Audit and Administrative Committee

First Merchants Corporation Retirement Income and Savings Plan

Muncie, Indiana

We have audited the accompanying statements of net assets available for benefits of First Merchants Corporation Retirement Income and Savings Plan as of December 31, 2008 and 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing auditing procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. Our audits also included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of First Merchants Corporation Retirement Income and Savings Plan as of December 31, 2008 and 2007, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 4, the Plan changed its method of accounting for fair value measurements in accordance with Statement of Financial Accounting Standards No. 157 in 2008.

The accompanying supplemental schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

First Merchants Corporation

Retirement Income and Savings Plan

Notes to Financial Statements

December 31, 2008 and 2007

Note 1: Description of Plan

The following description of First Merchants Corporation Retirement Income and Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined-contribution plan sponsored by First Merchants Corporation (Corporation) for the benefit of all employees who are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). First Merchants Trust Company is the trustee and recordkeeper of the Plan. Fidelity is the custodian for a majority of the Plan's assets.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Corporation make annual contributions of up to 75% of eligible compensation up to the maximum allowed by law. Employee rollover contributions are also permitted. Effective January 1, 2007, the Plan accepts Roth elective deferrals made on behalf of participants.

Prior to March 1, 2005, the Corporation made matching contributions of its employees' salary deferral amounts of 25% of the first 5% of employees' eligible compensation for all participating employees. After March 1, 2005, the matching contribution described above is the only type of employer contribution granted to grandfathered participants who are at least age 55 and credited with at least ten years of service at February 28, 2005. The remaining participants may receive three different types of employer contributions. The Corporation's contributions are as follows:

- Retirement security contributions: range from 2% of pay to 7% of pay based on years of continuous service. The participant must have 1,000 hours of service and be employed at the end of the Plan year.
- Matching contributions: 50% of the first 6% of employees' eligible compensation for all participating employees.
- Transition contributions: 3% of eligible compensation for all participants who are at least age 45, credited with at least ten years of service at February 28, 2005 and were participating in the Corporation's defined-benefit plan at February 28, 2005. The participant must have 1,000 hours of service and be employed at the end of the plan year. This contribution will only be applicable through the 2009 Plan year.

First Merchants Corporation

Retirement Income and Savings Plan

Notes to Financial Statements

December 31, 2008 and 2007

The entry date for retirement security and transition contributions is March 1, 2005, and each subsequent January 1. Catch-up contributions are also available for participants after they reach 50 years of age before the end of the applicable year.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds as well as Corporation common stock. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily. Allocations to the Corporation's common stock are generally limited to 25% of the applicable account balance.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Corporation's contribution and Plan earnings. Allocations of Plan earnings are based on participant account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contribution accounts plus earnings thereon. Vesting in the Corporation's matching contribution portion of their accounts plus earnings thereon is based on years of credited service. A participant is fully vested in the matching contribution portion of their account after five years of credited service. In 2006, the vesting in the retirement security contribution portion of their account plus earnings was 100% after five years of credited service and vesting in the transition contribution portion of their account plus earnings is immediate since all eligible participants have at least ten years of service. Effective January 1, 2007, the Plan was amended to change the vesting of the Corporation's retirement security contribution portion of participant's accounts to 100% after three years of credited service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce the Corporation's contribution or to pay reasonable administrative expenses of the Plan.

Payment of Benefits

Upon termination of service, participants may elect to receive a lump-sum amount or installments equal to the value of their accounts. Withdrawals other than for termination are permitted under circumstances provided by the Plan. At December 31, 2008 and 2007, Plan assets include approximately \$2,200 and \$55,900, respectively, allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

First Merchants Corporation

Retirement Income and Savings Plan

Notes to Financial Statements

December 31, 2008 and 2007

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies ***Method of Accounting***

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at amortized costs, which approximates fair value. Investment in the Corporation's common stock is valued at the quoted market price on the last business day of the plan year. The Plan's interest in the collective investment fund (Federated Capital Preservation Fund) is valued based on information reported by the investment advisor using the audited financial statements of the collective investment fund at year-end.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

First Merchants Corporation

Retirement Income and Savings Plan

Notes to Financial Statements

December 31, 2008 and 2007

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Tax Status

The Plan obtained its latest determination letter in September 2001, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Participant Loans

Effective March 1, 2005, participant loans were acquired from merged plans. Participant loans have never been granted by the Plan. Effective March 1, 2005, no new loans will be permitted under the Plan with respect to any merged plan that had an active loan program. Any outstanding loan will continue to be repaid based on the term of the loan from the merged plan.

Administrative Expenses

Administrative expenses may be paid by the Corporation or the Plan, at the Corporation's discretion.

First Merchants Corporation**Retirement Income and Savings Plan****Notes to Financial Statements****December 31, 2008 and 2007****Note 3: Investments**

At December 31, 2008, the Plan's investments are held by Fidelity and the Corporation. The Federated Capital Preservation Fund included in Plan assets may be subject to withdrawal charges upon contract termination. Crediting interest rates on the guaranteed interest portion of the investment contract are determined by the issuer. The Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows:

	2008		
	Net Appreciation (Depreciation) in Fair Value During Year		Fair Value at End of Year
Common stock	\$ 87,275		\$ 1,293,563
Mutual funds	(15,413,473)	28,919,211
Federated Capital Preservation Fund	—		2,068,009
Money market fund	—		4,197,096
Participant loans	—		23,355
	\$(15,326,198)	\$ 36,501,234
	2007		
	Net Depreciation in Fair Value During Year		Fair Value at End of Year
Common stock	\$(207,150)	\$ 898,880
Mutual funds	(1,431,495)	41,109,136
Federated Capital Preservation Fund	—		1,917,967
Money market fund	—		2,383,076
Participant loans	—		70,133
	\$(1,638,645)	\$ 46,379,192

Interest and dividends realized on the Plan's investments for the years ended 2008 and 2007 were \$1,479,815 and \$4,251,214, respectively.

First Merchants Corporation**Retirement Income and Savings Plan****Notes to Financial Statements****December 31, 2008 and 2007**

The fair values of individual investments that represented 5% or more of the Plan's assets were as follows:

	2008	2007
PIMCO Total Return Fund	\$3,157,723	\$2,565,006
Goldman Sachs Mid Cap Equity Fund	2,563,196	4,462,526
MFS Value Fund	3,776,078	5,427,506
American Funds Amcap Fund	3,597,986	5,662,008
Oppenheimer Main Street Fund	—	2,741,236
Oppenheimer Small & Mid Cap Value Fund	—	3,743,401
Federated Government Obligations Fund	4,197,096	—
Federated Capital Preservation Fund	2,068,009	—
Federated U.S. Government Fund	2,116,087	—
Franklin Small Cap Value Fund	1,977,331	—

Note 4: Disclosures About Fair Value of Assets and Liabilities

Effective January 1, 2008, the Plan adopted Statement of Financial Accounting Standards No. 157 (FAS 157), *Fair Value Measurements*. FAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. FAS 157 has been applied prospectively as of the beginning of the year.

FAS 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FAS 157 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

First Merchants Corporation**Retirement Income and Savings Plan****Notes to Financial Statements****December 31, 2008 and 2007**

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. The Plan has no liabilities measured on a recurring basis and has no assets or liabilities measured on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include common stock, mutual funds and a money market fund. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include a collective investment fund. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy and include participant loans.

The following table presents the fair value measurements of assets recognized in the accompanying statement of net assets available for benefits measured at fair value on a recurring basis and the level within the FAS 157 fair value hierarchy in which the fair value measurements fall at December 31, 2008:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common Stock	\$ 1,293,563	\$ 1,293,563	\$ —	\$ —
Mutual Funds	28,919,211	28,919,211	—	—
Money Market Fund	4,197,096	4,197,096	—	—
Collective Investment Fund	2,068,009	—	2,068,009	—
Participant Loans	23,355	—	—	23,355
	\$ 36,501,234	\$ 34,409,870	\$ 2,068,009	\$ 23,355

First Merchants Corporation**Retirement Income and Savings Plan****Notes to Financial Statements****December 31, 2008 and 2007**

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statement of net assets available for benefits using significant unobservable (Level 3) inputs:

	Participant Loans
Balance, January 1, 2008	\$ 70,133
Loan repayments and defaults	(46,778)
Balance, December 31, 2008	\$ 23,355

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in First Merchants Corporation common stock. Activity at fair value was as follows:

	First Merchants Corporation Common Stock
Balance, January 1, 2007	\$ 1,180,998
Changes	(282,118)
Balance, December 31, 2007	898,880
Changes	394,683
Balance, December 31, 2008	\$ 1,293,563

The Corporation provides certain administrative services at no cost to the Plan.

First Merchants Corporation

Retirement Income and Savings Plan

Notes to Financial Statements

December 31, 2008 and 2007

Note 6: Nonexempt Transactions

Defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. Contributions of \$185 were not remitted within the required time period for the year ended December 31, 2008. These contributions were remitted during the December 31, 2009 Plan year.

Note 7: Plan Amendments

Effective January 1, 2007, the Plan was amended to change the vesting of the Corporation's retirement security contribution portion of participant's accounts to 100% after three years of credited service from 100% after five years of credited service.

Also effective January 1, 2007, the Plan was amended to accept Roth 401(k) elective deferrals made on behalf of participants.

Note 8: Significant Estimates and Concentrations

Current Economic Conditions

The current economic environment presents employee benefit plans with unprecedented circumstances and challenges, which in some cases have resulted in large declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Note 9: Subsequent Event

On December 31, 2008, the Corporation acquired Lincoln Bank headquartered in Plainfield, Indiana. Effective January 1, 2009, approximately 235 former Lincoln Bank employees began participating in the Plan.
