PROXY STATEMENT

GENERAL INFORMATION

For Our Annual Meeting of Stockholders to be held on June 3, 2015

Vonage Holdings Corp. (referred to as “we,” “us,” “our,” “the company,” or “Vonage” in this document) has sent you this proxy statement and the enclosed proxy card because our board of directors is soliciting your proxy to vote at our 2015 Annual Meeting of Stockholders. The annual meeting will be held on Wednesday, June 3, 2015, at 10:00 a.m., local time, via live webcast at www.virtualshareholdermeeting.com/VG2015. If the annual meeting is adjourned or postponed for any reason, the proxies may be used at any adjournments or postponements of the annual meeting. A replay of the webcast will be available on the Investor Relations section of our website through at least June 30, 2015. This proxy statement summarizes information about the proposals to be considered at the annual meeting and other information you may find useful in determining how to vote. We are mailing this proxy statement and the enclosed proxy card to stockholders on or about April 24, 2015. We are also enclosing a copy of our annual report, including our Form 10-K for the year ended December 31, 2014 (without exhibits). We sometimes refer to the year ended December 31, 2014 as “fiscal year 2014” in this proxy statement.

OTHER INFORMATION

Our Form 10-K for fiscal year 2014, as filed with the Securities and Exchange Commission, or SEC, which includes our audited financial statements, is available free of charge on the Investor Relations section of our website at <http://ir.vonage.com/> or through the SEC's electronic data system at www.sec.gov. To request a printed copy of our Form 10-K (without exhibits), which we will provide to you free of charge, you may: write to Vonage's Investor Relations Department at Vonage Holdings Corp., 23 Main Street, Holmdel, NJ 07733 or call us at 732.365.1328 or send an email through the Vonage Investor Relations website at <http://ir.vonage.com/>.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: What information is contained in this proxy statement?

A: The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of our directors and most highly paid executive officers in 2014, and certain other required information.

Q: What shares can I vote?

A: Each share of Vonage common stock issued and outstanding as of the close of business on April 10, 2015, which we refer to as the Record Date, is entitled to vote on all items being voted on at the annual meeting. You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the stockholder of record and (2) shares held for you as the beneficial owner in street name through a broker, trustee or other nominee such as a bank. On the Record Date, we had 213,846,191 shares of common stock issued and outstanding.

Table of Contents

Q: How many votes am I entitled to per share?

A: Each holder of shares of common stock is entitled to one vote for each share of common stock held as of the Record Date.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most Vonage stockholders hold their shares through a broker, trustee or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you by Vonage. As the stockholder of record, you have the right to grant your voting proxy directly to Vonage or to vote in person at the annual meeting. We have enclosed or sent a proxy card for you to use.

Beneficial Owner

If your shares are held in a brokerage account or by a trustee or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you together with a voting instruction card by your broker, trustee or nominee, as the case may be. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote, and you are also invited to attend the annual meeting.

Since a beneficial owner is not the stockholder of record, you may not vote your shares in person at the annual meeting unless you obtain a "legal proxy" from the broker, trustee or nominee that holds your shares giving you the right to vote the shares at the meeting. Your broker, trustee or other nominee can provide you information on how to obtain a "legal proxy." Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or other nominee how to vote your shares.

Q: How can I attend and vote at the annual meeting?

A: You are entitled to attend the annual meeting only if you were a Vonage stockholder or joint holder as of the Record Date, the close of business on April 10, 2015, or you hold a valid proxy for the annual meeting. We will be hosting the 2015 annual meeting live via webcast. A summary of the information you need to attend the annual meeting online is provided below:

Any stockholder can attend the 2015 annual meeting live via the Internet at www.virtualshareholdermeeting.com/VG2015

Even if you plan to attend the annual meeting, we encourage you to vote your shares in advance of the meeting.

Table of Contents

Q: How can I vote my shares without attending the annual meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the annual meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For directions on how to vote, please refer to the instructions below and those included on your proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker, trustee or nominee.

By Internet—Stockholders of record of Vonage common stock with Internet access may submit proxies by following the “VOTE BY INTERNET” instructions on their proxy cards until 11:59 p.m., Eastern Time, on June 2, 2015. Most Vonage stockholders who hold shares beneficially in street name may vote by accessing the website specified on the voting instruction cards provided by their brokers, trustees or nominees. Please check the voting instruction card for Internet voting availability.

By Telephone—Stockholders of record of Vonage common stock who live in the United States or Canada may submit proxies by following the “VOTE BY TELEPHONE” instructions on their proxy cards until 11:59 p.m., Eastern Time, on June 2, 2015. Most Vonage stockholders who hold shares beneficially in street name and live in the United States or Canada may vote by phone by calling the number specified on the voting instruction cards provided by their brokers, trustees or nominees. Please check the voting instruction card for telephone voting availability.

By Mail—Stockholders of record of Vonage common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Proxy cards submitted by mail must be received by the time of the meeting in order for your shares to be voted. Vonage stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by their brokers, trustees or nominees and mailing them in the accompanying pre-addressed envelopes.

Q: Can I change my vote?

A: You may change your vote at any time prior to the vote at the annual meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), by providing a written notice of revocation to Vonage's Corporate Secretary at Vonage Holdings Corp., 23 Main Street, Holmdel, NJ 07733 prior to your shares being voted, or by attending the annual meeting on the Internet and voting. Attendance at the meeting on the Internet will not cause your previously granted proxy to be revoked unless you specifically so request prior to the vote at the annual meeting. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee following the instruction it has provided, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting while attending the annual meeting on the Internet.

Q: How many shares must be present or represented to conduct business at the annual meeting?

A: The quorum requirement for holding the annual meeting and transacting business is that holders of a majority of the voting power of the issued and outstanding common stock of Vonage must be present in person or represented by proxy. Broker non-votes (described below) are counted for the purpose of determining the presence of a quorum.

Q: What is the voting requirement to approve each of the proposals?

A: Directors are elected by a plurality of the votes cast. This means that the three Class III candidates for election as directors receiving the highest number of “FOR” votes will be elected. Stockholders cannot cumulate votes in the election of directors. Votes withheld and broker non-votes are not considered votes cast on this proposal and will not have any effect on the election of directors.

Table of Contents

The proposal to ratify the appointment of BDO USA, LLP as our independent registered public accounting firm requires the affirmative “FOR” vote of a majority of those shares present in person or represented by proxy and voting on the proposal at the annual meeting. Abstentions are considered votes cast and, accordingly, will have the same effect as a vote against the proposal.

The proposal to approve our 2015 Long-Term Incentive Plan requires the affirmative “FOR” vote of a majority of those shares present in person or represented by proxy and voting on the proposal at the annual meeting. Abstentions are considered votes cast and, accordingly, will have the same effect as a vote against the proposal.

The proposal to ratify the extension of our Tax Benefits Preservation Plan requires the affirmative “FOR” vote of a majority of those shares present in person or represented by proxy and voting on the proposal at the annual meeting. Abstentions are considered votes cast and, accordingly, will have the same effect as a vote against the proposal.

Q: What is the effect of not casting a vote or not providing voting instructions?

A: If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. Under New York Stock Exchange rules, brokers would have discretionary voting power with respect to ratification of the appointment of BDO USA, LLP, but not for the election of directors, the approval of our 2015 Long-Term Incentive Plan, or the ratification of the extension of our Tax Benefits Preservation Plan. We encourage you to provide instructions to your broker, trustee or other nominee regarding the voting of your shares.

If you are a stockholder of record and do not return a proxy card, no votes will be cast on your behalf on any of the items of business at the annual meeting. If you are a stockholder of record and return your signed proxy card but it does not indicate any voting instructions, such proxy will be voted FOR the election of all director nominees named in this proxy statement, FOR the ratification of the appointment of BDO USA, LLP, FOR the approval of our 2015 Long-Term Incentive Plan, and FOR the ratification of the extension of our Tax Benefits Preservation Plan.

Q: What happens if additional matters are presented at the annual meeting?

A: Other than the items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our board of directors.

Q: Who will serve as inspector of elections?

A: The inspector of elections will be a representative from Broadridge Investor Communications Services.

Q: What should I do if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive.

Table of Contents

Q: What is “householding” and how do I revoke my consent to the householding program?

A: Vonage has adopted a method of delivery for its proxy materials and annual report called “householding.” Under this method, we deliver only one copy of the proxy materials and annual report to one or more stockholders who share the same last name and address, unless such stockholders have notified us that they wish to receive multiple copies.

Vonage adopted the householding method to reduce the amount of duplicative material that its stockholders receive and to lower printing and mailing costs. Householding is in effect for the 2015 Annual Meeting of Stockholders and will remain in effect for all future annual meetings.

If you are a registered stockholder who previously received separate copies and wish to continue to receive multiple copies of our proxy materials and annual report at the same address, separate copies will be provided to you upon request. You may request separate copies by notifying us in writing or verbally that you wish to opt out of the householding program at:

Vonage Investor Relations

23 Main Street

Holmdel, NJ 07733

732.365.1328

You may opt out of householding at any time 30 days prior to the mailing of proxy materials. If you own our common stock in street name (such as through a broker), please notify your broker if you wish to continue to receive multiple copies of the proxy materials.

Stockholders who share an address and receive multiple copies of our annual report, including our Form 10-K, and proxy materials can request to receive a single copy of these materials and notices of Internet availability of proxy materials (if applicable) in the future by following the instructions above. Stockholders can also revoke their consent and receive separate copies of these documents in the future by following the instructions above.

Q: How may I obtain an additional copy of our 2014 annual report and proxy materials?

A: Any stockholder may request additional copies of our annual report, including our Form 10-K (without exhibits), and proxy materials by sending an e-mail through the Vonage Investor Relations website at <http://ir.vonage.com/>, calling 732.365.1328 or writing to:

Vonage Investor Relations

23 Main Street

Holmdel, NJ 07733

We will promptly deliver the requested copies. Current and prospective investors can access or order free copies of our annual report, including our Form 10-K (without exhibits) and proxy statement by following these same instructions.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: Vonage is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers, and employees, who will not receive any additional compensation for such solicitation activities. We have retained Georgeson Inc. at an estimated cost of \$7,000, plus expenses, to assist in the solicitation of proxies.

This section describes key corporate governance principles and practices that our board has adopted. Complete copies of our governance principles, committee charters, code of conduct, and finance code of ethics are available on the Corporate Governance section of our website at www.vonage.com/corporate/corp_index.php. Alternatively, you may request a copy of any of these documents by writing to Vonage Holdings Corp., Attn: Corporate Secretary, 23 Main Street, Holmdel, NJ 07733.

Governance Principles

Our board of directors has adopted governance principles to assist in the exercise of its duties and responsibilities and to serve the best interests of Vonage and our stockholders. These principles, which provide a framework for the conduct of the board's business, provide that:

- the board's principal responsibility is to oversee the management of Vonage to assure that the best interests of the company and its stockholders are being served;
- a majority of the members of our board shall be independent directors;
- the non-management directors meet regularly in executive session;
- directors have full and free access to management and, as necessary and appropriate, independent advisors;
- new directors participate in an orientation program and all directors are encouraged to participate in continuing director education on an ongoing basis; and
- annually our board and its committees will conduct a self-evaluation to assess whether they are functioning effectively and efficiently.

Board Leadership Structure

The following section describes our board leadership structure, the reasons why the structure is in place at this time, the roles of various positions, and related key governance practices.

Our board of directors is currently composed of nine independent directors, and Mr. Masarek, our Chief Executive Officer. On February 4, 2015, Morton David, a director since 2001, notified us that he has decided not to stand for re-election at the 2015 annual meeting of stockholders. Upon Mr. David's departure, the board of directors will be composed of eight independent directors, and Mr. Masarek, our Chief Executive Officer. Our board of directors has established audit, compensation and nominating and governance committees. Each of the board committees is composed solely of independent directors, each with a different independent director serving as committee chair. As permitted by our governance principles, our board of directors has designated one of the independent directors as Lead Independent Director. Our Lead Independent Director (i) has the responsibility to schedule and prepare agendas for and to chair meetings of non-management or independent directors, (ii) at all meetings of the board at which our Chairman of the Board is not present, (iii) coordinates with our Chairman of the Board and our Chief Executive Officer, and other directors, to determine the frequency and length of board meetings, and coordinates with our Chairman of the Board and our Chief Executive Officer to set the agenda for each board meeting, (iv) facilitates communication between our Chairman of the Board and our Chief Executive Officer and the other directors (however, directors are free to, and do, communicate directly with our Chairman of the Board and our Chief Executive Officer), (v) causes the dissemination of information to the other members of our board, (vi) raises issues on behalf of the non-management or independent directors when appropriate, (vii) has the authority

Table of Contents

to call meetings of non-management or independent directors, (viii) speaks on behalf of the independent directors when necessary, (ix) discusses board and committee evaluations with the nominating and governance committee, (x) conducts evaluations of our Chief Executive Officer and other executive officers in coordination with the compensation committee, and (xi) coordinates with our Chairman of the Board and our Chief Executive Officer to monitor communications from stockholders and other interested parties. John Roberts, a director since 2004 was appointed as our Lead Independent Director in February 2015.

With respect to the roles of Chairman of the Board and Chief Executive Officer, our governance principles provide that our board of directors may fill these positions based upon what is in the best interests of Vonage and its stockholders at any point in time. In July 2008, our board of directors first determined that the positions of Chairman of the Board and Chief Executive Officer should be held by different persons. With the appointment of Mr. Masarek, our board of directors has elected to continue the separation in order to retain the benefit of Mr. Citron's institutional knowledge as Chairman. As further discussed under "Board Determination of Independence" below, though our board of directors has determined that our Chairman of the Board is "independent" under New York Stock Exchange rules, we believe that maintaining our current leadership structure, including a separate Chairman and Lead Independent Director, is currently the best approach to maintaining an appropriate level of checks and balances in our governance and allows our board of directors to function effectively. Our governance principles provide the flexibility for our board of directors to modify our leadership structure in the future as appropriate. We believe that Vonage has been well-served by this flexibility.

Our nominating and governance committee oversees annually a self-evaluation by our board of directors of its performance during the prior year. As part of this process our nominating and governance committee will conduct an evaluation to review the progress and effectiveness of our board of directors and its committees, and submits comments to the Lead Independent Director. Following discussion with the Lead Independent Director, our nominating and governance committee reports back to our board of directors, and the full board of directors will consider and discuss the committee's report, including assessing whether the current leadership structure continues to be appropriate for Vonage and its stockholders.

Risk Management and Role of the Board in Risk Oversight

Our Chief Executive Officer reports directly to our board of directors and is responsible for the day-to-day management of our company, including how the company addresses risk. Our Chief Financial Officer is responsible for day-to-day financial risk management under the direction of our Chief Executive Officer. Management has implemented an enterprise risk management process to identify, assess, and manage the most significant risks facing us and conducts risk assessments of our business periodically. The risk assessment process is global in nature and has been developed to identify and assess our risks, including the nature of the risk, as well as to identify steps to mitigate and manage each risk. Our senior leadership team, functional heads, and other managers are surveyed and/or interviewed to develop this information. The enterprise risk management process is led by our Chief Legal Officer, who reports to our Chief Executive Officer, and our Vice President, Internal Audit, who reports directly to our audit committee. In 2014, our Chief Legal Officer and Vice President, Internal Audit, along with our Senior Vice President Network Operations, provided regular status updates on our enterprise risk management process and related activities to our audit committee.

Our board of directors is involved in oversight of Vonage's risk assessment and monitoring processes, which it achieves primarily through the work of committees of the board. Management reviews significant risks with our board of directors throughout the year, as necessary and/or appropriate, and conducts a formal review of its assessment and management of the most significant risks with our board of directors on a periodic basis. Our audit committee has oversight responsibility to review management's risk assessment and risk management policies, including the policies and guidelines used by management to identify, monitor and manage our exposure to risk. Our audit committee reviews and discusses with our management, our outside auditor and our internal auditors the

material risks facing Vonage and our management's plans to manage the risks identified as a result of the enterprise risk management process and reports on its review to the full board of directors. Our compensation committee reviews risks arising from our compensation policies and practices and reports on its review to the full board of directors.

Board Determination of Independence

Under applicable New York Stock Exchange rules, a director will only qualify as “independent” if our board affirmatively determines that he or she has no material relationship with Vonage (either directly or as a partner, stockholder or officer of an organization that has a relationship with us). Our board has established guidelines to assist it in determining whether a director has such a material relationship. The guidelines are included in our governance principles, which are available on our website as discussed above. Under these guidelines, a director is not considered to have a material relationship with Vonage if he or she is independent under Section 303A.02(b) of the New York Stock Exchange Listed Company Manual and provided he or she:

is not an executive officer of another company which is indebted to Vonage, or to which Vonage is indebted, where the total amount of either company's indebtedness to the other is more than 1% of the total consolidated assets of the company for which he or she serves as an executive officer; and

does not serve as an officer, director or trustee of a tax exempt organization, where Vonage's discretionary contributions to such organization are more than the greater of \$1 million or 2% of that organization's consolidated gross revenues. Vonage's automatic matching of employee charitable contributions will not be included in the amount of Vonage's contributions for this purpose.

In addition, ownership of a significant amount of our stock, by itself, does not constitute a material relationship.

For relationships not covered by the guidelines set forth above, the determination of whether a material relationship exists is made by the other independent members of our board.

Our board has determined that Jeffrey Citron, Naveen Chopra, Morton David, Stephen Fisher, Carolyn Katz, David C. Nagel, John J. Roberts, Margaret M. Smyth, and Carl Sparks meet the categorical standards described above, that none of these directors has a material relationship with Vonage and that each of these directors is “independent” as determined under Section 303A.02(b) of the New York Stock Exchange Listed Company Manual. None of the directors determined to be independent engaged in any related person transactions with the company. In making its determination that Mr. Citron is “independent”, our board considered the fact that the company provided health insurance and medical care payments to Mr. Citron in the amount of \$24,349 in 2012, \$21,988 in 2013, and \$23,647 in 2014. Our board also determined that each of Michael A. Krupka and Jeffrey J. Misner, during their respective tenures as director, met the categorical standards described above, did not have a material relationship with Vonage and was “independent” as determined under Section 303A.02(b) of the New York Stock Exchange Listed Company Manual. Mr. Krupka resigned from our board of directors effective on February 16, 2015 and Mr. Misner resigned from our board of directors effective on February 6, 2014.

In addition, in the case of all members of the compensation committee, our board has considered the independence criteria set forth in the rules of the New York Stock Exchange that are specifically applicable to compensation committee members.

Board Meetings and Attendance

Our board met nine times during 2014. During 2014, each current director attended at least 75% of the aggregate of the number of board meetings and the number of meetings held by all committees on which he or she then served.

Table of Contents

Director Attendance at Annual Meeting of Stockholders

Our governance principles provide that directors are encouraged to attend the annual meeting of stockholders. All of our directors then serving on our board attended the 2014 annual meeting of stockholders.

Director Retirement Age

Our governance principles do not establish an age limit for serving as a director. However, the governance principles provide that upon reaching the age of 72 years, a director must submit to our board of directors a letter of resignation to be effective at the next meeting of stockholders held for the election of directors. In each instance, our board of directors will accept the letter of resignation unless our nominating and governance committee determines otherwise. In making such determination, our nominating and governance committee balances the benefits of a director's contributions and continuity against the benefits of having a fresh viewpoint from a new director and such other factors as our board of directors or the nominating and governance committee may consider appropriate.

Directors Changing Their Present Job Responsibilities

Our governance principles require directors who substantially change their present job responsibilities to tender their resignation to the Chairman of the Board, who must refer it to our nominating and governance committee for review. Our board of directors, upon the recommendation of the nominating and governance committee, determines whether to accept the resignation. In cases in which a director is uncertain as to whether he or she ought to tender his or her resignation, our board of directors expects such director to consult with the chairman of the nominating and governance committee. The nominating and governance committee shall consider a director's other job responsibilities in its deliberations concerning directors' standing for re-election.

Transactions with Related Persons

Policies and Procedures for Related Person Transactions

Our board has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which Vonage is or will be a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees, or 5% stockholders (or their immediate family members), each of whom we refer to as a "related person," has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a "related person transaction," the related person must report the proposed related person transaction to our chief legal officer. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved or ratified by the board's audit committee. Whenever practicable, the reporting, review, and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the audit committee will review, and, in its discretion after considering the factors set forth below, as appropriate, may ratify the related person transaction.

The policy also permits the chairman of the audit committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the audit committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the audit committee after full disclosure of the material terms of the transaction and the related person's interest in the transaction. As appropriate for the circumstances, the audit committee will review and consider:

- the related person's interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;

Table of Contents

the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;

whether the transaction was undertaken in the ordinary course of our business;

whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;

the purpose of, and the potential benefits to us of, the transaction; and

any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The audit committee may approve or ratify the transaction only if the audit committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, our best interests. The audit committee may impose any conditions on the related person transaction it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, the board has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions requiring approval or ratification for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, (c) the amount involved in the transaction equals less than the greater of \$1 million dollars or 2% of the annual gross revenues of the other entity that is a party to the transaction, and (d) the amount involved in the transaction equals less than 2% of Vonage's annual gross revenues; and

a transaction that is specifically contemplated by provisions of Vonage's certificate of incorporation or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the compensation committee in the manner specified in its charter.

Related Person Transaction During 2014

The company did not participate in any related persons transactions during 2014.

Board Committees

Our board has established audit, compensation, and nominating and governance committees, each of which operates under a charter that has been approved by our board. Current copies of each committee's charter are posted on the Corporate Governance section of our website at <http://ir.vonage.com/>.

Our board has determined that all of the members of each of these committees are independent as defined under the rules of the New York Stock Exchange, including, in the case of all members of the audit committee, the independence requirements contemplated by Rule 10A-3(b)(1) under the Securities Exchange Act of 1934.

The members of our audit committee are Mr. Roberts (Chairman), Ms. Katz, and Ms. Smyth. Each member of our audit committee meets, and during his service Mr. Misner met, the standards for financial literacy for companies listed on the New York Stock Exchange. In addition, our board of directors has determined that Mr. Roberts, Ms. Katz and Ms. Smyth, each of whom is independent under applicable rules governing independence of audit committee members, are each also an “Audit Committee Financial Expert” as defined by applicable SEC rules. No member of our audit committee currently serves on the audit committees of more than three public companies, except for Mr. Roberts, who serves on three audit committees in addition to ours. Our board of directors has determined that Mr. Roberts' service on those other committees does not impair his ability to effectively serve on our audit committee.

Compensation Committee

The compensation committee's responsibilities include:

- annually reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer and other executives;
- determining, along with our other independent directors, compensation for our chief executive officer;
- reviewing risks arising from our compensation policies and practices;
- reviewing and approving the compensation of our other executive officers;
- overseeing and administering our cash and equity incentive plans;
- appointing, approving the compensation of, assessing the independence of, and overseeing the work of any compensation consultant, independent legal counsel or other advisor retained by the compensation committee;

- preparing the compensation committee report required by SEC rules, which is included below in this proxy statement.

Independent Compensation Advisor

The compensation committee has the authority to engage its own independent advisors to assist in carrying out its responsibilities under its charter. The compensation committee has engaged and utilizes the services of an independent compensation consultant, Meridian Compensation Partners, LLC, to advise the committee in connection with its oversight of our compensation program. The compensation consultant attends meetings of the compensation committee as requested and also communicates with the compensation committee outside of meetings. The compensation consultant reports to the compensation committee rather than to management, although the compensation consultant may meet with management from time to time for purposes of gathering information on proposals that management may make to the compensation committee, at the request of the compensation committee. The compensation committee is free to replace the compensation consultant or hire additional consultants at any time. The compensation consultant does not provide services to management. In selecting its

compensation consultant the compensation committee considered factors relevant to the consultant's independence, including the factors set forth in applicable rules of the New York Stock Exchange, and determined that the services provided by Meridian in 2014 did not raise any conflicts of interest. The processes and procedures followed by our compensation committee in considering and determining executive compensation are described below under the heading "Compensation Discussion and Analysis."

Our management, aided by our human resources and finance departments, and eConsultingNetwork, a compensation consultant retained by management, provided statistical data and survey information to the compensation committee to assist it in determining 2014 compensation levels. The compensation committee considered various factors, including the factors set forth in SEC rules, and determined that the services provided by eConsultingNetwork in 2014 did not raise any conflicts of interest. While the compensation committee utilized this information and valued management's observations with regard to compensation, the ultimate decisions regarding executive compensation were made by the compensation committee in consultation with the committee's own compensation consultant.

Compensation committee meetings typically have included, for all or a portion of each meeting, not only the committee members but also other board members, our chief executive officer, chief financial officer, chief legal officer, and a representative from our human resources department.

The members of our compensation committee are Ms. Katz (Chairwoman), Mr. Chopra, Mr. David, and Mr. Fisher. Mr. Krupka served on our compensation committee until February 16, 2015 when he ceased to be a director.

Nominating and Governance Committee

The nominating and governance committee's responsibilities include:

- identifying individuals qualified to become board members;
- recommending to our board the persons to be nominated for election as directors and to each of the board's committees;
- making recommendations to our board on the size of and criteria for membership on the board and board committees;
- reviewing and making recommendations to the board with respect to the compensation of non-executive directors;
- developing and recommending governance principles to the board;
- reviewing our disclosures regarding the specific experience, qualifications, attributes or skills that led to the conclusion that each director and nominee should serve as a director;
- reviewing the board's leadership structure in light of our specific characteristics and circumstances and recommending change, if any, to the board for approval, and reviewing our disclosure regarding board leadership structure; and
- overseeing an annual self-evaluation of the board and its committees.

An independent compensation consultant, Meridian Compensation Partners, LLC, advised the committee in connection with reviewing the compensation of non-executive directors during 2014. The processes and procedures followed by the nominating and governance committee in identifying and evaluating director candidates are described below under the heading "Director Nomination Process."

Table of Contents

The members of our nominating and governance committee are Mr. Sparks (Chairman), Dr. Nagel and Ms. Smyth.

Director Nomination Process

In recruiting and selecting director candidates, our nominating and governance committee considers various factors, including the experience and expertise of existing board members and the alignment of candidates' abilities and qualifications with the long-term strategic direction of the company and the qualities described above under the heading "Board Composition and Nominees." To identify director candidates, our nominating and governance committee makes requests to board members and others for recommendations and uses the services of third-party search firms. The committee meets from time to time to evaluate biographical information and background material relating to potential candidates and sets up interviews of selected candidates by members of the committee and the board.

Stockholders may recommend individuals to our nominating and governance committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to our nominating and governance committee, Vonage Holdings Corp., Attn: Corporate Secretary, 23 Main Street, Holmdel, NJ 07733. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If the board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the annual meeting at which it is proposed that the candidate be elected to the board.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the committee or the board, by following the procedures set forth under "Questions And Answers About The Proxy Materials And The Annual Meeting—What is the deadline to propose actions for consideration at the 2016 annual meeting of stockholders or to nominate individuals to serve as directors?" Candidates nominated by stockholders in accordance with the procedures set forth in the bylaws will not be included in our proxy card for the next annual meeting.

Communicating with the Board of Directors or our Independent Directors

Our board will give appropriate attention to written communications that are submitted by stockholders and other interested parties, and will respond if and as appropriate. Communications are forwarded to all directors if they relate to important substantive matters or include suggestions or comments that the Lead Independent Director considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances, and matters as to which we receive repetitive or duplicative communications.

Stockholders who wish to send communications to our Lead Independent Director or the independent directors as a group or the board should address such communications to such directors or the board of directors, Vonage Holdings Corp., Attn: Corporate Secretary, 23 Main Street, Holmdel, NJ 07733.

Codes of Conduct

We have adopted a code of conduct applicable to all our directors, officers, and employees and a finance code of ethics applicable to our chief financial officer and employees in our finance organization. The code of conduct and the finance code of ethics are posted in the Corporate Governance section of our website,

www.vonage.com/corporate/corp_index.php. We will provide you with printed copies of our codes free of charge on written request to Vonage Holdings Corp., Attn: Corporate Secretary, 23 Main Street, Holmdel, NJ 07733. We intend to disclose any waivers from provisions of our codes that apply to our principal executive officer, principal financial officer, principal accounting officer or controller, or any person performing similar functions, as well as amendments to our code(s) that are required to be disclosed under SEC rules, on the Corporate Governance section of our website promptly following the date of such amendment or waiver.

Audit Committee Report

In the performance of its oversight responsibilities, the audit committee has reviewed our audited financial statements for the fiscal year ended December 31, 2014 and the evaluation of our internal control over financial reporting as of that date, and has discussed them with our management and our independent registered public accounting firm. The audit committee has also received from, and discussed with, our independent registered public accounting firm various matters that are required to be discussed under Public Company Accounting Oversight Board standards. The audit committee has received the written disclosures and the letter from our independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the audit committee concerning independence, and has discussed with our independent registered public accounting firm its independence.

Based on the review and discussions referred to above, the audit committee recommended to our board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2014 for filing with the SEC.

Compensation Committee Interlocks and Insider Participation

During 2014, the members of our compensation committee were Mr. David, Mr. Krupka, and Mr. Fisher. None of the members of our compensation committee was at any time in 2014, or formerly, an officer or employee of Vonage, and none of the members of our compensation committee had any relationship with Vonage requiring disclosure as a related person transaction under Item 404 of Regulation S-K. See “Transactions with Related Persons.” During 2014, none of our executive officers served as a member of the compensation committee or board of directors of any entity that had one or more executive officers that served on our compensation committee or board of directors.

Impact of Compensation Policies on Risk Management

Our compensation committee, with the assistance of its independent compensation consultant, reviewed our compensation policies and practices for our employees, including executive officers, and determined that our compensation policies and practices are not reasonably likely to have a material adverse effect on us. Our compensation committee noted several aspects of the design of our compensation program that reduce the likelihood of excessive risk-taking:

• The program design provides a balanced mix of cash and equity, and annual and longer-term incentives.

We set varied performance goals that we believe are reasonable in light of past performance, future projections, market conditions, analyst expectations, and our debt covenants. These performance goals encourage a balanced emphasis on growth, profitability, and operational performance. If management overemphasized any single metric which increased risk to our long-term performance, it would likely be at the expense of other metrics resulting in a reduction in compensation. This balanced approach helps to mitigate risk and drive long-term performance.

• Performance goals are team oriented rather than individually focused, and tied to measurable factors that are both transparent to stockholders and drivers of their returns.

• Assuming achievement of at least a minimum level of performance, payouts under our performance-based plans result in some compensation at levels below full target achievement, rather than an “all-or-nothing” approach.

• Maximum payout levels for bonuses based upon performance are capped (on each measure and overall).

• Our compensation committee has discretion to adjust bonus payouts, including making downward adjustments.

Beginning with 2014, we use a mix of performance-based and time-based restricted stock units. Our performance-based restricted stock units vest based on long-term performance goals relative to Total Stockholder Return. We use restricted stock units for equity awards in part because they retain value even in a depressed market so that executives are less likely to take unreasonable risks to get, or keep, options “in-the-money.” Performance-based restricted stock units also act to better align the interests of our NEOs with those of our stockholders.

• Under our Incentive Compensation Recovery Policy the compensation committee may seek to recoup incentive compensation, including improper gains from the sale or disposition of vested equity awards, in

Table of Contents

the event of a material restatement of the company's financial results (other than as a result of a change in accounting rules, principles or interpretations) caused or substantially caused by the misconduct of a covered officer (including our NEOs).

Multi-year ratable vesting of equity awards limits employee ability to benefit from short-term risky behavior and encourages long-term decision making and value creation.

Under our stock ownership guidelines, each named executive officer is required to own a number of shares of company common stock having a value equal to the lesser of a multiple of his or her base salary or a fixed amount of shares ranging from 140,000 to 630,000 shares.

Our securities trading compliance policy prohibits all directors and employees from engaging in any strategy or using any product to hedge against potential changes in the value of Vonage securities, including short selling techniques, "sales against the box", puts, calls and other derivative securities, prepaid variable forwards, equity swaps, collars, exchange funds and forward sale contracts.

Our securities trading compliance policy prohibits all directors and employees from, directly or indirectly, pledging a significant amount of Vonage securities, including the intentional creation of any form of pledge, security interest, deposit, or lien, including the holding of shares in a margin account, that entitles a third-party to foreclose against, or otherwise sell, any shares, whether with or without notice, consent, or default.

Compensation Committee Report

The compensation committee has reviewed and discussed with management the Compensation Discussion and Analysis set forth below. Based on the foregoing review and discussion, the compensation committee has recommended to our board of directors that the Compensation Discussion and Analysis be included in this proxy statement for filing with the SEC.

PROPOSAL NO. 3

APPROVAL OF OUR 2015 LONG-TERM INCENTIVE PLAN

At the 2015 annual meeting, stockholders are being asked to approve the adoption of the Vonage Holdings Corporation 2015 Long-Term Incentive Plan (the “2015 Plan”). Our board of directors unanimously approved the adoption of the 2015 Plan on April 2, 2015, subject to stockholder approval of the 2015 Plan. By its terms, until it is approved by our stockholders, the 2015 Plan is not effective and no awards may be granted under the 2015 Plan.

Background

Our 2006 Incentive Plan (the “2006 Plan”) became effective upon completion of our initial public offering and was amended and restated to effect certain technical changes in October 2009 and again to increase the number of shares available for issuance and to make various clarifications and updates in 2010 and in 2013. The 2006 Plan will expire by its terms on May 24, 2016. In anticipation of this expiration, we are requesting that stockholders approve the 2015 Plan as described below.

2015 Plan Purpose

The purpose of the 2015 Plan is to align the interests of our officers, employees, non-employee directors, and consultants with those of our stockholders by providing long-term incentive compensation opportunities tied to the performance of the company and our common stock. The 2015 Plan is also intended to advance the company’s interests and increase stockholder value by helping to attract, retain and motivate key personnel upon whose judgment, initiative and effort the successful conduct of the company’s business is largely dependent.

Traditionally, the company’s compensation philosophy has been to utilize long-term incentive awards as a significant element of our executives’ compensation. Historically this has been achieved through the use of stock options and restricted stock units (“RSUs”), subject to time-based vesting, that are intended to motivate employees to maintain their employment with us and achieve specific financial goals. Beginning in 2014, we began awarding a significant portion of our long-term incentive compensation in the form of performance-based restricted stock units (“PRSUs”) subject to three-year performance goals. By linking a significant portion of our long-term incentives to the achievement of three-year performance goals, we more closely align our executives’ and employees’ incentives with the long-term interests of stockholders. This philosophy will continue under the 2015 Plan. Through this proposal, we are requesting that stockholders approve the 2015 Plan so that we may continue to grant long-term equity awards to our executives and other key personnel who are in a position to make a material contribution to the successful operation of our business and to enable us to offer a variety of long-term incentive awards.

The 2015 Plan is also intended to provide the compensation committee of our Board of Directors (as used in connection with this Proposal No. 3, the “Committee”) with the ability to grant awards that qualify as “performance-based compensation” within the meaning of Section 162(m) of the Internal Revenue Code (the “Code”). Section 162(m) generally imposes an annual deduction limit on the amount of compensation paid to each of our NEOs, however, this deduction limit does not apply to qualified “performance-based compensation.” If the 2015 Plan is approved by the company’s stockholders, the Committee may be able to grant awards that will be exempt from the deduction limitation imposed by Section 162(m) of the Code.

Status of 2006 Plan

As of April 10, 2015, 5,196,667 shares remained available for issuance under our 2006 Plan of the 77.4 million shares reserved under the 2006 Plan. The following table sets forth certain information about the 2006 Plan as of April 10, 2015:

Table of Contents

Number of shares of common stock relating to outstanding stock options	22,845,480
Number of shares of common stock relating to outstanding restricted stock, RSUs and PRSUs	10,725,678
Weighted average remaining term of outstanding options	7.02 years
Weighted average exercise price of outstanding options	\$3.40 per share
Shares available for issuance	5,196,667

If the 2015 Plan is approved by our stockholders, remaining shares available for issuance under the 2006 Plan will be available for issuance under the 2015 Plan. In addition, to the extent that any award granted under the 2006 Plan is canceled, expired, forfeited, surrendered, settled by delivery of fewer shares than the number underlying the award or otherwise terminated without delivery of the shares to the participant, the shares retained by or returned to the company will be available for future awards under the 2015 Plan.

Approval Considerations

The 2015 Plan and our other related governance practices and policies have a number of features that are designed to protect stockholder interests, several of which we have implemented taking into account feedback from our stockholders. Some of these features are described in more detail in this proxy statement.

Administration. The 2015 Plan will be administered by our compensation committee, which is comprised entirely of independent directors.

No “Evergreen” Provision. The 2015 Plan does not contain an “evergreen” provision. The number of shares available is capped and there is no formula providing for any automatic increase in the number of shares of available.

No Liberal Recycling Provisions. The 2015 Plan provides that only shares of common stock retained by or returned to the Company with respect to grants awarded under the 2015 Plan that are canceled, expired, forfeited, surrendered, settled by delivery of fewer shares than the number underlying the award or otherwise terminated without delivery of the shares to the participant will be available for future awards under the 2015 Plan. Shares that are (i) withheld from an award in payment of the exercise or purchase price or taxes relating to such an award or (ii) not issued or delivered as a result of the net settlement of an outstanding stock option or stock appreciation right will be deemed to constitute delivered shares and will not be available for future awards under the 2015 Plan.

Exercise Price and Base Price. The exercise price of stock options and base price of stock appreciation rights must be greater than or equal to 100% of the fair market value of a share of our common stock on the grant date.

No Repricing. Awards may not be repriced without stockholder approval.

Minimum Vesting. No portion of any award, other than cash performance awards and awards that have vested in whole or in part upon a “change of control” (as defined in the 2015 Plan), upon a termination of a participant’s service as a result of death or disability, upon a termination of a participant’s service by the Company without cause and/or by the participant for good reason, may vest prior to one (1) year after the date of grant, provided, however, that these vesting restrictions are not applicable to awards not in excess of ten percent (10%) of the share reserve. Awards that vest based on the attainment of performance goal(s) will have a minimum vesting period of one (1) year.

Annual Limits on Awards. The maximum number of shares of common stock that may be subject to stock options, stock appreciation rights, performance-based restricted stock awards, performance-based RSUs and performance-based stock awards granted to any participant other than a non-employee director during any calendar year will be limited to 10,000,000 shares of common stock for each such award type individually. The maximum number of shares of common stock that may be subject to stock options, stock appreciation rights, restricted stock awards, RSUs and stock awards granted to any non-employee director during any calendar year will be limited to 10,000,000 shares of common stock for all such award types in the aggregate. The maximum amount of cash performance awards intended to qualify as “performance-based compensation” under Section 162(m) of the Code that may be paid to a participant during any one calendar year is \$5 million.

Clawback and Other Compensation Recovery Policies. Awards under the 2015 Plan that are granted to executive officers will be subject to our clawback and other compensation recovery policies. For more information, see “Right of Recapture” and “Incentive Compensation Recovery Policy” below.

Hedging and Pledging Policies. Our securities trading compliance policy prohibits any director, officer or employee from engaging in any strategy or using any product to hedge against potential changes in the value of Vonage securities, including short selling techniques, “sales against the box,” puts, calls and other derivative securities,

Table of Contents

prepaid variable forwards, equity swaps, collars, exchange funds and forward sale contracts. In addition, except in limited circumstances, no director or officer or employee may, directly or indirectly, pledge a significant amount of Vonage securities.

No Single Trigger Automatic Accelerated Vesting Upon Change of Control. Upon a “change of control” (as defined in the 2015 Plan), the vesting of awards will not accelerate automatically. The compensation committee has discretion whether to accelerate vesting upon a change of control.

No Excise Tax Gross-ups Upon Change of Control. The 2015 Plan does not provide for the payment of excise tax gross-ups upon a change of control.

Stock Ownership Guidelines. Our stock ownership guidelines require each covered executive and non-employee director to retain 50% of net stock options exercised or stock delivered from vested restricted stock units until the guidelines are met.

We are requesting that our stockholders approve the 2015 Plan with a 21,196,667 million share reserve, including approximately 5,196,667 shares which remain available for issuance under the 2006 Plan and 16,000,000 new shares. In total, the share reserve would amount to approximately 9.9% of shares currently outstanding on the record date. Not including shares which remain available for issuance under the 2006 Plan, the request represents approximately 7.5% of shares currently outstanding on the record date. If this proposal is approved, based on our historic and projected award patterns, our compensation committee estimates that the shares available for issuance under the 2015 Plan would result in an adequate number of shares being available to permit grants through the end of 2018.

Annual run-rate under our equity compensation program, which is the number of equity awards we have granted annually expressed as a percentage of the annual weighted average number of total common shares outstanding, averaged 5.65% over the past three years on a gross basis. We believe the actual dilutive impact of our equity compensation program is considerably lower than this average might suggest due to forfeitures or cancellations of awards resulting from termination of employment or the potential failure to attain requisite performance criteria under performance-based awards. Notably, we record PRSUs at time of grant at maximum award values rather than target performance. Consequently, a significant portion of such performance awards would be forfeited even if we achieve 100% of our targets. Importantly, a significant portion of recent grants have been to new hires, including our Chief Executive Officer and our Chief Technology Officer in 2014 and our Chief Financial Officer in 2013. Grants to these newly hired executives constituted approximately 8.6% of shares available for issuance under the 2006 Plan and increased average annual dilution by over 1%. The Board believes that these grants are important to hire, retain, and motivate these individuals to provide the leadership necessary to implement the company's strategic vision and enhance stockholder value while appropriately balancing risk and reward. In addition, these calculations are impacted by the implementation of our share repurchase program. Under that program, we repurchased 13 million shares for \$49 million in 2014. Since the implementation of our program in 2012, we have repurchased a total of 45 million shares for \$133 million.

Description of the 2015 Plan

The following summary of certain features of the 2015 Plan is not a complete description of all of the provisions of the 2015 Plan, and is qualified in its entirety by reference to the full text of the 2015 Plan, which is attached hereto as Appendix A to this proxy statement.

Reservation of Shares

Subject to stockholder approval at the 2015 annual meeting, and subject to adjustments as described below, as of April 10, 2015, the maximum aggregate number of shares of common stock that may be issued pursuant to awards granted under the 2015 Plan will be 21,196,667, including 5,196,667 shares of common stock which remain available for issuance under the 2006 Plan. Any shares of common stock delivered under the 2015 Plan will consist of authorized and unissued shares, or treasury shares. If the 2015 Plan is approved by stockholders at the 2015 annual meeting, no new awards will be granted under the 2006 Plan.

In the event of any recapitalization, reclassification, stock dividend, extraordinary dividend, stock split, reverse stock split, or other distribution with respect to our common stock, or any merger, reorganization, consolidation, combination, spin-off or other similar corporate change, or any other change affecting common stock, appropriate and equitable adjustments will be made to the number and kind of shares of our common stock available for grant, as well

as to other maximum limitations under the 2015 Plan, and the number and kind of shares of common stock or other terms of the awards that are affected by the event.

Share Counting

Awards that are required to be paid in cash pursuant to their terms will not reduce the share reserve. To the

Table of Contents

extent that an award granted under the 2006 Plan or the 2015 Plan is canceled, expired, forfeited, surrendered, settled by delivery of fewer shares than the number underlying the award or otherwise terminated without delivery of the shares to the participant, the shares of common stock retained by or returned to the company will not be deemed to have been delivered under the 2015 Plan, and will be available for future awards under the 2015 Plan.

Notwithstanding the foregoing, shares that are (i) withheld from an award in payment of the exercise or purchase price or taxes relating to such an award or (ii) not issued or delivered as a result of the net settlement of an outstanding stock option or stock appreciation right will be deemed to constitute delivered shares and will not be available for future awards under the 2015 Plan.

Administration

The 2015 Plan is administered by the Committee. The Committee will, to the extent deemed necessary by the board, be constituted so each committee member will satisfy the requirements for (i) an "independent director" under rules adopted by the New York Stock Exchange, (ii) a "non-employee director" for purposes of Rule 16b-3 under the Securities Exchange Act of 1934 and (iii) an "outside director" under Section 162(m) of the Code. Subject to the limitations set forth in the 2015 Plan, the Committee has the authority to, among other things, determine the persons to whom awards are to be granted, prescribe the restrictions, terms and conditions of all awards, interpret the 2015 Plan and terms of awards, adopt rules for the administration, interpretation and application of the 2015 Plan, and delegate authority to officers of the company to grant and determine the terms and conditions of certain awards.

Minimum Vesting Requirements

No portion of any award, other than cash performance awards and awards that have vested in whole or in part upon a "change of control" (as defined in the Plan), upon a termination of a Participant's service as a result of death or disability, a termination of a Participant's service by the company without cause and/or by the Participant for good reason, may vest prior to one (1) year after the date of grant, provided, however, that these vesting restrictions will not be applicable to awards not in excess of ten percent (10%) of the share reserve. Awards that vest based on the attainment of performance goal(s) will have a minimum vesting period of one (1) year.

Eligibility

Awards under the 2015 Plan may be granted to any employees, directors, consultants or other personal service providers of the company or any of its subsidiaries. As of April 10, 2015, there were approximately 1,475 employees, 8 non-employee directors and 229 consultants or other personal service providers eligible to participate in the 2015 Plan.

Stock Options

Stock options granted under the 2015 Plan may be issued as either incentive stock options, within the meaning of Section 422 of the Code, or as nonqualified stock options. The exercise price of an option will be not less than 100% of the fair market value of a share of common stock on the date of the grant of the option, or such higher amount as determined by the Committee. The Committee will determine the vesting and/or exercisability requirements and the term of exercise of each option, including the effect of termination of service of a participant or a change of control. The vesting requirements may be based on the continued employment or service of the participant for a specified time period or on the attainment of specified business performance goals established by the Committee. The maximum term of an option will be ten years from the date of grant.

To exercise an option, the participant must pay the exercise price, subject to specified conditions, (i) in cash, or (ii) to the extent permitted by the Committee, (A) in shares of common stock, (B) through an open-market broker-assisted transaction, (C) by reducing the number of shares of common stock otherwise deliverable upon the exercise of the stock option, (D) by combination of any of the above methods, or (E) by such other method approved by the Committee, and must pay any required tax withholding amounts. All options are nontransferable except upon death

Table of Contents

or, in the case of nonqualified options, to a participant's "family member" (as defined for purposes of the Form S-8 registration statement under the Securities Act of 1933), or as otherwise permitted by the Committee, in each case as may be approved by the Committee in its discretion at the time of the proposed transfer. Without the prior approval of the company's stockholders, the 2015 Plan prohibits the cancellation of underwater stock options in exchange for cash or another award (other than in connection with a change of control of the company) or the "repricing" of stock options. Dividends will not be paid with respect to stock options. Dividend equivalent rights will be granted with respect to the shares of common stock subject to stock options to the extent permitted by the Committee and set forth in the award agreement.

Stock Appreciation Rights

A stock appreciation right may be granted either in tandem with an option or without a related option. A stock appreciation right entitles the participant, upon settlement or exercise, to receive a payment based on the excess of the fair market value of a share of common stock on the date of settlement or exercise over the base price per share of the right, multiplied by the number of shares of common stock as to which the right is being settled or exercised. Stock appreciation rights may be granted on a basis that allows for the exercise of the right by the participant or that provides for the automatic payment of the right upon a specified date or event. The base price of a stock appreciation right may not be less than the fair market value of a share of common stock on the date of grant. The Committee will determine the vesting requirements and the term of exercise of each stock appreciation right, including the effect of termination of service of a participant or a change of control. The vesting requirements may be based on the continued employment or service of the participant for a specified time period or on the attainment of specified business performance goals established by the Committee. The maximum term of a stock appreciation right will be ten years from the date of grant. Stock appreciation rights may be payable in cash or in shares of common stock or in a combination of both. Without the prior approval of the company's stockholders, the 2015 Plan prohibits the cancellation of underwater stock appreciation rights in exchange for cash or another award (other than in connection with a change of control of the company) or the "repricing" of stock appreciation rights. Dividends will not be paid with respect to stock appreciation rights. Dividend equivalent rights shall be granted with respect to the shares of common stock subject to stock appreciation rights to the extent permitted by the Committee and set forth in the award agreement.

Restricted Stock Awards

A restricted stock award represents shares of common stock that are issued subject to restrictions on transfer and vesting requirements. The vesting requirements may be based on the continued service of the participant for a specified time period or on the attainment of specified business performance goals established by the Committee and/or on such other terms and conditions as approved by the Committee in its discretion. Unless otherwise set forth in an award agreement, restricted stock award holders will have all of the rights of a stockholder of the company, including the right to vote the shares and the right to receive dividends, during the restricted period.

Restricted Stock Units

An award of a restricted stock unit or "RSU" provides the participant the right to receive a payment based on the value of a share of common stock. Restricted stock units may be subject to vesting requirements, restrictions and conditions to payment. Such requirements may be based on the continued service of the participant for a specified time period or on the attainment of specified business performance goals established by the Committee and/or on such other terms and conditions as approved by the Committee in its discretion. In addition, a restricted stock unit may be designated as a "performance stock unit" or "PRSU", the vesting requirements of which may be based, in whole or in part, on the attainment of pre-established business performance goal(s) over a specified performance period designed to meet the requirements for exemption under Section 162(m) of the Code, or otherwise, as approved by the Committee in its discretion. An RSU award will become payable to a participant at the time or times determined by the Committee and set forth in the award agreement, which may be upon or following the

Table of Contents

vesting of the award. Restricted stock unit awards are payable in cash or in shares of common stock or in a combination of both. Restricted stock units may be granted together with a dividend equivalent right with respect to the shares of common stock subject to the award. Dividend equivalent rights shall be subject to conditions that apply to the underlying RSUs.

Cash Performance Awards

A cash performance award is denominated in a cash amount (rather than in shares) and is payable based on the attainment of pre-established business performance goals. The requirements for vesting may be also based upon the continued service of the participant during the performance period. The maximum amount of cash performance awards intended to qualify as "performance-based compensation" under Section 162(m) of the Code that may be paid to a participant during any one calendar year is \$5 million.

Stock Awards

A stock award represents shares of common stock that are issued free of restrictions on transfer and free of forfeiture conditions and to which the participant is entitled all incidents of ownership. A stock award may be granted for past services, in lieu of bonus or other cash compensation, directors' fees or for any other valid purpose as determined by the Committee. The Committee will determine the terms and conditions of stock awards, and such stock awards may be made without vesting requirements, subject to certain conditions. Upon the issuance of shares of common stock under a stock award, the participant will have all rights of a stockholder with respect to such shares of common stock, including the right to vote the shares and receive all dividends and other distributions on the shares.

Performance Criteria

For purposes of cash performance awards, PRSUs, as well as for any other awards under the 2015 Plan intended to qualify as "performance-based compensation" under Section 162(m) of the Code, the performance criteria will be one or any combination of the following, for the company or any identified subsidiary or business unit, as determined by the Committee at the time of the award: (a) net earnings, net income, or adjusted operating profit or loss (each before or after taxes); (b) earnings per share; (c) book value per share; (d) costs, including, without limitation, customer acquisition costs ("CAC"); (e) net sales or revenue growth; (f) net operating profit; (g) return measures (including, but not limited to, return on assets, investment, capital, equity, sales) and/or revenue measures (including, but not limited to, monthly recurring revenue, telephony services revenue, and/or adjusted average monthly revenue per line and/or per customer); (h) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, cash flow return on investment, and pre-marketing operating income per line and/or per customer); (i) adjusted earnings before or after taxes, interest, depreciation, and/or amortization; (j) gross or operating margins; (k) productivity ratios (including, without limitation, customer lifetime value to CAC, CAC to pre-marketing operating income, CAC to annual contract value, and/or other CAC revenue ratios); (l) profitability of an identifiable business unit or product; (m) share price (including, but not limited to, growth measures and total stockholder return); (n) expense targets (including, but not limited to, subscriber line acquisition cost and average monthly direct costs of telephony services per line and/or per customer); (o) margins; (p) operating efficiency (including, without limitation, improvements in capital structure); (q) market share; (r) customer satisfaction (including, but not limited to, new subscriptions, lost subscriptions, and relations between the two); (s) net subscriber line additions, revenue churn, bookings, average seats per customer, gross seat additions, or net seat additions; (t) working capital targets; (u) cash value added; (v) economic value added; (w) market penetration; (x) product introductions; (y) platform availability; (z) staff training; (aa) corporate social responsibility policy implementation, and (bb) any combination of or a specified increase in any of the foregoing. Each of the performance criteria shall be applied and interpreted in accordance with an objective formula or standard established by the Committee at the time the applicable award is granted including, without limitation, GAAP, consistently applied on a business unit, divisional, subsidiary or consolidated basis or any combination thereof. The performance

goals may be described in terms of objectives that are related to the individual participant or objectives that are company-wide or related to a subsidiary, division, department, region, function or business unit and may be measured on an absolute or cumulative basis or on the basis of percentage of improvement over time, and may be measured in terms of company performance (or performance of the applicable Subsidiary, division, department, region, function or business unit) or measured relative to selected peer companies or a market or other index.

At the time that an award is granted, the Committee may provide that performance will be measured in such objective manner as it deems appropriate, including, without limitation, adjustments to reflect charges for restructurings, non-operating income, the impact of corporate transactions or discontinued operations, extraordinary and other unusual or non-recurring items, and the cumulative effects of accounting or tax law changes. In addition, with respect to a participant hired or promoted following the beginning of a performance period, the Committee may determine to prorate the amount of any payment in respect of such participant's cash performance awards or PRSUs for the partial performance period.

Further, the Committee shall, to the extent provided in an award agreement, have the right, in its discretion, to reduce or eliminate the amount otherwise payable to any participant under an award and to establish rules or procedures that have the effect of limiting the amount payable to any participant to an amount that is less than the amount that is otherwise payable under an award.

Following the conclusion of the performance period, the Committee shall certify in writing whether the applicable performance goals have been achieved.

Award Limitations

For purposes of complying with the requirements of Section 162(m) of the Code, the maximum number of shares of common stock that may be subject to stock options, stock appreciation rights, performance-based restricted stock awards, performance-based RSUs and performance-based stock awards granted to any participant other than a non-employee director during any calendar year will be limited to 10,000,000 shares of common stock for each such award type individually.

Further, the maximum number of shares of common stock that may be subject to stock options, stock appreciation rights, restricted stock awards, RSUs and stock awards granted to any non-employee director during any calendar year will be limited to 10,000,000 shares of common stock for all such award types in the aggregate.

Effect of change of control

Upon the occurrence of a change of control, unless otherwise provided in the applicable award agreement, the Committee is authorized (but not obligated) to make adjustments in the terms and conditions of outstanding awards, including without limitation the following (or any combination thereof): (i) continuation or assumption of such outstanding awards by the company (if it is the surviving company or corporation) or by the surviving company or corporation or its parent; (ii) substitution by the surviving company or corporation or its parent of awards with substantially the same terms as such outstanding awards (with appropriate adjustments to the type of consideration payable upon settlement of the awards); (iii) acceleration of exercisability, vesting and/or payment; and (iv) if all or substantially all of the company's outstanding shares of common stock are transferred in exchange for cash consideration in connection with such change of control: (A) upon written notice, provide that any outstanding stock options and stock appreciation rights are exercisable during a reasonable period of time immediately prior to the scheduled consummation of the event or such other reasonable period as determined by the Committee (contingent upon the consummation of the event), and at the end of such period, such stock options and stock appreciation rights will terminate to the extent not so exercised within the relevant period; and (B) cancel all or any portion of outstanding awards for fair value, as determined in the sole discretion of the Committee.

Substitute Awards in Corporate Transactions

The Committee may grant awards under the 2015 Plan to employees or directors of entities that are acquired by the company in substitution of awards previously granted by such entities to such persons. Any such substitute awards shall not reduce the share reserve; provided, however, that such treatment is permitted by applicable law and the listing requirements of the New York Stock Exchange or other exchange or securities market on which the common stock is listed.

Forfeiture

The Committee may specify in an award agreement that an award will be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, including, but not limited to, termination of service for “cause” (as defined in the 2015 Plan), violation of material company policies, breach of noncompetition, nonsolicitation, confidentiality or other restrictive covenants that may apply to the participant, or other conduct by the participant that is detrimental to the business or reputation of the company. Unless otherwise provided by the Committee and set forth in an award agreement, if (i) a participant’s service is terminated for “cause” or (ii) after termination of service for any other reason, the Committee determines in its discretion either that, (A) during the participant’s period of service, the participant engaged in an act which would have warranted termination of service for “cause” or (B) after termination, the participant engaged in conduct that violated any continuing obligation or duty of the participant in respect of the company or any of its subsidiaries, such participant’s rights, payments and benefits with respect to such award will be subject to cancellation, forfeiture and/or recoupment.

Right of Recapture

The Committee may determine in its discretion either that, (A) during the participant’s period of service, the participant engaged in an act or omission which would have warranted termination of service for “cause” and a forfeiture event (as defined in the 2015 Plan) has occurred with respect to the participant or (B) after termination, the participant has engaged in conduct that materially violated any continuing obligation or duty of the participant in respect of the company or any of its subsidiaries. If such a determination is made within one year (or such longer time specified in an award agreement or other agreement or policy applicable to a participant) after a gain is realized by a participant in connection with an award (e.g. exercise of a stock option), and either (i) a participant is terminated for cause and a forfeiture event has occurred with respect to the participant, (ii) the Committee determines in its discretion that the participant is subject to any recoupment of benefits pursuant to the company’s compensation recovery, “clawback” or similar policy, as may be in effect from time to time, or (iii) after a participant is terminated for any other reason, then any gain realized by the participant from the exercise, vesting, payment or other realization of income by the participant in connection with an award, will be paid by the participant to the company upon notice from the company, subject to applicable state law.

Further, if a participant receives compensation pursuant to an award based on financial statements that are subsequently required to be restated in a way that would decrease the value of such compensation, the participant will, to the extent not otherwise prohibited by law, upon the written request of the company, forfeit and repay to the company the difference between what the participant received and what the participant should have received based on the accounting restatement, in accordance with (i) the company’s compensation recovery, “clawback” or similar policy, as may be in effect from time to time and (ii) any compensation recovery, “clawback” or similar policy made applicable by law including the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Awards to Non-U.S. Participants.

To comply with the laws in countries other than the United States in which the company or any of its subsidiaries or affiliates operates or has employees, non-employee directors or consultants, the Committee, in its sole discretion, has the power and authority to (i) modify the terms and conditions of any award granted to participants outside the United States to comply with applicable foreign laws, (ii) take any action, before or after an

Table of Contents

award is made, that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals and (iii) establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable.

Term, Amendment and Termination

The term of the 2015 Plan is ten years from the date it is approved by our stockholders. The board may amend, modify, suspend or terminate the 2015 Plan at any time, provided, however, that no termination or amendment of the 2015 Plan will materially and adversely affect any award previously granted without the consent of the participant or the permitted transferee of the award. The board may seek the approval of any amendment by the company's stockholders to the extent it deems necessary for purposes of compliance with Section 162(m) or Section 422 of the Code, the listing requirements of the New York Stock Exchange, or for any other purpose. Notwithstanding the foregoing, the board shall have broad authority to amend the plan or any award without the consent of a participant to the extent it deems necessary or desirable in its discretion to comply with, take into account changes in, or interpretations of, applicable tax laws, securities laws, employment laws, accounting rules and other applicable laws, rules and regulations.

Section 162(m)

Section 162(m) of the Code generally disallows the corporate tax deduction for certain compensation paid in excess of \$1,000,000 annually to each of the Chief Executive Officer and the company's other most highly paid executive officers. Awards that qualify as "performance-based compensation" are exempt from Section 162(m), thus allowing us the full federal tax deduction otherwise permitted for such compensation. The 2015 Plan is intended to provide the Committee with the ability to grant awards that qualify as "performance-based compensation" within the meaning of Section 162(m). If the 2015 Plan is approved by the company's stockholders, the Committee may be able to grant awards that will be exempt from the deduction limitation imposed by Section 162(m) of the Code. By approving the 2015 Plan, the stockholders will be specifically approving, for purposes of Section 162(m) of the Code, among other things:

- The eligibility requirements for participation in the 2015 Plan;
- The maximum numbers of shares for which certain stock-based awards may be granted to participants in any fiscal year;
- The maximum dollar amount that a participant may receive under a cash performance award in any calendar year; and
- The performance criteria that may be used by the Committee to establish the performance goals applicable to the grant or vesting of cash performance awards and other awards that are intended to qualify as "performance-based compensation."

Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the control of the Committee can affect deductibility of compensation and there can be no assurance that compensation paid to our executive officers who are covered by Section 162(m) of the Code will be treated as "performance-based compensation." In addition, the Committee reserves the right to use its judgment to authorize compensation payments that do not qualify as "performance-based compensation" when the Committee believes that such payments are appropriate and in the best interests of the company.

Federal Income Tax Information

The following is a summary of certain of the federal income tax consequences of awards under our 2015 Incentive Plan. The following is not to be considered as tax advice to any person who may be a participant, and any such persons are advised to consult their own tax counsel.

Nonqualified Stock Options and Stock Appreciation Rights. A participant does not recognize taxable income upon the grant of a nonqualified stock option or a stock appreciation right. Upon exercise, the participant recognizes ordinary compensation income equal to the amount the fair market value of the shares on the exercise date exceeds the exercise or grant price. Upon subsequent sale of the acquired shares, any additional gain or loss is capital gain or loss, long-term if the shares have been held for more than one year.

Incentive Stock Options. A participant does not recognize ordinary taxable income when an incentive stock option is granted or exercised. However, the excess of the fair market value of the covered shares over the exercise price on the date of exercise is an item of tax preference for alternative minimum tax purposes. If the participant exercises the option and holds the acquired shares for more than two years following the date of option grant and more than one year after the date of exercise, the difference between the sale price and exercise price is taxed as long-term capital gain or loss. If the participant sells the acquired shares before the end of the two-year and one-year holding periods, the participant generally recognizes ordinary compensation income at the time of sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option. Any additional gain is capital gain, long-term if the shares have been held for more than one year.

Restricted Stock, Restricted Stock Units, Performance Stock, Performance Units. A participant does not recognize taxable income upon the grant of restricted stock, restricted stock units, performance stock, or performance stock units. Instead, the participant recognizes ordinary compensation income at the time of vesting of restricted stock or at the time of settlement of performance stock or restricted stock units or performance units in an amount equal to the fair market value of the shares (or cash) received minus any amounts the participant paid. Any subsequent gain or loss is capital gain or loss, long-term if the shares have been held for more than one year. For restricted stock only, the participant may instead elect to be taxed at the time of grant. If the participant makes such an election, the one year long-term capital gains holding period begins on the date of grant.

Cash Performance Awards and Stock Awards. A participant who has been awarded a cash performance award does not recognize taxable income at the time of the grant, but will recognize ordinary compensation income at the time the award is paid equal to the amount of cash that is paid to the participant. A participant who has been awarded a stock award of shares of common stock that are not restricted as to transferability and also not subject to a substantial risk of forfeiture will recognize ordinary compensation income at the time the award is paid equal to the fair market value of shares of common stock delivered minus any amounts the participant paid, if any.

Tax Effect for our Company. We generally receive a deduction for any ordinary compensation income recognized by a participant with respect to an award. However, special rules limit the deductibility of compensation paid to named executive officers. Under Section 162(m) of the Code, the annual compensation paid to named executive officers may not be deductible to the extent it exceeds \$1,000,000, unless certain conditions are met.

New Plan Benefits

Except for the automatic grants of restricted stock to non-employee directors, which will continue as described under “Director Compensation-Equity-Based Grants to Board Members,” no determination has been made with respect to future recipients of awards under the 2015 Incentive Plan and it is not possible to specify the names or positions of the individuals to whom awards may be granted in the future or the number of shares of our common stock to which such awards will relate.

Recommendation of the Board of Directors

The board of directors recommends that the stockholders vote FOR approval of our 2015 Long-Term Incentive Plan.

PROPOSAL NO. 4

RATIFICATION OF THE EXTENSION OF OUR TAX BENEFITS PRESERVATION PLAN

We are asking stockholders to ratify the extension, through June 30, 2017, of our Tax Benefits Preservation Plan (the “Tax Benefits Preservation Plan” or the “Plan”) with American Stock Transfer & Trust Company, LLC, as rights agent. The Plan, which is attached to this proxy statement as Appendix B, is designed to protect our U.S. federal net operating loss carryforwards and certain other tax benefits (collectively, the “Tax Benefits”) from limitations pursuant to Section 382 under the Code.

Background

We believe that our Tax Benefits are valuable assets. Although the actual realization of the Tax Benefits is difficult to predict and depends on future events, we estimate that, as of December 31, 2014, the company had approximately \$640 million of U.S. federal net operating losses carryforwards (expiring in varying amounts from 2013 through 2033). Under the Code and applicable Treasury Regulations, we generally may “carry forward” these losses to offset future earnings and thereby reduce our federal income tax liability, subject to certain requirements and restrictions. At the end of 2011, reflecting our sustained profitable operating performance over the past three years and continued expectations for future income, we determined that our U.S. federal net operating losses were more likely than not to be used prior to their expiration. Accordingly, we released the valuation allowance against these Tax Benefits, which had previously reduced our net deferred tax assets.

Our ability to use our Tax Benefits would be substantially delayed, and a significant portion of such Tax Benefits may expire unused, if we experience an “ownership change” as determined under Section 382 of the Code and applicable Treasury Regulations (“Section 382”). If an ownership change occurs, our ability to use our net Tax Benefits would be subject to an annual limitation. This could significantly impair the amount of our net deferred tax asset. Under Section 382, an “ownership change” generally occurs if one or more stockholders (including, in certain cases, a group of stockholders) owning at least 5% of our common stock increase their aggregate ownership by more than 50% over their lowest ownership percentage within a rolling three-year period. For this purpose, the less-than-5% stockholders of the corporation are aggregated and treated as single separate stockholders and, under certain circumstances, may be divided into further groupings with each treated as a single separate stockholder. The rules for determining whether an ownership change occurs are complex. Nevertheless, based on our continued monitoring of public filings over time and other information within our knowledge, we do not believe that an ownership change has occurred to date that would impair the availability of our Tax Benefits.

In connection with the release of the valuation allowance, our board of directors carefully considered how to preserve the benefits of our Tax Benefits for long-term stockholder value. After consulting with our tax, financial and legal advisors, our board of directors adopted the Tax Benefits Preservation Plan in furtherance of this objective. Pursuant to the Plan, on June 7, 2012, we declared a dividend of one preferred share purchase right (a “Right”) for each outstanding share of common stock. The Rights were distributed to stockholders of record as of June 18, 2012 and will continue to be distributed to holders of our common stock issued after that date unless and until the Distribution Date (defined below) occurs. The Rights have terms that are designed to deter acquisitions of our common stock that could result in an ownership change, as described below.

Table of Contents

Although stockholder approval of the Tax Benefits Preservation Plan is not required by applicable law or by our organizational documents, our board of directors determined, as a matter of good corporate governance, that if it were to elect to extend the term of the Plan beyond June 7, 2013, such extension would be submitted to stockholders at the Annual Meeting for ratification. At our 2013 Annual Meeting, stockholders ratified the extension of the Plan through June 7, 2015. On April 2, 2015, after further consultation with our advisors, our board of directors determined to extend the Tax Benefits Preservation Plan through June 30, 2017, subject to ratification of the extension by stockholders at the Annual Meeting. Since the release of the valuation allowance, we have experienced tax savings of approximately \$60 million through the utilization of our Tax Benefits. Our board believes that the Plan will continue to serve as a tool to help prevent an ownership change that could substantially reduce the significant long-term potential benefits of the Tax Benefits and, thus, preserve stockholder value. Accordingly, our board of directors recommends that stockholders ratify the further extension of the Plan.

It is important to note the Tax Benefits Preservation Plan may deter, but ultimately cannot block, acquisitions of our common stock that might result in an ownership change. The limitations of these measures are described in more detail below. Our board urges stockholders to carefully read the proposal, the items discussed below under the heading "Certain Considerations Related to the Tax Benefits Preservation Plan", and the full terms of the Plan.

Summary of the Tax Benefits Preservation Plan

The following is a summary of the terms of the Plan. It is qualified in its entirety by the full text of the Plan (which includes as Exhibit A the form of Certificate of Designation of the Series A Participating Preferred Stock of Vonage and as Exhibit B the forms of Rights Certificate and Election to Exercise), which is attached as Appendix B hereto and incorporated by reference herein. A copy of the Plan is also available free of charge from us.

Purpose. The Tax Benefits Preservation Plan is intended to preserve the company's ability to fully utilize the Tax Benefits, in the interests of the company and its stockholders, by avoiding an "ownership change." Specifically, the Plan seeks to deter any person, subject to certain exceptions, from (together with all affiliates and associates of such person) acquiring beneficial ownership of 4.9% or more of our outstanding shares of common stock (an "Acquiring Person"), other than with the approval of our board of directors. See "Exceptions to the Definition of Acquiring Person" below for a discussion of persons who are automatically excluded from the definition of Acquiring Person and a recent request for an exemption from the definition of Acquiring Person.

Exercise. The Rights are not currently exercisable. After the "Distribution Date," each Right is exercisable to purchase, for \$10.00 (the "Purchase Price"), one one-thousandth of a share of Series A Participating Preferred Stock, \$0.001 par value per share, of Vonage ("Preferred Stock"), subject to adjustment in accordance with the terms of the Plan.

Distribution Date. Prior to the Distribution Date, the Rights are attached to our common stock, are not represented by separate certificates and any transfer of our common stock shall also constitute a transfer of the Rights associated with such common stock. On or after the Distribution Date, subject to certain exceptions specified in the Plan, the Rights will separate from the common stock. The Distribution Date will occur upon the earlier of (i) ten (10) business days following the date of a public announcement that a person or group of affiliated or associated persons has become an "Acquiring Person" or such earlier date on which a majority of our board of directors becomes aware of the existence of an Acquiring Person (such date being the "Stock Acquisition Date") or (ii) ten (10) business days (or such later time as our board of directors may determine) following the commencement of a tender offer or exchange offer that would result in a person becoming an Acquiring Person.

Exceptions to the Definition of Acquiring Person. An Acquiring Person would not include, among others: (i) Vonage or any of its subsidiaries; (ii) employee benefit plans of Vonage or its subsidiaries and persons holding

Table of Contents

shares of common stock on behalf of such plans; (iii) 4.9% stockholders existing at the time the Plan was first adopted (unless they increase their percentage stock ownership with certain exceptions); (iv) persons or groups who, in the board's view, have inadvertently become 4.9% stockholders, unless and until such person or group shall have failed to divest, as soon as practicable, sufficient shares of common stock such that it would no longer be a 4.9% stockholder (upon terms or conditions satisfactory to the board); (v) an "investment advisor" to mutual funds or trustees of certain qualified trusts if immediately after any increase in beneficial ownership of the common stock by such person (A) no single mutual fund or qualified trust advised by such investment advisor or such trustee, respectively, actually owns or beneficially owns 4.9% or more of the shares of common stock then outstanding and (B) such investment advisor or trustee beneficially owns (other than with respect to such mutual funds or such trusts, as applicable) less than 4.9% of the shares of common stock then outstanding; and (vi) new 4.9% stockholders whose acquisitions, as determined by our board of directors in its sole discretion, would not be inconsistent with the purpose of the Plan.

From time to time, we have received requests from stockholders to permit the requesting stockholder to increase its beneficial ownership of our outstanding common stock above 4.9% without becoming an "Acquiring Person." When we receive such requests, our board of directors considers the Section 382 "ownership change" impact of the requested increases in ownership on a case-by-case basis, taking into account other potential changes in our stock ownership, including the impact of our announced stock buyback program and the potential impact of certain transactions that are outside our control. Based on these considerations, our board determines whether the increased risk of an "ownership change" that would be created by granting a request would be inconsistent with the purpose of the Plan, which is the preservation of our Tax Benefits for the long-term benefit of all stockholders. In 2014 we granted one request for an exemption under the Plan.

"Flip-In". In the event that any person becomes an Acquiring Person, each holder of a Right will thereafter have the right to receive upon exercise, in lieu of a number of one-thousandth of a share of Preferred Stock, common stock (or, in certain circumstances, cash, property or other securities of Vonage), having a value equal to two times the exercise price of the Right. The exercise price is the Purchase Price times the number of units associated with each Right (initially, one). Notwithstanding any of the foregoing, following the occurrence of an Acquiring Person becoming such, all Rights that are, or (under certain circumstances specified in the Rights Agreement) were, beneficially owned by any Acquiring Person or its affiliates and associates and certain transferees thereof will be null and void.

Exchange. At any time after the Stock Acquisition Date but before the time the Acquiring Person becomes the beneficial owner of 50% or more of the outstanding shares of common stock, our board may exchange the Rights (other than Rights beneficially owned by an Acquiring Person or any other Rights that shall be deemed void under the terms of the Rights Agreement), in whole or in part, at an exchange ratio equal to one share of common stock per Right (subject to adjustment).

Redemption. At any time until the close of business on the tenth day following the Stock Acquisition Date, Vonage may redeem the Rights in whole, but not in part, at a price of \$0.001 per Right. Immediately upon the action of our board ordering redemption of the Rights (or at the effective time of such redemption designated by the board), the Rights will terminate and the only right of the holders of Rights will be to receive the \$0.001 redemption price.

Expiration. The Rights expire on the earliest of (i) the time at which the Rights are redeemed pursuant to the Plan, (ii) the time at which the Rights (other than Rights owned by an Acquiring Person) are exchanged pursuant to the Rights Agreement, (iii) the repeal of Section 382 or any successor statute if our board determines that the Plan is no longer necessary or desirable for the preservation of the Tax Benefits, (iv) the close of business on the first day of a taxable year of Vonage to which our board determines that no Tax Benefits may be carried forward, (v) the close

Table of Contents

of business on June 7, 2015, provided that, prior to such date, our board may determine to extend the Rights Agreement to a date not later than the close of business on the fifth anniversary of the date of the Plan (which, as indicated above, the board has determined to do) as long as such extension is submitted to our stockholders for ratification at the 2015 Annual Meeting of Stockholders, or (vi) the first business day after the date on which the Inspectors of Election for our 2015 Annual Meeting of Stockholders certify that the Plan has not been ratified by stockholders at that meeting.

Amendments. Any of the provisions of the Plan may be amended by our board for so long as the Rights are redeemable (other than changes to the redemption price, which may not be amended). After the Rights are no longer redeemable, the provisions of the Plan may be amended by our board provided that no such amendment may (i) adversely affect the interests of the holders of the Rights, (ii) cause the Rights Agreement to again become amendable or (iii) cause the Rights to again become redeemable.

Stockholder Rights. Until a Right is exercised, the holder thereof, as such, will have no rights with respect thereto as a Vonage stockholder, including, without limitation, the right to vote or to receive dividends. While the distribution of the Rights will not be taxable to stockholders or to Vonage, stockholders may, depending upon the circumstances, recognize taxable income in the event that the Rights become exercisable for common stock (or other consideration) as set forth above or in the event the Rights are redeemed.

Antidilution Provisions. The Purchase Price payable, and the number of units of Preferred Stock or other securities or property issuable, upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the Preferred Stock, (ii) if holders of the Preferred Stock are granted certain rights or warrants to subscribe for Preferred Stock or convertible securities at less than the current market price of the Preferred Stock, or (iii) upon the distribution to holders of the Preferred Stock of evidences of indebtedness or assets (excluding regular quarterly cash dividends) or of subscription rights or warrants (other than those referred to above).

Certain Considerations Related to the Tax Benefits Preservation Plan

After careful consideration, our board of directors believes that the continued effectiveness of the Tax Benefits Preservation Plan remains in the best interest of the company and its stockholders to protect our Tax Benefits from limitations pursuant to Section 382. However, we cannot eliminate the possibility that an ownership change will occur even if the Plan is ratified. Please consider the items discussed below in voting on this Proposal.

Continued Risk of Ownership Change. The Plan may not be effective in deterring all acquisitions that could result in an ownership change. For example, persons could decide to purchase our shares and become a “5-percent stockholder” notwithstanding the Plan, either because the purchaser is unaware of the Plan or makes a conscious decision to discount the potential consequences under the Plan of obtaining such status. In addition, the Plan does not preclude dispositions by current 5-percent stockholders, which would also have the effect of increasing our cumulative change in ownership.

Potential Effects on Liquidity. The Plan is intended to deter persons or groups of persons from acquiring beneficial ownership of shares of our common stock in excess of the specified limitations. The Plan may reduce the number of persons willing to acquire our common stock or the amount they are willing to acquire, potentially impacting a stockholder's ability to dispose of our common stock.

Potential Impact on Market Value. Because the Plan may restrict a stockholder's ability to acquire common stock, the market value of the common stock may be affected. The Plan could discourage or prevent

Table of Contents

accumulations of substantial blocks of shares in which stockholders might receive a substantial premium above market value. However, we believe these disadvantages are outweighed by the importance of maintaining the availability of the Tax Benefits. Our board did not adopt the Plan to discourage stockholders from accumulating common stock; the purpose of the Plan is to reduce the risk that we may be unable to fully utilize our Tax Benefits. We have retained the ability under the Plan for our board to redeem the Rights or cause the Plan to expire if our board determines that the Rights are no longer in the best interests of Vonage or of its stockholders.

Potential Anti-Takeover Effect. The Plan is designed to preserve the long-term value of our Tax Benefits and is not intended to prevent a takeover of Vonage. However, it could be deemed to have an “anti-takeover” effect because, among other things, an Acquiring Person may be diluted upon the occurrence of a triggering event. Accordingly, the overall effects of the Tax Benefits Preservation Plan may be to render more difficult, or discourage, a merger, tender offer, or assumption of control by a substantial holder of our securities. The Plan, however, should not interfere with any merger or other business combination approved by our board of directors.

Potential IRS Challenge to the Tax Benefits. The IRS has not audited or otherwise validated the amount of our Tax Benefits. The IRS could challenge the amount of the Tax Benefits, which could result in an increase in our liability in the future for income taxes. The complexity of the Section 382 provisions and the limitations on the timely knowledge that any publicly traded company can have about the ownership of, and transactions in, its securities contribute to significant uncertainty in determining whether an ownership change has occurred. Therefore, we cannot assure you that the IRS or other taxing authority will not claim that we experienced an ownership change and attempt to reduce or eliminate our utilization of Tax Benefits, even if the Plan is in place.

Recommendation of our Board of Directors

Our board of directors recommends that the stockholders vote FOR the ratification of the extension of our Tax Benefits Preservation Plan through June 30, 2017.

COMPENSATION

Compensation Discussion and Analysis

In this Compensation Discussion and Analysis, we address the compensation provided to our named executive officers (NEOs). We also discuss the goals for our executive compensation program and other important factors underlying our compensation practices and policies.

Stockholder Outreach and Program Changes

We have continued our outreach to shareholders, building on prior efforts in connection with our 2013 annual meeting of stockholders regarding the rationale for the amendment and restatement of our equity plan. During those prior discussions, we requested and our stockholders provided feedback regarding our broader compensation programs. The company and its compensation committee subsequently undertook a full review of our compensation programs, taking into account the feedback from our stockholders. Based on that review, we modified our compensation programs for 2014 and beyond to further align the interests of our NEOs with our stockholders. We have continued our stockholder outreach efforts during 2014 and 2015. Management conducted "off-season" discussions with certain stockholders, at which we identified issues important to our stockholders with respect to our executive compensation and equity programs. The feedback received from our stockholders also significantly influenced the terms of our arrangement with our new Chief Executive Officer.

Table of Contents

Action	Summary
Implemented Performance-Based RSUs	Beginning in 2014, we began awarding a significant portion of our long-term incentive compensation in the form of performance-based restricted stock units. The number of units actually earned will be determined at the end of the three year performance period based on the achievement of relative stockholder return goals.
Removed Stock Options from Long-Term Incentive Program	Beginning in 2014, we no longer provide long-term incentive compensation in the form of stock options. Stock options are available for purposes of promotion or new hire grants.
Adopted Incentive Compensation Recovery Policy	Our Incentive Compensation Recovery Policy permits the company to recoup excess compensation and to recover improper gains in the event of a material restatement of the company's financial results caused by the misconduct of a covered officer (including our NEOs).
Implemented Anti-Hedging Policy	We adopted revisions to our securities trading compliance policy to prohibit any director, officer or employee from engaging in any strategy or using any product to hedge against potential changes in the value of Vonage securities.
Implemented Anti-Pledging Policy	We adopted revisions to our securities trading compliance policy to prohibit any director, officer or employee, except in limited circumstances, from directly or indirectly pledging a significant amount of Vonage securities.
Revamped our Incentive Compensation Plan	We have revamped our incentive compensation plan, which we are presenting to stockholders for approval at the 2015 annual meeting. The 2015 Plan includes several provisions that are protective of our stockholders, as discussed under "2015 Plan Provisions that are Protective of Stockholders."
Reduced Perquisites Available to our Chief Executive Officer	We have reduced the perquisites available to our new Chief Executive Officer, Alan Masarek, compared to the perquisites that our former chief executive officer was entitled to receive. For example, we no longer pay excise tax gross-ups and have reduced certain relocation and travel reimbursements.

We encourage you to read this Compensation Discussion and Analysis for a detailed discussion and analysis of our executive compensation program, including information about the fiscal 2014 compensation of our NEOs.

2014 Performance

Our fiscal 2014 financial performance, along with the individual performance of our NEOs, served as key factors in determining compensation for 2014. Our 2014 compensation program was designed to measure results against our strategic plan and reward exceptional individual performance. In 2014, building on the substantial financial and operational progress made in prior years, our management team focused on continued execution of our strategic priorities. Building on the momentum of previous years, Vonage delivered strong financial and operational results in 2014, as follows:

Acquired Telesphere Networks Ltd., an industry-leading provider of Unified Communications-as-a-Service (UCaaS) solutions to larger enterprises in the small and medium business (SMB) sector. The acquisition of Telesphere solidified our position as a leader in the UCaaS, SMB hosted VoIP market.

Table of Contents

• Earned Revenues of \$869 million.

• Generated Net Income of \$20 million or \$0.09 Per Share on a diluted basis, and Net Income, excluding adjustments*, of \$60 million or \$0.28 Per Share.

• Achieved Adjusted EBITDA* of \$124 million.

• Increased Vonage Business Solutions revenue 50% to \$93 million in 2014 compared to \$62 million in the prior year.

• Produced net cash provided by operating activities of \$93 million, an increase over 2013, and Free Cash Flow* of \$68 million, our fifth consecutive year of positive Free Cash Flow.

• For the fourth consecutive year, reduced total cost of telephony services or COTS.

• Repurchased 13 million shares for \$49 million in 2014 and a total of 45 million shares for \$133 million over the course of its repurchase programs. Authorized a new repurchase program in December 2014 to repurchase up to \$100 million of our shares of common stock over four years.

• Continued the growth of our patent portfolio, which grew from 37 to 69 issued U.S. patents, with over 245 pending U.S. patent applications.

*Adjusted EBITDA, net income excluding adjustments and free cash flow are non-GAAP financial measures. We define adjusted EBITDA as GAAP income (loss) from operations excluding depreciation and amortization, share-based expense, acquisition related costs, and net loss attributable to our noncontrolling interest in our Brazilian joint venture. We define net income excluding adjustments as GAAP net income (loss) excluding income tax expense, amortization of acquisition-related intangible assets and acquisition related costs. We define free cash flow as net cash provided by operating activities minus capital expenditures and acquisition and development of software assets. Please refer to Appendix C for reconciliations of: (1) adjusted EBITDA to GAAP income from operations, (2) net income excluding certain adjustments to GAAP net income (loss), and (3) free cash flow to GAAP cash provided by operating activities.

This strong financial and operational performance, combined with the impact of our stock repurchases, led to a significant increase in stockholder value since the beginning of 2014. The chart below shows the percentage change in the daily closing price of Vonage common stock on the NYSE from December 31, 2013 through April 10, 2015, at which time our stock price was \$4.94.

Table of Contents

As detailed under "Annual Cash Bonuses" below, based on the actual performance for our core metrics, the operational performance detailed above led to annual cash bonus payout to our NEOs at 84% of target.

Named Executive Officers

Our "Named Executive Officers" are the executive officers who are included in the Summary Compensation Table. They include the following current officers:

- Alan Masarek, Chief Executive Officer, who joined the company in November 2014;
- David T. Pearson, Chief Financial Officer and Treasurer, who joined the company in May 2013;
- Joseph Redling, Chief Operating Officer, who joined the company in December 2013;
- Pablo Calamera, Chief Technology Officer, who joined the company in October 2014; and
- Kurt M. Rogers, Chief Legal Officer and Secretary, who joined the company in July 2009.

Under applicable SEC rules, our Named Executive Officers for 2014 also include our former chief executive officer Marc P. Lefar, who retired from the company effective November 5, 2014.

Compensation Objectives

The 2014 compensation for our executive officers was designed to meet the following objectives:

- Provide competitive compensation in order to attract, retain, and motivate highly-skilled executives. We refer to this objective as "competitive compensation."
- Reinforce the importance of meeting and exceeding identifiable and measurable goals, while not encouraging our management to take unreasonable risks. We refer to this objective as "performance incentives."
- Provide opportunities for our executive officers to acquire meaningful equity ownership that will encourage the creation of stockholder value. We refer to this objective as "alignment with stockholder interests."
- Provide an incentive for long-term continued employment with us. We refer to this objective as "retention incentives."

Table of Contents

The principal components of 2014 compensation were as follows:

Type of Compensation	Objectives Addressed
Salary	Competitive Compensation
Annual Cash Bonus	Performance Incentives Competitive Compensation
Long-Term Incentives	Retention Incentives Alignment with Stockholder Interests Performance Incentives Competitive Compensation

When reviewing the compensation program our compensation committee, with the assistance of an independent compensation consultant, considers the impact of the compensation program on Vonage's risk profile. Our compensation committee believes that our compensation program has been structured to provide strong incentives for executives to appropriately balance risk and reward. See also “Impact of Compensation Policies on Risk Management” above.

Our compensation committee reviews the compensation program annually to determine whether changes should be made to address the objectives described above. As discussed earlier, for 2014 we began awarding a significant portion of our long-term incentive compensation in the form of performance-based restricted stock units, which are earned after three years based on the achievement of relative total stockholder return goals. This change is intended to further align executive and stockholder interests while continuing to provide performance and retention incentives in a competitive compensation package.

Engagement of Compensation Consultant

The compensation committee has the authority to engage its own independent consultants, counsel and other advisors to assist in carrying out its responsibilities under its charter. The compensation committee retained Meridian Compensation Partners, LLC, an independent compensation consultant, as described in further detail under “Compensation Committee” above, to advise the committee in connection with its oversight of our compensation program for 2014.

Determination of Competitive Compensation

As part of our annual process for assessing the competitiveness of executive compensation, we compare the compensation of our executives to survey data. For 2014, we used the following data sources:

- 2013 Culpepper Executive Survey - Telecom, Software, Networks and Internet Services (revenue \$0.5B - \$2.5B).
- 2013 Radford Global Technology Survey - Communications/Internet/Software (revenue \$0.5B - \$2.5B).
- 2013 Equilar Top 25 Survey - Technology (revenue \$0.5B - \$2.5B).

Because the compensation committee was seeking survey data covering a broad range of companies meeting the revenue and industry criteria set forth above, the compensation committee did not focus on the individual companies included in the survey data. We refer to the data sources described above as the “market sample.”

We placed equal weight on each survey source. We believe that telecommunications, communications, software, internet companies, and technology companies in general with comparable revenues represent an

Table of Contents

appropriate comparison group for our executives because they are the companies against which we are most likely to compete for executive talent.

For total cash compensation, which is base salary and the target amount of annual cash bonus, we targeted the 50th to 75th percentile range, with payments of up to the 75th percentile contingent on the achievement of strong performance. We also targeted the same 50th to 75th percentile range for total direct compensation, which is base salary, the target amount of annual bonus, and equity-based grants. We believe these target levels were appropriate because we wanted the flexibility to reward company and individual performance that met or exceeded our performance goals. In evaluating the initial compensation for Messrs. Masarek and Calamera, applicable data from the market sample with respect to new chief executive officer and chief technology officer hires, as well as feedback previously received from our stockholders, was also considered.

A significant portion of our compensation is performance-based. Therefore, actual cash compensation paid to our named executive officers may vary from targeted levels based on achievement of performance targets. Moreover, the comparative analysis described above provides only guidelines, and we do not follow them rigidly.

Employment Arrangements with our Named Executive Officers

Our NEOs' 2014 compensation was governed in part by the terms of employment arrangements described in detail below under "Potential Post-Employment Payments - Employment and Related Agreements."

Compensation of our Former Chief Executive Officer

We were party to an agreement with Mr. Lefar providing for his employment, as Chief Executive Officer, that was initially entered into in July 2008 and amended in November 2009 and April 2014. On April 7, 2014, we announced that Mr. Lefar had expressed his intention to retire from the company upon completion of a process to select a successor. Mr. Lefar continued to serve as our Chief Executive Officer through an orderly leadership transition. To facilitate the transition, on April 3, 2014, we and Mr. Lefar entered into an amendment and restatement of Mr. Lefar's existing employment agreement to extend the term of Mr. Lefar's employment through December 31, 2014, unless ended earlier by either party or extended by mutual agreement. On October 7, 2014, we announced that the board of directors had appointed Alan Masarek as Chief Executive Officer and as a member of the board of directors. Mr. Masarek assumed his new roles effective November 6, 2014. Mr. Lefar retired as Chief Executive Officer and as a director effective November 5, 2014. Mr. Lefar's 2014 compensation was governed by his amended and restated employment agreement as described in detail below under "Potential Post-Employment Payments - Employment and Related Agreements."

Salaries

The salaries of certain of our named executive officers were increased in March 2014 after a review of the competitive guidelines described above and our performance in 2013 as follows:

Name	2014 Salary	2013 Salary
Alan Masarek	\$800,000	n/a
David T. Pearson	\$490,000	\$475,000
Joseph M. Redling	\$550,000	n/a
Pablo Calamera	\$450,000	n/a
Kurt M. Rogers	\$455,000	\$440,000
Marc P. Lefar	\$975,000	\$975,000

Table of Contents

Messrs. Masarek and Calamera's salaries were fixed in accordance with the terms of their employment arrangements with us and began upon the commencement of their employment in November 2014 and October 2014, respectively.

Annual Cash Bonuses
When determining the annual cash bonuses of our executive officers, the compensation committee reviews achievement of objective performance criteria. The compensation committee may also consider discretionary factors relating to the executive's individual performance. For 2014, the target bonus opportunity percentages for the participating named executive officers were as follows:

Name	Target Percentage of Base Salary	
Alan Masarek	125	% (1)
David T. Pearson	100	%
Joseph M. Redling	100	%
Pablo Calamera	75	% (1)
Kurt M. Rogers	75	%
Marc P. Lefar	150	%

(1) Messrs. Masarek and Calamera's actual cash bonuses were pro rated to reflect their partial employment beginning in October 2014 and November 2014, respectively.

There were four base metrics applicable to all participants in the 2014 bonus program: Core Business Service Revenue, Growth Service Revenue, Adjusted EBITDA, and Churn. The metrics utilized under our 2014 bonus program for our named executive officers were as follows:

Base Metrics

Base Metrics	Weighting
Core Business Service Revenue	35% of target bonus
Growth Service Revenue	20% of target bonus
Adjusted EBITDA	30% of target bonus
Churn	15% of target bonus

Core Business Service Revenue is monthly subscription fees we charge our customers under our service plans in the United States and Canada, our Globe offering, and BasicTalk, plus usage and ancillary charges, excluding Federal Universal Service Fund fees and activation fees if applicable. We use Core Business Service Revenue because it provides an indicator of our success growing our core business and managing pricing, promotions, and customer credit policies and moving users to higher priced services that are regarded as strategically important. We exclude Federal Universal Service Fund fees from this measure because they represent a portion of our revenue that is not within the control of management and such fees are completely passed through to customers. We discontinued charging activation fees in 2010. Accordingly, we also exclude activation fees, which represent deferred fees that we recognize for accounting purposes from prior years.

Growth Service Revenue is revenue derived from Vonage Business Solutions, Mobile services (excluding Extensions) and International business and opportunities, excluding Federal Universal Service Fund fees and activation fees.

Table of Contents

Adjusted EBITDA is income (loss) from operations determined in accordance with U.S. generally accepted accounting principles excluding depreciation and amortization and share-based expense, acquisition related costs and net loss attributable to our non-controlling interest in our Brazilian joint venture. Adjusted EBITDA is an important performance measure because it is a “bottom line” indicator of our long-term viability, and our operational performance. We believe it is appropriate to include a measure that excludes depreciation, amortization, and non-cash stock compensation expense because they represent non-cash charges that do not reflect on management's performance. Churn relates to the average monthly percentage of customers that terminate service. We calculate Churn by dividing the number of customers that terminate during the year by the simple average number of customers during the year, and dividing the result by twelve. The simple average number of customers is the number of customers on the first day of the year plus the number of customers on the last day of the year, divided by two. We use Churn because it addresses our success in retaining subscribers. Reducing Churn may have a significant positive impact on revenue and profitability.

For each metric, there is a minimum level of performance that would result in a payment equal to 50% of the weighted target bonus for the metric (and below which no payment would result), a target level of performance that would result in a payment equal to 100% of the weighted target bonus for the metric, and an outstanding level of performance that would result in a payment equal to 175% of the weighted target bonus for the metric. Our compensation committee has implemented certain limitations on and enhancements to the bonus payment in order to reflect the company's focus on revenue growth. First, regardless of performance against any of the bonus metrics, no payments above 90% of the target bonus would be made unless a target level of performance for the combined Core Business Service Revenue and Growth Service Revenue metrics (“Total Service Revenue”) was met. Second, if the target levels of performance for all four metrics were met, the payments would equal 130% of the weighted target bonus for each metric with additional payments up to a maximum of 175% for each metric in proportion to the amount by which the company's performance for the metric exceeds the target level of performance compared to the outstanding level of performance. As a result, in the event that outstanding levels of performance had been attained for all four metrics, the payment would equal 225% of an individual's target bonus. Finally, if the target levels of performance for Core Business Service Revenue, Growth Service Revenue, and Adjusted EBITDA were met, maximum level of performance was met for Total Service Revenue, and the Churn target was exceeded, the payments would equal 175% of the weighted target bonus for each metric with additional payments up to a maximum of 175% for each metric in proportion to the amount by which the company's performance for the metric exceeds the target level of performance compared to the outstanding level of performance.

The following table shows the performance levels upon which minimum, target, and maximum bonuses would be paid and the actual 2014 performance.

Performance Measure	Weighting 2014				Performance	Percentage of	
	Minimum	Target	Maximum	Performance		Target	Award for the Metric
Core Business Service Revenue	35%	\$695,000	\$711,000	\$730,000	\$685,000	—	%
Growth Service Revenue	20%	\$100,000	\$116,000	\$125,000	\$110,000	83	%
Adjusted EBITDA	30%	\$90,000	\$100,000	\$110,000	\$124,000	175	%
Churn	15%	2.8	% 2.6	% 2.4	% 2.6	% 100	%
Total Bonus Payout						84	%

* Amounts in thousands.

Rationale and Method for Setting Performance Targets

2014 Core Business Service Revenue performance targets were lower than 2013 performance due to two factors. First, the compensation committee took into account the continuing decline in domestic premium home phone markets and the impact of expected revenue from these markets. Second, the compensation committee attributed higher weight and increasing performance targets to the Growth Service Revenue metric in order to reflect our focus on growing

revenues related to our stated strategic initiatives. 2014 Adjusted EBITDA performance targets were set lower than 2013 performance to reflect the company's decision to invest more heavily in our strategic initiatives during 2014. Performance in our Growth Service Revenue metric reflects the implementation and execution of these strategic initiatives.

Calculation of Annual Cash Bonus Awards

The annual cash bonus awards are calculated for each executive by (1) multiplying the percentage of the target award earned for each metric by the weighting applicable to the executive for the metric and (2) further multiplying this amount by the executive's target bonus. Based on the actual performance for the core metrics, the annual cash bonus payout to our NEOs was 84%. Based on its consideration of the functional metrics and circumstances which led to their attainment, the compensation committee approved payments to eligible NEOs at the 84% payout, leading to the following annual bonus payments to the named executive officers:

Annual Cash Bonus Payouts 2014

Name	2014 Bonus Award	2014 Award as Percentage of Target Bonus
Alan Masarek (1)	\$210,000	84 %
David T. Pearson	\$408,822	84 %
Joseph M. Redling	\$462,000	84 %
Pablo Calamera (2)	\$84,375	— %
Kurt M. Rogers	\$284,374	84 %
Marc P. Lefar	\$1,228,500	84 %

(1) Mr. Masarek's cash bonus was a pro rated portion his bonus as calculated under our annual cash bonus plan reflecting his partial employment beginning in October 2014.

Mr. Calamera's actual cash bonus was a pro rated portion of his full target bonus opportunity to reflect partial (2)employment beginning in October 2014. This amount appears in the "Bonus" column of the Summary Compensation Table.

Other than for Mr. Calamera, these payments are reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

Following performance reviews in February 2015, our Chief Executive Officer recommended an additional bonus amount of \$75,000 for Mr. Pearson based upon individual performance and accomplishments, which was subsequently approved by the compensation committee. In approving the additional bonus award to Mr. Pearson, the compensation committee considered his leadership role in the acquisition of Telesphere. This adjustment is reflected in the "Bonus" column of the Summary Compensation Table.

Name	2014 Discretionary Bonus Award
David T. Pearson Long-Term Incentives 2014 LTI Program	\$75,000

In 2014, we began awarding a significant portion of our long-term incentive compensation in the form of performance-based restricted stock units. The number of units actually earned will be determined at the end of the three year performance period based on the achievement of relative total stockholder return goals. By linking a significant portion of our long-term incentives to three-year performance goals, we more closely align our NEOs' incentives with the long-term interests of stockholders.

Award Type	% of Award	Vesting	Award Type	% of Award	Vesting

Time-based RSUs	25%	Equal 4 year increments	Time-based RSUs	50%	Equal 3 year increments

Table of Contents

Performance RSUs are granted subject to the following terms:

The number of performance RSUs granted is based on a target value determined by the compensation committee for each executive, divided by the Monte Carlo value of a performance RSU adjusted to split the excess accounting cost between the company and the executive.

The number of performance RSUs actually earned will be based on Vonage's relative performance measured against other companies in a defined performance group, as discussed below. For 2014 that group was comprised of 32 telecom and technology companies we consider to be similar to Vonage.

The performance metric used in our program is "Total Stockholder Return" (TSR). TSR is the percentage growth in stock price over the performance period, plus dividends and adjusted for events such as stock splits. Vonage's TSR performance will be ranked against the other companies in the performance group.

TSR is measured over a three-year performance period.

The actual number of shares received at the end of the performance period can range from 0-200% of the target number of shares, based on the company's TSR performance during the performance period, as follows.

Vonage Percentile Rank Against performance group	Percent of Target Number of Shares Issued at End of Performance Period
80th or greater	200%
50 th or greater	100%
30th or greater	50%
<30 th	0%

Payouts are based on ranking results with linear adjustment between percentile ranks in the chart above. For example, achievement of the 65th percentile would result in 150% of the target number of shares being issued at the end of the performance period and achievement of the 40th percentile would result in 75% of the target number of shares being issued at the end of the performance period.

Our performance group for 2014 was based on companies included in the Fidelity MSCI Telecommunication Service ETF, with modifications approved by our compensation committee to improve relevance to our business. These modifications included (1) the removal of companies with cell tower-based business models and (2) the addition of companies in the telecommunications or software-as-a-service sectors not included in the Fidelity MSCI Telecommunication Service ETF. Our performance group for 2014 was as follows:

For 2015, we have removed Cbeyond Inc. and tw Telecom due to their acquisition, and NII holdings due to its bankruptcy. For 2015, we have added ShoreTel, Inc., West Corporation, Mitel Networks Corporation, Five9, Inc., and Fairpoint Communications, Inc. to continue to align our performance group with relevant competitors.

2014 Annual Equity Grants and Employment Inducement Grants: In 2014, the compensation committee approved performance and time-based restricted stock unit grants to our executive officers based on 2013 corporate performance, competitive data for the market sample, the level of the individual's responsibility, and individual contributions to Vonage. The compensation committee also considered the recommendations of our Chief Executive Officer for the other executive officers then employed by us. Time-based RSU grants were based on the 20 day average price of our common stock leading up to and including the date of grant. Performance-based RSUs (including performance conditions) are described above under "2014 LTI Program."

The named executive officers identified below received the following equity awards in March 2014 (except as noted):

(1) The stock option grants included in the table above represent employment inducement grants to Messrs. Masarek, Redling, and Calamera at the time of their hiring and vest in four year equal annual installments, except for Mr. Masarek for whom 500,000 restricted stock units vest in equal annual installments on the first through third anniversaries of November 7, 2014, and 356,125 restricted stock units vest on October 15, 2016, each subject to Mr. Masarek's continued employment on such dates; and for Mr. Calamera, whose restricted stock units vest 100% on the fourth anniversary of October 1, 2014 subject to continued employment on that date. In addition, the time-based and performance-based awards made to Messrs. Masarek and Calamera represent employment inducement grants at the time of their hiring. Time-based RSUs vest in equal three year installments. Mr. Calamera's performance-based RSU award vests in accordance with the Company's 2014 LTI Program described above. Finally, as a part of Mr. Masarek's employment arrangement, Mr. Masarek agreed that a 500,000 share performance-based award would be granted in accordance with our annual equity award cycle, and would take the form solely of performance-based RSUs.

Stock Ownership Guidelines for Executives

In April 2015, our board of directors adopted updated stock ownership guidelines that increased the level of ownership required to be held by our named executive officers, and certain other covered executives. Our board of directors believes that these requirements help to ensure the alignment of executive interests with stockholder interests and promote a focus on long-term growth. The following table reflects the stock ownership levels required for our named executive officers, which are measured on a quarterly basis:

Name	Stock Ownership Level
Alan Masarek	5.0x base salary
David Pearson	3.0x base salary
Joseph M. Redling	3.0x base salary
Pablo Calamera	3.0x base salary
Kurt M. Rogers	3.0x base salary

Shares counted in assessing compliance with the guidelines include shares owned outright, the value of unvested restricted stock units, and the in-the-money value of vested stock options. Each covered executive must retain 50% of net stock options exercised or stock delivered from vested restricted stock units until the guidelines are met.

Executives may be exempted from the guidelines and/or the retention requirement due to financial hardship as determined by the compensation committee in its discretion. There is no specific time period required to achieve the guidelines. Each of our named executive officers, other than Mr. Masarek, who joined the company in November 2014, and Mr. Calamera, who joined the company in October 2014, satisfies these guidelines.

Benefits and Perquisites

Under the terms of his employment agreement, Mr. Masarek is entitled to a monthly housing and commuting allowance up to twelve (12) months following commencement of employment, in an amount not to exceed \$9,500 per month (prorated for partial months), certain relocation benefits in accordance with the terms of the company's executive relocation policy, and certain legal fees in connection with the negotiation of his employment agreement. Our other named executive officers also negotiated for perquisites when hired. We agreed to reimburse Mr. Rogers for lodging accommodations near our principal offices and make an additional payment to relieve him of any related tax liability. Our incremental costs for the perquisites described above are shown in note 5 to the Summary Compensation Table.

We also maintain a 401(k) savings plan, which is a tax-qualified defined contribution plan available to all of our employees. Messrs. Pearson, Calamera, Rogers and Lefar participated in the plan in 2014. Under the plan, an employee was permitted to contribute, subject to Internal Revenue Code limitations, up to a maximum of \$17,500 of his or her annual compensation to the plan in 2014. In 2014, we provided a matching contribution equal to 50% of each dollar contributed by a participant, up to a maximum contribution of \$6,000. The matching contributions vest after one year following the date of employment. Employee and matching contributions are based on compensation up to annual limits established under the Internal Revenue Code (the eligible compensation limit was \$260,000 in 2014). Our matching contributions for the named executive officers are shown in note 5 to the Summary Compensation

Table. We do not provide any supplemental retirement benefits.

During 2014, we reimbursed Mr. Lefar for travel expenses between our principal offices in Holmdel, New Jersey, our Atlanta, Georgia offices, his primary residence, and other business destinations. To the extent practicable, other employees of the company traveled with Mr. Lefar. There is a maximum annual amount that may be used as reimbursement to Mr. Lefar for private air travel; this is calculated as the sum of the cost of a first-class fully refundable direct flight for each trip that he made plus \$600,000. Under the terms of Mr. Lefar's employment agreement, we also provided Mr. Lefar with a housing allowance, additional payments to relieve him of any tax liability related to the travel and expense reimbursements, as well as taxes in respect of the additional payment, and the employee portion of premiums for medical, dental, and vision coverage. See also the Summary Compensation Table below for additional information. We have eliminated these air travel prerequisites for our new chief executive officer.

Equity Grant Practices

We do not backdate grants of stock options, nor do we time equity grants to coincide with the release of material non-public information about Vonage. For newly hired or promoted employees, stock options and/or restricted stock units are granted on the first trading day of the month immediately following the month in which the employee commences employment with us or the promotion is effective.

The compensation committee approves all grants of stock options and restricted stock units to executive officers and to other officers reporting directly to our Chief Executive Officer or our audit committee. The compensation committee delegated to our Chief Executive Officer and our Vice President of Human Resources or equivalent the ability to make equity grants (stock options or restricted stock units) aggregating up to 1,000,000 shares of common stock in any calendar year for new hires and promotions, to employees at the Vice President level or below (for the Chief Executive Officer) or the Senior Director level or below (for the Vice President of Human Resources or equivalent). These awards may not exceed 125,000 shares in any calendar year. For new hire and promotion equity grants made under this authority, a restricted stock unit is deemed to be equivalent to 1.79 shares. In addition, the compensation committee delegated to our Chief Executive Officer the ability to make equity grants (stock options or restricted stock units) aggregating up to 200,000 shares of common stock in any calendar year to reward exceptional achievements, address retention issues and support incentive programs, also for employees at the Vice President level or below.

In February of each year, the compensation committee considers annual equity grants. The compensation committee's practice had been to approve these equity grants effective as of the first trading day in April. Beginning in 2014, the compensation committee's practice is to approve equity grants effective on the first trading day on or after March 15. For special grants, equity is granted on the first trading day of the month immediately following the month in which the equity grant is approved.

We set the exercise price of stock options based on the closing price of our common stock as reported on the New York Stock Exchange on the date of grant.

Post-Employment Compensation

We have benefit plans, employment and letter agreements, and other arrangements for our named executive officers that provide special benefits upon certain types of termination events. The employment agreements and letter agreements provide financial security in the event the executive officer's employment is terminated without cause or his or her responsibilities are significantly diminished. The agreements also provide clear statements of the rights of the executive officers and protect them against an unfavorable change in employment terms. Absent these provisions, there is an increased risk that executive officers may be encouraged to seek other employment opportunities if they became concerned about their employment security as a result of changes to our company or in

Table of Contents

the event of a change in control. None of our current executives is entitled to an excise tax gross up upon a change in control. In addition, all equity grants made to current executives require a “double trigger” (both a change in control and termination) for payout or vesting to occur.

We believe that our change in control benefits provide appropriate incentives for the executive officers to cooperate in negotiating any change in control of Vonage without regard to the potential effect on their positions. See “Potential Post-Employment Payments” for further information regarding change in control and termination benefits under the arrangements.

Section 162(m) and Other Tax Considerations

Section 162(m) of the Code limits to \$1 million the deductibility for federal income tax purposes of annual compensation paid by a publicly held company to its chief executive officer and other specified executives, unless certain conditions are met. We design our stock options so that they may be intended to preserve the deductibility of compensation paid to an executive through the exercise of stock options. While we may take actions in the future to preserve deductibility of other elements of compensation, we retain the flexibility to authorize compensation that may not be deductible if the compensation committee believes doing so is in the best interests of our company and stockholders. While the compensation for Mr. Lefar exceeded the \$1 million deduction limit in 2014, we determined that this result was appropriate, based on the considerations regarding his compensation discussed above.

Clawback, Hedging and Pledging Policies

Incentive Compensation Recovery Policy

In February 2014, we adopted our Incentive Compensation Recovery Policy for incentive awards paid to executive officers. The policy is triggered in the event of a material restatement of the company's financial results (other than as a result of a change in accounting rules, principles or interpretations) caused or substantially caused by the misconduct of a covered officer (including our NEOs). If triggered, the compensation committee may seek to recoup the portion of cash and equity based incentive awards paid or awarded to our executive officers in excess of the awards that would have been paid or awarded based on the restated financial results to the extent permitted by applicable law. In the case of equity awards that vested based on the achievement of financial results that were subsequently modified, the compensation committee and Board may also seek to recover improper gains from the sale or disposition of vested equity awards.

Hedging and Pledging

In February 2014, we adopted revisions to our securities trading compliance policy which expanded our prohibitions against certain types of stock-related transactions. The policy now prohibits any director, officer or employee from engaging in any strategy or using any product to hedge against potential changes in the value of Vonage securities, including short selling techniques, “sales against the box”, puts, calls and other derivative securities, prepaid variable forwards, equity swaps, collars, exchange funds and forward sale contracts.

In addition, except in limited circumstances, no director or officer or employee may, directly or indirectly, pledge a significant amount of Vonage securities. The restrictions include the intentional creation of any form of pledge, security interest, deposit, or lien, including the holding of shares in a margin account, that entitles a third-party to foreclose against, or otherwise sell, any shares, whether with or without notice, consent, or default.

Consideration of Say-on-Pay Voting Results

At our 2014 annual meeting, stockholders approved our Say on Pay vote with 54% support. While we were disappointed with this level of support, we understand from our stockholder discussions that much of the dissatisfaction was based on historical compensation practices, which have since been changed, including as a result of stockholder feedback. Many of our stockholders indicated that they viewed the 2014 vote as a referendum on 2013 (and earlier) compensation practices. As detailed in this Compensation Discussion and Analysis, the company and its compensation committee undertook a full review of our compensation programs leading into 2014. In light of the feedback provided by our stockholders and company and compensation committee review, for fiscal 2014 we made a number of improvements and changes to our executive compensation programs. In light of these changes and our

discussions with stockholders during our outreach efforts, no additional changes were made to our compensation programs in response to the 2014 Say-on-Pay vote, other than the changes to our equity incentive compensation plan and the terms of our employment agreement with our Chief Executive Officer discussed above.

Table of Contents

We have adopted, based on stockholder preferences expressed at our 2011 annual meeting, triennial voting and our next Say-on-Pay vote is at the Annual Meeting of Stockholders in 2017. We and our board of directors and compensation committee are committed to an ongoing review of the results of our Say-on-Pay votes. To the extent action is taken with respect to our compensation policies in response to those results, we will continue to report those actions in future proxy statements.

- The \$475,000 bonus amount for Mr. Pearson for 2013 represents a bonus that was paid to him in connection with the commencement of his employment with us. All other amounts reported represent discretionary cash bonuses
- (1) earned during 2012, 2013, and 2014, as applicable. The bonuses earned in 2012, 2013, and 2014, as applicable, were paid in the first quarter of the subsequent year. Please see the section titled “Annual Cash Bonuses” in the Compensation Discussion and Analysis for more information regarding our annual cash bonuses for 2014. Stock awards consist of performance-based and time-based restricted stock units. The dollar amounts for the awards represent the grant-date fair value calculated in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718 (“FASB ASC 718”) by multiplying the number of shares of restricted stock awarded by the closing price of our common stock on the date of grant and based upon, where applicable, the probable outcome of performance conditions. Refer to “Compensation Discussion and Analysis—Long-Term Incentives” for additional information. The grant-date fair value of the stock-based awards will
- (2) likely vary from the actual amount the named executive officer receives. Actual gains, if any, on shares acquired upon vesting of units are dependent on other factors, including the unit holders' continued employment with us through the vesting period, the achievement of any applicable performance conditions, the future performance of our common stock, and overall stock market conditions. There can be no assurance that the values reflected in this table will be achieved. Performance-based restricted stock unit values are based upon achievement of target performance levels. If maximum performance were achieved under 2014 performance-based restricted stock awards, the total value of 2014 stock awards for participating executives would be as follows: Mr. Pearson \$1,982,543, Mr. Redling \$1,982,543, Mr. Calamera \$1,730,000, and Mr. Rogers \$1,817,325.
- (3) The dollar amounts for the awards represent the grant-date fair value calculated in accordance with FASB ASC 718 for each named executive officer. The assumptions used to calculate the value of stock options are set forth under Note 9 of the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K

for the year ended December 31, 2014 filed with the SEC on February 13, 2015. See “Grants of Plan-Based Awards—2014” for further information including the exercise prices for awards made in 2014. Refer also to “Compensation Discussion and Analysis—Long-Term Incentives” for additional information. The grant-date fair value of the stock option awards will likely vary from the actual value the named executive officer receives. Actual gains, if any, on shares acquired on option exercises are dependent on other factors, including the option holder's continued employment with us through the option exercise period, the future performance of our common stock, and overall stock market conditions. There can be no assurance that the values reflected in this table will be achieved.

The amounts in this column represent total performance-based bonuses earned for services rendered during 2012, 2013, and 2014. These bonuses were based on our financial performance. The bonuses earned in 2012, 2013, and (4) 2014, as applicable, were paid in the first quarter of the subsequent year. Please see the section titled “Annual Cash Bonuses” in the Compensation Discussion and Analysis for more information regarding our annual cash bonus for 2014.

As discussed in the Compensation Discussion and Analysis, the annual cash bonus awards are attributable to financial performance measures. The amount shown in the “Target” column represents a payout at the target bonus percentage for each named executive officer's base salary. The amount shown in the “Threshold” column represents the amount payable if only the minimum level of company performance was attained for each metric applicable to the executive, which is 50% of the target amount shown above. If performance did not meet the minimum level of performance for any metric, then no bonus would have been paid. The amount shown in the “Maximum” column represents the amount payable if the maximum level of company performance was attained for all metrics applicable to the executive, which is 175% of the target amount shown.

Please see the section titled “Annual Cash Bonuses” in the Compensation Discussion and Analysis for additional information including the minimum threshold, target, and maximum level of performance for each performance measure, the calculation of the award payable based upon actual performance in 2014, the amount of the award and award as a percentage of the target award opportunity, and adjustments.

The annual cash bonus payments to our NEOs under our bonus plan for 2014 are reflected in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table and include the portion attributable to discretionary adjustments. The annual cash bonus payment to Mr. Calamera for 2014 is reflected in the “Bonus” column of the Summary Compensation Table.

Amounts in this column represent performance-based restricted stock units granted under our 2006 Plan. The performance restricted stock units vest on a three-year cliff basis. The number of units actually earned will be determined after the end of the three year performance period based on the achievement of relative total stockholder return goals and can range from 0-200% of the target number of shares, based on the company's TSR performance during the three-year performance period. Please see the section titled "2014 Long-Term Incentives" in the Compensation Discussion and Analysis for additional information.

Amounts in this column represent restricted stock units granted under our 2006 Plan. The restricted stock units vest in equal annual installments on the first through third anniversaries of the grant date except as follows: for Mr. (3) Masarek, 500,000 restricted stock units vest in equal annual installments on the first through third anniversaries of November 7, 2014, and 356,125 restricted stock units vest on October 15, 2016, each subject to Mr. Masarek's

continued employment on such dates, and for Mr. Calamera, the restricted stock units vest 100% on the fourth anniversary of October 1, 2014 subject to Mr. Calamera's continued employment on such date. Please see the section titled "Potential Post-Employment Payments—Employment and Related Agreements" for a discussion of the acceleration of vesting of our restricted stock units in certain circumstances, including upon a change in control.

Amounts in this column represent stock options granted under our 2006 Plan. The options for each of the named executive officers vest in four equal annual installments. Please see the section titled "Potential Post-Employment Payments—Employment and Related Agreements" for a discussion of the acceleration of vesting of our stock options in certain circumstances, including upon a change in control.

(4) The amounts in this column represent the closing price of our common stock on the New York Stock Exchange on the date of grant.

(5) The value of a stock award or option award represents the grant-date fair value calculated in accordance with FASB ASC 718. Stock awards consist only of restricted stock units. Actual gains, if any, on shares acquired upon vesting of restricted stock units or option exercises are dependent on other factors, including the holder's continued employment with us through the vesting period or option exercise period, the outcome of any performance conditions, the future performance of our common stock, and overall market conditions. There can be no assurance that the values reflected in this table will be achieved.

Potential Post-Employment Payments

The following are descriptions of our employment arrangements with our named executive officers. The table following the description of our employment arrangements quantifies the potential payments and benefits to which the named executive officer would be entitled to under our arrangements with them for various scenarios involving a termination of employment or change-in-control. The amounts shown are estimated amounts that assume that the termination or change-in-control was effective as of December 31, 2014, and thus include amounts earned through such time. The actual amounts to be paid out can only be determined at the time of such executive's separation.

Employment and Related Agreements

Current Named Executive Officers

Alan Masarek

We are party to an agreement with Mr. Masarek providing for his employment, as Chief Executive Officer, that was initially entered into in October 2014. As Chief Executive Officer, Mr. Masarek reports to our board of directors. All of our employees report to Mr. Masarek or one of his designees.

Under his employment agreement, Mr. Masarek is entitled to receive an annual base salary of \$800,000 subject to further review for increase not less often than annually by our compensation committee. Mr. Masarek is eligible to receive an annual performance-based bonus in accordance with our annual bonus program for senior executives. As required by the employment agreement, a review of Mr. Masarek's target annual bonus was conducted in February 2015 and the target annual bonus set at 125% for 2015. In addition, Mr. Masarek's employment agreement provides for certain perquisites as described under "Perquisites" above.

In connection with entering into his employment agreement, Mr. Masarek received (i) a non-qualified stock option grant on November 7, 2014, entitling him to purchase three million shares (3,000,000) of the Company's common stock at a price equal to the closing price on the date of grant, which will vest in four equal installments on the first through fourth anniversaries of October 15, 2014, subject to Mr. Masarek's continued employment on such dates, except that if the employment agreement expires at the end of the three-year initial term due to the Company's election not to renew, the portion of the award that would have vested on the fourth anniversary of October 15, 2014 will vest quarterly during the fourth year (prorated, upon any termination of employment, based on full and partial months employed during the calendar quarter in which termination occurs), such that 100% of the Options will have vested as of the fourth anniversary of October 15, 2014; (ii) an award of 500,000 time-based restricted stock units,

Table of Contents

granted on November 7, 2014, which will vest in three equal installments on the first through third anniversaries of October 15, 2014, subject to Mr. Masarek's continued employment on such dates; (iii) a "make whole" award of 356,125 time-based restricted stock units, granted on November 7, 2014, which will vest on October 15, 2016, subject to Mr. Masarek's continued employment on such date; and (iv) an award of performance-based restricted stock units, granted on the date in 2015 when other senior executive officers of the Company receive grants of performance-based restricted stock units, with a target award equal to 500,000 shares of the Company's common stock, which to be granted on terms no less favorable than those given to other senior executives at the Company and including a performance period spanning calendar years 2015, 2016, and 2017, with a payout range of 0-200% based upon Company performance. These awards were made as described.

In the event Mr. Masarek's employment is terminated by us without cause or he resigns with good reason, he is entitled to severance benefits equal to (i) twelve months base salary plus his target bonus amount for the year in which his employment terminates, payable over the twelve month period following termination of employment, (ii) a pro rata share (based on the portion of the year elapsed) of his bonus for the year in which his employment terminates, payable when, as and if under our bonus program such bonus would otherwise be paid, but in no event later than March 15th of the year following the year to which such bonus relates, (iii) any prior year bonus amounts earned but unpaid as of the termination date, (iv) other accrued but unpaid compensation and benefits under our benefits plans and (v) monthly payment equal to the amount by which continuation premiums for Mr. Masarek and his dependents under COBRA exceed what he would have paid for such coverage as an active employee for up to the length of time that he is eligible for COBRA. These benefits are subject to Mr. Masarek's timely execution of a general release of claims and forfeiture in the event of Mr. Masarek's material breach of his contractual confidentiality, non-competition, non-solicitation and non-hire obligations to the Company. If Mr. Masarek's employment is terminated by us without cause or he resigns with good reason (i) at any time, the "make-whole" restricted stock units granted upon Mr. Masarek's appointment will fully vest; and (ii) other than on or prior to the first anniversary of a change of control, (A) a pro rata portion of the other options and restricted stock units granted upon Mr. Masarek's appointment will become vested and immediately exercisable as of the date of such termination, with such amount to be determined based upon the portion of the award that would have vested on such award's next applicable vesting date immediately following the date of termination, multiplied by a fraction where (x) the numerator is the number of full and fractional months that had elapsed between the applicable vesting date immediately prior to such termination and such termination date plus twelve (12), and (y) the denominator is twelve (12); and (B) pro rata portion of all performance restricted stock units outstanding as of the termination date will vest at the end of the applicable performance period based on actual performance, prorated based on service during the applicable performance period through the termination date. If Mr. Masarek's employment is terminated due to his death or disability, he (or his estate) is entitled to (i) a pro rata portion of his annual bonus for the year of termination, if and to the extent the Company achieves its performance metrics for such year, (ii) any prior year bonus amounts earned but unpaid as of the termination date, and (iii) other accrued but unpaid compensation and benefits under our benefit plans. In addition, if Mr. Masarek's employment is terminated due to his death or disability (i) at any time, the "make-whole" restricted stock units granted upon Mr. Masarek's appointment will fully vest; and (ii) other than on or prior to the first anniversary of a change of control, (A) one-half of the then-unvested options and restricted stock units granted upon Mr. Masarek's appointment will vest, and (1) on death, the target amount of performance restricted stock units will vest, prorated based on service during the applicable performance period prior to death (but not prorated below 50%), and (2) on disability, a prorated portion of the performance restricted stock units will vest, based on actual performance at the end of the performance period, prorated based on service during the applicable performance period prior to termination of employment (but not prorated below 50%).

If Mr. Masarek's employment is terminated for cause or he resigns without good reason, he will be entitled only to accrued but unpaid compensation and benefits under our benefit plans.

Table of Contents

In the event of a change of control, if Mr. Masarek's employment is terminated without cause or he resigns with good reason, or due to Mr. Masarek's death or disability, on or prior to the first anniversary of the change of control, all of his options and restricted stock units will fully vest. Upon a change of control of the Company, a portion of the performance restricted stock units, determined based on performance during the applicable performance period through the change of control, will become eligible to vest (the "COC Portion"), subject only to Mr. Masarek's continued employment with the Company at the end of the performance period, provided that the COC Portion will fully vest upon a termination due to death or disability at any time following a change of control or upon a termination without cause or resignation for good reason that occurs on or within one year following a change of control. These change of control vesting provisions also will apply to future equity and equity-based awards granted to Mr. Masarek.

If any payments, benefits or distributions to or for the benefit of Mr. Masarek would subject him to an excise tax under the "golden parachute" rules of Sections 280G and 4999 of the Code, such payments will be reduced to an amount (after reduction) \$1.00 less than that which would not subject Mr. Masarek to the excise tax, except that payments will only be reduced if the after-tax value of amounts received by Mr. Masarek after application of the reduction would exceed the after-tax value of the amounts received without application of such reduction.

David T. Pearson

We and Mr. Pearson entered into an employment agreement at the commencement of his employment with us in May 2013. In the event Mr. Pearson's employment is terminated by the company without cause or he resigns with good reason he is entitled to severance benefits equal to twelve months base salary plus his target bonus amount for the year in which his employment terminates, payable over the twelve month period following termination of employment, and a pro rata share (based on the portion of the year elapsed) of his bonus for the year in which his employment terminates, payable when, as and if under the company's bonus program such bonus would otherwise be paid, but in no event later than March 15th of the year following the year to which such bonus relates. These benefits are subject to forfeiture in the event of Mr. Pearson's non-compliance with his contractual confidentiality, non-competition, non-solicitation and non-hire obligations to the company. If Mr. Pearson's employment is terminated due to his death or disability he or his estate is entitled to a pro rata portion of his annual bonus for the year of termination, if and to the extent the company achieves its performance metrics for such year.

In connection with entering into the employment agreement, Mr. Pearson received a non-qualified stock option grant entitling him to purchase two million shares (2,000,000) of the company's common stock. The stock options vest in four equal installments on the first through fourth anniversaries of the grant date, subject to Mr. Pearson's continued employment on such dates, except that all the options fully vest upon a change of control if Mr. Pearson's employment is terminated by the company without cause or he resigns with good reason, or due to his death or disability, on or prior to the first anniversary of the change of control. In addition, if Mr. Pearson's employment is terminated by the company without cause or he resigns with good reason (other than on or prior to the first anniversary of a change of control), a pro rata portion of the options that would vest on the next scheduled vesting date, if any, shall also vest, with such amount to be determined based on the period from the last vesting date through the end of the calendar quarter in which the termination of employment occurred. If any payments, benefits or distributions to or for the benefit of Mr. Pearson would subject him to an excise tax under the "golden parachute" rules of Sections 280G and 4999 of the Code, such payments will be reduced to the maximum amount (after reduction) that would not subject Mr. Pearson to the excise tax, except that payments will only be reduced if the after-tax value of amounts received by Mr. Pearson after application of the reduction would exceed the after-tax value of the amounts received without application of such reduction. Mr. Pearson is subject to non-solicitation and non-hire restrictions under the employment agreement and non-competition restrictions under our confidentiality and innovations agreement, each of which shall be in effect during the employment period and for twelve months thereafter.

Joseph Redling

We and Mr. Redling entered into an employment agreement at the commencement of his employment with us in December 2013. In the event Mr. Redling's employment is terminated by us without cause or he resigns with good reason, he is entitled to severance benefits equal to (i) twelve (12) months base salary plus his target bonus amount for the year in which his employment terminates, payable over the twelve (12) month period following termination of employment, (ii) a pro rata share (based on the portion of the year elapsed) of his bonus for the year in which his employment terminates, payable when, as and if under our bonus program such bonus would otherwise be paid, but in no event later than March 15th of the year following the year to which such bonus relates, (iii) any prior year bonus amounts earned but unpaid as of the termination date, and (iv) other accrued but unpaid compensation and benefits under our benefits plans. These benefits are subject to forfeiture in the event of Mr. Redling's non-compliance with his contractual confidentiality, non-competition, non-solicitation and non-hire obligations to the company. If Mr. Redling's employment is terminated due to his death or disability, he (or his estate) is entitled to a pro rata portion of his annual bonus for the year of termination, if and to the extent the company achieves its performance metrics for such year, and any prior year bonus amounts earned but unpaid as of the termination date.

In connection with entering into his agreement, Mr. Redling received a non-qualified stock option grant entitling him to purchase 2 million (2,000,000) shares of the company's common stock. The stock options vest in four equal installments on the first through fourth anniversaries of the grant date, subject to Mr. Redling's continued employment on such dates, except that all the options shall fully vest upon Mr. Redling's termination of employment if his employment is terminated by the company without cause or he resigns with good reason, or due to his death or disability, in each case, on or prior to the first anniversary of a change of control. In addition, if Mr. Redling's employment is terminated by the company without cause or he resigns with good reason (other than on or prior to the first anniversary of a change of Control), a pro rata portion of the options that would vest on the next scheduled vesting date, if any, shall also vest, with such amount to be determined based on the period from the last vesting date through the end of the calendar quarter in which the termination of employment occurred. If Mr. Redling's employment is terminated due to his death or disability, (other than on or prior to the first anniversary of a change of control), one half of the then-unvested options shall vest. Mr. Redling entered into our Employee Covenants Agreement and Incentive Compensation Recoupment Policy.

If any payments, benefits or distributions to or for the benefit of Mr. Redling would subject him to an excise tax under the "golden parachute" rules of Sections 280G and 4999 of the Code, such payments will be reduced to an amount (after reduction) \$1.00 less than that which would not subject Mr. Redling to the excise tax, except that payments will only be reduced if the after-tax value of amounts received by Mr. Redling after application of the reduction would exceed the after-tax value of the amounts received without application of such reduction.

Pablo Calamera

We and Mr. Calamera entered into a letter agreement on September 18, 2014, with his employment commencing in October 2014. In connection with entering into his agreement, Mr. Calamera received a non-qualified stock option grant entitling him to purchase 425,000 shares of the company's common stock. The stock options vest in four equal installments on the first through fourth anniversaries of the grant date, subject to Mr. Calamera's continued employment on such dates. In addition, Mr. Calamera received a grant of 125,000 performance-based restricted stock units, subject to the terms described under "2014 LTI Program" in our Compensation Discussion & Analysis. Mr. Calamera also received a grant of 250,000 time-based restricted stock units vesting in full on the fourth anniversary of the grant date, subject to Mr. Calamera's continued employment on such date. The letter agreement provides that in the event Mr. Calamera's employment is terminated by us without cause or by him for good reason he is entitled to severance benefits equal to twelve months of base salary payable by us during our regular payroll cycle over the nine month period following termination of employment such that the first payment shall be made on the sixtieth (60th) day after termination of employment and a pro-rata portion of pro-

rated portion of his target bonus for the year of termination based on the company's actual performance for such year. Mr. Calamera entered into our Employee Covenants Agreement and Incentive Compensation Recoupment Policy.

Kurt M. Rogers

We and Mr. Rogers entered into a letter agreement at the commencement of his employment with us (which was subsequently amended by Mr. Rogers and us in December 2010 and March 2012). The letter agreement, as amended, provides that in the event Mr. Rogers' employment is terminated by us without cause or by him for good reason he is entitled to severance benefits equal to twelve months of base salary payable by us during our regular payroll cycle over the twelve month period following termination of employment and a pro-rated portion of his target bonus payable by us during our regular payroll cycle over the six month period following termination of employment. Mr. Rogers is also entitled to reimbursement of lodging accommodations when Mr. Rogers is working out of our headquarters. We also reimburse Mr. Rogers for any taxes in respect of the lodging accommodations. Mr. Rogers entered into our form of confidentiality and innovations agreement.

Acceleration of Vesting of Stock Options, Time-Based and Performance-Based Restricted Stock Units

Our option and time-based restricted stock unit agreements for grants to our NEOs (other than as described for sign-on grants above) provide for acceleration of vesting of (i) 100% of unvested stock options and time-based restricted stock units covered by those agreements in the event of termination of employment without cause or for good reason following but prior to the first anniversary of a change in control and (ii) 50% of unvested stock options and time-based restricted stock units covered by those agreements in the event of death or disability.

Upon a change in control, a portion of any performance-based restricted stock unit award equal to the amount payable if the performance period were deemed to end on the date of the consummation of the change in control will vest as of the last day of the applicable performance period, (i) subject to continued employment on the last day of the performance period, (ii) in the event employment terminates due to death or disability, or (iii) due to termination by without cause or for good reason.

In the event of a termination of employment for death or disability, a portion of any performance-based restricted stock unit award equal to a fraction based upon the percentage of the performance period elapsed at the time of termination of employment, but in any case no less than half, will vest. For termination of employment due to death, such vesting will occur upon termination. For termination of employment due to disability, such vesting will occur upon the end of the applicable performance period.

Former Named Executive Officers

Marc P. Lefar

We were party to an agreement with Mr. Lefar providing for his employment, as Chief Executive Officer, that was initially entered into in July 2008 and amended in November 2009 and April 2014. On April 7, 2014, we announced that Mr. Lefar had shared his intention to retire from the company upon completion of a process to select a successor. Mr. Lefar continued to serve as our Chief Executive Officer through an orderly leadership transition. To facilitate the transition, on April 3, 2014, we and Mr. Lefar entered into an amendment and restatement of Mr. Lefar's existing employment agreement to extend the term of Mr. Lefar's employment through December 31, 2014, unless ended earlier by either party or extended by mutual agreement. On October 7, 2014, we announced that the board of directors had appointed Alan Masarek as Chief Executive Officer and as a member of the board of directors. Mr. Masarek assumed his new roles effective November 6, 2014. Mr. Lefar retired as Chief Executive Officer and as a director effective November 5, 2014.

Under the employment agreement, Mr. Lefar received his annual base salary of \$975,000 through December 31, 2014; his annual performance-based bonus for 2014, when determined and paid in 2015; the vesting of all previously-granted restricted stock units scheduled to vest through December 31, 2014; his existing perquisites

through December 31, 2014; and certain post-employment benefits. Except in the event of a change in control, in which case all then outstanding stock options and restricted stock units would have vested, no other stock options or restricted stock units vested under the amended and restated employment agreement. All vested options held by Mr. Lefar when he left the company remain exercisable for 360 days, but in no event after the tenth anniversary of the original grant date of such stock option. Mr. Lefar remains subject to his existing confidentiality, non-solicitation and non-hire restrictions. In addition, he entered into a new non-competition agreement applicable during his employment and for 12 months thereafter.

Consistent with his existing agreement, the employment agreement provided that Mr. Lefar would receive an additional payment to reimburse him for any excise taxes imposed pursuant to Section 4999 of the Code, together with reimbursement for any additional taxes incurred by reason of such payments.

Mr. Lefar's entitlement to salary continuation through December 31, 2014 (as his employment ended before that date), the 2014 annual bonus, vesting of his restricted stock units scheduled to vest through December 31, 2014 (if his employment ends prior to the vesting date) and post-employment benefits were subject to his execution of a general release of claims in favor of the company when his employment ended.

Potential Payments Upon Termination of Employment or Change-in-Control

The following table quantifies potential payments to our named executive officers upon termination of employment or change-in-control assuming the triggering event took place on December 31, 2014, the last business day of our last completed fiscal year.

(1) The payments relating to stock options represent the value of unvested stock options as of December 31, 2014 that would be accelerated upon a change in control and termination of employment, calculated by multiplying the number of shares underlying unvested options by the excess of the closing price of our common stock on December 31, 2014 (\$3.81) over the exercise price.

(2) The payments relating to restricted stock units represent the value of unvested and accelerated restricted stock units as of December 31, 2014 calculated by multiplying the number of unvested shares by the closing price of our common stock on December 31, 2014 (\$3.81).

The payments relating to termination without cause of resignation for good reason following a change in control (3) reflect reductions caused by applicable excise taxes under the “golden parachute” rules of Sections 280G and 4999 of the Code.

Equity-Based Grants to Board Members and Stock Ownership Guidelines for Directors

In 2014, and through February 4, 2015, on the date they commenced service on our board of directors, newly elected directors received an option to purchase 150,000 shares of our common stock at an exercise price equal to the closing price of our common stock as reported on the New York Stock Exchange on the date of the grant. The stock option vests over a period of four years, vesting as to 25% of the underlying shares on the first anniversary of the date of grant and as to the remaining underlying shares in equal quarterly installments thereafter. The stock options vest in full upon a change in control. Based upon a review and assessment of our non-executive director compensation program, our board of directors eliminated this sign-on equity grant effective February 4, 2015.

For 2014, on the first day of each quarter, non-employee directors of our company were awarded \$28,750 of restricted stock (1.5x such share amount of restricted stock for Mr. Citron). The stock price used to calculate the number of shares of stock to be granted, all of which are fully vested, is the closing price of our common stock on the New York Stock Exchange on the date of grant, or if such date is not a trading day, the closing selling price on the trading day immediately preceding the date of grant. In order to be eligible for grants, a non-employee director must have served on our board for the entire previous quarter.

Our board of directors has adopted stock ownership guidelines requiring our non-employee directors to maintain a minimum equity stake in the company. Our board of directors believes that these requirements help to ensure an alignment of director interests with those of stockholder interests and promote a focus on long-term growth.

Non-employee directors must maintain a stock ownership level equal to the lesser of three times our annual board retainer. Shares included in the calculation to assess compliance with the guidelines include shares owned outright and 75% of vested stock options (whether or not in-the-money). Each non-employee director must retain 25% of net stock options exercised or stock delivered from vested restricted stock units until the guidelines are met. All non-employee directors have met the guidelines other than Mr. Chopra, who joined our board of directors in July 2014 and Ms. Katz, who joined our Board of Directors in January 2014. Directors may be exempted from the guidelines and/or the retention ratio due to financial hardship as determined by the compensation committee in its discretion.

2015 Director Compensation Changes

Based upon a review and assessment of our non-executive director compensation program, on February 4, 2015 our board of directors:

- eliminated sign-on equity grants effective February 4, 2015;
- eliminated all Board and Committee meeting fees effective July 1, 2015;
- increased the base annual retainer paid to all non-executive directors (other than the Chairman of the Board) from \$50,000 to \$80,000 effective July 1, 2015; and
- increased the Compensation Committee Chair retainer from \$10,000 to \$15,000 effective July 1, 2015.

Stock awards consist only of restricted stock all of which are fully vested at the time of grant. The amounts shown (1) are the grant date fair value, calculated in accordance with FASB ASC 718 by multiplying the number of shares of restricted stock awarded by the closing price of our common stock on the date of grant.

The amount shown does not reflect compensation actually received by the director. Instead, the amounts shown are the grant date fair value with respect to stock options, computed in accordance with FASB ASC 718. The assumptions used to calculate the value of stock options are set forth under Note 9 of the Notes to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2014 filed with the SEC on February 13, 2015. Actual gains, if any, on shares acquired upon option exercises are dependent (2) on other factors, including the holder's continued board service through the option exercise period, the future performance of our common stock, and overall market conditions. There can be no assurance that the values reflected in this table will be achieved. For Ms. Katz and Mr. Chopra, the amounts shown include the grant date fair value of each grant of options to purchase 150,000 shares of our common stock computed in accordance with FASB ASC 718.

(3) This amount represents health, vision and dental benefits.

(4) Ms. Katz became a director in January 2014.

(5) Mr. Misner resigned from the board in February 2014.

(6) Mr. Chopra became a director in July 2014.

STOCK OWNERSHIP INFORMATION

The following table sets forth information regarding the beneficial ownership of our common stock as of April 10, 2015 by:

- each person or group who is known by us to own beneficially more than 5% of our common stock;
- each of our directors and director nominees;
- each of our named executive officers, as defined under SEC rules; and
- all of our current directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC and generally includes any shares over which a person exercises sole or shared voting or investment power. Shares of common stock subject to options that are currently exercisable or exercisable within 60 days of April 10, 2015 are considered outstanding and beneficially owned by the person holding the options for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated, each of the stockholders listed below has sole voting and investment power with respect to the shares beneficially owned. Except as indicated below, the address for each stockholder, director or named executive officer is 23 Main Street, Holmdel, New Jersey 07733.

Any shares of Common Stock delivered under the Plan shall consist of authorized and unissued shares or treasury shares.

4.2.Share Replenishment. To the extent that an Award granted under this Plan or a 2006 Plan Award is canceled, expired, forfeited, surrendered, settled by delivery of fewer shares of Common Stock than the number underlying the Award or 2006 Plan Award, as applicable, or otherwise terminated without delivery of the shares of Common Stock or payment of consideration to the Participant under the Plan or participant under the 2006 Plan, the shares of Common Stock retained by or returned to the Company will (i) not be deemed to have been delivered under the Plan or 2006 Plan, as applicable, (ii) be available for future Awards under the Plan, and (iii) increase the Share Reserve by one share for each share that is retained by or returned to the Company. 5.1.Designation of Participants. Any Eligible Person may be selected by the Committee to receive an Award and become a Participant. The Committee has the authority, in its discretion, to determine and designate from time to time those Eligible Persons who are to be granted Awards, the types of Awards to be granted, the

Table of Contents

number of shares of Common Stock or units subject to Awards to be granted and the terms and conditions of such Awards consistent with the terms of the Plan. In selecting Eligible Persons to be Participants, and in determining the type and amount of Awards to be granted under the Plan, the Committee shall consider any and all factors that it deems relevant or appropriate. Designation of a Participant in any year shall not require the Committee to designate such person to receive an Award in any other year or, once designated, to receive the same type or amount of Award as granted to such Participant in any other year.

5.2.Determination of Awards; Minimum Vesting Period. The Committee shall determine the terms and conditions of all Awards granted to Participants in accordance with its authority under Section 3.2 hereof. An Award may consist of one type of right or benefit hereunder or of two or more such rights or benefits granted in tandem. No portion of any Award, other than Cash Performance Awards and Awards that have vested in whole or in part upon a Change of Control, a termination of a Participant's Service as a result of death or Disability, a termination of a Participant's Service by the Company without Cause and/or a termination of a Participant's Service by the Participant for Good Reason, shall vest prior to one (1) year after the date of grant, provided, however, that such vesting restrictions shall not be applicable to Awards not in excess of ten percent (10%) of the Share Reserve under Section 4.1. Awards that vest based on the attainment of Performance Goal(s) shall have a minimum vesting period of one (1) year.

5.3.Award Agreements. Each Award granted to an Eligible Person shall be represented by an Award Agreement. The terms of all Awards under the Plan, as determined by the Committee, will be set forth in each individual Award Agreements as described in Section 15.2 hereof.

6.Stock Options.

6.1.Grant of Stock Options. A Stock Option may be granted to any Eligible Person selected by the Committee, except that an Incentive Stock Option may only be granted to an Eligible Person satisfying the conditions of Section 6.7(a) hereof. Each Stock Option shall be designated on the Date of Grant, in the discretion of the Committee, as an Incentive Stock Option or as a Nonqualified Stock Option. All Stock Options granted under the Plan are intended to comply with or be exempt from the requirements of Section 409A of the Code.

6.2.Exercise Price. The exercise price per share of a Stock Option shall not be less than one hundred percent (100%) of the Fair Market Value of a share of Common Stock on the Date of Grant. The Committee may in its discretion specify an exercise price per share that is higher than the Fair Market Value of a share of Common Stock on the Date of Grant.

6.3.Vesting of Stock Options. The Committee shall, in its discretion, prescribe the time or times at which or the conditions upon which, a Stock Option or portion thereof shall become vested and/or exercisable. The requirements for vesting and exercisability of a Stock Option may be based on the continued Service of the Participant with the Company or a Subsidiary for a specified time period (or periods), on the attainment of a specified Performance Goal(s) or on such other terms and conditions as approved by the Committee in its discretion. If the vesting requirements of a Stock Option are not satisfied, the Award shall be forfeited.

6.4.Term of Stock Options. The Committee shall in its discretion prescribe in an Award Agreement the period during which a vested Stock Option may be exercised; provided, however, that the maximum term of a Stock Option shall be ten (10) years from the Date of Grant. The Committee may provide that a Stock Option will cease to be exercisable upon or at the end of a specified time period following a termination of Service for any reason as set forth in the Award Agreement or otherwise. A Stock Option may be earlier terminated as specified by the Committee and set forth in an Award Agreement upon or following the termination of a Participant's Service with the Company or any Subsidiary, including by reason of voluntary resignation, death, Disability, termination for Cause or any other reason. Subject to Section 409A of the Code and the provisions of this Section 6, the Committee may extend at any time the period in which a Stock Option may be exercised.

6.5.Stock Option Exercise; Tax Withholding. Subject to such terms and conditions as specified in an Award Agreement, a Stock Option may be exercised in whole or in part at any time during the term thereof by notice in the form required by the Company, together with payment of the aggregate exercise price and applicable withholding tax. Payment of the exercise price may be made: (i) in cash or by cash equivalent acceptable to the Committee, or, (ii) to the extent permitted by the Committee in its sole discretion in an Award Agreement or

Table of Contents

otherwise (A) in shares of Common Stock valued at the Fair Market Value of such shares on the date of exercise, (B) through an open-market, broker-assisted sales transaction pursuant to which the Company is promptly delivered the amount of proceeds necessary to satisfy the exercise price, (C) by reducing the number of shares of Common Stock otherwise deliverable upon the exercise of the Stock Option by the number of shares of Common Stock having a Fair Market Value on the date of exercise equal to the exercise price, (D) by a combination of the methods described above or (E) by such other method as may be approved by the Committee and set forth in the Award Agreement. In addition to and at the time of payment of the exercise price, the Participant shall pay to the Company the full amount of any and all applicable income tax, employment tax and other amounts required to be withheld in connection with such exercise, payable under such of the methods described above for the payment of the exercise price as may be approved by the Committee and set forth in the Award Agreement.

6.6.Limited Transferability of Nonqualified Stock Options. All Stock Options shall be nontransferable except (i) upon the Participant's death, in accordance with Section 15.3 hereof or (ii) in the case of Nonqualified Stock Options only, for the transfer of all or part of the Stock Option to a Participant's "family member" (as defined for purposes of the Form S-8 registration statement under the Securities Act), or as otherwise permitted by the Committee, in each case as may be approved by the Committee in its discretion at the time of proposed transfer. The transfer of a Nonqualified Stock Option may be subject to such terms and conditions as the Committee may in its discretion impose from time to time. Subsequent transfers of a Nonqualified Stock Option shall be prohibited other than in accordance with Section 15.3 hereof.

6.7.Additional Rules for Incentive Stock Options.

a.Eligibility. An Incentive Stock Option may only be granted to an Eligible Person who is considered an employee for purposes of Treasury Regulation Section 1.421-1(h) with respect to the Company or any Subsidiary that qualifies as a "subsidiary corporation" with respect to the Company for purposes of Section 424(f) of the Code.

b.Annual Limits. No Incentive Stock Option shall be granted to a Participant as a result of which the aggregate Fair Market Value (determined as of the Date of Grant) of the Common Stock with respect to which incentive stock options under Section 422 of the Code are exercisable for the first time in any calendar year under the Plan and any other stock option plans of the Company or any Subsidiary or parent corporation, would exceed \$100,000, determined in accordance with Section 422(d) of the Code. This limitation shall be applied by taking Stock Options into account in the order in which granted.

c.Additional Limitations. In the case of any Incentive Stock Option granted to an Eligible Person who owns, either directly or indirectly (taking into account the attribution rules contained in Section 424(d) of the Code), stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Subsidiary, the exercise price shall not be less than one hundred ten percent (110%) of the Fair Market Value of a share of Common Stock on the Date of Grant and the maximum term shall be five (5) years.

d.Termination of Employment. An Award of an Incentive Stock Option may provide that such Stock Option may be exercised not later than (i) three (3) months following termination of employment of the Participant with the Company and all Subsidiaries (other than as set forth in clause (ii) of this Section 6.7(d)) or (ii) one year following termination of employment of the Participant with the Company and all Subsidiaries due to death or permanent and total disability within the meaning of Section 22(e)(3) of the Code, in each case as and to the extent determined by the Committee to comply with the requirements of Section 422 of the Code.

e.Other Terms and Conditions; Nontransferability. Any Incentive Stock Option granted hereunder shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as are deemed necessary or desirable by the Committee, which terms, together with the terms of the Plan, shall be intended and interpreted to cause such Incentive Stock Option to qualify as an "incentive stock option" under Section 422 of the Code. A Stock Option that is granted as an Incentive Stock Option shall, to the extent it fails to qualify as an "incentive stock option" under the Code, be treated as a Nonqualified Stock Option. An Incentive Stock Option shall by its terms be nontransferable other than by will or by the laws of descent and distribution, and shall be exercisable during the lifetime of a Participant only by such Participant.

Table of Contents

f. Disqualifying Dispositions. If shares of Common Stock acquired by exercise of an Incentive Stock Option are disposed of within two years following the Date of Grant or one year following the transfer of such shares to the Participant upon exercise, the Participant shall, promptly following such disposition, notify the Company in writing of the date and terms of such disposition and provide such other information regarding the disposition as the Company may reasonably require.

6.8. Repricing Prohibited. Subject to the anti-dilution adjustment provisions contained in Section 4.5 hereof, without the prior approval of the Company's stockholders, neither the Committee nor the Board shall cancel a Stock Option when the exercise price per share exceeds the Fair Market Value of one share of Common Stock in exchange for cash or another Award (other than in connection with a Change of Control) or cause the cancellation, substitution or amendment of a Stock Option that would have the effect of reducing the exercise price of such a Stock Option previously granted under the Plan or otherwise approve any modification to such a Stock Option, that would be treated as a "repricing" under the then applicable rules, regulations or listing requirements adopted by the New York Stock Exchange or other principal exchange on which the Common Stock is then listed.

6.9. Dividend Equivalent Rights. Dividends shall not be paid with respect to Stock Options. Dividend equivalent rights shall be granted with respect to the shares of Common Stock subject to Stock Options to the extent permitted by the Committee and set forth in the Award Agreement.

7. Stock Appreciation Rights.

7.1. Grant of Stock Appreciation Rights. Stock Appreciation Rights may be granted to any Eligible Person selected by the Committee. Stock Appreciation Rights may be granted on a basis that allows for the exercise of the right by the Participant or that provides for the automatic payment of the right upon a specified date or event. Stock Appreciation Rights shall be non-transferable, except as provided in Section 15.3 hereof. All Stock Appreciation Rights granted under the Plan are intended to comply with or otherwise be exempt from the requirements of Section 409A of the Code.

7.2. Stand-Alone and Tandem Stock Appreciation Rights. A Stock Appreciation Right may be granted without any related Stock Option, or may be granted in tandem with a Stock Option, either on the Date of Grant or at any time thereafter during the term of the Stock Option. The Committee shall in its discretion provide in an Award Agreement the time or times at which or the conditions upon which, a Stock Appreciation Right or portion thereof shall become vested and/or exercisable. The requirements for vesting and exercisability of a Stock Appreciation Right may be based on the continued Service of a Participant with the Company or a Subsidiary for a specified time period (or periods), on the attainment of a specified Performance Goal(s) or on such other terms and conditions as approved by the Committee in its discretion. If the vesting requirements of a Stock Appreciation Right are not satisfied, the Award shall be forfeited. A Stock Appreciation Right will be exercisable or payable at such time or times as determined by the Committee; provided, however, that the maximum term of a Stock Appreciation Right shall be ten (10) years from the Date of Grant. The Committee may provide that a Stock Appreciation Right will cease to be exercisable upon or at the end of a period following a termination of Service for any reason. The base price of a Stock Appreciation Right granted without any related Stock Option shall be determined by the Committee in its discretion; provided, however, that the base price per share of any such stand-alone Stock Appreciation Right shall not be less than one hundred percent (100%) of the Fair Market Value of a share of Common Stock on the Date of Grant.

7.3. Payment of Stock Appreciation Rights. A Stock Appreciation Right will entitle the holder, upon exercise or other payment of the Stock Appreciation Right, as applicable, to receive an amount determined by multiplying: (i) the excess of the Fair Market Value of a share of Common Stock on the date of exercise or payment of the Stock Appreciation Right over the base price of such Stock Appreciation Right, by (ii) the number of shares as to which such Stock Appreciation Right is exercised or paid. Payment of the amount determined under the foregoing may be made, as approved by the Committee and set forth in the Award Agreement, in shares of Common Stock valued at their Fair Market Value on the date of exercise or payment, in cash or in a combination of shares of Common Stock and cash, subject to applicable tax withholding requirements.

7.4. Repricing Prohibited. Subject to the anti-dilution adjustment provisions contained in Section 4.5 hereof, without the prior approval of the Company's stockholders, neither the Committee nor the Board shall cancel

Table of Contents

a Stock Appreciation Right when the base price per share exceeds the Fair Market Value of one share of Common Stock in exchange for cash or another Award (other than in connection with a Change of Control) or cause the cancellation, substitution or amendment of a Stock Appreciation Right that would have the effect of reducing the base price of such a Stock Appreciation Right previously granted under the Plan or otherwise approve any modification to such Stock Appreciation Right that would be treated as a “repricing” under the then applicable rules, regulations or listing requirements adopted by the New York Stock Exchange or other principal exchange on which the Common Stock is then listed.

7.5.Dividend Equivalent Rights. Dividends shall not be paid with respect to Stock Appreciation Rights. Dividend equivalent rights shall be granted with respect to the shares of Common Stock subject to Stock Appreciation Rights to the extent permitted by the Committee and set forth in the Award Agreement.

8.Restricted Stock Awards.

8.1.Grant of Restricted Stock Awards. A Restricted Stock Award may be granted to any Eligible Person selected by the Committee. The Committee may require the payment by the Participant of a specified purchase price in connection with any Restricted Stock Award.

8.2.Vesting Requirements. The restrictions imposed on shares granted under a Restricted Stock Award shall lapse in accordance with the vesting requirements specified by the Committee in the Award Agreement. The requirements for vesting of a Restricted Stock Award may be based on the continued Service of the Participant with the Company or a Subsidiary for a specified time period (or periods), on the attainment of a specified Performance Goal(s) designed to meet the requirements for exemption under Section 162(m) of the Code and/or on such other terms and conditions as approved by the Committee in its discretion. If the vesting requirements of a Restricted Stock Award shall not be satisfied or, if applicable, the Performance Goal(s) with respect to such Restricted Stock Award are not attained, the Award shall be forfeited and the shares of Common Stock subject to the Award shall be returned to the Company.

8.3.Transfer Restrictions. Shares granted under any Restricted Stock Award may not be transferred, assigned or subject to any encumbrance, pledge or charge until all applicable restrictions are removed or have expired, except as provided in Section 15.3 hereof. Failure to satisfy any applicable restrictions shall result in the subject shares of the Restricted Stock Award being forfeited and returned to the Company. The Committee may require in an Award Agreement that certificates (if any) representing the shares granted under a Restricted Stock Award bear a legend making appropriate reference to the restrictions imposed, and that certificates (if any) representing the shares granted or sold under a Restricted Stock Award will remain in the physical custody of an escrow holder until all restrictions are removed or have expired.

8.4.Rights as Stockholder. Subject to the foregoing provisions of this Section 8 and the applicable Award Agreement, the Participant shall have all rights of a stockholder with respect to the shares granted to the Participant under a Restricted Stock Award, including the right to vote the shares and receive all dividends and other distributions paid or made with respect thereto, unless the Committee determines otherwise at the time the Restricted Stock Award is granted. The Committee may provide in an Award Agreement for the payment of dividends and distributions to the Participant at such times as paid to stockholders generally, at the times of vesting or other payment of the Restricted Stock Award or otherwise.

8.5.Section 83(b) Election. If a Participant makes an election pursuant to Section 83(b) of the Code with respect to a Restricted Stock Award, the Participant shall file, within thirty (30) days following the Date of Grant, a copy of such election with the Company and with the Internal Revenue Service, in accordance with the regulations under Section 83 of the Code. The Committee may provide in an Award Agreement that the Restricted Stock Award is conditioned upon the Participant’s making or refraining from making an election with respect to the Award under Section 83(b) of the Code.

9.Restricted Stock Units.

9.1.Grant of Restricted Stock Units. A Restricted Stock Unit may be granted to any Eligible Person selected by the Committee. The value of each Restricted Stock Unit is equal to the Fair Market Value of a share of Common Stock on the applicable date or time period of determination, as specified by the Committee. Restricted Stock Units shall be subject to such restrictions and conditions as the Committee shall determine. In addition, a

Table of Contents

Restricted Stock Unit may be designated as a “Performance Stock Unit”, the vesting requirements of which may be based, in whole or in part, on the attainment of pre-established business and/or individual Performance Goal(s) over a specified performance period designed to meet the requirements for exemption under Section 162(m) of the Code, or otherwise, as approved by the Committee in its discretion. Restricted Stock Units shall be non-transferable, except as provided in Section 15.3 hereof.

9.2.Vesting of Restricted Stock Units. On the Date of Grant, the Committee shall, in its discretion, determine any vesting requirements with respect to Restricted Stock Units, which shall be set forth in the Award Agreement. The requirements for vesting of a Restricted Stock Unit may be based on the continued Service of the Participant with the Company or a Subsidiary for a specified time period (or periods) and/or on such other terms and conditions as approved by the Committee (including Performance Goal(s)) designed to meet the requirements for exemption under Section 162(m) of the Code and/or on such other terms and conditions as approved by the Committee in its discretion. If the vesting requirements of a Restricted Stock Unit Award are not satisfied, the Award shall be forfeited.

9.3.Payment of Restricted Stock Units. Restricted Stock Units shall become payable to a Participant at the time or times determined by the Committee and set forth in the Award Agreement, which may be upon or following the vesting of the Award. Payment of a Restricted Stock Unit may be made, as approved by the Committee and set forth in the Award Agreement, in cash or in shares of Common Stock or in a combination thereof, subject to applicable tax withholding requirements. Any cash payment of a Restricted Stock Unit shall be made based upon the Fair Market Value of a share of Common Stock, determined on such date or over such time period as determined by the Committee.

9.4.Dividend Equivalent Rights. Restricted Stock Units may be granted together with a dividend equivalent right with respect to the shares of Common Stock subject to the Award, which may be accumulated and may be deemed reinvested in additional Restricted Stock Units or may be accumulated in cash, as determined by the Committee in its discretion. Any payments made pursuant to dividend equivalent rights will be paid at such times as determined by the Committee in its discretion (including without limitation at the times paid to stockholders generally or at the times of vesting or payment of the Restricted Stock Unit). Dividend equivalent rights may be subject to forfeiture under the same conditions as apply to the underlying Restricted Stock Units.

9.5.No Rights as Stockholder. The Participant shall not have any rights as a stockholder with respect to the shares subject to a Restricted Stock Unit until such time as shares of Common Stock are delivered to the Participant pursuant to the terms of the Award Agreement.

10.Cash Performance Awards and Performance Criteria.

10.1.Grant of Cash Performance Awards. A Cash Performance Award may be granted to any Eligible Person selected by the Committee. Payment amounts may be based on the attainment of specified levels of attainment with respect to the Performance Goals, including, if applicable, specified threshold, target and maximum performance levels, and performance falling between such levels. The requirements for payment may be also based upon the continued Service of the Participant with the Company or a Subsidiary during the respective performance period and on such other conditions as determined by the Committee and set forth in the Award Agreement. With respect to Cash Performance Awards and other Awards intended to qualify as “performance-based compensation” under Section 162(m) of the Code, before the 90th day of the applicable performance period (or, if the performance period is less than one year, no later than the number of days which is equal to 25% of such performance period), the Committee will determine the duration of the performance period, the Performance Criteria, the applicable Performance Goals relating to the Performance Criteria, and the amount and terms of payment and/or vesting upon achievement of the Performance Goals. Cash Performance Awards shall be non-transferable, except as provided in Section 15.3 hereof.

10.2.Award Agreements. Each Cash Performance Award shall be evidenced by an Award Agreement that shall specify the performance period and such other terms and conditions as the Committee, in its discretion, shall determine. The Committee may accelerate the vesting of a Cash Performance Award upon a Change of Control or termination of Service under certain circumstances, as set forth in the Award Agreement.

10.3. Performance Criteria. For purposes of Cash Performance Awards, Performance Stock Units and other Awards intended to qualify as “performance-based compensation” under Section 162(m) of the Code, the Performance Criteria shall be one or any combination of the following, for the Company or any identified Subsidiary or business unit, as determined by the Committee at the time of the Award: (a) net earnings, net income, or adjusted operating profit or loss (each before or after taxes); (b) earnings per share; (c) book value per share; (d) costs, including, without limitation, customer acquisition costs (“CAC”); (e) net sales or revenue growth; (f) net operating profit; (g) return measures (including, but not limited to, return on assets, investment, capital, equity, sales) and/or revenue measures (including, but not limited to, monthly recurring revenue, telephony services revenue, and/or adjusted average monthly revenue per line and/or per customer); (h) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, cash flow return on investment, and pre-marketing operating income per line and/or per customer); (i) adjusted earnings before or after taxes, interest, depreciation, and/or amortization; (j) gross or operating margins; (k) productivity ratios (including, without limitation, customer lifetime value to CAC, CAC to pre-marketing operating income, CAC to annual contract value, and/or other CAC revenue ratios); (l) profitability of an identifiable business unit or product; (m) share price (including, but not limited to, growth measures and total shareholder return); (n) expense targets (including, but not limited to, subscriber line acquisition cost and average monthly direct costs of telephony services per line and/or per customer); (o) margins; (p) operating efficiency (including, without limitation, improvements in capital structure); (q) market share; (r) customer satisfaction (including, but not limited to, new subscriptions, lost subscriptions, and relations between the two); (s) net subscriber line additions, revenue churn, bookings, average seats per customer, gross seat additions, or net seat additions; (t) working capital targets; (u) cash value added; (v) economic value added; (w) market penetration; (x) product introductions; (y) platform availability; (z) staff training; (aa) corporate social responsibility policy implementation, and (bb) any combination of or a specified increase in any of the foregoing. Each of the Performance Criteria shall be applied and interpreted in accordance with an objective formula or standard established by the Committee at the time the applicable Award is granted including, without limitation, GAAP, consistently applied on a business unit, divisional, subsidiary or consolidated basis or any combination thereof. The Performance Goals may be described in terms of objectives that are related to the individual Participant or objectives that are Company-wide or related to a Subsidiary, division, department, region, function or business unit and may be measured on an absolute or cumulative basis or on the basis of percentage of improvement over time, and may be measured in terms of Company performance (or performance of the applicable Subsidiary, division, department, region, function or business unit) or measured relative to selected peer companies or a market or other index.

10.4. Performance Goals. For purposes of Cash Performance Awards and other Awards intended to qualify as “performance-based compensation” under Section 162(m) of the Code, the “Performance Goals” shall be the levels of achievement relating to the Performance Criteria selected by the Committee for the Award. The Performance Goals shall be written and shall be expressed as an objective formula or standard that precludes discretion to increase the amount of compensation payable that would otherwise be due upon attainment of the goal. The Performance Goals may be applied on an absolute basis or relative to an identified index, peer group, or one or more competitors or other companies (including particular business segments or divisions of such companies), as specified by the Committee. The Performance Goals need not be the same for all Participants.

10.5. Adjustments. At the time that an Award is granted, the Committee may provide for the Performance Goals or the manner in which performance will be measured against the Performance Goals to be adjusted in such objective manner as it deems appropriate, including, without limitation, adjustments to reflect charges for restructurings, non-operating income, the impact of corporate transactions or discontinued operations, extraordinary and other unusual or non-recurring items and the cumulative effects of accounting or tax law changes. In addition, with respect to a Participant hired or promoted following the beginning of a performance period, the Committee may determine to prorate the Performance Goals and/or the amount of any payment in respect of such Participant’s Cash Performance Awards for the partial performance period.

Table of Contents

10.6. Maximum Amount of Cash Performance Awards. The maximum amount that may become payable to any one Participant during any one calendar year under all Cash Performance Awards intended to qualify as “performance-based compensation” under Section 162(m) of the Code is limited to \$5,000,000.

10.7. Negative Discretion. Notwithstanding anything else contained in the Plan to the contrary, the Committee shall, to the extent provided in an Award Agreement, have the right, in its discretion, (i) to reduce or eliminate the amount otherwise payable to any Participant under an Award granted under this Section 10 and (ii) to establish rules or procedures that have the effect of limiting the amount payable to any Participant to an amount that is less than the amount that otherwise would be payable under an Award granted under this Section 10. The Committee may exercise such discretion in a non-uniform manner among Participants. The Committee shall not have discretion to increase the amount that otherwise would be payable to any Participant under a Cash Performance Award or other Award intended to qualify as “performance-based compensation” under Section 162(m) of the Code.

10.8. Certification. Following the conclusion of the performance period of a Cash Performance Award or other Award intended to qualify as “performance-based compensation” under Section 162(m) of the Code, the Committee shall certify in writing whether the Performance Goals for that performance period have been achieved, or certify the degree of achievement, if applicable.

10.9. Payment. Upon certification of the Performance Goals for a Cash Performance Award, or other Award intended to qualify as “performance-based compensation” under Section 162(m) of the Code, the Committee shall determine the level of vesting or amount of payment to the Participant pursuant to the Award, if any. Notwithstanding the foregoing, Cash Performance Awards may be paid, at the discretion of the Committee, in any combination of cash or shares of Common Stock, based upon the Fair Market Value of such shares at the time of payment.

11. Stock Awards.

11.1. Grant of Stock Awards. A Stock Award may be granted to any Eligible Person selected by the Committee. A Stock Award may be granted for past Services, in lieu of bonus or other cash compensation, as directors’ compensation or for any other valid purpose as determined by the Committee. The Committee shall determine the terms and conditions of such Awards, and such Awards may be made without vesting requirements to the extent permissible under Section 5.2 hereof. In addition, the Committee may, in connection with any Stock Award, require the payment of a specified purchase price.

11.2. Rights as Stockholder. Subject to the foregoing provisions of this Section 11 and the applicable Award Agreement, upon the issuance of shares of Common Stock under a Stock Award the Participant shall have all rights of a stockholder with respect to the shares of Common Stock, including the right to vote the shares and receive all dividends and other distributions paid or made with respect thereto.

12. Change of Control.

12.1. Effect on Awards. Upon the occurrence of a Change of Control, unless otherwise provided in the Award Agreement, the Committee is authorized (but not obligated) to make adjustments in the terms and conditions of outstanding Awards, including without limitation the following (or any combination thereof): (a) continuation or assumption of such outstanding Awards under the Plan by the Company (if it is the surviving company or corporation) or by the surviving company or corporation or its parent; (b) substitution by the surviving company or corporation or its parent of awards with substantially the same terms for outstanding Awards (with appropriate adjustments to the type of consideration payable upon settlement of the Awards); (c) acceleration of exercisability, vesting and/or payment under outstanding Awards immediately prior to the occurrence of such event or upon a termination of employment following such event; and (d) if all or substantially all of the Company’s outstanding shares of Common Stock are transferred in exchange for cash consideration in connection with such Change of Control: (i) upon written notice, provide that any outstanding Stock Options and Stock Appreciation Rights are exercisable during a reasonable period of time immediately prior to the scheduled consummation of the event or such other reasonable period as determined by the Committee (contingent upon the consummation of the event), and at the end of such period, such Stock Options and Stock Appreciation Rights shall terminate to the extent not so exercised within the relevant period; and (ii) cancel all or any portion of outstanding Awards for fair value (in the form of cash, shares of Common Stock, other property or any combination thereof) as determined in the sole

discretion of the Committee; provided, however, that, in the case of Stock Options and Stock Appreciation Rights, the fair value may equal the excess, if any, of the value of the consideration to be paid in the Change of Control transaction to holders of shares of Common Stock (or, if no such consideration is paid, Fair Market Value of the shares of Common Stock) over the aggregate exercise or base price, as applicable, with respect to such Awards or portion thereof being canceled, or if no such excess, zero.

12.2. Definition of Change of Control. Unless otherwise defined in an Award Agreement, “Change of Control” shall mean the occurrence of one or more of the following events:

a. Any Person becomes the Beneficial Owner, directly or indirectly, of more than thirty percent (30%) of the combined voting power, excluding any Person who holds thirty percent (30%) or more of the voting power on the Effective Date of the Plan (the “Initial Owners”), of the then outstanding voting securities of the Company entitled to vote generally in the election of its directors (the “Outstanding Company Voting Securities”) including by way of merger, consolidation or otherwise provided, however, that for purposes of this definition, the following acquisitions shall not constitute a Change of Control: (i) any acquisition of voting securities of the Company directly from the Company, (ii) any acquisition by the Company or any of its Subsidiaries of Outstanding Company Voting Securities, including an acquisition by any employee benefit plan or related trust sponsored or maintained by the Company, or any of its Subsidiaries, (iii) any acquisition after which the Initial Owners and their affiliates remain the Beneficial Owners of more Outstanding Voting Securities than any other Person, or (iv) any acquisition by any Person that, together with its affiliates, is the Beneficial Owner of fifteen percent (15%) or more of the combined voting power of the Company’s outstanding securities as of the Effective Date, unless such acquisition results in such Person, together with its affiliates, becoming the Beneficial Owner, directly or indirectly, of more than fifty percent (50%) of the combined voting power of the Outstanding Company Voting Securities, or the shares of Common Stock of the Company no longer being publicly traded on an established securities exchange.

b. The following individuals (the “Incumbent Directors”) cease for any reason to constitute a majority of the number of directors then serving on the Board: individuals who, on the Effective Date, constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including, but not limited to, a consent or proxy solicitation, relating to the election of directors of the Company by or on behalf of a Person other than the Board) whose appointment or election by the Board or nomination for election by the Company’s stockholders was approved or recommended by a vote of at least a majority of the directors then still in office who either were directors on the Effective Date or whose appointment, election or nomination for election was previously so approved or recommended.

c. Consummation of a reorganization, merger, or consolidation to which the Company is a party or a sale or other disposition of all or substantially all of the assets of the Company (a “Business Combination”), unless, following such Business Combination: (i) any individuals and entities that were the Beneficial Owners of Outstanding Company Voting Securities immediately prior to such Business Combination are the Beneficial Owners, directly or indirectly, of more than fifty percent (50%) of the combined voting power of the outstanding voting securities entitled to vote generally in the election of directors (or election of members of a comparable governing body) of the entity resulting from the Business Combination (including, without limitation, an entity which as a result of such transaction owns all or substantially all of the Company or all or substantially all of the Company’s assets either directly or through one or more Subsidiaries) (the “Successor Entity”) in substantially the same proportions as their ownership immediately prior to such Business Combination; (ii) no Person (excluding any Successor Entity or any employee benefit plan or related trust of the Company, such Successor Entity, or any of their Subsidiaries) is the Beneficial Owner, directly or indirectly, of more than thirty percent (30%) of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors (or comparable governing body) of the Successor Entity, except to the extent that such ownership existed prior to the Business Combination; and (iii) at least a majority of the members of the board of directors (or comparable governing body) of the Successor Entity were Incumbent Directors (including persons deemed to be Incumbent Directors) at the time of the execution of the initial agreement or of the action of the Board providing for such Business Combination.

Table of Contents

Notwithstanding the foregoing, to the extent necessary to comply with Section 409A of the Code with respect to the payment of “nonqualified deferred compensation,” “Change of Control” shall be limited to a “change in control event” as defined under Section 409A of the Code.

13. Forfeiture Events.

13.1. General. The Committee may specify in an Award Agreement at the time of the Award that the Participant’s rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events shall include, but shall not be limited to, termination of Service for Cause, violation of material Company policies, breach of noncompetition, non-solicitation, confidentiality or other restrictive covenants that may apply to the Participant or other conduct by the Participant that is detrimental to the business or reputation of the Company.

13.2. Termination for Cause.

a. Treatment of Awards. Unless otherwise provided by the Committee and set forth in an Award Agreement, if (i) a Participant’s Service with the Company or any Subsidiary shall be terminated for Cause or (ii) after termination of Service for any other reason, the Committee determines in its discretion either that, (1) during the Participant’s period of Service, the Participant engaged in an act which would have warranted termination of Service for Cause or (2) after termination, the Participant engaged in conduct that violated any continuing obligation or duty of the Participant in respect of the Company or any Subsidiary, such Participant’s rights, payments and benefits with respect to an Award shall be subject to cancellation, forfeiture and/or recoupment, as provided in Section 13.3 below. The Company shall have the power to determine whether the Participant has been terminated for Cause, the date upon which such termination for Cause occurs, whether the Participant engaged in an act which would have warranted termination of Service for Cause or engaged in conduct that violated any continuing obligation or duty of the Participant in respect of the Company or any Subsidiary. Any such determination shall be final, conclusive and binding upon all Persons. In addition, if the Company shall reasonably determine that a Participant has committed or may have committed any act which could constitute the basis for a termination of such Participant’s Service for Cause or violates any continuing obligation or duty of the Participant in respect of the Company or any Subsidiary, the Company may suspend the Participant’s rights to exercise any Stock Option or Stock Appreciation Right, receive any payment or vest in any right with respect to any Award pending a determination by the Company of whether an act or omission could constitute the basis for a termination for Cause as provided in this Section 13.2.

b. Definition of Cause. Unless otherwise defined in an Award Agreement, “Cause” shall mean: (i) the Participant has committed a deliberate and premeditated act against the interests of the Company including, without limitation: an act of fraud, embezzlement, misappropriation or breach of fiduciary duty against the Company, including, but not limited to, the offer, payment, solicitation or acceptance of any unlawful bribe or kickback with respect to the Company’s business; or (ii) the Participant has been convicted by a court of competent jurisdiction of, or pleaded guilty or nolo contendere to, any felony or any crime involving moral turpitude; or (iii) the Participant has failed to perform or neglected the material duties incident to his employment or other engagement with the Company on a regular basis, and such refusal or failure shall have continued for a period of twenty (20) days after written notice to the Participant specifying such refusal or failure in reasonable detail; or (iv) the Participant has been chronically absent from work (excluding vacations, illnesses, Disability or leaves of absence approved by the Board); or (v) the Participant has refused, after explicit written notice, to obey any lawful resolution of or direction by the Board which is consistent with the duties incident to his employment or other engagement with the Company and such refusal continues for more than twenty (20) days after written notice is given to the Participant specifying such refusal in reasonable detail; or (vi) the Participant has breached any of the material terms contained in any employment agreement, non-competition agreement, confidentiality agreement, restrictive covenants agreement or similar type of agreement to which such Participant is a party; or (vii) the Participant has engaged in (x) the unlawful use (including being under the influence) or possession of illegal drugs on the Company’s premises or (y) habitual drunkenness on the Company’s premises.

Table of Contents

Any voluntary termination of employment or other engagement by the Participant in anticipation of an involuntary termination of the Participant's Service for Cause shall be deemed to be a termination for "Cause." Notwithstanding the foregoing, in the event that a Participant is party to an employment, severance or similar agreement with the Company or any of its affiliates and such agreement contains a definition of "Cause," the definition of "Cause" set forth above shall be deemed replaced and superseded, with respect to such Participant, by the definition of "Cause" used in such employment, severance or similar agreement.

13.3.Right of Recapture.

a.General. If at any time within one (1) year (or such longer time specified in an Award Agreement or other agreement with a Participant or policy applicable to the Participant) after the date on which a Participant exercises a Stock Option or Stock Appreciation Right or on which a Stock Award, Restricted Stock Award or Restricted Stock Unit vests or becomes payable or on which a Cash Performance Award is paid to a Participant, or on which income otherwise is realized by a Participant in connection with an Award, (i) a Participant's Service is terminated for Cause and a Forfeiture Event has occurred with respect to such Participant, (ii) the Committee determines in its discretion that the Participant is subject to any recoupment of benefits pursuant to the Company's compensation recovery, "clawback" or similar policy, as may be in effect from time to time, or (iii) after a Participant's Service otherwise terminates for any other reason, the Committee determines in its discretion either that, (1) during the Participant's period of Service, the Participant engaged in an act or omission which would have warranted termination of Service for Cause and a Forfeiture Event has occurred with respect to such Participant or (2) after termination, the Participant engaged in conduct that materially violated any continuing obligation or duty of the Participant in respect of the Company or any Subsidiary, then any gain realized by the Participant from the exercise, vesting, payment or other realization of income by the Participant in connection with an Award, shall be paid by the Participant to the Company upon notice from the Company, subject to applicable state law. Such gain shall be determined as of the date or dates on which the gain is realized by the Participant, without regard to any subsequent change in the Fair Market Value of a share of Common Stock. To the extent not otherwise prohibited by law, the Company shall have the right to offset such gain against any amounts otherwise owed to the Participant by the Company (whether as wages, vacation pay or pursuant to any benefit plan or other compensatory arrangement).

b.Accounting Restatement. If a Participant receives compensation pursuant to an Award under the Plan (whether a Stock Option, Cash Performance Award or otherwise) based on financial statements that are subsequently required to be restated in a way that would decrease the value of such compensation, the Participant will, to the extent not otherwise prohibited by law, upon the written request of the Company, forfeit and repay to the Company the difference between what the Participant received and what the Participant should have received based on the accounting restatement, in accordance with (i) the Company's compensation recovery, "clawback" or similar policy, as may be in effect from time to time and (ii) any compensation recovery, "clawback" or similar policy made applicable by law including the provisions of Section 945 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the rules, regulations and requirements adopted thereunder by the Securities and Exchange Commission and/or any national securities exchange on which the Company's equity securities may be listed (the "Policy"). By accepting an Award hereunder, the Participant acknowledges and agrees that the Policy shall apply to such Award, and all incentive-based compensation payable pursuant to such Award shall be subject to forfeiture and repayment pursuant to the terms of the Policy.

14.Transfer, Leave of Absence, Etc. For purposes of the Plan, except as otherwise determined by the Committee, the following events shall not be deemed a termination of employment: (a) a transfer to the employment of the Company from a Subsidiary or from the Company to a Subsidiary, or from one Subsidiary to another; or (b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee's right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Committee otherwise so provides in writing.

15.General Provisions.

15.1.Status of Plan. The Committee may authorize the creation of trusts or other arrangements to meet the Company's obligations to deliver shares of Common Stock or make payments with respect to Awards.

Table of Contents

15.2.Award Agreement. An Award under the Plan shall be evidenced by an Award Agreement in a written or electronic form approved by the Committee setting forth the number of shares of Common Stock or Restricted Stock Units subject to the Award, the exercise price, base price or purchase price of the Award, the time or times at which an Award will become vested, exercisable or payable and the term of the Award. The Award Agreement also may set forth the effect on an Award of a Change of Control and/or a termination of Service under certain circumstances. The Award Agreement shall be subject to and incorporate, by reference or otherwise, all of the applicable terms and conditions of the Plan, and also may set forth other terms and conditions applicable to the Award as determined by the Committee consistent with the limitations of the Plan. The grant of an Award under the Plan shall not confer any rights upon the Participant holding such Award other than such terms, and subject to such conditions, as are specified in the Plan as being applicable to such type of Award (or to all Awards) or as are expressly set forth in the Award Agreement. The Committee need not require the execution of an Award Agreement by a Participant, in which case, acceptance of the Award by the Participant shall constitute agreement by the Participant to the terms, conditions, restrictions and limitations set forth in the Plan and the Award Agreement as well as the administrative guidelines of the Company in effect from time to time. In the event of any conflict between the provisions of the Plan and any Award Agreement, the provisions of the Plan shall prevail.

15.3.No Assignment or Transfer; Beneficiaries. Except as provided in Section 6.6 hereof or as otherwise determined by the Committee, Awards under the Plan shall not be assignable or transferable by the Participant, and shall not be subject in any manner to assignment, alienation, pledge, encumbrance or charge. Notwithstanding the foregoing, in the event of the death of a Participant, except as otherwise provided by the Committee in an Award Agreement, an outstanding Award may be exercised by or shall become payable to the Participant's beneficiary as determined under the Vonage 401(k) Retirement Plan (the "Retirement Plan"). In lieu of such determination, a Participant may, from time to time, name any beneficiary or beneficiaries to receive any benefit in case of the Participant's death before the Participant receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant and will be effective only when filed by the Participant in writing (in such form or manner as may be prescribed by the Committee) with the Company during the Participant's lifetime. In the absence of a valid designation under the Retirement Plan or as provided above, if no validly designated beneficiary survives the Participant or if each surviving validly designated beneficiary is legally impaired or prohibited from receiving the benefits under an Award, the Participant's beneficiary shall be the legatee or legatees of such Award designated under the Participant's last will or by such Participant's executors, personal representatives or distributees of such Award in accordance with the Participant's will or the laws of descent and distribution. The Committee may provide in the terms of an Award Agreement or in any other manner prescribed by the Committee that the Participant shall have the right to designate a beneficiary or beneficiaries who shall be entitled to any rights, payments or other benefits specified under an Award following the Participant's death.

15.4.Deferrals of Payment. The Committee may in its discretion permit a Participant to defer the receipt of payment of cash or delivery of shares of Common Stock that would otherwise be due to the Participant by virtue of the exercise of a right or the satisfaction of vesting or other conditions with respect to an Award; provided, however, that such discretion shall not apply in the case of a Stock Option or Stock Appreciation Right. If any such deferral is to be permitted by the Committee, the Committee shall establish rules and procedures relating to such deferral in a manner intended to comply with the requirements of Section 409A of the Code, including, without limitation, the time when an election to defer may be made, the time period of the deferral and the events that would result in payment of the deferred amount, the interest or other earnings attributable to the deferral and the method of funding, if any, attributable to the deferred amount.

15.5.No Right to Employment or Continued Service. Nothing in the Plan, in the grant of any Award or in any Award Agreement shall confer upon any Eligible Person or any Participant any right to continue in the Service of the Company or any of its Subsidiaries or interfere in any way with the right of the Company or any of its Subsidiaries to terminate the employment or other service relationship of an Eligible Person or a Participant for any reason or no reason at any time.

15.6.Rights as Stockholder. A Participant shall have no rights as a holder of shares of Common Stock with respect to any unissued securities covered by an Award until the date the Participant becomes the holder of

Table of Contents

record of such securities. Except as provided in Section 4.5 hereof, no adjustment or other provision shall be made for dividends or other stockholder rights, except to the extent that the Award Agreement provides for dividend payments or dividend equivalent rights. The Committee may determine in its discretion the manner of delivery of Common Stock to be issued under the Plan, which may be by delivery of stock certificates, electronic account entry into new or existing accounts or any other means as the Committee, in its discretion, deems appropriate. The Committee may require that the stock certificates (if any) be held in escrow by the Company for any shares of Common Stock or cause the shares to be legended in order to comply with the securities laws or other applicable restrictions or should the shares of Common Stock be represented by book or electronic account entry rather than a certificate, the Committee may take such steps to restrict transfer of the shares of Common Stock as the Committee considers necessary or advisable.

15.7.Trading Policy Restrictions. Stock Option exercises and other transactions involving Awards under the Plan shall be subject to the Company’s securities trading compliance policy and other restrictions, terms and conditions, to the extent established by the Committee, including any other applicable policies set by the Committee, from time to time.

15.8.Section 409A Compliance. To the extent applicable, it is intended that the Plan and all Awards hereunder comply with, or be exempt from, the requirements of Section 409A of the Code and the Treasury Regulations and other guidance issued thereunder, and that the Plan and all Award Agreements shall be interpreted and applied by the Committee in a manner consistent with this intent in order to avoid the imposition of any additional tax under Section 409A of the Code. In the event that any (i) provision of the Plan or an Award Agreement, (ii) Award, payment, transaction or (iii) other action or arrangement contemplated by the provisions of the Plan is determined by the Committee to not comply with the applicable requirements of Section 409A of the Code and the Treasury Regulations and other guidance issued thereunder, the Committee shall have the authority to take such actions and to make such changes to the Plan or an Award Agreement as the Committee deems necessary to comply with such requirements; provided, however, that no such action shall adversely affect any outstanding Award without the consent of the affected Participant. No payment that constitutes deferred compensation under Section 409A of the Code that would otherwise be made under the Plan or an Award Agreement upon a termination of Service will be made or provided unless and until such termination is also a “separation from service,” as determined in accordance with Section 409A of the Code. Notwithstanding the foregoing or anything elsewhere in the Plan or an Award Agreement to the contrary, if a Participant is a “specified employee” as defined in Section 409A of the Code at the time of termination of Service with respect to an Award, then solely to the extent necessary to avoid the imposition of any additional tax under Section 409A of the Code, the commencement of any payments or benefits under the Award shall be deferred until the date that is six (6) months plus one (1) day following the date of the Participant’s termination of Service or, if earlier, the Participant’s death (or such other period as required to comply with Section 409A). In no event whatsoever shall the Company be liable for any additional tax, interest or penalties that may be imposed on a Participant by Section 409A of the Code or any damages for failing to comply with Section 409A of the Code.

15.9.Securities Law Compliance. No shares of Common Stock will be issued or transferred pursuant to an Award unless and until all then applicable requirements imposed by Federal and state securities and other laws, rules and regulations and by any regulatory agencies having jurisdiction, and by any exchanges upon which the shares of Common Stock may be listed, have been fully met. As a condition precedent to the issuance of shares of Common Stock pursuant to the grant or exercise of an Award, the Company may require the Participant to take any reasonable action that the Company determines is necessary or advisable to meet such requirements. The Committee may impose such conditions on any shares of Common Stock issuable under the Plan as it may deem advisable, including, without limitation, restrictions under the Securities Act under the requirements of any exchange upon which such shares of the same class are then listed, and under any blue sky or other securities laws applicable to such shares. The Committee may also require the Participant to represent and warrant at the time of issuance or transfer that the shares of Common Stock are being acquired solely for investment purposes and without any current intention to sell or distribute such shares.

Table of Contents

15.10.Substitute Awards in Corporate Transactions. Nothing contained in the Plan shall be construed to limit the right of the Committee to grant Awards under the Plan in connection with the acquisition, whether by purchase, merger, consolidation or other corporate transaction, of the business or assets of any corporation or other entity. Without limiting the foregoing, the Committee may grant Awards under the Plan to an employee or director of another corporation who becomes an Eligible Person by reason of any such corporate transaction in substitution for awards previously granted by such corporation or entity to such person. The terms and conditions of the substitute Awards may vary from the terms and conditions that would otherwise be required by the Plan solely to the extent the Committee deems necessary for such purpose. Any such substitute awards shall not reduce the Share Reserve; provided, however, that such treatment is permitted by applicable law and the listing requirements of the New York Stock Exchange or other exchange or securities market on which the Common Stock is listed.

15.11.Tax Withholding. The Participant shall be responsible for payment of any taxes or similar charges required by law to be paid or withheld from an Award or an amount paid in satisfaction of an Award. Any required withholdings shall be paid by the Participant on or prior to the payment or other event that results in taxable income in respect of an Award. The Award Agreement may specify the manner in which the withholding obligation shall be satisfied with respect to the particular type of Award, which may include permitting the Participant to elect to satisfy the withholding obligation by tendering shares of Common Stock to the Company or having the Company withhold a number of shares of Common Stock having a value equal to the minimum statutory tax or similar charge required to be paid or withheld.

15.12.Unfunded Plan. The adoption of the Plan and any reservation of shares of Common Stock or cash amounts by the Company to discharge its obligations hereunder shall not be deemed to create a trust or other funded arrangement. Except upon the issuance of shares of Common Stock pursuant to an Award, any rights of a Participant under the Plan shall be those of a general unsecured creditor of the Company, and neither a Participant nor the Participant's permitted transferees or estate shall have any other interest in any assets of the Company by virtue of the Plan. Notwithstanding the foregoing, the Company shall have the right to implement or set aside funds in a grantor trust, subject to the claims of the Company's creditors or otherwise, to discharge its obligations under the Plan.

15.13.Other Compensation and Benefit Plans. The adoption of the Plan shall not affect any other share incentive or other compensation plans in effect for the Company or any Subsidiary, nor shall the Plan preclude the Company from establishing any other forms of share incentive or other compensation or benefit program for employees of the Company or any Subsidiary. The amount of any compensation deemed to be received by a Participant pursuant to an Award shall not constitute includable compensation for purposes of determining the amount of benefits to which a Participant is entitled under any other compensation or benefit plan or program of the Company or a Subsidiary, including, without limitation, under any pension or severance benefits plan, except to the extent specifically provided by the terms of any such plan.

15.14.Plan Binding on Transferees. The Plan shall be binding upon the Company, its transferees and assigns, and the Participant, the Participant's executor, administrator and permitted transferees and beneficiaries.

15.15.Severability. If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

15.17.No Fractional Shares. No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash, other securities or other property shall be paid or transferred in lieu of any fractional shares of Common Stock or whether such fractional shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

15.18.No Guarantees Regarding Tax Treatment. Neither the Company nor the Committee make any guarantees to any person regarding the tax treatment of Awards or payments made under the Plan. Neither the

15.19.Data Protection. By participating in the Plan, each Participant consents to the collection, processing, transmission and storage by the Company, its Subsidiaries and any third party administrators of any data of a professional or personal nature for the purposes of administering the Plan.

15.20.Awards to Non-U.S. Participants. To comply with the laws in countries other than the United States in which the Company or any of its Subsidiaries or affiliates operates or has employees, Non-Employee Directors or consultants, the Committee, in its sole discretion, shall have the power and authority to (i) modify the terms and conditions of any Award granted to Participants outside the United States to comply with applicable foreign laws, (ii) take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals and (iii) establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. Any subplans and modifications to Plan terms and procedures established under this Section 15.20 by the Committee shall be attached to this Plan document as appendices.

16.2.Amendment and Termination. The Board may from time to time and in any respect, amend, modify, suspend or terminate the Plan; provided, however, that no amendment, modification, suspension or termination of the Plan shall materially and adversely affect any Award theretofore granted without the consent of the Participant or the permitted transferee of the Award. The Board may seek the approval of any amendment, modification, suspension or termination by the Company’s stockholders to the extent it deems necessary in its discretion for purposes of compliance with Section 162(m) or Section 422 of the Code or for any other purpose, and shall seek such approval to the extent it deems necessary in its discretion to comply with applicable law or listing requirements of the New York Stock Exchange or other exchange or securities market. Notwithstanding the foregoing, the Board shall have broad authority to amend the Plan or any Award under the Plan without the consent of a Participant to the extent it deems necessary or desirable in its discretion to comply with, take into account changes in, or interpretations of, applicable tax laws, securities laws, employment laws, accounting rules and other applicable laws, rules and regulations.

16.3.Re-Approval of Performance Criteria. At the discretion of the Board, for purposes of compliance with Section 162(m) of the Code, the Company may seek approval by the Company’s stockholders of the Performance Criteria (or other designated performance goals) and such other provisions as determined by the Board no later than the annual general meeting of stockholders in the fifth year following the year in which the Effective Date occurs.

The determination of the arbitrator shall be conclusive and binding on the Company and the Participant, and judgment may be entered on the arbitrator’s award in any court having jurisdiction. The expenses of such arbitration shall be borne by the Company; provided, however, that each party shall bear its own legal expenses unless the Participant is the prevailing party, in which case the Company shall promptly pay or reimburse the Participant for the reasonable legal fees and expenses incurred by the Participant in connection with such contest or dispute (excluding any fees payable pursuant to a contingency fee arrangement).

WITNESSETH:

WHEREAS, the Company has generated certain Tax Benefits (as defined in Section 1 hereof); and
WHEREAS, the Board of Directors of the Company (a) has determined that the Tax Benefits constitute valuable assets which are likely to inure to the benefit of the Company and its stockholders, (b) believes it is in the best interests of the Company and its stockholders to avoid an "ownership change" within the meaning of Section 382 of the Internal Revenue Code of 1986, as amended from time to time (the "Code") and the Treasury Regulations (as defined in Section 1 hereof) promulgated thereunder, and thereby preserve the ability to fully utilize such Tax Benefits, and (c) desires, in furtherance of such objective, that the Company enter into this Agreement; and
WHEREAS, on June 7, 2012 (the "Rights Dividend Declaration Date"), the Board of Directors of the Company authorized and declared a dividend of one preferred share purchase right (a "Right") for each share of common stock, par value \$0.001 per share, of the Company (the "Common Stock") outstanding at the close of business on June 18, 2012 (the "Record Date"), and has authorized the issuance of one Right (as such number may hereinafter be adjusted pursuant to the provisions of Section 11(p) hereof) for each share of Common Stock issued between the Record Date (whether originally issued or delivered from the Company's treasury) and the earlier of the close of business on the Distribution Date (as defined in Section 3 hereof) and the Expiration Date (as defined in Section 7(a) hereof) (provided that Rights may be issued with respect to shares of Common Stock that become outstanding after the Distribution Date and prior to the Expiration Date in accordance with Section 22 hereof), each Right initially representing the right to purchase one one-thousandth of a share (a "Unit") of Series A Participating Preferred Stock (the "Preferred Stock") of the Company having the rights, powers and preferences set forth in the form of Certificate of Designations, Powers, Preferences and Rights attached hereto as Exhibit A, upon the terms and subject to the conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises and the mutual agreements herein set forth, the parties hereby agree as follows:

Section 1. Certain Definitions. For purposes of this Agreement, the following terms have the meanings indicated:
(a) "Acquiring Person" shall mean any Person (as such term is hereinafter defined) who or which, together with all Affiliates and Associates (as such terms are hereinafter defined) of such Person, shall be the Beneficial Owner (as such term is hereinafter defined) of four and nine-tenths percent (4.9%) or more of the shares of Common Stock then outstanding, but shall not include an Exempt Person (as such term is hereinafter defined); provided, however, that:
(i) if the Board of Directors determines in good faith that a Person became the Beneficial Owner of a number of shares of Common Stock (including, without limitation, by way of inheritance or bequest) such that the Person would otherwise qualify as an "Acquiring Person" inadvertently (including, without limitation, because (A) such Person was unaware that it Beneficially Owned a percentage of Common Stock that would otherwise cause such Person to be an "Acquiring Person" or (B) such Person was aware of the extent of its Beneficial Ownership of Common Stock but had no actual knowledge of the consequences of such Beneficial Ownership under this Agreement), then such Person shall not be deemed to be or to have become an "Acquiring Person" for any purposes of this Agreement unless and until such Person shall have failed to divest itself, as soon as practicable (as

Table of Contents

determined, in good faith, by the Board of Directors), of Beneficial Ownership of a sufficient number of shares of Common Stock so that such Person would no longer otherwise qualify as an “Acquiring Person” (provided that such divestiture may be subject to terms and conditions satisfactory to the Board of Directors, including, without limitation, the disgorgement of any profit attributable to the Beneficial Ownership of the Common Stock being divested);

(ii) an Existing Holder (as such term is hereinafter defined) shall not be deemed to be or to become an “Acquiring Person” unless and until such time as such Existing Holder shall become the Beneficial Owner of any additional shares of Common Stock (other than (A) pursuant to any grant or award of any securities to such holder approved by, or at the direction of, the Board of Directors or Compensation Committee of the Board of Directors, including through the exercise of options, rights, warrants or similar interests, the conversion of any convertible securities or the vesting of any restrictions in respect of any securities, (B) pursuant to a dividend or distribution paid or made by the Company on the outstanding Common Stock or pursuant to a split or subdivision of the outstanding Common Stock, or (C) as the result of contractual obligations that are or purport to be legally binding and entered into by such holder prior to, and not materially amended or modified after, the date of this Agreement); provided, however, that if, following the later of the date hereof or the date of the first public announcement of the adoption of this Agreement, any Existing Holder Beneficially Owns less than four and nine/tenths percent (4.9%) of the Common Stock then outstanding, such Existing Holder shall thereafter become an Acquiring Person if such Existing Holder acquires Beneficial Ownership of additional shares of Common Stock such that after such acquisition it would be the Beneficial Owner of four and nine/tenths percent (4.9%) or more of the Common Stock then outstanding (other than by the beneficial ownership of shares resulting from actions referenced in sub-clauses (A), (B) or (C) of this clause (ii)); and

(iii) no Person shall become an “Acquiring Person” as the result of an acquisition of shares of Common Stock by the Company which, by reducing the number of shares outstanding, increases the proportionate number of shares of Common Stock beneficially owned by such Person so that such Person would otherwise become an “Acquiring Person;” provided, however, that if any such Person shall thereafter become the Beneficial Owner of any additional shares of Common Stock (other than beneficial ownership of shares resulting from actions referenced in sub-clauses (A), (B) or (C) of the preceding clause (ii)), then such Person shall be deemed to be an “Acquiring Person” unless upon becoming the Beneficial Owner of such additional shares of Common Stock such Person does not beneficially own four and nine/tenths percent (4.9%) or more of the shares of Common Stock then outstanding.

(b) “Adjustment Shares” shall have the meaning set forth in Section 11(a)(ii) hereof.

(c) “Affiliate” and “Associate” shall have the respective meanings ascribed to such terms in Rule 12b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended and in effect on the date of this Agreement (the “Exchange Act”).

(d) A Person shall be deemed the “Beneficial Owner” of, and shall be deemed to “beneficially own,” any securities (and correlative terms shall have the correlative meanings):

(i) which such Person or any of such Person's Affiliates or Associates, directly or indirectly, has the right to acquire (whether such right is exercisable immediately or only after the passage of time or the occurrence of an event) pursuant to any agreement, arrangement or understanding (whether or not in writing) or upon the exercise of conversion rights, exchange rights, other rights, warrants or options, or otherwise; provided, however, that a Person shall not be deemed the “Beneficial Owner” of, or to “beneficially own,” (A) securities tendered pursuant to a tender or exchange offer made by or on behalf of such Person or any of such Person's Affiliates or Associates until such tendered securities are accepted for purchase or exchange, (B) securities issuable upon exercise of Rights at any time prior to the occurrence of a Triggering Event, (C) securities issuable upon exercise of Rights from and after the occurrence of a Triggering Event, which Rights were acquired by such Person or any of such Person's Affiliates or Associates prior to the Distribution Date or pursuant to Section 3(a) or Section 22 hereof (the “Original

Rights”) or pursuant to Section 11(i) hereof in connection with an adjustment made with respect to any Original Rights, or (D) securities issued or issuable pursuant to any employee benefit plan of the Company or any Subsidiary of the Company or any employment agreement, arrangement or other understanding between the Company or any Subsidiary of the Company and any Person or any of such Person's Affiliates or Associates; or

(ii) which such Person or any of such Person's Affiliates or Associates, directly or indirectly, has the right to vote or dispose of or has “beneficial ownership” of (as determined pursuant to Rule 13d-3 of the General Rules and Regulations under the Exchange Act), including pursuant to any agreement, arrangement or understanding, whether or not in writing; provided, however, that a Person shall not be deemed the “Beneficial Owner” of, or to “beneficially own,” any security under this subparagraph (ii) as a result of (A) an agreement, arrangement or understanding to vote such security if such agreement, arrangement or understanding: (1) arises solely from a revocable proxy or consent given in response to a public proxy or consent solicitation made pursuant to, and in accordance with, the applicable provisions of the General Rules and Regulations under the Exchange Act, and (2) is not also then reportable by such Person on Schedule 13D or Schedule 13G under the Exchange Act (or any comparable or successor report), or (B) securities issued or issuable pursuant to any employee benefit plan of the Company or any Subsidiary of the Company or any employment agreement, arrangement or other understanding between the Company or any Subsidiary of the Company and any Person or any of such Person's Affiliates or Associates; or

(iii) which are beneficially owned, directly or indirectly, by any other Person (or any Affiliate or Associate thereof) with which such Person (or any of such Person's Affiliates or Associates) has any agreement, arrangement or understanding (whether or not in writing), for the purpose of acquiring, holding, voting (except pursuant to a revocable proxy or consent as described in the proviso to subparagraph (ii) of this paragraph (c)) or disposing of any voting securities of the Company; provided, however, that nothing in this paragraph (c) shall cause (A) a Person engaged in business as an underwriter of securities to be the “Beneficial Owner” of, or to “beneficially own,” any securities acquired through such Person's participation in good faith in a firm commitment underwriting until the expiration of forty (40) days after the date of such acquisition, and then only if such securities continue to be owned by such Person at such expiration of forty (40) days or (B) officers and directors of the Company, solely by reason of their status as such, shall not constitute a group notwithstanding that they may be Associates of one another or may be deemed to constitute a group for purposes of Section 13(d) the Exchange Act or to be deemed to own securities owned by another officer or director of the Company.

Notwithstanding anything herein to the contrary, a Person shall be deemed the “Beneficial Owner” of and shall be deemed to “beneficially own” (and correlative terms shall have correlative meanings) securities which (A) such Person is considered to own under general federal income tax principles; (B) such Person would be deemed to constructively own (including pursuant to the “option” rules in Treasury Regulation Section 1.382-4) under Section 382 of the Code and the Treasury Regulations thereunder (without regard to any provision that disregards ownership that is reattributed); (C) such Person would be deemed to own together with any other Persons, as a single “entity” as defined in Section 1.382-3(a)(1) of the Treasury Regulations, or (D) otherwise would be aggregated with securities owned by such Person (other than solely by reason of such securities being part of the same “public group” as defined in Treasury Regulation Section 1.382-2T(f)(13)) pursuant to Section 382 of the Code and the Treasury Regulations thereunder.

(e) “Business Day” shall mean any day other than a Saturday, Sunday or a day on which banking institutions in the State of New York are authorized or obligated by law or executive order to close.

(f) “close of business” on any given date shall mean 5:00 P.M., New York City time, on such date; provided, however, that if such date is not a Business Day it shall mean 5:00 P.M., New York City time, on the next succeeding Business Day.

As

soon as practicable after the Distribution Date, the Company will prepare and execute, the Rights Agent will countersign and the Rights Agent will send by first-class, insured, postage prepaid mail, to each record holder of the Common Stock as of the close of business on the Distribution Date (other than the holder of any Rights that have become null and void pursuant to Section 7(e) hereof), at the address of such holder shown on the records of the Company, one or more rights certificates, substantially in the form of Exhibit B hereto (the "Rights Certificates"), evidencing one Right for each share of Common Stock so held, subject to adjustment as provided herein. In the event that an adjustment in the number of Rights per share of Common Stock has been made pursuant to Section 11(p) hereof, at the time of distribution of the Rights Certificates, the Company shall make the necessary and appropriate rounding adjustments (in accordance with Section 14(a) hereof) so that Rights Certificates representing only whole numbers of Rights are distributed and cash is paid in lieu of any fractional Rights. As of and after the Distribution Date, the Rights will be evidenced solely by such Rights Certificates.

(b)As promptly as practicable following the Record Date, the Company or the Rights Agent shall send a copy of a Summary of Rights, in substantially the form attached hereto as Exhibit C (the "Summary of Rights"), by first-class, postage prepaid mail, to each record holder of the Common Stock as of the close of business on the Record Date, at the address of such holder shown on the records of the Company. With respect to certificates representing shares of Common Stock outstanding as of the Record Date (or shares registered in book-entry form), or issued subsequent to the Record Date, unless and until the Distribution Date shall occur, the Rights will be evidenced by the certificates representing such Common Stock (or by an appropriate notification in book-entry form) and the registered holders of the Common Stock shall also be the registered holders of the associated Rights. Until the earliest of the Distribution Date, the Expiration Date (as such term is defined in Section 7 hereof) or the redemption of the Rights pursuant to Section 23 hereof, the transfer of any certificates representing shares of Common Stock (or the transfer of shares registered in book-entry form) in respect of which Rights have been issued shall also constitute the transfer of the Rights associated with such shares of Common Stock.

(c)Rights shall be issued in respect of all shares of Common Stock which are issued (whether originally issued or from the Company's treasury) after the Record Date but prior to the earliest of the Distribution Date, the Expiration Date or the redemption of the Rights pursuant to Section 23 hereof. Certificates representing such shares of Common Stock shall also be deemed to be certificates for Rights, and shall bear the following legend:

"This certificate also evidences and entitles the holder hereof to certain Rights as set forth in the Tax Benefits Preservation Plan between Vonage Holdings Corp. (the "Company") and American Stock Transfer & Trust Company, LLC (the "Rights Agent"), dated as of June 7, 2012, as it may be amended from time to time (the "Rights Agreement"), the terms of which are hereby incorporated herein by reference and a copy of which is on file at the principal offices of the Rights Agent. Under certain circumstances, as set forth in the Rights Agreement, such Rights will be evidenced by separate certificates and will no longer be evidenced by this certificate. The Rights Agent will mail to the holder of this certificate a copy of the Rights Agreement, as in effect on the date of mailing, without charge promptly after receipt of a written request therefor. Under certain circumstances set forth in the Rights Agreement, Rights issued to, or held by, any Person who is, was or becomes an Acquiring Person or any Affiliate or Associate thereof (as such terms are defined in the Rights Agreement), whether currently held by or on behalf of such Person or by any subsequent holder, may become null and void."

With respect to any book-entry shares of Common Stock, such legend shall be included in a notice to the record holder of such shares in accordance with applicable law. With respect to such certificates containing the foregoing legend, or any notice of the foregoing legend delivered to holders of book-entry shares, until the earlier of (i) the Distribution Date, (ii) the Expiration Date or (iii) the redemption of Rights pursuant to Section 23 hereof, the Rights associated with the Common Stock represented by such certificates or registered in book-entry form shall be evidenced by such certificates alone or such registration in book-entry form, and registered holders of Common Stock shall also be the registered holders of the associated Rights, and the transfer of any of such certificates or book-entry shares shall also constitute the transfer of the Rights associated with the Common Stock represented by such certificates. In the event that the Company purchases or otherwise acquires any shares of Common Stock after

the Record Date but prior to the Distribution Date, any Rights associated with such shares of Common Stock shall be deemed canceled and retired so that the Company shall not be entitled to exercise any Rights associated with the shares of Common Stock that are no longer outstanding. Notwithstanding this paragraph (c), neither the omission of a legend, nor the failure to provide notice thereof (whether under this Section 3(c) or Section 4(b)), shall affect the enforceability of any part of this Agreement or the rights of any holder of the Rights.

Section 4. Form of Rights Certificates.

(a) The Rights Certificates (and the forms of election to purchase and of assignment to be printed on the reverse thereof) shall each be substantially in the form set forth in Exhibit B hereto and may have such marks of identification or designation and such legends, summaries or endorsements printed thereon as the Company may deem appropriate and as are not inconsistent with the provisions of this Agreement, or as may be required to comply with any applicable law or with any rule or regulation made pursuant thereto or with any rule or regulation of any stock exchange on which the Rights may from time to time be listed, or to conform to usage. Subject to the provisions of Section 11 and Section 22 hereof, the Rights Certificates, whenever distributed, shall be dated as of the Record Date and on their face shall entitle the holders thereof to purchase such number of one one-thousandth of a share of Preferred Stock as shall be set forth therein at the price set forth therein (such exercise price per one one-thousandth of a share, the "Purchase Price"), but the amount and type of securities purchasable upon the exercise of each Right and the Purchase Price thereof shall be subject to adjustment as provided herein.

(b) Any Rights Certificate issued pursuant to Section 3(a), Section 11(i) or Section 22 hereof that represents Rights Beneficially Owned by: (i) an Acquiring Person or any Associate or Affiliate of an Acquiring Person, (ii) a transferee of an Acquiring Person (or of any such Associate or Affiliate) who becomes a transferee after the Acquiring Person becomes such, or (iii) a transferee of an Acquiring Person (or of any such Associate or Affiliate) who becomes a transferee prior to or concurrently with the Acquiring Person becoming such and receives such Rights pursuant to either (A) a transfer (whether or not for consideration) from the Acquiring Person to holders of equity interests in such Acquiring Person or to any Person with whom such Acquiring Person has any continuing agreement, arrangement or understanding regarding the transferred Rights or (B) a transfer which the Board of Directors of the Company has determined is part of a plan, arrangement or understanding which has as a primary purpose or effect avoidance of Section 7(e) hereof, and any Rights Certificate issued pursuant to Section 6 or Section 11 hereof upon transfer, exchange, replacement or adjustment of any other Rights Certificate referred to in this sentence, shall contain (to the extent feasible) the following legend: "The Rights represented by this Rights Certificate are or were beneficially owned by a Person who was or became an Acquiring Person or an Affiliate or Associate of an Acquiring Person (as such terms are defined in the Rights Agreement). Accordingly, this Rights Certificate and the Rights represented hereby may become null and void in the circumstances specified in Section 7(e) of such Agreement."

Section 5. Countersignature and Registration.

(a) The Rights Certificates shall be executed on behalf of the Company by its Chairman of the Board, its Vice Chairman, its Chief Executive Officer, its President or any Vice President, either manually or by facsimile signature, and shall have affixed thereto the Company's seal or a facsimile thereof which shall be attested by the Secretary or an Assistant Secretary of the Company, either manually or by facsimile signature. The Rights Certificates shall be countersigned by the Rights Agent, either manually or by facsimile signature, and shall not be valid for any purpose unless so countersigned. In case any officer of the Company who shall have signed any of the Rights Certificates shall cease to be such officer of the Company before countersignature by the Rights Agent and issuance and delivery by the Company, such Rights Certificates, nevertheless, may be countersigned by the Rights Agent and issued and delivered by the Company with the same force and effect as though the person who signed such Rights Certificates had not ceased to be such officer of the Company; and any Rights Certificates may be signed on behalf of the Company by any person who, at the actual date of the execution of such Rights Certificate, shall be a proper officer of the Company to sign such Rights Certificate, although at the date of the execution of this Rights Agreement any such person was not such an officer.

(b) Following the Distribution Date, the Rights Agent shall keep, or cause to be kept, at its principal office or offices designated as the appropriate place for surrender of Rights Certificates upon exercise or

transfer, books for registration and transfer of the Rights Certificates issued hereunder. Such books shall show the names and addresses of the respective holders of the Rights Certificates, the number of Rights evidenced on its face by each of the Rights Certificates and the date of each of the Rights Certificates.

Section 6. Transfer, Split Up, Combination and Exchange of Rights Certificates; Mutilated, Destroyed, Lost or Stolen Rights Certificates.

(a) Subject to the provisions of Section 4(b), Section 7(e), Section 14 and Section 27 hereof, at any time after the close of business on the Distribution Date, and at or prior to the close of business on the Expiration Date or the redemption of the rights pursuant to Section 23 hereof, any Rights Certificate or Rights Certificates may be transferred, split up, combined or exchanged for another Rights Certificate or Rights Certificates, entitling the registered holder to purchase a like number of one one-thousandth of a share of Preferred Stock (or, following a Triggering Event, Common Stock, other securities, cash or other assets, as the case may be) as the Rights Certificate or Rights Certificates surrendered then entitles such holder (or former holder in the case of a transfer) to purchase. Any registered holder desiring to transfer, split up, combine or exchange any Rights Certificate or Rights Certificates shall make such request in writing delivered to the Rights Agent, and shall surrender the Rights Certificate or Rights Certificates to be transferred, split up, combined or exchanged at the principal office or offices of the Rights Agent designated for such purpose. Neither the Rights Agent nor the Company shall be obligated to take any action whatsoever with respect to the transfer of any such surrendered Rights Certificate until the registered holder shall have completed and signed the certificate contained in the form of assignment on the reverse side of such Rights Certificate and shall have provided such additional evidence of the identity of the Beneficial Owner (or former Beneficial Owner) or Affiliates or Associates thereof as the Company shall reasonably request. Thereupon, the Rights Agent shall, subject to Section 4(b), Section 7(e), Section 14 and Section 27 hereof, countersign and deliver to the Person entitled thereto a Rights Certificate or Rights Certificates, as the case may be, as so requested. The Company may require payment of a sum sufficient to cover any tax or governmental charge that may be imposed in connection with any transfer, split up, combination or exchange of Rights Certificates.

(b) Upon receipt by the Company and the Rights Agent of evidence reasonably satisfactory to them of the loss, theft, destruction or mutilation of a Rights Certificate, and, in case of loss, theft or destruction, of indemnity or security reasonably satisfactory to them, and reimbursement to the Company and the Rights Agent of all reasonable expenses incidental thereto, and upon surrender to the Rights Agent and cancellation of the Rights Certificate if mutilated, the Company will execute and deliver a new Rights Certificate of like tenor to the Rights Agent for countersignature and delivery to the registered owner in lieu of the Rights Certificate so lost, stolen, destroyed or mutilated.

Section 7. Exercise of Rights; Purchase Price; Expiration Date of Rights.

(a) Subject to Section 3(a), Section 7(e) and Section 27 hereof, the registered holder of any Rights Certificate may exercise the Rights evidenced thereby (except as otherwise provided herein including, without limitation, the restrictions on exercisability set forth in Section 9(c) and Section 11(a)(iii) hereof) in whole or in part at any time after the Distribution Date upon surrender of the Rights Certificate, with the form of election to purchase and the certificate on the reverse side thereof duly executed, to the Rights Agent at the principal office or offices of the Rights Agent designated for such purpose, together with payment of the aggregate Purchase Price with respect to the total number of one one-thousandth of a share of Preferred Stock as to which such surrendered Rights are then exercisable, at or prior to the earliest of (i) the time at which the Rights are redeemed as provided in Section 23 hereof, (ii) the time at which all of the Rights (other than Rights that have become void pursuant to the provisions of Section 7(e) hereof) are exchanged for Common Stock or other assets or securities as provided in Section 27 hereof, (iii) the close of business on the effective date of the repeal of Section 382 of the Code or any successor statute if the Board of Directors of the Company determines that this Agreement is no longer necessary or desirable for the preservation of Tax Benefits, (iv) the close of business on the first day of a taxable year of the Company to which the Board of Directors of the Company determines that no Tax Benefits may be carried forward, (v) the close of business on June 7, 2013, provided that, prior to such date, the Board of Directors may determine to extend this Agreement to a date not later than the close of business on the third anniversary of the date of this Agreement as

long as such extension is submitted to the stockholders of the Company for ratification at the 2013 Annual Meeting of Stockholders, or (vi) the close of business on the first Business Day following the date on which the Inspectors of Election for the Company's 2013 Annual Meeting of Stockholders certify that the vote on this Agreement at such meeting (with the required vote for such approval to be described in the Company's proxy statement relating to such Annual Meeting) reflects that stockholder approval of the Agreement has not been received (the earliest of (i) and (ii) and (iii) and (iv) and (v) and (vi) being herein referred to as the "Expiration Date"); provided, however, that in connection with any exercise effected pursuant to this Section 7, the Board of Directors may (but shall not be required to) determine that a holder of Rights shall not be entitled to receive shares of Preferred Stock that would result in such holder, together with such holder's Affiliates and Associates, becoming the Beneficial Owner of more than 4.9% of the total number of shares of Stock then-outstanding (treating all shares of Stock as a single class). If a holder would, but for the previous sentence, be entitled to receive a number of shares that would otherwise result in such holder, together with such holder's Affiliates and Associates, becoming the Beneficial Owner of in excess of 4.9% of total number of shares of Stock then-outstanding (such shares, the "Excess Shares"), in lieu of receiving such Excess Shares, such holder will be entitled to receive an amount in (1) cash, (2) debt securities of the Company, (3) other assets, or (4) any combination of the foregoing, having an aggregate value equal to the Current Market Price per share of the Preferred Stock (as determined pursuant to Section 11(d) hereof) at the close of business on the trading day following the date of exercise multiplied by the number of Excess Shares that would otherwise have been issuable to such holder.

(b)The Purchase Price for each one one-thousandth of a share of Preferred Stock pursuant to the exercise of a Right shall initially be \$10.00, and shall be subject to adjustment from time to time as provided in Sections 11 hereof and shall be payable in accordance with paragraph (c) below.

(c)Upon receipt of a Rights Certificate representing exercisable Rights, with the form of election to purchase and the certificate duly executed, accompanied by payment, with respect to each Right so exercised, of the Purchase Price per one one-thousandth of a share of Preferred Stock (or other shares, securities, cash or other assets, as the case may be) to be purchased as set forth below and an amount equal to any applicable transfer tax, the Rights Agent shall, subject to Section 20(k) hereof, thereupon promptly (i) (A) requisition from any transfer agent of the shares of Preferred Stock (or make available, if the Rights Agent is the transfer agent for such shares) certificates for the total number of one one-thousandth of a share of Preferred Stock to be purchased and the Company hereby irrevocably authorizes its transfer agent to comply with all such requests, or (B) if the Company shall have elected to deposit the total number of shares of Preferred Stock issuable upon exercise of the Rights hereunder with a depository agent, requisition from the depository agent depository receipts representing such number of one one-thousandth of a share of Preferred Stock as are to be purchased (in which case certificates for the shares of Preferred Stock represented by such receipts shall be deposited by the transfer agent with the depository agent) and the Company shall direct the depository agent to comply with such request, (ii) requisition from the Company the amount of cash, if any, to be paid in lieu of fractional shares in accordance with Section 14 hereof, (iii) after receipt of such certificates or depository receipts, cause the same to be delivered to, or upon the order of the registered holder of such Rights Certificate, registered in such name or names as may be designated by such holder, and (iv) after receipt thereof, deliver such cash, if any, to or upon the order of the registered holder of such Rights Certificate. The payment of the Purchase Price (as such amount may be reduced pursuant to Section 11(a)(iii) hereof) shall be made in cash or by certified bank check or bank draft payable to the order of the Company. In the event that the Company is obligated to issue other securities (including Common Stock) of the Company, pay cash and/or distribute a note or other evidence of indebtedness or other property pursuant to Section 11(a) hereof, the Company will make all arrangements necessary so that such other securities, cash and/or evidences of indebtedness or other property are available for distribution by the Rights Agent, if and when appropriate. The Company reserves the right to require prior to the occurrence of a Triggering Event that, upon any exercise of Rights, a number of Rights be exercised so that only whole shares of Preferred Stock would be issued.

(d)In case the registered holder of any Rights Certificate shall exercise less than all the Rights evidenced thereby, a new Rights Certificate evidencing Rights equivalent to the Rights remaining unexercised shall be issued by the Rights Agent and delivered to, or upon the order of, the registered holder of such

Table of Contents

Rights Certificate, registered in such name or names as may be designated by such holder, subject to the provisions of Section 14 hereof.

(e) Notwithstanding anything in this Agreement to the contrary, from and after the first occurrence of a Triggering Event, any Rights Beneficially Owned by (i) an Acquiring Person or an Associate or Affiliate of an Acquiring Person, (ii) a transferee of an Acquiring Person (or of any such Associate or Affiliate) who becomes a transferee after the Acquiring Person becomes such, or (iii) a transferee of an Acquiring Person (or of any such Associate or Affiliate) who becomes a transferee prior to or concurrently with the Acquiring Person becoming such and receives such Rights pursuant to either (A) a transfer (whether or not for consideration) from the Acquiring Person to holders of equity interests in such Acquiring Person or to any Person with whom the Acquiring Person has any continuing agreement, arrangement or understanding regarding the transferred Rights or (B) a transfer which the Board of Directors of the Company has determined is part of a plan, arrangement or understanding which has as a primary purpose or effect the avoidance of this Section 7(e), shall become null and void without any further action and no holder of such Rights shall have any rights whatsoever with respect to such Rights, whether under any provision of this Agreement or otherwise. The Company shall use all reasonable efforts to insure that the provisions of this Section 7(e) and Section 4(b) hereof are complied with, but shall have no liability to any holder of Rights Certificates or other Person as a result of its failure to make any determinations with respect to an Acquiring Person or any of its Affiliates, Associates or transferees hereunder.

(f) Notwithstanding anything in this Agreement to the contrary, neither the Rights Agent nor the Company shall be obligated to undertake any action with respect to a registered holder upon the occurrence of any purported exercise as set forth in this Section 7 unless such registered holder shall have (i) completed and signed the certificate contained in the form of election to purchase set forth on the reverse side of the Rights Certificate surrendered for such exercise, and (ii) provided such additional evidence of the identity of the Beneficial Owner (or former Beneficial Owner) or Affiliates or Associates thereof as the Company shall reasonably request.

Section 8. Cancellation and Destruction of Rights Certificates. All Rights Certificates surrendered for the purpose of exercise, transfer, split up, combination or exchange shall, if surrendered to the Company or any of its agents, be delivered to the Rights Agent for cancellation or in canceled form, or, if surrendered to the Rights Agent, shall be canceled by it, and no Rights Certificates shall be issued in lieu thereof except as expressly permitted by any of the provisions of this Agreement. The Company shall deliver to the Rights Agent for cancellation and retirement, and the Rights Agent shall so cancel and retire, any other Rights Certificate purchased or acquired by the Company otherwise than upon the exercise thereof. The Rights Agent shall deliver all canceled Rights Certificates to the Company, or shall, at the written request of the Company, destroy such canceled Rights Certificates, and in such case shall deliver a certificate of destruction thereof to the Company.

Section 9. Reservation and Availability of Capital Stock.

(a) The Company covenants and agrees that it will cause to be reserved and kept available out of its authorized and unissued shares of Preferred Stock (and, following the occurrence of a Triggering Event, out of its authorized and unissued shares of Common Stock and/or other securities or out of its authorized and issued shares held in its treasury), the number of shares of Preferred Stock (and, following the occurrence of a Triggering Event, Common Stock and/or other securities) that, as provided in this Agreement, including Section 11(a)(iii) hereof, will be sufficient to permit the exercise in full of all outstanding Rights.

(b) So long as the shares of Preferred Stock (and, following the occurrence of a Triggering Event, Common Stock and/or other securities) issuable and deliverable upon the exercise of the Rights may be listed on any national securities exchange, the Company shall use its best efforts to cause, from and after such time as the Rights become exercisable, all shares reserved for such issuance to be listed on such exchange upon official notice of issuance upon such exercise.

(c) The Company shall use its best efforts to (i) file, as soon as practicable following the earliest date after the first occurrence of a Triggering Event on which the consideration to be delivered by the Company upon exercise of the Rights has been determined in accordance with Section 11(a)(iii) hereof, a registration statement under the Securities Act of 1933 (the "Act") with respect to the securities purchasable upon exercise of the Rights on an appropriate form, (ii) cause such registration statement to become effective as soon as

B - 10

practicable after such filing, and (iii) cause such registration statement to remain effective (with a prospectus at all times meeting the requirements of the Act) until the earlier of (A) the date as of which the Rights are no longer exercisable for such securities, and (B) the date of the expiration of the Rights. The Company will also take such action as may be appropriate under, or to ensure compliance with, the securities or “blue sky” laws of the various states in connection with the exercisability of the Rights. The Company may temporarily suspend, for a period of time not to exceed ninety (90) days after the date set forth in clause (i) of the first sentence of this Section 9(c), the exercisability of the Rights in order to prepare and file such registration statement and permit it to become effective. Upon any such suspension, the Company shall issue a public announcement stating that the exercisability of the Rights has been temporarily suspended, as well as a public announcement at such time as the suspension has been rescinded. In addition, if the Company shall determine that a registration statement is required following the Distribution Date, the Company may temporarily suspend the exercisability of the Rights until such time as a registration statement has been declared effective. Notwithstanding any provision of this Agreement to the contrary, the Rights shall not be exercisable in any jurisdiction if the requisite qualification in such jurisdiction shall not have been obtained, the exercise thereof shall not be permitted under applicable law or a registration statement shall not have been declared effective.

(d)The Company covenants and agrees that it will take all such action as may be necessary to ensure that all one one-thousandth of a share of Preferred Stock (and, following the occurrence of a Triggering Event, Common Stock and/or other securities) delivered upon exercise of Rights shall, at the time of delivery of the certificates for such shares (or Units) (subject to payment of the Purchase Price), be duly and validly authorized and issued and fully paid and nonassessable.

(e)The Company further covenants and agrees that it will pay when due and payable any and all federal and state transfer taxes and charges which may be payable in respect of the issuance or delivery of the Rights Certificates and of any certificates for a number of one one-thousandth of a share of Preferred Stock (or Common Stock and/or other securities, as the case may be) upon the exercise of Rights. The Company shall not, however, be required (i) to pay any transfer tax which may be payable in respect of any transfer or delivery of Rights Certificates to a Person other than, or the issuance or delivery of a number of one one-thousandth of a share of Preferred Stock (or Common Stock and/or other securities, as the case may be) in respect of a name other than that of, the registered holder of the Rights Certificates evidencing Rights surrendered for exercise or (ii) to issue or deliver any certificates for a number of one one-thousandth of a share of Preferred Stock (or Common Stock and/or other securities, as the case may be) in a name other than that of the registered holder upon the exercise of any Rights until such tax shall have been paid (any such tax being payable by the holder of such Rights Certificate at the time of surrender) or until it has been established to the Company's satisfaction that no such tax is due.

Section 10. Preferred Stock Record Date. Each Person in whose name any certificate for a number of one one-thousandth of a share of Preferred Stock (or Common Stock and/or other securities, as the case may be) is issued upon the exercise of Rights shall for all purposes be deemed to have become the holder of record of such fractional shares of Preferred Stock (or Common Stock and/or other securities, as the case may be) represented thereby on, and such certificate shall be dated, the date upon which the Rights Certificate evidencing such Rights was duly surrendered and payment of the Purchase Price (and all applicable transfer taxes) was made; provided, however, that if the date of such surrender and payment is a date upon which the Preferred Stock (or Common Stock and/or other securities, as the case may be) transfer books of the Company are closed, such Person shall be deemed to have become the record holder of such shares (fractional or otherwise) on, and such certificate shall be dated, the next succeeding Business Day on which the Preferred Stock (or Common Stock and/or other securities, as the case may be) transfer books of the Company are open. Prior to the exercise of the Rights evidenced thereby, the holder of a Rights Certificate shall not be entitled to any rights of a stockholder of the Company with respect to shares for which the Rights shall be exercisable, including, without limitation, the right to vote, to receive dividends or other distributions or to exercise any preemptive rights, and shall not be entitled to receive any notice of any proceedings of the Company, except as provided herein.

Section 11. Adjustment of Purchase Price, Number and Kind of Shares or Number of Rights. The Purchase Price, the number and kind of shares covered by each Right and the number of Rights outstanding are subject to adjustment from time to time as provided in this Section 11.

(a)(i) In the event the Company shall at any time after the date of this Agreement (A) declare a dividend on the Preferred Stock payable in shares of Preferred Stock, (B) subdivide the outstanding Preferred Stock, (C) combine the outstanding Preferred Stock into a smaller number of shares, or (D) issue any shares of its capital stock in a reclassification of the Preferred Stock (including any such reclassification in connection with a consolidation or merger in which the Company is the continuing or surviving corporation), except as otherwise provided in this Section 11(a) and Section 7(e) hereof, the Purchase Price in effect at the time of the record date for such dividend or of the effective date of such subdivision, combination or reclassification, and the number and kind of shares of Preferred Stock or capital stock, as the case may be, issuable on such date, shall be proportionately adjusted so that the holder of any Right exercised after such time shall be entitled to receive, upon payment of the Purchase Price then in effect, the aggregate number and kind of shares of Preferred Stock or capital stock, as the case may be, which, if such Right had been exercised immediately prior to such date and at a time when the Preferred Stock transfer books of the Company were open, such holder would have owned upon such exercise and been entitled to receive by virtue of such dividend, subdivision, combination or reclassification; provided, however, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of Preferred Stock or capital stock, as the case may be, issuable upon exercise of one Right. If an event occurs which would require an adjustment under both this Section 11(a)(i) and Section 11(a)(ii) hereof, the adjustment provided for in this Section 11(a)(i) shall be in addition to, and shall be made prior to, any adjustment required pursuant to Section 11(a)(ii) hereof.

(i) In the event any Person shall become an Acquiring Person, then, promptly following the occurrence of such event, proper provision shall be made so that each holder of a Right (except as provided elsewhere in this Agreement including Section 7(e) hereof) shall thereafter have the right to receive, upon exercise thereof at the then current Purchase Price in accordance with the terms of this Agreement, in lieu of a number of one one-thousandth of a share of Preferred Stock, such number of shares of Common Stock of the Company as shall equal the result obtained by (x) multiplying the then current Purchase Price by the then number of one one-thousandth of a share of Preferred Stock for which a Right was exercisable immediately prior to the first occurrence of a Triggering Event, and (y) dividing that product (which, following such first occurrence, shall thereafter be referred to as the "Purchase Price" for each Right and for all purposes of this Agreement) by 50% of the Current Market Price per share of Common Stock (determined pursuant to Section 11(d) hereof) on the date of such first occurrence (such number of shares, the "Adjustment Shares"); provided, however, that in connection with any exercise effected pursuant to this Section 11(a)(ii), the Board of Directors may (but shall not be required to) determine that a holder of Rights shall not be entitled to receive shares of Common Stock that would result in such holder, together with such holder's Affiliates and Associates, becoming the Beneficial Owner of more than 4.9% of the total number of shares of Stock then-outstanding (treating all shares of Stock as a single class). If a holder would, but for the previous sentence, be entitled to receive a number of shares that would otherwise result in such holder, together with such holder's Affiliates and Associates, becoming the Beneficial Owner of in excess of 4.9% of the total number of shares of Stock then-outstanding (such shares, the "Excess Flip-In Shares"), in lieu of receiving such Excess Flip-In Shares, such holder will be entitled to receive an amount in (1) cash, (2) debt securities of the Company, (3) other assets, or (4) any combination of the foregoing, having an aggregate value equal to the Current Market Price per share of the Common Stock on the date of the occurrence of a Triggering Event multiplied by the number of Excess Flip-In Shares that would otherwise have been issuable to such holder.

(ii) In the event that the number of shares of Common Stock which are authorized by the Company's Restated Certificate of Incorporation but not outstanding, subscribed for or reserved for issuance for purposes other than upon exercise of the Rights are not sufficient to permit the exercise in full of the Rights in accordance with the foregoing subparagraph (i) of this Section 11(a), the Company shall (A) determine the value of the Adjustment Shares issuable upon the exercise of a Right (the "Current Value"), and (B) with respect to each Right, make adequate provision to substitute for the Adjustment Shares, upon the exercise of a Right and payment of

Table of Contents

the applicable Purchase Price, (1) cash, (2) a reduction in the Purchase Price, (3) Common Stock or other equity securities of the Company (including, without limitation, shares, or units of shares, of preferred stock, such as the Preferred Stock, which the Board of Directors of the Company has deemed to have essentially the same value or economic rights as shares of Common Stock (such shares of preferred stock being referred to as “Common Stock Equivalents”)), (4) debt securities of the Company, (5) other assets, or (6) any combination of the foregoing, having an aggregate value equal to the Current Value (less the amount of any reduction in the Purchase Price), where such aggregate value has been determined by the Board of Directors based upon the advice of a nationally recognized investment banking firm selected by the Board of Directors; provided, however, that the Board of Directors may (but shall not be required to) determine that a holder of Rights shall not be entitled to receive equity securities under this subparagraph (iii) to the extent the Company determines the receipt thereof could limit the Company's ability to utilize the Tax Benefits; and provided, further, that if the Company shall not have made adequate provision to deliver value pursuant to clause (B) above within thirty (30) days following the first occurrence of a Triggering Event, then the Company shall be obligated to deliver, upon the surrender for exercise of a Right and without requiring payment of the Purchase Price, shares of Common Stock (to the extent available) and then, if necessary, cash, debt securities, other assets, or any combination of the foregoing which has an aggregate value equal to the Spread. For purposes of the preceding sentence, the term “Spread” shall mean the excess of (i) the Current Value over (ii) the Purchase Price. If the Board of Directors of the Company determines in good faith that it is likely that sufficient additional shares of Common Stock could be authorized for issuance upon exercise in full of the Rights, the thirty (30) day period set forth above may be extended to the extent necessary, but not more than ninety (90) days after the first occurrence of a Triggering Event, in order that the Company may seek stockholder approval for the authorization of such additional shares (such thirty (30) day period, as it may be extended, is herein called the “Substitution Period”). To the extent that the Company determines that action should be taken pursuant to the first and/or third sentences of this Section 11(a)(iii), the Company (1) shall provide, subject to Section 7(e) hereof, that such action shall apply uniformly to all outstanding Rights, and (2) may suspend the exercisability of the Rights until the expiration of the Substitution Period in order to seek such stockholder approval for such authorization of additional shares and/or to decide the appropriate form of distribution to be made pursuant to such first sentence and to determine the value thereof. In the event of any such suspension, the Company shall issue a public announcement stating that the exercisability of the Rights has been temporarily suspended, as well as a public announcement at such time as the suspension is no longer in effect. For purposes of this Section 11(a)(iii), the value of each Adjustment Share shall be the Current Market Price per share of the Common Stock on the date of the occurrence of a Triggering Event and the per share or per unit value of any Common Stock Equivalent shall be deemed to equal the Current Market Price per share of the Common Stock on such date.

(b) In case the Company shall fix a record date for the issuance of rights, options or warrants to all holders of Preferred Stock entitling them to subscribe for or purchase (for a period expiring within forty-five (45) calendar days after such record date) Preferred Stock (or shares having the same rights, privileges and preferences as the shares of Preferred Stock (“Equivalent Preferred Stock”)) or securities convertible into Preferred Stock or Equivalent Preferred Stock at a price per share of Preferred Stock or per share of Equivalent Preferred Stock (or having a conversion price per share, if a security convertible into Preferred Stock or Equivalent Preferred Stock) less than the Current Market Price (as determined pursuant to Section 11(d) hereof) per share of Preferred Stock on such record date, the Purchase Price to be in effect after such record date shall be determined by multiplying the Purchase Price in effect immediately prior to such record date by a fraction, the numerator of which shall be the number of shares of Preferred Stock outstanding on such record date, plus the number of shares of Preferred Stock which the aggregate offering price of the total number of shares of Preferred Stock and/or Equivalent Preferred Stock so to be offered (and/or the aggregate initial conversion price of the convertible securities so to be offered) would purchase at such Current Market Price, and the denominator of which shall be the number of shares of Preferred Stock outstanding on such record date, plus the number of additional shares of Preferred Stock and/or Equivalent Preferred Stock to be offered for subscription or purchase (or into which the convertible securities so to be offered are initially convertible); provided, however, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of

Table of Contents

Preferred Stock or capital stock, as the case may be, issuable upon exercise of one Right. In case such subscription price may be paid by delivery of consideration part or all of which may be in a form other than cash, the value of such consideration shall be as determined in good faith by the Board of Directors of the Company, whose determination shall be described in a statement filed with the Rights Agent and shall be binding on the Rights Agent and the holders of the Rights. Shares of Preferred Stock owned by or held for the account of the Company shall not be deemed outstanding for the purpose of any such computation. Such adjustment shall be made successively whenever such a record date is fixed, and in the event that such rights or warrants are not so issued, the Purchase Price shall be adjusted to be the Purchase Price which would then be in effect if such record date had not been fixed.

(c) In case the Company shall fix a record date for a distribution to all holders of Preferred Stock (including any such distribution made in connection with a consolidation or merger in which the Company is the continuing corporation) cash (other than a regular quarterly cash dividend out of the earnings or retained earnings of the Company), assets (other than a dividend payable in Preferred Stock, but including any dividend payable in stock other than Preferred Stock) or evidences of indebtedness, or of subscription rights or warrants (excluding those referred to in Section 11(b) hereof), the Purchase Price to be in effect after such record date shall be determined by multiplying the Purchase Price in effect immediately prior to such record date by a fraction, the numerator of which shall be the Current Market Price (as determined pursuant to Section 11(d) hereof) per share of Preferred Stock on such record date, less the fair market value (as determined in good faith by the Board of Directors of the Company, whose determination shall be described in a statement filed with the Rights Agent) of the portion of the cash, assets or evidences of indebtedness so to be distributed or of such subscription rights or warrants applicable to a share of Preferred Stock and the denominator of which shall be such Current Market Price (as determined pursuant to Section 11(d) hereof) per share of Preferred Stock; provided, however, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of Preferred Stock or capital stock, as the case may be, issuable upon exercise of one Right. Such adjustments shall be made successively whenever such a record date is fixed, and in the event that such distribution is not so made, the Purchase Price shall be adjusted to be the Purchase Price which would have been in effect if such record date had not been fixed.

(d)(i) For the purpose of any computation hereunder, other than computations made pursuant to Section 11(a)(iii) hereof, the Current Market Price per share of Common Stock on any date shall be deemed to be the average of the daily closing prices per share of such Common Stock for the thirty (30) consecutive Trading Days immediately prior to such date, and for purposes of computations made pursuant to Section 11(a)(iii) hereof, the Current Market Price per share of Common Stock on any date shall be deemed to be the average of the daily closing prices per share of such Common Stock for the ten (10) consecutive Trading Days immediately following such date; provided, however, that in the event that the Current Market Price per share of the Common Stock is determined during a period following the announcement by the issuer of such Common Stock of (A) a dividend or distribution on such Common Stock payable in shares of such Common Stock or securities convertible into shares of such Common Stock (other than the Rights), or (B) any subdivision, combination or reclassification of such Common Stock, and the ex-dividend date for such dividend or distribution, or the record date for such subdivision, combination or reclassification shall not have occurred prior to the commencement of the requisite thirty (30) Trading Day or ten (10) Trading Day period, as set forth above, then, and in each such case, the Current Market Price shall be properly adjusted to take into account ex-dividend trading. The closing price for each day shall be the last sale price, regular way, or, in case no such sale takes place on such day, the average of the closing bid and asked prices, regular way, in either case as reported in the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on the New York Stock Exchange or, if the shares of Common Stock are not listed or admitted to trading on the New York Stock Exchange, as reported in the principal consolidated transaction reporting system with respect to securities listed on the principal national securities exchange on which the shares of Common Stock are listed or admitted to trading or, if the shares of Common Stock are not listed or admitted to trading on any national securities exchange, the last quoted price or, if not so quoted, the average of the high bid and low asked prices in the over-the-counter market, as reported by the National Association of Securities Dealers Automated Quotation System (“NASDAQ”) or such other system then in use, or, if on any

such date the shares of Common Stock are not quoted by any such organization, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the Common Stock selected by the Board of Directors of the Company. If on any such date no market maker is making a market in the Common Stock, the fair value of such shares on such date as determined in good faith by the Board of Directors shall be used. The term "Trading Day" shall mean a day on which the principal national securities exchange on which the shares of Common Stock are listed or admitted to trading is open for the transaction of business or, if the shares of Common Stock are not listed or admitted to trading on any national securities exchange, a Business Day. If the Common Stock is not publicly held or not so listed or traded, Current Market Price per share shall mean the fair value per share as determined in good faith by the Board of Directors, whose determination shall be described in a statement filed with the Rights Agent and shall be conclusive for all purposes.

(i) For the purpose of any computation hereunder, the Current Market Price per share of Preferred Stock shall be determined in the same manner as set forth above for the Common Stock in clause (i) of this Section 11(d) (other than the last sentence thereof). If the Current Market Price per share of Preferred Stock cannot be determined in the manner provided above or if the Preferred Stock is not publicly held or listed or traded in a manner described in clause (i) of this Section 11(d), the Current Market Price per share of Preferred Stock shall be conclusively deemed to be an amount equal to inverse of one one-thousandth (as such number may be appropriately adjusted for such events as stock splits, stock dividends and recapitalizations with respect to the Common Stock occurring after the date of this Agreement) multiplied by the Current Market Price per share of the Common Stock. If neither the Common Stock nor the Preferred Stock is publicly held or so listed or traded, Current Market Price per share of the Preferred Stock shall mean the fair value per share as determined in good faith by the Board of Directors of the Company, whose determination shall be described in a statement filed with the Rights Agent and shall be conclusive for all purposes. For all purposes of this Agreement, the Current Market Price of a Unit shall be equal to the Current Market Price of one share of Preferred Stock divided by 1000.

(e) Anything herein to the contrary notwithstanding, no adjustment in the Purchase Price shall be required unless such adjustment would require an increase or decrease of at least 1% in the Purchase Price; provided, however, that any adjustments which by reason of this Section 11(e) are not required to be made shall be carried forward and taken into account in any subsequent adjustment. All calculations under this Section 11 shall be made to the nearest cent or to the nearest share of Common Stock or other share of capital stock or one one-thousandth of a share of Preferred Stock, as the case may be.

(f) If as a result of an adjustment made pursuant to Section 11(a)(ii), the holder of any Right thereafter exercised shall become entitled to receive any shares of capital stock other than Preferred Stock, thereafter the number of such other shares so receivable upon exercise of any Right and the Purchase Price thereof shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the Preferred Stock contained in Sections 11(a), (b), (c), (e), (g), (h), (i), (j), (k) and (m), and the provisions of Sections 7, 9, 10 and 14 hereof with respect to the Preferred Stock shall apply on like terms to any such other shares.

(g) All Rights originally issued by the Company subsequent to any adjustment made to the Purchase Price hereunder shall evidence the right to purchase, at the adjusted Purchase Price, the number of one one-thousandth of a share of Preferred Stock purchasable from time to time hereunder upon exercise of the Rights, all subject to further adjustment as provided herein.

(h) Unless the Company shall have exercised its election as provided in Section 11(i), upon each adjustment of the Purchase Price as a result of the calculations made in Sections 11(b) and (c), each Right outstanding immediately prior to the making of such adjustment shall thereafter evidence the right to purchase, at the adjusted Purchase Price, that number of one one-thousandth of a share of Preferred Stock (calculated to the nearest one one-thousandth of a share of Preferred Stock) obtained by: (i) multiplying (x) the number of one one-thousandth of a share covered by a Right immediately prior to this adjustment, by (y) the Purchase Price in effect immediately prior to such adjustment of the Purchase Price, and (ii) dividing the product so obtained by the Purchase Price in effect immediately after such adjustment of the Purchase Price.

Table of Contents

(i)The Company may elect on or after the date of any adjustment of the Purchase Price to adjust the number of Rights, in lieu of any adjustment in the number of one one-thousandth of a share of Preferred Stock purchasable upon the exercise of a Right. Each of the Rights outstanding after the adjustment in the number of Rights shall be exercisable for the number of one one-thousandth of a share of Preferred Stock for which a Right was exercisable immediately prior to such adjustment. Each Right held of record prior to such adjustment of the number of Rights shall become that number of Rights (calculated to the nearest one one-thousandth) obtained by dividing the Purchase Price in effect immediately prior to adjustment of the Purchase Price by the Purchase Price in effect immediately after adjustment of the Purchase Price. The Company shall make a public announcement of its election to adjust the number of Rights, indicating the record date for the adjustment, and, if known at the time, the amount of the adjustment to be made. This record date may be the date on which the Purchase Price is adjusted or any day thereafter, but, if the Rights Certificates have been issued, shall be at least ten (10) days later than the date of the public announcement. If Rights Certificates have been issued, upon each adjustment of the number of Rights pursuant to this Section 11(i), the Company shall, as promptly as practicable, cause to be distributed to holders of record of Rights Certificates on such record date Rights Certificates evidencing, subject to Section 14 hereof, the additional Rights to which such holders shall be entitled as a result of such adjustment, or, at the option of the Company, shall cause to be distributed to such holders of record in substitution and replacement for the Rights Certificates held by such holders prior to the date of adjustment, and upon surrender thereof, if required by the Company, new Rights Certificates evidencing all the Rights to which such holders shall be entitled after such adjustment. Rights Certificates so to be distributed shall be issued, executed and countersigned in the manner provided for herein (and may bear, at the option of the Company, the adjusted Purchase Price) and shall be registered in the names of the holders of record of Rights Certificates on the record date specified in the public announcement.

(j)Irrespective of any adjustment or change in the Purchase Price or the number of one one-thousandth of a share of Preferred Stock issuable upon the exercise of the Rights, the Rights Certificates theretofore and thereafter issued may continue to express the Purchase Price per one one-thousandth of a share and the number of one one-thousandth of a share which were expressed in the initial Rights Certificates issued hereunder.

(k)Before taking any action that would cause an adjustment reducing the Purchase Price below the then par value, if any, of the number of one one-thousandth of a share of Preferred Stock issuable upon exercise of the Rights, the Company shall take any corporate action which may, in the opinion of its counsel, be necessary in order that the Company may validly and legally issue fully paid and nonassessable such number of one one-thousandth of a share of Preferred Stock at such adjusted Purchase Price.

(l)In any case in which this Section 11 shall require that an adjustment in the Purchase Price be made effective as of a record date for a specified event, the Company may elect to defer until the occurrence of such event the issuance to the holder of any Right exercised after such record date the number of one one-thousandth of a share of Preferred Stock and other capital stock or securities of the Company, if any, issuable upon such exercise over and above the number of one one-thousandth of a share of Preferred Stock and other capital stock or securities of the Company, if any, issuable upon such exercise on the basis of the Purchase Price in effect prior to such adjustment; provided, however, that the Company shall deliver to such holder a due bill or other appropriate instrument evidencing such holder's right to receive such additional shares (fractional or otherwise) or securities upon the occurrence of the event requiring such adjustment.

(m)Anything in this Section 11 to the contrary notwithstanding, the Company shall be entitled to make such reductions in the Purchase Price, in addition to those adjustments expressly required by this Section 11, as and to the extent that in their good faith judgment the Board of Directors of the Company shall determine to be advisable in order that any (i) consolidation or subdivision of the Preferred Stock, (ii) issuance wholly for cash of any shares of Preferred Stock at less than the Current Market Price, (iii) issuance wholly for cash of shares of Preferred Stock or securities which by their terms are convertible into or exchangeable for shares of Preferred Stock, (iv) stock dividends or (v) issuance of rights, options or warrants referred to in this Section 11, hereafter made by the Company to holders of its Preferred Stock shall not be taxable to such stockholders.

(n)The Company covenants and agrees that it shall not, at any time after the Distribution Date, (i) consolidate with any other Person (other than a Subsidiary of the Company in a transaction which complies

with Section 11(o) hereof), (ii) merge with or into any other Person (other than a Subsidiary of the Company in a transaction which complies with Section 11(o) hereof), or (iii) sell or transfer (or permit any Subsidiary to sell or transfer), in one transaction, or a series of related transactions, assets, cash flow or earning power aggregating more than 50% of the assets or earning power of the Company and its Subsidiaries (taken as a whole) to any other Person or Persons (other than the Company and/or any of its Subsidiaries in one or more transactions each of which complies with Section 11(o) hereof), if at the time of or immediately after such consolidation, merger or sale there are any rights, warrants or other instruments or securities outstanding or agreements in effect which would substantially diminish or otherwise eliminate the benefits intended to be afforded by the Rights.

(o)The Company covenants and agrees that, after the Distribution Date, it will not, except as permitted by Section 23 or Section 26 hereof, take (or permit any Subsidiary to take) any action if at the time such action is taken it is reasonably foreseeable that such action will diminish substantially or otherwise eliminate the benefits intended to be afforded by the Rights.

(p)Anything in this Agreement to the contrary notwithstanding, in the event that the Company shall at anytime after the Rights Dividend Declaration Date and prior to the Distribution Date (i) declare a dividend on the outstanding shares of Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding shares of Common Stock, or (iii) combine or consolidate the outstanding shares of Common Stock into a smaller number of shares, the number of Rights associated with each share of Common Stock then outstanding, or issued or delivered thereafter but prior to the Distribution Date, shall be proportionately adjusted so that the number of Rights thereafter associated with each share of Common Stock following any such event shall equal the result obtained by multiplying the number of Rights associated with each share of Common Stock immediately prior to such event by a fraction the numerator which shall be the total number of shares of Common Stock outstanding immediately prior to the occurrence of the event and the denominator of which shall be the total number of shares of Common Stock outstanding immediately following the occurrence of such event.

Section 12.Certificate of Adjusted Purchase Price or Number of Shares. Whenever an adjustment is made as provided in Section 11 hereof, the Company shall (a) promptly prepare a certificate setting forth such adjustment and a brief statement of the facts accounting for such adjustment, (b) promptly file with the Rights Agent, and with each transfer agent for the Preferred Stock and the Common Stock, a copy of such certificate, and (c) mail a brief summary thereof to each holder of a Rights Certificate (or, if prior to the Distribution Date, to each holder of a certificate representing shares of Common Stock) in accordance with Section 25 hereof. The Rights Agent shall be fully protected in relying on any such certificate and on any adjustment therein contained.

Section 13.[Reserved].

Section 14.Fractional Rights and Fractional Shares.

(a)The Company shall not be required to issue fractions of Rights, except prior to the Distribution Date as provided in Section 11(p) hereof, or to distribute Rights Certificates which evidence fractional Rights. In lieu of such fractional Rights, there shall be paid to the registered holders of the Rights Certificates with regard to which such fractional Rights would otherwise be issuable, an amount in cash equal to the same fraction of the current market value of a whole Right. For purposes of this Section 14(a), the current market value of a whole Right shall be the closing price of the Rights for the Trading Day immediately prior to the date on which such fractional Rights would have been otherwise issuable. The closing price of the Rights for any day shall be the last sale price, regular way, or, in case no such sale takes place on such day, the average of the closing bid and asked prices, regular way, in either case as reported in the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on the New York Stock Exchange or, if the Rights are not listed or admitted to trading on the New York Stock Exchange, as reported in the principal consolidated transaction reporting system with respect to securities listed on the principal national securities exchange on which the Rights are listed or admitted to trading, or if the Rights are not listed or admitted to trading on any national securities exchange, the last quoted price or, if not so quoted, the average of the high bid and low asked prices in the over-the-counter market, as reported by NASDAQ or such system then in use or, if on any such date the Rights are not quoted by any such organization, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the Rights selected by the Board of Directors of the Company. If on any such date no such market maker

is making a market in the Rights the fair value of the Rights on such date as determined in good faith by the Board of Directors of the Company shall be used.

(b)The Company shall not be required to issue fractions of shares of Preferred Stock (other than fractions which are integral multiples of one one-thousandth of a share of Preferred Stock) upon exercise of the Rights or to distribute certificates which evidence fractional shares of Preferred Stock (other than fractions which are integral multiples of one one-thousandth of a share of Preferred Stock). In lieu of fractional shares of Preferred Stock that are not integral multiples of one one-thousandth of a share of Preferred Stock, the Company may pay to the registered holders of Rights Certificates at the time such Rights are exercised as herein provided an amount in cash equal to the same fraction of the current market value of one one-thousandth of a share of Preferred Stock. For purposes of this Section 14(b), the current market value of one one-thousandth of a share of Preferred Stock shall be one one-thousandth of the closing price of a share of Preferred Stock (as determined pursuant to Section 11(d)(ii) hereof) for the Trading Day immediately prior to the date of such exercise.

(c)Following the occurrence of a Triggering Event, the Company shall not be required to issue fractions of shares of Common Stock upon exercise of the Rights or to distribute certificates which evidence fractional shares of Common Stock. In lieu of fractional shares of Common Stock, the Company may pay to the registered holders of Rights Certificates at the time such Rights are exercised as herein provided an amount in cash equal to the same fraction of the current market value of one (1) share of Common Stock. For purposes of this Section 14(c), the current market value of one (1) share of Common Stock shall be the closing price of one (1) share of Common Stock (as determined pursuant to Section 11(d)(i) hereof) for the Trading Day immediately prior to the date of such exercise.

(d)The holder of a Right by the acceptance of the Rights expressly waives his or her right to receive any fractional Rights or any fractional shares upon exercise of a Right, except as permitted by this Section 14.

Section 15.Rights of Action. All rights of action in respect of this Agreement, except the rights of action that are given to the Rights Agent under Section 18 hereof, are vested in the respective registered holders of the Rights Certificates (and, prior to the Distribution Date, the registered holders of the Common Stock); and any registered holder of any Rights Certificate (or, prior to the Distribution Date, of the Common Stock), without the consent of the Rights Agent or of the holder of any other Rights Certificate (or, prior to the Distribution Date, of the Common Stock), may, in such holder's own behalf and for such holder's own benefit, enforce, and may institute and maintain any suit, action or proceeding against the Company to enforce, or otherwise act in respect of, such holder's right to exercise the Rights evidenced by such Rights Certificate in the manner provided in such Rights Certificate and in this Agreement. Without limiting the foregoing or any remedies available to the holders of Rights, it is specifically acknowledged that the holders of Rights would not have an adequate remedy at law for any breach of this Agreement and shall be entitled to specific performance of the obligations hereunder and injunctive relief against actual or threatened violations of the obligations hereunder of any Person subject to this Agreement.

Section 16.Agreement of Rights Holders. Every holder of a Right by accepting the same consents and agrees with the Company and the Rights Agent and with every other holder of a Right that:

(a)prior to the Distribution Date, the Rights will be transferable only in connection with the transfer of Common Stock;

(b)after the Distribution Date, the Rights Certificates are transferable only on the registry books of the Rights Agent if surrendered at the principal office or offices of the Rights Agent designated for such purposes, duly endorsed or accompanied by a proper instrument of transfer and with the appropriate forms and certificates fully executed;

(c)subject to Section 6(a) and Section 7(f) hereof, the Company and the Rights Agent may deem and treat the Person in whose name a Rights Certificate (or, prior to the Distribution Date, the associated Common Stock certificate) is registered as the absolute owner thereof and of the Rights evidenced thereby (notwithstanding any notations of ownership or writing on the Rights Certificates or the associated Common Stock certificate made by anyone other than the Company or the Rights Agent) for all purposes whatsoever, and neither the

Company nor the Rights Agent, subject to the last sentence of Section 7(e) hereof, shall be required to be affected by any notice to the contrary; and

(d) notwithstanding anything in this Agreement to the contrary, neither the Company nor the Rights Agent shall have any liability to any holder of a Right or other Person as a result of its inability to perform any of its obligations under this Agreement by reason of any preliminary or permanent injunction or other order, decree or ruling issued by a court of competent jurisdiction or by a governmental, regulatory or administrative agency or commission, or any statute, rule, regulation or executive order promulgated or enacted by any governmental authority, prohibiting or otherwise restraining performance of such obligation; provided, however, the Company must use its best efforts to have any such order, decree or ruling lifted or otherwise overturned as soon as possible.

Section 17. Rights Certificate Holder Not Deemed a Stockholder. No holder, as such, of any Rights Certificate shall be entitled to vote, receive dividends or be deemed for any purpose the holder of the number of one one-thousandth of a share of Preferred Stock or any other securities of the Company which may at any time be issuable on the exercise of the Rights represented thereby, nor shall anything contained herein or in any Rights Certificate be construed to confer upon the holder of any Rights Certificate, as such, any of the rights of a stockholder of the Company or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action, or to receive notice of meetings or other actions affecting stockholders (except as provided in Section 24 hereof), or to receive dividends or subscription rights, or otherwise, until the Right or Rights evidenced by such Rights Certificate shall have been exercised in accordance with the provisions hereof.

Section 18. Concerning the Rights Agent.

(a) The Company agrees to pay to the Rights Agent reasonable compensation for all services rendered by it hereunder and, from time to time, on demand of the Rights Agent, its reasonable expenses and counsel fees and disbursements and other disbursements incurred in the administration and execution of this Agreement and the exercise and performance of its duties hereunder. The Company also agrees to indemnify the Rights Agent for, and to hold it harmless against, any loss, liability, or expense, incurred without gross negligence, bad faith or willful misconduct on the part of the Rights Agent, for anything done or omitted by the Rights Agent in connection with the acceptance and administration of this Agreement, including the costs and expenses of defending against any claim of liability in the premises. In no case shall the Rights Agent be liable for special, indirect, incidental or consequential loss or damage.

(b) The Rights Agent shall be protected and shall incur no liability for or in respect of any action taken, suffered or omitted by it in connection with its administration of this Agreement in reliance upon any Rights Certificate or certificate for Common Stock or for other securities of the Company, instrument of assignment or transfer, power of attorney, endorsement, affidavit, letter, notice, direction, consent, certificate, statement, or other paper or document believed by it to be genuine and to be signed, executed and, where necessary, verified or acknowledged, by the proper Person or Persons.

Section 19. Merger or Consolidation or Change of Name of Rights Agent.

(a) Any corporation into which the Rights Agent or any successor Rights Agent may be merged, converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Rights Agent or any successor Rights Agent shall be a party, or any corporation succeeding to the corporate trust, stock transfer or other shareholder services business of the Rights Agent or any successor Rights Agent, shall be the successor to the Rights Agent under this Agreement without the execution or filing of any paper or any further act on the part of any of the parties hereto; but only if such corporation would be eligible for appointment as a successor Rights Agent under the provisions of Section 21 hereof. In case at the time such successor Rights Agent shall succeed to the agency created by this Agreement, any of the Rights Certificates shall have been countersigned but not delivered, any such successor Rights Agent may adopt the countersignature of a predecessor Rights Agent and deliver such Rights Certificates so countersigned; and in case at that time any of the Rights Certificates shall not have been countersigned, any successor Rights Agent may countersign such Rights

Certificates either in the name of the predecessor or in the name of the successor Rights Agent; and in all such cases such Rights Certificates shall have the full force provided in the Rights Certificates and in this Agreement.

(b) In case at any time the name of the Rights Agent shall be changed and at such time any of the Rights Certificates shall have been countersigned but not delivered, the Rights Agent may adopt the countersignature under its prior name and deliver Rights Certificates so countersigned; and in case at that time any of the Rights Certificates shall not have been countersigned, the Rights Agent may countersign such Rights Certificates either in its prior name or in its changed name; and in all such cases such Rights Certificates shall have the full force provided in the Rights Certificates and in this Agreement.

Section 20. Duties of Rights Agent. The Rights Agent undertakes the duties and obligations imposed by this Agreement upon the following terms and conditions, by all of which the Company and the holders of Rights Certificates, by their acceptance thereof, shall be bound:

(a) The Rights Agent may consult with legal counsel (who may be legal counsel for the Company), and the advice of such counsel shall be full and complete authorization and protection to the Rights Agent as to any action taken or omitted by it in good faith and in accordance with such opinion.

(b) Whenever in the performance of its duties under this Agreement the Rights Agent shall deem it necessary or desirable that any fact or matter (including, without limitation, the identity of any Acquiring Person and the determination of Current Market Price) be proved or established by the Company prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a certificate signed by the Chairman of the Board, the Vice Chairman, the Chief Executive Officer, the President, any Vice President, the Treasurer, any Assistant Treasurer, the Secretary or any Assistant Secretary of the Company and delivered to the Rights Agent; and such certificate shall be full authorization to the Rights Agent for any action taken or suffered in good faith by it under the provisions of this Agreement in reliance upon such certificate.

(c) The Rights Agent shall be liable hereunder only for its own gross negligence, bad faith or willful misconduct.

(d) The Rights Agent shall not be liable for or by reason of any of the statements of fact or recitals contained in this Agreement or in the Rights Certificates or be required to verify the same (except as to its countersignature on such Rights Certificates), but all such statements and recitals are and shall be deemed to have been made by the Company only.

(e) The Rights Agent shall not be under any responsibility in respect of the validity of this Agreement or the execution and delivery hereof (except the due execution hereof by the Rights Agent) or in respect of the validity or execution of any Rights Certificate (except its countersignature thereof); nor shall it be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Rights Certificate; nor shall it be responsible for any adjustment required under the provisions of Section 11 hereof or responsible for the manner, method or amount of any such adjustment or the ascertaining of the existence of facts that would require any such adjustment (except with respect to the exercise of Rights evidenced by Rights Certificates after actual notice of any such adjustment); nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any shares of Common Stock or Preferred Stock to be issued pursuant to this Agreement or any Rights Certificate or as to whether any shares of Common Stock or Preferred Stock will, when so issued, be validly authorized and issued, fully paid and nonassessable.

(f) The Company agrees that it will perform, execute, acknowledge and deliver or cause to be performed, executed, acknowledged and delivered all such further and other acts, instruments and assurances as may reasonably be required by the Rights Agent for the carrying out or performing by the Rights Agent of the provisions of this Agreement.

(g) The Rights Agent is hereby authorized and directed to accept instructions with respect to the performance of its duties hereunder from the Chairman of the Board, the Vice Chairman, the Chief Executive Officer, the President, any Vice President, the Secretary, any Assistant Secretary, the Treasurer or any Assistant Treasurer of the Company, and to apply to such officers for advice or instructions in connection with its duties, and

it shall not be liable for any action taken or suffered to be taken by it in good faith in accordance with instructions of any such officer.

(h)The Rights Agent and any stockholder, director, officer or employee of the Rights Agent may buy, sell or deal in any of the Rights or other securities of the Company or become pecuniarily interested in any transaction in which the Company may be interested, or contract with or lend money to the Company or otherwise act as fully and freely as though it were not Rights Agent under this Agreement. Nothing herein shall preclude the Rights Agent from acting in any other capacity for the Company or for any other legal entity.

(i)The Rights Agent may execute and exercise any of the rights or powers hereby vested in it or perform any duty hereunder either itself or by or through its attorneys or agents, and the Rights Agent shall not be answerable or accountable for any act, default, neglect or misconduct of any such attorneys or agents or for any loss to the Company resulting from any such act, default, neglect or misconduct; provided, however, reasonable care was exercised in the selection and continued employment thereof.

(j)No provision of this Agreement shall require the Rights Agent to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder or in the exercise of its rights if there shall be reasonable grounds for believing that repayment of such funds or adequate indemnification against such risk or liability is not reasonably assured to it.

(k)If, with respect to any Rights Certificate surrendered to the Rights Agent for exercise or transfer, the certificate attached to the form of assignment or form of election to purchase, as the case may be, has either not been completed or indicates an affirmative response to clause 1 and/or 2 thereof, the Rights Agent shall not take any further action with respect to such requested exercise of transfer without first consulting with the Company.

Section 21. Change of Rights Agent. The Rights Agent or any successor Rights Agent may resign and be discharged from its duties under this Agreement upon thirty (30) days' notice in writing mailed to the Company, and to each transfer agent of the Common Stock and Preferred Stock, by registered or certified mail, and, if such resignation occurs after the Distribution Date, to the registered holders of the Rights Certificates by first-class mail. The Company may, in its sole discretion, remove the Rights Agent or any successor Rights Agent upon thirty (30) days' notice in writing, mailed to the Rights Agent or successor Rights Agent, as the case may be, and to each transfer agent of the Common Stock and Preferred Stock, by registered or certified mail, and, if such resignation occurs after the Distribution Date, to the holders of the Rights Certificates by first-class mail. If the Rights Agent shall resign or be removed or shall otherwise become incapable of acting, the Company shall appoint a successor to the Rights Agent. If the Company shall fail to make such appointment within a period of thirty (30) days after giving notice of such removal or after it has been notified in writing of such resignation or incapacity by the resigning or incapacitated Rights Agent or by the holder of a Rights Certificate (who shall, with such notice, submit his Rights Certificate for inspection by the Company), then any registered holder of any Rights Certificate may apply to any court of competent jurisdiction for the appointment of a new Rights Agent. Any successor Rights Agent, whether appointed by the Company or by such a court, shall be either (a) a legal business entity organized and doing business under the laws of the United States or of any state of the United States, in good standing, which is authorized under such laws to exercise corporate trust powers and is subject to supervision or examination by federal or state authority and which has at the time of its appointment as Rights Agent a combined capital and surplus of at least \$100,000,000 or (b) an Affiliate of a legal business entity described in clause (a) of this sentence. After appointment, the successor Rights Agent shall be vested with the same powers, rights, duties and responsibilities as if it had been originally named as Rights Agent without further act or deed; but the predecessor Rights Agent shall deliver and transfer to the successor Rights Agent any property at the time held by it hereunder, and execute and deliver any further assurance, conveyance, act or deed necessary for the purpose. Not later than the effective date of any such appointment, the Company shall file notice thereof in writing with the predecessor Rights Agent and each transfer agent of the Common Stock and the Preferred Stock, and, if such appointment occurs after the Distribution Date, mail a notice thereof in writing to the registered holders of the Rights Certificates. Failure to give any notice provided for in this Section 21, however, or any defect therein, shall not affect the legality or validity of the resignation or removal of the Rights Agent or the appointment of the successor Rights Agent, as the case may be.

Section 22. Issuance of New Rights Certificates. Notwithstanding any of the provisions of this Agreement or of the Rights to the contrary, the Company may, at its option, issue new Rights Certificates evidencing Rights in such form as may be approved by its Board of Directors to reflect any adjustment or change in the Purchase Price and the number or kind or class of shares or other securities or property purchasable under the Rights Certificates made in accordance with the provisions of this Agreement. In addition, in connection with the issuance or sale of shares of Common Stock following the Distribution Date and prior to the redemption or expiration of the Rights, the Company (a) shall, with respect to shares of Common Stock so issued or sold pursuant to the exercise of stock options or under any employee plan or arrangement, granted or awarded as of the Distribution Date, or upon the exercise, conversion or exchange of securities hereinafter issued by the Company, and (b) may, in any other case, if deemed necessary or appropriate by the Board of Directors of the Company, issue Rights Certificates representing the appropriate number of Rights in connection with such issuance or sale; provided, however, that (i) no such Rights Certificate shall be issued if, and to the extent that, the Company shall be advised by counsel that such issuance would create a significant risk of material adverse tax consequences to the Company or the Person to whom such Rights Certificate would be issued, and (ii) no such Rights Certificate shall be issued if, and to the extent that, appropriate adjustment shall otherwise have been made in lieu of the issuance thereof.

Section 23. Redemption and Termination.

(a) The Board of Directors may, at its option, at any time prior to the close of business on the tenth day after any Person becomes an Acquiring Person, redeem all but not less than all of the then outstanding Rights at a redemption price of \$0.001 per Right, subject to adjustment as provided in Section 23(c) hereof (the "Redemption Price"). The redemption of the Rights by the Board of Directors may be made effective at such time after the Board of Directors' action to redeem the Rights on such basis and subject to such conditions, as the Board of Directors, in its sole and absolute discretion, may establish.

(b) Without any further action and without any notice, the right to exercise the Rights will terminate effective at the time so designated by action of the Board of Directors ordering the redemption of the Rights and the only right thereafter of the holders of Rights shall be to receive the Redemption Price. Within ten (10) days after the effective time of the action of the Board of Directors ordering the redemption of the Rights, the Company shall give notice of such redemption to the holders of the then outstanding Rights by mailing such notice to all such holders at their last addresses as they appear upon the registry books of the Rights Agent or, prior to the Distribution Date, on the registry books of the transfer agent for the Common Stock; provided, however, that the failure to give, or any defect in, any such notice shall not affect the validity of such redemption. Any notice which is mailed in the manner herein provided shall be deemed given, whether or not the holder receives the notice. Each notice of redemption will state the method by which the payment of the Redemption Price will be made. At the option of the Board of Directors, the Redemption Price may be paid in cash to each Rights holder or by the issuance of shares (and, at the Company's election pursuant to Section 14(b) hereof, cash in lieu of fractions of shares other than fractions which are integral multiples of one one-thousandth of a share of Preferred Stock or Common Stock having an aggregate Current Market Price equal to such cash payment.

(c) In the event the Company shall at any time after the date of this Agreement but before such time as any Person becomes an Acquiring Person (i) pay any dividend on Common Stock in shares of Common Stock, (ii) subdivide or split the outstanding shares of Common Stock into a greater number of shares or (iii) combine or consolidate the outstanding shares of Common Stock into a smaller number of shares or effect a reverse split of the outstanding shares of Common Stock and as a consequence thereof the number of Rights outstanding shall change, then, and in each such event, the Redemption Price may, by action of the Board of Directors in its discretion, be appropriately adjusted in respect of such transaction so as to maintain the aggregate Redemption Price of all Rights after such transaction at the same amount, insofar as practicable, as before the transaction.

Section 24. Notice of Certain Events.

(a) In case the Company shall propose, at any time after the Distribution Date, (i) to pay any dividend payable in stock of any class to the holders of Preferred Stock or to make any other distribution to the holders of Preferred Stock (other than a regular quarterly cash dividend out of earnings or retained earnings of the

Company), or (ii) to offer to the holders of Preferred Stock rights or warrants to subscribe for or to purchase any additional shares of Preferred Stock or shares of stock of any class or any other securities, rights or options, or (iii) to effect any reclassification of its Preferred Stock (other than a reclassification involving only the subdivision of outstanding shares of Preferred Stock), or (iv) to effect any consolidation or merger into or with any other Person (other than a Subsidiary of the Company in a transaction which complies with Section 11(o) hereof), or to effect any sale or other transfer (or to permit one or more of its Subsidiaries to effect any sale or other transfer), in one transaction or a series of related transactions, of more than 50% of the assets, cash flow or earning power of the Company and its Subsidiaries (taken as a whole) to any other Person or Persons (other than the Company and/or any of its Subsidiaries in one or more transactions each of which complies with Section 11(o) hereof), or (v) to effect the liquidation, dissolution or winding up of the Company, then, in each such case, the Company shall give to each holder of a Rights Certificate, to the extent feasible and in accordance with Section 25 hereof, a notice of such proposed action, which shall specify the record date for the purposes of such stock dividend, distribution of rights or warrants, or the date on which such reclassification, consolidation, merger, sale, transfer, liquidation, dissolution, or winding up is to take place and the date of participation therein by the holders of the shares of Preferred Stock, if any such date is to be fixed, and such notice shall be so given in the case of any action covered by clause (i) or (ii) above at least twenty (20) days prior to the record date for determining holders of the shares of Preferred Stock for purposes of such action, and in the case of any such other action, at least twenty (20) days prior to the date of the taking of such proposed action or the date of participation therein by the holders of the shares of Preferred Stock, whichever shall be the earlier.

(b) In case any of the events set forth in Section 11(a)(ii) hereof shall occur, then, in any such case, (i) the Company shall as soon as practicable thereafter give to each holder of a Rights Certificate, to the extent feasible and in accordance with Section 25 hereof, a notice of the occurrence of such event, which shall specify the event and the consequences of the event to holders of Rights under Section 11(a)(ii) hereof, and (ii) all references in the preceding paragraph to Preferred Stock shall be deemed thereafter to refer to Common Stock and/or, if appropriate, other securities.

Section 25. Notices. Notices or demands authorized by this Agreement to be given or made by the Company or the Rights Agent to the holder of any Rights Certificate (or, if prior to the Distribution Date, to the holder of certificates representing shares of Common Stock) shall be sufficiently given or made if sent by first-class mail, postage prepaid, addressed to such holder at the address of such holder as shown on the registry books of the Company.

Section 26. Supplements and Amendments. For as long as the Rights are then redeemable, the Company (at the direction of the Board of Directors) may, and the Rights Agent shall if the Company so directs, supplement or amend any provision of this Agreement without the approval of any holders of the Rights. At any time when the Rights are not then redeemable, the Company (at the direction of the Board of Directors) may, and the Rights Agent shall if the Company so directs, supplement or amend this Agreement without the approval of any holders of Rights, provided that no such supplement or amendment may (a) adversely affect the interests of the holders of Rights as such (other than an Acquiring Person or any other Person in whose hands Rights are null and void under the provisions of Section 7(e) hereof), (b) cause this Agreement again to become amendable other than in accordance with this sentence or (c) cause the Rights again to become redeemable. Notwithstanding anything contained in this Agreement to the contrary, no supplement or amendment shall be made which changes the Redemption Price. Upon the delivery of a certificate from an appropriate officer of the Company which states that the proposed supplement or amendment is in compliance with the terms of this Section 26, the Rights Agent shall execute such supplement or amendment and, subject to the last sentence of this Section 26, such amendment shall become effective immediately upon execution by the Company, whether or not also executed by the Rights Agent. Notwithstanding anything contained in this Agreement to the contrary, the Rights Agent may, but shall not be obligated to, enter into any supplement or amendment that affects the Rights Agent's own rights, duties, obligations or immunities under this Agreement.

Section 27. Exchange.

(a) The Board of Directors may, at its option, at any time after any Person becomes an Acquiring Person, exchange all or part of the then outstanding Rights (which shall not include Rights that have become null and void pursuant to the provisions of Section 7(e) hereof) by exchanging for each such Right one share of Common Stock of the Company, appropriately adjusted to reflect any stock split, stock dividend or similar transaction occurring after the date hereof (such number of shares of Common Stock per Right being hereinafter referred to as the "Exchange Ratio"); provided, however, that in connection with any exchange effected pursuant to this Section 27, the Board of Directors may (but shall not be required to) determine that a holder of Rights shall not be entitled to receive shares of Common Stock that would result in such holder, together with such holder's Affiliates and Associates, becoming the Beneficial Owner of more than 4.9% of the shares of Stock then-outstanding (treating all shares of Stock as a single class). If a holder would, but for the proviso set forth in the previous sentence, be entitled to receive a number of shares under this subsection (a) that would otherwise result in such holder, together with such holder's Affiliates and Associates, becoming the Beneficial Owner of shares of stock in excess of 4.9% of

Table of Contents

the shares of Stock then-outstanding (such shares, the “Excess Exchange Shares”), in lieu of receiving such Excess Exchange Shares, such holder will be entitled to receive an amount in (1) cash, (2) debt securities of the Company, (3) other assets, or (4) any combination of the foregoing, having an aggregate value equal to the Current Market Price per share of the Common Stock on the date of the occurrence of a Triggering Event multiplied by the number of Excess Exchange Shares that would otherwise have been issuable to such holder. The exchange of the Rights by the Board of Directors may be made effective at such time, on such basis and with such conditions as the Board of Directors in its sole discretion may establish. Prior to effecting an exchange pursuant to this Section 27, the Board of Directors may direct the Company to enter into a Trust Agreement in such form and with such terms as the Board of Directors shall then approve (the “Trust Agreement”). If the Board of Directors so directs, the Company shall enter into the Trust Agreement and shall issue to the trust created by such agreement (the “Trust”) all of the shares of Common Stock issuable pursuant to the exchange, and all Persons entitled to receive shares pursuant to the exchange shall be entitled to receive such shares (and any dividends or distributions made thereon after the date on which such shares are deposited in the Trust) only from the Trust and solely upon compliance with the relevant terms and provisions of the Trust Agreement. Notwithstanding the foregoing, the Board of Directors shall not be empowered to effect such exchange at any time after any Person (other than an Exempt Person), together with all Affiliates and Associates of such Person, becomes the Beneficial Owner of fifty percent (50%) or more of the Common Stock then outstanding.

(b) Immediately upon the action of the Board of Directors ordering the exchange of any Rights pursuant to Section 27(a) and without any further action and without any notice, the right to exercise such Rights shall terminate and the only right thereafter of a holder of such Rights shall be to receive that number of shares of Common Stock equal to the number of such Rights held by such holder multiplied by the Exchange Ratio. The Company shall promptly give public notice of any such exchange; provided, however, that the failure to give, or any defect in, such notice shall not affect the validity of such exchange. The Company promptly shall mail a notice of any such exchange to all of the holders of such Rights at their last addresses as they appear upon the registry books of the Rights Agent. Any notice which is mailed in the manner herein provided shall be deemed given, whether or not the holder receives the notice. Each such notice of exchange will state the method by which the exchange of the shares of Common Stock for Rights will be effected and, in the event of any partial exchange, the number of Rights which will be exchanged. Any partial exchange shall be effected pro rata based on the number of Rights (other than Rights which have become null and void pursuant to the provisions of Section 7(e) hereof) held by each holder of Rights.

(c) In the event that there shall not be sufficient shares of Common Stock issued but not outstanding or authorized but unissued to permit any exchange of Rights as contemplated in accordance with this Section 27, the Company shall make adequate provisions to substitute to the extent of such insufficiency, for each share of Common Stock that would otherwise be issuable upon exchange of a Right, a number of shares of Preferred Stock or fractions thereof having an aggregate value equal the then Current Market Price per share of the Common Stock (determined pursuant to Section 11(d) hereof) multiplied by the Exchange Ratio, provided, however, the Board of Directors may (but shall not be required to) determine that a holder of Rights shall not be entitled to receive shares of Preferred Stock that would result in such holder, together with such holder's Affiliates and Associates, becoming the Beneficial Owner of more than 4.9% of the Preferred Stock to be then-outstanding. If a holder would, but for the previous sentence, be entitled to receive a number of shares of Preferred Stock that would otherwise result in such holder, together with such holder's Affiliates and Associates, becoming the Beneficial Owner of in excess of 4.9% of the Preferred Stock to be then-outstanding (such shares, the “Excess Preferred Shares”), in lieu of receiving such Excess Preferred Shares, such holder will be entitled to receive an amount in (1) cash, (2) debt securities of the Company, (3) other assets, or (4) any combination of the foregoing, having an aggregate value equal to the Current Market Price per share of the Common Stock on the date of the occurrence of a Triggering Event multiplied by the number of Excess Preferred Shares that would otherwise have been issuable to such holder.

(d) The Company shall not be required to issue fractions of shares of Common Stock or to distribute certificates which evidence fractional shares. In lieu of such fractional shares, the Company shall pay to

Table of Contents

the registered holders of the Right Certificates with regard to which such fractional shares of Common Stock would otherwise be issuable an amount in cash equal to the same fraction of the current market value of a whole share of Common Stock. For the purposes of this Section 27(d), the current market value of a whole share of Common Stock shall be the closing price of a share of Common Stock for the Trading Day immediately prior to the date of exchange pursuant to this Section 27.

Section 28.Successors. All the covenants and provisions of this Agreement by or for the benefit of the Company or the Rights Agent shall bind and inure to the benefit of their respective successors and assigns hereunder.

Section 29.Determinations and Actions by the Board of Directors, etc. For all purposes of this Agreement, any calculation of the number of shares of Common Stock outstanding at any particular time, including for purposes of determining the particular percentage of such outstanding shares of Common Stock of which any Person is the Beneficial Owner, shall be made in accordance with the last sentence of Rule 13d-3(d)(1)(i) of the General Rules and Regulations under the Exchange Act. The Board of Directors of the Company (with, where specifically provided for herein, the concurrence of a majority of the members of the Board of Directors of the Company) shall have the exclusive power and authority to administer this Agreement and to exercise all rights and powers specifically granted to the Board (with, where specifically provided for herein, the concurrence of a majority of the members of the Board of Directors of the Company) or to the Company, or as may be necessary or advisable in the administration of this Agreement, including, without limitation, the right and power to (i) interpret the provisions of this Agreement, and (ii) make all determinations deemed necessary or advisable for the administration of this Agreement (including a determination to redeem or not redeem the Rights or to amend the Agreement). All such actions, calculations, interpretations and determinations (including, for purposes of clause (y) below, all omissions with respect to the foregoing) which are done or made by the Board (with, where specifically provided for herein, the concurrence of a majority of the members of the Board of Directors of the Company) in good faith, shall be final, conclusive and binding on the Company, the Rights Agent, the holders of the Rights and all other parties.

Section 30.Benefits of this Agreement. Nothing in this Agreement shall be construed to give to any Person other than the Company, the Rights Agent and the registered holders of the Rights Certificates (and, prior to the Distribution Date, registered holders of the Common Stock) any legal or equitable right, remedy or claim under this Agreement; but this Agreement shall be for the sole and exclusive benefit of the Company, the Rights Agent and the registered holders of the Rights Certificates (and, prior to the Distribution Date, registered holders of the Common Stock).

Section 31.Severability. If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction or other authority to be invalid, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated; provided, however, that notwithstanding anything in this Agreement to the contrary, if any such term, provision, covenant or restriction is held by such court or authority to be invalid, void or unenforceable and the Board of Directors of the Company determines in its good faith judgment that severing the invalid language from this Agreement would adversely affect the purpose or effect of this Agreement, the right of redemption set forth in Section 23 hereof shall be reinstated and shall not expire until the close of business on the twentieth day following the date of such determination by the Board of Directors.

Section 32.Governing Law. This Agreement, each Right and each Rights Certificate issued hereunder shall be deemed to be a contract made under the laws of the State of Delaware and for all purposes shall be governed by and construed in accordance with the laws of such state applicable to contracts made and to be performed entirely within such state.

Section 33.Counterparts. This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument.

Section 34.Descriptive Headings. Descriptive headings of the several sections of this Agreement are inserted for convenience only and shall not control or affect the meaning or construction of any of the provisions hereof.

Vonage Holdings Corp., a corporation organized and existing under the General Corporation Law of the State of Delaware (hereinafter called the "Corporation"), hereby certifies that the following resolution was adopted by the Board of Directors of the Corporation as required by Section 151 of the General Corporation Law at a meeting duly held and called on June 7, 2012:

RESOLVED, that pursuant to the authority expressly vested in the Board of Directors of the Corporation by its Restated Certificate of Incorporation of the Corporation, the Board of Directors duly adopted the following resolutions:

RESOLVED, that, pursuant to Article IV of the Corporation's Restated Certificate of Incorporation (which authorizes 5,000,000 shares of preferred stock, par value \$0.001 per share ("Preferred Stock")), the Board of Directors hereby, creates a series of Preferred Stock designated Series A Participating Preferred Stock ("Series A Participating Preferred Stock") and fixes the powers, designations, preferences and relative, participating, optional and other special rights, and the qualifications, limitations and restrictions, of such series of Preferred Stock as follows:

RESOLVED, that each share of such series of Preferred Stock shall rank equally in all respects and shall be subject to the following provisions:

1.Designation and Amount. The shares of such series shall be designated as "Series A Participating Preferred Stock" and the number of shares constituting such series shall be 250,000.

2.Dividends and Distributions.

(a)Subject to the rights of the holders of any shares of any series of preferred stock of the Corporation ranking prior and superior to the Series A Participating Preferred Stock with respect to dividends, the holders of shares of Series A Participating Preferred Stock shall be entitled to receive, when, as and if declared by the Board of Directors out of funds legally available for the purpose, quarterly dividends payable in cash on the last day of March, June, September and December in each year (each such date being referred to herein as a "Quarterly Dividend Payment Date"), commencing on the first Quarterly Dividend Payment Date after the first issuance of a share or fraction of a share of Series A Participating Preferred Stock, in an amount per share (rounded to the nearest cent) equal to (subject to the provision for adjustment hereinafter set forth), 1000 times the aggregate per share amount of all cash dividends, and 1000 times the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions other than a dividend payable in shares of Common Stock, par value \$0.001 per share (the "Common Stock"), of the Corporation or a subdivision of the outstanding shares of Common Stock (by reclassification or otherwise), declared on the Common Stock since the immediately preceding Quarterly Dividend Payment Date, or, with respect to the first Quarterly Dividend Payment Date, since the first issuance of any share or fraction of a share of Series A Participating Preferred Stock. In the event the Corporation shall at any time after June 7, 2012 (the "Rights Declaration Date") (i) declare any dividend on Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding Common Stock, or (iii) combine the outstanding Common Stock into a smaller number of shares, then in each such case the amount to which holders of shares of Series A Participating Preferred Stock were entitled immediately prior to such event shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(b)The Corporation shall declare a dividend or distribution on the outstanding shares of Series A Participating Preferred Stock as provided in Paragraph (a) above immediately after it declares a dividend or distribution on the Common Stock (other than a dividend payable in shares of Common Stock).

(c)Dividends shall begin to accrue and be cumulative on outstanding shares of Series A Participating Preferred Stock from the Quarterly Dividend Payment Date next preceding the date of issue of such shares of Series A Participating Preferred Stock, unless the date of issue of such shares is prior to the record date for the first Quarterly Dividend Payment Date, in which case dividends on such shares shall begin to accrue from the date of issue of such shares, or unless the date of issue is a Quarterly Dividend Payment Date or is a date after the

record date for the determination of holders of shares of Series A Participating Preferred Stock entitled to receive a quarterly dividend and before such Quarterly Dividend Payment Date, in either of which events such dividends shall begin to accrue and be cumulative from such Quarterly Dividend Payment Date. Accrued but unpaid dividends shall not bear interest. Dividends paid on the shares of Series A Participating Preferred Stock in an amount less than the total amount of such dividends at the time accrued and payable on such shares shall be allocated pro rata on a share-by-share basis among all such shares at the time outstanding. The Board of Directors may fix a record date for the determination of holders of shares of Series A Participating Preferred Stock entitled to receive payment of a dividend or distribution declared thereon, which record date shall be no more than thirty (30) days prior to the date fixed for the payment thereof.

3. Voting Rights. The holders of shares of Series A Participating Preferred Stock shall have the following voting rights:

(a) Subject to the provision for adjustment hereinafter set forth, each share of Series A Participating Preferred Stock shall entitle the holder thereof to 1000 votes on all matters submitted to a vote of the stockholders of the Corporation. In the event the Corporation shall at any time after the Rights Declaration Date (i) declare any dividend on Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding Common Stock, or (iii) combine the outstanding Common Stock into a smaller number of shares, then in each such case the number of votes per share to which holders of shares of Series A Participating Preferred Stock were entitled immediately prior to such event shall be adjusted by multiplying such number by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(b) Except as otherwise provided in the Restated Certificate of Incorporation, or by law, the holders of shares of Series A Participating Preferred Stock and the holders of shares of Common Stock and any other capital stock of the Corporation having general voting rights shall vote together as one class on all matters submitted to a vote of stockholders of the Corporation.

(c) Except as otherwise required by applicable law or as set forth herein, the shares of Series A Participating Preferred Stock shall not have any relative, participating, optional or other special voting rights and powers and the consent of the holders thereof shall not be required (except to the extent they are entitled to vote with holders of Common Stock as set forth herein) for the taking of any corporate action.

4. Certain Restrictions.

(a) Whenever quarterly dividends or other dividends or distributions payable on the Series A Participating Preferred Stock as provided in Section 2 hereof are in arrears, thereafter and until all accrued and unpaid dividends and distributions, whether or not declared, on shares of Series A Participating Preferred Stock outstanding shall have been paid in full, the Corporation shall not:

(i) declare or pay dividends on, make any other distributions on, or redeem or purchase or otherwise acquire for consideration any shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Participating Preferred Stock;

(ii) declare or pay dividends on or make any other distributions on any shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Participating Preferred Stock, except dividends paid ratably on the Series A Participating Preferred Stock and all such parity stock on which dividends are payable or in arrears in proportion to the total amounts to which the holders of all such shares are then entitled;

(iii) redeem or purchase or otherwise acquire for consideration shares of any stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Participating Preferred Stock, provided that the Corporation may at any time redeem, purchase or otherwise acquire shares of any such parity stock in exchange for shares of any stock of the Corporation ranking junior (either as to dividends or upon dissolution, liquidation or winding up) to the Series A Participating Preferred Stock; or

(iv) purchase or otherwise acquire for consideration any shares of Series A Participating Preferred Stock, or any shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Participating Preferred Stock, except in accordance with a purchase

offer made in writing or by publication (as determined by the Board of Directors) to all holders of such shares upon such terms as the Board of Directors, after consideration of the respective annual dividend rates and other relative rights and preferences of the respective series and classes, shall determine in good faith will result in fair and equitable treatment among the respective series or classes.

(b)The Corporation shall not permit any subsidiary of the Corporation to purchase or otherwise acquire for consideration any shares of stock of the Corporation unless the Corporation could, under Paragraph (a) of this Section 4, purchase or otherwise acquire such shares at such time and in such manner.

5.Reacquired Shares. Any shares of Series A Participating Preferred Stock purchased or otherwise acquired by the Corporation in any manner whatsoever shall be retired and canceled promptly after the acquisition thereof. All such shares shall upon their cancellation become authorized but unissued shares of Preferred Stock and may be reissued as part of a new series of Preferred Stock to be created by resolution or resolutions of the Board of Directors, subject to the conditions and restrictions on issuance set forth herein.

6.Liquidation, Dissolution or Winding Up.

(a)Upon any liquidation (voluntary or otherwise), dissolution or winding up of the Corporation, no distribution shall be made to the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Participating Preferred Stock unless, prior thereto, the holders of shares of Series A Participating Preferred Stock shall have received an amount equal to \$0.001 per share of Series A Participating Preferred Stock, plus an amount equal to accrued and unpaid dividends and distributions thereon, whether or not declared, to the date of such payment (the "Series A Liquidation Preference"). Following the payment of the full amount of the Series A Liquidation Preference, no additional distributions shall be made to the holders of shares of Series A Participating Preferred Stock unless, prior thereto, the holders of shares of Common Stock shall have received an amount per share (the "Common Adjustment") equal to the quotient obtained by dividing (i) the Series A Liquidation Preference by (ii) 1000 (as appropriately adjusted as set forth in subparagraph (c) below to reflect such events as stock splits, stock dividends and recapitalizations with respect to the Common Stock) (such number in clause (ii), the "Adjustment Number"). Following the payment of the full amount of the Series A Liquidation Preference and the Common Adjustment in respect of all outstanding shares of Series A Participating Preferred Stock and Common Stock, respectively, holders of Series A Participating Preferred Stock and holders of shares of Common Stock shall receive their ratable and proportionate share of the remaining assets to be distributed in the ratio of the Adjustment Number to 1 with respect to such Preferred Stock and Common Stock, on a per share basis, respectively.

(b)In the event, however, that there are not sufficient assets available to permit payment in full of the Series A Liquidation Preference and the liquidation preferences of all other series of Preferred Stock, if any, which rank on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Participating Preferred Stock, then such remaining assets shall be distributed ratably to the holders of such parity shares in proportion to their respective liquidation preferences. In the event, however, that there are not sufficient assets available to permit payment in full of the Common Adjustment, then such remaining assets shall be distributed ratably to the holders of Common Stock.

(c)In the event the Corporation shall at any time after the Rights Declaration Date (i) declare any dividend on Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding Common Stock, or (iii) combine the outstanding Common Stock into a smaller number of shares, then in each such case the Adjustment Number in effect immediately prior to such event shall be adjusted by multiplying such Adjustment Number by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

7.Consolidation, Merger, etc. In case the Corporation shall enter into any consolidation, merger, combination or other transaction in which the shares of Common Stock are exchanged for or changed into other stock or securities, cash and/or any other property, then in any such case the shares of Series A Participating Preferred Stock shall at the same time be similarly exchanged or changed in an amount per share (subject to the provision for adjustment hereinafter set forth) equal to 1000 times the aggregate amount of stock, securities, cash

Table of Contents

and/or any other property (payable in kind), as the case may be, into which or for which each share of Common Stock is changed or exchanged. In the event the Corporation shall at any time after the Rights Declaration Date (i) declare any dividend on Common Stock payable in shares of Common Stock, (ii) subdivide the outstanding Common Stock, or (iii) combine the outstanding Common Stock into a smaller number of shares, then in each such case the amount set forth in the preceding sentence with respect to the exchange or change of shares of Series A Participating Preferred Stock shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

8.No Redemption. The shares of Series A Participating Preferred Stock shall not be redeemable.

9.Ranking. Unless otherwise provided in the Restated Certificate of Incorporation of the Corporation, or a certificate of designations relating to a subsequent series of preferred stock of the Corporation, the Series A Participating Preferred Stock shall rank junior to all other series of the Corporation's preferred stock as to the payment of dividends and the distribution of assets on liquidation, dissolution or winding up and senior to the Common Stock.

10.Amendment. The certificate of incorporation of the Corporation shall not be further amended in any manner which would materially alter or change the powers, preferences or special rights of the Series A Participating Preferred Stock so as to affect them adversely without the affirmative vote of the holders of a majority or more of the outstanding shares of Series A Participating Preferred Stock, voting separately as a class.

11.Fractional Shares. Series A Participating Preferred Stock may be issued in fractions of a share which shall entitle the holder, in proportion to such holder's fractional shares, to exercise voting rights, receive dividends, participate in distributions and to have the benefit of all other rights of holders of Series A Participating Preferred Stock.

IN WITNESS WHEREOF, this Certificate of Designation is executed on behalf of the Corporation by its duly authorized officer this 7th day of June 2012.

Upon the occurrence of a Triggering Event (as such term is defined in the Rights Agreement), if the Rights evidenced by this Rights Certificate are beneficially owned by (i) an Acquiring Person or an Affiliate or Associate of any such Acquiring Person (as such terms are defined in the Rights Agreement), (ii) a transferee of any such Acquiring Person, Associate or Affiliate, or (iii) under certain circumstances specified in the Rights Agreement, a transferee of a person who, after such transfer, became an Acquiring Person, or an Affiliate or Associate of an Acquiring Person, such Rights shall become null and void and no holder hereof shall have any right with respect to such Rights from and after the occurrence of such Triggering Event.

As provided in the Rights Agreement, the Purchase Price and the number and kind of shares of Preferred Stock or other securities, which may be purchased upon the exercise of the Rights evidenced by this Rights Certificate are subject to modification and adjustment upon the happening of certain events, including a Triggering Event.

This Rights Certificate is subject to all of the terms, provisions and conditions of the Rights Agreement, which terms, provisions and conditions are hereby incorporated herein by reference and made a part hereof and to which Rights Agreement reference is hereby made for a full description of the rights, limitations of rights, obligations, duties and immunities hereunder of the Rights Agent, the Company and the holders of the Rights Certificates, which limitations of rights include the temporary suspension of the exercisability of such Rights under the specific circumstances set forth in the Rights Agreement. Copies of the Rights Agreement are on file at the above-mentioned office of the Rights Agent and are also available upon written request to the Rights Agent.

This Rights Certificate, with or without other Rights Certificates, upon surrender at the principal office or offices of the Rights Agent designated for such purpose, may be exchanged for another Rights Certificate or Rights Certificates of like tenor and date evidencing Rights entitling the holder to purchase a like aggregate number of one one-thousandth of a share of Preferred Stock as the Rights evidenced by the Rights Certificate or Rights Certificates surrendered shall have entitled such holder to purchase. If this Rights Certificate shall be

exercised in part, the holder shall be entitled to receive upon surrender hereof another Rights Certificate or Rights Certificates for the number of whole Rights not exercised.

Subject to the provisions of the Rights Agreement, the Rights evidenced by this Certificate may be redeemed by the Company at its option at a redemption price of \$0.001 per Right at any time prior to the earlier of the close of business on the tenth day following the Stock Acquisition Date (as such time period may be extended pursuant to the Rights Agreement). In addition, the Rights may be exchanged, in whole or in part, for shares of the Common Stock, shares of preferred stock of the Company having essentially the same value or economic rights as such shares or other consideration as provided by the Rights Agreement. Immediately upon the action of the Board of Directors of the Company authorizing any such exchange, and without any further action or any notice, the Rights (other than Rights which are not subject to such exchange) will terminate and the Rights will only enable holders to receive the shares issuable upon such exchange.

No fractional shares of Preferred Stock will be issued upon the exercise of any Right or Rights evidenced hereby (other than fractions which are integral multiples of one one-thousandth of a share of Preferred Stock, which may, at the election of the Company, be evidenced by depositary receipts), but in lieu thereof a cash payment will be made, as provided in the Rights Agreement.

No holder of this Rights Certificate shall be entitled to vote or receive dividends or be deemed for any purpose the holder of shares of Preferred Stock or of any other securities of the Company which may at any time be issuable on the exercise hereof, nor shall anything contained in the Rights Agreement or herein be construed to confer upon the holder hereof, as such, any of the rights of a stockholder of the Company or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give consent to or withhold consent from any corporate action, or, to receive notice of meetings or other actions affecting stockholders (except as provided in the Rights Agreement), or to receive dividends or subscription rights, or otherwise, until the Right or Rights evidenced by this Rights Certificate shall have been exercised as provided in the Rights Agreement.

This Rights Certificate shall not be valid or obligatory for any purpose until it shall have been countersigned by the Rights Agent.

Exhibit C

SUMMARY OF RIGHTS TO PURCHASE SERIES A PARTICIPATING PREFERRED STOCK AS SET FORTH IN THE RIGHTS AGREEMENT, RIGHTS ISSUED OR TRANSFERRED TO, OR BENEFICIALLY OWNED BY, ANY PERSON WHO IS, WAS OR BECOMES AN ACQUIRING PERSON (AS SUCH TERMS ARE DEFINED IN THE RIGHTS AGREEMENT), WHETHER CURRENTLY BENEFICIALLY OWNED BY OR ON BEHALF OF SUCH PERSON OR BY ANY SUBSEQUENT HOLDER, MAY BE NULL AND VOID.

SUMMARY OF TERMS

TAX BENEFITS PRESERVATION PLAN

Purpose	The purpose of the Tax Benefits Preservation Plan (“Rights Agreement”) described in this summary of terms is to preserve the value of the deferred tax assets (“Tax Benefits”) of Vonage Holdings Corp. (“Vonage”) for U.S. federal income tax purposes. The Board will declare a dividend of one preferred stock purchase right for each outstanding share of common stock, par value \$0.001 per share, of the Company
Form of Security	(“Common Stock”), payable to holders of record as of the close of business on June 18, 2012 (each a “Right” and collectively, the “Rights”).
Exercise	Prior to the “Distribution Date,” as discussed below, the Rights are not exercisable. After the Distribution Date, each Right is exercisable to purchase, for \$10.00 (the “Purchase Price”), one one-thousandth of a share of Series A Participating Preferred Stock, \$0.001 par value per share, of Vonage (“Preferred Stock”), subject to adjustment in accordance with the terms of the Rights Agreement.

Table of Contents

Initially, the Rights will be attached to all Common Stock certificates representing shares then outstanding, and no separate Rights certificates will be distributed. On or after the Distribution Date, subject to certain exceptions specified in the Rights Agreement, the Rights will separate from the Common Stock. The Distribution Date will occur upon the earlier of (i) ten (10) business days following the date of a public announcement that a person or group of affiliated or associated persons (an “Acquiring Person”) has acquired, or obtained the right to acquire, beneficial ownership of 4.9% or more of the outstanding shares of Common Stock or such earlier date on which a majority of the Board of Directors becomes aware of the existence of an Acquiring Person (such date being the “Stock Acquisition Date”) or (ii) ten (10) business days (or such later time as the Board of Directors may determine) following the commencement of a tender offer or exchange offer that would result in a person becoming an Acquiring Person.

Distribution Date

An Acquiring Person would not include, among others: (i) Vonage or any of its subsidiaries; (ii) employee benefit plans and persons holding shares of Common Stock on behalf of such plans; (iii) existing 4.9% stockholders (unless they increase their percentage stock ownership); (iv) persons or groups who, in the Board's view, have inadvertently become 4.9% stockholders, unless and until such person or group shall have failed to divest, as soon as practicable, sufficient shares of Common Stock such that they would no longer be a 4.9% stockholder (upon terms or conditions satisfactory to the Board); (v) an “investment advisor” to mutual funds or trustees of certain qualified trusts if immediately after any increase in Beneficial Ownership of Common Stock by such Person (A) no single mutual fund or qualified trust advised by such investment advisor or such trustee, respectively, actually owns or beneficially owns 4.9% or more of the shares of Common Stock then outstanding and (B) such investment advisor or trustee Beneficially Owns (other than with respect to such mutual funds or such trusts, as applicable) less than 4.9% of the shares of Common Stock then outstanding; and (vi) 4.9% stockholders whose acquisitions, in the Board's view, would not be inconsistent with the purpose of the Rights Agreement.

Flip-In

In the event that any person becomes an Acquiring Person, each holder of a Right will thereafter have the right to receive, upon exercise, Common Stock (or, in certain circumstances, cash, property or other securities of Vonage), having a value equal to two times the exercise price of the Right. The exercise price is the Purchase Price times the number of units associated with each Right (initially, one). Notwithstanding any of the foregoing, following the occurrence of an Acquiring Person becoming such (the “Flip-In Event”), all Rights that are, or (under certain circumstances specified in the Rights Agreement) were, beneficially owned by any Acquiring Person or its Affiliates and Associates and certain transferees thereof will be null and void.

Exchange

At any time after the Stock Acquisition Date but before the time the Acquiring Person becomes the beneficial owner of 50% or more of the outstanding shares of Common Stock, the Board may exchange the Rights (other than Rights beneficially owned by an Acquiring Person or any other Rights that shall be deemed void under the terms of the Rights Agreement), in whole or in part, at an exchange ratio equal to one share of Common Stock per Right (subject to adjustment).

Redemption

At any time until the close of business on the tenth day following the Stock Acquisition Date, Vonage may redeem the Rights in whole, but not in part, at a price of \$0.001 per Right. Immediately upon the action of the Board of Directors ordering redemption of the Rights (or at the effective time of such redemption designated by the Board), the Rights will terminate and the only right of the holders of Rights will be to receive the

\$0.001 redemption price.

Table of Contents

Expiration	<p>The Rights will expire on the earliest of (i) the time at which the Rights are redeemed pursuant to the Rights Agreement, (ii) the time at which the Rights (other than Rights owned by an Acquiring Person) are exchanged pursuant to the Rights Agreement, (iii) the repeal of Section 382 of the Code or any successor statute if the Board determines that the Rights Agreement is no longer necessary or desirable for the preservation of certain tax benefits, (iv) the close of business on the first day of a taxable year of the Company to which the Board determines that no tax benefits may be carried forward, (v) the close of business on June 7, 2013, provided that, prior to such date, the Board of Directors may determine to extend the Rights Agreement to a date not later than the close of business on the third anniversary of the date of the Rights Agreement as long as such extension is submitted to the stockholders of the Company for ratification at the 2013 Annual Meeting of Stockholders, or (vi) the first business day after the date on which the Inspectors of Election for the Company's 2013 Annual Meeting of Stockholders certify that the Rights Agreement has not been approved by stockholders at that meeting.</p>
Amendments	<p>Any of the provisions of the Rights Agreement may be amended by the Board for so long as the Rights are redeemable (other than changes to the redemption price, which may not be amended). After the time that the Rights are redeemable, the provisions of the Rights Agreement may be amended by the Board provided that no such amendment may (i) adversely affect the interests of the holders of the Rights, (ii) cause the Rights Agreement to again become amendable or (iii) cause the Rights to again become redeemable.</p>
Stockholder Rights	<p>Until a Right is exercised, the holder thereof, as such, will have no rights as a Vonage stockholder, including, without limitation, the right to vote or to receive dividends. While the distribution of the Rights will not be taxable to stockholders or to Vonage, stockholders may, depending upon the circumstances, recognize taxable income in the event that the Rights become exercisable for Common Stock (or other consideration) as set forth above or in the event the Rights are redeemed.</p>
Antidilution Provisions	<p>The Purchase Price payable, and the number of units of Preferred Stock or other securities or property issuable, upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the Preferred Stock, (ii) if holders of the Preferred Stock are granted certain rights or warrants to subscribe for Preferred Stock or convertible securities at less than the current market price of the Preferred Stock, or (iii) upon the distribution to holders of the Preferred Stock of evidences of indebtedness or assets (excluding regular quarterly cash dividends) or of subscription rights or warrants (other than those referred to above).</p>

A copy of the Rights Agreement has been filed with the Securities and Exchange Commission as an Exhibit to a Registration Statement on Form 8-A. A copy of the Rights Agreement is available free of charge from Vonage. This summary description of the Rights does not purport to be complete and is qualified in its entirety by reference to the Rights Agreement, as amended from time to time, the complete terms of which are hereby incorporated by reference.
