GRILL CONCEPTS REPORTS HIGHER REVENUES
FOR 2004 FIRST QUARTER; SAME STORE SALES INCREASE 7.8%

-- EARNINGS IMPACTED BY EXPENSING OF OPTIONS --

Edgar Filing: GRILL CONCEPTS INC - Form 8-K

LOS ANGELES, CALIFORNIA - MAY 26, 2004 - Grill Concepts, Inc. (NASDAQ:GRIL) today reported growth of 11.2 percent in consolidated revenues with a 7.8 percent increase in same store sales for the three-month period ended March 28, 2004 as compared to the first quarter of 2003.

Consolidated revenues, including management and license fees advanced to \$13.3 million in the first quarter of 2004 from \$11.9 million in the year-earlier period. Total systemwide sales, including all restaurants, owned, operated, managed and licensed, rose 13.9 percent in the quarter to \$19.7 million from \$17.3 million in 2003. Management believes total systemwide sales is a key measurement for assessing the current strength of The Grill on the Alley and Daily Grill restaurant brands against historical performance.

Grill Concepts previously announced that as a result of a recent review of its stock option plan, a determination was made that grants under the plan require variable accounting treatment. This accounting treatment reflects the difference between the current market price of the company's stock and the option's exercise price and results in an associated non-cash charge to compensation expense. As a result of the change in accounting treatment, the company filed an amended Form 10-K for the period ended December 28, 2003 restating the financial results for the 2003 full year to reflect the expensing of employee stock options.

For the 2004 first quarter, the company achieved net income of \$87,000, or \$0.01 per diluted share, which includes stock option compensation expense of \$187,000. This compares with restated net income of \$342,000, or \$0.06 per diluted share, a year earlier, including stock option compensation expense of \$5,000.

"From an operating perspective, we are off to a strong start in 2004," said Robert Spivak, president and chief executive officer of Grill Concepts. "The strong revenue growth demonstrates continued appreciation for our brand and reinforces our confidence as the year unfolds."

Same store sales for the Daily Grill restaurants were 8.7 percent higher compared with a year ago, and The Grill on the Alley restaurants achieved an increase of 6.1 percent in comparable sales over the first quarter of 2003. Spivak said first quarter revenues reflected another period of improved check averages and increased guest counts, leading to higher weighted average weekly sales of 6.1 percent at The Grill restaurants and 2.8 percent at Daily Grill restaurants.

During the first quarter, the company opened its fourth Daily Grill in the greater Washington, D.C. area in the 390-room Hyatt Regency at One Bethesda Metro Center. Recently, Grill Concepts announced plans to open a Daily Grill restaurant in the heart of Santa Monica's entertainment hub in the Colorado Center, a property leased and managed by Tishman Speyer Properties, formerly known as MGM Plaza, and now home to tenants Metro-Goldwyn-Mayer Studios, CBS Enterprises and HBO.
