PROSPECTUS SUMMARY

Our Company

We were incorporated under the laws of the State of Nevada on June 24, 1997 and in 2004 we acquired PSI-TEC Corp., and in 2006 we merged with PSI-TEC Corp. PSI-TEC Corp. was incorporated under the laws of the State of Delaware on September 12, 1995. In 2008 we changed our name to Lightwave Logic, Inc. Unless the context otherwise requires, all references to the **Company**, **we**, **our** or **us** and other similar terms means Lightwave Logic, Inc., a Nevada corporation.

Our principal executive office is located at 369 Inverness Parkway, Suite 350, Englewood, CO 80112, and our telephone number is (720) 340-4949. Our website address is www.lightwavelogic.com. No information found on our website is part of this prospectus.

Overview

Lightwave Logic, Inc. is a development stage company whose P2ICTM technology addresses advanced telecommunication, data communications, and data center markets utilizing its advanced organic electro-optic polymer systems. The Company currently has two business segments to support its development activities, its materials development segment, and its photonic device design and development segment.

Materials Development

The Company designs and synthesizes organic chromophores for use in its own proprietary electro-optic *polymer systems* and photonic device designs. A polymer system is not solely a material, but also encompasses various technical enhancements necessary for its implementation. These include host polymers, poling methodologies, and molecular spacer systems that are customized to achieve specific optical properties. Our organic electro-optic polymer systems compounds are mixed into solution form that allows for thin film application. Our proprietary electro-optic polymers are designed at the molecular level for potentially superior performance, stability and cost-efficiency. We believe they have the potential to replace more expensive, lower-performance materials and devices used in fiber-optic ground, wireless and satellite communication networks.

Our patented and patent pending molecular architectures are based on a well-understood chemical and quantum mechanical occurrence known as *aromaticity*. Aromaticity provides a high degree of molecular stability that enables our core molecular structures to maintain stability under a broad range of polymerization conditions that otherwise appear to affect other current polymer molecular designs.

We expect our patented and patent-pending optical materials along with trade secrets and licensed materials, to be the core of and the enabling technology for future generations of optical devices, modules, sub-systems and systems that we will develop or potentially out-license to electro-optic device manufacturers. The Company contemplates future applications that may address the needs of semiconductor companies, aerospace companies and government agencies.

Prototype Device Design and Development

Electro-optic Modulators

The Company designs its own proprietary electro-optical modulation devices. Electro-optical modulators convert data from electric signals (binary data) into optical signals that can then be transmitted over high-speed fiber-optic cables. These devices are key components that have historically limited the ability of telecommunications, data communications, data centers networks to keep up with the seemingly endless flow of data in the form of voice calls, text messages, pictures, video streaming that are being transmitted to a growing array of devices.

Polymer Photonic Integrated Circuits (P²ICTM)

The Company also designs its own proprietary Polymer Photonic Integrated Circuits. A Polymer Photonic Integrated Circuit is a photonic device that integrates several photonic functions on a single chip. We believe that our technology can enable the ultra-miniaturization needed to increase the number of photonic functions residing on a semiconductor chip to create a progression like what was seen in the computer integrated circuits, commonly referred to as Moore's Law.

Current photonic technology is based on inorganic crystalline materials, which due to physical limitations have not been able to address devices such as slot waveguides that require highly miniaturized geometries. Slot modulators have the potential to scale in integration for increased functionality and would be highly beneficial to data center infrastructure. Organic electro-optic polymers have greater potential because they can be applied as a thin film coating. Our polymers are unique in that they can withstand extremely high semiconductor process temperatures to seamlessly integrate into existing CMOS, Indium Phosphide (InP), Gallium Arsenide (GaAs), and other semiconductor manufacturing lines. Our devices, enabled by our organic electro-optic polymer material systems, work by affecting the optical properties of light in the presence of an electric field at extremely high frequencies (wide bandwidths) and possess inherent advantages over current crystalline electro-optic material contained in most modulator devices such as lithium niobate, indium phosphide and gallium arsenide.

Recent Significant Events and Milestones Achieved

In April 2017 we achieved bandwidth suitable for 25Gbps data rates in an all-organic polymer ridge waveguide intensity modulator prototype, a significant improvement over our initial 10Gbps device modulator prototype. This breakthrough was significant because a 25Gbps data rate is important to the optical networking industry because this data rate is a major node to achieve 100 Gbps (using 4 channels of 25 Gbps). In July 2017 we advanced our high-speed modulation performance to satisfy 28Gbps data rates for QSFP28 standards and 100Gbps data center applications.

In September 2017 we achieved outstanding performance of our ridge waveguide Mach-Zehnder modulators ahead of schedule, with bandwidth performance levels that will enable 50Gbps modulation in fiber-optic communications. This important achievement will allow users to utilize arrays of 4 x 50Gbps polymer modulators using PAM-4 encoding to access 400Gbps data rate systems. Pulse-Amplitude Modulation (PAM-4) is an encoding scheme that can double the amount of data that can be transmitted.

In February 2018 we began the transition of moving our Newark, Delaware synthetic laboratory and our Longmont, Colorado optical testing laboratory and corporate headquarters to our new office, laboratory and research and development space located at 369 Inverness Parkway, Suite 350, Englewood, Colorado. The new 13,420 square foot Englewood facility includes fully functional 1,000 square feet of class 1,000 cleanroom, 500 square feet of class 10,000 cleanroom, chemistry laboratories, and analytic laboratories. The new Englewood facility streamlines all of our Company's research and development workflow for greater operational efficiencies. We expect to complete the transition of moving our Newark, Delaware synthetic laboratory and our Longmont, Colorado optical testing laboratory and corporate headquarters to the new Englewood facility by the end of March 2018.

As we move forward through 2018, we expect to continue building our world-class design team for both polymer materials and integrated photonics technology platform to further optimize our P²IC platform. With the now consolidated facility in Englewood, Colorado, we will complete our clean-room and laboratories so that we can keep key technologies and processes internal to the Company. We will package our modulators for customer evaluation, and will continue to design our polymers for improved data rates and lower power operation. We will engage with customers to fine tune our technology to meet customer expectations, and we will scale our technology to provide cost

effective technological solutions for the fiber communications market segments. We will partner with other companies as necessary, e.g. our packaging partner in 2017/18 is allowing us to move quickly towards customer prototypes.

The Lincoln Park Transaction

On January 29, 2016, the Company entered into the Purchase Agreement with Lincoln Park (such transaction, the Financing), pursuant to which Lincoln Park agreed to purchase from us up to \$20,000,000 of our Common Stock (subject to certain limitations) from time to time over a 36-month period. In connection with the Financing, the Company also entered into a registration rights agreement with Lincoln Park whereby the Company agreed to file registration statements (each of which this prospectus is a part pursuant to Rule 429 under the Securities Act), with the SEC covering the shares of the Company's Common Stock that may be issued to Lincoln Park under the Purchase Agreement. After April 7, 2016, when the 2016 Registration Statement was declared effective, the Company may, from time to time and at its sole discretion, direct Lincoln Park to purchase up to 100,000 shares of our Common Stock on any such business day, provided that in no event shall Lincoln Park purchase more than \$500,000 worth of our Common Stock on any single business day (each, a Regular Purchase), plus an additional accelerated amount under certain circumstances. We may also, in our sole discretion, direct Lincoln Park on each purchase date to make accelerated purchases on the following business day up to the lesser of (i) two (2) times the number of shares purchased pursuant to a Regular Purchase or (ii) 30% of the trading volume on the accelerated purchase date at a purchase price equal to the lesser of (i) the closing sale price on the accelerated purchase date and (ii) 95% of the accelerated purchase date's volume weighted average price. Except as described in this prospectus, there are no trading volume requirements or restrictions under the Purchase Agreement, and we control the timing and amount of any sales of our Common Stock to Lincoln Park. The purchase price of the up to 100,000 shares that may be sold to Lincoln Park under the Purchase Agreement on any business day will be based on the market price of our Common Stock immediately preceding the time of sale as computed under the Purchase Agreement without any fixed discount. The purchase price per share will be equitably adjusted for any reorganization, recapitalization, non-cash dividend, forward or reverse stock split, or other similar transaction occurring during the business days used to compute such price. We may at any time in our sole discretion terminate the Purchase Agreement without fee, penalty or cost upon one business day's prior notice.

The Purchase Agreement contains customary representations, warranties, covenants, closing conditions and indemnification and termination provisions by, among and for the benefit of the parties. Lincoln Park has covenanted not to cause or engage in any manner whatsoever, any direct or indirect short selling or hedging of the Company's Common Stock.

In consideration for entering into the Purchase Agreement, the Company issued to Lincoln Park 350,000 shares of Common Stock as a commitment fee and is obliged to issue up to an additional 650,000 commitment shares, pro rata for no consideration, when and if Lincoln Park purchases (at the Company's discretion) the \$20,000,000 aggregate commitment. For example, if we elect, at our sole discretion, to require Lincoln Park to purchase \$50,000 of our stock then we would issue 1,625 additional commitment shares, which is the product of \$50,000 (the amount we have elected to sell) divided by \$11,280,750 (remaining total amount we can sell Lincoln Park pursuant to the Purchase Agreement) multiplied by 366,611 (the total number of additional commitment shares). The additional commitment shares will only be issued pursuant to this formula as and when we elect at our discretion to sell stock to Lincoln Park. The commitment fee and all available commitment shares have been previously registered under the 2016 Registration Statement and are being registered hereunder pursuant to Rule 429 under the Securities Act. Lincoln Park may not assign or transfer its rights and obligations under the Purchase Agreement. The Purchase Agreement may be terminated by the Company at any time at its discretion without any cost to the Company.

As of April 20, 2018, the Company has issued 9,633,389 shares of Common Stock to Lincoln Park pursuant to the Purchase Agreement, all of which were previously registered under the Prior Registration Statements, of which 633,389 shares of Common Stock were issued as commitment shares for no proceeds (including the 350,000 initial

commitment shares), for a total proceeds of \$8,719,250. Of the shares issued to Lincoln Park pursuant to the Purchase Agreement and registered under the 2016 and 2017 Registration Statement, 9,436,657 shares have been resold by Lincoln Park, for which we received no proceeds.

RISK FACTORS

Investing in our securities involves a high degree of risk. Prior to making a decision about investing in our securities, you should carefully consider and evaluate the specific factors discussed under the heading "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017 filed on March 16, 2018 with the SEC, which is incorporated herein by reference, and may be amended, supplemented or superseded from time to time by other reports we file with the SEC in the future. Additional risks related to the sale of shares of Common Stock hereunder by Lincoln Park are set forth below:

Sales of shares to Lincoln Park under the Purchase Agreement may affect the price of our Common Stock and make it more difficult to raise additional equity capital.

All 5,563,343 shares registered hereunder which may be sold to Lincoln Park pursuant to the Purchase Agreement are expected to be freely tradable. It is anticipated that such shares registered hereunder will be sold over, if at all, before January of 2019 commencing on the date that the registration statement of which this prospectus is a part becomes effective. The sale by Lincoln Park of a significant amount of shares registered hereunder at any given time could cause the market price of our Common Stock to decline and to be highly volatile. We may ultimately sell all, some or none of the shares of Common Stock registered in this offering to Lincoln Park. If we sell these shares to Lincoln Park, Lincoln Park may sell all, some or none of such shares. Therefore, sales to Lincoln Park by us under the Purchase Agreement may result in substantial dilution to the interests of other holders of our Common Stock. In addition, if we sell a substantial number of shares to Lincoln Park under the Purchase Agreement, or if investors expect that we will do so, the actual sales of shares or the mere existence of our arrangement with Lincoln Park may make it more difficult for us to sell equity or equity-related securities in the future at a time and at a price that we might otherwise wish to effect such sales. However, we have the right to control the timing and amount of any sales of our shares to Lincoln Park and the Purchase Agreement may be terminated by us at any time at our discretion without any cost to us.

The risks and uncertainties we have described are not the only risks that we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our operations. The occurrence of these known or unknown risks might cause you to lose all or part of your investment.

See also the statements contained under the heading "Forward Looking Statements."

USE OF PROCEEDS

This prospectus relates to shares of our Common Stock that may be offered and sold from time to time by the selling securityholders. We will receive no proceeds from the sale of shares of Common Stock by Lincoln Park in this offering. However, we may receive gross proceeds of up to \$20,000,000 under the Purchase Agreement (of which we have received \$8,719,250 as of April 20, 2018), including the sale of up to 5,563,343 shares issued or issuable

pursuant to the Purchase Agreement, which are being registered hereunder for resale by Lincoln Park. We have not received any proceeds from the sale of the 12,603,020 shares of Common Stock previously sold by the selling securityholders under the Prior Registration Statements. However, we may receive up to \$10,046,255 from the exercise by the selling securityholders of the 10,532,372 warrants outstanding (i.e., 3,977,568 warrants exercisable at \$0.80 per share, 1,408,102 warrants exercisable at \$0.85 per share, 1,768,800 warrants exercisable at \$1.00 per share, 1,408,102 warrants exercisable at \$1.02 per share and 1,969,800 warrants exercisable at \$1.25 per share).

We intend to use approximately 60% of any proceeds received under the Purchase Agreement or from the exercise of warrants towards our research and development efforts which may include, without limitation, (a) retaining additional management, sales, marketing, technical and other staff to our workforce, (b) expanding our research and development facilities, including the purchase of additional laboratory and production equipment, (c) marketing our future products as they are introduced into the marketplace, (d) developing and maintaining collaborative relationships with strategic partners, (e) developing and improving our manufacturing processes and quality controls, and approximately 40% of any proceeds received may be used for increasing our general and administrative activities related to our operations as a reporting public company and related corporate compliance requirements.

DILUTION

Shares of our Common Stock being sold under this prospectus by the selling securityholders, including Lincoln Park, will not affect the rights or privileges of our existing stockholders, except that the economic and voting interests of each of our existing stockholders will be diluted as a result of the shares that we may issue and sell to Lincoln Park from time to time under the Purchase Agreement and the issuance of shares underlying the warrants upon the exercise of any such warrants, if any, by the selling securityholders. Although the number of shares of Common Stock that our existing stockholders own will not decrease, the shares owned by our existing stockholders will represent a smaller percentage of our total outstanding shares after any such issuances under the Purchase Agreement.

THE LINCOLN PARK TRANSACTION

General

On January 29, 2016, the Company entered into the Purchase Agreement with Lincoln Park pursuant to which Lincoln Park agreed to purchase from us up to \$20,000,000 of our Common Stock (subject to certain limitations) from time to time over a 36-month period. In connection with the Purchase Agreement, the Company also entered into a registration rights agreement with Lincoln Park (the RRA) whereby the Company agreed to file registration statements (each of which this prospectus is a part pursuant to Rule 429 under the Securities Act), with the SEC covering the shares of the Company's Common Stock that may be issued to Lincoln Park under the Purchase Agreement. As required by the RRA, the Company filed the 2016 Registration Statement, in part to register 5,000,000 shares of Common Stock issuable under the Purchase Agreement, and the Company filed the 2017 Registration Statement to register an additional 5,000,000 shares of Common Stock issuable under the Purchase Agreement. After April 7, 2016, when the 2016 Registration Statement was declared effective, the Company may, from time to time and at its sole discretion, direct Lincoln Park to purchase up to 100,000 shares of our Common Stock on any such business day, provided that such shares are covered by an effective registration statement and in no event shall Lincoln Park purchase more than \$500,000 worth of our Common Stock on any single business day, plus an additional accelerated amount under certain circumstances. Except as described in this prospectus, there are no trading volume requirements or restrictions under the Purchase Agreement, and we will control the timing and amount of any sales of our Common Stock to Lincoln Park. The purchase price of the up to 100,000 shares that may be sold to Lincoln Park under the Purchase Agreement on any business day will be based on the market price of our Common Stock immediately preceding the time of sale as computed under the Purchase Agreement without any fixed discount. The purchase price per share will be equitably adjusted for any reorganization, recapitalization, non-cash dividend, forward or reverse stock split, or other similar transaction occurring during the business days used to compute such price. We may at any time in our sole discretion terminate the Purchase Agreement without fee, penalty or cost upon one business day's notice.

The Purchase Agreement contains customary representations, warranties, covenants, closing conditions and indemnification and termination provisions by, among and for the benefit of the parties. Lincoln Park has covenanted not to cause or engage in any manner whatsoever, any direct or indirect short selling or hedging of the Company's Common Stock.

In consideration for entering into the Purchase Agreement, the Company issued to Lincoln Park 350,000 shares of Common Stock as a commitment fee and is obliged to issue up to an additional 650,000 commitment shares, pro rata for no consideration, when and if Lincoln Park purchases (at the Company's discretion) the \$20,000,000 aggregate commitment. For example, if we elect, at our sole discretion, to require Lincoln Park to purchase \$50,000 of our stock

then we would issue 1,625 additional commitment shares, which is the product of \$50,000 (the amount we have elected to sell) divided by \$11,731,050 (remaining total amount we can sell Lincoln Park pursuant to the Purchase Agreement) multiplied by 650,000 (the total number of additional commitment shares). The additional commitment shares will only be issued pursuant to this formula as and when we elect at our discretion to sell stock to Lincoln Park. The commitment fee and all available commitment shares have been previously registered under the 2016 Registration Statement and are being registered hereunder pursuant to Rule 429 under the Securities Act. Lincoln Park may not assign or transfer its rights and obligations under the Purchase Agreement. The Purchase Agreement may be terminated by the Company at any time at its discretion without any cost to the Company.

As of April 20, 2018, the Company has issued 9,633,389 shares of Common Stock to Lincoln Park pursuant to the Purchase Agreement, all of which were previously registered under the Prior Registration Statements, of which 633,389 shares of Common Stock were issued as commitment shares for no proceeds (including the 350,000 initial commitment shares), for a total proceeds of \$8,719,250. Of the shares issued to Lincoln Park pursuant to the Purchase Agreement and registered under the 2016 and 2017 Registration Statement, 9,436,657 shares have been resold by Lincoln Park, for which we received no proceeds. The table below sets forth the dates and amounts, grouped by month, of the issuances of shares to Lincoln Park under the Purchase Agreement, since the date of effectiveness of the 2017 Registration Statement on June 15, 2017:

Purchase of Shares under the Purchase Agreement

Under the Purchase Agreement, on any business day selected by us, we may direct Lincoln Park to purchase up to 100,000 shares of our Common Stock on any such business day so long as one business day has passed since the last purchase. On any day that the closing sale price of our Common Stock is not below \$1.00 the purchase amount may be increased, at our sole discretion, to up to 150,000 shares per purchase and on any day that the closing sale price of our Common Stock is not below \$1.50 the purchase amount may be increased, at our sole discretion, to up to 200,000 shares per purchase, at our sole discretion, to up to \$500,000 per purchase (each, a “Regular Purchase”). The purchase price per share for each such Regular Purchase will be equal to the lower of:

.
the lowest sale price for our Common Stock on the purchase date of such shares; or

.
the arithmetic average of the three lowest closing sale prices for our Common Stock during the 12 consecutive business days ending on the business day immediately preceding the purchase date of such shares.

In addition to Regular Purchases described above, we may also direct Lincoln Park, on any business day on which we have properly submitted a Regular Purchase notice, to purchase an additional amount of our Common Stock, which we refer to as an Accelerated Purchase, not to exceed the lesser of:

.
30% of the aggregate shares of our Common Stock traded during normal trading hours on the purchase date; and

.
two times the number of purchase shares purchased pursuant to the corresponding Regular Purchase.

The purchase price per share for each such Accelerated Purchase will be equal to the lower of:

.
95% of the volume weighted average price during (i) the entire trading day on the purchase date, if the volume of shares of our Common Stock traded on the purchase date has not exceeded a volume maximum calculated in accordance with the Purchase Agreement, or (ii) the portion of the trading day of the purchase date (calculated starting at the beginning of normal trading hours) until such time at which the volume of shares of our Common Stock traded has exceeded such volume maximum; or

.
the closing sale price of our Common Stock on the purchase date.

In the case of both Regular Purchases and Accelerated Purchases, the purchase price per share will be equitably adjusted for any reorganization, recapitalization, non-cash dividend, stock split, reverse stock split or other similar transaction occurring during the business days used to compute the purchase price.

Other than as set forth above, there are no trading volume requirements or restrictions under the Purchase Agreement, and we will control the timing and amount of any sales of our Common Stock to Lincoln Park.

Events of Default

Events of default under the Purchase Agreement include the following:

.
the effectiveness of the registration statement of which this prospectus forms a part lapses for any reason (including, without limitation, the issuance of a stop order), or any required prospectus supplement and accompanying prospectus are unavailable for the resale by Lincoln Park of our Common Stock offered hereby, and such lapse or unavailability continues for a period of 10 consecutive business days or for more than an aggregate of 30 business days in any 365-day period;

.
suspension by our principal market of our Common Stock from trading for a period of one business day;

.
the de-listing of our Common Stock from our principal market, provided our Common Stock is not immediately thereafter trading on the New York Stock Exchange, the NASDAQ Global Market, the NASDAQ Global Select Market, the NASDAQ Capital Market, the NYSE MKT, the NYSE Arca, or the OTCQX operated by the OTC Markets Group, Inc. (or nationally recognized successor thereto);

the transfer agent's failure for three business days to issue to Lincoln Park shares of our Common Stock which Lincoln Park is entitled to receive under the Purchase Agreement;

any breach of the representations or warranties or covenants contained in the Purchase Agreement or any related agreement which has or which could have a material adverse effect on us subject to a cure period of five business days;

any voluntary or involuntary participation or threatened participation in insolvency or bankruptcy proceedings by or against us; or

if at any time we are not eligible to transfer our Common Stock electronically or a material adverse change in our business, financial condition, operations or prospects has occurred.

Lincoln Park does not have the right to terminate the Purchase Agreement upon any of the events of default set forth above. During an event of default, all of which are outside of Lincoln Park's control, shares of our Common Stock cannot be sold by us or purchased by Lincoln Park under the Purchase Agreement.

Our Termination Rights

We have the unconditional right, at any time, for any reason and without any payment or liability to us, to give notice to Lincoln Park to terminate the Purchase Agreement. In the event of bankruptcy proceedings by or against us, the Purchase Agreement will automatically terminate without action of any party.

No Short-Selling or Hedging by Lincoln Park

Lincoln Park has agreed that neither it nor any of its affiliates shall engage in any direct or indirect short-selling or hedging of our Common Stock during any time prior to the termination of the Purchase Agreement.

The following table sets forth the amount of gross proceeds we would receive from Lincoln Park from our sale of shares to Lincoln Park under the Purchase Agreement at varying purchase prices:

Assumed Average Purchase Price Per Share	Number of Registered Shares to be Issued if Full Purchase (1)(2)	Percentage of Outstanding Shares After Giving Effect to the Issuance to Lincoln Park (3)	Proceeds from the Sale of Shares to Lincoln Park Under the \$20M Purchase Agreement
\$0.50	5,081,250	6.30%	\$2,500,000.00
\$0.60	5,097,500	6.32%	\$3,000,000.00
\$1.10	5,178,750	6.42%	\$5,500,000.00
\$2.00	5,325,000	6.59%	\$10,000,000.00
\$2.25	5,365,625	6.63%	\$11,250,000.00
\$0.50	5,081,250	6.30%	\$2,500,000.00

(1)

Although the Purchase Agreement provides that we may sell shares valued at up to \$20,000,000, with \$11,280,750 remaining available, of our Common Stock to Lincoln Park, we are only registering (i) the 366,611 commitment shares remaining under the Purchase Agreement, (ii) 196,732 shares which have been sold to Lincoln Park pursuant to the Purchase Agreement that have not been resold by Lincoln Park and (iii) 5,000,000 additional shares that may be sold to Lincoln Park under the Purchase Agreement. The shares registered hereunder may or may not cover all the shares we ultimately sell to Lincoln Park under the Purchase Agreement, depending on the purchase price per share. As a result, we have included in this column only those shares that we are registering in this offering.

(2)

The number of registered shares to be issued excludes any commitment shares because no proceeds will be attributable to such commitment shares and excludes shares that may be issued to Lincoln Park under the Purchase Agreement which are not registered in this offering.

(3)

The denominator is based on 75,515,193 shares outstanding as of April 30, 2018, adjusted to include the number of shares set forth in the adjacent column which we would have sold to Lincoln Park at the applicable assumed average purchase price per share. The numerator does not include the shares issued to Lincoln Park as commitment shares in connection with this offering, and is based on the number of shares registered in this offering to be sold under the Purchase Agreement at the applicable assumed purchase price per share set forth in the adjacent column.

(4)

The closing sale price of our shares on April 20, 2018.

THE PRIVATE PLACEMENTS

General

The Company previously registered shares of Common Stock and warrants underlying shares of Common Stock purchased by the selling securityholders in four separate private placements under the Prior Registration Statements., all of which are being post effectively amended to register such shares issued in each private placement hereunder pursuant to Rule 429 under the Securities Act.

For each private placement (except the August 2014 private placement to which the first bullet point below does not apply, the following general terms apply:

Pursuant to each subscription agreement, the Company shall use commercially reasonable efforts to keep the registration statement covering such shares (including shares underlying warrants) thereunder effective pursuant to Rule 415 promulgated under the Securities Act until the date as of which each selling securityholder may sell all of the registrable securities without restriction pursuant to the last sentence of Rule 144(b)(1)(i) promulgated under the Securities Act (or successor thereto).

The warrants shall expire on the fifth (5th) anniversary of the closing date of each private placement, and may be partially exercised. If at any time after the six month anniversary of the closing date of each private placement, or any successor provision then in effect, there is no effective registration statement registering, or no current prospectus available for, the resale of the shares of Common Stock underlying the Warrant by the holder, then the Warrant may also be exercised, in whole or in part, solely with respect to such unregistered shares of Common Stock, at such time by means of a “cashless exercise” in accordance with the formula set forth in the warrant.

In case the Company shall (i) pay a dividend in its Common Stock or make a distribution in its Common Stock, (ii) subdivide its outstanding Common Stock into a greater number of shares, (iii) combine its outstanding Common Stock into a smaller number of shares (including a recapitalization in connection with any consolidation or merger), then the exercise price on the record date of such division or the effective date of such action shall be adjusted by multiplying such exercise price by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately before such event and the denominator of which is the number of shares of Common Stock outstanding immediately after such event and the number of shares of Common Stock for which the Warrant may be exercised immediately before such event shall be adjusted by multiplying such number by a fraction, the numerator of which is

the exercise price immediately before such event and the denominator of which is the exercise price immediately after such event.

In the case of any consolidation or merger of the Company with or into another corporation (other than any consolidation or merger in which the Company is the continuing corporation and which does not result in any reclassification of the outstanding shares of Common Stock) or the conversion of such outstanding shares of Common Stock into shares or other stock or other securities or property, or the liquidation, sale or transfer of the property of the Company as an entity or substantially as an entirety and for other unusual events, there shall be deliverable upon exercise of the Warrant (in lieu of the number of shares of Common Stock theretofore deliverable) the number of shares of stock or other securities or property to which a holder of the number of shares of Common Stock which would otherwise have been deliverable upon the exercise of this Warrant would have been entitled upon such action if this Warrant had been exercised immediately prior to such action.

Each private placement was made directly by us and no underwriter or placement agent was engaged by us in connection with any of the private placements.

As of April 20, 2018, the selling securityholders have sold 5,860,751 shares related to the private placements under the Prior Registration Statements, for which we have not received any proceeds. However, we may receive up to \$10,046,255 from the exercise by the selling securityholders of 10,532,372 warrants which remain outstanding as of April 20, 2018. All shares of Common Stock purchased in the private placements (including shares underlying warrants) not sold by the selling securityholders under the Prior Registration Statements as of April 20, 2018 are set forth in the section entitled "Selling Securityholders" below.

July 2014 Private Placement

On July 11, 2014 we completed a private placement solely to accredited investors of units, with each unit consisting of 67,000 shares of our Common Stock and a warrant to purchase 33,500 shares of Common Stock at \$1.00 per share and 33,500 shares of Common Stock at \$1.25 per share, for \$50,000 per unit, or approximately \$0.75 per share of Common Stock. We also simultaneously completed a Regulation S private placement offering of units having the same terms as the placement described above, and in total, the Company sold 60.8 units for total proceeds to us in both offerings equal to \$3,140,000.

In connection with the private placement, each investor executed a subscription agreement which contains, among other things, registration rights whereby we were required, within sixty (60) calendar days from the July 11, 2014, to register the Common Stock and the shares of Common Stock underlying the warrants by filing a registration statement with the Commission and as a result the 2014 Registration Statement was filed on September 9, 2014 and declared effective on September 17, 2014 (which following the effectiveness of the registration statement of which this prospectus is a part, shall be deemed to be post-effectively amended by this prospectus pursuant to Rule 429 under the Securities Act).

August 2014 Private Placement

On August 25, 2014, we sold one (1) unit (i.e., 67,000 shares of Common Stock and a warrant to purchase 33,500 shares of Common Stock at \$1.00 per share and 33,500 shares of Common Stock at \$1.25 per share) to an accredited investor in consideration for \$50,000 on terms substantially similar to the July 2014 private placement including, without limitation, the terms of the warrant. In connection with this sale, we granted such investor piggy back registration rights, and we are therefore registering such investor's 134,000 shares of Common Stock, of which 67,000 shares underlie warrants which have not been exercised as of the date hereof, in this prospectus.

June 2015 Private Placement

On June 15, 2015, we completed a private placement offering solely to accredited investors of units, with each unit consisting of 147,060 shares of the Company's Common Stock, and a warrant to purchase 73,530 shares of Common Stock at \$0.85 per share, and 73,530 shares of Common Stock at \$1.02 per share, for \$100,000 per unit, or approximately \$0.68 per share of Common Stock. In total, the Company sold 1,915 units for total proceeds to the Company in the private placement equal to \$1,915,000.

In connection with the Offering, each investor executed a subscription agreement which contains, among other things, registration rights which required us to file a registration statement within sixty (60) calendar days from the Closing Date, register the Common Stock and the shares of Common Stock underlying the warrants by filing a registration

statement with the SEC, and as a result the 2015 Registration Statement was filed on August 3, 2015 and declared effective on August 11, 2015 (which following the effectiveness of the registration statement of which this prospectus is a part, shall be deemed to be post-effectively amended by this prospectus pursuant to Rule 429 under the Securities Act).

December 2015 Private Placement

On December 30, 2015, we completed a private placement solely to accredited investors of units, with each unit consisting of 82,866 shares of the Company's Common Stock, and a warrant to purchase 82,866 shares of Common Stock at \$0.80 per share, for \$50,000 per unit, or approximately \$0.60 per share of Common Stock. In total, the Company sold 48 units for total proceeds to the Company in the Offering equal to \$2,400,000.

In connection with the private placement, each investor executed a subscription agreement which contains, among other things, registration rights which required us to file a registration statement within sixty (60) calendar days from December 30, 2015, register the Common Stock and the shares of Common Stock underlying the warrants by filing a registration statement with the SEC, and as a result the 2016 Registration Statement was filed on February 16, 2016 and was declared effective on April 7, 2016 (which following the effectiveness of the registration statement of which this prospectus is a part, shall be deemed to be post-effectively amended by this prospectus pursuant to Rule 429 under the Securities Act).

SELLING SECURITYHOLDERS

The shares of Common Stock being offered by the selling securityholders are (i) those previously issued pursuant to the private placements (ii) those which underlie warrants which were issued pursuant to the private placements and (iii) Lincoln Park pursuant to the Purchase Agreement. We are registering these shares of common stock in order to permit the selling securityholders to offer the shares for resale from time to time. Lincoln Park purchased shares in the private placements and accordingly, may resell shares being registered hereunder pursuant to the private placements and pursuant to the Purchase Agreement. We are registering these shares of Common Stock in order to permit the selling securityholders to offer the shares for resale from time to time.

None of the selling securityholders are licensed broker-dealers or affiliates of licensed broker-dealers.

Except as otherwise set forth in the footnotes herein below, neither the selling securityholders nor any of their affiliates have held a position or office, or had any other material relationship, with us within the past three years.

We do not know when or in what amounts the selling securityholders may offer shares for sale. The selling securityholders may elect not to sell any or all of the shares offered by this prospectus. Because the selling securityholders may offer all, some or none of the shares, we cannot estimate the number of the shares that will be held by the selling securityholders after completion of this offering. However, for purposes of this table, we have assumed that, after completion of the offering, all of the shares covered by this prospectus will be sold by the selling securityholders.

The following table presents information regarding the selling securityholders. The information concerning beneficial ownership has been taken from our stock transfer records is dated as of April 20, 2018. Beneficial ownership has been calculated in accordance with the rules of the SEC, which generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities and include shares of Common Stock issuable pursuant to the exercise of stock options or warrants that are either immediately exercisable or exercisable within 60 days of April 20, 2018.

DESCRIPTION OF OUR COMMON STOCK

Each outstanding share of Common Stock is entitled to one vote on all matters to be submitted to a vote of the stockholders. Holders do not have preemptive rights, so we may issue additional shares that may reduce each holder's voting and financial interest in our Company. Cumulative voting does not apply to the election of directors, so holders of more than 50% of the shares voted for the election of directors can elect all of the directors. All elections for directors shall be decided by a plurality vote; all other questions shall be decided by majority vote except as otherwise provided by Nevada Statutes. Our bylaws permit the holders of the same percentage of all stockholders entitled to vote at a meeting to take action by written consent without a meeting.

Holders of Common Stock are entitled to receive dividends when, as and if declared by the board of directors out of funds legally available therefor. In the event of liquidation, dissolution or winding up of our Company, holders are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision has been made for each class of stock, if any, having preference over the Common Stock. Holders do not have any conversion, redemption provisions or other subscription rights. All of the outstanding shares of Common Stock are fully paid and non-assessable.

As of April 20, 2018, our articles of incorporation authorizes us to issue 250,000,000 shares of Common Stock, par value \$0.001 per share, and 1,000,000 shares of preferred stock, par value \$0.001 per share. As of April 30, 2018, 75,515,193 shares of Common Stock were outstanding and no shares of preferred stock were outstanding.

Nevada Anti-Takeover Law and Charter and Bylaws Provisions

Nevada Revised Statutes sections 78.378 to 78.3793 provide state regulation over the acquisition of a controlling interest in certain Nevada corporations unless the articles of incorporation or bylaws of the corporation provide that the provisions of these sections do not apply. Our articles of incorporation and bylaws do not state that these provisions do not apply. The statute creates a number of restrictions on the ability of a person or entity to acquire control of a Nevada company by setting down certain rules of conduct and voting restrictions in any acquisition attempt, among other things. The statute is limited to corporations that are organized in the state of Nevada and that have 200 or more shareholders, at least 100 of whom are shareholders of record and residents of the State of Nevada; and does business in the State of Nevada directly or through an affiliated corporation. Because of these conditions, the statute does not apply to our Company.

Provisions of our Articles of Incorporation and our Bylaws may delay or discourage transactions involving an actual or potential change in our control or change in our management. Therefore, these provisions could adversely affect the price of our Common Stock. Among other things, our Articles of Incorporation and our Bylaws (i) provide that the Bylaws may be altered, amended or repealed and new Bylaws may be adopted only by the board of directors, (ii) provide that the authorized number of directors, which may not be less than three or more than nine, may be changed only by resolution of the board of directors, (iii) permit our board of directors to issue up to 1,000,000 shares of preferred stock, with any rights, preferences and privileges as they may designate, including the right to approve an acquisition or other change in our control and (iv) our Articles of Incorporation provide that the shareholders shall not have pre-emptive rights to acquire unissued shares of the stock of the Company.

PLAN OF DISTRIBUTION

This prospectus relates to the resale of up to 21,705,326 shares of our Common Stock by the selling securityholders named herein, which includes 5,609,611 shares previously issued to selling securityholders in the private placements, 10,532,372 shares of Common Stock underlying warrants held by such selling securityholders, and 5,563,343 shares of Common Stock previously issued or which may be issued to Lincoln Park under the Purchase Agreement (including 366,611 commitment shares).

The Private Placements

Selling securityholders named herein and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of our Common Stock covered hereby on the principal trading market or any other stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. Such selling securityholders may use any one or more of the following methods when selling shares:

.

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

.

block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

.

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

.

an exchange distribution in accordance with the rules of the applicable exchange;

.

privately negotiated transactions;

.

settlement of short sales entered into after the effective date of the registration statement of which this prospectus is a part;

.

in transactions through broker-dealers that agree with the selling securityholders to sell a specified number of such shares at a stipulated price per share;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

a combination of any such methods of sale; or

any other method permitted pursuant to applicable law.

Such selling securityholders may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by such selling securityholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling securityholders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

In connection with the sale of the Common Stock or interests therein, such selling securityholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the Common Stock in the course of hedging the positions they assume. Such selling securityholders may also sell shares of Common Stock short and deliver these securities to close out their short positions, or loan or pledge the Common Stock to broker-dealers that in turn may sell these securities. Such selling securityholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

Such selling securityholders and any broker-dealers or agents that are involved in selling the shares may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. No such selling securityholder has informed the Company that it has any written or oral agreement or understanding, directly or indirectly, with any person to distribute the Common Stock. In no event shall any broker-dealer receive fees, commissions and markups which, in the aggregate, would exceed eight percent (8%).

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the shares.

Because such selling securityholders may be deemed to be "underwriters" within the meaning of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act including Rule 172 thereunder. No selling securityholder (other than Lincoln Park) has advised us that there is an underwriter or coordinating broker acting in connection with the proposed sale of the resale shares by such selling securityholders.

The resale shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale shares of Common Stock covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale shares may not simultaneously engage in market making activities with respect to the Common Stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, such selling securityholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of shares of the Common Stock by the selling securityholders or any other person. We will make copies of this prospectus available to the selling securityholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

The Lincoln Park Transaction

5,563,343 shares of our Common Stock may be offered by this prospectus by Lincoln Park pursuant to the Purchase Agreement. The Common Stock may be sold or distributed from time to time by Lincoln Park directly to one or more purchasers or through brokers, dealers, or underwriters who may act solely as agents at market prices prevailing at the time of sale, at prices related to the prevailing market prices, at negotiated prices, or at fixed prices, which may be changed. The sale of the Common Stock offered by this prospectus could be affected in one or more of the following methods:

.

ordinary brokers' transactions;

.

transactions involving cross or block trades;

.

through brokers, dealers, or underwriters who may act solely as agents;

.

“at the market” into an existing market for the Common Stock;

in other ways not involving market makers or established business markets, including direct sales to purchasers or sales effected through agents;

in privately negotiated transactions; or

any combination of the foregoing.

In order to comply with the securities laws of certain states, if applicable, the shares may be sold only through registered or licensed brokers or dealers. In addition, in certain states, the shares may not be sold unless they have been registered or qualified for sale in the state or an exemption from the state’s registration or qualification requirement is available and complied with.

Lincoln Park is an underwriter within the meaning of Section 2(a)(11) of the Securities Act.

Lincoln Park has informed us that it intends to use an unaffiliated broker-dealer to effectuate all sales, if any, of the Common Stock that it may purchase from us pursuant to the Purchase Agreement. Such sales will be made at prices and at terms then prevailing or at prices related to the then current market price. Each such unaffiliated broker-dealer will be an underwriter within the meaning of Section 2(a)(11) of the Securities Act. Lincoln Park has informed us that each such broker-dealer will receive commissions from Lincoln Park that will not exceed customary brokerage commissions. In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, the maximum consideration or discount to be received by any FINRA member or independent broker dealer may not exceed 8% of the aggregate amount of the securities offered pursuant to this prospectus.

Brokers, dealers, underwriters or agents participating in the distribution of the shares as agents may receive compensation in the form of commissions, discounts, or concessions from Lincoln Park and/or purchasers of the Common Stock for whom the broker-dealers may act as agent. The compensation paid to a particular broker-dealer may be less than or in excess of customary commissions. Neither we nor Lincoln Park can presently estimate the amount of compensation that any agent will receive. We know of no existing arrangements between Lincoln Park or any other stockholder, broker, dealer, underwriter or agent relating to the sale or distribution of the shares offered by this prospectus. At the time a particular offer of shares is made, a prospectus supplement, if required, will be distributed that will set forth the names of any agents, underwriters or dealers and any compensation from Lincoln Park, and any other required information.

Item 17.

Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume

and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser:

If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(5) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

SIGNATURES

Pursuant to the requirements of the Securities Act, the Registrant has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Longmont, State of Colorado on the 2nd day of May 2018.
