**Dr. Reddy s Laboratories enters into partnership with Hetero to accelerate access to treatment for Hepatitis C in India**

**For immediate Release**

Hyderabad, India, March 23, 2015

Dr Reddy s Laboratories announced today that it has entered into an agreement with Hetero, under which Dr. Reddy s has been licensed to distribute and market Sofosbuvir 400 mg tablets<sup>1</sup>, indicated in the treatment of Chronic Hepatitis C, under the brand name Resof<sup>TM</sup>, in India.

According to the World health Organization (WHO), close to 12 Million Indians suffer from Chronic Hepatitis C, a disease that can seriously affect the liver, leading to potentially life-threatening complications, including cancer of the liver<sup>2</sup>. Complications arising out of untreated Hepatitis C can precipitate faster in co-morbid conditions, such as Diabetes.<sup>3</sup>

With the diagnosis rates for Hepatitis C in India being abysmally low, Dr. Reddy s will make a significant difference in the diagnosis and treatment of this disease.

Clinical studies have indicated that Sofosbuvir 400 mg in combination with other agents achieved very high cure rates, while shortening the duration of treatment to as little as 12 weeks and reducing or completely eliminating the need for interferon injections, depending on the viral genotype.

Resof<sup>TM</sup> is a breakthrough medicine and will simplify the traditional and complicated treatment options available today, allowing patients suffering from Chronic Hepatitis C access to a far more affordable and effective treatment regimen, as compared to existing ones

Dr. Reddy s Co-Chairman & CEO, G V Prasad, commented the launch of Resof<sup>TM</sup> is in line with Dr. Reddy s philosophy of Innovative medicine at an affordable price and will provide significant relief to patients, resulting in potential cure and a high barrier to resistance at an affordable price for those living with Hepatitis C.

**About Dr. Reddy s:** Dr. Reddy s Laboratories Ltd. (NYSE: RDY) is an integrated pharmaceutical company, committed to providing affordable and innovative medicines for healthier lives. Through its three businesses - Pharmaceutical Services & Active Ingredients, Global Generics and Proprietary Products Dr. Reddy s offers a portfolio of products and services including APIs,

<sup>1</sup> About Sofosbuvir

Sofosbuvir was approved under the trade name Sovaldi® by the U.S. Food and Drug Administration (FDA) in December 2013 based on clinical studies that showed sofosbuvir, in combination with other agents, achieved very high cure rates with a course of treatment as short as 12 weeks depending on viral genotype. Sofosbuvir also was approved by the European Commission in January 2014 and is a recommended treatment option in the World Health Organization's first hepatitis C treatment guidelines (released in April 2014).

**Dr. Reddy s Laboratories to acquire select portfolio of the established products business of UCB in India**

Hyderabad, India, April 01, 2015

For Immediate Release

Dr. Reddy s to buy the select established brands portfolio of UCB in India for INR 800 Crores (Euro 118 Mn)

Dr. Reddy s to strengthen its presence in Dermatology, Respiratory and Pediatrics

Dr. Reddy s Laboratories today announced that it has entered into a definitive agreement to acquire a select portfolio of the established products business of UCB, in the territories of India, Nepal, Sri Lanka and Maldives. The acquired business is being sold on a slump sale basis. The transaction includes approximately 350 employees engaged in operations of the India Business. The revenues of the acquired business is approximately INR 150 Crores for calendar year 2014.

The acquisition of UCB s existing brand equity in the areas of Dermatology, Respiratory and Pediatrics diseases will further expand Dr. Reddy s therapy footprint into these fast growing areas.

Alok Sonig, Senior Vice President and India Business Head said the acquired UCB portfolio shall accelerate Dr. Reddy s presence in the high growth areas of Dermatology, Respiratory and Pediatrics with market leading brands like Atarax, Nootropil, Zyrtec, Xyzal, Xyzal M etc. We welcome UCB s employees to our growing global team

Mark McDade, UCB s Chief Operating Officer said: UCB is in a strong position with a solid platform for continuous growth thanks to our core products and our promising pipeline. This position allows us to enhance our focus on our key neurology portfolio in India, providing innovative solutions to patients living with severe diseases. He also explains Finding the right company for our established brands in India was crucial, and Dr. Reddy s knowledge of the local market, combined with their ambitious plans and excellent reputation, convinced us they were the right choice to drive this business forward.

The transaction is expected to be closed in the first quarter of the financial year 2015-16.

**About UCB:** UCB, Brussels, Belgium ([www.ucb.com](http://www.ucb.com)) is a global biopharmaceutical company focused on the discovery and development of innovative medicines and solutions to transform the lives of people living with severe diseases of the immune system or of the central nervous system. With more than 8500 people in approximately 40 countries, the company generated revenue of 3.3 billion in 2014. UCB is listed on Euronext Brussels (symbol: UCB). Follow us on Twitter: @UCB\_news
