Dear Zendesk Stockholder:

I am pleased to invite you to attend the 2018 Annual Meeting of Stockholders (the Annual Meeting ) of Zendesk, Inc. ( Zendesk ), which will be held virtually on May 22, 2018 at 1:00 p.m. Pacific Time. You can attend the Annual Meeting by visiting [www.virtualshareholdermeeting.com/ZEN2018](http://www.virtualshareholdermeeting.com/ZEN2018), where you will be able to listen to the Annual Meeting live, submit questions, and vote online. We are embracing the latest technology to provide expanded access, improved communication, and cost savings for our stockholders and Zendesk. We believe that holding the Annual Meeting virtually provides greater access to those who may wish to attend, including participation from locations around the world, and therefore have chosen this over an in-person meeting.

Details regarding the Annual Meeting, including how to attend the Annual Meeting online and the business to be conducted at the Annual Meeting, are more fully described in the accompanying Notice of 2018 Annual Meeting of Stockholders and Proxy Statement.

Thank you for your ongoing support of and continued interest in Zendesk. We look forward to your attendance at our Annual Meeting.

Sincerely,

Mikkel Svane

*Chair of the Board of Directors and Chief Executive Officer*

**YOUR VOTE IS IMPORTANT**

On or about April 3, 2018, we expect to mail to our stockholders a Notice of Internet Availability of Proxy Materials (the Notice ) containing instructions on how to access our proxy statement for our 2018 Annual Meeting of Stockholders (the Proxy Statement ) and our 2017 Annual Report to Stockholders (the 2017 Annual Report ). The Notice provides instructions on how to vote online or by telephone and includes instructions on how to receive a paper copy of proxy materials by mail. The Proxy Statement and the 2017 Annual Report can be accessed directly at the Internet address [www.proxyvote.com](http://www.proxyvote.com) using the control number located on your proxy card.

In order to ensure your representation at the Annual Meeting, whether or not you plan to attend the Annual Meeting virtually, please vote your shares as promptly as possible. Your participation will help to ensure the presence of a

quorum at the Annual Meeting and save Zendesk the extra expense associated with additional solicitation. If you hold your shares through a broker, your broker is not permitted to vote on your behalf in the election of directors unless you provide specific instructions to your broker by completing and returning any voting instruction form that your broker provides (or following any instructions that allow you to vote your broker-held shares via telephone or the Internet). For your vote to be counted, you will need to communicate your voting decision before the date of the Annual Meeting. Voting your shares in advance will not prevent you from attending the Annual Meeting virtually, revoking your earlier submitted proxy, or voting your stock at the virtual meeting.

If you hold your shares through a bank or broker, please follow their instructions.

**Revoking Your Proxy**

Stockholders of record may revoke their proxies by attending and voting at the virtual Annual Meeting (although attendance at the virtual Annual Meeting will not, by itself, revoke a proxy), by filing an instrument in writing revoking the proxy, by filing another duly executed proxy bearing a later date with our Secretary before the vote is counted, or by voting again using the telephone or Internet before the cutoff time (your latest telephone or Internet proxy is the one that will be counted). If you hold shares through a bank or broker, you may revoke any prior voting instructions by contacting that firm.

**Votes Required to Adopt Proposals**

Each share of our common stock outstanding on the Record Date is entitled to one vote on any proposal presented at the Annual Meeting:

For Proposal One, the affirmative vote of the majority of the votes properly cast is required for the election of each nominee to the Board. This means that the number of shares voted for a nominee must exceed the number of shares voted against such nominee. If the votes cast for any nominee do not exceed the votes cast against the nominee, the Board will consider whether to accept or reject such director's resignation, which is tendered to the Board pursuant to our corporate governance guidelines.

For Proposal Two, the affirmative vote of the majority of the votes properly cast is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018. This means that the number of shares voted for this proposal must exceed the number of shares voted against this proposal.

For Proposal Three, the affirmative vote of the majority of the votes properly cast is required in order for our stockholders to approve the compensation of our Named Executive Officers. This means that the number of shares voted for this proposal must exceed the number of shares voted against this proposal. Since this proposal is an advisory vote, the result will not be binding on our Board, the compensation committee of our Board, or the Company. Our Board and the compensation committee will consider the outcome of the vote when determining the compensation of our Named Executive Officers.

## Table of Contents

### **Effect of Abstentions and Broker Non-Votes**

Abstentions, and broker nonvotes (*i.e.*, where a broker has not received voting instructions from the beneficial owner and for which the broker does not have discretionary power to vote on a particular matter) are counted as present for purposes of determining the presence of a quorum. Abstentions are not considered votes cast for Proposal One, Proposal Two or Proposal Three, and will have no effect on the votes for these proposals.

Under the rules that govern brokers holding shares for their customers, brokers who do not receive voting instructions from their customers have the discretion to vote uninstructed shares on routine matters, but do not have discretion to vote such uninstructed shares on non-routine matters. Only Proposal Two, the ratification of the appointment of Ernst & Young LLP, is considered a routine matter where brokers are permitted to vote shares held by them without instruction. If your shares are held through a broker, those shares will not be voted with regard to Proposal One or Proposal Three unless you affirmatively provide the broker instructions on how to vote. Broker non-votes also will have no effect on the outcome of Proposal One or Proposal Three.

### **Voting Instructions**

If you complete and submit your proxy voting instructions, the persons named as proxies will follow your instructions. If you submit proxy voting instructions but do not direct how your shares should be voted on each item, the persons named as proxies will vote **FOR** the election of the nominees for director, **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, and **FOR** the non-binding advisory vote to approve the compensation of our Named Executive Officers. The persons named as proxies will vote on any other matters properly presented at the Annual Meeting in accordance with their best judgment, although we have not received timely notice of any other matters that may be properly presented for voting at the Annual Meeting.

### **Voting Results**

We will announce preliminary results at the Annual Meeting. We will report final results by filing a Form 8-K within four business days after the Annual Meeting. If final results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.

### **Notice of Internet Availability of Proxy Materials**

In accordance with the rules of the Securities and Exchange Commission (the SEC), we have elected to furnish our proxy materials, including this Proxy Statement and the 2017 Annual Report, primarily via the Internet. On or about April 3, 2018, we mailed to our stockholders a Notice of

Internet Availability of Proxy Materials (the Notice ) that contains instructions on how to access our proxy materials on the Internet, how to vote at the virtual meeting, and how to request printed copies of the proxy materials and

**Table of Contents**

2017 Annual Report. Stockholders may request to receive all future proxy materials in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

**Additional Solicitation/Costs**

We are paying for the distribution of the proxy materials and solicitation of the proxies. As part of this process, we reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning, and tabulating the Notice and proxies. Our directors, officers, and employees may also solicit proxies on our behalf in person, by telephone, email, or facsimile, but they do not receive additional compensation for providing those services.

**Table of Contents**

**PROPOSAL ONE:**

**ELECTION OF DIRECTORS**

**Number of Directors; Board Structure**

Our Board is divided into three staggered classes of directors. One class is elected each year at the annual meeting of stockholders for a term of three years. The term of the Class I directors expires at the Annual Meeting, the term of the Class II directors expires at the 2019 annual meeting, and the term of the Class III directors expires at the 2020 annual meeting. Following re-election of a director, such director is expected to hold office for a three-year term or until the election and qualification of his or her successor in office.

**Nominees**

Our Board has nominated each of Caryn Marooney, Michelle Wilson, and Hilarie Koplowl-McAdams for election as a Class I director of the Company, to hold office until the 2021 annual meeting of stockholders or until his or her successor is duly elected and qualified, subject to his or her earlier resignation or removal.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received **FOR** the election of each nominee. If any nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present Board. In the alternative, the proxies may vote only for the remaining nominee, leaving a vacancy on our Board. Our Board may fill such vacancy at a later date or reduce the size of our Board. Each of the nominees is a current member of our Board and has consented to serve if elected, and we have no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

**Recommendation of our Board**

**OUR BOARD RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE NOMINEES.**

The below biographies of each of the nominees, continuing directors, and executive officers contain information regarding each such person's service as a director or executive officer, business experience, and, with respect to the nominees and continuing directors, director positions held currently or at any time during the last five years and the experiences, qualifications, attributes, or skills that caused our Board to determine that the person should serve as a director of the Company. In addition to the information presented below regarding each nominee's and continuing director's specific experience, qualifications, attributes, and skills that led our Board to the conclusion that he or she should serve as a director, we also believe that each of our directors has a reputation for integrity, honesty, and adherence to high ethical standards. Each of our directors has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to our Company and our Board. Finally, we value our directors' experience in relevant areas of business management and on other boards of directors and board committees.

Our corporate governance guidelines also dictate that a majority of our Board be comprised of independent directors whom our Board has determined have no material relationship with the Company and who are otherwise independent directors under the published listing requirements of the New York Stock Exchange (the "NYSE").

A copy of our corporate governance guidelines can be found on our website at <https://investor.zendesk.com>.

Our Board and management are committed to good corporate governance to ensure that we are managed for the long-term benefit of our stockholders, and we have a variety of policies and procedures to promote such goals. To that end, during the past year, our management periodically reviewed our corporate governance policies and practices to ensure that they remain consistent with the requirements of the Sarbanes-Oxley Act of 2002, as amended (the Sarbanes-Oxley Act ), SEC rules, and the listing standards of the NYSE.

Besides verifying the independence of the members of our Board and committees (which is discussed in the section titled *Independence of our Board of Directors* below), at the direction of our Board, we also:

Periodically review and make necessary changes to the charters for our audit, compensation, and nominating and corporate governance committees;

Have established disclosures control policies and procedures in accordance with the requirements of the Sarbanes-Oxley Act and the rules and regulations of the SEC;

Have a procedure in place for receipt and treatment of anonymous and confidential complaints or concerns regarding audit or accounting matters; and

Have a code of business conduct and ethics that applies to our officers, directors, and employees. In addition, we have adopted a set of corporate governance guidelines. The nominating and corporate governance committee is responsible for reviewing our corporate governance guidelines from time to time and reporting and making recommendations to our Board concerning corporate governance matters. Our corporate governance guidelines address such matters as:

Director independence Independent directors must constitute at least a majority of our Board;

Monitoring board effectiveness Our Board must conduct an annual self-evaluation of itself and its committees;

Board access to independent advisors Our Board as a whole, and each of its committees separately, has authority to retain independent experts, advisors, or professionals as each deems necessary or appropriate;

Majority Voting Our Board maintains policies on director resignations to facilitate our majority vote standard; and

Board committees All members of the audit, compensation, and nominating and corporate governance committees are independent in accordance with applicable NYSE criteria.

**Meetings of the Board of Directors and Annual Meeting Attendance**

Our Board held five meetings in fiscal year 2017. During their respective terms of service, each director attended at least 75% of all meetings of our Board and the committees on which they served that were held during fiscal year 2017. Under our corporate governance guidelines, directors are expected to spend the time needed and meet as frequently as our Board deems necessary or appropriate to discharge their responsibilities. Directors are also expected to make efforts to attend our annual meeting of stockholders, all meetings of our Board, and all meetings of the committees on which they serve. Three of our directors then serving in such capacity attended our 2017 Annual Meeting of Stockholders.

### **Code of Business Conduct and Ethics**

Our Board has adopted a code of business conduct and ethics that applies to all of our employees, officers, and directors, including our Chief Executive Officer, Chief Financial Officer, and other executive and senior financial officers. A copy of our code of business conduct and ethics is available on our Internet website at <https://investor.zendesk.com> and may also be obtained without charge by contacting our Secretary at Zendesk, Inc., 1019 Market Street, San Francisco, CA 94103. We intend to disclose any amendments to our code of business conduct and ethics, or waivers of its requirements, on our website or in filings under the Securities Exchange Act of 1934, as amended (the Exchange Act), as required by the applicable rules and NYSE requirements. During fiscal year 2017, no waivers from any provision of our code of business conduct and ethics were granted to our executive officers and directors.

### **Independence of our Board of Directors**

Our Board has undertaken a review of the independence of each director. Based on information provided by each director concerning his or her background, employment, and affiliations, our Board has determined that Mmes. Koplow-McAdams, Marooney, Nelson, and Wilson and Messrs. Bass, Frandsen, and Stalder do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is independent as that term is defined under the applicable rules and regulations of the SEC and the listing standards of the NYSE. In making these determinations, our Board considered the current and prior relationships that each non-employee director has with our Company and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director and the transactions involving them described in the section titled Related Party Transactions.

### **Board's Role in Risk Oversight**

Our Board's role in overseeing the management of our risks is conducted primarily through committees of our Board, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees. Our full Board (or the appropriate Board committee in the case of risks that are under the purview of a particular committee) discusses with management our major risk exposures, their potential impact on our Company, and the steps we take to manage them. When a Board committee is responsible for evaluating and overseeing the management of a particular risk or risks, the chair of the relevant committee reports on the discussion to the full Board during the committee reports portion of the next Board meeting. This enables our Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

### **Risks Related to Compensation Policies and Practices**

As part of its oversight function, our Board, and the compensation committee in particular, along with our management team, considers potential risks when reviewing and approving various compensation plans, including executive compensation. Based on this review, our Board has concluded that such compensation plans, including executive compensation, do not encourage risk taking to a degree that is reasonably likely to have a materially adverse impact on us or our operations.

### **Board Leadership Structure**

Mikkel Svane, our founder and Chief Executive Officer, serves as Chair of our Board and presides over meetings of our Board, holds such other powers, and carries out such other duties as are customarily carried out by the Chair of a

board. Mr. Svane brings valuable insight to our Board due to the perspective and experience he brings as our founder and Chief Executive Officer. Our Board has appointed Elizabeth Nelson to serve as our lead independent director. As lead independent director, Ms. Nelson presides over periodic meetings of our independent directors, serves as a liaison between our Chair of the Board and the independent directors, and performs such additional duties as our Board may otherwise determine and delegate.

Our audit committee, among other things:

selects a qualified firm to serve as the independent registered public accounting firm to audit our financial statements;

helps to ensure the independence and performance of the independent registered public accounting firm;

discusses the scope and results of the audit with the independent registered public accounting firm, and reviews, with management and the independent registered public accounting firm, our interim and year-end operating results;

develops procedures for employees to submit concerns anonymously about questionable accounting or audit matters;

reviews our policies on risk assessment and risk management;

reviews related party transactions; and

approves all audit and all permissible non-audit services, other than de minimis non-audit services, to be performed by the independent registered public accounting firm.

Our audit committee operates under a written charter that satisfies the applicable rules of the SEC and the listing standards of the NYSE. In accordance with and pursuant to Section 10A(i)(3) of the Exchange Act, our Board has delegated to Ms. Nelson the authority to pre-approve any audit and permissible non-audit services to be performed by our independent registered public accounting firm, provided that all such decisions to pre-approve an activity are presented to the full audit committee at its first meeting following any such decision. Our audit committee held five

meetings during fiscal year 2017.

### **Compensation Committee**

Our compensation committee consists of Mmes. Marooney and Koplow-McAdams and Mr. Bass, with Mr. Bass serving as Chair. The composition of our compensation committee meets the requirements for independence under the listing standards of the NYSE and SEC rules and regulations. Each member of the compensation committee is also a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). the responsibilities of our Board relating to compensation of our executive officers. Our compensation committee, among other things:

reviews, approves, and determines the compensation of our executive officers and directors;

administers our stock and equity incentive plans;

reviews and approves, or makes recommendations to our Board regarding, incentive compensation and equity plans; and

establishes and reviews general policies relating to compensation and benefits of our employees.

Our compensation committee operates under a written charter that satisfies the applicable rules of the SEC and the listing standards of the NYSE. The charter of the compensation committee permits the compensation committee to, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the compensation committee. The compensation committee retains and does not delegate any of its responsibilities related to the review, approval, or determination of the compensation of our executive officers. Our compensation committee held four meetings during fiscal year 2017.

## **Nominating and Corporate Governance Committee**

Our nominating and corporate governance committee consists of Mmes. Marooney, Nelson, and Wilson, with Ms. Wilson serving as Chair. The composition of our nominating and corporate governance committee meets the requirements for independence under the listing standards of the NYSE and SEC rules and regulations. Our nominating and corporate governance committee, among other things:

identifies, evaluates, selects, and makes recommendations to our Board regarding, nominees for election to our Board and its committees;

considers and makes recommendations to our Board regarding the composition of our Board and its committees;

reviews and assesses the adequacy of our corporate governance guidelines and recommends any proposed changes to our Board; and

evaluates the performance of our Board and of individual directors.

The nominating and corporate governance committee operates under a written charter that satisfies the applicable listing requirements and rules of the NYSE. Our nominating and corporate governance committee held four meetings during fiscal year 2017.

### **Identifying and Evaluating Director Nominees**

Our Board has delegated to the nominating and corporate governance committee the responsibility of identifying suitable candidates for nomination to our Board (including candidates to fill any vacancies that may occur) and assessing their qualifications in light of the policies and principles in our corporate governance guidelines and the nominating and corporate governance committee's charter. The nominating and corporate governance committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks, or any other means that the nominating and corporate governance committee deems to be appropriate in the evaluation process. The nominating and corporate governance committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of our Board. Based on the results of the evaluation process, the nominating and corporate governance committee recommends candidates for our Board's approval as director nominees for election to our Board.

## **Table of Contents**

### **Minimum Qualifications**

Our nominating and corporate governance committee uses a variety of methods for identifying and evaluating director nominees and will consider all facts and circumstances that it deems appropriate or advisable. In its identification and evaluation of director candidates, our nominating and corporate governance committee will consider the current size and composition of our Board and the needs of our Board and the respective committees of our Board. Some of the qualifications that our nominating and corporate governance committee considers include, without limitation, issues of character, ethics, integrity, judgment, diversity of experience, independence, skills, education, expertise, business acumen, length of service, understanding of our business and industry, potential conflicts of interest, and other commitments. Nominees must also have proven achievement and competence in their field, the ability to offer advice and guidance to our management team, the ability to make significant contributions to our success, and an understanding of the fiduciary responsibilities that are required of a director. Director candidates must have sufficient time available in the judgment of our nominating and corporate governance committee to perform all board of director and committee responsibilities. Members of our Board are expected to prepare for, attend, and participate in all board of director and applicable committee meetings. Other than the foregoing, there are no stated minimum criteria for director nominees, although our nominating and corporate governance committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders' best interests.

Although our Board does not maintain a specific policy with respect to board diversity, our Board believes that our Board should be a diverse body, and our nominating and corporate governance committee considers a broad range of backgrounds and experiences. In making determinations regarding nominations of directors, our nominating and corporate governance committee may take into account the benefits of diverse viewpoints. Our nominating and corporate governance committee also considers these and other factors as it oversees the annual Board and committee evaluations. After completing its review and evaluation of director candidates, our nominating and corporate governance committee recommends to our full Board the director nominees for election to our Board.

### **Stockholder Recommendations**

Stockholders may submit recommendations for director candidates to the nominating and corporate governance committee by sending the individual's name and qualifications to our Secretary at Zendesk, Inc., 1019 Market Street, San Francisco, CA 94103, who will forward all recommendations to the nominating and corporate governance committee. The nominating and corporate governance committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management.

### **Stockholder Communications**

Our Board provides to every stockholder or other interested party the ability to communicate with our Board as a whole, the non-employee directors as a group, and with individual directors on our Board through an established process for stockholder communication. **RATIFICATION OF THE APPOINTMENT OF**

**OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

We have appointed Ernst & Young LLP as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2018, and we are asking you and other stockholders to ratify this appointment. Ernst & Young LLP served as our independent registered public accounting firm during our fiscal year ended December 31, 2017.

The audit committee annually reviews the independent registered public accounting firm's independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm's performance. As a matter of good corporate governance, our Board is submitting the appointment of Ernst & Young LLP to our stockholders for ratification. A majority of the votes properly cast is required in order to ratify the appointment of Ernst & Young LLP. In the event that a majority of the votes properly cast do not ratify this appointment of Ernst & Young LLP, we will review our future appointment of Ernst & Young LLP.

We expect that a representative of Ernst & Young LLP will attend the Annual Meeting and the representative will have an opportunity to make a statement if he or she so chooses. The representative will also be available to respond to appropriate questions from stockholders.

**Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm**

We have adopted a policy under which the audit committee must pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm. As part of its review, the audit committee also considers whether the categories of pre-approved services are consistent with the rules on accountant independence of the SEC and the Public Company Accounting Oversight Board. The audit committee has pre-approved all services performed since the pre-approval policy was adopted.

**PROPOSAL THREE:**

**NON-BINDING ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

Section 14A of the Exchange Act requires that we provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, not less frequently than once every three years, the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC. As described in detail under the heading Compensation Discussion and Analysis, we seek to closely align the interests of our Named Executive Officers with the interests of our stockholders.

Our compensation programs are designed to reward our Named Executive Officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total stockholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

Stockholders are urged to read the Compensation Discussion and Analysis and Executive Compensation sections of this proxy statement, which discuss how our executive compensation policies and procedures implement our compensation philosophy and contain tabular information and narrative discussion about the compensation of our Named Executive Officers. Our Board and the compensation committee believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving our compensation program goals.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our Named Executive Officers, as described in this proxy statement in accordance with the compensation disclosure rules of the SEC. The vote is advisory, which means that the vote is not binding on the Company, our Board, or the compensation committee. To the extent there is any significant vote against our Named Executive Officer compensation as disclosed in this proxy statement, the compensation committee will evaluate whether any actions are necessary to address the concerns of stockholders.

Accordingly, we are asking our stockholders to vote on the following resolution at the Annual Meeting:

**RESOLVED**, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including in the Compensation Discussion and Analysis, the compensation tables, and the narrative disclosures that accompany the compensation tables, is hereby APPROVED.

**Recommendation of our Board**

**OUR BOARD RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.**

**Table of Contents**

**COMPENSATION DISCUSSION AND ANALYSIS**

**Overview**

Our Compensation Discussion and Analysis describes our executive compensation program and the decisions in fiscal year 2017 regarding the compensation for:

Mikkel Svane, our Chief Executive Officer;

Elena Gomez, our Chief Financial Officer;

John T. Keiser, our Chief Operating Officer;

Adrian McDermott, our President of Products;

John Geschke, our Chief Legal Officer and Senior Vice President, Administration; and

Bryan Cox, our former Chief Revenue Officer.

We refer to these executive officers collectively in this Compensation Discussion and Analysis and the accompanying compensation tables as the Named Executive Officers.

We believe the compensation program for our Named Executive Officers in 2017 was instrumental in helping us to achieve strong performance in 2017, including 38% year-over-year growth in revenue for the year ended December 31, 2017, by providing a combination of short-term and long-term incentives designed to lead to such performance.

This Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program, and each element of compensation that we provide. In addition, we explain how and why the compensation committee arrived at the specific compensation policies and decisions involving our Named Executive Officers during fiscal year 2017.

This Compensation Discussion and Analysis contains forward-looking statements that are based on our current plans, considerations, expectations, and determinations regarding future compensation plans and arrangements. The actual compensation plans and arrangements that we adopt may differ materially from currently anticipated plans and arrangements as summarized in this Compensation Discussion and Analysis.

**Executive Compensation Philosophy, Objectives, and Design**

Our compensation philosophy is to provide an executive compensation program that rewards our management team for meeting our long-term business strategy, while rewarding the individual contributions of the team members.

Our executive compensation program is designed to achieve the following objectives:

attract, motivate, and retain employees at the executive level who contribute to our long-term success;

provide compensation packages to our executives that are competitive, reward the achievement of our business objectives, and effectively align executive officers' interests with those of our stockholders;

increase the incentive to achieve key strategic performance measures by linking incentive award opportunities to the achievement of performance objectives and by providing a portion of total compensation for executive officers in the form of ownership in the Company; and

promote teamwork while also recognizing the individual role each executive officer plays in our success.

## **Table of Contents**

Our executive compensation program design uses a mix of compensation elements including base salary, performance-based incentives, long-term equity incentives, and benefits, including change in control benefits, to attract and maintain key personnel. In determining the amount of base salary, performance-based incentives, long-term equity incentives, and benefits awarded to each Named Executive Officer, the compensation committee does not apply any rigorous percentage of any one element in relation to the overall compensation package. Rather, the compensation committee looks at the overall compensation package and the relative amount of each element on an individual basis for each Named Executive Officer to determine whether such amounts and mix of components further the basic principles and objectives of our overall compensation program.

A significant portion of the compensation opportunity for our Named Executive Officers is weighted towards equity, as opposed to cash compensation. Our compensation committee believes that making equity awards a key component of executive compensation focuses our leadership team on the achievement of our long-term strategic and financial goals, thereby aligning their interests with those of our stockholders.

We evaluate our compensation philosophy and compensation programs as circumstances require, and at a minimum, we review our executive compensation annually. As part of this review process, we apply our values and the objectives outlined above, while also considering whether our proposed compensation ensures that we remain competitive for talent, that we meet our retention objectives, and that our cost of replacement for a key employee is reasonable.

## **Compensation Setting Process**

### *2017 Advisory Vote on Compensation*

We submitted one non-binding proposal to our stockholders at the 2017 Annual Meeting of Stockholders. This proposal consisted of a non-binding advisory vote to approve the compensation of the Named Executive Officers as disclosed in the proxy statement for the 2017 Annual Meeting of Stockholders.

Approximately 96% of the votes cast were in favor of the non-binding advisory vote to approve the compensation of the Named Executive Officers at the 2017 Annual Meeting of Stockholders. The compensation committee believes this indicates that our stockholders strongly support the philosophy, strategy, and objectives of our executive compensation programs. After considering this result and following our annual review of our executive compensation philosophy, the compensation committee decided to retain our overall approach to executive compensation. The compensation committee intends to continue to monitor stockholder concerns, including the results of the annual non-binding advisory vote to approve the compensation of the Named Executive Officers, in making future decisions affecting the compensation of the Named Executive Officers.

### *Role of the Compensation Committee and Executive Officers in Compensation Decisions*

The compensation of our Named Executive Officers is determined by our compensation committee. Our Chief Executive Officer typically provides annual recommendations to the compensation committee and discusses with the compensation committee the compensation and performance of our executive officers, other than himself. Because our Chief Executive Officer is involved in the day-to-day operation of our business, he is able to base his recommendations in part upon his review of the performance of our executive officers. Our compensation committee may exercise its discretion in modifying any recommended compensation adjustments or awards to executives. Our compensation committee reviews the performance of our Chief Executive Officer and meets in executive session without him to determine his compensation. In addition, compensation committee meetings typically have included, for all or a portion of each meeting, not only the committee members and our Chief Executive Officer, but also our

Chief Legal Officer and Senior Vice President, Administration, and senior members of our legal and people operations teams who may provide information, data, analysis, and updates to our compensation committee.

**Table of Contents***Role of Compensation Consultant and Use of Market Data*

The compensation committee has the authority to engage independent advisors to assist it in carrying out its responsibilities. For fiscal year 2017, the compensation committee retained the services of Compensia, Inc., a national compensation consulting firm ( Compensia ), to review and advise on the principal aspects of the Company's executive compensation program. The executive compensation program services included providing recommendations regarding the determination of peer group companies, analyzing publicly available compensation data of peer group companies, compensation survey data, and other publicly available data, and reviewing and advising on the target compensation opportunities for our executive officers, including base salaries, performance-based compensation, and long-term incentives. In addition, Compensia also reviewed Board compensation, provided market practices for equity compensation design and developed a compensation risk assessment. In electing to engage Compensia, the compensation committee took into consideration all factors relevant to Compensia's independence from the Company's management and concluded that no conflict of interest existed that would prevent Compensia from independently advising the compensation committee.

With the assistance of Compensia, the compensation committee consulted market data to better inform its determination of the key elements of our compensation program in order to develop a compensation program that the compensation committee believes will enable us to compete effectively for new employees and retain existing employees. In general, this market data consists of compensation information from both broad-based third-party compensation surveys and peer groups. The compensation data for fiscal year 2017 consisted of compensation paid by companies in our peer group to executives in positions comparable to those held by our executive officers based on roles and responsibilities.

For the determination of compensation of our Named Executive Officers for fiscal year 2017, our compensation committee considered the following companies as our peer group:

Aspen Technology, Inc.	Guidewire Software, Inc.	New Relic, Inc.	RingCentral, Inc.
Barracuda Networks, Inc.	Hubspot, Inc.	Paycom Software, Inc.	Twilio, Inc.
Box, Inc.	Imperva, Inc.	Paylocity Holding Corporation	Veeva Systems, Inc.
Cornerstone OnDemand, Inc.	LogMeIn, Inc.	Proofpoint, Inc.	
Ellie Mae, Inc.	Medidata Solutions, Inc.	Qualys, Inc.	

Because publicly filed compensation data is generally limited to those of a company's Chief Executive Officer, Chief Financial Officer, and three most highly paid executive officers (other than the Chief Executive Officer and the Chief Financial Officer), the compensation committee also utilized data from Compensia based on a custom cut of the Radford Global Technology Survey (which is based on the peer group companies with additional similarly sized companies in order to provide sufficient market data for all of the executive positions) in determining the compensation for Mr. Keiser, Mr. McDermott, Mr. Geschke, and Mr. Cox. The same data was also used in determining the compensation for Mr. Keiser upon his promotion to Chief Operating Officer during fiscal year 2017.

The compensation committee selected the companies in our peer group and utilized the Radford Global Technology Survey because it believes that these companies compete with us for executive talent and were similar to us in revenue, revenue growth rate, market capitalization, industry, and size. The compensation committee also determined that the companies in the peer group generally have executive officer positions that are comparable to ours in terms of breadth, complexity, and scope of responsibilities.

While we compete for executive talent to some degree with companies that have revenues significantly in excess of those represented in the surveys and peer groups, we believe that the companies represented in the surveys and peer group similarly compete for talent with such larger companies and hence are an appropriate comparison for our employment market. Our compensation committee uses market data as one information point when making compensation decisions, understanding that such data cannot be applied formulaically. The

## **Table of Contents**

compensation committee used this market data to ensure that no individual element of the total compensation was below a level that, in the determination of the compensation committee, would prevent the Company from effectively competing for talent. In addition to market compensation studies, our compensation committee has historically taken into account other data, including input from the members of the compensation committee based on, among other things, their experience in compensation matters.

The compensation committee reviews the peer group annually and removes companies that it no longer believes are comparable and adds new companies that may now be comparable and have disclosed public information for which the compensation committee can compare. In fiscal year 2017, the compensation committee, based on the recommendations of Compensia and the compensation committee determination that the existing peer group accurately reflected our market for executive talent, determined to use the same peer group in its review and determination of the compensation for executive officers for fiscal year 2018.

### **Executive Compensation Program Elements**

The following describes each element of our executive compensation program, the rationale for each, and how compensation amounts and awards are determined.

#### *Base Salaries*

We provide a base salary as a fixed source of compensation for each of our Named Executive Officers, allowing them a degree of certainty relative to the significant portion of their compensation that is based on equity awards with values that are generally contingent on stock price appreciation. Our compensation committee recognizes the importance of base salaries as an element of compensation that helps to attract and retain highly qualified executive talent.

Generally, the initial base salaries of our executive officers are established through arm's-length negotiation at the time the individual executive officer is hired, taking into account his or her qualifications, experience, comparable market data, and prior salary level. Our compensation committee generally reviews, and adjusts as necessary, base salaries for each of our Named Executive Officers annually. Our compensation committee does not apply specific formulas in setting base salary levels or determining adjustments from year to year; however, in completing its annual review and adjustment, our compensation committee targets paying each of our Named Executive Officers base salaries that are competitive with the median of our peer group, if such information is available, or competitive with the median of salaries found in the survey data that it utilizes for similar positions. Additionally, in setting base salary levels, our compensation committee may consider a range of factors, including:

the individual's anticipated responsibilities and experience, and cash compensation for similarly situated executives at our peer group companies;

our compensation committee members' experience and knowledge in compensating similarly situated individuals at other companies;

the value of the Named Executive Officer's existing equity awards and our cash needs; and

a general sense of internal pay equity among our Named Executive Officers.

In February 2017, our compensation committee reviewed the base salaries of our Named Executive Officers and determined to increase the base salaries for certain of our Named Executive Officers. In making a determination as to whether increases to the base salaries for each of our Named Executive Officers were necessary, the compensation committee took into account the competitive market for management within our industry and geographic area and the expanded obligations of our Named Executive Officers due to our growing

**Table of Contents**

operations. The base salaries of our Named Executive Officers prior to and following the increase approved by the compensation committee in February 2017 were as follows:

**Base Salaries**

***Performance-Based Incentives***

We adopted the Amended and Restated Executive Incentive Bonus Plan (the "Bonus Plan") to provide for performance-based incentive payments upon the attainment of target objectives related to Company financial and operational measures, Company objectives, individual performance objectives, or a combination thereof, in each case as set by the compensation committee. For each Named Executive Officer, other than Mr. Cox, the performance-based incentive was targeted at 40% of the Named Executive Officer's base salary. Because much of Mr. Cox's responsibilities were focused on leading our go-to-market efforts, his performance-based incentive was targeted at approximately 86% of his base salary and was heavily focused on the success of our go-to-market efforts. The target annual bonus award for the Named Executive Officers as compared to their base salaries was as follows:

**Target Performance-Based Incentives**

<b>Named Executive Officer</b>	<b>2017 Base Salary</b>	<b>2017 Target Performance-Based Incentive Under the Bonus Plan (\$)</b>	<b>2017 Target Performance-Based Incentive as Percent of Base Salary</b>

- (1) Upon Mr. Keiser's promotion to Chief Operating Officer in August 2017, his base salary was increased to \$375,000 and his target performance-based incentive was increased to \$150,000, reflecting 40% of his base salary, which target performance-based incentive was effective for the performance period commencing on July 1, 2017 through December 31, 2017.

Each executive officer who participates in the Bonus Plan has a target performance-based incentive set for each performance period, as well as one or more target objectives under the Bonus Plan for the performance

period. The attainment level of the target objectives is measured at the end of each performance period after our financial results for the performance period have been released (or such other appropriate time as the compensation committee determines), with the payout based on such attainment level as approved by the compensation committee. The Bonus Plan also permits the compensation committee to approve additional bonuses to executive officers in its sole discretion and to adjust incentive payments (by increasing or decreasing the amount payable), in each case based on an executive officer's attainment of individual performance objectives or other conditions, as determined by the compensation committee. The compensation committee did not use peer group data to set specific performance-based incentive levels for 2017 performance periods, but used its general knowledge of our industry to ensure that performance-based incentive levels were appropriate and competitive.

The compensation committee believes that the payment of performance-based incentives under the Bonus Plan allows the Company to create short-term incentives for the management team that, given the alignment of the target objectives with the Company's internal operating plan, will drive long-term value creation for our stockholders by motivating each member of the management team to focus his or her efforts on successfully executing such operating plan.

For the Named Executive Officers, other than Mr. Cox, the compensation committee established two six-month performance periods for fiscal year 2017, with the first period ( 1H 2017 ) commencing on January 1, 2017 and ending on June 30, 2017, and the second period ( 2H 2017 ) commencing on July 1, 2017 and ending on December 31, 2017. For Mr. Cox, the compensation committee established a twelve-month performance period commencing on January 1, 2017 and ending on December 31, 2017, with a semi-annual payment based on performance during 1H 2017 and a semi-annual payment following 2H 2017 based on performance for the twelve-month performance period as offset by the first payment. Since Mr. Cox resigned effective September 17, 2017, the payment was made based on performance during 1H 2017 and no payment was made following the end of the twelve-month performance period.

**Target Objectives under the Bonus Plan**

For 2017, the compensation committee established a target objective under the Bonus Plan for each Executive Officer, other than Mr. Cox, that was comprised of a component that encouraged efficient revenue growth (the Corporate Performance Objective ), as adjusted to account for individual performance and achievement of other Company goals (the Individual Performance Adjustment ).

The compensation committee established a separate target objective for Mr. Cox that encouraged efficient revenue growth, achieving new business and expanding the reach of our go-to-market approach (the Cox Corporate Performance Objective ), as adjusted to account for individual performance and achievement of other Company goals (the Individual Performance Adjustment ).

*Corporate Performance Objective*

In considering target objectives for the management team for 2017, the compensation committee determined that establishing an objective for the management team that encouraged efficient revenue growth aligned the management team's incentives with the interests of the Company's stockholders. Therefore, the compensation committee designed the Corporate Performance Objective to encourage efficient revenue growth and align the management team's incentives with stockholder interests. The Corporate Performance Objective is comprised of the weighted average attainment against goals related to net additional recurring revenue added during the performance period and the non-GAAP operating margin for the performance period, in each case, as compared to the Company's internal operating plan.

One component of the Corporate Performance Objective, the Net Recurring Revenue Goal, was the percentage of achievement of the net recurring revenue added to customer accounts on our products during the period as compared to the internal operating plan. Net recurring revenue added during a period is determined by assessing the recurring revenue for all customer accounts on our products at the end of the period as compared to

**Table of Contents**

the recurring revenue for all customer accounts on our products at the beginning of the period. Recurring revenue for a customer account is a legal and contractual determination made by assessing the contractual terms of a customer account, as of the date of determination, as to the revenue the Company expects to generate in the next measurement period for such customer account, assuming no changes to the subscription and without taking into account any one-time discounts or any usage above the subscription base, if any, that may be applicable to such subscription. The Net Recurring Revenue Goal comprised 75% of the Corporate Performance Objective.

The compensation committee chose the Net Recurring Revenue Goal as a component of the Corporate Performance Objective because the compensation committee believes that increasing net recurring revenue has a direct impact on achieving revenue growth, a primary objective for the Company and its stockholders. Furthermore, the compensation committee believes that each of our Named Executive Officers for which the Corporate Performance Objective was a component of the target objectives under the Bonus Plan, was in a position to focus on the net addition of recurring revenue, and the compensation committee desired to incentivize this focus.

The other component of the Corporate Performance Objective, the Operating Margin Goal, was the percentage of achievement of non-GAAP operating margin for the period as compared to the internal operating plan. Non-GAAP operating margin is the ratio of the non-GAAP operating loss for a period (which excludes share-based compensation, employer tax related to employee stock transactions, amortization of share-based compensation capitalized in internal-use software, amortization of purchased intangibles, and costs related to acquisitions from the GAAP operating loss for the period) to our revenue for the period. The Operating Margin Goal comprised 25% of the Corporate Performance Objective.

The compensation committee chose the Operating Margin Goal as a component of the Corporate Performance Objective because the compensation committee believes that revenue growth must be achieved efficiently and with a long-term focus on achieving profitability. Further, the compensation committee believes that each of the applicable Named Executive Officers for which the Corporate Performance Objective was a component of the target objectives under the Bonus Plan, was in a position to focus on scaling our operations efficiently and desired to incentivize this focus.

Overachievement of either of the Net Recurring Revenue Goal or the Operating Margin Goal had the potential to offset underachievement of the other component when determining the aggregate achievement of the Corporate Performance Objective for each of the Named Executive Officers for a performance period. The determination of the level of achievement for the Corporate Performance Objective is rounded to the nearest whole number and subject to a minimum achievement threshold of 80% (at which no portion of the performance-based incentive for the period was earned). Payments for the performance-based incentive for the period that was subject to the Corporate Performance Objective were determined as follows:

Corporate Performance Objective Payment Guidelines

<b>Corporate Performance Objective Achievement During Performance Period</b>	<b>Percent of 2017 Target Performance-Based Incentive Subject to the Corporate Performance Objective Amount Earned</b>
Less than or equal to 80%	0%
Greater than 80%	5% for each 1% of achievement over 80%, subject to a maximum of 150% of the Target Performance-Based

Incentive

*Cox Corporate Performance Objective*

For 2017, the Cox Corporate Performance Objective under the Bonus Plan that had two weighted components. The first component was the Net Recurring Revenue Goal, which comprised 30% of the Cox Corporate Performance Objective.

**Table of Contents**

The second component of the Cox Corporate Performance Objective, the Gross Recurring Revenue Goal, was based on the gross additional recurring revenue added during the performance period, as compared to the Company's internal operating plan. The Gross Recurring Revenue Goal was the percentage of achievement of the gross recurring revenue added to customer accounts on our products during the period as compared to the internal operating plan. Gross recurring revenue added during a period is determined by assessing the recurring revenue for all new customer accounts added during such period, as of the date of addition, with an adjustment for any contraction or churn on such accounts during the calendar month of the addition, and expansions within existing customer accounts on our products during such period, as of the date of expansion, with an adjustment for any contraction or churn on such accounts during the calendar month of the expansion. The Gross Recurring Revenue Goal comprised 70% of Mr. Cox's overall target objective under the Bonus Plan.

The compensation committee chose the Gross Recurring Revenue Goal as a component of Mr. Cox's target objective because the compensation committee wanted to provide an incentive that encouraged Mr. Cox to focus on achieving new business and expanding the reach of our go-to-market approach.

Overachievement of either of the Net Recurring Revenue Goal or the Gross Recurring Revenue Goal had the potential to offset underachievement of the other component when determining the aggregate achievement of the Cox Corporate Performance Objective for Mr. Cox for a performance period. Achievement of the Cox Corporate Performance Objective was measured on an annual basis, with semi-annual payments as credit against the overall achievement. Payment of the performance-based incentive for Mr. Cox for 2017 was determined as follows:

**Cox Corporate Performance Objective Payment Guidelines**

<b>Cox Objective Achievement During Performance Period</b>	<b>Percent of 2017 Target Performance-Based Incentive Subject to the Cox Corporate Performance Objective Earned</b>
Less than or equal to 90%	0.5555% for each 1% achievement of the Cox Corporate Performance Objective
Greater than 90% but less than or equal to 100%	50% + an additional 5% for each 1% of achievement above 90%
Greater than 100%	100% + an additional 10% for every 1% of achievement over 100%, subject to a maximum of 250% of the Cox Objective Performance Target Amount

*Individual Performance Adjustment*

In addition to the Corporate Performance Objective and the Cox Corporate Performance Objective, our compensation committee may exercise its discretion to adjust payments of each Named Executive Officer's performance-based incentive up or down based on our Chief Executive Officer's assessment of performance and other achievements not otherwise reflected in the target objectives.

Information regarding the attainment of the target objective to each of our Named Executive Officers under the Bonus Plan for 1H 2017 is as follows:

## Attainment of 1H 2017 Target Objectives

Target Objective	Component of Objective	Percent of 1H 2017 Target Objective	Percent of 1H 2017 Component Attainment	Percent of 1H 2017 Target Objective Attainment	1H 2017 Aggregate Minimum Achievement Threshold	1H 2017 Target Objective Payout Level

(1) As stated above, the Corporate Performance Objective was the target objective, made up of the Net Recurring Revenue Goal and Operating Margin Goal, applicable to all of the Named Executive Officers other than Mr. Cox.

(2) As stated above, the Cox Corporate Performance Objective, made up of the Gross Recurring Revenue Goal and the Net Recurring Revenue Goal, was the target objective applicable to Mr. Cox. Since Mr. Cox's plan had a twelve-month performance period, the payout for 1H 2017 was a semi-annual credit payment.

*Form of Payment for Bonus Awards for 1H 2017*

For 1H 2017, the compensation committee elected to pay the amounts to the Named Executive Officers under the Bonus Plan in cash because the compensation committee believed that it provided a predictable reward for the short-term incentive goals that the compensation committee wished to incentivize. The compensation committee did not adjust the bonus payments payable to any of our Named Executive Officers under the Bonus Plan for 1H 2017 in accordance with the Individual Performance Adjustment. Information regarding the payment of compensation to each of our Named Executive Officers under the Bonus Plan for 1H 2017 is as follows:

(1) Mr. Cox's achievement of his performance based incentive was measured annually, with semi-annual payments as a credit against overall achievement. Because Mr. Cox resigned effective September 2017, the above credit payment was made based on 1H 2017 achievement and half of his annual target for 2017. No payment was made based on annual achievement.

(2) Mr. Cox did not have a 1H 2017 target since his plan was measured annually.

**Table of Contents****Performance-Based Incentives for 2H 2017**

For 2H 2017, the performance-based incentive target under the Bonus Plan for all of our Named Executive Officers was again comprised entirely of the Corporate Performance Objective, subject to adjustment pursuant to the Individual Performance Adjustment. Because Mr. Cox's resignation was effective during 2H 2017, the Cox Performance Objective was no longer effective during 2H 2017 and no payment was made following the end of the twelve-month performance period. The level of achievement under the Corporate Performance Objective was determined for the Named Executive Officers, in the same manner as they were determined for 1H 2017.

*2H 2017 Attainment of Performance-Based Incentives*

Information regarding the attainment of the Corporate Performance Objective under the Bonus Plan for 2H 2017 is as follows:

## Attainment of 2H 2017 Target Objectives

Target Objective <sup>(1)</sup>	Component of Objective	Percent of Target Objective	Percent of 2H 2017 Component Attainment	Percent of 2H 2017 Target Attainment	2H 2017 Aggregate Minimum Achievement Threshold	2H 2017 Target Payout Level

	Margin Goal	25%	84.4%			

<sup>(1)</sup> The Cox Corporate Performance Objective does not appear in this chart because Mr. Cox's employment ended prior to the payment of performance based incentives for 2H 2017.

The compensation committee elected to adjust the amounts payable to the Named Executive Officers under the Bonus Plan for 2H 2017 pursuant to the Individual Performance Adjustment. The compensation committee elected to utilize the Individual Performance Adjustment in order to reward strong performance by each of the Named Executive Officers that contributed to the Company's operational and financial success but that was not otherwise reflected in the Corporate Performance Objective. The factors that the compensation committee considered in its determination to exercise its discretion pursuant to the Individual Performance Adjustment included the Named Executive Officer's contributions to year-over-year revenue growth and the expansion of revenue generating activities that contributed to the Company's financial performance for the period but did not contribute towards attainment of the Net Recurring Revenue Goal (collectively, the Additional Revenue Contributions). Such revenue growth and revenue generating activities are reflected in the Company's 39% year-over-year fourth quarter growth in revenue and 38% year-over-year growth in revenue for the year ending on December 31, 2017. The compensation committee determined the amount payable to each of the Named Executive Officers pursuant to the Individual Performance Adjustment based on its assessment of the impact of the Additional Revenue Contributions on the Company's financial performance for 2H 2017. By paying the amounts payable pursuant to the Individual Performance Adjustment in restricted stock units, as discussed below, the compensation committee sought to combine the benefit of permitting the Named Executive

Officers to recognize the value of such payment over the relative short-term with a retention component for our Named Executive Officers and the alignment of the interests of the Named Executive Officers with those of our stockholders over the vesting period.

*Form of Payment for Bonus Awards for 2H 2017*

In 2H 2017, the compensation committee elected to pay the amounts payable to the Named Executive Officers pursuant to achievement of the Corporate Performance Objective in cash in order to provide a predictable reward for the short-term incentive goals that the compensation committee wished to incentivize.

**Table of Contents**

The compensation committee elected to pay the portion of the performance-based incentives attributable to the Individual Performance Adjustment in restricted stock units that vested in equal monthly installments over the subsequent 12 months because the compensation committee believed that it combined the benefit of permitting the Named Executive Officer to recognize the value of such payment over the relative short-term with a retention component for our Named Executive Officers.

*Long-Term Equity Incentives*

We believe that providing long-term incentives in the form of equity awards encourages our Named Executive Officers to take a long-term outlook and provides our Named Executive Officers with an incentive to manage our Company from the perspective of an owner with an equity stake in the business. By providing opportunities for our Named Executive Officers to benefit from future successes in our business through the appreciation of the value of their equity awards, the compensation committee believes that equity awards align our Named Executive Officers interests and contributions with the long-term interests of our stockholders. In addition, the compensation committee believes that offering meaningful equity ownership in our Company assists us in retaining our Named Executive Officers and other key employees.

Generally, our executive officers are granted equity awards at the time of hire, the size and form of which are determined through arm's-length negotiation with the individual executive officer, taking into account his or

---

**Table of Contents**

her qualifications, experience, comparable market data, prior compensation level, and expected roles and responsibilities. The equity awards granted to our executive officers upon hire generally vest as to 25% of the award during the month of the first anniversary of the date of hire, with the remaining portion of the award vesting in equal monthly installments over the subsequent 36 months.

In addition to equity awards paid in connection with the Bonus Plan, the equity compensation for our Named Executive Officers for fiscal year 2017 consisted of annual equity awards, in the form of stock options and restricted stock units. The compensation committee believes that, since the Company's annual equity awards require an equity award holder's continued provision of services to the Company through each applicable vesting date, the annual equity awards serve as effective retention tools. For fiscal year 2017, the compensation committee targeted providing 60% of the intended aggregate fair value of all equity awards for each Named Executive Officer in the form of stock options and the remaining 40% as restricted stock units. Since the entire value of each stock option depends on future stock price appreciation, the compensation committee decided to weight the annual equity awards towards stock options. The compensation committee believes that weighting the awards in this manner motivates the management team to focus its efforts on increasing the market value of the Company's common stock through the execution of the Company's long-term objectives. The compensation committee determined the weight of the restricted stock units in the annual equity awards based on its belief that this weighting would add to the retention effect of the annual equity awards, provide reward for growth in the market price of the Company's common stock, and permit the Company to use fewer shares in the grant of the annual equity awards than it would in granting annual equity awards that were comprised solely of stock options. The stock options used as part of our annual equity awards generally have a ten-year term and vest in equal monthly installments over four years, subject to an equity award holder's continued provision of services to the Company through each applicable vesting date. The restricted stock unit portion of each annual equity award generally vests in equal monthly installments over four years, subject to an equity award holder's continued provision of services to the Company through each applicable vesting date.

For its analysis of the intended aggregate fair value of the equity compensation to be granted to each Named Executive Officer for the year, the compensation committee compared the fair value of the award to those made to executives within the applicable peer group using a Black-Scholes valuation methodology for options that is consistent with the Financial Accounting Standards Board Accounting Standards Codification Topic 718 ( FASB ASC Topic 718 ) and the reported value for restricted stock units. We believe these comparisons provide important additional context for assessing the competitiveness of our equity-based compensation practices with market practices.

The compensation committee targeted providing each of our Named Executive Officers with equity award grants that were competitive with similar executives at comparable companies. Given the competitive nature of the industry in which we operate, the compensation committee believes equity compensation at this level is generally required to retain our existing Named Executive Officers and to hire new executive officers when and as required.

#### *Employee Stock Purchase Plan*

Participation in the 2014 Employee Stock Purchase Plan ( ESPP ) is available to all Named Executive Officers on the same basis as our other employees. However, any Named Executive Officers who are 5% stockholders, or would become 5% stockholders as a result of their participation in the ESPP, are ineligible to participate in the ESPP. Under the ESPP, eligible employees are granted options to purchase shares of our common stock through payroll deductions. The ESPP provides for eighteen-month offering periods, which include three six-month purchase periods. At the end of each purchase period, employees are able to purchase shares at 85% of the lower of the fair market value of our common stock at the beginning of an offering period or the fair market value of our common stock at the end of the purchase period. Since employees that participate in the ESPP have the opportunity to benefit from any appreciation in the value of the Company's common stock due to the execution of the Company's long-term objectives between the

beginning of each offering period and

---

**Table of Contents**

end of each purchase period, we believe that offering the ESPP aligns the interests of our broad employee base with the Company's long-term objectives.

*Change in Control Benefits*

In fiscal year 2015, our compensation committee adopted a Change in Control Acceleration Plan (the Acceleration Plan) that provides participants with accelerated vesting of all outstanding and unvested equity awards in the event of the termination of the individual's employment from the Company under specified circumstances following a change in control (a double trigger). All executive officers were provided with the opportunity to participate in the Acceleration Plan; however, participation was not mandatory and executive officers could elect to maintain any existing rights to the accelerated vesting of equity awards in lieu of participating in the Acceleration Plan. However, once an executive officer makes an election to participate in the Acceleration Plan, the acceleration provisions of the Acceleration Plan supersede any other arrangements then in place related to the acceleration of equity awards. Following the adoption of the Acceleration Plan, the compensation committee does not anticipate that new executive officers will be eligible for change in control arrangements other than those provided by the Acceleration Plan.

Our compensation committee (and in periods prior to our initial public offering, our Board) determined that we would provide change in control arrangements to our Named Executive Officers in order to mitigate some of the risk that exists for executives working for a company that is smaller than many of its competitors. These arrangements are intended to attract and retain qualified executives that have alternatives that may appear to them to be less risky absent these arrangements, and to mitigate a potential disincentive to consideration and execution of such an acquisition, particularly where the services of these executive officers may not be required by the acquirer. We also believe that entering into these arrangements and the level of acceleration provided by such arrangements will help these executive officers maintain continued focus and dedication to their responsibilities to help maximize stockholder value if there is a potential transaction that could involve a change in control of the Company.

Mr. Svane has acceleration provisions pursuant to an agreement that pre-dates the adoption of the Acceleration Plan, and the terms of Mr. Svane's acceleration provisions are consistent with the Acceleration Plan. Ms. Gomez, Mr. Keiser, Mr. Geschke, and Mr. McDermott are participants in the Acceleration Plan and Mr. Cox was a participant in the Acceleration Plan. For quantification of, and additional information regarding, the change in control arrangements of our Named Executive Officers, please see the discussion under Executive Compensation Potential Payments Upon Termination or Change in Control.

*Welfare and Other Benefits*

We have established a tax-qualified Section 401(k) retirement plan that provides eligible U.S. employees with an opportunity to save for retirement on a tax-advantaged basis. Under this plan, employees may elect to defer their eligible compensation by up to the statutory limit and contribute to the plan. We initiated an employer matching contribution on employee contributions this year. We currently match 25% of the first 4% of eligible contributions made to the plan by our employees, including our Named Executive Officers. Such matching contributions are immediately and fully vested.

In addition, we provide other employee welfare and benefit programs to our executive officers, including our Named Executive Officers, on the same basis as all of our full-time employees in the country in which they are a resident. These benefits include medical, dental, and vision benefits, medical and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance, and basic life insurance coverage.

We design our employee welfare and benefit programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee welfare and benefit programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

## **Table of Contents**

Other than payments for parking, gifts, and payments of membership fees in certain rewards programs, we do not generally provide perquisites to our executive officers except in limited situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment and retention purposes. Consistent with these objectives, as the result of an arm's-length negotiation in connection with Mr. Cox's hire, we have provided Mr. Cox with a corporate housing perquisite.

In the future, we may provide other perquisites or personal benefits in certain circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the compensation committee.

## **Other Compensation Policies**

### *Stock Ownership Guidelines*

We do not have any equity security ownership guidelines or requirements for our Named Executive Officers or directors and we do not have any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation or among different forms of non-cash compensation.

### *Policy Regarding the Pricing and Timing of Equity Awards*

All equity awards to our employees, including executive officers, and to our directors have been granted at the closing price of our common stock on the NYSE on the date of grant and reflected in our consolidated financial statements, in accordance with the applicable accounting guidance, based on such price. While we have not adopted a policy pertaining to the timing of stock option grants to executive officers relative to the timing of the release of material nonpublic information, and do not currently have any plans to implement such a policy, we generally do not grant stock options to executive officers during regularly scheduled quarterly blackout windows or in anticipation of the release of material nonpublic information. We do not time the release of material nonpublic information for the purpose of affecting the value of equity awards or other compensation granted to our executive officers. We believe that the grant of equity awards should be made in the normal course of business, aligning the interests of the stock option recipients with those of the stockholders, rather than seeking to provide an immediate benefit to option recipients through the timing of stock option grants.

### *Insider Trading Policy and Rule 10b5-1 Sales Plans*

We have an insider trading policy that prohibits our officers, directors, and certain other persons from engaging in, among other things, short sales, hedging of stock ownership positions, use of our securities as collateral in a margin account, the pledging of our securities as collateral for loans, and transactions involving derivative securities relating to our common stock. Our insider trading policy permits our officers, directors, and employees to enter into trading plans complying with Rule 10b5-1 under the Exchange Act.

### *Tax Considerations*

Section 162(m) of the Internal Revenue Code generally places a \$1,000,000 limit on the amount of compensation a company can deduct in any one year for certain executive officers. While the compensation committee considers tax deductibility as one factor in determining executive compensation, the compensation committee also looks at other

factors in making its decisions, as noted above, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by us for tax purposes.

**Table of Contents**

The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our named executive officers and certain other individuals in excess of \$1 million will not be deductible unless it qualifies for the limited transition relief applicable to certain arrangements in place as of November 2, 2017. Despite the compensation committee's efforts to structure certain performance-based awards in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing the performance-based compensation exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, the compensation committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with our business needs. The compensation committee believes that shareholder interests are best served if its discretion and flexibility in awarding compensation is not restricted, even though some compensation awards may result in non-deductible compensation expenses.

**Section 401(k) Plan**

We maintain a tax-qualified retirement plan that provides eligible U.S. employees with an opportunity to save for retirement on a tax-advantaged basis. Plan participants are able to defer eligible compensation subject to applicable annual statutory limits. We initiated an employer matching contribution on employee contributions this year. We currently match 25% of the first 4% of eligible contributions made to the plan by our employees, including our Named Executive Officers. Such matching contributions are immediately and fully vested. The 401(k) plan is intended to be qualified under Section 401(a) of the Code with the 401(k) plan's related trust intended to be tax exempt under

Section 501(a) of the Code. As a tax-qualified retirement plan, contributions to the 401(k) plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) plan.

### **CEO Pay Ratio**

For 2017, we are required to disclose the ratio of the total annual compensation of Mr. Svane, our chief executive officer ( CEO ), to the median employee s total annual compensation.

Consistent with applicable rules, we used reasonable estimates both in the methodology used to identify the median employee and in calculating the annual total compensation for employees other than the CEO. Compensation data was gathered for our entire employee population as of December 31, 2017, excluding

Mr. Svane, for a trailing 12-month period. We used total 2017 earned compensation, including base salary, incentives, commissions, and stock-based compensation, as the compensation measure that best reflects the compensation of all our employees. In accordance with SEC rules, after identifying our median employee, the 2017 annual total compensation of the median employee and our CEO were determined using the same methodology that we use to determine our Named Executive Officers' annual total compensation for the Summary Compensation Table.

In the following table, we are disclosing the median employee's annual total compensation, the annual total compensation of the CEO, and the ratio between the two.

2017 CEO annual total compensation	\$ 2,130,565
2017 median employee annual total compensation	\$ 112,850
Ratio of CEO to median employee compensation	19:1

**Non-Employee Director Compensation**

We maintain a policy providing for annual retainers for our non-employee directors which was amended and restated on May 9, 2017. In 2017, our non-employee directors had the option to elect to receive the following annual retainers for their service in the form of cash or restricted stock units having a fair market value equal to the value of the retainer to be paid during such period (based on the 30-trading day trailing average closing price of our common stock on the NYSE prior to the grant date). Any restricted stock units that were granted in lieu of cash were granted in four equal installments on each of February 15, May 15, August 15, and November 15, and will be fully-vested upon grant.

	<b>Cash Retainer (\$)</b>
Annual Retainer for Non-Employee Directors	35,000
Additional Annual Retainer for Audit Committee Chairperson	20,000
Additional Annual Retainer for Compensation Committee Chairperson	15,000
Additional Annual Retainer for Nominating and Corporate Governance Committee Chairperson	10,000
Additional Annual Retainer for Audit Committee Non-Chairperson Members	10,000
Additional Annual Retainer for Compensation Committee Non-Chairperson Members	7,500
Additional Annual Retainer for Nominating and Corporate Governance Committee Non-Chairperson Members	5,000

Our policy provides that on the date of each annual meeting of stockholders, each non-employee continuing director will be granted an annual award of restricted stock units having a fair market value of \$200,000. The restricted stock units will fully vest on the first anniversary of the grant date, in each case subject to continued service as a director through the vesting date, and such awards are subject to full acceleration of vesting upon a sale of the Company. In addition to the compensation for non-employee directors set forth in our policy, our Board, based on recommendations by the compensation committee, makes determinations regarding the grant of equity awards to non-employee directors upon the commencement of such director's service on our Board.

**Table of Contents**

The following table presents the total compensation for each person who served as a non-employee member of our Board during fiscal year 2017. Directors who are also our employees receive no additional compensation for their service as a director. The compensation received by Mr. Svane as an employee of the Company is presented in Executive Compensation Summary Compensation Table 2017.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10% of our common stock, to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership. Officers, directors, and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all such reports.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, we believe that for 2017, all required reports were filed on a timely basis under Section 16(a).

**RELATED PARTY TRANSACTIONS**

**Certain Relationships and Transactions**

Other than the transactions discussed below and the compensation agreements, equity compensation policies, grants of certain equity awards, and other arrangements which are discussed above in Executive Compensation, since January 1, 2017, there was not, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party for which the amount involved exceeds or will exceed \$120,000 and in which any director, executive officer, holder of 5% or more of any class of our capital stock, or any member of their immediate family, had or will have a direct or indirect material interest.

**Transactions**

We have granted stock options and other equity awards to our executive officers and our directors. See the sections titled Grants of Plan-Based Awards in 2017, Outstanding Equity Awards at Fiscal Year-End Table 2017 and Director Compensation Table 2017 for a description of these options and equity awards.

We have entered into arrangements with certain of our executive officers that, among other things, provide for certain severance and change in control benefits.

We believe the terms of the transactions described above were comparable to terms we could have obtained in arm's-length dealings with unrelated third parties.

**Indemnification of Officers and Directors**

Our certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for the following:

any breach of their duty of loyalty to our Company or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the General Corporation Law of the State of Delaware ( DGCL ); or

any transaction from which they derived an improper personal benefit.

Any amendment to, or repeal of, these provisions will not eliminate or reduce the effect of these provisions in respect of any act, omission, or claim that occurred or arose prior to that amendment or repeal. If the DGCL is amended to provide for further limitations on the personal liability of directors of corporations, then the personal liability of our directors will be further limited to the greatest extent permitted by the DGCL.

In addition, our bylaws provide that we will indemnify, to the fullest extent permitted by law, any person who is or was a party or is threatened to be made a party to any action, suit, or proceeding by reason of the fact that he or she is or was one of our directors or officers or is or was serving at our request as a director or officer of another corporation, partnership, joint venture, trust, or other enterprise. Our bylaws provide that we may indemnify to the fullest extent permitted by law any person who is or was a party or is threatened to be made a party to any action, suit, or proceeding by reason of the fact that he or she is or was one of our employees or agents or is or was serving at our request as an employee or agent of another corporation, partnership, joint venture, trust, or other enterprise. Our bylaws provide that we must advance expenses incurred by or on behalf of a director or officer in advance of the final disposition of any action or proceeding, subject to very limited exceptions.

## **Table of Contents**

Further, we have entered into indemnification agreements with each of our directors and executive officers that may be broader than the specific indemnification provisions contained in the DGCL. These indemnification agreements require us, among other things, to indemnify our directors and executive officers against liabilities that may arise by reason of their status or service. These indemnification agreements also require us to advance all expenses incurred by the directors and executive officers in investigating or defending any such action, suit, or proceeding. We believe that these agreements are necessary to attract and retain qualified individuals to serve as directors and executive officers.

The limitation of liability and indemnification provisions that are included in our certificate of incorporation and bylaws, and in indemnification agreements that we enter into with our directors and executive officers, may discourage stockholders from bringing a lawsuit against our directors and executive officers for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against our directors and executive officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be harmed to the extent that we pay the costs of settlement and damage awards against directors and executive officers as required by these indemnification provisions. At present, we are not aware of any pending litigation or proceeding involving any person who is or was one of our directors, officers, employees, or other agents or is or was serving at our request as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise, for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

We have obtained insurance policies under which, subject to the limitations of the policies, coverage is provided to our directors and executive officers against loss arising from claims made by reason of breach of fiduciary duty or other wrongful acts as a director or executive officer, including claims relating to public securities matters, and to us with respect to payments that may be made by us to these directors and executive officers pursuant to our indemnification obligations or otherwise as a matter of law.

Certain of our non-employee directors may, through their relationships with their employers or affiliated entities, be insured or indemnified against certain liabilities incurred in their capacity as members of our Board. In our indemnification agreements with these non-employee directors, we have agreed that our indemnification obligations are primary to any such other indemnification arrangements.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, or persons controlling our Company pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

## **Procedures for Approval of Related Party Transactions**

The audit committee has the primary responsibility for reviewing and approving or disapproving related party transactions, which are transactions between us and related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000 and in which a related person has or will have a direct or indirect material interest. For purposes of this policy, a related person will be defined as a director, executive officer, nominee for director, or greater than 5% beneficial owner of our common stock, in each case since the beginning of the most recently completed year, and their immediate family members. Our audit committee charter provides that the audit committee shall review and approve or disapprove any related party transactions.

Act of 1933, as amended (the Securities Act ), or the Exchange Act, through any general statement incorporating by reference in its entirety the proxy statement in which this report appears, except to the extent that Zendesk specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

This report is submitted by the audit committee of our Board. The audit committee consists of the three directors whose names appear below. None of the members of the audit committee is an officer or employee of Zendesk, and our Board has determined that each member of the audit committee is independent for audit committee purposes as that term is defined under Rule 10A-3 of the Exchange Act, and the applicable NYSE rules. Each member of the audit committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and NYSE.

The audit committee's general role is to assist our Board in monitoring our financial reporting process and related matters. Its specific responsibilities are set forth in its charter.

The audit committee has reviewed the Company's audited consolidated financial statements for 2017 and met with management, as well as with representatives of Ernst & Young LLP, the Company's independent registered public accounting firm, to discuss the audited consolidated financial statements. The audit committee also discussed with members of Ernst & Young LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In addition, the audit committee received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and discussed with members of Ernst & Young LLP its independence.

Based on these discussions, the financial statement review, and other matters it deemed relevant, the audit committee recommended to our Board that the Company's audited consolidated financial statements for 2017 be included in its Annual Report on Form 10-K for 2017.

The proposal must be a proper subject for stockholder action. In addition, to make a nomination or proposal, the stockholder must be of record at the time the notice is made and must provide certain information regarding itself (and the beneficial owner), including the name and address, as they appear on our books, of the stockholder proposing such business, the number of shares of our capital stock which are, directly or indirectly, owned beneficially or of record by the stockholder proposing such business or its affiliates or associates (as defined in Rule 12b-2 promulgated under the Exchange Act) and certain additional information. You are also advised to review our amended and restated bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.
