Directors committees oversee specific elements of risk or potential risk.

Table of Contents

Director Independence

The Board of Directors has determined that each director, other than Mr. Schroering and Mr. Norstrud, is an independent director under the listing standards of the NYSE MKT. In addition, the Board of Directors has determined that each current member of the Audit Committee meets the additional independence criteria required for audit committee membership under the listing standards of the NYSE MKT and Rule 10A-3 of the Exchange Act.

Board of Directors and Committee Meetings

The Board of Directors meets on a regularly scheduled basis to review significant developments affecting the Company and to act on matters requiring Board of Directors approval. It also holds special meetings when an important matter requires Board of Directors action between scheduled meetings. The Board of Directors held 21 meetings during the last fiscal year. No director of the Company attended less than 75% of the total meetings of the Board of Directors and Committees on which such Board of Directors members served during this period.

The members of the Board of Directors are expected to attend the Company's Annual Meeting of Shareholders. There are three standing committees of the Board of Directors, which are the Nominating Committee, the Audit Committee and the Compensation Committee.

Nominating Committee

The functions of the Nominating Committee are to assist the Board of Directors in identifying, interviewing and recommending to the Board of Directors qualified candidates to fill positions on the Board of Directors. The Nominating Committee met 5 times during 2014.

The Company does not have a policy regarding the consideration of diversity, however defined, in identifying nominees for director. Instead, in evaluating candidates to serve on the Company's Board of Directors, consideration is given to the level of experience, financial literacy and business acumen of the candidate. In addition, qualified candidates for director are those who, in the judgment of the Nominating Committee, have significant decision-making responsibility, with business, legal or academic experience. The Nominating Committee will consider recommendations for Board of Directors candidates that are received from various sources, including directors and officers of the Company, other business associates and shareholders, and all candidates will be considered on an equal basis, regardless of source.

Shareholders may contact the Nominating Committee to make such recommendations by writing in care of the Secretary of the Company, at 184 Shuman Blvd., Suite 420, Naperville, Illinois 60563. Submissions must be in accordance with the Company's By-Laws and include: (a) a statement that the writer is a shareholder and is proposing a candidate for consideration by the Nominating Committee; (b) the name, address and number of shares beneficially owned by the shareholder; (c) the name, address and contact information of the candidate being recommended; (d) a description of the qualifications and business experience of the candidate; (e) a statement detailing any relationships between the candidate and the Company and any relationships or understandings between the candidate and the proposing shareholder; and (f) the written consent of the candidate that the candidate is willing to serve as a director if nominated and elected.

The Nominating Committee is presently composed of three independent directors: Thomas C. Williams (Chairman), Dennis W. Baker, and Jack Zwick.

The Board of Directors has adopted a written charter for the Nominating Committee. The Nominating Committee Charter is not available on the Company's website. A copy of the Nominating Committee Charter was attached as an appendix to the proxy statement prepared in connection with the February 10, 2011, Annual Meeting of Shareholders.

Table of Contents

Audit Committee

The Audit Committee is primarily concerned with the effectiveness of the Company's accounting policies and practices, its financial reporting and its internal accounting controls. In addition, the Audit Committee reviews and approves the scope of the annual audit of the Company's books, reviews the findings and recommendations of the independent registered public accounting firm at the completion of their audit, and approves annual audit fees and the selection of an auditing firm. The Audit Committee met 8 times during fiscal 2014.

The Audit Committee is presently composed of three independent directors: Jack Zwick (Chairman), Dennis W. Baker and Thomas C. Williams. The Board of Directors has determined that Mr. Baker, Mr. Hunter and Mr. Williams are all considered an audit committee financial expert as defined by rules of the SEC. The Board of Directors has determined that each audit committee financial expert meets the additional independence criteria required under the listing standards of the NYSE MKT and Rule 10A-3 of the Exchange Act.

The Board of Directors has adopted a written charter for the Audit Committee. The Audit Committee Charter is not available on the Company's website. A copy of the Audit Committee Charter is attached as appendix A to the proxy filed with the SEC on January 27, 2012.

Compensation Committee

The Compensation Committee has the sole responsibility for approving and evaluating the officer compensation plans, policies and programs. It may not delegate this authority. It meets as often as necessary to carry out its responsibilities. The Compensation Committee has the authority to retain compensation consultants, but has not done so. The Compensation Committee met 5 times during fiscal 2014.

In the past, the Compensation Committee has met each September to consider the compensation of the Company's executive officers, including the establishment of base salaries and performance targets for the succeeding year, and the consideration of stock option awards. Management provides the Compensation Committee with such information as may be requested by the Compensation Committee, which in the past has included historical compensation information of the executive officers, tally sheets, internal pay equity statistics, and market survey data. Under the guidelines of the NYSE MKT, the Chief Executive Officer may not be present during the Compensation Committee's deliberations regarding his compensation. If requested by the Committee, the Chief Executive Officer may provide recommendations regarding the compensation of the other officers.

The Compensation Committee also has the responsibility to make recommendations to the Board of Directors regarding the compensation of directors.

The Compensation Committee is presently composed of three independent directors: Dennis W. Baker (Chairman), Jack Zwick and Thomas C. Williams.

The Board of Directors has adopted a written charter for the Compensation Committee. The Compensation Committee Charter is not available on the Company's website. A copy the Compensation Committee Charter was attached as an appendix to the proxy statement prepared in connection with the March 22, 2010, Annual Meeting of Shareholders.

Shareholder Communications

The Board of Directors has established a procedure by which shareholders of the Company can communicate with the Board of Directors. Shareholders interested in communicating with the Board of Directors as a group or with

individual directors may do so, in writing. Correspondence to the directors should be sent by regular mail c/o the Secretary, General Employment Enterprises, Inc., 184 Shuman Blvd, Suite 420, Naperville, Illinois 60563. Any such correspondence will be reviewed by the Secretary, who will then forward it to the appropriate parties. Communications that are solicitations or deemed to be irrelevant to the Board of Directors responsibilities may be discarded, at the discretion of the Secretary.

The Company has a code of ethics that applies to all of its directors and employees, including its principal executive officer, principal financial officer and principal accounting officer. The code of ethics is filed as an exhibit to this Annual Report.

Table of Contents**Item 11. Executive Compensation.****EXECUTIVE COMPENSATION****Summary Compensation Information**

The following table summarizes all compensation awarded to, earned by or paid to all individuals serving as the Company's principal executive officer, its two most highly compensated executive officers other than the principal executive officer, and up to two additional individuals who were serving as executive officers at the end of the last completed fiscal year, for each of the last two completed fiscal years. These individuals are referred to throughout this proxy statement as the named executive officers.

Summary Compensation Table

Name and Principal Position	Fiscal Year	Salary (\$)	Bonus Award (\$)	Nonqualified Incentive Compensation			All Other Compensation (\$)	Total (\$)
				Stock Awards (\$)	Option Plan Compensation (\$)	Deferred Compensation Earnings (\$)		
Andrew Norstrud (3) Chief Executive Officer, Chief Financial Officer and Treasurer	2014	229,200	25,000			306,000(1)		560,200
	2013	126,000					63,000	189,000
Michael Schroering (4) Former Chief Executive Officer and Chairman	2014	30,000				52,000(2)		82,000
	2013	40,000						40,000

(1) Mr. Norstrud was granted options to purchase 1,200,000 shares of common stock during the fiscal year 2014

(2) Mr. Schroering was granted an option to purchase 300,000 shares of common stock during fiscal year 2014.

(3) Mr. Norstrud became the Company's Chief Financial Officer and Treasurer on March 28, 2013. Mr. Norstrud was a consultant during the year and charged the Company approximately \$63,000 for those services through his consulting business, Norco Accounting & Consulting. In March of 2014, Mr. Norstrud became the Chief Executive Officer.

(4) Mr. Schroering served as the Company's Chief Executive Officer and Chairman from November 24, 2012 until November 3, 2013. Mr. Schroering remains a director.

Employment and Change in Control Agreements

Andrew Norstrud: On August 13, 2013, the Company entered into an employment agreement with Andrew J. Norstrud (the Norstrud Employment Agreement). The Norstrud Employment Agreement provides for a three-year term ending on March 29, 2016, unless employment is earlier terminated in accordance with the provisions

Table of Contents

thereof. Mr. Norstrud is to receive a starting base salary at the rate of \$200,000 per year which is subject to adjustment by the Compensation Committee. Mr. Norstrud received options to purchase 200,000 shares of the Company's common stock in connection with his execution of the Norstrud Employment Agreement, and is also entitled to receive an annual bonus based on criteria to be agreed to by Mr. Norstrud and the Compensation Committee. Mr. Norstrud was granted an additional option to purchase 1,000,000 shares of the Company's common stock in connection with his employment with the Company and assumption of the Chief Executive Officer position. The Norstrud Employment Agreement contains standard termination, change of control, non-compete and confidentiality provisions.

Option Awards

The option awards column represents the fair value of the stock options as measured on the grant date. The methods and assumptions used to determine the fair value of stock options granted are disclosed in Note 9 - Stock Option Plans in the notes to consolidated financial statements contained elsewhere herein.

All stock options awarded to the named executive officers during fiscal 2014 and 2013 were at option prices that were equal to the market price on the date of grant, had vesting dates two years or less after the date of grant, and had expiration dates ten years after the date of grant. Due to a change of control, subsequent to year end, all of such options were immediately vested and exercisable.

Outstanding Equity Awards at Fiscal Year-End**Outstanding Equity Awards at Fiscal Year- End Table**

The following table summarizes equity awards granted to Named Executive Officers and directors that were outstanding as of September 30, 2014:

Name	Option Awards				Option Expiration Date	Stock Awards

Table of Contents**Retirement Benefits**

The Company does not maintain a tax-qualified defined benefit retirement plan for any of its executive officers or employees. The Company has a 401(k) retirement plan in which all full-time employees may participate after one year of service.

DIRECTOR COMPENSATION**Compensation of Directors**

Under the Company's standard compensation arrangements that were in effect during fiscal 2014, each non-employee director received a monthly retainer of \$2,000 with the exception of Mr. Baker and Mr. Zwick who received \$2,500 per month. Directors did not receive any additional compensation for attendance at meetings of the Board of Directors or its committees. Employees of the Company did not receive any additional compensation for service on the Board of Directors.

The following table sets forth information concerning the compensation paid to each of the non-employee directors during fiscal 2014:

Director Compensation

Name	Fees Earned or Paid in Cash (\$)	Option Awards (1) (\$)	Total (\$)
Dennis W. Baker	30,000	0	30,000
Jack Zwick (2)	10,950	0	10,950
Thomas C. Williams	24,000	0	24,000
Michael Schroering	24,000	52,000	76,000
Edward Hunter (2)	6,000	0	6,000

- (1) The aggregate number of outstanding option awards at the end of fiscal 2012 were as follows for each of the non-employee directors: Mr. Baker 330,000; Mr. Williams 315,000; Mr. Schroering 315,000.
- (2) Edward Hunter resigned from the board of directors in January of 2014 and Jack Zwick joined the board in May of 2014.

Option Awards

The option awards column represents the fair value of the stock options as measured on the grant date. The methods and assumptions used to determine the fair value of stock options granted are disclosed in Note 9 - Stock Option Plans in the notes to consolidated financial statements in the Company's Annual Report for fiscal 2014.

Table of Contents**Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.****SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

As of December 15, 2014, the Company's directors, executive officers and principal shareholders beneficially own, directly or indirectly, in the aggregate, approximately 71% of its outstanding Common Stock. These shareholders collectively, and Mr. Schroering individually, have significant influence over the Company's business affairs, with the ability to control matters requiring approval by the Company's shareholders, including the written consent set forth in this Information Statement.

The following table sets forth certain information known to the Company regarding the beneficial ownership of the Company's Common Stock, as of September 30, 2014 by (a) each shareholder known by the Company to be the beneficial owner of more than five percent of the Company's Common Stock, (b) each of the Company's directors, (c) each of the Company's executive officers and (d) all executive officers and directors of the Company as a group. The shareholders listed below have sole voting and investment power except as noted.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class(1)
LEED HR, LLC and Michael Schroering		
LEED HR, LLC		
2650 East Point Parkway, Suite 280		
Louisville, KY 40223	16,023,744(2)	61.9%
Dennis W. Baker	432,800(3)	1.7%
Thomas C. Williams	315,000(4)	1.2%
Jack Zwick	175,000(5)	*
Andrew J. Norstrud	1,250,000(7)	4.8%
Michael Schroering	315,000(6)	1.2%
Current directors and executive officers as a group (5 individuals)	18,511,544	71.5%

* Represents less than 1%.

(1) Based on 25,899,675 shares of Common Stock issued and outstanding as of September 30, 2014.

(2) Based on the Schedule 13D/A filed on June 11, 2014; Schedule 13D filed on September 13, 2013 and the Schedule 13D/A filed on September 21, 2012, by each of LEED HR, LLC, a Kentucky limited liability company, and Mr. Schroering, which disclosed that LEED HR, LLC owns directly 15,824,410 shares of Common Stock and that Mr. Schroering owns directly 199,334 shares of Common Stock. Mr. Schroering is the sole manager of LEED HR, LLC. By virtue of this relationship, Mr. Schroering may be deemed to beneficially own, the 15,824,410 shares of Common Stock owned directly by LEED HR, LLC.

(3) Represents (i) 102,800 shares of Common Stock owned, and (ii) 330,000 shares of Common Stock issuable upon the exercise of stock options that are currently exercisable.

(4)

Represents 315,000 shares of Common Stock issuable upon the exercise of stock options that are currently exercisable.

- (5) Represents (i) 50,000 shares of Common Stock owned, and (ii) 125,000 shares of Common Stock indirectly through Mr. Zwick's investment in Aracle SPF, LLC I.
- (6) Represents 315,000 shares of Common Stock. See Footnote #2.
- (7) Represents (i) 50,000 shares of Common Stock, and (ii) 1,200,000 shares of Common Stock issuable upon the exercise of stock options that are not currently exercisable.

Table of Contents**Item 13. Certain Relationships and Related Transactions, and Director Independence.
Director Independence**

The Board of Directors has determined that each director, other than Mr. Schroering and Mr. Norstrud, is an independent director under the listing standards of the NYSE MKT. In addition, the Board of Directors has determined that each current member of the Nominating Committee, Compensation Committee and Audit Committee meets the additional independence criteria required for such membership under the listing standards of the NYSE MKT and Rule 10A-3 of the Exchange Act.

Item 14. Principal Accountant Fees and Services.

The Audit Committee of the Company's Board of Directors has selected Friedman, LLP to serve as the Company's independent registered public accounting firm and to audit the Company's consolidated financial statements for the fiscal years ending September 30, 2014 and 2013. Friedman LLP has served as the Company's independent registered public accounting firm since November 29, 2012.

A representative of Friedman, LLP is expected to be present at the Annual Meeting to respond to appropriate questions and to make a statement if desired.

The following table presents fees billed by Friedman, LLP for the following professional services rendered for the Company for the fiscal years ended September 30, 2014 and 2013:

	Fiscal	Fiscal
Audit fees	\$ 155,000	\$ 155,000
Audit-related fees	18,500	18,500
Tax fees		
All other fees		

Audit fees relate to services for the audit of the Company's consolidated financial statements for the fiscal year and for reviews of the interim consolidated financial statements included in the Company's quarterly reports filed with the SEC.

Audit-related fees relate to services that are reasonably related to the audit of the Company's consolidated financial statements and are not included in audit fees. These services include audits of the Company's 401(k) retirement plan and consultations on certain accounting matters.

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accounting firm, and to not engage them to perform the specific non-audit services proscribed by law or regulation. At the beginning of each fiscal year, the Audit Committee meets with the independent registered public accounting firm and approves the fees and services to be performed for the ensuing year. On a quarterly basis, the Audit Committee reviews the fees billed for all services provided for the year to date, and it pre-approves additional services if necessary. The Audit Committee's pre-approval policies allow management to engage the independent registered public accounting firm for consultations on tax or accounting matters up to an aggregate of \$10,000 annually. All fees listed in the table above were approved in accordance with the Audit Committee's policies.
