The Company needs additional time to finalize its financial statements in order to ensure accurate reporting of its financial condition and results of operation for the three and nine months ended September 30, 2006. The reason for the delay is to provide additional time for the Company's management and Audit Committee to complete their review of the error that was made in the calculation of the Company's tax provision which will require restatement of the Company's unaudited financial statements for the quarters ended March 31, and June 30, 2006, respectively.

If answer is no, identify report(s). Yes No

Form 8-K as filed on February 24, 2006 did not include the appropriate financial statements required to be filed with Form 8-K. Instead, the Company filed the required financial statements with its Form 10-K on March 30, 2006.

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

It is anticipated that the results of operations for the three and nine month periods ended September 30, 2006 will differ from the corresponding periods for the last fiscal year. However, the impact cannot be estimated at the time of this Form 12b-25 filing due to the forthcoming restated quarterly reports for the quarters ended March 31, and June 30, 2006.
