Plan Administrator and Audit Committee
Community Trust Bancorp, Inc. Employee Stock
Ownership Plan
Pikeville, Kentucky

We have audited the accompanying statements of net assets available for benefits of the Community Trust Bancorp, Inc. Employee Stock Ownership Plan (Plan) as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing auditing procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. Our audits also included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016, and 2015, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The supplemental information in the accompanying schedule of assets at December 31, 2016, and schedule of reportable transactions for the year ended December 31, 2016, have been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements but include supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedules, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole.

Community Trust Bancorp, Inc.
Employee Stock Ownership Plan

Notes to Financial Statements

As of December 31, 2016 and 2015 and
For the Years Ended December 31, 2016 and 2015

1. Description of Plan

The following description of the Community Trust Bancorp, Inc. Employee Stock Ownership Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document and Summary Plan Description for more complete information, which are available from the Plan Administrator.

General

The Plan is an employee stock ownership plan covering substantially all employees of Community Trust Bancorp, Inc. (“CTBI”) and all participating subsidiaries, which include Community Trust Bank, Inc. and Community Trust and Investment Company (“CTIC”). All amounts contributed to the Plan are held by the trustee, CTIC. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

An employee becomes eligible to participate in the Plan on the entry date following the attainment of age twenty-one and completion of twelve consecutive months of employment in which the employee has at least 1,000 hours of service.

Contributions

Each year, CTBI shall make a contribution to the Plan in an amount not less than 3% of the compensation, as defined, of each participant. The contributions are non-participant directed and invested directly in CTBI stock. During 2016 and 2015, the contribution percentage was 4%.

Participant Accounts

Each participant’s account is credited with employer contributions. Earnings or losses on the investments are allocated in proportion to the participant’s interest therein.

Each participant is entitled to exercise voting rights attributable to the shares of CTBI common stock allocated to the participant’s account. The Retirement and Employee Benefits Committee is not permitted to vote any share for a participant. The trustee votes shares for which a participant has given no instructions.

Participant Investment Account Options

The Plan provides for the establishment of various investment funds including CTBI common stock, mutual funds and money market funds. Employer contributions are automatically invested in CTBI common stock. Once a participant attains the age of 55 and has completed ten years of participation in the Plan, the participant may allocate a portion of their Plan balance to other investments within 90 days after the close of each Plan year. These elections may be made for six consecutive years.

Vesting

Vesting of an employee's interest is 100% in cases of normal retirement at age sixty-five, death or total disability. If a participant's employment ceases for any other reason, the full value of his or her account is payable to him or her if he has completed at least 1,000 hours or more of vesting service for three plan years. Forfeited employer contributions are allocated to the accounts of participants based upon compensation.

Payment of Benefits

Distribution of funds as a result of retirement or termination from employment may be made either in a lump sum payment (including CTBI common stock if elected) or payments in cash and/or CTBI common stock made in equal annual installments over a period equal to five years. Notwithstanding the foregoing, if the vested interest in the ESOP Stock Fund of the Plan exceeds \$1,070,000 (as adjusted per Code Section 409(o)), the distribution period may be extended by one year for each \$210,000 (as adjusted per Code) or portion thereof that the ESOP Stock Fund exceeds \$1,070,000, up to a maximum of five additional years.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$28,494 and \$20,550, respectively. These amounts will be used to reinstate any previously forfeited balances required, if any, with the remainder reallocated to participants in the same manner as employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Common stocks and mutual funds are valued at the closing price reported on the active market on which the individual securities are traded. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recognized on the trade date basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Market Risks and Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan invests in various mutual funds and CTBI common stock. Investment securities, in general, are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan's Sponsor as provided in the Plan document.

Payment of Benefits

Distributions to participants are recorded by the Plan when payments are made.

3. Net Assets by Participant and Non-Participant Directed Investments

All CTBI stock is non-participant directed, while the mutual and money market funds are participant directed. Information about the net assets and the significant components of the changes in net assets relating to the participant and non-participant directed investments is as follows:

	2016		
	Participant Directed Funds	Non-Participant Directed Employer Fund	Total
Additions:			
Investment income:			
Net appreciation in fair value of investments	\$58,996	\$ 11,528,497	\$ 11,587,493

Total deductions	(105,799)	(2,021,991)	(2,127,790)
Net increase (decrease)	6,012	(779,157)	(773,145)
Net assets available for benefits, beginning of year	900,132	27,782,213	28,682,345
Net assets available for benefits, end of year	\$906,144	\$ 27,003,056	\$27,909,200

4. Federal Income Tax Status

The Plan received a Letter of Determination from the Internal Revenue Service on August 28, 2015, stating the Plan and related trust are in compliance with the applicable requirements of the Internal Revenue Code, and therefore, not subject to tax. The Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

5. Plan Termination

Although it has not expressed any intent to do so, CTBI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accounts.

6. Exempt Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, any employer whose employees are covered by the Plan, and certain others. All amounts contributed to the Plan are held by the trustee, CTIC. Professional fees for the administration and audit of the Plan, investment of assets, and trustee services are paid by CTBI.

The Plan held the following party-in-interest investments (at fair value) at December 31:

	2016	2015
CTBI common stock	\$39,100,077	\$26,766,425

7. Plan Amendment

On August 28, 2015, the IRS issued a Determination for the Plan. Therefore, Amendment Number One effective January 1, 2013 was adopted on November 2, 2015 outlining that the beneficiary of any participant who dies while performing Qualified Military Service shall be entitled to receive the payment of a benefit equal to the benefit which

the Participant would have been entitled had that Participant resumed employment and then thereafter terminated employment due to death. On October 24, 2016, the Plan adopted Amendment Number Two, effective January 1, 2017, which modifies the employer contribution from a stated formula to a discretionary contribution.

8. Terminated Participants

Included in net assets available for benefits are amounts allocated to individuals who have withdrawn from the Plan. Amounts distributed to these participants after December 31, 2016 and 2015 were approximately \$34,369 and \$28,131, respectively.

9. Fair Value of Plan Assets

ASC Topic 820, Fair Value Measurements defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. In this standard, the FASB clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the asset or liability. In support of this principle, ASC Topic 820 establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. There have been no significant changes in the valuation techniques during the year ended December 31, 2016. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. The fair value hierarchy is as follows:

Level 1 Inputs – Quoted prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date.

Level 2 Inputs - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These might include quoted prices for similar assets and liabilities in active markets, quoted prices in inactive markets, and inputs other than quoted prices that are observable for the asset or liability, such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 Inputs - Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

Following are descriptions of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statement of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include Community Trust Bancorp, Inc. common stock, mutual funds, and money market funds. Shares of mutual funds are valued at quoted market prices. The fair values of Community Trust Bancorp, Inc. common stock are derived from the closing price reported on the NASDAQ Stock Exchange.

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the ASC Topic 820, fair value hierarchy, in which the fair value measurements fall at December 31, 2016 and December 31, 2015:

Fair Value	Fair Value Measurements at December 31, 2016 Using		
	Quoted Prices in	Significant Other	Significant Unobservable

		Active Markets for Identical Assets (Level 1)	Observable Inputs (Level 2)	Inputs (Level 3)
CTBI common stock	\$39,100,077	\$39,100,077	\$ 0	\$ 0
Mutual funds	927,988	927,988	0	0
Money market funds	86,758	86,758	0	0
	\$40,114,823	\$40,114,823	\$ 0	\$ 0

Fair Value Measurements at December 31,
2015 Using
Quoted
Prices in

	Fair Value	Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
CTBI common stock	\$26,766,425	\$26,766,425	\$ 0	\$ 0
Mutual funds	819,539	819,539	0	0
Money market funds	86,605	86,605	0	0
	\$27,672,569	\$27,672,569	\$ 0	\$ 0

10. Subsequent Events

CTBI Stock Holdings

The Plan holds a significant amount of CTBI stock, of which the as adjusted per share value has decreased approximately 14% as of June 22, 2017 from December 31, 2016.
