Press Release

Highlights

The main figures obtained by Bradesco in 2013 are presented below:

1. Adjusted Net Income⁽¹⁾ for 2013 stood at R\$12.202 billion (a 5.9% increase compared to the R\$11.523 billion recorded in the same period last year), corresponding to earnings per share of R\$2.91 and Return on Average Adjusted Shareholders' Equity⁽²⁾ of 18.0%.
2. Adjusted Net Income is composed of R\$8.462 billion from financial activities, representing 69.3% of the total, and R\$3.740 billion from insurance, pension plan and capitalization bond operations, which accounted for 30.7%.
3. On December 31, 2013, Bradesco's market capitalization stood at R\$128.085 billion⁽³⁾. As of May 2013, Bradesco common shares compose the Ibovespa index.
4. Total Assets stood at R\$908.139 billion in December 2013, a 3.3% increase over the same period in 2012. Return on Total Average Assets was 1.4%.
5. The Expanded Loan Portfolio⁽⁴⁾ stood at R\$427.273 billion in December 2013, up 10.8% during the same period in 2012. Operations with individuals totaled R\$130.750 billion (up 11.2% on December 2012), while operations with companies totaled R\$296.523 billion (up 10.6% on December 2012).
6. Assets under Management stood at R\$1.260 trillion, a 2.8% increase from December 2012.
7. Shareholders' Equity stood at R\$70.940 billion in December 2013, up 1.3% on December 2012. Capital Adequacy Ratio (Basel III) stood at 16.6% in December 2013, 12.3% of which fell under Tier I
9. Interest Financial Margin stood at R\$42.686 billion, up 1.6% in comparison with 2012.
10. The Delinquency Ratio over 90 days dropped 0.6 p.p. in the last 12 months and stood at 3.5% on December 31, 2013 (4.1% on December 31, 2012).
11. The Efficiency Ratio⁽⁵⁾ in December 2013 stood at 42.1% (41.5% in December 2012), whereas the "adjusted to risk" ratio stood at 52.1%, (52.7% in December 2012).
12. Insurance Written Premiums, Pension Plan Contributions and Capitalization Bond Income totaled R\$49.752 billion in 2013, up 12.3% over 2012. Technical Reserves stood at R\$136.229 billion, up 9.7% on December 2012.
13. Investments in infrastructure, information technology and telecommunications amounted to R\$4.842 billion in 2013, up 9.8% over the same period last year.
14. Taxes and contributions, including social security, paid or recorded in provision, amounted to R\$21.758 billion, of which R\$9.902 billion referred to taxes withheld and collected from third parties and R\$11.856 billion from Bradesco Organization activities, equivalent to 97.2% of Adjusted Net Income⁽¹⁾.
15. Bradesco has an extensive customer service network in Brazil, with 4,674 Branches and 3,586 Service Branches - PAs. Customers can also use 1,180 PAEs – ATMs (Automatic Teller Machines) in companies, 46,851 Bradesco *Expresso* service points, 33,464 Bradesco *Dia & Noite* ATMs and 14,739 *Banco24Horas* ATMs.

Capital.

8. Interest on Shareholders' Equity and Dividends were paid and recorded in provision to shareholders totaling R\$4.078 billion on income for 2013, R\$1.803 billion of which was paid as monthly and interim interest and R\$2.275 billion was recorded in provision.

(1) According to non-recurring events described on page 9 of this Report on Economic and Financial Analysis; (2) Excludes mark-to-market effect of available-for-sale securities recorded under Shareholders' Equity; (3) Number of shares (excluding treasury shares) x closing price for common and preferred shares on the last trading day of the period; (4) Includes sureties and guarantees, letters of credit, advances of credit card receivables, co-obligations in loan assignments (receivables-backed investment funds and mortgage-backed receivables), co-obligations in rural loan assignments, and operations bearing credit risk – commercial portfolio, which includes debentures and promissory notes; and (5) In the last 12 months.

— Report on Economic and Financial Analysis – December 2013

Highlights

16. Payroll, plus charges and benefits, totaled R\$11.013 billion. Social benefits provided to the 100,489 employees of the Bradesco Organization and their dependents amounted to R\$2.702 billion, while investments in training and development programs totaled R\$126.836 million.

17. For the ninth consecutive year, Bradesco was selected to compose the Corporate Sustainability Index (ISE) of BM&FBovespa – Securities, Commodities and Futures Exchange, which reflects the returns of a share portfolio comprising those companies with the best performance in all aspects of corporate sustainability.

18. Major Awards and Acknowledgments in the period:

- Bradesco was considered the best bank in Latin America, ranking first among the 25 best banks in Latin America (*AmericaEconomia* magazine);
- Bradesco was considered the largest private group in Brazil according to the *Valor Grandes Grupos* ranking, which ranks the country's 200 largest groups (*Valor Econômico* newspaper);
- Bradesco was recognized as the best Bank in Brazil (Best Developed and Emerging Markets Banks 2013 – Global Finance Magazine);
- Bradesco was considered the best bank in the 8th Best Companies for Shareholders Award (*Capital Aberto* magazine / Stern Stewart do Brasil Advisory Services);
- Bradesco was leader of the Top MVP ranking as the company that most produces value from interaction with its stakeholders (Dom Strategy Partners Advisory Services);
- Winner of the Value Creation Award, promoted by Abrasca, aiming at stimulating good corporate governance practices;
- Winner of the first edition (2013) of the Top Case Award, in the Top Case Highlight category (*Case Studies – Insight Communication* magazine);
- Bradesco was considered the best bank in people management, according to The Best in People Management survey (*Valor Carreira/Valor Econômico* newspaper, with technical support of Aon Hewitt); and
- Grupo Bradesco Seguros was granted the Most Admired Companies in Brazil Award in the Corporate Healthcare Plan and Social Security categories (*Carta Capital* magazine).

With regards to sustainability, Bradesco divides its actions into three pillars: (i) Sustainable Finances, focused on banking inclusion, social and environmental variables for loan approvals and product offerings; (ii) Responsible Management, focused on valuing professionals, improving the workplace and adopting eco-efficient practices; and (iii) Social and Environmental Investments, focused on education, the environment, culture and sports. In this area, we point out Fundação Bradesco, which has a 57-year history of extensive social and educational work, with 40 schools in Brazil. In 2013, a budget of R\$456.966 million benefited 101,781 students in its schools, in Basic Education (from Kindergarten to High School and Vocational Training - High School Level), Education for Youth and Adults; and Preliminary and Continuing Qualification focused on the creation of jobs and generation of income.

Main Non-recurring Events

During the quarter, certain non-recurring events were recorded in our financial statements. Thus, to provide for better understanding and analysis of our performance, we adjusted our Book Net Income by excluding these events, composing our so-called Adjusted Net Income.

In October 2013, Law 12865/13 set forth the tax liability installment and cash payment program – Refis. Bradesco made a detailed evaluation of Organization's tax claims and contingencies and, in November 2013, resolved to adhere to the program, basically for those claims challenging the mandatory payment of contribution for the Social Integration Program (PIS) and the Contribution for Social Security Financing (Cofins), referred to in Chapter I of Law 9718/98 levied on financial income generated by Organization's financial institutions which had obtained writ of mandamus that suspended these payments. This adherence resulted in a reversal of provision, net of tax effects, amounting to R\$1,950 million. The proceedings involving other Organization companies that reclaim these payments or have escrow deposits are still under litigation.

Tax credits deriving from the investment acquisition operation were also recorded, amounting to R\$462 million, given that they already comply with regulatory aspects and have effective perspectives of realization, in accordance with studies and analyses prepared by Management.

Also, in compliance with Susep Circular Letter 462/13, the Insurance Group began to adopt the risk-free yield curve (ETTJ) as discount rate of actuarial liability flow, which resulted in a net reversal of part of the technical reserves, totaling R\$2,572 million. In the same period, we traded NTNs, given as collateral for technical reserves, in order to adjust these securities at market prices, in line with the new liability rates (for more information, refer to Note 21b on page 198).

Main Non-recurring Events

Lastly, we adjusted Bank's available-for-sale NTNs at market value, through their trading in the market.

All in all, although these and other non-recurring events have not caused significant net effect on

income for the quarter and the year, they caused an important increase in Shareholders' Equity. This makes us more prepared to implement Basel III and also will improve our future returns on said NTNs, which now reflect market's current rates.

Book Net Income vs. Adjusted Net Income

The main non-recurring events that impacted book net income in the periods below are presented in the following comparative chart:

— Report on Economic and Financial Analysis – December 2013

Press Release

**Summarized Analysis of Adjusted Income
Adjusted Net Income and Profitability**

In the fourth quarter of 2013, Bradesco posted adjusted net income of R\$3,199 million, up 3.8%, or R\$117 million over the previous quarter, mainly due to: (i) greater financial margin revenue, resulting from the increase in interest and non-interest revenues; (ii) improvement in fee and commission income, due to greater business volume; (iii) higher insurance, pension plan and capitalization bond operating income; and partially impacted by: (iv) higher tax expenses; and (v) higher personnel and administrative expenses.

In the year-over-year comparison, adjusted net income increased by 5.9% or R\$679 million in 2013, for Return on Adjusted Average Shareholders' Equity (ROAE) of 18.0%.

Shareholders' Equity stood at R\$70,940 million in December 2013, up 1.3% over 2012. The Capital Adequacy Ratio (Basel III) stood at 16.6%, 12.3% of which fell under Tier I Capital.

Total Assets came to R\$908,139 million in December 2013, up 3.3% over December 2012, driven by the increase in operations and greater business volume. Return on Average Assets (ROAA) came to 1.4%.

Bradesco _____

Summarized Analysis of Adjusted Income Efficiency Ratio (ER)

The “adjusted to risk” ER, which reflects the impact of risk associated with loan operations⁽¹⁾, totaled 52.1% in the fourth quarter of 2013, improving by 0.4 p.p. and 0.6 p.p. over the third quarter of 2013 and the same period in 2012, respectively, mainly due to the decrease of allowance for loan loss expenses in the last 12 months, due to the decrease in delinquency ratio level in the same period.

The decrease of the quarterly ER from the third quarter of 2013 was mainly due to better fee and commission income and financial margin, both increasing by 5.0%. In the year-over-year comparison, this indicator remained stable, proving the rigorous control of our operating expenses, despite the organic growth in the period.

ER in the last 12 months⁽²⁾ remained stable at 42.1% in relation to the previous quarter and increased by 0.6 p.p. over the same period in the previous year, mainly due to: (i) the reduction in non-interest financial margin; and (ii) the impact of the 2012 and 2013 collective bargaining agreements.

(1) Including ALL expenses, adjusted for granted discounts, loan recovery and sale of foreclosed assets, among others; and

(2) $ER = (\text{Personnel Expenses} - \text{Employee Profit Sharing} + \text{Administrative Expenses}) / (\text{Financial Margin} + \text{Fee and Commission Income} + \text{Income from Insurance} + \text{Equity in the Earnings (Losses) of Unconsolidated Companies} + \text{Other Operating Income} - \text{Other Operating Expenses})$. Considering the ratio between: (i) total administrative costs (Personnel Expenses + Administrative Expenses + Other Operating Expenses + Tax Expenses not related to revenue generation + Insurance Selling Expenses) and (ii) revenue net of related taxes (not considering Claims and Selling Expenses from the Insurance Group), Bradesco’s ER in the last 12 months up to December 31, 2013 is 45.0%.

Press Release

**Summarized Analysis of Adjusted Income
Financial Margin**

The R\$535 million increase quarter over quarter was mainly due to: (i) higher interest margin, totaling R\$364 million, due to better Insurance and Funding margins; and (ii) higher non-interest margin, totaling R\$171 million, basically as a result of higher gains from Insurance margin.

In the year-over-year comparison, financial margin came to R\$43,286 million, a R\$507 million decrease from 2012, due to: (i) lower result from the non-interest margin, in the amount of R\$1,172 million, due to lower gains from the market arbitrage, and offset by: (ii) the R\$665 million increase in income from interest-earning operations due to an increase in business volume, led by Loan and Funding.

Financial Margin	10,986	-	7.1%	10,622	-	7.0%

The annualized interest financial margin rate stood at 7.1% in the fourth quarter of 2013, a 0.1 p.p. increase over the previous quarter, mainly due to Insurance interest margin.

Press Release

**Summarized Analysis of Adjusted Income
Expanded Loan Portfolio⁽¹⁾**

In December 2013, Bradesco's expanded loan portfolio totaled R\$427.3 billion, a 3.6% increase over the previous quarter due to: (i) the 4.3% growth in Corporations; (ii) the 3.3% growth in SMEs; and (iii) the 2.9% growth in Individuals.

In the last 12 months, this expanded loan portfolio increased 10.8%, driven by: (i) the 11.5% growth in SMEs; (ii) the 11.2% growth in Individuals; and (iii) the 10.0% growth in Corporations.

To the Corporate segment, the products that posted the strongest growth in the last 12 months were: (i) export financing; and (ii) real estate financing – corporate plan. To the Individuals segment, the main highlights were: (i) real estate financing; and (ii) payroll-deductible loans.

(1) It includes sureties, guarantees, letters of credit, advances of credit card receivables, debentures, promissory notes, assignment of receivables-backed investment funds and mortgage-backed receivables and rural loan.

For more information, see Chapter 2 of this Report.

Allowance for Loan Losses (ALL) ⁽¹⁾

In the fourth quarter of 2013, ALL expenses totaled R\$2,961 million, a 2.8% variation from the previous quarter, but lower than the 3.7% growth in the loan portfolio – as defined by Bacen in the quarter. This result was due to the reduction in delinquency level, thanks to the adaptation and consistency of loan granting policy and processes, quality of guarantees obtained, as well as the loan recovery process improvement.

In the year-over-year comparison, this expense reduced by 7.4%, even considering the 11.0% increase in loan operations – as defined by Bacen, resulting from the reduced delinquency level in the last 12 months.

(1) Includes provision for collateral, comprising sureties, guarantees, letters of credit and standby letter of credit, which composes the excess ALL concept.

For more information, refer to Chapter 2 of this Report.

Bradesco _____

**Summarized Analysis of Adjusted Income
Delinquency Ratio > 90 days⁽¹⁾**

Total delinquency ratio, comprising the transactions overdue over 90 days, had a decrease in the quarter and in the last twelve months, thanks basically to: (i) the investment in the ongoing improvement in loan assignment models; (ii) the growth of payroll-deductible loan and real estate financing products, which

impacted the portfolio mix; and (iii) the improvement in internal models of loan risk monitoring. The drop among individual customers and SMEs was also a reason for the reduction. The higher delinquency ratio among Corporations was due to specific cases and does not represent a trend.

(1) As defined by Bacen.

— Report on Economic and Financial Analysis – December 2013

Press Release

Summarized Analysis of Adjusted Income Coverage Ratios

Bradesco monitors its loan portfolio and its risk using, internally, the expanded portfolio concept.

In addition to the allowance for loan losses (ALL), required by Bacen, Bradesco has an excess ALL to provide for possible stress situations, as well as other transactions/commitments bearing loan risks.

The following graph shows the changes in coverage ratio of ALL compared to loans overdue over between 60 and 90 days. In December 2013, these ratios stood at 158.9% and 192.3%, respectively.

(1) Includes provision for collateral, comprising sureties, guarantees, letters of credit and standby letter of credit, which composes the excess ALL concept.

Bradesco _____

Summarized Analysis of Adjusted Income Income from Insurance, Pension Plans and Capitalization Bonds

Net income for the fourth quarter of 2013 stood at R\$1.001 billion (R\$878 million in the third quarter of 2013), up 14.0% over the previous quarter, for annualized Return on Adjusted Shareholders' Equity of 27.3%.

In 2013, Net Income came to R\$3.740 billion, up 4.3% from Net Income posted in 2012 (R\$3.587 billion), for a return on Adjusted Shareholders' Equity of 23.2%.

(1) Excluding additional provisions.

(1) The fourth quarter of 2013 includes the latest data released by Susep (November/13).

Note: For comparison among the indexes in the periods above, the calculation of the fourth quarter of 2013 excludes the non-recurring effects arising from the reversal of additional technical reserve, as a result of the increase in real interest rate.

— Report on Economic and Financial Analysis – December 2013

Summarized Analysis of Adjusted Income

Non-recurring events in the fourth quarter of 2013:

(i) Financial Assets – financial available-for-sale assets amounting to R\$6.9 billion were traded this quarter, and a loss of approximately R\$1.4 billion (net of taxes) on these assets was recorded in income statement upon trading. However, fixed-income securities were acquired, with interest rates that reflect Brazil's current economic scenario.

In addition, Management resolved to reclassify available-for-sale securities totaling R\$19.1 billion to held-to-maturity securities, whose average maturity is scheduled to 2037.

(ii) Technical Reserves – in compliance with Susep Circular Letter 462/13, the Insurance Group adopted the risk-free yield curve (ETTJ) as discount rate of actuarial liability flow. The use of this rate, established by the Regulatory Agency, resulted in the reduction in technical reserves and, consequently, the recognition of approximately R\$1.4 billion (net of taxes) in income statement.

The net effect of the matters above did not have significant impact on the fourth quarter 2013 results and are part of a more efficient ALM (Asset Liability Management) operation.

In the fourth quarter of 2013, total revenue increased by 30.9% over the previous quarter, led by the Life and Pension Plan segment, which was boosted by the greater concentration of pension plan contributions in the period.

Net income for the fourth quarter of 2013 was 14.0% higher than the previous quarter, mainly due to: (i) the 30.9% increase in revenue; (ii) the 1.6 p.p. decrease in claims ratio; (iii) the improved financial and equity income; and (iv) the increase in the administrative efficiency ratio.

In 2013, production was up 12.3% from the same period in 2012, led by Health, Capitalization Bond and Life and Pension Plan products, which increased 21.8%, 21.0% and 7.7%, respectively.

Net income for 2013 exceeded by 4.3% that of the previous year, due to: (i) a 12.3% increase in revenue; (ii) the improved financial and equity income; and (iii) the stability of administrative efficiency and claims ratios.

Grupo Bradesco Seguros' capital levels are in compliance with the regulatory requirements and the global standards (Solvency II), with a leverage of 2.9 times its Shareholders' Equity in the period.

Press Release

**Summarized Analysis of Adjusted Income
Fee and Commission Income**

In the fourth quarter of 2013, fee and commission income came to R\$5,227 million, up R\$250 million over the previous quarter, mainly due to the increase in business volume, led by the excellent performance of cards and underwriting / financial advisory revenues in this quarter. Other revenues that also contributed to this result were mainly due to: (i) loan operations; (ii) checking accounts; and (iii) consortia management.

In the year-over-year comparison, the increase of R\$2,274 million, or 13.0%, in 2013 was due to ongoing investments in customer service channels and technology, which mainly resulted in: (i) the excellent performance of the credit card segment, driven by the growth in revenue and transactions; (ii) higher income from checking accounts, which was a result of a better business volume and an increase in the checking account holder base, which posted net growth of 707 thousand active accounts in the period; (iii) higher income from loan operations, due to greater volume of contracted operations and sureties and guarantees in the period; (iv) greater income from collections; (v) greater income from fund management, whose average volume of assets and portfolios under management increased by 8.3% in the period; and (vi) greater income from consortia management.

Summarized Analysis of Adjusted Income Personnel Expenses

In the fourth quarter of 2013, the R\$119 million increase from the previous quarter is a result of variations in:

- structural expenses – increase of R\$42 million, due to greater expenses with salaries, social charges and benefits, as a result of the raise in salary levels, as per the 2013 collective bargaining agreement; and
- non-structural expenses – increase of R\$77 million, mainly due to greater expenses with (i) training and (ii) employee and management profit sharing.

In the year-over-year comparison, the R\$875 million increase in 2013 was due to:

- the R\$570 million, or 5.8%, of structural expenses, mainly resulting from greater expenses with salaries, social charges and benefits, due to raise in salary levels, as per the 2012 and 2013 collective bargaining agreements (adjustments of 7.5% and 8.0%, respectively); and

Note: Structural Expenses = Salaries + Social Charges + Benefits + Pension Plans.

Non-Structural Expenses = Employee and Management Profit Sharing + Training + Provision for Labor Claims + Costs with Termination of Employment Contracts.

Bradesco

Press Release

**Summarized Analysis of Adjusted Income
Administrative Expenses**

In 2013, administrative expenses increased 2.5% over 2012, mainly due to the strong cost control conducted by our Efficiency Committee. Note that this slight increase was a result of: (i) the opening of 3,819 service points in the period, for a total of 72,736 service points on December 31, 2013; (ii) the increase in business and service volume in the period; (iii) contractual adjustments; in addition to (iv) the IPCA and IGP-M inflation rates of the last 12 months, which came to 5.9% and 5.5% respectively.

In the fourth quarter of 2013, the 6.0% increase in administrative expenses over the previous quarter was mainly due to (i) the greater business and service volume recorded in the last quarter which, consequently, increased expenses; and (ii) the seasonal effect of greater advertising and publicity expenses, due to extra investments in initiatives regarding institutional maintenance and positioning and support of loan product offer this period of the year.

Other Operating Income and Expenses

Other operating expenses, net of other operating income, totaled R\$1,232 million in the fourth quarter of 2013, a R\$38 million increase over the previous quarter, mainly due to greater expenses with civil contingencies in the period.

Year over year, other operating expenses, net of other operating income, increased by R\$529 million in 2013, mainly as a result of greater expenses with: (i) operating provisions, particularly those for civil contingencies; and (ii) amortization of intangible assets.

Report on Economic and Financial Analysis – December 2013

**Summarized Analysis of Adjusted Income
Income Tax and Social Contribution**

Income tax and social contribution increased 3.5% in comparison with the previous quarter and 9.4% year over year, mainly due to the increase in taxable income.

The income tax and social contribution rate in the fourth quarter of 2013 was 34.5%, remaining stable when compared to the previous quarter.

Unrealized Gains

Unrealized gains totaled R\$13,868 million in the fourth quarter of 2013, a R\$3,833 million increase from the previous quarter. This was mainly due to: (i) the effect of the adjustment of fixed-income security rates to market value; and (ii) the appreciation of investments, mainly Cielo shares, which valued by 9.5% in the quarter.

Press Release

Economic Scenario

The persistent signs of economic recovery in recent months and the fact that the U.S. has begun reducing its monetary stimuli, have reinforced the upward tendency of long-term interest rates and the appreciation of the dollar in the coming quarters. Even though the financial markets are not expected to react as they did in May and June of last year, when these tendencies were created, the scenario does impose important short-term challenges, especially for emerging economies with weaker fundamentals.

In the fourth quarter of 2013, concerns related to growth in Europe and China were reduced, but fiscal adjustments and structural reforms, respectively, limited the space for a more substantial recovery in both regions.

Despite the expected acceleration of global economic activity, the risk of deflation is still present, which should ensure that the normalization of monetary policy in the developed countries takes place more gradually. In fact, commodity prices are likely to fall, reflecting macroeconomic factors, such as the strengthening of the U.S. dollar, as well as specific indicators, especially the strong expansion of supply in certain segments. However, the performances of the various commodity markets are likely to vary greatly among themselves.

Brazil's economy should benefit from the acceleration of global growth in 2014; it is also better prepared than before to face the U.S. monetary policy's current transition phase and the resulting challenges to domestic economic policy management. This view, supported by improved macroeconomic fundamentals and the institutional advances recorded in the last few years, is given added strength by the level of foreign reserves, which provide insurance to be resorted to if necessary.

The recovery of economic activity in the last few months has been chiefly fueled by investments in production, which will tend to increase further as a result of the recent public concessions program. This program, together with the major sporting events scheduled in 2014 and 2016, represents a unique opportunity for Brazil to improve its infrastructure, which is absolutely essential in order to enhance perception of the economy's growth potential.

Despite the risks to the scenario and the challenges faced by the Brazilian economy in the pursuit of higher sustainable growth in the near future, Bradesco is maintaining a positive outlook, with favorable prospects in its operational segments.

The volume of credit is growing at rates that are both sustainable and risk-compatible, while delinquency has been showing signs of a decline. Thanks to the intense and ongoing upward social mobility of recent years, the scenario for the banking and insurance sectors remains highly favorable.

(1) Average Margin Rate = (Financial Margin / Average Assets – Purchase and Sale Commitments – Permanent Assets) Annualized

Quarter over quarter, the increase of R\$535 million in the fourth quarter of 2013 was a result of: (i) the R\$364 million in interest margin, thanks to greater Insurance and Funding margins; and (ii) the non-interest margin growth in the amount of R\$171 million.

Financial margin stood at R\$43,286 million, a R\$507 million decrease year over year, due to: (i) lower results from non-interest margin, totaling R\$1,172 million, due to lower gains from market arbitrage; and partially offset: (ii) by higher results from interest-earning operations, amounting to R\$665 million, arising from greater business volume, with highlight to Loan and Funding.

Interest Financial Margin	42,686	42,021	10,986	10,622	665	364

In the fourth quarter of 2013, interest financial margin stood at R\$10,986 million, versus R\$10,622 million in the third quarter of 2013, for an increase of R\$364 million. The business lines that most contributed to this result were Insurance and Funding, broken down under items Insurance Financial Margin – Interest and Funding Financial Margin – Interest.

In the year-over-year comparison, interest financial margin increased R\$665 million. The business lines that most contributed to this increase were Loan and Funding.

— Report on Economic and Financial Analysis – December 2013

Economic and Financial Analysis _____**Financial Margin - Interest****Interest Financial Margin – Rates**

The annualized interest financial margin rate stood at 7.1% in the fourth quarter of 2013, up 0.1 p.p. on the previous quarter, mainly due to the results obtained from Insurance interest margin.

Economic and Financial Analysis**Loan Financial Margin - Interest****Loan Financial Margin - Breakdown**

	Financial Margin - Loan				R\$ million	
	12M13	12M12	4Q13	3Q13	Variation YTD	Quarter
Interest - due to volume					2,803	254
Interest - due to spread					(1,642)	(197)
Interest Financial Margin	30,691	29,530	7,850	7,793	1,161	57
Income	54,667	51,236	14,243	13,946	3,431	297
Expenses	(23,976)	(21,706)	(6,393)	(6,153)	(2,270)	(240)

In the fourth quarter of 2013, financial margin with loan operations reached R\$7,850 million, up 0.7% or R\$57 million over the third quarter of 2013. The variation is the result of: (i) the increase in average business volume, in the amount of R\$254 million; and offset by: (ii) the decrease in average spread, in the amount of R\$197 million.

Year over year, the financial margin grew 3.9%, or R\$1,161 million, resulting from: (i) a R\$2,803 million increase in the volume of operations; and partially offset by: (ii) the decrease in average spread, amounting to R\$1,642 million, mainly affected by the drop in interest rates used and the change in loan portfolio mix.

Loan Financial Margin - Interest

Loan Financial Margin - Net Margin

The graph above presents a summary of loan activity. The Gross Margin line refers to interest income from loans, net of opportunity cost (a specific rate by type of operation and term).

The ALL curve shows delinquency costs, which are represented by Allowance for Loan Losses (ALL) expenses, plus discounts granted in transactions net of loan recoveries, arising from the sale of foreclosed assets, among other.

In the fourth quarter of 2013, the net margin curve, which refers to loan interest income net of ALL, remained virtually stable over the previous quarter, and was up 12.9% in the year-over-year comparison, mainly driven by: (i) the increase in business volume; and (ii) the reduction in delinquency costs.

Bradesco _____

Economic and Financial Analysis**Loan Financial Margin - Interest****Expanded Loan Portfolio⁽¹⁾**

The expanded loan portfolio amounted to R\$427.3 billion in December 2013, up 3.6% in the quarter and 10.8% over the last 12 months.

In the quarter, the result was led by Corporations, which grew by 4.3%; in the last 12-month period, SMEs and Individuals stood out, increasing 11.5% and 11.2%, respectively.

(1) In addition to the loan portfolio, includes sureties, guarantees, letters of credit, advances of credit card receivables, debentures, promissory notes, co-obligation in receivables-backed investment funds - FIDC, mortgage-backed receivables – CRI and rural loans.

For further information, refer to page 44 herein.

Expanded Loan Portfolio Breakdown by Product and Type of Customer (Individual and Corporate)

The charts below refer to the Loan Portfolio, as defined by Bacen.

Loan Portfolio⁽¹⁾ - By Flow of Maturities

The maturities of performing loans were longer when compared to December 2012, mainly due to BNDES onlending, real estate financing and payroll-deductible loan. Note that, due to their guarantees and characteristics, these operations, in addition to being exposed to lower risk, provide favorable conditions to gain customer loyalty.

Economic and Financial Analysis

Loan Financial Margin - Interest

Loan Portfolio⁽¹⁾ - Delinquency over 90 days

Total delinquency ratio, comprising the transactions overdue over 90 days, had a decrease in the quarter and in the last twelve months, thanks basically to: (i) the investment in the ongoing improvement in loan assignment models; (ii) the growth of payroll-deductible loan and real estate financing products, which impacted the portfolio mix; and (iii) the improvement in internal models of loan risk monitoring. The drop among individual customers and SMEs was also a reason for the reduction. The higher delinquency ratio among Corporations was due to specific cases and does not represent a trend.

As shown in the graph below, the total delinquency ratio for operations overdue from 61 to 90 days had a slight decrease in the quarter and in the last 12 months.

(1) As defined by Bacen.

Loan Financial Margin - Interest

Allowance for Loan Losses (ALL) x Delinquency x Losses⁽¹⁾

Bradesco monitors its loan portfolio and related risks internally using the expanded portfolio concept.

In addition to the allowance for loan losses (ALL), required by Bacen Resolution 2682/99, Bradesco has an excess ALL to provide for possible stress situations, as well as other transactions/commitments bearing loan risks. Part of this allowance was allocated, for management purposes, to collateral transactions, but without being recorded in a specific provision account.

The ALL totaled R\$21.7 billion in December 2013, which account for 6.7% of loan portfolio, comprise: (i) the generic provision (customer and/or operation rating); (ii) the specific provision (non-performing loans); and (iii) the excess provision (internal criteria, which include the provision for collateral.

Bradesco has appropriate provisioning levels sufficient to support possible changes in scenarios, such as higher delinquency levels and/or changes in the loan portfolio profile.

(1) As defined by Bacen; and

(2) Includes the provision for collateral, comprising sureties, guarantees, letters of credit and standby letter of credit, which composes the excess ALL concept.

Economic and Financial Analysis

Loan Financial Margin - Interest

It is worth mentioning the assertiveness of adopted provisioning criteria, which is proven by: (i) analyzing historical data on recorded allowances for loan losses; and (ii) effective losses in the subsequent twelve-month period. Analysis in terms of loss, net of recovery, shows a significant increase in the coverage margin, i.e., for an existing provision of 7.3% of the portfolio⁽¹⁾ in December 2012, the net loss in the subsequent twelve-month period was 3.4%, meaning that the existing provision exceeded 118% the loss in the subsequent 12 months.

In December 2012, for an existing provision of 7.3% of the portfolio⁽¹⁾, the effective gross loss in the subsequent twelve-month period was 4.6%, meaning that the existing provision exceeded the loss over the subsequent twelve-month period by more than 58%, as shown in the graph below.

(1) As defined by Bacen; and

(2) Includes the provision for collateral, comprising sureties, guarantees, letters of credit and standby letter of credit, which composes the excess ALL concept.

Loan Financial Margin - Interest

Allowance for Loan Losses⁽¹⁾

The Non-performing Loan ratio (operations overdue for over 60 days) has had a continuous improvement, as well as the coverage ratio, which remained at high levels and, therefore, quite comfortable.

(1) As defined by Bacen;

(2) Includes the provision for collateral, comprising sureties, guarantees, letters of credit and standby letter of credit, which composes the excess ALL concept; and

(3) Loan operations overdue for over 60 days and that do not generate revenue appropriation on an accrual basis.

Bradesco _____

Economic and Financial Analysis**Loan Financial Margin - Interest****Loan Portfolio - Portfolio Indicators**

To facilitate the monitoring of the quantitative and qualitative performance of Bradesco's loan portfolio, a comparative summary of the main figures and indicators is presented below:

— Report on Economic and Financial Analysis – December 2013

Funding Financial Margin- Interest**Funding Financial Margin - Breakdown**

	Financial Margin - Funding				R\$ million	
	12M13	12M12	4Q13	3Q13	Variation YTD	Quarter
Interest - due to volume					66	35
Interest - due to spread					442	95
Interest Financial Margin	4,733	4,225	1,401	1,271	508	130

Quarter over quarter, interest funding financial margin increased 10.2%, or R\$130 million, in the fourth quarter of 2013 as a result of: (i) the greater volume of operations, which amounted to R\$35 million; and (ii) the R\$95 million increase in average spread, due to the interest rate increase in the period (Selic).

In the year-over-year comparison, interest funding financial margin improved by 12.0% or R\$508 million in 2013, mainly driven by: (i) the increase in average spread, in the amount of R\$442 million; and (ii) greater volume of operations, which amounted to R\$66 million.

Economic and Financial Analysis**Funding Financial Margin - Interest****Loans vs. Funding**

To analyze Loan Operations in relation to Funding, it is necessary to deduct from total customer funding (i) the amount committed to reserve requirements at Bacen, (ii) the amount of available funds for the customer service network, as well as (iii) add funds from domestic and foreign lines of credit that finance loan needs.

Bradesco depends little on interbank deposits and foreign lines of credit, given its capacity to effectively obtain funding from customers.

This is a result of: (i) the outstanding position of its service points; (ii) the extensive diversity of products offered; and (iii) the market's confidence in the Bradesco brand.

Note that the use of funds provides a comfortable margin, which proves that Bradesco is capable of meeting demand for funds for loans using its own funding.

Funding vs. Investments	R\$ million			Variation %	
	Dec13	Sept13	Dec12	Quarter	12M

(2) Including Collateral Mortgage Notes, Mortgage Bonds, Letters of Credit for Agribusiness and Financial Bills.

Funding Financial Margin - Interest

Main Funding Sources

The following table presents changes in main funding sources:

	R\$ million			Variation %	
	Dec13	Sept13	Dec12	Quarter	12M
Demand Deposits	40,618	39,456	38,412	2.9	5.7
Savings Deposits	80,718	76,488	69,042	5.5	16.9
Time Deposits	95,763	99,993	104,022	(4.2)	(7.9)
Debentures ⁽¹⁾	64,390	57,363	59,810	12.3	7.7
Borrowing and Onlending	56,095	51,307	44,186	9.3	27.0
Funds from Issuance of Securities ⁽²⁾	57,654	55,427	51,359	4.0	12.3
Subordinated Debts	35,885	36,135	34,852	(0.7)	3.0
Total	431,123	416,169	401,683	3.6	7.3

(1) Considering basically debentures used to back purchase and sale commitments; and

(2) Including: Financial Bills, on December 31, 2013, amounting to R\$35,208 million (R\$34,242 million on September 30, 2013 and R\$28,221 million on December 31, 2012).

Demand Deposits

Demand deposits totaled R\$40,618 million in the fourth quarter of 2013, up 2.9% on previous quarter and 5.7% when compared to the same period in the previous year, basically driven by the improved funding, which was due to the seasonal effect in the quarter and the increased account holder base in the period.

Savings Deposits

Savings deposits increased 5.5% in the quarter-over-quarter comparison and 16.9% in the last 12 months, mainly as a result of: (i) greater funding volume; and (ii) the remuneration of savings account reserve.

Bradesco is always increasing its savings accounts base, posting net growth of 2.6 million new savings accounts over the last quarter.

The new savings remuneration rule determines that:

- (i) the existing account savings up to May 3, 2012 will continue to remunerate at TR + 0.5% p.m.; and
- (ii) for deposits made as of May 4, 2012, the new rules are: (a) if the Selic rate is higher than 8.5% p.a., the TR + 0.5% p.m. remuneration will be maintained; and (b) when the Selic rate is equal to or lower than 8.5% p.a., the remuneration will be 70% of Selic rate + TR.

Bradesco _____

Economic and Financial Analysis

Funding Financial Margin - Interest

Time Deposits

In the fourth quarter of 2013, time deposits totaled R\$95,763 million, decreasing by 4.2% over the previous quarter and 7.9% on the same period of the previous year.

Such performance is basically due to the new investment alternatives offered to customers.

Debentures

On December 31, 2013, Bradesco's debentures amounted to R\$64,390 million, up 12.3% in the quarter-over-quarter comparison and a 7.7% over the last 12 months.

These variations are mainly due to the placement and maturity of the securities, which are also used to back purchase and sale commitments that are, in turn, impacted by the levels of economic activity.

Borrowing and Onlending

The quarter-over-quarter increase of R\$4,788 million, or 9.3%, was mainly due to: (i) the R\$3,258 million increase in foreign-currency-denominated and/or indexed borrowing and onlending, basically due to: (a) the 5.0% exchange gain in the period; and (b) the increase of the volume of funds raised; and (ii) the R\$1,530 million increase in volume of funds raised through borrowing and onlending in Brazil, led by Finame operations.

Year over year, borrowing and onlending were up R\$11,909 million, mainly due to: (i) the R\$7,231 million increase in foreign-currency-denominated and/or indexed borrowing and onlending, from R\$8,169 million in December 2012 to R\$15,400 million in December 2013, mainly due to: (a) the exchange gain of 14.6% in the period; and (b) the increase in volume of funds raised; and (ii) the R\$4,678 million increase in volume of funds raised through borrowing and onlending in Brazil, especially through Finame operations.

Report on Economic and Financial Analysis – December 2013

Funding Financial Margin - Interest**Funds from Issuance of Securities**

Funds from issuance of securities totaled R\$57,654 million, a 4.0% or R\$2,227 million increase in the quarter, mainly due to: (i) the R\$1,126 million increase in Mortgage Bonds; and (ii) the R\$966 million increase in inventory of Financial Bills.

Year over year, the R\$6,295 growth was mainly a result of: (i) the increased inventory of Financial Bills, from R\$28,221 million in December 2012 to R\$35,208 million in December 2013, mainly due to the new issuances in the period; (ii) the higher volume of Mortgage Bonds, in the amount of R\$1,766 million; and partially offset: (iii) by the R\$2,713 million reduction in volume of securities issued abroad.

Subordinated Debt

Subordinated Debt totaled R\$35,885 million in December 2013 (R\$8,952 million abroad and R\$26,933 million in Brazil), remaining practically stable when compared with the previous quarter and increasing 3.0% over the previous year.

Economic and Financial Analysis**Securities/Other Financial Margin - Interest****Securities/Other Financial Margin - Breakdown**

	Financial Margin - Securities/Other				R\$ million	
	12M13	12M12	4Q13	3Q13	Variation	Quarter
					YTD	
Interest - due to volume					194	10
Interest - due to spread					(1,631)	25
Interest Financial Margin	3,646	5,083	770	735	(1,437)	35
Income	27,242	31,647	4,748	8,050	(4,405)	(3,302)
Expenses	(23,596)	(26,564)	(3,978)	(7,315)	2,968	3,337

Quarter over quarter, interest financial margin from Securities/Other was up by R\$35 million, mainly due to: (i) the increase in average spread, in the amount of R\$25 million; and (ii) the higher volume of operations, in the amount of R\$10 million.

Year over year, interest financial margin from Securities/Other decreased 28.3% or R\$1,437 million in 2013. This result was due to: (i) the decrease in the average spread of R\$1,631 million, driven by the lower gain from fixed-rate commercial portfolio management; and partially offset: (ii) by the greater volume of operations, which affected the result in R\$194 million.

Insurance Financial Margin - Interest**Insurance Financial Margin - Breakdown**

	Financial Margin - Insurance				R\$ million	
	12M13	12M12	4Q13	3Q13	Variation	Quarter
					YTD	
Interest - due to volume					495	25
Interest - due to spread					(62)	117
Interest Financial Margin	3,616	3,183	965	823	433	142
Income	6,390	10,875	305	2,258	(4,485)	(1,953)
Expenses	(2,774)	(7,692)	660	(1,435)	4,918	2,095

In the quarter-over-quarter comparison, interest financial margin from insurance operations increased R\$142 million, or 17.3%, impacted by: (i) the R\$117 million increase in average spread, mainly due to IPCA and IGP-M rates in the quarter; and (ii) the greater volume of operations, amounting to R\$25 million.

In the year-over-year comparison, interest financial margin from insurance operations was up 13.6% or R\$433 million in 2013 due to: (i) the greater volume of operations, in the amount of R\$495 million; and partially offset: (ii) by the R\$62 million decrease in average spread.

— Report on Economic and Financial Analysis – December 2013

Financial Margin – Non-Interest**Non-Interest Financial Margin – Breakdown**

	Non-Interest Financial Margin					R\$ million	
	12M13	12M12	4Q13	3Q13	Variation YTD	Quarter	
Funding	(297)	(291)	(76)	(75)	(6)	(1)	
Insurance	253	368	221	(30)	(115)	251	
Securities/Other	644	1,695	133	212	(1,051)	(79)	
Total	600	1,772	278	107	(1,172)	171	

The non-interest financial margin in the fourth quarter of 2013 stood at R\$278 million versus the R\$107 million of the previous quarter, an improvement of R\$171 million mainly due to the best results from Insurance. Year over year, non-interest financial margin decreased R\$1,172 million in 2013. The variations in non-interest financial margin were basically a result of:

- Insurance - which is represented by equity gains/loss, and the variations in the periods are associated with market conditions, which enabled greater/lower gain opportunity; and
- Securities/Other - which had a decrease of R\$1,051 million in the year-over-year comparison, mostly due to lower gains from market arbitrage. In the fourth quarter of 2013, a reduction of R\$79 million resulted from the higher market volatility in the period. Also in the quarter, note that the R\$33 million gained from the partial sale of shares on BM&FBovespa contributed to the result, versus the R\$30 million obtained in the previous quarter.

Economic and Financial Analysis**Insurance, Pension Plans and Capitalization Bonds**

Below is the analysis of the Statement of Financial Position and Income Statement of Grupo Bradesco Seguros e Previdência:

Written Premiums, Pension Plan Contributions and Capitalization Bond Income

In the fourth quarter of 2013, total revenue grew 30.9% over the previous quarter, led by Life and Pension Plan segment, which was boosted by greater concentration of pension plan contributions in the period.

In 2013, production increased by 12.3% in comparison with the previous year thanks to all segments' results, mainly the two-digit growths in Health and Capitalization Bonds.

(1) Life/VGBL/PGBL/Traditional; and

(2) 4Q13 includes the latest data released by Susep (November 2013).

Note: For comparison purposes, the non-recurring events' effects are not considered.

Due to its solid structure, a policy of product innovation and customer trust, Bradesco Vida e Previdência held a 29.7% share on pension plan and VGBL income in the period (source: Susep – November/13).

Net income for the fourth quarter of 2013 was 5.4% higher than the previous quarter, basically as a result of: (i) the 71.1% increase in revenue; (ii) the 6.0 p.p. decrease in Life product claims ratio; and (iii) the improved administrative efficiency ratio.

Net income for the year was 9.3% higher than the result posted in the previous year, mainly due to: (i) the 7.7% increase in revenue; (ii) the 0.6 p.p. decrease in Life product claims ratio; (iii) the increase in the financial result; and (iv) the stable administrative efficiency ratio.

Economic and Financial Analysis

Bradesco Vida e Previdência

Bradesco Vida e Previdência's technical reserves stood at R\$119.2 billion in December 2013, made up of R\$113.1 billion from Pension Plans and VGBL and R\$6.1 billion from Life, Personal Accidents and Other Lines, up 10.0% over December 2012.

The Pension Plan and VGBL Investment Portfolio totaled R\$118.2 billion in November 2013, equal to 32.1% of all market funds (source: Fenaprevi).

Growth of Participants and Life and Personal Accident Policyholders

In December 2013, the number of Bradesco Vida e Previdência customers grew by 9.4% compared to December 2012, surpassing a total of 2.4 million pension plan and VGBL plan participants and 25.8 million life and personal accident participants.

This impressive growth was fueled by the strength of the Bradesco brand and the improvement of selling and management policies.

(1) 4Q13 considers the latest data released by ANS (November 2013).

Note: For comparison purposes, the non-recurring events' effects are not considered.

Net income for the fourth quarter of 2013 had an increase of 25.9% over the third quarter of 2013, mainly due to: (i) the 3.8% increase in revenue; (ii) 1.3 p.p. decrease in claims ratio, due to seasonality in the third quarter, which normally shows greater volume of claims; and (iii) the improved financial result.

Net income for 2013 was up 6.2% over the previous year, due to: (i) the 23.7% increase in revenue; (ii) the improved financial and equity result; and partially offset: (iii) by the 1.5 p.p. increase in claims ratios, a result of run-off of expenses from deficit corporate line contracts not renewed during 2013.

Net Issued Premium stood at R\$12.1 billion in 2013, up 23.7% when compared to 2012, led by insurance portfolio for Small and Medium Groups (SMG) whose premiums amounted to R\$2.5 billion, 41.0% higher than the previous year.

(ii) the orthoses, prosthesis and special drugs (OPME) project, with the purpose of obtaining more agreements with accredited hospitals to use previously negotiated high-cost materials, thus contributing to assistance cost control; (iii) the expansion of *Segunda Opinião Médica* (Second Opinion from a Physician) for knee joint and hip, oral and maxillofacial and hemodynamic surgeries, in addition to spine surgeries, in reference medical centers, in order to improve health quality; and (iv) the consolidation of Concierge services, which were also made available on Bradesco Saúde website, approved by 97% of its customers, according to survey conducted by independent firm.

In December 2013, Bradesco Saúde and Mediservice maintained strong market position in the corporate segment (source: ANS).

Over 82 thousand companies in Brazil have Bradesco Saúde insurance and Mediservice plans.

During 2013, Bradesco Saúde continued and promoted several initiatives that benefited its global performance, such as: (i) the implementation of *Meu Doutor Bradesco Saúde* (My Bradesco Saúde Doctor) project, which offers the policyholders a selected list of accredited general practitioners with whom the customer can schedule an appointment via the internet, in order to reinforce the doctor-patient relationship and improve attention to health standard;

Of the 100 largest companies in Brazil in terms of revenue, 52 are Bradesco Saúde and Mediservice customers (source: *Exame* magazine's Best and Major Companies (*Melhores e Maiores*) ranking, July 2013).

Bradesco _____

Economic and Financial Analysis**Bradesco Saúde and Mediservice****Number of Policyholders at Bradesco Saúde and Mediservice**

Together, the two companies have over 4.1 million customers. The high share of corporate policies in the overall portfolio (95.5% in December 2013) shows the companies' high level of specialization and customization in the corporate segment.

The highlight was the growth in the Small and Medium Groups (SMG) insurance portfolio, with over 750 thousand policyholders in December 2013, up 26.4% over the same period in 2012. Corporate portfolio was also positively impacted by the strong increase in Northeast and North regions, up 30.6% and 25.7%, respectively.

(1) 4Q13 considers the latest data released by Susep (November 2013).

In the fourth quarter of 2013, revenue stood at R\$1.3 billion and technical reserve totaled R\$5.9 billion. Net income remained in line with the previous quarter, a result of stability of the main performance indicators.

Net income for the year was up 13.0% when compared to the previous year, as a result of: (i) the 21.0% increase in capitalization bond income; (ii) the improved financial result; and (iii) the steady administrative efficiency ratio.

Report on Economic and Financial Analysis – December 2013

Bradesco Capitalização

Bradesco Capitalização ended the fourth quarter of 2013 leading the capitalization bond companies ranking, due to its policy of transparency and of adjusting its products based on potential consumer demand.

In order to offer the capitalization bond that best fits the profile and budget of each customer, Bradesco Capitalização has developed several products that vary in accordance with payment method (lump-sum or monthly), contribution term, frequency of draws and premium amounts. This phase was mainly marked by a closer relationship with the public by consolidating *Pé Quente Bradesco* products.

Among these products, it is worth pointing out the performance of the social and environmental products, from which a part of the profit is allocated to socially responsible projects, while also allowing the customer to create a financial reserve. Bradesco Capitalização currently has partnerships with the following social and environmental institutions: (i) SOS Mata Atlântica Foundation (contributes to the conservation of biological and cultural diversity of the Atlantic Forest, stimulating social and environmental citizenship); (ii) Ayrton Senna Institute (contributes to education and human development, reducing illiteracy rates, school failure and drop-out rates); (iii) Amazonas Sustentável Foundation (contributes to the sustainable development, environmental preservation and improvement to the quality of life of communities that benefit from the preservation centers in the state of Amazonas); (iv) the Brazilian Cancer Control Institute (contributes to the development of projects for the prevention, early diagnosis and treatment of breast cancer in Brazil); and (v) Tamar Project (created to save sea turtles).

Bradesco Capitalização was the first capitalization bond company in Brazil to receive the ISO 9001 of Quality Management, certification which is held to date. Since 2009, it was certified by Vanzolini Foundation with the ISO 9001 Version 2008 for Management of Bradesco Capitalization Bonds. This attests to the quality of internal processes and confirms the principle targeting good products, services and continuous growth.

The portfolio is composed of 23.4 million active bonds, of which: 34.9% are Traditional Bonds sold in the branch network and at *Bradesco Dia & Noite* service channels, and 65.1% are incentive bonds (assignment of drawing rights), such as partnerships with Bradesco Vida e Previdência and Bradesco Auto/RE, which were up 11.0% over December 2012. Given that the purpose of this type of capitalization bond is to add value to the associated company product or even encourage the performance of its customers, bonds have reduced maturity and grace terms and lower sale price.

(1) 4Q13 considers the latest data released by Susep (November 2013).

Net income for the fourth quarter of 2013 was up by 184.0% from the previous quarter, due to: (i) the 0.4 p.p. decrease in claims ratio; and (ii) the improved financial and equity result.

Net income for 2013 was 31.5% higher than that posted in 2012, due to: (i) the 5.2 p.p. decrease in claims ratio; (ii) higher financial result; (iii) steady administrative efficiency ratio when compared to the previous year; partially offset: (iv) by lower equity result.

In the Property Insurance segment, the focus on large brokers and Corporate and Middle Market customers was maintained. This results in renewal of the main accounts, whether in leadership or participation in co-insurance. Also note the excellent performance of the Engineering Risks segment: the partnership with the Real Estate Loan area has enabled new insurance contracts from its customer base.

In Aviation and Maritime Hull insurance, the increased exchange with Corporate and Middle Market segments has been drawn on extensively,

Despite strong competition in the Auto/RCF line, we maintain a fleet of approximately 1.4 million vehicles—which proves its power of competitiveness, mainly due to improvements to current products and the creation of products for a specific target-public. Among them, it is worth noting the launch of the *Bradesco Seguro Primeira Proteção Veicular* (First Vehicular Protection of Bradesco Seguro), exclusive to Bradesco's account holders, which helps, through the Day and Night Support services, new vehicles and vehicles of up to 15 years of use.

For better service, we currently have 25 Bradesco Auto Centers (BAC), which offer policyholders the greatest variety of services in a single place, including: auto claims services, reserve rental cars, installation of anti-theft equipment, preventative maintenance checks, glass repairs or replacement and environmental vehicle inspections.

taking full advantage of the stronger sales of new aircraft and those of the maritime segment.

The transportation segment is still the primary focus, with essential investments made to leverage new business, especially in the renewal of reinsurance agreements, which gives insurers the power to assess and cover risk, and consequently increase competitiveness in more profitable businesses such as international transportation insurance for shipping companies involved in international trade.

— Report on Economic and Financial Analysis – December 2013

Bradesco Auto/RE

Number of Policyholders at Auto/RE

Mass insurance targets individuals, self-employed professionals and SMEs. The launch of new products combined with the continuous improvement to methods and systems has contributed to maintenance of customer base, which comprises around 3.6 million customers in the last 12 months.

It is worth pointing out that we continued with a strong strategy for the Residential Insurance segment, covering more than 1.8 million insured homes.

Explanations of the main items that influenced the variation in Fee and Commission Income between periods can be found below.

Report on Economic and Financial Analysis – December 2013

Fee and Commission Income

Card Income

For the seventh consecutive quarter, card income grew R\$92 million when compared to the previous quarter, for a total of R\$1,900 million in the fourth quarter of 2013, mainly due to: (i) the greater volume of transactions in the period; and (ii) the increased revenue.

Year over year, card income was up 18.0%, or R\$1,082 million, mainly due to: (i) the increase in revenue from purchases and services, resulting from the 15.4% increase in revenue, which reached R\$119.4 billion in 2013 (R\$103.5 billion in 2012); and (ii) the increase in the number of transactions in the period.

Bradesco _____

Economic and Financial Analysis

Fee and Commission Income

Checking Account

In the fourth quarter of 2013, fee and commission income from checking accounts increased R\$20 million in comparison with the previous quarter, mainly due to: (i) the net increase of 17 thousand new checking accounts; and (ii) the expansion of the customer service portfolio.

Year over year, income grew by R\$363 million, or 11.2% in 2013, mainly due to: (i) the expansion of the checking account customer base, which posted a net increase of 707 thousand active current account holders (663 thousand individual customers and 44 thousand corporate customers); (ii) the expansion of the customer service portfolio; and (iii) the adjustment of fees.

Loan Operations

In the fourth quarter of 2013, income from loan operations totaled R\$598 million, up 8.1% in comparison with the previous quarter, mainly driven by the higher volume of operations in the quarter.

Year over year, the 7.8% increase in 2013 was mainly the result of the greater income from collaterals, up 16.5%, mainly deriving from the 12.8% growth in the volume of Sureties and Guarantees.

— Report on Economic and Financial Analysis – December 2013

Fee and Commission Income**Fund Management**

In the fourth quarter of 2013, income from fund management totaled R\$589 million, down R\$15 million in comparison with the previous quarter, mainly due to: (i) the lower number of business days in the quarter; and (ii) the drop in the average volume of funds and portfolios raised and managed.

Year over year, the R\$152 million or 7.0% increase in 2013 was mainly due to: (i) the increase in average volume of funds and portfolios raised and managed; and offset (ii) by the 15.5% decrease in the Ibovespa index in the period, impacting income from managed funds and portfolios pegged to equities.

Bradesco _____

Economic and Financial Analysis

Fee and Commission Income

Cash Management Solutions (Payments and Collection)

In the fourth quarter of 2013, income from payments and collection remained practically stable in comparison with the previous quarter, mainly due to the steady number of processed documents in the period.

Year over year, the 10.9% or R\$178 million increase in 2013 was mainly due to the greater volume of processed documents, up from 1,931 million in 2012 to 2,125 million in 2013, a 10.0% increase in the period.

Consortium Management

In the fourth quarter of 2013, income from consortium management increased by 7.7% over the previous quarter, driven by the sales in the period. On December 31, 2013, Bradesco had 924 thousand active quotas (876 thousand active quotas on September 30, 2013), ensuring a leading position in all the segments it operates (real estate, auto and trucks/tractors/machinery and equipment).

Year over year, there was a 17.8% increase in consortium management income, resulting from: (i) the growth in the volume of bids; (ii) the increase in average ticket; and (iii) the increase in sales of new quotas, from 736 thousand active quotas on December 31, 2012 to 924 thousand active quotas on December 31, 2013, an increase of 188 thousand net quotas.

Report on Economic and Financial Analysis – December 2013

Fee and Commission Income

Custody and Brokerage Services

In the fourth quarter of 2013, total custody and brokerage service income had a slight decrease of R\$3 million in relation to the previous quarter, basically due to lower volume of trading on BM&FBovespa, which affected brokerage income.

Year over year, the 5.8% increase in 2013 reflected the increase in custody service income, with a gain in average volume of assets under custody in the period.

Underwriting / Financial Advisory Services

The R\$84 million increase in the quarter-over-quarter comparison mainly refers to the performance of the capital market operations in the fourth quarter of 2013. Furthermore, changes in this income are often the result of capital markets' volatile performance.

Year over year, there was an increase of R\$51 million, mainly as a result of a greater business volume in 2013.

Service Points	72,736	68,917	72,736	71,724	3,819	1,012

In the fourth quarter of 2013, total personnel and administrative expenses came to R\$7,313 million, up 4.8% in comparison with the previous quarter. In the last 12 months, personnel and administrative expenses totaled R\$27,573 million, up 4.6% when compared to the previous year.

Personnel Expenses

In the fourth quarter of 2013, personnel expenses came to R\$3,465 million, a 3.6% or R\$119 million variation from the previous quarter.

The increase in structural expenses of R\$42 million was mainly due to greater expenses with payroll, social charges and benefits, a result of raise in salary levels, as per 2013 collective bargaining agreement.

The increase in non-structural expenses of R\$77 million was mainly due to greater expenses with: (i) employee and management profit sharing, totaling R\$35 million; and (ii) training, amounting to R\$21 million.

— Report on Economic and Financial Analysis – December 2013

Personnel and Administrative Expenses

Personnel Expenses

Year over year, the R\$875 million increase in 2013 was due to: (i) the structural expenses totaling R\$570 million, related to the increase in expenses with payroll, social charges and benefits, impacted by the raise in salary levels, as per 2012 and 2013 collective bargaining agreements; and (ii) the increase in non-structural

expenses of R\$305 million, which was mainly a result of greater expenses with: (a) provision for labor claims, totaling R\$156 million; and (b) management and employee profit sharing, totaling R\$72 million.

Bradesco _____

Economic and Financial Analysis

Personnel and Administrative Expenses

Administrative Expenses

In 2013, total administrative expenses came to R\$14,512 million, a 2.5% variation from 2012, mainly due to strong cost control conducted by our Efficiency Committee. Note that this variation was a result of: (i) the opening of 3,819 service points in the period, for a total of 72,736 service points on December 31, 2013; (ii) greater business and service volume in the period; (iii) contractual adjustments; in addition to (iv) the IPCA and IGP-M inflation rates of the last 12 months, which totaled 5.9% and 5.5%, respectively.

Quarter over quarter, the 6.0% increase in administrative expenses in the fourth quarter of 2013 was basically due to: (i) the greater business and service volume in the last quarter, which led to more expenses; and (ii) the seasonal effect of greater advertising and publicity expenses, totaling R\$137 million, due to extra investments in initiatives regarding institutional maintenance and positioning and support of loan product offer at this period of the year.

Report on Economic and Financial Analysis – December 2013

Operating Coverage Ratio ⁽¹⁾

In the quarter, the coverage ratio over the last 12 months maintained its improvement with a 1.0 p.p. growth, mainly due to an increase in fee and commission income, combined with ongoing cost control efforts, including the initiatives of our Efficiency Committee.

It is worth noting that 71.8% is the best rate over the last five years.

Tax Expenses

The R\$267 million increase in tax expenses in the fourth quarter of 2013, in comparison with the previous quarter, was mainly driven by the increase in PIS/Cofins/ISS taxable income, impacted by greater revenues from interest on shareholders' equity from unconsolidated companies.

Year over year, these expenses increased R\$242 million in 2013, mainly due to greater PIS/Cofins/ISS expenses, reflecting the higher taxable income, especially fee and commission income.

Economic and Financial Analysis

Equity in the Earnings (Losses) of Unconsolidated Companies

In the fourth quarter of 2013, the equity in the earnings (losses) of unconsolidated companies was R\$26 million. The R\$24 million increase over the previous quarter was basically due to higher results from the unconsolidated company IRB Brasil Resseguros.

In the year-over-year comparison, the reduction in 2013 was mainly due to lower results from the unconsolidated company IRB – Brasil Resseguros.

Operating Income

Operating income in the fourth quarter of 2013 was R\$4,945 million, up R\$176 million from the previous quarter. This result was mainly due to: (i) greater financial margin, amounting to R\$535 million; (ii) the R\$250 million increase in fee and commission income; partially offset: (iii) by the R\$336 million increase in personnel and administrative expenses; and (iv) the R\$267 million increase in tax expenses.

administrative expenses; (v) the R\$529 million increase in other operating expenses (net of other income); (vi) lower financial margin, amounting to R\$507 million; and (vii) the R\$242 million increase in tax expenses.

Year over year, the R\$1,292 million or 7.4% increase in 2013 is mostly a result of: (i) the R\$2,274 million increase in fee and commission income; (ii) lower allowance for loan loss expenses, totaling R\$969 million; (iii) the R\$657 million increase in operating income from Insurance, Pension Plans and Capitalization Bonds; partially offset by: (iv) a R\$1,225 million increase in personnel and

Non-Operating Income

In the fourth quarter of 2013, non-operating income posted a loss of R\$31 million, R\$4 million more than the previous quarter and R\$31 million more than 2012, due to greater non-operating expenses (such as losses on sale of foreclosed assets/other) in the period.

Return to Shareholders

Sustainability

Bradesco remains in the Corporate Sustainability Index (ISE) portfolio

For the ninth consecutive year, Bradesco was selected to remain in the Corporate Sustainability Index (ISE) portfolio of the São Paulo Stock Exchange (BM&FBovespa), whose purpose is to create an investment environment compatible with the sustainable development demands of the contemporary society and stimulate corporations'

ethical responsibility. The selection to compose the portfolio, which will be effective from January 6, 2014 to January 2, 2015, is based on a questionnaire answered by companies with the 200 most trading shares listed on the Stock Exchange. The new portfolio will be composed of 51 shares from 40 companies.

Participation in events promoted by the Equator Principles Association and the International Finance Corporation – IFC

In November 2013, Bradesco attended the Equator Principles Association Annual Meeting and participated in the Performance Standards Community of Learning event, the latter promoted by the IFC (World Bank Group's financial arm), and both held in Tokyo, Japan. Over 90 representatives of financial institutions headquartered in all continents attended the

events, which aim at discussing and enabling the exchange of experiences on social and environmental risk management practices adopted in corporate banking operations. The events contribute to the promotion of coordinated and consistent approaches by the financial market, as well as to the adoption of best practices.

Report on Economic and Financial Analysis – December 2013

Investor Relations (IR)

In line with democratization of information, Bradesco concluded its event schedule with the Apimec Meetings in Belo Horizonte, Rio de Janeiro and Porto Alegre in the fourth quarter of 2013. During the year, the Bank held 14 Apimec Meetings, with the participation of more than two thousand people and two thousand internet users via live broadcast. The events' presentations are available on the Investor Relations website, where it is possible to watch the full presentation of some of the events.

During 2013, the Investor Relations Area was present in nine editions of *Expo Money*, Latin America's major financial education event. Participants had the opportunity to expand their knowledge by attending lectures at Bradesco's stand. Additionally, the Investor Relations team frequently keeps contact with shareholders, investors and analysts via telephone, email and at Bradesco's headquarters, in addition to attending conferences and road shows in Brazil and abroad.

Corporate Governance

Bradesco's management is made up of the Board of Directors and the Statutory Board of Executive Officers. The former is composed of eight members who are eligible for reelection, and includes seven external members, including the Chairman (Mr. Lázaro de Mello Brandão) and one management member (the Chief Executive Officer, Mr. Luiz Carlos Trabuco Cappi). The Board members are elected by the Annual Shareholders' Meeting, which elect the members of the Board of Executive Officers.

To assist its duties, six (6) Committees are subordinated to the Board of Directors, two (2) of which Statutory Committees (Audit and Compensation) and four (4) Non-Statutory Committees (Ethical Conduct, Internal Controls and Compliance, Integrated Risk Management and Capital Allocation and Sustainability), and forty-three (43) Executive Committees are subordinated to the Board of Executive Officers.

Bradesco guarantees its shareholders, as a minimum dividend, 30% of adjusted net income, as well as 100% tag-along rights for common shares and 80% for preferred shares. Preferred shares are also entitled to dividends 10% greater than those paid to common shares.

Bradesco voluntarily adhered to Level 1 Corporate Governance of BM&FBovespa in 2001, and to the Code of Self-Regulation and Best Practices for Publicly-held Companies, issued by the Brazilian Association of Publicly-held Companies (Abrasca), in 2011.

Bradesco was rated AA+ (Excellent Corporate Governance Practices) by Austin Rating.

Further information is available at the Bradesco's Investor Relations website www.bradescori.com.br – Corporate Governance.

Bradesco Shares

Average Daily Trading Volume of Shares

Bradesco shares are traded on BM&FBovespa (São Paulo) and the New York Stock Exchange (NYSE). Since November 21, 2001, Bradesco trades its ADRs backed by preferred shares on NYSE. As of March 13, 2012, it has also traded ADRs backed by common shares.

In 2013, the average trading volume of our shares stood at R\$531 million, the highest value in the series below. Year over year, the average daily trading volume increased by 3.9%, boosted by the increased liquidity of our shares traded on BM&FBovespa.

Return to Shareholders**Bradesco Shares****Appreciation of Preferred Shares - BBDC4**

The graph shows the change in preferred shares due to Bradesco's dividend reinvestment, compared to the Ibovespa and the Interbank Deposit Certificate Rate (CDI). If R\$100 were

invested in December 2001, Bradesco shares would be worth R\$924 in December 2013, an appreciation that substantially exceeds the Ibovespa and the CDI in the same period.

Bradesco _____

Additional Information

Investments in Infrastructure, Information Technology and Telecommunication

In the year Bradesco celebrated its 70th anniversary, it was internationally recognized for its strong relation with youth. *Forbes*, a magazine specialized in business and economy, highlighted the Bank's initiatives in social networks, with the pioneer launch of *F.Banking*, Brazil's first application and one of the first applications in the world that allows customers to access their checking accounts through the social network. The US magazine mentioned the increased number of Brazilians accessing the internet and of social network users, pointing out the work of companies, such as Bradesco, that have been using these channels and their corporate profiles to expand the relationship with the public.

F.Banking currently has 100 thousand registered customers who can check their balances, investments and credit limits, make transfers to other Bradesco accounts, pay collection slips and recharge mobile phones, in an environment as safely as the Internet Banking.

The relationship with youth is, in fact, one of Bradesco's constant concerns. University students have the option to invest in shares through *Bradesco Home Broker Universitário*, which offers on-line trading services, *TV Home Broker*, with daily programming, analyses, recommendations, on-line courses, in addition to allowing trades through Bradesco Trading, application especially developed for iPhone, iPad and iPod Touch. Students also have access to videos on financial education.

Bradesco Corretora customers who have a mobile phone with the Android technology may also trade on the stock market through the Bradesco Trading

Innovation is part of Bradesco's work. In January 2013, the Bank created the Executive Innovation Committee. With the participation of the Board of Executive Officers' members, the group developed a new innovation model to Bradesco, targeting production and multi-department initiatives.

Our innovative attitude is still recognized. For the third consecutive year, Bradesco was considered in B2C as the Most Innovative Company in Providing Customer Services in Brazil. The study, conducted by DOM Strategy Partners and published by the *Consumidor Moderno* magazine, took into consideration the Bank's strong digital performance, its efforts in redesigning the branches and the launch of multichannel services to improve customers' experience.

Bradesco brand was also acknowledged the most valuable brand in Brazil, and technology was appointed as one of its qualities considered in the study prepared by the specialized consulting firm *BrandAnalytics* to reach this conclusion.

In March, month of its anniversary, Bradesco presented its new institutional portal, which currently has 22 million visits per month. With a modern language and new functionalities, the portal integrated the product and segment websites. Among the news, it is worth mentioning the *Buscador Inteligente* (intelligent search tool), multiplatform websites (operating system and browser), video-integrated banner to increase sales and call to action, a centralized promotion area, iconography, number of pages, total mouseover effect and filter for comparison of products. The

app, which has the same functionalities offered by the iOS version, currently with more than 49 thousand users.

Customers travelling abroad are offered the Global Travel Card, a prepaid card in U.S. dollar, pounds sterling or euro, which may be directly recharged through Internet Banking.

Bank launched the *Portal Sociedade de Negócios* (Business Society Portal), a new relationship channel with micro and small entrepreneurs.

The new *Net Empresa*, which is now more modern and suitable to customers' needs, was made available in September 2013. The new functionalities allow for better cash flow management, increased interaction between users and Bradesco, and agility for companies to conclude their transactions.

Investments in Infrastructure, Information Technology and Telecommunication

The website *Bradesco Universitários* was also totally renovated to follow Bradesco Portal's standards: it is now more modern and easily browsing, in addition to providing exclusive content, such as promotions and partnerships specially developed to students. The website *Click Conta* was also revamped to a more user-friendly and contemporary layout that allows for better visualization of the products and services offered, which also makes available specific content for its target-public.

Beneficiaries of Bradesco Saúde are offered the option to consult the accredited network by sending a SMS message including their card number, name and last name. An answer requesting the neighborhood, city and doctor specialization will be sent back. After providing this information, the beneficiaries will receive three options to schedule an appointment.

Given our concern and initiatives towards social inclusion, we were also paid homage for the 15 years of Virtual Vision in the 11th edition of the Brazil Learning & Performance Award, promoted by Micropower with the support of ABRH-SP, ADVB-SP, FENADVB, Abes, with institutional support of the Fiesp System and National ABRH. The software is an internationally renowned and pioneering solution that allows visually impaired people to use, with autonomy, different Internet resources. The Internet Banking for Visually Impaired People, an unmatched service in Brazil, was launched in 1998.

In addition to innovation, the Bank maintains its focus on improving solutions. In 2013, more than 3,798 Bradesco Expresso service points were opened, for a total of more than 46,851 thousand service points throughout Brazil. *Bradesco Celular* channel exceeded three million active customers, a growth of more than 300% over the past two years.

Biometry, the pioneer innovative technology launched by Bradesco in 2006, reached 15.0 million registrations and now is offered by corporate customers to make financial transactions. It provides customers with security and allows them to make transactions in ATMs, such as withdrawals, without the need to use their cards. Another important landmark is the over 660 thousand active customers registered with Bradesco Security Key – Mobile Phone Token.

In line with the most recent and innovative technologies, the Bank launched in November the first application for Google Glass, a device that allows users to mix the physical and digital worlds by using special goggle lenses. The first of its kind in the market, App Bradesco will allow users to find the closest branches and Bradesco *Dia & Noite* and *Banco24Horas* ATMs, in addition to obtaining directions due to integration with Google Maps. The application will also provide locations of hospitals accredited with Bradesco Saúde network. In the future, this equipment should allow customers to make bank transactions.

As a prerequisite for its continuous expansion, Bradesco invested R\$4.842 billion in Infrastructure, Information Technology and Telecommunications in 2013. The total amount invested over recent years, including infrastructure (facilities, restorations, improvements, furniture and fixtures), can be found below:

					R\$ million
	2013	2012	2011	2010	2009
Infrastructure	501	718	1,087	716	630
Information Technology and Telecommunication	4,341	3,690	3,241	3,204	2,827
Total	4,842	4,408	4,328	3,920	3,457
				<u>Bradesco</u>	<u> </u>

Additional Information

Risk Management

Given the growing complexity of products and services and the globalization of the Organization's business, risk management has become a highly strategic activity, which must be constantly enhanced to keep pace with the dynamism of the markets and the pursuit of best practices, exemplified by the fact that Bradesco became the first and only Brazilian bank authorized by the Central Bank to use its own internally-developed market risk management models to calculate regulatory capital since January 2013.

The Organization exercises corporate risk control in an integrated and independent manner, preserving and valuing collegiate decision-making and developing and implementing methodologies, models, and measurement and control tools.

It also provides training to employees from all Organization levels, from the business areas to the Board of Directors.

The management process ensures that risks can be proactively identified, measured, mitigated, monitored and reported as required in line with the complexity of the Organization's financial products and activity profile.

Detailed information on the risk management process, capital and capital requirement, as well as the Organization's risk exposure, can be found in the Risk Management Report on the Investor Relations website, at www.bradescori.com.br.

Capital Management

The Capital Management structure enables the Organization to reach its strategic objectives through an appropriate capital sufficiency planning. This structure is composed of certain Executive Committees and one Non-Statutory Committee, which assist the Board of Directors and the Board of Executive Officers in decision making.

In addition to the Committee structure, the Organization has a department responsible for the centralization of the conglomerate's capital management, named Capital Management and

Organization's capital plan is prepared annually, under approval of the Board of Executive Officers and the Board of Directors. It is in line with the strategic planning and covers at least three years of operations. This plan is based on threats and opportunities, growth and market share goals, and projections of capital requirement to cover risks and of capital held by the Organization, which are continuously monitored and controlled by the capital management area.

Internal Capital Adequacy Assessment Process (ICAAP), that reports to the Planning, Budget and Control Department, which acts jointly with the Integrated Risk Control Department, associated companies, business areas and the Organization's supporting areas.

With the implementation of a capital management structure, the Organization established an ICAAP, which provides conditions to a capital sufficiency assessment in case of regular or stress scenarios. Information on capital sufficiency and adequacy is crucial for Organization's management and decision making.

Further information on the capital management structure can be found in the Risk Management Report – Pillar 3 and the 2013 Annual Report on the Investor Relations website: www.bradescom.br.

Additional Information

Capital Adequacy Ratio

The implementation of the new capital structure in Brazil began in October 2013. Bacen, through CMN Resolution 4192/13 that replaces CMN Resolution 3444/07, provides for a new methodology to calculate capital.

Given that this methodology requires the introduction of new adjustments, the Bank adapted the past series showing, per periods, the transition from Basel II to Basel III. It is worth noting that the indexes disclosed until September 2013 have been maintained but are not comparable due to the current resolution's criteria.

Calculation Basis	Basel III ⁽¹⁾				Basel II				R\$ million
	Financial Consolidated				Economic-Financial Consolidated				
	Dec13	Sept13	Jun13	Mar13	Dec12	Sept12	Jun12	Mar12

Independent Reasonable Assurance Report on the supplementary accounting information

To

The Directors of

Banco Bradesco S.A.

Osasco – SP

We were engaged by Banco Bradesco S.A. ("Bradesco") to report on the supplementary accounting information of Banco Bradesco S.A. for the year ended as at December 31, 2013, in the form of reasonable assurance conclusion that based on our work, described within this report, the supplementary accounting information included within the Economic and Financial Analysis Report is presented, in all material respects, based on the information referred to in the "Criteria for preparing the supplementary accounting information" paragraph.

Responsibilities of the Management of Bradesco

Management is responsible for preparing and adequately presenting the supplementary accounting information included within the Economic and Financial Analysis Report based on the criteria for the preparation of the supplementary accounting information described below, and for other information contained within this report, as well as the design, implementation and maintenance of internal controls that management determines are necessary to allow for such information that is free from material misstatement, whether due to fraud or error.

Independent Auditor's Responsibility

Our responsibility is to examine the supplementary accounting information included within the Economic and Financial Analysis Report prepared by Bradesco and to report thereon in the form of a reasonable assurance conclusion based on the evidence obtained. We conducted our engagement in accordance with the NBC TO 3000 - Assurance Engagement Other than Audit and Review (ISAE 3000). That standard

requires that we comply with ethical requirements, including independence requirements, and plan and perform our procedures to obtain reasonable assurance about whether the supplementary accounting information included within the Economic and Financial Analysis Report is presented, in all material respects, to the information referred to in the “Criteria for preparing the supplementary accounting information” paragraph.

The procedures selected were based on our judgment, including the assessment of risks of material misstatement in the supplementary accounting information of Banco Bradesco S.A. whether due to fraud or error; however, this does not include the search and identification of fraud or error.

In making those risk assessments, we have considered internal controls relevant to the preparation and presentation of supplementary accounting information in order to design assurance procedures that are appropriate in the circumstances, but not for the purposes of expressing a conclusion as to the effectiveness of Bradesco’s internal control over the preparation and presentation of the supplementary accounting information. Our engagement also includes the assessment of the appropriateness of the reasonableness of the supplementary accounting information, the suitability of the criteria used by Bradesco in preparing the supplementary accounting information within the Economic and Financial Analysis Report in the circumstances of the engagement, evaluating the appropriateness of the procedures used in the preparation of the supplementary accounting information and the reasonableness of estimates made by Bradesco and evaluating the overall presentation of the supplementary accounting information. Reasonable assurance is less than absolute assurance.

Our conclusion does not contemplate aspects related to any prospective information contained within the Economic and Financial Analysis Report, nor offers any guarantee if the assumptions used by Management provide a reasonable basis for the projections presented.. Therefore, our report does not offer any type of assurance on the scope of future information (such as goals, expectations and ambitions) and descriptive information that is subject to subjective assessment.

Independent Reasonable Assurance Report on the supplementary accounting information

Criteria for preparing the supplementary accounting information

The supplementary accounting information disclosed within the Economic and Financial Analysis Report, for the year ended December 31, 2013 has been prepared by the Management of Bradesco, based on the information contained in the consolidated financial statements on December 31, 2013 and the accounting criteria described within the Economic and Financial Analysis Report, in order to facilitate additional analysis, without, however, being part of the consolidated financial statements disclosed on that date.

Conclusion

Our conclusion has been formed on the basis of, and is limited to, the matters outlined in this report. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion. In our opinion, the supplementary accounting information included within the Economic and Financial Analysis Report is presented, in all material respects, in accordance with the information referred to in the "*Criteria for preparing the supplementary accounting information*" paragraph.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

Dear Shareholders,

With 70 years of operations completed on March 10, 2013, Bradesco has good reason to celebrate. In the last ten years alone, the indicators have demonstrated a highly successful growth strategy, which was based since its conception on the democratization of credit and a vigorous banking inclusion process, allowing the Bank to overcome the challenges of an increasingly competitive and demanding market.

At the end of 2003, the Bradesco Organization had a Customer Service Network of 10,974 service points, Total Assets of R\$176.098 billion and almost 14.500 million checking account holders. Ten years later, in December 2013, these figures were significantly higher: 59,307 service points, Total Assets of R\$908.139 billion and 26.400 million checking account holders.

Book Net Income came to R\$12.011 billion, 5.5% up from 2012, to which Grupo Bradesco Seguros made a substantial contribution. A total of R\$4.078 billion, equivalent to 31.5% of adjusted net income, was paid to shareholders as interest on shareholders' equity and dividends. Bradesco's Market Cap came to R\$128.085 billion, exceeding more than 1.8 times book shareholders' equity of R\$70.940 billion.

The Organization remains committed to the underlying principles of corporate sustainability, showing that a company's responsibility goes well beyond business *per se*. Prioritizing Brazil's most underprivileged regions in terms of education and social assistance, the 40-school network run by Fundação Bradesco, the Organization's social arm, provided over 100,000 students with free, high-quality education in 2013. This is one of the world's largest social and educational programs promoted by the private sector.

In regard to financial services and insurance in general, there is a feeling of optimism regarding the coming years, and not just in those segments where the Organization develops its main activities. The volume of loan operations should continue to expand at a sustainable pace, with reduced risk exposure, fueled by increased earnings and the creation of new jobs, which will also have a positive impact on the insurance market. In this context, the Brazilian economy should pick up steam, mostly driven by (in addition to household consumption) productive investments, intensified by the public concession program in the infrastructure area and the major sporting events the country will host in 2014 and 2016.

Seventy years of consolidated activity has allowed the Bradesco Organization to perceive and evaluate the challenges of the coming years with equanimity and it will continue to pursue realistic and conservative goals, without losing sight of its original growth project, whose feasibility has been amply demonstrated over time.

The strength of the Bradesco brand will always be an inestimable competitive differential and to this we must add an invaluable group of dedicated and highly skilled executives and employees, to whom we extend our thanks. We would also like to thank our shareholders and customers, for their support, confidence and preference.

Cidade de Deus, January 29, 2014

Lázaro de Mello Brandão

Chairman of the Board of Directors

Report on Economic and Financial Analysis – December 2013

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

We hereby present the financial statements of Banco Bradesco S.A. for the year ended December 31, 2013, prepared in accordance with the accounting practices adopted in Brazil and applicable to institutions authorized to operate by the Brazilian Central Bank.

2014 is likely to prove a challenging year, given the beginning of the reduction in U.S. monetary stimuli and the slight slowdown of the Chinese economy. Although this represents a test for the emerging nations, at the same time these countries will have a unique opportunity to improve their macroeconomic and institutional fundamentals.

Brazil is not immune to this external scenario, but it is now much better prepared to face the challenges. The upturn in economic activity in the final months of 2013 was primarily sustained by productive investments, which will tend to intensify thanks to the current public infrastructure concession program and the major sporting events to be held in the country in 2014 and 2016.

Bradesco remains optimistic in regard to Brazil's future and believes the prospects for its own operational segments are favorable. Credit volume will tend to grow at sustainable and risk-compatible rates against a background of ongoing income gains and job creation. Given the intense and continuous upward social mobility that has marked recent years and which remains on course, the outlook for Brazil's banking and insurance sectors is exceptionally promising.

As for the Bradesco Organization itself, the year's most important milestones include the celebration, on March 10, of 70 years of operations, exemplified by its integral presence in Brazilian life, its permanent encouragement of the democratization of financial products and services, and its constant

1. Net Income for the Year

The Organization's healthy results and satisfactory shareholder returns in 2013 confirmed the correctness of our strategies. A detailed analysis of these numbers, including their origin and evolution, is available in the Report on Economic and Financial Analysis section on the Company's website bradesco.com.br/ri.

R\$12.011 billion in book Net Income for the year, corresponding to earnings per share of R\$2.86 and a return on average Shareholders' Equity^(*) of 17.7%. The Return on Average Total Assets stood at 1.3%.

R\$4.078 billion was allocated to shareholders in the form of mandatory Dividends and monthly, interim and supplementary Interest on Shareholders' Equity. Thus, R\$1.02 (R\$0.90 net of withholding income tax), was attributed to each preferred share, which includes the additional 10%, and R\$0.93 (R\$0.82 net of withholding income tax) to each common share. Dividends and interest on shareholders' equity represented 35.7% of adjusted net income for the year (31.5% net of withholding income tax).

Taxes and Contributions

A substantial percentage of Bradesco's annual earnings, in direct proportion to its volume of operations, was paid to the federal government.

R\$11.856 billion in taxes and contributions, including social security contributions, paid or provisioned.

R\$9.902 billion in taxes withheld and collected from third parties related to financial intermediation.

All in all, taxes originating in the Organization or collected on resources in transit through it came to a

willingness to expand its business horizons. Guided by realistic strategies, it grew rapidly and soon became Brazilians' favorite bank. This process was aided by an extensive customer service network and it now has a nationwide presence, promoting banking inclusion and upward social mobility.

In addition, Bradesco was once again included in the:

–**Dow Jones Sustainability World Index (DJSI)**, a select NYSE trading list that includes only those companies with the best sustainable development practices, as well as the **Dow Jones Sustainability Emerging Markets Index**, a portfolio created at the beginning of the year, which includes companies with a DJSI performance among the best 10% in their respective sectors; and

–**Corporate Sustainability Index (ISE) of BM&FBOVESPA S.A. - Securities, Commodities and Futures Exchange**, which reflects the returns from a share portfolio comprising those companies with the best performance in all aspects of corporate sustainability.

hefty R\$21.758 billion.

2. Corporate Strategy

The Brazilian economy is likely to pick up steam thanks to the opportunities triggered by the federal government's infrastructure concession program and the consequent generation of jobs and income. Given prospects of greater macroeconomic predictability, Brazil will be better prepared to face the challenges engendered by a phase of global economic transition and maintain the benefits of the intense upward social mobility of recent years.

As for Bradesco's own future, it aims to maintain the outstanding position it occupies among private financial institutions and its leadership of the Brazilian insurance market, ensuring that its brand becomes synonymous with quality, speed and security.

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

Based on ethical values such as respect and transparency, Bradesco is firmly confronting the challenge of consolidating its presence in the national economy, demonstrating strength and a highly-developed capacity for financial intermediation, fomenting investments, democratizing credit, expanding its range of products, services and solutions, and prioritizing the promotion of banking inclusion and upward social mobility through its nationwide customer service network, which includes branches, banking service points, Bradesco Espresso correspondent banks and ATMs, as well as several convenience channels, including Internet Banking, *Bradesco Celular* and *Fone Fácil*.

Given a watchful monetary policy, the loan portfolio is expected to grow in 2014, with an emphasis on the domestic market and a particularly strong presence in mortgage lending, pension plans and the expansion of services offered to the growing economically active population, especially consumer financing and payroll-deductible loans. Bradesco will continue to adopt effective security criteria to ensure a balance between increasing loans and reducing delinquency through the strict evaluation of loan granting procedures and the efficient daily collection of overdue payments through the Overdue Collection Program (PCV) and Loan Recovery Program (PRC).

Based on the Bank-Insurance model of continuing to expand essential commercial areas, Bradesco is operating strongly on two fronts, finance and insurance, maintaining its commitment to risk acceptable operational levels with adequate profit margins, as well as strengthening its market position.

Bradesco's corporate culture is grounded in respect for the consumer, social and environmental responsibility, security and credibility, while its strategic plan prioritizes three major goals:

a) to grow organically, always focusing on potential acquisitions, associations and partnerships, with an unwavering commitment to maintaining secure, high-quality products, solutions and services, and effectively improving its operational efficiency and financial ratios;

b) to maintain strict controls in order to identify, evaluate and mitigate the inherent risks of its activities, as well as defining acceptable levels of risk for each operation; and

c) to operate in partnership with the capital market, conducting its business with total transparency and the highest ethical standards, while ensuring satisfactory returns for its investors.

3. Capital, Reserves and Subordinated Debt

Banco Bradesco posted the following figures at year-end:

R\$38.100 billion in subscribed and paid-up Capital;

R\$32.840 billion in Equity Reserves; and

R\$70.940 billion in Shareholders' Equity, 1.3% up on the previous year, while Shareholders' Equity under Management stood at 7.9% of Consolidated Assets, which totaled R\$908.139 billion. Book Value per Share came to R\$16.90.

The Special Shareholders' Meeting held on March 11, 2013 deliberated on a capital increase from R\$30.100 billion to R\$38.100 billion through the capitalization of a portion of the "Profit Reserves –

As for the placement of related products, it will continue with its strategic focus on secure diffusion and the results of its businesses, including investment banking, the corporate segment, private banking and third-party asset management, as well as investments in the credit card market, purchasing consortiums, insurance, pension plans and capitalization bonds, which are equally important for sustaining results.

Bradesco is also present in strategic overseas markets, providing support to foreign customers and investors who are increasingly interested in Brazil. Bradesco Securities in New York, London and Hong Kong plays a vital role in issuing and distributing securities in these important financial centers, while Banco Bradesco Europe provides asset management, private banking and trade finance services.

The growth which the Bank pursues on a continuous basis implies substantial investments in three fundamental banking pillars – information technology, infrastructure and human resources. In 2013, it invested R\$4.842 billion to innovate, update and maintain its IT environment, which is a market benchmark for the use of the best available technologies and practices. It also invested R\$126.836 million in staff training programs in order to ensure motivation, innovation and a focus on the customer.

Statutory Reserve” account, freely attributing to shareholders, as a bonus, one (1) new share for every ten (10) existing shares of the same type, with the consequent issue of 382,479,458 new non-par registered, book-entry shares, comprising 191,239,739 common shares and 191,239,719 preferred shares. The operation was ratified by the Brazilian Central Bank on March 14, 2013. As a result, the Bank’s capital stock increased to 4,207,274,039 non-par registered, book-entry shares, 2,103,637,129 of which common shares and 2,103,636,910 preferred shares.

The Capital Adequacy Ratio stood at 16.6%, substantially higher than the 11% minimum established by National Monetary Council Resolution 4193/13, in conformity with the Basel Committee. The total consolidated fixed assets to net worth ratio (maximum of 50%, in accordance with the Brazilian Central Bank) was 15.2% and 45.4% on the consolidated finance fixed assets to net worth ratio.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

Subordinated Debt at year-end totaled R\$35.885 billion (R\$8.952 billion abroad and R\$26.933 billion in Brazil), R\$24.996 billion of which was considered eligible as capital and included in Tier II capital adopted when calculating the ratios in the previous paragraph.

In compliance with Article 8 of Brazilian Central Bank Circular Letter 3068/01, Bradesco declares that it has the financial capacity and the intention of holding to maturity those securities classified under "held-to-maturity securities." Bradesco further declares that the operations of Banco Bradescard S.A., its subsidiary, are sufficient to cover the strategic goals defined in the business plan, pursuant to Article 11 of Regulatory Attachment I to National Monetary Council Resolution 4122/12.

Capital Management

The Bradesco Organization's capital management structure ensures the necessary conditions for achieving the Company's strategic objectives through the rigorous planning of capital sufficiency. This structure includes Committees reporting to the Board of Directors and others reporting to the Board of Executive Officers, providing support for these bodies' decisions.

Evaluating capital adequacy is a means of ensuring that the Organization maintains a solid capital base on which to develop its activities. Capital management also looks to the future, anticipating potential changes in market conditions.

4. Operating Performance

4.1. Funding and Asset Management

R\$136.229 billion in technical reserves for insurance, pension plans and capitalization bonds, up by 9.7%.

R\$35.827 billion in foreign funding, through public and private issues, subordinated debt abroad, securitization of future financial flows and borrowings and onlendings abroad, equivalent to US\$15.294 billion.

4.2. Loan Operations

Democratization of credit is an integral part of Bradesco's strategy, which is achieved by the expansion and diversification of its offering and more attractive interest rates, differentials that have consistently increased the volume of its financing operations, either directly or in partnership with market agents, and of its individual lines, such as payroll-deductible loans, through its extensive branch network, service points and sales promoters.

R\$427.273 billion in consolidated loan operations, in the expanded concept, including sureties and guarantees, letters of credit, advances of credit card receivables, debentures, promissory notes, co-obligations in loan assignments, real estate receivables certificates and rural loan, a 10.8% increase.

R\$21.687 billion in the allowance for loan losses, additional provision of R\$4.036 billion that includes provision for collateral, more than the amount required by National Monetary Council Resolution 2682/99.

Mortgages

At year-end, raised and managed funds totaled R\$1.260 trillion, 2.8% up on 2012. All in all, the Bank manages 26.400 million checking accounts and 50.897 million savings accounts with a balance of R\$80.718 billion, representing 17.2% of the Brazilian Savings and Loan System (SBPE).

R\$474.342 billion in demand deposits, time deposits, interbank deposits, savings accounts and federal funds purchased and securities sold under agreements to repurchase, up by 1.5%.

R\$435.364 billion in assets under management, comprising investment funds, managed portfolios and third-party fund quotas.

R\$178.294 billion in the exchange portfolio, borrowings and onlendings in Brazil, working capital, tax payments and collection and related charges, funds from issuance of securities in Brazil, and subordinated debt in Brazil, a 11.0% expansion.

Bradesco maintains a priority commitment to meeting the demands of homebuyers and giving added momentum to the construction industry, which is a major generator of social and economic development, as well as jobs and income, which is reflected in the substantial volume of operations in the mortgage portfolio. Properties for sale by partner developers and brokers, together with related information, can be found on the website bradescoimoveis.com.br.

R\$15.488 billion in total funds allocated to this area, enabling the construction and acquisition of 65,573 properties.

Onlending

In 2013, Bradesco was one of the largest onlenders of BNDES funds, responsible for 15.9% of all operations, totaling R\$14.978 billion, 49.7% up on 2012. Onlendings to SMEs totaled R\$9.110 billion, corresponding to 17.4% of the entire system.

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

R\$34.707 billion in the onlending portfolios of internal and external funds, mainly allocated to SMEs. The number of contracts totaled 397,231.

R\$8.107 billion in guarantees provided to the BNDES, with R\$2.399 billion contracted in the year.

Rural Loans

By supporting financing initiatives for the means of production, as well as harvest processing and sales, Bradesco has become consolidated as a traditional partner of the agriculture and livestock sector, contributing to the expansion of business and increasing the quality and yield of Brazil's agricultural produce, in addition to enabling domestic market supply and export growth. The Bank maintains stands staffed by specialist teams at all the main agriculture and livestock fairs – Agrishow, Copavel, Expointer and Tecnoshow – facilitating customers' access to rural loans.

R\$20.000 billion in investments at year-end, representing 126,335 operations.

More information on agribusiness and credit products and services can be obtained from: bradescorural.com.br.

Consumer Financing

In order to encourage growth in the different stages of the production chain, and as a consequence of the expansion in Brazil's economic activity, Bradesco has been financing consumption, including through partnerships, and has achieved a substantial share of new and used vehicle purchase operations in the vast chain comprising dealers, concessionaires and consumers.

R\$94.694 billion in consumer financing operations.

Loan Portfolio Quality

At the end of 2013, the credit standing of new borrowers improved over the close of the previous year, mainly due to the constant fine-tuning of the loan granting and monitoring models.

4.3. Loan Collection and Recovery

The Bank implements initiatives to collect and recover credits via its call center, friendly collection advisory companies and court collection offices. The Overdue Collection Program (PCV) and the Loan Recovery Program (PRC) include several initiatives to promote the collection of overdue credits, among them local events named Business Rooms. The Bank also maintains regional teams specializing in credit recovery, who operate in a customized manner in the most important cases.

R\$3.658 billion was recovered in 2013, 21.9% up on the previous year.

5. International Area

With a substantial presence abroad, the Bradesco Organization offers a wide range of products and services through its offices in New York, London, Grand Cayman, Buenos Aires, Tokyo, Hong Kong, Luxembourg and Mexico, as well as an extensive network of correspondent banks. Bradesco Securities, in New York, London and Hong Kong, Banco Bradesco Europe, in Luxembourg, Bradescard Mexico and 29 specialized units in Brazil meet the demands of these strategic markets.

As part of its international business expansion program, in 2014 Bradesco expects to form a Multiple Bank in Mexico and inaugurate a Banco Bradesco Europa branch in London.

Lending Policy

The Bank's lending policy ensures that it focus on businesses that demonstrate diversification and low concentration, are backed by appropriate guarantees, and involve individuals and companies in good standing with proven solvency. Operations are carried out rapidly and securely, with a focus on profitable and liquid asset investments.

Lending authorization limits are imposed on each branch, in line with their size and the type of guarantee offered. Specialized credit scoring systems with specific security standards are employed to speed up and support the decision-making process, thereby minimizing risks. Loans that exceed branch authorization limits are resolved by the Credit Department and the Executive Credit Committee, located at the Company's headquarters.

R\$5.766 billion in advances on exchange contracts, giving a total export financing portfolio of US\$12.587 billion.

US\$3.970 billion in foreign currency Import financing.

US\$44.184 billion in export purchases, with a market share of 18.1%.

US\$34.590 billion in import contracting, with a market share of 15.6%.

US\$11.899 billion in medium and long-term public and private offerings on the international market.

6. Bradesco Shares

Traded in every trading session on the BM&FBOVESPA S.A. - Securities, Commodities and Futures Exchange, Bradesco shares have been presenting high levels of liquidity, and, in the beginning of 2014, they represented 6.8% of the Ibovespa, in accordance with the new index calculation methodology. The Company's shares are also traded on the NYSE as Level 2 ADRs (American Depositary Receipts) and on the Madrid Stock Exchange as part of the Latibex Index.

Bradesco shares comprise Brazil's main stock indexes, including IBrX-50 (index that measures the total return of a theoretical portfolio comprising 50 shares selected among the most traded shares on BM&FBovespa), ISE (Corporate Sustainability Index), the ITAG (Special Tag-Along Stock Index), IGC (Special Corporate Governance Stock Index), IFNC (Financial Index which comprises banks, insurance and financial companies), the ICO2 (index comprising shares of the companies that are part of the IBrX-50 index and that accepted to take part in this initiative by adopting transparent greenhouse gas emission practices) and the Mid-Large Cap Index – MLCX (that measures the return of a portfolio composed of the highest cap companies listed). Abroad, Bradesco shares are listed on NYSE's Dow Jones Sustainability World Index and the FTSE Latibex Brazil Index of Madrid Stock Exchange.

Bradesco guarantees its shareholders mandatory minimum dividends equivalent to 30% of adjusted net income, as well as 100% tag along rights for common shares and 80% for preferred shares. It also pays preferred share dividends that are 10% higher than those attributed to common shares.

7.1. Bradesco Corporate

Bradesco Corporate specializes in services for major economic groups with annual revenue of more than R\$250 million. Its focus on long-term relationships constitutes an important advantage, resulting in the best solutions for customers and healthy results for the Organization. It maintains business units in all major Brazilian cities.

R\$310.909 billion in total funds managed by the area, comprising 1,354 economic groups.

7.2. Bradesco Empresas (Middle Market)

With a high degree of specialization, Bradesco Empresas manages relations with economic groups with annual revenue of between R\$30 million and R\$250 million, offering structured operations and a broad portfolio of products and services.

R\$114.880 billion in total funds managed by the area, comprising 41,359 companies in all sectors of the economy.

7.3. Bradesco Private Banking

Targeting high-net-worth individuals, family holdings and holding companies with at least R\$3 million in net cash available for investment, Bradesco Private Banking offers its customers an exclusive line of products and services under the tailor-made and open architecture concept, including advice on the allocation of financial and non-financial assets in Brazil and abroad, as well as advisory services for tax, succession and foreign exchange issues, as well as structured operations.

7.4. Bradesco Prime

R\$72.491 billion in annual traded volume on the BM&FBOVESPA, comprising 390.804 million common shares and 1.874 billion preferred shares.

US\$27.953 billion in annual traded ADR volume on the NYSE, representing 1.896 billion preferred shares and 713.7 thousand common shares.

EUR16.509 million traded as DRs in the European market (Latibex – Madrid), representing 1.506 million preferred shares.

7. Market Segmentation

Bradesco's segmentation strategy unites groups of customers with the same profile, with differentiated service and increasing productivity and efficiency gains. In addition to improving customer service quality and ensuring greater flexibility and competitiveness in terms of business execution, segmentation means that operations can be structured for individuals or companies based on the specific needs of each.

The Prime segment is based on a modern concept of bank/customer relations, providing customized services for individuals with a monthly income of R\$9 thousand or more or an investment capacity of R\$100 thousand or more. It maintains an exclusive customer service network – at the end of 2013, there were 304 Bradesco Prime branches nationwide, in addition to 400 Bradesco Prime facilities in retail branches, fully equipped for privacy and comfort. It also offers differentiated products and services and complete financial consulting.

7.5. Bradesco Varejo (Retail)

Present in all regions of the country, the retail segment seeks to provide dedicated, high-quality services for all segments of the population, playing a decisive role in Brazilians' financial and banking inclusion process and promoting upward social mobility. In order to reach the highest possible number of customers, the Bank

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

maintains an open-door policy and a nationwide presence, democratizing access to banking products and services. Bradesco Varejo focuses on individuals with a monthly income of up to R\$9 thousand and companies with annual revenue of up to R\$30 million. For individuals with monthly income of between R\$4 thousand and R\$9 thousand, called Exclusive Customers, and SMEs, under the *Empresas e Negócios* umbrella, the retail segment offers customized services, with financial solutions to fit every profile. The segment closed 2013 with more than 25.5 million account holders.

7.6. Bradesco Expresso

Bradesco Expresso enables the Bank to consistently increase its share of the correspondent bank segment through partnerships with a wide variety of establishments, including supermarkets, drugstores, department stores, bakeries and other retail outlets, providing customers and the community with convenient service close to their home or workplace, after business hours and on weekends. On December 31, 2013, there were 46,851 accredited establishments.

8. Products and Services

8.1. Cartões Bradesco (Cards)

Bradesco customers have the most complete line of credit cards in Brazil at their disposal, including Visa, American Express, Elo and MasterCard, as well as several private label cards for exclusive use in affiliated networks.

In 2013, Bradesco expanded its portfolio with the *Bradesco Visa Edição Comemorativa Rio 2016*

R\$119.407 billion in revenue from credit cards, 15.3% up on the previous year.

R\$37.232 billion in assets generated by the card business, comprising loans to cardholders, advances to merchants and financing for cash and installment purchases, exceeding the end-of-2012 balance by 6.8%.

R\$7.107 billion in fee and commission income, up by 18.0%, mainly from commission on debit and credit card purchases, growth of the active credit card base and other charges.

8.2. Cash Management Solutions

A specialized team, advanced technology and pioneering processes have enabled Bradesco to offer customized solutions for all corporate segments, as well as for government bodies and public utility concessionaires, accounts receivable and payable, and tax and fee collections.

In regard to Solutions, it is particularly worth mentioning the leadership of *Cobrança Registrada Bradesco* (Bradesco Registered Collection). In the service area, it maintains partnerships under the productive chain concept, involving large companies and their customers, suppliers, distributors and employees, in addition to providing support for the development of Local Productive Arrangements (LPA), serving the businesses of these customers and providing them with assistance. It also offers the *Bradesco Franquias & Negócios* program, which is designed to create a competitive and sustainable position for the franchise sector.

(Bradesco Visa Special Edition Rio 2016) cards, marking the beginning of the initiatives for the 2016 Olympic Games. Other themed cards include *Bradesco Visa Copa do Mundo 2014* (Bradesco Visa 2014 World Cup), whose design is the World Cup.

Bradesco also launched the Harley-Davidson card, with advantages for associates, an innovation in Brazil and the United States, the first two countries to possess this product.

Bradesco customers have a further advantage through Internet Banking, whereby they can use the credit card payment option to pay consumer accounts and taxes using the bar code. As a result, holders of Bradesco Visa, MasterCard and Elo credit cards have up to 40 days to pay their bills by the due date of the invoice and earn points from the Bradesco Credit Card Rewards programs in which they are enrolled.

Bradesco also has a foreign card business unit, Bradescard México, which maintains a partnership with the C&A stores in that country.

Since 1993, Bradesco Cartões has been issuing cards on behalf of SOS Mata Atlântica, AACD, APAE, Casas André Luiz and Amazonas Sustentável in order to encourage social and environmental initiatives, transferring part of the cards' annuities to these philanthropic entities.

Customers from specific market niches, such as education, condominiums, health, vehicle licensing expeditors/driving schools, among others, have the support of a qualified team to structure customized solutions, adding value to their businesses in accordance with their individual profiles, characteristics and needs.

Companies can also rely on the Global Cash Management division, which offers customized international cash management products and solutions through partnerships with 38 foreign banks.

163.041 million documents received pertaining to federal, state and municipal taxes and other contributions.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

325.823 million documents received pertaining to electricity, water, gas and phone bills, 72.062 million of which were paid via automatic debit from checking and savings accounts, a highly convenient system for customers.

895.640 million receipts via Bradesco collection, check custody, identified deposits and OCT (credit order by teleprocessing) services.

644.065 million payment operations through Pag-For Bradesco (book payments to suppliers), Bradesco Net Empresa and electronic tax payment systems, allowing companies to manage their accounts receivable.

8.3. Product and Service Solutions for Government Authorities

Through its exclusive public sector platforms located throughout Brazil, Bradesco offers secure, high-quality products, services and solutions for entities and bodies of the Executive, Legislative and Judicial Branches at the federal, state and municipal levels, independent government agencies, public foundations, state-owned and mixed companies, the Armed Forces (Army, Navy and Air Force) and auxiliary security forces (Federal, Military and Civil Police).

It is worth mentioning that, in 2013, Bradesco renewed the right to process the payroll of employees of the Amazonas State Appellate Court, Rio de Janeiro and Amazonas state governments, Salvador and Manaus municipal governments and Pernambuco Labor Appellate Court, and also acquired the right to handle the payroll of the Minas Gerais State Development Bank, as well as many others, strengthening its business ties with public entities and bodies.

Custody and Controllership of Investment Funds and Managed Portfolios

R\$940.568 billion in assets under custody for customers using the Bank's services, according to ANBIMA's ranking methodology.

R\$1.237 trillion in investment funds and managed portfolios using controllership services, according to ANBIMA's ranking methodology.

27 registered DR programs, with a joint market capitalization of R\$95.263 billion.

Asset Bookkeeping

254 companies comprising Bradesco's share bookkeeping system, totaling 4.536 million shareholders.

304 companies with 407 issues comprising Bradesco's debenture bookkeeping system, with a current value of R\$250.103 billion.

352 investment funds comprising Bradesco's quota bookkeeping system, with a current value of R\$68.761 billion.

25 registered BDR programs, with a market capitalization of R\$1.487 billion.

Depository (Escrow Account - Trustee)

6,372 contracts, with a financial volume of R\$7.624 billion.

9. Organizational Structure – Bradesco Customer Service Network

The pioneering Biometrics – Security in the Palm of your Hand product, was made available for the personal identification of INSS (Social Security) beneficiaries, facilitating the annual registration required by the institute. On a monthly basis, Bradesco makes INSS payments to 7.9 million retirees and pensioners, making it the largest payer among all banks in Brazil.

The new bradescopoderpublico.com.br website presents corporate payment, collection, HR and treasury solutions, with an exclusive area for civil servants and members of the armed forces.

8.4. Qualified Services for the Capital Markets

With fully up-to-date infrastructure and specialized professionals, Bradesco is the market leader in this area, offering a broad range of capital market solutions and services, including asset bookkeeping (shares, BDRs - Brazilian Depositary Receipts, investment fund quotas, CRIs - certificates of real estate receivables, and debentures); qualified custody of securities; custody of shares tied to DRs - Depositary Receipts; controllership of investment funds (CVM Rule 409 funds and structured funds) and managed portfolios; investment fund trusteeships; offshore funds; custody and representation for foreign investors; agent bank services, depository services (Escrow Accounts - Trustee) and clearing services.

The Bradesco customer service network, present throughout Brazil and in specific international locations, with an extensive and modern structure, combining technology, professional specialization, efficiency and security, stands side by side with its customers, providing excellent service in every operational segment.

The practicality and comfort of Bradesco's branches are becoming increasingly valued, especially in the large, modern ATM rooms that operate after hours with a wide range of machines, saving time for account-holders and users and also streamlining operations.

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

With a total of 59,307 service points at year-end, the network consisted of the following:

8,260 Branches and PAs (Service Branches) in Brazil (Branches: Bradesco 4,649, Banco Bradesco Financiamentos 19, Banco Bankpar 2, Banco Bradesco BBI 1, Banco Bradesco Cartões 1, Banco Alvorada 1, Banco Bradesco BERJ 1; and PAs 3,586);

3 Overseas Branches, one in New York and two in Grand Cayman;

10 Overseas Subsidiaries (Banco Bradesco Argentina S.A. in Buenos Aires; Banco Bradesco Europa S.A. in Luxembourg; Bradesco North America LLC and Bradesco Securities, Inc. in New York; Bradesco Securities UK Limited in London, Bradesco Securities Hong Kong Limited and Bradesco Trade Services Limited in Hong Kong; Bradesco Services Co. Ltd., in Tokyo; Cidade Capital Markets Ltd. in Grand Cayman; and Bradescard Mexico, Sociedad de Responsabilidad Limitada in Mexico);

46,851 Bradesco Expresso service points;

1,180 PAEs – in-company electronic service branches; and

3,003 External terminals in the Bradesco *Dia & Noite* network and 11,583 ATM's in the *Banco24Horas* network, with 1,549 terminals shared by both networks.

On December 31, 2013, the Bradesco *Dia & Noite* Network had 33,464 machines, 32,969 of which operating on weekends and holidays, offering rapid

Customers can find information on all the Bank's products and services, including loans, investments, cards, capitalization bonds and insurance, as well as specific sites for the individual and corporate segments in accordance with each profile and service at bradesco.com.br. The Loans and Financing link provides a complete credit portfolio, including detailed information on the modalities available, simulators for calculating operations involving personal loans, overdraft facilities, consumer financing, leasing, mortgages, rural loans, Finame financing lines, auto insurance and others. Corporate customers also have access to *Bradesco Net Empresa* for simple and safe Internet consultations.

The *Bradesco Celular* mobile phone service allows customers to rapidly and securely access a number of financial services from wherever they may be, including balance consultations, bill scheduling and payments, transfers, loans and pre-paid cell phone recharges. They can also obtain information on products and services. Bradesco's mobile technology innovations include *Bradesco Net Empresa* for mobile phones and *Bradesco Celular* via SMS, through which customers can consult their balance, check their most recent transactions and add credit to their mobile phones.

Bradesco, by improving its relations with customers and the public in general, is also present in all the major social networks, such as Facebook and Twitter. Through Facebook, customers can access F. Banking, an application that allows them to view their accounts and carry out account transfers and bill payments in a secure environment, which is hosted at the Bank. These interactive channels are used to publish information, news, tips, initiatives,

and strategically located throughout the country and practical access to the Bank's various products and services. Bradesco customers also have access to 14,739 *Banco24Horas* terminals for withdrawals, account statements, balance queries, loans, bill payments and account transfers. Using biometrics and six-digit passwords, customers can effect withdrawals and check their balance without using their debit cards at Bradesco *Dia & Noite* ATMs equipped with the Bradesco Security in the Palm of Your Hand biometric scanning system.

As part of its ongoing commitment to social inclusion, Bradesco has adapted its branches and provided ATM equipment that is appropriate for people with physical or visual difficulties, allowing for their independent use. In addition to Internet Banking and the *Bradesco Celular* mobile phone service for the visually impaired, the Bank offers bank statements and checkbook templates in Braille or extra-large print. The deaf and hard of hearing can make use of a personalized digital service (written communications) at *Fone Fácil*, while Bradesco's website and Facebook page offer content in Brazilian sign language (Libras). The Bank also offers the Bradesco Virtual Mouse, which is controlled by head movements, for customers with upper-limb motor impairment.

products and services, in addition to resolving doubts and receiving and handling suggestions, complaints and compliments.

Fone Fácil Bradesco allows customers to access the Bank using their phones, with a focus on business and the execution of financial transactions. The sophisticated system of personalized service with financial experts and the electronic service make *Fone Fácil* one of the most efficient service channels, available to customers 24 hours a day, seven days a week.

R\$136.015 billion from advisory services for 205 investment banking transactions in 2013.

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

Bradesco Corretora de Títulos e Valores Mobiliários

Bradesco Corretora is recognized as one of the most important brokers in the segment, with a significant share of the stock and futures markets. It provides operational support for its customers through 15 Share Rooms in several Brazilian cities, trading desks, the Home Broker electronic system and the Bradesco Trading application for iPhones and iPads.

The exclusive Automatic Stock Trading System (SANA) enables small investors to increase their participation in the stock market facilitating the sale of small lots of shares on the stock exchange through in-branch terminals.

It was the first brokerage firm to provide customers with Direct Market Access (DMA), a pioneering service for routing orders via computer, allowing investors to place, buy and sell orders directly in the BM&FBOVESPA's derivatives markets in total comfort and security. Covering a broad range of companies and sectors, it also represents non-resident investors in Brazil in the financial and capital markets, administers investment clubs and provides custody services for companies and individuals.

R\$101.064 billion in traded volume on the BM&FBOVESPA in 2013, corresponding to 5,804,033 stock buy and sell orders for 149,817 investors.

30.002 million contracts traded on the BM&FBOVESPA's derivative markets, with traded volume of R\$2.745 trillion.

Foreign Brokers (Bradesco Securities, Inc., Bradesco Securities UK Limited and Bradesco Securities Hong Kong Limited)

Bradesco Securities, Inc., based in New York, provides services for the U.S. market, while Bradesco Securities UK Limited, based in London, provides services for the European Market, and Bradesco Securities Hong Kong Limited, based in Hong Kong, provides services for the Chinese market, involving stock brokerage for ADRs and shares listed on the local exchanges. They also operate as broker-dealers in the distribution of public and private securities to international investors.

BRAM - Bradesco Asset Management

One of the leaders in third-party asset management, BRAM has clients in all Bradesco's main segments, including Prime, Corporate, Private, Varejo, Bradesco Empresas and Grupo Bradesco Seguros, as well as around 100 institutional investors in Brazil and abroad and various family offices worldwide.

In 2013, the BRAM BDR-Nível 1 fund, which invests in U.S. company shares, was among Brazil's most profitable equity funds, recording substantial growth in its volume of assets under management.

Also in 2013, BRAM launched Brazil's first Infrastructure Debentures Fund, designed to aid the capital market financing of highway concessions, as well as logistics and energy projects.

In the international area, it strengthened its efforts to distribute Luxembourg-based funds, adding equity funds listed in Latin America. BRAM's international equity and fixed-income funds were also registered

R\$10.372 billion in traded volume via the Home Broker electronic trading system, corresponding to 955,687 stock buy and sell orders.

266,982 customers registered in the Fungible Custody Portfolio on December 31, 2013.

Ágora Corretora de Títulos e Valores Mobiliários

Handling all types of operations on the BM&FBOVESPA, Ágora offers a complete range of stock market products, as well as access to investment funds, direct treasury services and investment clubs. It has also developed a trading tool for each type of investor profile: Home Broker, Home Broker 2.0, Ágora Trade Pro and Ágora Mobile.

The agorainvest.com.br site gives customers access to exclusive content, such as sector and company reports, recommended portfolios and Ágora TV, which provides analyses of the domestic and international markets by its in-house team of analysts, as well as programs on individual company analyses and interviews with representatives of sector leaders. Relations with customers are marked by intense interactivity, including social networks and daily forums, chats and video chats on a variety of issues involving the financial market.

R\$37.106 billion in traded volume handled by the Home Broker system, corresponding to 575,271 stock buy and sell orders.

with local regulators for distribution in Portugal, France, Spain, Italy and the U.K.

R\$301.045 billion on December 31, 2013, distributed through 686 investment funds and 232 managed portfolios, covering 2,719,281 investors.

11. Corporate Governance

Bradesco's shares have been traded on Stock Exchange in Brazil since 1946 and on the U.S. market since 1997, initially as Level I ADRs (American Depositary Receipts) pegged to preferred shares, and, in 2001 and 2012, as Level II ADRs tied to preferred and common shares, respectively. They arrived in

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

Europe (Latibex) in 2001, traded as GDRs (Global Depositary Receipts).

Bradesco's management comprises a Board of Directors and Board of Executive Officers. Members of the Board are elected annually by the Annual Shareholders' Meeting, and in turn elect the members of the Board of Executive Officers. The posts of Chairman of the Board and Chief Executive Officer may not be occupied by the same person.

Bradesco's corporate governance structure also contains six (6) Committees that report to the Board of Directors, two (2) of which statutory (Audit and Compensation) and four non-statutory (Ethical Conduct, Internal Controls & Compliance, Integrated Risk Management & Capital Allocation and Sustainability), as well as 43 Executive Committees reporting to the Board of Executive Officers, helping it with its activities.

The current members of the Fiscal Council, installed every year since 2002, were elected by the Annual Shareholders' Meeting of March 11, 2013 with a mandate until the Annual Shareholders' Meeting of 2014. It is composed of three sitting members and three alternate members, one sitting member and his or her alternate being elected by the preferred shareholders.

Austin Rating gave the Bank an AA rating (Excellent Corporate Governance Practices) in July 2005, which was upgraded to AA+ in December 2011, due to the improvement and maturation of several of its corporate governance practices.

It is also worth mentioning Bradesco's voluntary adherence, in 2001, to the Corporate Governance Level 1 listing segment of the BM&FBOVSPA – Securities, Commodities and Futures Exchange,

11.1. Internal Controls and Compliance

The efficiency of the Organization's internal controls is sustained by trained professionals, well-defined and implemented processes, and technology that meets our business requirements.

The Internal Controls & Compliance Policy and the Internal Control Methodology Rule are fully aligned with the main control frameworks, such as COSO (the Committee of Sponsoring Organizations of the Treadway Commission) and COBIT (the Control Objectives for Information and Related Technology), which deal with business and technology aspects, respectively. They also comply with the requirements of National Monetary Council Resolutions 2554/98, 3056/02 and 3380/06, Brazilian Central Bank Circular Letters 3078/02 and 3467/09, and Section 404 of the U.S. Sarbanes-Oxley Act.

The existence, effectiveness and execution of controls that ensure acceptable levels of risk in the Organization's processes are certified by the Internal Controls & Compliance Department, and the results are reported to the Audit and Internal Controls & Compliance Committees, as well as the Board of Directors, in order to ensure a reasonable level of security in regard to conducting business and achieving the established objectives, in accordance with the law and external regulations, policies, internal rules and procedures, and applicable codes of conduct and self-regulation.

Prevention of Money Laundering and the Financing of Terrorism

Bradesco maintains specific policies, rules, procedures and systems to prevent and/or detect the use of its structure, products or services for the

and in 2011 to the Code of Self-Regulation and Best Practices of Publicly-Held Companies of the Brazilian Association of Publicly-Held Companies – ABRASCA.

In compliance with CVM Rule 381/03, in 2013 the Bradesco Organization neither contracted from nor had services provided by KPMG Auditores Independentes that were not related to the external audit, in an amount higher than 5% of the total fees for the external audit. Other services provided by the external auditors were comprised of agreed-upon procedures to review financial information, draws, system diagnostics and tax revisions.

The Bank's policy is in line with the principles of preserving the auditors' independence, which are based on generally accepted international criteria, i.e. the auditors should not audit their own work, perform managerial duties for their clients or promote their customers' interests.

purpose of money laundering or financing of terrorism.

It also invests in employee training, with programs in various formats, including informative brochures, videos, courses, on-site and distance learning and on-site lectures for the areas in question.

The program is supported by the Executive Committee for the Prevention of Money Laundering and Terrorism Financing, which is responsible for evaluating the work and the need to align procedures with best national and international practices and the rules established by the regulators.

Independent Authentication of Models

Bradesco uses internal risk and capital measurement and management models, which are based on statistical data or the knowledge of specialists, who support and facilitate the structuring of critical aspects and ensure that decisions are taken in a standardized and rapid manner.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

In order to identify, mitigate and control risks, the models are validated independently through a rigorous testing program, whose results, which cover process appropriateness, governance and the construction of the models and their assumptions, are reported to managers, the Internal Audit Department, the Internal Controls & Compliance Committee and Integrated Risk Management & Capital Allocation Committee (COGIRAC).

Information Security

Information security comprises a set of controls and is represented by procedures, processes, organizational structures, policies, regulations and IT solutions to ensure the confidentiality, integrity and availability of information. Bradesco's Corporate Information Security Policy and Rules outline the guidelines for the Organization's Information Security Management whose objective is to protect information assets.

Developed based on information security best practices and international standards, the Corporate Awareness and Education Program, along with the Policy and the Rules, are focused on the total protection of customer data and Bradesco's strategic information.

The Security Commissions and the Executive Corporate Security Committee meet on a quarterly basis to examine and approve guidelines, measures and directives that support the Organization's information security processes and procedures.

Integrated Management System

11.3. Information Disclosure and Transparency Policies

As part of its market relations, Bradesco publishes a number of printed and electronic periodicals.

Revista Bradesco is published semi-annually, while the *Cliente Sempre em Dia* newsletter is published every three months, *PrimeLine* every two months, and the Fact Sheet, which presents Bradesco's financial highlights for the period, on demand. All are geared to external audiences. The Report on Economic and Financial Analysis, which is a detailed compilation of the data most requested by interested readers, and the Unified Report, which comprises financial and non-financial aspects, are available on its investor relations website bradesco.com.br/ri.

11.4. Investor Relations – IR

The main objective of the Investor Relations area is to disclose Bradesco's information, prospects and strategies to the financial community through conferences, lectures, publications and events in Brazil and abroad, among others, permitting the evaluation of its shares at fair market value and keeping the Bank's senior management informed of how the market perceives the Organization's performance.

The Company's IR website bradesco.com.br/ri is available in Portuguese and English and is segmented for individual and institutional investors, disclosing information in accordance with the needs and interests of each profile, including results presentations, general details regarding the Organization, advice for investors, Interactive and multimedia resources and earnings releases, as well

In an effort to improve results and expand resource management capacity, Bradesco adopted one of the most modern concepts for integrating organizational processes, Enterprise Resource Planning (ERP).

This system covers human resources, training, purchase of materials and services, accounts payable, physical and tax receipts, fixed assets, bank accounting, cash controls, works management and maintenance, audits and real estate. System users receive continuous training through on-site and e-learning programs.

The ERP allows the Organization to standardize its processes, speeds up decision making and streamlines operational security, while minimizing operating costs and increasing productivity.

11.2. Internal Audit

Reporting directly to the Board of Directors, the General Inspectorate is responsible for the Organization's internal audit. It performs inspections and consulting and auditing tasks in order to mitigate business and information technology risks while ensuring compliance with the various policies, rules, standards, procedures and internal and external regulations governing the area.

as videos of IR area events.

In order to disclose its results and clarify investors' doubts, in 2013 the Bank held 14 meetings with APIMEC (Association of Capital Market and Investment Professionals), with over two thousand participants. Some of them were broadcast live over the Internet, with simultaneous translation into English and the possibility of mobile phone access. It also took part in several editions of Expo Money, the largest financial education event in Latin America, in Belo Horizonte, Brasília, Curitiba, Florianópolis, Porto Alegre, Rio de Janeiro, Salvador and São Paulo.

On the occasion of its quarterly results disclosures, the Organization holds conference calls and videochats for individual investors. In 2013, it held 129 internal and external meetings with analysts, 205 conference calls and 25 overseas events. The IR team also attends shareholders, investors and analysts by phone, e-mail and in person at Bradesco's headquarters, as well as taking part in conferences and roadshows in Brazil and abroad.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

11.5. Bradesco Ombudsman

Created in 1985, five years before the issue of the new Consumer Defense Code, to provide appropriate answers to complaints and suggestions from the Bank's customers, *Alô Bradesco* was the financial market's first communications channel with the general public.

The Ombudsman's Department promotes the values that guided the creation of *Alô Bradesco*, and includes the position of Ombudsman, who maintains open and direct dialogue with customers and users, the response to which underlines Bradesco's commitment to ensuring customer satisfaction and recognizing customer tendencies and demands.

298,926 contacts registered in 2013.

12. Integrated Risk Control

12.1. Risk Management

Given the growing complexity of products and services and the globalization of the Organization's business, risk management has become a highly strategic activity, which must be constantly enhanced to keep pace with the dynamism of the markets and the pursuit of best practices, exemplified by the fact that Bradesco became the first and only Brazilian bank authorized by the Central Bank to use its own internally-developed market risk management models to calculate regulatory capital as of January 2013.

The Organization exercises corporate risk control in an integrated and independent manner, preserving and valuing collegiate decision-making and developing and implementing methodologies, models, and measurement and control tools,

12.3. Market Risk

Market risk is carefully identified, mapped, measured, mitigated, controlled, managed and reported. The Organization's market risk exposure profile is conservative and guidelines and limits are independently monitored on a daily basis.

The activities of all Organization's companies exposed to market risk are controlled in a centralized, corporate basis.

12.4. Liquidity Risk

The Market and Liquidity Risk Management Policy and the resulting rules and procedures define minimum liquidity levels, including stress scenarios, the types of financial instrument in which funds should be applied and the operational strategy to be adopted, if needed.

The liquidity risk management process involves monitoring the composition of available funds on a daily basis, ensuring compliance with minimum liquidity levels and drawing up a contingency plan for stress situations. The control and monitoring of positions is conducted on a centralized basis.

12.5. Operational Risk

The management of operational risk is essential for the generation of added value. This risk is controlled in a centralized manner through identification, measurement, planned mitigation and follow up on a consolidated basis and in each of the Organization's companies.

One of the most important mitigation mechanisms is business continuity management, which comprises a series of structured plans to be adopted in crisis

supported by a series of committees reporting to the Board of Directors, including the Audit Committee, and the Board of Executive Officers. It also ensures that all employees, from the business areas to the Board of Directors, receive continuous education on risks.

The management process ensures that risks can be proactively identified, measured, mitigated, monitored and reported as required in line with the complexity of the Organization's products and services and activity profile.

12.2. Credit Risk

Credit risk management is a continuous and evolutionary process of mapping, developing, measuring and diagnosing through models, instruments and procedures; it requires a high degree of discipline and control when analyzing operations in order to preserve process integrity and independence. Credit risk management considers all aspects related to the granting of loans, including the characteristics of the borrower, concentration, guarantees and terms, on which the quality of the portfolio is based.

The Organization continuously maps all activities that could generate exposure to credit risk, measuring and classifying each in terms of probability and magnitude, identifying their managers and planning for mitigation. Control is exercised on a centralized and standardized corporate basis.

situations to ensure the recovery and continuity of business and the prevention of losses.

12.6. Risk Factors and Critical Accounting Policies

Bradesco discloses its risk factors and critical accounting policies in the Reports and Spreadsheets – SEC Reports section of its IR website bradesco.com.br/ri, pursuant to best international corporate governance practices and the consolidated financial statements, prepared in accordance with International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB). These factors include potential political and economic situations in local and international markets that could have a direct impact on the Bank's

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

day-to-day operations and, consequently, its financial situation.

13. Intangible Assets

Based on the price of its shares on December 31, 2013, Bradesco's market capitalization stood at R\$128.085 billion, equivalent to more than 1.8 times its book shareholders' equity of R\$70.940 billion. The substantial difference is due to the strength of its intangible assets, which, although not reflected in the statement of financial position, are perceived and evaluated by investors.

Bradesco's strategic planning always seeks the best results, setting realistic goals that take into consideration: the value of the Bradesco brand; corporate culture and best corporate governance practices; the scale of its businesses; the various relationship channels with its different target groups; an innovative information technology policy; the broad diversification of its products, services and solutions and the coverage and reach of the customer service network, which is present in all of Brazil's municipalities and some cities abroad; a dynamic and responsible social and environmental responsibility policy; and a robust human resources policy that: a) ensures solid relations between all employees and consequently increases the level of mutual trust; b) indicates the opportunities for professional recognition and development; c) substantially reduces the staff turnover rate and associated costs; and d) cultivates a long-term vision at all levels of the Organization. All of these factors are inextricably linked to sustainability.

13.1. Bradesco Brand

13.2. Human Resources

Bradesco's Human Resources Management model is guided by transparent relations based on respect and continuous investments aimed at developing and sharing knowledge, while valuing all people equally, without discrimination.

Reaffirming its commitment to these principles, the Organization's Human Resources Management Policy is based on recognizing employees' performance and increasing their potential for achievement through intensive training. At the close of 2013, it had 100,489 employees, 83,900 of whom work for the Bank and 16,589 for affiliated companies.

In this context, the Organization took an important step forward with the foundation of the Bradesco Corporate University, UNIBRAD, part of its broader strategy of focusing on the individual abilities of its employees, offering learning solutions in order to improve and develop their professional and personal qualifications.

The increasing investments, which make use of the potential of technological innovations, allow the Bank to expand its educational resources to include on-site or distance learning. Among these initiatives we can highlight TreiNet – Training by Internet/Intranet, a distance-learning tool with extensive coverage. In 2013, more than 833 thousand employees took part in the program, underlining its importance and the extent of its coverage.

In order to ensure that its employees keep abreast of the latest advances, the Organization promotes

In 2013, the Bradesco brand received substantial recognition:

- **Most valuable banking sector brand in Latin America** and 16th in the overall ranking, according to a survey by the consulting firm Brand Finance and *The Banker* magazine. It also came first in the insurance segment;
- **Most valuable bank brand in Latin America**, according to a survey by the consulting firm BrandAnalytics/Millward Brown published in the *Financial Times* newspaper;
- **Most valuable bank brand in Latin America**, according to a survey by Millward Brown;
- **Most valuable brand in Brazil**, according to the 2013 ranking drawn up by Brand Finance;
- **Most valuable brand in Brazil**, according to study drawn up by BrandAnalytics/Millward Brown, for *IstoÉ Dinheiro* magazine;
- **One of the most valuable brands in the world in all sectors of the economy**, according to a survey by Brand Finance, placing 66th in the overall ranking, the highest position of any Brazilian company.

managerial development programs through specialization courses, as well as graduate courses and MBAs in partnership with universities and business schools.

The Advanced Development Program enables executives to study at top universities abroad, in order to develop and refine their technical and personal skills, ensuring the continuous improvement of management processes through the addition of global knowledge.

Bradesco is recognized as a Career Bank, which acts as a motivating and differentiating factor for all its employees, since it provides opportunities for development, planning and access to all hierarchical levels, allowing employees who join the Company in entry level positions to prosper and grow.

At year-end, the benefits aimed at improving their safety, well-being and overall quality of life, as well as

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

that of their dependents, covered 205,752 individuals. These benefits include:

- Healthcare plans;
- Dental plans;
- Private pension and retirement plans;
- Group life and personal accident insurance;
- Group auto insurance; and
- The VIVA BEM Program, a set of initiatives designed to improve employees' quality of life – Healthy Management, Stopping Smoking, Physical Activity, Health Training, Nutritional Guidance and 0800 VIVA BEM.

For the fourteenth consecutive year, Bradesco figured among the 130 Best Companies to Work For in Brazil, being ranked 16th in the Corporations Group, according to an *Época* magazine survey compiled by the Great Place to Work Institute, a global working environment consulting firm. It was also included in the *Guia Você S/A* 150 Best Companies to Work survey conducted by the Fundação Instituto de Administração (FIA) for the fifteenth consecutive year, being considered the best bank to work for in Brazil, and in the 35 Best Places to Begin a Career list, conducted by FIA and Cia. de Talentos and published by *Você S/A* magazine, for the third consecutive year. In addition, it was featured for the tenth time in *Valor Carreira* magazine's Best in People Management rankings, edited by *Valor Econômico* newspaper, with technical support from Aon Hewitt.

R\$126.836 million invested in training programs, with more than 1.320 million participations.

13.3. Information Technology

With an outstanding market position, Bradesco is always seeking to improve its IT area, employing state-of-the-art technology in its business applications for all segments, with the most up-to-date software and hardware solutions, which is absolutely essential in the highly competitive world of business. In addition to having one of the most extensive bank service networks, it also supplies its customers with a wide range of technologies in various service channels, giving them access to everything that is most modern and innovative, such as vein matching, cardless withdrawal and security products, thereby ensuring their comfort and strengthening ties even further.

Bradesco's technological environment is fully up to date, supported by a state-of-the-art DataCenter (Information Technology Center - CTI) and a secondary website, equipped to meet the expansion of Bank's transactions with availability and safety. In 2013, the processing capacity of the Bank's computers increased by 14.6% in Mainframe environment and 48.4% in low platform environment, given a daily average volume of 282.652 million transactions. Data storage increased by 23.1% in Mainframe environment and 36.3% in low platform environment, allowing for even greater availability of service and business information.

Bradesco prioritizes customer service and comfort through the implementation of branch modernization initiatives and the launch of multichannel services, designed to improve consumers' experience, such as the possibility of depositing checks via

R\$1.022 billion invested in the Food Program, with the daily supply of 125,530 meals, in addition to meal vouchers and food vouchers.

5,232 million medical and hospital consultations.

434,978 dental service consultations.

Internal Communication

The Organization's employees receive information on the policies, guidelines and operational procedures to be adopted through the Normative System, which is available on the Intranet, in a protected area regulated by the Corporate Information Security Policies and Regulations, as well as the Rules and Procedures for Using and Accessing the Intranet.

Objective and consistent, TV Bradesco is an excellent internal communications channel at every level, informing, integrating and motivating the Bank's employees. In this context, the publications *Revista Interação* and *Sempre em Dia*, made available through the Intranet, have made an outstanding contribution.

The CEO's Blog is an internal interactive channel for promoting the exchange of information and opinions between employees and the CEO's office. The blog discusses issues of particular importance to the Organization and the country and is also available through the Intranet.

smartphone and the offer of more than 50 free applications. It also has the innovative Bradesco Next, a branch with a vision of the future, located in the Shopping JK Iguatemi mall in São Paulo, which was created to offer technological solutions unmatched anywhere in the world.

Thanks to these recent advances in the innovation area, Bradesco was recognized for the third consecutive year as the Most Innovative Company In Customer Service in Brazil.

R\$4.842 billion invested in infrastructure, information technology and telecommunications in 2013, as a necessary condition for continued growth.

14. Marketing

-----In 2013, Bradesco used its communications initiatives to increase proximity with the public by making people the prime focus of its campaigns. The first such

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

initiative was geared to the SME segment, called *Bradesco Empresas e Negócios*, which positioned the Bank as a friend on whom the entrepreneurs can count in the pursuit of financial solutions than help their business prosper.

In March, Bradesco celebrated 70 years of operations, providing one of the year's communications milestones, beginning with a film showing the main values and achievements of the country and the Bank over these seven decades. Also as part of the celebrations, it launched the *Gente* (People) campaign, which consisted of three films featuring the stories of three individuals from different places and in different professions – a trapeze artist, a photographer and a doctor – for whom Bradesco was an integral part of their day-to-day lives.

In July, Bradesco Prime presented a new concept: *Viver é Prime* (Living is Prime), emphasizing that being a Prime customer means being able to spend more time with your family while you let the Bank take care of financial matters.

With Bradesco's sponsorship of the 2016 Olympic and Paralympic Games in Rio de Janeiro, communications reinforced the *BRA de Brasil*. *BRA de Bradesco* concept, further underlining the Bank's support for Brazilian sport.

Another segment to put the customer first was *Bradesco Universitário*, which developed an innovative campaign whose form and content were designed to be part of the challenges and day-to-day activities of the young students.

312 regional, industry and/or professional events held nationwide, including trade fairs, seminars, congresses and cultural/community events, received Bradesco's support in 2013.

15. Sustainability at the Bradesco Organization

Ever since it was founded, the Bradesco Organization has been committed to the social and economic development of Brazil. Issues such as banking inclusion, education and best practices in regard to sustainable business development have always been part of its day-to-day activities.

The financial inclusion initiatives focus on accessibility, both physical and digital, the development and marketing of specific products and services, and financial education activities focused on the responsible use of credit and the other products and services offered to the population, as well as personal finance.

The Bank maintains a Sustainability Committee reporting directly to the Board of Directors, which is responsible for establishing guidelines and corporate initiatives, reconciling issues related to economic development with those related to social and environmental responsibility. Commitment to sustainability is part of the Organization's vision and mission and is an integral part of its strategic planning.

We undertook a strategic revision of the Organization's positioning in regard to sustainability issues. Based on a structured process of stakeholder engagement, a new Relevance Matrix was drawn up, which indicated key issues that must

At the beginning of September, it was the turn of the payroll-deductible loan campaign, geared towards INSS retirees and pensioners and public and private sector employees. Following this, the Bank advertised other credit solutions to help Brazilians achieve, such as the purchase of their dream car or home.

It is worth remembering that Bradesco's communications throughout the year reinforced its support for various Brazilian cultural manifestations, exemplified by media and local campaigns for events such as Carnival in Rio de Janeiro, Salvador and Recife, *Círio de Nazaré*, *Semana Farroupilha*, *Festival Gastronômico de Tiradentes*, *Natal Luz de Gramado*, and *Sonho de Natal de Canela*, among others.

In December, it was the turn of the *Votos* campaign, which, as its name in Portuguese suggests, was full of wishes for a happy and prosperous new year for all. What was special was the particularly irreverent way in which these wishes were given. Both the commercials and the spots featured children wishing everyone a better 2014; however, instead of the normal messages at this time of year, they expressed their wishes with the genuine innocence of childhood. Once again Bradesco emphasized its focus on the individual by speaking to people in an intimate, sincere and true manner.

Once again, as one of its main sponsored events, Grupo Bradesco Seguros presented the city of Rio de Janeiro with its traditional Christmas Tree on Rodrigo de Freitas lake. In 2013, in its 18th edition, it drew attention to the environment, with the theme *Uma celebração à vida: Águas, Ar, Florestas, Humanidade e Natal* (A celebration of life: Water, Air, Forest, Humanity and Christmas), accompanied by projections which celebrated each of these elements.

be taken into consideration in the revision of the Bank's Corporate Sustainability Policy.

Having adhered to the Equator Principles since 2004, the Organization played an active role in the discussions concerning their revision. The new version, launched in June 2013, established new criteria to be adopted by the signatory financial institutions in regard to evaluating the risk and social and environmental impact of the projects they finance. It is also a signatory to the UN's Principles for Responsible Investment (PRI) through BRAM - Bradesco Asset Management, which evaluates social, environmental and corporate governance questions in its investment analysis. Through the Brazilian Federation of Banks (Febraban),

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

it also signed the Green Protocol, a commitment proposed by the Ministry of the Environment to implement a common sustainability agenda for the banking sector.

The year was marked by several important events, such as the Ethos Conference, in which Bradesco presented its exclusive Technology and Education module. In addition to sponsoring the Conference, the Bank promoted three important debates that raised the audience's awareness of issues such as financial education, technology and innovation as applied to inclusion and corporate education. Bradesco also attended the 2013 Leaders Summit, an event coordinated by the United Nations and Global Compact in New York in September.

For the eighth consecutive year, in recognition of its corporate policies, the Bank was included in the NYSE's Dow Jones Sustainability Index and, in 2013, it became part of the recently launched Dow Jones Emerging Markets Index, both of which comprising those companies with the best sustainable development performance. Since 2010, it has been included in the BM&FBOVESPA's Carbon Efficient Index (ICO2) and, for the ninth consecutive year, it was selected for inclusion in the portfolio of the BM&FBOVESPA's Corporate Sustainability Index (ISE), which includes companies with the best corporate sustainability indicators.

In March 2014, the Organization will launch the unified version of its Annual Report and Sustainability Report in accordance with the guidelines of the Global Reporting Initiative (GRI), which will include the new G4 indicators.

Fundação Bradesco

This year was marked by continuing improvements in all segments of Fundação Bradesco's operations, to the benefit of its students. Important reforms, such as the restructuring of the institution's educational resources and physical spaces, will ensure an excellent learning experience and expand horizons by providing students with an integrated, all-round education.

One of Fundação Bradesco's main concerns is to produce creative, productive and entrepreneurial citizens and it therefore offers training and vocational courses for workers at a variety of levels. There are a wide range of courses with flexible and customized curriculums that aim to provide the students with a foundation for starting up their own business or taking advantage of better jobs and opportunities in the market.

Since its pioneering implementation in 1998, the Program to Promote Computer Use by the Visually Impaired has trained 12,160 individuals, ensuring the social inclusion of thousands of people.

In conjunction with various partners specializing in preparing educators and educational materials, Fundação Bradesco develops initiatives in several other areas, including environmental education, finance and taxes, work and consumption, sexuality and personal care, prevention of drug abuse and the responsible use of the internet.

For the 11th consecutive year, National Volunteer Day, held on May 18, mobilized 25,218 volunteers in 72 different locations across Brazil, including Fundação Bradesco schools and service points close to the schools' facilities. All in all, 314,452 initiatives were implemented in the educational, health, leisure, sport and environmental areas, exemplifying citizenship and solidarity.

Fundação Bradesco, the main focus of the Organization's social initiatives, is one of the world's largest private social and educational programs with 40 schools located in all Brazilian states, including the Federal District, mostly in socially and economically underprivileged regions.

In 2013, it provided free, high-quality education to 101,781 students enrolled in its schools in the following levels: basic education (kindergarten to high school) and vocational training - high school, youth and adult education; and preliminary and continuing vocational training, which focuses on creating jobs and income. The more than 45 thousand students enrolled in Fundação Bradesco's basic education system also receive uniforms, school supplies, meals, and medical and dental assistance free of charge.

A total of 455,088 students completed at least one of the distance learning courses available on the Virtual School e-learning portal, while a further 71,742 benefited from partnership projects and initiatives, including the Digital Inclusion Centers (CIDs), the *Educa+Ação* program and technology courses (*Educar e Aprender*).

The level of student approval of the Fundação Bradesco schools reached 95.3%.

Fundação Bradesco helps improve the quality of life of the communities where it operates, making it a socially responsible investment in the best sense of the term. It also represents a unique means of distributing the wealth generated by the Bradesco Organization, given that most of its resources derive from its status as a Bradesco shareholder.

R\$456.966 million in investments by Fundação Bradesco in 2013, with R\$523.434 million programmed for 2014 to finance educational benefits for: a) 105,672 students enrolled in its schools, in basic education, youth and adult education, and preliminary and continuing vocational training; b) 370 thousand students who will complete at least one of the distance-learning courses (EaD); and c) 21,527

Bradesco _____

Management Report

beneficiaries in partnership projects and initiatives, including the Digital Inclusion Centers (CIDs), the *Educa+Ação* program and technology courses (*Educar and Aprender*).

R\$4.012 billion, in present value, invested by Fundação Bradesco to finance its activities in the last ten years.

R\$263.750 million in other investments by the Bradesco Organization in 2013, in social projects focusing on education, the arts, culture, sport, health, sanitation, combating hunger and food safety.

Bradesco Sports and Education Program

Aiming to encourage citizenship and social inclusion among children and teenagers, the Bradesco Sports and Education Program has been promoting the practice of sporting activities for more than 26 years, together with initiatives related to education, health, and well-being.

In Osasco (SP), it maintains Training and Specialist Centers to teach women's basketball and volleyball in its Sports Development Center, Fundação Bradesco schools, private schools and municipal sports centers. Currently, around 2 thousand girls aged between 8 and 20 are taking part in the program, reinforcing Bradesco's commitment to defending a country that is giving increasing value to recognizing talent, effort and the full exercise of citizenship.

16. Recognition

Four certificates were granted to the Organization's products and services, which guarantees the adoption of internationally established data protection and privacy standards.

- **ISO 9001 - Quality Management**

The Organization was granted 161 certificates that seek to continuously improve processes and business performance in order to increase customer satisfaction while considering the needs of all stakeholders.

- **ISO 27001 - Information Security Management**

Certifications – The Bradesco Organization has received the following certifications for its Management System:

- **SA8000 - Social Responsibility**

Bradesco's Social Responsibility Management System includes Cidade de Deus headquarters, the Call Center, the Insurance Group and certain administrative buildings, as well as certain bank branches in Osasco and São Paulo. Based on International Standard SA 8000@:2008, it establishes requirements in accordance with the Organization's Human Resources Management Policy and is aimed at promoting the ongoing improvement of workplace relations and conditions, extending its commitment to respect for human rights, children's rights and fundamental labor rights to its suppliers.

- **OHSAS 18001 - Occupational Health and Safety**

This internationally recognized certification for occupational health and safety management systems covers the Information Technology Center in Cidade de Deus, in Osasco (SP) and the buildings on Avenida. Paulista and Rua Itapeva, in São Paulo (SP). OHSAS 18001 was developed to be compatible with ISO 9001 and ISO 14001. The Occupational Health and Safety Management System effectively helps to identify dangers and risks, visually monitor working environments and ensure compliance with the current legislation, thereby ensuring a safe and healthy workplace.

Bradesco holds three certifications, one relating to logical security processes, which guarantees access codes for applications and the Bank's internal technological structure (DPCD) in the Security area; one relating to the Bank's infrastructure, storage and information technology operations (DPCD-CTI); and one relating to the project, operating process, monitoring, management and quality of Bradesco Seguros e Previdência's logical security sector.

- **ISO 20.000 - Management of IT Service Delivery**

Two certifications were granted: "Management System for IT Service Delivery Management

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Management Report

Services by Banco Bradesco (DPCD), which supports the delivery of the following services: process routines and transactional services, transfer files, print reports and documents for customers, as well as data communications, software installations and support for user equipment"; and "Management System for IT Service Management Services by Bradesco Seguros e Previdência – Support, Project Office and IT Governance Superintendencies in Rio de Janeiro, which supports the delivery of the following services: data transmission, processing, communication and printing".

The Organization's achievements and results to date underline its substantial presence in Brazil's various financial market segments, exemplified by the 70th anniversary of Banco Bradesco. They represent much more than a new achievement landmark, encouraging us to exceed expectations, motivating even more consistent advances and reinforcing our unshakable optimism and willingness to help build a truly modern and prosperous nation. These results would not have been possible without the support and trust of our shareholders and customers, as well as the efficient and dedicated work of all our employees and we would like to thank you all.

Cidade de Deus, January 29, 2014

The Board of Directors and

Board of Executive Officers

(*)Excludes the mark-to-market effect of available-for-sale securities recorded under shareholders' equity.

(1) The fourth quarter of 2013 and December 31, 2013 YTD includes gains/losses from sale and acquisition of available-for-sale securities totaling R\$41,945,300 thousand, which represented the realization of loss amounting to R\$6,117,649 thousand (R\$3,670,589 thousand, net of taxes), allowing for the adjustment of securities rates to market value (Note 8h). Additionally, a total of R\$ 19,121,109 thousand was reclassified from "Available for Sale Securities" to "Held-to-Maturity Securities," given that the Insurance Group made the reclassification because of the change in Management's intention. The mark-to-market accounting of these securities, totaling R\$479,358 thousand, was maintained under Shareholders' Equity and will be recognized in income statement for the remaining term of securities, pursuant to Bacen Circular Letter 3068/01 (Note 8d-4).

The accompanying Notes are an integral part of these Financial Statements.

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

1) OPERATIONS

Banco Bradesco S.A. (Bradesco) is a private-sector publicly traded company and Universal Bank that carries out all types of banking activities that it is authorized to do so through its commercial, foreign exchange, consumer financing and housing loan portfolios. The Bank has a number of other activities, either directly or indirectly, through its subsidiaries, particularly in leasing, investment banking, brokerage, consortium management, credit cards, real estate projects, insurance, pension plans and capitalization bonds. Operations are conducted within the context of the companies within the Bradesco Organization, working together in the market.

2) PRESENTATION OF THE FINANCIAL STATEMENTS

Bradesco's consolidated financial statements include the financial statements for Banco Bradesco, its foreign branches, subsidiaries and jointly-controlled entities, in Brazil and abroad, including SPEs (Special Purpose Entities). They were prepared based on accounting practices issued by Laws 4595/64 (Brazilian Financial System Law) and 6404/76 (Brazilian Corporate Law), along with amendments introduced by Laws 11638/07 and 11941/09 relating to the accounting of operations, associated with rules and instructions of the National Monetary Council (CMN) and the Brazilian Central Bank (Bacen), Brazilian Securities and Exchange Commission (CVM), where applicable, National Private Insurance Council (CNSP), Insurance Superintendence (Susep) and National Supplementary Healthcare Agency (ANS). The financial statements of leasing companies included in the consolidated information were prepared using finance leases, whereby leased fixed assets are classified as operating leases less the residual value paid in advance.

In the preparation of these consolidated financial statements, intercompany transactions, including investments, assets and liabilities, revenue, expenses and unrealized profit were eliminated and net income and shareholders' equity attributable to the non-controlling interests were accounted for on a separate line. For jointly-controlled investments with other shareholders, assets, liabilities and income and loss were proportionally consolidated in the consolidated financial statements according to the interest on shareholders' equity of each investee. Goodwill on the acquisition of investments in subsidiary/unconsolidated companies or jointly-controlled entities is included in investments and intangible assets (Note 15a). The foreign exchange variation from foreign branches or investments is presented in the income statement accounts together with changes in the value of the derivative financial instrument, borrowing or onlending operation to eliminate the effect of these investment hedge instruments.

The financial statements include estimates and assumptions, such as: the calculation of estimated loan losses; fair value estimates of certain financial instruments; civil, tax and labor provisions; impairment losses of securities classified as available-for-sale and held-to-maturity and non-financial assets; the calculation of technical reserves for insurance, pension plans and capitalization bonds; and the determination of the useful life of specific assets. Actual results may differ from those based on estimates and assumptions.

Bradesco's consolidated financial statements were approved by the Board of Directors on January 29, 2014.

- (1) Increase in equity interest through share acquisition in February 2013;
- (2) New corporate name of Bankpar Arrendamento Mercantil S.A.;
- (3) Currently Banco Berj S.A.;
- (4) Company proportionally consolidated, pursuant to CMN Resolution 2723/00 and CVM Rule 247/96;
and
- (5) The special purpose entity International Diversified Payment Rights Company is being consolidated. The company takes part in the securitization operation of future flow of payment orders received from overseas (Note 16d).

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

3) SIGNIFICANT ACCOUNTING PRACTICES

a) Functional and Presentation Currencies

Consolidated financial statements are presented in Brazilian reais, which is also Bradesco's functional currency. Foreign branches and subsidiaries are mainly a continuation of activities in Brazil, and, therefore, assets, liabilities and profit or loss are translated into Brazilian reais using the appropriate currency exchange rate to comply with accounting practices adopted in Brazil. Foreign currency translation gains and losses arising are recognized in the period's income statement under items "Derivative Financial Instruments" and "Borrowing and Onlending."

b) Income and Expense Recognition

Income and expenses are recognized on an accrual basis together to determine the net income for the period to which they relate, regardless of receipt or payment of funds.

Fixed rate transactions are recorded at their redemption value with the income or expense relating to future periods being recorded as a deduction from the corresponding asset or liability. Finance income and costs are prorated daily and calculated based on the exponential method, except when they relate to discounted notes or to foreign transactions which are calculated using the straight-line method.

Floating rate or foreign-currency-indexed transactions are adjusted for inflation at the end of the reporting period.

Insurance and coinsurance premiums, net of premiums assigned to coinsurance and corresponding commissions, are recorded upon the issue of the related policies/certificates/endorsements and invoices, or upon the beginning of the effectiveness of risk in cases in which the risk begins before the issue, and

recognized on a straight-line basis during the policies' effective period through accrual and reversal of the unearned premium reserve of deferred acquisition costs. Revenues from premiums and the corresponding deferred acquisition costs, relating to existing risk but with no policy issued, are recorded in the income statement at the beginning of the risk coverage, based on estimated figures.

Health insurance premiums are recorded at the policies effective date and are reduced and recognized from the portion of the premium corresponding to the risk period of the insurance policy elapsed.

Income and expenses arising from DPVAT insurance operations are recorded based on information provided by the Seguradora Líder dos Consórcios do Seguro DPVAT S.A.

Accepted coinsurance and retrocession operations are recorded based on the information received from other companies and IRB - Brasil Resseguros S.A., respectively. Reinsurance operations are recorded based on their financial records subject to analysis. Deferral of reinsurance premiums granted is consistent to the corresponding reinsurance premium and/or reinsurance contract.

Brokerage and acquisition of new health insurance operations are deferred and recorded in the income statement on a straight-line basis according to the average time beneficiaries stay in a plan, as measured by a technical study, as provided for in ANS Normative Resolution 314/12.

Pension plan contributions and life insurance premiums covering survival are recognized in the income statement as they are received. Income from management fees paid by special-purpose investment funds are recognized on the accrual basis at contractual rates.

Income from capitalization bonds is recognized when it is effectively received. Income from expired capitalization plans is recorded after the statute of limitation, under Article 206 of the Brazilian Civil Code. The expenses for placement of capitalization bonds, classified as "Acquisition Costs," are recognized when they are incurred. Technical reserves are recorded when the respective revenues are registered in books.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

c) Cash and cash equivalents

Cash and cash equivalents include: funds available in currency, investments in gold, investments in federal funds purchases and securities sold under agreements to repurchase and interest-earning deposits in other banks, maturing in 90 days or less, and are exposed to insignificant risk of change in fair value. These funds are used by Bradesco to manage its short-term commitments.

Cash and cash equivalents detailed balances are reflected in Note 6.

d) Interbank investments

Unrestricted purchase and sale commitments are stated at their fair value. Other investments are stated at cost, plus income earned up to the end of the reporting period, net of any devaluation allowance, if applicable.

The breakdown, terms and proceeds relating to interbank investments are presented in Note 7.

e) Securities - Classification

- Trading securities - securities acquired for the purpose of being actively and frequently traded. They are recorded at cost, plus income earned and adjusted to Fair value recognized in profit or loss for the period;
- Available-for-sale securities - securities that are not specifically intended for trading purposes or to be held to maturity. They are recorded at cost, plus income earned, which is recorded in profit or loss in the

period and adjusted to Fair value within shareholders' equity, net of tax, which will be recognized in profit or loss only when effectively disposed; and

- Held-to-maturity securities - securities intended and for the financial capacity to be held in the portfolio up to maturity. They are recorded at cost, plus earnings recognized in profit or loss for the period.

Securities classified as trading or available-for-sale, as well as derivative financial instruments, are recorded at their estimated fair value in the consolidated statement of financial position. The fair value is generally based on market prices or quotations for assets or liabilities with similar characteristics. If market prices are not available, fair values are based on traders' quotations, pricing models, discounted cash flows or similar techniques to determine the fair value and may require judgment or significant estimates by Management.

Classification, breakdown and segmentation of securities are presented in Note 8 (a to d).

f) Derivative financial instruments (assets and liabilities)

Classified according to intended use by Management, on the date that the operation was contracted and considering if it was intended for hedging purposes or not.

Operations involving derivative financial instruments are designed to meet the Bank's own needs in order to manage overall exposure, as well as to meet customer requests to manage their positions. Gains and losses are recorded in income or expenses accounts of the respective financial instruments.

Derivative financial instruments used to mitigate risk deriving from exposure to variations in the Fair value of financial assets and liabilities are designated as hedges and are classified according to their nature:

- Market risk hedge: for financial instruments classified in this category as well as the hedge-related financial assets and liabilities, gains and losses, realized or not, are recorded in the income statement; and

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

- Cash flow hedge: the effective portion of valuation or devaluation of financial instruments classified in this category is recorded, net of taxes, in a specific account under shareholders' equity. The ineffective portion of the respective hedge is directly recognized in profit or loss.

A breakdown of amounts included in derivative financial instruments, in the balance sheet and off-balance-sheet accounts, is disclosed in Note 8 (e to h).

g) Loans and leasing, advances on foreign exchange contracts, other receivables with credit characteristics and allowance for loan losses

Loans and leasing, advances on foreign exchange contracts and other receivables with credit characteristics are classified according to their corresponding levels of risk in compliance with: (i) the parameters established by CMN Resolution 2682/99, with nine levels of risk from "AA" (minimum risk) to "H" (maximum risk); and (ii) Management's level of risk assessment. This assessment, which is carried out regularly, considers current economic conditions and past experience with loan losses, as well as specific and general risks relating to operations, debtors and guarantors. Moreover, the period of late payment defined in CMN Resolution 2682/99 is also considered to rate customer risk as follows:

Past-due period (1)	Customer rating
from 15 to 30 days	B
from 31 to 60 days	C
from 61 to 90 days	D
from 91 to 120 days	E
from 121 to 150 days	F
from 151 to 180 days	G
more than 180 days	H

(1) For transactions with terms of more than 36 months, past-due periods are doubled, as allowed under CMN Resolution 2682/99.

Interest and inflation adjustments on past-due transactions are only recognized up to the 59th day that they are past due. As from the 60th day, they are recognized in deferred income.

H-rated past-due transactions remain at this level for six months, after which they are written-off against the existing allowance and controlled in off-balance-sheet accounts for at least five years.

Renegotiated transactions are maintained at least at the same level as previously classified. Renegotiations already written-off against the allowance and that were recorded in off-balance-sheet accounts, are rated as level "H" and any possible gains derived from their renegotiation are recognized only when they are effectively received. When there is a significant repayment on the operation or when new material facts justify a change in the level of risk, the operation may be reclassified to a lower risk category.

The estimated allowance for loan losses is calculated to sufficiently cover probable losses, considering CMN and Bacen standards and instructions, together with Management assessment to determine credit risk.

Type, values, terms, levels of risk, concentration, economic sector of the activity, renegotiation and income from loans, as well as the breakdown of expenses and statement of financial position accounts for the allowance for loan losses are presented in Note 10.

h) Income tax and social contribution (assets and liabilities)

Income tax and social contribution credits, calculated on income tax losses, social contribution losses and temporary additions are recorded in "Other Receivables - Sundry" and the provisions for deferred tax liabilities on tax differences in leasing depreciation and mark-to-market adjustments on securities are recorded in "Other Liabilities - Tax and Social Security." The income tax rate only applies to tax differences in leasing depreciation.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Tax credits on temporary additions are used and/or reversed against the corresponding provision. Tax credits on income tax and social contribution losses are used when taxable income is generated, under the 30% limit of the taxable profit for the period. Such tax credits are recorded based on current expectations on when the deduction can be used, considering technical studies and analyses carried out by Management.

The provision for income tax is calculated at 15% of taxable income plus a 10% surcharge. Social contribution on net income is calculated at 15% for financial institutions and insurance companies and at 9% for other companies.

Provisions were recorded for other income tax and social contribution in accordance with specific applicable legislation.

Pursuant to Law 11941/09, changes in the criteria to recognize for revenue, costs and expenses included in the net income for the period, enacted by Law 11638/07 and by Articles 37 and 38 of Law 11941/09, shall not affect taxable income, and, for tax purposes, accounting methods and criteria in force on December 31, 2007 are considered. For accounting purposes, the tax effects of adopting the aforementioned laws are recorded in the corresponding deferred tax assets and liabilities.

The breakdown of income tax and social contribution, showing the calculations, the origin and expected use of tax credits, as well as unrecorded tax credits, are presented in Note 34.

i) Prepaid expenses

Prepaid expenses are represented by use of funds for future benefits or services, which are recognized in the profit or loss on an accrual basis.

Incurred costs relating to corresponding assets that will generate revenue in subsequent periods are recorded in profit or loss according to the terms and the amount of expected benefits and directly written-off in profit or loss when the corresponding assets or rights are no longer part of the institution's assets or when future benefits are no longer expected.

Prepaid expenses are shown in details in Note 12b.

j) Investments

Investments in unconsolidated companies, with significant influence over the investee or with at least 20% of the voting rights, stated under the equity method of accounting.

Tax incentives and other investments are stated at cost, less allowance for losses/impairment, where applicable.

Subsidiaries and jointly-controlled companies are consolidated, and a list of the main companies can be found in Note 2. A list of the unconsolidated companies, as well as other investments, is shown in Note 13.

k) Premises and equipment

Relates to the tangible assets used by the Bank in its activities or used for that purpose, including those transactions which transfer risks, benefits and controls of the assets to the entity.

Premises and equipment are stated at cost, net of the accumulated depreciation, calculated using the straight-line method according to the estimated economic useful life of the asset, as follows: premises - 4% p.a.; furniture and fixtures, machinery and equipment - 10% p.a.; transport systems - 20% p.a.; and data processing systems - 20% to 50% p.a., and adjusted for impairment, where applicable.

The breakdown of asset costs and their corresponding depreciation, as well as the unrecorded surplus value for real estate and fixed asset ratios, is presented in Note 14.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

l) Intangible assets

Relates to the right over intangible assets used by the Bank in its activities or used for that purpose.

Intangible assets comprise:

- Future profitability/customer portfolio acquired and acquiring the right to provide banking services: is recorded and amortized, as applicable, over the period in which the asset will directly and indirectly contribute to future cash flows and adjusted through impairment, where applicable; and
- Software: stated at cost less amortization calculated on a straight-line basis over the estimated useful life (20% to 50% p.a.), from the date it is available for use and adjusted through impairment, where applicable. Internal software development costs are recognized as an intangible asset when it is possible to show the intention and ability to complete such development, as well as to reliably measure costs directly attributable to the intangible asset. These costs are amortized during its estimated useful life, considering the future economic benefits generated.

Goodwill and other intangible assets, including their changes by class, are broken down in Note 15.

m) Impairment

Financial and non-financial assets are tested for impairment.

Impairment evidence may comprise the non-payment or payment delay by the debtor, possible bankruptcy process or even significant or extended decline in asset value.

An impairment loss of a financial or non-financial asset is recognized in the profit or loss for the period if the book value of an asset or cash-generating unit exceeds its recoverable value.

Impairment losses are presented in Notes 8d(9), 14 and 15c.

n) Deposits and federal funds purchased and securities sold under agreements to repurchase

These are recognized at the value of the liabilities and include, when applicable, related charges up to the end of the reporting period, on a daily prorated basis.

A breakdown of securities recorded in deposits and federal funds purchased and securities sold under agreements to repurchase, as well as terms and amounts recognized in the statement of financial position and income statement, is presented in Note 16.

o) Technical reserves relating to insurance, pension plans and capitalization bonds

- Damage, health and group insurance lines, except life insurance covering survival:
 - The unearned premium reserve (PPNG) is calculated on a daily prorated basis, using premiums net of coinsurance assignment, but including reinsurance transfer operations, is comprised of the portion corresponding to the periods of risk not arising from insurance policies less initial contracting costs, except for health and personal insurance, and includes estimates for risks in effect but not issued (RVNE).
 - The unearned premium or contribution reserve (PPCNG) is calculated on a daily prorated basis considering health insurance premiums and recorded by the portion corresponding to the insurance contract risk periods to be elapsed, whose effectiveness has already started;
 - The mathematical reserve for unvested benefits (PMBaC) is calculated by the difference between the current value of future benefits and the current value of future contributions, corresponding to assumed obligations;

Report on Economic and Financial Analysis – December 2013

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

- The provision for future benefits of individual health plan portfolios refers to the coverage of remittances for five years for the dependents of the holder, in case of death of the holder, whose calculation methodology takes into account the discount rate based on the Banks own assessments, the expectation of holders dependents remaining in the plan until their own departure from the group due to their death, and from this moment, the costs related to the dependents remaining in the plan for five years without the corresponding payment of premiums;

- The reserve for vested benefits relating to the individual health care plan portfolio comprises obligations under the terms of the contract relating to coverage of the health care plan, and premiums for the payment of insurers participating in the Bradesco Saúde – “GBS Plan” insurance, based on the present value of estimated future expenses with health care provided to dependents whose holders already deceased, as provided for in ANS Normative Resolution 75/04, and the discount rate based on Bank's own study;

- For Health Insurance, the reserve for incurred but not reported (IBNR) claims is calculated based on incurred but not paid (IBNP) claims less the balance of the reserve for unsettled claims (PSL) on the calculation date. A final estimate of IBNP claims based on monthly run-off triangles, which consider the claims ratio in the last 12 months, is prepared to calculate IBNP claims;

- For other lines, the reserve for incurred but not reported (IBNR) claims is calculated based on incurred but not paid (IBNP) claims less the balance of the reserve for unsettled claims (PSL) on the calculation date. A final estimate of IBNP claims based on run-off triangles is prepared to calculate IBNP claims. The run-off triangles consider the historical development of claims paid in the last 14 semesters to determine a future projection per occurrence period;

- The reserve for unsettled claims (PSL) considers all loss notices received up to the end of the reporting period. The reserve is adjusted for inflation and includes all claims under litigation and loss of suits costs;

- The reserve for related expenses (PDR) is recorded to cover estimated expenses relating to claims and benefits;

- The reserve for redemptions and other amounts to be settled (PVR) comprises figures related to redemptions to settle and premium refund not yet paid;

- The complementary reserve for coverage (PCC) refers to the amount necessary to complement technical reserves, as calculated through the Liability Adequacy Test (LAT), which is prepared biannually using statistic and actuarial methods based on realistic considerations, taking into account the biometric table BR-EMS of both genders, improvement of G Scale and forward interest rate structures (ETTJ) free from risk and defined by Susep. The improvement rate is calculated from automatic updates of the biometric table, considering the expected increase in future life expectancy; and

- Other technical reserves are mainly recorded to cover differences between the premiums future adjustments and the ones necessary to the technical balance of healthcare plan individual portfolio, adopting the formula included in the actuarial technical note approved by ANS, and the discount rate based on Bank's own study.

- Pension plans and life insurance covering survival:
 - The unrealized risk premiums (PPNG) is calculated on a daily prorated basis, using premiums net of coinsurance assignment, but including reinsurance transfer operations, is comprised of the portion corresponding to periods of risks not arising from insurance policies and includes an estimate for risks in effect but not issued (RVNE).

 - The mathematical reserve for unvested benefits (PMBaC) is recorded for participants who have not yet received any benefit. In defined benefit pension plans, the reserve represents the difference between the current value of future benefits and the current value of future contributions, corresponding to obligations in the form of retirement, disability, pension and annuity plans. The reserve is calculated using methodologies and assumptions set forth in the actuarial technical notes;

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

- The mathematical reserve for unvested benefits related to life insurance and unrestricted benefit pension plans (VGBL and PGBL), apart from the defined contribution plans, shows the value of participant contributions, net of costs and other contractual charges, plus income from investment;
- The reserve for redemptions and other amounts to be settled (PVR) comprises figures related to redemptions to settle, premium refund and portability requested not yet transferred to the recipient;
- The mathematical reserve for vested benefits (PMBC) is recognized for participants already benefiting and corresponds to the present value of future obligations related to the payment of ongoing benefits;
- The complementary reserve for coverage (PCC) refers to the amount necessary to complement technical reserves, as calculated through the Liability Adequacy Test (LAT), which is prepared biannually using statistical and actuarial methods based on realistic considerations, taking into account the biometric table BR-EMS of both genders, improvement of G Scale and forward interest rate structures (ETTJ) free from risk and defined by Susep. The improvement rate is calculated from automatic updates of the biometric table, considering the expected increase in future life expectancy;
- The reserve for related expenses (PDR) is recorded to cover estimated benefit and claims expenses;
- The reserve for financial surplus (PEF) corresponds to the portion of income from investment of reserves that exceeds minimum returns from pension plans that have a financial surplus in the participation clause;
- The reserve for technical surplus (PET) corresponds to the difference between the expected and the actual amounts for events in the period for pension plans that have a technical surplus in the participation clause;

- The reserve for incurred and not reported (IBNR) events is calculated based on run-off triangles, which consider the historical development of losses reported in the last 20 quarters to set forth a future projection by incurrence period;

- The reserve for unsettled claims (PSL) considers all loss notices received up to the end of the reporting period. The reserve is adjusted for inflation and includes all claims under litigation and loss of suit costs; and

- Other technical reserves (OTP) comprise the amounts required by Susep Circular Letter 462/13.

- Capitalization bonds:
 - The mathematical reserve for capitalization bond (PMC) is recorded for each active or suspended capitalization bond during the estimated term set forth in the general conditions of the plan, and is calculated according to the methodology set forth in the actuarial technical notes;

 - The reserve for redemption (PR) is recorded from capitalization bonds overdue or not yet due where early redemption has been requested by the customer. Reserves are adjusted for inflation based on the indexes provided in each plan;

 - The reserve for draws not yet taken place (PSR) and the reserve for draws payable (PSP) are recorded to cover premiums for future draws (not yet taken place) and also for prize money from draws where customers have already been chosen (payable); and

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

- The reserve for administrative expense (PDA) is recorded to cover the plan's expenses with placement and disclosure, brokerage and others, and complies with the methodology established in actuarial technical note.

Technical reserves are shown by account, product and segment, as well as amounts and details of plan assets covering these technical reserves, and are shown in Note 21.

p) Provisions, contingent assets and liabilities and legal obligations - tax and social security

Provisions, contingent assets and liabilities, and legal obligations, as defined below, are recognized, measured and disclosed in accordance with the criteria set out in CPC 25, approved by CMN Resolution 3823/09 and CVM Resolution 594/09:

- **Contingent assets:** these are not recognized in the financial statements, except when Management has control over the situation or when there are real guarantees or favorable judicial decisions, to which no further appeals are applicable, classifying the gain as practically certain by confirming the expectation of receipt or compensation against another liability. Contingent assets with a chance of probable success are disclosed in the notes to the financial statements;
- **Provisions:** these are recorded taking into consideration the opinion of legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts, whenever the loss is deemed probable which would cause a probable outflow of funds to settle the obligation and when amounts can be reliably measured;
- **Contingent liabilities:** according to CPC 25, the term "contingent" is used for liabilities that are not recognized because their existence will only be confirmed by the occurrence of one or more uncertain future events beyond Management's control. Contingent liabilities considered as possible losses should only be disclosed in the notes when relevant. Obligations deemed remote are not recorded as a provision nor disclosed; and

- Legal obligations - provision for tax risks: results from judicial proceedings, being contested on the grounds of legality or constitutionality, which, regardless of the assessment of the probability of success, are fully recognized in the financial statements.

Details on lawsuits, as well as segregation and changes in amounts recorded, by type, are presented in Note 18.

q) Funding expenses

Expenses related to funding transactions involving the issuance of securities are recognized in the profit or loss over the term of the transaction and reduces the corresponding liability. They are presented in Notes 16c and 19.

r) Other assets and liabilities

Assets are stated at their realizable amounts, including, when applicable, related income and monetary and exchange variations (on a daily prorated basis), less provision for losses, when deemed appropriate. Liabilities include known or measurable amounts, including related charges and monetary and exchange variations (on a daily prorated basis).

s) Subsequent events

These refer to events occurring from the end of the reporting period to the date they are authorized to be issued.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

They comprise the following:

- Events resulting in adjustments: events relating to conditions already existing at the end of the reporting period; and
- Events not resulting in adjustments: events relating to conditions not existing at the end of the reporting period.

4) INFORMATION FOR COMPARISON PURPOSES

Reclassifications

There were no reclassifications or other relevant information for previous periods that affect the comparability of the consolidated financial statements for the period ended December 31, 2013.

%	29.3	2.8	7.1	60.8	

(1) Consistent with the criterion adopted by Bacen Circular Letter 3068/01 and due to the characteristics of the securities, we are considering the derivative financial instruments, except those considered as cash flow hedges under the category Trading Securities;

(2) These refer to investment fund resources and managed portfolios applied on purchase and sale commitments with Bradesco, whose owners are consolidated subsidiaries, included in the consolidated financial statements;

(3) The investment fund quotas were distributed according to the instruments composing their portfolios and maintaining the fund category classification;

(4) In compliance with Article 8 of Bacen Circular Letter 3068/01, Bradesco declares that it has financial capacity and intention to maintain held-to-maturity securities up to their maturity dates. This financial capacity is proven in Note 32a, which presents the maturity of asset and liability operations. On December 31, 2013, a total of R\$19,121,109 thousand was reclassified from "Available-for-sale securities" to "Held-to-maturity securities," given that the Insurance Group made the reclassification because of the change in Management's intention. The mark-to-market accounting of these securities, totaling R\$479,358 thousand, was maintained under Shareholders' Equity and will be recognized in income statement for the remaining term of securities, pursuant to Bacen Circular Letter 3068/01;

(5) On December 31, 2013, the amount of R\$13,811,260 thousand was reclassified from “Held-for-trading securities” to “Available-for-sale securities;”

(6) The number of days to maturity was based on the maturity of the instruments, regardless of their accounting classification;

(7) This column reflects book value after mark-to-market accounting in accordance with item (7), except for held-to-maturity instruments, whose fair value is higher than the original amortized cost for the amount of R\$1,476,686 thousand (R\$1,753,311 thousand on September 30, 2013 and R\$2,618,956 thousand on December 31, 2012);

(8) The fair value of securities is determined based on the market price available at the end of the reporting period. If no market price quotation is available at the end of the reporting period, amounts are estimated based on the prices quoted by dealers, pricing models, quotation models or price quotations for instruments with similar characteristics; for investment funds, the original amortized cost reflects the fair value of the respective quotas; and

(9) In the year ended December 31, 2013, impairment losses totaling R\$682,143 thousand (R\$889,980 thousand in 2012) were recorded under “Equity securities,” while R\$682,143 thousand in the fourth quarter of 2013 was recorded under “Available-for-sale securities.”

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

e) Derivative financial instruments

Bradesco carries out transactions involving derivative financial instruments, which are recorded in the statement of financial position or in off-balance-sheet accounts, to meet its own needs in managing its global exposure, as well as to meet its customer's requests, in order to manage their exposure. These operations involve a series of derivatives, including interest rate swaps, currency swaps, futures and options. Bradesco's risk management policy is based on the utilization of derivative financial instruments mainly to mitigate the risks from operations carried out by the Bank and its subsidiaries.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their estimated fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. Should market prices not be available, fair values are based on dealer quotations, pricing models, discounted cash flows or similar techniques for which the determination of fair value may require judgment or significant estimates by the Management.

Quoted market prices are used to determine the fair value of derivative financial instruments. The fair value of swaps is determined by using discounted cash flow modeling techniques that use yield curves, reflecting adequate risk factors. The information to build yield curves is mainly obtained from the Securities, Commodities and Futures Exchange (BM&FBOVESPA) and the domestic and international secondary market. These yield curves are used to determine the fair value of currency swaps, interest rate and other risk factors swaps. The fair value of forward and futures contracts is also determined based on market price quotations for derivatives traded at the stock exchange or using methodologies similar to those outlined for swaps. The fair values of loan derivative instruments are determined based on market price quotation or from specialized entities. The fair value of options is determined based on mathematical models, such as Black & Scholes, using yield curves, implied volatilities and the fair value of corresponding assets. Current market prices are used to calculate volatility.

Derivative financial instruments in Brazil mainly refer to swap and futures operations and are registered at the OTC Clearing House (Cetip) and BM&FBOVESPA.

Operations involving forward contracts of indexes and currencies are contracted by Management to hedge Bradesco's overall exposures and to meet customer needs.

Foreign derivative financial instruments refer to swap, forward, options, credit and futures operations and are mainly carried out at the stock exchanges of Chicago and New York, as well as the over-the-counter markets.

(1) Comprised of operations carried out on the Chicago and New York Stock Exchanges and over-the-counter markets.

A total of 95.0% of counterparties are corporate entities and 5.0% are financial institutions on December 31, 2013.

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements**f) Credit Default Swaps (CDS)**

In general, these represent bilateral agreements in which one of the parties purchases protection against the credit risk of a certain financial instrument (the risk is transferred). The selling counterparty receives remuneration that is usually paid linearly over the term of the agreement.

In the case of a default, the purchasing counterparty will receive a payment to offset the loss incurred on the financial instrument. In this case, the selling counterparty usually receives the underlying asset of the agreement in exchange for the payment.

Bradesco carried out operations involving credit derivatives to better manage its risk exposure and its assets. As at December 31, 2013, it did not have credit derivative agreements.

g) Cash flow hedge

Bradesco uses cash flow hedges to protect its cash flows from payment of interest rates on funds indexed to Bank Deposit Certificates (CDB), related to floating interest rate risk of Interbank Deposit Rate (DI Cetip), thus registering fixed cash flows.

Bradesco has traded DI Future contracts at BM&FBOVESPA since 2009, using them as cash flow hedges for funding linked to DI. The following table presents the DI Future position, where:

	2013		R\$ thousand 2012
	December 31	September 30	December 31
DI Future with maturity between 2014 and 2017	23,464,746	21,603,443	18,233,881
Funding indexed to CDI	23,539,454	21,540,722	17,398,534
Mark-to-market adjustment recorded in shareholders' equity(1)	154,729	(48,089)	(130,118)
Ineffective fair value recorded in profit or loss	64	-	(1,033)

(1) The adjustment in shareholders' equity is R\$92,837 thousand, net of taxes (R\$(28,853) thousand on September 30, 2013 and R\$(78,071) thousand on December 31, 2012).

The effectiveness of the hedge portfolio was assessed in accordance with Bacen Circular Letter 3082/02.

Notes to the Consolidated Financial Statements

g) Changes in allowance for loan losses

	2013			R\$ thousand 2012
	4 th Quarter	3 rd Quarter	December 31 YTD	December 31 YTD
Opening balance	21,476,361	21,455,201	21,298,588	19,540,448
- Specific provision (1)	10,789,704	10,879,179	11,181,925	9,875,415
- Generic provision (2)	6,678,086	6,567,587	6,106,477	5,654,244
- Excess provision (3)	4,008,571	4,008,435	4,010,186	4,010,789
Additions (Note 10h-1)	3,474,892	3,260,373	13,818,253	13,932,823
Reductions	(3,264,224)	(3,239,213)	(13,429,812)	(12,174,683)
Closing balance	21,687,029	21,476,361	21,687,029	21,298,588
- Specific provision (1)	10,851,170	10,789,704	10,851,170	11,181,925
- Generic provision (2)	6,800,157	6,678,086	6,800,157	6,106,477
- Excess provision (3) (4)	4,035,702	4,008,571	4,035,702	4,010,186

(1) For transactions with past-due installments for more than 14 days;

(2) Recorded based on the customer/transaction classification and therefore not included in the preceding item;

(3) The additional provision is recorded based on Management's experience and the expectation of the loan portfolio, to determine the total provision deemed sufficient to cover specific and general credit risk, together with the provision calculated based on levels of risk and the corresponding minimum percentage in the provision established by CMN Resolution 2682/99. The excess provision per customer was classified according to the corresponding level of risk (Note 10f); and

(4) The fourth quarter of 2013 and December 31, 2013 YTD include provision for collateral, comprising sureties, guarantees, letters of credit and standby letters of credit, which was recorded in a separate account from the excess provision, totaling R\$337,623 thousand (Note 29).

h) Allowance for loan losses (ALL) expenses net of amounts recovered

Expenses with the allowance for loan losses, net of credit write offs recovered, are as follows.

Overall total

290

	2013			R\$ thousand 2012
	4 th Quarter	3 rd Quarter	December 31 YTD	December 31 YTD
Amount recorded (1)	3,474,892	3,260,373	13,818,253	13,932,823
Amount recovered (2)	(945,710)	(963,573)	(3,657,787)	(3,000,904)
ALL expense net of amounts recovered	2,529,182	2,296,800	10,160,466	10,931,919

(1) The fourth quarter of 2013 and December 31, 2013 YTD include provision for collateral, comprising sureties, guarantees, letters of credit and standby letter of credit, which composes the excess ALL concept, totaling R\$337,623 thousand (Note 29); and

(2) Classified in income from loans (Note 10j).

Total on September 30, 2013		11,396,400	(7,004,326)		4,392,074	
Total on December 31, 2012		10,952,512	(6,274,654)			4,677,858

The Bradesco Organization's premises and equipment shows an unrecorded surplus of R\$5,307,740 thousand (R\$5,381,586 thousand on September 30, 2013 and R\$3,488,153 thousand on December 31, 2012). This is due to an increase in their market price, based on valuations by independent experts in 2013, 2012 and 2011.

The total consolidated fixed assets to net worth ratio is 15.2% (17.5% on September 30, 2013 and 16.9% on December 31, 2012), and the consolidated finance fixed assets to net worth ratio is 45.4% (45.1% on September 30, 2013 and 44.6% on December 31, 2012), whereas the maximum limit is 50%.

The difference between the total consolidated and consolidated finance fixed assets to net worth ratios is due to non-financial subsidiaries which have high liquidity and low fixed assets to net worth ratio, with the consequent increase in the consolidated finance fixed assets to net worth ratio. Whenever necessary, we may reallocate funds to the financial companies through the payment of dividends/interest on shareholders' equity to financial companies or a corporate restructuring between the financial and non-financial companies, thus improving the ratio.

In the fourth quarter of 2013, impairment losses were recorded under "Premises and equipment" totaling R\$8,400 thousand, of which R\$6,356 thousand comes from "Facilities, furniture and equipment in use," R\$1,521 thousand from "Security and communication systems" and R\$523 thousand from "Transportation systems."

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

15) INTANGIBLE ASSETS

a) Goodwill

Goodwill from the acquisition of investments amounted to R\$2,618,560 thousand, net of accumulated amortization, where applicable, of which:

(i) R\$613,086 thousand represents the difference between the purchase price and the fair value of the net assets acquired, which is recorded in Permanent Assets - Investments (BM&FBOVESPA and Integritas/Fleury shares), amortized when disposed; and (ii) R\$2,005,474 thousand, net of accumulated amortization, for future performance/customer portfolio, which is amortized over 20 years, where applicable.

In the year ended December 31, 2013, goodwill amortization amounted to R\$210,901 thousand (R\$1,425,608 thousand in the year ended December 31, 2012, which includes R\$1,155,674 thousand relating to the full amortization of Banco Bradesco Berj S.A) and R\$29,154 thousand in the fourth quarter of 2013 (R\$49,168 thousand in the third quarter of 2013) (Note 29).

b) Intangible assets

Acquired intangible assets consist of:

	Amortization rate (1)	Cost	Amortization	R\$ thousand		
				Cost net of amortization		
				2013	2012	
				December 31	September 30	December 31
Acquisition of banking services rights	Contract (4)	5,487,622	(2,898,601)	2,589,021	2,786,657	2,586,519
Software (2)	20% to 50%	7,884,685	(3,869,223)	4,015,462	3,669,922	3,077,469
Future profitability/customer portfolio (3)	Up to 20%	3,684,115	(1,678,641)	2,005,474	2,029,675	2,047,325
Other (5)	Contract	683,734	(147,752)	535,982	542,642	558,816
Total on December 31, 2013		17,740,156	(8,594,217)	9,145,939		
Total on September 30, 2013		17,142,670	(8,113,774)		9,028,896	
Total on December 31, 2012		16,047,935	(7,777,806)			8,270,129

(1) Intangible assets are amortized over an estimated period of economic benefit and recognized in "other administrative expenses" and "other operating expenses," where applicable;

(2) Software acquired and/or developed by specialized companies;

Overall total

302

(3) Mainly composed of goodwill on the acquisition of equity interest in Banco Bradescard (currently Banco Ibi) - R\$821,670 thousand, Odontoprev - R\$254,312 thousand, Bradescard Mexico (currently Ibi México) - R\$22,224 thousand, Europ Assistance Serviços de Assistência Personalizados - R\$16,112 thousand and Cielo/Investees - R\$671,260 thousand. In the third quarter of 2013, the goodwill on the acquisition of equity interest in Ágora Corretora was fully amortized;

(4) Based on the pay-back of each agreement; and

(5) Mainly refers to the 2016 Olympic Games sponsorship program.

(1) Issuance of securities on the international market to invest in foreign exchange transactions, pre-export financing, import financing and working capital financing, predominately in the medium and long terms.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

d) Since 2003, Bradesco has used certain agreements to optimize its funding and liquidity management activities by using SPEs - Special Purpose Entities. An SPE, also known as a Diversified Payment Rights Company outside Brazil, is financed with long-term debt and settled through future cash flows from underlying assets which basically include flows from current payment orders and future remittances made by individuals and companies located abroad to beneficiaries in Brazil for which the Bank acts as a paying agent.

Long-term securities issued by the SPE and sold to investors are settled with proceeds from the payment order flows. Bradesco is obliged to redeem these securities in specific cases of delinquency or if the SPE discontinues operations.

Funds from the sale of current and future payment order flows, received by the SPE, must be maintained in a specific bank account until a minimum amount has been reached.

Below are the main features of the notes issued by SPEs:

	Date of issue	Transaction amount	Maturity	R\$ thousand		
				Total		2012 December 31
				2013 December 31	September 30

18) PROVISIONS, CONTINGENT ASSETS AND LIABILITIES AND LEGAL LIABILITIES - TAX AND SOCIAL SECURITY**a) Contingent assets**

Contingent assets are not recognized in the financial statements, however, there are ongoing proceedings where the chance of success is considered probable, such as: a) Social Integration Program (PIS), claiming to offset PIS against Gross Operating Income, paid under Decree-Laws 2445/88 and 2449/88, regarding the payment that exceeded the amount due under Supplementary Law 07/70 (PIS Repique); and b) other taxes, the legality and/or constitutionality of which is being challenged, where the decision may lead to reimbursement of amounts paid.

b) Provisions classified as probable losses and legal obligations - tax and social security

Bradesco Organization is a party to a number of labor, civil and tax lawsuits, arising from the normal course of business.

Management recorded provisions based on their opinion and of their legal counsel, the nature of the lawsuit, similarity to previous lawsuits, complexity and the courts standing, where the loss is deemed probable.

Management considers that the provision is sufficient to cover losses generated by the respective lawsuits.

Liability related to litigation is held until the conclusion to the lawsuit, represented by judicial decisions, with no further appeals or due to the statute of limitation.

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

I - Labor claims

These are claims brought by former employees and outsourced employees seeking indemnifications, especially for unpaid overtime, according to Article 224 of the Consolidation of Labor Laws (CLT). In proceedings in which a judicial deposit is used to guarantee the execution of the judgment, the labor provision is made considering the estimated loss of these deposits. For other proceedings, the provision is based on the average of payments made for claims settled over the last 12 months.

Overtime is monitored by using electronic time cards and paid regularly during the employment contract and, accordingly, the claims filed by former employees do not represent significant amounts.

II - Civil claims

These are claims for pain and suffering and property damages, mainly relating to protests, returned checks, the inclusion of information about debtors in the credit restriction registry and the replacement of inflation adjustments excluded as a result of government economic plans. These lawsuits are individually controlled using a computer-based system and provisioned whenever the loss is deemed as probable, considering the opinion of Management and their legal counsel, the nature of the lawsuits, and similarity with previous lawsuits, complexity and positioning of the courts.

Most of these lawsuits are brought to the Special Civil Court (JEC), in which the claims are limited to 40 times the minimum wage and do not cause significant impact on Bradesco Organization's financial position.

It is worth mentioning the significant number of legal claims pleading alleged differences in adjustment for inflation on savings account balances due to the implementation of economic plans that were part of federal government's economic policy to reduce inflation in the 80's and 90's.

Although Bradesco complied with the law and regulation in force at the time, these lawsuits have been recorded in provisions, taking into consideration the claims where the Bank is the defendant and the perspective of loss, which is considered after the analysis of each demand, based on the current decision of the Superior Court of Justice (STJ).

Note that, regarding disputes relating to economic plans, the Federal Supreme Court (STF) suspended the prosecution of all lawsuits on cognizance stage, until the Court issues a final decision on the right under litigation.

III - Legal obligations - provision for tax risks

The Bradesco Organization is disputing the legality and constitutionality of certain taxes and contributions in court, for which provisions have been recorded in full, although there is good chance of a favorable outcome in the medium to long term, based on the opinion of Management and their legal counsel. The processing of these legal obligations whose risk is deemed as probable is regularly monitored in the legal court. During or after the conclusion of each case, a favorable outcome may arise for the Organization, resulting in the reversal of the related provisions.

— Report on Economic and Financial Analysis – December 2013

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

The main cases are:

- Cofins - R\$2,119,067 thousand (R\$10,292,466 thousand on September 30, 2013 and R\$9,082,801 thousand on December 31, 2012): a request for authorization to calculate and pay Cofins based on effective income, as set forth in Article 2 of Supplementary Law 70/91, removing the unconstitutional increase in the calculation for other revenues other than income;
- INSS Autonomous Brokers - R\$1,313,647 thousand (R\$1,267,188 thousand on September 30, 2013 and R\$1,140,796 thousand on December 31, 2012): we are requesting the impact of social security contribution on remunerations paid to third-party service providers, established by Supplementary Law 84/96 and subsequent regulations/amendments, at the 20.0% rate and additionally 2.5%, on the grounds that services are not provided to insurance companies but to policyholders, thus being outside the incidence of the contribution provided for in item I, Article 22 of Law 8212/91, as new wording in Law 9876/99;
- IRPJ/Loan Losses - R\$1,756,396 thousand (R\$1,735,719 thousand on September 30, 2013 and R\$1,659,332 thousand on December 31, 2012): we are requesting to deduct from income tax and social contributions payable (IRPJ and CSLL, respectively) amounts of actual and definite loan losses related to unconditional discounts granted upon receipt of claims incurred, regardless if they comply with the terms and conditions provided for in Articles 9 to 14 of Law 9430/96 that only apply to temporary losses; and
- PIS - R\$310,127 thousand (R\$307,783 thousand on September 30, 2013 and R\$302,089 thousand on December 31, 2012): we are requesting the authorization to offset overpaid amounts in 1994 and 1995 as PIS contribution, corresponding to the surplus on the calculation established in the Constitution, i.e., gross operating income, as defined in the income tax legislation - set out in Article 44 of Law 4506/64, excluding interest income.

In November 2013, Bradesco adhered to the tax liability installment and cash payment program, with amnesty for the settlement of tax liability managed by the Brazilian Federal Revenue Service (RFB) and the Office of the General Counsel to the National Treasury (PGFN), set forth by Law 12865/13, related to the contribution for Social Integration Program (PIS) and the Contribution for Social Security Financing (Cofins), referred to in Chapter I of Law 9718/98, due by financial institutions and insurance companies. Bradesco also exercised the prerogative provided in Article 17 of Law 12865/13, which determined a new term to adhere to the program in Law 11941/09 up to December 31, 2013.

Bradesco's main lawsuits included in these programs refer to the following issues: (i) we request the calculation and payment of Cofins, as of October 2005, based on the effective revenue, according to Article 2 of Supplementary Law 70/91, in order to avoid the unconstitutional expansion of tax base intended by paragraph 1 of Article 3 of Law 9718/98; and (ii) CSLL - Deductibility on IRPJ tax base, which requested to calculate and pay income tax calculated and paid for 1997 and subsequent years, excluding CSLL in the base, under Article 1, of Law 9316/96, since this contribution represents an effective, necessary and mandatory expense to the Company.

Considering the specific resolutions of these programs, the accounting effects of the lawsuits involving cash payment were recognized upon adhesion.

Total net amount resulting from the adhesion to the programs was mainly recorded under "Other Operating Expenses" (Note 28). Bradesco did not use income tax or social contribution losses to settle interest on tax liabilities included in the program set forth by Law 12865/13.

Subtotal (1)	6,360,904	6,364,003	6,218,674
Provision for tax risks (2) (3)	7,728,691	16,784,877	15,071,659
Total	14,089,595	23,148,880	21,290,333

(1) Note 20b;

(2) Classified under "Other liabilities - tax and social security" (Note 20a); and

(3) The write-offs of claims due to the adhesion to the tax liability installment and cash payment program are included in "Other liabilities - tax and social security" (Law 12865/13).

V - Changes in provisions

	R\$ thousand		
	Labor	2013 Civil	Tax (1)
Balance at December 31, 2012	2,496,270	3,722,404	15,071,659
Adjustment for inflation	301,755	338,851	853,840
Provisions, net of reversals and write-offs (2)	647,114	770,712	(1,707,655)
Payments (2)	(907,734)	(1,008,468)	(6,489,153)
Balance at December 31, 2013	2,537,405	3,823,499	7,728,691

(1) Mainly include legal liabilities; and

(2) The write-offs of claims due to the adhesion to the tax liability installment and cash payment program are included in "Other liabilities - tax and social security" (Law 12865/13).

c) Contingent liabilities classified as possible losses

The Bradesco Organization maintains a system to monitor all administrative and judicial proceedings in which the institution is plaintiff or defendant and, based on the opinion of legal counsel, classifies the lawsuits according to the expectation of loss. Case law trends are periodically analyzed and, if necessary, the related risk is reclassified. In this respect, contingent lawsuits deemed with the risk of a possible loss are not recorded as a liability in the financial statements. The main lawsuits classified as such are the following: a) leasing companies' Tax on Services of any Nature (ISSQN), total lawsuits correspond to R\$1,434,155 thousand (R\$1,167,543 thousand on September 30, 2013 and R\$1,132,804 thousand on December 31, 2012) which relates to the municipal tax demands other than those where the company is not located and where, under law, tax is collected; b) 2006-2010 income tax and social contribution, relating to goodwill amortization being disallowed on the acquisition of investments, for the amount of R\$1,567,042 thousand (R\$844,849 thousand on September 30, 2013 and R\$711,431 thousand on December 31, 2012); c) IRPJ and CSLL deficiency notice relating to disallowance of loan loss expenses, for the amount of R\$526,261 thousand (R\$490,422 thousand on September 30, 2013 and R\$469,337 thousand on December 31, 2012); d) IRPJ and CSLL deficiency note relating to disallowance of exclusions of revenues from mark-to-market securities from 2007 to 2010, difference in depreciation and operating expenses and income, amounting to R\$460,380 thousand (R\$231,612 thousand on September 30, 2013 and R\$226,145 thousand on December 31, 2012); and e) IRPJ, CSLL, PIS and COFINS deficiency note, amounting to R\$323,697 thousand (R\$337,348 thousand on September 30, 2013), on alleged tax-exempt gain, when Bovespa shares were merged into *Nova Bolsa* (BM&FBovespa), in 2008.

(1) "Other reserves" - Insurance basically refers to the technical reserves of the "personal health" portfolio, and in the fourth quarter of 2013 the discount rate was adjusted, so as to reflect the current economic scenario;

(2) Includes personal insurance and pension plans;

(3) "Other reserves" - Life and Pension Plan mainly includes the "Reserve for redemption and other amounts to be settled," "Reserve for related expenses" and "Other reserves;" and

(4) As of the first quarter of 2013, in compliance with ANS Normative Resolution 314/12, we reclassified R\$774,247 thousand (R\$753,652 thousand on September 30, 2013), corresponding to the early recording of premiums, which was deducted from premiums receivable, to "Technical Reserves – Unearned Premium Reserve," under liabilities; and

(5) Up to November 2013, as authorized by Susep, an interest rate based on Bank's own study was used to discount the actuarial liability flow and, consequently, the item "Complementary Reserve for Coverage" reflected the result of this rate. However, as per Susep resolution, since December 2013 the risk-free yield

curve (ETTJ) is used, which caused an increase in “Other Technical Reserves” and a decrease in “Complementary Reserve for Coverage”, which resulted in a net reversal of R\$2,571,793 thousand in Technical Reserves. Nonetheless, we adjusted to market value the rates of certain securities (NTNs) given as collateral for technical reserves, reflecting Brazil’s current economic scenario, in the amount of R\$6,860,597 thousand, recognizing a reduction which practically offset the reversal of technical reserves.

(1) Paid to shareholders of record as at March 25, 2013.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

The Special Shareholders' Meeting held on March 11, 2013 deliberated on the capital increase of R\$8,000,000 thousand, from R\$30,100,000 thousand to R\$38,100,000 thousand, through the capitalization of a portion of the "Profit Reserves – Statutory Reserve" account, in compliance with Article 169 of Law 6404/76, with a 10% stock bonus, through the issue of 382,479,458 new no-par registered, book-entry shares, of which 191,239,739 are common shares and 191,239,719 are preferred shares, paid free of charge to shareholders as bonus, at the proportion of one (1) new share for every ten (10) new shares of the same type they hold, benefiting Bradesco's shareholders of record as at March 25, 2013.

Simultaneously to the operation in the Brazilian Market and at the same proportion, the ADRs – American Depositary Receipts at the U.S. Market (NYSE) and GDRs – Global Depositary Receipts at the European Market (Latibex) were granted bonuses, and shareholders received one (1) new DR for every ten (10) DRs they held as at March 28, 2013.

c) Interest on shareholders' equity/dividends

Preferred shares have no voting rights, but are entitled to all other rights and advantages given to common shares and, in compliance with Bradesco's Bylaws, have priority for repayment of capital and an additional ten percent (10%) interest on shareholders' equity and/or dividends, in accordance with the provisions of Paragraph 1, item II, of Article 17 of Law 6404/76, amended by Law 10303/01.

According to Bradesco's Bylaws, shareholders are entitled to interest on shareholders' equity and/or dividends amounting to at least 30% of the net income for the year, adjusted in accordance with Brazilian Corporate Law.

Interest on shareholders' equity is calculated based on the shareholders' equity limited to the variation in the Federal Government Long-Term Interest Rates (TJLP), subject to available profits before deductions, or transfer to retained earnings or profit reserves for the amounts equivalent or greater than twice its value.

Bradesco's capital remuneration policy aims to distribute interest on shareholders' equity at the maximum amount calculated under current legislation, and this is included, net of Withholding Income Tax, in the calculation for mandatory dividends for the year under the Company's Bylaws.

The Board of Directors' Meeting held on March 11, 2013 approved the Board of Executive Officers' proposal to maintain the monthly interest on shareholders' equity at R\$0.018817992 (net of 15% withholding income tax - R\$0.015995293) per common share and R\$0.020699791 (net of 15% withholding income tax - R\$0.017594822) per preferred share, as of the payment of interest on shareholders' equity for April 2013, made on May 2, 2013. The amounts paid monthly to shareholders increased by 10% after the inclusion of

new shares in shareholders' positions.

The Board of Directors' Meeting held on June 27, 2013 approved the Board of Executive Officers' proposal to pay shareholders interim interest on shareholders' equity for the first half of 2013, for the amount of R\$830,000 thousand, at R\$0.188253558 (net of 15% withholding income tax - R\$0.160015524) per common share and R\$0.207078914 (net of 15% withholding income tax - R\$0.176017077) per preferred share, which was paid on July 18, 2013.

The Board of Directors' Meeting held on December 23, 2013 approved the Board of Executive Officers' proposal to pay shareholders supplementary interest on shareholders' equity for 2013, for the amount of R\$1,421,300 thousand, at R\$0.322576529 (net of 15% withholding income tax - R\$0.274190050) per common share and R\$0.354834182 (net of 15% withholding income tax - R\$0.301609055) per preferred share, which will be paid on March 7, 2014.

Report on Economic and Financial Analysis – December 2013

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

b) Compensation for key Management personnel

Each year, the Annual Shareholders' Meeting approves:

- The annual overall amount of management compensation, set forth at the Board of Directors Meetings, to be paid to board members and members of the Board of Executive Officers, as determined by the Company's Bylaws; and
- The amount allocated to finance Management pension plans, within the Employee and Management pension plan of the Bradesco Organization.

For 2013, the maximum amount of R\$337,100 thousand was set for Management compensation and R\$332,100 thousand to finance defined contribution pension plans.

The current policy on Management compensation sets forth that 50% of net variable compensation, if any, must be allocated to the acquisition of preferred shares of Banco Bradesco S.A., which must be traded in three equal, annual and successive installments, the first of which maturing in the year following the payment date. This procedure complies with CMN Resolution 3921/10, which sets forth a management compensation policy for financial institutions.

Short-term Management benefits

	2013			R\$ thousand 2012
	4 th Quarter	3 rd Quarter	December 31 YTD	December 31 YTD
Salaries	81,192	81,364	326,132	336,912

Total	99,292	99,642	399,255	412,422

Post-employment benefits

	2013			R\$ thousand 2012
	4 th Quarter	3 rd Quarter	December 31 YTD	December 31 YTD
Defined contribution supplementary pension plans	80,413	80,399	322,926	324,132
Total	80,413	80,399	322,926	324,132

Bradesco does not offer long-term benefits related to severance pay or share-based compensation, pursuant to CPC 10 – Share-Based Payment, approved by CMN Resolution 3989/11, to its key Management personnel.

Other information**l) Under current law, financial institutions are not allowed to grant loans or advances to:**

- a) Officers and members of the advisory, administrative, fiscal or similar councils, as well as to their respective spouses and family members up to the second degree;
- b) Individuals or corporations that own more than 10% of their capital; and
- c) Corporations of which the financial institution itself, any officers or administrators of the institution, as well as their spouses and respective family members up to the second degree own more than 10%.

Therefore, no loans or advances are granted by financial institutions to any subsidiary, members of the Board of Directors or Board of Executive Officers and their relatives.

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

II) Shareholding

Together, members of the Board of Directors and Board of Executive Officers had the following shareholding in Bradesco:

	2013		2012
	December 31	September 30	December 31
Common shares	0.73%	0.73%	0.73%
Preferred shares	1.02%	0.99%	1.00%
Total shares (1)	0.87%	0.86%	0.86%

(1) On December 31, 2013, direct and indirect shareholding of the members of Bradesco's Board of Directors and Board of Executive Officers amounted to 3.10% of common shares, 1.06% of preferred shares and 2.08% of all shares.

32) FINANCIAL INSTRUMENTS

a) Fair value

Risk management is highly strategic due to the increasing complexity of services and products and the globalization of the Organization's business. The dynamic markets lead Bradesco to an ongoing improvement of this activity in the pursuit of best practices. For that reason, Bradesco was authorized by Bacen to use its internal market risk models, which were already in force, to calculate regulatory capital as of January 2013.

The Organization controls risk management in an integrated and independent manner, preserving and valuing the Board's decisions, developing and implementing methodologies, models, and measurement and control tools. It also provides training to employees from all Organization levels, from the business areas to the Board of Directors.

The management process allows the risks to be proactively identified, measured, mitigated, monitored and reported, which is necessary in view of the Organization's complex financial products and activity profile.

Credit risk management

Credit risk refers to the possibility of losses associated to the non-compliance by the borrower or counterparty for their respective financial obligations under agreed terms, as well as to the reduction of the value of a loan agreement resulting from a deterioration of the borrower's risk rating, reduced earnings or remuneration, the advantages in renegotiation, recovery costs and other values related to the counterparty's non-compliance with its financial obligations.

Credit risk management in the Organization is a continuous and evolving process of mapping, development, assessment and diagnosis through the use of models, instruments and procedures that require a high degree of discipline and control during the analysis of operations to preserve the integrity and autonomy of the processes.

The Organization carefully controls its exposure to credit risk, which mainly results from loans, securities and derivative financial instruments. Credit risk also stems from financial obligations related to loan commitments or financial guarantees.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Market risk management

Market risk is represented by the possibility of financial losses due to fluctuating prices and interest rates of the Organization's financial assets as its asset and liability portfolios may have mismatched maturities, currencies and indexes.

Market risk is carefully identified, measured, mitigated, controlled and reported. The Organization's exposure to market risk profile is in line with the guidelines established by the governance process, with independently monitored limits.

Market risk is controlled for all of the Organization's companies in a corporate and centralized manner. All transactions exposing the Organization to market risk are mapped, measured and classified by probability and importance, and the whole process is approved by the corporate governance structure.

Sensitivity analysis

The Trading Portfolio is also monitored daily by sensitivity analyses that measure the effect of movements of market and price curves on our positions. Furthermore, a sensitivity analysis of the Organization's financial exposures (Trading and Banking Portfolio) is performed on a quarterly basis, in compliance with CVM Rule 475/08.

Note that the impact of the financial exposure on the Banking Portfolio (notably interest rates and price indexes) do not necessarily represent a potential accounting loss for the Organization because a portion of loans held in the Banking Portfolio are financed by demand and/or savings deposits, which are "natural hedges" for future variations in interest rates, moreover, interest rate variations do not represent a material impact on the Institution's result, as Loans are held to maturity. Also, due to our strong presence in the insurance and pension plan market, most of the assets are adjusted for price indexes, linked to the corresponding technical reserves.

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Sensitivity analyses were carried out based on scenarios prepared for the respective dates, always considering market data at the time and scenarios that would adversely affect our positions, according to the examples below:

Scenario 1: Based on market information (BM&FBOVESPA, Anbima, etc.), stresses were applied for 1 basis point on the interest rate and 1% variation on prices. For example, in the scenario applied to positions on December 31, 2013, the Real/Dollar exchange rate was R\$2.39. The rate applied on the positions on December 31, 2013 was 10.59% p.a. for the 1-year fixed interest rate scenario;

Scenario 2: 25% stresses were determined based on market information. For instance, in the scenario applied to positions on December 31, 2013, the Real/Dollar exchange rate was R\$2.95. For the interest rate scenario, the 1-year fixed interest rate applied to positions on December 31 was 13.23% p.a. Scenarios for other risk factors also represented a 25% stress on the respective curves or prices; and

Scenario 3: 50% stresses were determined based on market information. For instance, in the scenario applied to positions on December 31, 2013, the Real/Dollar exchange rate was R\$3.54. For the interest rate scenario, the 1-year fixed interest rate applied to positions on December 31, 2013 was 15.87% p.a. Scenarios for other risk factors also represented a 50% stress on the respective curves or prices.

Liquidity Risk

Liquidity Risk is represented by the possibility of the institution not being able to efficiently meet its obligations, without affecting its daily operations and incurring significant losses, as well as the possibility of the institution not being able to trade a position at market price due to its high amount when compared to the usually traded volume or due to some market discontinuation.

One of the objectives of the Organization's Policy on Market and Liquidity Risk Management, approved by the Board of Directors, is to lay down the rules, criteria and procedures that guarantee the establishment of the Minimum Liquidity Reserve (RML) for the Organization, as well as the strategy and action plans for liquidity crisis situations. As part of the criteria and procedures approved, the Organization also establishes a minimum liquidity reserve to be recorded daily and the types of assets eligible for making up the resources available. Moreover, instruments for managing liquidity in a normal scenario and in a crisis scenario and the strategies to be implemented in each case are established.

a) Fair value

The liquidity risk is managed in a corporate and centralized manner, by daily monitoring of the composition of available resources, compliance with the minimum level of liquidity and contingency plans for stress situations.

Notes to the Consolidated Financial Statements

Operational Risk

Operational risk is represented by losses from internal processes, personnel and inadequate systems or failures and external events. This definition includes legal risk, but excludes Strategy and Reputation Risk.

Operational risk management is essential to generate added value. Risk is controlled centrally through identification, measurement, mitigation plans and monitoring, on a consolidated basis and for each of the Organization's companies.

Among plans to mitigate operational risk, the most important is business continuity management, which consists of formal plans to be adopted during moments of crisis to guarantee the recovery and continuation of business as well as preventing loss.

Unrealized gains excluding tax			13,868,051	10,035,186	24,800,000

(1) Unrealized gains on December 31, 2013 include mark-to-market accounting of securities reclassified from "Available-for-sale securities" to "Held-to-maturity securities," totaling R\$479,358 thousand, recorded under Shareholders' Equity;

(2) Includes advances on foreign exchange contracts, leases and other receivables with lending characteristics; and

(3) Primarily includes the surplus of interest in subsidiaries and affiliates (Cielo, Odontoprev and Fleury) and other investments (BM&FBOVESPA).

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Determination of the fair value of financial instruments:

- Securities and derivative financial instruments, investments, subordinated debts and treasury shares are based on the market price at the reporting date. If no quoted market price is available, estimate amounts are based on the dealer quotations, pricing models, quotation models or quotations for instruments with similar characteristics;
- Fixed rate loans were determined by discounting estimated cash flows, using interest rates applied by the Bradesco Organization for new contracts with similar features. These rates are consistent with the market at the reporting date; and
- Time deposits, funds from issuance of securities, borrowing and onlending were calculated by discounting the difference between the cash flows under the contract terms and our prevailing market rates for the same product at the reporting date.

b) Capital management

The Capital Management structure aims at providing conditions to monitor and control capital, contributing to the achievement of Organization's strategic goals and objectives. It takes into consideration the business environment and a prospective and consistent outlook of capital sufficiency planning. This structure is composed of a Non-Statutory Committee and Executive Committees that assist the Board of Directors and the Board of Executive Officers in decision making.

The process of assessing capital adequacy is carried out so as to ensure that the Organization has a solid capital base to support development of activities and cope with risk, either in normal or in extreme market conditions, as well as meeting capital regulatory requirements.

33) EMPLOYEE BENEFITS

Bradesco and its subsidiaries sponsor a unrestricted benefit pension plan (PGBL) for employees and directors which is a private defined contribution pension plan that allows financial resources to be accumulated by participants throughout their careers by means of employee and employer contributions and invested in an Exclusive Investment Fund (FIE).

The PGBL is managed by Bradesco Vida e Previdência S.A. and BRAM - Bradesco Asset Management S.A. The Securities Dealer Company (DTVM) is responsible for the financial management of FIES.

Contributions made by employees and directors of Bradesco and its subsidiaries are for the equivalent of at least 4% of their salary, except for participants who chose to migrate from the defined benefit plan to a defined contribution plan (PGBL) in 2001, whose contributions to the PGBL were maintained at the levels that prevailed for the defined benefit plan when they migrated, always respecting the 4% minimum.

Actuarial obligations of the defined contribution plan (PGBL) are fully covered by the plan assets of the corresponding FIE.

In addition to the aforementioned plan (PGBL), participants who chose to migrate from the defined benefit plan are guaranteed a proportional deferred benefit, corresponding to their accumulated rights in the plan. For participants of the defined benefit plan, whether they migrated to the PGBL plan or not, for retirees and pensioners, the present value of the actuarial plan obligation is fully covered by the plan assets.

Banco Alvorada S.A. (successor from the spin-off of Banco Baneb S.A.) maintains defined contribution and defined benefit retirement plans, through Fundação Baneb de Seguridade Social - Bases (related to the former employees of Baneb).

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Banco Bradesco BBI S.A. (formally Banco BEM S.A.) sponsors both defined benefit and defined contribution retirement plans, through Caixa de Assistência e Aposentadoria dos Funcionários do Banco do Estado do Maranhão (Capof).

Alvorada Cartões, Crédito, Financiamento e Investimento S.A. (Alvorada CCFI) (merging company of Banco BEC S.A.) sponsors a defined benefit plan through Caixa de Previdência Privada do Banco do Estado do Ceará (Cabec).

The assets of pension plans are invested in compliance with the applicable legislation (government securities and private securities, listed company shares and real estate properties).

As of December 31, 2012, in accordance with CPC 33 (R1) – Employee Benefit, as approved by CVM Resolution 600/09, Bradesco and its subsidiaries, as sponsors of these plans, taking into consideration the economic and actuarial study, recalculated their actuarial commitments using a real interest rate that reflects the new real interest rate scenario, recognizing their obligations in the financial statements.

Below are the main assumptions used by the independent actuary during the actuarial valuation of our plans, as per CPC 33 (R1):

Risk factors	On December 31	
	2013	2012
Nominal discount rate	12.22% p.a.	8.68% p.a.
Minimum nominal rate of return of assets	12.22% p.a.	8.68% p.a.
Nominal rate of future raise in salaries	5.40% p.a.	4.50% p.a.
Nominal rate of increase in social security and pension plan benefits	5.40% p.a.	4.50% p.a.
Inflation rate	5.40% p.a.	4.50% p.a.
Biometric table - mortality	AT2000	AT2000
Biometric table - disability	Per Plan	Per Plan
Expected turnover rate	-	-
Retirement probability	100% at the first time the person is entitled to receive a benefit from the plan	100% at the first time the person is entitled to receive a benefit from the plan

Based on the assumptions above and in accordance with CPC 33 (R1), the present value of actuarial liabilities of the benefit plans and its assets to cover these liabilities, on December 31, 2013, represented: (i) plan's net assets amounting to R\$995,591 thousand (R\$1,137,588 thousand on December 31, 2012); (ii) actuarial liabilities amounting to R\$1,082,613 thousand (R\$1,389,605 thousand on December 31, 2012); and (iii) deficiency amounting to R\$87,022 thousand (deficiency of R\$252,017 thousand on December 31,

2012).

The assets of pension plans are invested in compliance with the applicable legislation (government securities and private securities, listed company shares and real estate properties).

Below is the sensitivity analysis of the benefit plan obligations, showing the impact on the actuarial exposure (12.22% p.a.) due to the 1 p.p. change in the discount rate assumption:

Discount rate	Sensitivity analysis	Effect on actuarial liabilities	Effect on the present value of obligations
13.22%	Increase of 1 p.p.	decrease	(102,197)
11.22%	Decrease of 1 p.p.	increase	122,267

Report on Economic and Financial Analysis - December 2013

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

Bradesco's foreign branches and subsidiaries provide their employees and directors with a pension plan in accordance with standards set locally by the authorities accumulating funds throughout the participant's career.

Expenses relating to contributions made in the year ended December 31, 2013 totaled R\$622,160 thousand (R\$590,907 thousand in 2012) and R\$163,931 thousand in the fourth quarter of 2013 (R\$150,329 thousand in the third quarter of 2013).

In addition to this benefit, Bradesco and its subsidiaries offer their employees and management other benefits including: health insurance, dental care, life and personal accident insurance, as well as professional training, whose expenses, including the aforementioned contributions, amounted to R\$2,828,806 thousand in 2013 (R\$2,655,686 thousand in 2012) and R\$765,810 thousand in the fourth quarter of 2013 (R\$712,514 thousand in the third quarter of 2013).

34) INCOME TAX AND SOCIAL CONTRIBUTION**a) Calculation of income tax and social contribution charges**

	2013		R\$ thousand 2012	
	4 th Quarter	3 rd Quarter	December 31 YTD	December 31 YTD
Income before income tax and social contribution	1,825,768	4,587,070	14,150,289	14,334,815
Total income tax and social contribution at rates of 25% and 15%, respectively (1)	(730,307)	(1,834,828)	(5,660,116)	(5,733,926)
Effect on the tax calculation:				
Equity in the earnings (losses) of unconsolidated companies	10,316	803	17,206	59,260
Non-deductible expenses, net of non-taxable income (2)	656,718	(114,014)	328,737	(501,058)
Prior-period tax credits (3)	462,270	-	462,270	1,465,377
	328,096	324,305	1,289,620	1,304,523

b) Capital management

Interest on shareholders' equity (paid and payable)				
Other amounts (4)	545,002	122,916	1,520,470	519,758
Income tax and social contribution for the period	1,272,095	(1,500,818)	(2,041,813)	(2,886,066)

(1) The social contribution rate for companies of the financial and insurance sectors was increased to 15%, according to Law 11727/08, remaining at 9% for other companies (Note 3h);

(2) Includes tax effect arising from the adhesion to the tax liability installment payment program, with amnesty for settlement of tax liabilities managed by the Brazilian Federal Revenue Service (RFB) and the Office of the General Counsel to the National Treasury (PGFN), set forth by Law 12865/13;

(3) Tax credits from the investment acquisition operation, totaling R\$\$462.270 thousand, were recorded in the fourth quarter of 2013 and December 31, 2013 YTD, given that they already comply with regulatory aspects and have effective perspectives of realization, in accordance with studies and analyses prepared by Management; and

(4) Primarily includes the exchange variation on investments made abroad and bringing the effective social contribution rate to the (40%) rate.

(2) Deferred taxes from companies in the financial and insurance sectors were recorded considering the increase in the social contribution rate, established by Law 11727/08 (Note 3h).

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

d) Expected realization of deferred tax assets on temporary differences, income tax and social contribution losses and deductible social contribution - Provisional Measure 2158-35

R\$ thousand

	Temporary differences		Income tax and social contribution losses		Social contribution 2158-35	Total
	Income tax	Social contribution	Income tax	Social contribution		
2014	5,556,446	3,286,093	405,153	251,898	33,578	9,533,168
2015	5,624,783	3,315,494	135,628	192,665	522	9,269,092
2016	2,167,630	1,231,977	937,592	550,779	106,097	4,994,075
2017	333,445	183,595	711,014	509,037	-	1,737,091
2018	1,494,352	783,977	17,564	333,952	-	2,629,845
Total	15,176,656	8,801,136	2,206,951	1,838,331	140,197	28,163,271

The projected realization of deferred tax assets is an estimate and it is not directly related to the expected accounting income.

The present value of deferred tax assets, calculated based on the average funding rate, net of tax effects, amounts to R\$26,444,826 thousand (R\$26,842,448 thousand on September 30, 2013 and R\$22,846,106 thousand on December 31, 2012), of which R\$22,629,784 thousand (R\$25,520,181 thousand on September 30, 2013 and R\$ 21,104,063 thousand on December 31, 2012) refers to temporary differences, R\$3,684,786 thousand (R\$1,183,887 thousand on September 30, 2013 and R\$1,605,688 thousand on December 31, 2012) to income tax and social contribution losses and R\$130,256 thousand (R\$138,380 thousand on September 30, 2013 and R\$136,355 thousand on December 31, 2012) of social contribution tax credit, pursuant to Provisional Measure 2158-35.

e) Unrecognized deferred tax assets

On December 31, 2013, deferred tax assets of R\$2,014 thousand (R\$464,284 thousand on September 30, 2013 and R\$1,958 thousand on December 31, 2012) has not been recorded in the financial statements, and will be recorded when they meet with regulatory demands and/or present the probable prospects to be realized according to studies and analyses prepared by the Management and in accordance with Bacen regulations.

f) Deferred tax liabilities

b) Capital management

	R\$ thousand		
	2013	2012	
	December 31	September 30	December 31
Mark-to-market adjustment to securities and derivative financial instruments	536,478	500,351	4,267,397
Difference in depreciation	1,340,059	1,539,207	2,390,590
Judicial deposit and others	1,311,408	2,091,244	1,338,295
Total	3,187,945	4,130,802	7,996,282

The deferred tax liabilities of companies in the financial and insurance sector were established considering the increased social contribution rate, established by Law 11727/08 (Note 3h).

Reserve requirement on time deposits		

d) As part of the convergence process with international accounting standards, the Brazilian Accounting Pronouncements Committee (CPC) issued several accounting pronouncements, as well as their interpretations and guidelines, which are applicable to financial institutions only after approval by CMN.

The accounting standards which have been approved by CMN include the following:

- Resolution 3566/08 - Impairment of Assets (CPC 01);
- Resolution 3604/08 - Statement of Cash Flows (CPC 03);
- Resolution 3750/09 - Related Party Disclosures (CPC 05);

Bradesco _____

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Notes to the Consolidated Financial Statements

- Resolution 3823/09 - Provisions, Contingent Liabilities and Contingent Assets (CPC 25);
- Resolution 3973/11 - Subsequent Events (CPC 24);
- Resolution 3989/11 - Share-based Payment (CPC 10);
- Resolution 4007/11 - Accounting Policies, Changes in Accounting Estimates and Errors (CPC 23); and
- Resolution 4144/12 - Framework (R1).

Presently, it is not possible to estimate when the CMN will approve the other CPC pronouncements or if they will be used prospectively or retrospectively.

CMN Resolution 3786/09 and Bacen Circular Letters 3472/09 and 3516/10 establish that financial institutions and other entities authorized by Bacen to operate, which are publicly-held companies or which are required to establish an Audit Committee shall, since December 31, 2010, annually prepare and publish their consolidated financial statements in up to 90 days from the reference date December 31, prepared under the International Financial Reporting Standards (IFRS), in compliance with standards issued by the International Accounting Standards Board (IASB).

As required by CMN Resolution, on March 28, 2013, Bradesco published its consolidated financial statements for December 31, 2012 and 2011 on its website, in accordance with IFRS standards. Management believes that net income and shareholders' equity as at December 31, 2013 do not differ significantly from the nature or amounts that will be disclosed to the reference date December 31, 2013 under IFRS, as issued by the IASB.

e) On November 11, 2013, the Provisional Measure 627 (MP 627/13) was published, amending the Federal Tax Legislation on IR, CS, PIS and Cofins. This Measure provides for the following:

- revocation of the Transition Tax System (RTT), controlling the adjustments arising from new accounting methods and criteria for the compliance of the Brazilian accounting rules to the international standards;
- taxation of companies domiciled in Brazil, for acquisition of equity resulting from profit sharing recorded abroad by subsidiaries and unconsolidated companies; and
- special installment payment of PIS/Pasep and Cofins contributions.

Bradesco will wait for MP 627/13 to be converted into Law to carry out a deeper and conclusive analysis. Based on a preliminary assessment, there will be no significant impacts on the Organization.

f) On January 2, 2014, the corporate restructuring of Odontoprev S.A, through which Bradesco, through its indirect subsidiary Bradesco Saúde S.A. (Bradesco Saúde), indirectly acquired interest representing 6.5% of Odontoprev's voting capital held by Randal Luiz Zanetti (Mr. Randal). With this acquisition, Bradesco Saúde increased its interest on Odontoprev's total and voting capital stock from 43.5% to approximately 50.01%, being its sole controlling shareholder. The Shareholder Agreement entered into between Bradesco Saúde and Mr. Randal was terminated on that date.

g) There were no other events after the reporting period that need to be adjusted or disclosed for these consolidated financial statements as at December 31, 2013.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Independent Auditors' Report on the Consolidated Financial Information

To the Board of Directors and Shareholders

Banco Bradesco S.A.

Osasco – SP

We have audited the accompanying consolidated financial statements of Banco Bradesco S.A. ("Bradesco"), which comprise the consolidated statement of financial position as at December 31, 2013, the statements of income, changes in equity and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Bradesco's Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices adopted in Brazil applicable to institutions authorized to operate by the Brazilian Central Bank and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Brazilian and International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the Bradesco's preparation and fair

presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bradesco's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements taken as a whole.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements, above mentioned, present fairly, in all material respects, the consolidated financial position of Banco Bradesco S.A., as at December 31, 2013, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with accounting practices adopted in Brazil applicable to institutions authorized to operate by the Brazilian Central Bank.

Other matters

Consolidated statement of value added

We have also audited the consolidated statement of value added (DVA), preparation of which is the responsibility of the Banco Bradesco S.A's Management, for the year ended December 31, 2013, which presentation is required by publicly-held companies under the Brazilian Corporate Law. The aforementioned statement was subject to the same auditing procedures described above and, in our opinion, are fairly presented, in all material respects, in relation to the financial statements taken as a whole.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Independent Auditors' Report on the Consolidated Financial Information

Review of corresponding amounts for the third and fourth quarters of 2013

The consolidated balance sheet information as of September 30, 2013 and the related consolidated statements of income, cash flows, value added and the statement of changes in shareholders' equity for the third and fourth quarters of 2013, which are presented herein by the Bradesco's Management as supplemental information, were reviewed by us, on which we issued reports that did not contain any modifications, dated October 18, 2013 with reference to September 30, 2013 and the third quarter of 2013, and January 29, 2014 with reference to the fourth quarter of 2013.

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Summary of the Audit Committee's Report

Corporate Governance and Related Responsibilities

The Board of Directors of Banco Bradesco S.A. opted for a single Audit Committee for all the companies comprising the Financial Conglomerate, including Grupo Bradesco de Seguros e Previdência (Insurance Group).

The Management is in charge of defining and implementing managerial information systems to prepare the financial statements of the companies composing Bradesco Organization, pursuant to the accounting principles adopted in Brazil, applicable to institutions the Brazilian Central Bank (Bacen) authorizes to operate, the rules of the National Monetary Council, the Bacen, the Brazilian Securities and Exchange Commission (CVM), National Private Insurance Board (CNSP), the Insurance Superintendence (Susep) and the National Supplementary Healthcare Agency (ANS).

The Management is also responsible for processes, policies and internal control procedures that ensure the protection of assets, the appropriate recognition of liabilities and the management of risk operations of Bradesco Organization.

The Independent Audit is in charge of examining the financial statements and issuing a report about their compliance with the accounting principles. Additionally, as a result of its works for the purpose of issuing the aforementioned report, it also advises on accounting procedures and internal controls, without prejudice to other reports to be prepared, such as limited reviews of the quarterly information to be delivered to Bacen and CVM.

It is incumbent upon the Internal Audit (General Inspectorate Department) to check the quality of Bradesco Organization's internal control systems and the regularity of policies and procedures established by the Management, including those adopted in the preparation of financial reports.

It is incumbent upon the Audit Committee to assess the quality and the effectiveness of the Internal and Independent Audits, the effectiveness and the sufficiency of Bradesco Organization's internal control systems and to analyze the financial statements, providing the relevant recommendations when applicable.

Among the Audit Committee's duties are also those required by the U.S. Sarbanes-Oxley Act for companies registered with the U.S. Securities and Exchange Commission and quoted on the New York Stock Exchange.

The Audit Committee's charter is available on the website www.bradesco.com.br, in the Corporate Governance area.

Activities in 2013

The Audit Committee attended 206 meetings with business, risk control and management areas, and with internal and independent auditors, checking the information considered relevant or critical through the referencing of different sources.

The Audit Committee's work schedule for 2013 was focused on the main processes and products referring to Bradesco Organization's activities. Among the most relevant aspects, we point out:

- process of preparing and disclosing financial reports to shareholders and external users, which contain accounting and financial information;
- the credit and operating risk management and control systems, preparation for the use of internal models in line with the conditions set forth by the New Basel Capital Accord (Basel II) and Bacen's rules about the issue; and
- the improvement of internal controls systems deriving from projects in the IT and Risk Management areas.

Internal Controls Systems

Based on the work program and agenda established for 2013, the Audit Committee was informed on the main processes within the Organization, evaluating their quality and management commitment to their continuous improvement.

As a result of meetings with Bradesco Organization's areas, the Audit Committee had the opportunity to suggest manners to improve the processes to the Board of Directors, as well as to monitor the implementation of improvement suggestions identified in the audit process and discussions with business areas.

Based on the information and remarks collected, the Audit Committee hereby deems the internal control system of Bradesco Organization as suitable to the size and complexity of its businesses and structured so as to ensure the efficiency of its operations, the financial report-generating systems, as well as compliance with internal and external rules, to which all transactions are subject.

Report on Economic and Financial Analysis – December 2013

Financial Statements, Independent Auditors' Report, Summary of the Audit Committee's Report and Fiscal Council's Report

Summary of the Audit Committee's Report

Independent Audit

The planning of the independent audit for 2013 was discussed with KPMG Auditores Independientes (KPMG) and, throughout 2013, the audit teams responsible for services presented their results and main conclusions to the Audit Committee.

The material issues pointed out in the report about the study and the evaluation of accounting and internal controls systems, prepared in connection with the examination of the financial statements and respective recommendations for the improvement of these systems, were discussed with the Committee, which requested the monitoring of the implementations and improvements in the areas in charge.

Based on the planning submitted by auditors and on the subsequent discussions about results, the Committee considered that the works developed by the teams were adequate to the Organization's businesses.

Internal Audit

The Committee requested that the Internal Audit considered several works in line with issues covered by the Committee's agenda in its planning for 2013.

Throughout 2013, the teams in charge of executing planned works reported and discussed with the Audit Committee the main conclusions on process and inherent risks.

Based on discussions regarding the planning of the Internal Audit, focused on risks, processes and the evaluation of the results thereof, the Audit Committee found that the Internal Audit had adequately met the demands of the Committee and the needs and requirements of the Organization and regulatory bodies.

Consolidated Financial Statements

The Committee held meetings with the General Accounting, Planning, Budget, Control and Internal Audit departments to examine the monthly, quarterly, half-yearly and annually financial statements. These meetings analyzed and assessed the aspects of preparing individual and consolidated trial balances and balance sheets, notes to the financial statements and financial reports published with the consolidated financial statements.

Bradesco's accounting policies were also considered in the preparation of financial statements, as well as compliance with accounting practices adopted in Brazil, applicable to institutions that Bacen authorizes to operate as well as with the applicable laws.

Prior to the disclosures of the Quarterly Financial Information (IFTs), half-yearly and annually balance sheets, the Committee held meetings with KPMG to assess the aspects of independence of auditors and control environment when producing the figures to be disclosed.

Based on aforementioned reviews and discussions, the Audit Committee recommends that the Board of Directors approves the audited financial statements for the year ended December 31, 2013.

Fiscal Council's Report

The undersigned members of the Fiscal Council of Banco Bradesco S.A., in the exercise of their legal and statutory duties, having examined the Management Report and the Financial Statements for the year ended December 31, 2013, and the technical feasibility study of taxable income generation, brought to present value, which has the purpose of recording the Deferred Tax Assets pursuant to the CVM Rule 371/02, Resolution 3059/02 of the National Monetary Council, and Bacen Circular Letter 3171/02, and in view of the unqualified report prepared by KPMG Auditores Independentes, are of the opinion that the aforementioned documents, based on the accounting practices adopted in Brazil, applicable to entities that the Brazilian Central Bank authorizes to operate, fairly reflect the Company's equity and financial position, and recommend their approval by the Annual Shareholders' Meeting.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
