YOUR IMMEDIATE ATTENTION IS REQUESTED

January 13, 2016

Dear Emerson Stockholder:

We value your input as an Emerson stockholder. Our records indicate you have not yet voted in connection with Emerson's upcoming annual meeting on February 2, 2016. Your vote is important no matter how few shares you own. We urge you to please take a few moments to cast your vote.

In this letter we are specifically asking you to vote FOR our Director nominees in Proposal 1. These nominees have demonstrated the commitment and knowledge necessary to support the Company as it strives to produce high levels of financial returns, operational excellence, and stockholder returns, and as it engages in the ongoing strategic portfolio repositioning process.

We are also asking you to vote FOR the Company's executive compensation ("say-on-pay") in Proposal 2. Our pay-for-performance executive compensation program, the core of which was established in 1977, is an integral part of our consistent and rigorous management process. We believe it has effectively motivated and rewarded Emerson executives to meet the challenges of recessions, inflationary periods, technological changes and intense global competition.

We are also asking you to vote AGAINST various shareholder proposals for the reasons we outline in our proxy statement, which was filed with the Securities and Exchange Commission on December 11, 2015, and which we urge you to review. The Company does not believe these proposals are in its or its stockholders' best interests, in particular at this time of significant strategic realignment of the Company's businesses. The proposals relate to the following:

Sustainability reporting (Proposal 4) – requires the Company to prepare a comprehensive sustainability report describing policies, performance and improvement targets related to key environmental, social and governance risks and opportunities.

Reporting of political contributions (Proposal 5) – requires a detailed report of all company political spending, including name of each recipient and amount paid.

Reporting on Lobbying (Proposal 6) – requires a detailed report of the Company's policies, procedures and expenditures related to lobbying activities.

- Greenhouse Gas Emissions (Proposal 7) – requires the Company to adopt quantitative, company-wide goals for reducing total greenhouse gas emissions and issue a report on its plans to achieve those goals.

Your vote is important no matter how many or how few shares you own. For your convenience, a combined notice of internet availability and proxy card are enclosed, along with telephone and internet voting instructions. Voting by internet or over the telephone is a simple process that takes only a few moments.

Thank you for your investment in Emerson and your consideration of the matters presented at this year's annual meeting. We appreciate the confidence you've shown in us.

Sincerely,
David N. Farr
Chairman of the Board and
Chief Executive Officer
