Item 8.01. Other Events

The following is an update to the disclosures under “Distributed Energy Resources (DER) Investigative Proceeding” in Note 4 of the Notes to Consolidated Financial Statements, which disclosures are incorporated herein by reference to pages 23 and 24 of HEI’s and Hawaiian Electric’s Form 10-Q for the quarterly period ended June 30, 2015.

In March 2015, the State of Hawaii Public Utilities Commission (PUC) issued an Order to investigate DER issues as part of the PUC’s plan to review the technical, economic and policy issues associated with distributed energy resources as noted in the Reliability Standards Working Group order issued in April 2014.

On October 12, 2015, the PUC issued a Decision and Order (D&O) in the proceeding. The D&O approved a customer self-supply tariff and a customer grid supply tariff to govern customer generators connected to the utility’s system. These new options for customer generators connected to the utility’s system, which Hawaiian Electric supported, will replace the existing net energy metering program. As a result of this D&O, Hawaiian Electric issued a news release, “Public Utilities Commission approves new rooftop solar programs.” This news release is furnished as Exhibit 99 and is hereby incorporated by reference into this Item 8.01.

The PUC stated the D&O is a first step in the evolution of DER policies to advance DER throughout the State. Phase 2 of the proceeding will begin with a technical conference facilitated by the PUC, which will take place within 30 days.

HEI and Hawaiian Electric intend to continue to use HEI’s website, [www.hei.com](http://www.hei.com), as a means of disclosing additional information. Such disclosures will be included on HEI’s website in the Investor Relations section. Accordingly, investors should routinely monitor such portions of HEI’s website, in addition to following HEI’s, Hawaiian Electric’s and American Savings Bank, F.S.B.’s press releases, SEC filings and public conference calls and webcasts. The information on HEI’s website is not incorporated by reference in this document or in HEI’s and Hawaiian Electric’s SEC filings unless, and except to the extent, specifically incorporated by reference. Investors may also wish to refer to the PUC website at [dms.puc.hawaii.gov/dms](http://dms.puc.hawaii.gov/dms) (Docket No. 2014-0192 for DER proceeding) in order to review documents filed with and issued by the PUC. No information on the PUC website is incorporated by reference in this document or in HEI’s and Hawaiian Electric’s other SEC filings.
