BE THE BUFFALO

Dear Fellow Oasis Petroleum Shareholders,

At one of our town hall meetings a few years ago as we were navigating the downturn in our sector, I communicated to our Oasis organization that, when facing an oncoming storm, buffalo will gather together and charge into the storm to get past it, while cattle will tend to run away from the storm. I asked our employees which they'd rather be. Their thundering reply came without hesitation: Be the Buffalo.

This has been our rallying cry ever since. Not only are we willing to charge the storm, but we prepare ourselves for the inevitable storm that we know is coming at some point. So, the phrase for us is more than just words, it is how we manage the business and associated risks. For example:

When commodity prices dropped in 2009, others ran away from the storm. We opportunistically added acreage to our large, consolidated blocks in the Williston Basin.

In 2010, reliable and cost-effective services in the Williston Basin were scarce, so we created Oasis Well Services to ensure that we could get our work done and minimize potential contract termination exposure.

Anticipating a potential downturn in commodity price, but not knowing when it might occur, we positioned ourselves to be able to power down our capital activity in an orderly manner, maintain our volume profile, live within cash flow and get to the other side. We did just that and were one of the first, if not the first, Exploration and Production ("E&P") companies to get to cash flow neutral in 2015.

As our drilling activity consolidated and became more concentrated during the downturn of 2015, we expanded our midstream operations beyond handling produced water to include crude oil gathering, natural gas gathering, natural gas processing, and freshwater sourcing and distribution. These assets became the backbone of Oasis Midstream Partners ("OMP").

In 2017, we anticipated the need for more gas processing capacity across the Williston Basin than existed at the time, so we embarked on the construction of a new 200 million cubic feet per day ("mmcf") gas processing plant within OMP so that we could service our production as well as production from adjacent operators. We are now one of the largest processors in the basin, with 280 mmcf of processing plant capacity, minimizing gas flaring and providing flow assurance.

These proactive and innovative moves not only support our core operations, they provide us with market intelligence and expertise to operate in a financially and environmentally sustainable manner. In a highly cyclical sector, being the buffalo in ways like these position us to do well across the commodity price cycles. While we may still be in the storm now, we are charging through it with the acreage, the expertise, and the infrastructure to do so.

It is our people, however, who are our most important differentiator. Employees know when they are valued and they can see it in how we operate. We establish a defined set of values and our culture reflects those values in action every day. We strive to make each of our employees better each day than they were the day before through development of their technical skills, their interpersonal skills, and their leadership capabilities. Our benefit programs and practices provide proof that we truly believe that we are only as good as our people, and that support, development, and integrity are better motivators than fear.

I invite you to read in this proxy statement the long list of ways we work to recruit, retain, and get the best out of the finest people in the business. I ask you to consider how many other companies you know that can brag about even a fraction of these programs.

And is it working? Look at the facts. Despite the extreme downturn in commodity prices since we became public, our employee turnover rate is less than half the national average – the herd is sticking together. I am humbled and honored that our employees have given me a 100% approval rating on Glassdoor and I work to keep their trust-and yours.

If this is the kind of company you want to see do well, we invite you to invest further, provide us your voting support on the issues described in this proxy statement, and even come work with us if you can add to our exceptionally talented team.

Sincerely,

Thomas B. (Tommy) Nusz

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

Notice is hereby given that the Annual Meeting of Shareholders of Oasis Petroleum Inc. ("Oasis" or the "Company") will be held at the Four Seasons Hotel, 1300 Lamar Street, Houston, Texas 77010, on Tuesday, April 30, 2019, at 9:00 a.m. Central Time (the "Annual Meeting"). The Annual Meeting is being held for the following purposes:

1. To elect two Class III directors, each for a term of three years. The board recommends voting FOR this proposal and needs a plurality of shares cast with Director Resignation Policy.
2. To ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2019. The board recommends voting FOR this proposal and needs a majority of shares present.
3. To approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K promulgated by the Securities and Exchange Commission. The board recommends voting FOR this proposal and needs a majority of shares present.
4. To approve the First Amendment to the Amended and Restated 2010 Long-Term Incentive Plan (the "LTIP") to increase the maximum number of shares that may be issued under the LTIP by 1,300,000 shares (the "Additional Shares"). The board recommends voting FOR this proposal and needs a majority of shares present.
5. To transact such other business as may properly come before the Annual Meeting.

These proposals are described in the accompanying proxy materials. You will be able to vote at the Annual Meeting only if you were a shareholder of record at the close of business on March 5, 2019.

YOUR VOTE IS IMPORTANT

Please vote over the Internet at www.proxyvote.com or by phone at 1-800-690-6903 promptly so that your shares may be voted in accordance with your wishes and so that we may have a quorum at the Annual Meeting. Alternatively, if you did not receive a paper copy of the proxy materials (which includes the proxy card), you may request a paper proxy card, which you may complete, sign and return by mail.

By Order of the Board of Directors,

Nickolas J. Lorentzatos
Corporate Secretary

ELECTRONIC AVAILABILITY OF PROXY STATEMENT AND ANNUAL REPORT

As permitted under the rules of the Securities and Exchange Commission (the “SEC”), the Company is making this proxy statement and its Annual Report on Form 10-K for the year ended December 31, 2018 (the “Annual Report”) available to its shareholders electronically via the internet. Beginning on March 21, 2019, the Company is sending a Notice Regarding the Availability of Proxy Materials (the “Notice”) to its shareholders of record as of the close of business on March 5, 2019, which Notice will include (i) instructions on how to access the Company’s proxy materials electronically, (ii) the date, time and location of the Annual Meeting, (iii) a description of the matters intended to be acted upon at the Annual Meeting, (iv) a list of the materials being made available electronically, (v) instructions on how a shareholder can request to receive paper or e-mail copies of the Company’s proxy materials, (vi) any control/identification numbers that a shareholder needs to access his or her proxy card and instructions on how to access the proxy card, and (vii) information about attending the Annual Meeting and voting in person.

CAUTIONARY LANGUAGE REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). These forward-looking statements are subject to a number of risks and uncertainties, many of which are beyond our control. All statements, other than statements of historical fact included in this proxy statement, regarding our strategic tactics, future operations, financial position, estimated revenues and losses, projected costs, prospects, plans and objectives of management are forward-looking statements. When used in this proxy statement, the words “could,” “believe,” “anticipate,” “intend,” “estimate,” “expect,” “may,” “continue,” “predict,” “potential,” “project” expressions are intended to identify forward-looking statements, although not all forward-looking statements contain such identifying words. All forward-looking statements speak only as of the date of this proxy statement. We disclaim any obligation to update or revise these statements unless required by securities law, and you should not place undue reliance on these forward-looking statements. Although we believe that our plans, intentions and expectations reflected in or suggested by the forward-looking statements we make in this proxy statement are reasonable, we can give no assurance that these plans, intentions or expectations will be achieved. We disclose important factors that could cause our actual results to differ materially from our expectations under “Item 1A. Risk Factors” and “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 1, 2019. These cautionary statements qualify all forward-looking statements attributable to us or persons acting on our behalf.

WHAT IS OASIS PETROLEUM?

We are a resourceful company

Oasis was founded in 2007 by Tommy Nusz and Taylor Reid. What began as a start-up with a small team of talented entrepreneurs and no assets is now a premier natural resources company with over 700 professionals.

Our parent company Oasis Petroleum Inc. (“Oasis”) acquires and develops unconventional oil and natural gas resources, historically in North Dakota and Montana, but now in West Texas as well. Our wholly owned Oasis Well Services LLC (“OWS”) provides completion services and our Oasis Midstream Services LLC (“OMS”) provides a collection of services including gas gathering and processing, saltwater gathering and disposal services, fresh water services, and crude oil gathering and transport services, among others.

We created OWS and OMS because, as a leading operator in our regions, we needed top-tier services that are available, reliable, and cost effective. We also wanted the expertise and positioning to develop our prime acreage profitably and sustainably: OWS and OMS enable us to reduce flaring and operate state-of-the-art water management systems. We aim to remain ahead of steadily rising regulatory gas-capture mandates and increase margins by commercializing captured gas—we already capture roughly 10% more gas than the average for operators in North Dakota.

We operate in the U.S. heartland where regulations, work ethic, education, and community support are strong, and where exposure to risks such as bribery and corruption, global geo-political shifts, currency fluctuations, expropriations, and cultural challenges are nearly non-existent.

We are a company of highly qualified professionals

We operate in a highly cyclical sector in which there is constant guerilla warfare to poach the short supply of top talent. We believe there is a big difference between having good employees and the best employees. We also believe there is a difference between merely recruiting top people and working constantly to make sure they can – and want – to function at their best. We recruit leaders others want to follow—but we also think all employees can be leaders and we structure all of our programs to reflect this. The results show in our exceptionally low employee turnover rates.

We are a company of shareholders AND stakeholders

We are honored that many sophisticated, sector-savvy investors own our shares. We show our respect for our shareholders by our continuing governance evolution since going public nine years ago:

• We recently added majority voting and proxy access to our governance foundation

• Our board is young, short tenured, diverse, and comprised not only of industry-leading experts but of members who worked for major shareholders and investors

• Our executive compensation and performance are well aligned, and our CEO not accepting a salary increase since 2014 reflects his belief that financial conservatism is warranted when commodity prices are low and shareholder returns are held back.

HOW DID WE DO IN 2018?

2018 was a tough year. The NYMEX West Texas Intermediate crude oil price index ("WTI") declined by 40% in the fourth quarter alone and 25% from the start of the year, and as a result, our stock price suffered. However, as one of the first E&P companies to live within cash flow in this recent industry downturn, we used the year to power through the storm:

- We successfully entered a second basin through our February 2018 acquisition from Forge Energy LLC of 22,000 net core acres in the over-pressured oil window of the Delaware Basin.

- We added additional acreage at attractive pricing, bringing our total position in the over-pressured oil window of the Delaware Basin to over 23,000 net acres.

- Oasis Midstream Partners LP ("OMP") completed the construction and startup of a second natural gas plant in Wild Basin, making Oasis the second largest natural gas processor in North Dakota.

- We executed a "Dropdown" of additional interests in midstream subsidiaries to OMP for \$251.4M, which increased our holdings of OMP common units and reduced debt.

- Sales of non-core assets yielded total proceeds of ~\$360 million, reducing our financial leverage.

- We grew production ~25% year-over-year to 82,525 barrels of oil equivalent per day ("Boepd").

- We lowered lease operating expenses ("LOE") per barrels of oil equivalent ("Boe") by over 12% year over year to \$6.44 per Boe.

Net cash provided by operating activities grew 96% year over year to \$996.4 million; and we grew Adjusted EBITDA 35% year over year to \$958.7 million. For a definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to net income (loss) including non-controlling interests and net cash provided by operating activities, see "Non-GAAP Financial Measures" in our Annual Report on Form 10-K for the year ended December 31, 2018.

- Robust marketing and integration benefits with OMP provided access to coastal markets for our Williston barrels and yielded tight oil differentials for most of 2018.

- We committed 10,000 barrels a day to the Gray Oak pipeline, which ensures coastal pricing for a large portion of our Delaware Basin crude oil volume.

OUR BOARD OF DIRECTORS

OUR BOARD OF DIRECTORS

Dear Fellow Shareholders,

Before we ask for your voting support, we, the independent directors of Oasis Petroleum, want to share some highlights of how we are acting as fiduciaries for the company in which you and we have invested.

Board refreshment and diversity

We continued our steady board refreshment, reflecting Oasis's evolving needs. Following the resignation of Doug Swanson in December 2017 and the passing of Ted Collins in January 2018, both independent directors, Paula Polito joined us in late 2018. Paula's experience working for major shareholders in Boston, the cradle of the U.S. mutual fund sector, her global financial expertise, and her relationships with constituencies outside of – but important to – our sector reflect our belief in the value of diversity in its many forms.

Shareholder outreach and compensation

We also continued outreach to shareholders to help inform our governance and executive compensation decisions and are grateful for the 94% say-on-pay support we received in 2018. During 2018, we reached out to shareholders representing over 50% of our outstanding shares, and input from them is reflected in our decisions to:

• Adopt a proxy access bylaw;

• Add a total shareholder return ("TSR") cap so that, beginning with performance share units ("PSUs") granted in 2019, Named Executive Officers cannot earn more than 100% of PSUs eligible to vest if the Company's absolute TSR is negative over the performance cycle;

• Provide that no PSUs will be earned for performance cycles in which the Company's TSR rank is in the bottom three of the PSU group beginning with PSUs granted in 2019; and

• Cap the number of PSUs that may be earned for 2019 PSUs if the Company's stock price is at least \$25 at the end of the performance cycle.

Further, in keeping with our Company's conservative compensation structure, we:

• Kept Mr. Nusz's salary unchanged in 2018, as it has remained since 2014; and

• Set a floor share price of \$9 for Named Executive Officers long-term incentive awards granted in 2018. This floor was ~\$0.70 higher than the stock price at that time. This reduced the number of shares Named Executive Officers would have received if the stock price on the grant date did not exceed this threshold.

Prudent risk management and operations

It is easy to be heroes in our sector when commodity prices are strong. We are proud to be overseeing a company managed to be sustainable in tough times and positioned to do well over full market cycles. As one of the first E&P companies to live within cash flow during the recent commodity price downturn, we have prudently grown production, improved capital efficiency, materially reduced overall operating cash costs, and made several strategic moves that strengthen and complement our cornerstone Williston position and significantly improve our Company's outlook for the future.

Having the right people

Finally, good capital allocation, corporate governance, compensation, and risk management will fail to achieve optimal results without the right people. We hope you will take note of the information in our CEO's letter that opened this proxy statement and the information in the pages that follow to see why we believe we have the right team to earn your continued support.

OUR BOARD OF DIRECTORS

WHO WE ARE

ITEM 1: ELECTION OF OUR DIRECTOR NOMINEES

The Board of Directors has nominated the following two individuals for election as Class III directors of the Company to serve for a three year term to expire in 2022 and until either they are re-elected or their successors are elected and qualified.

Michael McShane

Michael McShane served as a director and President and Chief Executive Officer of Grant Prideco, Inc., a manufacturer and supplier of oilfield drill pipe and other drill stem products, from June 2002 until the completion of the merger of Grant Prideco with National Oilwell Varco, Inc. in April 2008, and Chairman of the Board of Grant Prideco from May 2003 through April 2008.

DIRECTOR SINCE 2010

Currently, Mr. McShane also serves on the board of directors of Superior Energy Services, Inc., Forum Energy Technologies Inc., and NCS Multistage.

LEAD INDEPENDENT
DIRECTOR

PREVIOUS EXPERIENCE

AGE: 65

§ Prior to joining Grant Prideco, Mr. McShane was Senior Vice President - Finance and Chief Financial Officer and director of BJ Services Company, a provider of pressure pumping, cementing, stimulation and coiled tubing services for oil and gas operators, from 1990 to June 2002.

BOARD COMMITTEES:

§ Audit, Chair

§ Compensation

EDUCATION

ALSO:

Mr. McShane serves as an advisor to Advent International, a global private equity firm.

§ Mr. McShane holds a bachelor's degree from the University of Texas at Austin.

EXPERTISE

§ With decades of experience in the energy services industry, Mr. McShane brings a unique perspective to the Board. He has significant experience with issues, trends and opportunities within the oil and gas industry, providing the Board with valuable independent expertise when evaluating potential acquisition opportunities, capital allocation, and capital markets transactions. Mr. McShane serves as our lead independent director, providing executive guidance and presiding over the Board's executive sessions.

OUR BOARD OF DIRECTORS

Thomas B. Nusz

Chief Executive Officer Thomas B. Nusz serves as our Chairman of the Board and Chief Executive Officer and as Director and Chairman of the Board of OMP GP LLC. He has served as our Director and Chief Executive Officer (or in similar capacities) since our inception in March 2007.

PREVIOUS EXPERIENCE

§ Previously, Mr. Nusz was a Vice President with Burlington Resources Inc., a formerly publicly traded oil and gas exploration and production company or, together with its predecessors, Burlington, and served as President of the International Division (North Africa, Northwest Europe, Latin America and China) from January 2004 to March 2006, as Vice President Acquisitions and Divestitures from October 2000 to December 2003, as Vice President Strategic Planning and Engineering from July 1998 to September 2000, and Chief Engineer for substantially all of such period. He was instrumental in Burlington's expansion into the Western Canadian Sedimentary Basin from 1999 to 2002.

DIRECTOR SINCE 2007

AGE: 59

EDUCATION

ALSO:

As a co-founder of Oasis, Mr. Nusz developed the business plan for Oasis Petroleum LLC and secured the initial funding for the Company.

§ Mr. Nusz holds a Bachelor of Science in Petroleum Engineering from Mississippi State University.

EXPERTISE

§ As a co-founder and the Chief Executive Officer of the Company, Mr. Nusz's knowledge of the Company is unparalleled. Mr. Nusz has served in various executive positions, as well as management and operational roles for publicly traded oil and gas companies, and he has deep knowledge of the strategic, financial, risk and compliance issues facing a publicly traded company. In addition, Mr. Nusz's industry experience spans multiple regions, domestically and internationally, which is especially beneficial to the Company in the current challenging market environment.

CHARITABLE, COMMUNITY AND INDUSTRY INVOLVEMENT

§ Mr. Nusz serves on, and is prior chairman of, the board of OneGoal Houston, a college entry and persistence initiative for under-privileged students in Houston. He is a member of the Mississippi State University Foundation Board and a member of the investment committee. He also serves as the President of the Mississippi State University Bulldog Club Board. He serves on several industry boards including AXPC, IPAA, and the National Petroleum Council, an advisory committee to the United States Secretary of Energy.

The Board of Directors has no reason to believe that either of its nominees will be unable or unwilling to serve if elected. If a nominee becomes unable or unwilling to accept nomination or election, either the number of the Company's directors will be reduced or the persons acting under the Proxy will vote for the election of a substitute nominee that the Board of Directors recommends.

The Board unanimously recommends that shareholders vote FOR the election of each of the nominees.

OUR BOARD OF DIRECTORS

CONTINUING DIRECTORS

The directors identified below have terms expiring in 2020 (Mr. Hagale and Ms. Polito) and 2021 (Messrs. Cassidy, Reid, and Shackouls). Ms. Polito was elected by the Board on November 1, 2018 following the resignation of Mr. Douglas Swanson Jr. in December 2017 and the passing of Mr. Ted Collins in January 2018, both former directors who had terms expiring in 2020.

William J. Cassidy

William J. Cassidy currently serves as the Chief Financial Officer of Artex Energy Group LLC, a privately owned exploration and production company with operations in the Utica Shale.

§ Mr. Reid holds a Bachelor of Science in Petroleum Engineering from Stanford University.

EXPERTISE

§ As co-founder and President of the Company, Mr. Reid has exceptional knowledge of the Company and its strategy, finances, and operations. Mr. Reid's deep knowledge of the Company and the industry resulting from his tenure with the Company and various roles at other oil and gas companies make him a critical member of the Board.

CHARITABLE, COMMUNITY AND INDUSTRY INVOLVEMENT

§ Mr. Reid serves on the advisory board of the Stanford School of Earth, Energy & Environmental Sciences. He is also on the board of trustees at Presbyterian School in Houston and serves as the Chairman of the Strategic Planning Committee for the school. Mr. Reid recently served as a board member and Chairman of the HAY Center which focuses on helping children transitioning out of foster care in the Houston area. He also is a member of the US Oil & Gas Association.

OUR BOARD OF DIRECTORS

HOW WE ARE SELECTED AND ELECTED

Nominees

It is the responsibility of the Nominating and Governance Committee to identify, evaluate and recommend to the Board the Director nominees for election at the annual meeting of shareholders, as well as to fill vacancies or additions on the Board of Directors that may occur between annual meetings.

The Committee endeavors to recommend director candidates who:

- possess the highest personal values and integrity;
- have experience and have exhibited achievements in one or more of the key professional, business, financial, legal, and other challenges that face a U.S. independent oil and gas company;
- exhibit sound judgment, intelligence, personal character, and the ability to make independent analytical inquiries;
- demonstrate a willingness to devote adequate time to Board of Director duties; and
- are likely to be able to serve for a sustained period if consistent with the Board's ongoing review of overall board composition.

Term lengths

Our directors are divided into three classes serving staggered three-year terms, with one class standing for re-election each year. In 2019, Class III Messrs. McShane and Nusz are standing for re-election.

Majority voting policy

Our Corporate Governance Guidelines provide that any director who receives more votes "withheld" than "for" in an uncontested election must tender their resignation to the Board of Directors for consideration. In such event the Nominating and Governance Committee will determine whether to accept such resignation, subject to approval by the full Board of Directors. Promptly following such a decision the Board shall disclose its decision and a description of the process by which the decision was reached. This guideline governs Company practice though the Company's bylaws provide for the election of directors by a plurality of the vote.

Proxy access

The Board amended the Company's bylaws in February 2019 to implement proxy access. Eligible shareholders, or a group of up to 20 shareholders who have owned an aggregate of at least 3% of the Company's outstanding common stock continuously for three years may nominate a candidate for election to the Board for inclusion in the Company's proxy materials in accordance with the proxy access provisions of Section 2.12 of the Company's bylaws.

Skills, experience and diversity

The charter of our Nominating and Governance Committee reflects our commitment to consider diversity in professional experience, skills, background, race and gender when considering director candidates and our Board's overall composition.

Although we are still a young company-only a decade old-our Board has overseen steady refreshment. Since our initial public offering in 2010, four independent directors have joined the board and three have exited, resulting in both an array of board tenures and an average tenure of ~6.5 years. Our newest director, Paula Polito, joined us in 2018 and brings substantial non-industry, financial and shareholder expertise to the Board.

HOW WE GOVERN AND ARE GOVERNED

Under the Company’s Corporate Governance Guidelines, directors are expected to attend regularly scheduled Board of Director meetings and meetings of committees on which they serve, as well as the annual meeting of shareholders. During 2018, each of our directors attended 100% of the meetings of the Board of Directors and of the committees of the Board of Directors on which that director served. The Board of Directors held five meetings during 2018, and its independent directors met in executive session five times. There were a total of 15 Board committee meetings in 2018.

Board Leadership Structure

Chairman. Mr. Nusz has served as a Director and our Chief Executive Officer since our inception in March 2007. He also served as our President until January 1, 2014. At the time of our initial public offering, Mr. Nusz was named Chairman of the Board of Directors. The independent members of the Board believe the combined role of Chairman and CEO promotes unified leadership and direction for the Company, which allows for a single, clear focus for management to execute the Company’s strategy and business plans. As CEO, the Chairman is best suited to ensure that critical business issues are brought before the Board, which enhances the Board’s ability to develop and implement business strategies.

To ensure a strong and independent board, all directors of the Company, other than Mr. Nusz and Mr. Reid, are independent. In addition, the Company’s Corporate Governance Guidelines provide that the Board will designate one of its members as the Lead Director to preside over the meetings of the non-management directors and to provide, in conjunction with the Chairman and CEO, leadership and guidance to the Board.

Lead Director. Mr. McShane has served as Lead Director of the Board since August 9, 2010. In this capacity, Mr. McShane provides, in conjunction with the Chairman, leadership and guidance to the Board of Directors. The Lead Director's responsibilities and authority generally include:

- serving as chairman of the executive sessions of the independent directors and all other Board meetings at which the Chairman is not present;
- establishing the agenda for each meeting of the non-management directors;
- serving as the Board’s contact for employee and shareholder communications with the Board of Directors;
- calling special meetings of the independent directors when necessary and appropriate;
- serving as a liaison between the Chairman and independent directors;

OUR BOARD OF DIRECTORS

- consulting with the Chairman to include and provide at meetings of the directors specific agenda items and additional materials suggested by independent directors;
- approving the scheduling of regular and, where feasible, special meetings of the Board to ensure that there is sufficient time for discussion of all agenda items;
- facilitating communications among the other members of the Board; and
- performing other duties as the Board may from time to time delegate.

In addition, all directors are encouraged to suggest the inclusion of agenda items or revisions to meeting materials, and any director is free to raise at any Board meeting items that are not on the agenda for that meeting.

The Board also regularly meets in executive session without the presence of the CEO or other members of management. The Lead Director presides at these meetings and provides the Board's guidance and feedback to the Chairman and the Company's management team. Further, the Board has complete access to the Company's management team. In consideration of the responsibilities of the Lead Director and the competitive market for qualified directors, an annual cash retainer fee for the Lead Director was established beginning in 2017.

The diversity and strength of the Board members' professional and leadership experience allows for open and robust dialog and decision making ability. The Board reviews annually the leadership structure of the Board and considers the combined role of Chairman and Chief Executive Officer. Given the strong leadership of the Company's Chairman and CEO, the effective counterbalancing role of the Lead Director and a Board comprised of strong, experienced and independent directors, the Board believes that, at the present time, the combined role of Chairman and CEO, with strong and independent oversight by the Lead Director and the other independent directors, best serves the interests of the Company and its shareholders.

Director Independence

The Company's standards for determining director independence require the assessment of directors' independence each year. A director cannot be considered independent unless the Board of Directors affirmatively determines that he or she does not have any relationship with management or the Company that may interfere with the exercise of his or her independent judgment.

The Board of Directors has assessed the independence of each non-employee director and each nominee for director under the Company's guidelines and the independence standards of the NYSE. The Board of Directors affirmatively determined that all five non-employee directors (Messrs. Cassidy, Hagale, McShane, Polito, and Shackouls) are independent. In addition, Mr. Collins was determined to be independent prior to his passing in January 2018.

Oversight of Risk Management

The Board as a whole oversees the Company's assessment of major risks and the measures taken to manage such risks. For example:

- the Board oversees management of the Company's commodity price risk through regular review with executive management of the Company's derivatives strategy, and, through the Audit Committee, the oversight of the Company's policy that limits the Company's authority to enter into derivative commodity price instruments to a specified level of production, above which management must seek Board approval;
- the Board has established specific dollar limits on the commitment authority of members of senior management and requires Board approval of expenditures exceeding that authority and of other material contracts and transactions;
- the Board reviews management's capital spending plans, approves the Company's capital budget and requires that management present for Board review significant departures from those plans; and

the Board reviews quarterly the Company's performance with respect to environmental, health and safety targets and ethical standards.

The Company's Audit Committee, which is composed entirely of independent directors, is responsible for overseeing the Company's assessment and management of financial reporting and internal control risks, as well as other financial risks, such as the credit risks associated with counterparty exposure. Management and the

OUR BOARD OF DIRECTORS

Company's independent registered public accounting firm, PricewaterhouseCoopers LLP ("PwC") report regularly to the Audit Committee on those subjects. Further, the Audit Committee regularly meets in executive session, without management, with representatives from PwC; Protiviti, the Company's internal auditor; and DeGolyer and MacNaughton, the Company's independent reserve engineers. Except as described, the administration of the Board's oversight function does not have an effect on the Board's leadership structure.

OUR BOARD OF DIRECTORS

Committees of the Board of Directors

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. Each of these committees is composed entirely of independent directors. For each of our committees, the following table sets forth the current membership, a brief summary of the principal functions, and the number of meetings held in 2018. Each of our standing committees has a charter that is publicly available on the Company's website at www.oasispetroleum.com/investors/corporate-governance/

OUR BOARD OF DIRECTORS

Financial Literacy of Audit Committee and Designation of Financial Experts

The Board of Directors evaluated each of the members of the Audit Committee for financial literacy and the attributes of a financial expert in July 2018. The Board of Directors determined that each of the Audit Committee members is financially literate and that the Chairman of the Audit Committee, Michael McShane, and committee member John Hagale are Audit Committee financial experts as defined by the SEC.

Compensation Committee Interlocks and Insider Participation

Messrs. Cassidy, McShane, and Shackouls served on the Compensation Committee during 2018. None of the directors who served on the Compensation Committee during 2018 has ever served as one of the Company's officers or employees. During 2018, none of the Company's executive officers served as a director or member of the compensation committee (or other committee performing similar functions) of any other entity of which an executive officer served on the Board or the Compensation Committee.

Corporate Governance Guidelines

The Board of Directors believes that sound governance practices and policies provide an important framework to assist it in fulfilling its duty to shareholders. The Company's Corporate Governance Guidelines cover the following principal subjects:

- Role and functions of the Board of Directors and its Lead Director
- Qualifications and independence of directors
- Size of the Board of Directors and director selection process
- Committee functions and independence of committee members
- Meetings of non-employee directors
- Self-evaluation
- Ethics and conflicts of interest
- Compensation of the Board of Directors
- Succession planning
- Access to senior management and to independent advisors
- New director orientation
- Continuing education

The "Corporate Governance Guidelines" are posted on the Company's website at www.oasispetroleum.com/investors/corporate-governance/. The Corporate Governance Guidelines are reviewed periodically and as necessary by the Company's Nominating and Governance Committee, and any proposed additions to or amendments of the Corporate Governance Guidelines will be presented to the Board of Directors for its approval.

Stock Ownership Guidelines

Our Board of Directors has adopted Stock Ownership Guidelines that are advisory in nature and establish minimum ownership levels for Named Executive Officers and non-employee directors.

	Guideline	Holding Period
CEO	5 x Base Salary	Until requirement met
Other Named Executive Officers	2 x Base Salary	Until requirement met
Non-employee Directors	3 x Annual Cash Retainer	Until requirement met

All of our Named Executive Officers and non-employee directors own stock in excess of the minimum ownership levels currently applicable to them.

OUR BOARD OF DIRECTORS

Prohibitions on Hedging, Insider Trading, and Pledging Company Securities

Our securities trading policy provides that executive officers, including our Named Executive Officers, and our directors, may not, among other things, purchase or sell puts or calls to sell or buy our stock, engage in short sales with respect to our stock, buy our securities on margin, or otherwise hedge their ownership of our stock. The purchase or sale of stock by our executive officers and directors may only be made during certain windows of time and under the other conditions contained in our securities trading policy. In addition, effective May 3, 2013, we updated our securities trading policy to specify that our executive officers are prohibited from pledging our stock without prior approval by our Board of Directors. At that time, the Board ratified an existing pledge of shares by Mr. Nusz, which pledge had been previously disclosed by Mr. Nusz to the Board. Subsequently, the Board has not approved a pledge by an executive officer; and Mr. Nusz no longer has pledged any shares of Company stock.

Attendance at Annual Meetings

The Board of Directors encourages all directors to attend the annual meetings of shareholders, if practicable. All of the Company's directors attended last year's annual meeting. We anticipate that all of our directors will attend the Annual Meeting.

Transactions with Related Persons

The Board of Directors recognizes that related person transactions present a heightened risk of conflicts of interest and, therefore, adopted, as of May 17, 2010, a Related Persons Transactions Policy to be followed in connection with all related person transactions involving the Company.

Procedures for Review, Approval and Ratification of Related Person Transactions

For purposes of the policy, an "Interested Transaction" is a transaction, arrangement or relationship in which:

- the Company or any of its subsidiaries was, is or will be a participant;
- the aggregate amount involved exceeds \$120,000; and
- any related person had, has or will have a direct or indirect material interest.

A "Related Person" means:

- any director or director nominee of the Company;
- any senior officer of the Company;
- any person who is known by the Company to be the beneficial owner of more than 5.0% of the Company's common stock;
- any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of a director, executive officer or a beneficial owner of more than 5% of the Company's common stock, and any person (other than a tenant or employee) sharing the household of such director, executive officer or beneficial owner of more than 5% of the Company's common stock; and
- any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

The Board of Directors has determined that the Audit Committee will review the material facts of all Interested Transactions and approve, disapprove or ratify any such transaction. The Company's Related Persons Transaction Policy pre-approves certain related person transactions, including:

- any employment agreement of an executive officer if his or her compensation is required to be reported in the Company's proxy statement pursuant to Item 402 of Regulation S-K promulgated by the SEC ("Item 402");
- director compensation which is required to be reported in the Company's proxy statement pursuant to Item 402;

any transaction with another company at which a Related Person's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's shares is pre-approved or ratified (as applicable) if the aggregate amount involved for any particular service does not exceed the greater of \$500,000 or 25% of that company's total annual revenues; and
charitable contribution, grant or endowment by the Company to a charitable organization, foundation or university at which a Related Person's only relationship is as an employee (other than an executive

OUR BOARD OF DIRECTORS

officer) or a director is pre-approved or ratified (as applicable) if the aggregate amount involved does not exceed the lesser of \$200,000 or 10% of the charitable organization's total annual receipts.

In determining whether to approve or disapprove entry into a Interested Transaction, the Audit Committee shall take into account, among other factors, the following: (1) whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and (2) the extent of the Related Person's interest in the transaction. Further, the policy requires that all Interested Transactions required to be disclosed in the Company's filings with the SEC be so disclosed in accordance with applicable laws, rules and regulations.

There were no Interested Transactions since May 17, 2010 which were required to be reported in "Transactions with Related Persons," where the procedures described above did not require review, approval or ratification or where these procedures were not followed. In addition, since January 1, 2018, there has not been any transaction or series of similar transactions to which the Company was or is a party in which the amount involved exceeded or exceeds \$120,000 and in which any of the Company's directors, executive officers, holders of more than 5% of any class of its voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest, other than compensation arrangements with directors and executive officers, which are described in "Executive Compensation," and the transactions described or referred to below.

Transactions Involving Directors

Forge Energy. As previously disclosed in our proxy statement for our 2018 Annual Meeting and on a Form 8-K filed with the SEC by the Company on December 11, 2017, the Company and Oasis Petroleum Permian LLC, a wholly owned subsidiary of the Company, entered into a Purchase and Sale Agreement (the "Purchase Agreement") with Forge Energy, LLC ("Forge Energy"), pursuant to which the Company agreed to purchase from Forge Energy leasehold interests and related assets in the core of the Delaware Basin (the "Permian Basin Acquisition"). On February 14, 2018, pursuant to the terms and conditions of the Purchase Agreement, the Company completed the Permian Basin Acquisition for aggregate consideration consisting of \$549.8 million in cash and 46 million shares of the Company's common stock. Upon closing of the Permian Basin Acquisition, the Company has approximately 22,000 net acres in the Delaware Basin.

In connection with the evaluation of the Permian Basin Acquisition, Messrs. Nusz and Reid disclosed to the Board that they held a 0.25% and 0.125% membership interest, respectively, in Forge Energy. Due to this interest, Messrs. Nusz and Reid recused themselves from the vote of the Board approving the Permian Basin Acquisition. Furthermore, in its evaluation of the Acquisition, the Board hired a nationally recognized investment banking advisory firm to advise them and render an opinion as to the fairness of the Permian Basin Acquisition.

HOW WE ARE PAID

We believe that attracting and retaining qualified non-employee directors is critical to our future value growth and governance, and that providing a total compensation package between the market 50th and 75th percentiles of our peer group is necessary to accomplish that objective. Our Board of Directors also believes that the compensation package for our non-employee directors should require a significant portion of the total compensation package to be equity-based to align the interests of our directors with the interests of our shareholders.

After review with compensation consultant Longnecker & Associates ("Longnecker") of non-employee director compensation paid by our 2018 compensation peer group, our Board of Directors approved the following compensation program for non-employee directors for fiscal year 2018 (which is the same program in effect for fiscal year 2017, except as noted below):

-

an annual cash retainer fee of \$70,000, plus cash payments of \$1,500 for each Board of Directors' meeting attended and \$1,500 for each committee meeting attended;

Lead director retainer of \$25,000;

committee chairperson fees in the following amounts: (a) Audit Committee chair-\$20,000, (b) Compensation Committee chair-\$15,000, and (c) Nominating and Governance Committee chair-\$11,250;

OUR BOARD OF DIRECTORS

an annual equity award for each non-employee director equal to a number of shares of restricted stock having a value of approximately \$167,500 on the date of grant, based on the closing price of our common stock on the date of grant. 2018 Changes to Non-employee Director Compensation. For 2018, the Board approved the following changes to the compensation plan for our non-employee directors, in order to bring the total compensation package in line with the market 50th percentile of our 2018 compensation peer group and to help us retain qualified non-employee directors in a competitive market:

the annual cash retainer fee increased from \$65,000 to \$70,000; and

the annual equity award for each non-employee director has been increased from a number of shares of restricted stock having a value of approximately \$160,900 to a number of shares having a value of approximately \$167,500 on the date of grant.

Previously, due to the challenging commodity price environment affecting our industry, our non-employee directors voluntarily reduced the value of their annual restricted stock awards from \$170,000 in 2014 to \$117,000 in 2016.

While our stated target compensation package for non-employee directors is between market 50th and 75th percentiles, our Board implemented changes to director compensation in 2018 in order to keep pace with the market 50th percentile; and the value of the annual restricted stock grant remains below the 2014 level.

Directors who are also our employees do not receive any additional compensation for their service on our Board of Directors. Each director is reimbursed for (i) travel and miscellaneous expenses to attend meetings and activities of our Board of Directors or its committees; (ii) travel and miscellaneous expenses related to such director's participation in our general education and orientation program for directors; and (iii) travel and miscellaneous expenses for each director's spouse who accompanies a director to attend meetings and activities of our Board of Directors or any of our committees.

Director Compensation Table

The following table provides information concerning the compensation of our non-employee directors for the fiscal year ended December 31, 2018.

Name	Fees Earned or Paid in Cash \$(1)	Stock Awards \$(2)	All Other Compensation (\$)	Total (\$)
William J. Cassidy	\$ 111,250	\$ 167,787	\$	—\$279,037
Ted Collins, Jr.(3)	\$ —	\$ 167,787	\$	—\$167,787

(1) Includes annual cash retainer fee, board and committee meeting fees, and committee chair fees for each non-employee director during fiscal year 2018 as more fully explained above.

Reflects the aggregate grant date fair value of restricted stock awards granted under our LTIP in fiscal year 2018, computed in accordance with FASB ASC Topic 718. See Note 15 to our consolidated financial statements on Form 10-K for the year ended December 31, 2018 for additional detail regarding assumptions underlying the value of these equity awards. The grant date fair value for restricted stock awards is based on the closing price of our

(2) common stock on the grant date, which was (i) \$9.27 per share on January 24, 2018 for Messrs. Cassidy, Collins, Hagale, McShane, and Shackouls, and (ii) \$10.34 per share on November 1, 2018 for Ms. Polito. As of December 31, 2018, Messrs. Cassidy, Hagale, McShane, and Shackouls each held 18,100 outstanding shares of restricted stock, which shares vested in full on January 24, 2019; and Ms. Polito held 4,050 shares which will vest in full on November 1, 2019. Mr. Collins' shares vested upon his death.

(3) Mr. Collins served on the Board until his passing in January 2018.

(4) Ms. Polito joined the Board of Directors on November 1, 2018, and her annual stock award was prorated for 2018.

OUR COMPANY

OUR PEOPLE

Getting and keeping the best people

The law requires us to provide, in this proxy, a lot of information about our board members and executive leadership. We are happy to do that, but we are a company of over 700 employees, and we don't think you can appreciate our potential without understanding what we do to find, motivate, and keep the best people in our sector.

We believe there is a big difference between getting good employees and getting the best employees. We also believe there is a difference between merely retaining employees and getting the most from their talents and work ethic. So we invest in a variety of support and benefits programs that enable our people to perform at their best. These include:

• Medical, prescription, dental and vision insurance for all employees and their families

• Health care flexible spending account

• Health savings account

• 401(k) plan with company match incentive

• Insurance benefits

• Paid time off for holidays, sick days, and vacation

• Family leave

• Other leave of absence benefits

• Flexible working arrangements

• Wellness benefits

• Stock awards for all employees

• Annual performance-based cash incentive awards for all employees

• Employee referral program

In addition, we believe all of our people should have access to professional and personal development opportunities.

We not only want the best-trained workforce, we want to reward those who stay with us in our cyclical industry. We thus provide:

• Technical/professional training

• Tuition reimbursement

• Leadership training, including week-long, university-based, executive education courses (Wharton, Stanford, UVA)

• Field leadership development training

• Management training

• Regular talent reviews and career development guidance

• Oasis Academy for Success online learning resource

• Annual performance review process

• Intern program

We don't assume we are creating an inclusive and supportive culture for our most important capital-our human capital:

we measure for it. We regularly monitor voluntary employee turnover, broken down by geography and operating unit.

Our voluntary turnover rate has fallen steadily since 2014, and our 2018 voluntary turnover rate of 8.4% is half of the U.S. national average, according to the Mercer North America Turnover Survey, 2018.

OUR COMMITMENT

Operating to the highest safety standards is non-negotiable for all employees and operating partners

• Our comprehensive health and safety management system covers 100% of operated assets

• We undertake regular internal and external safety audits, including contractor safety audits

• We track various accident rate and near miss metrics for employees and contractors

• Safety performance is integrated into the annual performance-based cash incentive awards for all employees

• Anyone on any worksite is able to halt operations to address a safety issue

• The Safety Leadership Team meets regularly with Oasis management to drive continual improvement of our safety strategy

OUR COMPANY

• Our audit committee has direct responsibility for health and safety and it is the first agenda item at every audit committee meeting

• Oasis contractors must adhere to our contractor health and safety requirements

• Regular safety training is provided to all employees throughout the company

• We lead industry collaboration efforts to promote worker and environmental safety. For example:

• Ipipe partnership founding member, advancing spill and leak prevention technology

• TrainND program participation, sharing best practice safety training

We are committed to minimizing our environmental impact and being good environmental stewards

• Our comprehensive environmental management system is designed to achieve 100% coverage of operated assets

• We have measurement and monitoring programs, and strive to reduce emissions, waste and water use

• We maintain a 24/7 control room designed to monitor and respond to environmental incidents - a public hotline connects directly to the control room

- We maintain crisis management and emergency response plans for our basins and critical employees are Incident Command System trained

- Our environmental management systems and incident response programs helped us to achieve a 44% reduction in the number of spills from 2017 to 2018, with 99% of spills staying within containment on location

• We have programs that are designed to meet all local, state and federal environmental regulations

• We engage directly with local stakeholders with a goal of meeting their environmental expectations

Community investments help to ensure long-term, sustainable development in the places where we live and work

• We work with NextOp to attract US Military veterans for open positions at Oasis

• We support a number of charities and local communities, including:

• the OneGoal initiative in Houston, helping underprivileged high school students reach their full potential and graduate from college

• the HAY Center in Houston, assisting youth graduating out of foster care in becoming independent

• the MS 150 and Bike to the Beach - the Oasis team rides and raises money in an effort to find a cure and treatment for multiple sclerosis and autism, respectively

• Habitat for Humanity, building homes for families in need of decent and affordable housing

• city-wide clean-up days in Williston and Watford City, North Dakota

• the McKenzie County, ND hospital

• the volunteer fire departments of the cities of Williston, Ray, Lignite, Fairview, Culbertson, Froid, Grenora and Alexander, where many of our employees volunteer their time

• We see extremely high rates of employee engagement in our community projects

OUR COMPLIANCE & CONTROLS

We believe it is important to create, maintain, and enforce clear frameworks for our Company's governance and operations as well as our officers', directors', and employees' behavior. In addition to the many provisions described elsewhere in this proxy statement, the following important elements of our risk management, compliance, controls, and overall governance can be found on our website at www.oasispetroleum.com/investors/corporate-governance/:

• Bylaws

• Corporate Governance Guidelines

• Financial Code of Ethics for the Chief Executive Officer, Chief Financial Officer and Controller

• Code of Business Conduct and Ethics. This includes provisions governing:

• vendors, suppliers, and contractors

• foreign payments

• health and safety

• environmental responsibilities

• non-discrimination

The Company's Remediation Plan With Respect to Disclosed Material Weakness in Internal Control Over Financial Reporting As Of December 31, 2018

As disclosed in our Annual Report on Form 10-K filed on March 1, 2019 and transparently discussed in our earnings release dated February 26, 2019, we identified a material weakness in our internal control over financial reporting as of December 31, 2018 with respect to the presentation of certain crude oil purchases and sales arrangements. We previously reported these transactions on a net basis; however, we were required to present these purchase and sale arrangements on a gross basis, which resulted in an audit adjustment to the 2018 annual consolidated financial statements and the revision of the 2017 annual consolidated financial statements and the unaudited interim financial information for fiscal years 2018 and 2017. The revision, which is included within our Annual Report on Form 10-K for the year ended December 31, 2018, had no effect on our reported net income, Adjusted EBITDA, earnings per share or stockholders' equity, and was determined to be immaterial to our consolidated financial statements based on management's analysis of quantitative and qualitative factors.

Management also performed additional analyses and procedures in order to conclude that the Company's consolidated financial statements for the year ended December 31, 2018 are fairly presented, in all material respects, in accordance with generally accepted accounting principles. With the oversight of our Audit Committee, we have developed, and are currently working on implementing and completing, a plan to remediate the material weakness, which implements certain changes to our internal control over financial reporting, including but not limited to:

• enhancement of the controls over all purchase and sale arrangements;

• revision and communication of the accounting controls, policies and procedures relating to the application of Accounting Standards Codification 845, Nonmonetary Transactions ("ASC 845"); and

• enhancement of integration and documentation of standards within and between accounting, marketing and other key departments to timely identify transactions that are subject to ASC 845.

Our Audit Committee, which is comprised only of independent directors, all of whom the Board has determined are financially literate, is actively engaged in providing oversight of our financial reporting and related internal controls and will continue to be engaged on these matters, including overseeing the progress of our remediation plan.

AUDIT COMMITTEE REPORT

AUDIT COMMITTEE REPORT

The information contained in this Audit Committee Report and references in this proxy statement to the independence of the Audit Committee members shall not be deemed to be “soliciting material” or to be “filed” with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates such information by reference in such filing.

The Company has determined that: (1) Messrs. McShane, Cassidy, and Hagale are independent, as defined in Section 10A of the Exchange Act and under the standards set forth by the New York Stock Exchange (“NYSE”) and (2) all current Audit Committee members are financially literate. In addition, Messrs. McShane and Hagale qualify as audit committee financial experts under the applicable rules promulgated pursuant to the Exchange Act.

During the last fiscal year, and earlier this year in preparation for the filing with the SEC of the Company’s Annual Report on Form 10-K for the year ended December 31, 2018, the Audit Committee:

- reviewed and discussed the Company’s audited consolidated financial statements as of and for the year ended December 31, 2018 with management and with the independent registered public accounting firm;
- considered the adequacy of the Company’s internal controls and the quality of its financial reporting, and discussed these matters with management and with the independent registered public accounting firm;
- reviewed and discussed with the independent registered public accounting firm (1) their judgments as to the quality of the Company’s accounting policies, (2) the written disclosures and letter from the independent registered public accounting firm required by Public Company Accounting Oversight Board Independence Rules, and the independent registered public accounting firm’s independence, and (3) the matters required to be discussed by the Public Company Accounting Oversight Board’s AS 1301, Communication with Audit Committees, and by the Auditing Standards Board of the American Institute of Certified Public Accountants;
- discussed with management and with the independent registered public accounting firm the process by which the Company’s chief executive officer and chief financial officer make the certifications required by the SEC in connection with the filing with the SEC of the Company’s periodic reports, including reports on Forms 10-K and 10-Q;
- pre-approved all auditing services and non-audit services to be performed for the Company by the independent registered public accounting firm as required by the applicable rules promulgated pursuant to the Exchange Act, considered whether the rendering of non-audit services was compatible with maintaining PricewaterhouseCoopers LLP’s independence, and concluded that PricewaterhouseCoopers LLP’s independence was not compromised by the provision of such services (details regarding the fees paid to PricewaterhouseCoopers LLP in 2018 for audit services, tax services and all other services, are set forth at “Item 2-Ratification of Selection of Independent Registered Public Accounting Firm -Audit and All Other Fees” below); and
- based on the reviews and discussions referred to above, recommended to the Board of Directors that the consolidated financial statements referred to above be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2018.

As recommended by the NYSE’s corporate governance rules, the Audit Committee also considered whether, to assure continuing auditor independence, it would be advisable to regularly rotate the audit firm. The Audit Committee has concluded that the current benefits to the Company from continued retention of PricewaterhouseCoopers LLP warrant retaining the firm at this time. The Committee will, however, continue to review this issue on an annual basis.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee’s charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company’s consolidated financial

statements are complete and accurate and in accordance with generally accepted accounting principles.

Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent registered public accounting firm is responsible for expressing an opinion on those financial statements. Committee members are not employees of the Company or accountants or auditors by profession. Therefore, the Committee has relied, without independent verification, on management's

AUDIT COMMITTEE REPORT

representation that the consolidated financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent registered public accounting firm included in its report on the Company's consolidated financial statements.

The Committee meets regularly with management and the independent registered public accounting firm, including private discussions with the independent registered public accounting firm, and receives the communications described above. The Committee has also established procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (b) the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent registered public accounting firm do not assure that the Company's consolidated financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company's consolidated financial statements has been carried out in accordance with generally accepted auditing standards.

RATIFICATION OF AUDITORS

ITEM 2 - RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for 2019. PricewaterhouseCoopers LLP has audited the Company's consolidated financial statements since its inception on February 26, 2007. The 2018 audit of the Company's consolidated financial statements and the effectiveness of internal control over financial reporting was completed on March 1, 2019.

The Board of Directors is submitting the selection of PricewaterhouseCoopers LLP for ratification at the Annual Meeting. The submission of this matter for approval by shareholders is not legally required, but the Board of Directors and the Audit Committee believe the submission provides an opportunity for shareholders through their vote to communicate with the Board of Directors and the Audit Committee about an important aspect of corporate governance. If the shareholders do not ratify the selection of PricewaterhouseCoopers LLP, the Audit Committee will reconsider the selection of that firm as the Company's auditors.

The Audit Committee has the sole authority and responsibility to retain, evaluate and replace the Company's auditors. The shareholders' ratification of the appointment of PricewaterhouseCoopers LLP does not limit the authority of the Audit Committee to change auditors at any time.

Audit and All Other Fees

The table below sets forth the aggregate fees billed by PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm, for the last two years (in thousands):

	2018	2017
Audit Fees(1)(4)	\$1,335	\$1,955
Tax Fees(2)(4)	626	147
All Other Fees(3)(4)	3	3
Total	\$1,964	\$2,105

Audit fees represent fees for professional services provided in connection with: (a) the annual audits of the Company's consolidated financial statements and effectiveness of internal control over financial reporting; (b) the (1) review of the Company's quarterly consolidated financial statements; and (c) review of the Company's other filings with the SEC, including review and preparation of registration statements, comfort letters, consents and research necessary to comply with generally accepted auditing standards for the years ended December 31, 2018 and 2017.

(2) Tax fees represent tax return preparation and consultation on tax matters.

(3) All other fees include any fees billed that are not audit, audit related, or tax fees. In 2018 and 2017, these fees related to accounting research software.

(4) Does not include fees paid to PricewaterhouseCoopers LLP for work in their capacity as the independent registered public accounting firm of Oasis Midstream Partners LP.

The charter of the Audit Committee and its pre-approval policy require that the Audit Committee review and pre-approve the plan and scope of PricewaterhouseCoopers LLP's audit, tax and other services. For the year ended December 31, 2018, the Audit Committee pre-approved each of the services described above.

The Company expects that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so.

The Board of Directors unanimously recommends that shareholders vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as the registered public accounting firm of the Company for 2019.

COMPENSATION DISCUSSION AND ANALYSIS

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis, or CD&A, (i) explains the Company's compensation philosophy, objectives, policies, and practices with respect to its executive officers, all of whom are Named Executive Officers within the meaning of applicable SEC rules, and (ii) analyzes the elements of compensation for the Company's "Named Executive Officers." This should be read in conjunction with the information presented in the tables that follow this CD&A.

Name	Title and Position During 2018

Taylor L. Reid	President and Chief Operating Officer
Michael H. Lou	Executive Vice President and Chief Financial Officer
Nickolas J. Lorentzos	Executive Vice President, General Counsel and Corporate Secretary

Performance Highlights and Impact on Compensation Decisions

Our stock price performance is highly influenced by commodity price volatility. We produce and market oil and natural gas, commodities whose prices are largely a function of market supply and demand and subject to substantial volatility. Demand is impacted by general economic conditions, weather and other seasonal conditions, including hurricanes and tropical storms. Oil supply in the United States has grown dramatically over the past few years, and this, coupled with increases in production from key oil-producing nations, has contributed to the current global oversupply of crude oil, which caused a sharp decline in oil prices beginning in mid-2014 and a corresponding decline in the stock prices of companies, like us, that produce and market oil and natural gas.

Throughout 2015, 2016 and early 2017, global oil supply continued to outpace demand as oil inventories continued to build. In 2017 and early 2018, significant production cuts from key oil-producing nations coupled with strong demand growth led to a price recovery. However, in late 2018, supply once again exceeded demand leading to global oil inventory increases and significant price declines. All of this affected the way we paid our executive officers.

Our 2017 performance was strong in some areas and fell short in others, which affected 2018 target pay opportunities. After two years of exceptional performance despite the challenging market environment, the Company performed well again in 2017 with several notable strategic successes, but fell short of some of its rigorous 2017 performance targets. The Compensation Committee's decisions regarding 2018 executive compensation reflected both realities:

• Mr. Nusz's salary held flat for 2018, for the fifth consecutive year

• 2018 long-term incentive awards were approved at each executive officer's target award opportunity however, the Committee set a floor share price of \$9.00 to be used for purposes of converting the opportunity (expressed as a dollar amount) for 2018 long-term incentives into a number of shares, thereby reducing the number of shares each such officer would receive if the Company's stock price did not increase above the \$9.00 threshold; the floor price was nearly \$0.70 higher than the stock price at the time of the Committee's action

Despite a challenging commodities price environment, we saw both financial and strategic success in 2018. In 2018, we saw another steep decline in WTI - by 40% in the fourth quarter alone and 25% from the start of the year - and our stock price suffered; but as one of the first E&P companies to live within cash flow during the downturn, we continued to make adjustments and improve performance. We managed service costs (lowering lease operating expenses by 12%), and continued to improve our leverage metrics, and we were able to increase production by 25% and grow net cash provided by operating activities and Adjusted EBITDA by 96% and 35%, respectively. (For a definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to net income (loss) including non-controlling interests and net cash provided by operating activities, see "Non-GAAP Financial Measures" in our Annual Report on Form 10-K for the year ended December 31, 2018.) Nevertheless, we acknowledge that our TSR has been negative on a one, three, and five-year basis; and so, in addition to continuously working to improve performance in spite of the market environment, beginning with PSUs granted in January 2019, we capped the percentage of PSUs that may be earned when the Company's absolute TSR is negative over the performance cycle. See "—Executive Compensation—2018 Performance Share Units."

COMPENSATION DISCUSSION AND ANALYSIS

In addition, the team successfully executed several strategic objectives which we expect to benefit the Company for years to come. These include closing the acquisition of 22,000 net core acres in the Delaware Basin in west Texas from Forge Energy LLC, completing a number of dispositions and divestitures, and, through our subsidiary Oasis Midstream Partners, completing the construction and startup of a second natural gas plant in Wild Basin. Our success in 2018 puts us in a position of considerable strength, both financially and operationally. As a result of our success against rigorous performance goals, annual incentives for 2018 were paid at 100% of target.

Although we experienced much strategic and operational success in 2018, we, and the industry as a whole, are facing a commodity market that continues to be volatile. Therefore, management has focused on planning for the future, while positioning the Company to succeed in the current market price environment.

Shareholder Outreach and 2018 Say-on-Pay Advisory Vote

Shareholder Outreach Process. Since 2015, at the direction of our Compensation Committee we have pursued a formal shareholder outreach campaign focused on our compensation practices in addition to our ongoing investor engagement on other topics. Members of management and our Compensation Committee sought input on our pay programs from our largest investors, and in 2016, 2017, and 2018, we conducted similar outreach campaigns, each time inviting shareholders representing over 50% of our outstanding shares. The investors we contacted generally supported the philosophy, structure, and elements of our compensation program; however, we have received requests for enhanced disclosure regarding certain elements, and our responses to selected requests are reflected in this proxy statement. Our outreach program has generated valuable feedback and, as a result, we have made a number of improvements to our pay program and disclosure including:

- Beginning in January 2019, included a cap on the percentage of PSUs that may be earned when the Company's absolute TSR is negative over the performance cycle

- Beginning in 2019, equity-based incentive compensation granted to all Named Executive Officers will be allocated 55% performance-based and 45% time-based, whereas previously, only our CEO's incentive awards were allocated in this manner

- Enhanced disclosure around our performance goals, our "Initiatives" performance metrics, and the role that safety plays in our compensation determination process

- Moved to an annual say-on-pay vote schedule in 2017

2018 Say-on-Pay Advisory Vote. At our 2018 annual meeting, we held our most recent say-on-pay advisory vote, which resulted in over 94% of votes cast approving the compensation of our Named Executive Officers. Our Compensation Committee evaluated the results of the 2018 say-on-pay advisory vote and the support expressed by shareholders and considered many other factors in evaluating our executive compensation programs as discussed in this CD&A, including the Committee's assessment of the interaction of our compensation programs with our corporate business objectives, evaluations of our programs by external consultants, and review of peer group company data. While each of these factors bore on the Committee's decisions regarding our Named Executive Officers' compensation, the Committee has not made any changes to the structure of our 2018 executive compensation program as a result of the 2018 advisory vote.

We continued to improve upon our pay program for 2019, based on shareholder feedback. We have continued to evolve our pay program to embrace market best practices, making modifications to our 2019 PSU awards to improve upon their already strong alignment to our performance. Beginning with PSUs granted in January 2019, the Committee:

- added a TSR cap so that a Named Executive Officer cannot earn more than 100% of PSUs eligible to vest if the Company's absolute TSR is negative over the performance cycle;

- reduced to 0% the PSUs that will be earned at the end of a performance cycle where the Company's TSR rank falls in the bottom three of the PSU peer group; and

- added a cap on the number of PSUs that may be earned if the Company's stock price is at least \$25 at the end of the performance cycle.

Also beginning in 2019, we adjusted the allocation of long-term equity-based compensation granted to our remaining Named Executive Officers other than our CEO from 50% performance-based and 50% time-based to 55% performance-based and 45% time-based, which aligns with the equity mix of our CEO. Mr. Nusz's equity mix has been 55% performance-based and 45% time-based since 2015.

COMPENSATION DISCUSSION AND ANALYSIS

OUR COMPENSATION MIX

We view the various components of compensation as distinct but related, and we emphasize “pay for performance” by structuring our program so that a significant portion of our executive officers' total compensation is "at risk" and tied to the Company's long- and short-term financial, operational and strategic goals.

Our compensation philosophy is to foster entrepreneurship at all levels of the Company by awarding long-term equity-based incentives, currently in the form of restricted stock and PSUs, as a significant and integral component of compensation.

We determine the appropriate level for each compensation component based in part, but not exclusively, on our view of internal equity and consistency, and other considerations we deem relevant, such as rewarding extraordinary performance.

The approximate allocation of the targeted direct compensation components approved for each Named Executive Officer by the Compensation Committee for 2018, is as follows (percentages are based on each Named Executive Officer's 2018 base salary, and target amounts of compensation with respect to annual performance-based cash incentive awards and long-term equity-based incentive awards):

COMPENSATION DISCUSSION AND ANALYSIS

Target, Reported and Realized Pay Differ Depending on Our Performance

The majority of our Named Executive Officers' target compensation is in the form of "at-risk" compensation components, namely performance-based cash incentive and PSU awards, which are tied to the achievement of short and long-term performance criteria. By design, the value actually realized by our executives is aligned with the Company's actual operational and financial performance, including absolute and relative stock-price performance. However, realized pay may differ substantially from compensation amounts reported in the Summary Compensation Table,

Our historic realized, target, and Summary Compensation Table reported pay levels underscore that alignment. Our CEO's target pay, displayed below, has remained unchanged since 2014 and has been historically just below the 50th percentile of the peer group for such period; for each of the past three years, our CEO's realized pay has been below his target pay. The difference shown is due, in large part, to the Compensation Committee's action to reduce Mr. Nusz's long-term equity based incentives granted in 2016 to 60% of target in response to the changing and uncertain market environment and in order to minimize dilution of the Company's shareholders

All Other Compensation(6)	31,869	31,869
Total 2018 Compensation	\$ 7,258,700	\$ 5,223,973

- As disclosed under "2018 Executive Compensation Decisions—Annual Performance-Based Cash Incentive Awards" and "—Long-Term Equity-Based Incentives," target annual and long-term award opportunities are set at a multiple of Mr. Nusz's base salary. The Compensation Committee may determine to grant awards above or below the target level taking into account Company performance, market conditions, and other factors it deems appropriate.
- The amounts indicated as Reported Pay in the table reflect the total direct compensation (calculated as Salary, Non-Equity Incentive Plan Compensation, and the grant value of Long-Term Incentive Awards) for 2018 as reported in the 2018 Summary Compensation Table on page 45. The grant date fair values for PSUs and restricted stock awards are described in footnote (2) to the 2018 Summary Compensation Table.
- The Realized Pay column reflects the Non-Equity Incentive Plan Compensation Mr. Nusz earned under the Company's Amended and Restated 2010 Annual Incentive Compensation Plan (the "Incentive Plan") for the 2017 performance year, which was paid in February 2018.
- The Realized Pay column reflects the value at vesting of restricted stock that vested during 2018 (36,740 shares valued at vesting of \$340,580; 93,466 shares at \$826,239; and 44,933 shares at \$416,529). See the Options Exercised and Stock Vested Table on page 50 for more details.
- The value included in the Reported Pay column is based on the weighted average grant date fair value price per unit of \$12.71, as computed using a Monte Carlo simulation model in accordance with FASB ASC Topic 718. The value of the award using the NYSE closing price of the Company's common stock on January 24, 2018, the grant

date, of \$9.27 was \$2,460,258. The Realized Pay column reflects the value at vesting of PSUs that were earned during 2018 (99,195 units valued at vesting of \$799,512; and 149,137 units valued at vesting at \$1,202,044). See the Option Exercised and Stock Vested Table on page 50 for more details.

Both the Reported Pay and Realized Pay columns in the table reflect the value of "All Other Compensation" that (6) Mr. Nusz received in 2018 as reported in the 2018 Summary Compensation Table on page 45. No value is included in the Target Pay column because the Company has not established targets for these compensation items.

COMPENSATION DISCUSSION AND ANALYSIS

Best Practices in Our Compensation Program

Our program is competitive and continues to reflect an alignment with current governance trends and best practices, including shareholder-friendly features such as:

What We Do

Pay for Performance - Our executives' total compensation is substantially weighted toward performance-based pay. Our annual performance-based cash incentive awards are based on performance against metrics set in advance which reflect key financial, operational and strategic objectives. At least 50%, and beginning in 2019, at least 55%^p of our long-term equity compensation awards to Named Executive Officers are PSUs, which are earned based on our relative total shareholder return against our peers.

Robust Stock Ownership - We have adopted robust stock ownership guidelines for our executives and directors. Named Executive Officers, other than Mr. Nusz, are required to own shares having a value equal to 200% of their^p respective annual base salaries; and for Mr. Nusz, 500% of his annual base salary. Our executives are required to hold shares until such ownership requirements are met.

Double-Trigger Change in Control Benefits - The Employment Agreements contain a "double trigger" accelerated vesting provision, which requires certain termination of employment events to occur in addition to a change in^p control in order for accelerated vesting of equity awards to occur. No cash payments are made unless a "double trigger" event occurs.

TSR Cap - Beginning with 2019 awards, we added a TSR cap so that a Named Executive Officer cannot earn more^p than 100% of PSUs eligible to vest if the Company's absolute TSR is negative over the performance cycle.

External Benchmarking - Our independent Compensation Committee reviews competitive compensation data based^p on an appropriate group of exploration and production peer companies, which group is reviewed on an annual basis, prior to making annual compensation decisions.

Independent Compensation Consultant - We have engaged an independent executive compensation consultant who^p reports directly to the independent Compensation Committee and provides no other services to the Company.

Annual Say on Pay Advisory Vote - Beginning in 2017, we have held annual Say-on-Pay Advisory Votes,^p consistent with our policy of seeking input from, and engaging in discussions with, our shareholders regularly.

Mitigation of Undue Risk - We carefully consider the degree to which compensation plans and decisions affect risk^p taking. We do not believe that any of the compensation arrangements in place are reasonably likely to have a material adverse impact on the Company.

Clawback in our Employment Agreements - In the Employment Agreements, we included clawback provisions applicable to compensation payable or paid pursuant to the Employment Agreements that is deemed incentive^p compensation and subject to recovery pursuant to the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

What We Don't Do

Excise Tax Gross-Ups - Neither our change in control plans nor our employment agreements with each of our^y Named Executive Officers (the "Employment Agreements") provide for excise tax gross-ups or any other tax gross-ups for perquisites.

Evergreen Employment Agreements - The Employment Agreements have three-year terms, expiring March 20,^y 2021. They were most recently entered into in March 2018. Whether or not the terms of any of these agreements will be extended is a decision that our Compensation Committee will make closer to the time the terms are due to expire.

Single-trigger Vesting or Payments in Employment Agreements - None of our equity incentive plans nor any of the^y Employment Agreements provide for automatic single trigger vesting of unvested equity awards or cash payments

solely upon the occurrence of a "change in control" (as defined in the LTIP).

Hedging or Derivative Transactions in Company Stock - We prohibit our executives from engaging in any short-term trading, short sales, option trading and hedging transactions related to our common stock. We also prohibit our executives from purchasing our common stock on margin. In addition, our executives are prohibited from pledging Company stock without approval of the Board.

Perquisites - We offer minimal perquisites to the Company's executives, including a 401(k) retirement plan, parking and health club dues, which are available to all Company employees.

No Stock Option Repricing, Reloads, or Exchange without Shareholder Approval - Our LTIP prohibits stock option repricing, reloading or exchange without shareholder approval. In addition, in 2015, we amended our LTIP in order to limit potential recycling of shares subject to stock options and stock appreciation rights.

Guaranteed Bonuses - Annual performance-based cash incentive awards to our NEOs are determined based solely on the performance of the Company with respect to annual Company performance goals.

COMPENSATION DISCUSSION AND ANALYSIS

2018 EXECUTIVE COMPENSATION DECISIONS

The following is a discussion of the specific actions taken by our Compensation Committee related to each of our direct compensation elements for 2018. Each element is reviewed annually, as well as at the time of a promotion, other change in responsibilities, other significant corporate events or a material change in market conditions.

BASE SALARY

In setting annual base salary amounts, our Compensation Committee intends to set targets by position that are competitive within our peer group, taking into consideration factors such as the particular officer's contribution to our financial performance and condition, the officer's qualifications, skills, experience and responsibilities, as well as current market and industry conditions.

At its December 2017 meeting, our Compensation Committee reviewed data with respect to our 2018 compensation peer group and approved an increase to Mr. Lorentzatos' salary for fiscal year 2018. The salaries of Messrs. Nusz, Reid, and Lou were not increased for 2018, and Mr. Nusz's salary has remained unchanged since 2014. The Committee approved an increase to Mr. Lorentzatos' salary to account for his organizational contributions, including increased oversight over a broad group of functions, and to remain competitive and for retention purposes:

	2017 Base Salary	% Increase	2018 Base Salary
Thomas B. Nusz	\$ 820,000	—	\$ 820,000
Taylor L. Reid	\$ 600,000	—	\$ 600,000
Michael H. Lou	\$ 480,000	—	\$ 480,000
Nickolas J. Lorentzatos	\$ 380,000	11.8 %	\$ 425,000

ANNUAL PERFORMANCE-BASED CASH INCENTIVE AWARDS

Our annual performance-based cash incentive awards reward achievement of our annual Company performance goals. Our annual performance-based cash incentive program for our Named Executive Officers is governed by our Amended and Restated 2010 Annual Incentive Compensation Plan (the "Incentive Plan").

Annual Cash Incentive Award Opportunity. Every December, the Compensation Committee establishes threshold, target and maximum cash incentive award opportunities for each Named Executive Officer for the upcoming year, set as a percentage of the officer's base salary. For 2018, the annual incentive opportunities for Named Executive Officers were unchanged from 2017 levels:

	Threshold (as % of base salary)	Target (as % of base salary)	Maximum (as % of base salary)
Thomas B. Nusz	60 %	120 %	240 %
Taylor L. Reid	50 %	100 %	200 %
Michael H. Lou	50 %	100 %	200 %
Nickolas J. Lorentzatos	40 %	80 %	160 %

At the same time, the Company sets threshold, target and maximum levels for a number of established annual performance goals, each with a pre-assigned weighting, to serve as a guideline for determining award payouts earned by our executive officers for the upcoming year.

2018 Annual Incentive Performance Metrics. Each year, we measure our performance relative to target metrics and Initiatives, or milestones, which are generated through our annual budget and strategic planning processes and approved by our Board of Directors. Set forth below are the performance metrics for 2018, which were approved by the Board, and a description of how each metric helps us achieve our objectives. The 2018 performance metrics selected by the Board were the same as the metrics selected for 2017 and 2016. The Committee believes that setting

specific performance goals in advance helps establish important benchmarks, and communicates the Company's top priorities to its Named Executive Officers and employees.

COMPENSATION DISCUSSION AND ANALYSIS

Performance Metric	Description and Rationale
Production (Boe/day)	<p>Measured in equivalent average annual volumes; Target is derived from existing (or PDP) and new (or capital) volumes; Over or under performance is driven primarily by production optimization, weather impacts, well performance, the timing of tying in new wells from our capital program, and access to take-away and processing capacity for produced fluids and hydrocarbons.</p>
Capital Efficiency (\$/Boe)	<p>Measures the investment efficiency of our capital program and is demonstrated by finding and development costs; Determined by dividing our capital investment in our E&P operations during the year by the estimated ultimate recovery of the wells completed during the year in barrels of oil equivalent.</p>
Cost Structure	<p>Lease Operating Expense is the routine operating cost on a per barrel of oil equivalent of production basis;</p>
LOE (\$/Boe)	<p>Includes cost elements such as produced water handling, labor, production chemicals, electricity, equipment rentals, equipment replacements, well workover expense.</p>
G&A (\$MM)	<p>Total general and administrative expenses for our E&P, midstream and wells services operations; Includes all administrative costs, such as cash and non-cash employee compensation; facility leasing and operating costs; third party fees such as legal, accounting, and tax; recruiting, travel and office expenses; and information technology and data services expenses; These costs are net of field labor costs, which are charged to operating expenses, and intercompany eliminations.</p>
EBITDAX (\$MM)	<p>Earnings before interest, taxes, depreciation, and exploration costs; This measure is a non-GAAP proxy for cash flow which is routinely used in the exploration and production sector and is driven by our volumes, realized prices and cash costs needed to run our business;</p>
Initiatives	<p>This is the same measure that we discuss in connection with quarterly earnings, and to which we provide proper reconciliations to GAAP measures on our website. Strategic and operational goals that do not have numerical targets, but rather measure performance by accomplishment of stated objectives; 2018 Initiatives include: organization and manpower efficiency, Permian integration, enterprise resource optimization, key performance indicators, and big data and analytics.</p>

Each year, after the Initiatives are selected, management assigns teams of employees to define measurable goals for each Initiative and to develop strategies for meeting them. Management evaluates and approves the goals and strategies, and the Initiative teams meet throughout the year to assess performance and provide progress updates to management. Ultimately Initiative performance is evaluated at the end of the year in connection with the determination of annual performance-based cash incentive awards.

Following the end of the applicable year, the Committee determines the amount of the awards earned based on a retrospective evaluation of performance against the established goals. The Compensation Committee may also consider other subjective features, such as extenuating market circumstances, individual performance and safety performance, when determining actual amounts of awards. Performance-based cash incentive awards to our executives are based solely on the performance of the Company, not the performance of the individual.

In addition, following the determination of the amount of the awards earned, the Committee applies a "safety modifier," which may adjust the amount of the awards downward depending on the Company's safety performance for the year. Safety performance is determined based on the evaluation of various relevant metrics and/or the achievement

of certain objectives, which may vary from year to year. This "safety modifier" affects the awards received by all employees and so serves to make safety a top priority for every individual.

COMPENSATION DISCUSSION AND ANALYSIS

2018 Annual Performance Goals. In general, our Board of Directors attempts to set rigorous performance objectives such that there will be approximately a 50% probability of achieving the target performance metrics and that achievement at the threshold or maximum performance levels will be much less probable.

In order to create additional incentive for exceptional Company performance, at the discretion of our Compensation Committee, awards can be up to the maximum levels designated for each Named Executive Officer, but it is not expected that payment at this level would occur in most years.

In fact, to date, we have not awarded cash incentives at the maximum percentage for any Named Executive Officer in any year since our initial public offering.

In early 2018, the Board established annual performance goals for the 2018 annual cash incentive awards.

The 2018 Production and EBITDAX targets were set higher than target and actual performance in 2017.

The 2018 Capital Efficiency and LOE targets reflect expected levels of achievement based on 2017 actual performance. The Board anticipated a rise in service costs in an environment of improving oil prices and, therefore, did not foresee the team's ability to further reduce costs.

The G&A target for 2018 was set higher due to an expected increase in headcount during 2018 primarily related to higher levels of both capital and operating activity, including the launch of Oasis Well Services LLC's second frac crew, rapidly growing midstream business at the second gas plant, and operations in the Delaware Basin.

The following table sets forth the performance incentive metrics and goals established by the Board in early 2018, which the Compensation Committee used to evaluate Company performance when determining our Named Executive Officers' annual cash incentive awards for the year ended December 31, 2018. The table also provides comparisons to the performance goals established by the Board for 2017 and 2016. Please see "—Annual Performance—Based Cash Incentive Awards—2018 Annual Performance Goals" for additional information about our 2018 performance metrics.

Metric	Weighting		2018 Performance Goal	2017 Performance Goal	2016 Performance Goal

Initiatives are strategic and operational goals and milestones which we have identified as drivers of financial and operational business success. The number of Initiatives and their content or objectives will vary from year to year based on the current needs of the Company and the operating environment. Set forth below are the 2018 Initiatives, which were approved by the Board.

COMPENSATION DISCUSSION AND ANALYSIS

Initiative	Objectives
Organization and Manpower Efficiency	Prepare the organization for growth and a focus on top quartile returns through organizational structure and alignment, effective decision making process improvement and eliminating waste and re-work.
Permian Integration	Focus on developing our tactics, organization, skills and knowledge to have a successful first year in a new basin while understanding where that success fits in the five-year Permian plan.
Enterprise Resource Optimization	Improve efficiency, efficacy, and scalability of our people, processes, and systems to allow for optimal and critical business decisions to be efficiently made across our entire enterprise which includes diverse assets, multiple business verticals, and multiple geographic locations.
Key Performance Indicators	Develop current and forward looking metrics, communication process, and cycle that clearly and efficiently convey the organization's progress delivering returns consistent with the Company's expectations.
Big Data and Analytics	Use big data and data analytics to produce quality information for the development of actionable new opportunities, evaluation and transfer of leading edge technology, and quality competitive and competitor intelligence in order to generate peer leading investment opportunities and corporate financial returns.

Our 2018 established performance goals and weightings that were used as a guideline to evaluate our 2018 performance for purposes of the 2018 annual performance-based cash incentive awards are provided below along with the resulting assessment of performance against each goal.

Metric	2017 Actual Performance	2018 Performance Goal	Weight	2018 Result Actual Performance	Assessment
Production					
Volume (Boe/d)	66,144	79,000	20 %	82,525	Above Target
Capital Efficiency					
Proved Developed finding and development cost (\$/Boe)	\$10.26	\$ 11.13	20 %	\$15.13	Below Target
Cost Structure					
LOE (\$/Boe)	\$7.34	\$ 7.35	10 %	\$6.44	Above Target
G&A (\$MM)	\$91.8	\$ 111.0	10 %	\$121.3	Below Target
EBITDAX (\$MM)	\$708	\$ 925	20 %	\$959	Above Target
Initiatives ⁽¹⁾			20 %		Above Target

(1) Upon evaluation at the end of the year, four Initiatives were rated "Above Target" (Enterprise Resource Optimization, Permian Integration, Key Performance Indicators, and Organization and Manpower Efficiency) and one was rated "At Target" (Big Data and Analytics). The Board rated the Company's performance with respect to the Initiative metric as a whole as "Above Target."

At the end of 2018, our Compensation Committee reviewed our overall performance for 2018, including our performance with respect to the established performance goals and the other factors discussed above, with members of management and our full Board of Directors to determine the annual performance-based cash incentive

COMPENSATION DISCUSSION AND ANALYSIS

award amounts to be paid to our Named Executive Officers with respect to 2018. In 2018, we performed better versus our performance goals than we had in 2017, rating "Above Target" with respect to four of six metrics. Therefore, the Committee approved awards at 100% of each Named Executive Officer's respective target award opportunity, with specific values listed below:

Named Executive Officer 2018 Cash Incentive Award

Thomas B. Nusz	\$984,000
Taylor L. Reid	\$600,000
Michael H. Lou	\$480,000
Nickolas J. Lorentzatos	\$340,000

LONG-TERM EQUITY-BASED INCENTIVES

Long-term equity-based incentives are the largest component of pay for our Named Executive Officers. We believe that long-term equity-based incentive compensation is important because it:

- balances short and long-term objectives;
- aligns our executives' interests with the long-term interests of our shareholders;
- rewards long-term performance relative to industry peers;
- makes our compensation program competitive and helps us attract and retain the most qualified employees, directors and consultants in the oil and gas industry; and
- gives executives the opportunity to share in our long-term value creation.

At least half of each Named Executive Officer's equity incentive for 2018 is tied to multi-year performance vesting conditions. For 2018, our CEO received 45% of his total annual equity-based incentive compensation in the form of restricted stock awards and 55% in the form of PSUs, while our Named Executive Officers received 50% of their total annual equity-based incentive compensation in the form of restricted stock awards and 50% in the form of PSUs.

In December of each year, the Compensation Committee, in consultation with Longnecker, its compensation consultant, establishes long-term incentive award opportunities for each Named Executive Officer with an aggregate value at the time of grant equal to a percentage of the officer's base salary for the upcoming year. For 2018, the target long-term incentive award opportunities for the Named Executive Officers were not changed from the levels in place for 2017 and were set as follows:

	PSU (multiple of base salary)	Value of Target Grant	2018 Annual PSU Grant	Restricted Stock (multiple of base salary)	Value of Target Grant	2018 Annual RS Grant
Thomas B. Nusz	3.00	\$2,460,000	265,400	2.50	\$2,050,000	221,100
Taylor L. Reid	2.00	\$1,200,000	129,500	2.00	\$1,200,000	129,500
Michael H. Lou	2.00	\$960,000	103,600	2.00	\$960,000	103,600
Nickolas J. Lorentzatos	1.50	\$637,500	68,800	1.50	\$637,500	68,800

The Compensation Committee may determine to grant awards above or below the targeted opportunity level taking into account Company performance, current market conditions and any other factors it deems appropriate. In December 2017, the Compensation Committee approved 2018 long-term incentive awards at each executive officer's target award opportunity, but set a floor share price of \$9.00 for determining the value of the grants to our Named Executive Officers, thereby reducing the number of shares each such officer would have received if the Company's stock price was not above the \$9.00 threshold on the date of grant. In other words, the number of shares underlying restricted stock and PSUs granted would have been calculated using a grant date stock price of at least \$9.00 even if the actual stock price at grant was lower.

This way, lower stock prices would not result in a significant increase in the number of shares granted and pose a potential windfall opportunity. The floor price applied to grants to be made in January 2018 and was nearly \$0.70 higher than the stock price at the time of the Committee's action to approve the 2018 long-term incentive awards.

COMPENSATION DISCUSSION AND ANALYSIS

2018 Restricted Stock Awards

Restricted stock awards vest over a three-year period, provided the award recipient remains continuously employed through the applicable vesting dates. The first 1/3 tranche vested on January 24, 2019, the second 1/3 tranche will vest on January 24, 2020, and the final 1/3 tranche will vest on January 24, 2021 in each case, subject to the award recipient's continued employment. While a Named Executive Officer holds unvested shares of restricted stock, he is entitled to all the rights of ownership with respect to the shares, including the right to vote the shares and to receive dividends thereon, which dividends must be paid within 30 days of the date dividends are distributed to our shareholders generally.

2018 Performance Share Units

Our PSU awards serve to align the interests of our Named Executive Officers and shareholders by (i) making a portion of the executive's compensation dependent upon the Company's TSR as compared to a TSR comparator group and (ii) increasing the percentage of the executive's compensation which is directly tied to the Company's performance.

For 2018, PSUs made up nearly 40% of the targeted total compensation granted to our Chief Executive Officer and at least 30% of the targeted total compensation granted to our other Named Executive Officers, which means that 30% to 40% of such officers' targeted pay depends on the Company's relative TSR as compared to its peers over a specified performance period.

The TSR metric does not always reflect operating performance or the quality of our strategic execution since it can be influenced by economic factors outside of the control of the Company, management and the Board, such as, most significantly for our industry, the worldwide collapse and volatility of crude oil prices. Nevertheless, TSR is a metric that some shareholders value, and so we continue to base a significant portion of our Named Executive Officers' compensation on TSR through the issuance of PSU awards.

Performance Periods. The PSU awards for 2018 are subject to three distinct performance periods:

- a) a two-year performance period beginning on January 24, 2018 and ending on January 23, 2020 for the first 1/3 tranche of the PSUs;
- b) a three-year performance period beginning on January 24, 2018 and ending on January 23, 2021 for the second 1/3 tranche of PSUs; and
- c) a four-year performance period beginning on January 24, 2018 and ending on January 23, 2022 for the third 1/3 tranche of PSUs.

Depending on the relative TSR achieved by us, a Named Executive Officer may earn between 0% and 200% of the PSUs eligible to vest at the end of each applicable performance period. If less than 200% of the PSUs that are eligible to vest are earned at the end of the applicable performance period, then the unearned PSUs subject to that tranche will be forfeited and the award recipient will not have another opportunity to earn up to an aggregate of 200% of the initial PSUs granted.

Total Shareholder Return Comparator Group. The PSUs are subject to designated two-year, three-year, and four-year performance periods, each of which began on January 24, 2018. The number of PSUs eligible to be earned for each period is subject to a market performance condition, which is based on a comparison of the TSR achieved with respect to shares of our common stock against the TSR achieved by each company in the PSU comparator group, which consists of the following companies:

- Carrizo Oil & Gas, Inc.
- Energen Corp.
- Gulfport Energy Corp.
- Laredo Petroleum Inc.
- Range Resources Corporation
- RSP Permian, Inc.
- SM Energy Co.
- Whiting Petroleum Corporation
- WPX Energy, Inc.

- Newfield Exploration Company
- PDC Energy, Inc.
- QEP Resources Inc.
- The Standard & Poor's Oil & Gas Exploration & Production Select Industry Index, weighted as a single company

Please see "—Benchmarking and Peer Group" for additional information about the Company's 2018 Peer Group.

COMPENSATION DISCUSSION AND ANALYSIS

2018 Performance Share Unit TSR Targets. The number of earned PSUs for each performance period will be calculated based on a scale similar to the following, which may change depending on the number of peer companies remaining at the end of the applicable performance period:

Total Shareholder Return Rank	% Initial PSUs Eligible to Vest for Performance Period that will become Earned Performance Units	% Initial PSUs Eligible to Vest for Performance Period that will become Earned Performance Units	% Initial PSUs Eligible to Vest for Performance Period that will become Earned Performance Units
1	200%	200%	200%
2	185%	183%	182%
3	169%	167%	164%
4	154%	150%	145%
5	138%	133%	127%
6	123%	117%	109%
7	108%	100%	91%
8	92%	83%	73%
9	77%	67%	55%
10	62%	50%	36%
11	46%	33%	18%
12	31%	17%	—%
13	15%	—%	
14	—%		

A Named Executive Officer generally must remain employed during the entirety of the performance period to earn the PSUs, although certain accelerated vesting provisions apply in the case of certain termination events. See "—Potential Payments Upon Termination and Change in Control" for additional information regarding these provisions. With respect to each PSU held by a Named Executive Officer (up to the maximum number of PSUs), we will credit an account with an amount equal to any cash dividends paid on one share of stock. Amounts credited to the account will be paid at the same time and on the same terms and conditions applicable to the PSUs, but only with respect to PSUs that become earned.

Changes for 2019 PSU Awards

Beginning with the 2019 annual grant of PSUs, the Committee approved the following changes to the terms of the awards:

- added a TSR cap so that a Named Executive Officer cannot earn more than 100% of PSUs eligible to vest if the Company's absolute TSR is negative over the performance cycle, regardless of the Company's relative TSR performance;
- reduced to 0% the PSUs that will be earned at the end of a performance cycle where the Company's TSR rank falls in the bottom three of the PSU peer group;
- added a cap on the number of PSUs that may be earned if the Company's stock price is at least \$25 at the end of the performance cycle.

In making these changes, the Committee considered shareholder feedback, industry and peer company data, and evaluations by external consultants. The Committee strongly believes that shareholders are best served by a management team that is highly incentivized to deliver differentiating performance in a challenging industry-wide environment, including focusing on items that are within management's direct control, and the Committee will continue to monitor the design effectiveness of the long-term incentive awards in achieving the desired results.

Benchmarking and Peer Group

In order to attract, motivate and retain talented executive officers, we must ensure that our executive compensation program remains competitive with the types and ranges of compensation paid by our peer companies who compete for

the same executive talent. On an annual basis, the Committee reviews and discusses compensation data for our

39

COMPENSATION DISCUSSION AND ANALYSIS

Named Executive Officers as compared to compensation data for similarly situated executive officers at peer companies selected by the Committee.

For 2018, members of our management team met with representatives from Longnecker and our Compensation Committee in the fourth quarter of 2017 to select a group of companies that they consider a “peer group” for executive and director compensation analysis purposes. This peer group was then used for purposes of developing the recommendations presented to our Board of Directors for 2018 compensation packages for our executive officers and non-employee directors. The oil and gas companies that comprise this peer group were selected primarily because they (i) have similar annual revenue, assets, market capitalization or enterprise value as us and (ii) potentially compete with us for executive-level talent. In light of these considerations, the Committee approved the removal of Denbury Resources Inc. and EP Energy Corporation from the Company's peer group for 2018 because they no longer met the selection criteria.

2018 Peer Group. The 2018 peer group for compensation purposes consisted of:

- Carrizo Oil & Gas, Inc.
- Energen Corp.
- Gulfport Energy Corp.
- Laredo Petroleum, Inc.
- Newfield Exploration Company
- PDC Energy, Inc.
- QEP Resources Inc.
- Range Resources Corporation
- RSP Permian, Inc.
- SM Energy Co.
- Whiting Petroleum Corporation
- WPX Energy, Inc.

Like us, these companies are oil-weighted, unconventional oil and gas operators, and they are of a similar size and compete with us for talent.

Longnecker compiled compensation data for the peer group from a variety of sources, including proxy statements and other publicly filed documents. Longnecker also provided published survey compensation data from multiple sources. This compensation data was then used to compare the compensation of our Named Executive Officers to comparably titled persons at companies within our peer group and in the survey data, generally targeting base salaries and total direct compensation for our Named Executive Officers at the market 50th percentile of our peer group, and targeting annual cash and long-term incentives so that our Named Executive Officers will have the opportunity to realize in future years total direct compensation up to the market 75th percentile of our peer group based on Company performance. For example, with respect to PSU awards, a Named Executive Officer may earn up to 200% of the initial PSUs granted, if, at the end of the performance period, the Company's TSR ranking is first among the PSU comparator group. Please see “-2018 Performance Share Units.”

Employee Benefits

In addition to the elements of compensation previously discussed in this section, our Named Executive Officers are eligible for the same health, welfare and other employee benefits as are available to all our employees generally, which include medical and dental insurance, short and long-term disability insurance, a health and/or professional club subsidy and a 401(k) plan with a dollar-for-dollar match on the first 6% of eligible employee compensation contributed to the plan. In addition, the 401(k) plan permits the Board of Directors, in its discretion, to make an employer contribution for a plan year equal to a uniform percentage of eligible compensation for each active participant in the plan, including our Named Executive Officers, subject to applicable IRS limitations. While the Board of Directors has made such contributions in prior years, the Board determined not to make such a contribution in 2018. We do not sponsor any defined benefit pension plan or nonqualified deferred compensation arrangements at this time.

The general benefits offered to all employees (and thus to our Named Executive Officers) are reviewed by our Compensation Committee each year. Currently, we provide our Named Executive Officers with limited perquisites, including certain parking and transportation benefits and payment of health club dues. Benefits offered only to Named Executive Officers are reviewed by our Compensation Committee in conjunction with its annual review of executive

officer compensation.

COMPENSATION DISCUSSION AND ANALYSIS

Setting Executive Officer Compensation

Role of the Compensation Committee. Our independent Compensation Committee makes all compensation decisions related to our Named Executive Officers and oversees a rigorous process to evaluate progress toward performance goals, monitor external trends, measure competitiveness and determine compensation outcomes. The Committee meets at least once per calendar quarter, with standing agenda items that support a disciplined process and address the responsibilities outlined in the Committee's charter.

As discussed in greater detail throughout this CD&A, our Compensation Committee met numerous times during 2018 to review and discuss executive compensation matters with respect to 2018. Each year, at its December meeting, the Committee considers a range of information to determine the appropriate performance-based annual cash incentive awards for our Named Executive Officers for the current year, including:

- Company performance relative to the Company's performance goal guidelines established by the Board at the beginning of the year;

- Company performance relative to the Company's operational, financial and strategic initiatives established at the beginning of the year; and

- The current year's economic environment, commodity price fluctuations and other unforeseen influences (adverse or beneficial) that should be considered in the Committee's evaluation of company and individual officer performance.

In addition, at its December meeting, the Committee also evaluates and approves the structure of our compensation program for the following year. For 2018, our compensation structure, including salaries and related annual performance-based cash incentive award and long-term equity-based incentive compensation opportunity targets, generally remained unchanged from 2017, with the exception of Mr. Lorentzos's salary, which was increased as noted above.

Our Compensation Committee generally intends to target approximately the market 50th percentile for base salary and total direct compensation within our peer group and to structure our annual cash and long-term incentives to provide our executive officers with an opportunity to earn up to a maximum of approximately the market 75th percentile for total direct compensation, in recognition of exceptional Company and individual performance. To date, we have not paid the maximum possible cash incentive award which would be necessary to achieve total direct compensation near the 75th percentile, to any executive officer in any year since our initial public offering in 2010. See "-Benchmarking and Peer Group" above.

Our Compensation Committee does review survey information as a frame of reference, taking into consideration factors such as the age of the data in the survey, the particular officer's contribution to our financial performance and condition, as well as such officer's qualifications, skills, experience and responsibilities. Our Compensation Committee also considers such factors as industry shortages of qualified employees for such positions, recent experience in the marketplace, and the elapsed time between the surveys used and when compensation decisions are made. In light of these qualitative and other considerations, the base salary and total direct compensation of a particular officer may be greater or less than the market 50th percentile and total potential direct compensation may be greater or less than the market 75th percentile and, in any event, our Compensation Committee recognizes that the compensation of certain of our executive officers whose base salary and total direct compensation are currently less than the market 50th percentile may continue to build to these targeted levels.

Role of the Chief Executive Officer and Other Officers. The Compensation Committee considers input from Mr. Nusz, our Chief Executive Officer, Mr. Reid, our President and Chief Operating Officer, and Mr. Lou, our Chief Financial Officer, regarding our executive compensation structure and the individual compensation levels for each executive officer, including themselves. Our CEO and his officer team also provide information to the Committee regarding the performance of the Company and the attainment of the Company's performance goals for the Committee's determination of annual performance-based cash incentive awards. The Committee makes the final

determination of Named Executive Officer compensation.

Role of the Compensation Consultant. Our Compensation Committee's charter grants the Committee the sole authority to retain, at our expense, outside consultants or experts to assist in its duties. For 2018, our Compensation

COMPENSATION DISCUSSION AND ANALYSIS

Committee engaged Longnecker & Associates to advise it with respect to executive compensation matters, including development of the annual compensation peer group and an annual review and evaluation of our executive and director compensation packages generally, based on, among other things, survey data and information regarding general trends. Representatives from Longnecker periodically meet with our Compensation Committee throughout the year and advise our Compensation Committee with regard to general trends in director and executive compensation, including:

- competitive benchmarking;
- incentive plan design;
- peer group selection; and
- other trends and developments affecting executive compensation.

In addition, Longnecker provides our Compensation Committee and management with survey compensation data regarding our compensation peer group for each fiscal year.

Independence of Compensation Consultant. In selecting Longnecker as its independent compensation consultant, the Compensation Committee assessed the independence of Longnecker pursuant to SEC rules and considered, among other things:

- whether Longnecker provides any other services to us;
- the policies of Longnecker that are designed to prevent any conflict of interest between Longnecker, the Compensation Committee and us
- any personal or business relationship between Longnecker and a member of the Compensation Committee or one of our executive officers; and
- whether Longnecker owns any shares of our common stock.

The terms of Longnecker's engagement are set forth in an engagement agreement that provides, among other things, that Longnecker is engaged by, and reports only to, the Compensation Committee and will perform the compensation advisory services requested by the Compensation Committee. Longnecker does not provide any other services to the Company, and the Compensation Committee has concluded that we do not have any conflicts of interest with Longnecker.

Among the services Longnecker was asked to perform were:

- assessing the relationship between executive pay and performance;
- apprising the Compensation Committee of compensation-related trends, developments in the marketplace and industry best practices;
- informing the Compensation Committee of compensation-related regulatory developments;
- providing peer group survey data to establish compensation ranges for the various elements of compensation;
- providing an evaluation of the competitiveness of the Company's executive and director compensation and benefits programs; and
- advising on the design of the Company's incentive compensation programs.

Employment Agreements

General Philosophy. During 2018, we had employment agreements in effect with Messrs. Nusz, Reid, Lou and Lorentzos. These employment agreements are designed to ensure an individual understanding of how the employment relationship may be extended or terminated, the compensation and benefits that we provide during the term of employment and the obligations each party has in the event of termination of the officer's employment. In consultation with our compensation consultant, Longnecker, we determined that, due to the historical roles they have played in our success and growth, Messrs. Nusz and Reid are critical to the ongoing stability and development of the business and, therefore, entering into employment agreements with these individuals was advisable. In addition, in

light of Mr. Lou's promotion to Executive Vice President and Chief Financial Officer in 2011 and Mr. Lorentzos's promotion to Executive Vice President, General Counsel and Corporate Secretary in 2014, we determined that it was in our best interest to enter into an employment agreement with each of these officers in recognition of their level of responsibility within our organization; however, we have not entered into employment agreements with any of our other employees, and we expect the remainder of our employees to remain "at will."

COMPENSATION DISCUSSION AND ANALYSIS

Current Employment Agreements. In 2018, we amended and restated the employment agreements with each of our Named Executive Officers, effective March 20, 2018, in each case, to provide a term of three years that ends on March 20, 2021 and may be renewed upon agreement between us and the executive prior to the end of the term. None of the amended employment agreements, nor the previous agreements in effect in 2018, contains an automatic extension provision.

What the employment agreements do. The employment agreements provide for specified minimum annual base salary rates, which may be increased (but not decreased) by our Board of Directors in its discretion. The employment agreements also provide that the executives are eligible to receive annual performance-based bonuses each year during the employment term. Further, the employment agreements provide the executives with the opportunity to participate in the employee benefit arrangements offered to similarly situated executives and provide that they may periodically receive stock grants pursuant to our long-term incentive compensation plan.

The employment agreements also provide for severance and change in control benefits to be paid to Messrs. Nusz, Reid, Lou and Lorentzos under certain circumstances and certain post-termination non-compete, non-disclosure and similar obligations. We believe that the interests of our shareholders are best served if we provide separation benefits to eliminate, or at least reduce, the reluctance of executive officers and other key employees to pursue potential corporate transactions that may be in the best interests of our shareholders, but that may have resulting adverse consequences to the employment situations of our executive officers and other key employees. Further, these arrangements ensure an understanding of what benefits are to be paid in the event of termination of employment in certain specified circumstances and/or upon the occurrence of a change in control. Severance benefits are provided to reflect the fact that it may be difficult for executive officers to find comparable employment within a short period of time if they are involuntarily terminated. Change in control benefits are provided in order that the executives may objectively assess and pursue aggressively our interests and the interests of our shareholders with respect to a contemplated change in control, free from personal, financial and employment considerations.

The employment agreements also contain “clawback” provisions that enable us to recoup any compensation that is deemed incentive compensation if required by any law, government regulation, stock exchange listing requirement, or Company policy adopted as required by such law, government regulation, or stock exchange listing requirement.

What the employment agreements do not do. As was the case with the previous employment agreements, the current employment agreements with our Named Executive Officers do not provide for (i) an automatic extension of the term of the agreement or (ii) potential tax gross up payments if a covered executive receives golden parachute payments in connection with a change in control. Instead, the employment agreements include provisions providing that the executive will be required to pay in full any excise taxes associated with any golden parachute payments received, unless reducing the payments to the executive within the Section 280G safe harbor amount would put the executive in a better net after-tax position. In addition, in connection with the 2015 amendments, we removed the provision in the employment agreements providing for the automatic single trigger vesting of unvested equity awards upon the occurrence of a “change in control” (as defined in the LTIP). This provision has been replaced with a double trigger vesting provision, in the event that certain terminations of employment occur within a two-year period following a “change in control,” consistent with best market practices.

Clawback Policy

Currently, our equity-based incentive compensation awards and the employment agreements with our Named Executive Officers contain the following provisions for the recoupment of incentive compensation:

Restricted stock and PSU agreements covering grants made to our Named Executive Officers and other service providers in 2011 and later years include language providing that the award may be cancelled and the award recipient may be required to reimburse us for any realized gains to the extent required by applicable law or any clawback policy

that we adopt.

The LTIP and the Incentive Plan include provisions specifying that awards under those arrangements are subject to any clawback policy we adopt.

The employment agreements described in more detail under "-Employment Agreements" above contain a clawback provision that enables us to recoup any compensation that is deemed incentive compensation if required by any law, government regulation, stock exchange listing requirement, or Company policy adopted as required by such law, government regulation, or stock exchange listing requirement.

COMPENSATION DISCUSSION AND ANALYSIS

Our Compensation Committee is currently evaluating the practical, administrative and other implications of implementing and enforcing a clawback policy, and intends to adopt a clawback policy in compliance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 once final rules are promulgated by the SEC.

Tax and Accounting Considerations

Section 162(m) of the Code, generally imposes a \$1 million limit on the amount of compensation paid to certain executive officers that a public corporation may deduct for federal income tax purposes in any tax year. While we will continue to monitor our compensation programs in light of the deduction limitation imposed by Section 162(m) of the Code, our Compensation Committee considers it important to retain the flexibility to design compensation programs that are in the long-term best interests of the Company and of our shareholders. As a result, the Compensation Committee may conclude that paying compensation that is nondeductible under Section 162(m) of the Code is appropriate. Under prior law, there was an exception to the \$1 million deduction limitation for compensation that meets the requirements of “qualified performance-based compensation.” However, pursuant to the “Tax Cuts and Jobs Act,” this exception has been eliminated for tax years after 2017, subject to limited transition relief that applies to certain arrangements in place as of November 2, 2017. Accordingly, no assurance can be given that awards paid in 2018 and later years that were originally intended to qualify for the “qualified performance-based compensation” exception will in fact be deductible.

If an executive is entitled to nonqualified deferred compensation benefits that are subject to Section 409A of the Internal Revenue Code, and such compensation does not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture and are subject to certain additional adverse tax consequences. We intend to design any such arrangements with our Named Executive Officers and other service providers to be exempt from, or to comply with, Section 409A.

All equity awards to our employees, including our Named Executive Officers, and to our directors will be granted and reflected in our consolidated financial statements, based upon the applicable accounting guidance, at fair market value on the grant date in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”), Topic 718, “Compensation-Stock Compensation.”

Compensation Practices as They Relate to Risk Management

We believe our compensation programs do not encourage excessive and unnecessary risk taking by our executive officers (or other employees) and are not reasonably likely to have a material adverse effect on us. Because our Compensation Committee retains the ability to apply discretion when determining the actual amount to be paid to executives pursuant to our annual performance-based cash incentive program, our Compensation Committee is able to assess the actual behavior of our executives as it relates to risk taking in awarding cash incentive amounts. Further, our use of long-term equity-based compensation serves our compensation program’s goal of aligning the interests and objectives of our executives with those of our shareholders, thereby reducing the incentives to unnecessary risk taking.

(1) Reflects the base salary earned by each Named Executive Officer during the fiscal year indicated.

(2) Reflects the aggregate grant date fair value of restricted stock awards and PSUs granted under our LTIP in the fiscal year indicated, computed in accordance with FASB ASC Topic 718, and does not necessarily reflect the actual value that may be realized by the executive. See Note 15 to our consolidated financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2018 for additional detail regarding assumptions underlying the value of these equity awards. For fiscal year 2018, the grant date fair value for restricted stock awards is based on the closing price of our common stock on January 24, 2018, the grant date for those awards, which was \$9.27 per share. The grant date fair value for the PSUs granted on January 24, 2018 was calculated based on the initial number of PSUs granted at a weighted average grant date fair value price per unit of \$12.71, as computed using a Monte Carlo simulation model in accordance with FASB ASC Topic 718. Assuming that the highest level of the performance condition is achieved, the grant date fair value for these awards would have been: for Mr. Nusz – \$6,746,468, Mr. Reid – \$3,291,890, Mr. Lou – \$2,633,512, and Mr. Lorentzatos – \$1,748,896.

(3) In May 2017, Messrs. Nusz, Reid, Lou, and Lorentzatos, along with other officers and management employees, were each issued Class B Units in OMP GP LLC, all of which were unvested as of December 31, 2018. We believe that, despite the fact that the Class B Units do not require the payment of an exercise price, they are most similar economically to stock options, and as such, they are properly classified as "options" under the definition provided in Item 402(a)(6)(i) of Regulation S-K as an instrument with an "option-like feature." As discussed under

"Executive Compensation—Potential Payments Upon Termination and Change in Control—OMP GP LLC Class B Units" in this proxy statement, the Class B Units in OMP GP LLC are intended to constitute "profits interests" for federal tax purposes and are not traditional options. Amounts included in this column reflect the grant date fair value of the Class B Units, calculated in accordance with FASB ASC Topic 718.

For fiscal year 2018, reflects amounts earned for services performed in 2018 pursuant to the annual (4) performance-based cash incentive awards granted to the Named Executive Officers under the Incentive Plan. The amounts reported in the table were paid to the Named Executive Officers in February 2019. The

awards are described in more detail above under "—Compensation Discussion and Analysis—2018 Executive Compensation Decisions—Annual Performance-Based Cash Incentive Awards."

(5) The following items are reported in the "All Other Compensation" column for fiscal year 2018:

Name	Parking	401(k) Plan Match	Tax Reimbursement(a)	Total
Thomas B. Nusz	\$ 4,008	\$ 16,500	\$ 11,361	\$ 31,869
Taylor L. Reid	\$ 4,008	\$ 16,500	\$ 2,045	\$ 22,553
Michael H. Lou	\$ 4,008	\$ 16,500	\$ 1,606	\$ 22,114
Nickolas J. Lorentzatos	\$ 4,008	\$ 16,500	—	\$ 20,508

(a) Represents tax payments made in respect of imputed income for executives and persons accompanying executives on a Company-contracted aircraft for business entertainment purposes. No incremental cost was incurred by the Company for travel by accompanying persons. The Company does not allow Company-contracted aircraft to be used for personal travel; however, in limited circumstances, we have permitted an executive's family member to accompany the executive on a flight when the executive is traveling for business.

Grants of Plan-Based Awards

The following table sets forth information concerning grants of plan-based awards to each of our Named Executive Officers under the LTIP during fiscal year 2018.

(1) Represents annual performance-based cash incentive awards granted under the Incentive Plan during fiscal year 2018 for services performed in 2018. The awards were paid at the "target" level for each Named Executive Officer,

as reported in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table for 2018. The awards (including performance goals and targets) are described in more detail above under “—Compensation Discussion and Analysis—Annual Performance-Based Cash Incentive Awards.”

EXECUTIVE COMPENSATION

Reflects PSUs granted under our LTIP in 2018. Amounts reported (a) in the “Threshold” column reflect 15% of the initial number of PSUs granted in 2018, which is the minimum amount payable under the PSU awards (assuming a TSR rank of 13th of 14 peers), (b) in the “Target” column reflect 108% of the initial number of PSUs granted in 2018, which is the target amount payable under the PSU awards (assuming a TSR rank of 7th of 14 peers), and (c) in the “Maximum” column reflect 200% of the initial number of PSUs granted in 2018, which is the maximum amount that may be earned pursuant to the awards (assuming a TSR rank of 1st of 14 peers). If relative TSR is (2) below the 15th percentile, then 0% of the initial number of PSUs granted in 2018 will be earned. The number of our common shares actually received by the Named Executive Officer at the end of each designated performance period may vary from the initial number allocated to that period, based on our relative TSR as compared to the TSR of the other peer group companies. The PSUs are subject to designated two-year, three-year, and four-year performance periods, each of which began on January 24, 2018. The PSUs (including performance goals and targets) are described in more detail above under “—Compensation Discussion and Analysis—2018 Executive Compensation Decisions—Long-Term Equity-Based Incentives.”

Reflects restricted stock awards granted under our LTIP in 2018. These awards will vest over a three-year period. The first 1/3 tranche vested on January 24, 2019, the second 1/3 tranche will vest on January 24, 2020, and the (3) final 1/3 tranche will vest on January 24, 2021, in each case, subject to the Named Executive Officer's continued employment. The awards are described in more detail above under “—Compensation Discussion and Analysis—2018 Executive Compensation Decisions—Long-Term Equity-Based Incentives.”

Reflects the aggregate grant date fair value of restricted stock awards and PSUs granted under our LTIP in the fiscal year indicated, computed in accordance with FASB ASC Topic 718, and does not necessarily reflect the actual value that may be realized by the executive. See Note 15 to our consolidated financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2018 for additional detail regarding (4) assumptions underlying the value of these equity awards. For fiscal year 2018, the grant date fair value for restricted stock awards is based on the closing price of our common stock on January 24, 2018, the grant date for those awards, which was \$9.27 per share. The grant date fair value for the PSUs granted on January 24, 2018 was calculated based on the initial number of PSUs granted at a weighted average grant date fair value price per unit of \$12.71, as computed using a Monte Carlo simulation model in accordance with FASB ASC Topic 718.

Nickolas J. Lorentzatos	17,820	26,400	25,000	68,800	138,020

(a) The shares subject to the One-Time Retention Grant vest in full on the earlier to occur of a change in control or the Named Executive Officer's termination of employment due to death or disability, by us without cause, by the executive for good reason, or upon retirement (upon attaining age 60 and continuous employment from the date of grant until the third anniversary of the grant date of the award).

(b) The shares subject to the 2016 Annual Award vest in three substantially equal annual installments. The first 1/3 tranche vested on January 20, 2017. The second tranche vested on January 20, 2018 and the final tranche vested on January 20, 2019. The accelerated vesting provisions applicable to these awards are described below under "—Potential Payments upon Termination and Change in Control."

(c) The shares subject to the 2017 Annual Award vest in three substantially equal annual installments. The first 1/3 tranche vested on January 12, 2018. The second tranche vested on January 12, 2019 and the final tranche will vest on January 12, 2020. The accelerated vesting provisions applicable to these awards are described below under "—Potential Payments upon Termination and Change in Control."

(d) The shares subject to the 2018 Annual Award vest in three substantially equal annual installments. The first 1/3 tranche vested on January 24, 2019. The second tranche will vest on January 24, 2020 and the final tranche will vest on January 24, 2021. The accelerated vesting provisions applicable to these awards are described below under "—Potential Payments upon Termination and Change in Control."

Edgar Filing: Oasis Petroleum Inc. - Form DEF 14A

For the PSU awards granted in 2015, 2016, 2017, and 2018, reflects the initial number of PSUs granted to each of the Named Executive Officers on the date indicated, multiplied by the performance level percentage indicated, which in accordance with SEC rules is the next higher performance level for each award that exceeds 2018 performance. The number of shares reported in the table above are shown for PSUs granted:

On January 15, 2015, at a performance level of 125% applied to the following initial number of PSUs:

(a) Mr. Nusz—132,260, (b) Mr. Reid—53,760, (c) Mr. Lou—45,160, and (d) Mr. Lorentzos—29,030. The initial performance period for these awards commenced on January 15, 2015 and ended on January 14, 2018.

EXECUTIVE COMPENSATION

On January 20, 2016, at a performance level of 133% applied to the following initial number of PSUs: (a) Mr. Nusz—336,400, (b) Mr. Reid—143,300, (c) Mr. Lou—120,400, and (d) Mr. Lorentzatos—79,200. The designated performance periods for these awards each commenced on January 20, 2016 and end on January 19, 2018, 2019, and 2020.

On January 12, 2017, at a performance level of 106% applied to the following initial number of PSUs: (a) Mr. Nusz—161,700, (b) Mr. Reid—78,900, (c) Mr. Lou—63,100, and (d) Mr. Lorentzatos—37,500. The designated performance periods for these awards each commenced on January 12, 2017 and end on January 11, 2019, 2020, and 2021.

On January 24, 2018, at a performance level of 120% applied to the following initial number of PSUs: (a) Mr. Nusz—265,400, (b) Mr. Reid—129,500, (c) Mr. Lou—103,600, and (d) Mr. Lorentzatos—68,800. The designated performance periods for these awards each commenced on January 24, 2018 and end on January 23, 2020, 2021, and 2022.

Vesting of the PSUs is contingent upon continuous active employment with us at the end of the applicable performance period and the level of achievement of the TSR vesting objective. See “—Compensation Discussion and Analysis—2018 Executive Compensation Decisions—Long-Term Equity-Based Incentives” above for more information.

This column reflects the closing price of our common stock on December 31, 2018 (the last trading day of fiscal (4) year 2018), which was \$5.53, multiplied by a number of PSUs based on the performance level percentage indicated in footnote (3) with respect to each PSU award.

We believe that, despite the fact that the Class B Units do not require the payment of an exercise price, they are most similar economically to stock options, and as such, they are properly classified as “options” under the definition provided in Item 402(a)(6)(i) of Regulation S-K as an instrument with an “option-like feature.” As of December 31, 2018, these Class B Units were unvested, and Messrs. Nusz, Reid, Lou, and Lorentzatos were not eligible to (5) receive distributions from OMP GP. The Class B Units will vest on the tenth anniversary of the date of grant, which was May 22, 2017, contingent on continuous service through such anniversary date; and such officers will be eligible to receive distributions from OMP GP on the second anniversary of the date of grant, including distributions paid for periods prior to such anniversary (see “Executive Compensation—Potential Payments Upon Termination and Change in Control—OMP GP LLC Class B Units”).

(6) The Class B Units are not traditional options and, therefore, there is no exercise price or expiration date associated with them.

(a) The final 1/3 tranche of shares subject to the 2015 Annual Award vested on January 15, 2018.

(b) The second 1/3 tranche of shares subject to the 2016 Annual Award vested on January 20, 2018.

(c) The first 1/3 tranche of shares subject to the 2017 Annual Award vested on January 12, 2018.

The performance period for the PSUs granted in 2015 ended on January 14, 2018. On February 20, 2018, the Compensation Committee determined that 75% of the initial performance units had been earned and authorized settlement of such number of the initial performance units in the form of shares for each Named Executive Officer.

The 2-year performance period for the PSUs granted in 2016 ended on January 19, 2018. On February 20, 2018, the Compensation Committee determined that 133% of the first third of the initial performance units had been earned and authorized settlement of such number of the initial performance units in the form of shares for each Named Executive Officer.

(2) The value realized upon vesting of restricted stock or PSUs, as applicable, is based on the following:

- A closing price per share of our common stock of \$9.27 for shares that vested on January 15, 2018;
- A closing price per share of our common stock of \$8.84 for shares that vested on January 20, 2018; and
- A closing price per share of our common stock of \$9.27 for shares that vested on January 12, 2018.
- A closing price per share of our common stock of \$8.06 for shares that vested on March 1, 2018.

Pension Benefits

Other than our 401(k) plan, we do not have any plan that provides for payments or other benefits at, following, or in connection with, retirement.

Non-Qualified Deferred Compensation

We do not have any plan that provides for the deferral of compensation on a basis that is not tax qualified.

EXECUTIVE COMPENSATION

Potential Payments Upon Termination and Change in Control

Employment Agreements. In March 2018, we entered into amended and restated employment agreements with each of Messrs. Nusz, Reid, Lou and Lorentzatos (the "Employment Agreements") upon the expiration of their prior employment agreements with us. The Employment Agreements contain provisions regarding payments to be made to such individuals upon termination of their employment in certain circumstances, including in connection with a change in control. They have a fixed three-year term and generally the same material terms as the prior employment agreements.

Under the Employment Agreements, upon any termination of employment, the Named Executive Officers are entitled to receive (i) accrued but unpaid salary, (ii) any unpaid annual performance bonus earned for the calendar year prior to the year in which the Named Executive Officer terminates, (iii) reimbursement of eligible expenses and (iv) any employee benefits due pursuant to their terms (collectively, the "Accrued Payments").

Death or Disability. If any of Messrs. Nusz, Reid, Lou or Lorentzatos is terminated due to death or "disability," then the Named Executive Officers will be entitled to receive the following amounts: (i) the Accrued Payments, (ii) a pro-rata portion of the annual performance bonus for the calendar year of termination, (iii) an amount equal to 12 months' worth of the Named Executive Officer's base salary, payable in a lump sum within 60 days following termination, and (iv) an amount equal to 18 months' worth of COBRA premiums, if the Named Executive Officer elects and remains eligible for COBRA, payable in a lump sum within 60 days following termination.

Termination Other Than for Cause or Good Reason. If we terminate the employment of any of Messrs. Nusz, Reid, Lou or Lorentzatos for reasons other than "cause" (including if we do not elect to renew the Employment Agreement with the Named Executive Officer), or if the Named Executive Officer terminates employment for "good reason," and, in each case, such termination is not on or within two years following a "change in control," then the Named Executive Officer will be entitled to receive the following amounts: (i) the Accrued Payments, (ii) a pro-rata portion of the annual performance bonus for the calendar year of termination; (iii) an amount equal to the sum of (a) the aggregate amount of base salary payable for the remainder of the employment term (or, if greater, an amount equal to 12 months' worth of the Named Executive Officer's base salary for Messrs. Lou and Lorentzatos and 24 months' worth of base salary for Messrs. Nusz and Reid), plus (b) the aggregate of the product of (x) the Named Executive Officer's base salary as of the date of termination and (y) the target bonus percentage specified in such Named Executive Officer's Employment Agreement (or such higher percentage specified by the Board with respect to the calendar year in which the date of termination occurs) calculated for each full and partial calendar year remaining in the term of the Employment Agreement (or, if greater, an amount equal to one times the product of (x) and (y) for Messrs. Lou and Lorentzatos and two times the product of (x) and (y) for Messrs. Nusz and Reid), payable in equal monthly installments (with amounts in excess of certain limitations under Section 409A of the Internal Revenue Code payable in a lump sum within 60 days); plus (c) an amount equal to 18 months' worth of COBRA premiums; and (iv) accelerated vesting of all outstanding equity awards (except as otherwise provided in the applicable award agreements). Severance amounts, other than the pro-rata bonus amount, are subject to the Named Executive Officer's delivery to us (and nonrevocation) of a release of claims within 50 days of his termination date.

Change in Control. Under the Employment Agreements, in the event that a Named Executive Officer's employment is terminated by the Company without "cause" (including if we do not elect to renew the Employment Agreement with the Named Executive Officer) or by the Named Executive Officer for "good reason", in each case, on or within two years following a "change in control," then the Named Executive Officer will be entitled to receive the following amounts: (i) the Accrued Payments, (ii) an amount equal to 2.99 times the sum of (a) the Named Executive Officer's annualized base salary, (b) the Named Executive Officer's target annual performance bonus as of the date of termination, or, if greater, the average performance bonus paid or payable to the Named Executive Officer for the two calendar years preceding the date of termination (or, under the 2018 amended and restated Employment Agreements, preceding the change in control), (iii) an amount equal to 18 months' worth of COBRA premiums, (iv) full vesting of all outstanding unvested equity awards (except as otherwise provided in the applicable award agreements), and (v) under the 2018 amended and restated Employment Agreements, a pro-rata portion of the Named Executive Officer's target annual

performance bonus as of the date of termination. Additionally, prior to the 2018 amendment and restatement, the Employment Agreements provided that in the event of such a termination, the Named Executive Officer would be entitled to receive the greater of the payments and benefits described in the preceding sentence and the payments and benefits described in the preceding paragraph.

EXECUTIVE COMPENSATION

No Gross Up Payments. In the event any payments made pursuant to the Employment Agreements in connection with a change in control would result in a Named Executive Officer receiving golden parachute payments that are subject to excise tax under Section 280G and 4999 of the Internal Revenue Code, we will not provide any gross-up payment for such excise taxes. Instead, the Employment Agreements provide that any golden parachute payments will be paid to the Named Executive Officer in full (with the Named Executive Officer responsible for paying in full any related excise tax liability), unless reducing the amount of such payments to \$1 less than the 280G safe harbor amount would result in a better net after tax position for the Named Executive Officer. Generally, the 280G safe harbor amount is equal to three times the Named Executive Officer's average annual compensation from us for the preceding five years, or such lesser period during which the Named Executive Officer was employed by us.

Messrs. Nusz, Reid, Lou and Lorentzatos are subject to certain confidentiality, noncompete and nonsolicitation provisions contained in the Employment Agreements. The confidentiality covenants are perpetual, while the noncompete and nonsolicitation covenants apply during the term of the Employment Agreements and for 12 months following the Named Executive Officer's termination date, except that the latter covenants will cease to apply if the Named Executive Officer is terminated for any reason on or after a change in control.

Amended and Restated Annual Incentive Compensation Plan. Under our Incentive Plan, upon the occurrence of a "change in control," participants (including our Named Executive Officers) will receive the target annual cash bonus award amount that the participant is eligible to earn for the calendar year in which the "change in control" occurs, payable within 30 days after the date of the "change in control."

Applicable Definitions. For purposes of the Employment Agreements and the Incentive Plan, as applicable (in each case, as of December 31, 2018), the terms listed below are defined as follows:

(i) "cause" means (a) the Named Executive Officer has been convicted of a misdemeanor involving moral turpitude or a felony, (b) the Named Executive Officer has engaged in grossly negligent or willful misconduct in performing his duties, which has a material detrimental effect on us, (c) the Named Executive Officer has breached a material provision of the Employment Agreement or the Incentive Plan, as applicable, (d) the Named Executive Officer has engaged in conduct that is materially injurious to us or (e) the Named Executive Officer has committed an act of fraud. Under the Employment Agreements, Messrs. Nusz, Reid, Lou and Lorentzatos will have a limited period of 30 days to cure events (except in the case of a cause event described in clause (a) above).

(ii) "change in control" means (a) a person acquires 50% or more of our outstanding stock or outstanding voting securities, subject to certain limited exceptions, (b) individuals who serve as board members on the effective date of the Employment Agreements or the Incentive Plan, as applicable (or who are subsequently approved by a majority of such individuals), cease for any reason to constitute at least a majority of our Board of Directors, (c) consummation of a reorganization, merger, consolidation or a sale of all or substantially all of our assets, subject to certain limited exceptions, or (d) approval by our stockholders of a complete liquidation or dissolution.

(iii) "disability" means the Named Executive Officer's inability to perform essential functions with or without reasonable accommodation, if required by law, due to physical or mental impairment.

(iv) "good reason" means, without the Named Executive Officer's express written consent, (a) a material breach by us of the Employment Agreement or of our obligations under the Incentive Plan, as applicable, (b) a material reduction in the Named Executive Officer's base salary or target performance bonus opportunity, (c) the failure by the Company to continue to provide the Named Executive Officer with the opportunity to participate in any material equity incentive compensation plan in which the Named Executive Officer was participating as of the effective date of the Employment Agreement (or any comparable successor plan), (d) a material diminution in the Named Executive Officer's authority, status, title, position, duties or responsibilities, (e) the assignment to the Named Executive Officer of any duties or responsibilities that are materially inconsistent with such status, title, position or responsibilities, (f) a change in the geographic location where the Named Executive Officer must normally perform services by more than 50 miles or (e) a requirement that the Named Executive Officer report to an employee instead of to our Board of Directors (for Mr. Nusz), or a material reduction in the authority, status, title, position, duties or responsibilities of the person to whom the Named Executive Officer reports (for all other Named Executive Officers). The Named Executive

Officer must notify us within 60 days of the occurrence of any such event and we have 30 days following notice to cure.

EXECUTIVE COMPENSATION

Restricted Stock Awards. Our Named Executive Officers each hold outstanding awards of restricted stock under our LTIP as previously described in the section above entitled “—Compensation Discussion and Analysis—2018 Executive Compensation Decisions—Long-Term Equity-Based Incentives.” The vesting of the restricted stock awards will accelerate in full if a Named Executive Officer’s employment is terminated due to either death or disability. In addition, the awards are subject to the accelerated vesting provisions contained in the Employment Agreements, which are described above under “—Employment Agreements.”

Certain restricted stock awards granted to the Named Executive Officers vest only upon the earliest to occur of a change in control or termination of employment due to death, disability, termination without cause or for good reason or retirement (after attaining age 60 and completing three years of service with us following the grant date of the award). None of our Named Executive Officers is currently eligible to retire for these purposes.

For purposes of all outstanding restricted stock awards, “disability,” “cause,” “good reason” and “change in control” have generally the same meaning as set forth above with respect to the Employment Agreements.

Performance Share Unit Awards. Our Named Executive Officers each hold outstanding awards of PSUs under our LTIP as previously described in the section above entitled “—Compensation Discussion and Analysis—2018 Executive Compensation Decisions—Long-Term Equity-Based Incentives.” These PSUs contain certain accelerated vesting provisions in the event certain specified events occur prior to the end of the applicable performance period.

Death or Disability. If a Named Executive Officer’s employment is terminated due to death or disability, a Named Executive Officer will be deemed to have earned a number of PSUs equal to 200% of the initial number of PSUs awarded.

Without Cause or For Good Reason. If a Named Executive Officer’s employment is terminated by us without cause or by the Named Executive Officer for good reason, a Named Executive Officer will be deemed to have earned, as of the end of the applicable performance period, the number of PSUs that the Named Executive Officer would have earned if he had remained employed through the end of such performance period.

Change in Control. If a “change in control” occurs, a Named Executive Officer will be deemed to have earned the number of PSUs he would have earned at the end of the performance period, assuming that the performance period ended on the date the change in control occurs and the determination of the extent to which the TSR vesting objective has been reached will be based on the value per share received in the “change in control” transaction.

For purposes of the PSUs, “disability,” “cause,” “good reason” and “change in control” generally have the same meaning as set forth above with respect to the Employment Agreements.

OMP GP LLC Class B Units. OMP GP, the general partner of OMP, our midstream MLP, holds 100% of the incentive distribution rights of OMP. These incentive distribution rights entitle OMP GP to an increasing share of distributions made by OMP once certain return thresholds have been achieved by OMP. On May 22, 2017, OMP GP issued Class B Units to certain of our employees, including our Named Executive Officers, as consideration for their services to the Company and to facilitate the long-term retention of key management personnel. Consequently, the Class B Units will not become fully vested until the tenth anniversary of the date of grant. Contingent upon continuous service through the second anniversary of the date of grant, holders of Class B Units will be eligible to receive distributions from OMP GP, including distributions paid for periods prior to such anniversary, that result from distributions by OMP on the OMP incentive distribution rights held by OMP GP. As of December 31, 2018, the Class B Units were unvested, and Messrs. Nusz, Reid, Lou, and Lorentzatos were not eligible to receive distributions from OMP GP. The Class B Units are intended to constitute “profits interests” for federal tax purposes and are not traditional options.

The Class B Units represent 10% of the outstanding units of OMP GP, and our Named Executive Officers own, collectively, 45% of the Class B Units. These awards contain certain forfeiture and accelerated vesting provisions in the event specified events occur prior to the tenth anniversary of the date of grant.

Death or Disability. If a Named Executive Officer’s employment is terminated due to death or disability, all restricted Class B Units will be subject to OMP GP’s right to call the restricted Class B Units at their fair market value.

EXECUTIVE COMPENSATION

Without Cause or For Good Reason. If a Named Executive Officer's employment is terminated without cause or for good reason, all restricted Class B Units will be subject to OMP GP's right to call the restricted Class B Units at their fair market value.

For Cause. Upon a termination for Cause, all Class B Units, whether or not vested, will be forfeited by the grantee.

Without Good Reason. If a Named Executive Officer resigns without good reason, the recipient may forfeit a certain number of the restricted Class B Units granted. Those Class B Units not forfeited will be subject to OMP GP's right to call such units at fair market value. The number of Class B Units forfeited is determined by reference to the number of anniversaries of the date of grant which have occurred and the level of distributions made by OMP to its limited partners, in each case, as of the date of termination.

Change in Control. If a Named Executive Officer is terminated without cause or resigns for good reason within two years following a "change in control of the Company" or a "change in control of OMP GP," all restricted Class B Units will become fully vested upon such termination.

For purposes of the Class B Units,

(i) "disability," "cause," and "good reason" generally have the same meaning as set forth above with respect to the Employment Agreements;

(ii) "change in control of the Company" means (a) a person acquires 50% or more of the outstanding stock or outstanding voting securities of the Company, subject to certain limited exceptions, (b) individuals who serve as board members of the Company as of the grant date (or who are subsequently approved by a majority of such individuals), cease for any reason to constitute at least a majority of the board of directors of the Company, (c) consummation of a reorganization, merger, consolidation or a sale of all or substantially all of the assets of the Company, subject to certain limited exceptions or (d) approval by the Company's stockholders of a complete liquidation or dissolution; and

(iii) "change in control of our general partner" means (a) the Company no longer beneficially owns 50% of the outstanding units or voting securities of OMP GP and (b) within one year following the date on which the event described in clause (a) occurs, more than one-half of the members of the board of directors of OMP GP immediately prior to the event described in clause (a) cease to be employee members of the board of directors of OMP GP.

Quantification of Payments

The table below discloses the amount of compensation and/or benefits due to our Named Executive Officers in the event of their termination of employment and/or in the event we undergo a change in control, in either case, on December 31, 2018, and assuming that the price per share of common stock was \$5.53, which was the closing price per share of our common stock on December 31, 2018 (the last trading day of fiscal year 2018). The amounts below constitute estimates of the amounts that would be paid to our Named Executive Officers upon their respective terminations and/or upon a change in control under such arrangements, and do not include any amounts accrued through December 31, 2018 that would be paid in the normal course of continued employment, such as accrued but unpaid salary, and benefits generally available to all of our salaried employees. The actual amounts to be paid are dependent on various factors, which may or may not exist at the time a Named Executive Officer is actually terminated and/or a change in control actually occurs. Therefore, such amounts and disclosures should be considered "forward-looking statements."

(1) Also reflects amounts for termination due to non-extension of the Employment Agreements.

(2) Based on annualized base salary and target bonus percentage in effect for each Named Executive Officer as of December 31, 2018. For purposes of calculating any pro-rata bonus, the dollar value of the bonus awards actually awarded to each Named Executive Officer by our Compensation Committee for 2018 service was used, without pro-ration, since December 31, 2018 was the last day of the calendar year to which such bonus related. For purposes of quantifying the amount of the severance payments to Messrs. Nusz, Reid, Lou and Lorentzatos in the event of their termination without “cause” or for “good reason,” that does not occur on or within two years following a change in control, (a) the “Salary” amount was calculated as the base salary that the Named Executive Officer would have received for a period of 12 months, for Messrs. Lou and Lorentzatos, and 24 months, for Messrs. Nusz and

Reid, and (b) the “Bonus Amount” was calculated, for Messrs. Lou and Lorentzatos, as the target bonus in effect for 2018, plus the pro-rata bonus

EXECUTIVE COMPENSATION

amount, and for Messrs. Nusz and Reid as 2 times the target bonus in effect for 2018, plus the pro-rata bonus amount.

(3) Reflects 18 months' worth of COBRA premiums at \$2,101.82 per month.

The amount of severance payments to each Named Executive Officer in the event of his termination without "cause" or for "good reason" on or within two years following a change in control, was calculated as the sum of (a) (4) 2.99 times annualized base salary for 2018, plus (b) 2.99 times the average bonus paid to each Named Executive Officer for 2016 and 2017.

The value of accelerated equity awards is based upon the closing price per share of our common stock on December 31, 2018 (the last trading day of fiscal year 2018), which was \$5.53, multiplied by the number of outstanding shares of restricted stock or PSUs that would vest upon the occurrence of the event indicated. We calculated the number of PSUs that would become earned upon the occurrence of the event indicated according to the provisions of the Notice of Grant of Performance Awards for each PSU award as follows: (i) upon termination due to death or disability, 200% of the initial PSUs; (ii) upon occurrence of a change in control, the percentage of initial PSUs earned depends on which quartile or percentile the Company's TSR percentage falls relative to the (5) other companies in the PSU comparator group, assuming the applicable performance period ended on the date of the change in control; and (iii) upon termination without cause or for good reason, the percentage of initial PSUs earned is determined at the end of the originally stated performance period; however, for purposes of the event indicated in this clause (iii), we have calculated assumed performance at the end of the applicable originally stated performance period using the same formula stated in footnote (3) to the "Outstanding Equity Awards at Fiscal Year End" table above because we believe it represents a reasonable estimate of the Company's TSR performance at the end of each originally stated performance period. The values reported in the table above only take into account awards that were outstanding on December 31, 2018, and do not include the awards granted to our Named Executive Officers in January 2019, which are discussed above in the CD&A.

The Class B Units are intended to constitute "profits interests" for federal tax purposes and as such, the actual value of the Class B Units was not readily quantifiable as of December 31, 2018. For purposes of this table, the value of (6) the accelerated Class B Units is based upon the grant date fair value of the Class B Units, calculated in accordance with FASB ASC Topic 718, multiplied by the number of outstanding Class B Units that would become vested upon the occurrence of the event indicated.

The aggregate total amount of compensation payable in connection with the triggering events has not been reduced to reflect any cut back in benefits or payments that would be made in connection with a change in control pursuant to the terms of the Employment Agreements. The Employment Agreements provide that golden parachute (7) payments will be paid in full or reduced to fall within the 280G safe harbor amount, whichever will provide a better net after-tax position for a Named Executive Officer. For purposes of this disclosure, we have reflected the maximum amount potentially payable to each Named Executive Officer under each given scenario even though such maximum amounts could be reduced pursuant to the cutback language included in the Employment Agreements.

PAY RATIO

PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Thomas B. Nusz, our Chief Executive Officer (our “CEO”).

For 2018, our last completed fiscal year:

The median of the annual total compensation of all employees of our company (other than the CEO) was \$138,464; and

The annual total compensation of our CEO, as reported in the Summary Compensation Table included elsewhere within this Proxy Statement, was \$7,258,700.

Based on this information, for 2018 the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees was reasonably estimated to be 52 to 1.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and our CEO, we took the following steps:

We determined that, as of December 31, 2018, our employee population consisted of approximately 725 individuals with all of these individuals located in the United States (as reported in Item 1, Business, in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 1, 2019 (our “Annual Report”). This population consisted of our full-time, part-time, and temporary employees.

We used a consistently applied compensation measure to identify our median employee of comparing the amount of salary reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for 2018; the annual cash incentive award granted in respect of 2018 performance; and the annual equity awards granted to our employees in 2018.

We identified our median employee by consistently applying this compensation measure to all of our employees included in our analysis. Since all of our employees, including our CEO, are located in the United States, we did not make any cost of living adjustments in identifying the median employee.

After we identified our median employee, we combined all of the elements of such employee’s compensation for the 2018 year in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$138,464. The difference between such employee’s salary, wages and overtime pay and the employee’s annual total compensation represents the value of such employee’s annual equity awards granted in 2018 and contributions in the amount of \$6,082 that we made on the employee’s behalf to our 401(k) plan for the 2018 year. With respect to the annual total compensation of our CEO, we used the amount reported in the “Total” column of our 2018 Summary Compensation Table included in this Proxy Statement and incorporated by reference under Item 11 of Part III of our Annual Report.

Advisory Vote to Approve
Executive Compensation

ITEM 3 - ADVISORY VOTE ON EXECUTIVE COMPENSATION

Introduction

Section 14A(a)(1) of the Exchange Act requires that we provide our shareholders with the opportunity to vote to approve, on an advisory, non-binding basis, the compensation paid to our Named Executive Officers, as described in the “Compensation Discussion and Analysis” section of this proxy statement, beginning on page 26. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, objectives and practices described in this proxy statement.

Philosophy. Our Board of Directors recognizes that executive compensation is an important matter for our shareholders. As described in detail in the CD&A section of this proxy statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy and the core of that philosophy is to pay our executives based on performance. Our compensation program is designed to reward performance that supports our long-term strategy and achievement of our short-term goals. We believe that compensation should:

• **Be competitive.** Compensation should help to attract and retain the most qualified individuals in the oil and gas industry by being competitive with compensation paid to persons having similar responsibilities and duties in other companies in the same and closely related industries;

• **Be aligned with shareholder interests.** Compensation should align the interests of the individual with those of our shareholders with respect to long-term value creation;

• **Pay for performance.** Compensation should pay for performance, whereby an individual’s total direct compensation is heavily influenced by company performance and directly tied to the attainment of annual company performance targets; and

• **Encourage individual accountability.** Compensation should reflect each individual's contribution to the attainment of annual company performance targets, and the unique qualifications, skills, experience and responsibilities of the individual.

To accomplish these goals, the Compensation Committee uses a combination of short- and long-term incentive compensation to reward near-term excellent performance and to encourage executives’ commitment to our long-range, strategic business goals. It is the intention of the Compensation Committee that our executive officers be compensated competitively and consistently with our strategy, sound corporate governance principles, other companies in the same and closely related industries, and shareholder interests and concerns.

As described in the CD&A, we believe our compensation program is effective, appropriate, and strongly aligned with the long-term interests of our shareholders and that the total compensation package provided to our Named Executive Officers (including potential payouts upon a termination of employment or change of control) are reasonable and not excessive. As you consider this Item 3, we urge you to read the CD&A section, beginning on page 26 of this proxy statement for additional details on executive compensation, and to review the tabular disclosures regarding Named Executive Officer compensation in the “Executive Compensation” section of this proxy statement.

Program Highlights. Among the program features incorporated by the Compensation Committee to align with our executive compensation philosophy are the following:

• **Equity-based awards** generally incorporate a three-year vesting period to emphasize long-term performance and executive officer commitment;

• **Our annual performance-based cash incentive awards** incorporate numerous financial and/or strategic performance metrics in order to properly balance risk with the incentives to drive our key annual financial and/or strategic initiatives and impose maximum payouts to further manage risk and the possibility of excessive payments;

• **We have focused our executives on long-term shareholder value creation** through our use of equity-based awards, including PSUs tied to relative TSR performance, and the adoption of stock ownership guidelines that encourage our senior executives to own a significant amount of the Company’s stock; and

Advisory Vote to Approve
Executive Compensation

Change in control related payments under the employment agreements with our Named Executive Officers, including equity-based award acceleration, require a double trigger (i.e., a termination of employment on, or within two years following, a change in control).

Advisory Vote. As an advisory vote, Item 3 is not binding on our Board of Directors or the Compensation Committee, will not overrule any decisions made by our Board of Directors or the Compensation Committee, and will not require our Board of Directors or the Compensation Committee to take any specific action. Although the vote is non-binding, our Board of Directors and the Compensation Committee value the opinions of our shareholders, and will carefully consider the outcome of the vote when making future compensation decisions for our Named Executive Officers. In particular, to the extent there is any significant vote against our Named Executive Officers' compensation as disclosed in this proxy statement, we will consider our shareholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Text of the Resolution to be Adopted

We are asking shareholders to vote "FOR" the following resolution:

"RESOLVED, that the shareholders approve, on an advisory basis, the compensation philosophy, policies and procedures and the compensation of the Named Executive Officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission ("SEC"), including the CD&A, the 2018 Summary Compensation Table and the other related tables and disclosures."

Vote Required

The affirmative vote of shareholders holding at least a majority of the shares present and entitled to be voted on the proposal on the record date for determining shareholders entitled to vote at the 2019 Annual Meeting is required for approval of Item 3. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal.

Recommendation of our Board of Directors

The Board of Directors unanimously recommends an advisory vote "FOR" the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

Amendment to LTIP to Increase
Maximum Number of Shares

ITEM 4 - APPROVAL OF THE FIRST AMENDMENT TO THE LTIP TO INCREASE THE MAXIMUM
NUMBER OF SHARES BY 1,300,000 SHARES

At the 2019 Annual Meeting, the shareholders will be asked to approve the First Amendment (the "First Amendment") to Company's Amended and Restated 2010 Long Term Incentive Plan (Effective as of May 3, 2018) (the "LTIP"), including an increase in the number of shares of common stock available for issuance under the LTIP. The 2010 Long Term Incentive Plan was originally approved by the Board on May 17, 2010 and became effective as of the closing of our initial public offering in June 2010. The 2010 Long Term Incentive Plan was amended and restated effective as of January 1, 2014 (the "2014 LTIP"); and the 2014 LTIP was subsequently amended effective as of May 4, 2015 and May 4, 2016. In 2018, the 2010 Long Term Incentive Plan was again amended and restated effective as of May 3, 2018.

Background and Purpose of the Proposal

The purpose of the First Amendment is to increase the number of shares of common stock available for delivery under the LTIP and extend the term of the LTIP to April 30, 2029. If the First Amendment is approved at the 2019 Annual Meeting, it will become effective as of April 30, 2019. We believe approval of the First Amendment is advisable in order to ensure that the Company has an adequate number of shares of common stock available to continue to grant meaningful long-term incentive awards to our employees. The Board unanimously acted to adopt the First Amendment on February 19, 2019, subject to shareholder approval at the 2019 Annual Meeting. If the First Amendment is approved by shareholders, we intend to file, pursuant to the Securities Act of 1933, as amended, a registration statement on Form S-8 to register the additional shares available for delivery under the LTIP.

The use of stock-based awards under the LTIP has been a key component of our compensation program since its original adoption in 2010. The 2010 Long Term Incentive Plan was originally approved by the Board on May 17, 2010 and became effective as of the closing of our initial public offering in June 2010. The 2010 Long Term Incentive Plan was amended and restated, effective on January 1, 2014, and approved by our shareholders at the 2014 Annual Meeting for purposes of complying with the requirements of Section 162(m), but no increase in the maximum number of shares available for delivery under the LTIP was requested at that time. The LTIP was amended, effective May 4, 2015, and approved by our shareholders at the 2015 Annual Meeting for purposes of (i) increasing the number of shares of common stock available under the LTIP by 1,350,000 shares and (ii) providing that certain shares subject to options, stock appreciation rights and similar appreciation-only Awards would not be available for reuse under the LTIP. The LTIP was further amended, effective May 4, 2016, and approved by our shareholders at the 2016 Annual Meeting for purposes of (i) increasing the number of shares of common stock available under the LTIP by 7,500,000 shares and (ii) extending the term of the LTIP to May 4, 2026. The LTIP was amended and restated, effective May 3, 2018, and approved by our shareholders at the 2018 Annual Meeting for purposes of (i) increasing the number of shares of common stock available for delivery under the LTIP by 11,250,000 shares, (ii) making certain revisions to account for amendments to Section 162(m) of the Internal Revenue Code ("Section 162(m)") by the "Tax Cuts and Jobs Act" and (iii) extending the term of the Amended and Restated LTIP to May 3, 2028. The First Amendment will ensure that the LTIP will continue to provide a means through which we and our subsidiaries may:

attract and retain the most qualified employees, directors and consultants ("participants") in the oil and gas industry by being competitive with compensation paid to persons having similar responsibilities and duties in other companies in the same and closely related industries;

reflect the unique qualifications, skills, experience and responsibilities of each participant;

pay for performance, whereby a participant's compensation is influenced by company performance;

align the interests of the participant with those of our shareholders with respect to long-term value creation; and

provide participants with additional incentive and reward opportunities designed to enhance the profitable growth of the Company.

Our successful operation and our ability to create long-term value for our shareholders depend on the efforts of over 700 employees, including management, directors and consultants, and we believe that it is in the best interest of the

Company for all those individuals to have an ownership interest in the Company in recognition of their present and

60

Amendment to LTIP to Increase Maximum Number of Shares

potential contributions. As a result, in 2018, over 75% of our equity awards were granted to employees other than our Named Executive Officers, and for the last three years, our grants to our Chief Executive Officer and Named Executive Officers as a percentage of total grants (the "concentration ratio") have been well below recommended thresholds for such concentration ratios.

Based on recent grant practices, we believe that approval of the First Amendment will give us the flexibility to continue to make stock-based grants and other awards as permitted under the LTIP over the next two years in amounts determined appropriate by the Compensation Committee of the Board of Directors (the "committee"); however, this timeline is simply an estimate used to determine the number of additional shares of common stock requested pursuant to the terms of the LTIP and future circumstances may require a change to expected equity grant practices. These circumstances include but are not limited to the future price of our common stock, award levels and amounts provided by our competitors and our hiring activity. The closing market price of our common stock as of March 5, 2019 was \$5.07 per share, as reported on the NYSE.

To date in 2019, we have awarded 5,712,540 shares of common stock to employees and directors pursuant to awards under the LTIP. It is our practice to grant awards to employees at the beginning of the year as part of each employee's compensation package, and due to the decline in our stock price largely related to the decline in oil prices over the last three years, we granted a higher number of shares to employees than in years past, although the total value of each award did reflect the current market environment. Furthermore, it has been our consistent practice to grant a mid-year discretionary award to non-executive employees, including in 2018. We believe these grants are retentive and further the objectives of the plan discussed above. However, due to the decline in oil prices and the related decline in our stock price, we will not be able to maintain these employee grant practices into 2021 without the approval of the First Amendment.

Consequences of Failing to Approve the Proposal

Failure of our shareholders to approve this proposal will mean that we will continue to grant equity awards under the terms of the LTIP, in its current form, until the shares available thereunder are exhausted, which we estimate will occur in 2020, based on current expected equity grant practices and our current stock price. If the First Amendment is not approved by our shareholders, the LTIP will remain in effect in its current form.

Summary of the LTIP

A summary of the material features of the LTIP is provided below but does not purport to be a complete description of all of the provisions of the LTIP. The summary below should be read in conjunction with, and is qualified in its entirety by reference to (i) the full text of the LTIP, which is incorporated by reference to Exhibit 10.1 to our Report on Form 8-K (filed with the SEC on May 4, 2018), and (ii) the First Amendment, which is attached to this proxy statement as Annex A.

Key Features of the LTIP. Key features of the LTIP include:

• No discounted options or other awards may be granted;

• Awards are non-transferrable, except to an award recipient's immediate family member or related family trust, pursuant to a qualified domestic relations order or by will or the laws and descent and distribution;

• No automatic award grants are made to any eligible individual;

• Awards granted prior to January 1, 2018 may be designed to meet the requirements for deductibility as "performance-based compensation" under Section 162(m);

• Limitations on the maximum number or amount of awards that may be granted to certain individuals during any calendar year;

• No repricing of stock options or stock appreciation rights without shareholder approval;

• Awards are subject to potential reduction, cancellation, forfeiture or other clawback under certain specified circumstances; and

• No recycling of shares subject to options or stock appreciation rights that are withheld or tendered to pay the exercise price of the Award or to satisfy any tax withholding obligation or that are covered by an option or stock appreciation

right that is exercised.

Purposes of the LTIP. The purpose of the LTIP is to provide incentives to our employees and consultants (and those of our subsidiaries) and to members of our Board who are not employees or consultants to devote their

61

Amendment to LTIP to Increase Maximum Number of Shares

abilities and energies to our success through affording such individuals a means to acquire and maintain stock ownership or awards, the value of which is tied to the performance of our common stock. The LTIP permits the grant of nonstatutory options, incentive stock options, stock appreciation rights, restricted stock, restricted stock units, bonus stock, dividend equivalents, and other stock-based awards, any of which may be further designated as performance awards (collectively referred to as “Awards”).

Administration. The LTIP will be administered by the committee pursuant to its terms and all applicable state, federal or other rules or laws. However, our Board of Directors may also take any action designated to the committee, unless it is determined that administration of the LTIP by “outside directors” is necessary with respect to Awards granted prior to January 1, 2018 that were intended to qualify as “performance-based compensation” under Section 162(m). The committee has the sole discretion to determine the eligible employees, directors and consultants to whom Awards are granted under the LTIP and the manner in which such Awards will vest. Awards may be granted by the committee to employees, directors and consultants in such amounts (measured in cash, shares of common stock or as otherwise designated), at such times and on such terms and conditions as the committee shall determine. Subject to applicable law and the terms of the LTIP, the committee is authorized to interpret the LTIP, to establish, amend and rescind any rules and regulations relating to the LTIP, to delegate duties under the LTIP, to terminate, modify or amend the LTIP (except for certain amendments that require shareholder approval as described below), and to make any other determinations that it deems necessary or desirable for the administration of the LTIP. The committee may correct any defect, supply any omission or reconcile any inconsistency in the LTIP in the manner and to the extent the committee deems necessary or desirable. All determinations of the committee shall be final, binding and conclusive upon all parties.

Eligibility to Participate. The employees eligible to receive Awards under the LTIP are our employees and those of our subsidiaries. Members of our Board who are not employees or consultants of us or our subsidiaries are eligible to receive Awards and individuals who provide consulting, advisory or other similar services to us or our subsidiaries are also eligible to receive Awards. As of March 5, 2019, we had 714 employees and five non-employee directors who would be eligible to participate in the LTIP. While we made stock Awards to certain consultants under the LTIP in connection with our initial public offering, it has not been our practice to make Awards to such individuals since that time. As of March 5, 2019, we had a small number of consultants who would have been eligible to participate in the LTIP. Eligible employees, directors or consultants who are designated by the committee to receive an Award under the LTIP are referred to as “participants.”

Maximum Amount of Compensation. The LTIP provides that no participant may receive grants of share-denominated Awards during a calendar year with respect to more than 1,000,000 shares of our common stock (subject to adjustment in accordance with the terms of the LTIP), and that, for dollar-denominated Awards, the maximum aggregate dollar amount that may be granted to any participant in any calendar year is limited to \$10,000,000.

Number of Shares Subject to the LTIP. The First Amendment would increase the number of shares of common stock available for Awards under the LTIP from the number previously authorized by 1,300,000 shares. Accordingly, the aggregate maximum number of shares available for delivery under the LTIP, since its inception, would be 28,600,000 shares of common stock, subject to certain adjustments as provided in the LTIP. The table below sets forth, as of March 5, 2019, the total number of shares issued, outstanding, and available for delivery under the LTIP, which would remain issued, outstanding and available for issuance under the LTIP, which will be the only Company plan with shares available.

Total Restricted Stock Awards Outstanding (Unvested)	7,207,796
Total Performance Share Unit Awards Outstanding (Unvested)(1)	3,420,742
Total Stock Option Awards Outstanding	None
Total Shares Available for Grant Under the LTIP	7,496,641
Total Common Shares Outstanding	322,082,014

(1)

As of March 5, 2019, represents shares subject to performance share unit, or PSU, awards outstanding, assuming the payout level of 108% of the initial number of PSUs awarded.

Amendment to LTIP to Increase
Maximum Number of Shares

If an Award is surrendered, exchanged, forfeited, settled in cash or otherwise lapses, expires, terminates, or is canceled without the actual delivery of the shares, the shares subject to that Award, including (a) shares forfeited with respect to restricted stock, and (b) the number of shares withheld or surrendered in payment of taxes related to an Award (other than an option, stock appreciation right or similar appreciation-only Award), will again be available under the LTIP, unless an applicable law or regulation prevents such reuse. However, to date, the Company has not made available for reuse under the LTIP shares of the type identified in clause (b) above, and the number of "Total Shares Available for Grant Under the LTIP" reflected in the table above does not include any shares that have been withheld or surrendered in payment of taxes related to any Award under the LTIP. With respect to options, stock appreciation rights and any similar appreciation only Award, the following shares will not be available for future Awards under the LTIP: (i) shares tendered or withheld in payment of any exercise or purchase price of such Award or taxes relating to such Award, (ii) shares that were subject to such Award that was exercised, or (iii) shares repurchased on the open market with the proceeds of such Award's exercise price.

Source of Shares. Common stock delivered under the LTIP may come from authorized but unissued shares of our common stock, from treasury stock held by us or from previously issued shares of common stock reacquired by us, including shares purchased on the open market.

Types of Awards. The LTIP provides for the granting of restricted stock awards, restricted stock units, bonus stock, dividend equivalents, incentive stock options, nonqualified stock options, stock appreciation rights and other stock-based awards, any of which may be further designated as a performance award. To date, the Compensation Committee has approved only grants of restricted stock and restricted stock units (designated as performance share units) pursuant to the LTIP.

Restricted Stock. Restricted stock may be granted under the LTIP, which means shares of our common stock are granted to an individual subject to transfer limitations, a risk of forfeiture and other restrictions imposed by the committee in its discretion. During the restricted period, the participant may not sell, assign or otherwise dispose of the restricted stock, and any stock certificate will contain an appropriate legend noting the restrictions upon such common stock until such time as all restrictions have been removed. Restrictions may lapse at such times and under such circumstances as determined by the committee. During the restricted period, the holder will have rights as a shareholder, including the right to vote the common stock subject to the Award and to receive cash dividends thereon (which may, if required by the committee be held by us during the restricted period subject to the same "vesting" terms as applicable to the underlying restricted stock Award). Unless otherwise determined by the committee, Common Stock distributed to a holder of a restricted stock Award in connection with a stock split or stock dividend, and other property (other than cash) distributed as a dividend, will be subject to restrictions and a risk of forfeiture to the same extent as the underlying restricted stock Award with respect to which such Common Stock or other property has been distributed. Unless otherwise noted in an individual Award agreement, the Company shall have the right to repurchase or recover any Restricted Stock if the participant shall terminate employment before the end of the restrictive period or the Restricted Stock is forfeited for any other reason.

Restricted Stock Units. Restricted stock units ("RSUs") are rights to receive shares of common stock, cash or a combination thereof at the end of a specified period. The committee may subject RSUs to restrictions (which may include a risk of forfeiture) to be specified in the Award agreement and such restrictions may lapse at such times determined by the committee. RSUs granted under the LTIP subject to certain specified performance conditions are referred to as "performance share units." RSUs may be satisfied by delivery of shares of common stock, cash equal to the fair market value of the specified number of shares of common stock covered by the RSUs, or any combination thereof determined by the committee at the date of grant or thereafter. Dividend equivalents on the specified number of shares of common stock covered by RSUs will either be paid on the dividend payment date with respect to such RSUs in cash or in shares of unrestricted common stock having a fair market value equal to the amount of such dividends or deferred with respect to such RSUs and the amount or value thereof automatically deemed reinvested in additional RSUs or other Awards, unless otherwise determined by the Committee on the date of grant.

Bonus Stock. Bonus stock Awards may be granted to eligible individuals. Each bonus stock Award will constitute a transfer of unrestricted shares of common stock on terms and conditions determined by the committee.

Dividend Equivalents. Dividend equivalents may be granted to eligible individuals, entitling the participant to receive cash, common stock, other Awards or other property equal in value to dividends paid with respect to a

Amendment to LTIP to Increase
Maximum Number of Shares

specified number of shares of common stock, or other periodic payments at the discretion of the committee. Dividend equivalents may be awarded on a freestanding basis or in connection with another Award. The committee may provide that dividend equivalents will be payable or distributed when accrued, deferred until a later payment date or deemed reinvested in additional common stock, Awards, or other investment vehicles. The committee will specify any restrictions on transferability and risks of forfeiture imposed upon dividend equivalents.

Stock Options. Stock options to purchase one or more shares of our common stock may be granted under the LTIP. The committee may determine to grant stock options that are either incentive stock options governed by Section 422 of the Internal Revenue Code, or stock options that are not intended to meet these requirements (called “nonstatutory options”). The committee will determine the specific terms and conditions of any stock option at the time of grant. The exercise price of any stock option will not be less than 100% of the fair market value of our common stock on the date of the grant (other than in limited situations pertaining to substitute Awards), and in the case of an incentive stock option granted to an eligible employee that owns more than 10% of our common stock, the exercise price will not be less than 110% of the fair market value of our common stock on the date of grant. The term for a stock option may not exceed 10 years. The committee will determine the methods and form of payment for the exercise price of an Option (including, in the discretion of the committee, payment in common stock, other Awards, or other property) and the methods and forms in which common stock will be delivered to a participant. The committee will determine at the time of a grant whether to require forfeiture of the options upon a termination of employment for any reason.

Stock Appreciation Rights. The committee may grant stock appreciation rights (or “SARs”) independent of or in connection with a stock option. The exercise price per share of an SAR will be an amount determined by the committee. However, SARs must generally have an exercise price not less than the fair market value of the common stock on the date the SAR is granted. Generally, each SAR will entitle a participant upon exercise to an amount equal to (i) the excess of (a) the fair market value of one share of common stock on the exercise date over (b) the exercise price, times (ii) the number of shares of common stock covered by the SAR. Payment shall be made in common stock or in cash, or partly in common stock and partly in cash, as determined by the committee. The term of an SAR may not exceed 10 years.

Other Stock-Based Awards. Other stock-based Awards may be granted that consist of a right denominated in or payable in, valued in whole or in part by reference to, or otherwise based on or related to shares of our common stock, subject to applicable legal limitations and the terms of the LTIP. In the discretion of the committee, other stock-based Awards may be subject to such vesting and other terms as the committee may establish, including performance goals. Cash Awards may be granted as an element of or a supplement to any other stock-based Awards permitted under the LTIP.

Performance Awards. The committee may designate that certain Awards granted under the LTIP constitute “performance” Awards. A performance Award is any Award the grant, vesting, exercise or settlement of which is subject to one or more performance standards. If an Award that was granted prior to January 1, 2018 is held by an eligible person who is a Covered Employee under Section 162(m) of the Code or the regulations thereunder is intended to qualify as “performance-based compensation” under such section, then the exercise, vesting and/or settlement of such Award will be contingent upon the achievement of one or more pre-established performance goals based on one or more of the business criteria described in the LTIP for purposes of complying with the Requirements of Section 162(m) of the Code. With respect to Awards granted prior to January 1, 2018 that were intended to constitute “performance-based compensation,” performance goals were designed to be objective, “substantially uncertain” of achievement at the date of grant and to otherwise meet the requirements of Section 162(m) and regulations thereunder. Performance goals may vary among Award recipients or among Awards to the same recipient. Performance goals will be established not later than 90 days after the beginning of any performance period applicable to such Awards.

The committee may establish an unfunded pool for purposes of measuring performance against performance goals. Settlement of performance pool Awards may be in common stock, cash, or a combination of common stock and cash at the discretion of the committee. For awards granted prior to January 1, 2018, the committee may not increase the

amount of a performance Award payable to a Covered Employee for purposes of Section 162(m) of the Code, but may exercise discretion to reduce any such Award. All determinations by the committee as to the establishment, amount and achievement of performance goals will be made in writing. With respect to Awards

Amendment to LTIP to Increase
Maximum Number of Shares

granted prior to January 1, 2018, the committee may not delegate any responsibility relating to such Awards granted to Covered Employees under Section 162(m) of the Code.

Tax Withholding. We and our subsidiaries are authorized to withhold from any Award granted, or any payment relating to an Award under the LTIP, including from a distribution of common stock, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take any other action the committee may deem advisable to enable us and participants to satisfy obligations for the payment of withholding taxes and other tax obligations related to an Award.

Subdivision or Consolidation. In the event of certain changes to our capitalization, such as a stock split, stock combination, stock dividend, extraordinary cash dividend, exchange of shares, or other recapitalization, merger or otherwise, that result in an increase or decrease in the number of outstanding shares of common stock, appropriate adjustments will be made by the committee as to the number and price of shares subject to an Award, the number of shares available for delivery under the LTIP, and the maximum individual limitations applicable to share-based Awards.

Change in Control. Upon a “change in control” (as defined in the LTIP), the committee shall have the discretion without the consent or approval of any holder to take any of the following actions: (i) accelerate the time at which Awards may be exercisable or become vested; (ii) require the surrender of an Award with or without a cash payment; or (iii) make any such adjustments as the committee determines appropriate.

Amendment. The Board may amend, alter, suspend, discontinue or terminate the LTIP at any time, subject to the approval of our shareholders if required by any state or federal law or regulation or the rules of any stock exchange; provided, that without the consent of an affected participant, no such action by the Board may materially and adversely affect the rights of such participant under any previously granted and outstanding Award. The committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any Award previously granted, except as otherwise provided in the LTIP; provided, that without the consent of an affected participant, no such committee action may materially and adversely affect the rights of a participant under such Award.

Term and Termination of the LTIP. No further Awards may be granted under the LTIP after April 30, 2029. The Board in its discretion may terminate the LTIP at any time with respect to any shares of common stock that are not subject to previous Awards. The LTIP will remain in effect until all Awards granted under the LTIP have been satisfied or have expired.

Transferability of Awards. Awards will not generally be transferable other than by will or the laws of descent and distribution, or pursuant to a qualified domestic relations order issued by a court of competent jurisdiction. An incentive stock option will not be transferable other than by will or the laws of descent and distribution. With respect to a specific nonstatutory option or SAR, in accordance with rules and procedures established by the committee from time to time, the participant may transfer, for estate planning purposes, all or part of such Award to one or more immediate family members or related family trusts or partnerships or similar entities, as determined by the committee. Any attempt to transfer an Award in violation of the terms of the LTIP or without proper notification to the committee shall be deemed null and void, and at the discretion of the committee, may result in a forfeiture of that Award.

Clawback Policy. The LTIP and Awards issued thereunder will be subject to any written clawback policy we adopt, which policy may subject a participant’s Awards, or amounts paid or realizable under such Awards, under the LTIP to reduction, cancellation, forfeiture or recoupment if certain events or wrongful conduct specified in the policy occur.

Certain Federal Income Tax Consequences

The following discussion is for general information only and is intended to summarize briefly the U.S. federal income tax consequences of certain transactions contemplated under the LTIP. This description is based on current laws in effect on March 5, 2019, which are subject to change (possibly retroactively). The tax treatment of participants in the LTIP may vary depending on each participant’s particular situation and may, therefore, be subject to special rules not discussed below. No attempt has been made to discuss any potential foreign, state or local tax consequences.

Participants are advised to consult with a tax advisor concerning the specific tax consequences of participating in the LTIP.

Amendment to LTIP to Increase
Maximum Number of Shares

Tax Consequences to participants under the LTIP

Stock Options and Stock Appreciation Rights. Participants will not realize taxable income upon the grant of a stock option or a SAR, so long as the per share exercise price of the stock option or SAR is at least equal to the fair market value of the shares underlying the award on the date of grant. Upon the exercise of a nonstatutory option or a SAR, a participant will recognize ordinary compensation income (subject to withholding if an employee) in an amount equal to the excess of (i) the amount of cash and the fair market value of the common stock received, over (ii) the exercise price of the Award. A participant will generally have a tax basis in any shares of common stock received pursuant to the exercise of a nonstatutory option or SAR that equals the fair market value of such shares on the date of exercise. Subject to the discussion under “Tax Consequences to the Company” below, we will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the foregoing rules. When a participant sells the common stock acquired as a result of the exercise of a nonstatutory option or SAR, any appreciation (or depreciation) in the value of the common stock after the exercise date is treated as long- or short-term capital gain (or loss) for federal income tax purposes, depending on the holding period. The common stock must be held for more than 12 months to qualify for long-term capital gain treatment. Participants eligible to receive a stock option intended to qualify as an incentive stock option under Section 422 of the Internal Revenue Code will not recognize taxable income on the grant of an incentive stock option. Upon the exercise of an incentive stock option, a participant will not recognize taxable income, although the excess of the fair market value of the shares of common stock received upon exercise of the incentive stock option (“ISO Stock”) over the exercise price will increase the alternative minimum taxable income of the participant, which may cause such participant to incur alternative minimum tax. The payment of any alternative minimum tax attributable to the exercise of an incentive stock option would be allowed as a credit against the participant’s regular tax liability in a later year to the extent the participant’s regular tax liability is in excess of the alternative minimum tax for that year. Upon the disposition of ISO Stock that has been held for the required holding period (generally, at least two years from the date of grant and one year from the date of exercise of the incentive stock option), a participant will generally recognize capital gain (or loss) equal to the excess (or shortfall) of the amount received in the disposition over the exercise price paid by the participant for the ISO Stock. However, if a participant disposes of ISO Stock that has not been held for the requisite holding period (a “Disqualifying Disposition”), the participant will recognize ordinary compensation income in the year of the Disqualifying Disposition in an amount equal to the amount by which the fair market value of the ISO Stock at the time of exercise of the incentive stock option (or, if less, the amount realized in the case of an arm’s-length disposition to an unrelated party) exceeds the exercise price paid by the participant for such ISO Stock. A participant would also recognize capital gain to the extent the amount realized in the Disqualifying Disposition exceeds the fair market value of the ISO Stock on the exercise date. If the exercise price paid for the ISO Stock exceeds the amount realized (in the case of an arm’s-length disposition to an unrelated party), such excess would ordinarily constitute a capital loss.

We will generally not be entitled to any federal income tax deduction upon the grant or exercise of an incentive stock option, unless a participant makes a Disqualifying Disposition of the ISO Stock. If a participant makes a Disqualifying Disposition, we will then, subject to the discussion below under “Tax Consequences to the Company,” be entitled to a tax deduction that corresponds as to timing and amount with the compensation income recognized by a participant under the rules described in the preceding paragraph.

Under current rulings, if a participant transfers previously held shares of common stock (other than ISO Stock that has not been held for the requisite holding period) in satisfaction of part or all of the exercise price of a stock option, whether a nonstatutory option or an incentive stock option, no additional gain will be recognized on the transfer of such previously held shares in satisfaction of the nonstatutory option or incentive stock option exercise price (although a participant would still recognize ordinary compensation income upon exercise of a nonstatutory option in the manner described above). Moreover, that number of shares of common stock received upon exercise which equals the number of shares of previously held common stock surrendered in satisfaction of the nonstatutory option or incentive stock option exercise price will have a tax basis that equals, and a capital gains holding period that includes, the tax

basis and capital gains holding period of the previously held shares of common stock surrendered in satisfaction of the nonstatutory option or incentive stock option exercise price. Any additional shares of common stock received upon exercise will have a tax basis that equals the amount of cash (if any) paid by the participant, plus the amount of compensation income recognized by the participant under the rules described above.

Amendment to LTIP to Increase
Maximum Number of Shares

The LTIP generally prohibits the transfer of Awards other than by will or according to the laws of descent and distribution or pursuant to a qualified domestic relations order, but the LTIP allows the committee to permit the transfer of Awards (other than incentive stock options) in limited circumstances, in its discretion. For income and gift tax purposes, certain transfers of nonstatutory options should generally be treated as completed gifts, subject to gift taxation.

The Internal Revenue Service has not provided formal guidance on the income tax consequences of a transfer of nonstatutory options (other than in the context of divorce) or SARs. However, the Internal Revenue Service has informally indicated that after a transfer of stock options (other than in the context of divorce pursuant to a domestic relations order), the transferor will recognize income, which will be subject to withholding, and FICA/FUTA taxes will be collectible at the time the transferee exercises the stock options. If a nonstatutory option is transferred pursuant to a domestic relations order, the transferee will recognize ordinary income upon exercise by the transferee, which will be subject to withholding, and FICA/FUTA taxes (attributable to and reported with respect to the transferor) will be collectible from the transferee at such time.

In addition, if a participant transfers a vested nonstatutory option to another person and retains no interest in or power over it, the transfer is treated as a completed gift. The amount of the transferor's gift (or generation-skipping transfer, if the gift is to a grandchild or later generation) equals the value of the nonstatutory option at the time of the gift. The value of the nonstatutory option may be affected by several factors, including the difference between the exercise price and the fair market value of the stock, the potential for future appreciation or depreciation of the stock, the time period of the nonstatutory option and the illiquidity of the nonstatutory option. The transferor will be subject to a federal gift tax, which will be limited by (i) the annual exclusion of \$15,000 per donee (for 2018, subject to adjustment in future years), (ii) the transferor's lifetime unified credit, or (iii) the marital or charitable deductions. The gifted nonstatutory option will not be included in the participant's gross estate for purposes of the federal estate tax or the generation-skipping transfer tax.

This favorable tax treatment for vested nonstatutory options has not been extended to unvested nonstatutory options. Whether such consequences apply to unvested nonstatutory options or to SARs is uncertain and the gift tax implications of such a transfer is a risk the transferor will bear upon such a disposition.

Other Awards: Cash Awards, Restricted Stock Units, Dividend Equivalents, Restricted Stock and Bonus Stock. A participant will recognize ordinary compensation income upon receipt of cash pursuant to a cash award or, if earlier, at the time the cash is otherwise made available for the participant to draw upon. Individuals will not have taxable income at the time of grant of a restricted stock unit (including a performance share unit or PSU), but rather, will generally recognize ordinary compensation income at the time he or she receives cash or shares of common stock in settlement of the restricted stock unit award, as applicable, in an amount equal to the cash or the fair market value of the common stock received. The dividend equivalents, if any, received with respect to a restricted stock unit or other Award will be taxable as ordinary compensation income, not dividend income, when paid.

A recipient of restricted stock or bonus stock generally will be subject to tax at ordinary income tax rates on the fair market value of the common stock when it is received, reduced by any amount paid by the recipient; however, if the common stock is not transferable and is subject to a substantial risk of forfeiture when received, a participant will recognize ordinary compensation income in an amount equal to the fair market value of the common stock (i) when the common stock first becomes transferable and is no longer subject to a substantial risk of forfeiture, in cases where a participant does not make a valid election under Section 83(b) of the Internal Revenue Code, or (ii) when the Award is received, in cases where a participant makes a valid election under Section 83(b) of the Internal Revenue Code. If a Section 83(b) election is made and the shares are subsequently forfeited, the recipient will not be allowed to take a deduction for the value of the forfeited shares. If a Section 83(b) election has not been made, any dividends received with respect to restricted stock that is subject at that time to a risk of forfeiture or restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient; otherwise the dividends will be treated as dividends.

A participant who is an employee will be subject to withholding for federal, and generally for state and local, income taxes at the time he recognizes income under the rules described above. The tax basis in the common stock received by a participant will equal the amount recognized by him as compensation income under the rules described in the preceding paragraph, and the participant's capital gains holding period in those shares will commence on the later of the date the shares are received or the restrictions lapse. Subject to the discussion below

Amendment to LTIP to Increase

under “Tax Consequences to the Company,” we will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the foregoing rules.

Code Section 409A. Awards under the LTIP are intended to be designed, granted and administered in a manner that is either exempt from the application of or complies with the requirements of Section 409A of the Internal Revenue Code in an effort to avoid the imposition of taxes and/or penalties. To the extent that an Award under the LTIP fails to comply with Section 409A, such Award will to the extent possible be modified to comply with such requirements.

Tax Consequences to the Company

Reasonable Compensation. In order for the amounts described above to be deductible by the Company (or a subsidiary), such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses.

Golden Parachute Payments. The ability of the Company (or the ability of one of our subsidiaries) to obtain a deduction for future payments under the LTIP could also be limited by the golden parachute rules of Section 280G of the Internal Revenue Code, which prevent the deductibility of certain excess parachute payments made in connection with a change in control of an employer-corporation.

Performance-Based Compensation. The ability of the Company (or the ability of one of our subsidiaries) to obtain a deduction for amounts paid under the LTIP could be limited by Section 162(m). Section 162(m) limits our ability to deduct compensation, for federal income tax purposes, paid during any year to a “covered employee” (within the meaning of Section 162(m)) in excess of \$1,000,000. However, for awards granted prior to November 2, 2017, an exception may apply to this limitation if such awards meet the requirements of “qualified performance-based compensation” and the limited transition relief provided under the “Tax Cuts and Jobs Act”.

The above summary relates to U.S. federal income tax consequences only and applies to U.S. citizens and foreign persons who are U.S. residents for U.S. federal income tax purposes.

New Plan Benefits

The future Awards, if any, that will be made to eligible individuals under the LTIP are subject to the discretion of the committee, and thus we cannot currently determine the benefits or number of shares subject to Awards that may be granted to participants in the future under the LTIP. Therefore, the New Plan Benefits Table is not provided.

Required Vote for Approval

The affirmative vote of the holders of a majority of the shares present in respect of the proposal is required for approval of Item 4. For purposes of this Item 4, abstentions are treated as votes present and will have the same effect as a vote against the proposal (in accordance with applicable NYSE standards). If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal.

Recommendation of our Board of Directors

The Board of Directors unanimously recommends that shareholders vote "FOR" the approval of the First Amendment.

(1) The 2010 Long Term Incentive Plan was originally adopted prior to the completion of our initial public offering in June 2010 and was not required to be approved by our public shareholders. On May 4, 2015, at our 2015 Annual Meeting, and on May 4, 2016, at our 2016 Annual Meeting, the shareholders approved increases in the number of shares available under the Amended and Restated 2010 Long Term Incentive Plan and material plan terms for purposes of complying with the requirements of Section 162(m) of the Internal Revenue Code. On May 3, 2018, at our 2018 Annual Meeting, the shareholders approved the amendment and restatement of the 2010 Long Term Incentive Plan and a further increase in the number of shares available thereunder.

(2) Represents shares subject to performance share unit, or PSU, awards granted under the 2010 Long Term Incentive Plan in 2015, 2016, 2017, and 2018 as of December 31, 2018, assuming the maximum payout level of 200% of the initial number of PSUs awarded. If the PSUs are paid at the target payout level of 108% of the initial number of PSUs awarded, 2,194,789 shares would be issued upon the vesting of such PSUs, and 12,857,815 shares would have been available for future issuance, as of December 31, 2018. There is no weighted-average exercise price with respect to the PSU awards.

Does not take into account grants under the 2010 Long Term Incentive Plan in January 2019. For awards (3) outstanding and shares remaining available for issuance under the 2010 Long Term Incentive Plan as of the Record Date, please see the chart in this Item above.

A Proxy that is properly completed and submitted will be voted at the Annual Meeting in accordance with the instructions on the Proxy. If you properly complete and submit a Proxy, but do not indicate any contrary voting instructions, your shares will be voted in accordance with the Board's recommendation. If any other business properly comes before the shareholders for a vote at the meeting, your shares will be voted in accordance with the

USERS' GUIDE

discretion of the holders of the Proxy. The Board of Directors knows of no matters, other than those previously stated, to be presented for consideration at the Annual Meeting.

What is the effect of an "advisory" vote?

An advisory vote is not binding on our Board of Directors or the Compensation Committee, will not overrule any decisions made by our Board of Directors or the Compensation Committee, and will not require our Board of Directors or the Compensation Committee to take any specific action. Although the vote is non-binding, our Board of Directors and the Compensation Committee value the opinions of our shareholders, and will carefully consider the outcome of the vote when making future compensation decisions for our Named Executive Officers. In particular, to the extent there is any significant vote against our Named Executive Officers' compensation as disclosed in this proxy statement, we will consider our shareholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Why should I vote?

Your vote is very important regardless of the amount of stock you hold. The Board strongly encourages you to exercise your right to vote as a shareholder of the Company.

How do I vote?

You may vote by any of the four methods listed below. If your stock is held in street name (in the name of a bank, broker, or other holder of record), please see "How do beneficial owners vote?" below.

: Internet. Vote on the Internet at <http://www.proxyvote.com>. This website also allows electronic proxy voting using smartphones, tablets and other web-connected mobile devices (additional charges may apply pursuant to your service provider plan). Simply follow the instructions on the Notice of Internet Availability to access the proxy materials, or on the proxy card, if you received one by mail. The website will confirm that your vote has been properly recorded. If you vote on the Internet, you can request electronic delivery of future proxy materials. Internet voting facilities for shareholders of record will be available 24 hours a day and will close at 11:59 p.m. (Eastern Time) on Monday, April 29, 2019.

(Telephone. Vote by telephone by following the instructions on the Notice of Internet Availability to access the proxy materials, or on the proxy card, if you received one by mail. Easy-to-follow voice prompts allow you to vote your stock and confirm that your vote has been properly recorded. Telephone voting facilities for shareholders of record will be available 24 hours a day and will close at 11:59 p.m. (Eastern Time) on Monday, April 29, 2019.

, Mail. If you received a proxy card by mail, vote by mail by completing, signing, dating and returning your proxy card in the pre-addressed, postage-paid envelope provided. If you vote by mail and your proxy card is returned unsigned, then your vote cannot be counted. If you vote by mail and the returned proxy card is signed without indicating how you want to vote, then your proxy will be voted as recommended by the Board. If mailed, your completed and signed proxy card must be received by April 29, 2019. Note that you cannot vote by marking the Notice of Internet Availability and returning it.

C Meeting. You may attend and vote at the Annual Meeting.

The Board recommends that you vote using one of the first three methods discussed above, as it is not practical for most shareholders to attend and vote at the Annual Meeting. Using one of the first three methods discussed above to vote will not limit your right to vote at the Annual Meeting if you later decide to attend in person.

If I vote by telephone or Internet and received a proxy card in the mail, do I need to return my proxy card?

No.

If I vote by mail, telephone or Internet, may I still attend the Annual Meeting?

Yes.

USERS' GUIDE

How do beneficial owners vote?

If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name," and the proxy materials will be forwarded to you by your broker or nominee. The broker or nominee is considered the shareholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker how to vote. Beneficial owners that receive the proxy materials by mail from the shareholder of record should follow the instructions included in those materials (usually a voting instruction card) to transmit voting instructions.

Can I revoke my proxy?

Yes. You may revoke your proxy before the voting polls are closed at the Annual Meeting, by the following methods:

- voting at a later time by Internet or telephone until 11:59 p.m. (Eastern Time) on Monday, April 29, 2019;
- voting in person at the Annual Meeting;
- delivering to the Company's Corporate Secretary a proxy with a later date or a written revocation of your most recent proxy; or
- giving notice to the inspector of elections at the Annual Meeting.

If you are a street name shareholder (for example, if your shares are held in the name of a bank, broker, or other holder of record) and you vote by proxy, you may later revoke your proxy by informing the holder of record in accordance with that entity's procedures.

How many votes must be present to hold the Annual Meeting?

Your stock is counted as present at the Annual Meeting if you attend the Annual Meeting and vote in person or if you properly return a proxy by Internet, telephone or mail. In order for us to hold our Annual Meeting, holders of a majority of our common stock entitled to vote must be present in person or by proxy at the Annual Meeting. This is referred to as a quorum. Abstentions and broker non-votes will be counted as present for purposes of determining a quorum.

If a quorum is not present, a majority of the shareholders entitled to vote who are present in person or by Proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified.

What is a broker non-vote?

The NYSE permits brokers to vote their customers' stock held in street name on routine matters ("Discretionary Items") when the brokers have not received voting instructions from their customers. The NYSE does not, however, allow brokers to vote their customers' stock held in street name on non-routine matters unless they have received voting instructions from their customers. In such cases, the uninstructed shares for which the broker is unable to vote are called broker non-votes.

What routine matters will be voted on at the Annual Meeting?

Item 2, the ratification of the independent auditor is the only routine matter on which brokers may vote in their discretion on behalf of customers who have not provided voting instructions.

What non-routine matters will be voted on at the Annual Meeting?

Item 1, the election of directors, Item 3, the advisory vote to approve our Named Executive Officer compensation, and Item 4, the amendment to the LTIP to increase shares available for issuance, are non-routine matters on which brokers are not allowed to vote unless they have received voting instructions from their customers.

USERS' GUIDE

How many votes are needed to approve each of the proposals or, with respect to the advisory vote, to be considered the recommendation of the shareholders?

The Board recommends a vote FOR each of the following four Items:

Proposal	Vote Required	Page Number
Item 1 — Election of Directors	Plurality of shares cast Director Resignation Policy - Directors required to submit resignation to the Board if more "withheld" votes than "for" votes are received Effect of Abstentions - None Effect of Broker Non-vote - None Majority of shares present Effect of Abstentions	2
Item 2 — Ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2019	- vote against No Broker Non-votes - Discretionary Item	24
Item 3 — Advisory vote to approve the Company's Named Executive Officer 2018 compensation	Majority of shares present Effect of Abstentions - vote against	58

	Effect of Broker Non-vote - None	
	Majority of shares present Effect of Abstentions	
Item 4 — Item 4 — Approval of the First Amendment to the LTIP to Increase the Maximum Number of Shares by 1,300,000 Shares	- vote against Effect of Broker Non-vote - None	60

Each of Items 2 through 4 will be approved if it receives the affirmative vote of a majority of the stock entitled to vote and present in person or by proxy at the Annual Meeting.

Although the advisory vote on our Named Executive Officer compensation is non-binding, the Board will review the results of such votes and, consistent with our record of shareholder engagement, will take the results into account when making decisions going forward. Except as otherwise provided above, abstentions are counted as votes present and entitled to vote and have the same effect as votes against a proposal. Broker non-votes are not counted as either votes for or votes against a proposal. Both abstentions and broker non-votes are counted in determining that a quorum is present for the meeting.

Could other matters be decided at the Annual Meeting?

We are not aware of any matters that will be considered at the Annual Meeting other than those set forth in this proxy statement. However, if any other matters arise at the Annual Meeting, the persons named in your proxy will vote in accordance with their best judgment.

What is the Director Resignation Policy?

The Company's bylaws provide for the election of directors by a plurality of votes cast; however in 2015, the Board of Directors approved an amendment to the Corporate Governance Guidelines to implement a director resignation policy whereby a director nominee in an uncontested election who receives more votes "withheld" than votes "for" his election is required to tender his resignation to the Board of Directors for its consideration. In such event, the Nominating and Governance Committee would determine whether to accept such director's resignation, subject to the Board of Directors' final approval. Promptly following its decision, the Board will publicly disclose its decision together with a description of the process by which the decision was reached. The Company believes that this majority vote standard ensures accountability while preserving the ability of the Board to exercise its judgment in the best interest of all shareholders. Abstentions will not be taken into account in director elections.

Where can I find the voting results of the Annual Meeting?

We will announce the preliminary voting results at the Annual Meeting and disclose the final voting results in a current report on Form 8-K filed with the SEC within four business days of the date of the Annual Meeting unless

USERS' GUIDE

only preliminary voting results are available at that time. To the extent necessary, we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known. You may access or obtain a copy of these and other reports free of charge on the Company's website at <http://www.oasispetroleum.com>. Also, the referenced Form 8-K, any amendments thereto and other reports filed with or furnished to the SEC by the Company are available to you over the Internet at the SEC's website at <http://www.sec.gov>.

How can I view the shareholder list?

In accordance with Delaware General Corporation Law, a complete list of shareholders of record entitled to vote at the Annual Meeting will be available for viewing, for purposes germane to the Annual Meeting, during ordinary business hours for a period of ten days before the Annual Meeting at our offices at 1001 Fannin Street, Suite 1500, Houston, Texas 77002.

Who pays for the proxy solicitation related to the Annual Meeting?

The Company will bear all costs of solicitation. Solicitation of Proxies may be made via the Internet, by mail, personal interview or telephone by officers, directors and regular employees of the Company. None of our officers or employees will receive any extra compensation for soliciting you. The Company may also request banking institutions, brokerage firms, custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of the common stock that those companies or persons hold of record, and the Company will reimburse the forwarding expenses. In addition, the Company has retained Broadridge Financial Solutions, Inc. ("Broadridge") to tabulate votes for a fee estimated not to exceed \$10,000. The Company will bear all costs of solicitation.

Who will tabulate and certify the vote?

Broadridge Financial Solutions, Inc., an independent third party, will tabulate and certify the vote, and will have a representative to act as the independent inspector of elections for the Annual Meeting.

If I want to submit a shareholder proposal for the 2020 Annual Meeting, when is that proposal due?

If you are an eligible shareholder and want to submit a proposal for possible inclusion in the proxy statement relating to the 2020 Annual Meeting, your proposal must be delivered to the attention of our Corporate Secretary and must be received at our principal executive office, 1001 Fannin Street, Suite 1500, Houston, Texas 77002, no later than November 22, 2019, unless the Company notifies the shareholders otherwise. We will only consider proposals that are timely and meet the requirements of the applicable rules of the SEC and our Amended and Restated Bylaws.

Any shareholder of the Company who desires to submit a proposal for action at the 2020 Annual Meeting, but does not wish to have such proposal included in the Company's proxy materials, must submit such proposal to the Company at its principal executive offices so that it is received between January 1, 2020 and January 31, 2020, unless the Company notifies the shareholders otherwise. In addition to being proper for shareholder action and in compliance with applicable law, such proposal must be submitted in accordance with, and include the information and materials required by, the Company's Amended and Restated Bylaws and, to the extent applicable, Certificate of Incorporation.

If I want to nominate a director for the 2020 Annual Meeting, when is that nomination due?

The Nominating and Governance Committee will consider any nominee recommended by shareholders for election at the annual meeting of shareholders to be held in 2020 if that nomination is submitted in writing, between January 1, 2020 and January 31, 2020, to the Corporate Secretary at Company's principal executive office. With respect to each such nominee, the following information must be provided to the Company with the written nomination: (i) information about the nominee which is required to be disclosed pursuant to the rules and regulations of the Securities and Exchange Commission, including Regulation 14A of the Securities Exchange Act of 1934; and (ii) information and materials required by, the Company's Amended and Restated Bylaws and, to the extent applicable, Certificate of Incorporation.

Eligible shareholders may nominate a candidate for election to the Board for inclusion in the Company's proxy materials in accordance with the proxy access provisions of Section 2.12 of the Company's Amended and Restated Bylaws. An eligible shareholder generally must deliver the Stockholder Notice (as defined in our Bylaws) to the

USERS' GUIDE

Corporate Secretary at the principal executive offices of the Company not later than the close of business on the 120th day prior to the first anniversary of the date (as stated in the Company's proxy materials) the definitive proxy statement was first sent to shareholders in connection with the preceding year's annual meeting of shareholders and otherwise comply with all of the requirements of the Bylaws. For the 2020 Annual Meeting of Shareholders, we must receive notice of the nomination for inclusion in the Company's proxy materials no later than November 22, 2019.

How can I obtain a copy of the Annual Report on Form 10-K?

Shareholders may request a free copy of our Annual Report on Form 10-K by submitting such request to Investor Relations, Oasis Petroleum Inc., 1001 Fannin Street, Suite 1500, Houston, Texas, 77002, or by calling (281) 404-9600. Alternatively, shareholders can access our Annual Report on Form 10-K on the Company's website at www.oasispetroleum.com. Also, our Annual Report on Form 10-K and other reports filed by the Company with the SEC are available to you over the Internet at the SEC's website at www.sec.gov.

Will I get more than one copy of the proxy statement and annual report if there are multiple shareholders at my address?

One copy of this proxy statement and our Annual Report on Form 10-K (the "Proxy Materials") will be sent to shareholders who share an address, unless they have notified the Company that they want to continue receiving multiple packages. A copy of the Proxy Materials will also be sent upon written or oral request to any shareholder of a shared address to which a single copy of the Proxy Materials was delivered. If two or more shareholders with a shared address are currently receiving only one copy of the Proxy Materials, then the shareholders may request to receive multiple packages in the future, or if a shareholder is currently receiving multiple packages of the Proxy Materials, then the shareholder may request to receive a single copy in the future. Such requests may be made by writing to Investor Relations, Oasis Petroleum Inc., 1001 Fannin Street, Suite 1500, Houston, Texas 77002 or by calling (281) 404-9600.

IT IS IMPORTANT THAT PROXIES BE RETURNED PROMPTLY. WHETHER OR NOT YOU EXPECT TO ATTEND THE MEETING IN PERSON, YOU ARE URGED TO VOTE BY INTERNET, BY PHONE OR IF YOU HAVE RECEIVED PAPER COPIES OF THE PROXY MATERIAL, BY COMPLETING, SIGNING AND RETURNING THE PROXY IN THE ENCLOSED POSTAGE-PAID, ADDRESSED ENVELOPE.

Annex A

FIRST AMENDMENT TO THE
OASIS PETROLEUM INC.
AMENDED AND RESTATED 2010 LONG TERM INCENTIVE PLAN

THIS FIRST AMENDMENT (the "First Amendment") to the Oasis Petroleum Inc. Amended and Restated 2010 Long Term Incentive Plan, as amended from time to time (the "Plan"), is made effective as of April 30, 2019 (the "Amendment Effective Date"), by Oasis Petroleum Inc. (the "Company"), subject to approval by the Company's stockholders.

W I T N E S S E T H:

WHEREAS, the Company previously adopted the Plan, under which the Company is authorized to grant equity-based incentive awards to certain employees and other service providers of the Company and its subsidiaries;

WHEREAS, Section 10(c) of the Plan provides that the Company's board of directors (the "Board") may amend the Plan (including to increase the number of shares of the Company's common stock ("Stock") available for awards under the Plan), subject to the approval of the Company's stockholders if such approval is required by the rules of the New York Stock Exchange ("NYSE");

WHEREAS, the Board has determined that it is in the best interests of the Company and its stockholders to amend the Plan in order to, among other things, increase the total number of shares of Stock reserved for delivery with respect to awards under the Plan in order to ensure that sufficient shares of Stock are available for future awards and to extend the term of the Plan; and

WHEREAS, the Board now desires to amend the Plan in the manner contemplated hereby, subject to approval by the Company's stockholders at the Company's 2019 Annual Meeting, in order to (i) increase the number of shares of Stock available for grant under the Plan by 1,300,000 shares and to provide for restrictions on shares that may be reissued under the Plan, subject to the approval of the Company's stockholders pursuant to applicable NYSE rules, and (ii) extend the term of the Plan to April 30, 2029.

NOW, THEREFORE, the Plan shall be amended as of the Amendment Effective Date, subject to approval by the Company's stockholders, as set forth below:

1. Section 4(a) of the Plan is hereby deleted in its entirety and replaced with the following:
4. Stock Subject to Plan.

(a)Overall Number of Shares Available for Delivery. Subject to adjustment in a manner consistent with any adjustment made pursuant to Section 9, the total number of shares of Stock that may be delivered with respect to Awards under this Plan, since its original inception, shall not exceed 28,600,000 shares, and such total will be available for the issuance of Incentive Stock Options.

2. Section 10(m) of the Plan is hereby deleted in its entirety and replaced with the following:

(m) Plan Effective Date and Term. This Plan was adopted by the Board on February 20, 2018, to be effective as of the Effective Date, subject to approval by the stockholders of the Company. The Plan was subsequently amended pursuant to the First Amendment to the Plan, effective as of April 30, 2019. No Awards may be granted under this Plan on and after April 30, 2029.

RESOLVED FURTHER, that except as provided above, the Plan shall continue to read in the current state.
