Dear Fellow Stockholder,

As the founder of Inter-Tel and its Chief Executive Officer for over 35 years, I am proud to be associated with the Company and its tremendous growth over that period of time. Despite the Company's growth over those years, I was asked to resign as CEO in February of last year. At that time, I lost confidence in management and their ability to devise a reasonable strategic plan to continue that growth. Because of this lack of

Edgar Filing: INTER TEL (DELAWARE), INC - Form DFAN14A

confidence and the risk to my significant financial stake in the Company, I submitted an offer to buy the Company but made clear at the time that I would be fully prepared to support a sale of the Company to the highest bidder if a true auction were held where all bidders had an equal opportunity to participate. Both my offer to buy the Company and the proposal to sell the Company to the highest bidder were rejected by the Board.

I recently discovered that throughout my clashes with the Board over the past 15 months, during which time the Board staunchly refused to conduct a public sale process, the Board was in fact quietly pursuing potential sale transactions without my knowledge or participation. I have spent significant amounts of my personal assets to communicate directly with you about the direction that I believe the Company should take, yet despite these efforts and my clear interest in pursuing a sale, the Company accepted a proposal that I believe does not reflect the intrinsic value of the Company.

To test this view, I asked my financial advisors to analyze alternative transactions and assess whether higher value could be achieved **without changing control of the Company or taking it private**. Based on their analysis and recent trading trends in our stock, I believe the Company could undertake a leveraged recapitalization which would yield significantly greater present value than the current offer even after paying the termination fee now required under the current buyout proposal. Based upon discussions with my financial advisors, I am confident that the recapitalization I envision can be financed using some of the Company's existing excess cash and approximately \$200 million of additional borrowing at reasonable cost.

Today I formally asked the Board of Directors to consider this alternative in lieu of the Mitel buyout offer to be voted on by shareholders later this month. I am hopeful that they will thoroughly evaluate my value-maximization proposal, and I will advise you promptly of their reply. The details of my alternative recapitalization proposal will be filed with the SEC shortly.

I believe the inherent value of the Company is significantly greater than the current offer, and therefore intend to vote NO on the Mitel buyout proposal and urge you to do the same.

We have worked too hard to see the Company sold for what I believe is less than its true value. I am not opposed to a sale of the Company, and if Mitel or another bidder offers what I believe is a fair price I will gladly support it; however, in the absence of that offer, I believe the Company has a better alternative through a leveraged recapitalization, which I firmly believe will provide greater present value to all shareholders and will at the same time preserve the opportunity for future growth and upside potential, including a possible sale at a later date.

Thank you for considering this matter.

Very truly yours,

/s/ Steven G. Mihaylo
