All directors attended the Annual Meeting of Stockholders in person or by teleconference with the exception of Mr. Shi. The Corporation recognizes that attendance of the board members at all meetings may not be possible and excuses absences for good cause.

Non-employee directors (other than our Chairman and Vice Chairman) are due to receive an annual fee of \$10,000, as well as \$1,000 for each meeting of the Board attended in person and \$500 for each telephonic meeting attended, while employee directors are not entitled to receive any fees for their attendance to any meetings. Corporate Governance Policies and Procedures

The Board of Directors has adopted a Code of Business Conduct and Ethics Guidelines (the Ethics Code) that applies specifically to board members and executive officers. The Ethics Code is designed to promote compliance with applicable laws and regulations, to promote honest and ethical conduct, including full, fair, accurate and timely disclosure in reports and communications with the public. Mr. Schiele serves as our Chairman and Mr. Allain serves as our Chief Executive Officer, and currently, due to the medical leave of Mr. Allain, Mr. Shaio serves as Chief Executive Officer. We separate the roles of Chairman and Chief Executive Officer in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting our strategic direction and our day-to-day leadership and performance, while the Chairman of the Board provides guidance to the Chief Executive Officer and presides over meetings of the Board. We do not have a lead independent director.

Risk Management

Our Board of Directors and its Audit Committee are actively involved in risk management. Both the Board and Audit Committee regularly review the financial position of the Corporation and its operations, and other relevant information, including cash management and the risks associated with the Corporation s financial position and operations. The Board regularly receives reports from senior management on areas of material risk to our Company, including our liquidity, operational and legal and regulatory risks. Pursuant to its charter, the Audit Committee reviews our major financial risk exposures and the steps management has taken to monitor and control such exposures, and it also meets periodically with management to discuss policies with respect to risk assessment and risk management.

Communication with the Board of Directors

Security holders are permitted to communicate with the members of the Board by forwarding written communications to the Corporation s Chief Accounting Officer at the Corporation s headquarters in New York, New York. Each of the members of the Executive Committee qualify as "non-employee directors" for the purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and Messrs. Schiele and Zizza qualify as "outside directors" for the purposes of Section 162(m) of the Internal Revenue Code, as amended. The primary purpose of the Executive Committee is to provide the President and Chief Executive Officer of the Company with a confidential sounding board for insights and advice, and to provide the Board with a more active formal interface with management and its day to day policy and actions. Additionally, the secondary objective of the Executive Committee is to exercise the powers and authority of the Board, subject to certain limitations set forth in the charter, during the intervals between meetings of the Board, when, based on the business needs of the Company, it is desirable for the Board to meet but the convening of a special board meeting is not warranted as determined by the Chairman of the Board. It is the general intention that all substantive matters in the ordinary course of business be brought before the full Board for action, but the Board recognizes the need for flexibility to act on substantive matters where action may be necessary between Board meetings, which, in the opinion of the Chairman of the Board, should not be postponed until the next previously scheduled meeting of the Board. The Nominating Committee did not hold any meetings in 2017. Members of the Nominating Committee do not receive any fees for their participation. The Nominating Committee does not have a separate policy regarding diversity of the Board.

Independence of Non-Employee Directors

While the Corporation's Common Stock is traded on the OTCQB, the Corporation follows the NYSE MKT Company Guide regarding the independence of directors. A director is considered independent if the Board of Directors determines that the director does not have any direct or indirect material relationship with the Corporation. Elser, Greene, Schiele and Zizza are non-employee directors of the Corporation. Mr. Elser, via Carlisle Investments, Inc. (Carlisle) over which he exercised voting and dispositive power as investment manager, has made loans to the Corporation and therefore has been determined by the Board to fall outside the definition of independent director. The Board of Directors has determined that Messrs. Greene, Schiele and Zizza are independent directors since they had no relationship with the Corporation other than their status and payment as non-employee directors and as stockholders. The Board of Directors has determined that its two Audit Committee members, Messrs. Greene and Zizza, are independent directors .

Stock Option Plans and Stock Options

2012 Long-Term Incentive Plan

The Company has adopted the 2012 Long-Term Incentive Plan to allow for an aggregate of 200,000 shares of Common Stock that may be issued under the 2012 Long-Term Incentive Plan. The 2012 Long-Term Incentive Plan was adopted by the Corporation’s Board of Directors on July 2, 2010, with amendments adopted by the Corporation’s Board of Directors on December 21, 2011, and approved by the Corporation’s stockholders at the 2012 Annual Meeting of Stockholders held on June 26, 2012. Awards for all 200,000 shares available under the 2012 Long-Term Incentive Plan were issued to employees and directors in December 2017.

Defined Benefit Pension Plan

In 2017, the Company made \$296,000 of the minimum required \$444,000 of contributions, as well as additional contributions of \$2,000, to the Company's defined benefit pension plan for all eligible employees and the eligible individuals listed in the Summary Compensation Table.

The Company's defined benefit pension plan, prior to being frozen, covered all salaried employees over age 21 with at least one year of service who are not covered by a collective bargaining agreement to which the Company is a party. Retirement benefits are based on the final average salary for the highest five of the ten years preceding retirement. For example, estimated annual retirement benefits payable at normal retirement date, which normally is age 65, is approximately \$15,000 for an individual with ten years of credited service and with a final average salary of \$100,000; and approximately \$120,000 for an individual with 40 years of credited service and with a final average salary of \$200,000. Currently, \$275,000 is the legislated annual cap on determining the final average annual salary and \$220,000 is the maximum legislated annual benefit payable from a qualified pension plan.

Supplemental Executive Retirement Agreement

In accordance with the former President and Chief Executive Officer's employment agreement, he was due a supplemental executive retirement payment on July 1, 2010 in the amount of \$353,000 plus tax effect of approximately \$170,000, but has not yet been paid.

The agreement entitles Mr. Allain to twenty days' paid vacation per year, a vehicle allowance, key person insurance, business expense reimbursement (including a business club membership) and certain employee benefits generally available to employees of the Corporation. The agreement provides for certain severance benefits depending on whether Mr. Allain leaves the employ of the Corporation for Cause, Good Reason or Without Cause and for Good Reason prior to the termination of the agreement. Director Compensation**Non-Employee Director Stock Option Plan**

The Board of Directors has previously established a Non-Employee Director Stock Option Plan which, as amended, covers a maximum of 1,200 shares for grant. Such options are granted for a term of six years and are priced at fair market value on the grant date. The determination as to the amount of options to be granted to directors is based on years of service, and are calculated on a yearly basis as follows: a minimum of 20 stock options are granted for each director; an additional 20 stock options are granted if a director has served for five years or more; an additional 20 stock options are granted if a director has served for ten years or more; and an additional 40 stock options are granted if a director has served for twenty years or more. Such options are exercisable at any time upon the first anniversary of the grant date. The Corporation grants additional stock options upon the expiration or exercise of any such option if such exercise or expiration occurs no earlier than four years after date of grant, in an amount equal to the number of options that have been exercised or that have expired. In addition to the foregoing, the Corporation received shareholder approval of a proposal to grant warrants to purchase 20,000 shares each to Salvatore J. Zizza and George W.
