Petroquímica's administrations on December 7, 2010, setting forth the purpose, grounds and other conditions related to the merger of shares of Quattor Petroquímica into the Company. The shareholders present have identified the need for a small adjustment in the amount of class A preferred shares to be issued by Braskem as a result of the merger of shares of Quattor Petroquímica, as well as in the amount of the subsequent increase in its capital, due to the fact that the shares issued by Quattor Petroquímica and held by the members of its Board of Directors have been mistakenly taken into account in the calculation of the number of Braskem's shares to be issued, in replacement of the shares object of the merger of shares. Due to the aforementioned adjustment also approved in the General Shareholders Meeting of Quattor Petroquímica, three hundred and ninety-eight thousand, one hundred and seventy-five (398,175) class A preferred shares of Braskem shall be issued, and not three hundred and ninety-eight thousand, one hundred and seventy-six (398,176), and the resulting increase in the Company's share capital shall be of four million, two hundred and seventy thousand, two hundred and fifty-four Reais and twenty-six centavos (R\$ 4,270,254.26), and not of four million, two hundred and seventy thousand, two hundred and seventy-three Reais and sixty centavos (R\$ 4,270,273.60), as mentioned in item 5.1 of the Protocol and Justification. The Protocol and Justification has been initialed by the Presiding Board members and shall be filed at the Company's principal place of business, the copy of which, after initialed by the Secretary, is made an integral part hereof as **Exhibit 5; 8.8. to approve** the merger of shares of Quattor Petroquímica into the Company, with Quattor Petroquímica becoming a wholly-owned subsidiary of the Company, pursuant to article 252 of the LSA, under the terms and conditions set forth in the Protocol and Justification approved in item 8.7 above, which set forth the replacement ratio of 0.300571316385725 class A preferred share issued by the Company for each common or preferred share issued by Quattor Petroquímica (Replacement Ratio), which is based on an economic and financial appraisal of the Company and Quattor Petroquímica prepared by a specialized and independent appraiser. The Replacement Ratio set forth based on the net equities of the Company and Quattor Petroquímica, at market prices, as set forth in article 264 of the LSA, is of 0.139180549324057 class A preferred share issued by the Company for each one (1) common or preferred share issued by Quattor Petroquímica, therefore less advantageous to the shareholders of Quattor Petroquímica than the Replacement Ratio approved herein; **8.9. to approve**, as a result of the merger of shares and pursuant to the resolution contained in item 8.7 above, the issue of three hundred and ninety-eight
