-

Item 7.01. Regulation FD Disclosure.

On February 1, 2016, PBF Energy Inc. ("PBF Energy") issued a press release providing an update to the operations at the Delaware City refinery, indirectly owned by its subsidiary, PBF Holding Company LLC (together with PBF Energy and its consolidated subsidiary, PBF Energy Company LLC, the "Company"). The press release announced that its Delaware City refinery experienced a plant-wide, unplanned shutdown on January 24, 2016, due to a loss of power during a severe winter storm. The refinery was safely shutdown and there were no injuries. Given prevailing market conditions and current operational capability, the Company decided to move forward its scheduled turnaround of the Delaware City coker and other related units. Personnel are working to return non-affected units to reduced operations. The Company expects the refinery to complete its turnaround work by the end of the first quarter of 2016.

The press release issued by the Company also provided the following updated guidance for the first quarter and full year 2016 resulting from the change to the originally planned maintenance schedule: the Company expects East Coast throughput to be approximately 280,000 to 300,000 barrels per day for the first quarter and 320,000 to 340,000 for the year. Throughput guidance for the Company's other regions remains unchanged.

A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

The information in this report is being furnished, not filed, pursuant to Regulation FD. Accordingly, the information in Items 7.01 and 9.01 of this report will not be incorporated by reference into any registration statement filed by the Company under the Securities Act of 1933, as amended, unless specifically identified therein as being incorporated therein by reference. The furnishing of the information in this report is not intended to, and does not, constitute a determination or admission by the Company that the information in this report is material or complete, or that investors should consider this information before making an investment decision with respect to any security of the Company or any of its affiliates.

Forward-Looking Statements

Statements contained in the exhibit to this report relating to future plans, results, performance, expectations, achievements and the like are considered "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements involve known and unknown risks, uncertainties and other factors, many of which may be beyond the Company's control, that may cause actual results to differ materially from any future results, performance or achievements expressed or implied by the forward-looking statements. Factors and uncertainties that may cause actual results to differ include but are not limited to the risks described above, and the risks disclosed in the Company's filings with the SEC. All forward-looking statements speak only as of the date hereof. The Company undertakes no obligation to revise or update any forward-looking statements except as may be required by applicable law.

Item 9.01. Financial Statements and Exhibits.
