INDEPENDENT AUDITORS' REPORT

To Preferred Apartment Communities, Inc.:

We have audited the accompanying Combined Statement of Revenues and Certain Expenses of the Southeastern 7 Portfolio, seven separate grocery-anchored shopping centers located in the Southeastern United States, for the year ended December 31, 2015, and the related notes (the "Statement").

Management's Responsibility for the Statement

Management is responsible for the preparation and fair presentation of this Statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the Statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Statement referred to above presents fairly, in all material respects, the revenues and certain expenses described in Note 2 of the Statement for the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

We draw attention to Note 2 of the Statement, which describes that the accompanying Statement was prepared for the purpose of complying with the rules and regulations under Rule 3-14 of Regulation S-X of the Securities and Exchange Commission (for inclusion in the Form 8-K/A of Preferred Apartment Communities, Inc.) and is not intended to be a complete presentation of Southeastern 7 Portfolio's revenues and expenses. Our opinion is not modified with respect to this matter.

1. ORGANIZATION

Preferred Apartment Communities, Inc. (the “Company”) was formed as a Maryland corporation on September 18, 2009, and has elected to be taxed as a real estate investment trust, or REIT, under the Internal Revenue Code of 1986, as amended, effective with its tax year ended December 31, 2011. 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying combined statements of revenues and certain expenses has been prepared for the purpose of complying with Rule 3-14 of Regulation S-X promulgated under the Securities Act of 1933, as amended, and accordingly, are not representative of the actual results of operations of the properties for the periods presented, due to the exclusion of the following revenue and expenses which may not be comparable to the proposed future operations of the Southeastern Seven Portfolio:

- Depreciation expense;
- Interest income and expense, including amortization of mortgage loan origination costs;
- Income tax expense;
- Amortization of in-place leases, above/below market lease intangibles, and lease origination costs, and
- Amortization of mortgage discounts and premiums.

Except as noted above, management is not aware of any material factors relating to the properties that would cause the reported financial information not to be indicative of future operating results. In the opinion of management, all adjustments (consisting solely of normal recurring adjustments) necessary for the fair presentation of these Combined Statements of Revenues and Certain Expenses have been included.

The Combined Statement of Revenues and Certain Expenses and notes thereto for the six months ended June 30, 2016 included in this report is unaudited. In the opinion of management, all adjustments necessary for a fair presentation of revenues and certain expenses have been included. Such adjustments consisted of normal recurring items. Interim results are not necessarily indicative of results for a full year.

B. Use of Estimates

The preparation of these combined statements of revenues and certain expenses in conformity with accounting

F - 4

Southeastern Seven Portfolio
Notes to Combined Statements of Revenues and Certain Expenses
for the six months ended June 30, 2016 (unaudited) and
the year ended December 31, 2015

principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of revenues and certain expenses. Actual results could differ from those estimates.

C. Revenue Recognition

Rental revenue is recognized on a straight-line basis. As such, the rental revenue for those leases that contain rent abatements and contractual increases are recognized on a straight-line basis over the applicable terms of the related lease. Percentage rents, which are based on tenants’ sales, are recognized once the sales reported by such tenants exceed any applicable breakpoints as specified in the tenants’ leases. The percentage rents are recognized based upon the measurement dates specified in the leases. Reimbursements from tenants for real estate taxes, insurance and other shopping center operating expenses are recognized as revenue in the period that the applicable costs are incurred.

D. Operating expenses

Operating expenses represent the direct expenses of operating the properties and consist primarily of repairs and maintenance, real estate taxes, management fees, insurance, utilities and other operating expenses that are expected to continue in the proposed future operations of the properties.

E. Subsequent events

The Company has evaluated events through October 24, 2016, the date the combined statement of revenues and certain expenses were available to be issued and concluded that no subsequent events have occurred that would require recognition in the combined financial statements or disclosure in the notes to combined statements of revenues and certain operating expenses.

3. OPERATING LEASES

The future minimum lease payments to be received under non-cancelable operating leases in effect as of December 31, 2015 are as follows:

2016	\$9,032,284
2017	8,626,592
2018	8,115,063
2019	6,706,182
2020	5,706,945
thereafter	29,095,565

Total \$67,282,631

Three tenants each accounted for more than 10% of minimum rent revenue of the Southeastern Seven Portfolio for the year ended December 31, 2015.

4. COMMITMENTS AND CONTINGENCIES

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. There is no material

litigation nor to management's knowledge is any material litigation currently threatened against the properties other than routine litigation, claims and administrative proceedings arising in the ordinary course of business.

5. MANAGEMENT AGREEMENT

In connection with the management of the rental operations, a property management fee was paid to an affiliated internal property manager. The property management fee was calculated as 3% of gross cash receipts, plus \$1,250 per quarter. Property management fees of \$192,917 (unaudited) and \$382,029, were recorded for the six-month period ended June 30, 2016 and the year ended December 31, 2015, respectively.

6. CONCENTRATION OF RISK

The Southeastern Seven Portfolio's real estate assets are located in Texas and the Southeastern region of the United States. This geographic concentration of assets are subject to local and national economic growth trends and the risks of real property ownership. The Southeastern Seven Portfolio earned approximately 57.0% of its base rent revenue from its anchor tenants for the year ended December 31, 2015. The loss of any of these tenants could have a significant negative impact on operations.

2. Adjustments to Unaudited Pro Forma Condensed Consolidated Balance Sheet

(A) The Company allocated the purchase price of the Southeastern Seven Portfolio to the acquired assets and liabilities based upon their fair values, as shown in the following table. The purchase price allocation was based upon the Company's best estimates of the fair values of the acquired assets and liabilities, but is preliminary and is subject to refinement for a period of up to one year from the closing of the acquisition.

	Southeastern Seven Portfolio
Land	\$36,198,658
Building As-If Vacant	101,938,867
Site Improvements	7,565,171
Above Market Leases	458,353
Below Market Leases	(7,617,485)
Tenant Improvements	2,143,404
In-Place Leases	15,122,222
Restricted cash	1,115,845
Other assets / prepaids	644,202
Security deposits, prepaid rents and other liabilities	(328,947)
Accounts payable and accrued expenses	(833,990)
Net assets acquired	\$156,406,300

The costs of the acquired tangible and intangible assets were determined based on estimates of their fair value. The fair value of the buildings was estimated on an as-if-vacant basis, based on relevant information obtained in connection with the acquisition of these properties and is to be depreciated on a straight-line basis over their estimated remaining useful lives of 32-40 years. Site improvements are likewise depreciated on a straight-line basis over their estimated remaining useful lives of 5-11 years. Retail tenant improvements are depreciated over the remaining individual non-cancelable lease terms. The estimated fair value of acquired in-place leases are estimates of the costs the Company would have incurred to lease the property to the occupancy level of the properties at the dates of acquisition. Above-market leases, below-market leases, and in-place leases are to be amortized over the remaining individual non-cancelable lease terms.

(B) The Company financed the acquisition of the Southeastern Seven Portfolio with a combination of new mortgage indebtedness and a draw on its revolving line of credit (see note 3.FF, below) and with cash on hand. The deferred loan origination costs are to be amortized over the lives of the loans using the effective interest method and include loan coordination fees of \$1,562,464, which were paid to the Company's Manager. The pro forma adjustment to cash was calculated as follows:

Proceeds from mortgage debt financing	\$97,654,000
Proceeds from draw on revolving line of credit	58,000,000
less:	
Purchase price of Southeastern Seven Portfolio	(156,406,300)
Loan coordination fees	(1,562,464)
Deferred loan costs	(1,765,395)

Net cash adjustment \$(4,080,159)

(C) The adjustment to accumulated deficit is to reflect the portion of the pro forma loan coordination fee due to the Manager related to acquisition activities and expensed at closing.

3. Adjustments to Unaudited Pro Forma Condensed Consolidated Statements of Operations

The adjustments to the Unaudited Pro Forma Condensed Consolidated Statement of Operations for the six-month period ended June 30, 2016 are as follows:

(AA) Reflected in the pro forma adjustment is the Company's estimate of the amount of below-market retail leases which are

to be amortized into income over the actual underlying remaining lease terms.

(BB) Effective with the purchase of the Southeastern Seven Portfolio by the Company, the property management will be assumed in tandem by two retail property management firms, which are not related parties to the Company. The management fee varies by individual property, but will be an average of 2.4% of monthly gross rental income. The pro forma adjustment reflects this additional cost burden on the Acquired Properties' operations.

(CC) Reflected in the pro forma adjustment is the Company's estimate of the depreciation and amortization charges that would have been incurred by the Southeastern Seven Portfolio. The adjustment utilizes a straight-line depreciation method using remaining useful lives for buildings of between 32 and 40 years. The remaining noncancelable lease terms range from 4.5 to 16 years, which are the depreciable lives for tenant improvements and the amortization of the estimated fair values of the acquired intangible assets.

(DD) The Company had recorded due diligence and other acquisition costs related to the Acquired Properties during the six-month period ended June 30, 2016 which are removed for pro forma purposes.

(EE) The estimated asset management fee is based on 0.5% of the total value of the Company's assets based on their adjusted cost before reduction for depreciation, amortization, impairment charges and cumulative acquisition costs charged to expense in accordance with GAAP (adjusted cost will include the purchase price, acquisition expenses, capital expenditures and other customarily capitalized costs). In calculating the estimated asset management fee, the Company used the total acquired assets from the Acquired Properties, as adjusted, plus the pro forma loan coordination fees incurred. In addition, a similar adjustment is included for general and administrative expense fees, recorded as 2% of gross revenues of the Acquired Properties for the six-month period ended June 30, 2016.

(FF) Reflected in the pro forma adjustment is the Company's estimate of interest expense on the \$97.7 million of mortgage debt, the amortization of associated debt issuance costs, and interest accrued on the drawn proceeds from the Company's revolving line of credit of \$52.5 million. The Company obtained individual mortgages on each property within the Southeastern Seven Portfolio, all of which mature between five and ten years from loan inception. Six loans accrue interest at a fixed rate of rate of ranging from 3.45% to 4.67% per annum. The seventh loan accrues interest at a variable rate of 1 Month LIBOR plus 225 basis points per annum. The revolving line of credit bears interest at a rate of 1 Month LIBOR, plus a spread of 325 basis points per annum. If 1 Month LIBOR were to fluctuate upward or downward by 1/8%, it would result in an increase or decrease in interest expense of approximately \$41,000 for the pro forma six-month period ended June 30, 2016.

(GG) Outstanding Class A Units of the Operating Partnership become entitled to pro-rata distributions of profit and allocations of loss as non-controlling interests of the Operating Partnership. The weighted-average percentage of ownership by the non-controlling interests was approximately 3.14% for the six-month period ended June 30, 2016. This adjustment reflects the pro-rata adjustment to the amount of net income (loss) attributable to the non-controlling interests, which is expected to be equivalent to actual distributions, not a difference between legal and economic ownership.

The adjustments to the Unaudited Pro Forma Condensed Consolidated Statement of Operations for the year ended December 31, 2015 are as follows:

(AA) Reflected in the pro forma adjustment is the Company's estimate of the amount of below-market retail leases which are to be amortized into income over the actual underlying remaining lease terms.

(BB) Effective with the purchase of the Southeastern Seven Portfolio by the Company, the property management will be assumed in tandem by two retail property management firms, which are not related parties to the Company. The adjustment utilizes a straight-line depreciation method using remaining useful lives for buildings of between 32 and 40 years. The remaining noncancelable lease terms range from 0.5 to 16 years, which are the depreciable lives for tenant improvements and the amortization of the estimated fair values of the acquired intangible assets.

If 1 Month LIBOR were to fluctuate upward or downward by 1/8%, it would result in an increase or decrease in interest expense of approximately \$82,000 for the pro forma twelve-month period ended December 31, 2015.

(FF) Outstanding Class A Units of the Operating Partnership become entitled to pro-rata distributions of profit and allocations of loss as non-controlling interests of the Operating Partnership. The weighted-average percentage of ownership by the non-controlling interests was approximately 1.24% for the twelve months ended December 31, 2015. This adjustment reflects the pro-rata adjustment to the amount of net income (loss) attributable to the non-controlling interests, which is expected to be equivalent to actual distributions, not a difference between legal and economic ownership.
