**Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers**

On February 6, 2019, the Human Resources and Compensation Committee (the Committee) of IES Holdings, Inc. (IES or the Company) awarded certain officers, including each of its named executive officers, and key employees (the Participants) performance-based and time-based phantom stock units (the Phantom Units) pursuant to the terms and conditions of the Company's Amended and Restated 2006 Equity Incentive Plan dated as of February 9, 2016 (the Plan). Each Phantom Unit represents a contractual right in respect of one share of the Company's common stock.

The vesting of seventy-five percent (75%) of the Phantom Units (the Cumulative Income Units) is subject to the achievement of specified levels of Cumulative Income for the three applicable performance periods. Cumulative Income means cumulative Comprehensive Income Attributable to the Company before provision for income taxes and excluding employee stock compensation expense. Cumulative Income is calculated from the Company's annual financial statements for each of fiscal years 2019, 2020 and 2021 and is adjusted to exclude the effect of certain extraordinary and other items. There are three performance periods, (i) the 2019 fiscal year, (ii) the 2019 and 2020 fiscal years, and (iii) the 2019-2021 fiscal years, which correspond to the vesting of twenty-five percent (25%), twenty-five percent (25%) and fifty percent (50%) of the Cumulative Income Units, respectively. The vesting dates for each of the three performance periods are mid-December 2019, December 2020, and December 2021, respectively (the Scheduled Vesting Dates). Between zero percent (0%) and one-hundred twenty percent (120%) of each Participant's target number of Cumulative Income Units may vest for each performance period based on the achievement of Cumulative Income during that period against pre-determined levels. Except as otherwise provided below, to vest in the Cumulative Income Units, the recipient must also remain continuously employed through the Scheduled Vesting Date.

The remaining twenty-five percent (25%) of the Phantom Units are subject to a time-based vesting schedule (the Time-Based Units), with the vesting of twenty-five percent (25%), twenty-five percent (25%) and fifty percent (50%) of the Time-Based Units scheduled to vest on the three Scheduled Vesting Dates, respectively. Except as otherwise provided below, to vest in the Time-Based Units, the recipient must also remain continuously employed through the Scheduled Vesting Date.

If a Participant's employment terminates prior to the Scheduled Vesting Date due to the Participant's death or disability, a termination by the Company without cause or by the Participant for good reason, the Participant will be deemed to have vested in a pro-rated portion of the Phantom Units. For each applicable vesting tranche, the number of pro-rated Time-Based Units that vest will be determined by multiplying the total number of Time-Based Units allocable to that tranche by a fraction, the numerator of which is the Participant's service from October 1, 2018 through and including the date of termination, and the denominator of which is the period of service that would have been completed from October 1, 2018 to September 30, 2019, September 30, 2020 and September 30, 2021, for each of the three tranches, respectively. The number of pro-rated Cumulative Income Units that vest will be determined by multiplying the

total number of the number of Cumulative Income Units that would have vested on the Scheduled Vesting Date immediately following the Participant's termination of service based on actual performance, multiplied by a fraction, the numerator of which is the number of days of Participants in the fiscal year of termination, and the denominator of which is total number of days in the fiscal year of the termination. If a Participant's employment is terminated following the completion of a performance period, but prior to settlement of the Cumulative Income Units, the Participant will receive all earned Cumulative Income Units with no pro-ration.

Special vesting provisions will apply in the event there is a change in control of the Company (as defined in the Plan) prior to the Scheduled Vesting Date. If, following the occurrence of a change in control, the Phantom Units relate to a class of stock that is publicly traded on an established U.S. securities market (a Publicly Traded Stock), the performance conditions with respect to the Cumulative Income Units shall be deemed met at maximum levels, and such Cumulative Income Units will be subject only to the continued employment conditions described above. However, in such circumstance, the Phantom Units will also become fully vested if the Participant's employment is terminated following the change in control (i) by the Company other than for cause or (ii) by the Participant for good reason. If the Phantom Units will not relate to a Publicly Traded Stock following the occurrence of a change in control, each Phantom Unit will vest in full, with performance deemed met at maximum levels, upon the occurrence of the change in control.

Payment of any vested Phantom Units will generally be made within 30 days following the Scheduled Vesting Date. Phantom Units will be settled in shares of common stock unless, following the occurrence of a change in control, the Committee determines in its discretion to settle the Phantom Units in cash based on the fair market value of the stock underlying the Phantom Units at the date they become vested.

The number of Phantom Units granted to each named executive officer is set forth below:

	<b>Target Number of Cumulative Income Units</b>	<b>Number of Time-Based Units</b>
Robert W. Lewey	52,083	17,361
Tracy A. McLauchlin	31,250	10,417
Gail D. Makode	18,750	6,250
