Fellow Shareholders:

You are cordially invited to attend the 2017 Annual Meeting of Shareholders of Catalent, Inc. to be held at 8:30 a.m. on Thursday, November 2, 2017 at the company's headquarters, 14 Schoolhouse Road, Somerset, New Jersey.

At the Annual Meeting, shareholders will vote on a number of important proposals. Please take the time to read each of the proposals, which we describe in our Proxy Statement for the Annual Meeting. We will primarily use the internet to furnish to shareholders our Proxy Statement and other proxy materials, including our form of ballot. We believe using the internet to distribute our proxy materials expedites shareholders' receipt of the materials, lowers the costs of the Annual Meeting, and conserves natural resources. We are sending a Notice of Internet Availability of Proxy Materials on or about September 2, 2017 to our shareholders of record as of the close of business on September 6, 2017. The notice contains instructions concerning how to access our Proxy Statement and 2017 Annual Report and vote online. If you would like to receive a printed copy of our proxy materials from us instead of downloading a printable version from the internet, please follow the instructions for requesting such materials included in the Notice.

Your vote is important. You may vote in person at the Annual Meeting, by proxy on the internet or by telephone, or by completing and mailing the enclosed proxy card in the return envelope provided.

Thank you for your support of Catalent.

Sincerely yours,

John Chiminski

Chair of the Board, President and

Chief Executive Officer

Table of Contents**PROXY SUMMARY**

This summary highlights certain information in this Proxy Statement, which is first being sent or made available to shareholders on or about September 1, 2017. As it is only a summary, please review the complete Proxy Statement and our 2017 Annual Report before you vote.

2017 FINANCIAL PERFORMANCE HIGHLIGHTS

The following summary of our financial results for the year ended June 30, 2017 (which we often call fiscal 2017 in this Proxy Statement) highlights our progress in growing our business. In fiscal 2017, we delivered another strong year from a revenue perspective, recording revenue growth of 15% in constant currency⁽¹⁾ compared to the prior fiscal year, with growth across all three of our reporting segments. Softgel Technologies, our core long-cycle segment, grew revenue 12% at constant currency, with particular strength across the consumer health side of the business. We recorded constant currency revenue growth of 16% in our Drug Delivery Solutions segment, which includes our modified release offerings, our sterile offerings and our fast-growing biologics business. And our short-cycle Clinical Supply Services segment grew revenue by 20% in constant currency and continues to be the fastest growing segment in the portfolio.

Highlights of our fiscal 2017 performance are as follows:

- Revenue of \$2,075.4 million compared to \$1,848.1 million in the prior year, showing growth of 12% as reported and 15% on a constant-currency basis
- Net earnings of \$109.8 million, or \$0.87 per diluted share, compared to net earnings of \$111.5 million, or \$0.89 per diluted share, in the prior year
- Adjusted EBITDA of \$450.0 million, or \$468.9 million on a constant-currency basis⁽²⁾
- Recorded a net leverage ratio of 4.0x, and an interest coverage ratio of 5.0x
- Generated a shareholder return of 71% for those who invested at the initial public offering (the IPO) in July 2014
- Completed two acquisitions, one based in the U.S. and one based in Canada, which have been integrated in our Drug Delivery Solutions and Softgel Technologies segments, respectively.
- Continued to reinvest a significant portion of our free cash flow in attractive, strategic, growth-driving assets

(1) Amounts at constant currency, or constant exchange rates, assume that exchange rates from foreign currencies into the U.S. dollar, the currency in which we report our financial results, did not fluctuate from those used to calculate the corresponding fiscal 2016 amounts. Percent change at constant currency is a financial reporting measure not prepared in accordance with generally accepted accounting principles (non-GAAP). For a further discussion of this measure, please see the Appendix entitled Non-GAAP Financial Measures, beginning on page A-1.

(2) For an explanation of how we determine Adjusted EBITDA and how this non-GAAP financial measure reconciles to our reported results, please see the Appendix entitled Non-GAAP Financial Measures, beginning on page A-1.

EXECUTIVE COMPENSATION

For fiscal 2017, 84% of the target total direct compensation of our Chief Executive Officer (CEO) consisted of variable pay pay that is either performance-based or tied to the price of our common stock and 59% of his target compensation consisted of long-term equity awards. For our other executive officers discussed in this Proxy Statement (our Named Executive Officers or NEOs), an average of 65% of their target total direct compensation was variable pay. The following charts illustrate the compensation pay ratio for our CEO and NEOs. These charts do not include other compensation, pension values and nonqualified deferred compensation earnings, which are shown in the Summary Compensation Table in this Proxy Statement.

The allocation of variable compensation for our CEO and other NEOs aligns with our compensation philosophy of motivating our executive officers to achieve our overall performance objectives in the short term and to grow the business to create long-term value for our shareholders. The following table provides highlights of the compensation of our CEO and other NEOs in 2017 as reported in the 2017 Summary Compensation Table in this Proxy Statement. For the complete details of compensation, please review the entire Proxy Statement.

* Ms. Johnson's employment with the company ended on June 30, 2017. As part of her severance, our Compensation and Leadership Committee (the Compensation Committee) approved the ordinary course vesting of incentive compensation granted to her in fiscal 2017 and prior years and scheduled to vest up to August 27, 2017, which modification had a fair value of approximately \$480,580 as of the date of approval. This amount is included in the amount reported in the Long-Term Incentive Plan (LTIP) column.

At the 2016 Annual Meeting, our shareholders voted 99.4% in favor of our say-on-pay proposal, demonstrating their concurrence that our executive compensation program reflects a pay-for-performance philosophy.

ANNUAL MEETING, VOTING, AND PROCEDURES

ANNUAL MEETING INFORMATION

We are making this proxy statement available to our shareholders in connection with the solicitation of proxies by the Board of Directors for our 2017 Annual Meeting of Shareholders. We are holding our 2017 Annual Meeting of Shareholders at 8:30 a.m. on Thursday, November 2, 2017 at our corporate headquarters located at 14 Schoolhouse Road, Somerset, New Jersey. You may obtain directions from our Corporate Secretary (address on page 26).

We do not require tickets for admission to the meeting, but we do limit attendance to shareholders of record on the record date, September 6, 2017, or their proxy holders. Please bring proof of your common stock ownership, such as a current brokerage statement, the 16-digit number included on your proxy card or Notice of Internet Availability, and valid government-issued photo identification. If you hold shares through a bank, broker, or other nominee (also known as shares held in street name), you must obtain a valid legal proxy, executed in your favor, from the holder of record if you wish to vote those shares at the meeting.

For safety and security purposes, no camera, camcorder, videotaping equipment, or other recording device, and no large package, banner, placard, or sign will be permitted in the meeting. Since seating may be limited, admission to the Annual Meeting will be on a first-come, first-served basis.

Only shareholders or their valid proxy holders may address the meeting.

The Board of Directors does not intend to bring any matter before the Annual Meeting other than those set forth above, and the Board of Directors is not aware of any matter that anyone else proposes to present for action at the meeting. However, if any other matter properly comes before the meeting, your proxy gives authority to the designated proxy holder to vote on such matters in accordance with the holder's best judgment.

QUORUM AND REQUIRED VOTE

We will have a quorum and will be able to conduct the business of the Annual Meeting if a majority of the outstanding shares of our common stock entitled to vote at the meeting are present, either in person or by proxy. Each share is entitled to one vote on each matter to be voted upon at the Annual Meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining whether a quorum is present for the meeting.

Table of Contents

The table below describes the vote requirements and the effect of abstentions and broker non-votes, as prescribed under our bylaws and Delaware law, for the election of directors and the approval of the other items on the agenda for the meeting.

Proposal	Vote Required	Effect of Abstentions and Broker Non-Votes*
Elect Three Members of Our Board of Directors	Majority of the votes cast	Abstentions and broker non-votes will have no effect on the outcome of the election.
Ratification of Appointment of Independent Auditor for Fiscal 2018	Majority in voting power of the shares present in person or represented by proxy and entitled to vote on the matter	Abstentions will have the effect of a vote against.
Advisory Vote on the Approval of Executive Compensation (Say-on-Pay)	Majority in voting power of the shares present in person or represented by proxy and entitled to vote on the matter	Abstentions will have the effect of a vote against. Broker non-votes will have no effect on the outcome.
Amendment of Amended and Restated Certificate of Incorporation to Eliminate the Supermajority Vote Requirement for Shareholders to Amend our Bylaws	66 $\frac{2}{3}$ % in voting power of all outstanding shares entitled to vote thereon	Abstentions and broker non-votes will have the effect of a vote against.
Amendment of Amended and Restated Certificate of Incorporation to Eliminate the Supermajority Vote Requirement for Shareholders to Remove Directors For Cause	66 $\frac{2}{3}$ % in voting power of all outstanding shares entitled to vote thereon	Abstentions and broker non-votes will have the effect of a vote against.

EFFECT OF NOT CASTING YOUR VOTE

If we timely receive a proxy specifying your voting choice, your shares will be voted in accordance with that choice.

If you are a registered shareholder and you do not cast your vote, no vote will be cast on your behalf on any of the Proposals at the Annual Meeting. If you sign and return a proxy card without specific voting instructions, or if you vote by telephone or via the internet without indicating how you want to vote, your shares will be voted in accordance with the Board of Directors' voting recommendations stated above.

If you hold your shares in street name, you will receive a voting instruction form that lets you instruct your bank, broker, or other nominee how to vote your shares. Under NYSE rules, if you do not provide voting instructions to your broker, the broker is permitted to exercise discretionary voting authority only on routine matters. The only routine item on this year's Annual Meeting agenda is Proposal 2 Ratification of Appointment of Independent Auditor for Fiscal 2018. If you hold your shares in street name, and you wish to have your shares voted on all proposals in this Proxy Statement, you must complete and return your voting instruction form. **If you do not return your voting instruction form, your shares will not be voted on any item, except that your broker may vote in its discretion on Proposal 2.**

SOLICITATION

We will pay the cost of preparing, assembling, printing, mailing, and distributing these proxy materials. We will provide copies of these proxy materials to banks, brokerage houses, fiduciaries, and custodians holding in their names shares of our common stock beneficially owned by others so that they may forward these proxy materials to the beneficial owners. Our directors, officers, or employees may solicit proxies or votes for us in person, or by mail, telephone, or electronic communication. They will not receive any additional compensation for these solicitation activities. In addition, we have retained Innisfree M&A Incorporated (Innisfree) to assist in soliciting proxies for a fee of \$20,000 plus an additional nominal fee per incoming and outgoing telephone contact. We have also agreed to reimburse Innisfree for certain out-of-pocket fees and expenses and to indemnify Innisfree against certain losses, claims, damages, liabilities, or expenses.

Table of Contents

PROPOSAL 1 - ELECT THREE MEMBERS OF OUR BOARD OF DIRECTORS

(Item 1 on the Proxy Card)

The Board of Directors currently consists of nine directors evenly divided into three classes, I, II and III. Our directors serve for class-based staggered terms of three years and until their successors are duly elected and qualified, or until their earlier death, resignation, or removal. Each year, there is an election with respect to the class of directors whose terms are expiring. The directors in Class III, whose terms expire at the 2017 Annual Meeting of Shareholders, are Rolf Classon, Gregory Lucier, and Uwe Röhrhoff. The Board of Directors has nominated each of these directors to stand for re-election for a three-year term, which will expire at the 2020 Annual Meeting of Shareholders. Messrs. Classon, Lucier, and Röhrhoff, as nominees for director, have consented to being named in this Proxy Statement and to serve if elected.

Our Board of Directors recommends that you vote on your proxy card or voting instruction form **FOR** the election of each of the Board's nominees, **Mr. Classon, Mr. Lucier, and Mr. Röhrhoff**, to serve as Class III directors of Catalent until our 2020 Annual Meeting of Shareholders and until their successors are duly elected and qualified, or until their earlier death, resignation, or removal.

BACKGROUND TO THE BOARD'S

RECOMMENDATION IN FAVOR OF THE NOMINEES

The Nominating and Corporate Governance Committee of the Board of Directors (the "Nominating Committee") is directed under its charter to identify qualified individuals to become directors, and to recommend individuals it identifies to the Board of Directors for nomination. The Nominating Committee considers a number of factors and principles in recommending the slate of director nominees for election. In particular, the Nominating Committee considers the following when evaluating and selecting nominees: the candidate's individual qualifications, including strength of character, mature judgment, familiarity with our business and industry, independence of thought, an ability to work collegially, and all other factors it considers appropriate, which may include age, gender, and ethnic and racial background, existing commitments to other businesses, potential conflicts of interest with other pursuits, legal considerations such as antitrust issues, corporate governance background, various and relevant career experience, relevant technical skills, relevant business or government acumen, financial and accounting background, executive compensation background, and the size, composition, and combined expertise of the existing Board of Directors.

The Nominating Committee has evaluated each of Mr. Classon, Mr. Lucier, and Mr. Röhrhoff against the factors and principles it uses to select nominees for director. The Nominating Committee considered, among other things, that each of the nominees is an existing member

of our Board of Directors, is familiar with us and the risks and opportunities we face, and has demonstrated an ability to work collegially and productively with the remainder of our Board of Directors. The Nominating Committee also considered particular aspects of each of the director nominees, as noted below with the nominee's biography under the heading "Specific qualifications, experience, skills and expertise."

Following its evaluation, the Nominating Committee voted to recommend the nominees to the Board of Directors as candidates for election to a new term of office. Based in part on the Nominating Committee's evaluation and recommendation, the Board of Directors has concluded that it is in our best interest and the best interest of our shareholders for each of the proposed nominees to serve as a member of our Board of Directors.

CORPORATE GOVERNANCE

INTRODUCTION

We are and have been throughout fiscal 2017 in compliance with the following corporate governance standards:

- A majority of our Board of Directors consists of independent directors as defined under the rules of the NYSE.
- Our Nominating Committee, which selects or recommends all of our director nominees, is comprised solely of independent directors and operates under a written charter addressing its operation and responsibilities, including the nomination process.
- Our Compensation Committee, which oversees the compensation of our executive officers and the performance of our CEO, is comprised solely of independent directors and operates under a written charter addressing its operation and responsibilities.
- Our Audit Committee, which annually appoints our auditors, subject to ratification by our shareholders, and oversees our annual audit, is comprised solely of independent directors and operates under a written charter addressing its operation and responsibilities.
- Our Board of Directors and each Committee annually conducts a performance self-evaluation overseen by our Nominating Committee.
- Our Corporate Governance Guidelines (the Guidelines) and Committee charters explicitly permit our Board of Directors and each Committee to hire their own consultants, legal counsel, and other committee advisors, and we must pay the cost of all such advisors.
- Our Compensation Committee considers, when engaging compensation consultants, legal counsel, or other advisors, certain independence factors, including factors that examine the relationship between the consultant or advisor, or the consultant's or advisor's employer, and us.

We are committed to ensuring strong corporate governance practices on behalf of our shareholders. We believe strong corporate governance and an independent Board of Directors provide the foundation for financial integrity and shareholder confidence. In 2017, our Board of Directors conducted a strategic review of our corporate governance program taking into account, among other things, developments in corporate governance, shareholder interactions, legal or regulatory developments, proxy advisory firm positions, SEC guidance, and NYSE requirements. Based upon its strategic review, our Board of Directors developed a set of changes intended to enhance our corporate governance practices. In particular, our Board of Directors approved amendments to our bylaws to implement proxy access (which will be available to shareholders beginning with our 2018 annual meeting) and a majority voting standard for the election of directors in uncontested elections. In addition, our Board of

Directors revised the Guidelines to adopt a director resignation policy, require that a Lead Director be elected from among the independent directors when a non-independent director serves as Chair of the Board of Directors, and to reflect best practices with respect to director overboarding. Unanimously, our Board of Directors recommends that shareholders vote in favor of Proposals 4, 5 and 6 described herein.

Our commitment to good corporate governance is evidenced by the Guidelines, which are available on our corporate website at <http://investor.catalent.com/corporate-governance>. The Guidelines set forth the principles and practices that our Board of Directors will continue to follow in carrying out its responsibilities, including ongoing review of our corporate governance practices in light of our business initiatives, the interests of our shareholders, and evolving best practices.

KEY CORPORATE GOVERNANCE FEATURES

Our key corporate governance features include the following:

Board Independence	🌑	Our Board of Directors has determined that eight out of nine of our directors are independent under the NYSE listing standards.
	🌑	Our CEO is the only member of management who serves as a director.
Board Committees	🌑	We have five committees of the Board of Directors the Audit Committee, the Compensation Committee, the Nominating Committee, the Quality and Regulatory Compliance Committee, and the Mergers & Acquisitions Committee each of which is composed entirely of independent directors.
	🌑	Each of our five Committees operates under a written charter and reports regularly to the Board of Directors concerning its activities.
Lead Director	🌑	When a non-independent director serves as Chair of our Board of Directors, our Guidelines require the independent directors to appoint a Lead Director from among them. Mr. Stahl has served in that role since October 2016.
Executive Sessions	🌑	Our Board of Directors holds regular executive sessions of non-management directors, which are chaired by our Lead Director.
Board Oversight of Risk	🌑	Risk management is overseen by our Audit Committee.
	🌑	Our Compensation Committee reviews risks arising from our compensation practices so that those practices encourage management only to act in the best interests of our shareholders.
	🌑	Our Nominating Committee oversees risk associated with potential conflicts of interest as well as effectiveness of our Guidelines.
	🌑	Our Quality and Regulatory Compliance Committee focuses on risks arising out the extensive food, drug, and cosmetics regulations that govern our operations and our relationships with our customers.
Corporate Governance Guidelines	🌑	Our Board of Directors operates under the Guidelines, which define director qualification standards and other appropriate governance procedures.

Table of Contents

Majority Voting and Director Resignation Policy	🌑	Directors in uncontested elections must garner the approval of a majority of the shares cast. Any director not receiving a majority of the cast shares in an uncontested election must tender his or her resignation to the Nominating Committee, which shall promptly consider such resignation and make a recommendation to the Board of Directors with respect to what action it believes should be taken.
Accountability	🌑	Our only authorized stock consists of one class of common stock and one class of preferred stock. Each share of our common stock is entitled to one vote. We have not issued any preferred stock.
Stock Ownership	🌑	Each non-employee director is required to own shares of our common stock in an amount equal to five times the non-employee director annual cash retainer.
	🌑	Guidelines adopted by our Compensation Committee state that each of our executive officers must own shares of our common stock: our CEO must own an amount equal to 5 times his annual salary, and each of our other executive officers must own an amount equal to two and one-half times the officer's salary.
Open Lines of Communication	🌑	Our Board of Directors promotes open and frank discussions with senior management.
	🌑	Our directors have access to all members of management and other employees and are authorized to hire outside consultants or experts at our expense.
Self-Evaluation	🌑	Our Board of Directors and each of the Committees conduct annual self-evaluations.
Code of Ethics	🌑	Our Standards of Business Conduct, which, among other things, require compliance with law and the maintenance of appropriate ethical standards, is applicable to all of our directors and employees.
Overboarding	🌑	Without specific approval from the Board of Directors, no director will serve on more than four other public company boards, no Audit Committee member will serve on more than two other public company audit committees, and it is expected that directors who also serve as CEOs or in equivalent positions at other public companies generally should not serve on more than two outside public company boards.
Shareholder Proxy Access	🌑	Beginning with next year's annual meeting, we will grant shareholders who satisfy the standards set forth in our bylaws with the ability to include on our proxy their own nominees for election to the Board of Directors, provided that such director nominees satisfy the eligibility requirements set forth in our bylaws.

THE BOARD AND COMMITTEES OF THE BOARD

We are governed by a Board of Directors, which provides overall direction to and oversight of our business. The Board presently consists of nine directors evenly divided into three classes (I, II and III), eight of whom have been determined by the Board to be independent. Each director serves for a staggered term (based on class membership) of three years until the director's successor is duly elected and qualified, or until the director's earlier death, resignation, or removal. Each year, there is an election with respect to the class of directors whose terms are expiring.

Table of Contents**BOARD AND COMMITTEE ATTENDANCE**

During fiscal 2017, our Board of Directors met six times and acted by unanimous written consent two times. Each director, with the exception of Messrs. Röhrhoff and Balachandran, attended all of the meetings of our Board of Directors and of the Committees, if any, on which such director served during fiscal 2017. Messrs. Röhrhoff and Balachandran attended all meetings of our Board of Directors and their respective Committees held after they became directors in February and May 2017, respectively.

The Committees held the following number of meetings and acted by unanimous written consent the following number of times during fiscal 2017:

Committee	Meetings	Consents
Audit Committee	4	
Compensation Committee	5	1
Nominating Committee	4	
Quality Committee	4	
M&A Committee ⁽¹⁾	1	

(1) The M&A Committee was formed on May 2, 2017.

We strongly encourage members of the Board of Directors to attend our Annual Meeting of Shareholders. All of our directors then serving attended our Annual Meeting of Shareholders in October 2016.

DIRECTOR INDEPENDENCE

Under our Guidelines and the NYSE listing standards, a director is not independent if the director has or had certain specified relationships with us. As a result of its review, the Board determined that each of Messrs. Balachandran, Carroll, Classon, Lucier, Morel, Quella, Röhrhoff, and Stahl is independent, and that Melvin D. Booth, who served as a director during fiscal 2017 and retired from the Board of Directors as of August 25, 2017, was independent under our Guidelines and the NYSE listing standards. Mr. Chiminski serves on our Board of Directors, but as our President and CEO he cannot be deemed independent.

BOARD LEADERSHIP STRUCTURE

Our Guidelines, which can be found on our website at <http://investor.catalent.com/corporate-governance>, provide the Board of Directors flexibility in determining its leadership structure. The Board of Directors considers its structure and leadership each year and, as provided in our Guidelines, maintains the flexibility to determine whether the roles of Chair and CEO should be combined or separated, based on what it believes is in the best interests of the company at a given point in time. Currently, Mr. Chiminski serves as our CEO as well as the Chair of our Board of Directors. The Board of Directors has determined that combining the CEO and Chair positions is the appropriate leadership structure for the company at this

Table of Contents

time. It has determined that Mr. Chiminski, given his primary responsibility for managing the company's day-to-day operations and his extensive knowledge and understanding of the company, is best positioned to lead it at this time and to focus its attention on the issues of greatest importance to the company and its shareholders. Our Board of Directors believes that this structure encourages free and open dialogue. The Chair presides at all meetings of our shareholders and of the Board of Directors, and performs such other duties as may be designated in our bylaws or by the Board of Directors. The Board of Directors will continue periodically to evaluate our leadership structure and determine whether continuing the combined roles of CEO and Chair is in our best interest based on circumstances existing at the time.

Our Guidelines require that the independent directors on the Board elect from among themselves a Lead Director whenever the Chair of the Board of Directors is also the CEO or is a director who does not otherwise qualify as an independent director. Mr. Stahl currently serves as our independent Lead Director. The Lead Director helps to assure the appropriate oversight of company management by the Board of Directors and the optimal functioning of the Board of Directors. Among other things, under our Guidelines, the Lead Director has the authority to:

- convene meetings of the independent directors as he deems necessary;
- preside over all meetings of the Board of Directors at which the Chair is not present, including any executive sessions of the independent directors;
- act as a liaison between the Chair and the independent directors; and
- recommend to the Board of Directors the retention of consultants and advisors who directly report to it, without consulting or obtaining the advance authorization of any officer of the company.

INDEPENDENCE OF COMMITTEE MEMBERS

Our Board of Directors has determined that all current members of our Audit Committee, Compensation Committee, Nominating Committee, Quality Committee, and M&A Committee are independent within the meaning of the NYSE listing standards and our Guidelines. The members of our Audit Committee and our Compensation Committee also satisfy the additional independence requirements applicable to them as members of those Committees by the NYSE, the Exchange Act, and Code § 162(m). There is no family relationship among our directors or with any of our executive officers.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No Compensation Committee member is our current or former employee or officer. There is no interlock with any other board or company.

BOARD'S ROLE IN RISK OVERSIGHT

The Board of Directors as a whole and through its Committees oversees our risk management. Members of senior management regularly report to the Board of Directors on areas of material

Table of Contents

risk. The Board of Directors regularly reviews information regarding our strategy, finances, liquidity, operations, legal and regulatory developments, our research and development activities, and our competitive environment, as well as the risks related to these matters. The Audit Committee oversees the management of risks related to financial reporting and monitors the annual internal audit risk assessment, which identifies and prioritizes risks related to our internal controls in order to develop internal audit plans for future fiscal years. The Nominating Committee oversees the management of risks associated with the independence of the Board of Directors. The Compensation Committee oversees risks relating to our compensation plans and arrangements. The Quality Committee focuses on risks arising out of the extensive food, drug, and cosmetics regulations that govern our operations and our relationships with our customers. Each Committee provides periodic reports to the full Board of Directors regarding their areas of responsibility and oversight. We do not believe there is any relationship between how the Board of Directors oversees management of our risks and its leadership structure.

MAJORITY VOTING AND DIRECTOR RESIGNATION POLICY

In August 2017, our Board of Directors, following its strategic review of our corporate governance program, practices, and policies and the recommendation of our Nominating Committee, amended and restated our bylaws to provide, among other things, that director nominees in uncontested elections shall be elected by the affirmative vote of a majority of the votes cast in respect of the shares present in person or represented by proxy at any annual or special meeting of shareholders for the election of directors and entitled to vote on the election of directors (meaning the number of shares voted for a nominee for director must exceed the total number of shares voted against such nominee for director, with abstentions and broker non-votes not counted as a vote cast either for or against that nominee for director's election). Pursuant to our Guidelines, any incumbent director nominee who does not receive a majority of votes cast for his or her election must offer to resign from the Board of Directors. The Nominating Committee will promptly consider the offer and recommend to the Board of Directors whether to accept or reject the offer to resign. In deciding the action to be taken with respect to any such resignation offer tendered under this policy, the Nominating Committee and the Board of Directors will consider what they believe is in our best interests and the best interests of our shareholders. The Board of Directors will act on the Nominating Committee's recommendation within ninety days following the date of the shareholder meeting during which the election occurred, taking into account the factors considered by the Nominating Committee and any additional relevant information. Any director who offers a resignation will not participate in the consideration by the Nominating Committee or the Board of Directors concerning whether to accept the offered resignation. If a majority of the members of the Nominating Committee did not receive more for votes than against votes, then the independent directors (excluding those independent directors, if any, who did not receive more for votes than against votes in the most recent election) will appoint a committee of the Board of Directors solely for the purpose of considering the offered resignations and making a recommendation to the Board whether to accept them; *provided, however*, that if there are fewer than three independent directors who received more for votes than against votes in the election, then such committee will be comprised of all independent directors, and each

independent director who is required by the Guidelines to offer a resignation will not participate in the consideration by such committee and the Board of Directors concerning whether to accept that director's offer to resign. We will promptly publicly disclose the decision of the Board of Directors regarding any offer to resign, including an explanation of how the decision was reached and, if applicable, the reasons an offer to resign was not accepted, in a Current Report on Form 8-K to be filed or furnished with the SEC. If the Board of Directors determines to accept a director's offer to resign, the Nominating Committee will recommend whether to fill such vacancy or whether to reduce the size of the Board of Directors.

DIRECTOR NOMINATION PROCESS

The Nominating Committee considers and recommends the annual slate of director nominees for approval by the Board of Directors. The Nominating Committee considers a number of factors and principles in recommending the slate of director nominees for election to the Board of Directors. In particular, the Nominating Committee considers the following when evaluating and selecting nominees: the candidate's individual qualifications, including strength of character, mature judgment, familiarity with our business and industry, independence of thought, an ability to work collegially, and all other factors it considers appropriate, which may include age, gender, and ethnic and racial background, existing commitments to other businesses, potential conflicts of interest with other pursuits, legal considerations such as antitrust issues, corporate governance background, various and relevant career experience, relevant technical skills, relevant business or government acumen, financial and accounting background, executive compensation background, and the size, composition, and combined expertise of the existing Board of Directors.

Although the Board and Nominating Committee consider diversity of viewpoints, background, and experiences when identifying and reviewing candidates for the Board, the Board does not have a separate diversity policy. In identifying prospective director candidates, the Nominating Committee may seek referrals from other members of the Board, management, shareholders, and other sources. The Nominating Committee uses the same criteria for evaluating candidates regardless of the source of the referral. When considering director candidates, the Nominating Committee seeks individuals with backgrounds and qualities that, when combined with those of our incumbent directors, provide a blend of skills and experiences to further enhance the Board's effectiveness.

From time to time, we have engaged third-party search consultants to assist the Nominating Committee in identifying and/or evaluating candidates for our Board of Directors.

Shareholders may nominate directors for election by following the provisions set forth in our bylaws concerning such matters. The Nominating Committee, in accordance with our Guidelines, will consider the qualifications of any nominee proposed by one or more shareholders.

PROXY ACCESS

In August 2017, we amended and restated our bylaws to implement proxy access, which, subject to certain limitations as set forth in our bylaws, allows a shareholder or a group of up to 20 shareholders owning, continuously for at least three years, shares representing at least 3% of our outstanding voting stock entitled to vote in the election of directors, to nominate and include in our Proxy Statement for each annual meeting of shareholders at which directors may be elected, their own director nominees constituting up to the greater of 2 or 20% of the total number of directors then serving on our Board (subject to certain limitations as set forth in our bylaws), *provided* that the nominating shareholder(s) and director nominee(s) must satisfy the eligibility and procedural requirements set forth in our bylaws. Pursuant to our bylaws, each of the Board of Directors (prior to each annual meeting of shareholders) or the chair of any annual meeting of shareholders shall have the power to determine whether a director nominee has been nominated by a shareholder in accordance with the eligibility and procedural requirements of the proxy access provisions included in our bylaws. Notice of director nominees submitted under the proxy access provision of our bylaws must include the information required under our bylaws. Such notice must be delivered to our Corporate Secretary at Catalent, Inc., 14 Schoolhouse Road, Somerset, NJ 08873 for nominations for the 2018 Annual Meeting by the dates specified under **Shareholder Proxy Access** on page 105. The foregoing description of the shareholder proxy access provision included in our bylaws does not purport to be complete and is qualified in its entirety by reference to our bylaws. Our bylaws are available on our website under <http://investor.catalent.com/corporate-governance>.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders or other interested parties wishing to communicate with our Board of Directors, any of our Committees, any director individually, or the independent directors as a group may do so by contacting the Corporate Secretary either:

- By mail, addressed care of Corporate Secretary, Catalent, Inc., 14 Schoolhouse Road, Somerset, New Jersey 08873; or
- By email to CorpSec@catalent.com.

Communications will be sent to the appropriate recipient, depending on the facts and circumstances outlined in the communication, but the Corporate Secretary will not forward to directors any spam, junk mail, mass mailing, product complaint, product inquiry, new product suggestion, job inquiry, survey, or business solicitation or advertisement. Material that is unduly hostile, threatening, illegal, or similarly unsuitable will also be excluded.

STANDARDS OF BUSINESS CONDUCT

Our Board of Directors and all of our employees, including our CEO, principal financial officer, principal accounting officer, and all other executive officers are required to abide by our Standards of Business Conduct to ensure that our business is conducted in a consistently legal and ethical manner. A copy of our Standards of Business Conduct can be found on our website under <http://investor.catalent.com/corporate-governance>. We will disclose on our

Table of Contents

website any future amendment to, or waiver from, provisions of our Standards of Business Conduct affecting our directors or executive officers as and to the extent required under applicable SEC and NYSE rules.

TRANSACTIONS WITH RELATED PERSONS

Our Board of Directors has adopted a written policy regarding the review, approval, and ratification of transactions with related persons. This policy provides that a related person must promptly disclose to the Board of Directors any related person transaction. No related person transaction will be executed without the approval or ratification of our Board of Directors or a duly authorized committee of our Board of Directors. It is our policy that directors interested in a related person transaction will recuse themselves from any vote on a related person transaction in which they have an interest if the amount involved exceeds \$120,000 and a related person has a direct or indirect material interest. In general, related persons are our directors and executive officers, shareholders beneficially owning more than 5% of our outstanding stock, and their immediate family members. We refer to such a transaction as a related person transaction.

NO POST-IPO RELATED PERSON TRANSACTION

Since our IPO on July 30, 2014, we have not entered into any reportable related person transaction, nor is any related person transaction currently proposed, in which any of our directors, CEO, or executive officers has a direct or indirect material interest.

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our directors, executive officers, and beneficial owners of 10% or more of our shares of common stock to file reports with the SEC about their ownership of and transactions in our common stock. Based on our records and other information, we believe that all reports required to be filed under Section 16(a) during fiscal 2017 were timely filed, except for (a) a delayed filing on Form 4 of a portion of the derivative securities acquired by Mr. Downie on September 9, 2016 (due to administrative error, only 35,000 of the 40,748 derivative securities acquired by him were timely reported, with the balance reported three days late) and (b) a delayed filing on Form 3 of a portion of the securities held by Ms. Dolan as of September 8, 2016 (due to administrative error, only 5,737 of the 7,837 shares of common stock held by her at the time were timely reported, with the balance reported in July 2017). In addition, in connection with a review of prior Section 16(a) filings, we became aware that Mr. Chiminski failed to file a Form 4 in fiscal 2016 to report the withholding of restricted stock units (RSUs) in connection with the payment of tax liabilities arising out of the vesting of such securities and the delivery of the common stock underlying them. An amended Form 4 was filed by Mr. Chiminski on August 25, 2017.

- (1) The amounts set forth in this row relate to grants under the Catalent, Inc. 2014 Omnibus Incentive Plan (the Omnibus Plan), which was approved by a majority shareholder prior to our IPO.
- (2) The Board of Directors approved the 2007 PTS Holdings Corp. Stock Incentive Plan (the Pre-IPO Stock Plan) on May 7, 2007, and it was amended on September 8, 2010 and June 25, 2013, all prior to our IPO. (PTS Holdings Corp. is a former name of Catalent, Inc.)
- (3) All awards under the Pre-IPO Stock Plan were stock options, except for 260,480 RSUs, each of which converts to one share of our common stock, granted to Mr. Chiminski and 64,400

Table of Contents

RSUs granted to Mr. Walsh. As of June 30, 2017, only 50,480 vested and unsettled RSUs granted to Mr. Chiminski on September 16, 2011 remain outstanding, which RSUs were settled on September 16, 2017.

- (4) The weighted-average exercise price does not take into account RSU and performance share unit awards, which by their nature do not have an exercise price.
- (5) As of May 7, 2017, awards may no longer be made under the Pre-IPO Stock Plan.

DIRECTOR COMPENSATION

We provide competitive compensation to our non-employee directors to attract and retain qualified directors. The principal elements of our non-employee director compensation are an annual cash retainer, an annual equity award of restricted stock units, and additional cash fees for our Lead Director, Committee Chairs and Audit Committee members. Our directors who are employed by us receive no cash or equity compensation for service as a director.

ANNUAL CASH RETAINER

Each non-employee director receives an annual cash retainer of \$100,000 for services as a director, with an additional \$30,000 annual cash retainer for the non-employee director, if any, serving as the Lead Director. All cash retainers are paid on a quarterly basis, in arrears. Directors do not receive meeting attendance fees, but each of our directors is reimbursed for the out-of-pocket expenses the director incurs in connection with the director's service. Non-employee directors who are newly appointed or elected to the Board of Directors during the year receive an annual cash retainer that is prorated from the effective date of appointment or election to the end of the then-current fiscal year.

EQUITY-BASED COMPENSATION

Each non-employee director receives an annual grant in the form of restricted stock units in respect of shares of our common stock with a grant date fair value equal to \$140,000, with any fractional shares rounded down to the nearest whole share. The grant date fair value is equal to the closing sales price of our common stock as reported on the NYSE on the date of grant. Ownership of the restricted stock units vests on the first anniversary of the grant date, subject to accelerated vesting upon a change of control; *provided* that the director has not terminated service on or prior to the first anniversary. Non-employee directors who are newly appointed or elected to the Board of Directors receive a restricted stock unit grant that is prorated from the effective date of appointment or election to the end of the then-current fiscal year.

COMMITTEE CHAIR/MEMBER FEES

In addition to the compensation just described, we pay an annual cash fee to the Chair of the Audit Committee of \$15,000 and \$10,000 to each of the other Audit Committee members. We similarly pay an annual cash fee to the Chair of each of the Compensation, Nominating, Quality, and M&A Committees of \$10,000, but no additional fee to the other members of those Committees. All Committee fees are paid on a quarterly basis, in arrears.

DIRECTOR STOCK OWNERSHIP POLICY

Under our stock ownership policy for directors, each of our non-employee directors is required to own stock in an amount equal to five times the annual cash retainer. For purposes of this requirement, a director's holdings includes shares held directly or indirectly, individually or jointly, shares underlying vested equity-based awards and shares held under a deferral or similar plan. Each such non-employee director is required to retain 100% of the shares received following exercise of options or upon settlement of vested restricted stock units (net of shares used to satisfy applicable tax withholding obligation, if any) until the required ownership level is met. All of our directors complied with the retention provisions of this policy throughout fiscal 2017 and through the printing of this Proxy Statement.

DEFERRED COMPENSATION PLAN

Under the amended and restated Catalent Pharma Solutions, Inc. Deferred Compensation Plan (the "Deferral Plan"), effective January 1, 2016, our directors may separately elect any portion of their cash fees and up to 100% of RSU awards on a pre-tax basis by making appropriate elections in the calendar year prior to the year in which the services giving rise to such compensation being deferred is rendered.

Under the Deferral Plan, we also credit each participant's deferral account with earnings and/or losses based on the deemed investment of the accounts in one or more of a variety of investment alternatives we make available from time to time. Participants select the investment alternatives in which they want their accounts to be deemed to be invested and are credited with earnings and/or losses based on the performance of the relevant investments. Participants are able to change the investment elections for their accounts on a daily basis.

Participants in the Deferral Plan may elect from a variety of forms of payout under the plan, including lump-sum payment and various types of annual installments, with the timing depending on the form selected.

Cash and equity deferrals, company contributions, and applicable gains are held in a rabbi trust. Rabbi trust assets are ultimately controlled by us. Operating the Deferral Plan this way permits participants to defer recognition of income for tax purposes on the amounts deferred until they are paid to the participants.

Table of Contents**DIRECTOR COMPENSATION FOR FISCAL 2017**

For fiscal 2017, our directors received the amounts shown in the schedule below. All cash fees were paid on a quarterly basis, in arrears. Messrs. Chinh Chu and Bruce McEvoy, who each resigned from the Board in October 2016, received no compensation during fiscal 2017 because they were designees of a former principal shareholder.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****INTRODUCTION**

This CD&A explains our executive compensation philosophy and programs, and the decisions made by the Compensation Committee of our Board of Directors during our most recently completed fiscal year, which ended on June 30, 2017, unless otherwise noted. Each reference in this section to a year is a reference to our fiscal year, which ends on June 30, unless otherwise noted.

Our executive compensation program is intended to attract, motivate, retain, and reward our leadership so that they will act to increase shareholder value and to align the interests of our leadership with those of our shareholders on an annual and long-term basis.

In accordance with SEC rules and regulations, this CD&A also discusses the elements of our executive compensation program during the fiscal year ended June 30, 2017 for our President and Chief Executive Officer, our Executive Vice President and Chief Financial Officer, our other three most highly compensated executive officers, and one additional former executive officer (these six officers collectively are our Named Executive Officers or NEOs). In 2017, our NEOs were:

EXECUTIVE	TITLE
John Chiminski	Chair of the Board, President and CEO
Matthew Walsh	Executive Vice President and Chief Financial Officer
Barry Littlejohns	President, Drug Delivery Solutions
William Downie	Senior Vice President, Global Sales and Marketing
Steven Fasman	Senior Vice President, General Counsel & Corporate Secretary
Sharon Johnson*	Former Senior Vice President, Quality & Regulatory Affairs

* Ms. Johnson's employment with the company ended on June 30, 2017.

EXECUTIVE SUMMARY

Our executive compensation program is intended to attract, motivate, retain, and reward our leadership team. We believe that attracting and retaining superior talent is a key to delivering shareholder returns, and that a competitive compensation program supports this. Therefore, our executive compensation package ties a significant portion of executive pay to performance.

The following is a summary of important aspects of our executive compensation program discussed later in this CD&A.

- **Balanced mix of pay components and incentives.** Our compensation program targets a market-based mix of cash and equity compensation, and of short- and long-

Table of Contents

term incentives. The principal elements of our program are salary, performance-based cash bonus and long-term equity awards.

- **Pay for Performance.** We emphasize pay-for-performance to align executive compensation with our business strategy. Approximately 84% of the target total direct compensation of our CEO in 2017 was variable or performance-based.
- **Share Retention.** Our Compensation Committee has established stock ownership guidelines directing our executive officers to hold a multiple of annual salary in the form of shares of common stock in order to align management and shareholder interests.
- **Pledging and Hedging.** Our executives are prohibited from pledging our shares or hedging against the economic risk of such ownership.
- **Use of Independent Consultant.** The Compensation Committee has engaged an independent, third-party consultant to assist it in designing our compensation program and making compensation decisions as we seek to align with best practices.
- **Claw-Back/Forfeiture Provisions.** The terms of our annual performance bonus awards and long-term, equity-based awards allow us in certain circumstances to claw back cash and shares received pursuant to such awards or to require the repayment of all gains realized on the vesting or exercise of such awards.
- **Compensation Peer Group.** The Compensation Committee uses a group of peer companies, selected with the assistance of its independent compensation consultant, FW Cook, to benchmark its pay levels and benefit packages.
- **Shareholder Say-on-Pay.** At the 2016 Annual Meeting, our shareholders voted 99.4% in favor of our say-on-pay proposal, demonstrating their concurrence that our executive compensation program reflects a pay for performance philosophy. In fiscal 2017, the Compensation Committee took into account the outcome of the shareholder advisory vote on fiscal 2016 executive compensation when making decisions relating to the compensation of our NEOs and our executive compensation program and policies. Based on the level of support, the Compensation Committee did not see a need for substantive changes to our compensation program.

OVERVIEW OF 2017 BUSINESS PERFORMANCE AND EXECUTIVE COMPENSATION

2017 BUSINESS PERFORMANCE

Please note: Further information concerning the non-GAAP performance measures discussed in this section, including information concerning reconciliations between these measures and the most directly comparable U.S. GAAP-based measures, may be found in the footnotes set forth on page 1 of this Proxy Statement and in Appendix A to this Proxy Statement, entitled Non-GAAP Financial Measures, beginning on page A-1 of this Proxy Statement.

In fiscal 2017, we delivered another strong year from a revenue perspective, recording revenue growth of 15% in constant currency compared to the prior fiscal year, with growth

across all three of our reporting segments. Softgel Technologies, our core long-cycle segment, grew revenue 12% at constant currency, with particular strength across the consumer health side of the business. We recorded constant currency revenue growth of 16% in our Drug Delivery Solutions segment, which includes our modified release offerings, our sterile offerings and our fast-growing biologics business. And our short-cycle Clinical Supply Services segment grew revenue by 20% in constant currency and continues to be the fastest growing segment in the portfolio.

Listed below are some highlights of our fiscal 2017 performance:

- Revenue of \$2,075.4 million compared to \$1,848.1 million in the prior year, showing growth of 12% as reported and 15% on a constant-currency basis
- Net earnings of \$109.8 million, or \$0.87 per diluted share, compared to net earnings of \$111.5 million, or \$0.89 per diluted share, in the prior year
- Achieved Adjusted EBITDA of \$450.0 million, or \$468.9 million on a constant-currency basis
- Recorded a net leverage ratio of 4.0x, and an interest coverage ratio of 5.0x
- Generated a shareholder return of 71% for those who invested at the IPO in July 2014
- Completed two acquisitions, one based in the U.S. and one based in Canada, which have been integrated in our Drug Delivery Solutions and Softgel Technologies segments, respectively.
- Continued to reinvest a significant portion of our free cash flow in attractive, strategic, growth-driving assets

2017 COMPENSATION HIGHLIGHTS

As highlighted above, in 2017 we delivered strong financial performance. The Compensation Committee determined that our CEO exceeded his individual goals for 2017 and each of our other NEOs partially met or exceeded their respective individual goals for 2017.

Table of Contents

Executive Pay Mix for 2017

As shown in the charts below, the majority of target total direct compensation for our CEO and other NEOs during 2017 consisted of variable pay elements – specifically, the short-term incentive bonus award (which was targeted as 25% and 27%, respectively, of our CEO’s and our other NEOs’ total direct compensation) and long-term, equity-based compensation (which was targeted as 59% and 36%, respectively, of our CEO’s and our other NEOs’ total direct compensation). The Compensation Committee believes this allocation aligns with our compensation philosophy of motivating our CEO and other NEOs to achieve our performance objectives in the short term and to grow the business to create value for our shareholders in the long term. In addition, at the 2016 Annual Meeting, our shareholders voted 99.4% in favor of our say-on-pay proposal, demonstrating their concurrence that our executive compensation program reflects a pay for performance philosophy.

These charts do not include other compensation, pension values, and nonqualified deferred compensation earnings, which are shown in the Summary Compensation Table in this Proxy Statement.

CEO 2017 Compensation Overview

Employment Agreement

Mr. Chiminski, our CEO, entered into a three-year employment agreement in October 2014, replacing an earlier agreement. The October 2014 employment agreement aligned Mr. Chiminski’s compensation with comparable CEOs in our executive compensation benchmarking peer group. Mr. Chiminski’s total compensation consists of salary, an annual cash bonus, long-term equity incentives and the right to participate in benefit programs generally available to executives. The employment agreement with Mr. Chiminski is discussed in detail in Executive Agreements.

Table of Contents***Salary***

On October 22, 2014, Mr. Chiminski's base salary was increased to \$975,000. His salary did not increase during fiscal 2017, but was increased to \$1,025,000 effective August 23, 2017, in consideration of his performance and reflecting the recommendation of the Compensation Committee's independent compensation consultant.

Bonus

Mr. Chiminski received a \$1,698,750 cash bonus in 2017 under the terms of our Management Incentive Plan (the MIP), which is our incentive-based annual cash bonus plan for our senior executives, including our NEOs. His MIP award was based on the annual cash bonus opportunity target set in his employment agreement. The target for 2017 was \$1,500,000 (with a maximum payment opportunity of \$2,000,000). As discussed below, his amended employment agreement provides for a fiscal 2018 target cash bonus of \$1,350,000 with no maximum limit other than the limits of the MIP itself, which in 2018 provides for a maximum payout of 174.4% of target. The removal of the maximum limit increases the cohesiveness of senior management by aligning the method of awarding Mr. Chiminski's bonus with the other members of the team.

Our revenue, computed at the foreign exchange rates we use internally when budgeting and measuring performance against budget (our Budget-Based Revenue), and Adjusted EBITDA, computed at the same rates (our Budget-Based EBITDA), in fiscal 2017 resulted in 112.5% achievement against the business performance targets that determined 70% of the MIP bonus for Mr. Chiminski and all other senior executives. The Compensation Committee determined the remaining 30% of his MIP based on his individual achievements. (Budget-Based Revenue and Budget-Based EBITDA, financial measures used by us in calculating incentive compensation awards, are non-GAAP measures. For an explanation of how we derive these measures and reconciliations to our reported results, please see the Appendix entitled Non-GAAP Financial Measures, beginning on page A-1.)

Mr. Chiminski's MIP award was equal to 113.25% of his target opportunity. The Compensation Committee believes that his 2017 MIP compensation appropriately reflected our financial performance for the year and his individual contributions as our CEO.

Long-Term Incentive Award

During fiscal 2017, Mr. Chiminski, along with our other NEOs, received long-term incentive compensation awards as part of our long-term incentive plan (the LTIP) for the 2017-19 performance periods. Those awards are discussed in detail below.

Table of Contents

Total Direct Compensation

The chart below shows Mr. Chiminski's total direct compensation for the fiscal years 2016 and 2017 and is comprised of salary, MIP and LTIP (using grant date fair value). This chart does not include other compensation, pension values and nonqualified deferred compensation earnings, which are shown in the Summary Compensation Table. The chart includes Mr. Chiminski's actual bonus for fiscal 2017 and assumes that his long-term incentive compensation will pay out at target. The actual amounts paid could be higher or lower (for further information on our long-term incentive plan, see the section entitled "Compensation Determinations for 2017 Long-Term Incentive Awards").

Executive Agreements

As discussed in more detail later in this CD&A, we are party to agreements with our NEOs to attract and retain these executives. The agreements with Messrs. Chiminski and Walsh are employment agreements that define the nature of each officer's employment, compensation and benefits, including certain compensation and benefits following termination, and restrictive covenants. Mr. Downie, Mr. Fasman, and Mr. Littlejohns have offer letters that set forth the nature of each executive's employment, compensation, and benefits, and Mr. Downie also has a relocation agreement because Mr. Downie formerly worked from and still frequently visits our corporate offices in New Jersey even though his primary residence is in the U.K. Our former executive, Ms. Johnson, had a similar offer letter as well as a relocation agreement.

Table of Contents**OUR EXECUTIVE COMPENSATION PROGRAM****OVERVIEW**

Our executive compensation philosophy is designed to tie executive compensation to the successful execution of our overall business goals and adherence to our core values that best serves the interests of our shareholders. We believe that attracting, motivating, retaining, and rewarding superior executive talent is a key to delivering attractive shareholder returns, and that an appropriately structured executive compensation program is critical to that end. We believe that each element of our program supports the achievement of our compensation philosophy.

COMPENSATION PHILOSOPHY

Our executive compensation program is guided by the following philosophies:

- ***Competitive compensation.*** Provide a competitive compensation package that enables us to attract, motivate, retain, and reward superior executive talent.
- ***Linking compensation to performance.*** Foster a pay-for-performance philosophy by tying a significant portion of pay to financial and stock-price performance as well as other goals that support the creation of sustainable long-term shareholder value.
- ***Alignment with shareholder interests.*** Align our executives' interests with our shareholders through equity compensation and share retention guidelines.

THE COMPENSATION PROCESS**THE ROLE OF THE COMPENSATION COMMITTEE, ITS CONSULTANT, AND MANAGEMENT**

The Compensation Committee oversees the compensation program for our CEO and other executive officers, including our Named Executive Officers. Management typically formulates the initial proposal concerning a new aspect of executive compensation, including proposing salary levels and the form and content of various compensation programs, including incentive compensation programs and benefit programs such as healthcare and retirement programs. All management proposals as they relate to our NEOs are subject to Compensation Committee review and approval. The Compensation Committee has retained an independent consultant, FW Cook, to help it fulfill its responsibilities, including its review of management proposals. Among other things, FW Cook benchmarks compensation proposals using available market data and trends. In compliance with the NYSE's listing standards and SEC rules, the Compensation Committee in May 2017 conducted its annual independence assessment of FW Cook and concluded that it remains independent of management.

THE COMPENSATION COMMITTEE'S PROCESS

In accordance with its charter, the Compensation Committee is responsible for, among other duties:

- reviewing and approving our overall compensation philosophy;
- overseeing the administration of compensation and benefit programs, policies, and practices;
- reviewing and approving the identification of our peer companies with respect to various benchmarking activities and data sources used in evaluating our compensation competitiveness;
- evaluating the performance of the CEO against performance goals and objectives approved by the Board of Directors; and
- approving the performance goals, evaluating the performance, and approving the compensation of our executive officers.

Table of Contents

THE USE OF MARKET DATA IN DETERMINING COMPENSATION

The Compensation Committee considers numerous factors as it formulates and reviews pay components and the overall structure of our executive compensation program and makes compensation decisions. Among these factors are survey data, scoped to focus on companies with revenue comparable to ours, and the compensation practices of select peer companies, which we refer to as the Comparison Group. During fiscal 2017, the Compensation Committee used a Comparison Group recommended by management with input from FW Cook based on, among other things, similarities in our line of business, revenue, earnings, estimated enterprise value and number of employees. The Committee believed that reference to the Comparison Group was appropriate when reviewing our compensation program during fiscal 2017 because it believed that this group may have competed with us for executive talent. The companies in the Comparison Group that informed compensation decisions for fiscal 2017 were:

- Align Technology, Inc.
- Bio-Rad Laboratories, Inc.
- Charles River Laboratories International, Inc.
- The Cooper Companies, Inc.
- C.R. Bard, Inc.
- Haemonetics Corporation
- Hill-Rom Holdings, Inc.
- Horizon Pharma plc
- ICON plc
- Impax Laboratories, Inc.
- INC Research Holdings, Inc.
- Mallinckrodt plc
- Mettler-Toledo International Inc.
- PAREXEL International Corporation
- PerkinElmer, Inc.
- Quintiles IMS Holdings, Inc. (formerly Quintiles Transnational Holdings Inc.)*
- STERIS plc
- United Therapeutics Corporation

· West Pharmaceutical Services, Inc.

* Removed by the Compensation Committee on February 2, 2017 as the company was no longer considered a peer following a merger.

The Compensation Committee attempts to set the compensation of our executive officers at levels that are generally in the range of the median of the market data, with deviations as appropriate based on individual factors, including tenure, proficiency in role, and criticality to our performance. The Compensation Committee reviews the range of salary, annual incentive targets and long-term incentive grant values (and the combined total of these elements) of persons holding the same or similar positions at the Comparison Group, based on the most recent market data available. The Compensation Committee then generally seeks to approve compensation elements for our NEOs within a competitive range, assuming payout of performance-based compensation at target. Our executives' actual compensation may vary from the target amounts set by the Compensation Committee based on our overall performance and

52 CATALENT 2017 PROXY STATEMENT

Table of Contents

the individual's own performance, as reflected through annual incentive payouts and value realized on vesting and exercise of stock-based, long-term incentive awards.

SECTION 162(m) OF THE INTERNAL REVENUE CODE

Subject to certain limitations and terms, Code § 162(m) and its implementing regulations provide that we may not deduct compensation of more than \$1,000,000 paid in any year to our CEO and certain of our NEOs unless certain criteria are met concerning the terms of the compensation and the processes adopted by us to approve the compensation and the forms of payment. Among other things, these rules require that deductible compensation in excess of the limit be approved by a sufficiently disinterested group of directors and that the material terms governing payment be disclosed to and approved by shareholders. Because we only became a publicly traded company upon our IPO on July 30, 2014, we have been subject to a transitional period, during which the restrictions in these rules do not apply to us (though they may apply with respect to certain equity awards granted during the transitional period but that vest and settle thereafter). The transitional period is expected to end at our 2018 annual meeting.

The Compensation Committee intends to structure executive compensation to comply with Code § 162(m) to the extent that doing so is consistent with the best interests of our company and shareholders. A number of requirements must be met for particular compensation to qualify, however, and there can be no assurance that any compensation awarded will be fully deductible under all circumstances. And in appropriate circumstances, the Compensation Committee may approve elements of compensation for certain executive officers that are not fully deductible.

COMPENSATION DETERMINATIONS FOR 2017

For fiscal 2017, compensation paid to our NEOs consisted of the following elements: base salary, short-term incentive pay in the form of participation in the MIP, the opportunity to obtain long-term incentive compensation awards, and the opportunity to participate in certain benefit programs and other perquisites.

We generally review the base salary and other incentive compensation target amounts of our executive officers other than our CEO, including our non-CEO NEOs, every 18 months. For fiscal 2018, however, the Compensation Committee has decided to move to an annual review for our executive officers, consistent with the process for our employees generally. Compensation for each of Mr. Chiminski and Mr. Walsh is governed in part by his respective employment agreement.

BASE SALARY

Base salary is the principal fixed component of the target total direct compensation of our NEOs, and is determined by considering the executive's job responsibilities, market data, and the individual's performance and contributions. The Compensation Committee has adopted a

Table of Contents

practice of reviewing the salaries of our NEOs every 18 months, based on the date of employment, which will transition to an annual review process in fiscal 2018.

The 2017 base salaries for Messrs. Chiminski, Walsh, and Fasman remained at \$975,000, \$675,000, and \$550,000, respectively. Following their respective 18-month reviews during fiscal 2017, Mr. Littlejohns received a 2.3% increase in base salary, reflecting his performance, leadership, and management of our Drug Delivery Solutions business unit; Mr. Downie received a base salary increase of 4.1%, reflecting his performance, leadership, and management of our Sales & Marketing function; and Ms. Johnson received a base salary increase of 2.6%, reflecting her performance, leadership, and management of our Quality & Regulatory Affairs function. Mr. Chiminski's fiscal 2018 base salary will increase to \$1,025,000, as described above under "CEO 2017 Compensation Overview" Salary.

MANAGEMENT INCENTIVE PLAN

Summary

The MIP is an annual cash incentive program that rewards performance against annual individual and overall business goals. MIP participation is extended to a broad group of our executives that includes our Named Executive Officers. For fiscal 2017, 70% of all MIP target payouts were based on business goals and 30% were based on individual goals. The Compensation Committee selects the overall business goals for the MIP from among the corporate financial and strategic growth objectives set each year by our Board of Directors. The individual goals for each of our NEOs other than our CEO are set jointly by that NEO and the CEO, and the individual goals for our CEO are set jointly by our CEO and the Compensation Committee. These individual goals relate generally to the following categories but are not assigned numerical weightings or measuring criteria: quality and compliance, operational excellence, customer innovation/growth, organizational vitality/leadership, and financial accountability.

A graphical summary of how we calculate payment under our MIP is set forth in the charts labeled "MIP Calculation Summary for Fiscal 2017" and "MIP Calculation Summary for Fiscal 2018" at the end of this section.

Performance Targets

For fiscal 2017, the Compensation Committee based 25% of the business goals for our MIP on achievement of our Budget-Based Revenue goal and 75% on achievement of our Budget-Based EBITDA goal.

The Compensation Committee uses these financial measures because (a) it believes that they are important indicators of increasing value and growth, (b) they are the primary measures by which we set and measure performance for the fiscal year, (c) they exclude certain items that would normally be part of a calculation of net earnings but that we believe are not representative of our core business, and (d) they are widely used measures of overall financial performance. The Compensation Committee believes that (x) using a weighted combination of

Table of Contents

these two measures provides a balanced set of business performance targets that focus on growth and profitability, (y) the performance targets provide a reasonably achievable, but challenging set of goals for our NEOs and other MIP participants, and (z) tying the NEOs' bonuses to company-wide performance goals encourages collaboration across the executive leadership team. These goals are intended to incentivize all participants to maximize their performance for the benefit of our shareholders.

For fiscal 2018, the Compensation Committee has elected to introduce a third business goal, Annual Capital Deployed, which will account for 15% of the business goals for our MIP, with the Budget-Based Revenue goal comprising 20% and Adjusted EBITDA comprising 65%. Annual Capital Deployed will equal the average of Capital Deployed over the 12-month period ending on the month of measurement, with Capital Deployed for a given month equal to the working capital for such month, divided by the revenue for the 90-day period ending on the last day of such month, computed on an annualized basis. The Compensation Committee has added this metric because it believes that this will incentivize management to be as efficient as possible in its deployment of our cash resources and thereby enhance our overall profitability.

Funding For, and Payment of, MIP Awards

Achievement at the levels of our performance targets results in payment of the business-goal portion of the MIP award at 100% of the participant's target amount. For fiscal 2017, lesser amounts were payable for achievement between 90% and 100% of targeted performance, with 90% achievement entitling the participant to 50% of the participant's target amount. Similarly, more was payable for greater achievement, with 187.5% of the target amount payable at the maximum of 115% of performance. Achievement under 90% of targeted performance would result in a payment under our MIP only in the Compensation Committee's sole discretion. Achievement by each participant, including each of our NEOs, against individual goals can result in payment of the individual portion of the MIP award between 0% and 150% of the target amount. The target amount for each participant in our MIP, including each of our NEOs, is based either on a fixed sum or a percentage of the NEO's base salary and is approved annually by the Compensation Committee. For fiscal 2017, the business goals were collectively weighted at 70% of the total payout, and the individual goals were weighted at 30%. Thus, the maximum payout under our MIP is 176.25% of each executive target opportunity (187.5% x 70%, plus 150% x 30%), although Mr. Chiminski's MIP award is further capped at a maximum of \$2.0 million under his October 2014 employment agreement (which limit has been removed by the amendment to the agreement entered into on August 23, 2017). The Compensation Committee approves the funding for our MIP based on the minimum, target and maximum payouts.

Table of Contents**2017 MIP Awards**

The business performance goals and achievement level for fiscal 2017, which represented 70% of the overall target MIP award, are as follows (in millions of U.S. dollars, using our internal budget-based currency exchange rates):

Performance Measure	Weighting	Threshold Performance (50% of Target)	Target Performance (100% of Target)	Maximum Performance (187.5% of Target)	Actual Performance	Business Performance Factor Payout Percentage
Budget-Based Revenue	25%	1,775	1,972	2,420	2,104.6	30.0%
Budget-Based EBITDA	75%	393	437	524	455.3	82.5%

The CEO, together with the Senior Vice President, Human Resources, evaluated the individual performance of each of our executive officers, including the NEOs other than the CEO, based on the individual's fiscal 2017 goals and objectives. After combining the individual performance metric with the business performance metrics as set forth above, management determined a recommended MIP award for each executive officer, which they presented to the Compensation Committee. In approving MIP awards for the other NEOs, the Compensation Committee considered our financial performance in 2017 and the individual assessment of performance and accomplishments relative to their respective 2017 goals and objectives. The CEO also presented to the Compensation Committee an assessment of his own individual performance, which the Compensation Committee evaluated in determining the CEO's MIP award, based on his 2017 goals and objectives in the areas of revenue and strategic growth initiatives, integration excellence and inorganic growth, CEO strategic leadership and organizational vitality, cash management and margin initiatives, and operational excellence/quality compliance. The Compensation Committee did not assign weights in considering these areas, but took account of the differing levels of focus in each area as the year progressed.

Table of Contents

In August 2017, the Compensation Committee determined the amount of the fiscal 2017 MIP award for each of our NEOs. The following table shows for each NEO the 2017 base salary, the MIP payout target either as a fixed sum or a percentage of salary, the individual factor approved for each NEO, and the final MIP award for 2017. These awards are also set forth in the Summary Compensation Table on page 64 under the heading, Non-Equity Incentive Plan Compensation.

NEO	2017 Salary (\$)	MIP Target Amount	Individual Achievement	
			Factor (30%)	Total MIP Award(\$)
John Chiminski	975,000	\$1,500,000	115%	1,698,750
Matthew Walsh	675,000	75% of salary	120%	580,922
Barry Littlejohns	448,571	75% of salary	90%	355,559
William Downie⁽¹⁾	365,333	75% of salary	110%	306,156
Steven Fasman	550,000	75% of salary	130%	485,719
Sharon Johnson⁽¹⁾⁽²⁾	368,857	75% of salary	90%	292,530

(1) Mr. Downie's and Ms. Johnson's compensation is converted to U.K. pounds sterling before their weekly payroll or bonus amounts are calculated.

(2) Though Ms. Johnson's employment with the company ended on June 30, 2017, as part of her severance she remained eligible to participate for a MIP award in respect of fiscal 2017.

MIP Calculation Summary for Fiscal 2018

As described above in Management Incentive Plan Performance Targets, our Compensation Committee has approved a change in our MIP for fiscal 2018, adding Annual Capital Deployed as a performance measure. Provided below is a graphical summary of the revised calculation method for our MIP for fiscal 2018.

MIP Calculation Summary for Fiscal 2018

LONG-TERM INCENTIVE AWARDS

Our long-term incentive compensation program is extended to a broad group of our senior executives, including our NEOs, and has generally included three types of equity-based grant: time-based stock options; time-based RSUs in which there is a fixed grant to the recipient subject only to a time-based vesting requirement; and performance-based restricted stock units (PSUs), in which there is a variable grant, with the number of units ultimately earned based on the achievement of performance criteria over a multi-year performance period, subject to continuing service through the date of performance-period certification. Grants to our NEOs in each of fiscal 2016 and 2017 were divided into PSUs (50% of the value awarded), stock options (30%), and RSUs (20%). By awarding grants with a multi-year performance period, we appropriately align executives with the long-term best interests of our shareholders.

Table of Contents

In fiscal 2017, the following long-term incentive grants were awarded to our CEO and our other NEOs (which awards are also set forth in the Summary Compensation Table on page 64 under the heading, "Stock Awards and Option Awards"):

NEO	Total Grant Value of 2017 Long-Term Incentive Awards (\$)	Value of 2017 Stock Option Grants (\$)	# of 2017 Stock Options Granted	Grant Value of Other Stock-Based 2017 Awards (\$) ⁽¹⁾	# of Stock-Based Awards Granted ⁽¹⁾
John Chiminski	3,600,078	1,080,000	151,049	2,520,078	101,131
Matthew Walsh	675,040	202,502	28,322	472,538	18,963

(1) Includes RSUs and PSUs, where the number and value of PSUs assume performance at target. For more information, see the table entitled, "Grant of Plan-Based Awards Table for 2017," following this CD&A. After the end of the fiscal year, the PSUs previously granted to Messrs. Chiminski and Fasman in 2017 were cancelled and reissued as performance-based restricted stock ("Performance Shares") subject to identical performance criteria in order to avoid a deductibility issue under Code § 162(m).

(2) With the exception of 4,438 stock options scheduled to vest on July 26, 2017, the grants awarded to Ms. Johnson in fiscal 2017 were cancelled in accordance with their terms when her employment ended on June 30, 2017. The LTIP value above includes an award modification value of \$480,580 which represents options, RSUs, and PSUs granted to her in fiscal 2017 and prior years that were scheduled to vest through August 27, 2017. The modification approved by the Compensation Committee on May 1, 2017 allowed for the awards to remain outstanding past her date of termination. The option value of \$231,271 includes a modification value of \$104,337 for the options that were allowed to remain outstanding. The grant value of other stock-based awards of \$672,479 includes a modification value of \$376,243 representing RSUs and

PSUs granted in fiscal 2015 that were scheduled to vest prior to August 27, 2017 and remained outstanding. Awards under our LTIP, which operated prior to our IPO under the Pre-IPO Stock Plan and now operates under the Omnibus Plan, are generally determined and approved by the Compensation Committee on a dollar-value basis, which is then translated into a fixed or target number of options, RSUs, or PSUs as follows:

- We use the Black-Scholes method to calculate the value of an option on one share of our common stock, using the closing price per share as reported on the NYSE (the Grant Date Share Price), and divide the option value into the grant value, rounding

60 CATALENT 2017 PROXY STATEMENT

Table of Contents

up to the nearest whole number, to calculate the number of options to award.

- We divide the grant value of RSUs by the Grant Date Share Price, rounding up to the nearest whole number, to calculate the number of RSUs to award.
- We divide the grant value of PSUs by the Grant Date Share Price (or, in the case of Relative Return PSUs, as defined below, the value derived from a Monte Carlo pricing model, reflecting the valuation's dependence on market conditions), rounding up to the nearest whole number, to calculate the number of PSUs to award at target, with the actual number of PSUs awarded at vesting determined by performance compared to a pre-set target level of performance.

Subject to the recipient's continued service with us through each applicable vesting date, one-fourth of the shares subject to stock options will vest on each one-year anniversary of the grant date, and the entire award of RSUs granted in fiscal 2016 and 2017 will vest on the third anniversary of the grant date. Subject to the recipient's continued service with us through the vesting date, the PSUs granted under the LTIP during fiscal 2016 and 2017 will vest when we determine whether we have met the performance criteria following the end of the three-year performance period.

The size of the LTIP award for 2017 for our CEO was fixed in his employment agreement. The Compensation Committee determined in 2017 to award NEOs other than the CEO with long-term incentive grants during 2017 whose target value equaled 100% of base salary, reacting in part to multi-year equity grants made to NEOs prior to our IPO, even though the LTIP grant value was below the median value of long-term incentive grants in the market data. The Compensation Committee has indicated that it expects to adjust grants in future years towards a market-based determination of LTIP grant value.

For fiscal 2016 and fiscal 2017, the Compensation Committee set the performance metrics for the PSUs awarded under our LTIP using adjusted diluted earnings per share (Adjusted EPS) and relative total shareholder return (Relative Return), each of which will apply to 50% of the overall value of PSUs to be awarded. The actual target number of Relative Return PSUs awarded each year differs slightly from the target number of Adjusted EPS PSUs due to a slight difference in the U.S. GAAP valuation of each type of PSU.

- Our Adjusted EPS will be calculated using the same adjustments used to calculate our Budget-Based EBITDA, together with corresponding adjustments to the tax accrual. The Adjusted EPS calculations for each fiscal year in the 3-year performance period will then be added together and compared to the cumulative target set by the Compensation Committee at the beginning of the performance period.
- Achievement of the Adjusted EPS target will earn the participant 100% of the Adjusted EPS target number of shares. We will distribute fewer shares for achievement below target, with a 75% achievement threshold. At 75% achievement, 50% of the target number of Adjusted EPS PSUs will be earned; no shares are earned for achievement below the threshold. Similarly, the maximum achievement is 125%, with a distribution at 200% of target. Earnouts are interpolated for levels of performance between threshold and target, and between target and maximum.

Table of Contents

- Total shareholder return for both our common stock and the stocks of the Relative Return comparator group will be calculated by determining the change in the price per share of common stock over the performance period, and then adding the total amount of dividends paid during the performance period, assuming reinvestment of dividends (we do not currently pay dividends).
- Relative Return will be determined by the percentile rank of our total shareholder return during the 3-year performance period relative to the companies comprising the S&P Composite 1500 Healthcare Index, which was made up of 173 companies as of July 2017.
- Achievement of the median Relative Return will earn the participant 100% of the Relative Return target number of shares. We will distribute fewer shares for achievement below target, with a 25th percentile achievement threshold. At this percentile, 50% of the target number of Relative Return PSUs will be earned; no shares are earned for achievement below the threshold. Similarly, the maximum achievement is the 75th percentile, with a distribution at 150% of target. Earnouts are interpolated for levels of achievement between threshold and target, and between target and maximum.

The performance criteria for the PSUs awarded during fiscal 2015 under our LTIP were based on our cumulative achievement of Budget-Based Revenue (weighted 25%) and Budget-Based EBITDA (weighted 75%) during the performance period of fiscal 2015-17 as against the targets established at the beginning of such performance period. If we achieve 100% of the target level of performance, then the participant will earn the target number of PSUs. Lower performance will result in fewer PSUs, but nothing will be earned if achievement is below a minimum threshold set by the Compensation Committee. Similarly, participants will earn more PSUs if achievement exceeds the target, up to a maximum of 200% of the target number of PSUs. As determined by our Compensation Committee after the end of the fiscal year, the PSUs granted during fiscal 2015 were earned at 108% of target for the fiscal 2015-17 performance period.

The Compensation Committee believes that the PSU performance targets in all periods represent reasonably achievable, but challenging goals and are intended to incentivize all participants to maximize their performance for the long-term benefit of our shareholders.

OTHER BENEFITS UNDER OUR EXECUTIVE COMPENSATION PROGRAM

BENEFITS AND PERQUISITES

We provide to all our employees, including our NEOs, broad-based benefits that are intended to attract and retain employees while providing them with retirement and health and welfare security. Broad-based employee benefits available to our NEOs include:

- a 401(k) savings plan for U.S. NEOs, and an equivalent plan under U.K. law for U.K.-domiciled NEOs, both of which provide for a partial employer match of employee contributions;

Table of Contents

- medical, dental, vision, life and accident insurance, disability coverage, dependent care and healthcare flexible spending accounts; and
- employee assistance program benefits.

Under our 401(k) savings plan and the equivalent U.K. plan, we match a portion of the funds set aside by the employee. In the U.S., we match 50% of the first 6% of annual compensation contributed, up to federal tax law limits on both compensation that may be considered for contribution and the amount employees may contribute. In the U.K., the plan provides for an employer matching contribution of 5-8% of eligible base salary compensation dependent on the participant contributing 3-6% of eligible base salary compensation. At no cost to the employee, we provide basic life and accident insurance coverage valued at two times the employee's annual base salary. The employee may also select supplemental life and accident insurance, for a premium to be paid by the employee.

We also provide our NEOs with limited perquisites and personal benefits that are not generally available to all employees, such as executive relocation assistance. We provide these limited perquisites and personal benefits in order to further our goal of attracting and retaining our executive talent. These benefits and perquisites are reflected in the All Other Compensation column of the Summary Compensation Table and the accompanying footnotes in accordance with SEC rules. During 2017, we did not gross up for the income tax consequences of any benefit or perquisite.

DEFERRED COMPENSATION PLAN

Our NEOs are eligible to participate in our Deferral Plan, which allows participants to receive the tax benefits associated with delaying the income tax recognition event on the compensation deferred even though our related deduction is also deferred. Participants manage an account that reflects the cash deferred, any investment gain or loss on that deferral, and any equity award deferred, and may take distributions of amounts up to the total reflected in the account according to timing elections they have made.

The Deferral Plan permits a broad group of U.S.-based executives, including our U.S.-based NEOs, to defer up to 80% of base salary, commissions (not applicable to NEOs), and MIP bonus. In addition, as discussed below, these executives may defer their PSU and RSU grants. We credit the first 6% of cash compensation deferred with a matching contribution equal to 50% of the amount deferred. Participants are immediately vested in all amounts they contribute and the related investment gains, but matching contributions and their related investment gains vest ratably over the participant's first four years of service.

Participants may choose from a variety of investment options for the cash amounts deferred.

We believe that providing the NEOs and other eligible participants with deferred compensation opportunities is a market-based benefit plan necessary for us to deliver competitive benefit packages. Additional details of the Deferral Plan follow the table entitled Fiscal 2017 Non-Qualified Deferred Compensation Table, following this CD&A.

Table of Contents**DEFERRED VESTING OR SETTLEMENT OF PSU AND RSU GRANTS**

From time to time, we have agreed, in the course of arm's-length bargaining with our executives over the terms and conditions of their employment, to set the terms of a PSU or RSU grant so that settlement of the grant (*i.e.*, delivery of the shares of our common stock underlying the RSU or PSU) occurs at a time after the date of vesting. An effect of post-vesting settlement is to defer until settlement recognition of income for U.S. income tax purposes on the receipt of the underlying shares. Messrs. Chiminski and Walsh have each obtained at least one RSU grant that settled on a date after vesting. As of June 30, 2017, Mr. Chiminski's September 16, 2011 RSU grant remained vested/unsettled; see footnote 4 to the table entitled "Fiscal 2017 Outstanding Equity-Based Awards At Year-End Table," following this CD&A. In addition, the current version of the Deferral Plan permits participants to place unvested PSUs and RSUs into the plan's rabbi trust in order to delay recognition of income on these awards upon vesting.

SEVERANCE AND PAYMENTS ON A CHANGE OF CONTROL

Our NEOs are eligible for severance benefits in connection with a termination of employment and/or a change of control in certain circumstances. The severance benefits are discussed below, and certain aspects of these benefits are further presented in the Fiscal 2017 Potential Payments upon Employment Termination or Change of Control Tables beginning on page 75.

Mr. Chiminski's Severance, Termination, and Change of Control Benefits

Mr. Chiminski's employment agreement, executed in October 2014 and amended in August 2017, the Pre-IPO Stock Plan, the Omnibus Plan, and the related stock option agreements, RSU agreements, PSU agreements, restricted stock agreements, and agreements governing Performance Shares each provide for certain benefits to be paid to him upon termination.

If Mr. Chiminski's employment terminates due to his disability or death, these agreements provide that he or his estate (as the case may be) would become entitled to (1) a pro-rata portion of any annual cash bonus he would have earned for the year of termination, based on our actual performance in respect of the full bonus year, to be paid within 2 ½ months of the end of the fiscal year in which termination occurred under the employment agreement, and (2) accelerated vesting of the portion of any unvested time-based option or RSU granted to him under the Pre-IPO Stock Plan that would otherwise have vested within 12 months following his termination of employment.

Should Mr. Chiminski's employment terminate due to death, his beneficiaries will receive a death benefit equal to 1.5 times his base salary (currently \$1,537,500) under a group life insurance program we provide that covers all eligible active employees.

Furthermore, if Mr. Chiminski's employment terminates due to death, his beneficiaries will be entitled to accelerated vesting of all unvested options, RSUs, PSUs, restricted stock, and Performance Shares granted under the Omnibus Plan, and, if he terminates due to disability, all unvested options, RSUs, PSUs, restricted stock and Performance Shares granted under the Omnibus Plan will continue to vest as if Mr. Chiminski had continued employment through each applicable anniversary of the grant date.

Table of Contents

Mr. Chiminski's employment agreement provides that, upon any termination for good reason or due to Mr. Chiminski's election not to extend the term, he will be entitled to receive certain accrued amounts and benefits, and a pro-rata portion of any annual cash bonus he would have earned for the year of termination based on our actual performance in respect of the full fiscal year in which Mr. Chiminski's employment terminates.

The employment agreement further provides that, if Mr. Chiminski's employment is terminated by us without cause, by Mr. Chiminski for good reason, or due to our election not to extend the term, then, subject to his execution, delivery, and non-revocation of a release of claims in our favor, Mr. Chiminski will be entitled to receive, in addition to certain accrued amounts and benefits, and a pro-rata bonus, in the amount set forth in the immediately prior paragraph, an amount equal to two times the sum of (x) Mr. Chiminski's annualized then-current base salary (which salary, for purposes of calculating severance amounts, will in no event be less than \$1,025,000) and (y) his annual target bonus, payable in equal monthly installments over a two-year period; *provided, however*, that if such termination occurs within the two-year period following a change in control, such payment will instead be made in a single lump-sum payment within thirty days following the termination date. Notwithstanding the foregoing, our obligation to make such payments will cease in the event of a material breach by Mr. Chiminski of the restrictive covenants contained in the employment agreement (described below), if such breach remains uncured for a period of ten days following written notice of such breach.

In addition to the payments described above, if Mr. Chiminski's employment is terminated by us without cause, by Mr. Chiminski for good reason, or due to our election not to extend the term, Mr. Chiminski (and his spouse and eligible dependents, to the extent covered prior to such termination) will also be entitled to continued participation in our group health plans for up to two years.

The employment agreement provides that Mr. Chiminski would have good reason to terminate employment if any of the following events occur without his consent: (a) any material diminution in his duties, authorities, or responsibilities, or the assignment to him of duties that are materially inconsistent with, or that significantly impair his ability to perform, his duties as our CEO; (b) any material adverse change in his positions or reporting structures, including ceasing to be our CEO or ceasing to be a member of our Board of Directors; (c) any reduction in his base salary or target annual bonus opportunity (other than a general reduction in base salary or target annual bonus opportunity that affects all members of senior management proportionately); (d) any material failure by us to pay compensation or benefits when due under his employment agreement; (e) any relocation of our principal office or of his principal place of employment to a location more than 50 miles from its current location in Somerset, New Jersey; or (f) any failure by us to obtain the assumption in writing of our obligation to perform his employment agreement by any successor to all or substantially all of our assets. No termination of his employment based on a specified good reason event will be effective as a termination for good reason unless (x) Mr. Chiminski gives notice to us of such event within 90 days after he learns that such event has occurred (or, in the case of any event described in clauses (e) or (f), within 30 days after he learns that such event has occurred), (y) such good

Table of Contents

reason event is not fully cured within 30 days after such notice, and (z) Mr. Chiminski's employment terminates within 60 days following the end of the cure period.

In the event of any termination of Mr. Chiminski's employment, other than in the limited circumstances described with respect to a termination for death or disability, without good cause, with good reason, or because of non-renewal of the term (each, a "Good Termination"), all unvested RSUs and options granted under the Pre-IPO Stock Plan that remained outstanding would be immediately forfeited under these agreements without consideration as of the termination date. In the event of a Good Termination, Mr. Chiminski would retain the opportunity through the expiration of a portion of the grant of options to him in June 2013 to become vested, subject to attaining any specified performance goal, in a portion of the unvested grant equal to a fraction, not greater than one, the numerator of which is the number of days elapsing from the grant date through the termination date and the denominator of which is the number of days elapsing from the grant date through the date of the event that triggers additional option vesting.

For options, RSUs, PSUs, restricted stock, and Performance Shares granted under the Omnibus Plan, if Mr. Chiminski incurred a termination, other than for death, disability, or a change of control that occurs during the period commencing on the date of the consummation of a change of control and ending on the date that is eighteen months following the consummation of such change of control, we could cancel any unvested option, RSU, or PSU and he would forfeit any unvested restricted stock or Performance Shares.

Unless otherwise specifically provided for in the stock option agreement, any options that are not vested and exercisable upon Mr. Chiminski's termination of employment will be immediately cancelled. Any option that already vested at the time of a Good Termination will remain outstanding and exercisable generally for one year from the termination date or the date on which the option vested, as applicable, although the period is reduced to 90 days in the case of a termination of employment that is not a good termination and vested options will terminate immediately if we terminate Mr. Chiminski's employment for cause. Any vested option that he does not exercise within the applicable post-termination exercise period will terminate.

Effective August 23, 2017, Mr. Chiminski received Performance Shares in lieu of his fiscal 2017 and fiscal 2018 grants of PSUs, and the agreement governing such Performance Shares provides for severance, termination, and change of control benefits equal to those previously described for his PSUs.

Mr. Walsh's Severance, Termination, and Change of Control Benefits

Mr. Walsh's employment agreement, executed in October 2011, the Pre-IPO Stock Plan, the Omnibus Plan, and the related stock option agreement, RSU agreements, and PSU agreements each provide for certain benefits to be paid to him upon termination.

The employment agreement provides that, if Mr. Walsh's employment is terminated by us without cause, due to death or disability, by Mr. Walsh for good reason, or due to our election

Table of Contents

not to extend the term, then Mr. Walsh will be entitled to receive, in addition to certain accrued amounts, a pro-rated annual cash bonus. In addition, if Mr. Walsh's employment is terminated by us without cause (other than by reason of death or disability), by Mr. Walsh for good reason, or due to our election not to extend the term, Mr. Walsh will also be entitled to receive an amount equal to twice the sum of (x) Mr. Walsh's then annualized base salary and (y) his target bonus (75% of his current base salary), payable in equal monthly installments over a two-year severance period. If his employment terminates due to death, his beneficiaries will receive a death benefit equal to 1.5 times his then-current base salary (currently \$1,012,500) under our group life insurance program, which covers all eligible active employees.

In addition to the payments described above, if Mr. Walsh's employment is terminated by us without cause, by Mr. Walsh for good reason, or due to our election not to extend the term, Mr. Walsh (and his spouse and eligible dependents, to the extent applicable) would also be entitled to continued participation in our group health plans for up to two years (for the final six months of this period, if coverage cannot be continued he will be paid an amount on a grossed-up basis for our cost of such coverage).

As of the end of fiscal 2017, the occurrence of any of the following without his consent would have given Mr. Walsh good reason to terminate employment: (1) any substantial diminution in his position or duties, adverse change in reporting lines, up and down, or the assignment to him of duties that are materially inconsistent with his position, (2) any reduction in his base salary, (3) any failure by us to pay compensation or benefits when due, (4) our failure to provide him with an annual bonus opportunity that is at the same level as established in his offer letter, dated February 29, 2008, or (5) he is required to move his principal business location more than 50 miles. No termination of Mr. Walsh's employment based on a specified good reason event will be effective as a termination for good reason unless (x) he gives notice to us of such event within thirty (30) days after he learns that such event has occurred, (y) such good reason event is not fully cured within 30 days after such notice, and (z) his employment terminates within 60 days following the end of the cure period.

Mr. Walsh's agreements also provide that, in the event of any termination of his employment, any unvested RSU or option that remained outstanding would be immediately forfeited without consideration as of the termination date; however, that in the event of a termination of Mr. Walsh's employment (1) by us without cause, (2) by Mr. Walsh for good reason, (3) due to death or disability or (4) due to our election not to extend the employment term, Mr. Walsh would be deemed vested as of the termination date in any portion of any time-based option that would have otherwise vested if he had remained employed by us through the first anniversary of the termination date.

In the event of a change in control of the company or BHP PTS Holdings L.L.C. (the company through which our principal pre-IPO owner owned its interests in the company), all unvested RSUs granted under the Pre-IPO Stock Plan would become fully vested under these agreements as of the change in control. Under the Omnibus Plan, if the employment of Mr. Walsh were to terminate due to death, any unvested option, RSU or PSU would become

Table of Contents

fully vested and exercisable; however, if his employment were terminated due to disability, any unvested award under the Omnibus Plan would continue to vest as if Mr. Walsh had continued employment through each applicable anniversary of the date of grant.

In the event of a change of control in which the exit options vest, any outstanding unvested performance-based options would also vest. Furthermore, under the Omnibus Plan, in the event of a change in control, to the extent the acquiring or successor entity does assume, continue or substitute for any granted option, if Mr. Walsh were to incur a termination without cause during the period commencing on the date of the consummation of a change in control and ending on the date that is eighteen months following the consummation of such change in control, all unvested options, RSUs, and PSUs would become fully vested and exercisable.

Severance, Termination, and Change of Control Benefits for Messrs. Downie, Fasman, and Littlejohns and Ms. Johnson

Mr. Downie's, Mr. Fasman's, Mr. Littlejohns', and Ms. Johnson's severance agreements, the Pre-IPO Stock Plan, the Omnibus Plan, and the related stock option agreements, RSU agreements, and PSU agreements provide for certain benefits to be paid to each of them if their employment terminates for one of the reasons described below. If the employment of Mr. Downie, Mr. Littlejohns, or Ms. Johnson were to terminate due to death or disability, their agreements would entitle each to accelerated vesting of the portion of any time-based option granted under the Pre-IPO Stock Plan that would otherwise have vested within 12 months following a termination of employment (like Messrs. Chiminski and Walsh, they would not be entitled to any similar accelerated vesting for performance options and exit options). Under the Omnibus Plan, if the employment of Mr. Downie, Mr. Fasman, Mr. Littlejohns, or Ms. Johnson were to terminate due to death, any unvested option, RSU, or PSU would become fully vested and exercisable; however, if their employment were to terminate due to disability, any unvested award under the Omnibus Plan would continue to vest as if the NEO had continued employment through each applicable anniversary of the date of grant.

Should Mr. Fasman's or Mr. Littlejohns' employment terminate due to death, their respective beneficiaries would receive a death benefit equal to 1.5 times their current base salary (currently \$825,000 and \$675,000, respectively) under our group life insurance program, which covers all eligible active employees. Should Mr. Downie's or Ms. Johnson's employment be terminated due to death, their respective beneficiaries would receive a death benefit equal to 4 times their current base salary (totaling \$1,470,996 and \$1,482,876, respectively, after converting to U.S. dollars) under our U.K. life assurance plan.

If the employment of Mr. Downie, Mr. Fasman, Mr. Littlejohns, or Ms. Johnson were terminated by us without cause or by the executive for good reason, in each case at the end of fiscal 2017, each would become entitled to a severance payment equal to the sum of annual base salary and target annual bonus, payable in equal installments over the one-year period following the date of termination. Mr. Littlejohns and Mr. Fasman would also be entitled to continued participation in our group health plans (to the extent the executive was receiving such coverage as of the termination date), at the same premium rates as may be charged from time to time for our employees generally, which coverage would be provided until the earlier

Table of Contents

of (1) the expiration of one year following the date of termination and (2) the date the executive becomes eligible for coverage under at least one group health plan of any other employer. Each NEO is required to enter into a binding general release of claims as a condition of receiving most severance payments and benefits. Ms. Johnson became eligible to receive severance payments totaling \$941,288 upon the termination of her employment on June 30, 2017, comprised of a 2017 MIP payment of \$292,530 payable when other MIP payments are made in respect of 2017; \$370,719 (her base pay), payable in 12 equal monthly installments; and \$278,039 (her target 2018 MIP) payable when other MIP payments are made in respect of 2018 (September 2018). In addition, our Compensation Committee approved the ordinary course vesting of incentive compensation scheduled to vest up to August 27, 2017, which incentive compensation had a fair value of approximately \$480,580 as of the date of approval. The total severance paid represented an increase of approximately \$773,110 over the amounts payable under Ms. Johnson's existing severance terms, in recognition of her past service as well as in order to assure a smooth transition. Amounts in pounds sterling were converted to U.S. dollars at an exchange rate of 1.2681, which represents the average monthly rates during fiscal 2017.

Under the stock option agreements entered into in connection with the Pre-IPO Stock Plan, if the employment of Mr. Downie, Mr. Littlejohns, or Ms. Johnson were terminated by us without cause or by the NEO for good reason, each would become entitled to receive accelerated vesting of the portion of his time options that would otherwise have vested within 12 months following termination of employment (there is no similar accelerated vesting for performance options and exit options). The occurrence of any of the following without consent would give each of Mr. Downie, Mr. Fasman, Mr. Littlejohns, and Ms. Johnson good reason to terminate employment: (a) there is a substantial diminution in his or her position or duties or an adverse change in his or her reporting lines, (b) he or she is assigned duties that are materially inconsistent with his or her position, (c) his or her base salary is reduced or other earned compensation is not paid when due, (d) our headquarters is relocated by more than 50 miles, or (e) he or she is not provided with the same annual bonus opportunity specified in his offer letter, and, in each case, the breach is not cured within 30 days following our receipt of written notice from him describing the event constituting good reason. Under the stock option, RSU, and PSU agreements entered into in connection with the Omnibus Plan, if the employment of Mr. Downie, Mr. Fasman, Mr. Littlejohns, or Ms. Johnson were terminated by us without cause or by the NEO for good reason, we can cancel unvested awards.

In the event of a change of control in which the exit options vest, any outstanding unvested performance-based option would also vest.

In the event of a change in control of the company or BHP PTS Holdings L.L.C., each of Mr. Downie, Mr. Littlejohns and Ms. Johnson would become entitled to full vesting of any unvested time-based option granted under the Pre-IPO Stock Plan. As with Mr. Chiminski, their exit options and performance options would not automatically become fully vested in connection with a change in control; however, the exit options and performance options could become vested in connection with the transaction if the applicable performance targets were

Table of Contents

attained. Furthermore, under the Omnibus Plan, in the event of a change in control, to the extent the acquiring or successor entity does assume, continue or substitute for a granted Option, if the NEO were to incur a termination without cause during the period commencing on the date of the consummation of a change in control and ending on the date that is eighteen months following the consummation of such change in control, the unvested options, RSUs, and PSUs would become fully vested and exercisable.

Effective August 23, 2017, Mr. Fasman received Performance Shares in lieu of his fiscal 2017 and fiscal 2018 grants of PSUs, and the agreement governing such Performance Shares provides for severance, termination, and change of control benefits equal to those previously described for his PSUs.

OTHER COMPENSATION PRACTICES AND POLICIES**EXECUTIVE AGREEMENTS**

The following is a description of Mr. Chiminski's employment agreement, as well as of the provisions of agreements and offer letters with our other NEOs, as in effect during fiscal 2017. In addition, our NEOs have entered into agreements with respect to the long-term incentive grants they have received, the terms of which are described elsewhere in this Proxy Statement. Severance agreements and arrangements affecting our NEOs are further described above and in the table entitled the Fiscal 2017 Potential Payments Upon Employment Termination or Change of Control Tables including the footnotes, beginning on page 75.

Employment Agreement of John Chiminski

On October 22, 2014, we entered into an employment agreement with Mr. Chiminski, our CEO, which superseded his prior agreement. We amended this agreement on August 23, 2017. As amended, his employment agreement provides for a three-year employment term, which commenced on August 23, 2017, which initial term will automatically extend for successive one-year periods thereafter unless one of the parties provides the other with written notice of non-renewal at least sixty days prior to the end of the applicable term.

The financial terms of the employment agreement include (1) an annual base salary of \$975,000, which increased to an annualized rate of \$1,025,000 effective August 23, 2017, subject to discretionary increases from time to time, (2) continued participation in our MIP, and (3) continued participation in our LTIP. The employment agreement specified a MIP target annual cash bonus amount for fiscal 2017 equal to \$1,500,000 and a maximum of \$2,000,000, which bonus was calculated using the same methodology as applies to our other NEOs. Effective August 23, 2017, the target annual cash bonus amount decreased to \$1,350,000, with no maximum imposed other than the maximum inherent in the MIP itself. The employment agreement further specified an annual LTIP grant with a target value for fiscal 2017 equal to \$3,600,000, which grant was calculated using the same methodology as applies to our other NEOs. Effective August 23, 2017, the annual target value of the grant increased to \$5,625,000, and Mr. Chiminski's amended agreement entitled him to a top-up grant equal to \$2,025,000 for fiscal 2018, to recognize that the amendment was executed after he received a grant for fiscal 2018 equal to the prior grant level of \$3,600,000. The amended

Table of Contents

agreement permits us to grant Performance Shares and Restricted Stock in lieu of PSUs and RSUs, respectively.

Under his agreement, Mr. Chiminski is entitled to participate in all group health, life, disability, and other employee benefit and perquisite plans and programs in which our other senior executives generally participate. The employment agreement also provides for reimbursement to Mr. Chiminski, on an annual basis during each calendar year of the employment term, for the reasonable cost of (1) premiums for an executive life insurance policy (not to exceed \$15,000) and (2) financial services/planning (not to exceed \$15,000). He is also entitled to reimbursement for the reasonable legal fees and expenses incurred in connection with negotiating and documenting the 2017 amendment of his employment agreement, subject to customary documentation and an aggregate cap of \$20,000.

Mr. Chiminski's employment agreement provides for certain benefits to be paid to him upon termination, as described in the section above entitled "Other Benefits Under Our Executive Compensation Program Severance and Payments on a Change of Control Mr. Chiminski's Severance, Termination, and Change of Control Benefits."

Pursuant to the terms of the employment agreement, Mr. Chiminski is subject to a covenant not to (x) compete with us or solicit the business of any client or prospective client while employed and for one year following his termination of employment for any reason and (y) solicit our employees or consultants while employed and for two years following his termination of employment for any reason, in each case, subject to certain specified exclusions.

The employment agreement also contains a covenant not to disclose confidential information, an assignment of intellectual property rights and customary indemnification provisions.

Certain provisions of Mr. Chiminski's earlier employment agreements required payment of tax gross-ups of specified amounts due under the contracts. All such tax gross-up provisions were removed by mutual agreement in his current employment agreement.

Employment Agreement of Matthew Walsh

On October 11, 2011, we entered into an employment agreement with Mr. Walsh, with an effective date of September 26, 2011. The agreement provides for an initial term of three years commencing September 26, 2011, which will automatically extend for successive one-year terms thereafter unless one of the parties provides the other with notice of non-renewal no later than 60 days prior to such anniversary date.

The financial terms of the employment agreement include (1) an annual base salary of \$600,000, effective September 2011, subject to discretionary increases from time to time (it is \$675,000 as of the date of this Proxy Statement) and (2) continued participation in our MIP, with a target annual cash bonus amount equal to 75% of Mr. Walsh's annual base salary. Mr. Walsh's agreement also entitles him to participate in all group health, life, disability, and other employee benefit and perquisite plans and programs in which our other senior executives generally participate.

Table of Contents

Mr. Walsh's employment agreement provides for certain benefits to be paid to him upon termination, as described in the section above entitled "Other Benefits Under Our Executive Compensation Program Severance and Payments on a Change of Control Mr. Walsh's Severance, Termination, and Change of Control Benefits."

Pursuant to the terms of the employment agreement, Mr. Walsh is subject to a covenant not to (x) compete with us while employed and for two years following his termination of employment for any reason and (y) solicit our employees, consultants and certain actual and prospective clients while employed and for two years following his termination of employment for any reason, in each case, subject to certain specified exclusions. The employment agreement also contains a covenant not to disclose confidential information and an assignment of intellectual property rights.

Relocation Agreement for William Downie

In connection with Mr. Downie's repatriation in October 2014, from our corporate offices in the United States to our facility in Swindon, U.K., he entered into a letter agreement dated March 23, 2015 that provides an annual base salary of GBP 278,570 (it is GBP 290,000 as of the date of this Proxy Statement) and continued participation in the MIP with a target of 75% of base salary. Under this letter agreement, Mr. Downie is entitled to participate in employee benefit and perquisite plans and programs in which our other senior executives generally participate. In addition, Mr. Downie is also entitled to participate in our U.K. health benefit plan, continued participation in our U.K. pension plan and the U.K. national insurance contribution program (the U.K. statutory retirement plan), and continuation of his U.K. car allowance, and tax assistance for completing taxes for income earned through the end of his assignment in the U.S.

Offer Letter for Steven Fasman

On October 6, 2014, we provided a letter to Mr. Fasman, with an effective date of October 14, 2014, setting forth certain terms of his employment. The letter set his initial base salary at \$500,000 (it is \$550,000 as of the date of this Proxy Statement) and grants participation in our MIP. For each of 2017 and 2018, his MIP target was set at 75% of base salary. The letter also provides that he will be recommended to receive an LTIP grant equal to 100% of base salary (raised to \$650,000 for fiscal 2018).

Offer Letter for Barry Littlejohns

On May 2, 2011, we provided a letter to Mr. Littlejohns, with an effective date of July 1, 2011, setting forth certain terms of his employment. The letter set his initial base salary at \$370,000 (it is \$450,000 as of the date of this Proxy Statement) and grants participation in our MIP. For each of 2017 and 2018, his MIP target was set at 75% of base salary. The letter also provides for a grant of 2,500 stock options and a signing bonus of \$115,000.

Letter Agreement for Sharon Johnson

In connection with Ms. Johnson's relocation in June 2013, from our facility in Swindon, U.K., to our corporate offices in the United States, pursuant to a letter agreement dated June 18,

Table of Contents

2013, we confirmed the continuation of her home country compensation and benefits and made available to her certain international relocation benefits. These benefits include shipment of household goods, eligibility to participate in our U.S. health and welfare benefits plans, continued participation in our U.K. pension plan and the U.K. national insurance contribution program, payments for housing costs (grossed up for U.S. taxes), and continuation of her U.K. car allowance.

EXECUTIVE STOCK OWNERSHIP GUIDELINES

Our executive stock ownership guidelines for our CEO and certain of our executives, including the other NEOs, set a multiple of each executive's base salary as the amount of qualifying equity to be acquired by each executive. In assessing compliance with the guidelines, we count shares held outright, 50% of the value of unvested restricted stock and RSUs, and 100% of shares held in benefit plans, if any. Our guidelines by executive level are as follows:

- Mr. Chiminski: 5 times base salary
- Other NEOs: 2.5 times base salary

If, on the date of any exercise of an option to purchase our common stock or the delivery of our common stock underlying any vested RSU or PSU, an executive has not reached the minimum ownership level under the guidelines, then the executive should retain and not sell that portion of the delivered shares whose market value is equal to at least 50% of the after-tax market value of all shares delivered on that date. For purposes of complying with this provision of the guidelines, the market value is equal to the average closing price per share of our common stock as reported on the NYSE for all trading days in the last month of the prior fiscal year.

All of our NEOs have complied with the retention provisions of these guidelines during fiscal 2017.

HEDGING AND PLEDGING

Our Securities Trading Policy prohibits directors and executive officers from hedging or monetization transactions involving our stock, including, but not limited to, through the use of financial instruments such as exchange funds, variable forward contracts, equity swaps, puts, calls, and other derivative instruments, or through the establishment of a short position in our securities. Our Securities Trading Policy limits the pledging of our securities to those situations approved by our General Counsel.

EXECUTIVE COMPENSATION TABLES

The following tables summarize our NEO compensation:

- 1. Fiscal 2017 Summary Compensation Table.** This table summarizes the compensation earned by or paid to our NEOs for the fiscal years ended June 30, 2017, 2016, and 2015, to the extent applicable, including salary earned, annual incentive plan payments, the aggregate grant date fair value of stock awards and option awards granted to our NEOs, and all other compensation paid to our NEOs.
- 2. Fiscal 2017 Grants of Plan-Based Awards Table.** This table summarizes all grants of plan-based awards made to our NEOs for the fiscal year ended June 30, 2017.
- 3. Fiscal 2017 Outstanding Equity-Based Awards at Year-End Table.** This table summarizes the unvested stock awards and all stock options held by our NEOs as of June 30, 2017.
- 4. Fiscal 2017 Option Exercises and Stock Vested Table.** This table summarizes our NEOs' option exercises and stock award vesting during the fiscal year ended June 30, 2017.
- 5. Fiscal 2017 Non-Qualified Deferred Compensation Table.** This table summarizes the activity during 2017 and account balances under our Deferral Plan as of June 30, 2017, as well as amounts attributable to RSUs that vested prior to fiscal 2017 but where delivery of the underlying shares of common stock was delayed until fiscal 2018. Following the table is a description of our Deferral Plan. For additional discussion of the Deferral Plan, see Compensation Discussion and Analysis Other Benefits under Our Executive Compensation Program Deferred Compensation Plan elsewhere in this Proxy Statement.
- 6. Fiscal 2017 Potential Payments Upon Employment Termination or Change of Control Tables.** These tables summarize payments, rights, and benefits that would be provided to our NEOs in the event of certain employment terminations or a change of control, assuming such event occurred on June 30, 2017.

- (1) As Mr. Littlejohns did not qualify as a Named Executive Officer in any previous year, disclosure of his compensation for prior years is not required.
- (2) As Mr. Fasman did not qualify as a Named Executive Officer prior to 2016, disclosure of his compensation for 2015 is not required.
- (3) Ms. Johnson's employment with the company ended on June 30, 2017. As part of her severance, the Compensation Committee approved the ordinary course vesting of incentive compensation granted to her in fiscal 2017 and prior years and scheduled to vest up to August 27, 2017, which modification had a fair value of approximately \$480,580 as of the date of approval.
- (4) Values reflect the amount actually paid to the NEOs in each fiscal year reported. Mid-year base salary adjustments are not retroactive to the beginning of the fiscal year unless noted. Amounts reported include any compensation an NEO elected to defer under the Deferral Plan. During fiscal 2017, we generally reviewed compensation of all employees with a salary of at least \$275,000 on an 18-month cycle, though the Compensation Committee has decided to switch to an annual review for our most senior executives, including our NEOs, beginning with fiscal 2018. Actual changes in compensation may occur earlier based on changes to an employment agreement, performance, and market

competitiveness. Mr. Walsh's base salary increased from \$650,000 to \$675,000 effective January 1, 2016. Mr. Fasman's base salary increased from \$500,000 to \$550,000 effective April 14, 2016. Mr. Downie's base salary increased from GBP 278,570 to GBP 290,000 effective September 1, 2016. Mr. Littlejohns' base salary increased from \$440,000 to \$450,000 effective September 1, 2016. Ms. Johnson's base salary increased from GBP 285,000 to GBP 292,342 effective September 13, 2016. The amounts in Base Salary that were paid to Mr. Downie and Ms. Johnson in pounds sterling were converted to U.S. dollars at an exchange rate of 1.2681 for fiscal 2017, 1.4846 for fiscal 2016, and 1.575 for fiscal 2015, which represents the average monthly rates during our fiscal years ending on June 30, 2017, 2016, and 2015, respectively.

(5) Amounts reported for Messrs. Chiminski and Walsh for fiscal 2015 represents a special IPO bonus approved on July 30, 2014 by the Compensation Committee.

(6) Represents the aggregate grant date fair value of stock awards for fiscal years 2017, 2016, and 2015 and computed in accordance with FASB ASC Topic 718, using the assumptions discussed in Note 12, Equity-Based Compensation, to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended June 30, 2017. For fiscal years 2017 and 2016, the Compensation Committee set the performance metrics for the PSUs awarded under our LTIP using Adjusted EPS and Relative Return, each of which will apply to 50% of the target number of PSUs to be awarded. The amounts reported in this column for fiscal years 2017, 2016 and 2015 assume, in accordance with FASB ASC Topic 718, that the NEOs will receive the target number of PSUs awarded to them in each such fiscal year. If, instead, the performance during the 2017-19, 2016-18 and 2015-17 performance periods is such that the NEOs receive the maximum number of PSUs capable of being awarded (200% of target for Adjusted EPS PSUs and 150% of target for Relative Return PSUs for awards granted in fiscal 2017 and fiscal 2016 and 200% of target for awards granted in fiscal 2015, under the terms of the LTIP), the value of the grants, calculated in accordance with FASB ASC Topic 718, would be as follows:

NEO	Fiscal Year ^(a)	ASC Topic 718 Value
		at Maximum (\$)
Mr. Chiminski	2017	3,150,114
	2016	3,150,062
	2015	1,800,051
Mr. Walsh	2017	590,676

- (a) The value of Relative Return PSUs issued during fiscal year 2016 has been recalculated and differs from that reported in our fiscal 2016 proxy statement, which reported them based on the basis of the grant date price rather than the value derived from a Monte Carlo pricing model, reflecting the valuation's dependence on market conditions.

Table of Contents

(b) Not reportable for the reasons set forth in note (1) above.

(c) Not reportable for the reasons set forth in note (2) above.

The actual value of the PSUs, if any, that ultimately convert to shares of our common stock on the respective vesting dates will depend on (x) our share price on such dates and (y) our performance according to the applicable PSU's performance criteria.

The amount reported for Mr. Fasman in this column includes a one-time equity award of 15,000 RSUs granted on January 28, 2016 to recognize his leading performance and dedication as our General Counsel.

After the end of the fiscal year, the PSUs issued to Messrs. Chiminski and Fasman during fiscal 2017 were cancelled and reissued as Performance Shares with identical performance criteria in order to avoid a deductibility issue under Code § 162(m). There was no incremental fair value compensation charge associated with this change.

For Ms. Johnson, the value reported for stock awards includes a modification value of \$376,243 which represents RSUs and PSUs scheduled to vest through August 27, 2017. The modification approved by the Compensation Committee on May 1, 2017 allowed for the awards to remain outstanding past her date of termination.

(7) Reflects options we granted to the NEOs to acquire shares of our common stock. Amounts reported reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 using the assumptions discussed in Note 12, Equity-Based Compensation, to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended June 30, 2017. The Black-Scholes value of the stock options granted on July 26, 2016 was \$7.15 per option to purchase a share of our common stock, the value of the options granted on August 27, 2015 was \$10.76 per option, the value of the options granted on July 30, 2014 was \$6.15 per option, and the value of the options granted on October 23, 2014 was \$7.278 per option.

For Ms. Johnson, the value reported for option awards includes a modification value of \$104,337 which represents options scheduled to vest through August 27, 2017. The modification approved by the Compensation Committee on May 1, 2017 allowed for the awards to remain outstanding past her date of termination.

(8) Amounts reported reflect the MIP awards earned by each of our NEOs. Amounts reported include any compensation an NEO elected to defer under the Deferral Plan. Amounts reported were paid in pounds sterling for Mr. Downie and Ms. Johnson and converted to U.S. dollars at the exchange rates set forth in note (2) above.

(A) Our 401(k) qualified defined contribution plan provides that we will match 50% of each participant's contribution on the first 6% of this participant's contributions, up to regulatory limits.

(B) Represents contributions under our Deferral Plan, which, among other features, provides that we will match 50% of each participant's contribution on the first 6% of eligible pay that such participant contributes to the plan, up to any applicable limit.

(C) Mr. Downie and Ms. Johnson participate in the Catalent Pharma Solutions UK Pension Plan, a qualified defined contribution plan, with an employer contribution of 8% and 7%, respectively. The amounts reported with respect to Mr. Downie and Ms. Johnson in this column were paid in pounds sterling and converted to U.S. dollars at an exchange rate of 1.2681, which represents the average monthly rate during fiscal 2017.

(D) As a result of Mr. Downie repatriating to the UK in March 2015, we provided Mr. Downie with certain relocation and tax equalization benefits. The amount reported in this column for Mr. Downie reflects the

following: \$53,460 for payment of U.S. housing expenses; \$17,373 for his U.K. car and fuel allowance; \$500 for tax preparation; and an aggregate tax gross-up of \$683,063 with respect to tax equalization benefits paid by the company.

As a result of Ms. Johnson's extensive travel to the U.S., we provided Ms. Johnson with certain tax equalization benefits. The amount reported in this column for Ms. Johnson reflects the following: \$17,373 for her UK car and fuel allowance; \$500 for tax preparation; an aggregate tax gross-up of \$466,146 with respect to tax equalization benefits paid by the company; and \$14,258 for holiday pay reflecting accrued untaken Paid Time Off as a result of Ms. Johnson's termination of employment on June 30, 2017.

Amounts reported in this column were paid in pounds sterling and converted to U.S. dollars using an exchange rate of 1.2681, which represents the average monthly rate during fiscal 2017.

- (E) Pursuant to the terms of Mr. Chiminski's employment agreement, with respect to each calendar year during the employment term, he is entitled to be reimbursed for the reasonable cost of financial services/planning, subject to an aggregate cap of \$15,000 within the calendar year. For fiscal 2017, Mr. Chiminski received financial services/planning reimbursements in the amount of \$8,349, which amount was reduced in light of a mistaken excess payment in fiscal 2016, as

described on page 75 of the proxy statement we issued in connection with our 2016 annual meeting of shareholders.

(F) Pursuant to the terms of Mr. Chiminski's employment agreement, with respect to each calendar year during the employment term, he is entitled to be reimbursed for the reasonable cost of premiums for an executive life insurance policy, subject to an aggregate cap of \$15,000 within the calendar year. For fiscal 2017, Mr. Chiminski received a premium reimbursement in the amount of \$8,775.

(10) We have not included a column reporting any amount as "Change in Pension Value and Nonqualified Deferred Compensation Earnings" because none of our Named Executive Officers received or earned any above-market or preferential earnings during the 2015 to 2017 fiscal years and deferred compensation is reported in the year earned.

- (1) Represents potential payments for fiscal 2017 under our MIP. MIP awards are paid in cash. Pursuant to the terms of Mr. Chiminski's October 22, 2014 employment agreement, Mr. Chiminski's MIP target for fiscal 2017 is \$1,500,000 with a maximum of \$2,000,000 (which target has been amended to \$1,350,000 with no maximum other than those inherent in the MIP for fiscal 2018 and later years, effective August 23, 2017, as described in the section in our CD&A entitled "Other Compensation Practices and Policies - Executive Agreements - Employment Agreement of John Chiminski"). Each other NEO had during fiscal 2017 a MIP target payout equal to 75% of the NEO's base salary and a payout range of 0-176.25% of target. See the section in our CD&A entitled "Compensation Determinations for 2017 - Management Incentive Plan" for a further description of our MIP.

- (2) Represents PSUs granted during fiscal 2017 with respect to the 2017-19 performance period. In fiscal 2017, the Compensation Committee set the performance metrics for the PSUs awarded under our LTIP using Adjusted EPS and Relative Return, each of which will apply to 50% of the target number of PSUs to be awarded. The number of PSUs earned can range from 0-200% of the target number of Adjusted EPS PSUs granted and 0-150% of the target number of Relative Return PSUs to be awarded, depending on our achievement against the performance metrics that the Compensation Committee established at the beginning of the performance period. All of the NEOs received PSUs on July 26, 2016. See the section in our CD&A entitled "Compensation Determinations for 2017 - Long-Term Incentive Awards" for a further description of our long-term incentive compensation program. After the end of the fiscal year, Messrs. Chiminski and Fasman's PSUs were cancelled and an identical number of Performance

Table of Contents

Shares with identical vesting terms and performance measures were issued in order to avoid deductibility issues under Code § 162(m). There was no incremental fair value compensation charge associated with this change.

- (3) Represents RSUs granted during fiscal 2017. All of the NEOs received RSUs on July 26, 2016. The vesting and settlement terms of the RSUs are described in more detail in the section in our CD&A entitled Compensation Determinations for 2017 Long-Term Incentive Awards.
- (4) Represents non-qualified stock options granted during fiscal 2017. Stock options have an exercise price based on the closing price per share of our common stock on the date of grant, as reported on the NYSE. All of the NEOs were granted stock options on July 26, 2016. See the section in our CD&A entitled Compensation Determinations for 2017 Long-Term Incentive Awards for a further description of our long-term incentive compensation program.
- (5) The values of equity-based grants presented in this table were calculated in accordance with FASB ASC Topic 718 using the assumptions discussed in Note 12, Equity-Based Compensation, to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended June 30, 2017. The stock price used in each calculation is the closing price per share of our common stock on each respective grant date, as reported on the NYSE. Option values are calculated using the Black-Scholes model. The values of PSU grants assume that the awards will vest at their target values.
- (6) With the exception of 4,438 stock options scheduled to vest on July 26, 2017, the grants awarded to Ms. Johnson in 2017 were cancelled in accordance with their terms when her employment ended on June 30, 2017. In addition, the grant date of May 1, 2017 represents the modification date of equity awards granted in fiscal 2017 and prior years that were scheduled to vest through August 27, 2017. The modification was approved by the Compensation Committee and allowed for the awards to remain outstanding past her date of separation. Ms. Johnson remained eligible for a cash bonus under and in accordance with the terms of the MIP for fiscal 2017.
