Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 7.01. Regulation FD Disclosure.

On October 1, 2016, RR Donnelley & Sons Company and its subsidiaries (the Company or RR Donnelley) completed the previously announced separation of its financial communications and data services business (Donnelley Financial Solutions, Inc. or Donnelley Financial) and the publishing and retail-centric print services and office products business (LSC Communications, Inc. or LSC) into two separate publicly-traded companies (the Separation). The Company completed the tax free distribution of 80.75% of the outstanding common stock of Donnelley Financial and 80.75% of the outstanding common stock of LSC to the Company's stockholders (the Distribution). Immediately following the Distribution, RR Donnelley retained a 19.25% ownership stake in Donnelley Financial and LSC. Donnelley Financial and LSC are now independent public companies trading on the New York Stock Exchange under the symbols DFIN and LKSD, respectively.

Filed as Exhibit 99.1 is the unaudited condensed consolidated statement of operations of RR Donnelley adjusted for discontinued operations. This is presented to illustrate the effects of the Separation of Donnelley Financial and LSC from the historical combined company and have been derived from the historical consolidated financial statements of RR Donnelley, as prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The historical financial results of Donnelley Financial and LSC for the period have been reflected within Exhibit 99.1 as discontinued operations. The unaudited condensed consolidated statement of operations adjusted for discontinued operations for the nine months ended September 30, 2016 assumes that the Separation occurred on January 1, 2016. Beginning in the fourth quarter of 2016, the historical financial results of Donnelley Financial and LSC for the periods prior to the Separation will be reflected in RR Donnelley's consolidated financial statements as discontinued operations.

Filed as Exhibit 99.2 is a reconciliation of GAAP Net Earnings to Non-GAAP Adjusted EBITDA adjusted for discontinued operations as well as selected balance sheet information as of September 30, 2016. This exhibit contains Non-GAAP financial measures, including Non-GAAP Operating Income, Non-GAAP Adjusted EBITDA and Margin Reconciliation and Net Debt. RR Donnelley believes that certain Non-GAAP measures, such as Non-GAAP Adjusted EBITDA for RR Donnelley continuing operations, provide useful information about RR Donnelley's operating results and enhance the overall ability to assess RR Donnelley's financial performance. RR Donnelley uses these measures, together with other measures of performance under GAAP, to compare the relative performance of operations in planning, budgeting and reviewing the performance of its business. Non-GAAP Adjusted EBITDA for RR Donnelley continuing operations allows investors to make a more meaningful comparison between RR Donnelley's core business operating results over different periods of time. RR Donnelley believes that Non-GAAP Adjusted EBITDA for RR Donnelley continuing operations, when viewed with RR Donnelley's results under GAAP, the financial statements included in Exhibit 99.1 and the accompanying reconciliations, provides useful information about RR Donnelley's business without regard to potential distortions. By eliminating potential differences in results of operations between periods caused by factors such as depreciation and amortization methods, acquisition expenses, historic cost and age of assets, financing and capital structures, taxation positions or regimes, restructuring, impairment and other charges, pension or other postretirement settlements or curtailments and gain or loss on certain equity investments and asset sales, RR Donnelley believes that Non-GAAP Adjusted EBITDA can provide a useful additional basis for comparing the current performance of the underlying operations being evaluated. Additional information relating to the adjustments for the Non-GAAP Adjusted EBITDA for RR Donnelley continuing operations is set forth in the notes to Exhibit 99.2. For a description of RR Donnelley's continuing operations operating segments, refer to the Business Section as filed under Exhibit 99.4 to the Current Report on Form 8-K filed on September 26, 2016.

The presentation of RR Donnelley's historical adjusted continuing operations is inherently limited in that it does not include, for all periods, income RR Donnelley receives from Donnelley Financial and LSC related to transition service agreements. Furthermore, certain expenses incurred to support RR Donnelley, Donnelley Financial and LSC's shared operations are included, which are not necessarily representative of costs required to support RR Donnelley's stand-alone business.

Edgar Filing: RR Donnelley & Sons Co - Form 8-K

The financial information is intended for informational purposes only and does not purport to project RR Donnelley's financial performance or cost structure for any future period. The financial information should be read in conjunction with the audited consolidated financial statements and accompanying notes and Management's Discussion and Analysis of Financial Condition and Results of Operations included in RR Donnelley's Form 10-K for the year ended December 31, 2015 and the unaudited condensed consolidated financial statements and accompanying notes and Management's Discussion and Analysis of Financial Condition and Results of Operations included in RR Donnelley's Form 10-Q for the periods ended March 31, 2016, June 30, 2016, and September 30, 2016. Such reports, however, do not give effect to the Separation, as described above, or the Distribution.
