FIRST MERCHANTS ANNOUNCES 1ST QUARTER 2003 EARNINGS

First Merchants Corporation (NASDAQ - FRME) has reported that 1st quarter 2003 diluted earnings per share improved 7.3%, before a special loan loss provision. The provision, amounting to \$2.8 million, increased the allowance for loan losses in response to declining collateral values of a commercial borrower. Consequently, diluted earnings per share for the 1st quarter of 2003 were reduced from \$.44 to \$.34. First quarter diluted earnings per share in 2002 amounted to \$.41.

Michael L. Cox, President and Chief Executive Officer, stated that, "First Merchants management is pleased with the Corporation's strategic accomplishments for the 1st quarter of 2003. The previously announced acquisition of CNBC Bancorp has added Columbus Ohio as a commercial banking market to the Corporation's regional footprint and increased total assets to \$3 billion. However, the financial deterioration of a long-time valued commercial client and an assessment of our loan loss adequacy led us to believe a special provision is

warranted."

The acquisitions of Lafayette Bancorporation, effective April 1, 2002 and CNBC Bancorp, effective March 1, 2003, significantly impacted 1st quarter results. The acquisitions accounted for increased average earning assets of \$821 million and \$1.3 million of the \$3.2 million increase in non-interest income.

Non-performing loans as a percentage of total loans increased to 1.19% from 1.09% as of December 31, 2002. The increase in non-performing loans is solely attributable to the previously mentioned troubled credit. The allowance for loan losses increased to 1.29%, up from 1.11% as of December 31, 2002.
