**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On July 6, 2007, we notified the employees of our services business in Germany of a restructuring initiative that we expect will result in the elimination of approximately 50 employment positions. This initiative has arisen from our continuing efforts to improve profitability in a highly competitive marketplace. The elimination of positions will impact only employees of our services business in Germany and will not result in the closure of any facilities, although we do expect to reduce the size of some current facilities. We expect the termination of these employment positions to commence around August 1, 2007 and to be completed around December 31, 2007.

We presently expect the range of future cash expenditures, which will mostly relate to employee termination costs, to be \$3.2 million to \$3.6 million. We do not expect any other significant cash costs or non-cash impairment costs associated with this restructuring initiative.
