FIRST MERCHANTS CORPORATION
PROXY STATEMENT FOR
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 10, 2018

To the shareholders of First Merchants Corporation (“FMC” or the “Company”):

We are providing you the notice of annual meeting of shareholders and this proxy statement in connection with FMC’s annual meeting of shareholders to be held in the Community Room at the Company’s Main Office, 200 East Jackson Street, Muncie, Indiana 47305, on Thursday, May 10, 2018, at 3:30 p.m., Eastern Daylight Time (the “Annual Meeting”). The Board of Directors (the “Board”) of the Company is soliciting your proxy to be voted at the Annual Meeting.

The U.S. Securities and Exchange Commission (“SEC”) “notice and access” rule allows us to furnish these proxy materials over the Internet, enabling us to reduce the cost of delivering the materials and lessening the environmental impact of our Annual Meeting. Under this rule, we are mailing a notice regarding the availability of proxy materials to most of our shareholders if you haven’t previously informed us that you prefer a paper copy of the proxy materials. This notice contains instructions on how to access the proxy materials over the Internet. It also contains instructions on how shareholders may receive a paper or electronic copy of the proxy materials, including a proxy statement, annual report and a proxy card. If you received a paper or electronic copy of the proxy materials, you also received a proxy card that can be used to vote your shares.

The distribution of these proxy materials is expected to commence on or about March 22, 2018.

I. VOTING YOUR SHARES

Each share of FMC common stock issued and outstanding as of the close of business on the record date for the Annual Meeting, March 2, 2018 (the “Record Date”), is entitled to be voted on all items being voted upon at the Annual Meeting. As of the close of business on the Record Date, there were 49,505,769 shares outstanding and entitled to vote.

Each share of FMC common stock is entitled to one vote. Directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. Shareholders do not have a right to cumulate their votes for directors. The affirmative vote of a majority of the shares present and voting at the meeting in person or by proxy is required for approval of all items submitted to the shareholders for consideration other than: (i) the election of directors, as described above and (ii) Voting Item 4, which is based on a plurality of votes cast.

Abstentions will be counted for the purpose of determining whether a quorum is present but for no other purpose. Broker nonvotes will not be counted. The Secretary will count the votes and announce the preliminary results of the voting at the Annual Meeting. The Company will publish final results on Form 8-K within four business days following the end of the meeting in accordance with an SEC rule.

You may vote shares held directly in your name as the shareholder of record in person at the Annual Meeting. Even if you plan to attend the Annual Meeting, we recommend that you also vote by proxy so that your vote will be counted if you later decide not to attend the meeting.

VOTING BY PROXY

Whether you hold shares directly as the shareholder of record or through a broker, trustee or other nominee as the beneficial owner, you may direct how your shares are voted without attending the Annual Meeting. There are three ways to vote by proxy:

By Internet - Shareholders who received a notice regarding the availability of proxy materials may submit proxies over the Internet by following the instructions on the notice. Shareholders who received a paper or electronic copy of a proxy card may submit proxies over the Internet by following the instructions on the proxy card.

By Telephone - Shareholders who live in the United States or Canada may submit proxies by telephone by calling toll-free 1-800-690-6903 on a touch-tone telephone and following the instructions. Shareholders who received a notice regarding the availability of proxy materials should have the notice in hand when calling, and shareholders who received a paper or electronic copy of a proxy card should have the proxy card in hand when calling.

By Mail - Shareholders who received a paper or electronic copy of a proxy card may submit proxies by mail by completing, signing and dating the proxy card and mailing it in the postage-paid envelope we have provided or by returning it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

After submitting a proxy, you have the right to revoke it at any time before it is exercised by giving written notice of revocation to the Secretary received prior to the Annual Meeting, by submitting a new proxy via the Internet, telephone or mail, or by voting in person at the meeting. Your shares will be voted in accordance with your specific instructions given when submitting your proxy. In the absence of specific instructions to the contrary, proxies will be voted FOR election to the Board of all nominees listed in Item 1 of the proxy, FOR approval of the compensation of the Company's named executive officers, 1 YEAR on the frequency of advisory votes on executive compensation and FOR ratification of the appointment of the firm of BKD, LLP as the Company's independent auditor for 2018.

If any director-nominee named in this proxy statement becomes unable or declines to serve (an event that we do not anticipate), the persons named as proxies will have discretionary authority to vote for a substitute nominee named by the Board, if the Board determines to fill such nominee's position.

III. THE BOARD OF DIRECTORS

FMC's Bylaws authorize the Board to fix the number of directors from time to time by resolution within a range of nine and twenty-one directors. As of the 2018 Annual Meeting, the Board has fixed this number at eleven. Under the Bylaws, the Board is divided into three classes, with each class of directors serving staggered three-year terms or until their successors are elected and qualified. The current directors in each class are eligible for re-election to a new term by the shareholders at the Annual Meeting held in the year in which the term for their class expires, except that vacancies occurring between Annual Meetings caused by a director's resignation, death or other incapacity, or by an increase in the number of directors, may be filled by a majority vote of the remaining members of the Board until the next Annual Meeting. In November 2017, the Board increased the number of directors from ten to its current eleven and elected Mr. Marhenke to fill the vacancy in Class II caused by this increase and to serve until the 2018 Annual Meeting. Since he was placed in Class II, the shareholders are considering Mr. Marhenke for a two-year term. The Bylaws also provide that a director shall not continue to serve after the Annual Meeting following the end of the calendar year in which he or she attains age 73. All of FMC's directors also serve as directors of its wholly owned subsidiary, First Merchants Bank ("FMB").

VOTING ITEM 1: ELECTION OF DIRECTORS

Four directors will be elected at the Annual Meeting. All of the current Class III directors, Michael R. Becher, William L. Hoy and Patrick A. Sherman, whose terms will expire as of the 2018 Annual Meeting, have been nominated to serve new three-year terms expiring as of the 2021 Annual Meeting. In addition, Mr. Marhenke, a Class II director, has been nominated to serve a new, two-year term expiring as of the 2020 Annual Meeting.

IV. CORPORATE GOVERNANCE

CORPORATE GOVERNANCE GUIDELINES

The Board has established Corporate Governance Guidelines to address key areas of corporate governance. The Corporate Governance Guidelines are on FMC's website, at <http://www.firstmerchants.com/investors>, under Corporate Information/Governance Documents. Together with FMC's Articles of Incorporation, Bylaws and Committee charters, the Corporate Governance Guidelines provide the framework for the Company's governance. The topics covered by these Guidelines include: director qualifications and responsibilities, the director nomination process, the Board leadership structure, standing committees of the Board, director compensation, director orientation and continuing education, Board self-assessment, evaluation of executive performance, succession planning for the CEO and other senior management positions, executive ownership of FMC stock, the Code of Conduct, and policies on ethics and integrity and recovery of erroneously awarded executive compensation.

CODE OF CONDUCT

The Company is committed to the highest standards of ethical conduct. It has adopted a Code of Conduct that applies to all directors, executive officers and employees. The Code of Conduct incorporates a Code of Ethics, within the meaning of Item 406(b) of SEC Regulation S-K, that applies to FMC's senior financial officers, including the Chief Executive Officer, Chief Financial Officer, Chief Banking Officer, Director of Finance, Corporate Controller and Corporate Treasurer. The Code of Conduct, including the Code of Ethics, is published on the Company's website. See <http://www.firstmerchants.com/investors>, under Corporate Information/Code of Conduct.

DIRECTOR INDEPENDENCE

FMC is listed on the NASDAQ Stock Market. Using the definition of "independent director" in NASDAQ Listing Rule 5605(a)(2), the Board has determined that each of the nonemployee directors and director-nominees - Mr. Becher, Mr. Fisher, Mr. Halderman, Mr. Hoy, Mr. Lehman, Mr. Marhenke, Mr. Schalliol, Mr. Sherman, Mr. Walker and Ms. Wojtowicz - is an independent director. The only other director, Mr. Rechin, is not an independent director because he is the Company's President and Chief Executive Officer.

In determining that the nonemployee directors and director-nominees are independent, the Board took into consideration the following transactions involving Mr. Halderman and Mr. Hoy: (1) Halderman Farm Management Service, Inc., of which Mr. Halderman is the President and CEO and sole owner, provides farm management and consulting services to Company affiliates, and manages or has managed some farms that are held in trust accounts for which First Merchants Private Wealth Advisors ("FMPWA"), a division of FMB, serves as the trustee; (2) Halderman Real Estate Services, Inc., of which Mr. Halderman is the President and CEO and which is owned by Mr. Halderman's father, has provided some farm appraisals and other real estate sales services to FMB and FMPWA trust accounts; and (3) Columbus Sign Company, of which Mr. Hoy is the CEO and which is owned one-half by Mr. Hoy and one-half by his brother, has fabricated and installed signs at some FMB locations - principally at Bank branches in Columbus, Ohio. These transactions were not disclosed as "transactions with related persons" on page 43, pursuant to Item 404(a) of SEC Regulation S-K, because the amounts involved were less than the threshold amount under that Item.

BOARD MEETINGS

The Board holds regular quarterly meetings and an annual two-day retreat. It also holds special meetings from time to time which, under the Company's Bylaws, may be called by the Chair, the President, or a majority of the directors. The Board meets in executive session without any member of management present during a portion of each of its regular meetings and at its retreat.

During 2017, the Board held six meetings, including the annual two-day retreat. No director attended fewer than 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all Board Committees on which the director served.

DIRECTORS' ATTENDANCE AT ANNUAL MEETING OF SHAREHOLDERS

The directors are encouraged but not required to attend the Annual Meeting. All of the directors attended the 2017 Annual Meeting.

THE BOARD LEADERSHIP STRUCTURE

The Board Chair and the President and CEO of the Company are two separate individuals. Mr. Schalliol, an independent director, serves as the Chair of the Board, and Mr. Rechin serves as the President and CEO. The Company has adopted this leadership structure because the two positions entail different roles and different, but complementary, responsibilities. The Chair's role focuses on the Company's strategic direction, and includes giving advice and counsel to the President and CEO and other senior management, where appropriate. The President and CEO spends much of his time on strategic planning as well, but he is also ultimately responsible for overseeing the Company's daily operations and providing leadership and direction to the other officers, managers and employees. This bifurcated leadership structure benefits the Company because it takes advantage of the Chair's and the President and CEO's differing backgrounds, experiences and perspectives. In addition, Mr. Schalliol and Mr. Rechin engage in regular and frequent communication, which promotes a positive and productive relationship between the Board and the President and CEO and among the Board, management and the shareholders. FMC's leadership structure reduces the potential for conflicts of interest and enhances the oversight of risk. It also allows the Board to more objectively and effectively carry out its responsibilities involving oversight of the Company's management and, in particular, its responsibility for the selection, retention and compensation of the President and CEO.

THE BOARD'S ROLE IN RISK OVERSIGHT

Although the entire Board is ultimately responsible for overseeing the Company's enterprise-wide risk management program, the Board has assigned the primary role for carrying out this responsibility to its Risk and Credit Policy Committee. The Risk and Credit Policy Committee engages in an ongoing review of the Company's risk policies, procedures and practices and their effectiveness, so that material risks to the Company's financial well-being can be properly identified, measured, managed, controlled and mitigated. The Board and the Risk and Credit Policy Committee have assigned the principal responsibility for oversight of specific risk categories to other committees in the following areas: the Audit Committee oversees the assessment and management of the Company's exposure to financial (reporting) risks, and integrity and ethics risks; and the Compensation and Human Resources Committee oversees the assessment and management of the Company's exposure to risks with respect to the Company's incentive compensation plans and other executive compensation programs.

In addition, management keeps the Board informed, through the Risk and Credit Policy Committee and sometimes through the Audit Committee, of the state of the Company's cybersecurity posture. The Board administers its risk oversight function, in part, by having management give the Risk and Credit Policy Committee a quarterly report on cybersecurity metrics and an update on preventive measures the Company employs to avoid intrusions. The Board's oversight of the Company's cybersecurity risks is further enhanced by the requirement in the Company's Incident Response Plan that the Board be notified of a cyber-related "Incident" (as defined in the Company's Incident Response Plan). Finally, the Company's Information Security Policy and Incident Response Plan will be revised to further address the Board's role in cybersecurity program oversight, as well as disclosure matters, as recommended in the SEC's recent "Statement and Guidance on Public Company Cybersecurity Disclosures".

SHAREHOLDER COMMUNICATIONS AND ENGAGEMENT WITH THE BOARD AND EXECUTIVE MANAGEMENT

Shareholders may communicate directly with the Board by email, at bod@firstmerchants.com, or in a letter or other written communication addressed to the Board and delivered or mailed c/o Secretary, First Merchants Corporation, 200 East Jackson Street, Muncie, Indiana 47305. All such emails and written communications will automatically be forwarded both to the Chair of the Board and the Chair of its Nominating and Governance Committee, who will share them with each of the other directors.

Since last year's Annual Meeting, First Merchants' Board members and executive management engaged in discussions with shareholders representing more than 25 percent of FMC's outstanding common stock. These discussions involved a variety of topics to ensure the Company is addressing shareholder concerns, seeking shareholder input and providing perspective on the Company's strategy. Feedback from our shareholders was shared with the full Board and executive management.

V. BOARD COMMITTEES

THE STANDING COMMITTEES

FMC's Bylaws give the Board the authority, at its discretion, to constitute and appoint committees from among its members to assist in the management and control of the affairs of the Company, including the following standing committees of the Board: the Audit Committee, the Nominating and Governance Committee, the Risk and Credit Policy Committee, and the Compensation and Human Resources Committee (the "Committees"). Each of these Committees has a charter that is published on FMC'S website, at <http://www.firstmerchants.com/investors>, under Corporate Information/Governance Documents.

The Committees' rules, protocols and procedures for calling and holding meetings are set forth in FMC's Bylaws or the Committees' charters, or they are determined from time to time by the Board or the respective Committees. All of the Committees meet in executive session without any member of management present during a portion of their regular meetings.

Additional information concerning the membership, responsibilities and meetings held in 2017 by each of the Committees follows.

THE AUDIT COMMITTEE

The Audit Committee is comprised of Mr. Becher (Chair), Mr. Sherman, and Ms. Wojtowicz. The Committee met six times during 2017. The Board has determined that all of the Committee members are independent directors under the definition in NASDAQ Listing Rule 5605(a)(2) and that they meet the additional criteria for audit committee independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934 and NASDAQ Listing Rule 5605(c)(2). The Board has also determined that all of the Committee members are "audit committee financial experts" within the meaning of Item 407(d)(5) of SEC Regulation S-K.

The Audit Committee's primary function is to assist the Board in fulfilling its oversight of:

- the integrity of the Company's financial statements;
- the Company's independent auditor's qualifications and independence;
- the performance of the Company's independent auditor and internal audit function; and
- the Company's compliance with its ethical requirements.

The Committee's responsibilities also include reviewing the Quarterly Reports on Form 10-Q prepared by management and annually reviewing and discussing the Company's audited financial statements with FMC's management and the Company's independent auditor. The Committee obtains written disclosures from the independent auditor regarding its independence, and it discusses the auditor's independence with the auditor. Based on these reviews and discussions, the Committee annually prepares the report required under Item 407(d)(3) of SEC Regulation S-K to be included in the Company's annual proxy statement, recommending to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year for filing with the SEC.

Although the Risk and Credit Policy Committee is primarily responsible for the Company's enterprise-wide risk management, the Audit Committee oversees the assessment and management of the Company's exposure to financial (reporting) risks and integrity and ethics risks under the Company's risk oversight structure matrix. The Chief Risk

Officer, Senior Internal Auditing Executive and management annually submit a risk assessment report to the Audit Committee regarding these risks, and the Committee provides input on and approves the report.

The Audit Committee meets its responsibilities by reviewing the financial reports and other financial information provided by the Company to shareholders and others; reviewing the Company's major financial risk exposures and steps taken by management to monitor and control such exposures; reviewing reports prepared by the Company's internal auditors, independent auditor, and regulators on the effectiveness of the Company's processes for the oversight and management of financial risks, including the system of internal controls that management and the Board have established; and reviewing the Company's auditing, accounting and financial reporting processes.

The Audit Committee has the sole authority (and recommends that the Board submit for shareholder ratification) for the appointment, compensation, retention and oversight of the work of the Company's independent auditor (including resolution

of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Committee also has the sole authority to approve all audit engagement fees and terms, as well as permissible nonaudit engagements of the independent auditor. At least annually, the Committee assesses the independence of the independent auditor, including the independent auditor's lead partner. It also assures that the independent auditor regularly rotates the lead and concurring audit partners as required by law or regulations, or more frequently as determined by the Committee in its sole discretion.

The Audit Committee has the sole authority to appoint, replace, reassign or dismiss the Senior Internal Auditing Executive of the Company's internal audit department, who reports directly to the Committee (and to the Company's Chief Operating Officer for administrative purposes). The Committee annually reviews and approves the Senior Internal Auditing Executive's performance evaluation and compensation.

The Audit Committee also oversees the operation and effectiveness of the Company's Ethics and Integrity Policy, which applies to directors, executive officers and employees and provides for multiple avenues for raising concerns about unethical, accounting, internal controls, or auditing matters, with the assurance that any person raising a concern will be protected from retaliation or reprisals for reporting a concern in good faith. The Policy provides for confidentially and makes available the option of anonymous reporting of conduct and matters covered by the Policy through a toll-free ethics hotline operated by an outside company. Concerns reported through the ethics hotline go directly to the Audit Committee, which then discusses the concern with the Senior Internal Auditing Executive. The Ethics and Integrity Policy is among the governance documents published on FMC'S website, at <http://www.firstmerchants.com/investors>, under Corporate Information/Ethics & Integrity Policy.

The Audit Committee may conduct or authorize investigations into matters within the scope of its responsibilities; and the Committee may retain independent counsel, accountants, or other outside advisors as it deems necessary to conduct such investigations or otherwise carry out its duties.

THE AUDIT COMMITTEE REPORT CONCERNING AUDITED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2017

The Audit Committee has reviewed and discussed together with management and the independent auditor, BKD, LLP, First Merchants Corporation's audited financial statements for the year ended December 31, 2017, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; the clarity of disclosures in the financial statements; the results of management's assessment of the effectiveness of the Company's internal controls over financial reporting; and the independent auditor's audit of internal control over financial reporting.

The meetings of the Committee are designed to facilitate and encourage communication among the Committee, management, the Company's internal audit function and the Company's independent auditor. The Committee meets with the internal auditors and independent auditor, with and without management present, to discuss the results of their examinations; their evaluations of the Company's internal control environment; and the overall quality of the Company's financial reporting. The Audit Committee has discussed with BKD, LLP, the matters required to be discussed under Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 16, Communications with Audit Committees.

The Audit Committee recognizes the importance of maintaining the independence of the Company's independent auditor, both in fact and appearance. Each year, the Committee evaluates the qualifications, performance, tenure and independence of the Company's independent auditor and determines whether to re-engage the current independent auditor. The Audit Committee considers the quality and efficiency of the services provided by the auditor, the auditor's

capabilities and the auditor's technical expertise and knowledge of the Company's operations and industry. Based on this evaluation, the Audit Committee has retained BKD, LLP as the Company's Auditor for 2017. BKD, LLP (or its predecessor) has been the independent auditor for the Company since at least 1982.

The members of the Audit Committee believe that, due to BKD, LLP's knowledge of the Company and of the industries in which the Company operates, it is in the best interests of the Company and its shareholders to continue retention of BKD, LLP to serve as the Company's independent auditor. The Board, acting upon the Committee's recommendation, has appointed BKD, LLP as the Company's independent auditor for 2018, subject to ratification by the shareholders at the Annual Meeting of Shareholders.

The Audit Committee has received from the independent auditor written disclosures regarding the auditor's independence required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and has discussed with the independent auditor, the independent auditor's independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the Securities and Exchange Commission.

The Nominating and Governance Committee is comprised of Mr. Walker (Chair), Mr. Becher, Mr. Halderman and Mr. Schalliol. The Committee met two times during 2017. The Board has determined that all of the Committee members are independent directors under the definition in NASDAQ Listing Rule 5605(a)(2).

The Nominating and Governance Committee's responsibilities include:

- developing and recommending to the Board the appropriate size and structure of the Board and its standing committees, as well as the qualifications for serving on these committees;
- annually reviewing the composition of the Board as a whole, including the balance of independence, business expertise, experience, diversity and other desired qualities;
- maintaining up-to-date criteria for selecting Board members;

- reviewing and making recommendations to the Board concerning FMC's Code of Conduct, Code of Ethics for Financial Management, Regulation O Insider Lending Restrictions Policy, Insider Trading Policy and Section 16a Reporting Procedures; and
- receiving and making recommendations to the Board regarding shareholder proxy initiatives, if any.

THE COMMITTEE'S POLICY AND PROCESS FOR CONSIDERING DIRECTOR CANDIDATES RECOMMENDED BY SHAREHOLDERS

Article IV, Section 9, of FMC's Bylaws describes the process by which a shareholder may suggest a candidate for consideration by the Nominating and Governance Committee as a director-nominee. Under this process, a suggestion by a shareholder of a director-nominee must include: (a) the name, address and number of the Company's shares owned by the shareholder; (b) the name, address, age and principal occupation of the suggested nominee; and (c) such other information concerning the suggested nominee as the shareholder may wish to submit or the Committee may reasonably request. A suggestion for a director-nominee submitted by a shareholder must be in writing and delivered or mailed to the Secretary, First Merchants Corporation, 200 East Jackson Street, Muncie, Indiana 47305. Suggestions for nominees from shareholders are evaluated in the same manner as other nominees.

THE COMMITTEE'S CRITERIA AND PROCESS FOR IDENTIFYING AND EVALUATING NOMINEES FOR DIRECTOR

The Nominating and Governance Committee assesses the appropriate mix of skills and characteristics required of the Board in the context of the perceived needs at a given point in time and periodically reviews and updates its criteria for identifying and evaluating nominees for director. Among the general criteria the Committee considers are:

- ethical character and sharing of the Company's values as reflected in its mission and vision statements;

- personal and professional reputation consistent with the Company's reputation and image;

- superior credentials, accomplishments and recognition in the nominee's field, with demonstrated sound business judgment;

- in general, experience as a current or former CEO or in a comparable leadership position with a public company or other complex business or organization, which may include an educational, governmental, scientific or other nonprofit entity;

- ability and willingness to devote sufficient time to carry out duties and responsibilities of Board membership and to commit to serve on the Board for several years in order to gain knowledge of the Company's principal business and operations;

- ability and willingness to acquire and hold shares of the Company's stock in accordance with Board-established guidelines, to assure that the nominee's financial interests are aligned with those of other shareholders;

- relevant expertise and experience - in particular, financial acumen - and ability and willingness to offer advice and guidance to the Company's CEO and other senior management based on that expertise and experience while working cooperatively with other directors and management;

- for nonemployee directors, independence, within the meaning of applicable SEC regulations and NASDAQ Listing Rules; also by avoiding conflicts or appearances of conflicts of interest and by ability to objectively appraise management performance, represent shareholder interests and remain independent of any particular constituency;

- together with other directors, possession of attributes that contribute to a diverse and complementary Board, with diversity reflecting gender, ethnicity, educational, professional and/or managerial backgrounds and experience, and other relevant considerations;

- willingness to assist the Company in developing new business; and

- residence in FMC's market coverage areas.

If the nominee is an incumbent director whose term is expiring, the Nominating and Governance Committee also considers the quality of the director's prior service to the Company, including the nature and extent of the director's participation in the Company's governance and contributions of management and financial expertise and experience to the Board and the Company. This evaluation of incumbent directors' prior service is accomplished through a formal process that takes into consideration all relevant factors including, without limitation, whether the director continues to meet the criteria listed above that are used for evaluating all director-nominees, and the quality of the director's service as measured by his or her performance of the responsibilities set forth in the directors' position description.

Board members who are not members of the Nominating and Governance Committee are also given the opportunity to submit evaluations of the prior service of incumbent directors.

The Nominating and Governance Committee considers candidates coming to its attention through current Board members, search firms, shareholders and other persons.

THE COMMITTEE'S CONSIDERATION OF DIVERSITY IN IDENTIFYING NOMINEES

The Board and the Nominating and Governance Committee consider diversity in identifying nominees for director. The Committee has defined a diverse Board as one that reflects gender, racial, geographic, ethnicity, educational, professional and/or managerial backgrounds and experience, and other relevant considerations. In its annual review of the composition

of the Board as a whole, the Nominating and Governance Committee assesses the Board's diversity along with other desired qualities, and it assesses the effectiveness of the Board's diversity policy. The Committee has concluded that the Board is diverse under the Committee's definition and that the Board's diversity policy is effective. The Board's membership includes directors of different gender, educational, professional, managerial and entrepreneurial backgrounds and experience. It includes directors who have leadership experience and financial and other expertise gained from employment or other association with large public and smaller private companies, manufacturers, the banking and financial services industry, the agricultural industry, international business, venture capital funds, major universities, private accounting and legal firms, and public service organizations including governmental and nonprofit agencies and institutions. Several of the directors have expertise and experience in risk management, strategic planning, operations, technology, and regulatory compliance and human resource issues. Some directors reside in larger metropolitan areas that FMC considers its high growth markets, and others reside in mid-sized and smaller markets that are also extremely important to the Company.

THE RISK AND CREDIT POLICY COMMITTEE

The Risk and Credit Policy Committee is comprised of Ms. Wojtowicz (Chair), Mr. Sherman, Mr. Walker and Mr. Halderman. The Committee met nine times during 2017. The Board has determined that all of the Committee members are independent directors under the definition in NASDAQ Listing Rule 5605(a)(2).

The Risk and Credit Policy Committee's primary function is to assist the Board in assuring the effective management of FMC's enterprise-wide risk, both internal and external, through a continuous review of policies, procedures and practices and the actual results of their application. FMC describes enterprise-wide risk management as a process, effected by the Board, management and other personnel, applied across the enterprise and designed to identify events, whether existing or potential, that may adversely affect the Company. It enables the Company to manage risk within acceptable limits and provides reasonable assurance of optimum corporate performance in the risk/return continuum. In addition, it facilitates the integration of varying views of risk into established credit, asset/liability management, and other risk elements, resulting in an alignment of strategy and corporate culture.

The Risk and Credit Policy Committee oversees the management of enterprise-wide risk for the Company. In providing this oversight, the Committee:

- maintains a clear understanding and working knowledge of the principal risks inherent in the Company's activities;
- assigns the oversight of each risk type to a standing committee of the Board;
- guides management in defining the Company's risk thresholds, appetite and profiles while taking into consideration its strategic goals, objectives, markets and macro-economic conditions;
- establishes risk thresholds and monitors them not less than quarterly (including specific limitations on the authority of management above which the Board or a standing committee of the Board retains exclusive authority);
- establishes specific measures which delineate the level and trend of principal risks and their potential impact on the Company;
- evaluates the impact of changes to risk thresholds prior to any modification, after consideration of changes in market conditions, the Company's strategy, and associated risk assessments;
- monitors emerging risks to the Company and how management will monitor, manage and mitigate those risks on a proactive basis; and

performs duties and responsibilities enumerated and consistent with the Committee's charter and considers enterprise risk in relation to the Company's potential for growth and increase in shareholder value.

The Risk and Credit Policy Committee identifies and defines the principal risks and uncertainties to which the Company is subject, including the nature (systemic or random), range and likelihood of each risk as well as the strategic, operational and regulatory consequences of both favorable and unfavorable outcomes. The Committee determines the responsible manager and Board committee for each principal risk and sees that the committee and the responsible manager are maintaining an effective policy for each principal risk assigned to that committee and manager, including acceptable risk limits, reporting parameters, management decision criteria (both quantitative and qualitative) and the reporting format for monitoring the level and trend of the risk. The Committee assures that risk policies are reviewed annually by the committees responsible

for these principal risks and/or by the full Board, and it monitors the reporting practices of these committees to assure that risk exposure remains within established limits and that significant risk exposures have been brought to the attention of the Board. The Committee also annually reviews and recommends to the Board for its approval the levels and types of insurance coverage to be purchased by the Company.

The Chief Risk Officer and the Senior Internal Auditing Executive provide input to the Risk and Credit Policy Committee, particularly through periodic risk assessment reports, concerning principal risks within the Company.

THE COMPENSATION AND HUMAN RESOURCES COMMITTEE

The Compensation and Human Resources Committee is comprised of Mr. Schalliol (Chair), Mr. Lehman, Mr. Hoy and Mr. Fisher. The Committee met three times during 2017. The Board has determined that all of the Committee members are independent directors under the definition in NASDAQ Listing Rule 5605(a)(2) and that they meet the additional criteria for compensation committee independence set forth in Rule 10C-1(b)(1) under the Securities Exchange Act of 1934 and NASDAQ Listing Rule 5605(d)(2).

The Compensation and Human Resources Committee's responsibilities include:

- establishing the Company's general compensation philosophy in consultation with senior management;
- overseeing the development and implementation of policies and programs to carry out the Company's general compensation philosophy;
- periodically reviewing and evaluating the effectiveness of the Company's compensation policies and programs in light of its general compensation philosophy and making any modifications that the Committee deems necessary or advisable;
- reviewing the performance of and approving the compensation and benefits to be paid to the CEO and other executive officers and senior management employees of the Company;
- reviewing the performance and approving the compensation and benefits to be paid to FMB's senior management employees and approving the compensation ranges and benefits for the other officers and employees of the Company and FMB (a responsibility which the Committee may delegate all or part of to the Company's CEO);
- administering the Company's incentive compensation plans, equity-based compensation plans, and deferred compensation plans;
- making recommendations to the Board concerning the adoption, amendment or termination of incentive compensation plans, equity-based compensation plans, and deferred compensation plans;
- regularly monitoring risk exposure with respect to the Company's incentive compensation plans and other executive compensation plans to assure that risks remain within established limits, that steps are taken to mitigate these risks where appropriate, and that significant risk exposures are brought to the attention of the Board;
- annually reviewing executive change of control and severance agreements;
- annually reviewing the Company's succession plan and succession planning process; and
- reviewing and making recommendations to the Board regarding the compensation of the nonemployee directors.

The Committee's responsibilities also include annually reviewing and discussing with senior management the Compensation Discussion and Analysis required under Item 402(b) of SEC Regulation S-K. Based on this review and discussion, the Committee prepares the report required under Item 407(e)(5) of SEC Regulation S-K to be included in the Company's annual proxy statement, recommending to the Board that the Compensation Discussion and Analysis be included in the proxy statement.

The Compensation and Human Resources Committee determines executive compensation annually, after considering the Company's short and long-term strategic goals, whether the Company's existing compensation programs have supported its efforts to attract, retain and motivate high-performing, qualified leaders, and the Company's compensation programs

compared with those of peer institutions, with the aim of arriving at an appropriate mix of salary, benefits and incentives that will ultimately lead to a superior return on shareholders' investment.

The Committee sets the base salaries of senior management employees, the participants and the metrics, targets and ranges for payouts under the Senior Management Incentive Compensation Program (the nonequity incentive compensation plan that covers the senior management employees), the participants and the amounts and mix of equity-based compensation under the Long-term Equity Incentive Plan (the equity incentive compensation that covers the senior management employees), and the other elements of the senior management employees' compensation. In setting the compensation of employees other than the CEO, the Committee relies on the recommendations of the CEO. The Committee has delegated to the Company's CEO or, where appropriate, to other executive officers, senior management employees, or FMB's Regional Presidents, the authority to approve the compensation and benefits to be paid to the other officers and employees of the Company and FMB.

The Compensation and Human Resources Committee makes recommendations to the Board regarding the compensation of the nonemployee directors and, after receiving the Committee's recommendations, the Board determines the amount and form of this compensation. The executive officers of the Company do not have a role in determining or recommending the amount or form of nonemployee director compensation.

The responsibility for the day-to-day administration of FMC's nonequity incentive compensation plans, equity-based compensation plans and deferred compensation plans has been delegated to the Company's Director of Human Resources, with oversight from the CEO. From time to time, these executives provide information to the Committee and make recommendations, on their own initiative or as requested by the Committee, concerning existing and proposed compensation policies and programs for executives and other employees of the Company and FMB.

The Compensation and Human Resources Committee has the authority to directly select, engage and terminate such counsel, consultants (including compensation consultants), and other experts as it deems necessary or appropriate to assist it in carrying out its responsibilities. The Committee has directly engaged Conduent Human Resources Services ("Conduent"), a human resources consulting firm, on several occasions in recent years (including 2017) to review FMC's executive salaries and compensation programs and to make recommendations to the Committee, to ensure that the Company provides the executives a competitive compensation opportunity that will enable the Company continue to attract, retain and motivate a highly qualified leadership team.

The Compensation and Human Resources Committee has determined that the work that Conduent has performed from time to time as a consultant to the Committee and the Company does not raise any independence or conflict of interest concerns, taking into consideration the factors listed in Rule 10C-1(b)(4) under the Securities Exchange Act of 1934 and NASDAQ Listing Rule 5605(d)(3).

COMPENSATION AND HUMAN RESOURCES COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation and Human Resources Committee was an officer or employee of the Company or its subsidiary during 2017, nor has any member of the Committee ever been an officer or employee of the Company or FMB. No current member of the Committee or executive officer of the Company had a relationship during 2017 requiring disclosure in this proxy statement under Item 404 or Item 407(e)(4) of SEC Regulation S-K.

THE COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT

In accordance with Item 407(e)(5) of SEC Regulation S-K, the members of the Compensation and Human Resources Committee state that the Committee has reviewed and discussed the Compensation Discussion and Analysis required under Item 402(b) of SEC Regulation S-K with management. Based on this review and discussions, the Committee

recommended to the Board that the Compensation Discussion and Analysis be included in the Company's proxy statement on Schedule 14A and incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

VII. COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

♣Michael C. Rechin, President and Chief Executive Officer;

♣Mark K. Hardwick, Executive Vice President, Chief Operating Officer and Chief Financial Officer;

COMPENSATION DISCUSSION AND ANALYSIS

THE OBJECTIVES OF THE EXECUTIVE COMPENSATION PROGRAM AND THE PROCESS FOR IMPLEMENTING THESE OBJECTIVES

The Compensation and Human Resources Committee, under its delegated authority from the Board, has established an effective, straight-forward executive compensation structure that gives FMC's executives incentives to achieve the Company's annual and long-term strategic goals, with the ultimate objective of achieving a superior return on the shareholders' investment. To this end, the Company has designed its compensation programs so that executives have the opportunity to earn an appropriate mix of salary, employee benefits and short and long-term incentives, comprised of both cash and equity, which will financially reward them for excellent performance as measured against the Company's strategic goals and in comparison to financial industry peers. The equity-based incentive compensation program includes provisions that obligate key employees to retain ownership throughout the period of their employment by the Company of a portion of the common stock they are awarded under that program, thus increasing their financial stake in the Company's continued success and further aligning their interests with those of the other shareholders.

The Compensation and Human Resources Committee's general compensation policy lists the following considerations for the design of executive compensation programs that will assist the Company in achieving its business objectives: (1) programs should attract, retain and motivate high-performing, qualified executives and be competitive with industry peers' programs; (2) incentive compensation programs should reward performance that is directly related to the Company's financial performance and the individual executive's contributions to that performance; (3) programs should strengthen the alignment between management effort and business strategy; and (4) programs should link compensation to factors which affect short and long-term stock performance. The policy states that all reasonable efforts should be made to ensure that executive compensation programs do not include any cash or equity-based incentive or other feature that might encourage executives to take unnecessary or excessive risks that threaten the value of the Company or encourage the manipulation of the Company's reported earnings to enhance the compensation of any executive.

The Compensation and Human Resources Committee periodically reviews and evaluates the effectiveness of the executive compensation programs and their alignment with the Company's business strategies and the interests of

shareholders. The Committee has primary responsibility for reviewing executive performance and approving executive compensation, although it gives considerable weight to the recommendations of the President and CEO, Mr. Rechin, in reviewing the performance and determining the compensation of executives other than Mr. Rechin himself. The executive performance review process includes accomplishing formal reviews, adjusting base salaries and approving the nonequity incentive plan payments based on the Company's audited financial results for the previous fiscal year. Annual salary increases and nonequity incentive plan payments occur in March. Annual restricted stock awards under the Long-term Equity Incentive Plan are made by the Committee in the third quarter.

Senior management is responsible for the implementation and day-to-day administration of the Company's compensation programs, including its executive compensation programs, under the direction of Mr. Rechin and the Senior Vice President and Director of Human Resources, Steven Harris.

THE MATERIAL ELEMENTS OF NEO COMPENSATION AND HOW EACH OF THESE ELEMENTS PROMOTES THE COMPANY'S STRATEGIC OBJECTIVES

The material elements of the NEOs' annual compensation are: (1) cash compensation, comprised of (a) base salary, and (b) nonequity incentive plan payments under the Senior Management Incentive Compensation Program ("SMICP"); (2) equity compensation, comprised of (a) restricted stock awards under the Long-term Equity Incentive Plan ("LTEIP"), and (b) opportunities for discounted FMC stock purchases under the Employee Stock Purchase Plan ("ESPP"); and (3) retirement and deferred compensation plan contributions under (a) the Retirement Pension Plan ("Pension Plan") (for Mr. Hardwick and Mr. Fluhler only), (b) the Retirement and Income Savings Plan ("§401(k) Plan"), (c) the Defined Contribution Supplemental Executive Retirement Plan ("SERP") (for Mr. Rechin only), and (d) the 2011 Executive Deferred Compensation Plan ("EDCP"). In the event of an acquisition of FMC, the NEOs could also receive compensation under "double trigger" change of control agreements. The Company does not have employment or other severance agreements with its executive officers. Detailed information concerning each of the material elements of the NEOs' compensation can be found on pages 25-31.

Base salary and nonequity incentive plan payments under the SMICP are intended to advance annual goals by providing a near-term financial reward for excellent performance that advances FMC's strategic objectives. The targets for earning nonequity incentive plan payments under the SMICP are adjusted annually to align with the Company's annual financial plan. The restricted stock awards under the LTEIP are designed to financially reward the achievement of long-term goals and to further align executives' financial interests with those of other shareholders by tying the value of such compensation to sustained increases in the price of the Company's stock. This objective is also supported by LTEIP provisions that: (1) require executive officers to hold approximately 25% of the restricted stock awarded to them until their death, retirement, termination of employment, or change of control; and (2) establish a guideline for executive officers to acquire and hold FMC stock equal in value to their then current annual salary within six years of commencing participation in the LTEIP. The three-year vesting provisions attached to the restricted stock awards, together with the vesting provisions in the retirement plans, also promote the long-term employment of qualified executives.

THE RELATIONSHIP BETWEEN NEO COMPENSATION AND THE COMPANY'S PERFORMANCE

Disregarding retirement and deferred compensation plan contributions and only considering current compensation, payments earned under the incentive plans (the SMICP and the LTEIP) together constituted more than one-half of the compensation paid to the named executive officers for 2017. The size of the nonequity incentive payments under the SMICP and the value of the restricted stock awards under the LTEIP are directly impacted by the Company's performance. Whether a nonequity incentive payment was earned under the SMICP, and the size of an earned payment, depended completely on whether FMC achieved operating earnings per share for the year that met or exceeded pre-established targets based on the Company's annual financial plan. The number of FMC shares the NEOs received under the LTEIP, while subjectively determined by the Compensation and Human Resources Committee and not based directly on performance-related metrics, was heavily influenced by the NEOs' individual performance and the Company's performance during 2017. The Company's performance also impacts these share awards in another way, in that the value of these shares will be affected by their future market price and the total shareholder return (market price appreciation plus dividends paid) on the shares.

FMC continued its excellent performance during 2017. The Company reported record net income of \$96.1 million, an increase of \$15 million over 2016. Per share earnings increased from \$1.98/share to \$2.12/share, a 7.1% increase. FMC's balance sheet continued to strengthen during 2017, as the tangible book value of a share of FMC stock increased from \$15.85 to \$16.96, a 7.0% increase.

For shareholders, 2017 was a very good year. The closing market price for a share of FMC stock increased from \$37.65 to \$42.06, an 11.7% increase, between December 31, 2016 and December 31, 2017; and the dividend paid on a share of FMC stock increased from \$.54/share in 2016 to \$.69/share in 2017, a 27.8% increase. The following graph, comparing the cumulative 5-year total return to shareholders on FMC's common stock relative to the cumulative total return of the Russell 2000 Index, the SNL Bank \$1B - \$5B Index, and the SNL Bank \$5B - \$10B Index, also appears on page 30 of the Company's Annual Report on Form 10-K for the year ended December 31, 2017. It shows that the cumulative 5-year total return to shareholders on FMC's common stock has been approximately 116% higher than that of the Russell 2000 Index, 27% higher than that of the SNL Bank \$1B - \$5B Index, and 30% higher than that the SNL Bank \$5B - \$10B Index.

In 2017, the incentive compensation the NEOs earned under the Company's executive compensation program generally aligned with Company performance that benefits shareholders. Under the SMICP, the operating earnings per share FMC achieves compared to the Company's annual financial plan is the sole metric on which the nonequity incentive compensation earned by Mr. Rechin, Mr. Hardwick, Mr. Stewart and Mr. Martin is based, and it is the metric on which 70% of Mr. Fluhler's nonequity incentive compensation is based. The Compensation and Human Resources Committee believes that the operating earnings per share the Company achieves is the best measure of the Company's success and the metric is most directly reflective of the NEOs' performance; and, therefore, in the long run, it is also the most closely aligned with the shareholders' interests. In 2017, the Company's per share earnings exceeded the annual financial plan, so the nonequity incentive payments to the NEOs under the SMICP for 2017 were more than their pre-established targets (as shown in the Grant of Plan-Based Awards for 2017 Table on page 34, consistent with the exceptional total return to shareholders.

In addition, as shown in the Option Exercises and Stock Vested Table on page 36, Mr. Rechin exercised stock options in 2017 that had been granted to him in prior years, realizing significant value on the exercise of these options. Also, each of the NEOs benefited from the vesting in 2017 of restricted shares that had been awarded to them three years earlier under the LTEIP. These shares had a market value that was substantially higher than their value at the time they were awarded. All of this demonstrates that the NEOs' compensation is aligned with shareholder interests.

PEER GROUP

In its efforts to attract, retain and motivate high-performing executives, FMC competes with other employers, mainly in the financial services industry in the Midwest. Necessarily, this requires the Company to be aware of how peer institutions are compensating their executives, to ascertain how the Company's executive compensation programs compare - both in their mix and their amounts - with these peers' programs. The Compensation and Human Resources Committee's goal is to fix executives' total compensation as nearly as practicable, taking into account all relevant factors, near or above the median for similar positions at peer institutions, with an appropriate balance between salary and incentive compensation, cash and equity, and short and long-term incentives. The peer group for 2017 consisted of the following 20 publicly traded Midwest financial institutions of relatively similar size to the Company:

1st Source Corporation	Independent Bank Corporation
BancFirst Corporation	Lakeland Financial Corporation
Chemical Financial Corporation	Northwest Bancshares, Inc.
Community Trust Bancorp, Inc	Old National Bancorp
First Busey Corporation	Park National Corporation
First Commonwealth Financial Corporation	Pinnacle Financial Partners, Inc.
First Financial Bancorp	Republic Bancorp, Inc.
First Midwest Bancorp, Inc.	S & T Bancorp, Inc.
Great Western Bancorp, Inc.	Stock Yards Bancorp, Inc.
Heartland Financial USA, Inc.	Wesbanco, Inc.

The peer group for 2016 consisted of 18 financial institutions. The current group reflects the deletions of F.N.B. Corporation, MainSource Financial Group, Inc., and MB Financial, Inc., and the additions of BancFirst Corporation, Great Western Bancorp, Inc., Lakeland Financial Corporation, Northwest Bancshares, Inc., and Wesbanco, Inc.

COMPENSATION CONSULTANT

The Compensation and Human Resources Committee believes it is essential for the Company to provide a competitive compensation opportunity to its executives in order to attract, retain and motivate a highly qualified leadership team. The Committee has periodically engaged Conduent to review the Company's executive salaries and compensation programs and to make recommendations to the Committee concerning possible adjustments to executive compensation and compensation programs. Using the same executive compensation consultant to review these compensation programs over a period of several years has given the Committee valuable continuity. The Committee most recently engaged Conduent to undertake such a study in mid-2017. Its findings and recommendations resulting from that review were based in part on a database of executive compensation information it had compiled from the financial institutions in the above peer group, and they were taken into consideration in determining the NEOs compensation for 2017. Conduent's review concluded that the total direct compensation (base salary, cash bonus and equity incentives) for the Company's NEOs was within 10% of the median.

INFORMATION CONCERNING EACH MATERIAL ELEMENT OF NEO COMPENSATION

The following paragraphs describe the provisions of the material elements of the NEOs' compensation during 2017, including their specific application to each of the NEOs. Reference is also made to relevant information contained in the compensation tables and related material on pages 32-39.

BASE SALARY

Base salary is the common element in nearly every compensation program. The salaries of FMC's executives are determined subjectively by the Compensation and Human Resources Committee, based on their responsibilities and a review of their individual performance and contributions to the Company's financial performance. The Committee considers the recommendations of the President and CEO, Mr. Rechin, in assessing the performance of the NEOs other than Mr. Rechin. The Committee is solely responsible for assessing Mr. Rechin's performance and determining his salary and other forms of compensation. Besides individual and Company performance, other factors that may affect the NEOs' salaries include their experience, budgetary considerations, and the salaries paid to executives holding similar positions with the Company's competitors in the financial services industry, especially those in the Company's peer group. The Committee has based its assessment of competitors' executive salaries on the findings contained in the Conduent study discussed above, and on other public reports and broad-based third party surveys. Based on this information, the Committee believes that the NEOs' compensation, including their base salaries, is near the median of comparable peer group executives.

The Compensation and Human Resources Committee reviews and adjusts the NEOs' salaries annually in February or March, after performance reviews have been completed and the Company's audited financial statements for the preceding fiscal year have been issued. Adjustments become effective as of the first payroll period in March. The Committee believes that, by waiting until the performance reviews have been completed and the financial statements have been issued, the NEOs' salary adjustments will be more accurately and effectively tied to the NEOs' success in meeting financial targets and other strategic goals for the previous year. This timing also allows the Committee to communicate decisions regarding salary adjustments and cash incentive payments to the NEOs and other executives

at the same time, thus ensuring a clear and consistent message regarding performance and underlining the Company's emphasis on growing a performance-based culture.

In February 2017, the Compensation and Human Resources Committee increased the NEOs' base salaries as follows, after evaluating their individual performance and accomplishments and the Company's performance:

Mr. Rechin, from \$519,675 to \$535,265

Mr. Hardwick, from \$323,400 to \$361,500

Mr. Stewart, from \$311,535 to \$324,500

Mr. Martin, from \$250,470 to \$260,500

Mr. Fluhler, from \$212,090 to \$230,118

SENIOR MANAGEMENT INCENTIVE COMPENSATION PROGRAM ("SMICP")

The SMICP is a nonequity incentive compensation plan that affords the NEOs and other management employees the opportunity to earn additional cash compensation annually, determined as a percentage of their base salaries, by meeting pre-established goals for the fiscal year that are closely related to FMC's strategic and financial plans. Participants must be employed when the payments are made, except in the case of death, disability or retirement, to be eligible for a payment under the Program.

Under the SMICP, the Compensation and Human Resources Committee establishes schedules for the payments early in each fiscal year, beginning at minimum thresholds below which participants do not receive payments, and increasing proportionately to target amounts and maximum amounts that participants may receive. Each participant is then informed of the goals to be achieved (which in nearly all cases are related to the Company's strategic and financial plans and measurable objectively), the percentage of base salary that will be paid if the participant's goals are achieved (the target payment), and the applicable minimum thresholds and maximum amounts. Following the end of each fiscal year, after the Company's audited financial statements for the year have been issued, the Committee approves the payouts under the SMICP.

The Committee has the authority to modify the Program, make final award determinations (which may include increasing or decreasing the amount payable to an individual participant under the applicable formula set forth in the SMICP), set conditions for eligibility and awards, define extraordinary accounting events in calculating earnings, establish future payout schedules, determine circumstances and causes for which payouts can be withheld, and abolish the Program. In doing so, it considers the recommendations of the President and CEO, Mr. Rechin, except as Mr. Rechin's own cash incentive compensation may be affected. The SMICP has a "clawback" provision that provides for recovery of any payment made to a participant who is an executive officer if the payment is based on a materially inaccurate financial statement.

There were 130 participants who received cash compensation under the SMICP for 2017, including the five NEOs. The payouts for 2017 were made in March 2018. The threshold, target and maximum payout for each of the NEOs under the Program for 2017 is shown in the Grants of Plan-Based Awards for 2017 Table on page 34.

Mr. Rechin's target amount for 2017, as set by the Compensation and Human Resources Committee, was 60% of his base salary. The target amount for Mr. Hardwick was 45% of his base salary. The target amounts for Messrs. Stewart and Martin were 40% of their base salaries. For each of them, their target payment was based entirely on FMC's achieving operating earnings, calculated on a diluted GAAP basis, of \$2.09/share of common stock. The minimum threshold that would result in a payment of 50% of the target amount was based on achieving operating earnings of \$1.89/share, and the maximum payment of 200% of the target amount was based on achieving operating earnings of \$2.49 share. For 2017, FMC's reported operating earnings were \$2.12/share, however, for purposes of the SMICP

target payments and pursuant to the Committee's authority to increase or decrease the amounts payable under the Program, such earnings were adjusted to \$2.37/share due to extraordinary income and expense items experienced during the year. Under the payout schedule, achieving the adjusted operating earnings target resulted in payouts to each of these four NEOs of 170% of their target amounts.

The Committee set Mr. Fluhler's target amount for 2017 at 30% of his base salary. Due to nature of his responsibilities, Mr. Fluhler's target payment was based on two metrics: 70% of his target payment was based on the operating earnings schedule described in the immediately preceding paragraph, and 30% was based on the Company's achieving a consolidated efficiency ratio (defined as noninterest expense as a percent of the sum of tax equivalent net interest income and noninterest income, excluding security gains and nonrecurring items) of 54.70% for 2017. The minimum

threshold that would result in a payment of 60% of the target amount under this metric was based on achieving a consolidated efficiency ratio of 58.70%, and the maximum payment of 150% of the target amount was based on achieving a consolidated efficiency ratio of 52.20%. FMC's consolidated efficiency ratio for 2017 was 54.56%, however, for purposes of the SMICP target payments and pursuant to the Committee's authority to increase or decrease amounts payable under the Program, that ratio was adjusted to 52.27% due to extraordinary income and expense items experienced during the year. Under the payout schedule, achieving the adjusted efficiency ratio target resulted in a payout to Mr. Fluhler of 148% of his target amount.

As the Summary Compensation Table on page 32 shows, the payouts to the NEOs under the SMICP for 2017 were as follows:

Mr. Rechin - \$543,524
Mr. Hardwick - \$275,006
Mr. Stewart - \$219,304
Mr. Martin - \$176,091
Mr. Fluhler - \$111,444

LONG-TERM EQUITY INCENTIVE PLAN ("LTEIP")

The LTEIP is an equity incentive plan that affords the NEOs and other management employees the opportunity to benefit as shareholders from long-term improvements in the Company's financial performance, thus increasing their commonality of interest with other shareholders. The equity awards available under the Plan include grants of restricted stock in the Company and incentive and nonqualified options to acquire common stock in the Company, although the Company has not awarded stock options to any of its employees under the LTEIP since 2013. The Committee's decision to discontinue the use of stock option grants was based on its conclusion that restricted stock grants are a more effective form of equity incentive compensation. The Committee was also influenced by a recommendation from Conduent, its compensation consultant at the time, supporting that decision, as well as by recent tax and accounting changes.

As the Outstanding Equity Awards at End of 2017 Fiscal Year Table on page 35 shows, Messrs. Stewart and Fluhler have previously granted stock options under the LTEIP that are vested but have not yet been exercised. All of the options granted were "in the money" on December 31, 2017. The price per share of FMC stock at the close of business on December 31, 2017 was \$42.06.

Under the LTEIP, the Compensation and Human Resources Committee has the authority to grant restricted stock awards, decide who will receive the awards, determine the types and sizes of the awards, determine the terms, conditions, vesting periods, and restrictions applicable to the awards, adopt, alter and repeal administrative rules and practices governing the LTEIP, interpret the terms and provisions of the LTEIP and any awards granted under it, prescribe the form of award agreements, and otherwise supervise the administration of the LTEIP. Annual restricted stock awards for 2017 under the LTEIP were made by the Committee in the third quarter. On occasion, the Committee grants an award at other times, e.g., when an executive is hired or an employee is promoted. The Committee has delegated to the President and CEO, Mr. Rechin, the authority to make restricted stock awards to newly hired and promoted employees, limited to a maximum of 1,000 shares of FMC common stock.

There were 177 participants who received restricted stock awards under the LTEIP on July 31, 2017, including the five NEOs. Another nineteen employees received restricted stock awards under the LTEIP at other times during 2017. All but two of those awards were made by Mr. Rechin under the authority delegated to him by the Compensation and Human Resources Committee, as described above. The other two awards were made pursuant to agreements entered into when the Company acquired The Arlington Bank and Independent Alliance Banks, Inc. The Committee

subjectively determines the amounts of the equity awards to be granted to the participants; however, in general, they are commensurate with the participants' positions and level of responsibilities. In making restricted stock awards, the Committee relies in part on the recommendations of Mr. Rechin, except for awards to Mr. Rechin himself.

The restricted stock awards under the LTEIP are not performance-based. The restricted stock vests (the restrictions lapse, giving the grantee complete ownership rights) three years after the date of the award, except that the stock granted under the retention awards to Mr. Hardwick and Mr. Stewart in October 2015, will not vest until five years after the date of the awards. In all cases, the restricted stock will vest if the grantee dies or becomes disabled before the shares would otherwise vest. The Compensation and Human Resources Committee may also partially waive the forfeiture of a restricted stock award if a grantee's employment is terminated before the stock vests and the Committee determines that the termination was involuntary and without cause. In that event, the part of the award that vests is a fraction of

the shares, with a numerator equal to the number of full years that have elapsed between the date of the award and the date of termination and a denominator equal to the number of years between the date of the award and the date the award vests. A grantee of restricted stock under the LTEIP is entitled to vote the shares of stock and receive the dividends on the stock, notwithstanding the restrictions.

As the Grants of Plan-Based Awards for 2017 Table on page 34 shows, the Committee made the following awards of restricted stock to the NEOs under the LTEIP on July 31, 2017:

Mr. Rechin - 15,000 shares
Mr. Hardwick - 9,500 shares
Mr. Stewart - 9,000 shares
Mr. Martin - 7,500 shares
Mr. Fluhler - 4,000 shares

The value of the restricted stock on the date of grant was \$40.44/share. These restricted stock awards will vest on July 31, 2020 or, if earlier, on the date the grantee dies or becomes disabled.

The LTEIP includes a provision that executive officers must hold at least 25% of all “net shares” (which the LTEIP defines as the number of shares issued to the executive officer under an award after subtracting the number of shares, if any, transferred or surrendered by the executive officer to pay the exercise price of a stock option and/or to pay any withholding taxes associated with an award) issued to them under the LTEIP, including both restricted stock awards and shares issued upon the exercise of stock options, until the earlier of the date of the executive officer’s death, retirement or other termination of employment, or the date of a change of control. The purpose of this provision is to ensure that executive officers who benefit from equity awards under the LTEIP have a long-term financial interest in growing the value of the Company’s stock due to their increased ownership of FMC common shares. With the same purpose, the LTEIP includes a guideline stating that executive officers participating in the LTEIP should acquire and hold shares of the Company’s common stock equal in value to at least 100% of their then current annual salary within six years after commencing participation. However, this guideline is not a condition or restriction and does not present a risk of forfeiture with respect to any equity award made to an executive officer under the LTEIP.

The Company also has a written policy prohibiting its executive officers from engaging in short sales or in hedging against a possible decrease in the market value of FMC stock granted to the executive under the LTEIP or otherwise held, directly or indirectly, by the executive officer. A primary purpose of the hedging prohibition is to avoid reducing the executive’s incentive to seek to improve the Company’s performance.

EMPLOYEE STOCK PURCHASE PLAN (“ESPP”)

The ESPP is a form of equity-based compensation that is available to nearly all of the employees of FMC and its subsidiaries, including the NEOs. It is a Code §423 employee stock purchase plan that was approved by the shareholders at the 2009 Annual Meeting. It provides an attractive vehicle for participants to acquire the Company’s stock, thus further aligning their interests with those of other shareholders. Participants may elect under the Plan, prior to each three month offering period corresponding to the calendar quarters, to purchase shares of FMC stock at a price equal to 85% of the average of the closing prices for the stock on each trading day during the offering period, as reported by NASDAQ.

Mr. Stewart was the only NEO who participated in the ESPP during 2017. He participated during all four of the 2017 offering periods, purchasing 27, 31, 26, and 29 shares, respectively, at per share prices of \$33.13, \$34.28, \$34.79 and \$36.30, respectively.

RETIREMENT PENSION PLAN (“PENSION PLAN”)

The Pension Plan is a qualified Code §401(a) defined benefit pension plan that the Company “froze” in 2005. Only a few “grandfathered” participants - those who had attained age 55 and earned at least 10 years of credited service on March 1, 2005 - continued to accrue benefits under the Pension Plan after that date, and the benefits of the other participants were frozen. No new participants were added after March 1, 2005. The benefits payable upon retirement at age 65 to employees participating in the Pension Plan are computed as a straight-life annuity (although other forms of actuarially-equivalent benefits are offered) based on the following formula: 1.6% of average final compensation (in general, the participant’s highest 60 consecutive months’ W-2 compensation, less incentive pay) plus .5% of average final compensation in excess of Social Security covered compensation, both amounts times years of service to a

maximum of 25 years. Benefits are integrated with Social Security but they are not subject to any deduction for Social Security or other offset amounts. The benefits payable under the Pension Plan at age 65 to the participants whose benefits were frozen are determined under the formula described above, based on their average final compensation as of March 1, 2005, times a fraction, the numerator of which is the participant's years of credited service as of March 1, 2005, and the denominator of which is the participant's years of credited service projected to age 65.

Mr. Hardwick and Mr. Fluhler are the only two NEOs who are participants in the Pension Plan. Since they had not yet attained age 55 and earned at least 10 years of credited service on March 1, 2005, they were not eligible for "grandfathering." They ceased accruing benefits under the Pension Plan, and their accrued benefits were frozen as of that date. As of December 31, 2017, the present value of Mr. Hardwick's and Mr. Fluhler's accumulated benefits were \$68,622 and \$37,890, respectively. If they continue their employment with the Company until age 65 and retire at that time, their annual benefits under the Pension Plan, payable as a straight-life annuity, would be approximately \$8,594 and \$4,440, respectively. See the Pension Benefits Table on page 36.

RETIREMENT AND INCOME SAVINGS PLAN ("§401(K) PLAN")

The §401(k) Plan is a qualified Code §401(k) defined contribution retirement plan, under which participating employees of the Company and its subsidiaries that adopt the Plan may save for their retirement by making pre-tax and Roth after-tax contributions up to the lesser of the statutory limits (\$18,000 for 2017 and \$18,500 for 2018, plus "catch up" contributions of up to \$6,000 for both years for participants over age 50) and the limits set forth in the §401(k) Plan.

The Company makes matching contributions to the §401(k) Plan on behalf of participants who make pre-tax and/or Roth after-tax contributions. The Company matches a participant's pre-tax and Roth after-tax contributions at the rate of 100% of such contributions up to 3% of the participant's compensation, plus 50% of such contributions to the extent they exceed 3% but do not exceed 6% of the participant's compensation (defined as W-2 compensation plus certain voluntary pre-tax contributions, up to the Code §401(a)(17) maximum, which is \$270,000 for 2017, and \$275,000 for 2018). Thus, the maximum matching employer contribution is generally 4½% of a participant's compensation (less if the participant's compensation exceeds the Code §401(a)(17) maximum).

Plan participants who have been continuously employed by FMC since before January 1, 2010 receive additional employer contributions under the §401(k) Plan, equal to 2% of the participant's compensation (as defined above), as limited by the Code §401(a)(17) maximum. Employees hired or rehired on or after January 1, 2010 are not eligible to receive these additional contributions.

All pre-tax and Roth after-tax participant contributions under the §401(k) Plan are fully vested, while participants become vested in employer matching contributions and additional employer contributions, if any, at the rate of 20% for each year of service. Participants become 100% vested in their employer matching contributions and additional employer contributions, if any, in the event of their death, disability (as defined in the Plan), or satisfaction of any of the Plan's retirement requirements.

The employer matching and additional contributions made on behalf of the NEOs under the §401(k) Plan for 2017 were as follows:

Mr. Rechin - \$12,150 matching contributions and \$5,300 additional contributions
 Mr. Hardwick - \$12,150 matching contributions and \$5,300 additional contribution
 Mr. Stewart - \$12,150 matching contributions and \$5,300 additional contributions
 Mr. Martin - \$12,150 matching contributions and \$5,300 additional contributions
 Mr. Fluhler - \$12,150 matching contributions and \$5,300 additional contributions

These contributions are included in the column headed “All Other Compensation” in the Summary Compensation Table on page 32.

DEFINED CONTRIBUTION SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN (“SERP”)

FMC established the SERP, a nonqualified retirement plan, in 2006. The SERP provides additional retirement benefits to executives designated by the Compensation and Human Resources Committee whose benefits under the §401(k) Plan are restricted due to the annual compensation limit under §401(a)(17) of the Code (\$270,000 for 2017 and \$275,000 for 2018). At the present time, the only executive designated by the Committee as a participant in the SERP is the President and CEO, Mr. Rechin. FMC contributes 12% of his annual compensation, including his base salary and his

cash incentive pay, to the SERP. The Committee established this percentage after consulting with Mercer Human Resource Consulting (“Mercer”), which assisted the Committee in designing the Plan. Assuming Mr. Rechin continues to be employed by the Company until age 65, this contribution is intended to provide an income replacement ratio of approximately 35%, based on a 7% return on the Plan’s investments. Mercer advised the Committee that this income replacement ratio would provide retirement benefits to Mr. Rechin that are comparable to those paid to executives holding similar positions at peer companies in the financial services industry. Mr. Rechin’s benefit under the SERP is subject to a five year “cliff” vesting provision. He is not permitted to make employee contributions.

The Company contributed \$178,488 to the SERP for 2017 on Mr. Rechin’s behalf. See the Nonqualified Deferred Compensation in 2017 Table on page 37. The SERP contribution is included in Mr. Rechin’s compensation in the column headed “All Other Compensation” in the Summary Compensation Table on page 32.

2011 EXECUTIVE DEFERRED COMPENSATION PLAN (“EDCP”)

The EDCP is a nonqualified deferred compensation plan that FMC established in 2011. Under the EDCP, participants who are designated by the Compensation and Human Resources Committee have the opportunity to defer compensation (W-2 compensation plus certain pre-tax contributions as described in the EDCP) in excess of the maximum annual salary deferrals permitted under the §401(k) Plan (\$18,000 for 2017 and \$18,500 for 2018). Participants over age 50 may also make “catch up” contributions of up to \$6,000 for both years. The maximum amount that a participant may defer under the EDCP is 75% of compensation, less any amounts deferred under the §401(k) Plan. FMC may also match participant deferrals at the rate of 50% of the deferrals up to a maximum of 6% of compensation (using the §401(k) Plan definition without the Code §401(a)(17) limit), and it may also make supplemental contributions. The Company also credits a participant’s account under the EDCP with nonelective contributions equal to all deferrals and related matching contributions that are refunded to the participant for any plan year under the §401(k) Plan. Deferrals and nonelective contributions are 100% vested at all times, while matching contributions vest after five years and supplemental contributions vest after three years or, if earlier, upon the participant’s death, disability, or attainment of normal retirement age (age 65 with five years of participation in the §401(k) Plan). The Committee has delegated its authority to designate participants in the EDCP to the President and CEO, Mr. Rechin, subject to annual review by the Committee of the list of participants.

Mr. Rechin, Mr. Hardwick and Mr. Stewart were the NEOs who participated in the EDCP in 2017, as the Nonqualified Deferred Compensation in 2017 Table on page 37 shows. Their contributions to the Plan were either deferrals by the NEOs or nonelective contributions equal to deferred amounts that were refunded to the NEOs in 2017 under the §401(k) Plan, or both; and FMC’s contributions were all nonelective contributions equal to matching contributions that were refunded to the NEOs in 2017 under the §401(k) Plan. Their total contributions were as follows:

Mr. Rechin - participant contributions of \$1,491 and FMC contributions of \$351
 Mr. Hardwick - participant contributions of \$1,491 and FMC contributions of \$386
 Mr. Stewart - participant contributions of \$1,491 and FMC contributions of \$337

CHANGE OF CONTROL AND OTHER EMPLOYMENT OR SEVERANCE AGREEMENTS

FMC has change of control agreements with the NEOs and certain other senior management employees because it believes these agreements promote the interests of the Company and its shareholders by providing them a financial incentive to remain with the Company and continue to act in the Company’s and the shareholders’ best interests in the event of a proposed acquisition or change of control situation in which they might otherwise decide to terminate employment due to the uncertainties of their own circumstances. The change of control agreements are “double trigger” agreements, meaning that severance benefits are payable to the executive only if: (1) a change of control occurs; and

(2) the executive's employment is terminated or constructively terminated following the change of control. The agreements provide that this termination must occur within 24 months following the change of control in order for the agreement to apply and benefits to be payable. No benefits are payable in the event of an executive's voluntary retirement, death, disability or termination for cause. The definitions of "change of control" and "constructive termination" are set forth on page 38, in the narrative accompanying the Change of Control Agreements Table. The agreements also define "termination for cause." Payments under the change of control agreements are calculated as a multiple of the sum of the executive's annual base salary at the time of receiving notice of termination and the largest annual cash incentive payment received by the executive under the SMICP during the two years preceding the date of termination. For 2017, this multiple was 2.99 for Mr. Rechin, Mr. Hardwick, Mr. Stewart and Mr. Martin, and 1.50 for Mr. Fluhler.

The change of control agreements cover only a few employees and represent a relatively small percentage of FMC's market capitalization; therefore, the Compensation and Human Resources Committee and the Board do not believe that their existence would discourage any proposed acquisition of the Company. The agreements were not executed in response to an effort to acquire control of the Company, and the Board is not aware of any such effort.

Except for the change of control agreements, the Company does not have employment or other severance agreements with any of the NEOs. Under Indiana law, the NEOs are deemed to be "at will" employees.

MITIGATION OF RISKS

In designing and implementing the executive compensation plans, FMC makes all reasonable efforts to ensure that the plans do not include any cash or equity-based incentive or other feature that might encourage executives to take unnecessary and excessive risks that threaten the value of the Company or encourage the manipulation of reported earnings of the Company to enhance the compensation of any executive. The Risk and Credit Policy Committee oversees the management of enterprise-wide risk for the Company; however, the Compensation and Human Resources Committee has the primary responsibility for overseeing the management of compensation plan risks. The two Committees share continuing responsibility for monitoring risk exposure to assure that it remains within established limits and that significant risk exposures are brought to the attention of the full Board.

Compensation plan risks are mitigated in a number of ways. They include the following:

The Compensation and Human Resources Committee receives formal assessments, approximately annually, from the Company's Senior Vice President and Chief Risk Officer, Jeffrey B. Lorentson, of the risks posed by the executive compensation plans and how to limit these risks. The Committee discusses, evaluates and reviews these assessments with Mr. Lorentson.

Executive compensation is a mix of cash and equity, fixed and variable compensation, and annual and long-term incentives.

The SMICP, the nonequity incentive compensation plan covering the NEOs and other management employees, caps the NEOs' incentive award payouts at 200% of target for the earnings per share metric, and less for other metrics.

The SMICP has tiered goals and award levels, with narrower bands or increments, not "all or nothing" goals or larger bands or increments.

The SMICP has a "clawback" provision under which the Company may recover a payment made to an executive officer if the payment is based on a materially inaccurate financial statement.

The Company has a written policy prohibiting senior managers from engaging in hedging or short sales of FMC stock.

The LTEIP, the equity incentive plan covering the NEOs and other management employees, provides that restricted stock awards will not vest for three years.

- The LTEIP also provides that executive officers must hold approximately 25% of the shares awarded to them under the Plan until their death, retirement, termination of employment, or change of control.

The LTEIP also states that executive officers are expected to acquire and hold FMC stock at least equal to their then current annual salary within six years of commencing participation in the Plan.

• The Company does not have employment or severance agreements with its NEOs, thus avoiding multi-year guaranteed employment terms.

• None of FMC's compensation programs include tax gross-ups, single trigger change of control agreements, or extravagant executive perquisites.

• The Company periodically engages a compensation consultant to review FMC's executive salaries and compensation programs to ensure they are competitive but not overly generous.

The Company has an Ethics and Integrity Policy, monitored by the Audit Committee, under which employees and others may raise concerns regarding accounting, internal controls, or auditing matters. It includes the option to anonymously report conduct and matters covered by the Policy through a toll-free ethics hotline operated by an outside company.

Based on these risk mitigation undertakings, the Compensation and Human Resources Committee does not believe that the risks arising from FMC's compensation policies and practices for its executive employees are reasonably likely to have a material adverse effect on the Company within the scope of Item 402(s) of SEC Regulation S-K.

SHAREHOLDER ADVISORY VOTE ON NEO COMPENSATION AT 2017 ANNUAL MEETING

In accordance with Rule 14A-21(a) under the Securities Exchange Act of 1934, the Company held a separate shareholder advisory vote at the 2017 Annual Meeting on a resolution to approve the compensation of its NEOs, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and related material in the 2017 proxy statement. Of the shares that were voted, 30,697,282 (95.87%) were voted in favor of the resolution, 1,082,200 (3.38%) were voted against the resolution, and 237,928 (0.74%) abstained. The Compensation and Human Resources Committee considered these results at its first meeting following the vote and concluded that the vote showed that the shareholders supported the Company's executive compensation policies and programs. The Committee did not make any significant changes in 2017 to the executive compensation policies and programs on the basis of this advisory vote.

A discussion of the assumptions used in calculating these values is contained in Note 19 to the 2017 audited (1) financial statements, on page 92 of the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

(2) The amounts shown in the Nonequity Incentive Plan Compensation column are payments under the SMICP for performance in the years indicated. However, the NEOs received these payments in February or March

of the following year. None of the NEOs received a bonus for 2015, 2016 or 2017 except for these payments under the SMICP.

(3) The amounts shown in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column for Mr. Hardwick and Mr. Fluhler are the changes in the actuarial present value of their frozen benefits under the Pension Plan for the years indicated. The present value of Mr. Hardwick's and Mr. Fluhler's benefits decreased by \$6,100 and \$3,127, respectively, in 2015. SEC rules require that negative earnings be shown as \$0 in the Summary Compensation Table. Mr. Rechin, Mr. Stewart and Mr. Martin have not participated in any Company-sponsored defined benefit plan or other actuarial pension plan. No NEO received above-market or preferential earnings on deferred compensation for 2015, 2016, or 2017.

The Company does not have employment agreements with any of the NEOs.

RATIO OF ANNUAL TOTAL COMPENSATION OF CHIEF EXECUTIVE OFFICER TO MEDIAN EMPLOYEE

We are providing the following information about the relationship of the annual total compensation of our median employee and the annual total compensation of Michael C. Rechin, our Chief Executive Officer (“CEO”).

To determine the median employee, we reviewed our entire employee population (not including employees acquired through the acquisition of The Arlington Bank and iAB Financial Bank) as of November 30, 2017. The employee population totaled 1,551 employees after omitting the CEO and 196 employees who joined the Company in 2017 as a result of the two acquisitions. We have no employees outside of the U.S., so no adjustments were made to the employee population on that basis.

We used the combination of base salary, overtime, and annual incentive compensation as our consistently applied compensation measure. Compensation was annualized to the end of the fiscal year, including annualizing the pay of permanent employees hired in 2017, as allowed under the ratio rule. Using this methodology, we directly identified our median employee and then determined the median employee’s total compensation at the end of our fiscal year using the Summary Compensation Table items as reflected on page 32. The amount of that compensation was \$42,207. The amount of our CEO’s 2017 total compensation (as reflected on page 32) was \$1,904,561. Based on this information, and consistent with Item 402(u) of SEC Regulation S-K, the ratio of our CEO’s total annual compensation to that of the median employee is 45:1.

GRANTS OF PLAN-BASED AWARDS TABLE

The following table provides information concerning all of the grants of plan-based awards made to the NEOs for 2017. The nonequity incentive plan awards were made under the SMICP, and the stock awards were grants of restricted stock made under the LTEIP. No stock option awards were made to any of the NEOs for 2017. The SMICP and the LTEIP are described in the Compensation Discussion and Analysis, on pages 22-39.

The market value of the stock awards that had not vested at the end of the 2017 fiscal year was computed by (3) multiplying the closing market price of FMC's stock on December 31, 2017 (\$42.06/share) by the number of shares that had not vested.

OPTION EXERCISES AND STOCK VESTED TABLE

The following table provides information concerning each exercise of a stock option and each vesting of a stock grant, including restricted stock and restricted stock units, during FMC's 2017 fiscal year for each of the NEOs.

OPTION EXERCISES AND STOCK VESTED DURING 2017

Name	Option Awards			Stock Awards	
	Exercise Date	Number of Shares Acquired on Exercise	Value Realized on Exercise ⁽¹⁾	Number of Shares Acquired on Vesting	Value Realized on Vesting ⁽²⁾
Michael C. Rechin	3/1/17	5,000	\$62,100	10,195	\$407,698

John J. Martin				5,255	210,147
Stephan H. Fluhler				1,051	42,029

The value realized on exercise was computed by multiplying the number of shares acquired on exercise by the difference between the market value of the shares and the exercise price on the exercise date. The shares Mr. (1) Rechin acquired on March 1, 2017, had a market value of \$40.67 and exercise prices of \$28.25, \$28.25, and \$15.32, respectively.

The vesting date for each of the stock awards was February 11, 2017. The value realized on vesting was computed (2) by multiplying the number of shares that vested by the market value of the shares (\$39.99/share) on the vesting date.

Stephan H. FMC Retirement
Fluhler Pension Plan

(1) Mr. Rechin, Mr. Stewart and Mr. Martin are not participants in the Pension Plan, because they were not employed by the Company on March 1, 2005, when the Pension Plan was frozen. Mr. Hardwick and Mr. Fluhler are participants in the Pension Plan, but their benefits were frozen, effective March 1, 2005, because they had not yet attained age 55 and accrued 10 years of credited service as of that date. Their years of credited service under the plan are one fewer than their number of actual years of service with the Company when the Plan was frozen. Neither Mr. Hardwick nor Mr. Fluhler is currently eligible for normal or early retirement under the Pension Plan.

The assumptions used in calculating the present value of accumulated benefits are discussed in Note 20 to FMC's (2)2017 audited financial statements, on page 94 of FMC's Annual Report on Form 10-K for the year ended December 31, 2017.

The Pension Plan is a tax-qualified Code §401(a) defined benefit pension plan. The benefits payable upon retirement at age 65 to employees participating in the Pension Plan are computed as a straight-life annuity (although other forms of actuarially-equivalent benefits are offered) based on the following formula: 1.6% of average final compensation (in general, the participant's highest 60 consecutive months' W-2 compensation, less incentive pay) plus .5% of average final compensation in excess of Social Security covered compensation, both amounts times years of service to a maximum of 25 years. Benefits are integrated with Social Security but they are not subject to any deduction for Social Security or other offset amounts. The benefits payable under the Pension Plan at age 65 to the participants whose benefits were frozen, effective March 1, 2005, are determined under the formula described above, based on their average final compensation as of that date, times a fraction, the numerator of which is the participant's years of credited service as of March 1, 2005, and the denominator of which is the participant's years of credited service projected to age 65.

NONQUALIFIED DEFERRED COMPENSATION TABLE

The Company has two nonqualified deferred compensation plans - the SERP (established in 2006) and the EDCP (established in 2011). The following table shows the dollar amounts of contributions, earnings, withdrawals, distributions and the aggregate balances of the NEOs' deferred benefit accounts under the SERP and/or the EDCP as of December 31, 2017.

John J. Martin	EDCP	0	0	0	0	0
Stephan H. Fluhler	EDCP	0	0	0	0	0

(1) The "SERP" is the First Merchants Corporation Defined Contribution Supplemental Executive Retirement Plan; and the "EDCP" is the First Merchants Corporation 2011 Executive Deferred Compensation Plan.

(2)

Mr. Rechin is currently the only participant in the SERP. No amount is shown for Mr. Rechin in the Executive contributions in last fiscal year column for the SERP because participants may not make contributions to their accounts under that Plan. The amount shown for Mr. Rechin in the Company contributions in last fiscal year column for the SERP is the amount, equal to 12% of Mr. Rechin's compensation, credited by the Company to his deferred benefit account for 2017 (but paid in early 2018). This amount is also reported as compensation to Mr. Rechin in the Summary Compensation Table on page 32, in the column headed "All Other Compensation."

(3) Mr. Rechin, Mr. Hardwick and Mr. Stewart participated in the EDCP in 2017. The EDCP also has other participants besides the NEOs. The amounts shown for the NEOs in the Executive contributions in last fiscal year column for the EDCP were either amounts deferred by the NEOs in 2017 or nonelective contributions equal to deferred amounts that were refunded to the NEOs in 2017 under the §401(k) Plan, or both. The amounts shown for the NEOs in the Company's contributions in last fiscal year column for the EDCP were nonelective contributions equal to matching contributions that were refunded to the NEOs in 2017 under the §401(k) Plan. These matching contributions were reported as compensation to the NEOs in the Summary Compensation Table in the proxy statement for the 2017 annual meeting of shareholders.

The SERP and the EDCP are unfunded, and benefits payable under these Plans depend solely on the unsecured promise of the Company. The Company has established a "rabbi" trust ("Trust"), with the First Merchants Private Wealth Advisors division of its subsidiary, First Merchants Bank, as the trustee. The Company makes annual contributions to

the Trust to help pay its liabilities under the SERP and the EDCP. However, the SERP and EDCP participants have no preferred claim on, or any beneficial ownership interest in, the assets of the Trust. The Company may make investment options available to a participant but is under no obligation to invest its contributions according to the option selected. The actual investment returns for a participant's account may differ from the returns on the investments requested by the participant. A participant may request changes in the investment options daily, by submitting written investment allocation requests to the trustee. The SERP and the EDCP are operated in compliance with Code §409A.

The SERP provides additional retirement benefits to key executive employees designated by the Compensation and Human Resources Committee whose benefits under the §401(k) Plan are restricted due to the annual compensation limit for qualified plans under §401(a)(17) of the Code (\$265,000 for 2016, \$270,000 for 2017, and \$275,000 for 2018). Under the SERP, the Company annually credits a percentage, as determined by the Committee, of a participant's compensation (basically, salary plus nonequity incentive pay) for the plan year to a deferred benefit account established for the participant. To be eligible for such a credit, a participant must have made contributions to the §401(k) Plan sufficient to be entitled to receive the maximum matching employer contributions for the year. Participants may not make contributions to their accounts under the SERP. A participant's interest in his or her deferred benefit account under the SERP vests upon the earliest of the participant's death, disability, involuntary termination (except for cause), a change of control of the Company (as defined in the change of control agreements), or after five years of participation in the plan. The account balance, adjusted for investment gain or loss, is payable in 36 monthly installments following the participant's death, disability or separation from service (the initial payment is delayed six months and made retroactively if made on account of the participant's separation from service).

The EDCP gives eligible salaried employees the opportunity to defer compensation (W-2 compensation plus certain pre-tax contributions as described in the plan) in excess of the maximum annual deferrals permitted under the §401(k) Plan. The maximum deferral under the §401(k) Plan was \$18,000 for 2017 and \$18,500 for 2018. Participants over age 50 could also make "catch up" contributions of up to \$6,000 for both years. The EDCP provides that eligible participants are to be designated by the Compensation and Human Resources Committee. However, the Committee has delegated this authority to Mr. Rechin, for participants other than himself, subject to annual review by the Committee of the list of participants. The maximum amount that a participant can defer under the EDCP is 75% of his or her compensation, less any amounts deferred under the §401(k) Plan. FMC may also credit matching contributions to a participant's account equal to 50% of the participant's deferrals up to 6% of compensation, and it may credit a participant's account with supplemental contributions. In addition, the Company will credit a participant's account with nonelective contributions equal to all deferrals and related matching contributions that are refunded to the participant for any plan year under the §401(k) Plan. Deferrals and nonelective contributions under the EDCP are 100% vested at all times, while matching contributions vest after five years, and supplemental contributions vest after three years. All amounts credited to a participant's account vest upon the participant's death, disability, or attainment of normal retirement age (age 65 with five years of participation in the §401(k) Plan). The terms "deferrals" and "contributions" in the EDCP are for ease of reference; they are actually only credits to participants' accounts under the plan. A participant may designate the date account balances will be distributed, or commence to be distributed, under the EDCP (so long as the date is at least two years following the beginning of the plan year for which the first deferral under the plan is made), and whether distribution will be made in a lump sum or installments (the initial payment to certain key executives, including the NEOs, is delayed six months and made retroactively if made on account of the participant's separation from service). If a participant dies, becomes disabled, or experiences an unforeseeable emergency (as defined in the EDCP), his or her benefit will be distributable in a lump sum within 90 days of the event. In the event of a change of control (as defined in the regulations under Code Section 409A), a participant's benefit will be distributed in a lump sum on the date of the change of control.

CHANGE OF CONTROL AGREEMENTS TABLE

The Company does not have an employment or severance agreement with any of the NEOs.

FMC has a "double trigger" change of control agreement with each of the NEOs that, in general, would provide for a severance payment to the NEO in the event of a change of control of the Company that is followed by a termination or constructive termination of the NEO's employment within 24 months after the change of control. A "change of control" is defined as an acquisition by any person of 25% or more of FMC's voting shares, a change in the makeup of a majority of the Board over a 24 month period, a merger of FMC in which the shareholders before the merger own 50% or less of the Company's voting shares after the merger, or approval by FMC's shareholders of a plan of complete liquidation of FMC or an agreement to sell or dispose of substantially all of the Company's assets. A "constructive termination" is defined as a significant reduction in duties, compensation or benefits or a relocation of the NEO's office outside the area described in the agreement, unless agreed to by the NEO. No payment would be made under the

agreement if the termination was for “cause” (as defined in the change of control agreement) or if the termination was because of the NEO’s death, disability or voluntary retirement, or if the NEO voluntarily terminated employment (unless due to constructive termination).

If the two triggering events occur, the agreement provides that the NEO would be entitled, in addition to base salary and incentive compensation accrued through the date of termination, to payment from the Company, or its successor in the event of a purchase, merger or consolidation, of a lump sum severance payment in an amount determined by multiplying the sum of the NEO’s annual base salary as in effect on the date the NEO receives notice of termination and the largest cash incentive plan payment received by the NEO under the SMICP during the two years preceding the date of termination, by the percentage set forth in the agreement (299% for Mr. Rechin, Mr. Hardwick, Mr. Stewart and Mr. Martin, and 150% for Mr. Fluhler). In such event, the NEO’s outstanding stock options would be canceled; and, in lieu thereof, the NEO would receive a lump sum amount equal to the bargain element value of these options, if any. The restrictions on any shares of restricted stock held by the NEO when the two triggering events occurred would also lapse, and the NEO’s unvested benefits under the nonqualified deferred compensation plans would vest. The NEO would also be entitled to outplacement services, reasonable legal fees and expenses incurred as a result of the termination, and life, disability, accident and health insurance coverage until the earlier of two years following the date of termination or the NEO’s 6th birthday. The insurance coverage would be similar to what the NEO was receiving immediately prior to the notice of termination, and the Company would pay the same percentage of the cost of such coverage as it was paying on the NEO’s behalf on the date of such notice.

The following table shows the lump sum severance payment amounts that would have been payable to the NEOs under the change of control agreements if both of the triggering events had occurred on December 31, 2017. The table also shows the bargain element values of the NEOs’ outstanding stock options on that date and the estimated values of their life, disability, accident and health insurance coverages for two years following that date.

CHANGE OF CONTROL AGREEMENTS

Name	Multiplier	Severance Benefit Amount	Bargain Element Values of Outstanding Stock Options	Estimated Values of Insurance Coverages for Two Years
Michael C. Rechin	299%	\$2,713,377	—	\$30,342
Mark K. Hardwick	299%	1,600,861	—	30,342
Michael J. Stewart	299%	1,415,044	\$99,720	30,342
John J. Martin	299%	1,136,499	—	27,194
Stephan H. Fluhler	150%	455,586	16,430	11,388

The change of control agreements were not entered into in response to any effort to acquire control of the Company, and the Board is not aware of any such effort.

VOTING ITEM 2: ADVISORY VOTE TO APPROVE COMPENSATION OF NAMED EXECUTIVE OFFICERS

In accordance with Rule 14A-21(a) under the Securities Exchange Act of 1934, the Company annually includes, in association with its Annual Meeting, a separate, nonbinding resolution subject to shareholder advisory vote to approve

the compensation of the Company's NEOs, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and related material in the proxy statement.

The Company's executive compensation policies and programs are designed to link the interests of the NEOs and the other shareholders by aligning the NEOs' pay and other financial incentives with the Company's and their own individual long-term and short-term performance and by increasing their ownership of the Company's stock. The material elements of these programs are discussed in the Compensation Discussion and Analysis.

At the 2017 Annual Meeting, shareholders voted 95.87% of the shares to approve the NEOs' compensation. Only 3.38% of the shares were voted against approval, and 0.74% of the shares abstained. The Board and the Compensation and Human Resources Committee considered these results and have concluded that the shareholders support a continuation

of the Company's existing executive compensation policies and programs. The Committee did not make any significant changes in 2017 to the previous year's policies and programs.

We are again asking our shareholders to approve, on an advisory basis, the compensation of the Company's NEOs, as disclosed and discussed in the Compensation Discussion and Analysis, the compensation tables, and related material in Section VII of this proxy statement, entitled "Compensation of Named Executive Officers," on pages 22-39. Shareholders are encouraged to consider this information prior to voting on the resolution. While this vote is nonbinding, the Board and the Compensation and Human Resources Committee value shareholder opinion as expressed through this vote and will consider it when deciding whether to continue the existing executive compensation philosophy and programs or to make significant changes in the future.

After the upcoming vote in association with the 2018 Annual Meeting, the next following shareholder advisory vote to approve the compensation of the Company's NEOs will occur in association with the 2019 Annual Meeting.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR APPROVAL OF THE FOLLOWING RESOLUTION:

RESOLVED, THAT THE SHAREHOLDERS APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE "COMPENSATION DISCUSSION AND ANALYSIS," THE COMPENSATION TABLES AND ANY RELATED MATERIAL IN THE PROXY STATEMENT FOR THE 2018 ANNUAL MEETING OF SHAREHOLDERS.

VOTING ITEM 4: ADVISORY VOTE TO APPROVE THE FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

In addition to asking for advisory approval of the compensation of the Company's NEOs, we are asking our shareholders, under an SEC rule, to approve on an advisory basis the frequency of advisory votes on executive compensation. By voting on this resolution, shareholders may express their preference for an advisory vote on executive compensation every 1, 2 or 3 years. While this vote is non-binding, the Board and the Compensation and Human Resources Committee value shareholder opinion as expressed through this vote and will consider it when deciding on the frequency of advisory votes on executive compensation.

The Board and the Compensation and Human Resources Committee have carefully considered the options and concluded that the Company would benefit from the additional shareholder input provided through annual votes on executive compensation; and they are therefore recommending that shareholders vote "one year" in advising on the frequency of votes on executive compensation.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE "1 YEAR" IN ADVISING ON THE FREQUENCY OF SHAREHOLDER VOTES ON EXECUTIVE COMPENSATION.

VIII. COMPENSATION OF DIRECTORS

Each of the nonemployee directors was paid an annual retainer of \$85,000 for the director's services in that capacity during 2017. Mr. Rechin, as FMC's President and CEO, was not separately compensated for his services as a director. In addition to his retainer, Mr. Schalliol received \$35,000 for his services as the Board Chair; however, he did not receive additional compensation for his services as Chair of the Compensation and Human Resources Committee. In addition to their retainers, Mr. Sherman received \$10,000 for his services as Chair of the Audit Committee, Mr.

Walker received \$5,000 for his services as Chair of the Nominating and Governance Committee, and Ms. Wojtowicz received \$5,000 for her services as Chair of the Risk and Credit Policy Committee. Ms. Wojtowicz, Mr. Halderman, Mr. Schalliol and Mr. Walker each received \$5,000 for their services as members of the Risk and Credit Policy Committee, due to the time demands serving on that Committee entails. Directors do not receive separate meeting fees, as their duties include regular attendance and active participation in Board and Committee meetings. The directors' compensation is paid quarterly in arrears on the last business day of each calendar quarter.

Effective October 1, 2017, the Board, acting on a recommendation from Conduent, approved the following fee schedule:

- ▲Annual retainer of \$95,000 (\$10,000 increase)
- ▲Board Chair retainer of \$50,000 (\$15,000 increase)
- ▲Audit Committee Chair retainer of \$15,000 (\$5,000 increase)
- Compensation and Human Resources Committee Chair retainer of \$10,000 (Chair Charles Schalliol has elected not to accept this fee)
- ▲Risk and Credit Policy Committee Chair retainer of \$10,000 (\$5,000 increase)
- ▲Nominating and Governance Committee Chair retainer of \$7,500 (\$2,500 increase)
- ▲Risk and Credit Policy Committee member retainer of \$5,000 (no change)
- ▲All non-employee Director compensation will continue to be paid 3/8 in cash and 5/8 in FMC stock

Prior to making these changes, the Board's fees had not been changed since November 2014. The fee amounts described in the Director Compensation for 2017 Fiscal Year table on page 42 reflect pro rata increases as a result of the above changes.

In 2008, the shareholders approved the Equity Compensation Plan for Nonemployee Directors ("ECPND"). The ECPND was designed to strengthen the alignment between the nonemployee directors' compensation and long-term shareholder interests by requiring that at least 50% of their compensation, including annual retainers and fees for chairing or serving on Board Committees, be paid in the form of restricted shares of FMC common stock valued at fair market value (the closing price as reported by NASDAQ) on the date of payment. The restricted shares are nontransferable until the restrictions lapse, on the earliest of the following dates: (i) the third anniversary of the date the shares were issued if the director has served continuously as a director since the shares were issued; (ii) the date the director retires as a director after having attained age 55; (iii) the date of the director's death or total and permanent disability (as defined in Code §22(e)(3)); or (iv) the date of a change of control, as defined in the Long-term Equity Incentive Plan ("LTEIP"). If the director's service as a director ends before the restrictions lapse, the director forfeits the restricted shares. The director is deemed to be the beneficial owner of the restricted shares, with the right to vote and receive all dividends and other distributions with respect to the shares, unless and until they are forfeited.

Effective as of January 1, 2015, based in part on a recommendation from Conduent, the Board increased the percentage of the nonemployee directors' compensation that is payable in restricted shares from 50% to 62.5%, thus reducing the percentage that is payable in cash from 50% to 37.5%. This change in the structure of the nonemployee directors' compensation further aligns their interests with long-term shareholder interests.

Also based in part on a recommendation from Conduent, effective as of January 1, 2015, the Board amended the LTEIP to eliminate a provision in that plan for an automatic annual award to nonemployee directors of an option to purchase FMC common stock. Under that provision, the nonemployee directors received a stock option grant each July 1 to purchase 1,500 shares of FMC common stock at the closing market price of the shares on the date of the grant. Thus the nonemployee directors were awarded the stock options on July 1, 2014 but not on or after July 1, 2015. The Company had already ceased awarding stock options to any of its executive officers and other employees beginning in 2014, as recommended by Conduent, instead relying on restricted stock grants as the sole form of equity awards to employees. The 2015 elimination of stock option awards to the nonemployee directors, coupled with the increased emphasis on restricted stock in the makeup of the directors' compensation, mirrored the changes previously made in the structure of the employees' equity compensation.

A Board-established stock ownership guideline applies to all nonemployee directors, under which they are to acquire and hold shares of FMC common stock equal in value to at least three times their total annual compensation for their services as directors. Directors are expected to meet this guideline as soon as reasonably possible, and in all cases within six years after the director is first elected to the Board. All of the current directors have met this guideline or are on course to do so within this period.

In December 2017, the Board approved the establishment of a Non-Employee Directors' Deferred Compensation Plan (the "Plan"). The Plan permits our non-employee directors, commencing January 1, 2018, to defer all or part of the compensation that is payable to them in cash for their services as board members. The Plan also provides that (a) the Company will match all participant deferrals by making a contribution equal to 10% of the amounts being deferred, and (b) the value in each participant's deferred compensation account will be adjusted quarterly for earnings, and gains or losses, in each case, based upon a hypothetical investment in the Company's common stock of the deferred compensation, the Company match, and the previous adjustments to the account's value. Notwithstanding the foregoing, none of the deferrals, matches or valuation changes will be in the form of cash. Instead, such amounts will be reflected as credits or debits to the deferred compensation account maintained on behalf of each participant. Generally, participants will elect to defer payments to their accounts until retirement, at which time the participant may elect to receive all amounts in their account as a lump sum or in installments.

The Plan was recommended and designed by the Company's compensation consultant, Conduent. There are currently five of the Company's directors who are participants in the Plan.

The following table contains information concerning the compensation paid to the nonemployee directors for their services as directors in 2017.

IX. TRANSACTIONS WITH RELATED PERSONS

Certain directors and executive officers of FMC and their associates are customers of and have had transactions with FMC's wholly owned subsidiary, First Merchants Bank, from time to time in the ordinary course of business. Additional transactions may be expected to take place in the ordinary course of business in the future. All loans and commitments included in such transactions were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the lender and did not involve more than the normal risk of collectability or present other unfavorable features.

In accordance with FMC's Code of Business Conduct, all transactions in which the Company is or is to be a participant and the amount involved exceeds \$120,000, and in which a director or executive officer of the Company, or any member of his or her immediate family, had or will have a direct or indirect material interest, will be reviewed for potential conflict of interest and must be approved by the Audit Committee. Under the standards set forth in the Code of Business Conduct, the Audit Committee will determine whether the transaction might pose an actual or apparent conflict of interest and, if so, whether the conflict would prevent the director or executive officer from complying with his or her obligation never to allow personal interests to interfere with objectivity in performing responsibilities to the Company and never to use or attempt to use a position with the Company to obtain any improper personal financial or other benefit for the director or executive officer, his or her family members, or any other person.

X. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers to file reports of ownership and changes in ownership of the Company's stock with the SEC. Based on its records and the written representations of its directors and executive officers, FMC believes that during 2017 these persons complied with all Section 16(a) filing requirements, except for two late Form 4 filings on February 16 and September 18, 2017, related to phantom stock purchases by Mark Hardwick under the Company's EDCP, and a late filing by John Martin on February 15, 2017, related to shares sold to satisfy taxes due in conjunction with a vesting of restricted stock units.

All of the services related to the “Audit-Related Fees,” “Tax Fees” and “All Other Fees” for 2016 and 2017 were pre-approved by the Audit Committee in accordance with the Committee’s pre-approval policy described below.

The Audit Committee has considered whether the provision by BKD, LLP of the services covered by the fees other than the audit fees is compatible with maintaining BKD, LLP’s independence and believes that it is compatible.

THE AUDIT COMMITTEE’S PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has established a pre-approval policy, under which the Committee is required to pre-approve all audit and nonaudit services performed by FMC’s independent auditor, in order to assure that the provision of such services does not impair the auditor’s independence. These services may include audit services, audit-related services, tax services and other services. Under this policy, pre-approval is provided for 12 months from the date of pre-approval unless the Committee specifically provides for a different period. The policy is detailed as to the particular services or category of services and fee levels that are pre-approved. Unless a service or type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee. The Committee must also approve any proposed services exceeding the pre-approved fee levels. The independent auditor is required to provide detailed back-up documentation with respect to each proposed pre-approved service at the time of approval. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority has been delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

VOTING ITEM 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR FOR 2018
