Item 1.01 Entry into a Material Definitive Agreement.

In connection with the transaction previously disclosed in the Current Report on Form 8-K (the "Original 8-K") filed by Kansas City Southern (the "Company") on December 27, 2005, The Kansas City Southern Railway Company ("KCSR"), a wholly-owned subsidiary of the Company, completed the final closing on January 11, 2006 under the Participation Agreement dated as of December 20, 2005, among KCSR, KCSR Trust 2005-1 (acting through Wilmington Trust Company as Owner Trustee) (the "Trust"), GS Leasing (KCSR 2005-1) LLC (the "Owner Participant"), Wells Fargo Bank Northwest, National Association (the "Indenture Trustee"), Export Development Canada ("EDC") and KfW (also known as Kreditanstalt Für Wiederaufbau;"KfW"), with respect to nineteen (19) SD70MAC locomotives (the "Locomotives") originally purchased by KCSR and an affiliate on November 2, 2005. At closing, the Trust paid an aggregate purchase price for the Locomotives of \$32,536,206.48, with \$8,265,000 being paid directly to KCSR and an aggregate of \$24,271,206.48 being paid to EDC and KfW on behalf of KCSR as settlement of debt assumed by KCSR and an affiliate in the purchase the Locomotives.

As a result of the payment to EDC and KfW, KCSR's obligations to each with respect to the Amended and Restated Loan Agreement (the "Loan Agreement") referenced in the Company's Current Report on Form 8-K filed on November 8, 2005, have been paid in full and the Loan Agreement terminated on January 11, 2006.

Each of the Locomotives will be leased by KCSR from the Trust pursuant to the terms of the Equipment Lease Agreement dated as of December 20, 2005 (the "Lease"), between KCSR and the Trust. KCSR is obligated to pay rent on the nineteen (19) locomotives referenced above, and the fifty-four (54) locomotives leased from the Trust immediately following the first closing under the Participation Agreement on December 27, 2005 discussed in the Original 8-K, bi-annually with the first rent payment due and payable on May 22, 2006, and the remaining rent payments due and payable on November 22 and May 22 of each year during the term of the Lease with a final rent payment due on December 22, 2023. Subject to certain adjustments provided in the Participation Agreement and the Lease, the aggregate rent payment for all seventy-three locomotives subject to the Lease during the term of the Lease is approximately \$169.7 million.

The Lease contains representations, warranties and covenants typical of such equipment leases. Events of default in the Lease include, but are not limited to, certain payment defaults, certain bankruptcy and liquidation proceedings and the failure to observe or perform any covenants or agreements contained in the Lease. Any event of default could trigger acceleration of KCSR's payment obligations under the terms of the Lease.
