EXPLANATORY NOTE

Rayonier Inc. is filing this amendment to its Current Report on Form 8-K, as filed with the U.S. Securities and Exchange Commission on July 29, 2014, to refurnish the press release attached as Exhibit 99.1 thereto. The revised press release corrects the classification of a prior year cellulosic biofuel producer tax credit, which should be attributed to discontinued operations rather than continuing operations. As a result of such correction, “pro forma net income” for the six months ended June 30, 2013 as described in the press release should be \$42 million or \$0.31 per share, rather than \$62 million or \$0.47 per share. Corresponding adjustments were made in the revised press release, including to the tables and financial statements therein, with respect to income tax (expense) benefit, income from continuing operations, income from discontinued operations, and pro forma net income for the six months ended June 30, 2013, including as presented on a per share basis where applicable. The correction does not change “net income” for the six months ended June 30, 2013 or any of the reported results for the quarter and six months ended June 30, 2014 or for the quarter ended June 30, 2013.
