ITEM 5. OTHER EVENTS

The following is a copy of a press release issued by General Motors Corporation's (GM's) 49% affiliate Isuzu on April 18, 2001 regarding the restructuring of Isuzu operations. In a conference call with securities analysts and the media on April 18, 2001, John Devine, Vice Chairman and Chief Financial Officer made the following observations with respect to Isuzu's press release. On March 31, 2001 the book value of GM's investment in Isuzu was \$167 million. In accordance with accounting principles generally accepted in the United States of America, GM is required to reduce the book value of the investment by GM's share of Isuzu's losses until such investment is reduced to zero. Subsequently, GM would not be required to provide for additional losses of Isuzu unless GM has guaranteed obligations of Isuzu or otherwise committed to provide further financial support. Although GM has not committed to provide further financial support to Isuzu, GM continues to view Isuzu as a very important strategic partner and will continue to provide management support.
