Independent Accountants' Report

To the Board of Directors and Stockholders
American Capital Holdings, Inc.
Palm Beach Gardens, Florida

We have reviewed the accompanying consolidated balance sheet of American Capital Holdings, Inc. as of August 31, 2005 and 2004 and the related consolidated statements of operations and cash flows for the three months ended August 31, 2005 and 2004, and statement of changes in shareholders' equity from May 31, 2004 through August 31, 2005, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of American Capital Holdings, Inc.

A review consists principally of inquiries of Company personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with U.S. generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

8

AMERICAN CAPITAL HOLDINGS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
THREE MONTHS ENDED AUGUST 31, 2005

NOTE A - DESCRIPTION OF BUSINESS

American Capital Holdings, Inc. (American Capital Holdings) is a Florida Corporation whose primary business consists of insurance and proprietary financial products designed to utilize tax incentives, and mitigate the impact of balance sheet liabilities. The Company's main office is located at 100 Village Square Crossing, Suite 202, Palm Beach Gardens, Florida 33410, and the telephone number is (561) 207-6395.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation, Use of Estimates

The Company maintains its accounts on the accrual basis of accounting. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Revenue and dividends from investments are recognized at the time the investment dividends are declared payable by the underlying investment. Capital gains and losses are recorded on the date of sale of the investment.

Cash

Cash consists of deposits in banks and other financial institutions having original maturities of less than ninety days.

Allowance for Doubtful Accounts

It is the policy of management to review the outstanding accounts receivable at year end, as well as the bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

amounts.

Depreciation

Property and equipment are recorded at cost and depreciated over the estimated useful lives of the related assets. Depreciation is computed using the straight-line method.

Amortization

The accounting for a recognized intangible asset acquired after June 30, 2001 is based on its useful life to the Company. If an intangible asset has a finite life, but the precise length of that life is not known, that intangible asset shall be amortized over management's best estimate of its useful life. An intangible asset with a indefinite useful life is not amortized. The useful life to an entity is the period over which the asset is expected to contribute directly or indirectly to the future cash flows of that entity.

Investments

Investments are stated at the lower of cost and market value.

The Company's net operating loss carry-forward as of August 31, 2005 totals approximately \$10,928,000. These carry-forwards, which will be available to offset future taxable income, and expire beginning in May 31, 2024.

The Company does not believe that the realization of the related net deferred tax asset meets the criteria required by generally accepted accounting principles and, accordingly, the deferred income tax asset arising from such loss carry forward has been fully reserved.

THREE MONTHS ENDED AUGUST 31, 2005

NOTE N - INCOME TAXES (CONTINUED)

The Company accounts for income taxes in accordance with FASB Statement No. 109, Accounting for Income Taxes (FASB 109). Under FASB 109, income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related to certain income and expenses recognized in different periods for financial and income tax reporting purposes. Deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled.

Deferred taxes also are recognized for operating losses and tax credits that are available to offset future taxable income and income taxes, respectively. A valuation allowance is provided if it is more likely than not that some or all of the deferred tax assets will not be realized.

NOTE O - STOCKHOLDERS' EQUITY

To facilitate the purchase of the assets of ACHI, the Company recorded a one for twenty reverse split on the Effective Date of the currently outstanding common stock, while maintaining the conversion and exercise prices of the Senior Notes, the Secured Notes, the Subordinated Notes and the related warrants. All prior period share and per-share amounts have been restated to account for the reverse split. Any fractional shares remaining after the reverse split will be paid out in cash to the shareholder on the Effective Date.

Warrants were granted to Promissory Noteholders with detachable warrants. Management has determined that the fair value of each warrant is \$0.01.

The computation of diluted loss per share before extraordinary item for the year ended May 31, 2005 does not include shares from potentially dilutive securities as the assumption of conversion or exercise of these would have an antidilutive effect on loss per share before extraordinary items. In accordance with generally accepted accounting principles, diluted loss per share from extraordinary item is calculated using the same number of potential common shares as used in the computation of loss per share before extraordinary items.

NOTE P - DEFERRED TAX ASSET

Deferred income taxes are provided for temporary differences between the financial reporting and income tax basis of the Company's assets and liabilities. Temporary differences, net operating loss carry forwards and valuation allowances comprising the net deferred taxes on the balance sheets is as follows:

NOTE R - RECENT ACCOUNTING PRONOUNCEMENTS

The FASB issued SFAS No. 143, Accounting for Asset Retirement Obligations with an effective date for financial statements issued for fiscal years beginning after June 15, 2002. The statement addresses financial accounting and reporting for obligations related with the retirement of tangible long-lived assets and the costs associated with asset retirement. The statement requires the recognition of retirement obligations which will, therefore, generally increase liabilities; retirement costs will be added to the carrying value of long-lived assets, therefore, assets will be increased; and depreciation and accretion expense will be higher in the later years of an assets life than in earlier years. The Company adopted SFAS No. 143 at January 1, 2002. The adoption of SFAS No. 143 had no impact on the Company's operating results or financial positions.

The FASB also issued SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and is effective for financial statements issued for fiscal years beginning January 1, 2002. This statement addresses financial accounting and reporting for the impairment or the disposal of long-lived asset. An impairment loss is recognized if the carrying amount of a long-lived group exceeds the sum of the undiscounted cash flow expected to result from the use and eventual disposition of the asset group. Long-lived assets should be tested at least annually or whenever changes in circumstances indicate that its carrying amount may not be recoverable. This statement does not apply to goodwill and intangible assets that are not amortized. The Company adapted SFAS No. 144 in the first quarter of 2002, and there was no impact on the Company's operating results or financial position.

In April 2002, the FASB issued SFAS No. 145, "Rescission of the FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections ("SFAS No. 145"). SFAS No. 145 eliminates the requirement to classify gains and losses from the extinguishment of indebtedness as extraordinary, requires certain lease modifications to be treated the same as a sale-leaseback transaction, and makes other non-substantive technical corrections to

existing pronouncements. SFAS No. 145 is effective for fiscal years beginning after May 15, 2002. SFAS No. 145 was adopted on June 1, 2003 and did not have a material effect on the Company's financial position or results of operations.

The FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity" and is effective for financial instruments entered into after May 31, 2003. This Statement establishes standards for how an issuer classifies and measures in its statement of financial position certain financial instruments with characteristics of both

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability because that financial instrument embodies an obligation of the issuer. The Company has adopted SFAS No. 150, and there has been no impact on the Company's operating results or financial position.

Goodwill and intangible assets acquired prior to July 1, 2001 will continue to be amortized and tested for impairment in accordance with pre- SFAS No. 142 requirements until adoption of SFAS No. 142. Under the provision of SFAS No.142, intangible assets with definite useful lives will be amortized to their estimated residual values over those estimated useful lives in proportion to the economic benefits consumed. Such intangible assets remain subject to the impairment provisions of SFAS No. 121. Intangible assets with indefinite useful lives will be tested for impairment annually in lieu of being amortized. The impact of adopting SFAS Nos. 141 and 142 will not cause a material change in the Company's consolidated financial statements as of the date of this report.

ITEM 2. Management's Discussion and Analysis or Plan of Operation

American Capital Holdings, Inc., ("ACH") is a holding company which owns five (5) proprietary financial products. These products are known as Guaranteed Principle Insured Convertible Securities ("GPICS (TM)"), Energy Tax Incentive Preferred Securities ("ETIPS(TM)"), Equipment Tax Incentive Convertible Securities ("ETICS(TM)"), Guaranteed Pension Accounting Contract Solutions ("GPACS(TM)") and Government Pension Accounting Contract Solutions ("GPACS(TM)"). The GPACS(TM) products are designed to provide solutions for unfunded government and private sector pension plan liability. The GPICS(TM), ETIPS(TM) and ETICS(TM) products are investment structures designed to facilitate the use of energy and depreciation tax incentives while insuring the capital investment through guarantees of principal. Our Chairman, Barney A. Richmond, has applied for a patent for one of these products, known as Government Pension Accounting Contract Solutions (GPACS(TM)). If and when the patent is granted, Mr. Richmond will assign the patent to ACH.

The GPACS(TM) and some of our other products use insurance as a part of their structures. The insurance contracts will be written through several licensed insurance carriers. We intend to underwrite insurance policies through three subsidiaries, through which we intend to conduct our primary business

17

AMERICAN CAPITAL HOLDINGS, INC.

operations. These subsidiaries are IS Direct Agency, Inc. ("IS Direct"), Universe Life Insurance Company ("Universe").

IS Direct is a wholly-owned subsidiary of ACH, and is a licensed insurance agency through which we will sell our products. IS Direct is currently licensed in twenty three states. Chris Dillon, president of IS Direct, is authorized to do business as an individual agent in 47 states and in the District of Columbia. Mr. Dillon is currently applying for licenses in the three remaining states of Alaska, Wyoming and Washington. IS Direct expects to obtain the necessary licenses for it to operate in all 50 states. In addition to placing the insurance components of our financial products, IS Direct will also sell term life products, annuities and other traditional insurance products. We expect most of the insurance products sold by IS Direct will be eventually underwritten by Universe. However, we also plan to use IS Direct to sell additional products of other licensed insurance carriers.

Universe is another wholly-owned subsidiary of ACH, which has been acquired in escrow pending approval of the change in control by the Insurance Commissioner

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

of the State of Idaho. Universe is a life, health and annuities insurance carrier, which is currently licensed to operate in 23 states. Universe is in the application process to become licensed in all remaining states, and expects to obtain the necessary licenses to operate in all 50 states in the near future. We expect Universe to be domiciled in the State of South Carolina, with its principal offices in Charleston.

On October 30, 2004, we entered into an agreement to purchase 80% of Cosmopolitan Life Insurance Company. On July 8, 2005 management withdrew its application to acquire Cosmopolitan Life Insurance.

ACH's principal executive offices are located at 100 Village Square Crossing, Suite 202, Palm Beach Gardens, FL 33410, and our telephone number is (561) 207-6395. The Company's fiscal year ends May 31, 2005.

Business Strategy

We intend to use the financial products of our subsidiaries as solutions, addressing the needs of governmental and private sector businesses regarding unfunded pension liabilities and other post-employment benefit ("OPEB") liabilities. We also plan to sell annuities and other insurance products, through our subsidiaries, to both the public and private sectors. We also intend to invest and/or sell our proprietary ETIPS(TM) and ETICS(TM) products in the public marketplace.

Our GPACS(TM) products, which refers to both the Guaranteed Pension Accounting Contract Solutions product and the Government Pension Accounting Contract Solutions product, relate to a business method of adjusting the balance sheet of a business or governmental organization, and particularly to a system for organizing the unfunded obligations of the organization so that the liability on the balance sheet becomes offset by an asset. The product also provides a systematic investing capability to enhance the profitability of the organization and the improved treatment of tax obligations.

18

AMERICAN CAPITAL HOLDINGS, INC.

GPACS was created in response to the General Accounting Standards Board ("GASB") Statement 45, which generally requires state and local governmental employers to account for and report the annual cost of OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as currently required pension obligations. Annual OPEB costs for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due. The provisions of Statement 45 do not require governments to fund their OPEB plans.

An employer may establish its OPEB liability at zero as of the beginning of the initial year of implementation. However, the unfunded actuarial liability is required to be amortized over future periods. Statement 45 is effective for periods beginning after December 15, 2006, 2007, or 2008, depending on the size of the government entity based on annual revenues used for GASB 34 implementation requirements.

In May of 2004, the GASB issued a corresponding "plan" statement, Statement 43 - Financial Reporting for Postemployment Benefit Plans Other than Pension Plans. Statement 43 is effective one year prior to Statement 45. This statement requires a statement of plan net assets, statement of changes in plan net assets, schedule of funding progress, and schedule of employer contributions in the stand-alone financial reports of OPEB plans, as well as in the financial statements of governments having OPEB trust funds.

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

Actuarial services will be required one year earlier if the "plan" Statement 43 is applicable, unless an alternative measurement method is utilized. However, the alternative measurement method is only an option for plans with a total membership of fewer than one hundred. Many OPEB plans are currently paying benefits on a pay-as-you-go basis. If a government does not have an acceptable trust or equivalent arrangement established, actuarial valuations will not be necessary until Statement 45 is effective. Establishing a trust may be an option for funding OPEB benefits; employers should consider the impact of required actuarial services.

Our GPICS(TM), ETIPS(TM) and ETICS(TM) products are each investment structures designed to maximize the benefit of energy and equipment tax incentives, in order to facilitate investment in energy related and other business enterprises. An essential feature of these products is a guarantee of the principal invested, as a result of the structuring of the investment.

Our plan of operation includes the underwriting of the insurance aspects of our products through our subsidiaries. Pending approvals of our recent acquisitions of Universe and Cosmopolitan, we will use third party insurance carriers. However, upon receiving the approvals, which are expected in due course, we will retain as much premium and commission money as possible within our subsidiaries.

IS Direct currently sells primarily term and whole life insurance products. However, upon the completion of our pending proposed acquisition of Universe, the scope of products available for sale by IS Direct is expected to broaden. Universe is a life insurance company which we expect to use to underwrite the insurance policies required by our GPACS products.

Results of Operations

Comparison of the three months ended August 31, 2005 with the three months ended August 31, 2004.

Revenue for the three month period ended August 31, 2004 was \$0 compared to \$66 recorded during the same period of the prior year. Revenues were recorded from commission received by our insurance subsidiary IS Direct Agency.

Gross profit reflects a loss of \$2,423 in the current year versus a loss of \$3,944 for the prior years three month period. Depreciation expense contributed \$2,423 to the current years deficit in gross profit and \$4,010 to the prior years three month period deficit.

General and administrative costs of \$53,279 for the current three month period reflect costs of staffing our administrative and sales offices. This represents a \$190,582 decrease from the administrative costs incurred for the three months ending August 31, 2004. This decrease is due to the fact that overhead costs are being distributed to the spin-off companies for services rendered by staff and management of American Capital Holdings.

Our operations for the three months ended August 31, 2005 resulted in a net loss of \$57,702 versus 262,656 for the three months ended August 31, 2004 . Unrealized holding losses during the current three month period of \$47,186 was the result of a decline in the market value of both the Company's holdings in eCom eCom.com and Air Media Now, Inc.

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

Liquidity and Capital Resources

As of August 31, 2005 current assets totaled \$691,422 compared to \$3,441,248 at August 31, 2004. The \$2,749,826 decrease in total current assets was the result of distributing \$1,511,625 in the stock of the spinoff companies to the shareholders of American Capital Holdings between May 31, 2005 and August 31, 2005.

Accounts Payable increase from \$23,235 to \$76,385 during the current three months. Current liabilities decreased from \$1,415,045 at the end of the prior fiscal year to \$653,390 at the end of the current quarter, an decrease of \$761,655 due to the conversion of short term debt to common stock during the quarter ending August 31, 2005.

To the extent that additional funds are required to support operations or to expand our business, we may sell additional equity, issue debt or obtain other credit facilities through financial institutions. Any sale of additional equity securities will result in dilution to our shareholders.

ITEM 3. CONTROLS AND PROCEDURES

Evaluation of the Company's Disclosure Controls and Internal Controls:
Within the 90 days prior to the date of this Quarterly Report on Form 10-QSB, the Company evaluated the effectiveness of the design and operation of its 'disclosure controls and procedures' ("Disclosure Controls"). This 'evaluation' ("Controls Evaluation") was done under the supervision and with the participation of management, including the Chief Executive Officer/Chairman ("CEO") and Chief Financial Officer ("CFO"). As a result of this review, the Company adopted guidelines concerning disclosure controls and the establishment of a disclosure control committee made up of senior management.

Limitations on the Effectiveness of Controls:
The Company's management, including the CEO/CHAIRMAN and CFO, does not expect that its Disclosure Controls or its 'internal controls and procedures for financial reporting' ("Internal Controls") will prevent all error and all fraud. control system, no matter how well conceived and managed, can provide only reasonable assurance that the objectives of the control system are met. The design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or

Edgar Filing: AMERICAN CAPITAL HOLDINGS INC - Form 10QSB

procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

Conclusions:

Based upon the Controls Evaluation, the CEO/CHAIRMAN and CFO have concluded that, subject to the limitations noted above, the Disclosure Controls are effective to timely alert management to material information relating to the Company during the period when its periodic reports are being prepared.

In accordance with SEC requirements, the CEO/CHAIRMAN and CFO note that, since the date of the Controls Evaluation to the date of this Quarterly Report, there have been no significant changes in Internal Controls or in other factors that could significantly affect Internal Controls, including any corrective actions with regard to significant deficiencies and material weaknesses.
