Corporate Governance

Board Leadership Structure. Our Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board, as the Board believes it is in the best interest of the Company to make that determination based on the position and direction of the Company and the membership of the Board. In April 2010, Mr. Xu resigned as our Chief Executive Officer, but retains the position of Chairman of the Board. Upon Mr. Xu's resignation, our Board appointed Mr. Qi as Chief Executive Officer. Although the positions of Chairman and Chief Executive Officer are currently held by two individuals, in the future we may allow one individual to hold these two positions if the Board believes that it is in the best interests of the Company and its stockholders.

Risk Management. The Company's management is responsible for day-to-day risk management of the company. Management reports to the Board of Directors on the material risks the Company faces when management determines that the Company's risk profile materially changes. The Board of Directors uses management's reports to evaluate the Company's exposure to risks in light of the Company's business plan and growth strategies. The Board of Directors primarily focuses on risks in the areas of operations, liquidity and regulatory changes and compliance, which the Board of Directors believes are the areas most likely to have a potential impact on the Company in a material way.

Consideration and Determination of Executive and Director Compensation. The Compensation Committee has the primary authority to determine our compensation philosophy and to establish compensation for our executive officers. In establishing executive officer compensation, the Compensation Committee uses its subjective evaluation of the executives' performance and responsibilities, our overall performance and the Chief Executive Officer's recommendations. The Compensation Committee has not used any compensation consultant in setting executive salaries, or in determining other components of executive compensation, nor does it seek formally to benchmark the compensation of our executive officers against compensation paid by other companies to their executives.

Management plays a significant role in the compensation-setting process. The most significant aspects of management's role are:

- evaluating employee performance;
- preparing information for Compensation Committee meetings;
- establishing business performance targets and objectives;
- providing background information regarding the Company's strategic objectives; and
- recommending salary levels and equity awards.

Risk Management related to Compensation Policies and Practices. We do not believe that our compensation policies and practices encourage excessive and unnecessary risk-taking, and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on the Company. The design of our compensation policies and practices encourages our employees to remain focused on both our short- and long-term goals.

Code of Ethics. Our Code of Business Conduct and Ethics (the “Code of Ethics”) applies to all of our directors, executive officers and employees. The Code of Ethics is available on our website at www.wuhangeneral.com under the heading “Investor Relations.” We intend to disclose any amendments to our Code of Ethics, and any waiver from a provision of the Code of Ethics granted to our Chief Executive Officer, Chief Financial Officer or Controller, on our website within four business days following such amendment or waiver.

Executive Sessions of Independent Directors. The Board of Directors is responsible for scheduling regular executive sessions of our independent directors. At executive sessions, our independent directors meet without management or any non-independent directors present. The independent directors are responsible for establishing the agenda at executive sessions. The Board believes that executive sessions foster open and frank communication among the independent directors, which will ultimately add to the effectiveness of the Board, as a whole.

Committee Authority to Retain Independent Advisors. Each of the Audit Committee and the Compensation Committee has the authority to retain independent advisors and consultants, with all fees and expenses to be paid by Wuhan General.

Accounting Complaint Policy. The Audit Committee has established procedures for the treatment of complaints regarding accounting, internal accounting controls or auditing matters, including procedures for confidential and anonymous submission by our employees of concerns regarding questionable accounting, internal accounting controls or auditing matters.

No Executive Loans. We do not extend loans to executive officers or directors, and we have no such loans outstanding.

Policy for Director Attendance at Annual Meetings. It is the policy of Wuhan General and our Board of Directors that all directors attend the Annual Meeting of Stockholders and be available for questions from stockholders, except in the case of unavoidable conflicts. All of our directors attended our 2010 Annual Meeting of Stockholders.

Process for Security Holders to Send Communications to the Board. We encourage security holder communication with the Board of Directors. Any security holder who wishes to communicate with the Board or with any particular director, including any independent director, may send a letter to the Secretary of Wuhan General at our principal executive offices. Any communication should indicate that you are a Wuhan General security holder and clearly specify whether it is intended to be made to the entire Board or to one or more particular director(s).

Policy for Consideration of Director Candidates Recommended by Security Holders. We welcome recommendations for director candidates from security holders. In order to make a recommendation, a security holder should submit the following information to the Board of Directors:

- a resume for the candidate detailing the candidate’s work experience and academic credentials;
- written confirmation from the candidate that he or she (1) would like to be considered as a candidate and would serve if nominated and elected, (2) consents to the disclosure of his or her name, (3) has read our Code of Ethics and that during the prior three years has not engaged in any conduct that, had he or she been a director, would have violated the Code of Ethics or required a waiver, (4) is, or is not, “independent” as that term is defined by Nasdaq and SEC rules, and (5) has no plans to change or influence the control of Wuhan General;

- the name of the recommending stockholder as it appears in our books, the number of shares of Common Stock that is owned by the stockholder and written confirmation that the stockholder consents to the disclosure of his or her name (if the recommending person is not a stockholder of record, he or she should provide proof of share ownership);
- personal and professional references, including contact information; and
- any other information relating to the candidate required to be disclosed in a proxy statement for election of directors under Regulation 14A of the Securities Exchange Act of 1934, as amended.

This information should be sent to the Board of Directors, c/o Secretary at our principal executive offices, who will forward it to the Board of Directors. The Board of Directors does not necessarily respond to security holder recommendations.

There have been no material changes to the procedures by which stockholders may recommend nominees to the Company's Board of Directors.

Board Committees. Our Board of Directors currently has two standing committees: the Audit Committee and the Compensation Committee. The principal functions and the names of the directors currently serving as members of each of those committees are set forth below. In accordance with applicable Nasdaq and SEC requirements, the Board of Directors has determined that each director serving on the Audit and Compensation committees is an independent director.

Audit Committee. The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to our financial matters. The Audit Committee operates under a written charter, a copy of which is available on our website at www.wuhangeneral.com under the heading "Investor Relations." Under the charter, the committee's principal responsibilities include reviewing our financial statements, reports and releases; reviewing with the independent auditor all critical accounting policies and alternative treatments of financial information under generally accepted accounting principles; and appointing, compensating, and retaining and overseeing the work of the independent auditor.

The current members of the Audit Committee are Brian Lin (Chairman), David K. Karnes and Shi Yu. The Board of Directors has determined that Mr. Lin is an "audit committee financial expert," as that term is defined in SEC rules.

Compensation Committee. The Compensation Committee has the primary authority to determine our compensation philosophy and to establish compensation for our executive officers. The Compensation Committee operates under a written charter, a copy of which is available on our website at www.wuhangeneral.com under the heading "Investor Relations." Under the charter, the committee's principal responsibilities include making recommendations to the Board on the Company's compensation policies, determining the compensation of senior management, making recommendations to the Board on the compensation of independent directors and approving performance-based compensation.

The current members of the Compensation Committee are Shi Yu (Chairman), David K. Karnes and Brian Lin.

Director Nominations

We do not have a formally constituted nominating committee or charter. Instead, our Board of Directors adopted a Director Nomination Policy, which provides for the nomination of persons to serve on our Board upon the approval of a majority of our independent directors. The qualifications of recommended candidates also will be reviewed and approved by the full Board. Our Board, through the adoption of the Director Nomination Policy, has indicated its preference for this approach. Under the Director Nomination Policy, the independent directors consider the following factors when qualifying candidates: current composition of the Board and the characteristics of each candidate under consideration, including that candidate's competencies, experience, reputation, integrity, independence, potential for conflicts of interest and other appropriate qualities. When considering a director standing for re-election, in addition to the factors described above, the independent directors consider that individual's past contribution and future commitment to the Company. The independent directors evaluate all candidates, regardless of the source from which the candidate was first identified, based upon the totality of the merits of each candidate and not based upon minimum qualifications or attributes.

The Board has not adopted a formal policy with regard to the consideration of diversity in identifying director nominees. In determining whether to recommend a director nominee, the independent directors consider and discuss diversity, among other factors, with a view toward the needs of the Board as a whole. The independent directors generally conceptualize diversity expansively to include, without limitation, concepts such as race, gender, national origin, differences of viewpoint, professional experience, education, skill and other qualities or attributes that contribute to Board heterogeneity, when identifying and recommending director nominees. The independent directors believe that the inclusion of diversity as one of many factors considered in selecting director nominees is consistent with the Board's goal of creating a Board of Directors that best serves the needs of the Company and the interest of its stockholders.

For information regarding director nominations by security holders, see "Part III, Item 10. Directors, Executive Officers and Corporate Governance—Corporate Governance—Policy for Consideration of Director Candidates Recommended by Security Holders."

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers, and persons who beneficially own more than 10% of any class of our equity securities, who collectively we generally refer to as insiders, to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of Common Stock and other equity securities of Wuhan General. Our insiders are required by SEC regulation to furnish us with copies of all Section 16(a) reports they file. Based solely upon a review of the copies of the forms furnished to us, we believe that during the 2010 fiscal year our insiders complied with all applicable filing requirements, except that Mr. Qi made a single late filing reporting his initial statement of beneficial ownership.
