**For Annual Meeting of Shareholders To Be Held On
May 2, 2005**

PROXY STATEMENT

This proxy is solicited on behalf of the Board of Directors of Maui Land & Pineapple Company, Inc. (the "Company").

You may revoke your proxy at any time before it is voted by delivering to the Company's Secretary a written revocation or a signed proxy card bearing a later date, if the revocation or proxy card is actually received by the Secretary before it is used. Shares of the Company's common stock, no par value ("Common Stock"), represented by properly executed proxies received by the Company at or prior to the Annual Meeting and not subsequently revoked will be voted as directed in those proxies. If a proxy is signed and no directions are given, shares represented thereby will be voted in favor of electing the Board's nominees for director and in favor of the proposal to ratify the Company's independent auditor. The proxy confers discretionary authority on the persons it names as to all other matters that may come before the meeting.

This proxy statement is first being mailed to shareholders on or about March 28, 2005.

VOTING SECURITIES AND RIGHT TO VOTE

Holders of record of shares of Common Stock of the Company at the close of business on March 10, 2005 will be entitled to vote at the Annual Meeting of Shareholders to be held on May 2, 2005 and at any and all postponements or adjournments.

The voting securities entitled to vote at the meeting consist of shares of Common Stock of the Company with each share entitling its owner to one vote. Shareholders do not have cumulative voting. The number of outstanding shares at the close of business on March 10, 2005 was 7,372,550.

If a majority of the Company's outstanding shares are represented at the meeting, either in person or by proxy, a quorum will exist for conducting business. Abstentions and broker non-votes will be treated as represented at the meeting for purposes of determining whether a quorum is present. Directors are elected by a plurality of votes cast, so the three nominees who receive the most votes will be elected. Abstentions and broker non-votes will not be taken into account in determining the election of directors. Ratification of the independent auditor will require an affirmative vote of a majority of shares present. Abstentions, but not broker non-votes, will be treated as present at the meeting for this purposes. Therefore, broker non-votes will not affect the outcome of the election of the auditor, but abstentions and withheld authority will have the same effect as negative votes.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Security Ownership of Certain Beneficial Owners

The following table sets forth information as of March 9, 2005 with respect to all persons and "groups" (as defined in applicable securities laws) known to the Company to be the beneficial owners of more than 5% of the Company's Common Stock, other than those listed under "Security Ownership of Management." Unless otherwise indicated and subject to applicable community property and similar statutes, all persons listed below have sole voting and investment power over all shares of Common Stock beneficially owned. Share ownership has been computed in accordance with SEC rules and does not necessarily indicate beneficial ownership for any other purpose.

- 1) Ka Po'e Hana LLC has power of attorney over the 3,130,626 shares of Company stock that are owned by the Stephen M. Case Revocable Trust. The power of attorney authorizes Ka Po'e Hana LLC to vote the stock and to sell or otherwise make investment decisions with respect to the stock. Therefore, Ka Po'e Hana LLC may be deemed to beneficially own the shares owned of record and beneficially by the Stephen M. Case Revocable Trust.
- 2) Richard H. Cameron, Claire C. Sanford, Jared B. H. Sanford, Douglas B. Cameron and the Allan G. Sanford Trust (collectively referred to as the "Cameron Family Stockholders") and Stephen M. Case are the parties to a right of first refusal agreement, dated June 25, 1999 (the "RFR Agreement"). Under the RFR Agreement, the Cameron Family Stockholders and the Stephen M. Case Revocable Trust each grant to the other a right of first refusal regarding the shares of the Company's Common Stock that they each hold from time to time, up to the total number of shares held by the other at any such time. The RFR Agreement provides that before selling any shares to a third party, the person must offer to sell them to the other party to the RFR Agreement.

Cameron, of which Richard H. Cameron and Bank of Hawaii are co-trustees. Voting and investment decisions with respect to shares held by the Cameron Family Partnership generally require approval of a majority of the general partners. However, all of the partnership's general partners must approve dispositions of the Company's shares. Mrs. Ort has disclaimed sole or shared voting power and sole investment power with respect to the shares held by the Cameron Family Partnership.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires the Company's officers and directors and beneficial owners of more than 10% of the Company's Common Stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission and to furnish the Company with copies of such reports. To the Company's knowledge, except as noted below, based solely upon a review of such reports and amendments thereto received by the Company during or with respect to its most recent fiscal year and upon written representations regarding all reportable transactions, the Company did not identify any such required report that was not timely filed. Fred Rickert filed one report late arising from a stock compensation grant in September 2004. Brian Nishida filed two reports late arising from stock compensation grants in January and March 2004. John Agee filed one report late arising from stock awards granted in connection with compensation as a Board member in May 2004. Claire Sanford filed two reports late arising from her sale of Company shares in 2004 in 6 separate transactions in August 2004.

Directors' Meetings and Committees

The Board of Directors held ten meetings in 2004. The Audit Committee held five meetings and the Compensation Committee held eight meetings in 2004. The Nominating and Governance Committee held two meetings in 2004. In 2004, all directors attended at least 75% of the aggregate meetings of the Board and committees on which they serve. The independent directors met three times in executive session in 2004.

The Audit Committee's duties and responsibilities are set forth in a written charter, which is attached hereto as Appendix A, and summarized in " Audit Committee Report" below. Members of the Audit Committee are Messrs. Lucien (Chairman), Gottlieb and Heenan. All of the Audit Committee members are independent from the Company and its management, as defined by the listing standards of the American Stock Exchange. The Board of Directors has determined that Mr. Lucien is a financial expert as defined in the Securities and Exchange Commission regulations.

The Compensation Committee reviews and approves the compensation plans, salary recommendations and other matters relating to compensation of senior management and directors. The members of the Compensation Committee are Messrs. Trotter (Chairman), MacNaughton (Vice Chairman), Cameron and Dods. Each of these directors is independent as defined by the listing standards of the American Stock Exchange.

The Nominating and Governance Committee identifies and recommends candidates to fill vacancies on the Board of Directors. The Committee has adopted a written charter. While the charter is not available on the Company's website, it is attached hereto as Appendix B. The members of the Committee are Messrs. Heenan (Chairman), Agee and Dods. All of the Committee members are independent as defined by the American Stock Exchange listing standards.

The Nominating and Governance Committee's policy is that it will consider any director candidate recommended by shareholders on the same basis as candidates identified by the Committee. Names and resumes of prospective directors should be addressed to Nominating and Governance Committee of Maui Land & Pineapple Company, Inc., c/o Corporate Secretary, 120 Kane Street, P.O. Box 187, Kahului, Hawaii 96733-6687.

The criteria that will be applied in evaluating any candidate considered by the Committee, including those recommended by shareholders, include whether or not the candidate:

is familiar with the Maui and Hawaii communities;

possesses personal and professional integrity, sound judgment and forthrightness;

has sufficient time and energy to devote to the Company's affairs;

is willing to challenge and stimulate management and is able to work as part of a team in an environment of trust;

has an open-minded approach to, and the resolve to independently analyze, matters presented for consideration;

will add specific value by virtue of particular technical expertise, experience or skill relevant to the Company's business; and

understands business and financial affairs and the complexities of a business organization. While a career in business is not essential, a nominee should have a proven record of competence and accomplishment through leadership in industry, non-profit organizations, the professions or government.

In addition, both the listing standards of the American Stock Exchange and the Company's bylaws require that a majority of the Board be independent within the meaning of the American Stock Exchange listing standards.

The Committee identifies nominees for positions on the Company's Board of Directors by requesting names of potential candidates from the other Board members and from the Company's executive officers. The Committee did not retain a third party search firm to identify the nominees to be voted upon at the 2005 Annual Meeting, but by its charter, it is authorized to do so. The Committee reviews resumes of the interested candidates and selects those that pass this initial screening for personal interviews. Each Committee member completes a ranking form that ranks all candidates interviewed and the directors standing for re-election. Based on the scores received by each individual, the nominees are selected for recommendation to the Board of Directors.

All of the nominees to be voted upon at the 2005 Annual Meeting of Shareholders are directors who are standing for re-election.

Through April 2004, non-employee directors received attendance fees of \$650 for each Board meeting attended; an annual retainer fee of \$14,500; additional annual fee of \$2,500 if also serving as chairman of a Board committee; and attendance fees of \$325 for each committee or subcommittee meeting. As of May 2004, the annual retainer was increased to \$30,000 and additional fees for serving as chairman of a Board committee and for meeting attendance were eliminated. In addition, as of May 2004, each non-employee director was granted restricted Common Stock that vest at 250 shares each quarter covering the term of the director's current membership. The directors have voting and regular dividend rights with respect to the unvested restricted shares, but have no investment rights.

Board members are encouraged, but not required to attend the Company's Annual Meeting of Shareholders. The Company's 2004 Annual Meeting of Shareholders was attended by all but one director.

Audit Committee Report

The Audit Committee of the Board of Directors is responsible for monitoring the integrity of the Company's consolidated financial statements, its system of internal accounting controls and the performance of its internal auditors. The Committee appoints, compensates and retains the independent auditors and monitors their independence and performance. The Committee is composed of three members and operates under a written charter adopted and approved by the Board of Directors. The Board has determined that each Committee member is independent from the Company and its management, as defined by the American Stock Exchange Listing Standards.

Management is responsible for the preparation and correctness of financial statements and the financial reporting process, including the system of internal controls, and has represented to the Audit Committee that such financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America and have delivered an unqualified opinion to that effect.

The Committee reviewed and discussed with management and the independent auditors the Company's quarterly and annual audited financial statements, and Forms 10-Q for 2004, and Form 10-K for the year ended December 31, 2004, prior to their filing. The Committee reviewed the Company's written press releases of earnings prior to issuance. The Committee discussed with the Company's internal auditors the overall scope and plans for their audits and the results of such audits. The Committee met with the internal auditors and the independent auditors, with and without management present, to discuss the results of their examinations.

The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards (SAS) No. 61, "Communications with Audit Committees," as amended by SAS Nos. 89 and 90. In addition, the Committee discussed with the independent auditors the auditors' independence from the Company and its management, including matters in the written disclosures and letter that were received by the Committee from the independent auditors as required by Independence Standard Board No. 1, "Independence Discussions with Audit Committees," as amended.

Based on reviews and discussions referred to above, the Audit Committee recommended to the Board that the Company's audited financial statements be included in the Form 10-K for the year ended December 31, 2004.

Compensation covered by the qualified pension plan and the SERP is generally only base salary. Retirement benefits are computed based on each participant's years of service at the Company, age, earnings and retirement date and are not subject to any deduction for social security or other offset amounts. Normal retirement age for participants is 65 with provisions for retirement as early as 55. Benefits are payable as a qualified joint and survivor annuity with options for benefits in other annuity forms. Vesting is 100% after five years of service. When the benefits of an employee under the pension plan are reduced because of (1) the maximum annual benefit limitation (\$170,000 in 2005) or (2) the maximum compensation limitation (\$210,000 in 2005; \$205,000 in 2004; and \$200,000 in prior years), the SERP provides an additional benefit to make up the difference.

At December 31, 2004, the following Named Executive Officers were credited with approximately the following years of service for pension computation purposes: Mr. Cole 0.2; Mr. Nishida -0-; Mr. Rickert -0-; Mr. McNatt 8.0; Mr. Oda -0-.

Executive Severance Plan

The Company has an Executive Severance Plan covering certain management employees of the Company, including named executive officer, Robert M. McNatt. Payments under the Executive Severance Plan will be made to a participant who is terminated from employment as a result of a restructuring or downsizing in operations; discontinuance of certain business activities; or elimination of a position with no comparable position within the Company being offered to the participant. The amount of the severance payment is twelve months of base salary for vice presidents and one month's base salary for each year of service with a minimum of twelve months and a maximum of eighteen months for the chief executive officer (Mr. Cole has chosen not to participate in the Executive Severance Plan) and executive vice presidents. This payment will be made on the regular payroll schedule for the number of months that the participant is eligible to receive payment. If an incentive plan is in effect, the participant also will receive a pro-rated annual incentive plan payment earned

during the year in which separation from employment occurred in accordance with the terms of such plan. During the period that the participant is eligible to receive severance payments, the Company will provide health care benefits with the same coverage and same employer contributions as the participant was receiving before termination of employment.

Employment Agreement for David C. Cole

Mr. Cole has an Employment Agreement with the Company (the "Employment Agreement") to serve as President and Chief Executive Officer, effective October 15, 2003, continuing for an indefinite term at the pleasure of the Board of Directors (the "Board"). Pursuant to the Employment Agreement, Mr. Cole was appointed as a director upon the approval by the Shareholders, in December 2003, of the expansion of the size of the Board. He was appointed Chairman of the Board in March 2004.

Mr. Cole receives a base salary of \$450,000 per year, with his performance to be reviewed annually by the Board to determine if an increase is warranted. He is eligible to participate in the Company's employee and executive benefit plans and programs, other than the Executive Severance Plan. These plans do not presently offer equity compensation. In lieu of participation in those plans, Mr. Cole was issued 100,000 shares of restricted stock and 200,000 nonqualified stock options. In that regard, Mr. Cole also has entered into a Restricted Share Agreement (the "Restricted Share Agreement") and a Stock Option Agreement (the "Option Agreement") with the Company, which are further described below.

Mr. Cole's employment will continue at the pleasure of the Board until terminated with or without cause by the Board or by his death, disability, voluntary resignation or resignation for good reason. If Mr. Cole's employment is terminated due to his death or disability, he (or his estate) will be entitled to his salary earned through the termination date, the right to exercise vested options for a year following termination, any vested restricted shares (including, if he dies or is disabled after June 30 of 2005, 2006 or 2007, a pro rata amount based on the portion of the period he served), and any other vested employment benefits. If Mr. Cole's employment is terminated for "cause," he will be entitled only to salary earned through the date of termination, any vested restricted shares, and any other vested employee benefits. If Mr. Cole's employment is terminated without "cause" or he resigns for "good reason," he will be entitled to a severance payment of \$450,000, in addition to any salary earned through the date of termination or resignation, the immediate vesting of all unvested restricted shares and stock options, and the right to exercise vested options for six months following termination, in addition to all other amounts earned or accrued but not paid and any vested employee benefits.

Pursuant to the Employment Agreement, "Cause" includes: a breach of the Employment Agreement by Mr. Cole that is not cured after 15 days notice; a failure or refusal to carry out the Board's policies; a material and intentional or grossly negligent breach of the duty of care or a willful or grossly negligent breach of the duty of loyalty resulting in a material injury to the Company or its shareholders; a conviction or plea of guilty or no contest to any crime for which imprisonment is a possibility or which results in a fine or penalty by the Company; or any knowing violation of a law or regulation that results in a fine or penalty to the Company exceeding \$50,000 or a judgment of \$1,000,000 or more.

A resignation for "good reason" includes a resignation within 180 days after: a material breach of the Employment Agreement by the Company; material interference by the Company with Mr. Cole's access to the Board; a decrease in title or compensation or a material decrease in authority; or a "Change in Control" of the Company. For these purposes, a "Change in Control" includes:

if any person or group (other than an existing shareholder or group of shareholders or their affiliates) beneficially owns more than 30% of the total voting power of the Company's stock on a fully diluted basis, and such beneficial ownership represents a greater percentage of the total voting power of the Company's stock, on a fully diluted basis, than is held by any existing shareholder or group, together with their respective affiliates;

if a majority of the Board comes to consist of those who are not members on the date of the Employment Agreement, or were not nominated or elected by two-thirds of such directors;

a merger or consolidation of the Company after which one or more of the current shareholders retains less than 60% of the voting shares of the surviving entity;

the sale or transfer, not recommended by Mr. Cole of 50% or more of the Company's assets; or

the Company's approval and implementation of a plan of liquidation or dissolution or the filing of a bankruptcy petition.

Mr. Cole will be entitled to indemnity pursuant to the applicable law and the Company's current Bylaws and resolutions in effect as to the most favorably indemnified officer or director, or if more favorable, the terms of such Bylaws or resolutions as may later become effective. Mr. Cole will comply with the Company's existing policies on conflicts of interest and business ethics, and will have standard confidentiality and invention assignment obligations. For a one-year period after Mr. Cole's employment is terminated, he agrees not to solicit or encourage Company employees or contractors to leave the Company (without Board approval), or to solicit or encourage current or prospective customers to cease or reduce their business with the Company.

Under the Restricted Share Agreement, Mr. Cole's 100,000 shares of restricted stock will vest at the rate of up to 25,000 shares per fiscal year from 2004 through 2007, subject to the achievement of certain agreed performance measures. See " Report of Compensation Committee" for vesting of restricted stock in 2004.

An additional 25,000-share block will be subject to vesting for each fiscal year 2005 through 2007. The number of shares vested will be determined based on the Company's achievement of a minimum return on equity (i.e., net income after tax, exclusive of extraordinary items such as discontinued operations, asset sales outside the ordinary course of business, and major impairment losses, divided by beginning shareholders' equity, all in accordance with generally accepted accounting principles, unless otherwise agreed), of 10%, with maximum vesting at 20%. The number of shares vested would be calculated on a straight-line basis between the minimum and the maximum. In addition, if any shares do not vest in any year under this calculation, then they would be available for additional vesting based on the Company's average return on equity beginning in 2005. For example, assume that for fiscal year 2005 the Company's return on equity is 15%. Therefore, 50% of the 25,000 share block for 2005, or 12,500 shares, would vest. However, assume that for fiscal years 2005 and 2006 the average return on equity was 16%. An additional 10% of the 25,000 share block for 2005, or 2,500 shares, would vest, in addition to whatever shares vested for fiscal year 2006. Any nonvested restricted shares generally will be forfeited if Mr. Cole's employment is terminated or if not vested in accordance with this schedule, except that any nonvested shares will vest immediately if Mr. Cole is terminated without cause, or if he resigns with good reason. However, if Mr. Cole dies or is disabled after June 30 of 2005, 2006 or 2007, the number of shares that vest according to the above calculations will be prorated based on the portion of the period served.

Under the Option Agreement, the grant of Mr. Cole's stock options was effective as of his start date of October 15, 2003. The exercise price for the options is \$19.70 per share, the fair market value of the Company's Common Stock on August 11, 2003. The term of the options expires ten years from the date of grant. One-third of the options will vest and become exercisable one year from the date of grant, with the remaining two-thirds vesting in eight equal quarterly installments between the first and third anniversaries of the grant date. Any nonvested options generally will vest immediately if Mr. Cole is terminated without cause, or if he resigns with good reason.

Change in Control Provisions (included in Restricted Share Agreement) with Fred W. Rickert

Fred W. Rickert, Vice President/Chief Financial Officer of the Company, has an agreement with the Company under which up to 24,000 shares of restricted stock will vest over a three-year period

upon the attainment of certain performance criteria by the Company. The agreement provides that if there is a "Change in Control" and if within 180 days, Mr. Rickert voluntarily resigns from employment or is terminated from employment without "Cause" any unvested restricted shares will become vested.

For the purpose of this agreement, Change in Control" includes:

if any person or group (other than an existing shareholder or group of shareholders or their affiliates, as of September 23, 2004) beneficially owns more than 30% of the total voting power of the Company's stock on a fully diluted basis, and such beneficial ownership represents a greater percentage of the total voting power of the Company's stock, on a fully diluted basis, than is held by any existing shareholder or group, together with their respective affiliates;

if a majority of the Board comes to consist of those who are not members on September 23, 2004, or were not nominated or elected by two-thirds of such directors;

a merger or consolidation of the Company after which one or more of the current shareholders retains less than 60% of the voting shares of the surviving entity;

the sale or transfer, not affirmatively recommended by the Company's Chief Executive Officer of 50% or more of the Company's assets; or

the Company's approval and implementation of a plan of liquidation or dissolution or the filing of a bankruptcy petition.

For the purpose of this agreement, "Cause" includes, failure or refusal to comply with any lawful and reasonable policy or directive of the Board; material and intentional or grossly negligent breach of fiduciary duty of care to the Company or willful or grossly negligent breach of fiduciary duty of loyalty to the Company; conviction or entry of a plea of guilty or no contest to any crime for which imprisonment is a possibility or which results in a monetary fine or penalty payment by Company; any violation of a law or regulation carried out by or at the direction of the executive acting knowingly that results in payment by the Company of a fine, penalty or forfeiture in excess of \$50,000 or a civil damages judgment of \$1,000,000 or more.

Report of Compensation Committee on Executive Compensation

The Board of Directors has charged the Compensation Committee with the responsibility of administering the Company's executive compensation program. The Committee is assisted from time to time by independent management consultants who advise the Committee on compensation matters.

The Committee's philosophy with regard to executive compensation is to attract, retain and reward the level of expertise needed to achieve the Company's business objectives. The Committee believes that compensation should emphasize performance-based variable pay plans rather than base salary and cash bonuses. While base salary is an important part of the compensation program, the Committee manages base salaries with the objective of maintaining relatively low fixed cost levels as the Company shifts reward opportunity into variable pay plans.

In 2004, the Company, with the approval of the Committee, retained the services of Hay Management Consultants (part of the HayGroup), an independent human resources consulting firm to provide advice and review the reasonableness of compensation paid to executive officers of the Company. The Committee has independent access to Hay Management Consultants. Upon consultation with Hay Management Consultants on salary midpoints for the executive officer positions, the Committee approved increases averaging 3% in the base salary midpoints for the executive officers. The increase in midpoints forms a basis for potential salary adjustments, but do not necessarily result in salary adjustments. The Company's salary system seeks to establish salaries that are 80% to 120% of the midpoint guidelines, based on experience, knowledge of the position and performance level. Midpoint information is derived from a group of U.S. industrial organizations that are similar in size, scope and complexity to the Company.

In 2004, the Committee reviewed with Mr. Cole (as CEO) the individual performance of the Company's key management employees, and approved salary increases and time-vested stock options for certain executive officers based upon the individual's contributions. Compensation for new executive officers was determined based on compensation information provided by Hay Management Consultants. In 2004, the Compensation Committee awarded performance based restricted shares to Brian C. Nishida, Executive Vice President/Agriculture, Fred W. Rickert, Vice President/Chief Financial Officer and Calvin H. Oda, Vice President/Product Development. The stock options awarded to the executive officers in 2004 and the restricted shares awarded to Mr. Nishida, Mr. Rickert and Mr. Oda were issued pursuant to the Company's 2003 Stock and Incentive Compensation Plan. In 2004, the Committee voted to terminate the Company's prior long-term incentive plan (which covered certain executive officers), including the 2002 cycle of such plan.

In 2004, the Committee reviewed all compensation paid to Mr. Cole as Chairman, President & CEO of the Company and concluded that it was reasonable. The compensation paid in 2004 to Mr. Cole as Chairman was established in his employment agreement (dated October 2003), and was arrived at through a series of negotiations with Mr. Cole. In 2004, Mr. Cole was paid \$450,000 in base salary and did not participate in any cash bonus plan. Mr. Cole's compensation was set in an effort to provide him with a total compensation package acceptable to an executive of his caliber and experience, in light of the then-current financial circumstances facing the Company. A significant portion of Mr. Cole's compensation consists of shares of restricted stock, which will vest only upon the achievement of agreed-upon performance measures, and stock options, which will vest over time provided that Mr. Cole remains with the Company, the value of which will be directly attributable to any increase in value of the Company's Common Stock over its exercise price. The Committee believes that this equity compensation will serve to link Mr. Cole's interests to those of the Company's shareholders and provide him with an incentive for outstanding performance.

In 2004, 25,000 shares of restricted stock granted to Mr. Cole pursuant to his employment agreement vested at the sole and complete discretion of the Committee's assessment of Mr. Cole's performance against the following performance objectives: (i) return of the Company's agricultural group to breakeven by the end of 2004; (ii) adoption of a strategic plan describing the Company's chosen markets and methods; (iii) configuration and alignment of an executive team with the skills and incentives to implement the strategic plan; and (iv) enrichment and extension of the Company's reputation as a good corporate citizen on Maui and throughout Hawaii.

In December 2004, the Committee met to discuss a memorandum from Mr. Cole, regarding the evaluation of his performance as the Company's CEO over his first year of service. The Committee discussed each item of the evaluation in detail and unanimously agreed that Mr. Cole had accomplished the objectives for his first year as described in his Restricted Share Agreement (dated October 6, 2003). The Committee acknowledged that the conditions within the pineapple segment made it impossible for breakeven to occur in the fourth quarter of 2004. After further deliberation, the Committee unanimously agreed that 25,000 shares of Mr. Cole's restricted stock would vest immediately.

The Board knows of no other matters that may be brought before the meeting. However, if any other matters are properly brought before the meeting, the persons named in the enclosed proxy or their substitutes will vote in accordance with their best judgment on such matters, and discretionary authority to do so is included in the proxy.

SOLICITATION OF PROXIES

The entire cost of soliciting proxies will be borne by the Company. The Company may make arrangements with brokerage houses, banks and other custodians, nominees and fiduciaries to forward proxies and proxy material to the beneficial owners of the common stock of the Company and to request authority for the execution of proxies. In such cases, the Company may reimburse such brokerage houses, banks, custodians, nominees and fiduciaries for their expenses in connection therewith. Proxies may be solicited in person or by telephone, mail, facsimile or other electronic means by certain directors and officers of the Company without additional compensation for such services, or by its Transfer Agent, and the cost will be borne by the Company.

SHAREHOLDER PROPOSALS AND NOMINATIONS

Proposals of shareholders intended to be presented pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 (the "Exchange Act") must be received at the corporate offices of the Company on or before November 28, 2005 in order to be considered for inclusion in the Company's proxy statement and proxy card for the 2006 Annual Meeting.

The Company's Bylaws contain additional requirements that must be satisfied for any proposal of shareholders made other than under Rule 14a-8 or any nomination by a shareholder of directors to be considered at an annual or special meeting. Compliance with these requirements will entitle the proposing Shareholder only to present such proposals or nominations before the meeting, not to have the proposals or nominations included in the Company's proxy statement or proxy card. Such proposals or nominations may not be brought before an annual meeting by a shareholder unless the shareholder has given timely written notice in proper form of such proposal or nomination to the Chairman of the Board, the President or the Secretary of the Company. Such proposals or nominations may be made only by persons who are shareholders of record on the date on which such notice is given and on the record date for determination of shareholders entitled to vote at that meeting.

Shareholder notices of any proposals or nominations intended to be considered at the 2006 Annual Meeting will be timely only if received at the Company's corporate offices no earlier than January 2, 2006 and no later than February 1, 2006. However, if the 2006 Annual Meeting is called for a date that is not within thirty days before or after May 2, 2006, any such notice will be timely only if it is received no later than the close of business on the tenth day following the date of the Company's first mailing of the notice of the 2006 Annual Meeting or the date of the Company's public disclosure of the date of the 2006 Annual Meeting, whichever is earlier.

Edgar Filing: MAUI LAND & PINEAPPLE CO INC - Form DEF 14A

To be in proper written form, a shareholder's notice concerning a proposal to be presented at an annual meeting must set forth as to each matter the shareholder proposes to bring before the annual meeting:

a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting;

the name and record address of such shareholder;

the number of shares of stock of the Company owned by such shareholder beneficially and of record;

a description of all arrangements or understandings between such shareholder and any other person or persons (including their names) in connection with the proposal of such business by such shareholder and any material interest of such shareholder in such business; and

a representation that such shareholder intends to appear in person or by proxy at the annual meeting to bring such business before the meeting.

To be in proper written form, a notice concerning a nomination for election to the Board of Directors must set forth as to each person whom the shareholder proposes to nominate for election as a director:

any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder; and as to the shareholder giving the notice:

the name and record address of such shareholder;

the number of shares of stock of the Company owned by such shareholder beneficially and of record;

a description of all arrangements or understandings between such shareholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such shareholder;

a representation that such shareholder intends to appear in person or by proxy at the meeting to nominate the persons named in its notice; and

any other information relating to such shareholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder. Such notice must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected.

Edgar Filing: MAUI LAND & PINEAPPLE CO INC - Form DEF 14A

In addition, no person will be eligible for election as a director if such election would cause the Company to have insufficient "independent directors" within the meaning of the listing standards of the American Stock Exchange.

Any notice concerning proposals or nominations sought to be considered at an Annual Meeting should be addressed to the Company's Chairman, President or Secretary at 120 Kane Street, P.O. Box

187, Kahului, Hawaii 96733-6687. The full text of the bylaw provisions referred to above (which also set forth requirements and limitations as to shareholder proposals or nominations to be considered at any special meeting) may be obtained by contacting the Company's Secretary at the foregoing address, by telephone at 808-877-3351, facsimile 808-877-1614 or e-mail at *investor.info@mlpmaui.com*.

MULTIPLE SHAREHOLDERS SHARING THE SAME ADDRESS

Owners of common stock in street name may receive a notice from their broker or bank stating that only one proxy statement will be delivered to multiple security holders sharing an address. This practice, known as "householding," is designed to reduce printing and postage costs. However, if any shareholder residing at such an address wishes to receive a separate proxy statement, he or she may contact the Company's Secretary at P.O. Box 187, Kahului, Hawaii 96733-6687 or by telephone at 808-877-3351 or e-mail at *investor.info@mlpmaui.com*.

PROXY INSTRUCTIONS

A form of proxy for the Annual Meeting is enclosed. You are requested to sign and return your proxy promptly to make certain your shares will be voted at the meeting. As previously stated, you may revoke your proxy at any time before it is voted by delivering a written revocation or a signed proxy card bearing a later date to the Company's Secretary, provided that such revocation or proxy card is actually received by the Secretary before it is used. Attendance at the Annual Meeting will not in itself constitute revocation of a proxy. If you attend the meeting, you may vote your shares in person if you so decide. For your convenience, a self-addressed envelope is enclosed; it requires no postage if mailed in the United States.
