(Registrant's telephone number, including area code)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

- Written communications pursuant to Rule 425 under the Securities Act
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act

Item 1.01 Entry into a Material Definitive Agreement.

The information contained in Item 2.01 is incorporated herein by reference.

On November 30, 2007, Katy Industries, Inc. (the “Company”) entered into the Second Amended and Restated Credit Agreement with Bank of America (the “Bank of America Credit Agreement”). The Bank of America Credit Agreement is a \$50.6 million credit facility with a \$10.6 million term loan (“Term Loan”) and a \$40.0 million revolving loan (“Revolving Credit Facility”), including a \$10.0 million sub-limit for letters of credit.

The Revolving Credit Facility has an expiration date of November 30, 2010 and its borrowing base is determined by eligible inventory and accounts receivable. The Company’s borrowing base under the Bank of America Credit Agreement is reduced by the outstanding amount of standby and commercial letters of credit. All extensions of credit under the Bank of America Credit Agreement are collateralized by a first priority security interest in and lien upon the capital stock of each material domestic subsidiary of the Company (65% of the capital stock of certain foreign subsidiaries of the Company), and all present and future assets and properties of the Company.

The Company’s Term Loan balance immediately prior to the Bank of America Credit Agreement was \$10.0 million. The annual amortization on the new Term Loan, paid quarterly, will be \$1.5 million, beginning March 1, 2008, with final payment due November 30, 2010. The Term Loan is collateralized by the Company’s property, plant and equipment.

The Bank of America Credit Agreement requires the Company to maintain a minimum level of availability such that its eligible collateral must exceed the sum of its outstanding borrowings and letters of credit by at least \$5.0 million. Borrowings under the Bank of America Credit Agreement will bear interest, at the Company’s option, at either a rate equal to the bank’s base rate or LIBOR plus a margin based on levels of borrowing availability. Interest rate margins for the Revolving Credit Facility under the applicable LIBOR option will range from 2.00% to 2.50% on borrowing availability levels of \$20.0 million to less than \$10.0 million, respectively. For the Term Loan, interest rate margins under the applicable LIBOR option will range from 2.25% to 2.75%. Financial covenants such as minimum fixed charge coverage and leverage ratios are excluded.

The Revolving Credit Facility under the Bank of America Credit Agreement requires lockbox agreements which provide for all Company receipts to be swept daily to reduce borrowings outstanding. These agreements, combined with the existence of a material adverse effect (“MAE”) clause in the Bank of America Credit Agreement, will cause the Revolving Credit Facility to be classified as a current liability, per guidance in the Emerging Issues Task Force Issue No. 95-22, *Balance Sheet Classification of Borrowings Outstanding under Revolving Credit Agreements that Include Both a Subjective Acceleration Clause and a Lock-Box Arrangement*. The Company does not expect to repay, or be required to repay, within one year, the balance of the Revolving Credit Facility, which will be classified as a current liability. The MAE clause, which is a fairly typical requirement in commercial credit agreements, allows the lender to require the loan to become due if it determines there has been a material adverse effect on the Company’s operations, business, properties, assets, liabilities, condition, or prospects. The classification of the Revolving Credit Facility as a current liability is a result only of the combination of the lockbox agreements and the MAE clause. The Revolving Credit Facility does not expire or have a maturity date within one year, but rather has a final expiration date of November 30, 2010.

The Bank of America Credit Agreement contains customary representations and warranties, affirmative and negative covenants and events of default. The foregoing description of the Bank of America Credit Agreement is qualified in its entirety by reference to the Bank of America Credit Agreement, a copy of which is filed herewith as Exhibit 10.1 and is incorporated herein by reference.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On November 30, 2007, the Company sold Woods Industries (Canada), Inc. (“Woods Canada”) and certain assets and liabilities of Woods Industries, Inc. (“Woods US”) to Coleman Cable, Inc. (“Coleman”) for approximately \$45.0 million, subject to a post-closing adjustment based on working capital levels at closing. The description of the definitive purchase agreement set forth above is qualified in its entirety by the full text of that agreement, which was previously filed on Form 8-K dated November 5, 2007 upon the announcement of the transaction. The Company used net proceeds from the transaction to reduce its outstanding balance under its Revolving Credit Facility.

Woods US distributes consumer electrical corded products and electrical accessories, such as outdoor and indoor extension cords, work lights, surge protectors, and power strips. These products are sold primarily through national home improvement and mass merchant retail outlets in the United States. Woods US' products are sourced primarily from Asia.

Woods Canada distributes consumer electrical corded products and electrical accessories. In addition to the products listed above for Woods US, Woods Canada's primary product offerings include garden lighting and timers. These products are sold primarily through major home improvement and mass merchant retail outlets in Canada. Woods Canada's products are sourced primarily from Asia.

Item Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a 2.03 Registrant.

The information contained in Item 1.01 is incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.

(b) Pro Forma Financial Information.

The following unaudited pro forma financial information is presented to give effect to the disposition of Woods US and Woods Canada and the execution of the Bank of America Credit Agreement. The unaudited pro forma balance sheet as of September 30, 2007 is based on the historical statements of the Company as of September 30, 2007 after giving effect to these items as if they had occurred on September 30, 2007. The unaudited pro forma statements of operations for the nine months ended September 30, 2007 and the fiscal years ended December 31, 2006, 2005 and 2004 are based on the historical financial statements of the Company for such periods after giving effect to the disposition of Woods US and Woods Canada as if it had occurred on January 1, 2004, and the execution of the Bank of America Credit Agreement as if it had occurred on January 1, 2006.

The unaudited pro forma financial information should be read in conjunction with the Company's historical Consolidated Financial Statements and Notes thereto contained in the Company's 2006 Annual Report on Form 10-K/A, filed on August 17, 2007, and the Company's Third Quarter Form 10-Q, filed on November 13, 2007.

For purposes of preparing these pro forma financial statements, the Company has made adjustments based on assumptions that it believes to be reasonable under the circumstances as of the date of this filing. However, actual adjustments may differ materially from the information presented. The unaudited pro forma financial information presented is for informational purposes only. It is not intended to represent or be indicative of the consolidated results of operations or financial position that would have occurred had the sale been completed as of the dates presented nor is it intended to be indicative of future results of operations or financial position of the Company.

Notes to Unaudited Pro Forma Financial Information

1. Basis of Presentation

The historical financial statements represent the consolidated balance sheets and statements of operations derived from the Annual Report on Form 10-K/A for the years ending December 31, 2006, 2005 and 2004, and the Quarterly Report on Form 10-Q for the period ended September 30, 2007.

The accompanying financial information has been presented to give effect to the disposition of Woods US and Woods Canada and the completion of the Bank of America Credit Agreement. The unaudited pro forma balance sheet as of September 30, 2007 is based on the historical statements of the Company as of September 30, 2007 after giving effect to these items as if they had occurred on September 30, 2007. The unaudited pro forma statements of operations for the nine months ended September 30, 2007 and the fiscal years ended December 31, 2006, 2005 and 2004 are based on the historical financial statements of the Company for such periods after giving effect to the disposition of Woods US and Woods Canada as if it had occurred on January 1, 2004, and the execution of the Bank of America Credit Agreement as if it had occurred on January 1, 2006.

2. Transaction

The expected proceeds to be received, net of closing costs and based on September 30, 2007 balances, for Woods US and Woods Canada is approximately \$47.9 million. Based on these proceeds and, after taking into account transaction costs and expenses of approximately \$1.4 million, the Company expects to incur a pre-tax gain of approximately \$2.0 million.

3. Discontinued Operations, Pro Forma and Credit Agreement Adjustments

The discontinued operations, pro forma and credit agreement adjustments are described below:

- (a) On June 6, 2007, the Company sold the Contico Manufacturing, Ltd. ("CML") business unit. Management and the board of directors determined that this business was not a core component of the Company's long-term business strategy. For the pro forma statements of operations for the fiscal years ended December 31, 2006, 2005 and 2004, the Company separately adjusted the historical statements of operations as the CML business unit was included in continuing operations. The historical operating results of this previously divested business have been excluded as they will be classified as discontinued operations. For the pro forma statement of operations for the nine months ended September 30, 2007, this business was previously excluded from continuing operations; thus, no adjustment was required.
- (b) Amounts relate to the interest expense reduction as a result of the use of the proceeds from the CML transaction. The interest rates applied, ranging from 4.9% to 8.9%, were consistent with the terms of the Bank of America Credit Agreement.
- (c) Amounts represent the historical income tax activity of CML. No income tax impact is present associated with the interest expense reduction as the reduction will be recognized in the United States and offset by the domestic valuation allowance.
- (d) Amounts represent the receipt of gross proceeds of \$45.0 million, plus \$4.3 million associated with an estimated working capital adjustment based on September 30, 2007 balances, used to pay down the Revolving Credit Facility and Term Loan. This pay down was required in the Bank of America Credit Agreement, but does not reduce the Company's overall borrowing capacity. The application of proceeds between the Revolving Credit Facility and Term Loan reflects the application required prior to entering into the new Bank of America Credit Agreement.
- (e) Amounts represent the historical account balances of Woods US and Woods Canada, net of intercompany account balances prior to closing.

- (f) Amount represents the transactional closing costs incurred which primarily relate to legal and compensation costs.
 - (g) Amounts represent the historical account activity of Woods US and Woods Canada, net of intercompany activity.
-

- (h) Amounts relate to the interest expense reduction as a result of the use of the above proceeds for all periods presented. The interest rates applied ranged from 4.9% to 8.9%. In addition, for the nine months ended September 30, 2007 and the year ended December 31, 2006, amounts include the reduction of amortization of debt issuance costs of \$0.6 million and \$0.8 million, respectively, as a result of the new Bank of America Credit Agreement.
- (i) Amounts represent the historical income tax activity of Woods US and Woods Canada. In addition, the provision for income taxes is reduced to reflect the provision which should be recorded under discontinued operations for domestic income taxes on domestic pre-tax income. No income tax impact is present associated with the interest expense reduction as the reduction will be recognized in the United States. The pro forma adjustments do not reflect any Canadian withholding tax of five percent which could result from the above transaction. The amount is subject to the various factors for which the probability of such occurrences and level of potential tax payments are not known at this time.
- (j) After the application of proceeds from the disposition of Woods US and Woods Canada, balances of the Term Loan and Revolving Credit Facility were \$3.0 million and zero, respectively. Pro forma amounts represent the impact of the Bank of America Credit Agreement executed on November 30, 2007. As part of this agreement, the Term Loan outstanding was increased to \$10.6 million with the offset to cash. The annual amortization, paid quarterly, will be \$1.5 million, beginning March 1, 2008, with final payment due November 30, 2010. In addition, debt amortization costs incurred of \$0.1 million associated with this agreement were capitalized which offsets previously capitalized debt issuance costs of \$0.6 million which will be written off as a result of reducing the number of lenders within the Bank of America Credit Agreement.
