PROXY STATEMENT

August 4, 2016

Proxies are solicited by the Board of Trustees (the “Board” or “Board of Trustees”) of Investors Real Estate Trust, a North Dakota real estate investment trust (the “Company”), for use at the Company’s 2016 Annual Meeting of Shareholders (the “Annual Meeting”) to be held on Tuesday, September 20, 2016, at 9:00 a.m. CDT. The Annual Meeting will be held at the Grand Hotel, 1505 North Broadway, Minot, North Dakota, 58703. Only the holders of record of the Company’s common shares of beneficial interest, no par value (“Shares” or “common shares”), at the close of business on July 22, 2016 (the “Record Date”), are entitled to vote at the Annual Meeting. The holders of the Company’s 8.25% Series A Cumulative Redeemable Preferred Shares of Beneficial Interest, no par value (the “Series A Preferred Shares”), and the holders of the Company’s 7.95% Series B Cumulative Redeemable Preferred Shares of Beneficial Interest, no par value (the “Series B Preferred Shares”), are not entitled to vote at the Annual Meeting. As of the close of business on July 22, 2016, the Company had 121,149,767 Shares issued and outstanding, each of which is entitled to one vote at the Annual Meeting. Thirty three and one third percent of the Shares outstanding on the Record Date must be present in person or represented by proxy to have a quorum.

The cost of soliciting proxies will be borne by the Company. The Company has engaged Morrow & Co., LLC, 470 West Avenue, Stamford, CT 06902 (“Morrow”) to assist with the solicitation of proxies. The Company will pay Morrow a fee of \$8,000 plus reimbursement of out of pocket expenses and disbursements currently estimated at an additional \$6,000, with the final amount of such disbursements depending on the level of services actually provided. Trustees, officers and employees of the Company may, without additional compensation, solicit proxies by mail, email and/or telephone.

The Company is furnishing proxy materials to its shareholders primarily via the Internet. On or about August 4, 2016, the Company mailed to its shareholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access the Company’s proxy materials, including the 2016 Proxy Statement and the 2016 Annual Report, and how to vote through the Internet, by mail or in person. On or about August 4, 2016, certain shareholders, in accordance with their prior requests, were sent e mail notifications of how to access the proxy materials and to vote or have been mailed paper copies of the Company’s proxy materials and a proxy card or voting form.

Internet distribution of the Company’s proxy materials is designed to expedite receipt by shareholders, lower the cost of the Annual Meeting and conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability. If you have previously elected to receive the Company’s proxy materials electronically, you will continue to receive these materials via e mail unless you elect otherwise.

The Company will request banks, brokerage houses and other institutions, nominees and fiduciaries to forward the proxy materials to the beneficial owners of Shares and to obtain authorization for the execution of proxies. The Company will, upon request, reimburse banks, brokerage houses and other institutions, nominees and fiduciaries for their reasonable expenses in forwarding the proxy materials to the beneficial owners. If a shareholder is a participant in the Company's Distribution Reinvestment and Share Purchase Plan (the "DRSP Plan"), the proxy represents a voting instruction as to the number of full Shares in such shareholder's DRSP Plan account, as well as any Shares held directly by the shareholder.

You may vote your Shares at the Annual Meeting in person. If you cannot attend the Annual Meeting in person, or you wish to have your Shares voted by proxy even if you do attend the Annual Meeting, you may vote by duly authorized proxy over the Internet, by telephone or by mail. In order to vote over the Internet, you must first go to www.proxyvote.com, have your Notice of Internet Availability of Proxy Materials, proxy card or voting instruction form in hand and follow the instructions.

Table of Contents

In order to vote by telephone, you must call 1 800 690 6903, have your Notice of Internet Availability of Proxy Materials, proxy card or voting instruction form in hand and follow the instructions.

To vote by mail using a proxy card, you must sign, date and mail the proxy card in the envelope provided. You may request a proxy card as instructed in the Notice of Internet Availability of Proxy Materials.

To vote in person, you must attend the Annual Meeting and obtain and submit a ballot, which will be provided at the meeting.

All properly executed or authorized proxies delivered pursuant to this solicitation and not revoked will be voted at the Annual Meeting as specified in such proxies. If no vote is specified on such a proxy, or no vote is specified as to a particular proposal, the Shares represented by such proxy as to such no vote will be voted FOR the election of each of the nine trustee nominees, FOR the advisory approval of named executive officer compensation and FOR the ratification of the selection of Grant Thornton LLP as the Company's independent auditor for the current fiscal year. If other matters are properly presented for voting at the Annual Meeting, the persons named as proxies will vote on such matters in accordance with their best judgment. The Company has not received notice of other matters that may properly be presented for voting at the Annual Meeting.

Brokerage firms have authority to vote clients' unvoted shares on some "routine" matters. When a brokerage firm votes its clients' unvoted shares on routine matters, these shares are counted and are used to determine if a quorum exists to conduct business at the meeting. A brokerage firm cannot vote clients' unvoted shares on non routine matters, which results in a broker non vote. A broker non vote will be treated as not being entitled to vote on the proposal and will not be counted for purposes of determining whether the proposal has been approved, but will be counted for purposes of determining the existence of a quorum to conduct business at the meeting.

The Company's proposal to ratify the selection of its independent auditor (Proposal 3) is considered a routine matter, but the election of trustees (Proposal 1) and the advisory vote on executive compensation (Proposal 2) are not. If you hold your Shares in street name and you do not instruct your bank or broker how to vote in the election of trustees (Proposal 1) and on the advisory vote on executive compensation (Proposal 2), no votes will be cast on your behalf for such proposals. Your bank or broker will, however, continue to have discretion to vote any uninstructed Shares on the ratification of the appointment of the Company's independent auditor (Proposal 3). Accordingly, if you hold your Shares in street name in a bank or brokerage account, it is critical that you cast your vote if you want it to count in the election of trustees and in the advisory vote on executive compensation.

Shares entitled to vote but which, at the direction of the beneficial owner, are not voted on one or more matters ("abstentions") will be counted for the purpose of determining whether there is a quorum for the transaction of business at the Annual Meeting. Shares held by brokers who do not have discretionary authority to vote on a particular matter and who have not received voting instructions from their customers (broker non votes) are counted as present for the purpose of determining the existence of a quorum at the Annual Meeting.

The affirmative vote of a majority of the voting power of the shareholders present in person or by proxy at the Annual Meeting, provided a quorum is present, is required to elect each of the nine trustee nominees (Proposal 1); to approve, on an advisory basis, the compensation of the named executive officers (Proposal 2); and to ratify the selection of Grant Thornton LLP as the Company's independent auditor (Proposal 3). If brokers and banks vote on their clients' behalf as directed to do so, such votes will affect the proposals as voted (either for or against). If brokers and banks do not receive voting instructions from their clients and, accordingly, do not vote on their clients' behalf, such broker non votes will be treated as not being entitled to vote on the proposal and will not be counted for purposes of determining whether the proposal has been approved. Abstentions will have the effect of a vote against the proposals.

Edgar Filing: INVESTORS REAL ESTATE TRUST - Form DEF 14A

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before polls close at the Annual Meeting by either: (1) delivering to Joy S. Newborg, the Secretary of the Company, a written notice of revocation or a duly executed proxy bearing a later date; (2) authorizing a subsequent proxy by telephone or through the designated Internet site; or attending the Annual Meeting and voting in person. If your shares are held on your behalf by a broker, bank or other nominee, you must contact them to receive instructions on how to revoke your proxy.

The Company's principal executive offices are located at 1400 31st Avenue SW, Suite 60, Minot, North Dakota, 58702. The Company's telephone number is (701) 837 4738 and facsimile number is (701) 838 7785.

CORPORATE GOVERNANCE AND BOARD MATTERS

Attendance at Board, Committee and Annual Shareholders' Meetings

All trustees are expected to attend each meeting of the Board and the committees on which they serve, and are also expected to attend each annual meeting of shareholders. During the fiscal year ended April 30, 2016, the Board held twelve meetings, the Audit Committee held five meetings, the Compensation Committee held eight meetings and the Nominating and Governance Committee held three meetings. No trustee attended fewer than 75% of the meetings of the Board and the committees on which they served during the past fiscal year. All trustees attended the 2015 Annual Meeting of Shareholders.

Trustee Independence

The Board of Trustees determined that each of the following trustees who had served on the Board anytime during fiscal year 2016 qualified as an "independent director" in accordance with the listing standards (the "Standards") of the New York Stock Exchange ("NYSE"): Jeffrey P. Caira, Michael T. Dance, Linda J. Hall, Terrance P. Maxwell, Jeffrey L. Miller, Pamela J. Moret, John A. Schissel, John D. Stewart and Jeffrey K. Woodbury. Under the Standards, no trustee of the Company will qualify as independent unless the Board of Trustees has affirmatively determined that the trustee has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. The Standards specify certain relationships that are deemed to preclude a finding of independence, including, for example, employment by the Company or engaging in certain business dealings with the Company. In making these determinations, the Board reviewed and discussed information provided by the trustees and the Company with regard to each trustee's business and personal activities as they may relate to the Company and the Company's management.

With respect to Mr. Maxwell, the Board considered Mr. Maxwell's employment with Robert W. Baird & Co. Incorporated ("Baird"), which has in the past performed investment banking services for the Company. The at the market (ATM) Sales Agreement between the Company and Baird as sales agent, dated August 30, 2013, was terminated by the Company on June 1, 2016. The Company never issued common shares under this agreement. The Board concluded that Mr. Maxwell's position at Baird would not create a material relationship with the Company, directly or indirectly; would not interfere with Mr. Maxwell's exercise of independent judgment in carrying out the responsibilities of a Company trustee; and that the Board is not precluded from determining that he is independent under the Standards.

In addition, each trustee who served as a member of the Audit Committee anytime during fiscal year 2016 qualified as "independent" under the Standards and the NYSE's additional standards for members of audit committees and met the special standards established by the Securities and Exchange Commission ("SEC") for members of audit committees. Each trustee who served as a member of the Compensation Committee anytime during fiscal year 2016 qualified as "independent" under the Standards and the NYSE's enhanced standard for members of compensation committees.

Board Leadership Structure

As described above, the Chair of the Board, Mr. Jeffrey Miller, is an independent trustee under the Standards. Mr. Miller has served as Chair of the Board since 2002. The Board of Trustees believes that the Company should maintain a Board leadership structure in which the roles of Chief Executive Officer and Chair of the Board are separate and the Chair of the Board is independent under the Standards. The Company's Governance Guidelines, adopted by the Board on December 5, 2012 and amended on June 25, 2013, March 5, 2014 and December 9, 2015, state that "the Board's general policy is that the positions of Chairman of the Board and Chief Executive Officer should be held by separate persons." The separation of offices allows the Chair of the Board to focus on management of board

matters, and allows the Chief Executive Officer to focus his attention on managing the Company's business. Additionally, the Company believes the separation of offices ensures the objectivity of the Board in its management oversight role, specifically with respect to reviewing and assessing the Chief Executive Officer's performance.

Board Committees

The Board has created five committees in order to more effectively direct and review the Company's operations and strategic outlook. In addition, the committees allow management to timely respond to factors affecting the ongoing

Table of Contents

operations of the Company. Management regularly consults with committee chairs to review possible actions and seek counsel. Where appropriate, the Board delegates authority to committees (within specified parameters) to finalize the execution of various Board functions.

The Board has established the following committees: Audit, Compensation, Nominating and Governance, Executive and Investment. The present members of these committees are indicated in the preceding section of this Proxy Statement. During the fiscal year ended April 30, 2016, the Audit Committee met five times, the Compensation Committee met eight times and took action by written approval on one occasion, and the Nominating and Governance Committee met three times and took action by written approval on one occasion. The Investment and Executive Committees did not meet in fiscal year 2016, but the Investment Committee took action by written approval on one occasion during fiscal year 2016.

The Audit Committee is currently composed of five trustees, all of whom are independent under the Standards and as defined in the rules of the SEC and meet the additional Standards for members of the Audit Committee. Information regarding the functions performed by the Audit Committee is set forth in the "Report of the Audit Committee," contained elsewhere in this Proxy Statement. The Audit Committee is governed by a written charter that has been approved by both the Audit Committee and the Board. The Audit Committee annually reviews and assesses the adequacy of its charter. The most recent review was performed at the Audit Committee meeting in June 2016.

The Compensation Committee is currently composed of four trustees, all of whom are independent under the Standards and meet the enhanced Standards for members of the Compensation Committee. The Compensation Committee recommends to the Company's independent trustees the compensation of the executive officers of the Company, approves the Company's management succession plan, recommends to the Board the compensation of Company trustees and attends to other matters relating to executive retention and compensation. For more information, see the "Compensation Discussion and Analysis" contained elsewhere in this Proxy Statement. The Compensation Committee is governed by a written charter that has been approved by both the Compensation Committee and the Board. The Compensation Committee annually reviews and assesses the adequacy of its charter. The most recent review was performed at the Compensation Committee meeting in December 2015.

The Nominating and Governance Committee is currently composed of four trustees, all of whom are independent under the Standards. The Nominating and Governance Committee identifies individuals qualified to become Board members, recommends to the Board the nominees to stand for election and re-election to the Board, reviews the Company's governance policies and guidelines and recommends changes to the Board and oversees the self-evaluation process for the Board and Committees. The Nominating and Governance Committee is governed by a written charter that has been approved by both the Nominating and Governance Committee and the Board. The Nominating and Governance Committee annually reviews and assesses the adequacy of its charter. The most recent review was performed at the Nominating and Governance Committee meeting in March 2016.

The Nominating and Governance Committee is responsible for reviewing the appropriate skills and characteristics required of Board members. This assessment includes consideration of the factors specified in the Nominating and Governance Committee's charter, the Company's Bylaws and the Company's Governance Guidelines as to trustee qualification requirements. These factors include age (at least 21 years of age and less than 74 years of age upon the date of the annual shareholder meeting); broad leadership experience in business, government, education, public service or in other management or administrative positions; willingness and ability to apply sound and independent business judgment; loyalty to the Company and commitment to its success; commitment to enhancing shareholder value; personal integrity; and independence, as defined in applicable laws and regulations.

The Nominating and Governance Committee generally identifies trustee nominees by first evaluating the current members of the Board of Trustees willing to continue in service. Current members of the Board with experience and

skills relevant to the Company's business and willing to continue in service are considered for re nomination. If any current member of the Board does not wish to continue in service, has reached the Company's mandatory retirement age of 74 years or if the Nominating and Governance Committee decides not to nominate a current trustee for re election, the Committee will then consider the appropriate size of the Board and determine whether to identify a new candidate for nomination. Consideration of new Board candidates typically involves a series of internal discussions, review of information concerning candidates and informal interviews with selected candidates.

Table of Contents

In general, candidates for nomination to the Board are either suggested by Board members or Company employees or located by search firms engaged by the Committee. In fiscal year 2016, the Company employed a search firm and paid the firm fees in connection with locating and evaluating two Board candidates. In accordance with the Company's Bylaws, the Nominating and Governance Committee will also consider trustee nominations from shareholders. Shareholders who wish to recommend individuals for consideration by the Nominating and Governance Committee to become nominees for election to the Board at an annual shareholder meeting may do so by submitting all the materials required under Article III, Section 6(B) of the Bylaws to the Company's Secretary at the following address: Investors Real Estate Trust, 1400 31st Avenue SW, Suite 60, PO Box 1988, Minot, North Dakota, 58702 1988. Submissions must be received by the Secretary no earlier than the close of business on the 120th day and no later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting. However, if the Board increases the number of trustees to be elected at an annual meeting but there is no public announcement by the Trust naming all of the nominees for the increased number at least 100 days prior to the first anniversary of the preceding year's annual meeting, then submissions, but only with respect to nominees for any new positions created by such increase, shall also be considered timely if received by the Secretary no later than the close of business on the 10th day following the day on which such public announcement is first made by the Company. The Nominating and Governance Committee will not alter the manner in which it evaluates candidates, including consideration of the factors set forth in its charter, based on whether the candidate was recommended by a shareholder or was identified by other means.

The Executive Committee, which is composed of three trustees, two of whom are independent under the Standards, has all of the powers of the Board with respect to the management and affairs of the Company, subject to limitations prescribed by the Board and by North Dakota law, between meetings of the Board when there is not sufficient time to present the action to the full Board at its next regularly scheduled meeting. The Executive Committee is governed by a written charter that has been approved by the Board.

The Investment Committee, which is composed of all the non-management trustees, has the authority to act on behalf of the Board to evaluate and approve proposed transactions, including effecting loans, capital expenditures and acquisitions and dispositions of property and other assets, when there is not sufficient time to present the transaction to the full Board at its next regularly scheduled meeting. The Investment Committee is governed by a written charter that has been approved by the Board.

The charters for the Audit, Compensation, Nominating and Governance and Executive Committees and the Company's Governance Guidelines are posted on the Company's website at www.iret.com under the "Corporate Governance" heading of the "Investor Relations" section.

Audit Committee Financial Expert

The Board determined that Mr. Woodbury, the Chair of the Audit Committee, and Messrs. Caira, Dance and Stewart, members of the Audit Committee, are all "audit committee financial experts," as that term is defined in rules of the SEC.

Executive Sessions

The Board holds regular executive sessions at which non management and independent trustees meet without Company management or employees present. Executive sessions are held not fewer than four times per year, at each regularly scheduled Board meeting. The Chair of the Board presides over executive sessions. If the Chair is not present, then the independent trustees will elect an independent trustee to preside over the executive session.

Policy Regarding Diversity

The Company does not have a formal policy regarding diversity of membership of the Board of Trustees. The Nominating and Governance Committee recognizes the value of having a Board that encompasses a broad range of skills, expertise, contacts, industry knowledge and diversity of opinion, but the Committee has not attempted to define “diversity,” or otherwise require that the Board include individuals from any particular background or who possess specific attributes. Although not part of any formal policy, the Committee’s goal in nominating trustee candidates is a balanced Board with members whose skills, backgrounds and experience are complementary and, together, cover the spectrum of areas that impact the Company’s business.

Board Role in Risk Oversight

Company management is responsible for the day to day management of risks the Company faces. The Board is actively involved in overseeing the Company's risk management. The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management which include consideration of operational, financial, legal, regulatory and strategic risks facing the Company. The Board does not view risk in isolation, as risks are considered in virtually every business decision made and as part of the Company's business strategy. Accordingly, the Board also works to oversee risk through its consideration and authorization of significant matters, such as major property acquisitions and dispositions; development projects; financing transactions; operational initiatives such as the Company's transition to internally managing the majority of its properties and shift its property portfolio focus; the adoption of basic Company policies such as the Company's Code of Conduct and Insider Trading Policy; and through its oversight of management's implementation of those initiatives. In addition, each of the Company's Board committees considers risk within its area of responsibility, as follows:

- The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to risk management in areas of financial risk, internal controls and compliance with legal and regulatory requirements. The Audit Committee interacts regularly in executive session with the Company's internal and independent auditors in carrying out these functions.
- The Compensation Committee oversees the Company's compensation policies and practices to help ensure sound pay practices that do not cause compensation risks to arise that are reasonably likely to have a material adverse effect on the Company.
- The Nominating and Governance Committee assists in oversight of the management of risks associated with board organization, membership and structure.

As a critical part of its risk management oversight role, the Board encourages full and open communication between management and the Board of Trustees. Trustees are free to communicate directly with senior management. Senior management attends the regular meetings of the Board and is available to address any questions or concerns raised by the Board on risk management related and other matters.

OTHER GOVERNANCE MATTERS

Code of Conduct and Code of Ethics for Senior Financial Officers

The Company's trustees, officers and employees are required to comply with a Code of Conduct adopted by the Board in January 2004. The Board adopted the Code of Conduct to codify and formalize certain of the Company's long standing policies and principles that help ensure its business is conducted in accordance with the highest standards of moral and ethical behavior. The Code of Conduct covers several areas of professional conduct, including conflicts of interest, insider trading, corporate opportunities, discrimination and confidential information, as well as requiring strict adherence to all laws and regulations applicable to the Company's business. Employees are required to bring any violations and suspected violations of the Code of Conduct to the attention of the Company, through management or Company legal counsel. Annually, the trustees and senior management sign acknowledgement forms attesting that they have read the Code of Conduct and understand their responsibilities under the Code of Conduct.

Additionally, the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and other senior financial officers performing similar functions are also subject to a Code of Ethics for Senior Financial Officers, which contains certain policies regarding financial records; periodic reporting, filings and other communications with the SEC, other regulators and the public; and compliance with applicable laws, rules and regulations in the conduct of the Company's business and financial reporting.

The Code of Conduct and Code of Ethics for Senior Financial Officers are posted on the Company's website at www.iret.com under the "Corporate Governance" heading of the "Investor Relations" section. The Company intends to disclose any future amendments to, or waivers of, the Code of Conduct and Code of Ethics for Senior Financial Officers on its website promptly following the date of any such amendment or waiver, or by other method required or permitted under NYSE rules.

Clawback Policy

The Company's Executive Incentive Compensation Recoupment Policy, more commonly known as a clawback policy, became effective May 1, 2015 and applies to all executive officers, vice presidents and senior vice presidents who receive incentive compensation. Under this policy, if the Company restates its financial statements due to material noncompliance with any financial reporting requirement under the U.S. federal securities laws, a person covered by the clawback policy will be required to reimburse or forfeit any incentive compensation received if such person engaged in fraud, intentional misconduct or illegal behavior that caused or contributed to such restatement. The amount to be reimbursed or forfeited will be the amount of the incentive compensation paid or awarded to the person based on the erroneous financial data exceeding the amount that would have been paid based on restated results, as determined by the Board in its sole discretion. The Board will also determine the method for recouping such amounts and/or taking any other remedial and recovery action permitted by law. The policy applies to such awards approved, awarded or granted on or after the effective date of May 1, 2015. For more information on this policy, see "Compensation Discussion and Analysis – Clawback Policy" contained elsewhere in this Proxy Statement.

Equity Ownership and Retention Policy

Non Employee Trustees

Under the Company's Policy Regarding Share Ownership and Retention, which became effective on July 1, 2015, all non employee trustees are required to own common shares, including shares issued as compensation for board service, equal to at least three times their annual cash compensation. Trustees have five years to achieve this level of common share ownership beginning on July 1, 2015 or the date the trustee was first appointed or elected to the Board, whichever date occurs last. Once the Company certifies that a trustee has met the ownership requirement, future declines in common share value will not impact compliance as long as the trustee continues to own at least the same number of shares when certified. In addition, trustees are required to retain at least 60% of the shares issued to them by the Company as compensation for board service while serving as a trustee of the Company.

Ownership includes: (1) shares owned directly by the participant, participant's spouse and/or children; (2) shares held in a revocable trust for the benefits of the participant, participant's spouse and/or children; (3) shares owned by an entity in which the participant has or shares the power to vote or dispose of the shares; (4) shares held in a retirement account owned by the participant or participant's spouse; and (5) shares pursuant to an equity award that are to vest within 12 months. Shares do not include shares pursuant to performance awards that have not yet been earned. The Company intends that equity awards granted by the Company under its equity compensation plans will satisfy such ownership requirements.

This policy replaced the requirements under the Company's Governance Guidelines, where all non management trustees were required to beneficially own at least 10,000 common shares of the Company and/or limited partnership units of IRET Properties, the Company's operating partnership, including common shares issued as compensation for board service. Trustees had five years to achieve this level of common share and/or unit ownership. In addition, trustees were required to retain at least 60% of any shares issued to them by the Company as compensation for board service while serving as a trustee of the Company.

Senior Management

The new policy also applies to the Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, any other executive vice presidents and senior vice presidents of the Company. The ownership requirements are as follows: (1) Chief Executive Officer — five times base salary; (2) Chief Financial Officer, Chief Operating Officer and other executive vice presidents — two times base salary; and (3) senior vice presidents — one times base salary. Officers

have five years to achieve this level of common share ownership beginning on the later of July 1, 2015 or the date the officer was first appointed or hired as an officer. Once the Company certifies that an officer has met the ownership requirement, future declines in common share value will not impact compliance as long as the officer continues to own at least the same number of shares when certified. In addition, officers are required to retain at least 60% of the shares issued to them by the Company as compensation until the ownership requirement is reached, the officer ceases to be an applicable officer or the officer ceases to be employed by the Company, whichever occurs first.

Hedging and Pledging Policy

Under the Company's Policy Regarding Hedging and Pledging of Securities, which became effective on May 1, 2015, the Company's executive officers, senior vice presidents, any designated Section 16 officers and trustees are prohibited from: (1) directly or indirectly engaging in hedging or monetization transactions, through transactions in the Company's securities or through the use of financial instruments designed for such purpose; or (2) pledging the Company's securities as collateral for a loan, including through the use of traditional margin accounts with a broker.

Complaint Procedure

The Sarbanes Oxley Act of 2002 requires companies to maintain procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. The Company's Audit Committee has adopted a complaint procedure that requires the Company to forward to the Audit Committee any complaints that it has received regarding financial statement disclosures, accounting, internal accounting controls or auditing matters. Any employee of the Company may submit, on a confidential, anonymous basis if the employee so chooses, any concerns on accounting, internal accounting controls, auditing matters or violations of the Company's Code of Conduct or Code of Ethics for Senior Financial Officers. All such employee concerns may be reported by means of the Company's whistleblower hotline or submitted in a sealed envelope to the Chair of the Audit Committee, in care of the Company's General Counsel, who will forward any such envelopes promptly and unopened. The Audit Committee will investigate any such complaints submitted.

Communications to the Board

The Board recommends that shareholders and other interested parties initiate any communications with the Board in writing. Shareholders and other interested parties may send written communications to the Board, the Audit, Compensation and Nominating and Governance Committees of the Board or to any individual trustee c/o the Secretary, Investors Real Estate Trust, 1400 31st Avenue SW, Suite 60, PO Box 1988, Minot, North Dakota, 58702 1988, or via e mail to trustees@iret.com. All communications will be compiled by the Secretary and forwarded to the Board, the specified Board committee or to individual trustees, as the case may be, not less frequently than monthly. This centralized process will assist the Board in reviewing and responding to communications in an appropriate manner. The name of any specific intended board recipient should be noted in the communication.

The Audit Committee must approve any related party transaction subject to this policy before commencement of the transaction, or, if it is not practicable to wait until the next Audit Committee meeting, the transaction may be submitted to the Chair of the Audit Committee, who has the delegated authority to act between Audit Committee meetings to pre approve, or ratify, as applicable, any related party transaction in which the aggregate amount involved is expected to be less than \$250,000. Related party transactions that are identified as such subsequent to their commencement will promptly be submitted to the Audit Committee or the Chair of the Audit Committee, which shall, if they determine it to be appropriate, ratify the transaction. The Audit Committee will annually review all ongoing related party transactions and assess whether they remain appropriate. PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Description of Proposal

Pursuant to the Dodd Frank Wall Street Reform and Consumer Protection Act (“Dodd Frank Act”), this Proposal 2, commonly known as a “say on pay” proposal, provides the Company’s shareholders the opportunity to express their views on the compensation of the Company’s named executive officers by voting, on an advisory basis, on the compensation of the named executive officers as disclosed in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and the philosophy, policies and practices described in this Proxy Statement.

Please review the section titled “Compensation Discussion and Analysis” for details regarding the Company’s executive compensation program, including the portion titled “CD&A Executive Summary” which summarizes significant

components of the Company's executive compensation program and actions taken by the Compensation Committee.

The Company is asking its shareholders to indicate their support for the named executive officers' compensation as described in this Proxy Statement. Accordingly, the Board recommends that shareholders vote in favor of the following resolution:

“RESOLVED, that the Company's shareholders hereby approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Company's Proxy Statement for the 2016 Annual Meeting of

Table of Contents

Shareholders, pursuant to the compensation disclosure rules of the Securities and Exchange Commission (Item 402 of Regulation S K), including the Compensation Discussion and Analysis, compensation tables and narrative discussion.”

As provided by the Dodd Frank Act, the say on pay vote is advisory and therefore not binding on the Company, the Board or the Compensation Committee. However, the Board and the Compensation Committee value the opinions of the shareholders, and to the extent there are a significant number of votes against the compensation of the named executive officers as disclosed in this Proxy Statement, the Board and Compensation Committee will consider the shareholders’ concerns and evaluate what actions are necessary to address those concerns.

Required Vote

This proposal requires the affirmative vote of a majority of the votes cast by the shareholders present in person or by proxy at the Annual Meeting, provided a quorum is present, for approval.

Proxies solicited by the Board will be voted FOR the approval of the compensation of the named executive officers unless a contrary vote is specified.

Vote Recommended

The Board recommends that shareholders vote FOR the approval of the compensation of the named executive officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

CD&A Executive Summary and Fiscal Year 2016 Results

Fiscal Year 2016 Results

In January 2015, the Company announced its intention to sell substantially all of its office and retail properties to streamline its business model and grow its multifamily and healthcare segments, which it believed would result in a more focused and growth-oriented portfolio. To implement this strategic repositioning, during fiscal year 2016, the Company completed the sale of substantially all of its office and retail properties, with 4 office and 6 retail properties remaining as of April 30, 2016.

Below is a summary of such sales as well as other transactions completed by the Company during fiscal year 2016:

- Completed the sale of the following properties for a total sales price of \$414.1 million, reflecting a gain of approximately \$33.4 million:
 - o 40 office properties
 - o 18 retail properties
 - o 8 student housing properties
 - o 2 healthcare properties
 - o 3 parcels of unimproved land
- Completed the transfer of ownership of 9 office properties pursuant to a deed in lieu transaction, resulting in a gain on extinguishment of debt of \$36.5 million.
- Acquired 6 multifamily properties (743 multifamily units) and one healthcare property for a total purchase price of \$143.5 million.
- Placed into service 7 development projects totaling \$211.8 million, consisting of 4 multifamily, 2 healthcare and one retail.

Table of Contents

- Repurchased approximately 4.6 million of the Company's outstanding common shares for approximately \$35.0 million, at an average share price of \$7.54, under the share repurchase program authorized by the Board. The Company believed that its implementation of the strategic plan to reposition the portfolio, delivery on its development plans and efforts to grow earnings with a stronger balance sheet were not being reflected in the Company's current share price.

Even though the above actions made meaningful progress in the transformation of the Company's portfolio, their impact on the Company's financial results resulted in the executive officers not earning any of the short-term incentive cash awards for fiscal year 2016. In addition, the Company's total shareholder return was below the minimum required to earn any long-term incentive share awards for fiscal year 2016.

Fiscal Year 2016 Compensation Program Summary

The primary goal of the Company's executive compensation program is to attract and retain the best executive talent and align the interests of the executive officers with those of the shareholders. Below is a summary of some of the key attributes that defined the Company's executive compensation program during fiscal year 2016.

- The majority of an executive officer's total compensation opportunity was based on performance.
- Long-term incentive share awards, or LTIPs, were based on forward looking, multi year performance.
- Total Shareholder Return, or TSR, was the sole performance metric used in the LTIP, but included both relative TSR measured against the MSCI US REIT Index and absolute TSR.
- Funds from Operations, or FFO, per share/unit was the sole performance metric used in the short-term incentive cash awards, or STIPs.
- No guaranteed minimum STIP or LTIP payouts.
- Dividends are not paid on LTIP awards until the performance and applicable vesting periods end.
- No guaranteed annual salary increases.
- No tax gross ups with respect to payments made in connection with a change in control.
- Executive officers are subject to a clawback policy. (See "Compensation Discussion and Analysis – Clawback Policy" for more information.)
- Executive officers are subject to a share ownership and retention policy. (See "Other Governance Matters – Equity Ownership and Retention Policy – Senior Management" for more information.)
- Executive officers are subject to a policy prohibiting hedging and pledging of the Company's securities. (See "Other Governance Matters – Hedging and Pledging Policy" for more information.)
- Change in control agreements entered into with executive officers contain dual triggers and require conditions for payment. (See "Compensation Discussion and Analysis – Change in Control Severance Agreements" for more information.)
- Indemnification agreements entered into with executive officers and trustees during fiscal year 2016 contain supplemental and enhanced rights of indemnification, advancement of expenses and related rights contained in the Company's Declaration of Trust. (See "Compensation Discussion and Analysis – Indemnification Agreements" for more information.)

Say On Pay Results and Consideration

Say On Pay Voting Results for 2015

At the Company's 2015 Annual Meeting of Shareholders, the shareholders' advisory vote on executive compensation, known as "say-on-pay," received the approval of approximately 96.7% of the votes cast on the proposal. The Compensation Committee believes that the result of the advisory vote is valuable in assessing its compensation decisions, and considered the vote in reviewing and evaluating its executive compensation programs. The Committee also considered numerous other factors in evaluating the Company's executive compensation programs as discussed in this Proxy Statement, including its desire to continue to enhance the alignment of its executives to the shareholders. While each of these factors informed the Committee's decisions regarding the named executive officers' compensation, the Committee did not implement any changes to the Company's executive compensation programs as a result of the shareholder advisory "say-on-pay" vote.

Say On Frequency Voting Results

At the Company's 2011 Annual Meeting of Shareholders, a majority of the Company's shareholders voting on the non-binding advisory resolution on the frequency of a "say-on-pay" vote, known as "say-on-frequency", chose in favor of holding "say-on-pay" advisory votes every year. The Board considered the voting results on that proposal and adopted a policy providing for an annual "say-on-pay" advisory vote. Unless the Board modifies its policy on the frequency of holding "say on pay" advisory votes, the next "say on pay" advisory vote will occur at the 2016 Annual Meeting. The next required vote regarding "say on frequency" will occur at the Company's 2017 Annual Meeting of Shareholders.

Named Executive Officers

The following Compensation Discussion and Analysis describes the material elements of compensation for the following individuals, collectively referred to as the "named executive officers," who served during fiscal year 2016: Timothy P. Mihalick, President and Chief Executive Officer; Ted E. Holmes, Executive Vice President and Chief Financial Officer; Diane K. Bryantt, Executive Vice President and Chief Operating Officer; Mark W. Reiling, former Executive Vice President and Chief Investment Officer (who subsequently resigned effective as of August 1, 2016); and Michael A. Bosh, Executive Vice President and General Counsel.

Executive Compensation Philosophy

The Compensation Committee, composed entirely of trustees who are independent under the listing standards of the NYSE, operates under a written charter adopted in December 2012, and is responsible for establishing the terms of the compensation of the Company's named executive officers. The Committee believes that the Company's compensation program for executive officers should:

- attract and retain highly qualified executives;
- motivate these executives to improve the Company's financial position and increase shareholder value on an annual and long term basis;
- provide total compensation that is competitive with compensation provided by other peer companies;
- promote management accountability for financial and operational performance;
- provide a total compensation pay mix that includes both base salary and incentive components; and
- promote teamwork and cooperation throughout the Company and within the management group.

The Committee applied these philosophies in establishing each of the elements of executive compensation for fiscal year 2016. The Committee's goal was to align executive compensation with measurable performance and to compare executive compensation with peers and industry specific market data, in order to design an executive compensation

program that would attract and retain talented executives, provide incentives to executives to achieve certain performance targets and link executive compensation to shareholder results by rewarding competitive and superior performance.

Executive Compensation Processes

The Compensation Committee meets in executive session without management present to discuss various compensation matters, including the compensation of the Chief Executive Officer. In addition, the Committee annually reviews all elements of executive compensation and benefit programs for reasonableness and cost effectiveness. Pursuant to the Company’s Declaration of Trust, the Board may form and delegate the authority of the Compensation Committee to subcommittees composed entirely of independent trustees, when appropriate, to take any of the actions that the Compensation Committee is empowered to take. To date the Board has not made provision for the Compensation Committee to delegate any of its authority.

During fiscal year 2015, the Compensation Committee engaged FPL Associates L.P. (“FPL Associates”) who specializes in the real estate investment trust, or REIT, industry, as an independent consultant to advise the Committee on executive compensation matters, specifically to evaluate and redesign the Company’s long term incentive program for fiscal year 2016 awards. During this engagement, the consultant assisted in developing an appropriate peer group and conducted an analysis and peer comparison of the long-term incentive plans implemented by the peer group to the Company’s LTIP program. The consultant was engaged directly by the Committee, although it periodically interacted with management to gather relevant data. At the time of engagement, based on information from trustees and executive officers confirming no business or personal relationships with FPL Associates, the Committee concluded that the consultant was independent from the Company and that the work of the consultant did not raise any conflict of interest.

Executive Compensation Program

Consistent with its previous determination regarding fiscal year 2015 executive officer compensation, the Compensation Committee determined that the compensation of executive officers should consist of a higher percentage of variable pay (i.e., incentive compensation) to fixed pay (i.e., base salary), with base salaries being approximately 33% to 42%, short term incentive compensation being approximately 29% to 33% and long term incentive compensation being approximately 29% to 33% of their total “target” compensation.

The Compensation Committee further determined that executive officer compensation should be market adjusted, and established with reference to a peer group of public real estate investment trusts (“REITs”) based on similar asset focus, size in terms of assets and revenue and geographic location. The Compensation Committee, with guidance from FPL Associates and management, developed a peer group (“Peer Group”), reviewed compensation information for the Peer Group and compared the Company’s executive compensation to the compensation of executives at the Peer Group.

The Peer Group used for comparison for fiscal year 2016 compensation consisted of the following REITs:

Cedar Realty Trust, Inc.	Cousins Properties, Inc.	East Group Properties, Inc.
First Industrial Realty Trust Inc.	First Potomac Realty Trust	Franklin Street Properties Corp.
Inland Real Estate Corp.	Kite Realty Group Trust	Monogram Residential Trust
Parkway Properties, Inc.	Post Properties, Inc.	PS Business Parks, Inc.
QTS Realty Trust, Inc.	Terreno Realty Corporation	Washington Real Estate Investment Trust

Based on these comparisons, the Compensation Committee determined that the base salaries of the Company’s executive officers should continue to be set within the mid range of base salaries as disclosed by the Peer Group and in industry specific market data. In establishing the salaries of the executive officers, the Committee also considered internal equity among executive officers, individual and Company performance, experience in the position and cost to the Company.

In establishing incentive compensation for executive officers, the Committee reviewed the comparisons between the Company and the Peer Groups as to the types of incentive awards utilized, structure of the incentive awards and performance metrics utilized as well as the TSR comparisons between the Company and the NAREIT Equity Index and MSCI US REIT Index.

The Company's executive compensation program may be changed by the Committee at any time without notice to or approval by the shareholders. The Company is in a very competitive industry where success is based largely on the ability of senior management to identify, acquire and manage real estate properties. Therefore, to continue to properly

Table of Contents

manage and grow the Company, it may be necessary to increase the amounts payable under the Company's base salary and incentive bonus programs in order to attract and retain qualified executives.

Incentive Award Plans

For incentive compensation, the Company's 2008 Incentive Award Plan ("2008 Plan"), which was approved by the Company's shareholders in September 2008, permits the Compensation Committee and/or the Company's Board of Trustees to grant incentive awards in the form of restricted shares, cash bonuses, share bonuses or other performance or incentive awards that are paid in cash, common shares or a combination thereof. Previous to the 2008 Plan, all incentive awards granted to officers or employees were paid in cash.

In June 2015, the Board of Trustees approved an updated plan, the 2015 Incentive Plan ("2015 Plan"), which was submitted to the shareholders and approved at the 2015 Annual Shareholder Meeting. Under the 2015 Plan, the Compensation Committee is permitted to grant incentive awards in the form of incentive awards, share awards and share unit awards that may be paid in cash, common shares or a combination of both.

The Compensation Committee considers that paying incentive awards in common shares will contribute to an alignment of the interests of management, employees and trustees with those of the Company and its shareholders, as the value of equity awards is directly linked to the market value of the Company's shares.

Role of Management in Executive Compensation Decisions

Company management is involved in the following executive compensation processes:

- the Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, General Counsel, Chief Compliance Officer, Director of Internal Audit and/or the Director of Human Resources, as requested by the Committee, develop or oversee the creation of written background and supporting materials for distribution to the Committee prior to its meetings.
- at the request of the Committee, certain employees of the Company (generally the Chief Compliance Officer and/or Director of Human Resources) collect data for the Committee on compensation levels and programs at peer companies.
- near the end of each fiscal year, the Chief Executive Officer provides the Committee with comments and recommendations regarding salary levels and potential salary increases for members of management, including the named executive officers (other than himself). Increases in base salary, if any, are effective as of the beginning of each fiscal year, i.e. as of May 1 each year.

Components of the Executive Compensation Program

The primary elements of the Company's executive compensation program in fiscal year 2016 were:

- base salary
- short and long term incentive awards
- health and retirement programs
- executive benefits and perquisites

Base Salary

Base salaries for the executive officers, including the CEO, are designed to compensate such individuals for their sustained performance. Base salaries for fiscal year 2016 were established by evaluating the responsibilities of the position held, the experience of the particular individual and the Committee's desire to achieve the appropriate mix between fixed compensation and incentive compensation. The Committee also reviewed salaries paid for comparable

positions by the Peer Group, as indicated above. The base salaries of the executive officers are reviewed and adjusted on a fiscal year basis, based on, among other factors, the individual's performance over the past year, changes in the

Table of Contents

individual's responsibility and/or necessary adjustments to maintain base salaries that are competitive in view of prevailing wage rates and inflation, if any.

In the first quarter of fiscal year 2016, the Compensation Committee recommended, and the independent trustees approved, no increases to the base salaries of Mr. Mihalick, Mr. Holmes and Ms. Bryantt and increases of 5% to the base salaries for the other named executive officers, with such increases effective as of May 1, 2015, as indicated below:

Timothy P. Mihalick	\$ 444,050
Ted E. Holmes	\$ 230,000
Diane K. Bryantt	\$ 315,000
Mark W. Reiling	\$ 262,500
Michael A. Bosh	\$ 247,732

Short Term Incentive Awards

The Short Term Incentive Program ("STIP") was developed in connection with the 2008 Plan, and is subject to the terms and limitations of the 2008 Plan. The STIP was recommended by the Committee and approved by the independent trustees on June 1, 2012, and became effective as of May 1, 2012. The STIP awards for fiscal year 2016 were granted under the 2008 Plan. Beginning with the short-term incentive awards for fiscal year 2017, new awards will be granted pursuant to the 2015 Plan.

Under the STIP, executive officers of the Company were provided the opportunity to earn awards, payable 100% in cash, based on the degree of attaining specified performance goals of the Company over a one year performance period beginning on the first day of each fiscal year, May 1. The executive officers must be employed by the Company on the last day of the performance period, April 30th, to receive the award. Each named executive officer's total award opportunity under the STIP, stated as a percentage of base salary in effect as of the first day of the performance period, which percentage depends on the executive officer's position and the degree of achievement of specific "threshold," "target," and "maximum" performance goals, are set forth in the table below:

	Threshold	Target	Maximum
President and Chief Executive Officer Timothy P. Mihalick	94	% 100	% 200
Executive Vice President, Chief Financial Officer Ted E. Holmes	66	% 70	% 140
Executive Vice President, Chief Operating Officer Diane K. Bryantt	66	% 70	% 140
Executive Vice President, Chief Investment Officer Mark W. Reiling	66	% 70	% 140
Executive Vice President and General Counsel Michael Bosh	66	% 70	% 140

For fiscal year 2016, the STIP's objective performance goal was based on Funds from Operations ("FFO") per share and unit achieved during fiscal year 2016. For purposes of the STIP, FFO was calculated in accordance with NAREIT's definition of FFO (which is reported in the Company's filings with the SEC) but adjusted to exclude acquisitions costs and loan prepayment penalties (that is, added back to net income). FFO per share has wide acceptance as a reported measure of REIT operating performance. FFO as defined by NAREIT is equal to a REIT's net income available to common shareholders determined in accordance with GAAP, excluding gains (or losses) from sales of depreciable property and impairment losses recognized with respect to depreciable property, plus depreciation of real estate assets, and after adjustments for unconsolidated partnerships and joint ventures. The specific metrics underlying this objective performance goal were set by the independent trustees within the first 90 days of the one year performance period (taking into account input from the Board of Trustees and the Chief Executive Officer). If achievement of the goal falls between "threshold" and "target" levels or between "target" and "maximum" levels, the amount of the associated award is determined by linear interpolation.

Under the STIP, if achievement of the established metric falls below the “threshold” level, a STIP award will not be earned. However, the independent trustees may make an assessment of the STIP and of market conditions with respect to the performance period and, based on unforeseen circumstances, may in their discretion, with the unanimous consent of

Table of Contents

all independent trustees, raise or, in the case of employees who are not subject to Section 162(m) of the Internal Revenue Code, lower the specific metrics underlying the objective performance goal for that performance period.

In the event that the independent trustees do not lower the performance goal for that performance period, and a STIP award is not awarded, the Compensation Committee may award, for retention and recognition purposes, discretionary bonuses to the executive officers (excluding the Chief Executive Officer, the Chief Operating Officer and the Chief Financial Officer, who are not eligible to receive a discretionary bonus). The total amount available for such discretionary bonuses cannot be more than 20% of the sum of the targeted short term incentive pool in effect as of the first day of the performance period of the executive officers eligible for such bonuses, and shall be awarded to the eligible participants at the discretion of the Compensation Committee, with input from the Chief Executive Officer. The Compensation Committee may award the entire amount to one executive, may divide the total bonus amount among all or some of the eligible participants or may make no discretionary bonus awards, as the Compensation Committee in its discretion chooses. No discretionary bonuses were awarded to any executive officers for fiscal year 2016.

An executive must be employed on the last day of the performance period to receive a STIP award or a discretionary bonus, subject to the following exceptions: If during the performance year, the executive's employment is terminated by the Company without Cause, or the executive dies or becomes subject to a Disability while employed by the Company, the executive will receive an award under the STIP calculated based upon actual results for the full one year performance period, but the award will be prorated based on the period of employment during the one year performance period through the date of such event. If a Change in Control occurs during the one year performance period, the performance goal(s) under the STIP will be prorated based on the period of time during the one year performance period through the date of the Change in Control, and the executive will receive an award under the STIP that is prorated based on the period of employment during the one year performance period through the date of the Change in Control. "Cause," "Disability," and "Change in Control" will have the meanings set forth in the STIP.

In the last quarter of fiscal year 2015, the Committee recommended to the Board, and the independent trustees approved, the performance goals under the STIP, to be based on the FFO per share/unit achieved for fiscal year 2016, for "threshold," "target" and "maximum" levels of \$0.60, \$0.64 and \$0.80, respectively. On March 15, 2016, the Committee recommended to the Board, and the independent trustees approved, an increase in the performance goals for the fiscal year 2016 awards, as permitted under the STIP, primarily due to the unintended impact that the Company's reported gain on extinguishment of debt during the third quarter of fiscal year 2016 had on the earning of the STIP awards. The increased performance goals for "threshold," "target" and "maximum" levels were \$0.80, \$0.84 and \$1.00, respectively

For fiscal year 2016, the Company's FFO calculated in accordance with the STIP was \$0.79 per share/unit, which did not meet the specified "threshold" performance level of \$0.80 per share/unit. Accordingly, no cash awards under the STIP were paid to any executive officers for fiscal year 2016.

Long Term Incentive Awards

With the assistance of FPL Associates, the committee's independent consultant, the long-term incentive program was redesigned for fiscal year 2016 to be more consistent with best practices in the market and to align closer with the Company's compensation program goals. The long-term incentive awards for fiscal year 2016 were issued pursuant to the 2015 Plan, and were subject to the terms and limitations of the 2015 Plan. Under the 2015 Plan, awards are evidenced by individual share award agreements, which allows the Compensation Committee the flexibility to make changes easily in the future to reflect best practices in the market and REIT industry.

Under the awards granted in fiscal year 2016 ("LTIP"), executives were provided the opportunity to earn awards, payable 100% in shares, based on the degree of attaining specified performance goals of the Company over a

three year, forward-looking performance period beginning on May 1, 2015. As such LTIP awards were granted immediately following shareholder approval of the 2015 Plan at the 2015 annual shareholder meeting on September 16, 2016.

Table of Contents

Each named executive officer's total award opportunity under the LTIP, stated as a percentage of base salary in effect as of the first day of the performance period, which percentage depends on the executive officer's position and the degree of achievement of specific "threshold," "target," and "maximum" performance goals, are set forth in the table below:

	Threshold		Target		Maximum	
President and Chief Executive Officer Timothy P. Mihalick	94	%	100	%	200	%
Executive Vice President, Chief Financial Officer Ted E. Holmes	66	%	70	%	140	%
Executive Vice President, Chief Operating Officer Diane K. Bryantt	66	%	70	%	140	%
Executive Vice President, Chief Investment Officer Mark W. Reiling	66	%	70	%	140	%
Executive Vice President and General Counsel Michael Bosh	66	%	70	%	140	%

To prepare the LTIP award agreements, the maximum award dollar amount was then converted into a number of common shares based on the average closing price for the 20 trading days prior to the first day of the performance period to indicate the maximum number of shares that could potentially be earned under the LTIP awards.

The performance metrics for earning the LTIP awards were relative total shareholder return (TSR) for 67% of the award and absolute TSR for 33% of the award. Relative TSR is measured by the degree of the Company's under or over performance relative to the MSCI US REIT Index, with the Company's TSR being calculated using information currently report under "Comparable Returns" by Bloomberg L.P. or such other reporting service the Compensation Committee may designate from time to time. Absolute TSR will be measure by the compounded annual growth rate ("CAGR") per share and unit, based on the common share price before the start of the performance period compared to the price at the end of the performance period, using the average closing price of the shares for the 20 consecutive trading days ending on the date before the performance period and ending on the last day of the performance period.

The performance goals were set at the following levels: threshold, target and high. If achievement of a goal falls between "threshold" and "target" levels or between "target" and "maximum" levels, the amount of the associated award is determined by linear interpolation. If achievement of a goal fall below threshold, then that amount of the associated award will not be earned.

To the extent deemed earned, awards will be payable in restricted shares, 50% of which will vest at the conclusion of the performance period and 50% of which will vest on the first anniversary of the end of the performance period. The executive officers must be in the continuous employ of the Company from the date of grant until the last day of the performance period to receive the first half of the earned award and until the last day of the first anniversary of the end of the performance period to receive the second half of the earned award.

If an executive officer's employment is terminated on account of the officer's death or "disability", by the Company for a reason other than "cause" or "disability" or by the officer for "good reason," as such terms are defined in the award agreements, the officer will have a vested and nonforfeitable interest in a pro rata number of the earned shares. If an executive officer's employment is terminated due to a change in control, the officer will have a vested and nonforfeitable interest in a pro rata number of the earned shares.

Prior to the date the shares under the LTIP awards become vested, any distributions on such shares will be accumulated and paid, without interest, when and only to the extent that such shares are earned and vested.

As the first LTIP awards under the 2015 Plan will not be earned until fiscal year end 2018 and paid in fiscal year 2019, the Compensation Committee recommended and the independent trustees approved a plan to bridge the period between the end of the former LTIP under the 2008 Plan and the time when awards are earned and payable under the revised LTIP awards under the 2015 Plan ("Bridge LTIP") to avoid any gaps in pay and incentive opportunity for executive officers. Under the Bridge LTIP, awards were granted covering one and two year performance periods in

addition to the LTIP award with a three-year performance period, each commencing at the same time with performance periods beginning on May 1, 2015.

Bridge LTIP awards will be earned upon conclusion of each respective performance period. For the one year program, awards will vest 100% at the end of fiscal year 2016; and for the two year program, awards will vest 50% at the end of

Table of Contents

fiscal year 2017 and 50% at the end of fiscal year 2018. The LTIP award with a three year performance period will vest normally, 50% at the end of fiscal year 2018 and 50% at the end of fiscal year 2019.

For LTIP awards and Bridge LTIP awards granted in fiscal year 2016, the Compensation Committee recommended to the Board, and the independent trustees approved, the following performance goals:

Metric	Threshold	Target	High
Relative TSR (67%)	90% of Index	105% of Index	120% of Index
Absolute TSR (33%)	10% CAGR	12% CAGR	14% CAGR

As of April 30, 2016, the Company’s performance relative to the MSCI US REIT Index, calculated in accordance with the terms of the awards, fell below the threshold level. In addition, absolute TSR was 1.3% CAGR, which was also below the threshold level. Accordingly, none of the executive officers earned any of the shares under the one-year Bridge LTIP award for fiscal year 2016. The two-year Bridge LTIP awards and the LTIP awards granted during fiscal year 2016 are both outstanding.

Health, Retirement and Other Benefits

In an effort to attract, retain and fairly compensate talented employees, the Company offers various benefit plans to its employees, including a profit sharing retirement plan that is intended to be a qualified retirement plan under the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”), a 401(k) benefit plan, and health, life insurance and disability plans. These benefit plans are part of the Company’s broad based employee benefits program, and none of these plans is offered to the named executive officers either exclusively or with terms different from those offered to other eligible Company employees.

Executive Benefits and Perquisites

As noted above, the Company’s named executive officers are generally offered the same employee benefits and perquisites offered to all employees. In fiscal year 2016, the only benefits or perquisites offered to any named executive officer either exclusively or with terms different from those offered to other eligible Company employees were the following: the use of a Company purchased vehicle by Mr. Mihalick; payment of country club dues for Mr. Mihalick; the provision of Delta Airlines Sky Club memberships to Mr. Mihalick, Mr. Holmes and Ms. Bryantt; and the provision of a data plan to all named executive officers in addition to the Company’s standard cell phone plan for employees. The Company provides executive benefits and perquisites to retain executive talent. The total value of all perquisites received in any year by any of the named executive officers is less than \$10,000.

Compensation Elements and Basis for Compensation of Named Executive Officers

The components of the Company’s executive compensation program (base salary, incentive awards, health, retirement and other benefits, and executive benefits and perquisites) for fiscal year 2016 are discussed above. The key factors the Compensation Committee considered in setting or approving the compensation for the named executive officers are discussed below and include the nature, scope and level of their respective responsibilities, their individual contribution to the Company’s operational and financial results and experience in the position. These factors were considered as a whole and no one factor was determinative of an executive’s compensation, and they were based upon a subjective, non formulaic and informal evaluation of senior executive performance by the Compensation Committee together with the CEO, as discussed above. Additionally, in the case of senior executive officers other than the CEO, the Compensation Committee generally deferred to the recommendations of the CEO.

Basis for Compensation of the Chief Executive Officer. Mr. Mihalick's salary for fiscal year 2016 was based on an evaluation of those factors previously described and was approved by the Compensation Committee and the independent trustees. Among the factors considered were the Company's performance in the current economic environment, the impact of the economic conditions on the Company's operating and performance metrics (including FFO, occupancy levels and acquisition activity) and the increase in responsibility and workload due to implementing the Company's strategic plan to become a pure multifamily REIT and operational complexity. These factors were considered as a whole and no numerical weight was attributed to any particular factor. The incentive awards granted to Mr. Mihalick for fiscal year 2016 were granted in accordance with the formulas described above in the "Short Term Incentive Awards" and "Long Term Incentive Awards" section of this Compensation Discussion and Analysis. However,

Table of Contents

when the performance goals were calculated as described above, neither the STIP nor the one-year Bridge LTIP award was earned or paid out for fiscal year 2016.

Basis for Compensation of Other Named Executive Officers. The salaries for the named executive officers, other than the CEO, for fiscal year 2016 was based on the recommendations of the CEO following his evaluation of those factors previously described, and was approved by the Compensation Committee and the independent trustees. Among the factors considered were the Company's performance in the current economic environment, the impact of the economic conditions on the Company's operating and performance metrics (including FFO, occupancy levels and acquisition activity) and the increase in responsibility and workload due to implementing the Company's strategic plan to become a pure multifamily REIT and operational complexity. These factors were considered as a whole and no numerical weight was attributed to any particular factor. The incentive awards granted to the other executive officers for fiscal year 2016 were granted in accordance with the formulas described above in the "Short Term Incentive Awards" and "Long Term Incentive Awards" section of this Compensation Discussion and Analysis. However, when the performance goals were calculated as described above, neither the STIPs nor the one-year Bridge LTIP awards were earned or paid out to the other executive officers for fiscal year 2016.

Tax Implications of Executive Compensation

Section 162(m) of the Internal Revenue Code places a limit of \$1 million in compensation per year on the amount that the Company may deduct with respect to each of its named executive officers other its Chief Financial Officer. The limitation does not apply to compensation that qualifies as "performance based compensation" under Section 162(m). In fiscal year 2016, President and CEO Timothy P. Mihalick was the only executive officer or employee compensated at a level that exceeded this \$1 million limit. The Company believes that the compensation awarded to Mr. Mihalick as STIP and LTIP awards qualifies as performance based compensation and, accordingly, Section 162(m) did not affect the deductibility of the compensation paid to Mr. Mihalick. The Compensation Committee's present intention is to qualify, to the extent reasonable, a substantial portion of the executive officers' compensation for deductibility under applicable tax laws. However, the Compensation Committee reserves the right to design programs that incorporate a full range of performance criteria important to the Company's success, even where compensation payable under such programs may not be deductible.

Clawback Policy

The Company believes it is important to foster and maintain a culture that emphasizes integrity and accountability and that reinforces the Company's pay for performance compensation philosophy. For this reason, the Company adopted the Executive Incentive Compensation Recoupment Policy, more commonly known as a clawback policy, effective May 1, 2015. This policy applies to all executive officers, vice presidents and senior vice presidents who receive incentive compensation, including annual cash bonuses and cash and equity awards under the current or future STIP and LTIP, which are based on achievement of specified financial performance metrics. The policy applies to such awards approved, awarded or granted on or after the effective date of May 1, 2015.

In the event the Company restates its financial statements due to material noncompliance with any financial reporting requirement under the U.S. federal securities laws, a person covered by this clawback policy will be required to reimburse or forfeit any incentive compensation received if such person engaged in fraud, intentional misconduct or illegal behavior that caused or contributed to such restatement. The amount to be reimbursed or forfeited will be the amount of the incentive compensation paid or awarded to the person based on the erroneous financial data exceeding the amount that would have been paid based on restated results, as determined by the Board in its sole discretion. The Board will also determine the method for recouping such amounts, which may include: (1) requiring reimbursement of cash incentive compensation previously paid to the person, (2) seeking recovery of any gain realized on the vesting, sale or other disposition of any equity based awards, (3) offsetting the recouped amount from any compensation

otherwise owed by the Company to the person, (4) cancelling outstanding vested or unvested equity awards made to the person, and/or (5) taking any other remedial and recovery action permitted by law.

The Board has the sole discretion to decide whether it is appropriate to recoup the pre or post tax incentive compensation amount based on the person's circumstances. However, actions taken to recover such incentive compensation under this policy will be effected in an manner that does not result in adverse tax consequences for the person under Section 409A of the Internal Revenue Code and applicable rules and regulations. It is the Company's

Table of Contents

intention that this policy be interpreted in a manner consistent with the requirements of Section 10D of the Exchange Act.

Change In Control Severance Agreements

On July 1, 2015, the Company entered into Change In Control Severance Agreements with the executive officers, including the Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Chief Investment Officer, General Counsel and senior vice presidents. The Company believes it is important to provide such officers assurances regarding the benefits that will be payable if a change in control occurs and their employment with the Company and its affiliates is terminated without cause by the Company or terminated by the officer for good reason, as such terms are defined in the agreements. These agreements have an initial term of five years, but will automatically extend for additional one year periods thereafter unless either party terminates the agreement no later than by March 31st of the preceding year.

Pursuant to each agreement, the payment of severance benefits is also contingent on the officer: (1) signing a release and waiver of all claims against the Company, which includes a covenant not to sue; and (2) complying with certain covenants during employment and after termination, including non compete provisions for one year for the CEO and six months for other officers, non recruitment provisions, and confidentiality agreements.

Severance benefits include: (1) severance pay equal to two times for the Chief Executive Officer, and one times for other officers, the sum of (i) base salary plus (ii) the average annual cash bonus awarded for the previous three years; (2) outstanding unvested stock awards that vest based on continued employment immediately become vested; (3) outstanding stock awards that vest based on performance goals, objectives or measures will remain outstanding until the end of the performance measurement period and become vested to the extent the performance goals, objectives or measures are achieved; (4) reimbursement of certain health insurance coverage for up to eighteen months; and (5) benefits under other Company plans and programs per the terms of such plans and programs.

Indemnification Agreements

On September 15, 2015, the Company entered into Indemnification Agreements with each of the Trustees and the following executive officers, senior vice presidents and officers of the Company: Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Chief Investment Officer, General Counsel, Chief Compliance Officer, Senior Vice President, Residential Property Management and Principal Accounting Officer. The Company believes that to attract and retain talented and experienced individuals to serve or continue to serve as trustees or officers of the Company, and to encourage them to take the business risks necessary for the success of the Company, it is necessary for the Company contractually to indemnify trustees and officers and to assume for itself, to the fullest extent permitted by law, expenses and damages related to claims against such trustees and officers in connection with their service to the Company.

The agreements supplement the rights to indemnification, advancement of expenses and related rights provided in the Company's Declaration of Trust. The Agreements generally provide that the Company shall indemnify the Indemnitees to the fullest extent permitted by law, subject to certain exceptions, against judgments, penalties, fines and amounts paid in settlement and all expenses actually and reasonably incurred by Indemnitee in connection with their services as a trustee or officer and also provide rights to advancement of expenses and contribution. An agreement terminates the later of: (1) the date the Indemnitee is no longer a trustee or employee of the Company and (2) the date that Indemnitee is no longer subject to any actual or possible proceeding, as defined in the Agreement.

(1) The amounts included in this column for fiscal year 2016 represent the full grant date fair value, computed in accordance with ASC Topic 718, of shares awarded under LTIP awards granted on September 16, 2015. Each officer received three LTIP awards on such grant date, each for an equal number of shares and covering the following performance periods: (i) September 16, 2015 through April 30, 2016 (“one-year LTIP award”), (ii) September 16, 2015 through April 30, 2017 (“two-year LTIP award”) and (iii) September 16, 2015 through April 30, 2018 (“three-year LTIP award”). The one-year and two-year LTIP awards were issued under the Bridge LTIP to cover the gap between the former LTIP program under the 2008 Plan (a backward-looking program) and the new LTIP program under the 2015 Plan (a forward-looking, three-year program). Based on achieving certain performance goals as of the end of the applicable performance periods, as specified in the award agreements, which is uncertain, and provided the recipient is still employed with the Company: earned shares under the one-year LTIP awards will vest 100% on April 30, 2016, earned shares under the two-year LTIP awards will vest 50% on April 30, 2017 with the remaining 50% on April 30, 2018, and earned shares under the three-year LTIP awards will vest 50% on April 30, 2018 with the remaining 50% on April 30, 2019. No shares were earned under the one-year LTIP award since the established performance goals were not met. See the “Long-Term Incentive Awards” section of the Compensation Discussion and Analysis section of this Proxy Statement for more information.

- (2) The amounts included in this column for fiscal years 2015 and 2014 represent the full grant date fair value, computed in accordance with ASC Topic 718, of shares awarded under the Company's LTIP with reference to fiscal year 2015 performance and 2014 performance, respectively. Half of the shares awarded were fully vested and unrestricted when issued. The other half vested on the one-year anniversary of the grant date, provided the recipient was still employed by the Company on that date, and subject to the terms and conditions of the LTIP.
- (3) The amounts included in this column represent the cash awards earned under the referenced fiscal year pursuant to the Company's STIP, based on such fiscal year performance. The awards were paid following the end of the applicable fiscal year. See the Compensation Discussion and Analysis section in this Proxy Statement for further information on the Company's incentive awards for executive officers.
- (4) The Compensation Committee, in its discretion, awarded a special cash bonus to Mr. Mihalick equal to the amount that otherwise would have been earned by Mr. Mihalick under the LTIP for fiscal year 2015, based on fiscal year 2015 performance, but could not be awarded in common shares due to cap limitations under the Company's 2008 Incentive Award Plan. Mr. Mihalick declined the payment of the special cash bonus, and accepted the 50,000 shares

as total payment for the earned LTIP award.

(5) Mr. Homes was promoted to Chief Financial Officer in February 2015.

(*)All Other Compensation for the fiscal years ended April 30, 2016, 2015 and 2014 consists of the following:

Potential Payments Upon Termination or Change in Control

Employment Agreements

The Company has not entered into any employment agreements with its officer or employees.

Change in Control Severance Agreements

On July 1, 2015, the Company entered into Change In Control Severance Agreements (“Change in Control Agreements”) with each of its executive officers, including the Chief Executive Officer and Chief Financial Officer, and senior vice presidents. Under each agreement, an officer will receive severance payments and benefits if a change in control occurs and his or her employment with the Company and its affiliates is terminated without cause by the Company or terminated by the officer for good reason, as such terms are defined in the agreements. Such payments and receipt of benefits are also contingent on the officer: (1) signing a release and waiver of all claims against the Company; and (2) complying with certain covenants during employment and after termination, including a non compete provision

Table of Contents

for one year for the CEO and six months for other officers; non recruitment, or non solicitation, provision; non disparaging provision and confidentiality agreement.

Under the agreements, severance benefits include: (1) severance pay equal to 2x for the CEO, and 1x for other officers, the sum of (i) base salary plus (ii) the average annual cash bonus awarded for the previous three years; (2) outstanding non vested, share awards that vest based on continued employment immediately become vested; (3) outstanding non vested, performance based share awards that vest based on performance goals, objectives or measures will remain outstanding until the end of the performance measurement period and become vested to the extent the performance goals, objectives or measures are achieved; (4) reimbursement of certain health insurance coverage for up to eighteen months; and (5) benefits under other Company plans and programs per the terms of such plans and programs.

The named executive officers would not receive any payment in the event of a termination without good reason by the officer or a termination for cause by the Company.

2015 Incentive Plan

Under the 2015 Plan, in the event a change in control occurs (as defined under the 2015 Plan), the administrator may, at its discretion, require outstanding share awards, share unit awards and incentive awards be assumed by the surviving entity or replaced by a comparable substitute award of substantially equal value issued by the surviving entity.

If awards are not assumed or replaced with substitute awards, the administrator may provide that: (1) share awards become vested in full; (2) share unit awards become earned in full and paid in vested common shares; and (3) incentive awards become earned, in whole or in part, in accordance with the terms of the award. In addition, the administrator may provide that share unit awards and incentive awards be cancelled and exchanged for payment in cash, common shares or other securities received by the Company's shareholders in the change in control transaction equal to the price per share received by shareholders for each common shares in the change in control transaction.

Under the LTIP share award agreements issued on September 16, 2015, granted pursuant to the 2015 Plan, if the officer's employment is terminated on account of the officer's death or disability, by the Company for a reason other than cause or disability or by the officer with good reason (as such terms are defined in the award agreements), or if a change of control occurs and the officer remains in the continuous employ of the Company until the date the change in control occurs, the officer will have a vested and nonforfeitable interest in a pro rata number of shares that are deemed earned at the end of the performance period. The officer's unearned shares will be forfeited.

(1) This column assumes that there was neither accrued but unpaid base compensation nor vacation time earned but unpaid as of April 30, 2016.

(2) Amounts in this column reflect accelerated vesting of awards of restricted common shares under the LTIP awards that were outstanding at April 30, 2016. For purposes of this table, it is assumed that all the common shares under the two-year and three-year LTIP awards have been earned and that the market value per restricted common share

is \$6.02, the closing market price per common share at the end of the last completed fiscal year, April 30, 2016.

The table does not reflect the common shares under the one-year LTIP awards as they were deemed not earned as of the end of their performance period, which ended April 30, 2016.

- (3) No payments are made and no vesting occurs if the Company terminates the officer for “cause” as defined in the LTIP.
- (4) This reflects the occurrence of a change in control without the trigger of severance payments under the Change in Control Severance Agreement.
- (5) This reflects the occurrence of a change in control and the named executive officer’s employment was terminated by the Company without cause or by the officer with good reason, thereby triggering severance payments under the

Change in Control Severance Agreement, assuming that all conditions under such agreement had been met as of April 30, 2016.

(6) Includes the reimbursement of health care benefits, estimated to be \$21,204, assuming the reimbursement is for the full 18 month period and based on monthly premiums in place as of April 30, 2016.

(7) Mr. Reiling subsequently resigned as Executive Vice President & Chief Investment Officer, effective as of August 1, 2016.

Compensation Policies and Risk Management

The Compensation Committee members evaluate the principal elements of executive and non executive compensation to determine whether they encourage excessive risk taking. While the Compensation Committee members focus on the compensation of the executive officers because risk related decisions depend predominantly on their judgment, they also consider the compensation of other senior officers and employees operating in decision making capacities. The Compensation Committee believes that because of the following there is a low likelihood that the Company's compensation policies and practices would encourage excessive risk taking:

- Compensation for executive and senior officers is comprised of various components: base salary, short-term incentive cash awards and long-term incentive equity awards. The mix is designed to balance near term performance improvement with sustainable long term value creation.
- A significant percentage of compensation is equity based, long term compensation pursuant to LTIP awards. The three-year LTIP awards are payable 50% in unrestricted shares and 50% in restricted shares that vest over a one year period. The use of restricted shares encourages the Company's executive officers to focus on sustaining the Company's long term performance because unvested awards could significantly decrease in value if the Company's business is not managed with long term interest in mind.
- The STIP and LTIP awards utilize various performance goals. The STIP awards utilize the objective performance goal of Funds from Operations, or FFO, per share and unit achieved over a one year performance period. The three-year LTIP awards utilize the objective performance goals of relative total shareholder return, or TSR, relative to the MSCI US REIT Index and absolute TSR measured by compounded annual growth rate. The use of several performance goals was intentionally selected by the Compensation Committee with the goal of aligning executive compensation with long term creation of shareholder value.
- The 2008 Plan and the 2015 Plan both contain individual limitations on the maximum amount that may be granted or awarded in any calendar year to a participant, including under the STIP and LTIP awards. The Compensation Committee believes these limitations are currently set at appropriate maximum levels under the 2015 Plan, and were set at appropriate maximum levels at the time the 2008 Plan was approved.
- The Company adopted an equity ownership and retention policy by which each executive and senior officer is required to maintain a multiple of his or her base salary in common shares. The multiples are 5x for the Chief Executive Officer, 2x for the other executive officers and 1x for senior vice presidents. In addition, the officers are required to retain 60% of the net shares received under equity awards until either the officer reaches the ownership required level, is no longer employed by the Company or ceases to be an officer. This policy requires each executive officer to maintain a meaningful equity interest in the Company that could significantly decrease in value if the Company's business is not managed with long term interest in mind.
- The Company adopted a "clawback" policy by which, with respect to any incentive awards granted after May 1, 2015, the Board will have the right to recoup all or any portion of incentive awards granted based on the Company's financial statements if the person had engaged in fraud, intentional misconduct or illegal behavior which caused or contributed to a material restatement of such financial statements.
- The Company adopted a policy prohibiting executive and senior officers from engaging in hedging or monetization transactions involving the Company's securities and from pledging the Company's securities as collateral for a loan, including through the use of traditional margin accounts with a broker.

Table of Contents

The Compensation Committee believes this combination of factors encourages prudent management of the Company and discourages executive officers from taking risks that are not in the Company's long term interest. Accordingly, the Compensation Committee believes the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Retirement and 401(k) Plans

The Company's profit sharing retirement plan is intended to be a qualified retirement plan under the Internal Revenue Code. Contributions to the retirement plan by the Company are at the discretion of the Company's management, and are subject to a vesting schedule. The Company currently expects to contribute an amount of not more than 3.5% of the salary of each employee participating in the retirement plan. Employees are eligible to receive discretionary employer contributions if they are over the age of 21, have completed 1,000 hours of service within the plan year and are employed on the last day of the plan year.

In addition, the Company sponsors a defined contribution 401(k) retirement plan. Employees over the age of 21 may participate in the Company's 401(k) plan, except for collectively bargained employees, non resident alien employees and part time/temporary/seasonal employees scheduled to work less than 1,000 hours of service within the plan year. Eligible employees can participate in the plan immediately upon hire, but are not eligible for the employer match until they have completed six months of service and worked at least 1,000 hours per calendar year. Employees participating in the 401(k) plan may contribute up to maximum levels established by the IRS. The Company currently matches, dollar for dollar, employee contributions to the 401(k) plan in an amount equal to up to 4% of the wages of each employee participating in the 401(k) plan.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the accounting and financial reporting processes of the Company and the audits of the Company's annual financial statements on behalf of the Board. In addition, the Audit Committee oversees the work of the Company's internal audit function. Management is responsible for the financial reporting process, including the system of internal controls, for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States ("GAAP") and for management's report on internal control over financial reporting. The Company's independent registered public accounting firm, Grant Thornton, is responsible for auditing the consolidated financial statements and expressing an opinion on the financial statements and the effectiveness of internal control over financial reporting.

The Audit Committee meets at least quarterly and at such other times as it deems necessary or appropriate to carry out its responsibilities. The Audit Committee met five times during fiscal year 2016, and all of these meetings included executive sessions with our independent accountant without management being present. In the course of fulfilling its oversight responsibilities, the Audit Committee met with both management and Grant Thornton to review and discuss annual and quarterly financial statements and quarterly operating results prior to their issuance. Management advised the Audit Committee that all financial statements were prepared in accordance with GAAP. The Audit Committee also discussed with Grant Thornton matters required to be discussed pursuant to applicable Public Company Accounting Oversight Board standards, including the reasonableness of judgments and the clarity and completeness of financial disclosures.

In addition, the Audit Committee discussed with Grant Thornton matters relating to its independence and has received from Grant Thornton the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence.

The Audit Committee pre-approves all services provided by the independent auditor to the Company, and the related fees for such services, and has concluded that all such services provided in fiscal year 2016 were compatible with the auditors' independence. The independent auditors provided nominal non-audit or non-audit related services to the Company during fiscal year 2016. See "Proposal 3: Ratification of Selection of Independent Auditor" for more information regarding fees paid to the Company's independent auditors for services in fiscal years 2016 and 2015.

During fiscal year 2016, the Audit Committee continued to oversee the internal auditor's ongoing testing of the effectiveness of the Company's internal controls. The findings of the internal auditor were reported to the Audit Committee on a quarterly basis. Grant Thornton, as part of its 2016 audit of the Company's financial statements, independently reviewed the Company's internal controls.

On the basis of the reviews and discussions the Audit Committee has had with Grant Thornton, the Company's internal auditor and management, the Audit Committee recommended to the Board of Trustees that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended April 30, 2016 for filing with the SEC.

The Audit Committee has selected Grant Thornton as the Company's independent registered public accounting firm for fiscal year 2017. The Board of Trustees has concurred in that selection and has presented the matter to the shareholders of the Company for ratification.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act (“Section 16(a)”) requires that the trustees and executive officers of the Company and holders of more than 10% of the Company’s equity securities file with the SEC, within specified due dates, initial reports of beneficial ownership of the Company’s equity securities on Form 3; reports of changes in ownership of the Company’s equity securities on Form 4; and annual reports of changes in ownership of the Company’s equity securities on Form 5. As a matter of practice, the Company’s administrative staff assists the trustees and executive officers with these reporting requirements. The Company is required to disclose whether it has knowledge that any person required to file such reports may have failed to do so in a timely manner. Based solely on a review of the copies of the fiscal year 2016 Section 16(a) reports in the Company’s possession and on written representations from the Company’s trustees and executive officers that no other reports were required during the year ended April 30, 2016, the Company believes that all of the Section 16(a) reporting obligations for the fiscal year ended April 30, 2016 were met except: Mark W. Reiling, former Chief Investment Officer and EVP, failed to file on a timely basis two Section 16(a) reports, each reflecting one acquisition of the Company’s Series B preferred shares during the fiscal year 2016. Mr. Reiling subsequently reported such transactions on a Form 5.

SHAREHOLDER PROPOSALS AND NOMINATIONS

The Company did not receive a request from any shareholder that a matter be submitted to a vote at the Annual Meeting or that a trustee nominee be included in the Company’s 2016 proxy statement.

Shareholders who wish to submit a shareholder proposal for inclusion in the Company’s proxy statement and form of proxy for the 2017 annual meeting of shareholders must comply with the requirements as to form and substance established by the SEC and set forth in Rule 14a-8 of the Exchange Act, including delivering the required materials to the Company’s Secretary at the following address: Investors Real Estate Trust, 1400 31st Avenue SW, Suite 60, PO Box 1988, Minot, North Dakota, 58702-1988, no later than by April 4, 2017. Shareholders who wish to submit a shareholder proposal outside of the processes of Rule 14a-8 of the Exchange Act, but rather in compliance with Article III, Section 6(A) of the Company’s Bylaws, must comply with the requirements of the Bylaws, including delivering the required materials to the Company’s Secretary at the above address no earlier than the close of business on May 19, 2017 and no later than the close of business on June 19, 2017. If such notice is received by the Company on or after June 20, 2017, then such notice will be considered untimely. The Company reserves the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

For more information on recommending individuals for consideration as nominees to the Company’s Board of Trustees, see the discussion under “Corporate Governance and Board Matters — Board Committees.”

SHAREHOLDERS WITH THE SAME LAST NAME AND ADDRESS

In accordance with notices that the Company sent to certain shareholders, the Company is sending only a single copy of its proxy materials or Notice of Availability of Proxy Materials, as applicable, to shareholders who share the same last name and address, unless they have notified the Company that they want to continue receiving multiple copies. This practice, known as “householding,” is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources.

Householding for bank and brokerage accounts is limited to accounts within the same bank or brokerage firm. For example, if you and your spouse share the same last name and address, and you and your spouse each have two accounts containing the Company's common shares at two different brokerage firms, your household will receive two copies of the Company's proxy materials, one from each brokerage firm.

If you received a householded mailing this year and you would like to have separate proxy materials mailed to you, or you would like to opt out of this practice for future mailings, please submit your request to the Investor Relations Department by mail to Investor Relations, Investors Real Estate Trust, 1400 31st Avenue SW, Suite 60, PO Box 1988,
